

## Thank you 4671

Chapter 4671: I can take care of you too (1)

At about 9:50, he woke up automatically. On the other hand, the little guy who had been making a fuss about getting up earlier was sleeping like a little pig.

qin mo rubbed the space between his brows and felt his throat hurt. he knew that he must have caught a cold and had a fever.

he took the thermometer and found that it was 39.5 degrees. he had not felt it before.

qin mo shook his head and smiled helplessly. he got up to find some medicine and ate two pills. then, he went to make breakfast for he huan.

She had just been sick, so the breakfast he made was light and delicious.

however, after he did it, he felt even more uncomfortable. he didn't mind it, but he was afraid that his body wasn't good enough to take care of her. therefore, qin mo called auntie lan to come over and take care of her for two days.

...

after the call ended, he was about to wake he huan up when he saw the little fellow standing at the door of the master bedroom.

"Qin mo, you're sick!! Her little face was filled with dissatisfaction. His tone was actually accusing.

qin mo found it a little funny. he put down the phone in his hand and placed it on the table beside him. his slender fingers stroked it gently and then he smiled."Yes, I'm sick, so I asked Auntie LAN to take care of you for a few days."

He Huan continued to stare at him, and only spoke after a while, " I've recovered from my illness. Qin mo, you're the one who's sick now.

He revealed a “so?” expression. .

He Huan’s little face showed a little pride. “I can take care of you too!”

Qin mo replied with an ‘Oh’ and was a little amused. “What can you do?”

“i can learn.” She said with confidence.

Qin mo merely smiled.

He Huan bit her lip and walked over. She took his phone and placed it in his palm.”Why don’t you make the call?”

he, huh? what phone call? ”

“tell auntie lan not to come over.” He Huan’s eyes sparkled.”You have me to take care of you!”

“Remove the word” take care,”and say it again.” his voice was slightly hoarse.

he huan was dumbfounded. ” you have me now. ”

after saying that, she realized that he meant something different and glared at him. ” “you’re taking advantage of me,”

Qin mo smiled. we’re husband and wife. Isn’t it normal for you to say such things? ”

he huan bit her lip and pointed at her phone. ” “go ahead.”

Qin mo looked at her silently. I really did hit you. You have to take responsibility.

Although, although he knew that he was taking advantage of her again, he Huan still acquiesced and nodded with a red face.

Qin mo sighed in his heart. He knew that she was unreliable, but he was still willing to give her a chance. It was also a chance for himself. It was not convenient to have one more person at home. At most, he would ask someone to send food over. He Huan should be able to do other things.

As she thought about it, she made the call again.

auntie lan didn't feel anything, but qin mo's parents knew about qin mo's illness and he huan's injury. only now did qin chen dare to mention it, so he had to come over to take a look.

Qin mo didn't know that. After hanging up, he looked at he Huan. "have your breakfast. i'm going to have a video conference."

"Let's eat together," he Huan stopped him.

"It's a very important meeting." He looked at her, amused.

"That's not as important as your health." He Huan mumbled softly. She probably thought that it would be too emotional, so she added, "If you can't take it, what about me? who's going to take care of me?"

Chapter 4672: i can take care of you 2

qin mo laughed and pinched her. " "You're really an exquisite self-centered person."

"You don't have to add any adjectives," he Huan snorted.

As she said this, she thought for a moment and looked at him again. "are you going to have breakfast or the meeting?"

"let's eat breakfast," said president qin, who had a strong desire to live.

He xiaohuan nodded in satisfaction. that's more like it.

she led the way to the dining room. qin mo followed her and pulled her hair."You're like a little adult."

...

he huan looked at him and said gloomily, " "I'm 33 years old."

Qin mo smiled and said meaningfully, " "aren't you 18?"

He Huan sat down. there's no point in me thinking about it. Look at this face. Which part of it looks like an 18-year-old? I even saw fine wrinkles in the mirror today.

Qin mo also sat down and laughed when he heard her. "That's nothing to you."

as he spoke, he really looked at her face. actually, he huan really looked young. she looked to be around 22 or 23 years old, not at all like she was 33 years old.

Of course, women always paid special attention to their looks and had higher requirements.

Especially with he xiaohuan's exquisite self-interest, if she wasn't beautiful anymore, Qin mo probably wouldn't want her anymore!

He could have a lot of young girls like this.

the more he xiaohuan thought about it, the more she felt threatened. she felt that she had to take care of qin mo when he was sick!

