

## Thank you 4661

Chapter 4661: Fall in love again, Mrs. Qin (5)

Qin mo continued to drive and said in a calm voice, ” “These are all your things.”

He Huan was stunned again.

“what else?” qin mo held the steering wheel with one hand and stopped at the red light in front. he gently rubbed his beautiful chin with the other hand and looked especially manly.

he huan fiddled with the things again, and after a while, she looked up at him. ” “really?”

he continued to look at her. ” you’re 33 years old and you still like these things. do you think every woman is like this? ”

” oh, ” he huan replied. after a while, she looked at him again.

...

then, she was shocked by the brightness in his eyes.

even he huan, who was acting like an idiot, felt that qin mo was up to no good.

she didn’t say a word and lowered her eyes. her slender white fingers were still fiddling with it. then, she looked up at him.

That little gaze was really a little pitiful.

qin mo couldn’t help but laugh. he laughed very happily.

“what are you laughing at?” he huan could not help but shout.

Qin mo started the car and focused on the front. After a while, he snorted in a light and happy manner.”There are many things you don’t know!”

he huan’s face suddenly became a little hot, and she didn’t dare to make a sound. she even twisted her little face and turned her face away from the window.

she couldn’t help but complain in her heart that the 40-year-old qin mo was too difficult to get along with.

just like that, the two of them didn’t say anything else and the car drove all the way to his apartment.

It was also the place where they would live after their marriage. He Huan had not lived in the wedding house for a few months.

It was a mansion of about 300 square meters.

when the car stopped, he huan said,”this is a hospital?”

Why didn’t she recognize him?

qin mo unbuckled his seat belt. ” i’m home. ”

Naturally, he helped her unbuckle her seat belt and patted her little head.

he huan felt as if her brain had crashed from the slap. after a long time, she muttered, ” he’s only going to be discharged tomorrow. ”

“do you think i’ll give you a chance to see rong yue?” qin mo said, amused.

“i’m not going either.” he huan lowered her head. suddenly, every strand of her hair looked depressed. ” he has a wife. ”

“oh!” qin mo’s voice was drawn out. after a while, he chuckled, ” “if you don’t have a wife, you won’t be polite, right?”

“I didn’t say that,” he Huan bit her lip.

” hehe. ” qin mo laughed again. ” don’t forget that you have a husband, an 18-year-old little girl. ”

he huan was about to explode. she glared at him, her little face full and round.

Qin mo laughed lightly and opened the car door to get off.

in fact, he thought that it was not too bad now. he huan was quite interesting like this.

suddenly, he thought that perhaps this was god’s compensation to him, to make up for all the time that belonged to him.

She wanted to make it up to him for the time he lost her.

qin mo’s eyes suddenly felt a little hot. he stood in front of he huan’s car door and was about to open the door with his fingers. however, his heart throbbed so quickly and so suddenly that he was not prepared at all.

He could only suppress it, desperately suppress himself.

when she finally calmed down, she opened the car door, bent over slightly, and said gently, ” “we’re home.”

no matter how stupid he huan was, she also knew this. she sat in the car and felt her legs go soft.

he couldn’t even take a single step.

She bit her lower lip, feeling too embarrassed. She did not want him to know either.

## Chapter 4662: Fall in love again, Mrs. Qin (6)

she bit her lower lip, feeling too embarrassed. she did not want him to know either.

However, the 40-year-old Qin mo had a skill that allowed him to accurately know her needs. He was originally bent over, but at this moment, he easily carried her up horizontally.

A Princess carry!

ah! he Huan couldn't help but cry out. Afraid that she would fall, she immediately hooked her arms around Qin Mo's neck.

Qin mo lowered his head and looked at her.

"Put me down." She said softly, almost not daring to look at him.

...

Qin Mo's voice was also very soft, and it was a little unnaturally hoarse. "didn't i hug you like this when you were young?"

