Chapter 4891: She was found taking birth control pills (7)

of course, su mu couldn't bear it, and she didn't want ye cha to hear this.

Ye Jie would not feel good if her mother was humiliated.

su mu had only moved in for a few days. of course, it would not be appropriate for him to fire aunt wang. she had heard from aunt chen that aunt wang was from the ye family's old house and had a lot of experience. that was probably why she was so arrogant.

su mu wasn't a person who could bear it. she felt that she had done everything she could.

she packed a few clothes and prepared to stay in a hotel for a few days, regardless of her weak body.

perhaps, he could rent another house when he had the time.

...

Ye Jie was a little frightened. She held her hand and said in a soft voice, "Mom, where are we going?"

"Let's go out and stay for a few days, okay?" Su mu knew that the child was panicking, but she really had no way to stay.

Ye Jie stared at her for a while and then nodded her head gently to show that she was obedient.

Su mu patted his little head and smiled. "Good girl."

she pulled a small suitcase and got into the car with ye jie.

the good thing about becoming mrs. ye was that she had a card and didn't have to suffer with ye jie.

Soon, su mu drove the car to the entrance of a four-star hotel. He got off the car with ye Cha to make the room.

she booked a room for a week and wanted to find a place to rent.

in the villa, aunt wang was a little confused. she did not expect su mu to have such a bad temper and leave just like that.

At the same time, she was a little flustered, afraid that su mu would tell on her to the elders of the ye family.

aunt chen said, " didn't i say so? don't be so mean. how are you going to explain it to sir if you're angry? and the old master, he really likes this great-grandson. he's the only child in the ye family now. if the marriage changes, you can't afford it. "

"i didn't ask her to leave. she left of her own accord," aunt wang insisted.

Aunt Chen shook her head. you still don't understand. No matter what, miss su is still the mistress of the house. What you said was too much.

although aunt wang was flustered, she was not that afraid. she still had the old master's support. sir was very obedient to the old master. in this family, the old master still had the final say.

She consoled herself.

After a long time, aunt Wang suddenly said, " no, I have to call the old master. No, I'll go personally.

Aunt Chen had a bad feeling and immediately said alertly, " "What do you want to do? don't, miss su will come back after she's appeased. you just need to control your mouth in the future, don't make a big deal out of it now."

However, aunt Wang did not listen and kept saying, " "If I don't tell her, she'll tell on me to Madam first. At that time, Madam will punish me first, and the old master won't know."

she still went.

When she arrived, ye zhenggang reprimanded her. However, he still gave her a chance to live as he was an old man. At the same time, he knew that su mu had run away.

ye zhenggang immediately called ye xiangnan. ” your wife has run away. i don’t know where she is. you can handle it. as for aunt wang, she can stay here for a few days and go back later. no matter what, aunt wang is an elder in the family. don’t make it too embarrassing. as for su mu, let her bear with it. ”

Ye xiangnan was in C city, in the middle of an important meeting.

he couldn’t ignore the old man’s call. once he answered, it would be such a terrible thing.

Chapter 4892: xiang nan at night, let’s cancel our engagement (1)

he frowned and put down the phone in his hand. then, he bowed slightly to the people in the meeting room.”I’ll go out and make a phone call.”

lin lu looked at him.

Ye xiangnan walked out directly.

after he left, he called su mu. although they were not close to each other, he still had a phone.

When the phone rang, su mu looked at it. He didn’t want to answer it, but in the end, he did.

“Is there something?” she asked coldly.

...

ye thought about nan mo for about ten seconds and said coldly, ” “Where are you?”

Without waiting for her reply, he continued, ” “Go back to the villa now and call the old man to tell him you’re back.”

His tone and words were rough and completely commanding. He did not ask about cause and effect. It was just an order, and she would execute it.

su mu was dazed for a moment and then said softly, ” “why?”

because aunt Wang is the old master’s woman. I have to give him face. Also, su mu, you’re not a child anymore. Yesterday, you took medicine and were hospitalized. Today, you left home with ye Jie. Is this how you take care of your child? can you be more rational? ” ye xiangnan pulled his tie and said in a bad tone.

su mu chuckled.

“Whose home is that? mine?” su mu gave a faint smile. ” i miss you so much. it’s not good for me to be hospitalized, but i don’t want ye xi to see her mother being humiliated every day. i think ye xi can understand me. ”

in the end, she said in a tough tone, ” I’m staying in a hotel. I’ll go rent a house in a few days.

ye xiangnan sneered with disdain. ” su mu, don’t forget that you’re not working now. how are you going to support ye jie? besides, we’re going to get married soon. do you want my son to live outside? ”

Su mu closed his eyes slightly. I still have some savings. Mr. Ye, we don’t have to get married. Ye Xi doesn’t have to live a life of luxury. If it’s that kind of life, we’d rather live like before.

it was hard, but he didn’t need to be looked down upon.

also, was she sure that she could tolerate a man who treated her like this without even asking qinghong?

i'm afraid not.

having said that, su mu hung up the phone directly for fear that she would turn off her phone if he called again.

