

## Thank you 4821

Chapter 4821: qin yihuan, think about it carefully 8

“even if uncle firewood didn’t say it, i could guess it.” shen ting’s voice was calm.

As he said that, he pressed the elevator button. Yi Huan did not realize that he had successfully changed the topic.

After entering the elevator, he quickly let go of her and Yi Huan naturally rolled to the other side.

The atmosphere was a little strange. At least, she was embarrassed. She flicked her hair and said uneasily, ” “well, we just have something to talk about.”

“i’m not asking you to explain.” shen ting smiled lightly. ” you don’t have to explain it to me. if i had to be jealous over this, i would have died of jealousy over the years. ”

what jealousy? what was he even saying!

...

Yi Huan bit her lower lip and refused to accept the information.

shen ting didn’t say anything more, and at that moment, the elevator arrived.

He brought her back to his apartment. Yi Huan felt uncomfortable and asked him as she changed into her slippers, ” “why are you waiting downstairs?”

“It’s nothing, it’s just convenient.” He said with a smile, and then led the way to the dining room.”Alright, let’s eat.”

yi huan followed behind and cleared her throat, ” “Actually, I’m quite full. I’ll just eat a little.”

she said it firmly, but her stomach let out two growling sounds.

It was very embarrassing.

Shen ting smiled. I missed you so much that I didn't ask you to have a good meal? ”

he spoke gently, but there was a hint of heartache in his tone. yi huan would not have noticed it in the past, but after what happened this afternoon, she had noticed it.

she sat down, ate a mouthful of rice, and secretly looked at the dishes in front of her. then, she whispered, ” “I've lost my appetite after eating the steak,”

“Doesn't he know that you're not in good health?” shen ting said in a casual tone.

Yi Huan was stunned for a moment and said instinctively, ” “He doesn't know!”

“he knows,” shen ting said as he stared at her.

this was why ye xiangnan and qin yihuan could not be together until the end. if two people did not care about each other sincerely, how could they be called lovers?

Even though it was her last meal, if ye xiangnan had been concerned about her, he would have known that she could not eat Western food.

In the end, it was still not suitable.

Yi Huan was someone who needed to be taken care of. Obviously, ye xiangnan was not that person.

Shen ting didn't say much and took the food for her. in the future, if you're hungry, find something to eat. Or no matter how important the social event is, if you don't want to stay, just come back, understand? ”

“you look like you're teaching a child,” she said as she looked straight at him.

“Aren’t you?” ” holding a milk bottle, ” he laughed. ” what else could it be other than a child? ”

I’m not Yingluo. she wanted to explain, but in the end, she felt that she didn’t need to explain anything to Shen ting.

in the end, she buried her head in her food. she was in a good mood as she ate the delicious food.

it seemed like it had been a long time since she had eaten shen ting’s cooking. his cooking had always been very good, and it was for her own good. now, she was thinking that if one day he married someone else, it would seem like she was at a loss.

“What are you thinking about now?” shen ting knocked her on the forehead. ” eat well. your blood count is not up to standard. what will you do if you go to Italy? ”

“can we bring the chef over?” she raised her head, and her eyes seemed to contain stars.

shen ting smiled. ” chef, you might have a lot of things to do. by the way, didn’t you say that you have a girlfriend? ”

“i’m not talking about you.” yi huan lowered her head. ” don’t think too much. ”

Chapter 4822: It’s always been Shen ting who transfused blood to her (1)

“Can we bring the chef over?” She raised her head, and her eyes seemed to contain stars.

Shen ting smiled. chef, you might have a lot of things to do. By the way, didn’t you say that you have a girlfriend? ”

“i’m not talking about you.” Yi Huan lowered her head. don’t think too much.

Shen ting smiled and quietly ate his meal. He didn’t eat much, and most of the time, he was just serving her food.

Yi Huan ate until she was a little full. She touched her little belly and smiled at Shen ting in embarrassment.

shen ting also quietly looked at her. after a while, he smiled and said, ” “go and watch tv after you’re done. i’ll clean up.”

...

yi huan was a little embarrassed. ” i’ll do it! ”

she was also embarrassed to let shen ting do everything. it would seem like he was the one taking care of her, and it wasn’t good.

Shen ting looked at her and actually agreed, ” I also have a few proposals to look at. Thank you for your hard work.

yi huan made a face at him and started to clean up. where should i start?

she bit her lower lip and sneaked a glance at shen ting. shen ting was buried in work. he was still on the sofa in the living room, not in the study.

she had peeked into his study and said it very generously.

