Chapter 4751: he huan's memory recovered 1

After Qin mo finished speaking, Rong Yue was stunned for a moment before he repeated, " "all of them?"

Qin mo nodded. it's all.

He was finally a little annoyed. He lit a cigarette and looked at Rong Yue after taking a puff."Do you want one?"

Rong Yue thought for a moment and still asked for one. However, he lit it and did not smoke.

Qin mo could understand. Firstly, Rong Yue was not in good health. Secondly, AI Mengmeng probably did not allow him to smoke. Once a man was married, he would have restrictions.

In the midst of the smoke, Rong Yue said softly, " "there's one more person."

...

"what?" qin mo looked at him.

rong yue's smile was very faint, and it was even a little bitter."President Qin, you forgot that Qin Xuan isn't only related to the Qin family. The AI family is also related to him."

The AI family's parents had passed away, and AI Jia's bone marrow didn't match, leaving only AI Mengmeng.

The cigarette between Qin Mo's fingers paused. He then looked at Rong Yue."would ai mengmeng agree to it if you asked her to?"

The smile on Rong Yue's face faded a little. He slowly said, " "I only have one condition."

qin mo looked at him and felt a little uneasy.

sure enough, rong yue said,"if you need ai mengmeng's bone marrow, then we will have custody of qin xuan." President Qin, I only have one condition."

qin mo was a little angry. " but this condition is the one i'm most unwilling to agree to. "

"maybe they're a match, but they might not be a good match. it's not too late to think about it again if they're a good match for president qin." rong yue had always been calm and collected, as if he was not talking about a child but an ordinary contract.

qin mo stared at him for a long while before frowning. " "I didn't find you eloquent in negotiation before."

rong yue was very humble. " president qin, you flatter me. "

qin mo's gaze still had a deep meaning. " "You should know in your heart whether I'm overpraising you or not. Alright, I'll be waiting for your news."

Everyone knew that AI Mengmeng might not be willing to raise AI Jia's child, and even if she was, she might not be willing to raise AI Jia's child, unless Yingluo was willing to do so.

at this moment, qin mo suddenly called out to rong yue, " "Wait a moment."

rong yue stopped at the door and turned around to look at qin mo.

Qin mo stood up from behind his desk and slowly walked to Rong Yue.

He was about the same height as Rong Yue, but Qin mo was much stronger than Rong Yue. It was not that Qin mo had much muscle, but it was mainly because Rong Yue was too thin. In terms of aura, there was a huge difference.

"i think, rong yue, you must have other conditions, right?" qin mo said very softly.

rong yue lowered his eyes. no expression could be seen on his handsome face, but his long eyelashes were trembling slightly.

Who was Qin mo? At this moment, he had almost guessed it, but for the sake of Qin Xuan's life, everything else had to be put aside.

“we'll talk about it in the future, right?” qin mo's voice turned hoarse.

rong yue gave a faint smile and walked out.

Qin mo was left alone in the office. He lit another cigarette and let out a long breath before frowning again.

perhaps, he huan was right. he cared too much about qin lu and qin xuan, so he was too tolerant of ai jia. on the other hand, rong yue did not have much feelings for this child, so he could make a judgment and choice very intuitively.

It was very simple and reasonable, but he didn't see it clearly, and it was difficult to choose.

qin mo stayed alone in silence for a while. he was not even in the mood to report to secretary he. he raised his hand and said, ” “leave it here, i'll look at it later.”

Secretary he nodded and agreed. He felt that boss Qin was up to something.

Chapter 4752: He Huan's memory recovered 2

Qin mo stayed alone in silence for a while. He was not even in the mood to report to Secretary he. He raised his hand and said, ” “leave it here, i'll look at it later.”

Secretary he nodded and agreed. He felt that boss Qin was up to something.

When Qin mo returned to the villa, the children had already returned to school. Qin Xuan hadn't gone to school yet. He planned to go to school after he recovered from the surgery, but his bone marrow wasn't fully recovered. He Huan and Qin Xuan didn't know about this news. Qin Chen only told him. At that time, Qin Chen wasn't in a good mood. After all, Qin Xuan was Qin Lu's child.

Qin mo returned home, took off his coat, and threw it on the sofa. He rubbed his brows and sat down.

no one knew where little qin xuan came from, and he was holding a cup of hot tea in his hand. he was so well-behaved that it made one's heart ache.

Qin mo took his hand away and looked at the child silently.

...

Qin Xuan was next to him, his pair of slender legs dangling under the sofa, but he didn't say anything.

