

Thank you 4801

Chapter 4801: qin yihuan, how old are you? 5

shen ting glared at the reporters. there was still someone who was not afraid of death and pointed the camera at his face. he immediately took the phone and threw it on the ground, stomping it to pieces.

everyone was silent.

Shen ting looked around and said in a soft voice, ” “If anyone dares to write nonsense, they’ll be going against me, Shen ting.”

The surroundings were still silent.

at this moment, a female reporter suddenly asked without fear, ” “president shen heard that you’ve always liked miss qin, so when this news came out, are you happy or unhappy?”

Shen ting narrowed his eyes. that’s a good question. Secretary Wang, please write down the name of her news agency.

...

The female reporter who was called out was stunned.

Shen ting immediately left, and Secretary Wang came out to take charge of the situation. She had been with Shen ting for a long time, and she was like a worm in his stomach.

Secretary Wang’s voice was especially kind, like a loving mother.

He gestured for everyone to be quiet. our President Shen has always been an easy-going person. He has a good reputation in the industry. If you guys randomly write to President Shen or our miss Qin, it will affect her or inconvenience her life. Our President Shen will be angry.

there was a broken phone on the floor, and he still said he had a good temper!

but no one dared to make a sound.

secretary wang continued, "our miss qin won't ask about president ye's private life. besides, they're both unmarried. it's normal for them to not know about the other party's past. i understand that everyone has a task to do. our president shen also understands. we can't let everyone lose their jobs, right?"

at this point, he had already reached the main point.

Secretary Wang's smile became even more amiable. of course, you can write. Democracy has been realized long ago. Everyone is free, right? "However, the incident happened in President ye's house. Of course, everyone can write about President ye, but this has nothing to do with our miss Qin and President Shen. If you want to write about it, there should be a limit. You can't drag innocent people into it, right?"

"If you write nonsense like that, not only President Shen or miss Qin, but even I will be angry."
"everyone, don't you think so?" secretary wang smiled.

This logic seemed to be logic!

however, gossip had no limits. otherwise, what was there to write about?

however, shen ting's attitude also made it clear that whoever dared to write nonsense would be dead!

Unexpectedly, the usually gentle-looking President Shen was even more difficult to deal with than ye xiangnan of the ye family.

there was nothing wrong with staying, so the reporters dispersed.

after secretary wang was done, he gave shen ting a call and returned to the headquarters.

Shen ting went straight to the top floor. He had worked for King Entertainment for a long time, but he had never been the CEO of King Entertainment. Qin mo had formed a group and let him take over.

He arrived at the top floor of the president's office. Qin yihuan was sitting inside and crying.

As soon as Shen ting pushed the door open, he saw a large pile of tissues in front of the sofa. They were used to wipe his nose.

Shen ting stood at the door and crossed his arms. I thought you wanted a milk bottle now!

Yi Huan quickly looked up and stared at him. after a while, she bit her lip and said with red eyes, "I don't want to! i'm weaning."

Shen ting walked over and squatted in front of her. He looked up at her and said, " then tell me, which one is more difficult to break up with? weaning or ye xiangnan? "

"It's just as difficult." She said without thinking.

shen ting smiled slightly, and then he smiled bitterly. " i won't force you to stop drinking milk from your mother in the future. "

Chapter 4802: I'm scared of the dark when I sleep alone (1)

Yi Huan looked at Shen ting in front of her and pursed her lips.

"Shen ting, why did you come?" she looked out of the window after a long time.

without waiting for his reply, she said, " "Don't you ... Hate me?"

shen ting was still squatting in front of her. he reached out his hand, wanting to touch her hair, but he gave up.

yi huan sniffled. ” then you must be here to laugh at me. i’m such a bad person. ”

Shen ting smiled. I’ll take you to the hospital. You’ll need to get another drip today.

...

“I don’t want to go.” Yi Huan lowered her eyes. the whole world is waiting to laugh at me now!

shen ting nodded. ” that’s right. it’s very uncomfortable to lose ye xiangnan. what if i lose my milk bottle today? ”

yi huan opened her eyes wide and looked at him.

shen ting sat down. ” it’s as if the world hasn’t collapsed yet. if you think that you can’t live without ye xiangnan, then go find him now and tell him that you can accept an extra child. you can either bring him back and raise him yourself, or you can accept his many wives. ”

“How is that possible?” Yi Huan covered her face.

