

## Thank you 4871

Chapter 4871: Don't even think about what you can't have (6)

Su mu raised his eyes and saw a look of disdain in the other party's eyes.

"thank you," she said in a low voice.

Aunt Wang took the water away quickly. Before she left, she even took a look at the card in front of su mu.

su mu just pursed his lips and didn't say anything.

after aunt wang left, su mu sat there alone. even though there was no one around, she still felt a little uncomfortable.

this place didn't belong to her. it might belong to ye jie, but she didn't know if ye jie would really be happy.

...

After sitting for about ten minutes, she slowly went upstairs. There were rooms on both sides of the stairs on the second floor. It was her first time coming up, and she couldn't tell the difference. She didn't dare to open the door rashly either. She wasn't even a guest here.

ye xiangnan just came out of the master bedroom. he had changed into a bathrobe and was obviously going to sleep in the study. did he take a shower in the master bedroom just now?

sensing su mu's hesitation, ye xiangnan said indifferently, "you can sleep in this room. the room on the left is ye jie's room."

Seeing that she was still standing there, he frowned. there's a white BMW in the garage that's suitable for you to drive. You can take ye Jie to buy some things tomorrow. Just have someone send it here.

su mu had an indescribable feeling in his heart. although his tone and attitude were very cold, he had to admit that he restrained himself. he was also kind to ye jie, so he said in a low voice, ”  
“thank you,” he said.

“no, it’s what i should do.” ye xiangnan’s eyes fell on her, and then he remembered that she had nothing.

after thinking for a while, he said, ” i’ll pick a shirt and make do with it for a night. ”

su mu was stunned for a moment and then understood what he meant.

She was a little surprised, even shocked. She didn’t know why ye xiangnan and ran ran didn’t need to be so intimate.

seeing her expression, ye xiangnan touched his forehead and sighed, ” ” su mu, it seems that we haven’t reached a consensus on this marriage. ”

she raised her eyes and looked into his eyes, not understanding what he meant.

Ye xiangnan’s tone was light and emotionless, ” you can’t be thinking that we’re just going to get a marriage certificate and not do anything, right? at the very least, we have to fulfill our duties as husband and wife. you’d better be prepared for that. ”

su mu’s body froze.

She didn’t expect him to bring it up, and in such a straightforward manner at that.

In her memory, she didn’t feel too good.

She stood there, the blood in her body freezing. After a long time, she whispered, ” “we’re asking for mr. jiye. you can ask him.”

“are you looking for a woman outside?” ye xiangnan was even more straightforward.

Su mu was smart enough not to say anything.

ye xiangnan continued, " i don't think there's any conflict. you're my wife. it's our duty as husband and wife. we'll even have children. "

The child teased su mu, thinking that he was crazy. One child was enough for them.

she didn't want to have a child with him. she didn't know anything at first, but she only knew about it after having ye jie for three months. she couldn't bear to leave him after having him, but she would never have another child with him under the circumstances of not loving and not being loved.

she moved her lips as if to refute, but ye xiangnan interrupted her, " "we'll talk about the child later."

As for the first condition, he seemed to be quite determined, and she had no reason to object.

su mu's fingers slightly curled up and finally clenched into a fist. he said in a lower voice, " "I know."

ten O 'clock tomorrow morning at Starlight. You can take ye Jie with you. After that, you can take him out for a walk. Ye xiangnan said in a slightly human-like way.

Chapter 4872: We'll have a child after marriage (1)

su mu understood that this gentleness was for ye jie, not for her. she would not be overthinking it.

He clearly didn't like her, so how did he manage to sleep with her?

Moreover, Qianqian su mu knew that her looks were average, so she probably wouldn't be able to attract his interest.

ye xiangnan glanced at her and said, " it's late. time to sleep. we'll talk tomorrow. "

" wait! " su mu stopped him. " why can wanwan talk or sign an agreement here? "

Ye xiangnan turned around and stared at her for a long time before saying indifferently, it was handled by the company's lawyer. It's not suitable to sign it at home.

...

