Chapter 4731: Be good and obedient (1)

Yi Huan shrieked, " don't cry, you're a boy!

qin xuan bit his lip. his eyes were red, and it made her heart ache.

Qin mo stretched out his hand to touch mo yihuan's little head. don't say that.

Yi Huan sneaked a glance at Qin Xuan and added, " "you're a boy! Even brother Shen ting never cries."

Qin Xuan liked Yi Huan a lot, probably because they were related by blood. He asked in a low voice,"what if he's sad?"

little yi huan shook her head.

...

sad? Sad? brother shen ting?

It didn't seem like it would!

She had to ask him if he was sad. However, Qin Xuan was still looking at her with a look of eagerness, which made Yi Huan feel like she was the boss now.

she looked at qin xuan from head to toe and felt that he had the potential to become her underling.

" well, you know, men, " yi huan replied, " they either drink a little or go play basketball. that's about it, daddy, okay? "

little people still needed the right answer.

Qin mo had mixed feelings at first, but after Yi Huan's joke, he could not help but smile. He answered her seriously, "but Qin Xuan is very young and he is not in good health. He can't play basketball for the time being."

Yi Huan was in a difficult position. She stared at Qin Xuan for a long time as if she wanted to think of a good idea for him. Of course, in the end, she didn't come up with anything. She sighed. "you should just cry!"

however, qin xuan could no longer cry.

he stared at yi huan curiously.

"Brother Qin Xuan, let's go home," Yi Huan said as she pulled on his hand.

Qin Xuan's older brother ran home and ran. Qin Xuan felt like crying again.

'i can't cry, i can't cry,' he told himself.

qin mo opened the car door for the two children and reminded them when he got into the car to put on his seat belt. qin xuan rarely went out, so it was yi huan who helped him put on his seat belt.

yi huan was happy that she had another brother. as long as he was not her father's child, she was happy.

As Qin mo drove, his emotions became complicated. He had already thought of what to say to he Huan, but he didn't know how he Huan would react.

In fact, he could have handed Qin Xuan over to someone else, but he couldn't leave Qin Xuan alone and let someone else take care of him.

qin chen had said that he was looking for trouble for himself. qin mo was very clear about this, but in the face of qin xuan, he couldn't let go. he wanted to make up for what he owed qin lu on this child.

moreover, qin xuan was a good boy and he got along well with yihuan. perhaps, he could keep qin xuan by his side.

as qin mo was thinking about this, the car drove into the villa. at this time, the sky was already turning dark.

qin mo brought the two children out of the car. qin xuan seemed a little awkward, so qin mo comforted him.

he huan was already waiting when they entered the house.

in the warm big house, the lights were also warm. in the middle of the living room, there was a trolley with a three-layer cake on it with the number 35 on it.

Qin mo stood still and looked at his wife. "Does anyone celebrate their birthday? i don't remember anyone in my family being 35 years old."

Qin mo said as he took off his coat and placed it on the sofa. He also put Yi Huan's bag away.

He Huan's gaze landed on Qin Xuan's face and said softly, " "this is qin lu's child? It's so beautiful!"

Chapter 4732: Be good and obedient (2)

He Huan's gaze landed on Qin Xuan's face and said softly, " "This is Qin Lu's child? It's so beautiful!"

Qin Mo's gaze became a little warm as he acknowledged, " "Yes."

he touched qin xuan's palm gently. " call me auntie. "

Qin Xuan raised his head and looked at he Huan, meowing like a kitten.

He Huan squatted down and touched Qin Xuan's head like Qin mo did. Let's Eat Cake together. Auntie made a lot of dishes tonight. There's two children's meals.

qin xuan's small face blushed. this was a rare sight, and he was a little shy.

...

He Huan was very beautiful and gentle. This was the first time a woman had spoken to him so gently and even asked him to eat cake with her.

Qin Xuan hadn't celebrated his birthday, so cakes were unfamiliar to him.

So when he Huan led him to the cake, he looked at the cake with desire.

yi huan also jumped over and clapped her hands, "It looks great."

She thought for a moment. mom, do you want to wait for brother Shen ting? "

He Huan smiled and said,"you can leave the best piece for him." Alright?"

