Chapter 4641: He admitted that he was jealous (3)

Qin Chen straightened his body and said with a smile, ” “Be more moderate in the future.”

AI Mengmeng’s face immediately became a little hot. However, no matter how embarrassed she was, Rong Yue’s health was still her top priority.

AI Mengmeng bit her lip and asked in a low voice, ” “When will he wake up?”

qin chen returned to his relaxed posture. ” didn’t i tell you? he’s just too tired. ” He’ll wake up when he regains his strength, so you don’t have to worry too much.”

AI Mengmeng wasn’t as nervous as before, but her face was even redder.

qin chen went out first, mainly because ai mengmeng looked too nervous.

...

after qin chen left, ai mengmeng quietly looked at rong yue, who was lying on the bed.

rong yue’s face was still abnormally red.

AI Mengmeng was a little worried and reached out to feel it again. It was still hot. She thought for a while and finally wrung a towel to wipe his body again to lower his temperature physically.

the two sets of breakfast were left there until they became cold.

AI Mengmeng waited until late at night before Rong Yue woke up.

This time, he was really awake.

When he opened his eyes, he saw AI Mengmeng sitting in front of him. Her eyes were already red.

“Did you not eat at all?” Rong Yue’s voice was very, very soft.

AI Mengmeng stared at him for a long time before saying, ” “i wanted to wait for you to have dinner together.”

Rong Yue’s lips moved slightly and he smiled faintly. “How can you be so silly? What if I don’t wake up for three days and you don’t eat for three days?”

ai mengmeng continued to look at him for a long time before biting her lips.”then i won’t eat for three days.”

rong yue’s smile deepened. however, there was a hint of heartache in that smile.

“How can there be such a silly little girl like you?” he asked in a low voice.

AI Mengmeng bit her lower lip. do you not like silly people? ”

Rong Yue leaned his head on the pillow and looked at her quietly. There was a faint smile on his young face. maybe I just like little fool.

AI Mengmeng continued to stare at him, unable to respond for a long time.

rong yue propped himself up with his hand and slowly sat up. he wiped his face and said in a relaxed manner, ” “i’m a little hungry, bring the food over.”

AI Mengmeng acknowledged him and went to get it, but after a while, she bit her lip.”It seems to have cooled down.”

Rong Yue smiled and went to heat it up.

AI Mengmeng acknowledged and immediately heated it up.

When she came back, Rong Yue was already up. He was sitting on the small sofa and leaning against it. There was a small table in front of him.

ai mengmeng walked over, prepared the food, and handed it to rong yue. she asked him, ” “are you feeling better now?”

“I’m fine.” Rong Yue smiled very lightly and then ate.

The two of them had a meal together in peace, and Rong Yue was in a much better mood.

however, his physical strength was still not very good, and he fell asleep again after talking with her for a while.

AI Mengmeng kept watch until midnight. Finally, she couldn’t stand it anymore and took a short nap with him.

when she woke up, the sun had already risen.

Rong Yue was not lying on the bed.

ai mengmeng was shocked and immediately looked around.

Then, she saw Rong Yue sitting on the small sofa in front of the window with a laptop in his hand. His slender and beautiful fingers were typing on it.

her nose immediately turned sour.

she remembered qin chen’s words.

In fact, Rong Yue had been writing a script all this time to give her a better life.

Chapter 4642: He admitted that he was jealous (4)

At that moment, AI Mengmeng felt that she was being very selfish.

Like a vampire, she absorbed all of Rong Yue's energy.

All she could do for him was to stay by his side and have a meal with him when he was tired or sick. That was all.

ai mengmeng's heart started to ache. she walked over gently.

she stood behind rong yue.

Rong Yue was probably too focused as he was still typing on the laptop's keyboard.

...

The pain in AI Mengmeng's heart reached its peak.

she leaned over gently and pressed her face against his back. she wrapped her arms around his waist and said in an extremely soft voice, "Rong Yue, I'm sorry."

when she said these words, she was particularly sad, so her voice was a little hoarse and even a little choked.

rong yue's body froze for a moment. then, he turned his head, but he could not see her.

