

## Thank you 4721

Chapter 4721: i can't go back with you (4)

Rong Yue sighed. there's no rush if we're together. Let's sleep here for the night.

she was still uneasy. she felt that this place was too simple and crude. his health was not good, and she was afraid that he would not be used to it.

However, Rong Yue said, " when I was at my lowest, I even lived in a basement. In comparison, this place is already too good.

AI Mengmeng was a little surprised. Basement?

She looked at Rong Yue and Feng Jiyue. It was hard for her to imagine that he would live in a place like a basement. She felt that Rong Yue was born to live a good life. He was not tainted by any worldly things and seemed to have always been clean.

That was why AI Mengmeng had always felt that she was not worthy of him.

...

Rong Yue looked at her expression and smiled. what? you think I was born to live a superior life? "

his jade-colored fingers touched her face gently. " i used to like an unattainable girl. i also thought that i wasn't worthy of her, but she liked me, not my background. ai mengmeng, i'm the same today. i like you as a person."

AI Mengmeng opened her mouth in a daze."is he huan the person you like?"

rong yue looked at her and said after a while, " "is this the main point?"

AI Mengmeng was a little unconvinced. how is this not the main point? "

Rong Yue just smiled and didn't say anything else. He took the initiative to go to the bedroom and lay down. ai Mengmeng also went to lie down after she was done cleaning up. She probably couldn't fall asleep because she had said too much.

rong yue's health was not good, and they had not seen each other for a long time, so he fell asleep.

ai mengmeng couldn't help but stroke his good-looking features with her fingers. she looked at him quietly and felt that she loved him very much. they had only known each other for so long, but she felt that it was deep love.

AI Mengmeng gently leaned her head against Rong Yue's not-so-wide shoulders. She felt especially at ease.

even the weak and fragile parts of his heart suddenly became stronger.

She used to think that she was very strong, but now, she realized that she was not firm in the past. She was always afraid, afraid of being hurt, afraid that Rong Yue would get hurt. In fact, there were some things that Rong Yue didn't care about, so why should she care about it?

for rong yue's sake, she should actually be brave for once.

AI Mengmeng thought about it in a daze, then fell asleep with him.

after she fell asleep, she had a dream. she dreamed of li gui's blurry face and ai jia's terrifying face approaching her. the delicate face was almost deformed, and ai jia was holding a needle in her hand.

ai mengmeng was jolted awake. her entire body was covered in cold sweat, and she was extremely scared.

It was dark all around, but he could hear the familiar breathing sound, which was even a little warm.

This was Rong Yue. He was by her side.

her heart suddenly settled down and she was not so afraid.

She was going to take a shower, or she might catch a cold, but she was afraid of waking Rong Yue up, so she lay down slowly and still leaned on his shoulder.

Rong Yue did not wake up. He must be very, very tired.

ai mengmeng suddenly felt that she had made the wrong choice. she thought that it was good for rong yue that she had left, but he seemed to be even more tired.

as he thought about it, he understood.

she reached out and gently wrapped her arms around his neck, and said these three words very softly.

rong yue actually laughed and said three words, ” “I know,”

Chapter 4722: i can't go back with you

AI Mengmeng suddenly felt that she had made the wrong choice. She thought that it was good for Rong Yue that she had left, but he seemed to be even more tired.

as he thought about it, he understood.

She reached out and gently wrapped her arms around his neck, and said these three words very softly.

rong yue actually laughed and said three words, ” “I know,”

ai mengmeng was stunned. he was actually awake!

she looked straight at rong yue and rong yue laughed. he chuckled and said, ” “You're talking in your sleep.”

...

AI Mengmeng's face was pale, and her voice was low. what did I say? "

Rong Yue's warm palm held her gently. His warm eyes looked at her intently in the dark for a long time before he whispered, " you called my name and said that you were lucky to have me.

"Are you lying to me? I don't talk in my sleep," AI Mengmeng said, trying to bully Ai Ai.

rong yue smiled and said, " yes. You don't talk in your sleep, but you hugged me after that. Isn't that what you meant?"

ai mengmeng felt that he was too shameless. she closed her eyes again and suddenly said,"rongyue, you must have been in contact with president qin too much, so you've become shameless."

He just 'huh'? a sound.

ai mengmeng bit her lip. " in the past, i've heard from others in the company that president qin is especially shameless towards director he. he has all sorts of tricks up his sleeve. " she couldn't say those words now.

as for rong yue, he was a novelist, so he could easily imagine it. he laughed lightly and joyfully."are you hoping that i'll treat you the same way?"