“If you can’t accept it, just let it go. It’s a simple choice, isn’t it?” He sighed. come with me to the hospital.

Yi Huan was dragged by him for a few steps before she said in a daze, ” “What about you, Shen ting? do you also have a simple choice of one or two?”

shen ting didn’t stop walking. ” if you’re sure you want to hear it, i don’t mind telling you. ”

Of course, Yi Huan didn’t want to hear it, and she didn’t dare to hear it.

She and Shen ting walked out together. At some point, a group of reporters had gathered outside, blocking the parking lot of King Entertainment.

shen ting looked at her. ” these people will follow you for as long as you hide. are you sure you want to keep hiding? ”

Qin yihuan did not say anything. She simply opened Shen ting’s car door and got in.

The car was still the same one from the other day. It was obvious that he had left it at her apartment on purpose.

when he noticed that she was looking at him, shen ting faintly smiled, ” “isn’t it normal for me to take care of you for a night when you’re sick?”

Yi Huan did not make a sound and just sat there quietly.

Shen ting took a piece of tissue over. tidy yourself up. Your face is all over from crying. You look terrible.

Yi Huan looked into the rearview mirror. Her face was indeed dazzled, and her eyes were swollen.

Shen ting started the car, and after a long time, he said in a low voice, ” “You really like him that much?”

“you don’t need to care.” Yi Huan bit her lip and snorted.

Shen ting focused on the road ahead, and he took some time to whisper, ” “do you care more about nan duo or your own face?”

yi huan took a deep breath. ” i don’t care about my reputation! ”

Shen ting turned his head to look at her, but he didn’t say anything. He drove the car to Sheng Yuan hospital.

Of course, yihuan was surrounded by people on the way. After all, ye xiangnan’s incident was too sensational. The main thing was that ye xiangnan had also admitted that the child was his. This kind of admission was equivalent to giving up on Qin yihuan.

On one side, it was a child of the unknown woman. On the other side, it was Qin yihuan, who was worth hundreds of billions. Ye xiangnan chose the child easily.

He called Yi Huan but she did not pick up.

She didn't want to answer it, not because she was angry, but because she didn't want to talk to him at all.

her relationship was over, but she had her own pride.

yi huan was on the drip and did not speak. it would be a lie to say that she was not sad.

from many years ago, her wish was to marry brother xiang nan. because of ye xiang nan, she didn't have long hair. because of ye xiang nan, she didn't wear dresses until it became a habit.

Chapter 4803: I'm scared of the dark when I sleep alone (2)

The collapse of the world was nothing more than this.

Other than the part where her brain went haywire and she had a little relationship with Shen ting.

In fact, she knew very well that ever since that night, not only had her relationship with Shen ting changed, but even her relationship with ye xiangnan had changed.

so, when shen ting asked her if her daydreams or her face were more important, she said that it was her face.

she knew that xiangnan probably didn't remember that child, or perhaps it had happened by accident. if she really, really loved him, she wouldn't be so determined.

it was precisely because she didn't love him enough that she was so resolute.

...

Thinking of the South at night, right!

yi huan was quiet for a long time. then, she looked at shen ting, ” “You already knew, didn’t you?”

Shen ting sat beside her and said, ” “Ye xiangnan has an illegitimate child? I’m not a prophet, how could I have known?”

Yi Huan lowered her eyes,”there’s something between me and ye xiangnan.”

shen ting laughed. ” how would i know about the things between the two of you? ”

This was a very cunning answer. Yi Huan was stunned for a moment and then she did not speak.

shen ting smiled and didn’t say anything.

after the drip was finished, yi huan said, ” “You don’t need to care about me.”

Shen ting waited for her to put on her coat before he said, ” “uncle called. you’ll be staying with me for the next few days.”

“You’re still staying at my place?” she asked, her eyes widening.

“you can stay in my apartment,” shen ting said in an indifferent voice.