Su mu pursed his lips and said nothing more.

ye xiangnan didn't say anything more to her. he pushed open the door to the study room opposite the master bedroom. then, he seemed to have thought of something. " by the way, you can add some decorations according to your preferences. you can do whatever you want except for the study room. "

From his words, su mu keenly picked up a piece of information, which was that he didn't go home often.

so, she nodded.

Ye xiangnan looked at her quietly and read something from her expression that made her happy.

what was she so happy about?

ye xiangnan frowned and closed the door of the study.

Su mu stood there for a while and went to ye Xi's room first. The children's room, which was about 40 square meters, was made into a suite. Besides the bedroom, there was a small game room and bathroom. The decoration was very exquisite and obviously done with great care. Su mu did not know if it had been decorated before or was done at the last minute.

But after a brief daze, she realized that this was probably prepared for the child between him and miss Qin.

she pursed her lips and felt a little embarrassed.

She went over to the bed, sat down, and looked at ye Jie.

The little ye Jie was sleeping soundly. It must be because the bed was soft and the environment was hard for a child to refuse. Su mu felt that it was all worth it.

Her face was calm and even had a slight smile.

su mu was a person who rarely smiled. he rarely smiled and would only show such a gentle expression in front of ye jie. she reached out her fingers and touched ye jie's face gently, feeling warm.

after quietly accompanying him for a while, she got up and went to the next room.

Unlike the warm colors of the children's room, the master bedroom was completely filled with masculine cold colors. It was as cold as a sample room, but it was undeniable that it was still very tasteful.

su mu was not used to it. she looked around quietly and then went into the changing room.

the changing room alone was 30 square meters. she opened a cabinet and saw that it was filled with suits. the styles were similar, but there were dozens of them.

He opened the drawer next to him. It was filled with shirts and trousers. There were also a few rows of drawers filled with ties, cufflinks, and watches that cost more than ten Yuan per slot. Su mu was not familiar with these, but he could tell that they were expensive.

She didn't dare to look at it anymore. She quickly took out another shirt, the black Casual kind, and closed the closet.

She had no time to look at the luxuriously decorated bathroom, so she took a quick shower and changed into her shirt.

Ye xiangnan was very tall, 184 cm, while she was only 160 cm, so the shirt was five centimeters above her knees, which was perfect for pajamas.

the bed sheet was gray, soft and comfortable, but su mu couldn't fall asleep at all.

she was used to sleeping with ye jie. she thought that she should mention to him tomorrow that she could sleep in the children's room and let him have the master bedroom. he did not need to sleep in the study.

She only managed to fall asleep after midnight. When she opened her eyes, it was already seven in the morning.

Chapter 4873: we'll have a child after we get married 2

When she woke up, she felt that her waist was a little sore, probably because the bed was too soft.

As soon as she opened her eyes, she saw ye xiangnan coming out of the changing room, dressed neatly and putting on his tie as he walked. When he saw su mu, he said calmly, "you're awake?"

Su mu sat up slightly. His black shirt hung loosely on his shoulders.

Ye xiangnan looked at it quietly, then looked away and opened the door to leave.

he had a briefing at nine o'clock and would find time at ten to meet su mu and sign the contract with him.

Before he left, su mu stopped him. "mr. ye."

...

"what's up?" ye xiangnan tilted his head.

His tone was calm, but his expression was a little impatient.

Su mu slightly pursed his lower lips and said, "Mr. Ye, I can sleep with ye Jie in the master bedroom."

"I think I've made it very clear last night. As for our relationship after marriage, it may not be very intimate, but at least we should be like a normal couple. You didn't think that I married you for decoration, did you?" The expression on Ye Xiangnan's face became even more unsightly and impatient.

He didn't plan to pay too much attention to his future wife. As long as she was obedient and gentle and could take care of Ye Jie, he didn't have many requests.

Su mu's face was a little pale, but there was also a bit of redness on top of the paleness.

Ye Xiangnan said coldly, "You don't think you can get my attention like this. Keep your thoughts to yourself. Don't think that you can't get it."

"I didn't mean that." Su mu couldn't help but defend himself.