After a long time of silence, little ion's heart could not take it anymore and spoke first. I know it's already not bad that I'm still alive. It's okay if there's no other way.

qin mo stared at him and said in a soft voice, " "who told you that?"

"Those aunties and the nurses," he said honestly,"I can understand their English and French."

Qin Xuan's voice was sullen.

qin mo reached out and hugged him gently, pressing his little face against his. then, he smiled. " "That was in the past, but it's different now. We have aunt Qin Chen now, right?"

"But I know that there's no suitable bone marrow." Little qinxuan said softly.

Qin Mo's voice was slightly stifled. "Who told you that?"

“Uncle is in a bad mood,” Qin Xuan replied.

Qin Mo was stunned for a moment before sighing, “This child was really sensitive.

He forced a smile and wanted to say that it wasn’t what he thought, but after smiling, he knew that he couldn’t hide it from this sensitive child. In the end, he just ruffled his hair.”Uncle will think of another way.”

Suddenly, Qin Xuan reached out and hugged his waist. Qin Xuan’s voice was very soft.”Uncle, I’m fine.”

What he had now was already a lot, and it was really enough.

Even if he could only live for half a year, he would have a home. He would have what other children had.

He thought that if he couldn’t live anymore one day, he would call them ‘mom’ and ‘dad’, but only once. Otherwise, they would be very sad when he really left.

After Qin Xuan finished speaking, Qin Mo’s heart became even sadder.

He felt that no matter what, he wanted Qin Xuan to live. Even if this child was disappointed in him and hated him, he wanted him to live.

At this moment, He Huan was quietly watching this scene from the second floor.

Just now, she called Qin Chen and he told her.

No one in the Qin family was worthy of Qin Xuan.

He Huan lowered her eyes, and her eyes were a little red.

she walked down slowly and walked to qin mo's side. she hugged him from behind and placed her face on his shoulder. she said in a hoarse voice, " "There's still one more person who doesn't match."

"I know, it's AI Mengmeng." Qin mo turned his head.

He Huan shook her head. no, it's yihuan.

qin mo was a little shocked.

He had never thought of letting Yi Huan go, not even offering her bone marrow. Yet, he Huan had actually suggested it.

Didn't he Huan hate AI Jia?

Chapter 4753: He Huan recovered 2000 words of memory

he suddenly felt his mouth go dry and licked his lower lip. " i thought yingluo. "

he huan continued to hug him and said in a low voice, " "I want qinxuan to live well."

qin xuan, who was standing at the side, was also stunned. he instinctively said, " "It's going to hurt."

He Huan didn't say anything. She just patted his head and didn't say anything else.

Qin mo slightly closed his eyes, his voice was extremely hoarse. "he huan, my heart will ache."

"I know how to do it too." He Huan said softly.

...

however, in her heart, she should be good to qin xuan and ai jia should be punished. qin mo was just trapped in the guilt for qin lu and seemed to be unable to get out of it.

Qin Xuan was young, sensitive, and fragile, but that wasn't a reason to let her go.

in other words, qin xuan's existence showed that ai jia was a complete lunatic. qin mo did not think that ai jia would let go after getting some benefits. she gave birth to the child and she would always take advantage of this.

sending him to prison would be the best for qin xuan's growth, even if he had to bear a little psychological shadow.

However, he Huan couldn't tell Qin mo about this. If she did, they would quarrel.

Even if he didn't say it, she knew it in her heart. Qin Mo's tolerance for AI Jia came from his rejoicing that there was still Qin Xuan in this world for him to make up for it.

she also felt sorry for qin xuan, but the more she felt sorry for him, the more she felt that ai jia was crazy and unforgivable.

in the evening, qin mo discussed this matter with he huan again. " AI Mengmeng will be a match. He Huan, I won't let yihuan go unless it's absolutely necessary. She's a young girl, only a few years old.

he huan lowered her eyes. after a while, she smiled gently."not as a last resort? qin mo, i really think you're a coward!"

"you were the one who suggested it first." qin mo stared at her.

"yes, i was the one who suggested it first." He Huan replied calmly, " that's because I feel that if necessary, yihuan must do this. Qin mo, yihuan and I have done what we should do. Shouldn't you do what you should do as well? "

qin mo was a little stunned.

he carefully studied he huan's expression and narrowed his eyes. " "You have the same idea as Rong Yue? If I personally send Qin Xuan's mother to jail, how are we going to get along with him in the future?"