Yi Huan had never known that he had bought an apartment outside. She thought that he would stay in the villa for the rest of his life, even get married and have children.

she gave him a strange look and refused, ” “i can live on my own.”

“and then, you’re blocked by reporters and you’re crying at home?”

“I’m not going to stay at home and cry all the time,” she said angrily.

“Come and live with me.” “After this matter is over, you can stay wherever you want.” Shen ting’s voice was a little hoarse.

yi huan’s lips moved but she did not say anything.

She walked out of the hospital and got into Shen ting’s car.

After getting into the car, he was surrounded by reporters as usual. Fortunately, Shen ting had made arrangements beforehand, so he was able to get into the car smoothly.

“Are you going to my place now? I want to take something. There must be something I need to take.” yi huan said softly.

shen ting turned the car around and said, ” ” go and buy it. there are probably reporters downstairs at your apartment. it’s not good to be photographed. ”

yi huan looked at him and felt that his reason was not sufficient, but she did not say anything.

shen ting’s car drove for about 20 minutes, and he first took her to a restaurant. this restaurant was much more private than the vegetarian restaurant the other day, and it was mainly to avoid the reporters.

in the private room, shen ting was ordering food when yi huan’s phone rang.

She took a look and saw that it was ye xiangnan.

Hence, he hung up.

Shen ting seemed to know who hit him, and his voice was faint, ” if you want to answer it, then answer it. It’s not a good thing to stay stiff.

as he spoke, he glanced at her.

Yi Huan didn't say anything, so Shen ting continued to order food, most of which were nutritious.

the manager had personally served them, so it was obvious with one look at the two of them.

Although the meal was delicious, it did not taste that good. Yi Huan was listless the whole time. Later, when they were halfway through the meal, ye xiangnan called again.

This time, Yi Huan picked up the phone. She only heard a few words from the other side before hanging up.

After that, they continued to eat quietly.

shen ting looked at her.

Chapter 4804: i'm scared of the dark when i sleep alone (3)

yi huan lowered her eyes. " we've agreed. we'll officially break up tomorrow. "

shen ting didn't say anything. he only picked up some vegetables and placed them in her bowl."it's your favorite,"

"i don't have an appetite," yi huan said.

shen ting smiled faintly,"that's true. you just broke up with someone, so you won't be able to eat." then don't eat it. "

She looked up at him, her expression a little startled.

" let's go. " shen ting had already picked up his coat and stood up. " let's go shopping. "

...

Oh, ” Yi Huan replied. She took her coat and stood up. She thought that she would have to drive, but Shen ting took her to an elevator. the shopping mall is upstairs. There are many home stores.

Yi Huan stood beside him, looking like a married couple.

At that moment, the elevator door opened again, and more than ten people came in. Yi Huan was squeezed to the side, and Shen ting grabbed her and pulled her over. Then, her back was pressed against his arms.

“be careful,” Shen ting’s voice sounded from above her.

Yi Huan was a little embarrassed.

At this moment, the people at the elevator door started to squeeze in. Yi Huan had no choice but to stick closer to him. The people in front of her were squeezing her, and she felt uncomfortable. Shen ting stretched out a hand and placed it on her waist, separating her from the others.

However, this was equivalent to her being held in his arms.

Her nose was filled with the pleasant smell of a man. It was refreshing and there was a faint smell of tobacco.

Yi Huan struggled for a moment and Shen ting muttered, ” “Don’t move,”

“ah!” Soon, she did not dare to move and only moved her body quietly.

Shen ting’s arm tightened.

When they walked out of the elevator, Yi Huan looked at him with a strange expression.

“Is there a problem?” Shen ting smiled.

“Of course, no problem!” Yi Huan replied.

not only was there no problem, but he was doing very well!

Because she didn't bring anything, he bought everything for her from head to toe. Pajamas, sweaters, shoes, and so on were still okay. Shen ting let her make her own decisions, and he only gave her some suggestions occasionally.

basically, yi huan felt that shopping with shen ting wasn't bad, and they wouldn't be particularly cold.

She wondered if he was like that when he was with Bai Anan.

just as she was about to swipe her card, shen ting stood up and said, ” “I'll do it!”

“I brought my card,” Yi Huan looked at him.

