Chapter 4881: Quarrel at the head of the bed, reconciliation at the end of the bed (1)

Ye xiangnan was probably unhappy with her dragging him out. He got out of bed and walked over to the door. He crossed his arms and looked at her quietly. "Su mu, you're not a little girl anymore."

Of course, su mu knew that. She just wasn't ready.

She held her pajamas in her hand and only looked up after a long time.

Ye xiangnan looked at her.

"I'm going to take a shower," su mu said softly.

He looked at her again and went back to the bedroom.

...

this time, ye xiangnan didn't read the magazine. instead, he skimmed through the work of the next day. about ten minutes later, su mu came out of the bathroom.

She wasn't wearing any slippers and was only wearing a cotton nightgown. She walked slowly towards him.

ye xiangnan put down his phone and looked at her quietly.

su mu bit his lip so hard that it almost bled.

she carefully sat on the edge of the bed, hesitated for a moment, and reached out to turn off the bedside lamp.

Ye xiangnan didn't object, nor did he speak.

He didn't like to talk to her, especially at a time like this.

.....

In the morning, it was already eight o'clock when su mu woke up. The curtains of the floor-to-ceiling windows were pulled open for some reason, and the sun shone in, a little glaring.

She sat up, grabbed her messy hair, and wanted to see ye Jie.

at this moment, the door of the changing room opened, and ye xiangnan came out. seeing that she was awake, he looked at her.

su mu was not used to his slightly burning gaze. they were actually still strangers, and she had no idea why he suddenly became so teary-eyed.

su mu lowered his head to see if there was anything wrong with himself. at this moment, ye xiangnan had already said in a low voice, " ye Hui called just now and asked you to try on the wedding dress at three in the afternoon.

Their wedding was arranged by ye Hui. All the matters were also handled by ye Hui. Ye xiangnan only told her about it. However, this also showed that ye Hui also knew that she was staying at his place and that they were living together.

su mu's head drooped with an indescribable feeling.

Ye xiangnan could probably guess what she was thinking. we're getting married soon, so we're just missing a procedure. Besides, we already have a child. Isn't this normal?"

Su MU's face was flushed. He bit his lip and didn't say anything.

Ye xiangnan didn't say anything else. He just glanced at her and left.

su mu let out a long breath. he didn't get up immediately, but leaned against the bed in a daze.

her face was a little hot, and then she felt her heart palpitate.

she didn't dare to think too much and soon got up. ye jie happened to wake up as well.

the little guy put on his clothes and asked, "Mom, can we have breakfast together now?"

Su mu smiled. of course.

although she didn't want to face ye xiangnan, especially today, she couldn't take away ye jie's happiness.

su mu brought the little guy to brush his teeth and wash his face before he brought him downstairs.

Ye xiangnan didn't seem to be in a hurry to leave today. He was sitting at the table and reading the morning paper. He had already finished his breakfast.

Hearing the footsteps, he looked up at su mu, as if he was waiting for her.

Su mu arranged for ye Xi to sit down. Of course, ye Xi's breakfast was very sumptuous, which was carefully prepared by aunt Wang.

su mu was not interested in milk and bread at all. she went to the kitchen to cook a bowl of millet porridge for herself. because she used a pressure cooker, it was done in a few minutes.

in the dining room, aunt wang said unhappily, "miss su seems to have a lot of opinions about me, sir. She doesn't even eat the breakfast I make."

what shocked aunty wang even more was that sir and su mu had slept together last night.

Chapter 4882: Quarreling at the head of the bed, and ending at the end of the bed (2)

This, this Zhenzhen, she thought that Sir didn't like Miss Su very much, the kind that would sleep in separate beds after marriage, and now they were sharing a room even before they were married.

this was unexpected.

Aunt Wang was feeling quite uncomfortable, so she found the time to mock Su Mu.

Ye Xiangnan didn't like Su Mu, but he also didn't like his future wife to be regarded as a stranger by a servant, so he said unhappily, "Next time, we'll add a lunch for breakfast. Aunt Wang, you should ask for Zhen'en's opinion on Miss Su."

Aunt Wang's eyes darkened. This was biased.

How could she endure this?

...

Aunt Wang still wanted to say something, but the sensible Aunt Chen pulled her and hinted for her to stop.