He Huan didn't want to argue with him about this, but she couldn't help it. " qin xuan has a bad outlook on things. you heard what the teacher said. his knowledge is enough for him to attend high school. don't treat him as a fragile object. you'll make him lose his judgment instead. if everyone makes a mistake, even family ties can be offset. what can the law do? also, if you keep a lunatic like ai jia, are you putting me, ai mengmeng, rong yue, and even yihuan in danger? Qin mo, it's not that I'm at odds with her, but ran ran, you're wrong, you're wrong."

he huan's voice was getting lower and lower, but it was also getting stronger and stronger.

These days, she had thought a lot. Perhaps it was because she had a simple mind after losing her memory, but she could see more clearly.

ai jia was a lunatic, and qin mo indulged her.

After she finished speaking, Qin mo looked at her quietly. "So, you're the same as rongyue, and you're exchanging your genes with him, right?"

He didn't care about AI Jia, but he cared about Qin Xuan.

After he finished speaking, he Huan only felt that he was being unreasonable.

she endured for a long time before whispering, " if that's what you think, I'm not surprised that you and AI Jia took care of Qin Xuan together. Qin mo, I know you feel guilty about Qin Lu, but have you ever thought about it? this is different from AI Jia giving birth to Qin Xuan. You don't owe AI Jia or Qin Xuan. Qin Xuan was an accident, but Qin Lu saved you because of their Brotherhood. It's the same reason as yihuan's compatibility. What I care about now is that you put a lunatic, a time bomb by our side. She will hurt me at any time. hurt yi huan or ai mengmeng and rong yue. qin mo, do you understand what i'm saying?"

"she got what she wanted," qin mo replied calmly.

“the one she wants is you!” after he huan finished speaking, he was also stunned.

she didn’t want to say this. moreover, even he huan, who was 18 years old, didn’t have such an awareness.

However, she said it out of instinct.

The air was dead silent.

no emotions could be seen in qin mo’s dark eyes. after a long time, he finally said, ” “There’s nothing like what you’re thinking.”

“perhaps,” he huan smiled.

she lowered her head. ” qin mo, i suddenly feel very tired. i suddenly feel that the reason why we got divorced and quarreled for so long was because of aijia! ” I don’t think I can lie to her. I reacted so strongly to her, and she must have been involved in a lot of our past, right?”

” what do you think? ” qin mo frowned. ” there has never been anything between us. ”

“Yes. However, you allowed her to exist in our lives. Your permission allowed her to hurt me and still have the intention to be happy. Wasn’t AI Jia the one who arranged for AI Mengmeng to appear?” he huan was quiet. suddenly, she said, ” “qin mo, i remember everything.”

qin mo was stunned on the spot.

he stared at he huan and said after a while, ” “you, remember?”

“yes, i remember everything.” He Huan’s voice was a little hoarse. I remember how AI Jia made someone push me down and make me lose my memory. I remember why we got a divorce in the past. That’s why I changed my mind. A 33-year-old he Huan is more ruthless than an 18-year-old he Huan, right? ”

qin mo reached out and grabbed her shoulder.

however, he huan grabbed his hand and broke free. she took a step back and looked at qin mo. ” you have Qin mo that you can’t let go of, and I have things that I can’t let go of too. To me, I care about myself, yihuan, and Shen ting. I don’t care about your company’s shares or the Qin family’s everything, Qianqian.

Qin mo stared at her, his voice slow and cold. “You forgot to say that it’s the same. You can also not want me, right?”

he huan took a deep breath and forced a smile.”if it’s necessary, yes,”

qin mo grabbed her wrist and lifted it up gently. then, he said in a low voice, ” he huan, you can’t wait to leave after thinking about everything? ”

She laughed in a daze, but her eyes welled up with tears.

He didn’t remember that when they made up, she had told him not to have any other woman, let alone Aijia.

she remembered everything and naturally couldn’t accept him letting go of ai jia, a woman who had been causing trouble for so many years, and indulging her again and again. that was why she said that he could take care of qin xuan with ai jia.

It was not that she could not tolerate Qin Xuan. On the contrary, she could take care of him. Even if Yi Huan had to suffer, she had to save Qin Xuan’s life.

however, principles were principles. if she couldn’t understand, then she couldn’t understand.

He Huan remembered that it had been a few days. She did not tell him. She quietly tried to understand it. She wanted to share her feelings with him. She wanted to understand him.

however, she still could not understand why he had failed.

they looked at each other, and neither of them made the first move.

