

Thank you 4761

Chapter 4761: how to allocate the children (1)

He Huan's body stiffened as soon as Qin mo finished speaking. She did not expect him to come.

in fact, in the past month, she hadn't contacted qin mo much, let alone met him. the matter of aijia had been very low-key, and he huan only found out about it these two days. it was qin chen who told her. at that time, qin chen's expression was very intriguing, and he huan didn't understand what he meant.

But now, she finally understood!

She moved her body and instinctively wanted to move away. However, it was obvious that Qin mo was prepared for this. He immediately hugged her from behind and said in a hoarse voice, "are you not happy that I'm home? hmm?"

the two boys blushed, especially qin xuan. he stammered, "brother shen ting, i have a math question that i can't solve. can you teach me?"

Shen ting glanced at him and quickly bent over to pick up Qin Xuan. okay!

...

This time, Qin Xuan's little face turned even redder. He was not a girl who would hug and hug people for no reason.

Little Yi Huan cried out and quickly followed after him.

only qin mo and he huan were left in the kitchen. she still wanted to struggle, but qin mo lowered his head and muttered in her ear, "are you still angry?"

He Huan bit her lip. I didn't. Let go of me!

“I don’t want to!” did you miss me? ” Qin mo asked shamelessly.

“You’re really shameless!”

“if a man is too shameless, he won’t have a woman!” he sounded very happy. ” didn’t you like it when i was shameless in the past, huh?! ”

he huan was almost suffocating. suddenly, she had the strength to push him away. she turned around and glared at him. she gritted her teeth and said, ” i’m sorry, president qin. i don’t like it anymore. ”

Qin mo didn’t seem to mind. then, what kind of girl do you like? tell me, okay? ”

“Do you think you can come and go as you please here?”

qin mo laughed. ” did i? ”

he paused for a moment. ” you’ve packed my things, but there’s still a little less. i’ll come back to get it. ”

He Huan glared at him, her expression a little angry. I’ve packed all your things. Nothing is missing.

“Is that so?” His voice was very long, and he Huan suspected that he was doing it on purpose.

Sure enough, a certain man crossed his hands in front of him and laughed. one less thing!

he huan was stunned and couldn’t help but follow his rhythm. ” what’s missing! ”

“something called he huan.” Qin Mo’s smile was faint.

He Huan was about to explode. I’m not a thing!

Qin mo nodded and replied, ” you’re right. Are you a thing? ”

She glared at him and gritted her teeth. did you come back just to anger me? ”

qin mo took a step forward and said in a calm voice, ” i told you, i came back to get something. ”

he huan instinctively backed away, but he kept moving forward until he huan’s back was in front of the kitchen counter. her hand touched the tap behind her, and the water spurted out.

He Huan suddenly screamed and jumped forward, right into Qin Mo’s arms.

qin mo chuckled. ” didn’t you say that you didn’t miss me? ”

He Huan struggled. let me go!

he hugged her. ” i’m not letting go! ”

He Huan’s face was covered in water, and he looked extremely pathetic.

Chapter 4762: How do we allocate the children (3)

qin mo was stunned for a moment, then he laughed softly, his laughter shaking his chest.

He Huan jumped into his arms. She looked pathetic, funny, and pitiful. Because the water was too cold, her body trembled unconsciously.

Qin mo was afraid that she would catch a cold, so he held her waist with one hand and said in a soft voice that was filled with adoration, ” “i’ll carry you upstairs to get your clothes, okay?”

he huan wasn’t willing to let him off so easily. she reached out and lightly punched his shoulder. ” qin mo, let go of me. ”

qin mo turned on the water and gently placed her in the tub.

with a splash, he huan's face was covered in water again. this time, even qin mo was wet. he hugged her again and said in a helpless tone, "I need to change my clothes too."

...

then, no matter how she struggled, he carried her upstairs.

he huan was anxious. she clenched her fists and punched his shoulders. "qin mo, you're crazy. i don't want to. let go of me, you hear me?"

