

Thank you 4741

Chapter 4741: i don't want what you think, i want what i think 7

She had just moved when Qin mo reached out to hold her hand. His voice was slightly low."He Huan,"

he huan sniffled and said,"let's talk about it tomorrow. i want to sleep now."

according to the man's personality, today's matter should be resolved today. however, he huan was not a man, so he could not force her.

qin mo still let go of her and caressed her hair instead. his voice was very gentle. " "Go to sleep, I'm going to take a shower."

" oh, " he huan replied, her voice like a kitten.

Qin mo knew that he had made things difficult for her today. He smiled gently at her and wanted to hug her.

...

he did not say it out loud.

but for some reason, he huan came over and hugged him.

qin mo's body froze. he felt the small and cute creature in his arms. he lowered his head and kissed her forehead. " what's wrong? "

he huan threw herself into his arms. after a while, she raised her head and said in a soft and cute voice, " "

qin mo, you're also very sad, aren't you?"

qin mo didn't say anything and he huan didn't ask anymore. she only kissed him through the sweater. " i'm going to sleep. "

Qin mo watched as she climbed onto the bed, lay down, and pulled up the blanket.

he stood there in silence for a while before going to the bathroom. he didn't take a shower immediately, but leaned against the sink and smoked for a while until the box was empty. he then crushed the box and threw it into the trash can. he turned on the exhaust to get rid of the smell, then took a quick shower.

When Qin mo returned to the bedroom, he Huan seemed to have fallen asleep. Only a lock of black hair was exposed.

he smiled, walked over, lifted the blanket, and lay down beside her.

Knowing that she was not asleep, he tugged her hair. "aren't you afraid of being suffocated like this?"

"You don't need to care." He Huan's voice was muffled. Then, she turned around and ignored him.

Qin mo laughed unconsciously. He lay flat and looked at the ceiling. After a while, he couldn't help but turn her around."Still angry?"

he huan refused to get close to him. she lowered her head and snorted."Should I not be angry?"

"i should." qin mo mumbled, " it's my fault. "

He Huan felt a little wronged. She didn't remember anything. He said that they were husband and wife and that they were very in love.

rong yue also had a wife now. she didn't know what to do at all. only after she got together with qin mo did she realize that he really had a lot of things to do.

He Huan's small face was pressed against the pillow, and her fingers gently touched the pillowcase. Her voice was very, very soft. "with you acting like this, i really don't know how our relationship was so good in the past. we were even in love. qin mo, are you lying to me? you have a lot of dark history. i'm not that stupid, right?"

Qin mo laughed in a low voice. but you're a fool.

"you're the idiot." She said, unconvinced.

qin mo was still smiling. " yes, i'm an idiot too. "

after he finished speaking, he huan looked at him and lay on the pillow. " "Time to sleep."

qin mo raised his hand and dimmed the lights before lying down together.

he huan's body was still a little weak. even though her mind was filled with thoughts, she still fell asleep very quickly, especially in his warm arms.

On the other hand, Qin mo didn't fall asleep until late at night. He wanted to go to the study room to smoke a few cigarettes, but he Huan kept hugging him. He was afraid of waking her up, so he quietly lay there until late at night.

When he woke up, his phone rang. He held he Huan with one hand and reached to the bed to get the phone.

the call was from none other than edgar.

Chapter 4742: I don't want what you think, I want what I think 8

qin mo looked down at he huan.

she woke up in his arms, her eyes wide open.

Looking at her expression, she seemed to mind it very much.

Qin mo reached out and pinched her little face. Then, he lifted the blanket and got up. "I'm going to the study to answer a call."

he huan wanted to say something, but qin mo had already left and closed the door behind him.

he huan wanted to listen to it because she saw that it was ai jia, but she gave up after thinking about it.

...

qin mo went to the study room for about five minutes before he returned. after he returned, he placed his phone aside and leaned against the bed.

he huan raised her head. " what did you talk about? "

Qin mo tilted his head and looked at her silently for a long time. Then, he whispered, " "we'll talk about it later."

"He Huan, anything that can be solved with money is not a problem." He reached out and held her hand.

he huan looked up and said in a weak voice, " "Qin mo, it's not that I can't bear to part with the money."