As a servant, he would do whatever his master said. What opinions could he have?

Unless you don't want to work anymore!

She had already said it several times. No matter what, Miss Su was still the host. Besides, it seemed like Sir didn't hate her that much. If he really hated her, why would he sleep with her?

If a husband and wife did not have separate rooms, their relationship would not be too bad. Aunt Wang was also experienced, so she really could not tell.

At this moment, Su Mu came over, completely unaware of the displeasure he had caused.

She simply didn't want to eat a Western breakfast, but she didn't want other people's servants to serve her, so she made her own breakfast. Besides, ye xiangnan didn't like her, so he didn't think it was hard on her.

she ate quietly with the spoon without making a single sound.

ye xiangnan looked at her quietly for a while before saying, "I want ye Jie to go to kindergarten in a month. He is old enough to study."

four years old, long past the age of enlightenment.

"why didn't you go up earlier?" he thought of something.

su mu pursed his lips and said softly, "I don't have any conditions for now. I want to wait until he's six years old."

six years old?

ye xiangnan glared at her and didn't say anything.

su mu felt that he didn't like her again.

"were you planning not to bring ye jie back to the ye family for the rest of your life?" he asked after a long time.

su mu had no way to answer this question.

ye xiangnan said in a cold voice, "su mu, you can't be too selfish. if i get married and have children, what will happen to ye jie? will he be an illegitimate child for the rest of his life? "

no matter how good-tempered su mu was, he couldn't help but argue with him."was i willing? Ye xiangnan, who's the selfish one? if you had taken the contraceptive measures back then, I wouldn't have gotten pregnant, ye Jie wouldn't have existed, and what happened after that wouldn't have happened, and I wouldn't have been suspected of being a scheming woman."

She had probably been suppressing it for a long time, so when she said it, her tone was agitated and not very good.

the atmosphere was very confusing.

The two aunties had forgotten su MU's identity at this time. They felt that it would be very exciting if the master and the mistress were to tear each other apart. They wanted to watch the fun, but they didn't forget their identity and hugged ye Jie to avoid them.

Adults should quarrel as much as they want.

sure enough, after the others left, ye xiangnan frowned. are you a child? can't you take your own medicine after the deed? ”

“I didn't know anything at that time,” su mu said coldly.

ye xiangnan was very displeased, but he felt that su mu was throwing a tantrum like a child. he didn't know where her temper came from, so he snorted, ” you were about 19 or 20 that year. You're considered a child. Why would a child go to such a place? ”

su mu glared at him, his lips trembling. he didn't say anything for a long time.

Chapter 4883: A quarrel at the head of the bed, and a reconciliation at the end of the bed (3)

Ye xiangnan felt that he had nothing to say to her. He wiped his lower lip, looked up at ye Jie on the stairs of the second floor, and said in a low voice, ” “It's common for adults to quarrel.”

Ye Jie said, ” Oh, just like children fighting, dad.

Ye xiangnan frowned, and then smiled,”probably.”

Ye Jie replied with an “Oh,” but her eyes were still on his face.

After a while, he asked in a childish voice, ” “daddy, will you give in to mommy?”

Ye xiangnan didn't expect his son to say this. He thought for a while before saying, ” “we'll see!”

...

Ye Cha might be a little disappointed by this answer, and she muttered to herself, ” “If it were me, I'd give in to girls.”

ye xiangnan found it funny and waved at ye cha.

Ye Jie immediately ran down. She was a child after all, so she immediately threw herself into ye xiangnan's arms.

Ye xiangnan looked at the face that was so similar to his, and his heart softened. when you grow up, you'll find that you're not like this.

“Dad, what's that like?” ye Xun was confused.

“You'll know when you grow up.” ye xiangnan touched his head again, refusing to answer the question.

ye cha gave him a strange look and then stopped talking.

it was time for ye xiangnan to go to the company. he hugged his son again before going to the parking lot to open the door and get in.

However, he did not start the car immediately. He thought back to last night.

Sleeping in the same room, to this morning's quarrel, and comforting ye Jie Jie and Jie Jie, it was really like the life of an old couple, without a single wave.

ye xiangnan laughed at himself and drove away.

In the villa, it became quieter after the master left. The relationship between the remaining people was not that good. Su mu washed his and ye Xi's clothes and hung them.