"i've grown up," he huan said.

qin mo continued to look at her quietly. as he walked, she did not come down from the elevator. he only said softly, " "Now you've become smaller, and I'm old. He Huan, do you think I'm old?"

he huan shook his head. " no, you're not old. "

Qin mo laughed happily. Then, he lowered his head and kissed her. His voice was really hoarse."I'll still treat you like a child. You're indeed young and insensible now, so I can't be too calculative. Fortunately, it's quite interesting."

He Huan was a little shocked.

even if she only remembered the things that happened when she was 18 years old, she couldn't be a child!

when she retorted like this, qin mo laughed lightly, "I'm 40, he Huan. You're not a child in comparison."

he huan was shocked again and simply ignored him.

She couldn't win.

the elevator door opened. there was only one unit on the top floor. he swiped his card to open the door.

he huan was stunned when she entered.

she was certain that if they had stayed there after marriage, it would not have been decorated like this.

How should she put it? this was a place where a young girl lived. Many of the soft clothes were light pink and light yellow. She didn't really remember that she had such a young girl's heart, but now that she saw it, she actually felt that it was not bad.

Qin mo put her down but did not let her escape. Instead, he held her gently in his arms. His tall figure leaned his chin slightly on her shoulder and whispered, "Do you like it?"

He Huan was a little nervous. She felt that the atmosphere was a little strange and turned her head away uncomfortably.

qin mo's voice had a hint of a smile. "It's best not to move,"

She let out another "ah" and did not dare to move anymore.

Only his eyes dared to look around.

“If you want to stop at 18, I’ll accompany you.” Qin Mo’s voice was still very low.

” ah! ” he huan exclaimed again, then muttered, ” then you’re the one who’s teasing me. ”

qin mo smiled,”you little thing, you’re insatiable ..”

Her face heated up and she bit her lip after a while. “How do you know?”

He turned his face and looked at her attentively. After a while, he chuckled.”a 40-year-old man understands women very well. if you’re a child, it would be easier to understand,”

he huan was furious again. the truth was, she couldn’t beat him.

at this moment, she wanted to go home.

it was really scary to live with a 40-year-old man.

but she didn’t dare to mention it, nor did she dare to make a fuss about leaving. if she dared, she could guarantee that he would definitely have other requests.

he huan did not dare to provoke him.

qin mo finally let go of her and patted her. ” ” take a look around. i’m going to cook. also, this place was renovated in the past few days. the materials used are all environmentally friendly and will not cause any pollution. ”

Chapter 4663: I’m an old man, huh?(1)

he huan acknowledged and looked around.

Qin mo silently looked at her back for a while before going to the kitchen.

he huan looked around. the place was huge and the decorations were girlish.

other than qin mo's study room, which maintained its high-class appearance, this was probably the last bit of stubbornness that qin mo had.

he huan didn't go in. she just stood at the door for a while. then, she opened the door to a children's room. it was a suite, and the room was pink. she even saw a pink bathtub in the bathroom.

Oh my, he's quite cute.

...

He Huan wanted to go in and soak for a while.

qin mo came in with a glass of fruit juice and saw he huan staring at the bathtub. he smiled. "Our room is also pink, and it's bigger and more comfortable. You can go and take a bath."

He Huan turned around and looked at him, her eyes filled with disbelief.

he was actually willing to use the pink bathtub!

qin mo was stunned by her starry eyes and a smile appeared in his eyes. "I know how to shower, so I won't see what you're imagining.

he huan replied with an "oh" and asked, "You really don't know how to?"

"i won't," qin mo's face darkened and he placed the juice in her hand. "go take a bath and rest for a while."

he raised his hand and looked at his watch. "we'll have dinner in about two hours."

"just eat whatever you want." He Huan wasn't completely insensible. She said in a small voice, "you're so busy, wouldn't it be a waste to spend two hours cooking?"

qin mo lowered his eyes and said, " isn't home life like this? do you want me to go home and still look like an elite? "

"If you want, I can cooperate," he said after a pause.

