Chapter 4791: shen ting has actually been waiting all this time (1)

After she asked that question, she immediately regretted it. After that, she didn't say anything. After a long time, Shen ting finally said, " " i thought you wouldn't want me to be with bai anan. after all, we'd be seeing each other again if we were together, right? "

Yi Huan tilted her head and scratched her hair, " "Shen ting, can we not be like this? we could've lived in peace. nothing happened that night, right?"

as soon as she finished speaking, the car stopped with a screech.

Yi Huan's body leaned forward, and she was seeing stars.

fortunately, there weren't many cars on the road in the early morning, but it was dangerous for him to brake so suddenly.

"Shen ting!" Yi Huan couldn't help but say.

...

He first looked ahead for a while, then slowly turned his head to look at her.

"Even if something happened between us, the result would be the same, wouldn't it?"

this time, there was a hint of mockery in his tone.

perhaps, she was the one who had ignited his anger.

Qin yihuan kept quiet. She leaned back in her chair and said softly, " "i don't want to argue with you, and i don't have the strength to do so. Shen ting, can't we call a truce? are you tired?"

“If you think it’s too much, I’ll get out of the car.” She muttered.

shen ting locked the car from the inside and started the car again. he drove all the way to her apartment.

Yi Huan got out of the car, feeling a little dizzy. She glanced at Shen ting, telling him to drive carefully.

shen ting didn’t even look at her and directly drove the car into the driveway.

Yi Huan watched the car drive away before returning to her apartment. It was about 160 square meters, and it was very spacious for one person. She never opened the kitchen and mostly ate out. Her work meals were sent from the villa. She always thought that it was her parents ‘arrangement, but she did not object to it.

at this time, her stomach was empty. she opened the refrigerator and only found milk.

It was ice.

After shaking it twice, he still gave up.

She called her Secretary to order breakfast for her. After breakfast, she took a shower. She wanted to talk to ye xiangnan, but he was not in the country and it was midnight.

Lying on the bed, she felt a little sleepy, probably because she didn’t sleep well last night.

as soon as she closed her eyes, she could feel shen ting’s gaze on her. how could she sleep well like this?

now that he was back at his place, he could finally relax and slowly fall asleep.

When she woke up, it was already four in the afternoon.

Yi Huan’s phone kept ringing. She buried her face in the pillow and answered the call.

she thought it was ye xiangnan calling, so she said in a muffled voice, ” “you miss brother nan?”

But the voice on the other end was very familiar. It was Shen ting.

“The hospital called and said that you didn’t go for an IV.” Shen ting’s voice was definitely not pleasant.

Yi Huan was a little embarrassed. She sat up. I just woke up. I’ll go in a while.

“i’m downstairs.” Shen ting’s voice was slightly cold.

ah?

Yi Huan was surprised, and after a while, she whispered,”i can drive there myself.”

“the hospital contacted me,” his voice became even colder.

yi huan knew that she couldn’t escape, so she scratched her head again, ” “then wait for me.”

She grabbed her coat, tidied herself up, and went downstairs. When she got into the car, it was very warm inside. She breathed out gently.”it’s a little cold outside.”

“It’s been raining.” shen ting’s voice was a little hoarse.

as he spoke, he took a cup of milk tea from somewhere and handed it to her.

Chapter 4792: shen ting has actually been waiting all this time 2

qin yihuan was stunned. ” for me? ” Because he didn’t let her drink these in the past, he would always make fruit tea for her at home.

Shen ting didn't answer her and started the car.

Yi Huan took a sip and felt her body warm up. She was so comfortable that she even suspected that she was not sick.

She let out a satisfied sigh, and only then did she remember to ask Shen ting, "by the way, why don't you drop me off at the hospital? if you're free, didn't Yueyue and Bai Anan have a dinner date?"

shen ting held the steering wheel and said in a calm voice, "She's busy."

Oh, Gong, Gong, and Yi Huan didn't say anything else. She thought that after today, she would definitely go to the hospital after noon tomorrow. That way, she wouldn't bump into Shen ting.

...

she thought to herself, not saying a word on the surface, and only sipped the cup of milk tea.

He stayed in the hospital on a drip for two hours. When he came out, the sky had already turned dark.

"thank you," yi huan said as she sat in the car.

Shen ting didn't say anything. He just drove. Yi Huan was hungry, and she was planning to ask her Secretary to order a full meal. She was famished.

however, shen ting didn't drive to her apartment. instead, he stopped the car in front of a vegetarian restaurant.

yi huan's eyes widened.