Ye Xiangnan looked at her coldly and left without saying anything.

Su mu scratched his hair. She had messed it up again.

Although she didn't want to be a loving couple with him, it didn't mean that she wanted to be his enemy. It would be bad for both her and Ye Jie.

Su mu was a little annoyed. After about ten minutes, she got out of bed and changed into the clothes from yesterday. She brushed her teeth and washed her face. She went to check on Ye Jie, who was still sleeping.

Su mu went to the stairs on the second floor and took a look. Ye Xiangnan hadn't left yet. He was having breakfast at the dining table with a newspaper in his hand. The morning light shone on his body, making him look gentler and not as cold as he was last night and just now.

su mu looked at him for a few seconds before returning to the bedroom because she didn't want to meet ye xiangnan. however, ye xiangnan saw her when he looked up and said indifferently, " come and have breakfast together. "

She hesitated for a moment, but still went downstairs.

ye xiangnan ordered aunty wang to bring another breakfast. when there was no one else around, he said coldly, " "it's normal to have breakfast together. you don't have to hide from me. Su mu, you have to understand that even if you don't love each other, you have to live a normal life. I don't want to play riddle games with a woman all the time. Men don't want women to have too much drama, do you understand?"

Su mu was a little speechless. She only felt embarrassed, but she was acting too much?

Was he a little paranoid?

however, su mu was only acting in his heart. he did not show it on his face. it was true that she could not act much in this house, or else she would not have a good life in the future.

she tried her best to make herself invisible and sat quietly.

ye xiang nan glanced at the quiet girl. at this time, aunty wang came over with breakfast.

just like ye xiangnan, he also got a glass of milk, two slices of toast, and an egg.

Actually, su mu wasn't used to Western breakfast, but she had no choice. A husband in name wouldn't care if she liked it or not.

Chapter 4874: We'll have a child after we get married (3)

she ate her breakfast in silence. just as ye xiangnan was about to leave, she said, " "i can go by myself. can you ask auntie to help take care of ye jie?"

Ye xiangnan wiped his lower lip. you're the mistress of the house. You can just tell me what to do. You don't need to go through me for these small things.

In fact, ye xiangnan was well aware that aunt Wang and aunt Chen would not neglect ye Jie. After all, he was their future young master. However, they might not be nice to su mu.

He didn't care about that. Su mu was an adult and she had to depend on herself to be treated in this family. He didn't have the mood to be tender to a woman.

he got up and left after he finished speaking. he was too busy to deal with her.

Ye Hui was also in charge of the wedding. He probably didn't know su mu as well as ye Hui.

...

when ye xiangnan got into the car, he thought to himself that it would be good to let ye hui and su mu interact more. after all, su mu would always have to attend some events in the future and he had to be on the stage.

he felt a little annoyed at the thought of it and quickly drove away.

Su mu finished the breakfast that was not very tasty in silence. Aunt Wang took the initiative to take it away. Su mu went to the kitchen. aunt Wang, I have to go out at nine O 'clock. Please take care of ye Jie.

Aunt Wang washed the dishes and said calmly, " " we'll definitely take good care of the young master. don't worry, miss su. "

"Thank you," su mu forced a smile.

"It's no trouble at all." "Miss su, you have a long way to go," aunt Wang said indifferently.

Su MU's brows twitched. He had an indescribable feeling.

"in the future, miss su, please forgive us if we're in the wrong," aunt wang said lightly.

Su mu knew that. He was trying to show off his power.

She didn't say anything and just smiled. "You're right, aunt Wang."

Aunt Wang was a little disdainful. He didn't have any character at all and really had no future.

She didn't think highly of su mu. He was from a poor family and was poor. In addition, he was really not good-looking. Master would probably not be able to bear it for long before he started to develop his career outside. He would divorce sooner or later.

just thinking about it, aunt wang was not optimistic. humph humph."Miss su, please do your own thing. Leave ye Jie to me."

su mu smiled faintly and went upstairs to check on ye xun. ye xun was awake and was sitting on the bed in a daze.

children were forgetful. at this time, he had already forgotten how he had come here. although this place was very luxurious, it was not a place he often stayed in. he felt a little uneasy.