Thinking of this, he became even more attentive, spreading the jam bread and serving the milk.

qin mo held the milk in his hand and smiled. " i just took my medicine. i can't drink milk, right? "

He Huan looked at him, then quickly went to pour a glass of water for him. is this okay? ”

Qin mo still had a smile on his face. He drank half a cup and started eating breakfast.

at that moment, it was already 11 o ‘clock. KING entertainment’s higher-ups, and even the higher-ups from overseas, had stayed up late to wait for qin mo.

Qin mo was having breakfast with his little wife.

well, there wasn’t much time, just half an hour, but the higher-ups were all sweating. they didn’t know who president qin was angry with, maybe it was them.

It was so scary.

qin mo ate something and felt better. just as he was about to head to the meeting, he huan pressed him down again. ” i’ll take your temperature again. ”

President Qin could only continue to sit there and watch as he Huan ran around to get a thermometer. She stuffed it under his armpit and rolled it up and down without hesitation.

“He Huan, why do I feel like you’re making a house?” Qin mo said helplessly.

He Huan opened her big, watery eyes and looked at him.”Don’t talk.”

Qin mo laughed even more in his heart. what will happen if I speak? ”

“It’s not accurate to speak.” Her voice was soft, as if she was afraid of disturbing the thermometer.

Suddenly, Qin Mo’s heart felt sour and bitter. He called he Huan a little fool. Then, he ignored the thermometer and hugged he Huan in his arms.

He Huan was a little confused, and her face was almost deformed. She asked in a very, very soft voice, ” “qin mo, what’s wrong?”

there was an indescribable feeling in his voice. he said in a low voice, ” “how can there be an idiot like you!”

” oh, ” he huan replied. then, her small face became even more distorted. it was difficult for her to breathe, and her small face was also a little red. she could not take it anymore. she raised her small fist and pounded on his shoulder. ” qin mo, let go of me! ”

Chapter 4673: I can take care of you too (3)

he lowered his head to take a look, then laughed and put her down without saying anything.

He took out the thermometer and looked at it. Fortunately, it was already 39 degrees, which had dropped a little.

“much better, i’m going to the meeting.” he put it aside.

“but it’s 39 degrees,” he huan disagreed.

Qin mo pinched her little nose. “Mrs. Qin, I have to take care of my family.”

As he spoke, he brought her into the study. you can sit at the side. If you feel that something is wrong, you can stop it.

...

He Huan could accept that. She nodded and sat on the sofa behind him, playing a game on her phone.

qin mo turned on a video call and did not avoid the fact that there were people in his study room. hence, the entire high-level meeting was absent-minded ...

President Qin brought his wife to a meeting, and he was very happy to see his wife playing games.

They wanted to play too, and they wanted to throw away their computers too, Yingluo.

However, he had no choice. When he saw boss Qin's elite face, he felt that he had to work harder.

qin mo was in the middle of the meeting when the doorbell rang.

He Huan was playing her game and didn't hear it. Qin mo, on the other hand, heard it and turned his head."Huanhuan, open the door."

The hearts of the higher-ups on the other end of the video call swayed-

Huanhuan!

The entire group instantly cringed.

He Huan calmly put down her phone and ran to open the door.

when the door opened, she was stunned for a moment before affectionately calling out to mrs. qin and mr. qin.

At the door were Qin Anlan and ye Liangqiu, who were worried about their son and daughter-in-law. When they heard how they were addressed, their hearts were filled with mixed feelings.

Although Qin Chen had told her about he Huan, she still felt a little emotional when she saw him in person.

Especially ye Liangqiu. Ever since su Yiliu's incident, her relationship with he Huan was no longer the same as before, no matter how hard she tried to mend it. Now that she had called her mother su, her eyes were filled with tears.

perhaps, the heavens had taken pity on him and allowed him to start over.

Ye Liangqiu grunted and held he Huan's hand as she said to Qin Anlan, "i'm going to visit your workaholic son. i'm going to chat with huanhuan."

In his ecstasy, he even abandoned his son.

qin anlan rubbed his nose helplessly. his wife was also very emotional.

he walked to the study, and ye liangqiu and he huan went to the sofa. he huan only remembered things that happened before she was 18 years old, so she was very friendly and lively.

Ye Liangqiu also had daughters, but now that they were all grown up, Qin Mu was a little bored and wasn't by her side. Qin Chen was even more manly than men, unlike he Huan, who was so cute.