When aunt Chen saw it, she said that she could wash it herself. Aunt Wang pulled her over and whispered, "if she wants to do it, we'll be happy to do it. Why are you so silly? it's not that we don't want to do it. It's her own idea.

Aunt Chen glanced at her, looking like she was at a loss for words.

Aunt Wang smiled nonchalantly and went to do her own things.

Aunt Chen sighed. She had no choice.

Su mu had not found a job yet, so he had a lot of time to accompany ye Xi. At noon, she even made a dessert for ye Xi, which made ye Xi quite happy.

at noon, she took an afternoon nap with ye jie. ye jie had a good sleep, but su mu couldn't fall asleep. as soon as he closed his eyes, he would remember what happened last night.

After being tortured like this for a long time, she got up and went to the bathroom to wash her face with cold water. She looked at herself in the mirror and was in a daze.

she was still very afraid of him. she was still very afraid of such things.

she didn't even know if he would sleep in the master bedroom tonight. if that was the case, what was she going to do?

At this moment, su mu suddenly realized that he didn't seem to have any Kasaya.

The blood drained from her face. Looking at the time, it was only one o'clock. She went downstairs and said to aunt Chen, "I'm going out to buy something.

aunt chen agreed.

Su mu drove away.

Seeing her leave, aunty Wang snorted. “she’s running out at an astronomical price. i don’t know what took her soul away.”

“you should accumulate some virtue with your mouth!” Aunt Chen couldn’t take it anymore. besides, you said that even Sir couldn’t take her soul away. Who else could? ”

” that’s true, ” aunt wang muttered. ” sir is rich and good-looking. ”

Aunt Chen only smiled and said nothing else.

Chapter 4884: Quarreling at the head of the bed, and ending at the end of the bed (4)

” that’s true, ” aunt wang muttered. ” sir is rich and good-looking. ”

Su mu went to the pharmacy to buy morning-after pills and a bottle of long-term contraceptive pills.

She didn’t want ye xiangnan to know, because he said he wanted a child, but she didn’t.

She didn’t want to discuss this topic with him, so she bought it.

When she went back, she followed the instructions and took the morning-after pill. She placed her usual pills on the side of the bed where she slept.

At 2:30 am, she woke ye Jie up to take him to try on the dress. As she helped ye Jie put on the dress, she said, ” “You have to be polite when you see Auntie later, okay?”

...

she reached out and pinched ye jie's little nose. " "You have to call me aunt."

ye cha grunted in agreement and nodded hard.

looking at the little face, su mu felt comforted and kissed him. " "okay, mom will take you there."

She took ye Jie's hand and went downstairs. After saying a few words to aunt Chen, she drove away.

aunt chen said to aunt wang, " look, miss su is very polite. don't always target her in the future. it's not easy for a woman to raise a child alone. i heard that she's only 24 years old. think about it, many girls don't want their children even if they have one by accident. it's very good to be able to give birth to a child and raise it so well like miss su! "

aunty wang's tone was a little strange. " why are you always speaking up for her? can't she just have some self-respect? she won't have a child then. "

she had seen morning-after pills in the kitchen's trash can.

Ha, Vixen, you've only been here for two days and you're already sleeping with Sir. You really don't know what shame is.

of course, su mu didn't know what aunt wang said about her behind her back. she drove to the wedding dress shop and night hui ren was already there.

Su mu brought ye Xi over. As soon as ye Xi saw ye Hui, she called her 'aunt' very sweetly. Ye Hui liked this little fellow so much that she hugged and kissed him. Then, she stuck her head out and asked, " where's my brother? "

She had thought that ye xiangnan had come with her. After all, she had to try on the gown.

su mu was a little embarrassed. she didn't know that ye hui had called ye xiangnan. after thinking for a while, she smiled."If he's busy, it's the same for the heavenly examination another day."

ye hui snorted. ” we’ll only know the effect after we try it together. busy, busy, busy. you only know how to be busy all day. ”

Nevertheless, she was still very easy-going to su mu, and she was even better to ye Xi. Su mu also liked ye Hui very much.