He Huan bit her lip and immediately refused, " "i don't like it."

he smiled and helped her take off her coat."There's no need to wear it because of the temperature at home. go and soak in it, don't soak for too long."

He instructed like an old father. He Huan gave him a strange look and then went to take a bath.

In the master bedroom, it was not as girly as the outside. There was always a trace of masculinity. Perhaps Qin mo also needed to sleep, so he could not stand the femininity. White and rice colors were the main colors, which were very comfortable.

he huan first laid down on the big white bed with four pillars. she lay on her stomach and closed her eyes, feeling very comfortable.

it was so comfortable that she felt like sleeping, and she really fell asleep, yingluo.

After an unknown period of time, Qin mo came over and realized that she had fallen asleep.

he couldn't help but smile as he sat down beside her. He looked at her sleeping face. She was a 33-year-old woman who had been his wife for so many years. He reached out and gently stroked her hair. He smiled and said, " "You still say you're not a child."

His heart softened and he lowered his head to kiss her. After thinking about it, he still didn't wake her up to eat.

She was not in good health, and she was probably exhausted from playing for half a day.

Qin mo accompanied her for a while and then went to the study room to deal with work. Recently, he could only accompany her to work at home or at the hospital.

She was still so young now, and he was really worried, so he had to bring her everywhere.

just thinking about it made him feel that she was silly.

It was warm in the master bedroom. When he Huan woke up, she had a blanket on her.

she rubbed her eyes and sat up. looking at the blanket on her body, she was a little stunned, but she also understood.

Chapter 4664: I'm an old man, huh? 2

He Huan removed the blanket and got out of bed.

In the apartment, it was quiet everywhere. She looked around but did not see Qin mo.

it was strange that she actually wanted to look for qin mo in such a foreign place.

in the end, she found him in the study room. when she pushed the door open, she saw qin mo sitting behind the large wooden desk. he had a cigarette in one hand and was flipping through documents in the other.

His fingers were beautiful, slender, and powerful.

He Huan just looked at it, and then thought to herself, what does it have to do with me whether my fingers look good or not?

...

She stood there and called out to him like a kitten.

Qin mo raised his eyes. At that moment, there was a hint of fatigue in his black eyes. It was pure physical fatigue.

He Huan was stunned for a moment. She had never thought that Qin mo would be tired.

in her impression, he was always full of energy. was it because he was old?

After she asked the question, Qin mo remained in his original position. He held a cigarette in his hand and looked at her quietly. After a long time, he smiled.”i’m old?”

If it was the 33-year-old he Huan, she would know that it was dangerous, but the 18-year-old she was a little ignorant and stupid. She said, ” “40 years old is a bit old. I remember you should be 25 years old.”

Qin mo stood up and walked towards her.

his body was tall and straight, absolutely slender and powerful.

he had a very, very masculine charm.

Even if he Huan wanted to, he could only stammer.

Qin mo walked straight towards her and was less than ten centimeters away from her.

he lowered his head and muttered, ” “40 years old isn’t old. if you don’t believe me, we can try.”

he huan raised her eyes and looked at him for a few seconds. then, she covered her face and ran out. as she ran, she shouted, ” “qin mo, you’re too shameless.”

qin mo laughed and covered his eyes with his hands.

he sighed in a low voice.

if she was 18 years old, then so be it. at the very least, he had liked her when she was 10 years old. 18 years old was enough.

he huan didn't know what he was thinking. she ran to the dining room, turned around, and snorted at qin mo. "I'm hungry, where's the food?"

Qin mo was wearing a black shirt and didn't look homely at all. However, he still brought out the Thailand food. It was well-made and fragrant.

He Huan's eyes lit up, and her voice was soft. "Qin mo, when did you learn to do that?"

qin mo smiled and sat down. "didn't i tell you? there are many things you don't know. "

"oh," he huan replied. he sat down and eagerly savored the taste, feeling as if every taste bud had been conquered and smoothed out.

it was too delicious.

as she ate, she would look at qin mo from time to time, thinking that he was really amazing.