As she thought about it, she put down the things in her hands. Qin yihuan, who had never done any family business before, carried the plates into the kitchen one by one. She did not want the remaining dishes, so she threw them away and put on a small apron.

It was a pink apron. She didn’t know why he had a pink apron here.

however, shen ting knew that he had bought it from the store last time. when he bought it, he didn’t expect her to do any household chores. in fact, he ate most of his meals outside. if he was at home, there would be a part-time helper coming over, but no one would come over for the next few days, so he chose to cook and feed her himself.

From Shen ting's seat, he could see the kitchen. He saw Yi Huan wearing a small apron and standing in front of the kitchen counter. She was doing the housework like a little wife.

he stared at it for a while, smiled faintly, and continued to bury himself in work.

Yi Huan was fighting with the plates. She had the dishwasher, but she didn't know how to wash it, so she washed it with her hands. The gloves were slippery, and the plates in her hands fell to the ground after a while.

After a crisp sound, a small cut appeared on her calf, and a little blood seeped out.

with her physique, she was prone to bleeding. a small wound could cause a non-stop bleeding.

Yi Huan stared at it and frowned. She was at a loss.

At this moment, Shen ting came over. He looked at her and quickly squatted down.

He didn't dare to touch it for fear of infection.

" go to the living room. i'll help you deal with it. if it doesn't work, you'll have to go to the hospital. " he said firmly.

ah! Yi Huan exclaimed as he lifted her up.

As soon as the taxi fell, she instinctively wrapped her arms around his neck, but she felt that it was inappropriate to do so, and it was even more abrupt to put it down, so her fingers clenched into fists and she was at a loss.

Shen ting glanced at her and didn't say anything. He quickly went to the living room and put her down on the sofa. He didn't care about the documents that he had swept aside.

Yi Huan bit her lip and watched as he went to get the first aid kit and came back quickly.

he was still squatting, holding her calf with one hand and looking up at her. ” “it’s a little painful, bear with it.”

Oh, ” she said. be gentler.

Chapter 4823: It’s always been Shen ting who transfused blood to her (2)

However, no matter how gentle he was, she still felt the pain and tears were about to come out.

Yi Huan was really enduring it. She had a low sense of pain to begin with, and now she felt really painful. Moreover, she was afraid of blood.

Shen ting simply placed her foot on his knee. She immediately retracted her foot, but Shen ting caught it. don’t move.

“don’t move,” he said in a gentle and low voice, and then looked at her. observe for a while. If you’re still bleeding, I’ll take you to the hospital.

yi huan was scared. she was scared every time she bled. she was afraid that she would lose all her blood.

Of course, she was afraid this time, but she didn’t know why. Because Shen ting was there, she wasn’t so afraid. Even when she went to the hospital, he was there with her.

...

after that, he placed her feet on the sofa and sat beside her. yi huan leaned her head on his shoulder and placed her feet back on his knees.”am i going to die?”

“What nonsense are you spouting?” shen ting was a little speechless. ” don’t spout nonsense. ”

yi huan was indescribably fragile. she leaned on his shoulder and said, " i've changed blood so many times since i was young. i've changed blood from so many people. it's not good. "

shen ting's eyes darkened, but he didn't say anything in the end.

Yi Huan bit her lip and stared at her leg. After a while, she whispered, " "he's bleeding again."

shen ting also saw it. he reached out his hand and touched her little head. then, he whispered, " "I'll take you to the hospital."

"Shen ting," she said as she grabbed his arm.

He lowered his head and smiled,"I'm here, don't be afraid." Hmm?"

" i'm not afraid. " yi huan smiled.

She just felt that it was strange that she had to keep going to the hospital after they had just recovered their relationship.

Shen ting didn't think too much about it, so he immediately took her coat and put it on for her.

it was a little cold outside, so shen ting buttoned it up one by one. after he put it on, yi huan realized that the dress belonged to shen ting.

She was stunned for a moment. these are your clothes.

"Wear it to block the wind." Shen ting was dressed in home clothes, but he could also go out.

He carried her out just like that until they reached the car downstairs. The air conditioner in the car was turned on, and she wanted to take off her coat, but Shen ting shook his head."We'll be there in a while, wear it!"

His gaze moved down and then back to her face. don't look down later.

“Why?” Yi Huan asked again.

there was no reason other than the fact that she was bleeding quite quickly, and the gauze was already red.