It was just that su mu was a man of few words by nature. Besides, there was a big difference between her and ye Hui’s family background. She was afraid that it would be dislikable if she were too warm, so she still kept a distance from her.

ye hui didn’t care too much. she liked su mu’s character. he was good at not fighting for anything. however, no matter how good he was, it was useless. her brother didn’t like him.

she had heard that he had started to have a lot of affairs outside, and he didn’t seem to want to restrain himself even after marriage.

Ye Hui thought about it and su mu felt a little more sympathy for her. The road ahead would not be easy.

when they arrived at the changing room, ye xun smiled. sister-in-law, go change your clothes with the stylist. I’ll take ye Jie to change.

” alright. ” su mu nodded. ” thank you. ”

Ye Hui felt that she was being too polite. In fact, this kind of politeness was directed at her brother. To put it bluntly, su mu didn’t treat ye xiangnan as his husband. The two of them just wanted to get married.

Ye Hui still admired a girl who was not bewitched by her brother.

However, she did not dare to say it out loud.

This was how rich families were. A marriage without love was like this. Everyone understood it, but they would not say it out loud.

they had to give each other some face. he just didn't know if su mu understood.

Chapter 4885: She was discovered taking birth control pills (1)

Ye Hui had prepared a wedding dress for su mu. All three dresses were designed by famous designers in Milan.

Su mu had changed into a rice-colored wedding dress, which was very gentle. The designer praised, " " mrs. ye's temperament is very good. this wedding dress is very suitable. miss ye's taste is really good. "

He complimented two people in one sentence.

Sitting in front of the mirror, su mu smiled but didn't speak.

the makeup artist carefully styled her and then put on the veil.

"it's really beautiful." "miss su's figure is especially good. she's very thin and has a rare good bone shape," the stylist praised.

...

as for her face, although her facial features could only be said to be delicate, when combined together, they made people feel very comfortable. after putting on makeup, there was a lot of color added, and her overall appearance was quite stunning.

Even ye Hui couldn't help but say,"This is too good!"

"Mommy, you're so pretty." Ye Jie came over and pounced on her legs.

su mu was about to say something when he frowned and his whole face was twisted.

Ye Hui was frightened and reached out to support her, ” “Is sister-in-law’s waist too tight? it’s not comfortable?”

The stylist quickly said, ” it’s not tight. Mrs. Ye’s waist is less than 60 cm. It’s not tight at all.

Ye Hui became even more nervous. did he eat something bad? it looks like his stomach is hurting.

Su mu bit his lips. She had probably guessed that it was because of the morning after pill. She wanted to bear with it for a while. After all, she didn’t want others to know about this, let alone ye xiangnan.

They were stunned.

however, the more he tried to endure, the more he couldn’t believe it. it was so painful that sweat started to roll down his forehead.

Ye Jie was so frightened that she cried. mom, what’s wrong? ”

ye hui was also nervous. however, she was an adult after all. she immediately asked su mu if he could still change his clothes. su mu nodded.

she didn’t want to wear this to the hospital either. it was too scary.

After changing her clothes, she let her hair down without removing her makeup and went to the hospital.

In the car, ye Hui made a call to ye xiangnan, ” ” brother, sister-in-law suddenly doesn’t feel well. we’re going to the hospital now, so you should come over immediately. ”

on the other side, ye xiangnan was in a meeting. he was quite unhappy to answer the call, but he still said in a low voice, ” “I’ll come after the meeting.”

With that, he hung up the phone.

ye hui was speechless. she turned to su mu and said, " sister-in-law, my brother will be here in a while. "

in fact, su mu didn't really care if he came or not. she just wanted to go to the hospital.

when they arrived at the hospital, the doctor confirmed it after asking a few questions. it was a drug allergy!

He needed to pump his stomach.

Su MU's face was pale. Ye Xi was so scared that she wanted to cry. Even ye Hui's legs were shaking.

fortunately, wen yuan and ye mubai rushed over very quickly. ye hui's heart was finally at ease. " dad, mom. "

wen yuan and ye mubai valued their grandson, ye jie, very much. they also valued su mu. besides giving birth to ye jie, ye jie was brought up very well. she was smart and polite, and her appearance was a copy of xiang nan's.

Ye mu Bai carried ye Xun while Wen Yuan asked su mu about his condition.