Didn't he not have time to eat?

Shen ting unbuckled his seat belt. if you're sick, don't eat too much. Get out of the car. The vegetarian food here is not bad.

Yi Huan followed him out of the car. but I want to eat some meat.

shen tingxiao glanced at her. " you can eat it after you've recovered. "

He walked in front of her, deliberately keeping a distance from her. Yi Huan did not follow him. She wrapped her coat and even a scarf around her to block the autumn wind.

it was only when she entered that she realized it was a vegetarian hotpot.

! Is this contagious!! she leaned closer and whispered.

shen ting glanced at her. " if it's contagious, " he said, " i would have been infected a long time ago. "

he picked a private room and sat down. the manager came over to entertain him personally and brought a big piece of news. president shen, lawyer bai is here too. he's in the room next door. "

shen ting didn't seem to be surprised. he played with the teacup in his hand and said, " no need. "

Yi Huan took off her scarf and coat. She opened her mouth in surprise and whispered after a while, " " why don't you go over? i'll eat alone. i'm afraid of getting infected. "

shen ting stared at her for a while and slowly said, " "Are you feeling uneasy? Are you afraid that ye xiangnan will misunderstand you or feel guilty for stealing Bai Anan's boyfriend?"

Yi Huan couldn't say a word.

What the hell is this!

shen ting spoke again, " there's no need. you've been even more overboard in the past, but it's nothing much. now, i'm just taking care of my family. it's no big deal to have a meal with them. an 'an won't be so petty. "

His words made it seem that Yi Huan had some ulterior motives, and she had no right to say anything else.

hence, he shut up!

Fortunately, the manager knew how to read people's minds. He knew that something was wrong. President Shen's attitude was unusual. It wasn't like this when he came here with lawyer Bai in the past.

The manager didn't dare to say anything more. He left and asked the waiter to serve the dishes.

Since they were having hotpot, Shen ting did most of the cooking. Yi Huan only needed to take the food. The food here was really good. After a while, she ate until the tip of her nose was full of sweat.

Shen ting turned his head and glanced at her, but he didn't say anything.

Chapter 4793: Shen ting has actually been waiting all this time (3)

on the other hand, he did not eat too much or too fast. he ate very slowly. after so many years, shen ting was already a noble among noble young masters. his every move was noble.

he took good care of yi huan, just like he had said. he took care of her well, but not too intimately. yi huan ate for a while before she felt a little different. she shook her head in a daze.

it had been so many years, but she still felt like they were in the past.

now, they were so unfamiliar and distant that she didn't even have the face to call him brother shen ting.

as he thought of this, he became more and more silent, to the point that the atmosphere became a little heavy.

shen ting didn't seem to want to change the current situation either. after that, yi huan thought that it was probably because they didn't need to meet tomorrow, so there was no need to be so polite.

...

He must have hated her!

she no longer spoke, and the vegetarian pot was not as fragrant as before. no one spoke until the end.

Shen ting watched her finish eating, and as he walked towards the door, he lit a cigarette. wait for me at the door, I'll park the car.

Yi Huan nodded, then watched him open the door and close it.

she immediately put on her coat and scarf and followed him out.

outside, it was very lively, especially in the lobby, where smoke was lingering, giving off a very smoky atmosphere.

When Yi Huan reached the door, she was surprised to see Bai Anan there as well. Shen ting was talking to her.

The two of them stood in front of the car. Beside Bai Anan was ye Hui. Of course, Yi Huan knew that she was ye xiangnan's younger sister.

Such a scene was not very nice to watch, and the atmosphere was very confusing.

But when Bai Anan and ye Hui saw her, they were not surprised. They did not show any signs of hostility. Ye Hui called out to her, but Bai Anan only smiled.

Shen ting's back was facing her, but he turned around and looked at her. get in the car.

Yi Huan did not get into his car so naturally anymore. Bai Anan was his Hanhan's girlfriend. Even if she was Hanhan's girlfriend, even if Shen ting was a member of the Qin family, she could not be so self-righteous now. Besides, there was also the disgraceful past of the night when she was 18 years old. So, Yi Huan still refused. " i'll take a taxi. you can send sister anan back. "

"sister anan, i'm sick, so shen ting sent me to the hospital." she coughed lightly.

Even a fool could tell that this was a deliberate explanation.

