

Thank you 4701

Chapter 4701: I'm not afraid of you (5)

in the end, they still slept together in the master bedroom.

he huan felt that something was wrong, but she couldn't tell what it was.

in the quiet night, yi huan was still awake in qin mo's villa.

little yi huan sat at the door, looking at the fine snow outside and sighing.

At that moment, it was already past ten O'clock at night. Shen ting came over and squatted down beside her. "Still not sleeping?"

yi huan glanced at him, then looked at the fine snow floating in the dark night, and sighed, " "daddy said he'll bring mommy back, but he's not coming back. he hasn't seen mommy for so many days. brother shen ting, do you think daddy wants to have mommy all to himself? "

...

the more the little fellow thought about it, the more likely it was.

Her father had a criminal record.

Just thinking about this possibility made Qin yihuan angry.

She supported her chin with her small hand and looked at the night sky. After a long time, she said in a low voice, " "Does mom not recognize me anymore?"

she had heard it from grandma lan.

Shen ting simply sat down beside her. He tilted his head and smiled, ” “Auntie has just become a little fairy.”

“The kind that can fly away?” “Will you go to heaven?” Yi Huan asked softly.

shen ting laughed, ” i won’t. ” It’s just that Yingluo ”

he thought for a while before slowly saying, ” I just forgot what happened after that. For example, I forgot that I was married, I forgot that I had a lover, and I forgot my existence.

He placed his palm on little yihuan’s head and said in a gentle voice, ” ” she just forgot it by accident. if she had a choice, i don’t think she would choose to remember it. yihuan, forgetting is even more painful for her because the world has changed. it is no longer the world in her memory. she needs to re-understand the world. she needs to know uncle qin, know you, and know me, right? ”

Yi Huan looked at him.

” not only does she have to know us, but she also has to know the world, ” shen ting said in a warm voice. ” is it very hard for her? ”

Yi Huan wavered. She looked at Shen ting. is it hard? ”

Shen ting firmly said that it was tough. In fact, he Huan was sleeping soundly in Qin Mo’s arms.

furthermore, qin mo did not ask her to know the world and he huan did not plan to know the world herself. she only needed to know qin mo and she would be able to have the world. it did not even matter if yi huan and shen ting knew each other.

However, Yi Huan was still waiting and struggling. She had no idea that her father was going to take her mother for himself.

the kind that didn’t want to have a single mouthful left.

It was late at night. Even though the villa was equipped with heating, the spring night was still very cold.

Yi Huan was still waiting, and Shen ting couldn't bear to see her like this. He lowered his voice and said, "Alright, time to sleep."

"brother shen ting, will mom come tomorrow?" she asked happily.

Shen ting looked at her expression and knew that the little girl really missed he Huan. So, he gently touched her shoulder and smiled, "i'll give auntie a call tomorrow, okay?"

"Will mommy come?" Yi Huan asked as she stared at him.

shen ting smiled. "she should also want to see you. it's just that something happened today. am i right?"

"oh," yi huan replied. she got up and stretched out her hand."Big brother, carry me."

Shen ting smiled. Yihuan was still young. She liked to think about the South at night, but she still relied on him.

She actually didn't know what "like" meant.

But he couldn't refuse. He bent down and picked her up, then walked up the stairs gently.

Chapter 4702: i'm not afraid of you (6)

Shen ting took care of her and let her sleep. He sat by the bed and read a book, waiting for yihuan to fall asleep.

Yi Huan rested her head on the pillow and said in a soft voice, "Big brother, tell me a story."

Shen ting smiled and closed the book in his hand. He then gently told Yi Huan a few stories.

and the little guy slowly fell asleep.

in the middle of the night, her porcelain-white face was quiet and beautiful.

shen ting looked at her quietly. he hesitated for a moment, but he still reached out and gently placed his hand on yi huan's head.

...

She was too young and carefree.

probably feeling the warmth of his palm, yi huan automatically moved closer to him, like a kitten.

Shen ting faintly smiled.

the night grew deeper.