His voice was also particularly gentle, very, very light. "What's wrong?"

ai mengmeng shook her head vigorously. "nothing!"

she was behind him, feeling extremely tormented. she wanted to endure it, but she couldn't. she laid on his back and cried.

Rong Yue froze for a moment. Then, he put down the work in his hands and reached behind him.

finally, he grabbed her hand and gently pulled her to sit beside him.

AI Mengmeng was still blinking her eyes and looking at Rong Yue innocently.

Rong Yue also looked at her and smiled slightly.”You must be thinking that I’m working so hard for you, right?”

ai mengmeng didn’t say anything, but that was probably what she was thinking.

Rong Yue smiled gently and reached out to touch her face. I like to write. Of course, this can be exchanged for a generous reward and let us live a better life.

ai mengmeng bit her lip. ” i can be more frugal. i don’t even need to order takeaway. i can cook my own meals. i can even go to work. i can do any kind of work. ”

As she spoke, she leaned her head on his shoulder and muttered, ” “Rongyue, I don’t want you to work so hard.”

she was afraid that his body could not take it, she was afraid that he could not grow old with her.

If one’s life was being consumed by one person, then what was the point?

ai mengmeng leaned against him. rong yue seemed to have understood something and turned his head to look at her.

after a long time, he sighed,”how could i bear to do that!”

he patted her shoulder. ” go and prepare breakfast for me. i’ll write for a while. ”

AI Mengmeng glared at him. After a moment, she suddenly kept the notebook in front of him and said very quickly,”you’re not allowed to write anymore. i won’t like you if you keep writing.”

Rong Yue looked at her with a curious gaze.

AI Mengmeng's expression was even fiercer as she hugged his notebook."in the future, if you want to write this, you must get my permission."

Rong Yue laughed a little, and there was a hint of a smile in his eyes."you're so overbearing?"

"If it's overbearing, then so be it." ai mengmeng snorted softly.

The smile in Rong Yue's eyes deepened, as if he didn't care.

Then, he swept everything into his arms.

"mengmeng, i'll be fine and stay by your side until we grow old," he sighed.

she lay on his shoulder, and the laptop happened to be pressed against her heart. it hurt a little, but her heart hurt even more.

rong yue must have said this to comfort her!

Chapter 4643: he admitted that he was jealous (5)

after a long time, ai mengmeng finally broke free from his arms and said in a low voice,"i'm going to buy breakfast."

She had only taken a step when Rong Yue's fingers held her hand. He looked up and smiled slightly."Let's hire an Auntie later."

ai mengmeng was stunned for a moment, then quickly said, " "Rongyue, I can cook."

her expression turned ugly and she bit her lip. " "Although it's not very good, I will really work hard. Trust me."

Rong Yue was still smiling. you can learn from her. If you do well in the future, we won't need an Auntie.

AI Mengmeng didn't know why he was saying this now. She wanted to ask, but she thought about it and didn't ask.

...

it was only at this moment that she felt that he really liked her.

Otherwise, with his qualifications, he didn't need to look for her at all. After all, she had so many things to do and her past was so unbearable.

she looked at his good-looking face and suddenly felt an indescribable feeling in her heart.

She couldn't explain it.

it would be best if she didn't say anything and just leaned over to kiss him on the forehead.

this time, he really cherished it.

to ai mengmeng, rong yue was the most precious gift she had ever received in her life. he was the thing that she should cherish the most.

After she kissed him, she straightened her body and felt her face heat up.

She was a young girl. In fact, she used to be quite bold and unrestrained, but after being with him, she was usually passive. It was probably because she felt a little inferior and did not have the confidence because she was not good enough.

but now, she felt that she might have been wrong. she thought that rong yue was a good person, and he probably thought that she was a good person in his heart. he also liked her. otherwise, why would he choose her?