"no way!" ai mengmeng's eyes widened, and she stood up."i'm going to take a shower."

Rong Yue smiled, sat up slightly, and leaned against the bed.

ai mengmeng thought that he couldn't fall asleep, so she didn't care much. however, she still considerately got him a hot water bag. his body wasn't in good condition.

however, when she walked out of the bathroom, rong yue was actually smoking. he was leaning against the bed like an old smoker.

ai mengmeng was stunned for a moment. then, she walked over and snuffed out his cigarette.”Dr. Qin said you wanted to quit smoking.”

“She also said that I can’t have a woman,” he said with a smile.

ai mengmeng was furious. embarrassed and angry, she glared at him for a long time without saying anything.

Then, tears welled up in her eyes.

Rong Yue was still leaning against the head of the bed. He reached out and touched her face.”why are you crying?”

“you’re bullying me!” ai mengmeng bit her lip.

He laughed and said,”how am I bullying you?” Don’t you know that men sometimes need a cigarette? mengmeng, my body isn’t as bad as you think. a cigarette won’t be enough to break me down.”

AI Mengmeng was still angry, but she didn’t know what to say.

After that, there was nothing after that. They simply lay down together and waited for the dawn to come.

Early in the morning, at eight o’clock, Rong Yue woke up first. He leaned against the bed and used his phone.

when ai mengmeng woke up, she saw that he had a serious expression on his face.

ai mengmeng bit her lower lip lightly. ” rongyue, what happened? ”

“it’s too fast,” rong yue’s voice was very soft.

” ah! ” she exclaimed and took the phone from his hand. there was a piece of news on the hot search about ai jia and KING entertainment’s inextricable relationship.ai jia had a child with qin luyu of the qin family and had been living abroad. it was now officially exposed.

It was a very beautiful boy. He was about eight or nine years old, about the same age as Qin yihuan.

ai mengmeng had also seen the child before. she said in a low voice,”i didn’t expect it to be so fast!”

Rong Yue had been deep in thought. At this moment, he suddenly said, ” ” she’ll be out in two days at the latest. even if qin mo doesn’t let her out, the qin family will let her out. ”

The child was not in B city. Only Aijia knew where the child was. To be honest, the child needed a mother.

ai mengmeng lowered her eyes, and after a long time, she whispered, ” she’s really powerful. we’re not rong yue’s match. she’s already prepared for it. she doesn’t even care if she goes in because that child is the lifeline of the qin family and qin mo. qin lu died for qin mo. qin mo can’t get past his own barrier when facing such a child. ”

rong yue gently held her in his arms. he could feel her trembling body.

“i can’t do anything else, but i’ll protect you,” he whispered.

“i’m not afraid!” AI Mengmeng’s voice was soft and trembling. Yes, she was no longer afraid.

Even if AI Jia joined the Qin family, she would be even stronger. She was not afraid.

She had Rong Yue.

If AI Jia used underhanded means, she would fight her to the death.

aijia had a child, so she had to be fated to have one.

She loved Rong Yue and was willing to do anything for him. She even loved Yi Huan. She did not want AI Jia to ruin this. She was also grateful to he Huan.

so, aijia was dumbfounded.

ai mengmeng suddenly understood her mission. she and ai jia were blood-related, and their beginning was a sin. it was started by ai jia, so she should end it!

Her eyes became very determined.

rong yue looked at her. " ai mengmeng, what are you thinking about? "

She immediately restrained her expression and lowered her voice. No.

rong yue smiled faintly and suddenly placed his palm on her head. he said very indifferently, " "Don't do anything stupid,"

"i didn't." She said a little guiltily, then lowered her eyes as if she didn't dare to look at him.

"If you do anything stupid, I won't forgive you." Rong Yue was still smiling.

AI Mengmeng panicked even more. After a long time, she said in a low voice, " I don't know how to.

rong yue seemed to be very insistent.

AI Mengmeng looked into his eyes and only opened her mouth after a long while."I promise,"

he was even more suspicious of her now. he knew her well enough to know that she would never admit to anything she had not done. it was because of her guilty conscience that she felt so guilty.

Rong Yue's eyes became complicated, and he did not speak for a long time.

AI Mengmeng pulled his hand and said in a low voice, "Rongyue, what are you thinking about?"

"I'm just thinking that you've learned how to lie," he said with a smile.

As he spoke, he suddenly said in a serious tone, "Don't do anything stupid, or I won't be able to take it."