He was supposed to sleep at this time, but he didn't want to sleep at all. He just read a book at the head of her bed and watched over her quietly until one in the morning, when he had no choice but to sleep.

shen ting had fallen asleep.

xiao xiao was lying on the bed beside yi huan.

On the other side of the city, ye xiangnan was in a single room in the school. He sat in front of the computer desk with the screen on. His slender fingers tapped on the screen while he checked the information on the side.

He didn't finish it until two in the morning. He stretched and drank half a cup of cold coffee.

He was already used to this kind of high-tension study life. The only thing he was not used to was being alone.

As for Qin yihuan, Shen ting was taking care of her.

there was something hidden in ye xiangnan's eyes. he turned off the computer and lay on the bed.

He wasn't afraid of being lonely, but he missed that little fellow a little.

ye xiangnan's slender body suddenly sat up. he looked outside silently, then got up and walked out. he pushed the door open. it was very cold outside, and it was snowing.

Ye xiangnan climbed over the wall and took a taxi to the Qin family's Villa.

It was also the place where Shen ting and Qin yihuan lived together. Ye xiangnan had also climbed over the wall to enter. Of course, there was a sophisticated security system here, but he would avoid it after coming and going many times.

after he entered, he opened the door with his palm print and went upstairs silently and elegantly to yi huan's bedroom.

it was already late at night, but the lights were on.

Ye xiangnan pushed the door open a little, but he didn't go in.

because there was someone else inside.

Yi Huan was sleeping soundly. Shen ting was sitting on the single sofa beside the bed, his head leaning against the pillow. He was only five centimeters away from Yi Huan's small face, and their breathing was even in sync.

Ye xiangnan watched quietly from the outside. He wondered if it would be like this every day, when they were together all the time, day and night.

he knew that he cared about it and was calculative, but he couldn't afford to.

if this was an arrangement, then it was a bet. he, ye xiangnan, couldn't afford to lose, so he could only endure.

He told himself that everything would be over if he rushed in. He was destined to be out for bargaining into the Qin family at night.

So, no matter how uncomfortable he felt, no matter how much he cared, ye xiangnan still left.

the slender and thin figure left the villa. ye xiangnan smoked for the first time.

It was because of depression, longing, or frustration.

Of course, when ye mu Bai found out that he was smoking, he did not say anything. He only patted his son's shoulder. "I was younger than you at that time, so it's normal for me to be depressed. It'll be fine as long as I don't get addicted."

Even if he was addicted, he would have to wait until after he took over the company.

Chapter 4703: i'm not afraid of you (7)

In the morning, Shen ting woke up first and he looked at Yi Huan.

yi huan was still sleeping. her small face was tilted on the pillow, and saliva was dripping from the corner of her mouth.

that look was indescribably funny and cute.

shen ting couldn't help but smile. he reached out to wipe her saliva away and looked at her silently for a while. then, he got up and went downstairs to make breakfast for yi huan. he would make Italy. she would like it.

As soon as she went downstairs, the villa's security guard came over with a troubled expression.
"young master shen ting."

Shen ting wasn't used to being called that, but he also knew that this was the Qin family's rule, so he nodded, " "what's the matter, uncle li?"

...

Uncle li scratched his head. there's something I need to ask. Something happened in the villa last night.

Shen ting walked towards the kitchen and said, " "Is it important?"

"it's not important, but it's very important. i just wanted to let young master shen ting know first and let you decide whether to tell mr. qin about this." uncle li was very smooth and slick.

Everyone who worked in this villa knew who would be in charge of the Qin family in the future.

now that miss yihuan was under young master shen ting's control, anyone with a good eye would know that young master shen ting's opinion was also very important. he was definitely not an idle person raised by mr. qin.

moreover, after a few days of observation, he was a very outstanding young man. he was also very smart. miss yihuan also listened to him very much. the most rare thing was that he treated the people under him very well. young master shen ting was very kind, but he also had a natural dignity that made people not dare to act rashly.

uncle li had been talking for a long time, but it was as if he didn't say anything. shen ting started to make Italy and asked, " "what's the matter?"