Ye xiangnan looked at his phone when he heard the voice on the other end of the line. He realized that she had hung up the phone.

He gritted his teeth. No one had ever dared to hang up on him.

When she called again, her phone was turned off!

Ye xiangnan was so angry that he almost smashed his phone.

He heaved a long sigh of relief, then looked at the time and went to the meeting.

When the meeting ended, it was already noon. He called ye Hui and asked her to handle this matter.

ye hui found out very quickly and made a phone call, " "Sister-in-law brought ye Jie to a hotel. The environment is not bad. Don't worry, brother. I'll talk to her later."

She changed the topic. but aunty Wang is too much. I heard from aunty Chen that aunty Wang has a lot of opinions about sister-in-law. She seems to look down on her. Brother, do you want to ask the old man to let aunty Wang stay with him? anyway, the old man and his son like her very much, so it's not a big deal.

"you think i don't want to?" Ye xiangnan heaved a sigh of relief. the old man let her stay at my place.

Ye Hui mumbled softly, " you really listen to him. He's old and muddled.

"what did you just say?" ye xiangnan asked.

ye hui immediately shook her head: ” i don’t know. i don’t know anything. ”

Chapter 4893: Xiang Nan at night, let’s cancel our engagement (2)

After hanging up the phone, ye xiangnan felt a little upset. He was not happy with his family and business.

lin lu put a cup of coffee on his table and smiled gently. ” “president ye, have a cup of coffee to refresh yourself.”

“what time is the meeting in the afternoon?” ye xiangnan rubbed his eyebrows.

“three to six o ‘clock,” Lin Lu smiled. let’s go for a drink after the meeting. President ye doesn’t seem to be in a good mood.

ye xiangnan looked at her and didn’t say anything, but he didn’t refuse to have a drink.

he had no intention of being loyal when he married su mu.

...

He wouldn’t divorce her, but he didn’t plan to keep his chastity for his wife.

At night, he arrived as promised.

At 11 pm, ye xiangnan went to take a shower and left his phone on the bed.

His phone rang. It was su mu. Ye Jie wanted to talk to his father, so su mu had no choice but to let him call.

lin lu looked at the caller id, then looked in the direction of the bathroom and picked up the call. President ye is taking a shower.”

ye jie was a little confused. holding the phone, she turned around and looked at su mu. ” an auntie said that president ye is taking a bath. is president ye his father? why is there another auntie when he is taking a bath? ”

Su MU’s heart ached, not for himself, but because ye Cha had to face all this at such a young age.

She took the phone from ye Jie’s hand and said three words to the other side, ” “Sorry for the disturbance.”

Then, she hung up the phone and gently stroked ye Jie’s little head. that’s dad’s personal secretary. What do you think is a personal secretary? of course, she’s always by dad’s side.

” even when you’re taking a bath, you’re with him. on tv, it’s said that boys and girls have to take a bath separately. ” ye jie insisted, demanding an answer from her mother.

Su mu had no choice but to cough. “Well, I don’t think dad and this Auntie shower all the time.”

“I’ll ask my father.” Ye Cha wanted to take out his phone again. Su MU’s face darkened.”Alright, you can sleep now.”

Although ye Jie was curious and wanted to understand, she was still a little scared when her mother pulled a long face sometimes.

ye jie obediently lay down and covered herself with the blanket.

only then did su mu’s expression ease up. he patted him and coaxed him to sleep.

Although ye Jie did not dare to ask, although he was very young, tonight’s incident had left a lot of shadows in his heart. He vaguely knew that his father did not like his mother, did not love his mother, so his father had left his mother alone in the hospital. That was why his father had taken an Auntie out and was alone with an Auntie.

Ye Cha had fallen asleep, and there was a tear at the corner of his eye.

Su mu was a little shocked and reached out to wipe it off for him gently. She was a little confused and didn't know whether she was right or wrong. She wondered if her marriage with ye xiangnan was good or bad for ye Jie.

it seemed that she was wrong.

Perhaps he should not have compromised.

it was a good thing that they were not married.

Ye xiangnan came out of the bathroom and saw Lin Lu holding his phone. He dried his hair and asked lightly, "Who's on the phone?"

it wasn't that he didn't hear the phone ring, but he didn't expect lin lu to answer.