AI Mengmeng's heart skipped a beat. She only said okay and didn't dare to look at him again. Instead, she chose to get out of bed. I'll make breakfast. Will noodles be okay? "

Yes, " he said. We'll go back after breakfast. I'll ask someone to cancel the rent in a day.

AI Mengmeng was a little dazed, but she still nodded. Okay.

She wanted to go out, but Rong Yue grabbed her hand and said in a soft voice, "AI Mengmeng, we have a marriage certificate, so I hope you'll be responsible for everything you say."

AI Mengmeng let out an 'Oh', then said in a low voice, 'I know.'

She walked out of the room and clutched her chest.

Rong Yue guessed it.

She didn't know what to do for a moment. Ran Ran was afraid that she would let Rong Yue down.

He said he couldn't stand it when something happened to her.

Chapter 4723: 10000 ways to deal with a b \* tch (1)

Rong Yue didn't say much and just looked at AI Mengmeng.

ai mengmeng felt guilty and lowered her head. they had breakfast together and left the apartment.

she only packed a little and didn't have many things.

when he left, he was still a little reluctant. after all, this was the place he had lived in for half a month.

It was a little short, but it was also proof that she was self-reliant.

rong yue waited for her patiently, and his voice was also very soft. "you can't bear to?"

...

AI Mengmeng hummed in acknowledgment and looked at him. I'm a little reluctant.

She suddenly hugged his arm and leaned over, saying in a very, very soft voice, "rongyue, sometimes i think that i'd rather you don't earn so much money. i just want you to be well. even if i have to work hard every day, earn a few thousand yuan a month, and live in a house of tens of square meters, i'd still be very happy. "

she raised her head and said in a very, very soft voice, "I'm willing to trade everything we have for it."

in exchange for him, she could live a little longer.

rong yue lowered his head and looked at her very gently. his heart was also soft.

How could he not know that she was silly?

In the past, he had also known her. He had only thought that she was a pretty little girl. He had watched her on set and felt that she was actually a very smart and good at acting. However, it was a pity that she paid too much attention to her appearance.

after one night, she said that she wanted him to take responsibility. he clearly knew that nothing had happened, but he still agreed.

at that time, she didn't like him yet. it was probably because he was a little lonely.

rong yue had to admit that he was also lonely. in his loneliness, he had no time to interact with her, eat with her, or go to a concert with her.

slowly, he realized that ai mengmeng was actually a very simple person. she was very materialistic, and people who were so materialistic were usually very stupid.

ai mengmeng was such a person. she was ambitious, but she was busy for nothing.

Rong Yue had been looking at her indifferently, watching her do it until she killed herself.

There was nothing to regret about breaking up. He felt that since he had become her boyfriend, he should compensate her. At least, it would make her life less difficult.

However, when they became husband and wife, she disappeared again. This time, Rong Yue couldn't let her go. He wasn't a hot-headed young man who would do anything to a woman after hugging her. It was only after a long time that he realized that he liked her company.

however, she left and came back when he was sick. when he opened his eyes, he saw her sitting by his bed and looking at him with that kind of gaze.

Rong Yue was sure that she was the person he had been waiting for, the person he wanted to spend the rest of his life with.

They got married the next day and had been doing so since then.

Last night, he had told her that if she didn't come home, he would find someone else.ai Mengmeng had taken it seriously.

Actually, how could he bear to do that?

He had loved someone when he was young, and now he loved his wife. He didn't know how long he could live, but he knew that he no longer had the energy to love anyone, so AI Mengmeng was the last one.

Whether she was good or bad, he would continue to love her. Whether she was here or not, he could only love her.

Rong Yue thought to himself and turned to look at his wife.

AI Mengmeng's expression was slightly nervous. She sat beside him, but after a while, she couldn't help but say, "Rongyue, let me drive!"

With one hand on the steering wheel, he chuckled. "I won't be so weak that I can't even drive."

Chapter 4724: 10000 ways to deal with a b \* stard (2)

With one hand on the steering wheel, he chuckled. "i won't be so weak that i can't even drive."

Her lips moved, but in the end, she did not say a word.

rong yue started the car with a faint smile.

While he was driving, AI Mengmeng had nothing to do, so she scrolled through her phone. After a while, she muttered, "Edgar is out, faster than we thought."

This was enough to prove how much the Qin family valued this child.

rong yue's fingers clenched the steering wheel tightly. the car drifted a little, but it quickly turned around.

...

“There will be a chance,” he said.