"i'm off." she said softly.

rong yue smiled and nodded. " be careful. "

At that moment, the nurse came over to help him put on an IV drip, so she was not worried. She took her wallet and walked out.

The morning sun was golden and warm.

ai mengmeng looked up and breathed in the fresh air.

she thought that after rong yue recovered, she could go on a vacation with him nearby and bask in the sun together.

it would be very comfortable and would be very beneficial to his body.

ai mengmeng felt a faint warmth, probably because the sun was too comfortable on her body.

however, as soon as he opened his eyes, all the blood in his body froze, and even every pore opened up in a vigilant manner.

The person she saw was none other than AI Jia.

AI Jia's face was cold, and AI Mengmeng shuddered at her expression.

they faced each other like this for a long time before ai mengmeng asked calmly, " what are you doing here?"

aijia sized her up. after a while, she said lightly, " I'll be waiting for you in the café in front."

after he finished speaking, he turned around and left.

AI Mengmeng stood in the same spot for a long time.

she could have chosen not to go, but she knew what crazy things she would do if she didn't go to aijia.

Rong Yue's body couldn't go anywhere. She couldn't hide from AI Jia even if she wanted to.

She stood there hesitating for a long time, but eventually walked toward Edgar.

aijia had already picked a seat by the window.

she was originally very beautiful, and she was still beautiful at this time. however, she was not as delicate as before, and she looked a little more lonely.

ai jia was holding a cigarette between her fingers. she was smoking slowly while looking at ai mengmeng, who had just entered.

His eyes were filled with ill intentions.

Chapter 4644: he admitted that he was jealous (6)

AI Mengmeng sat down opposite her and said in a low voice, "is there anything I can help you with?"

aijia was still holding the long and thin cigarette between her fingers, not caring about the gazes from the surroundings.

She stared at AI Mengmeng and the wallet in her hand. She smiled coldly and said casually, "There's something."

ai mengmeng stared at ai jia for a long time without any expression on her face.

aijia also showed her patiently, without a trace of impatience.

After a long time, AI Mengmeng finally said in a coy voice, "Haven't I suffered enough because of you? why are you still looking for me?"

...

“I’m in a bit of trouble.” edgar stubbed the cigarette butt and said directly, ” “I need 50 million. Think of something.”

ai mengmeng’s face turned pale. she stared at ai jia and said angrily,”why should i give you money?”

and it was 50 million.

“it’s because of this,” ai jia smiled faintly and gently pushed an envelope in front of ai mengmeng.

ai mengmeng looked at the envelope, and her expression turned even uglier.

she didn’t need to think to know what it was.

“Liu Qiang was released from prison last month. Think about it, if he were to release something at this time, he would just be in prison for a few years. He would be very willing to give him a few hundred thousand Yuan. As for you, you’ve worked so hard to marry a man. He’s a celebrity now, and there are a lot of women who want to marry him. You’re not that important. at most, she’ll be a nurse and nanny who’s a little better looking. don’t put her in love with her. you’re not worthy.”

AI Mengmeng’s gaze was fixed on the envelope, as if she was looking at a venomous snake.

In fact, she knew in her heart that the real poisonous snake was Edgar.

she bit her lip and only spoke after a long time, ” “i don’t have 50 million.”

“Rong Yue has it.” ai jia chuckled. ” you probably don’t know. rong yue’s script for a single episode is 20 million. he signed ten scripts with KING entertainment. ” I’ve already taken half of the advance payment.”

qin mo was really generous to rong yue. his wife's ex-boyfriend had disappeared without him knowing and he actually spent 100 million to sign him. this was probably the worst deal qin mo had ever made.

However, Rong Yue was worth the price.

there were many good actors, but there were very few good screenwriters.

AI Jia admitted that she was trying to make things difficult for AI Mengmeng. She just wanted to see AI Mengmeng struggle.

AI Mengmeng bit her lip and only spoke in a low voice after a long while."there are too many."

