

## Thank you 4651

Chapter 4651: He admitted that he was jealous 13

Qin Mo's expression was still unfathomable. are you trying to explain? ”

“no.” he huan replied very quickly, but she seemed to be a little guilty.

Qin mo smiled lightly and did not say anything more. He only greeted Rong Yue and left with his men.

When he reached the door, his tone was reproachful. why are you disturbing others? Rong Yue is a patient now.

He Huan's heart was in a mess. She lowered her eyes and calmed down before looking up. I'm also a patient.

After she finished speaking, Qin Mo's hand covered her eyes.

...

“No,” he said.

he huan was stunned for a moment. she wanted to move his hand away, but her hand dropped down halfway.

she actually didn't dare to take it away.

It was probably a guilty conscience.

because she had seen rong yue.

It was because Rong Yue had a wife, and she was very sad.

to he huan, it was a pity that she missed rong yue.

although she knew that many things had happened in the past that she didn't know about, so they weren't together, or she knew that she might be in love with qin mo, he huan couldn't remember it now.

She was also in the purest memory of her 18-year-old self. She was very sad now. She even wanted to cry, but she did not dare to. It was too embarrassing.

It wasn't that she had never cried in front of Qin mo before, but that was in the past. They all said that she was his wife, but she couldn't get close to him.

So no matter how upset she was, she would not cry in front of him.

Although the baby really wanted to cry.

She didn't cry, but her eyes were red.

After that, tears started to fall.

It was very embarrassing because Qin mo was her husband. However, she was crying for someone else.

qin mo stood there and looked at her droopy little head. every strand of her hair was dejected.

His heart ached.

that kind of pain was no less than hers.

“do you want someone else to like it?” he said hoarsely.

he huan's tears fell as she wiped them away. she wanted to move them away but she had no choice.

“tell them to go away,” she said, biting her lip.

He didn’t want anyone to see him crying.

She actually wanted Qin mo to leave but she did not dare to.

She was afraid that if she annoyed him, he would make some unreasonable requests.

Therefore, she stood there and cried. Qin mo asked the two bodyguards to leave first and took a handkerchief. don’t cry. Isn’t it just Rong Yue? ”

at this moment, his voice was surprisingly gentle and not rude at all. even he huan was a little stunned.

she raised her eyes and looked at him carefully. ” you’re not angry? ”

“If being angry can make you love Me Again, I can be angry every day.” qin mo sighed. he held her small shoulders and gently pulled her back into his arms.

he huan was a little resistant. she put her head on his shoulder and tried hard to break free, but he was surprisingly strong and his voice was hoarse and pleasant to the ear.”If you want to cry, then cry in my arms. You’re not allowed to go anywhere.”

She froze for a moment and wanted to look up, but he pressed her back down. It was a little rough, but there was more affection in his voice.

This was a way he Huan was very familiar with. She had once thought that she would never be able to do this again.

but now, qin mo was pampering her like this again.

she remembered that when she was 16 years old, she had said once that she hated him and would never like him. after that, he had ignored her and looked at her with cold eyes.

Chapter 4652: if you want to beg me, marry me (1)

At that time, she secretly liked Rong Yue and collected everything about him.

Qin mo didn't know about this until Rong Yue was in the hospital. However, he Huan had forgotten about this.

however, qin mo did not forget.

He remembered that he Huan had come to find him that day.

At that time, there was no longer any relationship between them.

The person she liked was Rong Yue.

...

she had told him that she would marry rong yue in the future.

When she found him, Rong Yue was lying in the hospital in a vegetative state.

Only Qin Chen had the confidence to perform surgery on Rong Yue, and he had to wait for an opportunity.

qin chen understood qin mo's love life, so she didn't dare to operate on rong yue.

Qin mo would have the final say in everything.

that day, he huan barged into KING entertainment's ceo's office. at that time, qin mo was in a meeting and she went to the meeting room. secretary he could not stop her no matter what.

qin mo was in a meeting at that time, so he huan opened the door of the meeting room.

The only one who dared to do this and was able to do this without dying was he Huan ...

that was what secretary he was thinking.

She let out a long breath and looked at Qin mo, asking silently.

As for Qin mo, he just looked at he Huan very indifferently.