Especially he Huan. She remembered that when they made up in the past, her condition was for him to stay away from Aijia.

why did everything change when ai jia gave birth to a son?

she smiled gently, 'qin mo, you're so smart, how can you not guess what ai jia is thinking? You're just pretending not to know. do you think you can just pretend that you don't know? in the future, she will use qin xuan to get close to you. i can only endure it. qin mo, you really do care about qin xuan's feelings, so you ignored my feelings."

as she spoke, she started to choke up.

In the past, when he said that she was a little darling, she really believed him.

...

Now, it was nothing more than this.

after he huan finished speaking, she didn't want to talk to him anymore. she took her pajamas and went to the bathroom to take a shower and sleep. she wanted to sleep right now and didn't want to think about these annoying things.

qin mo grabbed her hand again. " he huan, give me some time. "

"i don't want to." he huan pursed her lips. " qin mo, if i give in, you'll only continue to move forward. as for me, i don't want to give in anymore. "

She lowered her eyes. I can't tolerate some bottom lines. Qin mo, before you think of a better plan, let's calm down."

"calm down?" Qin mo suddenly calmed down and let go of her hand. " tell me how you plan to calm down. are you planning to leave with yihuan? " this was not the first time she had done this.

“there’s also shen ting.” he huan raised her eyes and looked at him.

Qin mo stared at her. aren’t you going overboard? shen ting is my yingluo!”

“you know what shen ting wants, don’t you?” He Huan had regained her memory, and her eloquence had improved.

qin mo stared at her. ” you’re really cruel. ”

He Huan didn’t make a sound, only looking at him quietly.

Qin Mo’s fingers clenched tightly. I will settle it. It won’t happen like what you think.

He Huan lowered her eyes and her expression relaxed a little. Her voice was not as firm as before as she said in a low voice, ” “i don’t know if i should believe you anymore.”

Although she wasn’t as insistent as before, she still felt dejected.

Qin mo stretched out his hand and gently stroked her hair. His voice was very soft. “Do I always disappoint you?”

He Huan could have dodged it, but she didn’t. Qin mo took a step forward and gently hugged her in his arms. His voice was very, very soft. give me a little more time to settle this matter, okay? ”

she didn’t say anything, but frowned slightly.

It took a long time for her body to calm down.

that night, qin mo sat in the study room alone and smoked quietly.

He thought about Rong Yue’s words and he Huan’s words. It seemed like there was only one way out for him. If Rong Yue sent AI Jia in, Qin Xuan would be taken care of by them. If he sent AI Jia

in, Qin Xuan would be taken care of by Rong Yue. This was probably what Rong Yue really wanted to express.

Qin mo slowly took a puff of his cigarette and closed his eyes in deep thought. He was in a dilemma.

After a long time, he let out a long breath. It was already two in the morning when he got up.

He went to Qin Xuan's room. No matter what choice he made, it would be a huge blow to Qin Xuan.

It was late at night, and little Qin Xuan had already fallen asleep.

The dim yellow light shone on his small face, making him look even more peaceful.

qin mo was sitting beside him. she stretched out her hand and gently touched his face. just as she was about to leave, qin xuan woke up. his dark eyes quietly looked at qin mo.

Chapter 4755: He Huan's memory recovered (5)

Qin mo looked at him quietly and reached out to stroke his forehead. His voice was very gentle. "go back to sleep. you still have to get up tomorrow morning to go to the hospital for a follow-up."

qin xuan obediently closed his eyes, but after a while, he opened them again. his gaze was very cautious."Uncle Qin, is my mom a bad person?"

Qin Mo's heart tightened, but his gaze became gentle. "Why are you asking this?"

I heard it from the nurse, " Qin Xuan said, biting his lip. she said my mom was arrested.

the little person suddenly sat up, her eyes staring straight. " will she still go in? "

Qin mo didn't know how to answer Qin Xuan's question. After all, this was a child who rarely saw his mother. He also told he Huan to give him time to deal with it.

...

"Qin Xuan, if she makes a mistake, does she need to be punished?" he asked in a low voice.

Qin Xuan's expression was a little dazed. He slowly nodded, then suddenly shook his head.

qin mo stretched out his hand and gently stroked his hair. his voice was gentle. " "maybe we can change our method."

qin xuan just quietly watched him.

Change to another method?

He was too young, so he didn't understand.