"Mom, where are we?" Ye Cha asked in a low voice.

"it's dad's house," su mu smiled.

Oh, " ye Jie said. then we'll be living here from now on. Mom's place is so beautiful.

ye xun looked to the east and west, and he couldn't bear to look away. su mu's heart ached. she had treated him too badly when she gave birth to ye jie. although she had given him the best and worked hard, her life in the past was really incomparable to this place.

She smiled. yes, I'll be living here from now on.

"What about daddy?" Ye Cha immediately asked again.

su mu was still smiling. ” of course. but dad is very busy and may go on business trips often. but dad will come back often. ”

su mu wasn't a fool. she knew very well that they couldn't sleep together every night like a normal couple. he couldn't come back every night either. he had expressed clearly that he should have a home outside.

Chapter 4875: we'll have a child after we get married (4)

su mu wasn't angry. after all, she didn't like to think about the south at night. however, she was resistant. she was resistant to being with this man, but she had no choice.

Su mu reached out his hand and touched ye Cha's little head. Ye Cha looked a little curious.”Why does dad have to go on business trips so often?”

“dad is the person in charge of a big company, so he's very busy.” In fact, su mu didn't know ye xiangnan's work well, but she believed that most of the Presidents she wanted were like this.

ye jie stopped asking. instead, he was very happy. after all, he could live in such a beautiful house in the future and see his father often. no one would say that he was an illegitimate child without a father in the future.

the little one hugged su mu, feeling soft and fluffy.

Su mu hugged him. get dressed and get up, okay? I'm going out for a while. The Auntie at home will take care of you. Ye Jie, can you be obedient and not cause trouble for others? ”

...

Ye Jie's voice was very crisp. of course you can, mom.

“good girl.” su mu smiled. ” we're up. we'll go downstairs for breakfast later. grandma chen made you some delicious children's food. you have to thank her later, okay? ”

“i know.” ye cha nodded hard.

su mu was quite consoled. he took his son to wash up and brush his teeth.

although ye jie was young, su mu had taught him well. he was polite and sensible.

when they went downstairs and saw aunt wang and auntie, ye jie said sweetly, ” “Good Morning, grandma Wang! good morning, grandma chen.”

Aunt Wang and aunt Chen didn’t treat su mu well, but they liked ye Cha very much.

this little one was so beautiful and obedient, just like young master nan when he was young. young master had grown up and his temper was not very good. they had finally found another little one to dote on.

At that moment, one carried her to the table and the other wanted to feed her.

Su mu stopped them immediately. aunt Wang, aunt Chen, ye Jie is already four years old. He can climb up and eat by himself. and he could eat very well.

aunt wang was unhappy. ” miss su, we know how to take care of the child. ye jie is so young. how can you let him go up by himself? what if he falls? can he bear the responsibility? ”

Su mu didn’t know whether to laugh or cry, but it wasn’t appropriate for him to criticize the two elders. He glanced at ye Jie.

Little ye Jie was stunned at first, then understood what her mother meant. She said in a childish voice, ” ” grandma wang, grandma chen, i know you love me, but dad said that ye jie is going to kindergarten soon and needs to learn how to take care of herself. look, i can eat, i’m eating very well. ”

After that, she took a big spoon and scooped up egg G, sending it into her mouth, one bite after another, clean and neat.

Aunt Wang and aunt Chen's hearts almost melted when they heard the little person's words.

Such a good child. He didn't look like su MU's child at all. One look and they could tell that he was their young master's child.

How smart, how polite, how good-looking.

The smile on aunt Wang's face bloomed. Okay, okay, okay. Our little baby ye Jie, eat slowly.

as she said that, her hand still couldn't help but rub his little head.

Ye Jie winked at her mother as she ate the egg.

Aunt Wang and aunt Chen also saw it, and the old man muttered again, " "what a good child, unlike some people."

Su mu wasn't angry. She could see that the two elders really liked ye Jie, and that was enough. She just needed to correct them for spoiling her too much. Besides, ye Jie was very smart and understood it with one point.