Ye Liangqiu had doted on he Huan ever since she was young. Other than loving the house, it was also because of su Cheng. As women got older, they would have to worry about their children.

When they were young, ye Liangqiu owed su Cheng a lot, so all of this was reflected in he Huan. He Huan looked very much like su Cheng when she was young, small but with a personality.

ye liangqiu was willing to give her everything she had. other than yi huan, she had not had anyone else to dote on for a long time. after chatting for a while, she decided to take he huan out for a walk.

"You have to ask Qin mo," he Huan said slowly.

ye liangqiu chuckled. "you can't even make that decision? "

Then, he thought of how he Huan's mental age was 18 years old. She must have been completely under Qin Mo's control.

Chapter 4674: I can also take care of you (4)

On one hand, ye Liangqiu hated he Huan for not being able to compete, but on the other hand, she felt that he Huan's actions were even more lovable.

he had to go buy, buy, buy for her, so that he could live up to this love.

Women are impulsive. Ye Liangqiu thought of this and immediately went to Qin Mo's study.

Because of Qin Anlan's arrival, the meeting had to be interrupted. Fortunately, what should be discussed had been discussed.

at that moment, qin mo and qin anlan were sitting on the sofa and conversing with each other. their expressions were relaxed as if he was not sick and he huan did not lose her memory and return to being 18 years old.

Everything was so good, quiet and beautiful.

...

ye liangqiu suddenly felt that this was a gift from the heavens.

it was to return qin mo his original love.

She stood by the door and smiled. you guys chat. I'll take he Huan out for a walk. She's been in the hospital for a few days. She must be bored. Besides, this is the age where people like to go out."

Qin Mo's gaze fell on his mother's face with some curiosity. He seemed to have understood something and smiled, " "alright, remember to bring two people with you."

Ye Liangqiu grunted and left.

As for Qin mo, he picked up the tea in his hand and sipped it gently, as if he was deep in thought.

Suddenly, a small head popped out from the door and said in a crisp voice, " "Qin mo, I'm going out."

“Didn’t you say you were going to take care of me?” he looked at her, amused.

“daddy qin is here.” he huan made a face.

qin mo frowned and was about to correct her, but after thinking about it, his brows relaxed. he did not say anything and just stood up to take out a black gold card from the drawer and placed it in her palm.”Swipe your own card.”

Oh, ” he Huan replied. She felt as if she was being raised by someone else. In fact, since she was young, Qin mo had paid for most of her expenses. She did not feel that there was anything wrong with this, but she still had to ask, ” “how many are there in there?”

If it wasn’t enough, he would lose face.

Qin mo chuckled. you can spend as much as you want within 100 million. If you exceed that, call Secretary he. She will help you settle it.

100 million?

“I’m not buying a helicopter,” he Huan muttered.

qin mo laughed and then said casually, ” ” it’s my birthday in a month. can you buy me a present? i don’t care how expensive it is. ”

“40?” he huan blurted out.

Qin mo just glared at her and did not say anything for a long time.

He Huan smiled. 40 isn’t something to be embarrassed about.

“He Huan, you can be even more detestable.” Qin mo gritted his teeth.

he huan stuck out her tongue and did not say anything else.

qin mo patted her little head. ” eat well outside. i’ll make you a good meal when you come back tonight. ”

his words warmed he huan’s heart. she asked softly, ” “i’ll cook for you when i come back.”

“You’re such a good person!” He laughed.

“yup!” she looked up at him, a little dazed.

Qin mo didn’t say anything. After a while, she said, ” “i’m leaving.”

qin mo rubbed her like a puppy.

as for the two elders present, they were forced to show off their affection. however, it was still the same sentence. perhaps this was the arrangement of god.

He Huan still followed ye Liangqiu out of the house. She was so happy that she kept calling her mother Qin. She was even closer to her than her own mother (laughing like a pig).

The most tragic thing was that after shopping in the morning, he really did meet he Huan’s mother during lunch.

su cheng!

Chapter 4675: I can also take care of you (5)

su cheng still didn’t know about he huan’s memory loss. she only knew that he huan was injured. it just so happened that she wasn’t in B city these few days, so she came back and met him.

she wanted to go forward immediately, but she heard he huan call mrs. qin.

su cheng felt that something was not right. he huan and qin mo were married. even if they called qin mo ” mother qin ” because of emotional issues, how could they be so intimate?

su cheng was only one table away from where they were having their meal. after listening quietly for a while, she finally noticed that something was wrong. he huan's expression and tone were both strange.