"someone came to our villa last night," uncle li chuckled.

"A thief?" Shen ting's movements paused, and he frowned.

uncle li quickly waved his hand,"no, no, no, yingluo."

"if you have something to say, just say it. it's not like you're telling a story." Shen ting glanced at him and then continued to make the Italy.

uncle li was a little dazed by this look and had some cold sweat, so he quickly said, " " it's like this. i wanted young master nan to come over last night. "

This time, Shen ting completely stopped what he was doing. He turned off the fire and turned around, " "thinking of the south at night?"

uncle li's forehead was covered in cold sweat. " yes, it's young master ye. "

shen ting knew that he had overreacted, so he softened his expression and said, " "What time did he come?"

Uncle li coughed lightly. from the surveillance footage, it was around three in the morning. However, he left very quickly. It was less than five minutes ago.

shen ting stared at him for a long time, then he smiled faintly, " don't tell uncle about this for now. I'll change the security guards and it won't happen again!

In fact, he knew that it was unnecessary. With Ye Xiang Nan's proud personality, he must have seen Huan's bedroom and probably would not come back again.

However, he still had to put on a show to calm the hearts of his subordinates.

Uncle li couldn't be happier with his arrangement. Although he was young master ye, he wasn't family. If Mr. Qin knew, he would say that they were useless for letting a living person in the middle of the night. The security guards of the Qin family's Villa were said to not even fly in.

if mr. qin knew about this, he might fire them.

Chapter 4704: i'm not afraid of you 8

now that shen ting had said that, he was relieved. he let out a long breath and smiled, ” “then i'll have to thank you, young master shen ting. don't say that everyone says you're really kind!”

Shen ting faintly smiled and didn't say much.

he continued to make Italy. when he was done, he saw that it was still early, so he did not wake up immediately. instead, he went to the security room.

Other than uncle li, there were two other young men in the room. Both of them looked rather uneasy.

shen ting greeted them lightly and pulled up the surveillance footage from last night. he saw ye xiangnan's actions. he was wearing a pair of jeans and a black hoodie. he was very tall and thin, and he looked like an ordinary young master who wasn't very particular about his appearance.

shen ting watched quietly. he knew that with ye xiangnan's personality, if it wasn't for the fact that he couldn't take it, he wouldn't do something like climbing over the wall. moreover, shen ting was still in the villa.

...

when shen ting saw this, his face also became slightly hot. after all, he saw ye xiangnan, and ye xiangnan also saw him. his actions were also seen by his love rival.

After all, Shen ting was a young master in his teens, and he was also a little annoyed. So, even though he knew that ye xiangnan would not come again, he still personally raised the security level by a few levels.

Uncle li and the other two were stunned by his actions.

Isn't this too amazing?

Uncle li immediately raised his finger and said to the other two, "xiaotu, you guys, are you convinced by young master Shen ting now?"

Shen ting raised his eyes, "uncle li, this is my major."

Uncle Li's eyes widened. what the f * ck? I've never seen a computer in my life. Young master Shen ting, your hand is just like those wuxia movies I've seen. You can raise your hand and cut it down.

Shen ting laughed. how can you be so good at it? I'm just a little more familiar with it. In the future, you can also take some books to read.

uncle li waved his hand. "this requires talent. we don't know how to do it. we just need to work in peace."

in the past, they had thought that shen ting was chosen because of his calm personality and his good looks. but now, they realized how outstanding he was to be able to say such things.

sigh, it's just like the ancient times when choosing a prince consort, there were many levels of obstacles.

Therefore, uncle li was full of praise, and Shen ting didn't know how to praise him. Shen ting was a little embarrassed and waved his hand. "alright, uncle li. i'm going to wake yi huan up."

Uncle li remembered that not only was Master Shen ting knowledgeable, but he also knew how to take care of people. His cooking skills were also top-notch. If he were miss yihuan, he would also choose Master Shen ting.

Although young master ye is also good, he is not as considerate as young master Shen ting. The more I look at him, the more I think he is not bad, Yingluo.