Chapter 4876: We'll have a child after we get married v

Su mu wasn't angry. She could see that the two elders really liked ye Jie, and that was enough. She just needed to correct them for spoiling her too much. Besides, ye Jie was very smart and understood it with one point.

She stayed with ye Jie for a while longer. When she raised her hand to look at the time, it was already nine O 'clock. She took the car keys that ye xiangnan gave her and went to the garage to drive the car out. Ye Jie had finished his breakfast and was playing on the lawn. When he saw su mu driving out, he bounced and said, " "what a beautiful car."

Su mu rolled down the window. mom will be back soon. I'm taking ye Xun out to play in the afternoon. Are you happy? "

“I’m happy!” ye cha clapped his little hands.

“The crow has flown up to the branch and soared into the sky,” aunt Wang said sourly.

Su mu smiled and drove the car away without saying anything.

...

ye cha lowered his head and played on his stomach again.”granny wang, my mother is very fair. why did you say she’s a crow?”

Aunt Wang’s face stiffened.

how could this child be so smart?

Do you have to do this?

ye jie didn’t get her answer for a long time. he looked up at her and stared at her dark purple face.

After looking at it for a long time, he muttered,”it’s quite similar.”

It was quite similar.

Aunt Wang’s face stiffened even more.

was she despised by the little cutie ye jie and said that she was as black as a crow?

just as she was feeling uncertain, aunt chen came over and whispered. “you’re quite similar. it’s hard to say that a person is a crow, and the child is right in front of you. of course, the child will side with his mother. in the future, if you don’t treat miss su politely, at least carry the little young master. the child will grow up eventually. when he’s ten, he will have power at home. Don’t always think that miss su is honest and easy to bully. She has a trump card in her hands, and you still haven’t understood the principle that a mother is respected by her son.”

Aunt Wang was a little unconvinced, but she suppressed her anger when she looked at ye Jie. I'm not afraid of her. I'm just afraid that my heart will ache for ye Jie.

aunt chen advised again, " take it. if you really feel bad for ye cha, miss su doesn't have any deep hatred with us. we're paid, so why should we get involved in master's right and wrong? sir doesn't like miss su now, but what if something happens? what if their relationship gets better in the future? how can we live with ourselves? if miss su is easy to talk to, let us stay. there's no place for us in this place that is hard to talk to. "

After this, aunt Wang didn't say anything.

he then looked at ye xi, who was still playing obediently.

Aunt Chen added, " this child has been raised so well. Miss su is not a stupid person. Think about it carefully. Don't act on impulse. Remember your status.

\*

Su MU's car stopped at the door of Starlight's President. He turned off the engine and walked into the hall.

Ye xiangnan had probably given her instructions, so the front desk lady immediately stepped forward when she saw her. " miss su, please come to the elevator. president ye is in a meeting right now, and there's about half an hour left. you can go up to the 28th floor first, and there's a secretary there to receive you. "

su mu nodded, " thank you. "

she entered the elevator, which was ye xiangnan's exclusive elevator. su mu didn't know if it was her imagination, but she felt that there was ye xiangnan's smell in this elevator. it was similar to the smell of the bed she had slept in last night, but it was a little fainter.

this aura made her feel a little uneasy, as it reminded her of that night.

all these years, she had never recalled that night because she was afraid.

in his memory, it wasn't too good.

Chapter 4877: we won't get a divorce (1)

su mu walked out of the elevator and saw a young and beautiful secretary standing at the elevator. ”  
“You must be miss su. President Qin is in a meeting. You can wait for him in his office.”

su mu nodded and then followed the secretary to ye xiangnan's office.

Starlight's president's office was naturally big and luxurious. The sun shone in and it was warm.

The second Secretary was very polite. please have a seat, miss su. I'll get you some tea. Coffee, black tea, or plain water? ”

Su mu smiled. water is fine. Thanks.

the second secretary nodded and walked out briskly. soon, he turned back with a beautiful cup in his hand and placed it in front of su mu. President ye has instructed for lawyer Chen to come over and take a look at the document first, miss su. President ye can sign it after he comes back from the meeting.