Shen ting started the car and drove a little fast. They arrived at the hospital in less than ten minutes.

during the whole process, yi huan did not say a word. when the car stopped, she whispered, ” “I’m a little dizzy.”

it was because he had lost too much blood.

She was very obedient and did not look down.

Shen ting reached out his hand and gently pinched her face. very obedient.

As he spoke, he quickly opened the door and got out of the car. He opened the door from her side and carried her up.

His expression had always been calm, but when he carried her, he walked so fast that his feet almost didn’t touch the ground.

when they arrived at the emergency room, they showed their card and the doctor quickly found blood in the blood bank to transfuse to yihuan.

yi huan was lying on the hospital bed, her face a little pale.

shen ting accompanied her, and their fingers were intertwined. his voice was very soft, ” “I’m going to sleep. It’s good that you’re awake.”

Yi Huan’s eyes were wide open as she shook her head. no, I don’t want to sleep.

Chapter 4824: It's always been Shen ting who transfused blood to her (3)

she was afraid that she would not wake up if she fell asleep. every time she transfused blood, she would feel like this. she would fall asleep and not wake up.

Shen ting's voice became even gentler, " "i will always be here to accompany you. Be good, close your eyes."

At this moment, his expression was extremely doting, just like when she was young, coaxing her to sleep every night.

Yi Huan's eyes were a little dazed. Then, she leaned her head gently in his arm like a cute little animal. I can't bear to.

To Shen ting, these four words made him ecstatic.

he knew what she meant, but he restrained himself.

...

it shouldn't have been so fast, at least not now.

two years. if she didn't change her mind, they would get married immediately.

Perhaps, he was also afraid that she would regret it and leave again.

He probably couldn't take it. At that time, he would really hate her and wouldn't give up, but he would use all kinds of means to make her belong to him alone. She wouldn't like that kind of method.

shen ting's fingers gently caressed her fluffy hair, comforting her bit by bit. under his comfort, yihuan fell asleep.

She was in a deep sleep, and her whole body seemed to be injected with new energy.

his entire body was warm.

it was unspeakably comfortable.

Shen ting's eyes were very warm. He couldn't help but lower his head and kiss the little girl. He kissed her and then kissed her forehead.

The doctor came in and coughed lightly. "Mr. Shen, there's not enough blood in the blood bank. Do you want to take a rest?"

"take mine!" Shen ting said in a calm voice.

The doctor nodded.

Shen ting took 300 yuan this time and only used 100 yuan. The rest was still in the blood bank as a backup.

In the middle of the night, Shen ting was also tired, so he finally slept beside her.

He lay down, but he couldn't fall asleep because the lights were on.

However, Yi Huan was afraid of the dark, so he accommodated her and hugged her until four in the morning. He finally felt sleepy and it was a deep sleep.

it was eight o'clock in the morning when yi huan woke up. the nurse came to clean up and greeted her with a smile when she saw that she was awake."Miss Qin, you're awake?"

Yi Huan scratched her head and sat up. She looked at Shen ting and felt a little uncomfortable. Mr. Shen, will you sleep here for the night? "

the nurse laughed. " no, president shen stayed up the whole night and went to get a blood sample in the middle of the night. by the way, president shen and miss qin are really good. he takes blood from miss qin almost once a month and puts it in the blood bank. the blood miss qin uses is almost all donated by president shen. "

Yi Huan was stunned.

it's all shen ting's blood?

All these years, she had used so much blood!

she was about to ask when the nurse continued. "even when president shen was abroad for a few years, he would fly back once every two months. it's just to prepare the blood for miss qin."

Yi Huan was completely stunned.

She knew how busy Shen ting had been during those few years of living abroad. It was like a devil's training, but he flew back and forth every two months for a few days to draw her blood. He clearly didn't need to do this.

she didn't know what to say. at that moment, shen ting happened to wake up.

The nurse glanced at him, then immediately took her things and left.

The door was closed, but the atmosphere in the ward was quite subtle. Yi Huan was the first to speak, and she asked in a low voice, "Is what she said true?"

In fact, she knew that she was asking too much. It must be true.

Shen ting didn't answer her question directly. Instead, he asked her in a soft voice, "are you hungry?"

Chapter 4825: it's always been shen ting who transfused blood to her (4)

In fact, she knew that she was asking too much. It must be true.

shen ting didn't answer her question directly. instead, he asked her in a soft voice, " "Are you hungry?"

Yi Huan stared at his face and bit her lip. I'm sorry.