Ye Hui pretended not to hear him. Shen ting frowned and Bai an 'an continued to smile, " I drove here. I still have to send ye Hui over first, so I got Shen ting to send you over, Hanhan. After all, Hanhan is a patient, so you should take care of her more.

yi huan didn't know what bai anan was feeling when she said that. she just felt that it was inappropriate.

just as she was hesitating, shen ting had already opened the car door. " get in. "

she had no choice but to get into the car. after she got in, shen ting did not get in the car immediately. instead, he talked to bai anan for a while. after he got in the car, yihuan wanted to say something, but she was frozen by the expression on his face.

Her experience told her that it was best not to speak, or else she would just be asking for trouble.

The current Shen ting was no longer the Shen ting of the past. He would not dote on her and would not grant her every request. She had lost all of this on her own.

The car drove further and further away. Ye Hui looked in the direction of the car and turned her head.

Bai Anan sighed. I know what you want to say. But don't say anything. It's not the first time I know that ye Hui Xi and Shen ting like Yi Huan.

Chapter 4794: Shen ting has actually been waiting all this time (4)

Ye Hui was a slender little girl and couldn't help but rebut, " but, Zhenzhen, you don't have to wait for him like this. He's obviously still waiting for Qin yihuan. As long as my brother doesn't marry her, Shen ting won't give up. You've seen it just now. Yihuan's intention is obvious. She's rejecting you. She wants to be with you and Shen ting. But, Zhenzhen ...

Bai Anan raised her hand. alright, I know. I know what you're saying. But if I tell you that I've never kissed Shen ting before, do you think I can still ask him to be loyal to me, both physically and mentally? "

ye hui's eyes suddenly widened and she stuttered, " "what kind of joke is this? anan, you can't be serious. you're so old and yet you're still so innocent. it seems like yueyue has been intimate with you for a few years!"

"it's not that there aren't any!" bai anan sighed. " if he's not the right person, he won't be able to take that step. or maybe he wants to leave this for the person he wants. ye hui, let me ask you, has your brother ever had sex with yihuan? "

"How would I know!" Ye Hui swallowed her saliva.

"i'm telling you, no!" Bai Anan said firmly, " there's a problem between them. I think it's not that Nan Zhiyan doesn't like Yi Huan. There's something holding him back. Maybe he doesn't know it himself!

...

Ye Hui's expression became even stranger. sister an an, how did you know? "

bai anan lowered her eyes. " that's not how people love each other. "

If they were in love, they would have gotten married a long time ago.

recently, xiang nan seemed to have something on his mind.

Ye Hui thought about it carefully and said, " I think so. My brother is already 30 years old. He should have a son a long time ago. Yihuan is not young anymore. It must be my brother's problem that he's dragging things out like this. But I don't think yihuan is in a hurry. She has never rushed my brother either. Is it really okay for them to see each other only a few times a year? "

bai anan sighed again. " that's why i'm the cannon fodder. i'm willing to do it. "

he knew that there was no result, but he was still willing to play along.

she had tried dating shen ting before, but it was only for a short while. she quickly realized that they weren't suitable for each other. she was just trying to save some face for herself. the truth was that he didn't have any feelings for her.

All these years, their occasional meal was actually mostly for work. After all, she was the top lawyer and also the specially hired lawyer of King Corporation, so she was very important.

it was normal for shen ting to have a few meals with such an important person. when the tabloids wrote nonsense, he also allowed it to be written without correcting it.

in the beginning, bai anan had thought that she still had a chance. however, after a year or two, shen ting had become colder and colder to qin yihuan. she felt that she had no chance.

If he didn't take that person to heart, he wouldn't be so cold. After all, he was raised by the Qin family. No matter what, he would still maintain a certain degree of harmony, right? there was only one possibility.

Shen ting was having an argument with Qin yihuan.

A mature man like him would only argue with the girl he liked!

Perhaps he was waiting, waiting for Yi Huan to give up and turn back.

But Bai Anan felt that they were in love, and all these years, ye xiangnan had nothing to do with them, and it had nothing to do with her!

in reality, shen ting was a two-faced person, and qin yihuan had always been the one who was at a disadvantage.

Chapter 4795: Shen ting has actually been waiting all this time (5)

However, so what? Shen ting and Qin yihuan had stopped talking. They were wasting time. Bai Anan and ye xiangnan were wasting time too. It was not that they did not want to give up. They just could not find a reason to give up.

As for the engagement next month, Bai Anan thought, "so what if it's an engagement? both the man and the woman have no intention of getting married. It's really the Emperor who's not in a hurry.

on the other side of the road, shen ting was driving the car with qin yihuan still sitting beside him.

Halfway through the car, she couldn't help but say, "shen ting, are you sure there's no problem?"

shen ting focused on the front and said in a faint voice, "What's the problem?"

qin yihuan pursed her lips. "bai anan!"