Ye Hui was still a little confused. the doctor said that she needs to have her stomach pumped. Mom, I heard that it's especially painful.

wen yuan patted her and said, " i have already asked your father to find the best doctor. don't worry, ye hui. "

how could ye hui be completely at ease? she poked her head in,"i don't know when brother will come."

she was about to get married, and she couldn't stay in the hospital at this time without showing her face.

Chapter 4886: She was discovered taking birth control pills (2)

wen yuan was not concerned about his son. the most important thing now was to figure out su mu's condition. was a gastric lavage enough to cure him?

Because she was a woman, she still pulled ye Hui to the side and asked her in detail. Ye Hui was a little girl, so when she heard her mother's question, she mumbled.

Wen Yuan was a little stunned!

her son's actions were a little too fast. she didn't expect that they would be living together so soon. besides, didn't nan dislike su mu? why did she feel surprised and happy?

When husband and wife were together, if their feelings were weak, they could be nurtured. What they were most afraid of was that their son would ignore them.

But now, they were living together. How could Nan let su mu take morning-after pills?

...

wen yuan looked at ye hui. ye hui said very slowly, "i don't know, you'll have to ask brother."

wen yuan sighed. "we'll talk about it later. now, go and see your sister-in-law. she's getting married soon. she can't have any problems with her body."

they went together. su mu had already been pushed into the operating room. the doctor only said a few words to wen yuan before going in. wen yuan and ye hui were waiting outside.

about half an hour later, su mu was wheeled out. he was very weak, but fortunately, he was fine.

the female doctor said quite seriously, "it's best if the patient doesn't take medicine in the future. she's allergic to this kind of medicine. it's best to tell mr. ye and let him take care of it."

Ye Hui was a little embarrassed by his words. Even Wen Yuan blushed and didn't know where to put it. However, in front of su mu, they had to pretend to be calm. Otherwise, su mu would probably be embarrassed.

Su mu had to stay in the hospital for a day and would be discharged tomorrow.

She woke up after an hour's rest. Wen Yuan was by her side, and she could not help but feel comforted.

ye xiangnan came over after the meeting, and he didn't come alone. he brought lin lu, the manager of the public relations department, who was recognized as a very beautiful woman in starlight.

Lin Lu followed him into the ward. She only greeted the ye family and didn't say anything to su mu. Su mu didn't care.

but ye hui cared. lin lu was the one who had a scandal with her brother in the company. she heard that lin lu was always with her when she went on business trips recently. she was simply acting like an underground wife.

Ye Hui was quite angry. Why did he bring such a woman to see su mu?

ye hui also had a child's temper, and lin lu was an employee of starlight. therefore, she asked her to buy a bowl of porridge and said that su mu wanted to eat it tonight.

lin lu had been in the workplace for several years. she had been able to get to president ye's side. naturally, she would not offend ye hui over such a small matter. besides, the two elders of the ye family were still watching from the side.

Lin Lu nodded politely. i'll go immediately."

Her attitude was so good that no one could find any fault with it. Ye Hui was quite angry. Wen Yuan glanced at her and then smiled gently at Lin Lu, "I'll have to trouble you then, manager Lin."

The two words 'manager Lin' clearly explained their relationship.

manager lin would always be an employee of starlight entertainment. even if there was something going on between him and ye xiangnan, he would still be manager lin and nothing else.

there was only one seat for mrs. ye.

This could be considered Wen Yuan's attitude. After all, as a mother and a grandmother, she did not like women outside.

lin lu had an ambiguous relationship with the man she was about to get married to. he wasn't a good person either, which showed her ambition even more.

A woman like Lin Lu would not be willing to be a mistress for the rest of her life. This was what Wen Yuan was worried about.

Chapter 4887: She was discovered taking birth control pills (3)

Su MU's personality was simple. She knew at a glance that he was no match for Lin Lu.

After Lin Lu left, ye xiangnan frowned. I have a business meeting to attend later. Why did you send Lin Lu away? ”

Wen Yuan looked at his son and said, ” “is the meeting more important or is the wife more important? su mu is already like this, you have to accompany him no matter what.”

” there are doctors and nurses here, ” ye xiangnan said. ” besides, aren't we doing a stomach pumping? ”

He only knew that he had eaten something bad, but he didn't know what was wrong with him. When he took the medical record and read it, his face suddenly sank.

The atmosphere was also quite confusing.

...

especially wen yuan and ye hui, who knew about it. they coughed lightly, ” “you guys talk.”