Shen ting held her arm with one hand and gently pulled her to the side. Then, he quickly swiped his card.

After he was done, he looked at the bill. There was a lot of stuff, but it was only a little more than 100000 Yuan. He looked at her and said, ” “I don't need to save money.”

“No, I don't think I need to wear limited edition clothes.” yi huan said weakly.

Usually, she was very casual, especially now that she was living at Shen ting's place. Of course, she would not make it too Grand, as it would look very strange.

shen ting looked at her and could probably guess what she was thinking. he didn't say anything and directly carried the things.

yi huan thought that she would be back soon. she was a little tired, so shen ting took her to an italian household goods store.

“don’t tell me you only have one set of utensils?” She looked at Shen ting with suspicion.

Shen ting smiled and didn’t say anything. He just casually strolled around.

She had no choice but to follow.

Shen ting quickly picked out a set of cups and had someone wrap it up. Yi Huan felt that he was too free today.

secretary wang often called her and told her that president shen was extremely busy. however, yi huan felt that shen ting seemed to have a lot of free time. he had been working for half a day every day for the past few days, and now he was in the mood to pick things.

Chapter 4805: I’m scared of the dark when I sleep alone (4)

“Is it for Bai Anan?” she added.

because that set of cups seemed to be for girls, she liked it very much.

Shen ting seemed to be a little surprised. He raised his eyebrows, ” “It’s for your own use.”

” oh, ” she replied, then questioned his taste.

Shen ting continued to shop and picked a few more items. There was even a crystal vase. It was an ordinary vase, but it was small. It cost more than a million Yuan. He bought it without even blinking.

Yi Huan felt that Shen ting was like a woman. Only women would spend money like this.

...

He picked everything, and she followed behind him until they reached a row of cabinets. Shen ting then said very softly, ” “Which one do you like?”

Yi Huan was stunned for a moment, then she opened her eyes wide and looked at the row of milk bottles in front of her.

they were all very cute, pink, yellow, blue, little milk cows, little rabbits, all kinds of them had pixiu.

“for me?” yi huan bit her lower lip.

“Pick.” He said generously.

Yi Huan liked all of them very much. She counted and found that there were about 12 in this row, which meant that there were 24 in two rows.

she touched it with her hand and then turned to look at shen ting.

shen ting’s hand touched his forehead, and he called the sales assistant over, ” pack up these two rows. We’ll take one with us. We’ll deliver it to the address tomorrow.

The shop assistant was also stunned for a moment. Although this gentleman had just bought the most expensive vase in their store, she still had to tell him. Sir, these milk bottles are all unique and the price is twelve thousand Yuan each.

expensive, right? their things were just that expensive, but people would buy them!

shen ting nodded. ” wrap it up. i’ll take it all. ”

the staff’s eyes were filled with stars. madam was too rich.

so, he quickly brought shen ting to swipe his card. other than the milk bottles, he took everything else with him. yi huan followed behind him with her favorite milk bottle in her arms. after a while, she jumped up and said, ” “You’re quite strong.”

“I’m going to the gym,” he said, glancing at her.

yi huan thought for a moment and pinched his arm gently.

shen ting looked at her again and realized that she had probably forgotten about ye xiangnan. at least, she had forgotten about it for now.

he lowered his eyes and thought to himself, ‘sure enough, the milk bottle is more important than thinking about the south at night.

when they arrived at the parking lot, he immediately stuffed yi huan into the car, turned on the heater, and carefully put the things in the trunk. when he got in the car, he looked at the time and saw that it was already nine o ‘clock in the evening.

“I’m going back.” he looked at yi huan after he finished speaking. she was still playing with her milk bottle. she seemed to be engrossed in it. she had probably thought about how to hug it to sleep tonight.

“I forgot about the milk powder. Why don’t you come to my place to get it?” Yi Huan suddenly said.

“I’ll buy it.” “it’s the brand that you like to drink.” shen ting started the car.

” oh, ” yi huan replied and continued to hug him. then, she felt that there was something wrong with their conversation.

she didn’t say a word because it was really embarrassing. after all, it wasn’t a glorious thing for a 25-year-old to hug a milk bottle to sleep. but when she thought about it, this person was shen ting, and he had watched her grow up, so she felt that it was only natural.