"I know," "You just don't want me to see her," he said with a smile.

"I didn't think that way," he Huan widened her eyes.

Qin mo was still smiling as he looked at her.

He Huan did not make a sound.

after a long, long time, she was like a little lamb, her voice filled with dissatisfaction.”She doesn’t want you to see her.”

qin mo laughed out loud and looked at her very gently. ” “Why don’t we go together?”

When he said this, he Huan bit her lower lip.”No, I don’t want to see her,”

Qin mo smiled. you can’t do this, you can’t do that either. What should we do then? ”

“Qin Xuan and I will be waiting for you in the car,” he Huan said.

qin mo stared at her for a long time before he smiled and agreed.

he huan stared at him and only spoke after a long while. ” qin mo, your smile has a deeper meaning.
”

He pinched her face and said,”you can even tell.” you’re so smart.”

He Huan glared at him. Qin mo leaned over and whispered, ” the meeting didn’t even happen last night. Think about how you’re going to make it up to me.

he huan took a long time to understand what he meant, and then shouted, ” “you’re shameless.”

qin mo laughed in a low voice. he had already gone to the bathroom and quickly tidied himself up. he put on his shirt and suit pants and then put on his tie. he fiddled with it a few times but still did not seem very satisfied. hence, he walked in front of her. “help me.”

he huan got up from the blanket and knelt by the bed. then, she said in a low voice, ” “I might not be able to play well.”

as she said that, she had already taken the tie from his hand and tied it beautifully in a few moves.

He Huan was a little surprised herself. When did she have such skills?

qin mo smiled. ” i’ve said it before. our relationship was very good in the past. you often helped me play. practice makes perfect. this action of yours is already an instinct. ”

He Huan doubted his words.

qin mo bent down and kissed her. ” you’ll be up soon. i’ve arranged to meet you at 9 am. let’s send the children to school first, then talk to ai jia. if we have time, we can also help qin xuan to look at his school. ”

” isn’t he sick? ” he huan asked worriedly. ” isn’t it too early to visit the school? ”

qin mo’s expression was a little warm. ” we have to make him feel that he is a normal child and that he has a future. we can’t make qin xuan wait in this house. if that’s the case, there will be no difference from before and there will be no need for him to live with us. ”

He Huan acknowledged and said honestly, ” “But I still feel that Yingluo”

I don’t want what you think. I want to think that Yingluo will listen to me. qin mo thought of the most popular girls in the recent august and mischievously teased her.

Chapter 4743: aijia sold her son (1)

Qin mo drove a seven-seater car because he had to send the children and he Huan. After breakfast, he took the children one by one into the car. Since Shen ting was in charge of yihuan, he Huan brought Qin Xuan to the back seat of the car.

The bus full of children also made he Huan quite speechless. She clearly felt that she was still a young girl, but there were already three children at home.

it was a good thing that she wasn’t going to give birth anymore. if she did, the car wouldn’t even be big enough for her. he xiaohuan swore to herself that she wouldn’t give birth anymore. however, she

suddenly remembered that qin mo didn't seem to want her to give birth either. every time they did it, he would urge he huan to stop thinking about it, and her face would turn red.

From the rearview mirror, Qin mo saw that a certain child was blushing. Initially, he was not in a good mood because he had to talk to Ai Jia. However, his mood was much better now, and there was a hint of joy on his face.

he huan probably sensed his emotions, so she smiled.

the atmosphere in the car was very strange.

...

Shen ting naturally understood, and Yi Huan was used to it, but Qin Xuan didn't.

in this strange atmosphere, the two children went to their respective schools. after yi huan skipped to school with her bag, little qin xuan leaned against the window and watched for a long time.

Qin mo opened the car door and got in. He put on his seatbelt and smiled."if you want to go to school, uncle will arrange it immediately."

he had already contacted a good kindergarten today. it was a private one and it happened to be under qin mu's name. qin xuan would be taken care of there with his body.

if his conversation with ai jia went well, he would have to go for an interview later. qin mo did not want to be sloppy, so he would probably spend a lot of effort on it.

qin mo's car slid into the driveway and drove all the way to ai jia's villa.

after turning off the engine, he turned to look at qin xuan."i'm waiting in the car with auntie, okay?"

mm. Qin Xuan was very obedient, but there was a hint of uneasiness in his obedience.