Before Wen Yuan left, he gave his son a look.

ye xiangnan didn't say anything. he turned around and closed the door. then he turned around and looked at su mu.

“Aren't you going to explain?” he asked coldly.

“Explain what?” su mu lowered his eyes.

are you happy to explain the consequences of taking the medicine on your own accord and make everyone revolve around you? ” Ye xiangnan was a little irritated.

she didn't want children, so she took the medicine immediately.

Su mu was still in pain. She leaned against the headboard and didn't have the heart to argue.

she felt that it was ridiculous. she was not a fool. the relationship between him and that manager lin just now was not ordinary. not only did he bring her here, but he also accused her of taking medicine.

Was she going to have another child in such a marriage?

She didn't say anything, which made ye xiangnan even more unhappy. He sat on the sofa and looked at her. “don't eat so casually in the future.”

Su mu bit his lower lip and looked up at him.”Do you want to do a vasectomy or do I do it?”

Ye xiangnan thought he had heard her wrong and looked at her with a frown.

Su mu thought for a while and then said, I'd better vasectomy.

ye xiangnan wanted to strangle this woman to death. she had thought of vasectomy once she was allergic to medicine!

he said in a cold voice, "no need!"

As for why he did not need to do so, he did not make it clear. Su mu did not know whether he meant that they would not be living together in the future or that he would be the one to take care of her. However, she did not ask.

she didn't have the strength to deal with him now, and she felt even more embarrassed.

She lay there quietly and closed her eyes.

just then, lin lu came back and put a bowl of porridge on the table in the small dining room. she smiled and said, "president ye, it's almost time for the business meeting. can you please take a look?"

ye xiangnan didn't mind that she had subtly abandoned su mu. he looked at su mu and said, "I'm going to a meeting. I'll get the driver to pick you up from the hospital tomorrow morning."

Lin Lu was still smiling. When su mu opened his eyes, he saw Lin Lu's smile.

Women understood women. Su mu was not stupid. He sensed Lin Lu's vague hostility.

she bit her lip and didn't say anything. she just lowered her head and hummed.

ye xiangnan frowned. he wanted to say something, but he left in the end.

at the door, ye jie called out to her father. ye xiangnan hugged him and thought for a while. "Stay with mom in the hospital today."

Ye Jie nodded obediently. Ye xiangnan kissed her again and then returned ye Jie to Wen Yuan.

wen yuan looked at him with a complicated expression, but ye xiangnan did not care.

He and su mu had no feelings for each other, and it was not a particularly serious matter. He felt that there was no need to stay by the hospital bed. Besides, she was going to be discharged tomorrow.

ye xiangnan left with lin lu for a meeting.

Chapter 4888: She was discovered taking birth control pills (4)

After ye xiangnan finished his meeting and went back to the villa, he realized that the house was empty. He then remembered that su mu was in the hospital.

It was already 12 o'clock at night. He naturally wouldn't call a patient's phone, so he looked for ye Hui.

Ye Hui picked up the phone and her voice had a sheep's tone, "brother."

are you in the hospital? " ye xiangnan asked in a calm voice.

ye hui's voice was a little confused. " no, i'm already home. oh right, brother ye jie is at my place. eldest sister-in-law said that ye jie's lungs are not very good and it's easy for her to get an allergic reaction in the hospital, so i brought her home. mom will take care of her tonight. "

ye xiangnan rubbed his eyebrows and said, you mean su mu is alone?

...

ye hui nodded her head. " eldest sister-in-law said that she's fine. she insisted that we come back. "

"I know. you can sleep." ye xiangnan wanted to light a cigarette. he was a little annoyed, but he didn't know why.

later on, he thought that su mu didn't have any serious illness and just had a gastric lavage. it was nothing for him to stay in the hospital for a night.

after thinking about it, he calmed down. he reached out to open the drawer to take out a lighter, but he saw a medicine bottle.

He had never seen it before, so he knew what it was.

he took it with his long hand, looked at it for a while, and accurately threw it into the trash can. he was no longer in the mood to smoke, but went downstairs to have some supper.

he was drunk tonight, and lin lu drove him home. he knew what lin lu was thinking, but he wasn't in the mood to take her home.