Qin mo didn't say anything either and just looked indifferent.

he huan ate very quickly. she was satisfied in about ten minutes, but she still tried to stuff more food into her mouth.

qin mo stopped her. "it's not good to eat too much. if you want to eat, you can make it tomorrow. "

he huan's eyes were bright, and after a long time, she said, "qin mo, do you know how to cook France food? how about Italy food? and ran ran?"

he said a long string of words.

Boss Qin had been eating. After hearing this, he calmly wiped his lower lip. "as long as you need it, i can do it."

He Huan was stunned again. After a long time, she whispered, "really?"

Chapter 4665: i'm an old man, huh?(3)

Qin mo only smiled and then said in a low voice, "Of course."

Oh, "he Huan replied and got up. Because she had eaten too much, she put her hand on her stomach and slowly moved to the sofa in the living room. She didn't want to move anymore.

After Qin mo finished his meal, he did not clean up. Instead, he walked over and patted her. go and wash the dishes.

He Huan lay there and said very righteously, "I won't."

qin mo reached out and pinched her face. after a long time, he said, "You still have to study, or there won't be a feast."

"if we go out, it'll be a feast too," he huan said obediently.

...

qin mo's reply was to flick her little face. "I've been corrupted."

he huan stood up helplessly and asked carefully, "are you going to take a shower?"

after asking, she realized that she had asked the wrong question, so she quickly shouted again, "i said it wrong. i mean, do you want to wash the dishes?"

"What else?" he smiled again.

he Huan looked at him for a long time before she asked in a low voice, ” “will you not want me anymore because i don’t wash the dishes?”

If he didn’t want her and didn’t take her in, she would feel that she had nowhere to go.

At this time, she almost forgot that she also had parents and thought that she had jumped out of a rock.

After he Huan finished asking, Qin mo gave a meaningful smile. He reached over and patted her head as if he was playing with a puppy. “it’s possible.”

Oh, ” he Huan replied, then got up.

i’m so full and tired.

She raised her head and looked at Qin mo. She felt extremely wronged. I’ll go and wash up.

qin mo pulled her back and said in a low voice,”i’ll do it.”

He Huan was very stubborn this time and insisted on doing it herself. Even Qin mo couldn’t stop her.

He thought to himself,”this silly girl, did she really think that he wouldn’t want her if she didn’t do some housework?”

did she have so little confidence in him before she turned 18?

qin mo laughed and followed her, watching her clear the table.

This was not a problem for he Huan. She even knew how to wipe the table clean.

Qin mo felt that his own child had grown up.

he was leaning on the side with a cup of coffee in his hand as he looked at he huan.

he knew that he huan really didn't know how to cook, so he was very tolerant of her. he only frowned when she dropped a few plates. he didn't tell her that these plates were her favorite. each of them was a piece of art that she had brought back from Milan, and each one was worth tens of thousands.

Of course, Qin mo didn't care. However, when she fell on the fifth one, he Huan's finger was pricked. She immediately frowned and looked at the red blood oozing out and mixing with the water in the pool.

qin mo's expression changed. he immediately placed the coffee in his hand on the countertop and walked over to hold her hand. he lowered his head and looked at her. "you should be more careful."

" oh, " he huan replied. she looked really pitiful, so he could not criticize her anymore.

qin mo brought her back to the living room and let her sit on the sofa while he went to get the first aid kit.

When he returned, he sat beside her. The blood had already stopped flowing, but the delicate little girl kept frowning, as if she had suffered a serious injury.

She had always been afraid of pain, and Qin mo knew that.

now that he saw her like this, he only felt that it was especially funny.

Chapter 4666: I'm an old man, huh?

It wasn't that he didn't feel heartache, but she was just too cute.

It was a small wound, but it seemed like she was about to leave this world immediately.

just like in the past, she was clearly on her period and had only lost a little blood, but it was like she had contracted a terminal illness.

He Huan was a little fellow who was afraid of pain.