Qin Mo's fingers gently caressed his forehead. " let her go abroad. you can go and find her when you grow up. "

qin xuan continued to look at qin mo quietly.

qin mo smiled, " time to sleep. let the adults settle their matters, okay? "

He was about to leave, but Qin Xuan grabbed his sleeve. There was some hesitation and a little stubbornness in his expression."uncle, will i cause you any trouble?"

qin mo's expression did not change. " no. "

However, there was a hint of a sigh in his tone. Qin Xuan's small body hugged Qin mo.

He was very young, but he could vaguely feel that he was a big trouble for uncle Qin.

qin mo stretched out his hand and rubbed his little head. in the end, he did not say anything.

qin mo did not sleep for the entire night. after visiting he huan, he returned to the study room and smoked for the rest of the night.

He only returned to the master bedroom when the sky was about to turn bright.

to his surprise, he saw that he huan had woken up. she was not in bed, but sitting on a set of sofas in front of the floor-to-ceiling window, looking out at the mist in the courtyard.

qin mo walked over slowly. he huan sat there without moving or turning her head. she only said softly, ” “It seems that you’ve already made your decision, haven’t you?”

qin mo squatted down beside her and said in a low voice, ” i’m sending her overseas. she won’t come back unless there’s something important. ”

he huan stared at him and smiled.”You thought about it for a whole night and made this decision?”

Her voice was very soft. AI Jia got someone to push me. If it gets more serious, I might never wake up. She might be my murderer. Also, she treated AI Mengmeng like that. Now, you want her to go abroad? Qin mo, I really don’t know what you’re thinking.

qin mo stared into her eyes,”i just want qin xuan’s heart to be less hurt. he might not be able to recover.”

” he’s not as weak as you think. besides, qin mo, do you think that qin lu’s death is more important than anything else and that i or anyone else is no longer important? ” He Huan laughed softly. you can’t accept hurting Qin Xuan, but I can tolerate my husband providing the best life for the woman who hurt me. You even have to personally take Qin Xuan abroad to see her when Qin Xuan wants to see her. Qin mo, right? ” Is this your plan?”

Qin mo let out a long breath.

He Huan smiled helplessly. I'll move out with yihuan and Shen ting. As for Qin Xuan, if AI Mengmeng isn't a good match for him, yihuan can still do it.

qin mo's body trembled. " if you leave, what will qin xuan say if he asks? "

"just tell him that our relationship is not good and that we can't give him a complete family." he huan was a little dazed as she said this. after all, she really liked qin xuan.

however, she couldn't put herself in danger.

Ever since he Huan was young, he had always told himself that it was better to be more selfish. Sympathy would only get him killed.

...

Qin mo heard her words and knew that she had probably made up her mind. He slowly stood up.

"You still can't do it, can you?" he Huan lowered her eyes.

he lowered his head and looked at her. after a long time, he said in a low and hoarse voice, " " he huan, are you really going to leave me and this family for this? "

"yes." He Huan's tone was calm. some things can't be tolerated. I don't intend to spoil you.

As she spoke, she raised her eyes and looked at Qin mo. I'll pack my things while you take Qin Xuan to the hospital. You should stay here. Qin Xuan is more sensitive.

in the end, she did consider the child a little and did everything she could.

qin mo looked at her calm expression and suddenly understood that he huan might not have slept the entire night.

While he was thinking of all sorts of ideas, she was also thinking of them.

She had already thought of what he would think, and that was why he Huan was so calm.

He Huan also stood up and said softly, ""let's do this ~!"

Qin mo saw that she was about to leave and immediately grabbed her arm. He said in a soft voice, "leave? what's your next step? are you going to divorce me? "

He Huan's arm moved, wanting to move away, but Qin mo still held on tightly. His voice was cold, " "Tell me, he Huan,"

he huan couldn't break free and looked up at qin mo. " "do you have to force me?"

qin mo's temper flared up. " he huan, you're the one who keeps forcing me! "

"i'm forcing you?" he huan's anger was suddenly released. " qin mo, aren't you the one forcing me? you're forcing me to accept reality, forcing me to do things according to your wishes. "

After she finished speaking, she shook him off and walked out of the bedroom.

Qin mo stared at her back view. That's right, this was still the he Huan from the past. She was still the he Huan from before, the one that would make him grit his teeth in anger.

Qin mo narrowed his eyes. For a moment, he wanted to drag he Huan in, but he resisted the urge.

He didn't tell her his plan. Aijia was abroad, and she could be used against him. If she had to go to jail, it would be better to stay abroad, while Qin Xuan grew up in China.