Yi Huan raised her head and looked at her mother. Then, she screamed,"I got it!"

"what do you know?" he huan lowered her head.

Yi Huan's eyes were still on her face, and she said in a particularly slow voice, "i know. mom wants to eat too. she can't wait."

He Huan was speechless.

At this moment, Qin mo looked at he Huan. The weather in the early spring was a little cold, but he Huan was wearing a set of white casual clothes at home. It was the kind with a hat, the kind that was like a rabbit.

It was very cute and quite rare.

he huan didn't know what to say. qin mo walked behind her and gently hugged her waist. "are you that greedy?"

he huan was shocked. she instinctively wanted to break free, but he held her a little tight.

she turned her head to look at him and simply let him be. she just pouted her small mouth. "i'm not as greedy as you say."

Qin mo laughed. really?"

"Of course." he huan snorted and looked at the cake. "my movie's box office has exceeded 3.5 billion. shouldn't we be celebrating?"

"you still want to be a director?" qin mo laughed.

As he spoke, he helped her light the candle and crossed his arm over her, as if he was holding her in his arms.

And he didn't care about the children's teasing.

Yi Huan was already used to it. After all, the person her father loved the most was her mother.

Qin mo lit the candle and asked he Huan to make a wish. She was puzzled.

"you're a big director!" he smiled and urged her. "blow out the candles. the children are waiting to eat the cake."

he huan blew out the candle in embarrassment. qin mo cut a few pieces for the two small ones and gave he huan a rather large piece. she said that she couldn't finish it, but she finished it in a short while. in return, qin mo gave her a mocking look.

it was qin xuan's first time eating cake, so he ate very slowly, as if he was carefully tasting the taste.

he had a taste of happiness, a happiness that he had only seen in books and on tv.

he was careful not to show it, because if he was too happy, everything in front of him would disappear.

after he huan finished eating, she wanted to order another piece. however, as a middle-aged lady, she gave up the idea when she thought about her figure.

Instead, Momo watched as Yi Huan ate a big piece and cut another big piece. She ate it with satisfaction. Momo's stomach was small, and her face was full of satisfaction. She even exchanged her thoughts with Qin Xuan.

Chapter 4733: Be good and obedient (3)

On the other hand, Qin Xuan had a reserved look on his face. He smiled lightly, indicating that this was the best cake he had ever eaten.

He was too embarrassed to say that it was his first time. Yi Huan nodded in understanding, "That's because you're eating with me. That's why I think it's especially delicious and fragrant."

ugh!

Qin Xuan was speechless for a moment. He was happy with such confidence!

he huan, who was standing at the side, was also stunned.

yihuan was so confident.

...

Qin mo smiled. it's hereditary. You were like this when you were young. You were like this when you were in my house.

he was just like qin xuan at that time. he was stunned and attracted to her. it was as if he was happy to have such a little thing in his house.

Slowly, he developed the mentality of keeping her to himself. He wanted to keep such a vile person to himself forever, so that he would be happy forever.

Just thinking about it made Qin mo smile slightly. He and he Huan had a beautiful childhood, at least he thought so. But he Huan would probably just cry out when he thought about it. He had indeed made fun of her a lot.

But now, he Huan obviously wanted to eat more, but she was restraining herself.

He smiled and pushed the cake that he had just taken two bites of to her. "this is for you,"

"you've already eaten qin mo's." he huan's face was full of disdain.

"i just touched the side, it doesn't affect the taste. or do you think i'm dirty?" he asked with a smile, his tone gentle.

he huan stared at him.

qin mo stretched out his hand and fed her a small one. "be good, eat it and don't waste it."

he huan resisted as she shouted, " why don't you eat it yourself? "

She disliked it a little, but when she ate it, she felt that it was really fragrant.

thus, he lowered his gaze and gestured silently.

Qin mo laughed and continued to feed her. He finished feeding her mouthful by mouthful and successfully filled he Huan's stomach.

after that, he huan and yi huan lay on the sofa while qin mo let he huan lean on his lap.

seeing this, yi huan also grabbed qin xuan and rested her head on his stomach.