Qin mo chuckled softly. if you speak louder, the children will hear you. are you sure you want them to go upstairs to see what mom and dad are doing?"

he huan was both embarrassed and angry. "qin mo, you don't have your clothes here. you can go upstairs and take a shower, but you're not allowed to go upstairs. you're not allowed to go upstairs, you hear me?"

In contrast to her anger and anxiety, Qin mo was obviously lazy. I heard you.

He Huan was stunned for a moment, then she felt suffocated."if you hear me, why aren't you letting me go?"

"these are two different things, aren't they?" he kissed her and said in a hoarse voice, "i don't want to."

he huan bit her lip. being carried like this, he actually walked straight upstairs.

qin xuan and shen ting were sitting on the sofa, and he was asking questions. at this moment, his eyes were completely attracted to them, and he couldn't help but look at the adults upstairs. shen ting's face didn't turn red, and his heart didn't beat faster,"Qinxuan, did you understand this question?"

Yi Huan, who was squatting beside him, said in a mature tone, ” “I think Qin Xuan’s heart is elsewhere.”

Shen ting looked at her with a strange gaze.

Qin yihuan said in a very self-righteous manner, ” “i think i’m right,”

Shen ting faintly smiled and didn’t say anything. He looked at Qin Xuan.

Qin Xuan’s face was a little red. brother Shen ting, say that again.

Shen ting patiently explained again. This time, Qin Xuan listened very attentively, but Shen ting was distracted.

it was because of yi huan.

therefore, this question was explained again later.

*

Upstairs, Qin mo carried he Huan into the bathroom. The moment her feet touched the ground, she started screaming.

“what are you shouting for?” Qin mo was quite speechless. I didn’t even want to do anything to you!

as he spoke, he looked at her and prepared the hot water for her. then, he went to the changing room to get her clothes, and then took a bathrobe to the guest room to wash.

After Qin mo left, he Huan was stunned for a while before she came back to her senses. The hot water on her body was especially warm and comfortable.

she wiped her face and remembered that she had not taken off her clothes.

After a hot shower, she felt much more comfortable and changed her clothes.

She thought that she would be done soon, but when she reached downstairs, Qin mo was already in the kitchen.

he huan wasn't stupid enough to go up again. she stood on the stairs and coughed lightly. "yihuan, what is your father doing?"

Yi Huan swallowed her saliva. daddy is baking a cake.

"Are you the one who said you wanted to eat it?" he Huan bit her lower lip again.

Chapter 4763: how do we allocate the children (3)

He Huan wasn't stupid enough to go up again. She stood on the stairs and coughed lightly. yihuan, what is your father doing?"

Yi Huan swallowed her saliva. daddy is baking a cake.

"are you the one who said you wanted to eat it?" he huan bit her lower lip again.

"no!" "Daddy said that he made it because mommy wanted to eat it," Yi Huan replied innocently.

he huan bit her lip again and frowned. she wanted to say something, but she swallowed it.

no matter what, she couldn't say anything in front of the children. after all, shen ting was already a big boy, and qin xuan was a sensitive child.

...

besides, the children really missed him these days, so it was fine to have a meal together.

As he Huan thought about this, she felt at ease, or rather, she found a reason to convince herself.

She was sitting on the other side of the sofa, half lying down, lazily watching Shen ting teach Qin Xuan mathematics. Yi Huan was beside her, watching lazily as well, even their expressions were the same.

after qin mo finished the cake, he started to prepare the meal. they made chinese food today. there was a steamed fish, two stir-fried vegetables, and a soup. it was nourishing and delicious.

he huan smelled the fragrance, and his throat involuntarily moved.

Little he Huan leaned over and said in a soft voice, ” mommy, you really want to eat it, don’t you? ”

Only God knew what kind of treatment the three of them had received in the past month.

Her mother wanted to be a good mother, but she really didn’t need to cook to express her motherly love ...

Only brother Shen ting could finish her mother’s cooking without a sound. If she and Qin Xuan really couldn’t eat, Qin Xuan could still force himself to eat, but he Huan couldn’t force himself to eat.

Now that her father was back, Yi Huan would not let him go. She missed her father.

She missed her father’s cooking even more.

after she finished speaking, he huan roughly understood what she was thinking. she glanced at her. “mom’s cooking isn’t good?”