She didn't look like an adult at all. She was talking about girly things and was clearly a young girl, and ye Liangqiu doted on her very much.

It was a good thing for a daughter to be doted on by her mother-in-law, but su Cheng did not think it was a good thing for her to be doted on to such an extent.

...

why? even the old mother couldn't help but walk over and sit down.

When she arrived, he Huan was stunned for a moment and did not react in time.

ye liangqiu, on the other hand, immediately understood what was going on. seeing su cheng's expression, she could guess what was going on, so she didn't hide anything. " su cheng, he huan doesn't remember what happened after she was 18. "

su cheng was stunned.

Although she had felt that it was a little strange before, she didn't expect it to be like this.

"What's going on?" she asked in a low voice after a while.

Ye Liangqiu sighed. I think it was done by a fanatical fan. Qin mo didn't take responsibility for this. Don't worry, we'll take good care of Huanhuan.

su cheng was still in a daze and only came back to her senses after a long time. then she mumbled, " "If she's 18, she's not married yet. I should be the one taking care of her."

Ah?

ye liangqiu never expected su cheng to think like this. this memory stopped at the age of 18, but he huan and qin mo were married!

if su cheng really brought it back, what would happen to qin mo?

Her son was already 40 years old, but he was still eagerly waiting for his birthday present. Now that he was taken away, ye Liangqiu couldn't explain it to him.

of course, ye liangqiu didn't want to do it, but su cheng was very insistent on it.

it was actually very simple. as a mother, she thought about her 18-year-old daughter's mentality. she thought about how much she would suffer if she was alone with a 40-year-old man like qin mo. just thinking about it was enough. thus, she also became very strong.

He Huan was a little confused. In fact, she had spent more time with the Qin family before she turned 18, so she was closer to ye Liangqiu.

Su Cheng's insistence made he Huan feel a little scared, and her body shrank toward ye Liangqiu.

A small hand gently tugged on ye Liangqiu's sleeve.

ye liangqiu was a veteran, so he knew what the girl was thinking. he patted the back of her hand to comfort her, then looked up at su cheng and said, "the two children are getting along very well. Qin mo has been taking care of them for the past few days. They have also grown up together. What else do you have to worry about?"

Su Cheng laughed, but there was a hint of sarcasm in her smile. She was not a mean person, and she and ye Liangqiu had gone through many hardships together. However, su Cheng could not let go of all the things that had happened before.

compared to qin mo, he huan was too weak. this was a patriarchal society. no matter how great a director he huan was, in the end, the life and death of the he family would still be in qin mo's hands.

therefore, su cheng was extremely worried.

Chapter 4676: i can also take care of you (6)

the two sides were in a deadlock. in the end, ye liangqiu gave qin mo a call and made an appointment with him at a club to have a good talk.

at this moment, su cheng wanted to see qin mo.

On the other side, even if boss Qin's temperature was 39 degrees, even if he was busy with work, he still had to rush to this appointment.

An hour later, Qin mo came alone to Yilan club's private room. After all, su Cheng was alone, and he did not want to get a picture of the Qin family.

He opened the door and saw a room. Ye Liangqiu was greeting he Huan and su Cheng. It was a little hard being the host, but su Cheng couldn't be blamed. Qin mo was too cruel.

Qin mo went in and greeted su Cheng and his mother. Then, he sat beside he Huan and patted her head without saying anything.

...

Su Cheng exploded in anger. How was this any different from treating a pet?

however, she couldn't do anything about it, because there was a little girl who was still very obedient without any backbone.

Su Cheng complained in her heart, you don't have any backbone.

he huan looked at qin mo anxiously.

to her, qin mo was like an old bird, and she was a little bird. living with him was very safe, and she didn't want to change.

or perhaps, she instinctively wanted a sense of security.

qin mo respectfully poured a cup of tea for su cheng and told her everything about he huan's injury and her future recovery. qin chen would be in charge of all this. he said a lot of things.

Su Cheng's mind slowly came back to her. Although she was at a slight disadvantage now, if he Huan could not remember in the future, then Qin mo would be better.

After an hour, su Cheng gave up and sighed. "it's better to follow qin mo!"

all the helplessness he felt was for the sake of his daughter's future, even if there was a possibility.