"what's the difference?" shen ting smiled,"isn't that normal?" if it was someone else, they would have done the same."

as soon as he finished speaking, he was hugged by a pair of slender arms.

yi huan buried her face in his arms and said softly, " "it's different."

...

she didn't necessarily care about what others did.

shen ting lowered his head. his voice was hoarse. " what's the difference? tell me. "

She shook her head again and refused to say.

Shen ting smiled and didn't force her. He just reached out and stroked her hair dotingly. alright, I'll go get you breakfast.

"i want to eat your cooking." perhaps it was because she had been injured once, but she was particularly soft and clingy. she simply stuck in his arms and refused to come out. shen ting could no longer say that he had a girlfriend.

even if he said it, it would not be convincing.

Because the fact that he had brought her to live in his own house was a clear indication of his intentions.

Shen ting wasn't a man without principles. He didn't want to bring her back when he already had a girlfriend. In fact, she knew that Bai Anan was just an excuse they made for each other. That way, they wouldn't be so awkward together.

"Okay, I'll do it." Shen ting patted her little head.

only then was she satisfied. she let go of him, but she was still sitting on the bed because she was injured.

At this moment, her phone rang and she picked it up. It was Secretary Lin calling, asking about what they had talked about yesterday. As the head secretary, she had to ask again about the matter of stomping on Starlight.

yi huan explained briefly, but shen ting could understand what she meant.

he just smiled and didn't say anything. he continued to make breakfast in the small kitchen of the VIP ward.

Yi Huan bit her lower lip. Shen ting, someone took a photo of me and ye xiangnan last night.

Shen ting's fingers paused, and he looked at her.

"it's nothing. i won't admit it," yi huan said in a low voice, feeling guilty.

he continued to work, but after a while, he asked her again, " "Are you trying to explain to me?"

" i guess so! " yi huan answered seriously.

shen ting didn't say anything. he didn't say anything, but yi huan's heart was in a mess. she bit her lower lip. " shen ting. "

" if you must ask me, " he turned around, " i'm quite angry, but i won't be angry at you because of this. "

because this was something that she and ye xiangnan hadn't handled well.

"how can you be so generous?" yi huan asked.

shen ting sighed,"then how do you want me to express my anger?" Are you going to leave or not make breakfast for you?"

Yi Huan did not say anything. She hugged her knees and said after a long while,"xiang nan said that it was because of me."

"i know," shen ting smiled. " because you're too stupid! "

Yi Huan glared at him. Really, they couldn't even quarrel.

however, she didn't know that this was shen ting's dividing line. if she dared to have an unclear relationship with anyone in the future, his emotions would be intense at any time.

yi huan looked at him with some resentment, and suddenly said, " "I was also photographed when I was hospitalized last night, and there's solid evidence that we were staying together. Some people even said that we came to the hospital last night because of Hanhan, because of Hanhan."

## Chapter 4826: Men are all bastards (1)

shen ting could roughly guess what she wanted to say from her expression. he looked at her and smiled gently. " why? "

yi huan said softly.

shen ting raised his eyebrows. he looked surprised and amused at the same time. " am i that brutal? "

Yi Huan's face turned red. After a while, she grunted. how would I know? "

Shen ting's smile deepened. if you don't know, then who would know? hmm? ”

Yi Huan's eyes widened as she stared at him.

...

shen ting only smiled and went back to the kitchen.

very quickly, he had prepared breakfast. it was light and sweet.

yi huan sniffed. ” oh, i think i'm hungry. ”

Shen ting smiled and placed the breakfast on the small table. Yihuan wanted to get off the bed but he stopped her. “Don't move, I'll carry you over.”

She sat at the head of the bed, shaking her feet gently. I'm fine now.

Shen ting's gaze fell on the gauze around her calf, and he gave a faint smile. I see, but the doctor said that it's best not to walk around today.

he still carried her.

Yi Huan's eyes widened as she stared at him,”but i have to go to the company today. i have something to deal with.”

as she spoke, her arm was wrapped around his neck.

Shen ting said without thinking,”if there's anything, ask Secretary Lin to come over. You don't even have the right to be hospitalized?” if they were this busy, KING entertainment's performance would have surpassed starlight a long time ago.”

In the past few years, he had been working on other fields, while Starlight was still focused on the entertainment industry and was already one of the top five entertainment companies in the world. This was all thanks to ye xiangnan's efforts, while King Entertainment had shrunk in this area.

Yi Huan wanted to say something, but she stopped herself.

after all, she had not made any achievements after taking over, so she was in no position to do so.