Sometimes she was extremely cute, and sometimes she was extremely detestable, the kind that would make him vomit blood.

But now, she was still cute.

...

he had decided to be more lenient with her.

He reached out and gently stroked her forehead to comfort her. Then, he opened the first aid box.

it was only a small cut, but qin mo treated it as a big wound and disinfected it first. when it hurt a little, the delicate girl would try her best to breathe in, and qin mo would not be able to continue.

He was speechless and stopped. he Huan, are you trying to make my heart ache? ”

He Huan’s eyes were wide open as she looked at him. did I? why should i make your heart ache? besides, i didn’t do anything.”

Qin mo was so angry that he almost vomited blood and glared at her.

He Huan’s voice was like a little lamb, soft and tender.”Qin mo, are you angry?”

He glanced at her.

her voice rang out again, ” “Will you take revenge on me when you’re angry? Are you hurting me on purpose?”

“Shut up!” His tone was very bad as he bandaged her wound.

Yes, as she wished, he hurt her in revenge. He Huan wailed and Qin mo felt great.

however, his little girl had cried because of him. she leaned angrily on the sofa and her small body twitched. qin mo wanted to talk to her, but she turned her small face to the side and watched television in boredom.

At this moment, Qin mo thought of a sentence: The favored one was fearless.

however, at this time, he was still very willing to pamper her. he packed up his things and said, seemingly intentionally or unintentionally, ” “i think having a candied apple after dinner is good.”

he huan’s ears immediately perked up like a little rabbit’s.

Qin mo didn’t seem to notice her reaction and seemed to be talking to himself. “however, no one will eat it if it’s done. let’s go to the study to do our work.”

“There’s food, there’s food.” He Huan started to shout.

Qin mo smiled and looked at her before extending his hand.

he huan stared at him for a long time. finally, she tilted her little face over and let him pinch it like he was pinching a pet. he was satisfied and got up to do it.

He Huan had been waiting patiently, but after a while, she decided to go to the kitchen to take a look.

qin mo was preparing the desserts. he looked very familiar with it. he huan was in a daze. he looked so handsome when he was making desserts.

she thought to herself, is there anything he doesn’t know?

Qin mo could feel that she was at the door and was peeking at him. He did not say anything and just let her look.

He Huan did not stand on ceremony.

when he was done, she was no longer peeking, but leaning over like a little pug.

That look was really a little funny.

“Do you want to try it?” qin mo thought of shen ting and yi huan after he finished speaking.

he sighed in his heart. he was the magnified version of shen ting. he huan was no different from yihuan now, except that she only ate and slept.

However, the little girl who had been looked down upon wanted to eat it without thinking about anything.

She finished the small bowl in a short while and even looked at Qin mo after she was done.

Chapter 4667: i'm an old man, huh? 5

qin mo looked at her and snorted, ” “i don't have any more for today.”

he huan felt that it was a pity and looked at him pitifully.”i'm not full.”

Qin mo glanced at her, then his gaze moved down and finally landed on a small melon-like stomach.

He Huan was a little confused. After a while, she shouted, ” “I'm bleeding, so I need to recuperate.”

“Is that so?” his voice was very, very long, and then he laughed. ” i’ll cook some red beans for you. it’ll be more nourishing. ”

He Huan glared at him, her eyes welling up with tears. After a while, she said slowly, ” Qin mo, you’re poisonous.

...

Qin mo laughed and pinched her face. a small bowl is enough. You should eat less sweet food. Otherwise, you’ll be disappointed.

“you’ll get fat.” his smile became even more meaningful.

He Huan lowered her head and looked at her chubby body. She didn’t believe him.

however, she wouldn’t beg him. that would be so embarrassing.

hence, she ran away. she didn’t want to eat red beans.

Qin mo smiled and really cooked a cup of red beans. It was not because she had lost a little blood, but because her body was not very good and she really needed to nourish it.