After a long time, he said in a very soft voice, " the meeting is over. Secretary he, please arrange for someone to leave.

secretary he knew that boss qin's expression was not good, so he smiled and invited the big bosses in the company to leave. after everyone had left, he saw he huan.

he sighed again. this young lady was not afraid of the ceo at all.

qin mo's gaze was on he huan's face, but his words were directed at secretary he. " "You can leave first."

secretary he bowed slightly before he left and closed the door.

the office door closed, and the air inside froze.

He Huan leaned against the door and looked at Qin mo quietly.

"what do i have to do for you to save rong yue?" She asked him.

Qin mo sat in his seat and glanced at her. Then, he lit a cigarette and smoked it.

He seemed to have no intention of paying attention to her.

“Qin mo!” He Huan was speechless and bit her lip.

Qin Mo’s slender fingers held the cigarette, half leaning against the cigarette as he puffed and looked at her.

he had the attitude of a superior, but also a feeling of ruffian, and a very invasive feeling.

his gaze made he huan feel uneasy, and she subconsciously took a step back.

qin mo smiled and said, ” i’m not a doctor. i can’t save him. ” He Huan, you think too highly of me.  
”

he huan pursed her lips and said in a low voice after a long time, ” ” i know that qin chen wouldn’t operate on rong yue without your permission. ”

She had always been a proud little princess, especially in front of Qin mo.

And now, she was asking him.

She begged him to save Rong Yue.

Before he Huan came, she knew what kind of price she had to pay. However, she was not willing to pay until that moment.

after she finished speaking, qin mo gave an extremely faint smile. ” “qin chen is the one who can save rong yue. you should go and beg qin chen. Isn’t it?”

He Huan bit her lip. but I know she’ll listen to you. if you don’t ask, she won’t dare to do the operation.”

In fact, she had always blamed Qin Chen, but she couldn’t really blame her.

she knew that she had left because she was too sentimental. she had been with qin mo in the past and had hugged him before. it had been very sweet. however, she was too afraid of him, so she got together with rong yue.

qin mo had never said anything. it was just that it was a little too embarrassing for her to beg him like this.

He Huan pursed her lips and waited for his answer.

After a long while, Qin mo finally spoke, ” “So, you’re begging me?”

She looked up, her eyes filled with anticipation.

Qin mo gave an extremely faint smile. sure, ran ran. However, the condition is that we get married immediately and get our marriage certificate in the afternoon.

He raised his hand to look at the time, and his tone became even more indifferent. there are about two hours before the Civil Affairs Bureau opens in the afternoon. You can still think about it. As for lunch, you can have it with me, or you can go to Secretary he.

he huan chose to eat with secretary he without hesitation.

qin mo looked at her quietly, then said very calmly, ” “That’s fine.”

Then, he walked out first. He Huan stayed in the meeting room alone for a long time before she finally bit her lower lip and walked out.

In the afternoon, Qin mo was sitting there alone. Secretary he came over and looked at his untouched lunch. He said softly, ” “President Qin, there’s an important meeting in the afternoon. Do you want to eat first?”

Qin mo looked up at Secretary he and said in a hoarse voice, ” “where is she?”

Secretary he smiled and said, ” she’s fine. She’s resting after dinner, but she’s always in a daze.

Qin mo was stunned for a moment before he said in a low voice, ” “She can still eat. Is she sure that I’ll soften my heart?”

However, she was wrong. He would never be soft-hearted to her.

this was because he only had one chance. if he missed this chance, he would not have another one.

therefore, even if she hated him, qin mo would not let go of such an opportunity, even if she said that he was despicable.

Qin mo sat there quietly for a long time. Time passed by slowly.

finally, it was half past one in the afternoon.

it was also the time they had agreed on.

qin mo had never felt so anxious before.

It was as if he had waited for a century, and she was finally here.

He had been waiting for her for a long time, Yingluo.

Chapter 4653: If you want to beg me, marry me (2)

and finally, she came.

Qin mo stared into her eyes and did not move.

He Huan walked towards him step by step. In the end, she walked around the desk and stood in front of him.

She stood there and looked up at him. I've thought about it, Qin mo. If you want to marry me, let's get married.

he sat there and looked at her quietly. after a long time, he said hoarsely, " "Am I the only one who wants to marry you? He Huan, don't you have any?"