When he went downstairs, aunt Chen was still awake. The old lady was secretly watching TV.

seeing ye xiangnan coming downstairs, she was shocked and patted her chest. "Sir, why aren't you sleeping at this hour?"

ye xiangnan walked over slowly and sat down. "i can't sleep. go make me a bowl of noodles, aunt chen."

"sir, you didn't like to eat noodles in the past," aunt chen said, feeling strange.

she suddenly remembered that the last time miss su cooked a bowl of noodles, it was quite fragrant, but she didn't dare to do it. however, she was curious. "Why is miss su not back yet?"

"She's in the hospital." ye xiangnan heaved a sigh of relief. "he'll be back tomorrow morning. i've asked the driver to pick him up."

miss su is going to be left alone in the hospital? "aunt Chen replied instinctively. she'll be lonely.

Ye xiangnan looked at aunt Chen and felt that she was talking too much.

Aunt Chen didn't dare to say anything more and immediately went to the kitchen.

in less than ten minutes, a bowl of fragrant noodles was served and a glass of milk was poured. ye xiangnan took a few bites and felt that it was not as fragrant as the noodles su mu made the other day. however, he could not say anything in the face of the old man's eager eyes, so he finished the noodles quietly.

aunt chen was satisfied. " people change. sir, you didn't like to eat noodles in the past, but now you're still very good. "

"aunt chen," ye xiangnan frowned,"why do i feel like there's some other meaning to what you just said?"

"no, no, absolutely not." Aunt Chen waved her hand. I'm just saying. I don't mean anything else. I'm definitely not talking about you and miss su. I'm going to sleep."

Humph! ye xiangnan snorted coldly. you're so good at talking. Why don't you say more? "

aunt chen didn't dare to stay, so she waved her hand and went back to her room.

ye xiangnan thought about it carefully and felt that it was the opposite. su mu had only been here for two days, and his sister, mother, and aunt chen had spoken up for her. what good points did she have?

If you can't find any good points, is that considered a good point?

Chapter 4889: She was discovered taking birth control pills (5)

In the end, he didn't even finish the bowl of noodles.

ye xiangnan went back to the bedroom. he wanted to sleep but couldn't, as he felt something was missing beside his pillow.

it had only been one night, and she urged him to sit up and smoke.

His gaze was fixed on the medicine bottle.

it was a little fierce.

it was about two o'clock in the morning, but he was still awake. he got up, put on his clothes, and drove to the hospital.

...

He wanted to see what that woman had done to him.

The car was parked in the hospital's parking lot. Ye xiangnan smoked two more cigarettes before he got in.

The ward was quiet, without a sound.

Ye xiangnan pushed the door open and walked in.

It was still quiet. Su mu had fallen asleep. Besides the faint smell of disinfectant, there was also a faint feminine fragrance in the air.

Ye xiangnan closed the door, but he didn't go over. He just stood at the door quietly for a while.

Su mu didn't wake up. She was too weak. Of course, she didn't know that she missed him.

After about ten minutes, ye xiangnan left.

when he walked out, he bumped into a nurse. he glanced at the nurse coldly.”don’t tell miss su that i was here.”

The nurse was stunned for a moment. She knew about the relationship between su mu and Mr. Ye. Weren’t they going to get married? why did he still call her miss su? it was too distant. Moreover, miss su was not feeling well at night and she was all alone. It was so pitiful.

The nurse thought that it was better to have a marriage of equal social status.

She watched ye xiangnan leave, then looked away and snorted, ” “How cruel.”

She pushed open the door of the ward and took su MU’s temperature carefully so as not to wake him up.

Fortunately, it didn’t go high.

At around nine O ‘clock in the evening, it was scary. Suddenly, her body temperature rose to 39 degrees. She should have informed the family, but Mrs. Ye insisted that she did not. It was miss su who refused to let her.

She thought that Mr. Ye wasn’t going to leave. Who knew that he would leave so soon?

these rich men were really nothing.

the nurse silently took his temperature and left the room.

Su mu woke up early the next morning and had a night nap. The little guy did not sleep well at night because he was always worried about his mother.

ye hui had brought him over early in the morning. su mu reached out his hand to stroke the little fellow’s little head and smiled.”Why didn’t you sleep a little longer?”

ye jie didn’t say anything and buried her little head into her mother’s arms, embarrassed.