In addition to red beans, he added a few more nourishing ones and brought them to the living room. The one that was watching TV, the one that was watching with great interest.

qin mo stretched out his hand and pulled he huan to his side. he brought the cup to her lips. ” “have some.”

He Huan bit her lip and didn’t say anything for a long time. She just stared at the cup.

He stared at it.

“Drink a little,” Qin mo smiled.

He Huan furrowed her brows and instinctively rejected, ” “i don’t want to drink.”

qin mo stared at her and lowered his voice, ” “Be obedient.”

“i don’t want to be obedient.” He Huan bit her lower lip and turned back to the television, as if she didn’t want to talk to him.

qin mo found it very funny. he simply wrapped one hand around her and held her in his arms. he placed the cup to her lips with the other hand and locked his black eyes on her.

he huan bit her lip and did not say anything for a long time.

Qin mo remained silent. After a long time, he said in a hoarse voice, ” “i’ll kiss you if you don’t drink it.”

He Huan’s eyes were wide open, and she didn’t even dare to breathe. After a while, her small face was a little red.

Qin mo laughed and reached out to stroke her hair. breathe! Silly girl.”

He Huan took a few deep breaths, her eyes welling up with tears, and her voice sounded even more pitiful. ” qin mo, i don’t want to drink it. can you drink it for me? ”

His eyes were still locked on her, and his meaning was very obvious.

He even tapped her on the lips.

thus, the little girl who hated red beans the most immediately lowered her head and took two sips.

she felt so bitter!

However, compared to Qin Mo’s kiss, she would rather drink this.

It was so scary to kiss a 40-year-old Qin mo.

she didn't even dare to think about it, and it was a sin to think about it.

She drank the water in grievance and only looked up at Qin mo when the cup was empty.

those little eyes of his were filled with the following words: i don't like you anymore.

qin mo's eyes were filled with a smile. he reached out to hold her chin and laughed in a low voice."Very well-behaved."

"you're so annoying," he huan bit her lip.

Qin mo was still smiling, but he suddenly leaned in and kissed her lightly on the lips.

he huan was stunned.

Her little head suddenly went blank. He said he would kiss her if she didn't drink.

But she had drunk it, so why did he kiss her?

Qin mo seemed to know what she was thinking and chuckled. "we're husband and wife, it's normal for us to kiss."

normal married couple?

Chapter 4668: I'm an old man, huh?

qin mo seemed to know what she was thinking and chuckled. " "we're husband and wife, it's normal for us to kiss."

normal married couple?

was it normal for he huan to think about other things?

after staring at him for a long time, qin mo happily rubbed her little head. ” “Take a bath and go to sleep.”

He raised his hand to look at his watch and reminded her, ” “It’s nine O ‘clock,”

He Huan looked at him pitifully. don’t adults sleep very late? ”

...

qin mo’s eyes were filled with amusement. ” you want to sleep late? ”

He Huan stared at him as if she was possessed. After about half a minute, she immediately jumped down and ran in the direction of the bedroom.

Qin mo maintained his original posture and looked at her back view. He laughed, ” “At least you’re not too stupid.”

Actually, she wasn’t stupid. She was especially smart.

how could qin mo not know that she only accepted him now because she relied on him?

she had known him since she was young and was willing to take care of her. rong yue was married and had a wife. he huan just instinctively sought comfort.

how could it be so easy to change a relationship? if it was so easy, it wouldn’t be called a relationship.

actually, he could understand and understand it, but his heart still hurt a little.

He was also made of flesh and blood, so he would feel pain too.

Qin mo sat quietly for a while and went to the study room to smoke. In fact, work could never be finished.

he was just sitting in the study for a while so that he wouldn't scare her.

after all, in he huan's heart, they were not really husband and wife. she would probably be afraid if they slept together.

qin mo sat in the study room and smoked quietly.

He Huan, who was in the master bedroom, lay on the bed for a while. Her small head was pressed against the white bed sheet, and her face was rubbed with a fine material. She felt very comfortable.

after lying down for a while, she got up and went to the changing room to get a bathrobe.