Shen ting looked at her and placed her on the dining chair. He then scooped a bowl of porridge for her.

yi huan took two bites and suddenly looked up at him."Are you going to the office today?"

"of course." Shen ting said softly.

Yi Huan did not know why, but she felt a little disappointed. She could not describe the feeling.

she lowered her head and hummed in agreement, not saying anything else.

Shen ting tilted his head and looked at her little face. He probably knew that she wasn't too happy, so he smiled faintly."there's an important meeting at the company today."

was this an explanation?

Yi Huan also knew that she seemed to be too pretentious. She looked up at him and said,"You don't have to accompany me. i can do it myself."

Shen ting faintly smiled and didn't say anything else.

After he finished his breakfast, he informed the doctors and nurses before going to the company.

outside, it was still a bloody scene, especially when he and yi huan were photographed staying together. coupled with the sudden situation last night, it was hard not to think about it.

Hundreds of reporters were gathered outside King Corporation.

Shen ting got out of the car and walked to the lobby on the first floor under the escort of the security guards.

The reporters kept asking him about his relationship with Yi Huan. Shen ting was at the top of the stairs, and he turned around with a calm but warm expression. "Yihuan is my family!"

These two words were actually a little ambiguous and could be used to advance or retreat.

The reporters weren't fools. Of course, they could hear it, but they didn't dare to write anything.

This President Shen was not someone to be trifled with, and his temper was not that good either!

So, for a long time, no one dared to make a sound.

Shen ting glanced around and directly entered the building.

## Chapter 4827: Men are all bastards 2

it was true that there were meetings in the company. otherwise, he would have been by yi huan's side the entire time. as for important meetings, bai anan was there as well. she was a high-level consultant hired by shen ting, but her role was not particularly glorious.

in the industry, bai anan wasn't someone to be trifled with. she was tall and beautiful, but she was also vicious in her actions. when the media exposed her and shen ting's relationship, everyone cheered for them. they were really a perfect match.

at that moment, bai anan had already arrived at the meeting room and was sitting in her seat. the other middle and higher-ups were not there yet.

Shen ting and Secretary Wang entered the room together. When Secretary Wang saw that Bai Anan had arrived so early, he immediately left the room.

lawyer bai looks like he's going to condemn me today.

In the meeting room, Shen ting held onto his tie and sat down. He smiled, " "Lawyer Bai, you're very early today!"

...

bai anan leaned back in her chair and looked at shen ting quietly. " "president shen used to call me bai anan. why are you so distant now?"

shen ting flipped through the documents,"why ask when you already know the answer!"

There was no point in being pretentious. Bai Anan shrugged and rested her chin on her hand. it's really heartless. It's only been a few days!

"If we were suitable, we would have gotten married a long time ago. We wouldn't have to wait so long." shen ting said directly.

bai anan's smile was a little forced. after a while, she packed her things."you really never beat around the bush,"

"i just don't want to be two-timing you," shen ting said sincerely.

"I understand," Bai Anan nodded.

"i won't mention it again in the future," she smiled in relief.

she had lost. no matter how long she waited, it would not be able to beat yi huan's words.

In fact, she knew that it wasn't the case. Shen ting had never made her any promises.

However, she was still better than thinking about Nan. At least she was free, while thinking about Nan would have to marry a woman he didn't love.

Just thinking about the ye family's current situation gave Bai Anan a headache.

His head was so big that it was nothing to be heartbroken!

thinking of him, he really did resemble his father, thought bai anan innocently.

at this moment, secretary wang opened the door, and the middle and senior management of the company came in together. just now, in order to make it convenient for them to have a few private words, they had all been stopped outside by secretary wang for a few minutes.

qin xuan was the one who walked in the front. he came over and sat on shen ting's left, opposite bai anan. his surname was qin, so of course he knew about the storm between shen ting and yihuan.

He could imagine Shen ting's mood when Yi Huan called off the engagement.

there was no suspense!

However, Qin Xuan did take another look at Bai Anan.

Bai Anan was 30 years old this year. She was as big as ye xiangnan, and she was usually tepid. In fact, she was a Smiling Tiger like Shen ting.

qin xuan didn't like women like her.

Moreover, it was a woman who was older than him.

At this time, he took a look. As expected, he was still fine even though he had fallen out of love. He was indeed made of steel.

Qin Xuan wasn't interested in women. He just took a look.