He was really a little depressed when he said this.

...

After all, they had been together for such a long time, and she had once looked at him with that kind of gaze.

women were not the only ones who were foolish. qin mo was once a romantic as well. he also thought that they would continue to like each other. if they did not like each other, she would not be willing to live with him and would not allow him to interfere in her private matters. if they did not like each other, why would she have such a gaze?

it had been so many years. qin mo did not know what he had done wrong. he had always doted on her and loved her. he thought that all girls liked to be like this, but he huan only felt that it was a kind of restriction.

She liked someone else.

He would be lonely for as long as she was with Rong Yue, so he was not in a hurry.

because she would eventually have to return to his side.

Rong Yue was not strong enough to give her anything, so Qin mo had been waiting.

He also didn't think that she would really like Rong Yue. Perhaps she was too confident, so even though he knew, he still let her be and waited year by year.

Until now, he couldn't bear it anymore.

he huan had said that she wanted to marry him, and he had asked her if she no longer had any feelings for him.

he huan stared at him for a long time before she turned her face away.

This could be considered a rejection!

Qin Mo's gaze landed on her small face and he did not get an answer for a long time.

finally, he left his seat and walked to he huan.

he reached out and gently pinched her chin, his voice hoarse. " "Did he kiss you?"

he huan's eyes widened in shock.

Her intuition told her that it was very dangerous, so she took a step back and instinctively wanted to escape.

However, Qin mo was as strong as ever. He easily held her down with two fingers, not giving her a chance to escape.

He Huan bit her lip, her eyes filled with fear.

she did not know what he wanted to do, so she instinctively wanted to escape.

qin mo took another step forward. he was already very, very close to her, and the tips of his toes were against hers.

he huan was so scared that she wanted to scream.

Qin Mo's fingers moved slowly. He didn't say much and just looked at her quietly. It was as if he was admiring a piece of art, a piece of art that belonged to him.

after a long time, he huan was trembling. ” qin mo, let me go. ”

“Who’s letting me go?” he smiled faintly and let go of her. ” you can go! ” no matter what, i won’t force you to do something you don’t want to.”

he huan was stunned for a moment, then she asked him instinctively, ” “Rongyue Zhenzhen”

“why should i help you?” qin mo spoke a little acrimoniously, ” cure him and then watch the two of you get together? ”

he huan’s eyes were filled with hurt. she wanted to give up, but rong yue was in the hospital.

she had even thought of waiting for him like this for as long as he did not wake up.

However, he Huan knew that she could not be selfish. She could not use other people’s lives to fulfill her love.

How could it be love without true love?

Her voice was a little choked. let’s get married.

Probably afraid that he would say something unpleasant or hurtful again, she hugged him gently.

After that, she cried,

Qin mo lowered his eyes and looked at he Huan quietly.

He thought to himself, when they were about to get married, she cried like this too.

Now, she had forgotten everything. Seeing Rong Yue and AI Mengmeng together, she cried again.

When had he Huan ever shed tears for him?

He quietly reached out and wiped her tears away.

“He Huan, it’s 2019. We have to start over,” he said.

he huan was in a daze.

“Didn’t you say you were hungry?” qin mo smiled gently, not willing to think about the past.

He was also human and could get hurt.

he had never exposed his wounds to he huan. as time passed, she thought that he would not feel pain.

Qin mo let out a long breath. I’ll get someone to find you some food.

he huan grunted in agreement. her nose and eyes were still red, just like a little rabbit.

qin mo brought her to the sofa and ordered someone to buy her food. he took a hot towel and wiped her face not too gently.

“Qin mo, can’t you be gentler?” he Huan cried out in pain.

He lowered his eyes and stared at her. After a long time, he said in a very calm voice, ” “You cried for someone else and you still want to be gentle? Mrs. Qin won’t be gentle this month.”

He didn’t want his face!

Chapter 4654: he huan, you’re just jealous (1)

He Huan was sitting on the small sofa, wearing a very light set of clothes. She bit her lip and stared at him with wide eyes.

this was the first time she had said the words “mrs. qin” since she woke up.

When she heard it, she actually felt that it was not bad.

Or perhaps, she was shocked by Rong Yue. She instinctively wanted to find a safe haven.