He didn't think that he had given this woman any rights.

lin lu raised her eyes and was a little stunned. then, she said honestly, "it's a call from miss su. it seems that ye jie wanted to talk to you, so i accidentally picked up."

Ye xiangnan's brows furrowed. He walked over and looked through the call records, saying, "Don't touch my phone in the future."

lin lu nodded. "i was careless. i'm sorry, president ye."

Her status was extremely low, so ye xiangnan didn't blame her anymore.

Chapter 4894: Xiang Nan at night, let's cancel our engagement (3)

he walked to the balcony in a bathrobe and called su mu.

As expected, her phone was turned off again.

Ye xiangnan looked at his phone and felt that he might have made a mistake. This woman had a bad temper.

He put down his phone, lit a cigarette, and stood on the balcony to smoke.

Lin Lu came over and leaned against the railing like him, looking at him.

“Go back to your room,” ye xiangnan said lightly.

...

he was not a man who liked to be controlled by a woman, and he huan did not intend to take it seriously. what he wanted for her was money and status. she would take whatever she was capable of. other than that, she would not have any status.

Besides, when a man is troubled by family matters, it's best if a woman doesn't come and bother him.

lin lu was very considerate. she apologized again and left.

Ye xiangnan stood in the night wind, slowly smoking a cigarette. He only returned to his room after half a pack.

He picked up his phone and called the woman again. Of course, her phone was turned off.

Ye xiangnan threw his phone away. As he lay down, he thought to himself that this woman was very troublesome.

If it wasn't for ye Jie, he wouldn't know anything at all.

he didn't know either. it was probably because he wasn't going to marry her, so it couldn't be that hanhan was still patient enough to call her.

Wasn't it good to learn to be a sensible wife? wasn't it good to live in luxury?

Couldn't she be a little smarter? wasn't it good to be a tactful woman like Lin Lu?

Ye xiangnan didn't like women who had too much of a personality. He especially didn't like women throwing tantrums at him, so she didn't pick up her phone and turned it off. He let her be. He didn't remember her until he returned to the villa after three days of business.

at this time, there were only five days left until the wedding.

ye hui called every day to say that the gown had not been tried on and that ye xiang would send her away with a few words.

the ye family knew about su mu's departure.

wen yuan and ye mubai had both looked for him. the old master had also looked for him after that. he had made a concession and said that he would not allow aunt wang to come over to his place and stay in the old mansion. after that, aunt wang had spoken to him with a rather aggrieved tone. it was as if she had been wronged.

ye xiangnan casually said a few words, and then the phone went back to the old man. the old man only said one sentence, " You can take care of your own woman. You can't let him beg you with his old face.

Ye xiangnan hung up the phone and called su mu. He thought that su MU's phone was turned off again, but the call was connected. He said in a cold and mocking voice, " "you're willing to pick up the phone?"

su mu's voice was very calm. " i'm thinking of nan at night. i have something to discuss with you. "

"You can't tell me over the phone, or do you have no legs to go home with?" He still had a high and mighty attitude. He thought that she had thought it through and wanted to come back. After all, everyone liked a life of luxury. Besides, she had to come back for ye Jie. She was not that stupid.

after ye xiangnan finished, su mu said softly, " Mr. Ye, let's call off the engagement. I will return what you gave me before, and the card as well. As for the things you bought for ye Jie, just consider them your gift to him.

Su jueming felt that she wasn't being too greedy. She told him quietly and indifferently that she didn't want to marry him anymore.

even though ye xiangnan had thought of many possibilities, he didn't expect that in the end, she would really give up everything and not marry him.

"Miss su, what are you up to this time?" he asked with narrowed eyes, not believing her.

Chapter 4895: xiang nan at night, let's cancel our engagement (4)

Su MU's voice was very calm. if Mr. Ye says it's a trick, then it's a trick. Let's talk face to face. You'd better ask your lawyer to prepare the documents. I'll sign them again.

I heard that all the contracts I signed earlier are in effect.

Ye xiangnan frowned, " su mu.

"i'm here," she was gentle and weak, but she did not give in at all. " let's find a time. "

"why?" ye xiangnan squinted and asked her.

On the other side of the phone, su mu smiled. "because ye jie is not happy."

...

it had been a few days and ye xi had almost never smiled. su mu was his mother, so how could he not know what he was thinking? such a father was not a very glorious thing for ye xi.

when she told ye jie that she was not going to get married, ye jie actually heaved a sigh of relief. then ye jie asked her quietly, ” “mom, will you marry a prince who loves you in the future?”

as expected, this was what ye xi was thinking.

this was what su mu had told him at that time. ” “I don’t know if he’ll be a Prince, but he’ll definitely love me and ye Jie.”