...

Shen ting stopped the car at a red light. He turned his head and looked at Yi Huan.

Yi Huan did not say anything.

"you're thinking too much," shen ting said after a long time.

She didn't say anything more and just sat there quietly.

After they passed the red light, it started to rain. The rain was quite heavy, and as the raindrops brushed past the windshield in front of them, Qin yihuan could see that she was a little lost in thought.

No one said a word, and they arrived at her apartment in the rain.

the car did not enter the underground parking lot, and the rain was quite heavy. yi huan sat in the car and looked out. she pursed her lips and was about to open the car door when shen ting had already gotten out of the car. he braved the rain and went to the trunk to get an umbrella. he held the door with one hand and called for the car door with the other. " get out. "

Yi Huan was fine, but Shen ting's body was wet. Yi Huan felt bad.

In front of the elevator, she looked at him. come to my place and wipe your face. Otherwise, you'll catch a cold.

"No need," Shen ting's voice was cold to the point of being unreasonable. He quickly walked out and got into the car.

Yi Huan looked at him in a daze as the car lights turned on. He would leave soon.

At this moment, Shen ting looked over and Yi Huan was shocked.

she ran into the elevator as if she was escaping. her heart was still beating when the elevator door closed.

Then, she gently touched her heart and bit her lip until they reached the floor where she lived.

after entering the house, she took off her coat and went to take a hot shower. she changed into a set of home clothes and made a cup of hot milk. yi huan was long past the age of drinking milk, but she still liked to drink milk powder. this was a secret that not many people knew.

On this autumn night, it was very comfortable to drink as he turned on the TV and picked a Korean drama.

After looking at it for a while, she suddenly thought of Shen ting.

he should have left!

Qin yihuan thought for a while and suddenly ran to the floor-to-ceiling window. She looked down.

There was another car parked downstairs, and she recognized that it was Shen ting's car.

Qin yihuan was stunned for a moment. Then, she took her coat and went downstairs.

The person downstairs was indeed Shen ting.

he was sitting in the car with the window down, so she could see that his clothes seemed to be completely wet.

“did the car break down?” She asked him.

Shen ting turned his head and glanced at her. Then, he continued to start the car, but the engine died as soon as he started it.

the rain was getting heavier and heavier. it didn't seem like an autumn rain, but a storm.

She asked the driver to pick her up. It was so late and it was raining so heavily, and it was quite inhumane. So, Yi Huan whispered, ” “Do you want to rush up? Otherwise, you'll get sick.”

Shen ting sat there for about half a minute before he opened the door and got out of the car. He didn't even bring an umbrella since his clothes were all wet.

when she entered the elevator, yi huan pressed the button awkwardly. she felt that her heart was beating faster than before.

Chapter 4796: Shen ting has actually been waiting all this time (6)

They were actually the closest and most familiar family members. Other than that night, they should have been the most honest with each other, but after that night, everything changed.

She felt complicated.

shen ting seemed to have seen through her and said indifferently, ” “i’ll make do with it in the car for a night.”

“no, there’s no need to.” she lowered her eyes.”You can stay at my place. I have three rooms.”

Shen ting didn’t object anymore until the elevator stopped.

yi huan opened the door to the apartment. ” come in! ”

...

this was also shen ting’s first time here. the entire apartment was beige in color, and it was very simple and comfortable.

he noticed that there were men’s slippers here, but they were very new and had not been worn before. yi huan explained, ” I’ve been keeping it, but no one has ever used it. I also have a bathrobe. Go to the guest room first and I’ll get it for you.

After she finished speaking, Shen ting looked at her.

His gaze was a little unpredictable. Qin yihuan did not know what he meant and could not say anything for a long time.

But in the end, Shen ting only said thank you.

Yi Huan forced a smile and turned around to go to her bedroom.

It took her about five minutes to find a new bathrobe. When she moved in, she had bought two sets of couple-style bathrobes.

ye mu nan had never been here before, so it was still new.

She uneasily pulled on the bathrobe on her body. She thought to herself, 'most bathrobes are the same, so Shen ting probably won't be able to tell.'

after she had prepared herself mentally, she quickly went to the guest room.

just as she pushed the door open and called out to shen ting, she was stunned.

When she came back to her senses, Shen ting had already turned around and was looking at her.

Shen ting's Black shirt was on the bed. He had a great figure, and he looked slim when he was dressed but muscular when he was not. His muscles were just right.