" 30 million, no less. " aijia stood up."otherwise, you know the consequences. transfer the money to this bank card. i know you can make the decision for the 30 million."

after she finished speaking, she left.

ai mengmeng was left alone, sitting there in a daze.

She knew that if she gave it to him this time, there would be a future.

However, if she didn't give it to him, what would AI Jia do to her? or even to Rong Yue?

Rong Yue did leave some money with her, but this money was exchanged for Rong Yue's health, and she gave it to her enemy.

ai mengmeng couldn't do it.

But she didn't give it to him, and it ended badly.

ai mengmeng sat there and looked at the envelope quietly. after some time, she finally took it.

He opened it and saw a bank card inside.

There was not much expression on her face as she slowly put the card into her bag.

About an hour later, she returned to the ward with breakfast.

Chapter 4645: he admitted that he was jealous vii

rong yue looked at her quietly and smiled slightly. ” “why are you so late? where did he go?”

ai mengmeng raised the breakfast in her hands. ” it’s your favorite. there’s a long queue. there are so many people today, yingluo. ”

she said a lot, but she didn’t know what she had said.

after that, rong yue looked at her quietly. ” mengmeng, i’m hungry. ”

she hurriedly prepared breakfast for him and tried her best to pretend that nothing had happened.

rong yue didn’t say anything. after he finished eating, he lay down.

...

his phone was beside his pillow. he had just received a message from his finance manager.

he said that his wife had transferred 30 million yuan to aijia.

he remembered that he had given her 50 million yuan, and she had given ai jia 30 million.

How could she be so silly as to think that she could live a peaceful life by giving AI Jia money?

if a lunatic like Aijia didn't lock her up, she would be a scourge that would never be peaceful.

however, Rong Yue did not say anything.

He acted as if nothing had happened.

he was afraid that he would scare her and make her overthink things.

However, Rong Yue had met Qin Mo in the afternoon when Ai Mengmeng was not around.

after they were done discussing, Qin Mo's gaze was calm. "let's go and meet He Huan!"

then he laughed at himself, "18-year-old He Huan."

He Huan had a bad temper now. She was like a little girl who needed to be coaxed at any time.

Qin Mo could be coaxed, but he was really afraid that he wouldn't be able to coax her. In the end, she would still leave and make a fuss to go abroad.

he was afraid that they would have to part again.

He also knew that He Huan would not give up. She wanted to see Rong Yue.

At this time, when he mentioned it, Rong Yue refused.

"i think it's better if they disappear," he said lightly.

Qin Mo looked at him quietly for a long time before smiling. "That's good."

he didn't force her, as this kind of thing couldn't be forced.

after rong yue left, qin mo also returned to the ward.

He Huan was going to be discharged from the hospital tomorrow. She had lost her memory, and it was not something that could be resolved just by staying in the hospital.

qin mo chose to accompany her.

Or just like what Qin Chen said, let her fall in love with him again.

but how could it be that easy?

qin mo pushed the door open. he huan was lying on the bed and playing with her phone.

Her brain was injured, but her body was fine. She could play with her phone.

They had been together like this for a few days, but she ignored him.

not to mention anything else.

these days, qin mo was also angry, but he had no place to vent his anger. the 18-year-old he huan was so proud.

Therefore, he still had to coax her.

He Huan actually knew that Qin mo had come in. Although she didn't like him now, she was very close to him. Therefore, she didn't move when he came in and continued to play with her phone.

When he woke up, there were so many games to play. He could kill some time.

When Qin mo saw her playing with her phone, he was a little angry. He went over to take the things from her hand and quickly finished the game for her. Just as he was about to put them away, the 18-year-old girl leaned over and said in a soft voice, " " qin mo, how did you pass? i've tried more than ten times but i still haven't passed. teach me. "

Qin mo looked at her and smiled. “because you’re a pig head.”

He Huan felt like she had been unjustly accused and glared at him for a long time.

For some reason, she was already 33 years old. Perhaps she was young to begin with, and now she had the memories of an 18-year-old. Qin mo felt that she had really returned.