AI Jia’s greed would harm her, and one day, she would suffer the consequences of her own actions. Rong Yue believed that.

ai mengmeng suddenly held his hand, her voice soft but firm.”I’m not afraid. Rongyue, I won’t be afraid if I go back with you.”

rong yue’s voice was unusually deep. ” promise me. don’t do anything stupid. maybe we’ll compete with ai jia to see who can live longer. ”

The main conflict now was between Qin mo and AI Jia. He and AI Mengmeng only had to wait.

Perhaps only Qin mo could deal with AI Jia. He needed to figure out all the things behind her back. Rong Yue was not a reckless man. He knew what was important and what was important.

autumn garden.

For ye Liangqiu and Qin Anlan, this day was a day of great joy and sorrow.

qin lu was no longer around.

However, he left behind a son called Qin Xuan. His photo was exactly the same as Qin Lu’s. Of course, he looked exactly the same as Qin mo. If he was placed in B city, people would think that he was Qin Mo’s son.

he huan didn’t know about this. after the news came out, KING entertainment used all their power to block it.

He Huan had lost her memory and Qin mo hoped that she could be happier. He did not want her to know about these things.

the atmosphere in the qin family was very depressing. qin mu kept comforting ye liangqiu, qin mo and qin anlan were talking, and qin chen was leaning on the sofa, not saying a word.

Ye Muyun also came over. Usually, Qin Mo made the decisions for the Qin family's big and small matters. This time, ye Muyun also came over personally. It could be seen how serious the matter was.

Of course, they wanted the child, but Aijia was a hot potato. The Qin family would probably not have a peaceful day after taking over.

ye muyun patted qin mo's shoulder. " " it's not good for you to step in. aijia and he huan didn't have a good relationship in the past. besides, aijia is a person. "

Ye mu Yun had left the Qin family for a long time and was much more decisive in dealing with this matter. He stared into Qin Mo's eyes."After we bring the child back, Aijia's existence is no longer important."

qin mo's eyes were dyed with a dark color.

qin anlan looked at the women in the house and felt that this topic was too bloody, so he let his son go upstairs to talk. qin chen followed quietly, and his old father turned around to glare at her.

Qin Chen shrugged his shoulders. She was like this every day, okay?

Her father looked at her and didn't say anything else. Yes, she was a person who held a scalpel every day. This small scene wouldn't scare her to death.

the group went to the study upstairs and talked for about two hours. in the end, qin chen smiled. " killing the mother and leaving the child alive, which dynasty did this? wake up the qin family's old men. once they have a child, then send aijia to prison. "

after qin chen finished speaking, the other men all looked at her.

Qin Chen smiled,"what's wrong?" Did I say anything wrong?"

No one thought that she was wrong. They just felt that she seemed to be worse than the men in the Qin family.

Yes, that's all.

Chapter 4725: the truth (1)

the family meeting ended.

qin mo was asked to stay by qin anlan.

Qin mo was silent for a moment before he said in a low voice, " "Dad, I'm sorry."

On this day, Qin Anlan seemed to have aged a few years. He looked up at the moonlight outside before lowering his head and saying, " " your mother and i have long expected that such a day would come when qin lu took on this kind of job. fortunately, he did it for you. i think we are selfish and don't have such great feelings. "

as he spoke, he turned around and patted qin mo's shoulder. his voice was slightly low. " it's a good thing that he kept a son for us. "

Although he said that, he still felt sad. He had only seen his son a few times since he was born. He had grown up to look very similar to Qin mo. Sometimes, he and Liang Qiu could only look at Qin mo and miss their son. Now, they could only miss him like that.

...

the saddest thing was that they didn't get to see each other for the last time, and they didn't even know where they were now.

She wanted to ask, but she couldn't utter a single word.

"i brought qin lu back to B city," qin mo's voice was low.

Every year, Qin mo would go and take a look at Qingming, spring, or Qin Lu's birthday.

In the evening, Qin mo brought ye Liangqiu and Qin Anlan over alone. The parents wanted to spend some time alone with their son, so Qin mo left the room.

This was a separate Cemetery. Qin Chen and Qin Mu were outside, and ye Muyun was also here.

Of the five children, only Qin Lu would always be here.

qin chen patted qin mo's shoulder like a brother. " in the future, we'll also be buried here. it'll be more complete. "

She knew that Qin mo was not feeling good. It had been a good year since Qin Lu left, but Qin mo had not said anything. Now, AI Jia's scandal and the news of Qin Lu and their child had exploded at the same time. This was a huge blow to the parents, and they could not accept it.