"I'll be down in a while." Qin mo looked at he Huan.

“Don’t take too long,” he Huan nodded.

after she finished speaking, qin mo chuckled and opened the door to get out of the car.

she also thought that he was going to enter the villa, but he pulled the hand from the back seat, pressed her with one hand, and covered qin xuan’s eyes with the other. then he kissed her.

he huan didn’t know what to do. however, when she regained her senses, qin mo had already let go of her.

his voice was slightly hoarse. ” i’m going. ”

After letting go of the two of them, he closed the car door and entered the villa.

ai jia was already there. she was dressed in a dazzling red dress, and it was obvious that she had been prepared for this.

it was just that after so many changes and another trip in, her beauty had become a little more dusty.

Qin mo was used to seeing beautiful women, so he naturally didn’t put them in his eyes.

He sat across from Edgar and said, ” “let’s talk directly?”

aijia stood up, and feng poured her a cup of coffee. he bent over and asked softly, ” “you want qin xuan?”

as she spoke, she looked straight at qin mo.

qin mo didn’t say anything and didn’t drink his coffee. he just remained calm.

AI Jia ran her fingers through her hair. why? are you afraid that I’ll put something in your coffee? ”

qin mo didn't give her any face. " i just can't get used to drinking inferior coffee. "

AI Jia was really embarrassed, so she sat back in her original place, embarrassed.

Qin mo went straight to the point,"I want to get the custody of Qin Xuan. You can visit him if you want." edgar, we can talk about the conditions."

Chapter 4744: aijia sold her son (2)

ai jia's hand trembled as she picked up her coffee.

after a long time, she looked up at qin mo. " i want the assets left behind by the qin continent. "

"sure!" qin mo was very calm. " qin lu has two apartments and a villa in america. he also owns a private jet. also, he can transfer 10% of KING entertainment's shares to you or qin xuan. you can decide for yourself. "

"I don't want to sell my son," AI Jia lowered her eyes.

qin mo did not say anything.

in fact, when ai jia brought qin xuan to the qin family, she had betrayed them.

...

ai jia could make use of her son and ignore qin xuan's life and death, but she couldn't ignore qin mo.

In the Qin family, he was the one who should control Qin Xuan the most.

of course, he could let his parents take care of him, but it was a generation away. his other siblings had no obligation to take care of a sick child. so, even though he knew it was unfair to he huan and their lives were better, he still did it without hesitation. even if there would be many problems in the future, he would regret it if he didn't do it today.

Qin mo pushed a document in front of AI Jia. this is the transfer of assets. I'll get a lawyer to handle it after you've considered it and answered it. 10% of KING entertainment's shares are worth tens of billions. this is your only chance. if you sign it, you and qin xuan will have a good life."

"Can he live?" Aijia lowered her eyes.

Qin mo didn't answer AI Jia's question. In fact, no one knew what would happen tomorrow.

He just wanted to have a clear conscience, and he really liked and cared for that child.

if he didn't do it today, he would regret it tomorrow.

after a brief emotional moment, edgar smiled and said, " "it seems that it's better for qin xuan to return to the qin family. they have the best medical conditions and education."

As she spoke, she was about to sign the documents, and of course, the transfer of custody.

It stated that she could only see him once a week and couldn't stay overnight. The Qin family had the right to send someone to follow her for four hours.

Aijia pinched the paper, her face twisted. "do you think i'll harm qin xuan?"

"it's a little expensive, so you'll have to pay a little price," qin mo said in a calm voice.

" of course, you can choose to keep qin xuan, " he said coldly. " the qin family will still match him and take care of him, but the things you signed won't belong to you. "

He was sure of AI Jia's choice.

Sure enough, AI Jia still signed it. Everything she did before was just an act. If she believed it, she would lose.

after ai jia signed the form, she was also in a daze for a moment. she only remembered now.”Where’s Qin Xuan?”