Chapter 4646: He admitted that he was jealous 8

he felt that he huan had returned to the little girl from back then. that was when he liked her the most.

And at that time, she liked someone else.

but now, when she spoke to him in such a soft voice, his heart couldn’t help but soften. it was an indescribable feeling.

Actually, the game she was playing was from two to three years ago and it was developed by a subsidiary company of King Entertainment. He Huan wasn’t very good at it in the past, and now, she was even worse.

qin mo raised his phone and smiled.

help me pass a few levels. she bit her pretty lips and pulled his sleeve with her small hand.

...

Qin mo lowered his head to take a look, and a hint of a smile appeared in his eyes.

he huan wanted to take her hand back, but he didn’t let her. he took her hand and brought her to the sofa. he sat down and placed her in front of him, directly in his arms.

he was really good at playing games. his slender fingers kept moving, and he huan's eyes fell on the screen. later, he secretly looked at his fingers.

It really looked good.

Moreover, she was originally sitting upright, but after a long time, her neck was sore and she was unspeakably sad.

Qin Mo's hand tugged her and she fell into his arms, naturally embedding herself in him.

He had a very good figure, and he could feel the faint muscles leaning against him. Moreover, the smell of his body was very very good.

He Huan was a little flustered. This was the Qin mo that she wasn't familiar with. The last Qin mo that she had come into contact with was 25 years old.

he was young, good-looking, handsome, and a little overbearing.

a 40-year-old man was the most attractive time in a man's life.

How could an 18-year-old girl like he Huan be able to withstand it? thus, she could not sit still in his arms. Qin mo also realized that something was wrong with her very quickly. He lowered his head and looked at he Huan. His voice was very low and deep."what are you thinking about?"

he huan was stunned for a moment. then, she bit her lip."it's a little hot."

Qin mo laughed. the temperature is 22 degrees. You still think it's hot? "

He Huan's face was a little hot and she stayed in his arms for a while. Qin mo dual-tasked and swiped through a few levels before stuffing his phone into her hands."You do it."

he huan was stunned for a moment. she wanted to ask him to do it, but she felt like she was lying in his arms and refusing to leave. so, she took out her phone and pretended to play with it.

however, all of her attention was on qin mo, who was behind her.

therefore, he died countless times in less than five minutes.

He Huan was also embarrassed and wanted to smash her phone.”I don’t want to play anymore.”

It was rare for her to be willing to be in his arms. How could Qin mo let go of such an opportunity?

He took the phone and pulled her into his arms with one hand. He slowed down and played as a way of teaching her.

this time, he huan watched obediently and attentively. however, the one who was being taught by words and actions was not very focused.

Therefore, in the end, Qin mo was actually over.

this was very embarrassing for boss qin. he had passed the game in one try during the beta testing. now, he had died on the tenth level.

qin mo’s expression did not look good as he stared at his phone for a long time.

he huan was also stunned after looking at it for a long time. after a while, she said softly,”qin mo, the game is over.”

“i know,” His voice was a little stiff. Then, he picked up his phone again. This time, he didn’t look at her or teach her. Instead, he started playing and accidentally broke a record.

Chapter 4647: he admitted that he was jealous (9)

“i know,” His voice was a little stiff. Then, he picked up his phone again. This time, he didn’t look at her or teach her. Instead, he started playing and accidentally broke a record.

after qin mo broke the record, he placed the phone in he huan's hand and looked at her.

"Wow, that's amazing," he Huan exclaimed.

Qin Mo's face revealed a reserved look. He took out his phone and said very calmly, "let's form a group in the future."

he huan looked at him eagerly. qin mo had already opened the game on his phone and added her.

Oh, " he Huan replied and stared blankly at the new friend request on her phone. Qin mo was really a straight man. His in-game ID was Qin mo himself, and he was the number one in the entire server.

...

he huan stared at it for a long time before asking softly, " " qin mo, did you use money to get this? "

Qin Mo's face was completely black.