After about ten minutes of driving, they arrived at Shen ting’s apartment. Yi Huan got out of the car and realized that they were in the prime location of B city. It was an apartment above a hotel, about two hundred thousand Yuan per square meter. Shen ting’s apartment was six hundred square meters, taking up one floor.

moreover, the interior decoration was quite luxurious. it was a style that she could not imagine.

Chapter 4806: i'm scared of the dark when i sleep alone (5)

Shen ting opened the door and went in. He let her sit as she pleased. He tidied up her things and went to dry Yi Huan's clothes. He also put away the teacups and some other things.

originally, this place looked like a sample room, and probably no one lived here. however, after some things were added, it became a lot livelier.

Yi Huan looked around and heard that he was busy. He should be in the room in front.

She looked over and saw Shen ting drying his clothes. He had just washed all the clothes he bought and was drying them.

"I can wear my pajamas now, and I'll dry these tomorrow." Shen ting passed her a set of pajamas.

His good-looking fingers touched the pajamas, and the scene had a small impact.

...

yi huan looked at it in a daze for a while, then reached out to take it. the pajamas felt dry, with a hint of fragrance, which was very comfortable to touch and smell.

She took it and placed it back in the guest room. It was Shen ting who had asked her to sleep there, and it was next to his master bedroom.

when they arrived at the room, yi huan realized that the bedroom was probably prepared for women. the style was very beautiful, and it did not look like the place shen ting wanted to stay. she thought, perhaps bai anan was staying the night.

but a voice was telling her,"if bai anan really comes, do you need to sleep in the guest room?"

she put down the pajamas in her hand and looked around.

the cabinet in the changing room was empty, while the bathroom was filled with a full set of female products that had not been dismantled. there was also a cute pink bathtub in the middle of the bathroom.

Yi Huan blinked her eyes in disbelief.

after she grew up, she no longer used a pink bathtub. she had one when she was young.

she blinked her eyes and turned around. shen ting was behind her.

“do you like it?” he smiled.

She looked at him with joy for a long time before she bit her lip.”this must be very expensive, right?”

” oh? ” shen ting’s expression was a little strange. ” i thought you’d ask why there’s a pink bathtub and not worry about whether it’s expensive or not. ”

After all, whether it was the Qin family or Shen ting, it wasn’t a big problem to buy such a bathtub.

Yi Huan pursed her lips. I just feel that I’m all grown up now. I don’t have to have one everywhere. It’s too extravagant.

” oh? ” shen ting chuckled. ” how did you know that this was specially bought for you? ”

“Ah!”

yi huan kept quiet as if she had just realized that this was a hidden problem.

That’s right. Why did she feel that he had bought it for her the moment she saw the pink bathtub? was it because she had one before?

maybe bai anan liked it too!

at this time, she was a little depressed and felt that she was overthinking things.

her lips moved. ” my ran ran seems to be overthinking. ”

She smiled bitterly, and Shen ting just looked at her. no one has ever used it before. You’re the first.

as he walked out, yi huan followed him and suddenly said, ” “shen ting, i’m a very possessive person.”

shen ting suddenly stopped in his tracks and turned around to look at her.

Yi Huan didn’t move, but her voice was soft, ” “So, don’t be too nice to me.”

The corners of Shen ting’s lips curled up. I promised uncle Qin that I would take care of you.

yi huan pursed her lips, feeling as if she had been overthinking things again. she went to make some milk alone. when she was unhappy, she would drink some milk. when the taste of the milk melted in her mouth, she seemed to be in a better mood.

she kicked off her shoes and curled up on the sofa. she was going to watch tv, but the moment she turned it on, she saw the news about her and ye xiangnan canceling their engagement. on her phone, they were the top trending topic. it was as if the whole world was filled with news about them.