But Bai Anan took another look at him and then narrowed her eyes.

shen ting didn't want her, and even qin xuan, this unscrupulous merchant, dared to look down on her!

she knew it in her heart. he must be calling her an old woman in his heart, an old woman who couldn't get married until she was 30 years old!

bai anan replied through gritted teeth. qin xuan seemed to have sensed it, so he looked up at her.

Then, he raised his eyebrows and mouthed silently, " it's just as you think.

#### Chapter 4828: Men are all bastards (3)

Bai Anan was about to explode!

qin xuan was born with an exquisite appearance, like a noble young master. just a slight smile from him almost drove bai anan to her grave!

Shen ting was in charge of the meeting, and their flirtatious glances couldn't escape his eyes.

Shen ting didn't say anything, but he furrowed his brows.

After the meeting ended, Shen ting left first. He could still make it in time to go to the hospital for lunch. Secretary Wang had already asked the villa's driver to send lunch over. Yi Huan looked at the two lunch boxes and knew that he would be there.

after shen ting left, the middle and higher-ups started discussing. " i don't think we came to a conclusion during today's meeting. president shen left just like that, and there's no additional meeting in the afternoon. "

...

“Yes, yes, President Shen must have gone to see Yingluo, hehehe.”

Bai Anan picked up her briefcase and walked out, as if she hadn't heard him.

When they reached the elevator, Qin Xuan was in the same elevator as her. He leaned against the elevator and said in a calm voice, ” “Actually, it's not a big deal to be heartbroken, but it's not good to force it! if you want to cry, just cry. what's so good about acting like a strong woman all day long? don't you find it too tiring?”

Bai Anan stood up straight. thank you for treating me as a female, young master Qin!

“you're that unconfident?” Qin Xuan smiled. I thought you were as confident as ye xiangnan!

it was indeed true. the two from the ye family were both heaven's contestants. they were arrogant and it was normal for them to think that they were very powerful. however, it was also true that the two of them had suffered setbacks in their relationship.

Each of them had their own targets, and they even became a pair. Why wouldn't it make people vomit blood?

now, bai anan was a little envious of ye xiangnan for having a wife to torture. what else could she do? other than work, she was still working!

“It's none of your business!” Bai Anan snorted.

She looked at Qin Xuan suspiciously. by the way, young master Qin is a tech upstart. He should be clean. But I seem to have heard some bad rumors.

if one were to say that shen ting was hiding daggers behind his smile, then young master qin in front of him was the kind that didn't even bother to smile. he directly revealed his daggers, so despicable that it was shameless.

The three members of the Qin family in this generation were all evil people, including Qin yihuan.

This morning, didn't she give Starlight a hard slap in the face? Nan was now cleaning up the mess!

Mr. Bai, " Qin Xuan said with a faint smile, " if I remember correctly, you're our company's special lawyer.

my contract expires next week and I won't be taking over. So, young master Qin, we might meet in court in the future. Bai Anan's finger poked his heart lightly and she sneered. "Move aside, the elevator door is opening."

qin xuan moved to the side, a cold smile on his face."yeah, lawyer bai rushed back and cried."

bai anan turned around and stared at qin xuan. " "I'll remember you."

qin xuan's smile turned into a smile as he looked at her.

that gaze was so deep that one couldn't see the bottom.

"You're crazy!" Bai Anan snorted.

She left quickly, and Qin Xuan's eyes followed her. After a while, he turned around and went back to his office.

"President Qin, President Shen said that he won't be coming back to the company this afternoon. You'll be in charge of the meeting this morning," Secretary Wang said in a low voice.

"I've guessed it!" "This workaholic won't let his subordinates off," Qin Xuan said indifferently.

But he had gone to fall in love!

Chapter 4829: men are all bastards (4)

“president qin, president shen said that he won’t be coming back to the company this afternoon. you’ll be in charge of the meeting this morning,” secretary wang said in a low voice.

“I’ve guessed it!” “This workaholic won’t let his subordinates off,” Qin Xuan said indifferently.

Qin Xuan leaned back in his chair and looked at Secretary Wang. “is love really so addictive?”

He was clearly a workaholic, but he couldn’t wait to fall in love.

secretary wang pushed his glasses up and opened baidu. then, he said in a professional manner, ” “When humans are in love, they will produce a substance called dopamine,”

“alright, alright. we’re not having biology class.” Qin Xuan’s teeth ached when he heard this. He sighed softly. okay, Secretary Wang, you can leave first!

...

secretary wang was about to leave, but he paused. ” oh right, mr. bai’s personality is actually quite good. president qin, won’t you consider it? ”

Qin Xuan frowned,”not bad?” she’s carved out of the same mold as your president shen, so how could she be good?”