...

Su mu raised his eyes abruptly.

the second secretary didn't find anything wrong with her sudden behavior. he still had a proper smile on his face. ” miss su! ”

Su mu closed his eyes slightly. thank you.

The second Secretary walked out and felt that there was something wrong with miss su.

after she left, su mu didn't have the mood to look at the luxury around. she just sat there quietly.

she was a little embarrassed.

Ye xiangnan didn't care about the relationship between her and ye xiangnan, but su mu did. She was just an ordinary person.

however, she could not resist.

The difference between her and ye xiangnan was too great.

su mu had a better psychological balance. it would be good if he got married and had someone to take care of ye jie.

after all, before this, she had raised her child alone and only thought about survival. she had never had the chance to think about other things mentally.

Su mu adjusted his state of mind. At this moment, lawyer Chen came over and smiled. "Sorry for the long wait, miss su."

the other party had a special status. su mu stood up and said, "Hello, lawyer Chen."

Lawyer Chen had a good first impression of su mu. Although he was a little ordinary, he looked decent and polite. He was an old man, so he was not as strict about his appearance as young people.

"please sit, miss su," lawyer chen gestured.

He sat down as well. His posture was quite familiar. He must have a close relationship with the ye family to help ye xiangnan with this.

The second Secretary also gave lawyer Chen a cup of oolong tea and then left. Only su mu and lawyer Chen were left in the huge office.

lawyer chen took out a document from the file and handed it to su mu. ” “miss su, this is a prenuptial agreement. please take a look and see if there are any problems. if there’s one, i can still make some changes.”

of course, su mu wouldn’t say that there was no problem. after all, it was carefully prepared by lawyer chen. it would be disrespectful to refuse to read it. therefore, she still read it carefully.

this was a prenuptial agreement. it was quite detailed and not too harsh. at least it was better than what she had thought.

in addition to the clear statement that starlight’s shares did not belong to her, ye xiangnan also divided two properties and several storefronts to her, and even a catalog of some jewelry.

Su mu had only seen this on TV, so he was stunned for a moment.

Lawyer Chen kindly explained. almost all of these are jewels passed down in the ye family. Miss su, you have to take good care of them in the future. You can wear them when you attend important events.

“i don’t think i need it.” su mu lowered his eyes.

She wasn’t feeling inferior, but she felt that she and ye xiangnan were from different worlds. He probably had a Secretary to accompany him to events.

Chapter 4878: We won’t divorce 2

While he was thinking, ye xiangnan had finished the meeting and came over.

His eyes fell on su mu and he asked indifferently, ” “how was it?”

then, she sat down next to lawyer chen and started to chat with him. they didn't talk about the agreement, but something else. su mu couldn't interrupt and just sat there quietly.

About five minutes later, ye xiangnan seemed to have recalled su MU's existence. do you have anything to add? ”

su mu had been waiting for him to say that. he pursed his lower lip and said in a low voice, ” “It doesn't say how ye Jie will split the shares if we divorce.”

“divorce?” ye xiangnan frowned at her and said firmly, ” I've never thought of divorce. Su mu, you'd better not have such a thought.

...

lawyer chen felt that the lack of oxygen wasn't right and coughed lightly.

She wanted to be too rough with him. Although they were not married because of love, at least they were respectful to each other. No wonder he wanted a divorce.

Ye xiangnan glanced at lawyer Chen and said, ” I see.

Lawyer Chen touched his nose. you guys have a good talk. I'll go out first.

Ye xiangnan sent him to the door, which showed his respect and love for this elder.

he turned around and looked at su mu. ” any other opinions? ”

su mu lowered his eyes and said in a low voice after a while, ” “i think i should still add that one.”

ye xiangnan smiled coldly. he sat down opposite her and looked at her in an unfriendly way. ” then you don't have to get married. ”

“Su mu, do you think it's meaningful to write that?” he asked again after a pause.

Ye Jie would never be with her. Whether they got married or divorced, ye Jie's surname was already ye.

His underlying meaning made su MU's expression change. She didn't speak for a long time.