Chapter 4807: i’m afraid of the dark when i sleep alone (6)

she curled up on the sofa and planned to watch tv, but the moment she turned it on, she saw the news about her and ye xiangnan canceling their engagement. when she played with her phone, they were still the top trending topic. it was as if the whole world was filled with news about them.

yi huan threw her phone down and turned off the tv as she sat there in a huff.

she remembered something that she had temporarily forgotten, and she lowered her head with a dejected look.

shen ting made a cup of coffee and sat beside her. ” “Overwhelming news that makes it impossible to guard against?”

she didn’t say anything, but held the milk bottle and leaned on his shoulder. her voice was very, very soft. Shen ting, don’t push me away. I just want to lean on you for a while. Just a while.

She was a little tired.

...

Perhaps it was because she had been in a relationship for so many years that she was tired. She didn’t know who had the problem with ye xiangnan, but they were different from other people.

They had both tried their best. Perhaps they had been waiting for the other party to break up, but no one said that they would get engaged. They had not waited for their happiness. In fact, even if they were engaged and married, they might still be the same.

Yi Huan couldn’t find the feeling she liked back then, and Ye Xiang Nan should be the same. She wasn’t a block of wood, so she could more or less feel the changes in men.

Yi Huan leaned against Shen ting, and he let her lean against him.

“Brother Shen ting, am I a failure? I lost a lot of things.” maybe it’s because I’m too greedy, ” she said in a fragile voice. I’m so bad, that’s why I’m like this, right? ”

Shen ting’s gaze was calm. After a long time, he said softly, ” “No!”

” yihuan, do you really love him? ” he asked as he lowered his head.

Yi Huan couldn't bring herself to say it. She had only truly matured in the past few years. In the past few years, she had only been paying attention to the distance between her and Shen ting. As for her daydreaming, she didn't really care.

This discovery made her jump up immediately, and when she stood up, her expression was not very good.

she ran her fingers through her hair and mumbled after a long time, "I'm going to sleep."

let's go. Shen ting pulled her to sit down. stay with me for a while. I'll finish my coffee.

"oh," she said. then, she leaned against the sofa and looked very obedient.

shen ting drank his cup of coffee for half an hour, and when he was about to finish it, there was a knock on the door.

"Go open the door." he moved his chin.

"It's so late, who would come over?" Yi Huan asked, supporting her head with her hand.

however, she still went to open the door. to her surprise, there was a deliveryman by the door. he was holding an exquisite box in his hand, and there was only one black rose inside.

"mr. shen specially flew it over." The young man smiled gently and asked Yi Huan to sign.

yi huan was stunned for a moment, but she quickly signed it. she took it back, hugged it, and looked at shen ting. "air transport, one rose. Don't you think you're exaggerating a little too much?"

"I bought a vase, didn't I?" He put down the coffee cup in his hand, walked over to take the box, opened it, and asked her to fill it with water in a vase. He trimmed the branch and put it in.

"i'll put it on your bedside." he handed it to her.

Yi Huan felt strange and took it, "is it a gift?"

"I guess so." "I should have prepared an engagement gift for you, but I've saved a lot of money," he sighed softly.

"But I feel like you're gloating," Yi Huan said as she looked at him.

"did i?" Shen ting actually started laughing.

Yi Huan put the vase away and looked at the dewdrop-stained rose. Suddenly, she remembered something. where's the present you mentioned? "

Chapter 4808: i'm afraid of the dark when i sleep alone (7)

yi huan put the vase away and looked at the dewdrop-stained rose. suddenly, she remembered something. " where's the present you mentioned? "

"I'll give it to you the next time you get engaged." he said meaningfully.

"I don't know when will be the next time!" Yi Huan sighed.

"It sounds like you're looking forward to the next time?" Shen ting asked back without changing his expression.

Yi Huan's face turned red. After a long time, she said, " I want to go abroad and study photography in Italy. Maybe for a few years.

Shen ting furrowed his brows, 'you've been dealt a blow and suddenly have this thought? What about King Entertainment? don't tell me you're throwing it to me again? i don't accept it. "

...

He paused for a moment. there are already many people outside who are saying that I'm after the Qin family. If you go abroad again, I really won't be able to clear my name.

yi huan fiddled with the vase and said, " I don't care who will inherit it. Besides, I don't think you care if you can clear your name. Besides, are you very fair? "

At that moment, they were in her bedroom. Shen ting narrowed his eyes slightly. I thought you already knew.