She had probably succeeded in pleasing Qin mo and his mood was not so bad.

hence, he rubbed her little head like a puppy and stopped coaxing her. he sat beside her and started a video conference on his laptop without avoiding he huan.

...

he huan was originally sitting there, but after a while, the bodyguards came over and brought over some food.

she wasn't too interested in qin mo's affairs. she hugged a bucket of wings and ate. this was what he huan liked more. she had liked it since she was young. now that she had returned to her 18-year-old state of mind, she should like it even more.

In fact, Qin mo was multitasking during the meeting.

At this moment, other than a slight bitterness, it was not like there was no joy at all.

at least, he huan had given up on rong yue.

even if she still liked him, she wouldn't do anything to him since he had a wife.

as qin mo thought about it, he was a little distracted. during the meeting, anna from the public relations department asked a few questions, ” “president qin?”

Only then did Qin mo return to his senses. Then, he started to communicate normally.

at this moment, he huan's eyes drifted over and noticed the woman on the screen.

she was really beautiful.

She had a mixed-blood feeling, but at the same time, she had the characteristics of an Eastern woman. She had the air of an elite in her high-class sense.

She had instantly killed off many celebrities.

It seemed to be a waste for such a person to be a working woman.

he huan felt a little inferior.

she looked at anna and then looked down at herself, feeling that she was too thin.

Qin mo happened to turn his head and saw he Huan's small actions.

He understood her and immediately understood why she was like this.

he laughed and then chuckled. " what are you doing? "

he huan was also shocked. after a long time, she finally said, " "no, nothing much."

she sat back and continued eating.

Qin mo continued with the meeting, and he Huan realized that he was mainly talking about Anna, the public relations manager who was so good-looking that even he Huan was jealous of.

She bit the chicken wing harder and chewed.

Qin mo was fine with it as he had always been professional.

However, when they were about to go offline after talking about business, Anna suddenly said in French, ” “President Qin, pay more attention to the child’s emotions.”

qin mo naturally looked at he huan who was beside him.

he huan also glared at him, and then at anna.

What a hateful woman.

if he huan wanted to explode, she could understand french!

She wasn’t like a child like Anna had said, nor was she an emotional child.

After saying that, Anna went offline.

The high-class Ward was silent again.

However, this time, it was not as quiet as before. This was because he Huan had been eating like a little mouse.

Qin mo reached out his hand and she was shocked. She quickly wanted to move away.

however, he immediately took out a chicken wing from the bag. ” i’m hungry too. ”

When Qin mo ate this, he was actually extremely elegant and good-looking.

he huan just looked at him eagerly.

qin mo laughed. ” why are you looking at me? ”

He Huan lowered her head and nibbled on her chicken wing. After a while, she raised her head again. Qin mo, are all the female employees in your company so good-looking? ”

## Chapter 4655: He Huan, you're just jealous 2

Qin mo smiled. she's the manager of the public relations department. Of course, she's not bad looking. However, whether she's good looking or not has nothing to do with me. She can't work hard. oh right, he huan, are you jealous?"

He xiaohuan immediately exploded,"of course not!" why should i be jealous? you're not my friend."

For a moment, she had forgotten that he was her husband.

qin mo looked at her quietly and suddenly pulled her closer. " how can it not be related? " You're my wife now and you have the right to be jealous of any woman. Even if you want me to fire her now, I won't have any objections."

He Huan was furious.

he was clearly teasing her.

...

"Then fire her," he said angrily.

Qin mo laughed again. you made this request. Firstly, you admit that you are my wife. Am I right? "

In order to prove his worth, he Huan agreed without any moral integrity and nodded.

The smile in Qin Mo's eyes deepened. secondly, you admit that you're jealous, right? "

"I'm not." He Huan cried out and said.

however, she was still angry with him, so she quickly softened her voice. ” “fine, even if you’re right, you can fire her.”

Qin Mo’s eyes were filled with a smile. even if I agree, the shareholders won’t. Anna is King Entertainment’s best Public Relations Officer.

He Huan was even angrier. So after all this, he was just toying with her.

was it fun?

She ignored him and sat there, sulking as she nibbled on her chicken wing.

Qin mo found her cute. After a long time, he pulled her hair. “are you angry again?”