“Mommy’s food is already delicious, but daddy’s is better,” Yi Huan said with a smile.

“is it just a little?” He Huan asked her.

“only one thing, but it’s more important.” yi huan nodded.

He Huan reached out and gently pinched her little face.”I can’t.”

“Ungrateful?” Yi Huan’s eyes widened.

She opened her eyes a little. mom, look. My eyes are black.

He Huan was speechless. After a while, she sighed.”It seems so.”

Yi Huan was still smiling. you are.

he huan hesitated,”do you really want dad to stay?”

This time, Yi Huan remained silent for a long time. He Huan did not say anything either, just looking at her.

I miss my father, ” Yi Huan mumbled after a long while.

her small arms hugged he huan tightly, as if she was afraid that she would disagree.

He Huan did not move. She sighed in her heart and was about to speak when Qin mo walked to he Huan’s side. He opened his mouth and said to Yi Huan, ” daddy has something to do recently, so mommy will take care of you, okay? ”

after he finished speaking, yi huan immediately asked shrewdly,”How long will that take?”

Qin mo thought for a moment and smiled. “About half a year! but i’ll come back to see you every week.”

After a long time, he asked again,”Dad, Are you sure?”

qin mo nodded his head, of course.

Yi Huan wailed and leaned on him again.

qin mo carried her to the dining room, it's time to eat.

The two boys quickly followed, but he Huan was stunned and did not come back to her senses for a long time.

Chapter 4764: Mrs. Qin, you have no backbone (1)

while qin mo was speaking, he huan did not say a word.

she was just a little surprised.

She was surprised that Qin mo didn't say that he wanted to stay. He didn't look down on her, but her eyes couldn't help but land on his face for a long time.

qin mo seemed to have noticed her gaze and looked in her direction. when he met he huan's gaze, he smiled faintly.

it was only then that he huan realized that he did not bring any luggage with him. furthermore, he did not even tidy himself up when he was upstairs. he had gone to the guest room to take a shower. qin mo was not like this in the past.

he huan's eyes were filled with uncertainty.

...

Qin mo continued to look at her quietly. After a while, he smiled. "He Huan, do you have something to say? do you not want me to come over to see the children, or do you want me to keep Hanhan?"

He Huan snorted. you can come and go as you please. No one is stopping you.

Qin mo looked at her and cut a small piece of cake for Yi Huan. Qin Xuan also took a small piece. Then, he smiled again. "These words sound like they're spoken out of anger."

"I didn't say that out of anger," he huan gritted his teeth.

Qin mo raised his brows, "really?" that's good to hear."

There was always a hint of provocation in the way he looked at her.

he huan was so angry that she gritted her teeth. did he come back this time to anger her on purpose?

He Huan bit her lower lip and decided to ignore him. He was evil to the core.

The two boys didn't say a word as they continued to eat the cake.

Shen ting didn't usually eat sweet things like cake. In order to break the awkward atmosphere, he ate two small pieces in a row. Of course, he fed a portion to Yi Huan.

little yihuan was satisfied. she wiped her mouth and said, "mom, dad, you're affecting our health."

"how is yihuan not healthy?" Qin mo laughed. He had not seen his little girl for a long time. It was rare for him to put Yi Huan on his lap while eating. He lowered his head and pressed it against the little girl's hair, smelling the pleasant smell of a child.

yi huan also missed her father and reached out to hug qin mo.

He Huan was eating. The food smelled good, and the scene in front of her was very heartwarming. However, she had a very strange feeling. She couldn't tell what it was, so she continued to bury her head in the food. When she was almost full, she realized that this strange feeling was called emptiness.

... it seemed that qin mo's return this time had nothing to do with her. he came back to see the child. everything that happened in the kitchen was just a little teasing. he didn't really miss her!

He Huan was a little embarrassed and angry. After dinner, she found an excuse to go upstairs. Qin mo was downstairs with a few children. When he looked up and saw he Huan going upstairs, his steps were a little heavy, as if he was a little angry.

She's angry? ran ran, the corners of Qin Mo's mouth curved up slightly.

Qin Xuan leaned on his side and talked to him. His little body was slender and fragile, and he was really beautiful. Qin mo simply grabbed his own knee.