Ye xiangnan stared at her for a while and said slowly, " " sign it. it'll only benefit you. there are some things you can't even dream of. "

Su mu pursed his lips and looked at him. ye Jie is the most important person to me.

Ye xiangnan sneered with a hint of mockery.

She understood what he meant. For an ordinary person like her, he would not consider small feelings.

She couldn't change anything and could only sign it.

Su mu lowered his head and signed his name without hesitation.

Ye xiangnan stared at her for a while, not sure if he had seen any tears in her eyes. If so, why was she crying?

wasn't it good to fly to the top of the tree? wasn't it good to live a life of luxury?

"I want to work. Please don't stop me, Mr. Ye," su mu said in a low voice.

It was obvious that ye xiangnan was not happy. He didn't have so much time to pester her, but in the end, he gave in. as long as it doesn't affect ye Jie, it's up to you. Also, you're not allowed to work overtime.

Because the child needed someone to accompany him. There was an Auntie at home during the day and she would be at school after school, but she had to take care of her son at night.

su mu nodded. " thank you, mr. ye. "

“No need to thank me. I didn’t do anything for you.” Ye xiangnan said coldly.

After he said that, he seemed to have something to say, but after thinking for a long time, he seemed to have nothing to say to her, so he tidied up the documents and stared at her for a few seconds.

Su mu knew that he was asking her to leave, so he stood up and said, ” “Goodbye, Mr. Ye.”

are you going to keep calling me Mr. Ye? we’re getting married soon. Ye xiangnan suddenly said.

su mu was stunned. she had never thought of changing it.

Chapter 4879: We won’t divorce 3

They were still strangers.

“call me by my name in the future! Don’t call me Mr. Ye in front of others, it’s very rude.” Ye xiangnan requested directly. As for how she should address him, it was ye xiangnan.

he didn’t want her to call him miss nan either.

they weren’t that close.

Su mu nodded his head.

she thought that she would avoid addressing him as such in the future.

...

when she left, ye xiangnan sat directly behind the desk. the second secretary sent her downstairs. the second secretary was quite good at dealing with things. even if this miss su was not president

ye's favorite, she had a trump card and a son. it was an immediate matter for her to become mrs. ye. since she was the main character, she still had to be properly fawned over.

The second Secretary had always been as polite as a spring breeze. She was also beautiful and not flirtatious. Even a plain person like su mu had a good impression of her.

The second Secretary walked her to the first floor and only returned to the front desk when she saw su mu get in the car.

when the receptionist saw her, she immediately asked mysteriously, " "secretary xiao, is there any news?"

Secretary Xiao smiled. he's not much different from the rumors, but he's not as bad as we thought. At least he's a good person. And I think Mr. Chen means that President ye won't get a divorce, so you guys should know that you shouldn't pick sides randomly. You should know who's going to be the head of Starlight in the future, right? that little Qianqian will probably inherit the family business in a decade or so. We haven't retired yet, right? "

The lady at the front desk immediately understood.

a mother's status rose with her son.

After Secretary Xiao finished speaking, he went upstairs in satisfaction.

su mu drove back to the villa and took ye xi to the shopping mall to play for the whole afternoon. she didn't want to spend ye xiangnan's money, but ye xi had to add something. in the end, she bought clothes and toys for ye xi, but she didn't buy anything herself.

After sending ye Jie back to the villa, she went back to her previous apartment and cleaned up her things. She put what she could bring in the car and brought it to the villa. She disposed of the things that she didn't need and checked out of the apartment.

It was already seven o'clock in the evening when she returned to the villa. When the car stopped, she was surprised to find that ye xiangnan had returned.

His Bentley was parked in the parking lot.

su mu bit his lower lip, got out of the car, and pulled out a large suitcase from the trunk.

as soon as he entered the hall, he saw aunt wang and aunt chen's disdainful faces. aunt wang even had a gloating expression on her face.

sure enough, ye xiangnan reproached ye cha coldly while accompanying her, " "Why did you bring these things? didn't I give you money to buy them?"

He couldn't say that he was picking on her, but they had different thoughts.