Secretary Wang smiled again. but President Qin really likes to spend time with President Shen. I thought that we would get along better this way.

Would he?

Qin Xuan just thought about Bai Anan’s indifferent face and let it go.

he probably preferred girls who were petite and cute, like ye hui.

ye xiangnan’s younger sister.

however, he wasn't so moved that he had to date her, so he never took any action. qin xuan thought that he would probably stay single for the rest of his life, so he didn't have the impulse to spend the rest of his life with a woman.

Secretary Wang saw his expression and sighed.

young master qin was already 28 years old and had never been in a relationship before. he didn't seem to have any feelings for any girl either. could it be that there was something wrong with wanwan? that was why she used lawyer bai to test him. she really suspected that president qin was flirting with president shen.

he didn't dare to think about it anymore, as it would be a sin to do so.

after secretary wang left, qin xuan turned on his computer and entered a few commands.

But when he took a closer look, he saw that it was Bai Anan's Baidu Encyclopedia. He frowned.

What the hell was this?

However, when he opened it, he would only take a glance and remember a long list of names, all kinds of excellence, and that she was really 30 years old!

qin xuan closed his notebook.

He had no interest in women who were older than him.

those older than 25 years old were all called old women.

On the other side, Bai Anan sneezed for no reason. She held the steering wheel and wiped her nose with a tissue.

He let out a long breath and dialed ye Hui's number,""Do you have time to come out for a drink tonight?"

night hui stuck out her tongue.”it’s too messy at home ~ next time. an ‘an, you can understand.”

“This is!” bai anan dropped the phone.”you’re heartbroken. there’s no one to keep you company.”

Actually, it wasn’t that bad. After all, she already knew that Shen ting had no interest in her, but she still liked him faintly and waited for him.

indeed, men were all bastards.

Bai Anan drove to a Club Bar.

After drinking the entire afternoon, she wasn’t too drunk, but she wasn’t as sober either.

She had done something very irrational and irrational, and that was to call Shen ting and give him a good scolding.

he would scold whatever was unpleasant to hear. in short, it was to vent his anger.

She would not cry. She chose to scold this bastard.

Shen ting felt helpless, but at the same time, he was gentle. He asked where she was and told her to wait there. Then, he called Qin Xuan. go pick up Bai Anan and send her home.

Chapter 4830: All men are bastards (5)

Shen ting hung up the phone and looked at Yi Huan.

Yi Huan just stared at him.

he sighed,”i know what you’re going to say!” But it’s not what you think!”

Yi Huan leaned against the headboard and stared at Shen ting for a while before whispering, ” “did you kiss her?”

shen ting didn't answer her directly. instead, he sat on the edge of the bed and reached out to touch her face. ” are you sure you want to know? ”

yi huan stared at him and gave up after a long time.

...

Shen ting was right. It might not be a good thing for her to know.

her woman's intuition told her that it was better for her not to know.

she didn't ask any more questions. she picked up her phone and played some games. she thought that shen ting would lecture her and say something like a patient needs to rest. however, he really didn't say anything. instead, he just sat on the sofa and dealt with work.

after a long time, yi huan finally couldn't help but say, ” “Shen ting,”

he looked up. ” what's the matter? do you want some water? i'll get you some. ”

she didn't say anything and just looked at him.

Oh? ” Shen ting revealed an understanding smile. then, are you going to the washroom? ”

He was about to hug her, but Yi Huan stopped him. no, I don't want this Yueyue. Yueyue, if you're busy, you don't have to accompany me.

shen ting smiled and returned to his work. ” it's actually the same here and in the company. ”

How were they the same?

He had a Secretary to talk to in the company, and he was comfortable at home. Anywhere would be better than the hospital, right?

however, since he had said so, yi huan could not say anything. she played the game for a while more and felt that she was tired. so, she put down the game and looked at him.

it seemed that it had been a long time since she had looked at him so carefully and closely.

shen ting was very good-looking. in the past, he was as gentle as jade, but in the past few years, he seemed to have become a lot stricter.

yi huan thought to herself, 'it's probably lonely at the top!'

as she thought about it, she asked in a soft voice, "you, have you ever regretted it?"

When she asked, her body naturally leaned towards the side of the bed, closer to Shen ting.

Shen ting put down the work in his hands and smiled, "What's wrong?"

Yi Huan smiled back at her. nothing much. I just thought that it must have been tough on Hanhan, so I'm asking if you've ever regretted it.