This child was too delicate and sensitive. Qin mo didn't know how to explain to Qin Xuan after all that AI Jia had done.

Perhaps when Qin Xuan grew up, he would tell him, but not now.

This was too cruel for the current Qin Xuan.

qin xuan was very young, but he was sensitive.

however, after living with qin mo for so long, he trusted qin mo and he huan. it wasn't that he didn't have any feelings for ai jia, but he was too young to change anything.

Chapter 4765: Mrs. Qin, you have no backbone (2)

Qin Xuan was very young, but he was sensitive.

however, after living with qin mo for so long, he trusted qin mo and he huan. it wasn't that he didn't have any feelings for ai jia, but he was too young to change anything.

from then on, qin xuan never mentioned aijia. when he was 18 years old, he asked about aijia's whereabouts.

qin mo told him, but he didn't tell him the cruel truth.

When Qin Xuan was 20 years old, he had asked Qin mo again, and this time, Qin mo had told him.

After that, Qin Xuan went abroad for four years.

...

The day before he returned to his country, he went to see Edgar.

At that time, Qin Xuan was no longer that fragile little boy. Instead, he had grown into a young man like Qin Lu. In his handsome appearance, there was a trace of gentleness that belonged to AI Jia.

that was 14 years later. aijia looked at her son quietly and suddenly felt relieved. after all the things qianqian had done, the one she felt most sorry for was actually qin xuan.

at this time, qin xuan was a 10-year-old child. he had no parents, only qin mo and he huan. he was still uneasy. other than ai jia's whereabouts, he was also uneasy about the relationship between qin mo and he huan. he was afraid that his arrival would break up his uncle and aunt.

There were many times when he had the thought of leaving, and he left without a word.

however, shen ting patted him on the shoulder and told him that his uncle would come back. yihuan also laughed and said that he was overthinking it. qin xuan didn't understand why they were so sure. his uncle hadn't come home for a long time. weren't the children these days afraid of their families breaking up?

broken family?

qin yihuan's eyes widened. " daddy loves mommy so much. he can't bear to let her break. "

he then patted qin xuan's shoulder. " all 40-year-old middle-aged men are so slimy and pretentious. "

“greasy?” qin xuan’s eyes widened.

Uncle Qin doesn’t have anything to do with this, does he?

who said that?

At this moment, Qin mo was done with his work and started to head upstairs. He still had some things to talk to he Huan about.

He Huan was lying on the sofa and playing with her phone. When she heard the door open, she immediately sat up. She stopped playing her game and looked at him guardedly.”qin mo, what are you doing here?”

Qin mo laughed lightly. you seem to be afraid of me? ”

He looked around and then sat opposite her. The sofa caved in because of his weight, and he Huan just stared at him.

qin mo’s hand was on the sofa. he looked at her expression and laughed, ” I remember that we’re still legally married. Why are you so guarded against me? you’re not a little girl anymore.

“qin mo, what are you trying to say?” he huan bit her lips.

“qin chen said that qin xuan can start the surgery.” Qin mo suddenly changed to a serious tone.

He Huan was stunned, then she said in a low voice, ” “is that enough?”

qin mo nodded,”yes!” Arrange for him to be hospitalized the day after tomorrow.”

He Huan couldn’t believe it. Ran ran was going to be admitted to the hospital the day after tomorrow, and she didn’t know if Qin Xuan was scared.

qin mo probably knew what she was thinking, so his voice was very calm. ” “qin xuan is a boy.”

he huan bit her lower lip. ” but he’s always a child. he’s only 10 years old. ”

Qin mo was still very calm,”no one can replace him.” What I want to say is that Qin Xuan will be hospitalized for about a month, so I’ll take care of him for this month.”

he probably knew what he huan wanted to say, so he quickly continued, as if he had thought about it long ago.