Su mu hugged him. He knew that he was scared out of his wits, so he coaxed him with a gentle voice, ” “Mom’s fine. She just ate something bad.”

After coaxing her for a long time, ye Jie finally felt at ease.

The chauffeur came up to help carry the things. Actually, there wasn’t much to take, just some food.

Su mu was still a little weak. Ye Hui took the little guy and they went to the villa together.

in the car, ye hui called ye xiangnan, ” “Brother, are you still at home? Sister-in-law and I are back, and so is ye Jie.”

ye xiangnan said something, and ye jie was stunned. after a while, she muttered, ” ” brother, why did you go on a business trip? sister-in-law has just gotten better. yingluo, shouldn’t you be accompanying her and taking care of her? ”

Ye Hui still wanted to say something, but su mu pulled her sleeve lightly and made an expression.

Ye Hui hung up the phone and was a little disapproving, ” “Sister-in-law, I know you have a good personality, but if you don’t fight for it, some people will only go overboard.”

her brother had taken lin lu on a business trip for about three days. they were alone, and she didn’t know what was going to happen.

Ye Hui was quite angry. no, I must stop it.

Su mu smiled faintly. ye Hui, thank you. But I really don’t want it.

She turned her head to the window and said softly, ” your brother and I are only like this. We haven’t reached that stage yet.

Ye Hui was stunned, she only spoke after a long time, ” “But, sister-in-law, do you really, really not want to be happy with my brother? do you not want to grow old together?”

She was not only doing this for su mu, but also for her brother.

As a younger sister, she naturally hoped that her brother would be happy, but her sister-in-law did not seem to be prepared for this. In this marriage, her attitude was to go with the flow and let nature take its course. In other words, it was a suicidal female marriage.

...

Her brother did not care, but su mu was even more depressed.

for a moment, ye hui felt that she was the most serious person about this marriage.

ye hui had not been in love before and was a little shocked. she did not say anything for a long time.

It was only when they reached the villa that she cheered up. No matter what, they had already given birth to the child. The ye family would not divorce for fear of hurting the child.

she had wanted to spend more time with su mu, but she had to go back to attend to some matters at the last minute. she had to talk to wen yuan about this matter again. wen yuan fell silent after hearing her words.

Ye Hui was a little anxious. mom, you really don't care about brother Guan? he won't be happy in the future if he acts like this.

Wen Yuan looked at her for a long time before he said softly, ” “in fact, it'll be a disaster if su mu cares too much now. that's why he's upset. If your brother's wife's man goes out to spend money, he can't be controlled. Rather than suffering, it's better not to care. This way, it will last longer.”

Ye Hui was stunned, she didn't understand.

Wen Yuan said directly, " they don't love each other. Ye Hui, don't think that su mu will like your brother just because he is rich and handsome. Su mu probably likes him because he has a son, or maybe there are other reasons. I don't think this girl is vain. With your brother's attitude, she would be a fool if she were to fall for him.

He paused for a moment. ye Hui, let su mu handle it himself. After all, it's between him and his wife. If you interfere too much, su mu will find it difficult or even embarrassing.

after all, wen yuan was more rational as he had been through this.

she understood that xiang nan still couldn't let it go and rejected su yue.

However, since that was the case, it was also good to be cold for a while.

Ye Hui still could not quite understand what Wen Yuan was saying.

ye xiangnan was su mu's husband. how could she tolerate her husband being a playboy?

in fact, ye hui did not know. she could only endure it because she did not love him.

If he really loved her, he couldn't do it for even a moment.

on the other side, su mu was in the villa and was about to go upstairs when aunt wang said in a weird tone, " "You can come and go as you please in this house."

su mu stopped in his tracks. on the stairs, she was already feeling extremely uncomfortable. at this moment, she turned her head slowly and asked softly, " "Aunty Wang, what did you say?"

Aunty Wang's voice was still sour. I'm saying that some people don't treat this place as their home. They come and go as they please. I don't know what they're doing outside at night when they're not home.

aunt chen's expression did not look good. she pulled her. " alright, stop talking. "

However, aunt Wang felt that since master was not at home, he could do whatever he wanted. In this house, she and old Chen were more like the female masters than miss su. Thus, she did not know how to restrain herself and said a lot of unpleasant words.