At this moment, he was deliberately coaxing her. but I have another way. I’ll arrange for you to be Anna’s superior, and you can do whatever you want.

although he huan’s memories of when she was 18 years old returned, she wasn’t stupid.

a career elite like anna wasn’t someone a naive girl like her could handle.

That’s right, he was silly and sweet. This was he Huan’s accurate positioning of herself.

she didn’t talk to him anymore, eating alone and sulking.

qin mo looked at her angry face and continued to work. however, the corners of his mouth were slightly raised, and he looked very happy.

He Huan bit her lip and sulked. However, Qin mo reached out and pulled her into his arms.

“i don’t want to.” She resisted, but Qin mo was too strong. He placed her in his arms and continued to work.

he huan bit her lip. after a long time, she muttered, " you're not right. "

He smiled and said,"what did I do wrong?" It's not right to talk about business with a beautiful subordinate, and it's also not right to just hug my wife now. He Huan, what do you want me to do?"

He Huan couldn't say a word. After a long time, she wanted to move away, but his chin was on her heart. He touched her like a puppy and said with a smile, " "We're cultivating our relationship."

He Huan didn't want to at all. For a long time, she just kept wailing.

Qin mo was enjoying her moans.

At this moment, it didn't seem to matter whether she loved him or not. Anyway, Rong Yue had a wife.

All of a sudden, Qin mo felt that AI Mengmeng's appearance was very important.

however, at the thought of ai mengmeng, qin mo's eyes darkened.

he had found out that ai jia was ai mengmeng's biological sister.ai jia had also come from that ravine, but had been adopted since she was young.

Chapter 4656: he huan, you're just jealous (3)

he sent an email to rong yue, and rong yue only replied that he knew.

qin mo looked at the three words for a long time.

He clenched his fingers lightly, his thoughts a little far away.

He had silently allowed Rong Yue to deal with AI Jia.

Because he was thinking a little far ahead, his expression was not very good. It was so dark that he Huan's bucket of wings could not eat anymore.

She just looked at him eagerly. In fact, she had been secretly looking at him these two days.

...

she was not familiar with the 40-year-old qin mo. he was very manly.

He wasn't like this in the past. Although he was also very good-looking, when he got close to her in the past, she wouldn't blush or lose control of her heart.

She used to be afraid of him, but now she felt even more afraid of him.

she was afraid that he would get close to her because they were husband and wife.

He Huan bit her lip and was in a daze for a long time.

qin mo, on the other hand, looked up and saw her. his mood improved a lot. " i'm drooling. "

He Huan immediately reached out to touch it and realized that she had been tricked.

she glared at him. " qin mo, you're too despicable. "

He laughed and his voice was quite bright. After a while, he lowered his head to look at her. "Isn't it? you're stunned."

in fact, he knew that he huan still acknowledged his looks. when their relationship got better, she also admitted that liking rong yue was just a substitute. the only person she loved was actually him, qin mo.

however, men were also very emotional sometimes. qin mo was even more so.

maybe it was because she loved him too much, or maybe it was because she had failed to get him after asking for him too many times.

Therefore, he was always worried about his personal gains and losses. This was really not in his character, and it was not something he could tolerate. However, this person was he Huan, so he was willing to do it.

At this moment, he Huan's small face was blushing as he looked at her.

After a while, she bit her lip. I'm not!

qin mo smiled and closed his laptop. then, he said in a low voice, "How about going out to watch a movie?"

ah! he Huan gasped in disbelief. aren't I in the hospital? "

"he'll be discharged tomorrow." also, " he smiled, " the doctor can't cure you anyway. Maybe you'll feel better if you go out and play.

when he said this, she actually thought of rong yue again. she thought of what had happened before, and her small head drooped down again, looking a little dejected.

qin mo pulled her hair. " he xiaohuan, what do you think? "

he huan gasped and said weakly, " "don't call me he xiaohuan."

"because you're still very young." qin mo laughed again.

"i'm 33 years old." she said softly, not sure herself.

Qin mo looked at her, his eyes bright. After a while, he whispered, " you're 18 years old now, Mrs. Qin. Go out and take a look at the work you directed and the script written by Rong Yue.

as he spoke, he reached out and touched her little head.”what happened after that was much more wonderful than you can imagine.”

As he said this, he Huan’s face turned red again and she looked at him eagerly.