But now that things had happened, she had to bring that child back to the Qin family.

qin xuan was actually 10 years old, but his body wasn't in good condition, so he looked a little young.

After that, a report was sent to Qin mo.

Qin Xuan had leukemia and had his bone marrow changed, but the effect wasn't good.

he can't grow up, it's already a miracle that he can live to 16 years old.

after qin mo received the report, he sat in his office for a long time while ai jia was settled down in a villa.

A day later, Qin mo met her.

AI Jia looked much more Haggard than before. Her eyes were listless as she looked at Qin mo.

Qin mo sat on the sofa and asked softly, ” “where are the children?”

it’s overseas. AI Jia smiled. I can bring it back anytime.

Her expression was a little dazed. originally, I had the chance to give birth to a child and save him, but I miscarried. Qin mo, you owe me this. Qin Lu died for you. Otherwise, I would still have the chance to give birth to his child.

“where did the child come from?” qin mo quietly looked at ai jia.

edgar’s expression changed. after a long time, she said in a low voice, ” “i gave birth to it.”

” you did give birth, but it wasn’t a natural pregnancy. i’ve checked. in the past, qin lu would donate twice a year, and the number of people who used it was only twice, and it was designated. ”

qin mo stared at ai jia and said slowly, ” you’re the one who wants to have Qin Lu’s child. Tell me, are you in a relationship with him or is it just a one-sided act? ”

“I like him!” AI Jia blurted out.

Qin Mo’s expression and voice were very cold. ” what about qin lu? does he like you? does he know that you like him? or are you two strangers and everything is just your imagination? ”

## Chapter 4726: the truth (2)

After Qin mo finished speaking, AI Jia’s face turned ashen.

What else did Qin mo not understand? he knew how outstanding Qin Lu was, and it was normal for women to be fascinated and crazy about him. However, he really couldn’t understand why AI Jia, with her status, would do this.

The child should have been conceived on behalf of the first wife, because AI Jia had been working for two years, and it was impossible for her to have a child when her future was bright. However, her behavior was really crazy.

It was precisely because she was careful when she was pregnant that she found out that the child had an illness when it was born. Later, AI Jia got pregnant with another child herself after Qin Lu passed away.

it was because she saw qin mo, the qin mo that looked exactly like qin lu.

However, Qin mo was married.ai Jia had tried many ways to seduce him, but she had failed.

...

In Qin Mo's unhappy marriage, he had never fallen for her, not even once.

Just like now, when he looked at her, there was only coldness in his eyes.

"why do you only love he huan?" ai jia asked softly. I'm not any worse looking than her, I'm gentler than her, and I have a career!"

qin mo said coldly, " it's not easy to change your feelings for someone. if you really like qin lu, you won't change your mind.ai jia, you are selfish. you created qin xuan, but in your eyes, he is not a person at all. he is just a tool. " Your life has long been twisted."

Edgar laughed so hard that she even shed tears. " qin mo, do you think that i don't want to have a good life? but my life has always been twisted. no one loves me. i was adopted by a very rich family and i enjoyed all the material things. but do you know what i used to exchange for all this? my adoptive father is a beast. "

"this is not a reason for you to be crazy." AI Mengmeng is your sister, " Qin mo said coldly. not only did you use her, but you also hurt her. If it weren't for you, she might still be living a simple life in her hometown. But what have you brought her? "

isn't she living well with Rong Yue now? if it wasn't for me, would she have met Rong Yue? " edgar's face was twisted.

qin mo felt that she was beyond saving. ” should she be grateful to you for hurting her again and again? “AI Jia, have you ever thought about why AI Mengmeng was able to meet rongyue but you didn’t? it’s not that there’s no ‘Qin Lu’ who loves you, but you hate this world. You’re full of malice towards everyone. You can’t feel love, so you can’t get it either.”

Qin mo paused for a moment. AI Mengmeng used to love you, but you ignored her love and hurt her instead. Aijia, maybe you’ve been hurt before, but you’re the one who inflicted this kind of harm on the people around you. You’re the one who’s not the victim, you’re the perpetrator.”

Edgar’s face turned paler as she looked straight into his eyes. I’m not.

“have you seen how qin xuan looks like? have you seen ai mengmeng’s injured face?” “if you can’t feel their pain, then you’re beyond saving,” qin mo said coldly.

Edgar didn’t say anything.

after a long time, she walked to the window. she stood there and asked softly, ” “can i still be saved?”