You already knew?

what do you mean you already knew?

yi huan took a few seconds to understand what he meant, and her face turned red.

He was really shameless.

However, she did it on purpose that night, and it was her fault, so no matter how embarrassed she was, she had to pretend that she didn't understand. She could only pretend that she didn't understand, and they were still living together.

just when she felt that her life wasn't going to be easy and was about to move out the next day, shen ting said, " "You think I'm black?"

He reached out his arm to her.

So that was how it was!

Yi Huan heaved a long sigh of relief and continued, " " i've always wanted to go to Italy, but i thought i'd get married and have children. now that i'm not in a hurry, i might as well go out for two to three years. besides, there's not much to do at KING entertainment, so i can handle it in italy. if there's anything particularly important, i still have you, dad, and qin xuan. "

She said this as if she had already made up her mind.

shen ting looked at her and said in a soft voice, ” “this is good too.”

what is good?

Yi Huan did not understand what he meant and did not dare to ask.

however, she didn't seem to feel that bad anymore. shen ting walked out of her bedroom and said, ” I'll make you another cup of milk, but it's best if you don't hug Qianqian when you're sleeping. It's the same if you put it beside the pillow after you've finished drinking, or you can hold an empty bottle. I don't want to come over so early in the morning to help you change your bed sheets.

yi huan's face was a little hot.

At this moment, Shen ting turned around and suddenly smiled, ” “actually, it's a good thing that you don't marry ye xiangnan. i can't imagine him helping you change your bed sheets every day.”

After he laughed at her for a long time, Yi Huan finally couldn't stand it anymore. She threw a pillow at him and said, ” “i curse you to never get a wife and to change my bed sheets forever.”

Shen ting seemed to be stunned for a moment. Then, he smiled and said, ” “As long as we're not married, I don't mind you staying here.”

stay here forever?

she didn't want to. she wasn't his wife!

besides, bai anan would not be happy either!

yi huan thought to herself as she took a bath. when she came out, the milk bottle was already placed on the bed.

She took two sips and looked outside. Shen ting was working. He was not in the study room but in the living room. His laptop was on his lap, and there was a cup of coffee beside him.

Chapter 4809: i'm afraid of the dark when i sleep alone 8

She took two sips and looked outside. Shen ting was working. He was not in the study room but in the living room. His laptop was on his lap, and there was a cup of coffee beside him.

yi huan adjusted her pajamas and ran over to him. "you're still working?" shen ting, you work all day long, do you have time to find a girlfriend?"

His fingers were tapping on the keyboard, and he didn't even look up. "isn't bai anan your girlfriend?"

In fact, it was probably true. If she married ye xiangnan, he and Bai Anan might get married one day too. It would be the kind that was as calm as water. They did not have a good feeling. At least, Shen ting had wanted to be serious with Bai Anan, but he did not have any feelings for her. He did not have the time, energy, and interest to find another woman who had feelings for her. So, when he was old enough and his parents were really pressing him, he would marry Bai Anan directly.

a perfect marriage partner with good genes, a good family background, and a good match for yingluo. all these were enough.

but now, things were different!

...

to be honest, shen ting was not overjoyed that qin yihuan and ye xiangnan had suddenly called off their engagement. it was true that he was angry with her, but he did not plan to take advantage of her now. he just wanted to take care of her.

That was why he told her that Bai Anan was his girlfriend.

he had a tacit understanding with bai anan, and he did not need to explain it to yi huan.

if he had told her everything and kept everything to himself, the ending would have been the same as the night yihuan turned 18. shen ting was no longer the shen ting from seven years ago.

Mature, but a little Black-bellied.

In fact, just like what ye xiangnan had said, it was only a matter of time before he wanted everything the Qin family had.

The reason why he didn't move wasn't because of Qin mo and he Huan's care, but because of Yi Huan.

therefore, he knew his limits and set himself in a position where he didn't need to look up to her, but he was still a good person. he held real power, but no one dared to say that he had made the qin family a mere figurehead.

Shen ting also understood that Qin mo had tacitly agreed to all of this.

All of these made him feel a sense of propriety.

this was a man's way of doing things. perhaps qin mo already had a choice.