Chapter 4766: mrs. qin, you have no backbone (3)

he probably knew what he huan was going to say, so he quickly continued, ” I know you want to take care of him yourself. He Huan, I want to say that taking care of a patient is not easy. You know about Qin Xuan’s situation. You can stay here to take care of yihuan and Shen ting. It’s not like they don’t need an elder to take care of them. After Qin Xuan is discharged, I will send him to the sanatorium for a year.

he spoke quickly and emotionlessly. he huan stared at him for a while before muttering,”you’ve already thought about it, haven’t you? qin mo, what have you been doing and thinking about for the past month?”

“i thought you wouldn’t be interested,” qin mo replied indifferently.

he huan bit her lip and did not say anything else.

qin mo laughed. ” you’re not going to say anything? ”

He Huan lowered her head. you’ve already thought it through. What’s the difference if I don’t make a sound? ”

...

“are you angry again?” qin mo suddenly sat down beside her. he huan’s pupils shrank and she moved to the side. then, she bit her lip. ” qin mo, why are you sitting closer? ”

“do you know why you arranged for qin xuan to go to the nursing home?” qin mo suddenly asked.

He Huan pursed her lips and shook her head.

qin mo paused for a moment. ” rong yue is very insistent. he wants to raise qin xuan. he’s probably afraid that ai mengmeng will be lonely. after all, they don’t have children. ”

“But this is the child of the Qin continent,” he Huan blurted out.

seeing that she had fallen into his trap, qin mo coughed lightly. ” that’s right. Why are you raising Qin Lu’s child? shouldn’t it be the Qin family’s? ”

only then did he huan realize that he had been tricked. he glared at him for a while and snorted, ”
“Let qinxuan decide for himself.”

Qin mo smiled but did not say anything.

He Huan waited for a long time, but he still didn’t speak, so she began to stammer, biting her lip.”Qin mo, say something.”

“What did he say?” He smiled again and reached out to hook her little chin. shouldn’t you be the one to say it? for example, let me stay or something.

he huan turned her head and wanted to avoid his touch, but qin mo had a way to catch her. he pinched her chin and made her look at him. after he finished his business, he started to tease her again. ” you really don’t miss me at all? ” it’s been a month, mrs. qin, huh?”

As he said that, he leaned over and kissed her.

He Huan was obviously stunned. After a while, she touched her lips with her finger and muttered to herself, ” “Qin mo, let’s ran ran.”

“Good night kiss.” qin mo chuckled and actually stood up. ” i’m going back. ”

ah! he Huan exclaimed again before noticing that he had changed into his previous clothes.

he was really going back. he didn't want to stay, and he didn't want to stay?

She didn't know if she was more shocked or disappointed. It had been more than a month, and she also knew about AI Jia. There were a few times when she wanted to call Qin mo, but she held back.

he was back, but it wasn't what she wanted. he huan wanted to throw away her pride and throw herself into his arms, but her pride didn't allow it, so she seemed a little awkward.

Qin mo stood there and looked down at her for a moment. "You were much cuter when you lost your memory."

He Huan glared at him.

Qin mo only smiled and left.

He really left and he Huanhuan sat on the sofa, thinking a little affectionately. She clenched her fists and bit them, her heart in a mess.

that night, he huan had a dream. she dreamed that she had received qin mo's divorce agreement. there were many clauses on the agreement. in the end, she was assigned to qin xuan when it came to the distribution of the children.

Chapter 4767: mrs. qin, you have no backbone (4)

that night, he huan had a dream. she dreamed that she had received qin mo's divorce agreement. there were many clauses on the agreement. in the end, she was assigned to qin xuan when it came to the distribution of the children.

The little Qin Xuan carried his bag and strolled around with her. He Huan woke up after that.

When she woke up, the sky was still dark. She was sleeping alone on the big bed.

Qin mo was not around.

Yes, he had gone back a long time ago.

he huan didn't know where he was staying, but she had heard secretary he vaguely mention that he was staying in a hotel.

...

It wasn't the apartment that they used to live in, but rather the hotel room. He Huan thought to himself that perhaps he really wanted to divorce her.

Divorce, just divorce.

she was not begging him.

however, since he was not in the mood to come back, why did he tease her?

in the middle of the night, he huan scratched her head with a headache. she felt that qin mo was really too despicable.

the next day, shen ting and yi huan went to school, leaving only qin xuan and her at home.

he huan didn't sleep well, so her eyes were blue. qin xuan was very considerate and didn't wake her up. at 10 o'clock, he said that he wanted to go back to sleep, so he huan decided to sleep with him.

for the first time, qin xuan and he huan fell asleep on the sofa together. it was already one in the afternoon when they woke up.