Qin mo didn’t say anything. He couldn’t give her an answer. The only thing he could do was to bring Qin Xuan over and give this child a last bit of warmth.

three days later, qin xuan arrived in B city. qin mo arranged for him to stay in a villa. other than ai jia, there were two aunties and a doctor taking care of him. qin xuan also went to shengyuan hospital for a check-up.

After Qin Chen finished checking, he said calmly, ” “There’s no suitable bone marrow in the existing bone marrow bank, but there are so many people in the Qin family, maybe there’ll be a match.”

Chapter 4727: The truth (3)

qin mo was in the hospital, looking after the child. qin xuan was a very introverted and sensitive child.

while the adults were talking, the little guy kept quiet and shrank to the side.

Qin Chen felt sorry for her, and it was not convenient to say some things in front of the child. He handed Qin Xuan over to the nurse and continued to talk to Qin mo. I've seen the data of AI Jia's bone marrow. Fortunately, she hasn't completely lost her humanity. She finally knew to give it to her son, but it didn't match.

As she spoke, she placed a set of data in front of Qin mo. this is all of Qin Xuan's information. Without a suitable bone marrow, there's almost no hope. Plus, his leukemia is rare. It's already a miracle that he's still alive.

qin chen stood up and patted qin mo's shoulder. " if the qin family's people aren't suitable, there's almost no hope. second brother, you should be mentally prepared. "

"you don't have a solution either?" qin mo looked at qin chen.

...

Qin Chen shook his head. it's not that I'm not trying my best. He was born with this. It's impossible to recover with human strength. We can only wait for the bone marrow.

Qin mo didn't make a sound and quietly looked at the thick stack of documents.

Qin Chen's voice rang in her ear. aren't you going to tell he Huan? the Qin family suddenly has a child. Also, he Huan will know about Aijia's appearance, ran ran.

qin chen said sincerely, " when he huan finds out, she'll probably kick up a fuss. think about it, she's not as calm as she used to be. after all, she only has memories of when she was 18 years old.

Qin Mo's gaze fell on the information and he did not speak for a long time.

Qin Chen went to pour him a cup of coffee and placed it in front of Qin mo before sitting down.

qin mo looked at his sister and sniffed the coffee. " it doesn't taste as good as the last time. "

" i'm short on money recently, so i've been saving up. this is good enough to drink. " Qin Chen laughed.

qin mo took a sip and slowly said, " "You've spoiled my appetite."

Qin Chen glanced at him. don't be so picky. You're working overtime in the office and drinking all kinds of coffee. I think you'll hang up before he Huan regains her memory.

at this point, qin chen was still dissatisfied. " qin mo, can you take care of yourself more? "

Qin mo looked at his younger sister and found it a little funny. I'm cultivating my character now. How can I not take care of myself? "

Qin Chen laughed, it was rare for her to laugh like this. Then, she snorted."You're just passively cultivating your character, right?"

At the mention of this, boss Qin's expression couldn't help but be a little profound. He probably thought of the scene a few nights ago, and his expression changed.

qin chen looked at qin mo carefully and concluded, " "second brother, you're laughing so hard now!"

Qin mo put down the cup in his hand and leaned back. He said lazily, " "Really? I don't think so."

qin chen couldn't help but roll his eyes. he knew that his second brother had been holding it in for a long time, and he probably had his way. however, it was hard on him. they were obviously an old couple, but he still had to pretend to be pure.

Now, the clouds had parted, and the moon had finally come to light.

qin mo finished his coffee and walked out.

Qin Chen caught up from behind. second brother.

qin mo turned his head.

“tomorrow, i’ve made an appointment with my family to do bone marrow matching. don’t forget the time.” qin chen said softly.

qin mo nodded his head and agreed.

qin chen hugged him. ” we all like qin xuan. no matter what ai jia did, the child is innocent. besides, he’s qin lu’s child. ” if possible, i will let him live. qin mo, i will do my best.”

#### Chapter 4728: The truth (4)

qin chen hugged him. ” we all like qin xuan. no matter what ai jia did, the child is innocent. besides, he’s qin lu’s child. ” If possible, I will let him live. Qin mo, I will do my best.”

qin mo’s throat felt a little blocked. after a long time, he finally agreed.

He walked out to the next room and pushed the door open.

Qin Xuan was accompanied by a nurse, but she looked a little nervous.

Aijia had been raising him abroad. Although he had the best care, Qin Xuan was already 10 years old. Other than his aunt, doctors, and nurses, he had no contact with anyone else. He had not even gone to school.

he was shy and shy.

...

After Qin mo went over, Qin Xuan looked at him with admiration.