Also, he Huan looked very happy. As her mother, how could she bear to ruin her little happiness?

It might be a good thing that she had forgotten.

after that, they had a meal together and KIME came to pick su cheng up. when they got home, the couple would naturally talk about this matter.

he huan followed qin mo back, while ye liangqiu and qin anlan returned to the cool garden.

once they returned to the apartment, qin mo's temperature rose. it was very hot, reaching 40 degrees celsius. his stomach acted up again. he knew that he had to go to the hospital and might have to undergo surgery, but he didn't want to scare her. thus, he took his medicine and went to bed early. this time, he huan obediently leaned against him and didn't cause trouble or make a scene with him. she was afraid that he would die.

Qin mo woke up in the middle of the night.

He was woken up by pain. His forehead was covered in bean-sized sweat, and his stomach felt like it was on fire.

he closed his eyes to calm himself down, then quietly got up. he didn't dare to wake he huan up. he went to find his medicine and took it. then he went outside to call qin chen to ask him to come over.

Qin Chen was sleeping, but he was dug out again in the middle of the night.

she wanted to scold him but she had no choice. qin mo was her second brother.

qin chen woke up very quickly and drove back to the hospital. she knew qin mo's body very well.

by the time she reached qin mo's apartment, it was already an hour later.

in the study, she gave him a painkiller and sneered, "i thought you weren't afraid of pain, but you actually took the initiative to ask for painkiller injections."

"why are you talking so much nonsense?" qin mo glanced at her.

Chapter 4677: i can also take care of you vii

qin chen couldn't help but roll his eyes. "i know. he huan is your precious little baby. is that enough?"

She thought that Qin mo wouldn't admit it. Qin mo liked to be someone who didn't like to talk. He was quite a reserved man.

However, at this moment, he felt much more comfortable after he had endured the pain. He leaned back on the sofa in a relaxed manner and said in a low voice, "isn't she the little darling now?"

Qin Chen couldn't take it anymore. Qin mo, can't you keep a low profile?"

Qin mo smiled meaningfully. my wife doesn't need to keep a low profile!

qin chen smiled. " he huan has become smaller. second brother, you've also returned to your prime. "

...

Qin mo looked at her and snorted. He then closed his eyes gently. " give me another shot. i don't need to come tomorrow. "

Qin Chen was speechless. you can't do that. You don't even need these painkiller needles, and you still want to use them two in a row. Are you trying to damage your nerves? "

as she spoke, she took out a box of medicine. " be good and take your medicine. you should be fine once your fever subsides. "

"you should go to the hospital for treatment," she sighed again.

qin mo only closed his eyes and waved his hand."Take care, I won't send you off."

Qin Chen kicked him in anger,"how can you do this?" you're burning the bridge after crossing it. "

although she was angry, she still cared about him. she stretched out her hand and laid him flat, then whispered, " " i should be fine after a good sleep. i won't be going back today. "

qin mo also felt much more comfortable and closed his eyes."You can sleep in the guest room."

qin chen smiled. " i'll just go to bed with he huan. "

The older brother immediately opened his eyes and frowned.

"we're both women, so what's the matter?" qin chen said deliberately.

qin mo looked his sister up and down. she had neat short hair, good-looking features, a black shirt and black pants, and a casual jacket. she was even more handsome than a man.

Qin mo did not want to imagine the scene of his 'little sister' lying together with his wife. He could not accept it just thinking about it, so he got up."I'm going back to my room to sleep. You can sleep here. I'm still warm."

Qin Chen hugged the blanket in disgust. I worked hard to come here, so I'm sleeping here? "

qin mo put on a fake smile and asked her, " "Why else would you sleep with he Huan in this state? i can even catch an adulterer in that scene, a guy who seduced second sister-in-law."

Qin Chen was speechless. He laid down. you're too petty. It's not like I didn't sleep with he Huan when I was young.

Qin mo glared at her. don't even think about it now.

she went out and returned to the master bedroom.

He Huan was still sleeping, the fragrant kind.

qin mo laughed silently and helplessly.

He was really a little pig to be able to sleep so soundly even in this state.

He lay down and turned his head to look at her after a while.

he huan probably felt the heat from his body. she leaned over and even called his name.

Instantly, Qin Mo's heart was soothed and there was an indescribable feeling in his heart.

He kissed her and said in a hoarse voice,"good night." &Nbsp;

He Huan did not know anything. She was still in her sweet dream.