However, he would not say who sent AI Jia to prison. It would not be Qin mo, at least not on the surface. It would not be Rong Yue either.

Qin Mo's eyes darkened. This was probably the best ending.

However, he didn't expect Qin Xuan to stick to he Huan and refuse to leave even though Qin mo wanted to bring him to the hospital. He seemed to have noticed something and found he Huan's luggage in the bedroom.

Qin Xuan sat quietly on his luggage, as if he wanted he Huan to take him away.

he huan was speechless. she squatted down and said, " qin xuan, auntie is only going on a trip for a few days. "

Chapter 4757: He Huan's memory recovered (7)

Qin Xuan stared at her for a while and didn't move. After a while, he said gloomily, " "Then I want to go too."

"aren't you going to the hospital with uncle today?" he huan explained patiently.

Qin Xuan lowered his head. I don't want to go. I just want to travel.

He Huan was even more speechless. He looked at Qin mo and felt that he was a spy sent by Qin mo. Qin Mo's hand was placed in front of his body and the corner of his lips twitched. no way.

he huan bit her lower lip and glared at him.

"he huan, do you really have so little confidence in me?" qin mo asked.

...

He Huan did not say anything.

she felt that it was a little cruel to say this in front of qin xuan. furthermore, this child was sitting on her luggage and asking her to pack him up and take him with her. clearly, the one who treated him better was qin mo.

he huan suddenly understood that this ten-year-old child knew everything.

he was sensitive enough to know that his appearance had destroyed something and made things difficult for qin mo.

and he was still attached to this family.

that was why he used such a method to plead.

It wasn't for AI Jia, but for her and Qin mo.

he huan's heart was filled with an indescribable feeling, and it felt very soft.

Inexplicably, there was a feeling that was more intense than love and heartache, as if she had given birth to this child herself.

"Do you really want to leave with me?" he Huan suddenly asked.

Qin Xuan's small face lit up with hope, while Qin mo frowned. This was too much.

He Huan asked again, and Qin Xuan nodded seriously.

he huan said softly, "that's easy. we don't have to leave. this house is under my name. president qin, you can move out. "

qin mo frowned, i move out?

He Huan grunted in agreement. if it's not you, are you saying that the four of us will move out? that's fine too. We're legally married now, right? you can give me half of your assets too. I'll

immediately take my children and get as far away as possible. I won't be a hindrance to you in the future. You can see whoever you want and marry whoever you want.

qin mo was both angry and amused. " he huan, are you angry or jealous? "

she only glared at him and didn't talk to him. it was as he wished.

Qin mo rubbed his nose and looked at Qin Xuan's small face, hoping that he would say something. However, Qin Xuan had obviously taken his side.

Qin mo was also speechless. he Huan, can you take care of these few children? "

"if there's anything, you can come and pick me up." He Huan said matter-of-factly, " do you think that you can just ignore the responsibility? "

Qin mo probably guessed her thoughts and smiled. okay, I'll move out. However, you can at least let me bring Qin Xuan to the hospital today, right? "

"you're a traitor," he said, pretending to be angry.

In fact, he knew that it was Qin Xuan who made he Huan's heart soften. Without this little guy, he Huan wouldn't even care about him.

Qin mo let out a long breath. He thought that perhaps he was thinking too much, or perhaps he Huan was right. Qin Xuan could tell right from wrong, but he was the one who couldn't.

he took qin xuan to the hospital. qin chen checked on him and confirmed that qin xuan's condition was under control. the little guy's mental state was better than before.

Qin Chen reached out and touched his little head. Then, he magically took out a candy from his pocket and handed it to little Qin Xuan."eat the candy! Go play with the nurse, I have something to discuss with your uncle."

Chapter 4758: there's no use begging me this time (1)

qin xuan quietly looked at qin chen for a while, then his gaze shifted to qin mo.

qin mo smiled. " we're going out to play. i have something to discuss with your aunt. "

"it's uncle." Qin Xuan was quite insistent. Then, his little face blushed and he followed the nurse out.

"where's he huan? did they fall out again?" qin chen looked at qin mo.

Qin Chen understood this very well. He Huan had recovered her memory and it was already very difficult for her to accept Qin Xuan. If she accepted Aijia hanging around her from time to time, even Qin Chen would not be able to stand it, let alone he Huan.

however, qin mo was her second brother, and qin lu was also her family, so qin chen could also feel the different feelings qin mo had for qin xuan. however, in the end, principles were still principles.

...