It was probably because Qin mo looked very similar to him, so Qin Xuan felt an inexplicable sense of familiarity. Not only was he not afraid of Qin mo, but he also wanted to get closer to him.

Qin mo reached out and held Qin Xuan's hand.

qin xuan was 10 years old, but he didn't seem to be in the mood to be tall. he was thin and weak.

When Qin mo held his hand, Qin Xuan's small face had a touch of desire.

He had never seen his father before. He had only seen his father's photos. He looked very much like uncle Qin mo.

he had been abroad for a long time, but he was a yellow-skinned, black-haired child. he read in books that he shouldn't be living there. he yearned to go back to his kind because the aunties, doctors, and nurses around him were all white-skinned, yellow-haired, and spoke in english. qin xuan didn't want to stay there, but he didn't dare to tell his mother because her mood was always bad. she only stayed for a few days. he was afraid that he would make her unhappy and she wouldn't come again.

for a long time, qin xuan had been a child without a sense of security. now that qin mo had brought him into the car, she asked uneasily, "are you going back to mom's place?"

He didn't really like his mother, but she was his only relative. Although uncle Qin mo and the others were his relatives, they were different.

qin mo drove the car personally. he placed his hand on the steering wheel and remained silent for a while before smiling."we're going to pick up our sister from school."

If Shen ting didn't have to take care of Yi Huan alone, he would be in the car alone and would be late.

This was the time to receive and enjoy.

“little sister?” qin xuan asked.

qin mo started the car. ” that’s right, sister. i have a child with your auntie. i also have an older brother called shen ting. we live together and we can play together in the future. ”

Qin Xuan was silent for a long time.

Qin mo thought that a child would prefer to be noticed by adults. However, when he looked at Qin Xuan in the rearview mirror, he saw an indescribable yearning in Qin Xuan’s expression.

Qin mo laughed. are you very happy? ”

qin xuan was leaning on the back seat. his skin was so pale that it was almost transparent because of his illness.

he was also a very good-looking boy, but compared to qin mo when he was young, he was much more fragile and delicate. when he heard qin mo ask him, he said in a very soft voice, ” “yes, i’m very happy,”

qin mo laughed and continued to drive. he threw a phone to qin xuan. you know how to use a phone, right? there are photos of your sister inside.

“Oh,” Qin Xuan replied and took out his phone.

The album was filled with Qin yihuan’s beautiful and cute photos.

qin xuan just stared at it for a long time.

He looked at Yi Huan and felt a little envious. She looked so happy. Did being accompanied make her happy?

Qin mo probably sensed his emotions and laughed lightly. “You can go to school with yihuan in the future.”

he knew that qin xuan had never been to school, but he didn’t know that qin xuan had already surpassed the average child by reading books. it was a waste for him to go to kindergarten.

Qin Mo’s car stopped at the entrance of a high-end kindergarten. There was still half an hour before yihuan’s school was over. Qin mo took back his phone and called he Huan.

he Huan, yihuan, ” Qin mo said in a low voice, ” I’ll go home after picking you up.

“you’re getting off work so early?” He Huan was a little surprised.

qin mo

...

she nodded and then whispered, ” “There’s another kid coming. Qin Lu, do you remember? He’s Qin Lu’s son.”

After all, he Huan had never met Qin Lu before and had only heard of his name. Hence, it took him a long time to recall. “Qin Lu has returned?”

Qin mo didn’t say anything. After a moment of silence, he said in a low voice, ” “we’ll talk about it at home.”

” oh, ” he huan replied obediently. qin mo’s heart softened, and he felt an indescribable feeling. the bitterness and pain in his heart seemed to have been cured. his voice was a little hoarse and gentle.”i’ll be back in a while.”

” oh, ” he huan replied. qin mo hung up the phone and suddenly came back to his senses. qin xuan had actually crawled from the back seat to his side.

qin mo placed his phone on the control panel and asked with a smile, ” “What’s wrong?”

qin xuan, who was sitting beside him, was a little nervous, but he still gathered his courage and asked,”uncle qin mo, is my father called qin lu?”

qin mo pondered for a moment before nodding.

then, he reached out and gently touched the little guy’s forehead. ” he’s a hero, an amazing person. Our Qin Xuan will become someone like him when he grows up.

Qin Xuan looked straight at Qin mo.

“What’s the matter?” Qin mo smiled.

the little qin xuan pursed his lips and muttered after a long time, ” “I heard that I won’t live for long. Uncle, you might not be able to wait for me to grow up.”

After saying that, he pursed his lips tightly and did not say anything else.