After he Huan woke up, she hugged her warm little body in her arms. There was an indescribable feeling in her heart.

she remembered that dream. in the dream, little qin xuan was following her with a small school bag on his back. she remembered that he was going to be hospitalized tomorrow and she wouldn't be able to see him for a week after the surgery. after that, he would be staying in the sanatorium for a year. she almost didn't see him for a long time. he huan was a little reluctant and kissed the little guy. " qin xuan, are you scared? "

Qin Xuan had just woken up, and his usually pale face had a touch of red, which was very beautiful.

he was stunned at first, but then quickly reacted. at first, he shook his head, but then he probably changed his mind and nodded.

of course they were afraid. even adults were afraid, let alone children.

He Huan's heart ached for him. She touched his face and said gently, " "Aunt Qin Chen is here, don't be afraid."

Qin Xuan pursed his lips and nodded.

He Huan patted his little head lovingly and smiled.

" auntie, can i hug you? " qin xuan asked as if he had thought of something.

"of course," Just as he Huan finished speaking, the small person had already hugged her very tightly. The small person's strength was amazing.

he huan was in pain, but she hugged him and comforted him silently.

The little Qin Xuan was in her arms for a long time before a muffled voice came out. Auntie, can I call you mom? "

he huan was stunned. although qin xuan looked sensitive and slender, he was a proud little guy.

She hesitated for a moment, but Qin Xuan had already called out for his mother.

his voice was very soft, and it sounded like he was sobbing. suddenly, he huan understood. this child probably knew that he would never have a mother, but he didn't know how to express it.

he huan's heart ached to the extreme. she had an indescribable feeling. she had always thought that ai jia deserved it. she had done so many bad things and had never been punished. but now, qin xuan had lost his mother forever. she felt guilty.

the mother of this child who called her mother was indirectly sent to prison by her. he huan heard that she would never be able to get out. he huan wanted to say something, but he didn't know where to start.

Chapter 4768: mrs. qin, you have no backbone (5)

At this moment, he Huan made a decision.

Just like in her dream, she could take care of Qin Xuan!

he had called her mother.

after a long time, he huan said softly,"it's time to get up and eat. it's already afternoon."

There was actually a cook at home, but he Huan personally cooked a bowl of noodles for Qin Xuan. The noodles she made were not bad, and Qin Xuan enjoyed it, but he Huan really didn't think it was that good.

" slow down, " she said with a smile. " no one's snatching it from you. "

...

Qin Xuan finished the last poached egg and took a deep breath. it's my birthday today.

He Huan exclaimed and then held her chin. "Then I'll have to think about what gift to give you."

Qin Xuan's small face was unnaturally red. "I'm going to call mom."

ah! he Huan exclaimed and came back to her senses. She couldn't believe that Qin Xuan had chosen her.

while she was still in shock, qin xuan spoke again. "are you going to accompany me to the hospital tomorrow?"

he huan looked at him. qin xuan licked his lower lip and said, "I want mom to go with me."

he huan's feelings were complicated. she hugged qin xuan and kissed him. she said in a low voice, "I'll take you out to eat cake later."

In fact, Qin Xuan's body wasn't suitable for going out, but he Huan wanted to take him out. Every child had a wish, and that was to eat cake with their parents on their birthday.

qin xuan was no exception.

Even though he had never mentioned it before.

After he Huan finished speaking, Qin Xuan's eyes widened. He was a little hesitant and yearning. "can i really?"

"if i say it's possible, then it's possible." he huan snorted and raised his voice, "I'm going upstairs to change my clothes."

qin xuan immediately abandoned his hesitation and looked forward to it.

half an hour later, the two of them set off. not only did they eat cake, but they also went to the amusement park. although the weather was clear in early spring, it was still a little cold. qin xuan wore a lot of clothes and a mask to prevent people from getting infected.

he huan had also made sure not to let him play any intense games, only playing with children. even so, qin xuan was already very satisfied.

however, when they returned to a shopping mall in the city center, he huan wanted to buy a gift for qin xuan. children always liked toys, even though qin xuan had never asked for it.