Ye Jie smiled and hooked her little finger at her.

Su mu felt a bit bitter when he made this decision. Ye Jie had put her before him, and he was only four years old.

su mu hung up the phone after he told ye xiangnan the time.

in fact, she had returned to the villa halfway and moved out her things and ye jie’s things. she had officially moved out from there and also drawn a clear line with ye xiangnan.

Ye xiangnan hung up the phone and looked at aunt Chen. what’s the matter? ”

Sir, miss su came back once and took everything away, ” aunt Chen said softly. is Yueyue not coming back again? ”

Ye xiangnan looked at her, then slowly sat down on the sofa and said in a low voice, ” “with ye jie here, where can she run to? tell me.”

“it’s better for the child to follow his mother,” aunt chen said boldly.

As soon as he finished speaking, he knew that he had said the wrong thing, so he quickly added, ” “If miss su doesn’t want to come back, Sir can go after her. A rich and good-looking man like Sir, all girls will like him!”

rich and good-looking?

was that all he had?

aunt chen looked at him. what else could he do?

Ye xiangnan was a little annoyed. His work was almost done, and now su mu had caused this. He had not told his family. If they knew, Grandpa ye would probably be the first one to jump out.

ye xiangnan went upstairs slowly and walked to the master bedroom. there were some personal belongings of su mu in it, but he knew they were gone with just one look. she had taken everything away. she had only lived there for two days, but there was no breath left.

he went to the changing room and opened the wardrobe. as expected, they had all been taken away.

She must be serious when she said she wasn't going to get married.

He went back to the bed and lay down. Then, he smoked a cigarette. When he went to the bedside cabinet to get a lighter, he felt for a car key and saw that it was the BMW he had asked her to drive.

she had even let go of this.

Before this, ye xiangnan didn't believe that there was anyone who didn't care about money or didn't love money. Even he couldn't do that. But now, su mu had really given up everything and only asked not to marry him.

did she really care so much about lin lu's existence?

Ye xiangnan heaved a long sigh. He would never tell su mu that he would keep his chastity. At most, those women would not show up in front of him, let alone challenge his status as the first wife. He would find those women annoying, let alone his first wife.

The man wanted to relax, not a woman who looked for trouble.

Chapter 4896: xiang nan at night, let's cancel our engagement (5)

Ye xiangnan met su mu the next day.

And he had taken time to go, which was not in line with his habits, but he still went.

They met in su MU's small apartment. He also wanted to see ye Jie.

su mu opened the door for him and moved aside silently.

Ye Jie was playing with toys on the sofa. When she saw ye xiangnan, she only called him "dad" in a soft voice. She was very polite, but she was very distant.

ye xiangnan didn't know what had happened that night. su mu didn't care, but ye xi obviously did. ye xiangnan certainly wouldn't explain this to a child, and he had no way to explain it.

...

He just reached out and touched his little head. go play in the room. I have something to discuss with mom.

Ye Jie glanced at him indifferently. There was no longer the light in her eyes.

Ye xiangnan felt helpless as he watched the little one enter the room, but the door was not closed.

he looked at su mu.

su mu poured him a glass of water and sat opposite him.

This apartment was slightly better than the previous one. At least, there was a place to stand.

ye xiangnan's voice was slightly low. "you really don't want to get married? you should know the night creak creak creak."

"ye jie is like this now. if you force him to go back, i think he might be autistic and unhappy." "Mr. Ye, do you really want to do this?" su mu asked calmly.

ye xiangnan looked at her quietly. after a while, he wiped his face. "do you really care so much about lin lu and ran ran?"

I don't care," su mu said straightforwardly. but I can't be respected, and neither can ye Cha.

previously, ye jie had yearned so much for a family and for her father. that night when they went to the villa, ye jie had been so happy, but she was disappointed after only a few days.

Su mu was in a good mood. She respected ye Jie's choice.

ye xiangnan's face didn't look good. he felt that women were troublesome. of course, he wouldn't let ye xi wander outside all the time, and he wouldn't beg su mu for help.

he had been proud since he was young. of course, he would not give in just for su mu.

At this point, there was nothing more to talk about. He looked at her. "what do you plan to do in the future? will you keep looking for a zero-hour job to support ye jie?"

"I used to live a good life," su mu said calmly.

Ye xiangnan smiled and looked around."This is what living well means?"

su mu didn't want to tell him, nor did he want to be looked down upon by him.