Qin mo stood up and helped her put on her coat. He also took one for himself and brought her out.

of course, there were a few bodyguards following them when they went out. there was one in the car and three in the car behind them.

he huan and qin mo sat side by side in the back of the car. she was a little uneasy. ” qin mo, why did you bring bodyguards? ”

Qin mo was silent for a moment before he muttered, ” “For safety’s sake.”

#### Chapter 4657: Fall in love again, Mrs. Qin (1)

qin mo was silent for a moment before he spoke in a slightly calm voice, ” “Because something happened to you before, so it’s best if someone follows you.”

” qin mo, aren’t you a human? ” he huan asked.

qin mo’s face darkened and he glanced at her. ” “i can’t always follow you.”

He wanted to keep her by his side all the time, but he Huan had always been an active child. She went to study abroad when she was 20 years old, and she was gone for a few years. After they got married, she didn’t go home for six or seven years. If he thought about it, they had actually been together when they were young.

his heart became gentler, and he couldn’t help but reach out to stroke her hair.

He Huan was originally curled up in the corner, and now she did not move.

...

she was afraid that he had something else.

Qin mo did not do anything else. He touched her hair and retracted his hand.

He Huan was still curled up in his seat, quietly staring at him.

after a long time, she seemed to have thought of something. she bit her lip and asked softly, " Qin mo, why did I get injured? how did I get injured? "

Qin mo looked at her quietly for a long time before whispering, " " she was pushed to the ground by a fanatical fan, and her head was injured. "

He didn't hide it from her and said in a soft voice, " "there's a small blood clot in the back of your head, and it's pressing on your nerves, so you can't remember it for now."

He Huan was stunned for a moment, then she whispered, " "then, in the future, will i never be able to remember?"

Qin mo stretched out his hand and pulled her over, placing her in his arms.

He Huan wanted to avoid him, but he wouldn't let her. He kept holding her in his arms and patted her little head like he was patting a puppy. His voice suddenly became hoarse."Actually, it doesn't matter if you can't remember."

He Huan looked up at him, tears welling up in her eyes.

In fact, the 40-year-old Qin mo was much gentler than the 25-year-old Qin mo. However, she was even more afraid of him.

As for this fear, it was different from the fear he had in the past. As for what was different, he Huan couldn't explain it clearly.

she looked at him in a daze, and he smiled slightly. after a long time, she finally had a topic in mind."where's that person?"

qin mo just looked at her quietly and did not say anything. however, there was a hint of uncertainty in his eyes.

Thus, he Huan knew that after his heart palpitations, it would be a violent beating.

after all, this was not something that the 18-year-old he huan could understand.

she bit her lip and muttered after a long time, " "Shouldn't he be handed over to the law?"

Qin mo gave an extremely faint smile. Then, he smiled slightly. "Even if he's sentenced to a few years, he'll be like a Mad Dog after he's released."

In Qin Mo's world, he believed in cutting the weeds and eliminating the roots.

Moreover, that person was used by others to begin with, and he could not tolerate it.

He Huan was a little stunned when he heard him say that. He did not come back to his senses for a long time.

After a long time, she gently broke away from him and shrank back into her original corner.

The car was very spacious and she was actually quite far away from Qin mo. Qin mo did not force her and only smiled. "You think I'm scary?"

he huan shook his head, but quickly nodded.

She just didn't say anything and looked sullen.

“I want to regain my memory, but I’m afraid that it’ll be bad,” she muttered after a long time.

Her gaze fell on his face, and her gaze was a little complicated.

qin mo’s heart softened. ” we’re definitely not as bad as you think. in fact, we’re hanhan who’s beyond your imagination. ”

Chapter 4658: Fall in love again, Mrs. Qin (2)

qin mo’s heart softened. ” we’re definitely not as bad as you think. in fact, we’re hanhan who’s beyond your imagination. ”

Although he didn’t want to compare, he still said, ” ” it’s even better than when you and rongyue were at your best. after all, we’re husband and wife and have a child. i’ve experienced so much more than you and rongyue. ”

He Huan listened in a daze with a cute expression on her face. Qin mo looked at her confused expression and was a little annoyed. you don’t believe me? ”

he huan wanted to say something, but the chauffeur, old zhao, laughed. ” you’re in a difficult position, qin mo. the young lady can’t remember who she is now. who knows if you’re just fooling her? ”

Qin mo was a little stunned. After a long time, he was still in a daze. He was not sure if he was actually being teased by elder Zhao.