Qin mo didn’t tell the truth. He kept the documents and said calmly, ” he’s at home. I’ll take him to the hospital later.

AI Jia wanted to say that she wanted to see Qin Xuan, but when she thought about the document she had just signed, she felt that it might be a little fake.

you ... she bit her lip and looked at Qin mo. will you look down on me? ”

“i won’t,” “To me, you are just a stranger,” Qin mo replied quickly.

Edgar’s face turned even uglier. She wanted to defend herself, but she didn’t know where to stand.

qin mo left. from the start to the end, it only took about ten minutes. just as he had told he huan, he would be back in a while.

when he opened the car door and got in, he huan bit her lip. ” “It’s done?”

qin mo put the documents away and smiled at qin xuan. ” “we’ll take you to the kindergarten for an interview.”

Chapter 4745: ai jia sold her son (3)

Qin mo put the documents away and smiled at Qin Xuan. “we’ll take you to the kindergarten for an interview.”

Qin Xuan couldn’t believe his eyes.

“in the future, you can still call us mom and dad if you want to.” qin mo smiled again.

God, this was a great temptation!

however, qin xuan still felt like he was in a dream. didn't he also believe that he could do it?

So he pinched her, but it didn't hurt.

...

Of course it didn't hurt. He was pinching her Huan, and he Huan cried out in pain.

Qin Xuan said sorry shyly. He Huan was afraid that he would overthink, so she comforted him by saying that it didn't hurt.

Actually, how could it not hurt?

Qin mo was very clear about this and chuckled. if you're not used to it, you can call them uncle and Auntie for the time being. Shen ting also calls them that.

Although Qin Xuan was weak, he was still a boy. Therefore, Qin mo wanted to treat him like a boy. Blindly doting on him was not good.

After he finished speaking, Qin Xuan grunted in agreement, his tone carrying a hint of joy. It wasn't that he didn't love AI Jia at all. Rather than saying that AI Jia was his mother, it was more accurate to say that she was the one who gave birth to him.

and the one who gave him kinship was qin mo.

Qin Xuan really liked that house. Now that he suddenly said that he could live there, his feelings were particularly complicated, almost indescribable.

He had once thought about living with his mother, but the little Qin Xuan vaguely knew that the reason he could stay so smoothly was because his mother didn't want him anymore, or she had used him to exchange for something.

All of this was vague, and he didn't have the ability to talk to adults. He was more like a thing that depended on luck. Behind this good luck was the cruel reality that Qin Xuan had been abandoned by his biological mother.

aijia didn't want him anymore. besides the exchange, it was also troublesome.

a sick and delicate child.

qin xuan was 10 years old, but he had only been with ai jia for less than a month, so it was clear that their relationship was weak.

Later on, although he grew up by Qin Mo's side, his childhood experiences were always different from others. That was why Qin Xuan was prickly and sensitive, and at the same time, he was extremely talented and overflowing with talent.

at this moment, he was happy for a while, but then he felt a little disappointed.

qin mo knew this. he coughed lightly, and he huan pulled qin xuan to talk about this and that. children were forgetful, and they would forget about it in a while.

however, when they arrived at the kindergarten, qin xuan and he huan shocked qin mo.

they were waiting for qin xuan's interview results as his parents. the 10-year-old qin xuan had never gone to school and was overseas, so qin mo thought that it would be a surprise if he could recite a few tang poems. however, after the interview, the teacher's expression was a little ugly.

qin mo's heart sank. he felt that it was probably not good. then, he planned to communicate with qin mu. if it didn't work out, he would sponsor it. in short, he couldn't let qin xuan fail to attend school.

But unexpectedly, the teacher smiled reluctantly. "Student Qin is suitable for primary school, maybe even more."

Qin mo was surprised as he looked at Qin Xuan.

“i can try,” qin xuan said calmly.

qin mo still asked the teacher for the contents of the test. he quickly glanced through it and was a little surprised. he couldn't help but look at qin xuan.

After that, Qin mo brought his newly acknowledged son to find an elementary school!

miraculously, the elementary school teachers were the same. they said that with qin xuan's situation, elementary school was no longer suitable for him. he could at least go to high school!

high school?

qin mo was also shocked.