It was a dream that belonged to an 18-year-old.

When the sun rose, she woke up and saw Qin Mo's Black shirt. She wrinkled her nose. Qin mo, why didn't you change into your pajamas to sleep? "

her little nose sniffed like a puppy, then she whispered, " "you still smell like medicine."

qin mo smiled and was about to say something when qin chen leaned against the door of the master bedroom. " "Good Morning, my darling!"

Chapter 4678: I'm not good-looking?

when he huan heard the sound, she looked up from qin mo's arms and saw qin chen in a black shirt. he was holding a cup of coffee and leaning against the door.

Her long legs made her look like she was about to have a nosebleed, and her slightly messy short hair made her look like she was in a daze.

if she didn't know that qin chen was a woman, he huan would have fallen for her immediately.

However, he Huan also had her own plans.

She didn't immediately fall in love with Qin mo, but she was stunned by Qin Chen, which meant that Qin Chen was more handsome than Qin mo.

Just the thought of it made her look at Qin mo with some resentment.

...

qin mo had never been kind to second sister-in-law gou's younger sister. he stood up, walked over, and kicked the door shut without any expression on his face. then, he turned around and crossed his arms in front of him. he said to his silly wife, " "Qin Chen is a woman. No matter how handsome he is, he's still a woman. He can't give you happiness."

He Huan was sitting on the bed. She was small and looked quite cute.

She blinked her eyes, looking adorable. “It’s good to take a look!”

after she finished speaking, she saw qin mo’s expression change. his dark eyes were dyed with something that no one knew.

her eyes were very bright, as if she was doing something bad.

He Huan was so inexperienced that she did not understand. She could only stare at him, her body moving unnaturally.

She wanted to escape, but Qin mo wouldn’t allow it. He pressed her head down with one hand.

They were too close to each other, and he Huan felt very uncomfortable. She moved her head in his hand.

qin mo stopped her and asked in a low voice, ” “i’m not good-looking, huh?”

He Huan was shocked and stuttered, ” “it’s nice.”

“Then, why are you looking at Qin Chen? she’s better looking than me.” His handsome face was getting closer and closer, as if he wanted her to see it more clearly.

he huan’s eyes widened, and she bit her lip, not knowing what to do.

Qin mo narrowed his eyes. speak.

“it’s equally good.” He xiaohuan had learned her lesson and forced out a fake smile.

president qin wasn’t satisfied. instead, he pinched her little chin and continued to interrogate her. “am i good-looking, or is qin chen good-looking? or maybe we can add rong yue.”

in fact, it was easier to choose three people. at least, they would not offend people.

He Huan was a little sneaky. She stared at him for a long time before slowly opening her mouth. "qin chen is the best looking, followed by you, and finally rong yue."

after she finished speaking, she looked at qin mo carefully.

Qin mo laughed. you're not stupid.

he huan heaved a sigh of relief and said, "i just don't know if i'm being honest."

"of course it's true," he huan immediately said, "it's definitely true. i don't lie."

qin mo's expression became much happier. in fact, this kind of mentality was not difficult to understand. his imaginary enemy had always been rong yue. how could he care about his sister at this time?

after he huan passed the test, she immediately jumped off the bed and ran to the bathroom.

as she brushed her teeth, she recalled qin chen's appearance with a flushed face. in fact, qin chen was the most beautiful. it was good to see a woman.

He Huan continued to brush her teeth. As she did so, she suddenly remembered something.

She raised her eyes and looked at the mirror for a few seconds. Then, before she could even wash the foam off her mouth, she opened the door and said to Qin mo, who was outside, "why did qin chen come?"

it was a little weird to be wearing a shirt and drinking coffee so early in the morning.

Qin mo was tying his tie. When he heard her voice, he turned around and said, "I came over at night."

He Huan roughly guessed it. She brushed her toothbrush fiercely a few times, then asked with her mouth full of foam, ” “Qin mo, did you fall sick last night?”

qin mo did not deny it nor say anything. he just looked at her quietly.

He Huan’s reaction was very strange. She fiercely brushed her teeth twice and then went to the bathroom to wash her mouth clean.

after that, when she came out again, she threw herself into qin mo’s arms.

It was like two ribs embedded in his chest.

it was a little painful, but this kind of pain was warm, and it transformed into a little one that stayed in his arms safely.