Old Zhao was usually a person who didn’t joke, but today he was rebelling.

...

Qin mo did not want to lose his temper, so he looked at he Huan.

he huan turned his face away from the window. he was not sure if she was smiling.

No matter what, he still reached out and pinched her little face.

He Huan cried out and glanced at him.

Qin mo, on the other hand, was much happier. He pinched her small face again. we'll be there in a while. Be good and follow me.

He Huan replied with an "Oh," but felt that something was amiss. She glared at him."Why should I follow you? I'm not a child."

the car stopped in the underground parking lot of a square.

qin mo took his coat and put it on for her while chuckling. " "mrs. qin, aren't you 18 years old now? what are you if not a child?"

Old Zhao, who was in front, and even the bodyguards laughed. He Huan, on the other hand, snorted. She didn't care about her face.

Qin mo got out of the car and pulled her down. alright, let's go watch your movie.

" oh, " he huan replied. she turned around to look at the four of them and followed them.

"do they have tickets?" she asked in a small voice.

Qin mo laughed. I guess so.

he huan couldn't help but ask, " "As long as we come out, they will keep following us?"

Qin Mo's gaze landed on her small face and he smiled. "You don't like it?"

He Huan was smart enough not to reply. Qin mo smiled, knowing that she was a little smart.

She wasn't stupid to begin with, and she was a very smart child.

That was why she didn't answer such a question.

qin mo tugged her hair and smiled.

He Huan went upstairs and took the movie tickets. He was a little stunned.

This was clearly the rhythm of booking the entire venue.

"What's the point of us looking at it ourselves?" she bit her lip.

it's just a movie, " Qin mo replied nonchalantly. or do you want to be with a group of people? "

He paused for a moment and then nodded. that's right. There are many young people watching movies. You're probably thinking of meeting some young man.

"i'm not," he huan said angrily.

qin mo laughed. " if you don't have one, then it's fine for us to look at it alone, right? "

he huan was so speechless that he could not say a word.

After a long time, he finally snorted. let's see it alone. Who has a problem? "

qin mo laughed and ordered the bodyguards to clear the place. this was KING entertainment's business to begin with, so it was not a big deal to book the entire place. it was just for the sake of their achievements.

He Huan and Qin mo went in with four bodyguards behind them. Even old Zhao could go in and take a look.

after he huan sat down, she looked at the five men in front of her and said to qin mo, ” “If we reserve the entire place, they won’t need to come in.”

as soon as she finished speaking, she regretted it.

as expected, qin mo immediately looked over, his eyes bright. ” “You want to be alone with me?”

He Huan snorted and then focused on the movie.

really, it was a little weird to book the entire place. she felt that it was hard to get into the shoes of others.

moreover, she didn’t have any expectations.

this was because the 18-year-old he huan had never thought of becoming a director.

...

however, after five minutes, her expression changed.

she couldn’t remember what happened after that, but she had an indescribable feeling when she watched the movie. it touched her heart, and this was something that qin mo couldn’t do.

He said that they were in love, weren’t they?

But why was he not as good as a movie?

he huan thought to herself, then looked at him with a little complaint.

qin mo felt his gaze and smiled. ” “How is it?”

he huan’s gaze returned to the screen. she stared at it for a while before exclaiming, ” “the editing is amazing, and ai mengmeng’s acting is the best.”

hearing her words, qin mo smiled. this was he huan.

she was a girl with principles.

Even if she didn’t like AI Mengmeng, she was still an 18-year-old he Huan’s love rival. However, she couldn’t deny her talent and acting skills, so he Huan wouldn’t be stingy with her praise.

Although she had a small temper, she was still very open-minded.

this was also one of the reasons why qin mo liked her.

But that wasn’t the main reason. What he liked the most was how unreasonable she was when she was being petty. He liked how she was spoiled by him. That was why he was also the type to look for abuse.

every time he thought about giving up, he would think that there was only one he huan in this world.

Perhaps there were women who were more beautiful, gentler, or even cuter than her, but so what?

They were not he Huan.

Therefore, their excellence and cuteness were meaningless to Qin mo.