Chapter 4746: Aijia sold her son (4)

He was excited, but he Huan didn't agree.

Back at the villa, Qin Xuan was a little tired. Qin mo asked the housekeeper to take him upstairs to rest while he stayed for lunch and discussed with he Huan.

the child was taken care of by two people, so he couldn't make the decision alone. of course, he hoped that qin xuan could finish his studies early and go to wherever he could.

he huan disagreed. ” qin xuan is only 10 years old. he doesn't need to be a prodigy. besides, he's not in good health. he can just study in the fourth grade. when he's better, he can skip grades in middle and high school. i'm insisting that he go to primary school and grow up with children of the same age. i refuse your elite education. the most important thing for qin xuan now is to take care of his health. ”

Qin mo looked at her with a faint smile after she finished her long speech.

“Why are you looking at me?” he Huan bit her lip.

...

“i feel that you’re becoming more and more like mrs. qin.” qin mo smiled.

” ah! ” he huan said. ” i’m talking to you about serious matters. ”

qin mo was very nonchalant and his voice was a little long.”i’m also talking to you about serious matters.”

He Huan didn’t want to talk to him anymore, so she repeated what she had said before. In fact, Qin mo was quite touched. He Huan was also true to Qin Xuan.

He knew he Huan’s personality the best. She was very principled. If she didn’t like him, she didn’t like him. She rarely did anything against her will, but now she was really concerned about Qin Xuan, so she was so insistent.

he felt a little sour in his heart. he felt that qin xuan had attracted too much of he huan’s attention. however, he soon thought to himself, ” when did i become so useless? i’m actually jealous of a child, and it’s even the child that they want to raise. ”

qin mo smiled. since he only had to go to work in the afternoon, he took a magazine and read it casually. he snorted and agreed with he huan’s idea.

He Huan yawned in satisfaction and stretched.”I’m going upstairs to sleep for a while. Call me when it’s time to eat.”

qin mo threw the magazine aside and said, ” “Can’t you just stay with me for a while?”

he huan bit her lip. after a long time, she snorted softly. ” you’re not a child. ”

“Only children need to be accompanied?” Qin mo stood up and dragged her upstairs. He lowered his voice and said, ” “what about the thing you promised me last night?”

” ah! ” he huan exclaimed. she did not expect him to say that. “what did i agree to?” she stammered.

“You promised to keep me company.” Qin mo raised his eyebrows.

he huan cursed in his heart, he’s really shameless!

It was only an hour before dinner, and he still wanted her to accompany him.

qin mo looked at her interesting expression and his evil interest was fully satisfied. he laughed lightly. ” “what are you thinking about? i just want you to watch tv with me for a while.”

Ah? He Huan was a little carried away.

qin mo’s interest was immediately piqued. he reached out and pulled her hair. ” what are you thinking about? ”

He Huan snorted. I’m not thinking the wrong way. Qin mo, you’re too bad.

at this moment, the two of them were upstairs. qin mo bent down and whispered into her ear, ” “That’s because, Mrs. Qin, you’ve neglected me.”

he huan’s face turned even redder after he finished speaking.

then, she raised her head and looked at him for a long time before she squeezed out a sentence, ” “do you really like me to accompany you?”

qin mo felt very amused in his heart, but on the surface, he said with a serious expression, ” i like it. so, yingluo ”

“Then, I’ll accompany you!” He Huan felt like his face was about to smoke.”i’ll have dinner with you later. if you’re free tonight, i’ll go watch a movie with you, yingluo.”

Qin Mo’s eyes were filled with a smile. do you really not know what I mean? or are you pretending not to know? ”

Chapter 4747: AI Jia sold her son (5)

“Qin mo!” He Huan looked at him and shouted.

he smiled. ” alright, i’m a little tired too. let’s take a short nap. ”

with that, he laid down on the sofa with her in his arms.

he huan tried to move but qin mo stopped her immediately. ” be good and go to sleep. ”

he huan finally stopped moving, but after a while, she couldn’t help but say, ” Qin mo, the sofa is too small. How about I sleep on the bed and you sleep on the sofa? ”

Qin Mo closed his eyes and said softly, ” “i think it’s quite spacious.”