Now, they just had to wait for Shen ting to come back for dinner. However, Shen ting called at six o'clock, saying that he had an event in school and would only be back at eight o'clock. Originally, they were going to start eating, but the two of them were too full, so they decided to wait for Shen ting to come back and eat together. It was also a good opportunity for Qin Xuan and Shen ting to get to know each other. After all, they were all important members of the family.

Qin Xuan had been a little restrained, but Yi Huan was getting impatient, so she dragged him upstairs to see her treasures. Many of them were bought by brother Shen ting and brother Xiang Nan.

Downstairs, he Huan raised her head and watched the children go upstairs. She sat up and scratched her hair. why is there a child suddenly? where's Qin Lu? is it inconvenient to take care of him? "

Although she didn't bring any luggage, and Qin mo didn't say anything, she just had a feeling that Qin Xuan was going to stay at home for a long time. She didn't have anything else, but she was still curious. After all, there was one more person at home.

At this moment, Qin mo wanted to smoke, but he held it back.

After a moment of silence, he reached out to stroke he Huan's hair and pressed her little head into his arms. "qin lu is no longer around. when i was in the states, he saved me yingluo"

He Huan was stunned.

How could this be?

She remembered that Qin Lu was so powerful. Even such a person would be ridiculed and it was for Qin mo?

her expression was a little dazed. qin mo smiled bitterly. " it's true. "

Chapter 4734: Be good and obedient (4)

“where’s qin xuan’s mother?” he huan asked again.

qin mo didn’t answer directly. he reached out and pulled his wife’s hair before saying softly, ” ” qin xuan is sick with leukemia, so it’s better for the qin family to take care of him. if possible, i want to bring him to our side. as for his mother, yingluo ... ”

“it’s not suitable to take care of qin xuan,” he said conservatively.

He Huan was in disbelief. She had forgotten about Yi Huan, but when she saw Yi Huan, she knew that this was her child and she was willing to do anything.

“she doesn’t love qin xuan? because he’s sick?”

qin mo stared at her for a while and then nodded his head gently.

...

He Huan let out a long ‘Oh’, then said very slowly, ” if she doesn’t want Qin Xuan, you can take him back. I’m no longer a famous director, so it shouldn’t be a problem for me to take care of a child.

“I thought you would throw it to Shen ting,” Qin mo laughed.

” you’re the one who found shen ting, ” he huan said unhappily. ” why did you ask me to throw it to shen ting? ”

Qin mo was still smiling. At this moment, he felt that he Huan was extremely soft and obedient.

she was even more obedient and adorable than when she was a young girl. men actually didn't need women to be very capable. as long as she was by his side, she would be better than ever when she was happy.

But at the same time, he knew that he had hidden a part of it. He couldn't tell he Huan that Qin Xuan's mother was AI Jia, a despicable person who had hurt he Huan and caused her to lose her memory. She had even done many heartless things. Other than being afraid that he Huan wouldn't be able to accept it, it was also because of Qin Xuan.

he was afraid that he huan would treat this child with complicated feelings, and he always owed qin lu.

qin mo's emotions were extremely complicated. in the end, he sighed and gently pulled he huan into his arms.

"huanhuan, i've liked you since you were young. the qin family's men are very loyal, okay?" she said softly after a long while.

he huan was a little overwhelmed by his sudden gentleness and confession. after a long time, she whispered, "Qin mo, what's wrong?"

He didn't say anything and just hugged her tightly.

Oh, " he Huan replied. She didn't say anything else and quietly hugged him with her small hands.

She felt that Qin mo needed comfort at this moment.

At this moment, Yi Huan and Qin Xuan peeked from the second floor. Yi Huan's voice sounded old and mature. see, like I said, we're hugging again. We'll hug whenever we're free!

Qin Xuan's small face was slightly red. After all, this was the first time he had seen such a scene, so his eyes were fixed on it, not moving.

Brother Qin Xuan, you have to get used to it. Don't act like you've never seen the world before. You have to get used to being in our house. You have to get used to the fact that dad only has eyes for mom. I'm just like a cheat in a pocket dimension. Yi Huan comforted him.