Qin Chen asked. Qin mo was silent for a moment, then whispered, " "the extraditor documents will arrive in a few days from the united states."

qin chen was a little surprised,"so fast?" qin mo, are you a wanwan?"

"No," Qin mo interrupted her,"it's the evidence that I collected in the past." ready-made."

"Can Qin Xuan accept this?" Qin Chen stared at Qin mo.

Qin mo did not say anything.

"this child is really quite pitiful," qin chen sighed.

“He really likes he Huan.” “I think it’s better to keep it by my side,” Qin mo suddenly said.

As for Aijia, she got the punishment she deserved. When she came out, she would probably be in her sixties, which was all thanks to her many things.

“does he huan know?” qin chen asked again.

“I don’t know yet.” “Let’s not talk about it for now,” Qin mo said calmly.

qin chen knew that it was because of qin xuan, but she didn’t know that it was because qin mo was angry.

he huan was so angry that she wanted to move out of the house. the children were already separated, but he didn’t get a single one. qin xuan, who was a traitor, had run to he huan’s place long ago.

After saying this, Qin Chen said something else, ” “AI Mengmeng came by and matched it. It will be out in the afternoon.”

Qin mo nodded.

qin chen leaned over. ” if they’re worthy, you’re really letting them raise qin xuan? ”

qin mo raised his eyes and frowned. ” he huan still tells you everything? ” he asked.

in response, qin chen only smiled and didn’t say anything.

Qin mo didn’t say anything else. He still had a meeting later, so he sent Qin Xuan back first.

in the car, qin xuan sat quietly in the back seat with the candy in his hand. qin mo turned to look at him and only started the car after making sure that he had fastened his seat belt.

The car drove for about ten minutes, but Qin Xuan didn’t make a sound. Qin mo stopped the car in front of a red light and asked softly, ” why aren’t you saying anything? ”

Qin Xuan bit his lip and didn't say anything. After a while, he asked softly, "Will I be able to see my mother in the future?"

Qin Mo's heart trembled. He immediately understood that he understood everything.

after thinking for a moment, he lowered his voice and said, "qin xuan, if uncle ran ran ..."

uncle! Qin Xuan hurriedly called out, then bit his lip.

qin mo felt that this was too cruel for qin xuan. he huan said that he killed with a blunt knife, and he felt that she was right.

The car drove back to the villa. When Qin mo got out of the car, he gently rubbed Qin Xuan's little head. sorry.

Qin Xuan lowered his head. He was actually a little dejected, but he still raised his head and squeezed out a smile. "I know it's not uncle's fault."

he was young, but he knew a lot. when he was abroad, the aunties and nurses at home would also talk about his mother. he secretly listened and it was not strange that he knew a lot.

Qin mo opened the car door and held Qin Xuan's hand as they got off the car.

He Huan was packing her luggage at home. Qin mo frowned when he saw her. "didn't you say you weren't leaving?"

He Huan pulled her luggage and squeezed out a smile. "this is yours, qin mo."

"don't mess around," qin mo frowned.

“boss qin, i’m serious.” he huan tilted her head.

Qin mo stared at her and thought for a moment. alright!

...

He really left with his luggage. However, after he left, he Huan realized that there were many bodyguards around the house. She ran down to ask and found out that this was Qin Mo’s order.

He Huan was speechless and immediately called Qin mo. “qin mo, what do you mean by this?”

Qin mo drove the car and said in a calm voice, ” “be good and don’t go out for the next two days.”

he hung up as he spoke. he still had things to deal with, which was why he agreed to move out. he would only move out for two days, not even one more day.

After Qin mo hung up, his phone rang again.

qin mo took a look and confirmed that it was ai jia.

He picked up the phone and heard Edgar’s flustered voice. “qin mo, you have to save me this time.”

Qin mo just ‘yes’? yes. AI Jia paused for a moment. they want to extradite me. They have accused me of more than ten crimes.

if all of this was true, she would have to sit in jail until she died.

qin mo’s voice was very calm. ” i’m also beyond my reach. ”

” i want to see you, ” edgar said in a hurry.

at this time, only qin mo could save her. she knew it clearly in her heart.

At this time, AI Jia had received some news in advance, so she was outside. However, she couldn't run away. She was driving, and B city was full of electronic eyes. She might be caught in an hour or half an hour.

ai jia panicked and didn't know what to do. she put down her pride and begged qin mo to help her. she even promised not to visit qin xuan anymore as long as she didn't go to jail.

she couldn't go to jail. once she did, she would be finished. everything she had would be over.