" oh, that's right. you have a girlfriend! " yi huan said.

shen ting replied, " yeah, she's quite busy, so she's not very clingy. ran ran doesn't go on dates most of the time. "

"Girls like to go on dates. There are very few workaholics." Yi Huan held the milk bottle and sighed. She seemed to be very experienced.

shen ting laughed. " what about you? i haven't seen you and ye xiangnan on many dates in the past few years! "

It was not that he paid too much attention to her, but ye xiangnan spent most of his time abroad. Yi Huan was not very busy, but she would not accompany him.

That child was probably born during these free times.

shen ting had heard that ye xiangnan and the ye family were about to explode.

it was said that she was a cute little girl. the child's mother was an insignificant secretary under starlight. no one knew when she got into ye xiangnan's bed and had such a little girl.

shen ting thought to himself, "nan already has a child."

he looked at yi huan again and sighed.

yi huan didn't know what he was thinking. she was stunned for a while before she said, "We're different."

"what's the difference? you only think that you like each other, that you want to be together, that you want to get married. the process is not important, the important thing is to get married to that person." shen ting said rather impolitely.

Chapter 4810: i'm afraid of the dark when i sleep alone (9)

Yi Huan couldn't say a word. Although she didn't want to admit it, Shen ting was right.

for so many years, her relationship with ye xiangnan had been as calm as water. it wasn't that she didn't have any feelings for him, but it was very faint.

No matter what, the news would have a huge impact on yihuan and King Entertainment's share prices. It was not obvious yet, but the people in the company would be busy the next morning.

shen ting knew that although it would be chaotic for a while, it wouldn't cause him to collapse.

The most important thing now was Yi Huan's mood.

because later on, ye xiangnan would get married. regardless of whether he loved that woman or not, the ye family's style had always been to acknowledge the child and marry her.

...

yi huan was alone, and shen ting wouldn't interfere at this time. so when she said she wanted to go abroad, he didn't agree and didn't agree, but now he thought it was a good idea for her to go abroad.

Shen ting looked at her speechless expression and smiled, "let's not talk about this anymore. go to bed early."

I still have some work to do, " he said, shifting his chin. you sleep first.

Yi Huan was still beside him. She got up lazily and held the milk bottle in her arms.

"You really don't want to change this bad habit of yours?" Shen ting chuckled.

I've already broken up. I don't know where my next relationship will be. What's the use of changing now? " She mumbled to herself, obviously finding an excuse for herself.

shen ting smiled gently.

however, yi huan did not leave immediately. instead, she stood there for a long time.

"what's wrong?" Shen ting asked her in a soft voice.

yi huan took a step forward and sat down beside him. she said in a low voice, "It's been a long time, a long time since you've talked to me like this,"

As she spoke, she boldly put her head on his shoulder.

Of course, Shen ting's attention was not on the notebook, but on the annoying little girl in front of him.

“I’m working.”

“I know,”

“I’m still mad at you.”

“I also know that.”

“i have a girlfriend.” Shen ting said after a pause.

yi huan looked at him and suddenly reached out to wrap her arms around his neck.

“i don’t care,” she said.

He was the one who brought her back. Now, he was her brother Shen ting. However, her brother Shen ting was not Bai Anan’s boyfriend.

he still wanted to say something, but her voice was very low. ” “You can either chase me away!”

shen ting sighed softly,”yihuan, you’re so self-centered and selfish.”

The selfishness here was not directed at Bai Anan, because there was nothing going on between him and Bai Anan. What he meant was that she was so close to him now, but when he didn’t want to let go, she would run away and keep a distance from him.

this was something that shen ting could not accept.

he stared at her as he finished speaking. yi huan did not say anything and just hugged him. just like he said, she was selfish and righteous.

“you can either marry bai anan and leave me alone.” She suddenly looked up and said.

at that moment, shen ting saw a hint of determination, playfulness, and even a little bit of evilness in her eyes.

at that moment, he understood everything. it was not that yi huan could not tell.

She knew everything, so she could at least guess most of it.

He suddenly felt a sense of anger in his heart. He threw the notebook in his hand aside and she fell into his arms.

after that, no one knew who kissed who first, but they did it however presumptuously they wanted.