He sighed again. I'm used to it. I've accepted my fate.

baby, don't cry. baby still has brother shen ting.

Qin Xuan's eyes were still fixed on the people embracing each other. After a long time, he whispered, " "Are uncle and Auntie very in love?"

"it's such an obvious fact, and you still want to ask?" yi huan shrieked.

qin xuan bit his lip and slowly said, " " but i don't know if my father and mother are in love. my mother has never mentioned my father, and i have never seen him before. i only know that he looks like uncle qin mo. "

The first time he saw Qin mo, he almost called him 'dad'.

However, this man, who looked almost identical to the man in the photo, squatted down and told him very gently that he was an uncle.

At that moment, Qin Xuan's nose turned sour.

At that moment, he finally believed that his father was no longer around.

all the care he was showing now was sympathy.

Chapter 4735: I don't want your opinion, I want mine (1)

Qin Xuan's expression was particularly gloomy.

Everything in front of him was blissful, but it didn't belong to him.

To him, it was like a dream, like an illusion.

even a little girl like yi huan could tell that something was wrong with him. she had seen a lot of things on tv, so she gave qin xuan a comforting hug and promised, ” “i’ll be here in the future.”

qin xuan looked at the little guy, who was as tall as him.

he wasn’t very tall because of his poor health, but he knew more than yi huan and was very sensitive.

...

qin xuan had an indescribable feeling when yi huan hugged him. he knew that she was his sister, and he could feel the difference brought about by the blood relationship.

At this time, Shen ting just happened to come back. He was already used to the dog food downstairs.

however, on the second floor, little yihuan was carrying a very good-looking little boy. the little boy was as pretty as yihuan.

Shen ting just looked up and ignored he Huan and Qin mo.

When Yi Huan saw Shen ting, she let go of Qin Xuan and ran downstairs like a train. “Big brother.”

she hugged shen ting like a little bear.

Shen ting smiled. what’s wrong? ”

yi huan was lifted up by him. she pointed upstairs and said, ” this is brother qin xuan. ”

qin?

shen ting felt his heart calm down. he put yi huan down and looked at qin xuan with a warm smile.

qin xuan looked especially shy, at least more reserved than yi huan.

when shen ting looked at qin xuan, qin xuan also looked back at him.

From Shen ting, he saw a very warm power. It was a characteristic that belonged to young boys who were older than him, and this attribute attracted Shen ting, making him want to get close to him.

Qin Xuan walked down the stairs step by step until he was in front of Shen ting. They were only four or five years apart, but one was 170 years old and the other was only one meter long. The difference was not small.

Shen ting clearly knew that Qin Xuan was a big fan, but seeing how small and cute Qin Xuan was, he still couldn't help but pick him up and kiss him like a child.

this was one of the dark histories that qin xuan would never forget after he became an adult.

he was willing to bet that shen ting was kissing him like he was a little kid. he was almost 10 years old!

This was automatic?

however, the 10-year-old qin xuan wouldn't refuse at all. his face was slightly red as he looked at shen ting with a reserved expression. he didn't know how to refuse. later on, ye xiangnan saw him and heard that shen ting had hugged and kissed him before. he also hugged and kissed him once. this was another dark history for qin xuan!

at this time, qin xuan was in shen ting's arms, and he couldn't get down. he was a little anxious, but he was too embarrassed to say it, so his face was a little red.

"Qin Xuan, you're really prettier than a girl," Yi Huan said.

qin xuan's reaction was that his face turned even redder.

he looked at it with joy and then said happily, ” “it’s really good!”

qin mo’s face darkened.

Shen ting was a boy, after all. He could guess what Shen ting was thinking. He also knew that he had been a little rude just now. He was not usually like this. It was probably because Qin Xuan and yihuan looked too similar, and they were very cute.

for a moment, he couldn’t help it and his hand slipped.

qin mo and he huan had stopped hugging a long time ago. they laughed out loud when they saw the situation.