He glared at her and gritted his teeth as he said,"I will need money. i've been number one in the server since a few years ago."

until now, no one had been able to challenge his position.

Now that she was saying that he was using money to buy it, he would try.

So, in the afternoon, he Huan became the second in the entire server.

Therefore, he xiaohuan could only follow Qin mo in the future. Her skills were too lousy.

And now, he Huan had played a few more rounds of the game. She was so focused that she didn't realize that she was actually in his arms.

Qin mo would pull her hair occasionally and it felt pretty good.

he was already 40 years old, and his wife had returned to her 18-year-old self. this was a happy thing no matter where he went.

After a while, he Huan passed a level and turned around happily. “qin mo, i’ve passed.”

however, as soon as she turned her head, her face accidentally brushed against his lips.

Suddenly, the atmosphere became a little strange.

“i didn’t do it on purpose,” he huan stuttered.

Qin mo looked at her and resisted the urge to touch his face. Then, he said in a low and hoarse voice, ” “does that mean you’re going to apologize?”

he huan was still looking at him eagerly.

qin mo chuckled again. his long and beautiful fingers touched her face gently. after a long while, he finally lowered his head and kissed her gently on the lips. ” this is a gift of apology. ”

because he didn’t want to scare her, the kiss left after a touch.

he huan only felt a slight warmth on her lips before he left.

she looked at him in a daze.

qin mo laughed lightly. ” what’s the matter? ”

he huan was still in a daze. after a long time, she whispered, ” “You kissed me?”

Qin mo acknowledged, ” yes, I kissed you.

He didn’t say much and just stared at her.

He Huan bit her lower lip, then carefully moved her body away, trying to keep a distance from him.

However, Qin mo quickly grabbed her arm and pulled her closer. His voice was even lower and hoarse. we are husband and wife. Isn't it normal to kiss? Even if it's Yingluo ”

he didn't finish his sentence and just looked at her.

He Huan's heart was beating very fast. She understood what he meant.

she covered her face and didn't say anything for a long time. she was in disbelief.

In her memory, it was impossible for her and Qin mo to be together. She also did not remember when she stopped liking him. The person she liked was Rong Yue.

When she thought of Rong Yue, he Huan's heartbeat slowed down when she saw Qin mo. She looked at Qin mo and said slowly, ” I'm not ready to make Yingluo your wife yet. Let's go home and sleep separately, okay? ”

Chapter 4648: He admitted that he was jealous (10)

She looked at Qin mo and said very slowly, ” I'm not ready to let ran ran be your wife. Let's go home and sleep in separate rooms. Shall we? ”

qin mo looked at her quietly and asked very slowly, ” ” i want to know if you're going to inform me or discuss with me. ”

“Is there a difference?” he Huan bit her lip.

Qin mo immediately replied, ” of course it's different. If it's a discussion, I can consider it. But if it's a notification, then he Huan, don't even think about it.

He Huan was still in a daze. After a while, she said, ” “i choose to discuss.”

Qin mo stared at her little face for a while before he smiled. “Are you sure?”

...

“Yes, I’m sure,” he Huan replied.

then, qin mo spoke very slowly, ” “if you want to discuss it, i won’t agree.”

she glared at him.

“we’re husband and wife, aren’t we?” his expression was a little overbearing.

he huan still wanted to struggle, but qin mo didn’t give her the chance to do so. ” if you continue to object, i don’t mind proposing some other obligations as a husband and wife. furthermore, this is he huan, who you can’t escape from. ”

She was in a daze. you can’t.

“Why can’t I?” “you know i can do it.” qin mo’s voice was cold.

he narrowed his eyes. ” he huan, don’t push me too far. otherwise, i don’t have that much patience.
”

“after all, your current mental age is only 18 years old, isn’t it?”

His fingers pinched her chin gently. “There are some things that you don’t want to happen too soon, right?”

he huan was not stupid. she understood what he was saying and what he meant.

she was 33 years old now, no longer an 18-year-old girl. she was his legal wife.

the 18-year-old he huan might be able to throw a tantrum at qin mo, but she did not dare to do so now.