Her face was a little hot. In fact, she didn't know why she was like this, why her face was red and her heart was hot.

she quickly went to take a bath and felt very comfortable.

he huan closed her eyes, held the bathtub with her hands, and slowly fell asleep.

When Qin mo returned to the bedroom, this was the scene he saw.

he huan lay quietly in the bathtub, her breathing shallow. her small face was tilted to one side.

She was very quiet and obedient.

He chuckled and touched his forehead. He went over to pick her up and realized that the water in the bathtub was actually cold.

he looked at her silently, then sighed. without saying anything, he carried her back to the bedroom.

he carefully dried her body and helped her put on a bathrobe. he felt that her body was a little cold.

Qin mo was still worried. He went to find two hot water bags and filled them with 60 degrees Celsius water to warm her up. He took a simple bath and made a cup of coffee before going to the bedroom to work.

That night, he did not dare to sleep, for fear that she would have a fever.

However, the more afraid he was, the more likely it would happen.

he huan started to have a fever in the second half of the night.

Her forehead was very hot. Qin mo measured it for her and it was 39 degrees.

He Huan probably wasn't feeling well either. When she woke up, she opened her eyes and said in a daze, "brother?"

Qin mo was stunned for a moment before he came back to his senses. She now treated him as if he was 25 years old. Her heart throbbed and she felt an indescribable softness. you're a little hot. I'll go get some water and medicine.

Chapter 4669: I'm an old man, huh? 7

Just as Qin mo was about to leave, the young lady hugged his waist from behind. don't go.

qin mo lowered his eyes and looked at the thin and white fingers on his waist. he said in a low voice, "i'm just going to get something."

he huan leaned against his back in a daze. she felt hot and cold at the same time, and it was especially uncomfortable.

She lowered her eyes and her voice was extremely weak, "Big brother."

” mm. ” he turned to look at her. ” you’re still so clingy even at your age. ”

in fact, he could not be too harsh on her. she only remembered the things that happened before she was 18 years old. at that time, she was just a young girl and did not know anything. the only thing she knew how to use was sanitary pads, which he taught her.

...

At this moment, he Huan hugged Qin mo even tighter. “uncomfortable. I have to accompany you.”

qin mo smiled and carried her like a child to the living room to get water and medicine. fortunately, it was warm everywhere in the house.

Qin mo easily carried her with one hand. She was really too light and thin. Her 160-cm height might not even be 90-cm, but he carried her like he was carrying a small feather.

qin mo lowered his head and looked at he huan, mumbling, ” “You should really eat more.”

She was so young now that he wanted to feed her, but he felt that he couldn’t spoil her.

He finally took the medicine and poured some water, then brought her back to the master bedroom with some trouble and put her down.

qin mo sat on the side of the bed and placed his hand on her forehead. he quietly felt her forehead and felt that she seemed to have become hotter.

he huan looked at him. ” will i die? ”

his answer was to pinch her face hard, and then he said in a very soft voice, ” “nonsense,”

“Brother, I feel terrible,” she said pitifully.

His heart instantly softened, and it was still a little painful. His voice was even more hoarse as he said, " I know. i'll be fine after a while."

he placed the medicine in his palm and fed it to her. he huan was especially obedient at this moment. she usually didn't like to take medicine, but now, she also ate it obediently.

Qin mo looked at her and said in a soft voice, " drink some water.

he reached out to support her and let her lean on his shoulder. then, he carefully fed her the water.

He Huan could not drink any more after drinking half a cup. She shook her head, indicating that she wanted to sleep for a while.

qin mo couldn't sleep when she was sleeping. he had to watch over her.

He Huan laid down, but she didn't fall asleep immediately. Instead, she opened her eyes and looked at Qin mo quietly.

Qin Mo's heart softened and he reached out to touch her forehead. "why aren't you sleeping?"

He Huan's face was still abnormally red. She gently moved her head over and rested it on his arm. Then, she whispered, " I'm scared.