Chapter 4736: i don’t want what you think, i want what i think 2

qin mo and he huan had stopped hugging a long time ago. they laughed out loud when they saw the situation.

qin xuan was even more embarrassed. he lowered his slender neck. the skin on his neck was very white, and the blood vessels were almost transparent.

shen ting was older, so he could tell that qin xuan’s health wasn’t good. he probably had a bad illness, but he was older, so he didn’t say anything. he pulled the children to the bathroom with one hand and said,”Wash your hands and eat.”

the back view of one adult and two children looked very heartwarming.

qin mo tilted his head and looked at he huan. ” mrs. qin. how are you feeling? ”

“Shen ting isn’t at home, so I can personally teach Qin Xuan a lot of times,” he Huan said.

...

after she finished speaking, qin mo looked at her and his voice suddenly turned hoarse. ” he huan, are you extending your love to your crow? ”

He Huan’s eyes were on his chest. She didn’t say anything and just reached out to pull at his sweater.

“You can also explain it that way.”

Qin mo smiled and patted her. “go wash your hands.”

“You can’t treat me like a child,” he Huan said unhappily.

“Not 18 years old?” qin mo’s face had a mischievous expression.

he huan stared at him for a few seconds before running away.

once she left, qin mo went to the dining room and sat down. after sitting down, he touched his pocket and instinctively wanted to smoke.

However, when she thought about the fact that the children were still around, and that Shen ting was under a lot of pressure and was in his teens, she gave up.

as he was thinking, he huan and a few children came over for lunch. the food was authentic chinese food. before the meal, yi huan offered a piece of cake to shen ting.”Big brother, have some cake.”

shen ting was surprised.

qin mo did not deny it. ” your auntie wanted to eat it herself. she found an excuse and ordered a cake. ”

He really hit the nail on the head and didn’t leave any face!

shen ting could hear it, but he pretended not to. he continued to smile, ” “i’ll try it.”

Most men and boys didn't eat sweet things, and Shen ting was no exception. However, he would give face to the kind intentions of his elders or to yihuan's pleasing. After a few bites, Shen ting saw yihuan's sparkling eyes and laughed. Then, he began to feed her the cake on the small plate.

Yi Huan ate it secretly, bite by bite.

she definitely wasn't greedy. she was just doing brother shen ting a small favor.

qin xuan was young, only in his teens, but he could tell that shen ting treated yi huan differently.

Then, Shen ting's surname would be Shen, and yihuan's surname would be Qin. Everything would be fine.

while qin xuan was still lost in his thoughts, qin mo served him some vegetables and asked gently, "Are you used to the chopsticks?"

Qin Xuan nodded shyly, then picked up the food and ate it in a very refined manner. He was very familiar with it, and Qin mo was also relieved. He was afraid that this child would only know how to use a knife and fork after staying abroad for a long time.

he huan didn't really care about things. qin xuan had qin mo to take care of him, so she didn't have to worry. she drank some nourishing soup and felt a little hot, so her face turned a little red.

She had been taking good care of herself recently, nourishing herself every day, and Yingying's little face was a little hot.

She raised her head and saw Qin mo looking at her. Her face became even hotter.

"Don't fall asleep, wait for me." Qin mo leaned forward and whispered to her.

He Huan's eyes widened as she glared at him.

He really did not know shame.

“Qin Xuan is here, shouldn’t we have a small meeting?” Qin mo chuckled.

he huan bit her lip and couldn’t help but say, ” “Qin mo!”

Chapter 4737: i don’t want your opinion, i want mine (3)

Qin mo smiled and lowered his voice. I’ll put Qin Xuan to sleep first. We can’t always count on Shen ting to be his mother, right? ”

He Huan felt that he was getting more and more out of hand, so she simply ignored him.

qin mo laughed again and finished his meal.

He still had work to deal with, so he let yihuan play with Qin Xuan. After giving some instructions, he looked at Shen ting and asked him to go to the study room with him.

Shen ting nodded.

He had a lot of homework to do tonight, but uncle Qin’s assessment of him had always been about companies and finance. Qin mo had never asked about his school homework.

...

After the meal, he went to Qin Mo’s study room and participated in an international Shiyi news conference. Qin mo didn’t ask him to watch. Instead, he introduced Shen ting as his assistant to all the foreign senior executives.