When Shen ting walked out, his face was a little hot.

Actually, he should have told Qin mo about last night's incident, but he didn't.

He was not thinking about the South at night, but he had selfish motives.

Because he himself was not an open and aboveboard person.

ye xiangnan did break into the villa, but shen ting stayed in yi huan's room and did not leave. if this matter blew up, he would be even more embarrassed than ye xiangnan.

Although he didn't do anything out of the ordinary, he didn't want others to know.

He would rather protect this beautiful moment. He thought that if she grew up and chose to think of the South at night, then these nights should be even more kept a secret.

and ye xiangnan would probably mind.

Shen ting stopped. He thought to himself, he seemed to be subconsciously giving in. He thought that Yi Huan was thinking about the South.

Chapter 4705: I'm not afraid of you (9)

shen ting stayed in the dining room alone for a while before he slowly went upstairs. he took on the responsibility of a mother to wake yi huan up.

yi huan made a sound of acknowledgment. her small body was curled up, and she was holding a pillow in her hands. her small face was still buried in it.

Shen ting smiled and reached out to touch her again. "Alright, time to get up."

"The baby still wants to sleep for a while." Yi Huan's eyes opened a little and she said in a cute way.

"I made Italy today." Shen ting couldn't help but laugh.

Yi Huan's eyes opened wide like a small cow.

...

she looked at shen ting for a while and said in a childish voice, "Is it the kind that I get one bowl for myself?"

shen ting didn't know whether to laugh or cry. he nodded, "Yes, one bowl for you."

yi huan immediately sat up and started to put on her clothes.

shen ting smiled. "i'll wait for you downstairs! "

He took care of yihuan, but he did not know how to be a nanny. Although yihuan still liked to laze around in bed, she had already done many things by herself. Shen ting was very busy, but he would still teach yihuan some knowledge. In short, Qin mo was 120% at ease to hand yihuan over to Shen ting.

after shen ting finished speaking, he went downstairs.

yi huan quickly tidied herself up and jumped down the stairs, looking very happy.

she seemed to have forgotten everything that had happened last night and was full of energy again.

Shen ting sat at the dining table and looked up silently. Then, he smiled and said, "come here.

yi huan obediently sat down. shen ting pushed the Italy over and smiled, "Eat!"

as soon as he finished speaking, the little guy exclaimed and began to eat.

shen ting smiled. "eat slowly. "

Little Yi Huan raised her head and looked at Shen ting. However, she was still very fast. Brother Shen ting's food was really delicious.

After finishing a plate, although she still wanted to eat more, her stomach was a little full, and she knew that Shen ting would not make a second plate. As expected, a beautiful small glass filled with fruit juice was placed in front of her.

yi huan took it and drank it in small sips. she looked at shen ting curiously, " "brother, why don't you eat this? why do you only eat bread and drink milk every day?"

Shen ting was stunned for a moment before he smiled, " "i'm used to it!"

yi huan was still staring at him, " "brother, what do you mean by habit?"

Shen ting's young and handsome face blushed a little when he heard her question. He lowered his head and took a sip of milk before he answered her seriously, " " it's just that i've persevered for a long time. there's nothing bad about it. i just want to continue persevering. "

In fact, Shen ting didn't have a special preference for food. As long as it wasn't bad, he could usually tolerate it. It was the same for some external things. He didn't have many things that he was obsessed with.

In fact, in the first 14 years, all he had to do was to learn all kinds of knowledge and keep being excellent. If he was asked what he wanted, he wouldn't be able to tell.

However, after he saw Yi Huan's photo, he felt that everything he had learned before had made sense.

What he was persistent and picky about was none other than the person who had left in his life.

After Shen ting finished explaining, yihuan still didn't fully understand. After all, she was still too young to understand such a deep logic. Shen ting didn't expect her to understand either. He just smiled gently and reached out to touch her hair, " "finish it quickly. i'll send you to school later."

Chapter 4706: I'm not afraid of you (10)

"Will mom come back today?" Yi Huan asked.

Shen Ting didn't say anything, he just looked at Yi Huan quietly.