When she said that, her little face looked especially fragile.

Qin Mo's heart ached, and his voice became gentler. "What are you afraid of? Aren't I here?"

he huan looked at him and said in a hoarse voice, " " i'm afraid that when i wake up, i won't know what i'll be like. qin mo, what if i become three or ten years old? "

qin mo's heart became even gentler. he reached out his fingers and ran them through her hair. then, he said very softly, " "i'll help you change your diaper, then."

He Huan's eyes widened. I don't want you to change my diaper.

“mrs. qin, it’s such a coincidence. i’ve helped you change.” president qin smiled.

he huan glared at him for a while, then pulled up the blanket to cover her face. she said softly, ”  
“I’m going to sleep.”

Chapter 4670: I’m an old man, huh? 8

Qin mo laughed and pulled her blanket. don’t suffocate.

he huan looked at him and did not speak for a long time.

Qin mo laughed. alright, there’s nothing embarrassing about this. I’m seven years older than you, right? it’s my duty to take care of the baby who’s younger than me.

He was clearly a forty-year-old man, and he was speaking very normally, but he Huan felt like he was being carefully protected.

She lifted her small face and looked at Qin mo. After a while, she said in a low voice, ” “if i really became a few years old, would you still want me?”

“what do you think?” Qin mo smiled and reached out to caress her forehead. you’ve been thinking nonsense all day long. Take a rest when you have time.

...

He Huan grunted in agreement and obediently closed her eyes.

Qin mo looked at her and kept guarding her. After half an hour, he took her temperature and it had dropped a little. He finally felt more at ease. After guarding her for a while, he felt a little sleepy and decided to lean against the head of the bed. It was more convenient for him to take care of her.

The night was long, but also short.

Qin mo took her temperature a few times. In the end, her low fever was reduced physically. Fortunately, her temperature finally dropped when the sun rose.

when the first rays of the morning sun shone in, he huan opened her eyes and realized that she was sleeping in qin mo's arms. he was leaning against the head of the bed with his clothes on, and she was lying sideways in his arms.

the scent on his body was very pleasant, and he gave off a very calm feeling.

He Huan couldn't help but smell it for a while longer. Then, she raised her head and wanted to talk to him. However, Qin mo happened to be looking down at her at the same time. She actually bumped into his chin.

Qin mo snorted and reached out to touch the center of her hair. He said helplessly, "it's early in the morning,"

"i want to get up," he huan said.

"Sleep with me for a while longer." He hugged her as if she was a doll and gently. He reached out and pressed her little head. "i stayed up all night last night. i'm dead tired."

There was even a hint of complaint in his tone.

He Huan, who was in his arms, asked him in a low voice, "You didn't sleep the entire night?"

at this time, men would all put on an act. the more pitiful they acted, the more sympathy they would get from women. qin mo also knew this trick.

he rubbed his brows, his voice exuding fatigue."what do you think?"

after he finished speaking, he lowered his head and looked at her quietly.

he huan saw that his eyes were bloodshot. it was obvious that he had been through a lot.

“Actually, you can take a nap,” she said softly.

“how can i fall asleep?” He chuckled and hugged her again. alright, sleep with me for a while. Wake up at 10.

There was no Yi Huan at home now, and he was working at home for the time being, so he could still sleep in. As for waking up at 10 am, it was because he Huan had to sleep as well, and he had a meeting at 11 am.

He Huan had no choice but to accompany him since he insisted.

she thought that she wouldn't be able to fall asleep, but he was hugging her to sleep. smelling his calming scent, he huan quickly fell into a deep sleep.

she slept soundly.

Qin mo didn't fall asleep immediately. Instead, he silently watched her for a while before closing his eyes.

At about 9:50, he woke up automatically. On the other hand, the little guy who had been making a fuss about getting up earlier was sleeping like a little pig.

Qin mo looked at it silently for a while and smiled. He sat up and remembered, but his head was in a daze.