She didn't really see him working out, but she could clearly see his six-pack just now.

"I'll put the clothes here. Rest early after you're done." Yi Huan's voice was soft as she ran away.

shen ting was still looking in the direction she left. the color of his black eyes became darker, and he couldn't tell what he was feeling.

after a long time, he picked up the clothes and looked down.

It was very new. If he was not mistaken, it was the same style as the one she was wearing.

Shen ting's Adam's apple couldn't help but roll. He then went into the bathroom, took a shower, and changed into a bathrobe.

the simple white bathrobe looked especially good on him. perhaps it was because he was young and slender, and his face was very good, especially his legs were straight.

It wasn't Shen ting's time to sleep. He was used to sleeping at one o'clock at night.

he wanted to make himself a cup of coffee when he walked out of the guest room. he saw yi huan sitting on the sofa with a pillow in her arms. she was watching a korean drama while wiping her nose.

Shen ting went over. you caught a cold? ”

Ah?

yi huan was shocked. she only felt a voice in her ear. she turned her head and accidentally brushed her lips against shen ting's face.

Shen ting's eyes narrowed, and he quietly took a few steps back, avoiding the subtle atmosphere.

after a short silence, the two of them seemed to ignore this small accident, especially yi huan, who bit her lip. ” “i watch korean dramas!”

“You're crying?” he actually asked one more question. it was already very rare for him to treat her like gold in the past few years.

“I'm not crying,” Yi Huan replied in a soft voice.

Chapter 4797: Qin yihuan, how old are you?(1)

at this moment, shen ting's gaze fell on the coffee table. there was a milk bottle with white milk inside.

he frowned. ” you haven't weaned yet? ”

Yi Huan was shocked. She immediately went to pick it up and threw it into the bin. no, someone came to see me today. He brought a child and left it here.

shen ting's eyes lit up. " it's someone else's thing. why did you throw it away? "

I've used it, and I'm sick. It's unhygienic to leave it here for so long. What if I get infected? " She stammered. After she finished speaking, she stared at Shen ting, hoping that he would believe her.

Shen ting actually nodded his head in understanding,"that's true, it's not good to take care of it if it's infected."

...

He paused again. I really thought you hadn't weaned just now. You've moved out for a few years, right? it's not like you can't change this little problem.

yi huan felt like vomiting blood, but she still maintained a decent smile on her face and gritted her teeth, " "I definitely don't have the problem of not drinking milk or not being able to sleep without a milk bottle."

that's good. Shen ting smiled. it seems that you've been quite self-disciplined these past few years.

"Did ye xiangnan know that you used to have this problem?" he asked.

"I don't know," Yi Huan ignored him and sat down to watch TV again.

Shen ting went to the kitchen and quickly found the coffee. He knew about yihuan's living habits. After all, they had lived together for many years.

she didn't know how to cook, but she was good at tidying up. her house wasn't as messy as a single girl's.

shen ting was very satisfied with this.

he came out with a cup of coffee. yi huan frowned, probably because the aroma of the coffee had alerted her. it's so late. Why don't you have coffee? it's already very late. Aren't you going to sleep?
”

shen ting looked at the time. ” it's only 11 o'clock. i usually go to bed at 1 o'clock. ”

Oh, ” Yi Huan replied and continued to watch her TV. Shen ting sat on the single sofa beside her and used his phone to deal with some business.

she would sneak a peek at him from time to time and realized that he was really busy. of course, yihuan was busy too, but she had time to take a break. on the other hand, shen ting seemed to be busy with work. although he was worth hundreds of billions, yihuan felt that he was sold to the qin family. this deal was not profitable at all.

compared to her, shen ting was more like her father, a workaholic.

of course, yi huan was too embarrassed to say too much. when it was midnight, she stretched and said, ” i'm going to sleep. good night. ”

See, getting along with Shen ting is nothing. He's still very easy to get along with, even though he's a little less talkative now.

She couldn't help but think that they might be able to return to how they were in the past after a few more interactions.

In the past, it was pretty good.

When she said good night, Shen ting only raised his head to look at her and casually said, ” “You can sleep?”

if he didn't remember wrongly, she had only drunk half of the milk, and she had thrown it into the trash.

According to her past habits, she would definitely come out in the middle of the night to look for milk to drink.

how could she fall asleep without a milk bottle in her arms?

And Shen ting felt that she was not young anymore, so she should have stopped breastfeeding.

he was quite cold. yi huan scratched her head and went back to the bedroom.