Fortunately, Shen ting was tall enough. Although he was a little inexperienced, he didn’t arouse any suspicion.

Shen ting's English had long reached the level of a translator. At this time, he was even more fluent in communicating with the other side. His ability to respond and absorb the information surprised Qin mo. He thought that if he let Shen ting out now, he could take over the position in his early 20s. However, he had promised to let him spend three years with yihuan.

Men were all ambitious. In fact, Qin mo wanted an extraordinary business genius to be born in his own hands. He was almost regretting it now, but it seemed that it was useless to regret it.

after the meeting, qin mo closed his notebook and looked at shen ting, who was taking notes on the sofa. he asked in a relaxed and happy tone, " "how do you feel?"

shen ting raised his eyes slightly, then lowered his head and wrote down the last few lines. " it's alright. "

qin mo's good-looking fingers gently tapped on the clean table. after thinking for a while, he asked, " "You still have homework later, right? can you handle it?"

As he spoke, he picked up the coffee that Qin Chen had specially prepared and took a sip.

as for shen ting, he could only drink red bull and doba. children were not allowed to drink coffee, no matter how sleepy they were.

"No problem." Shen ting shook his head.

qin mo smiled. " yihuan, you have to take care of it. i still have to study at school and work at the company. there's even qin xuan at home. i'm a little busy. "

" yihuan and qin xuan aren't trouble, " shen ting replied without hesitation. " they're just a part of my life. uncle, i don't feel tired. "

There was a deeper meaning to these words!

at this moment, qin mo, as an old father, sized up shen ting. he felt that this young man's ambition was not small. however, this little wolf was recruited into the family by himself, but was he more outstanding than he had thought?

qin mo looked at shen ting. shen ting's emotional intelligence was so high that he could feel the hostility from his father.

Shen ting's gaze looked straight into Qin Mo's eyes. His eyes were filled with determination, making Qin mo feel rather helpless. He was also a little convinced and a little proud. Such an outstanding young man, he had personally picked him.

He sighed and walked out with Shen ting.

She stretched out her hand and placed it on Shen ting's shoulder. Then, she smiled again. "if you really are my son, that's good too."

that would be perfect.

Shen ting's body froze. At that moment, he could feel Qin Mo's high regard for him and his regret that he was not his biological son.

Compared to Yi Huan's identity as her husband, Qin mo preferred him to be the rightful successor. However, Shen ting's identity was a little subtle.

He stood at the door of the study, then smiled and said, "uncle, i'll find a balance."

Qin mo sighed again.

Chapter 4738: I don't want what you think, I want what I think (4)

Qin mo sighed again.

He was such a good child. Was he being too harsh on him? Shen ting was a good person, but yihuan might not fall in love with Shen ting when she grew up. By then, he would feel that he had let Shen ting down. After all, he had worked so hard for so many years.

however, the man still understood men. no matter how much he sighed, it was just a pat on his shoulder.

After leaving the study, Shen ting went to do his homework.

qin mo went to yi huan's room, where qin xuan was.

Because it was too temporary, Qin Xuan didn't have his own bedroom, so he could only sleep in the guest room tonight.

...

qin mo took qin xuan away. at the door, he thought for a while and told his younger daughter, "shen ting might stay up very late tonight. don't disturb him!"

"oh, " yi huan replied. then, she secretly thought to herself that shen ting's life seemed to be very boring. every day, he was either working with his father or studying in class. he missed brother nan so much.

Did all men have to work so hard?

in that case, she'd better not be a man and be a little girl.

so after her father closed the door, the little girl went to look through her little dress and found that she didn't have many. it was time to add a few little dresses.

qin mo didn't know that yi huan changed her mind so quickly. she was willing to change her aesthetics only because she felt that boys were too pungent.

at this time, he was only worried about qin xuan. he was afraid that this child was shy with strangers, but fortunately, qin xuan was willing to stay. of course, if he stayed to take care of the child for a long time, he still had to talk to him. shen ting couldn't replace him in this matter.