After a while, Yi Huan said in a very low voice, "I know, mom is learning to get to know this world."

After she finished speaking pitifully, Shen Ting looked at her quietly. He felt that it was a little funny, but his heart ached for her.

He suddenly made a decision. As he helped her carry her small bag, he gently said, "I'll take you to your mother after school, okay?"

Yi Huan's originally listless face suddenly became lively. She stared at Shen Ting for a long time before she whispered, "But, brother, do you know where mom is?"

...

"I'm fine." Shen Ting pinched her small face. "I'm going to uncle's company in the afternoon. I'll bring you along."

This time, Yi Huan was really happy. She jumped up and down, carrying her bag and going to school!

Shen Ting smiled and followed her into the car.

After he got into the car, he suddenly thought of Ye Xiangnan. He pursed his lips and looked at Yi Huan. "You're going to stay at the Ye family's house for a few days next week. I'll buy you some of your favorite books then."

Ye Xiangnan decided to bring Yi Huan over to stay for a few days before the military training next month. It was also a chance for the two children to develop their childhood relationship.

shen ting knew that he had no say in this arrangement, so he respected it. besides, yi huan was still young, so he didn't want to scare her with his attitude.

Yi Huan was a little hesitant after hearing what he said. Although she wanted to see brother Nan, she missed her mother too.

She bit her lip and said in a low voice after a long time, "i still want to be with mom."

shen ting smiled and reached out to stroke her hair. he only said "okay" and didn't say anything else. yi huan sat beside him like a little puppy. perhaps it was because her parents were not around, but she was particularly dependent on shen ting and treated him as her everything. it was as if brother nan was not that important to her anymore.

If one had to make an analogy, Shen ting was like bread, and thinking of the South at night was love.

If one was given a choice, of course, they would choose to eat bread first. Without bread, where would love come from?

of course, she still didn't understand yi huan at such a young age. she only knew that she wanted to be with brother shen ting because she missed her mother, and brother shen ting had a way to bring her to her mother.

yi huan was a little excited when she thought about it, and she immediately forgot about brother nan.

In the afternoon, the driver picked up Shen ting first, then went around to pick up Yi Huan. The two little ones went to King Entertainment together.

the front desk staff in the company also knew shen ting, and yi huan was even more familiar with him.

logically speaking, yi huan was the only heir, but everyone in KING entertainment knew that shen ting was the future leader of KING entertainment, so they all tried to curry favor with him.

Although Shen ting was young and not born into a rich family, he was already used to small occasions like this. He nodded calmly and brought Yi Huan into the elevator.

coincidentally, he huan was brought to the office by qin mo. shen ting went to qin mo's office first. secretary he was a little surprised when he saw him at the door."Young master Shen?"

then, his gaze fell on yi huan who was standing beside him. he was still a little hesitant."This Yingluo."

"If there's a problem, I'll take responsibility." Shen ting's voice was extremely calm.

of course, secretary he believed that. however, she was still a little worried. " "president qin might have to take his time."

Chapter 4707: I'm not afraid of you (11)

shen ting was determined. he looked at secretary he and said, " yihuan misses her mother! "

Secretary he was also a woman in her forties. At this time, she was also mesmerized.

shen ting really doted on her!

secretary he immediately decided to let her go and smiled. " "then i won't tell president qin!"

Shen ting nodded his head. I won't say that I met Secretary he either.

Secretary he sighed in his heart,'what a sensible child. Look at him, he already knows how to work at such a young age. He's very experienced. He's definitely not going to be easy to deal with in the future.'

...

Perhaps after ten years, she would be able to work with Shen ting and he would become her new boss.

That day would come soon.

as secretary he thought of this, he quickly left. after all, he was an experienced man in the workplace.

Shen ting quietly looked at Secretary he's back as he left. Yi Huan, who was beside him, suddenly reached out and held his hand. She said in a soft voice, " "auntie he, why did you run so fast?"

Shen ting couldn't tell her about this, so he just smiled and said, " "She's busy with her own things. She has to work."