Shen ting continued with his work, and when it was one o'clock, he turned off the lights and went to sleep in the living room.

she had just laid down and had not fallen asleep when she heard the sound of the door opening from the master bedroom, followed by the sound of footsteps.

Chapter 4798: qin yihuan, how old are you? 2

shen ting continued with his work, and when it was one o'clock, he turned off the lights and went to sleep in the living room.

She had just laid down and had not fallen asleep when she heard the sound of the door opening from the master bedroom, followed by the sound of footsteps.

A slender white figure was rummaging through the trash in the dark. There was only a milk bottle in the house, and he couldn't fall asleep without holding her.

shen ting just lay there quietly without making a sound.

qin yihuan finally found the milk bottle. she gave up on making another cup and wanted to hold it in her arms.

although he wasn't that satisfied, at least he could sleep.

...

She tiptoed and was about to leave when she suddenly kicked something under her feet. She accidentally rushed forward and fell straight on the sofa, on top of a human body.

it was a warm, body.

she was stunned and did not come back to her senses for a long time.

The body even said, "I'm weaned. Someone else's milk bottle?"

then, the lights turned on.

qin yihuan's gaze fell on shen ting's face. he was lying on the sofa, and she was lying on top of him.

she was holding the milk bottle in her hand, which was quite funny.

Yi Huan was embarrassed for a long time before she squeezed out a smile. it's someone else's. You're right, it's not good for me to throw away someone else's things. I'll wash it and disinfect it. It can still be used, right?"

Shen ting sat up and let go of her.

Yi Huan was no longer so embarrassed. She wanted to get up, but Shen ting stopped her. I'll wash up. You go to sleep!

Yi Huan glared at him.

it didn't seem like she could continue pretending now.

He clearly knew that she wanted to hug the milk bottle to sleep, but he deliberately did that. It was too despicable.

Yi Huan bit her lip. I can do it myself.

“Is it that hard to admit that you haven’t stopped breastfeeding?” Shen ting laughed lightly.

As he spoke, he went straight to the kitchen and poured the milk away. He then rinsed the bottle with hot water and soaked it in milk. After testing the temperature, he came over and threw it to her. “i’m going to sleep.”

qin yihuan hugged the milk bottle as if she was hugging her lifeblood. however, it did not feel good to be exposed in front of others. she did not care about her pride.”i didn’t insist on drinking it!”

“put it down if you don’t want to drink.” shen ting said calmly, ” you really need to stop breastfeeding. if you get married one day, are you going to spend your wedding night hugging a milk bottle? ”

Yi Huan was stunned when he said that.

“shen ting, if it were you, would you mind?” she asked softly after a long while.

she wanted to swallow her tongue as soon as she finished asking. she really had a cheap mouth. how could she ask such a question?

Shen ting’s eyes were calm, and after a while, he whispered, ” “Does it matter if I mind or not?”

he seemed to be angry. yi huan didn’t know whether to leave or not. in the end, she sat on the sofa and took a small sip of milk from the bottle. the taste calmed her anxiety.

then, she shamelessly thought, so what if he knew? she just couldn’t change.

If ye xiangnan didn’t want to, then they wouldn’t get married. Anyway, she was going to live with a milk bottle.

a lifetime.

Shen ting just looked at her quietly, at her useless appearance.

He was sure that ye xiangnan didn't know about this, and he didn't like or appreciate this habit. In fact, he didn't appreciate it, but he had indulged it for many years.

However, one could not blame Huan for this habit.

When she was young, she had been kidnapped with him.

he came back unscathed, but he had a stress reaction since then, so he couldn't throw the milk bottle away.

Chapter 4799: qin yihuan, how old are you? part 3

Only Shen ting and Qin mo knew about this.

Yi Huan did not tell ye xiangnan about it because it was embarrassing.

qin yihuan was an adult, but shen ting did not leave immediately. instead, he turned on the tv as if he was accompanying her.

" oh, " yi huan replied. " i'll go back to sleep soon. "

"drink it before you go to sleep. otherwise, you can't look at the bed again." Shen ting's voice sounded like he was trying to control himself.

Yi Huan looked at him again and did not say anything.

...

shen ting continued to watch the television. finally, she still felt that it was a little weird to be alone with him. as she drank, she greeted him, ” “i’m going to sleep first.”

shen ting quietly watched her leave. in the end, she didn’t know if he would sleep on the sofa or in the room. she just felt warm and at ease to be able to hold the milk bottle.

of course, when she woke up at dawn, the bed was covered in milk stains.

Yi Huan grabbed her messy hair and was speechless. She almost jumped up.