No matter how stubborn she was, she had to take care of Qin yihuan. Qin mo had never allowed her to meet anyone.

She heard that he would bring her to his apartment and Shen ting would take care of yihuan.

he huan bit her lip and did not say anything else.

Qin mo had always known about her small temper, so he said in a low voice, ” “What, are you angry again?”

he huan was indeed angry. she said angrily, ” “i wouldn’t dare!”

“what are you afraid of?” qin mo started laughing.

he reached out and ruffled her hair. ” alright, you’ve been playing for a long time. you should rest. ”

he treated her like a pet. he huan bit her lip and didn’t say anything.

“What’s wrong? Do you still have something to say?” He seemed to be very easy to talk to, probably because she didn’t dare to express her opinion on sleeping in the same room.

“i want to see yi huan.” he huan bit her lip.

qin mo sat on the sofa for a long time before he smiled. ” “After a while. If you forget her, we might not be used to each other.”

He Huan still wanted to say something, but Qin mo stopped her. “I’m taking an afternoon nap.”

She could only lie down in anger. Qin mo accompanied her for a while and went to the office after she fell asleep.

although he huan had lost her memory, she had not become an idiot. therefore, he was at ease to leave her in the hospital and only had people look after her.

when he huan woke up, qin mo was not there. she sat up and looked around.

She knew that there were people guarding the door, and she never wanted to go out.

but now she was hungry and wanted to go to qin chen's office to find something to eat.

Chapter 4649: he admitted that he was jealous 11

When he Huan woke up, Qin mo was not there. She sat up and looked around.

She knew that there were people guarding the door, and she never wanted to go out.

but now she was hungry and wanted to go to qin chen's office to find something to eat.

as soon as she appeared, two of the guards at the door followed her, while the other two stood guard at the door.

He Huan didn't care about the people following her. She calmly walked towards the elevator, wanting to go downstairs to find Qin Chen.

however, before she reached the elevator, he huan stopped in her tracks.

...

That was because she had met Rong Yue.

The Rong Yue in her memory was different. He was still very young, but he was more mature.

In a VIP Ward, Rong Yue was sitting on the sofa with a notebook in his hand. He was writing something with his head lowered. From he Huan's angle, she could see the side of his face.

it looked very good.

it was what he huan remembered.

He Huan stood at the door and watched quietly.

rong yue did not notice her existence. she just stood there until a girl she did not know brought a cup of tea over and handed it to rong yue. rong yue looked up and said something to her. he even kissed her on the lips.

he huan looked on in a daze, and then unconsciously touched her lips.

The way Rong Yue kissed others was the same as the way Qin mo kissed her.

Qin mo said that Rong Yue was married and had a wife. That person was called AI Mengmeng.

he huan looked on quietly, the blood in his body seemed to have frozen.

She should have left.

After all, it was already 2019. So many years had passed, and Rong Yue already had a wife.

there was really no need for them to meet again.

moreover, it was also embarrassing for he huan.

this was because everyone had their own lives. however, he huan still liked rong yue.

however, she was qin mo's wife and rong yue had his own wife.

he huan took a step back and wanted to leave.

but at this moment, rong yue raised his eyes and saw her.

When their eyes met, he Huan took a step back. However, she had just taken a step back when she was stopped by Rong Yue.

“He Huan,” “come in and have a seat,” he called her name.

he huan didn’t have much expression on her face, but after a while, she still nodded and slowly walked in.

in fact, for the current rong yue, he could not remain calm when facing he huan, who had the memories of when he was 18 years old.

However, adults needed to restrain themselves.

He had a wife, and he loved her.

therefore, no matter how tempted he was, he could only restrain himself.

He Huan walked in and stopped the bodyguard. “you guys wait outside.”