...

He opened one of his eyes to a slit. what’s the reason that you can’t sleep, huh? ”

he huan’s face was a little hot, but in the end, she still broke free and shouted, ” “I just feel like I can’t move. It’s very uncomfortable.”

qin mo smiled and let her be.

he seemed to be really tired and closed his eyes again.

He Huan couldn't fall asleep as she lay there. There was another child in the house. Taking care of him was secondary. She couldn't stop worrying about AI Jia. Why did Qianqian do so many bad things and give birth to a child that had everything? she didn't even need to be punished by the law?

She really didn't understand and was unwilling to accept it.

after that, she fell asleep in a daze. when she woke up, she saw qin mo's magnified face.

"what time is it?" he huan's voice was soft.

"It's already four in the afternoon," Qin mo said in a low voice.

"ah!" he huan exclaimed. she then remembered that qin mo had gently pressed her down with one hand. his voice was slightly low as he said, "you have a slight fever."

She stared at him for a while before saying, "how could that be?"

"Maybe he's tired." qin mo's fingers gently touched her hair. "shen ting and i will take care of qin xuan. it's hard for you to even take care of yourself with your body."

At this time, his eyes were especially gentle, as if he was looking at a little creature, especially loving.

he huan was a little lost in his gaze. she didn't move much and just lay there obediently.

"I'll go to the kitchen and get you something to eat." qin mo's voice became gentler and he patted her little head again.

"where's qin xuan?" he huan asked.

"he took a short nap and is reading a book now." qin mo smiled warmly.

he huan nodded and closed her eyes tiredly."You take good care of him."

she actually fell asleep again as she spoke.

qin mo looked at her for a long time before sighing softly.

It was a good thing that Shen ting was at home. Otherwise, it would be troublesome for Yingluo to have so many children. In fact, he Huan already needed him to take care of her, and now, there was also Qin Xuan.

Qin Mo's dark eyes were a little deep. Then, he got up gently and went to the study room. He looked at the company's strategy for this year and next year, then crossed out a few items gently. Now, he needed to free up time to spend with his family. No amount of nannies and caretakers could compare to his company. He cherished everything he had now.

he huan only woke up at six o'clock. when she woke up, she was drenched in sweat. her fever had finally subsided.

This time, it wasn't Qin mo who accompanied her. Instead, it was the tiny Qin Xuan who was lying on the bed. He wore a mask on his tiny face and his large eyes were filled with worry.

He Huan laughed, " why are you here? aren't you afraid of getting infected? "

She knew that Qin Xuan couldn't have a fever with his illness, and this child obviously knew that as well. However, he still stayed by her side. He Huan felt a strange feeling in her heart.

Qin Xuan's voice was very soft. uncle said that Auntie is sick. I want to see her.

Chapter 4748: Aijia sold her son (6)

qin xuan's voice was very soft. " uncle said that auntie is sick. i want to see her. "

"Silly girl, aren't you afraid of getting infected?" he Huan smiled.

Qin mo kept shaking his head. He looked so silly that he was cute.

He Huan's feelings for her grew even stronger. She reached out to touch Momo, the delicate child, but she was afraid that she would pass on her illness to him, so her hand stopped in mid-air. Qin Xuan probably knew what she was thinking, so he leaned his little head over and rubbed it on her hand a few times, like a weak and furry toy.

He Huan's palm felt especially soft. She was still mumbling his hair, and her voice was very gentle. "Where's uncle?"

uncle is having a meeting in the study. I'm accompanying Auntie. Qin Xuan said.

...

he huan sat up. "i'm fine. let's go downstairs and have something good to eat, okay?"

"auntie, eat. i'll be having dinner soon," qin xuan said.

He Huan casually put on a casual jacket and turned to see Qin Xuan's eager expression. "Let's have something to eat first and then have dinner together, okay?"

Qin Xuan nodded his head vigorously.

as soon as he went downstairs, he saw shen ting coming back with yihuan. qin mo's meeting was already over, so there were no desserts in the afternoon. they went straight for dinner. because of this, qin xuan was disappointed for a while. it was probably because he didn't have the opportunity to do this usually. the maid who took care of his mistress wasn't around for a long time, so of course, he wouldn't be treated very well.