Shen ting turned off his laptop and put it aside. He then looked at Yi Huan with a serious expression, "You're suddenly asking, Yingluo."

yi huan did not say anything.

"actually, hanhan doesn't feel that it's hard either." shen ting smiled faintly.

ambitious men all lived like this.

If he hadn't come to the Qin family, he might have had to take more detours and struggle for at least 50 years less.

If he thought about it this way, wouldn't it be balanced?

however, he would not tell yi huan about this. he was telling the truth when he said that it was not hard.

when she heard him say that it was not hard, yi huan grabbed his arm and asked in a low voice, "really?"

"yes," shen ting replied with a smile.

Yi Huan felt a little better, but she still did not believe him.

shen ting patted her face. "any man will fantasize about it. when you're in power, you'll be drunk on a beauty's lap."

Yi Huan's eyes were still open as she looked at him,"then you can ..."

"uncle qin gave me the chance to control the world, but the other xuanji hasn't realized it yet." shen ting laughed.

For some reason, Yi Huan felt that this topic was dangerous. It was better for her not to answer it.

She pursed her lips and gritted her teeth. She looked a little cute.

"i'll go get you a glass of water." shen ting touched her hair.

"Don't whine," she suddenly said in a low voice."I want to go to the bathroom."

In fact, it wasn't that she couldn't leave. When Shen ting wasn't around in the morning, she went to the bathroom by herself. There was no problem at all, and she could be discharged from the hospital tomorrow. But right now, she just wanted him to hug her. It wasn't that she didn't have any romantic feelings. It was just like when she was young, being pampered by Shen ting. That feeling should be very good.

After she finished speaking, Shen ting's gaze fell on her small face, as if he was a little uncertain.

after a while, his voice was hoarse. ” “Alright,” he said.

he picked her up and felt that she didn't have much weight on his hand. he had actually carried her a few times these few days, but because of the special situation, he didn't feel her carefully. but at this time, he felt that her hand was very light.

“you've been eating all day, where did it go?” he frowned.

yi huan pouted. ” no, i'm not. i'm quite chubby! ”

As soon as she finished speaking, she regretted it. What was she saying? would Shen ting think that she did it on purpose?

yi huan's expression was very interesting.

shen ting looked at her wrinkly face and smiled. ” “yeah, he's quite chubby.”

Yi Huan's expression was even more interesting. She stared at him, unable to believe that he was like this.

Shen ting finally put her down, and his voice was slightly hoarse, ” “call me when it's done.”

then, he walked out like a gentleman.

he was waiting outside the washroom. after a while, he heard yi huan's kitten-like meow. ” shen ting. ”

he was about to pull the door open when she hurriedly said, ” “don't come in, don't come in.”

“what's wrong?” Shen ting asked in a low voice at the door.

yi huan was a little speechless.

it was because her period had come, and she couldn't go out now, nor could she stand up.

Shen ting couldn't hear her, so he roughly guessed the reason. He laughed silently and lowered his voice, "i know, wait a moment."

Oh, " she said, looking very obedient.

shen ting came back in less than five minutes after he left. he passed the things in through the crack of the door.

Yi Huan did not let him carry her back. She opened the door by herself, blushing. She did not have the courage to ask him where he got the sanitary pads.

shen ting only smiled. after she climbed onto the bed, he poured her a glass of water and thought for a moment. "Let's cook some red dates!"

It was for nourishing blood.

Oh, " Yi Huan replied. She was fine as long as she did not eat the red beans.

When it came to this issue, Shen ting obviously did not have Qin Mo's bad taste. He knew that she did not like it, so he kept feeding her with red dates and never forced her to eat red beans.

in this aspect, he was much better than qin mo!

While he was cooking, Yi Huan flipped through the book. She was a little tired and wanted to sleep for a while.

After Shen ting was done, he came over to take a look and found that she was asleep.

His gaze softened and he smiled. Then, he walked over and gave her a gentle push."sleep after eating."

“i’m done!” Yi Huan rubbed her eyes and wanted to get up, but Shen ting pressed on her shoulder and said in a low voice, ” “just sit on the bed, i’ll feed you.”

“Ah!?”

Yi Huan was surprised, her mouth was slightly open, and she looked a little dazed.

shen ting took the opportunity to feed her one, and yi huan had no choice but to eat it in surprise.

She looked at him while eating.

Shen ting’s mood was obviously very good. Why are you looking at me like that? Are you surprised? I used to feed you all the time.”