Rong Yue came over, closed the door, and let he Huan sit down.

after that, he said to ai mengmeng softly,”go and get a cup of tea.”

ai mengmeng was also taken aback. she had not expected he huan to come over.

she was a woman, and she could see the longing in he huan’s eyes.

ai mengmeng was actually a little uncomfortable, but she also felt a little inferior.

because of he huan's background, because of he huan's talent, because he huan and rong yue used to like each other, because he huan married qin mo for rong yue.

they had too much of a past, and she had only lived with rong yue for a few months.

aijia's words deeply hurt her.

ai jia said that she was just a young and good-looking nanny and caretaker.ai mengmeng was not convinced. she didn't think she was, but when he huan appeared in front of her like this, she felt that she was.

Chapter 4650: he admitted that he was jealous 12

AI Jia said that she was just a young and good-looking nanny and caretaker.ai Mengmeng was not convinced. She didn't think she was, but when he Huan appeared in front of her like this, she felt that she was.

he huan was 33 years old, a little older than him, but she really looked like a little girl now.

she was so pure and innocent that even rong yue would be tempted.

She clearly saw her heart fluttering in Rong Yue's eyes.

AI Mengmeng felt a little inferior and went to pour some tea.

rong yue looked at her and probably knew what she was thinking. he grabbed her and said, "Wait a moment."

...

"What's the matter?" AI Mengmeng was a little uneasy.

“It’s nothing!” Rong Yue patted her hand. go and pour some tea.

ai mengmeng felt that he was acting a little strange, and she was a little nervous.

she knew that he would not abandon her, but she was always a woman. she was afraid that he would love someone else.

In that case, it was also unbearable for her to be with him.

AI Mengmeng used to be very materialistic. She had always fantasized about marrying a rich man. It didn’t matter if the man loved her or not, the most important thing was that she was rich.

However, after she married Rong Yue, she realized that what she wanted was not money, but people.

It was Rong Yue, and his love.

She felt that she was being very greedy, but she was his wife and had the right to ask for more.

However, after this morning, AI Mengmeng knew that she was no longer qualified.

she had used rong yue’s 30 million yuan to buy her unknown happiness. she didn’t even know how long ai jia would let her go with this 30 million yuan. she also didn’t know what rong yue would think after he found out ...

would he not want her?

compared to he huan, she, ai mengmeng, was so selfish.

therefore, she felt guilty at this moment, and she almost couldn’t bear rong yue’s gentle pat.

she was the one who had let him down.

Actually, she should have left. It was a good thing for both of them.

he could find a good nurse to take care of him, and maybe he could get married in the future. he didn't need to be with a vampire like her.

It was too negative.

At this moment, AI Mengmeng really despised herself.

rong yue clearly knew how she felt, but he had to take care of her self-esteem and couldn't say too much.

He was only talking to he Huan. It was very simple and polite, but there was also a sense of unfamiliarity.

They were actually two people who were connected by the flow of time. Qin mo could tell her everything, but he couldn't.

he had too many things to worry about.

Meanwhile, AI Mengmeng stood far away and listened quietly, so she didn't bring any water over.

"Mengmeng," Rong Yue said softly.

AI Mengmeng was stunned for a moment. She immediately walked over and placed the cup in front of he Huan.

rong yue only glanced at her before he wanted to say something to he huan. he huan said very calmly, "I'm a little hungry, I'll go find Qin Chen."

she had just stood up when she was frightened by the person behind her.

It was Qin mo. She didn't know when he had appeared behind her, but he had done so silently.

He Huan looked at him, and he looked back at her.

time seemed to have stopped.

The atmosphere was very confusing.

Rong Yue was still sitting and drinking his tea. ai Mengmeng had walked to his side and was about to ask him something when he caught her arm and pressed her down to sit beside him. Then, he glanced at her.

Thus, AI Mengmeng didn't say anything.

He Huan and Qin mo looked at each other for a long time before Qin mo spoke first, " "Why are you here?"

He Huan bit her lip and muttered after a long time, " "i'm hungry. i met rong yue when i went to find qin chen."