Qin mo lowered his head and looked at her. His voice was gentle.”What’s wrong?”

he huan hugged him and buried her face in his arms. she asked him gloomily, ” “Why didn’t you tell me you were sick?”

qin mo smiled gently. ” you’re not a doctor. ”

This didn’t sound wrong, but it was also wrong.

He Huan was not a fool. She bit her lower lip.”But I have to take care of you.”

“it’s fine with qin chen.” he lowered his head. ” besides, you’ve just recovered. you need to rest, don’t you? ”

He Huan always felt that there was something wrong with his words. Later, she found out that it was because in his heart, she had always been the one being taken care of. She did not need to participate in his matters. He treated her like a child.

After that, she slowly became dissatisfied with his attitude towards children. however, he huan still enjoyed the feeling of being doted on. she didn't think that qin mo's attitude was bad.

She nodded slowly, then raised her little head. then you should be better now, right? ”

Qin mo nodded and continued to tie his tie as he said, ” “I have to go to the office in a bit. You stay at home, I'll let Qin Chen accompany you. She's only starting work in the afternoon.”

He Huan followed behind him eagerly. does Qin Chen know how to cook? ”

Who knew, when the door opened, Qin Chen was leaning against the door, raising his glass at he Huan and even blinking. “I'll give public opinion.”

qin mo rolled his eyes at his sister's humor. he then said to he huan, ” “Her cooking skills are comparable to a Michelin chef.”

he huan's eyes sparkled,'can't she change her husband?

qin chen smiled again and placed the coffee cup in he huan's hand. ” the coffee I brew is also top-notch. Do you want to try it? ”

she had already prepared breakfast. qin mo walked over and said calmly, ” “Her health is not good. Besides, Yingluo ...”

His gaze quietly fell on his sister's face, and after a long time, he said in a hoarse voice, ” “don't give her coffee.”

Qin Chen just smiled and didn't say anything else.

He Huan stared at them and felt that they were a little strange.

qin chen patted her and sat down. ” have breakfast. i'll accompany you in the morning. second brother should be back in the afternoon. ”

after she finished speaking, she looked at qin mo thoughtfully.

“I’m fine,” Qin mo laughed.

he huan looked at this and then at that, wanting to ask but not daring to.

now, she was living in the world of two adults. to others, she was just a little kid.

all of a sudden, she missed it. would she be on the same level as qin mo if she became a director?

of course, this was just her wishful thinking. before she lost her memory, he huan was still covered in dust.

Qin mo was really busy. He left after breakfast and Qin Chen accompanied him.

She looked up and saw he Huan stuffing bread into her mouth while looking out of the window.

Chapter 4679: I’m not good looking? 2

She looked up and saw he Huan stuffing bread into her mouth while looking out of the window.

qin chen was amused. he took a sip of coffee and asked casually, ” “He Huan, do you still like Rong Yue?”

he huan came back to her senses and stared at qin chen for a while before stammering, ” “Why do you ask?”

Qin Chen smiled. you liked Rong Yue until you were 24 years old. Then, you slowly fell in love with Qin mo again.

“Actually, think about it now. Do you like Rong Yue or Qin mo?” she suddenly asked.

she added, " i think you've always liked qin mo. don't they look alike? when you were 16, you even secretly told qin mu that you would marry qin mo when you grew up. "

...

he huan still remembered this embarrassing incident.

Her face was burning hot, and she almost didn't dare to recall that she had said such painful words in the past.

Qin Chen saw that she was embarrassed, so he smiled even more.

She loved to tease young girls, and it was he Huan, who she had always taken a liking to.

qin chen was very fond of he huan's looks. she was a pretty girl, and it was very fun to tease her.

Especially since the other party was his second sister-in-law. Qin Chen was an expert at seducing his second sister-in-law.

Therefore, Qin Chen said a lot of things, all about he Huan's adult scandals, and he Huan wanted to find a hole to hide in.

Qin Chen was finally satisfied. He smiled and let her go.

after breakfast, the two of them lay on the sofa and watched tv together. they were not serious people and just watched tv casually. after that, second sister-in-law's son even pulled he huan into his arms.

he xiaohuan did not refuse!

There were surveillance cameras in the house. After the meeting, President Qin came back and was furious.

When he returned to the apartment, his younger sister and second sister-in-law were lying on the sofa together. The two of them smelled so good together.

qin mo was speechless. he felt like he had arrived at a large-scale scene of an adulterer.

However, even though she was angry, Qin Chen was a woman.

qin chen was chased away by his brother, and he didn't even leave lunch for him. he kicked him out without mercy.