He Huan knew that he was disappointed, so she went to the kitchen to pick out a few desserts for the children to eat. Of course, she also picked one for herself.

Qin mo raised his eyebrows and looked at her. He found it a little funny. Actually, he was raising four children.

however, it was a good thing now. he huan wanted to eat, which meant that she was fine.

He had so many children, and although he also treasured them, the one he treasured the most was the one who slept with him.

When the children were coaxed at night, Qin mo discussed it with he Huan. there are a lot of children at home. Shen ting and yihuan are fine, but it's better to get a personal assistant to take care of Qin Xuan.

For example, picking her up, taking care of her, and many other things.

he huan was sitting on the bed and playing games. when she heard qin mo's words, she looked up and said, " "Why? didn't you say you wanted to take care of yourself? if that's the case, what's the difference between leaving it with edgar?"

"of course i do." qin mo pinched her cheeks and sat down beside her. he took the phone away from her hand and said, " we only take care of him when we have no time. we take care of qin xuan's homework. most of the time, we take care of him by ourselves or play with yihuan. "

he huan didn't say anything and qin mo knew that she was unhappy. he put his arm around her shoulders and said, " "Listen to me. You're not in good health, and so is qinxuan. This arrangement is better, okay?"

he huan only agreed in a low voice after a long time.

Then, she looked up and said softly, " "qin mo, i'm the same as qin xuan, is there no difference between us?"

qin mo laughed. " how can this be compared to being in the same place? it's completely different. " You're my wife, and Qin Xuan is a junior. How can we be compared?"

"I just feel like I'm at home every day, and I'm doing nothing." he huan's voice became even softer, and she sounded a little unconfident.

Chapter 4749: aijia sold her son (7)

“isn’t he a 3.5 billion yuan director?” qin mo asked in surprise.

Then, he revealed a very thick smile. the dividends will be enough even if I eat until I’m old.

“Where’s the money?” he huan reached out her small, white palm to him. ” where’s the money? ”

qin mo’s smile deepened. ” you’re leaving me to take care of your wife and child. there are so many people to take care of. it’s very hard. ”

he huan’s eyes widened. ” what? why didn’t you give me my money? ”

“Because Yingying is a little silly now, so she has to be handed over to the adults for safekeeping.”
He chuckled and pinched her nose. “what do you want the money for?”

...

He Huan glared at him. women only feel safe when they have money!

She bit her lip. Aijia gave birth to a child. 10% of the shares. I’ve heard that I don’t have that much under my name. Qin mo, you’re too petty. I’ve also given birth to a child before.

She was being unreasonable now, but she had the right to be so unreasonable with him. Qin Mo’s voice was very low. that’s because you still have me.

Even though they were divorced, he still couldn’t let her go.

qin mo still found it unbelievable when he thought about their divorce. what did he think when he let go of her hand?

He Huan glanced at him. you're saying nice things now. Where did it go back then? "

"Mrs. Qin, are you trying to settle the score now?" Qin mo laughed. and when did you become so money-grubbing? you're not like that proud and aloof director.

"of course money is a good thing!" he huan snorted.

what about me? is my real estate not important to you? " qin mo moved closer to her and pressed the tip of his nose against hers, looking very intimate.

He Huan snorted again. money has attributes. Your real estate has no attributes.

There was a strange tone in her voice."maybe you won't be mine one day."

"you're that unconfident?" Qin mo chuckled. it doesn't seem like your style.

He Huan raised her eyes and looked into his dark eyes. She bit her lip and didn't say anything at first, then she said in a low voice, " I admit, I do mind Aijia. I think you're too nice to her.