Qin mo patted his little head and smiled. “you’ll be fine with uncle here.”

Qin Xuan’s gaze fell on his face, as if he was trying to judge whether his words were true or false. Qin mo smiled again.”Your aunt Chen is the best surgeon in the world.”

qin xuan stared at qin mo and only managed to squeeze out a sentence after a long time, ” “Aren’t you uncle Qin Chen?”

Qin mo couldn’t help but laugh. she’s a girl.

Qin Xuan took a deep breath. but she’s even more handsome than uncle.

Qin mo touched his nose. really? ”

this wasn't the first time someone had said that it was really speechless to lose to his sister. last year, when the top ten golden singles in B city were invested in, the young girls and women ignored the fact that qin chen was a woman and even ignored the fact that he was married, sending qin chen to the throne of first place.

Now, even his little fellow said that Qin Chen was more handsome. Qin mo felt that the ranking was very credible.

he reached out and touched qin xuan's head. " you'll be very handsome in the future too. There's nothing bad about the men in our Qin family.

Qin Xuan was unfamiliar with the word " man ". He had always known that he was sick, and under the nurse's emphasis, he knew that he wouldn't live for long. He had never desired to live long and grow into a man. This was the first time he had heard someone say that.

He reached out and touched Qin Xuan's head. " you'll be very handsome in the future too. there's nothing bad about the men in our qin family. "

Qin Xuan was unfamiliar with the word " man ". He had always known that he was sick, and under the nurse's emphasis, he knew that he wouldn't live for long. He had never desired to live long and grow into a man.

qin xuan was stunned for a while.

qin mo continued to talk to him for a while, and qin xuan slowly became less nervous. there was even a smile on his delicate face.

After about half an hour, Qin yihuan skipped out of the kindergarten. She walked in front of all the other children. Her hair had already grown to the length of her ears, and her face was round and chubby because of Shen ting's care.

qin mo opened the car door and got out of the car. he did not expect qin xuan to get out of the car as well. they watched qin yihuan run over together.

...

yi huan saw that qin mo was overjoyed and immediately pounced over to call him daddy. qin mo picked her up in his arms and kissed her since they hadn't spent much time together in a long time.

yi huan was very happy to be hugged by her father. as she was being kissed, she looked at her little brother.

in yi huan's eyes, qin xuan was unbelievably beautiful. he was so white that he looked transparent, as if he was made of glass.

she looked at him curiously. qin mo smiled and put her down. he held her hand and said, " this is qin xuan. he's three years older than you. " Call me big brother."

yi huan looked at her father, then at qin xuan. at first, she refused to call him 'father', but then she asked like an adult, " "Dad, who gave birth to him?"

The little one shrewdly realized that Qin Xuan looked like his father, even more so than her. She was his mother's only child, so this brother could not be the fruit of their love. Instead, he could be the fruit of his father's love.

Of course, she wouldn't call him that.

Qin mo couldn't help but smile, while Qin Xuan's expression was a little sad. He knew that his father was no longer around.

Qin mo noticed his emotions and his heart ached for him. He squatted down and said, " you can be like yihuan in the future. If you want to live with us, you can too.

After he finished speaking, Qin Xuan's eyes lit up. After all, he was still a child, and he also yearned for warmth. He could feel warmth from Qin mo.

however, his eyes immediately darkened again.

Qin Mo's fingers gently caressed his forehead. what's wrong? ”

Qin Xuan looked at him and hesitated. I think I'll stay with mom!

although his mother wasn't a good person, she still gave birth to him and didn't abandon him, yingluo.

after qin xuan finished speaking, he also felt a little dejected.

for some reason, he knew that his uncle did not like his mother. now that he had chosen his mother, would his uncle be unhappy?

therefore, he secretly looked at qin mo.

qin mo's heart ached at her carefulness. he sighed in his heart. in fact, qin xuan shouldn't have existed. even qin lu probably didn't know about this child's existence. it was ai jia's madness that caused qin xuan's tragedy.

he wanted to do everything he could to make it up to this child, but for the first time, qin mo was in a dilemma.

a ten-year-old child already knew far too much. otherwise, he could have raised this child with he huan.

at this moment, he could only comfort her warmly. ” “You can live with mom, but uncle can pick you up every week for two days. Qinxuan, how about that?”

Qin Xuan's eyes widened slightly. He never knew that he could discuss with adults and that he could have it even if he chose 1 or 2. Tears welled up in his beautiful eyes.

“Boys can't cry!” Yi Huan shouted.