The guest room was also a suite. The coat, clothes, and bathroom were all separate. If Qin Xuan stayed for a long time, he only needed to decorate it in a style that boys liked.

he closed the door. the light inside was warm, and there was a very comfortable sofa placed in front of the floor-to-ceiling window.

the moonlight from outside gently seeped in, making people feel very comfortable. qin xuan felt that this place was like a home. there were brother shen ting, aunties and uncles, and delicious dishes and cakes. he fell in love with this place, but he didn't dare to love it too much. he was afraid that if he loved it too much, he would be disappointed if he couldn't come. he grew up in disappointment time and time again.

therefore, qin xuan's love for her had always been shallow, restrained, and patient. even for the girls he liked after he grew up, it was only 50%.

that was because if she liked too much, she would be very sad if she lost it.

Just like now, he clearly liked it, but he was trying hard to convince himself that it was only five points.

Qin mo stretched out his hand and gently patted the child's head. do you like it here? ”

“Yes,” Qin Xuan nodded.

Qin Mo's expression and voice became gentler. I've told your aunt that you can stay here for a long time, ran ran.

after he finished speaking, his gaze fell on qin xuan's face.

“What about mom? can she live here too?” Qin Xuan asked softly.

Qin mo shook his head, ” only Qin Xuan.

This was a huge temptation for Qin Xuan. He yearned for this kind of warmth, but he also felt that if he agreed, he wouldn't be able to bear it if he lost it in the future.

Without possession, one would not lose.

This was the rule of survival he had followed since he was a child, and it was a rule that made people feel sad, so he lowered his head.”mommy won’t be happy,”

qin mo probably understood what he was thinking. after all, qin xuan was only a 10 year old child. his mind was very transparent, so how could it escape the eyes of an adult?

“What if your mother is willing to let you stay with the Qin family?” Qin Mo’s voice was hoarse.

Chapter 4739: i don’t want your opinion, i want mine (5)

“What if your mother is willing to let you stay with the Qin family?” Qin Mo’s voice was hoarse.

Qin Xuan raised his eyes and stared at Qin mo. After a long time, he slowly said,”Uncle, do you want me?”

“Yes, I want to take care of you personally.” qin mo smiled warmly and carried qin xuan.

This was a warmth that Qin Xuan couldn’t refuse.

Qin Xuan had been certain that he wanted to live with his mother, but now he hesitated.

To Qin Xuan, his mother was the one who gave birth to him, but she wasn’t his family. Only after he came to Qin Mo’s side did he feel what family was.

...

One couldn’t help but want to get closer.

Qin Xuan bit his lower lip. His little face was also unbelievably beautiful.

finally, he slowly leaned into qin mo's arms. it was a warm and broad embrace that could carry all of the little boy's thoughts.

At that moment, he wanted to cry, but he remembered that yihuan had told him that he was a boy, so he held it in.

Qin mo could feel his emotions and lowered his head to kiss the little guy's forehead. "actually, it's not just boys. even adult men have times when they break down. it's not embarrassing to cry."

Qin Xuan gasped and looked at Qin mo in disbelief. His voice was even softer, " "uncle, did you cry before?"

after hesitating for a few seconds, qin mo smiled faintly. " "he should have cried!"

" ah! " qin xuan exclaimed and rested his face on qin mo's arm. after a while, he asked carefully, " "Uncle, why are you crying?"

Qin mo laughed lightly. it's because of my feelings. It's because of your aunt.

Qin Xuan didn't know what feelings were, and he didn't dare to ask.

He only obediently lay in Qin Mo's arms. At this moment, he felt that he was very close to his uncle because he would feel sad and want to cry. His uncle would feel the same way. So they were the same kind of people.

qin mo coaxed him for a long time to make sure that he was not afraid of the dark before he opened the door and left.

At the door, he looked at the bed again. Qin Xuan's small head was buried under the blanket, and only his head was exposed. In the dark, his eyes were bright.

Qin mo smiled and closed the door. He then went to see the other two children before returning to the bedroom.

indeed, he huan was still awake. after taking a shower, she put on her pajamas and leaned on the sofa to play games. however, she wasn't waiting for him to do anything. instead, she had something to ask qin mo.

after all, they suddenly had a child of this age in the family.