After he finished speaking, his attention fell on the hand that Huan was holding on to.

Her little hand was very soft, like a small cotton candy.

and this was the first time she had taken the initiative to hold his hand, and it was so wonderful that shen ting didn't want to let go.

He remained silent for a while before smiling. " alright, let's go in. didn't you say you wanted to see mom? "

He was about to knock on the door when the little guy hugged him.

The little person hugged him. Her height only reached his waist, and she clung to him like a koala.

Shen ting was numbed again. He felt that it would be wonderful if they were to be hugged like this for the rest of their lives. However, he was also a little unwilling. Perhaps there would be many more beautiful things between them in the future.

At this moment, the door suddenly opened, and Qin mo came out.

when the father opened the door and saw his younger daughter taking the initiative, he frowned and immediately said, "Yihuan, why are you acting like a spoiled child again?"

"oh," Yi Huan replied and immediately looked up at the office. She said in a very low voice, "Is Mom here? Did she think of me today? or are you busy getting to know the world?"

What was this?

Qin Mo knew in his heart that Shen Ting must have taught him this. He silently looked at Shen Ting and then said softly, "Mommy is sleeping."

"Mommy, why do you need to sleep?" Yihuan asked.

Qin Mo was a little helpless. Because Mommy has become smaller. Look, doesn't little pig sleep every day?"

Shen Ting was speechless at her explanation, but Yi Huan believed it since she was young. She nodded in understanding, "Yes, Mommy has become a little pig."

little pig?

Qin Mo felt that it was a good way to address her. He smiled and entered the office with joy.

After picking up Yi Huan, he gave Shen Ting a look.

Shen Ting should have understood the meaning behind her words.

a man's gaze at another man!

Of course, Shen Ting understood. Just now, Yi Huan had hugged him. It was said that a daughter was a father's lover in his previous life. So, just now, he had been touched by Uncle Qin's love rival. This identity was really a Wanwan.

All of a sudden, he also felt sympathy for Qin Mo.

Not only did uncle Qin find a night to think about the South, but he also found him, Shen ting. Did uncle Qin think that he wasn't jealous enough?

after a while, he felt that it was not very kind of him to think this way!

Chapter 4708: Qin mo, why did I suffer a miscarriage 1

Of course, Shen ting understood. Just now, Yi Huan had hugged him. It was said that a daughter was a father's lover in his previous life. So, just now, he had been touched by uncle Qin's love rival. This identity was really a Wanwan.

All of a sudden, he also felt sympathy for Qin mo.

Not only did uncle Qin find a night to think about the South, but he also found him, Shen ting. Did uncle Qin think that he wasn't jealous enough?

She thought that she was being a little unkind, so she touched her nose and followed him in.

qin mo put down yi huan and patted her. "Mom's in the lounge, go find her yourself."

wow! Yi Huan exclaimed and ran in immediately. However, when she reached the door of the bedroom, her footsteps slowed down and she stared at the person on the bed.

...

It was her mother.

her mother was sleeping, and she looked very tired, just like yihuan when she was young.

She looked at it with joy, and her eyes felt a little hot.

She missed her mother.

the little yi huan did not say anything. she climbed into the bed and snuggled into he huan's blanket. she hugged him with satisfaction and took a deep breath of her mother's fragrance. wow, it smells so good!

Little yihuan lay comfortably in her mother's arms. She wanted to sleep but could not bear to do so. In the end, she could only hug he Huan obediently until he Huan woke up.

outside, qin mo was about to hold a meeting, and he had specially invited shen ting to attend.

Qin mo raised his hand to look at the time and smiled faintly. "why did you bring yi huan?"

shen ting knew that she would ask this question, so he answered honestly, "yihuan misses aunty,"

He still wanted to say something, but Qin mo reached out and patted his shoulder. He smiled lightly. "i can't even deal with a little kid."

This was the attitude of a brother. Shen ting couldn't help but look up at Qin mo. After a while, he smiled.

He agreed.

Qin mo also smiled. meeting! Yihuan can handle your Auntie."