He Huan had thought about it before. She couldn't control Shen ting's way of teaching. Qin mo had high hopes for Shen ting, but she was in charge of Qin Xuan. She wanted Qin Xuan to be happy.

thinking of this, he huan felt a little free.

at this time, the reporters were blocking her way. she didn't know what was going on, but she and qin xuan were wearing masks and kept a low profile.

however, it was obvious that the reporter was extremely excited."director he, i heard that you and president qin have been separated. your movie's final box office was close to 4 billion. did you neglect your marriage because you were too focused on your career, causing president qin to cheat on you?"

Secretly eating outside?

He Huan didn't know where this news came from. She glanced at the reporter and didn't want to bother with it, but the reporter obviously didn't want to let her go and chased after her. President Qin has eaten with a socialite three times a month. You don't know, or is this marriage already in name, and you and President Qin have your own fun? "

He Huan protected Qin Xuan in front of her and said in a cold voice, " "You can ask President Qin about this."

She was in the entertainment industry and knew it best. They didn't dare to ask Qin mo about this kind of topic. They were only picking on the soft persimmons.

Chapter 4769: mrs. qin, you have no backbone (6)

he huan didn't finish her sentence. she directly called the reporters and walked into the mall. however, no matter where she went, people followed her and the number of reporters was increasing.

qin xuan, who was beside her, felt a little uneasy. he tugged at the corner of her clothes and called out to her mother in a low voice.

At this moment, the sharp-eared reporters heard it and immediately began to imagine how he Huan dared to write about her illegitimate child. This child was even older than Qin yihuan, so where did he get an illegitimate child from?

in the end, he huan was finally blocked and couldn't move, but the reporters kept asking about her condition.

Of course, he Huan wouldn't say anything. However, after being stuck for so long, she was a little angry. She immediately called Qin Mo's phone. I'll get President Qin to come over and explain it to you.

President Qin was a man that the reporters couldn't afford to offend, but the reporters were unwilling to give up on the famous scene of men and women being separated, so no one left.

...

When Qin mo rushed over, he had a rather good-looking woman with him. She was the manager of the public relations department.

On top of that, there was also Secretary he and a large group of King Entertainment's security guards. King Entertainment's security guards were all tall and strong, and there were more than 20 of them.

qin mo's expression was very ugly, especially when he saw qin xuan wearing a mask and holding he huan in one hand. he was squeezed so hard by the crowd that he was about to be deformed. he also saw that he huan didn't have a good place to go. he was really angry.

When Qin mo came over, the reporters seemed to have lost their tongues. None of them made a sound and only focused on taking photos. They even took photos of the female lead of the scandal, he Huan, and Qin mo together. Oh right, there was also the illegitimate son. These photos could be written with all kinds of flowers.

Qin Mo's expression turned even uglier and he walked straight to he Huan.

she had always been willful and mischievous and did not take his words to heart. however, he had always given her face in front of others and would not be fierce to her. he would only punish her in private. therefore, only he huan knew how bad qin mo was.

However, this time, Qin mo did not give her any face. His face turned cold, ” “He Huan, there's a limit to your nonsense. I told you yesterday that Qin Xuan will be hospitalized tomorrow. It's not like you don't know that he's not suitable to appear in a crowd. He can get infected, and he might have to stay in the hospital for a week for each infection. Moreover, he needs surgery.ai Mengmeng's current body is suitable for donating, and I don't know when the next time will be suitable for both of them.”

He Huan knew about it, but she knew her limits when she brought Qin Xuan out to play. She didn't want to be surrounded by these reporters. She didn't expect him to blame her without even saying an apology, even though it was his scandal that started it.

Moreover, this was the first time he had been so embarrassed in public.

He Huan replied coldly, ” yes, I'm messing around. But if I didn't come out, I would have known that I was too focused on work. President Qin is having a meal and going on a date with someone else.