Qin mo opened the door to the bedroom and saw he Huan sitting there. He rubbed his brows and walked over to sit beside her. He pulled her into his arms."You're really waiting for me?"

he huan was still playing her game, and he was acting like this, so she shouted, " "wait a minute, i'll finish this round."

Qin Mo's gaze landed on her face. A few seconds later, he let go of her and leaned against the sofa's armrest with his eyes closed to rest. He Huan continued to play and took the time to look at him. are you very tired? "

Qin Mo closed his eyes and hummed in agreement.

he huan finished the game in a few moves. of course, she didn't care if she lost. she threw her phone down and leaned closer to him to look at him carefully. they were so close that they could feel each other's long breaths.

qin mo suddenly laughed. he placed his hands behind his head and opened his eyes to look at her. " what's wrong? "

He Huan knelt beside him and looked at Qin mo carefully. He didn't say anything and just let her look.

"where's qin xuan's mother?" he huan muttered.

Chapter 4740: i don't want your opinion, i want mine (6)

Under the warm light, Qin Mo's eyes deepened. After a long time, he said in a low and hoarse voice, "his mother is Edgar."

under the same warm light, he Huan's face changed and became a little pale.

She looked at Qin Mo and said slowly, "is it the AI Jia who made me lose my memory?"

although she couldn't remember much about the past, she knew that AI Jia was AI Mengmeng's sister after she lost her memory. AI Jia had caused AI Mengmeng to run away from home and had done so many bad things in the past.

how could she be Qin Xuan's mother?

he Huan was shocked, but Qin Mo didn't say anything. she just looked at him.

...

After a long time, Qin Mo sighed, "it's very complicated." "It was Aijia who spent money from the gold vault and specifically asked for Qin Lu, so Qin Lu doesn't even know about this child. Qin Lu is no longer around, and Qin Xuan is seriously ill, so I want to take care of him personally. He Huan, I know that this request is too much for you, so this is a discussion, not a notice."

he Huan was still in shock and kept looking at Qin Mo.

Qin Mo reached out and ruffled her hair. I know that this is very unfair, but I owe Qin Lu this. I owe him my life.

he Huan looked at him and said softly, "If she wanted to use you to pay back, would you still send yourself to her?"

After she finished speaking, Qin Mo laughed. you're jealous at a time like this?"

"I'm not!" He Huan bit her lip and snorted.

qin mo smiled. ” of course not. i only owe qin lu and qin xuan. as for aijia, i can negotiate some conditions. ”

he huan looked at his expression and knew how worried he was. she couldn't help but lean over and said in a low voice, Qin mo, you're feeling very sad and conflicted, aren't you? ”

Her approach made Qin mo feel a lot better. He reached out and stroked her hair gently, his voice slightly low. “Believe me, I also want the Aijia rope to be used by the Farron as well.”

“But for the sake of Qin Xuan, you'll let her go and even promise her some conditions, right?” He Huan raised her head. Qin mo, this isn't your style.

qin mo smiled bitterly and sighed. ” you know, Qin Lu didn't grow up in the Qin family. He had his mission, but in the end, his life was given to me.

When he Huan heard this, she retreated from Qin Mo's arms.

qin mo allowed her to leave as well. he huan retreated to the other end of the sofa, hugging her knees with both hands and burying her head in them.

But after a while, she would secretly look at Qin mo.

Qin mo felt a little sad for he Huan.

he sighed. he was making things difficult for her.

At this time, she needed some time to digest.

He Huan was left alone for a long time before she turned her head to look at him. Her eyes were filled with stubbornness.

There were also tears that she had been holding back.

this was a very difficult thing for he huan.

right now, she still had the mind of an 18-year-old, and she wasn't much more mature than shen ting. but now, the cruel reality was attacking her.

Qin mo didn't want to, but he knew that he had to tell her.

After some time, he Huan's voice was very soft, even with a hint of nasal tone. She said, " qin mo, i want to sleep. "

when people wanted to escape from certain things, they would use eating, shopping, or even sleeping to escape reality. he huan was no exception. she wanted to sleep right now.