Just thinking about that scene, one could imagine what it was like.

*

in the lounge, an adult and a child were sleeping quietly and sweetly.

he huan, on the other hand, knew nothing about it.

when she woke up from her sleep and opened her eyes, she felt a warm little thing in her arms. it was soft and bouncy.

He Huan lowered her head and saw a baby in her arms.

the baby, who couldn't fall asleep because he was thinking about it, was now sleeping like a little pig. he was drooling and his two little paws were holding he huan tightly.

He Huan's heart warmed up as she looked at the little guy carefully.

her long eyelashes drooped down like two small brushes, her small and tall nose, and her small red lips made her look extremely beautiful.

He Huan's heart seemed to have been hit. She looked at Yi Huan without blinking and could not move her eyes away for a long time.

finally, yi huan woke up.

Her bright black eyes opened and she stared at he Huan for a long time before she said coyly, "mom.

he was already hugging her and in his arms, but he still wanted to rub her.

at this moment, he huan was still a baby, so she didn't know what to do.

yi huan didn't care about her confusion. she was the one who missed her mother.

Fortunately, Qin mo appeared at the door at this moment. He walked in softly with a document in his hand. He must have just come out of the meeting room. He rolled it up and knocked on Yi Huan's head. let's go home.

yi huan was still lying in he huan's arms and refused to come out after hearing qin mo's words.

he huan could only look at qin mo.

qin mo chuckled and spat out three words silently, ” “Call me big brother.”

he huan was furious, he really had a bad taste.

however, being held by yi huan like this, she was really out of breath. she could only say two words silently, ” “big brother.”

Chapter 4709: Qin mo, why did I suffer a miscarriage before 2

satisfied, qin mo took little yihuan out of her arms and threw her to shen ting, who was standing at the door. ” “Let’s go back to the villa together later. Wipe her saliva clean.”

Really, bad habits were hereditary, just like he Huan when she was young.

qin mo sat by the bed and he huan also sat up and leaned against the headboard. she looked at him and said, ” “Yihuan?”

qin mo reached out and touched the center of her hair gently. he then smiled. ” “what are your thoughts after reading it?”

he huan replied with an “oh” and said very slowly,”She’s very pretty, just like me.”

“don’t you have any shame, mrs. qin?” qin mo tugged at her hair.

...

He Huan snorted. I’m just telling the truth.

qin mo suddenly lowered his head and lowered his voice, ” “Yihuan’s existence shows that we were once in a relationship.”

“You’re not allowed to say anything!” he huan’s face was a little hot as she called out in a low voice.

Qin mo laughed lightly. I mean, we were really married before. What’s wrong? ”

He Huan immediately covered her face.

He was so bad.

qin mo laughed again. ” alright, you can get up and go home. stay in the villa tonight! ”

” oh, ” he huan replied and lifted the blanket. qin mo helped her put on her coat. he had even buttoned her hat properly. he huan raised her head and said, ” “i’m not that delicate.”

Qin Mo’s eyes darkened. He reached out and touched her face gently. His voice was hoarse as he said, ” “you weren’t in good health before, so you’ll have to recuperate.”

he huan replied with an “oh,” and then asked very naturally,”Why am I not in good health? I used to be in good health.”

qin mo’s eyes darkened and he did not say anything for a long time.

“You can’t say?” He Huan asked him carefully.

Qin mo smiled. no, it’s just that it’s too long. I don’t know how to say it at the moment.

“Oh,” he Huan replied. She stood up and held his hand.”I’m hungry!”

qin mo couldn’t help but smile. ” you’re like a little pig. you’re either eating or sleeping. ”

He Huan stuck out her tongue. Actually, she also felt that this kind of life was quite beautiful.

The two of them went out together. Yi Huan was sitting on the sofa, looking unhappy. Shen ting was squatting beside her, and she didn't know what he was saying to her. Shen ting's expression was gentle, but there was a little strictness in it. So, Yi Huan was unhappy, but she didn't dare to say anything.

qin mo found it funny. shen ting had managed to control yi huan with just a few pointers. not bad.

the family of four allowed qin mo to drive them back to the villa. in the car, yi huan could not help but cling onto he huan's arms. he huan was a little stiff. although she liked it and was very close to it, she really could not remember giving birth to such a big baby!