She didn’t know what to do.

He wanted to clean up, but he didn’t know where to start.

At that moment, Shen ting appeared at the door of the bedroom and looked around silently.

yi huan scratched her head and said incoherently, ” “Auntie will come over to clean up.”

shen ting walked in directly. it was only then that she realized that he had changed into the clothes he had worn yesterday. she was a little embarrassed. ” have you washed your clothes? ”

“what else? get secretary wang to send it over and let everyone know that we spent the night together?”

yi huan bit her lip. ” shen ting, how can you say that? it’s not like qianqian. what do you mean by ‘overnight’? ”

“we seem to have been spending the night together.” his tone was not good, and he glanced at her again.”do you have new bed sheets? bring it over and i’ll change it for you. your bedsheets will make auntie overthink.”

Yi Huan did not understand at first, but when she looked at the bed, she understood.

her eyes widened, and her face started to burn. she nodded. ” yes. ”

after looking around for a while, she finally found it and handed it to shen ting.

after shen ting took it, she wanted to go to the bathroom, but he suddenly grabbed her arm.

Yi Huan was shocked. She bit her lip. what else? ”

“why isn’t she with ye xiangnan?” shen ting’s eyes lit up.

Ah?

Yi Huan was surprised, but she understood what he meant after a while.

did he mean to say that?

Her face suddenly turned red, and after a while, she spoke again, ” “Just because Yingluo doesn’t live together doesn’t mean that Yingluo doesn’t exist.”

she couldn’t say the rest of her words, she was a little embarrassed and a little angry.

however, her words were not convincing. at least, shen ting did not believe her.

He was still looking at her quietly. His voice was hoarse. do you have one? ”

this time, yi huan’s eyes widened even more. she stared at him blankly for a while before she finally came back to her senses and pushed him away. the light pink color of her skin spread from her neck to her earlobe.

Without saying a word, she went straight into the bathroom and closed the door.

it was obvious that she was angry.

Shen ting quietly looked at the bathroom door, and then quickly helped her change the bed sheets.

When Yi Huan came out, Shen ting was no longer in the apartment. He had left.

Yi Huan stood in the bedroom and looked at the clean sheets. She seemed to have remembered something and walked into the kitchen. There was a milk bottle that was washed and sterilized.

she picked up the milk bottle and looked at it for a long time.

suddenly, she remembered shen ting's words about why she didn't stay with ye xiangnan.

actually, they were about to get engaged. why were they engaged and not married? why didn't they live together?

it was probably because she was a little less impulsive.

Yi Huan put the milk bottle back in its original place. After a while, she smiled.

By the time she left the house, Shen ting's car had already left.

She was stunned.

Did he tow it away, or did he drive it away?

She had an answer in her mind, but she was unwilling to believe that he would do it.

The car was indeed driven away by Shen ting. The car had arrived at King corporation's headquarters.

When Shen ting got out of the car, Secretary Wang had already come over and was reporting today's work. Shen ting also spoke as he walked, and after giving a few simple instructions, he said in a calm voice, " " free up the afternoon. i have some personal matters to deal with. "

secretary wang nodded. after making the arrangements, he looked at his boss."President Shen is in a good mood today."

“i didn’t!” shen ting’s face darkened as he walked into the elevator.

secretary wang followed him in and smiled. she could tell that he was very happy.

Shen ting had a meeting for the entire afternoon. At two O ‘clock in the afternoon, he wanted to call Yi Huan, but after thinking about it, he decided to drive there.

She had probably forgotten to go to the hospital again after she got better.

‘this is the last time,’ shen ting said in his heart.

However, when the car arrived at yihuan’s apartment, he went upstairs and rang the doorbell. It was not Qin yihuan who opened the door.

instead, he was thinking about the south at night.

Ye xiangnan was wearing a pair of simple jeans and a black shirt, which outlined his beautiful body. His appearance and figure combined made him look like a rich young master from a comic. Shen ting was also very good-looking, but he had a bit of an aura.

both parties did not expect such a scene. ye xiangnan had obviously just gotten off the plane, and he looked tired. after staring at shen ting for a while, he lazily moved aside, ” “Looking for yihuan?”

“i’ll send her to the hospital.” shen ting nodded.

“She’s not here,” ye xiangnan replied with a smile.

“She’s sick?” he paused.

“i understand. i’ll go to the office to look for her later.”

Since Qin yihuan was not around and the person in charge was going to declare his sovereignty, Shen ting could not stay no matter what.

He said goodbye politely. At the door, ye xiangnan suddenly called out to him, "Shen ting,"

shen ting turned around.