Qin mo held his phone and listened to AI Jia quietly. After a while, he said calmly, "go to 'di se' club and wait for me. i'll be there in a while."

He hung up the phone and made another call.

.....

About ten minutes later, Qin Mo's car slowly drove into the clubhouse. He opened the door and got out of the car, walking in slowly. The waiter led him to the private room that he often visited and pushed the door open."Mr. Qin, a Lady Ai is already waiting for you."

Qin mo nodded. okay, don't let anyone disturb us.

as he spoke, he entered and closed the door.

ai jia's expression was a little anxious. "qin mo, i'm begging you. i really can't go to the dungeon. "

qin mo quietly took out a document and pushed it in front of her. "this is the letter of abandonment of Qin Xuan's custody. From now on, Qin Xuan has nothing to do with you. Also, I want to hand over King Entertainment's shares to Qin Xuan. You won't need the money in prison, right? "

As he said this, Edgar was stunned. After a long time, she muttered,"but, didn't you want to help me so that i don't have to go to jail?"

qin mo's expression and voice were calm. "you probably don't know this, but there are new charges on the other side, and that charge may be life-long.

AI Jia's expression changed and she stared at Qin mo.

"Your decision?" Qin mo smiled.

as he said this, edgar was stunned. after a long time, she muttered,"But, didn't you want to help me so that I don't have to go to jail?"

Qin Mo's expression and voice were calm. " you probably don't know this, but there are new charges on the other side, and that charge may be life-long. "

AI Jia's expression changed and she stared at Qin mo.

"Your decision?" Qin mo smiled.

ai jia's slender fingers held the table and her voice was very soft. " "Qin mo, tell me, did you do all this? why did they suddenly accuse me?"

Qin mo didn't deny it. the evidence was there a long time ago, and I was the one who kept it under control. Otherwise, you would have been in there long ago. Aijia, you're in this state because you don't know how to stop.

...

AI Jia's eyes were fixed on Qin mo.

"Qin Lu's death isn't that simple, is it?" Qin mo suddenly spoke.

AI Jia's face was ashen.

qin mo's jade-colored fingers gently tapped on the table. his voice was very low. "in fact, qin lu's death was arranged by you. and this way, you just happen to know me. "

it was perfectly justifiable and a seamless link.

There was a cold glint in AI Jia's eyes. this is just your guess, President Qin.

qin mo looked at her calmly and pushed a stack of documents over. "you should know about this, right? "

aijia stared at the document in front of her, her pupils contracting sharply. after a long time, she narrowed her eyes. "there must be a problem. i don't believe it. there must be a problem. "

Qin mo was still very quiet. whether there's a problem or not, you know very well in your heart.

he stood up. "the reason i saved you wasn't just because of qin xuan. i found out what happened back then. i've only gotten the evidence now. "

qin mo was calm. "ai jia, when you killed qin lu, you already had qin xuan. you're really good. "it's a good thing that qinxuan doesn't have a mother like you."

Edgar was dumbfounded. After a long time, she murmured,"Not because of Qin Xuan, but because you want to send me to a prison in the US?"

"My bottom line is the Qin continent, but you're the one who touched it." Qin Mo's voice turned cold.

if qin lu was mentioned before, he would not be calm, but now he was relieved.

he chose to let her go.

edgar's eyes narrowed, and she kept shaking her head in denial."i didn't do anything to qin lu. i didn't."

However, it was useless no matter what she said. Qin mo had found the evidence and she could not deny it.

aijia was taken away and extradited to the united states two days later.

This news was blocked. Qin mo also made a trip there. It was a month later.

Edgar was still on an indefinite term, and he couldn't be released on bail or released on parole in advance.

when qin mo returned to B city and the villa, it was seven o'clock at night. the next day, qin xuan was ready for surgery. it would be ai mengmeng's bone marrow.

Qin mo stepped in and frowned slightly. He asked Yi Huan, "where's shen ting and qin xuan?"

yi huan threw herself into his arms and kissed him for a while before she said, "mom is baking a cake with them. they said it's a small party for qin xuan."

Qin Mo's heart felt warm as he walked over to the kitchen. He Huan's face was covered in flour. In front of her was a small and ugly cake. Beside her was Shen ting and Qin Xuan.

their eyes were filled with disapproval.

however, this did not hinder he huan's interest.

qin mo walked over and stood beside her. his voice was slightly low."It seems that you're doing well on your own even without me."