Su mu went upstairs with his luggage. He said in a low voice, " "these can be used, so why throw them away? i'm used to my previous life, and i don't want to change it all of a sudden. "

ye xiangnan was slightly blocked by her, and he was displeased. he snorted, " "It sounds like he has quite the character."

su mu bit his lower lip. he ignored him and went upstairs.

she had a good habit of keeping things. she only went downstairs after she was done packing. they had already had dinner at home. aunt wang and aunt chen had cleaned up the remaining dishes, not leaving a single fish bone for her.

Of course, ye Jie didn't know anything. She was happy with ye xiangnan.

su mu was well aware of her position here. she was too embarrassed to ask someone else's auntie to cook for her, so she went to the kitchen and cooked a bowl of noodles.

Chapter 4880: we won't divorce iv

it was a very simple dish of vegetable shredded meat noodles. the vegetables were dark green, and the shredded meat was very fine. it was very fragrant after a few drops of sesame oil were dripped on it.

When she brought it out, ye xiangnan couldn't help but glance at her, and then he looked away as if nothing had happened.

Su mu finished his meal quietly as if he was still in her own small apartment. The two aunties didn't exist to her, and neither did ye xiangnan.

after she finished eating, she cleaned it up.

Xiangnan was a little tired after playing for the whole day, so she immediately went over and hugged her leg."Mom, I want to sleep."

su mu carried his little body. "mommy will give you a bath, okay?"

...

as she spoke, she gently picked up ye xun, nodded at ye xiangnan, and went upstairs.

Aunt Wang and aunt Chen, who had been there the whole time, said in a low voice, "miss su, you're so strong,"

yeah, she carried the young master so effortlessly. The luggage just now wasn't light either. Her arm strength is amazing.

ye xiangnan frowned and glanced at them, but they didn't say anything.

"In the future, you guys will be in charge of ye Xi's trivial matters." in ye xiangnan's heart, mrs. ye needed to cultivate her temperament. as aunt wang and aunt chen had said, su mu was very strong!

She had great strength, but it was definitely not an advantage for a lady from a rich family.

after ye xiangnan finished speaking, aunt wang explained, " miss su said that she took care of ye jie when she was at home. she refused to let us dote on ye jie a little more before. it was as if she was afraid that someone would take her son away. "

aunt chen tugged at her sleeve, signaling for her to stop.

this aunty wang was just muddleheaded.

Aunt Wang didn't say anything.

Ye xiangnan went upstairs and went straight to the children's room. However, when he heard ye Jie's happy laughter at the door, he did not go in.

Ye Cha's laughter was very relaxed. It was obvious that he was very happy being with su mu, happier than ever.

Perhaps, ye Jie's happiness could not be bought with money. He really did need his mother.

This was also the reason why he had to marry su mu. He couldn't allow his son to be without a mother and have a psychological defect.

ye xiangnan left and went straight to the master bedroom. he took a shower. he had planned to go to the study, but he changed his mind. he went straight to bed in his bathrobe and read a magazine.

The lights in the bedroom were switched off, leaving only a reading light on at the head of the bed.

Su mu saw such a scene when he came back from next door. He was stunned for a moment, not understanding what ye xiangnan meant.

Of course, she still stood at the door and did not go in. I'll sleep with ye Jie.

"come here." ye xiangnan's voice was calm, but it sounded a little strong.

su mu's face was pale and his voice trembled. " "Mr. Ye."

“Just call me Ye Xiang Nan, or Yingluo will be very strange.” He retracted his gaze and looked at the magazine. go take a shower. I have a meeting to attend tomorrow. Don’t stay up too late.

Su mu didn’t move.

“Do you understand what I mean?” he looked up.

Of course she understood.

however, she was not too willing to do so.

ye xiangnan smiled. ” do you want me to come over? ”

su mu took a step back as if he was scared. then, he rushed into the changing room like a rabbit.

She clutched a nightgown in fear.

she wasn’t ready to live with him, but ye xiangnan’s intention was obvious.

she didn’t know why he liked her, but she knew that she wasn’t pretty. he could have many women.