After cleaning up the house, he looked at the little guy, who had just woken up from a good sleep and even stretched.

qin mo's expression did not look good. "you're awake?"

He Huan grunted in agreement, looking confused.

She rubbed her eyes and asked Qin mo, "Where did Qin Chen go?"

qin mo didn't say anything and just looked at her quietly.

He Huan didn't know why, but she suddenly understood.

she stammered and explained, "it's not what you're thinking,"

Qin mo gritted his teeth. of course there's no problem with my sister's sexual orientation. As for you, I can't guarantee it.

He Huan exploded in anger. of course, I have no problem with that too.

"prove it to me." Qin Mo's voice was emotionless, and so was his gaze.

he xiaohuan was stunned. when she came back to her senses, she asked him slowly and absent-mindedly, ” “How do you prove it?”

qin mo’s voice became even softer. ” it proves that you like men. it proves that you have no problem. now, kiss me. ”

Ah?

he huan had never known that there was such a thing as kissing him just to prove that there was nothing wrong with her?

She didn’t have any problems, alright?

she didn’t want to prove it. why should she prove it to him?

He was the one who was sick!

Chapter 4680: I’m not good-looking?(3)

he huan stared at him and bit her lip. ” why should i kiss you? will kissing you prove it? ”

“I can.” Qin mo said righteously and then moved closer.

He Huan looked at his handsome face, and her heart suddenly started beating wildly. She couldn’t say a word and could only stare at his lips ...

her mind was filled with only one word-kiss him.

She really kissed him.

just a moment, and he left.

...

qin mo did not deepen the kiss and let her leave. however, his eyes darkened.

he huan's heart beat faster after kissing him. she looked at him in a daze.

after a long time, she finally found her voice. " "Now I can prove it, right?"

Qin Mo's fingers gently touched his lips. His heart skipped a beat, and he laughed as he said slowly, " "save it for the future. this is far from enough."

Ah?

He Huan was in a daze.

Qin mo only smiled and put his arm around her shoulder. "Have you eaten?"

at the mention of this, he huan wrinkled her nose. " you drove qin chen away. "

"I'll make it for you." president qin gently coaxed his little wife.

he huan bit her lower lip. " you said that qin chen could do better than michelin. i've been looking forward to it the whole morning. "

She would do whatever Qin Chen wanted, and now he had chased her away.

President Qin was very distressed, but when he saw he Huan's pitiful yet expectant expression, he sighed softly. In the end, he still called his sister. Chenchen, come back for a while.

on the other side, qin chen hadn't actually left. he was leaning against the door. she understood the 18-year-old he huan all too well. she was willful and would get whatever she wanted. as for qin mo, he would probably grant her whatever she wanted.

Therefore, she wasn't surprised at all when the phone rang. She hung up the phone and knocked on the door.

He Huan was disappointed at first. She looked at Qin mo with eyes full of disappointment, but when she heard the knock on the door, she immediately ran over. When she opened the door, she saw Qin Chen's good-looking face.

He Huan immediately hugged her arm. "So you didn't leave."

Qin Chen laughed and pinched her face. "I'm leaving. someone will probably drag me out of the operating room even if they chase me to the hospital and make a meal for a young lady."

he huan's face suddenly turned red. she bit her lip for a long time before she said, "I don't really need to eat it."

qin chen only smiled meaningfully, then looked at his brother.

Qin mo was extremely calm. I'm going to the study room.

Qin Chen snorted and picked he Huan up. "Go and watch me cook."

He Huan followed them in a daze. Later, in the kitchen, he xiaohuan kept exclaiming in surprise.

Waa!

Waa!

wahhhhh!

qin mo walked out of the study room with an impatient look on his face. "The kitchen isn't a circus. Qin Chen, you can just cook, you don't need to waste your time."

before he could finish his sentence, qin mo's eyes widened.

Qin Chen smiled very indifferently. today, I'm making Palace dishes from the Qing Dynasty. Qin mo, I don't think you like these kinds of gaudy things.

qin mo's gaze landed on that side for a long time before he coughed lightly. " "Sometimes, you can just make do with it."

Qin Chen smiled and didn't say anything else.

the knife she used was specially made, and the cut was as thin as snowflakes. the various fruits were beautifully carved like works of art. he huan was still making a little idiot's wailing sound, but qin mo was too lazy to correct her.