Qin mo was impatient. what dinner date? ”

He Huan ignored him and picked up Qin Xuan, wanting to leave. The reporters had already been dispersed.

however, her body was not in good condition either. she had only taken a few steps before her body tilted and she fell down.

qin mo immediately caught it.

*

when he huan woke up, the sky was already dark. he slowly opened his eyes and saw a white wall in front of him. the faint smell of medicine filled his nose.

why was she at the hospital?

a few seconds later, she recalled her argument with qin mo and qin xuan's birthday.

just as she was about to sit up, a voice rang out beside her, " your blood sugar level is too low, yet you still have to go out for a run. You even brought Qin Xuan along. He Huan, you're no longer a three-year-old child.

Chapter 4770: mrs. qin, you're spineless 7

He Huan was just about to sit up when a voice rang out beside him. your blood sugar level is too low, yet you still have to go out for a run. You even brought Qin Xuan along. He Huan, you're no longer a three-year-old child.

His voice was a little stern, and it made he Huan think of the Qin mo of the past. The Qin mo in his 20s, the Qin mo who was a busybody. He was really annoying.

she sat up and turned her head slightly to look at qin mo.

Qin mo also looked at her.

he sat on the sofa by the bed, his face a little dark, and his voice a little cold. " congratulations, Qin Xuan has been infected. He's in quarantine now, on his birthday, the day before his surgery.

He Huan was stunned for a moment before she muttered,"You're clearly wearing a mask."

...

“If masks are all-purpose, there wouldn’t be a need for so many doctors.” qin mo said rudely.

He Huan bit her lip and did not say anything.

Qin mo didn’t seem to want to talk to her anymore. He simply told her that Qin Xuan wouldn’t return to the villa after the surgery. In addition, she needed to stay in the hospital for observation. If there were no problems, she could be discharged the next morning.

his attitude was a little cold and angry. it could not be said to be heartless, but it was definitely not the attitude he had towards his wife.

He Huan was stunned for a moment. Then, she lowered her eyes and said in a low voice, ” Qin mo, I want to see Qin Xuan.

“He’s been quarantined. if you want to see him, you can only see him through the glass.” Qin Mo’s voice was filled with anger.

he huan looked at him. ” it’s qin xuan’s birthday today. i just wanted to make him happy. ”

Qin mo looked at her for a while. It was unclear if he understood her explanation or if he simply didn’t want to listen to her. He was still very cold. Auntie LAN will send food over in a while. You should rest early after you’re done eating.

after qin mo finished speaking, he looked as if he was about to walk out.

“Qin mo,” he Huan suddenly called out to him.

Qin mo paused and tilted his head. is there anything else? ”

He Huan didn’t know what she wanted to say. After a long time, she mumbled, ” “Are we going to get a divorce?”

under the light, qin mo's eyes were as black as ink. after a long time, he asked in a low voice, "what about you? "

It was another sentence that came out of nowhere.

Like him, he Huan didn't answer his question. A moment later, before Qin mo left, he heard her Mutter, " "Maybe I'm really focused on my work." therefore, she was not suitable to be his wife.

For so many years, they had always been quarreling, but now there was nothing to quarrel about. They still hadn't reconciled and were still proud of each other.

qin mo turned his head.

he huan looked at him. there was a hint of confusion in her eyes, as if some kind of anticipation had been extinguished.

Qin mo was indeed quite angry. However, at this moment, he felt a certain sadness in his heart. He had always been the one to walk towards her. Whether it was a hundred steps, a thousand steps, or ten thousand steps, he had never hesitated.

After listening to a few reporters 'boring topics, she began to doubt him.

He thought that he had made it very obvious in the villa yesterday that he was waiting for her.

however, it was obvious that he huan had pushed him away again.

qin mo knew that he was being a little unreasonable at this moment. however, he did not plan to reconcile with her now. he did not want to coax her either. he did not want to have a happy reunion with her. if they reconciled, they would have a happy reunion. there would be no more restraints. perhaps, she would fly away again, just like in the past.

Qin mo narrowed his eyes, clenched his fists, and closed the door.

He Huan bit her lip, grabbed a pillow, and smashed it against the door. Just then, Qin Chen came over.