Qin mo sighed helplessly,"it's all for Qin Xuan." It's not a good thing to have a mother like that. This child's heart is too fragile."

he huan couldn't help but say, " but don't you think that you're being unfair to those innocent people, be it me, ai mengmeng, or even more people, just to take care of qin xuan's feelings? what ai jia did wouldn't even be enough to put her in jail for 30 years. what you're doing now is enough to exchange everything in the qin continent for qin xuan. since ai jia has money, she should pay for what she has done, if everything has to be fulfilled with conditions. "

he huan was rarely like this. even if ai mengmeng had done something to hurt yi huan in the past, she still chose to let her go. however, perhaps it was subconsciously, she always felt that a crazy woman like ai jia was a time bomb. qin mo shouldn't have let her off. if feelings could do anything, why would he need the law?

the law was a place outside of human relationships. it was impossible for qin mo not to know.

From he Huan's point of view, Qin mo was acting too impulsively when handling this matter. However, if she firmly opposed or directly said that she wanted to send AI Jia to jail, on the one hand, it would make her seem heartless to Qin Xuan. On the other hand, it would make her seem petty. He Huan didn't want to say it at first, but she couldn't hold it in anymore.

Chapter 4750: Aijia sold her son 8

from he huan's point of view, qin mo was acting too impulsively when handling this matter. however, if she firmly opposed or directly said that she wanted to send ai jia to jail, on the one hand, it would make her seem heartless to qin xuan. on the other hand, it would make her seem petty. he huan didn't want to say it at first, but she couldn't hold it in anymore.

qin mo was silent for a long time before he said softly, "i can't bear to tell qin xuan that his mother is a bad person and is in jail." This was too cruel for a child. Moreover, the person who sent Aijia to jail was the one who had to take care of her in the future.

after qin mo finished speaking, he was in a bad mood and patted her lightly. "I'm going for a smoke."

He walked out as he spoke, and he Huan did not even have the time to call out.

After he left, she sat on the bed alone. She wanted to play games, but she was not in the mood.

She felt a little frustrated. On one hand, she regretted telling Qin mo this. On the other hand, she felt that what he did was wrong and she was a little bothered.

...

qin mo smoked a few cigarettes in the study room. actually, he huan was right. in this matter, he almost didn't consider the feelings of others. he didn't even care about ai mengmeng, rong yue, or even he huan's feelings. he was a little despicable to bring qin xuan back for he huan to accept and like him. he huan realized it later.

He let out a low sigh and thought of Qin Lu.

he also knew that he had gone too far. qin xuan was indeed qin lu's child, but at the same time, he was also ai jia's child. his relationship with he huan had been bad for many years because of ai jia.

She didn't remember, but if she remembered one day, she might not forgive him.

Qin mo let out a long breath, stubbed out the cigarette in his hand, and returned to the bedroom.

It was already 10:30 am, but he Huan was still awake. She was not playing with her phone, either. She was just in a daze.

He called out to her and walked over. you're not asleep yet? ”

He Huan looked at him and smiled.”did i go too far just now? i shouldn't have said this. if qinxuan heard this, he would be very sad.”

Qin mo only reached out to caress her hair. you're not wrong. I didn't handle it well. I was only thinking about whether Qin Xuan would be sad. I didn't care about you.

As he spoke, he leaned his head against hers. He didn't say anything and just leaned his head against hers quietly.

“is it possible to erase everything that ai jia did?” he huan couldn't help but ask.

qin mo looked at her quietly.

He Huan lowered her eyes and said after a long time, ” “i know.”

She knew that she was a little emotional and unreasonable, but she couldn't help but ask.

It was too sad to keep it in her heart.

She was even more afraid that AI Jia would pester Qin mo after she took the shares and became a shareholder of King Entertainment. She would even use Qin Xuan to ruin their lives.ai Jia was capable of anything, but Qin mo let her off.

He Huan had a lot on her mind. She was no longer the 18-year-old girl who had lost her memory. She felt a little annoyed and ignored Qin mo for a few days.

when president qin was in a bad mood, his temper at KING entertainment wasn't good either. it was only when he saw rong yue in the afternoon that he restrained himself a little.

rong yue came over to talk to him and signed a contract. then, he smiled and said, ” “Why do you look like you're in a bad mood?”

Qin mo looked at the contract and closed it. everyone in the Qin family failed to match. in addition, he huan didn't really understand him. he could understand this, but he wouldn't be able to accept it if it were him.

He Huan could take care of Qin Xuan, but she didn't know why he should help AI Jia.ai Jia should be punished by the law.