Ye xiangnan slowly walked over and looked at Shen ting. "You still like her, don't you?"

shen ting didn't say anything.

Ye xiangnan gave a faint smile. Suddenly, he clenched his fist and said, "Did you spend the night here?" he asked.

This punch was quite heavy. Shen ting was caught off guard and fell onto the wall across the aisle. There was a trace of blood at the corner of his mouth.

he reached out and wiped it away gently, then narrowed his eyes.

ye xiangnan took a step forward and said, "you're not going to deny it, are you? i saw the cigarettes in the guest room. they're still wet. you must have left them here yesterday. "

"You know I'm sleeping in the guest room, but you're still so angry?" Shen ting smiled.

ye xiangnan also laughed. "president shen is still as hypocritical as ever. i just want to see this fool inviting a wolf into his house. i can't see it clearly. "

shen ting was definitely a wolf. if he wanted to, he could definitely swallow the qin family whole. then, qin mo, he huan, and qin yihuan would have no choice but to seek refuge with qin xuan.

"but you're really something. even qin xuan was moved by your words. the company is now under KING group's name, and you can do whatever you want to it. " Ye Xiang Nan Zhi laughed.

Chapter 4800: qin yihuan, how old are you?

” but you’re really something. even qin xuan was moved by your words. the company is now under KING group’s name, and you can do whatever you want to it. ” ye xiang nan zhi laughed.

however, shen ting was the biggest profiteer he knew.

No one could be so greedy, so ruthless, and still eat so elegantly. He was simply at ease.

if they didn’t enter, it would be a beautiful story, but once shen ting entered, he would have everything in his hands. who would dare to say anything?

Words were always in the hands of the superior.

shen ting leaned against the wall and looked at ye xiangnan, ” “President ye, why are you so emotional today? is it for your own sake or for qin yihuan’s?”

...

ye xiangnan sneered, ’you know what you’re thinking. shen ting, are you tired of living like this? Even I feel tired for you, going to this extent for one person.”

Shen ting lit up a cigarette and took a puff. “It sounds like you’re encouraging me!”

although he said it lightly, his tone was not good.

Ye xiangnan stared at Shen ting. After a while, he said in a low voice, ” “yihuan and i are going to get engaged soon.”

after he finished speaking, he closed the door with a bang and left.

as for shen ting, he was still leaning against the wall and smoking quietly. his black eyes were dyed with a dark color, and it was impossible to tell what he was thinking!

When Shen ting finished smoking a cigarette and walked out, Qin Xuan gave Shen ting a call, and Shen ting answered.

qin xuan's voice was very urgent, unlike his usual tone. " "Brother Shen ting, something happened."

Shen ting had already gotten into the car. With one hand on the steering wheel, he answered the phone with the other, " "What is it?"

"ye xiangnan's illegitimate son was exposed. he's already a few years old."

Shen ting's brows furrowed, and his fingers on the steering wheel curled up slightly. After a while, he said in a hoarse voice, " "I'm going to look for yihuan now."

qin xuan nodded. " i'll contact secretary wang to suppress the news. "

Shen ting immediately became angry,"bet my ass!" shouldn't ye xiang nan be the one to do this?"

after what he had done, he couldn't even protect a woman. what kind of man was he?

what was that punch just now?

shen ting did like yi huan, but he had never thought of using such a way to hurt her. he also did not want to take advantage of her.

After hanging up the phone, the car sped off.

however, when he arrived at the hospital, he found out that she had not come and was in the company.

shen ting immediately drove to KING entertainment. the ground floor of the building was filled with reporters, waiting for the only princess of the qin family to cry.

the fairy tale of the princess and prince was destroyed. the topic of ye xiangnan having an illegitimate child came out of nowhere, and it was true. the child looked very much like ye xiangnan and was obviously of the ye family.

she heard that ye mu bai had already beaten her son up. this fellow had a crooked stick and a crooked shadow.

Shen ting's arrival further proved that the matter was true. Otherwise, President Shen wouldn't have appeared in person.

On the way there, Shen ting had already called Qin mo and told him that he would handle the matter.

As soon as he got out of the car, the reporters surrounded him like crazy, and their microphones were raised in front of him.

“president shen, will there still be an engagement party?”

“president shen, if this is true, will miss qin cancel the engagement, or simply bring the child over and raise him by herself?”

shen ting glared at the reporters. there was still someone who was not afraid of death and pointed the camera at his face. he immediately took the phone and threw it on the ground, stomping it to pieces.