She was the only girl he had ever liked for almost thirty years.

he was already 40 years old and might only have another 30 years left. he didn’t want to waste his energy to find another woman.

Even in front of him, he might not want it even if he wanted it.

qin mo's heart was in turmoil, but he huan did not know.

She just looked at the screen, focused, because this was her future.

in fact, it was in the past again.

After a long time, the movie finally ended.

he huan was still staring at the screen in a daze. she mumbled, " "Did I really direct this?"

qin mo just looked at her quietly.

He Huan slapped her face hard. I'm not dreaming, am I? I'm so outstanding!

qin mo couldn't take it anymore and laughed. " "i edited it."

He Huan's small mouth opened slightly, and she looked dumbfounded. "You?"

is it that strange? I'm running an entertainment company. I know a little about almost everything, but I'm not very proficient in it.

He Huan was speechless again. This was not very proficient?

this was simply forcing others to have no food to eat, alright!

he huan just looked at him.

Qin mo smiled and held her hand as they walked out.

when she went out, another hall was filled with people, and the screening had just ended.

When he Huan and Qin mo came out, they bumped into the crowd opposite them.

although he huan was wearing sunglasses, she was still recognized by some people. a few fanatical fans called out he huan's name, and some even wanted to rush over. after all, their idol had been injured before, and they were very excited to see her.

Just as the fans rushed over, Qin mo pulled he Huan behind him without a word. Then, four bodyguards blocked the fanatical fans and allowed Qin mo and he Huan to leave.

when they entered the elevator, he huan and qin mo were standing side by side. she secretly glanced at qin mo.

He did not look too good. She did not know what was wrong with him.

however, she still asked worriedly, ” ” do you think i'll disappoint the fans if i run away like this? will there be any bad effects? ”

Qin Mo's face was still a little sullen.

He Huan stared at him for a long time before asking, ” “qin mo, what's wrong?”

...

Qin mo glanced at her and said slowly, ” “I thought you didn't want to be a big director. Now You're So Vain and want fans?”

He Huan smiled. of course I want it. I get a share of the box office, don't I? ”

she wasn't stupid.

The money was hers!

Qin mo looked at her. I forgot to tell you. You're not 18 yet. You don't have a bank card. I'll save it for you when the box office is distributed. You can use it when you grow up."

He Huan was extremely anxious and said anxiously, "I'm not 18, I'm 33. You can apply for a bank card now."

qin mo laughed, then his gaze fell on her face. he said slowly, "that means she has to admit that she's mrs. qin."

he huan bit her lip and muttered after a long time, "i don't want to."

Qin mo did not mind and ruffled her hair. "If you don't want it, you can continue to be an 18-year-old girl. I don't mind."

in the past, her health had not been very good. he had taken care of her most of the time when they lived together. now, he was still taking care of her. there was actually no difference.

not sleeping in separate rooms was qin mo's bottom line.

At that moment, he Huan didn't think that far. She didn't know that she was going to face the 40-year-old Qin mo.

he wasn't as pure as he was in his 20s.

When the elevator reached the second floor, he Huan got into the car and realized that it was Qin mo who was driving. She subconsciously asked, "Where's uncle Zhao?"

Qin mo was driving a Mulsanne. He often drove this car, but he Huan couldn't really remember.

She had thought that with his identity, he would always be the chauffeur. However, he was driving by himself and seemed very familiar with it.

He Huan sat beside him and listened to him talk while looking around at the things in the car.

she couldn't remember everything, but she had always grown up with qin mo. as long as she couldn't sense the danger he emitted, they were very familiar with each other, just like a family.

That was why she was very afraid to touch his things.

however, the things in the car were all very feminine. it was obvious that women often sat beside them, from perfume to tissues. there was even a small blanket with a finny piglet pattern on it.

Even though he was touched, he Huan still pretended not to know and asked, "Do you often have women sitting in your car?"

Qin mo turned his head to look at her and smiled gently. "Why do you ask?"

He Huan bit her lip. these are all women's things. Would they be yours? "

Qin mo didn't reply at first and continued driving.

The silence made he Huan feel a little uneasy. Did Qin mo really have an affair?

She looked at Qin mo and was about to ask him something when he said, "There's nothing like what you think."

He Huan was stunned for a moment. He was a worm in her stomach!