Therefore, from the office to the villa, he Huan's body had been stiff. When they arrived at the villa, even the muscles in his neck were stiff.

However, Yi Huan was very satisfied. She had been chattering non-stop along the way. She did not usually talk so much.

he huan let her be. from yi huan's voice, she could tell that she was quite lively.

when they returned to the villa, the two men were the ones cooking. yi huan took her mother upstairs like she was presenting a treasure. he huan tried her best to cooperate and they went to the master bedroom on the second floor.

yi huan was a little excited as she pushed the door open. " DDDDDD, mom, look, it's all roses. Brother Shen ting and I specially prepared this.

However, when the door opened, the roses that covered the bed had long withered.

yi huan's little face suddenly fell. she raised her little face and looked at he huan, her voice full of dejection."he was obviously fine yesterday."

he huan knew that she was sad, so he reached out and gently touched her little head. " flowers need to be taken care of to survive. Besides, mommy knows what yihuan is thinking.

in her memory, she had never coaxed a child before, so she would do the same to he huan now, no matter how her mother coaxed her when she was young.

Little Yi Huan was instantly overjoyed. She leaned into her mother's arms and was instantly intoxicated.

it feels so good to have mom back!

then, yi huan thought about how her mother might be back today, but she might be leaving tomorrow. yi huan would be a motherless child again.

...

Thinking about it, Yi Huan couldn't take it anymore and became dejected.

It was rare for he Huan to notice Yi Huan's emotions. She carried her in and placed her on a small sofa.

yi huan lowered her head and asked in a small voice, " "Is mommy going to leave again after sleeping?"

He Huan did not know what to say, so she hesitated for a moment, and Yi Huan cried.

if she wasn't wailing, then her tears would be as big as beans, and they would fall down, the kind that couldn't be coaxed.

He Huan was at a loss.

Yi Huan peed on the floor as she stared at he Huan.

why aren't you coaxing me!

he huan was flustered and did not manage to coax her, but yi huan was still satisfied. she instructed, "Hug me!"

He Huan walked over slowly and hugged the little guy.

this time, yi huan was completely satisfied. she took the opportunity to request in he huan's arms, "mommy, don't go anymore. otherwise, baby will cry every day."

Yi Huan didn't know what to do. After hugging her for a while, she suddenly thought of Qin mo.

just as she was thinking about it, qin mo's voice sounded from the door, "Qin yihuan, please start your performance.

Yi Huan groaned and immediately went into he Huan's arms, but it was useless. Qin mo reached out and took her off. Then, he looked at he Huan. don't fall for it. She's very happy living with Shen ting. You're the only one who'll be fooled by her.

Yi Huan's eyes were wide open, she was very dissatisfied with her father.

He Huan was also shocked.

It can even be like this?

Qin mo carried the little guy and walked out as he said to he Huan, "Come down and eat."

"oh," he huan replied and followed him downstairs. before she left, she took another look at the bedroom. it was quite feminine and beautiful.

It was already late after they finished their meal. They thought that Yi Huan would stick to he Huan, but she was so tired that she fell asleep on the sofa.

Shen ting silently appeared and took the baby away.

however, shen ting couldn't sleep on his own. other than his homework, he also had to report to qin mo about the meeting that day. he huan went to the study room to deliver some fruits. she felt her heart ache for him. he was only in his teens, but he was already working so hard. he had to work until midnight every day.

qin mo only glanced at he huan and felt that her kind mother was a wastrel. all the qin family's heirs were like this.

when his big brother ye mu yun was in the tang family, he would have put in ten times more effort than this.

And this was only the beginning for Shen ting. If he couldn't even take this little bit of suffering, how could he be King Entertainment's successor?

he only took one look before he huan obediently left and returned to the bedroom.

After returning to her room, she was a little bored. She looked around and found some of her clothes.