She knew that she was insignificant in his heart, which was why the Lin Lu incident happened.

not only did he bring lin lu to the hospital, but he also brought her out on a business trip to sleep with her. he didn't even try to avoid her.

although she didn't care if she loved him or not, she still needed basic respect, not to mention that ye jie had already lost the basic trust in him.

Su mu walked to the window. There was a tree outside the small window with green leaves.

she stared at the patch of green and said very softly, "mr. ye, maybe we were born different, but other than wealth and status, we are equal in everything else."

then tell me, "ye xiangnan said mockingly, "is there anything more important in life than these two things?"

Su mu looked at him calmly. perhaps you really can't understand the feelings of ordinary people. Mr. Ye, I won't make things difficult for you, and please don't make things difficult for ye Jie. This child only wants to grow up by my side. It's his own choice for him to be an ordinary person in the future. He can't blame anyone else.

Ye xiangnan probably knew that she was determined, so he smiled coldly."miss su, you can't be too selfish."

Chapter 4897: xiang nan at night, let's cancel our engagement (6)

ye xiangnan probably knew that she was determined, so he smiled coldly."miss su, you can't be too selfish."

Su mu still replied indifferently,"maybe." i also need ye xi, so please give up on ye xi and let him stay by my side."

"as long as you don't regret the wealth that xuanji can easily obtain," ye xiangnan lowered his eyes.

He stood up, leaving her some room for negotiation. come and find me when you've thought it through. If you can't find me, you can call my Secretary.

then, he went to the master bedroom and looked at ye jie again.

He didn't leave su mu any property because he still hoped ye Jie would return to the ye family.

...

he just wanted to know how long su mu's pride would last after a few days of wealth.

after he left, su mu sat on the sofa, lost in thought.

Ye xiangnan had said so much, but he had never mentioned loyalty.

In his heart, there was no need for him to be loyal to su mu in this marriage. She had known this before, but she still felt terrible after it happened.

He was disrespected like this.

And it was expressed so blatantly for her to know.

su mu sat quietly. ye jie ran out and stood beside her mother, holding her in her arms.

her little head was buried in the ground, and she didn't speak for a long time.

"what's wrong, ye jie?" "do you want to live with dad?" su mu asked in a soft voice.

the miniman shook his head and said in a depressed tone, "I want to be with mommy."

such a small fellow already knew that his mother was being bullied.

he hugged su mu, his body feeling a little soft and warm. su mu let out a long breath. "ye jie, you can't regret your decision now. you have to suffer with me, but i will work hard to give you the best."
"

Little ye Cha also clenched his little fist. "Mommy, ye Jie will work hard too. When I grow up, I'll buy a villa for you and give you the best life, just like Yingluo is with daddy."

Su mu smiled. He reached out to touch his little head and hugged him.

After a while, she said in a low voice, "ye Jie, go to kindergarten. Mommy can go to work, okay?"

ye cha's eyes widened at first, and then he became a little excited.

He had always wanted to go to school, but he was afraid that his mother would not have enough money. Now, his mother said that he could go to school.

Seeing the excitement in his eyes, su mu felt a little bitter.

it was true that ye xiangnan was high and mighty, but some things he said were true.

It was true that ye Jie would not get the best education if he followed her. Even his place of residence was shabby. Su mu was a little sad, but he could not show it. He could only touch his son's little head.

After ye xiangnan returned, he was naturally called over by ye zhenggang to give him a good scolding. However, he had no choice.

In the end, aunt Wang returned to the villa. At first, she was quite happy. However, when she arrived at the villa and saw Wen Yuan there, aunt Wang's heart skipped a beat.

Wen Yuan was the most difficult person to deal with in this family. Everyone turned a blind eye to her, but Wen Yuan was not easy to talk to, perhaps because she was the only mistress of the house.

aunt wang went over and called her madam in a flattering manner.

Wen Yuan was sitting on the sofa, holding a cup of tea in his hand and drinking it. When he heard aunt Wang's voice, he did not look up and only asked indifferently, " " i'm missing you. why didn't you come back with me? "

Chapter 4898: wen yuan (1)

Wen Yuan was sitting on the sofa, holding a cup of tea in his hand and drinking it. When he heard aunt Wang's voice, he did not look up and only asked indifferently, "I'm missing you. Why didn't you come back with me?"

"young master went to the office. he seemed to have an important meeting to attend, so i came back alone." aunty wang did not dare to disobey and answered every word clearly.

Her attitude was totally different from su MU's.

wen yuan's status in the ye family was not the only one. his maternal family was also extremely prominent. in this regard, aunt wang was as obedient as a cat in front of her.

wen yuan laughed coldly. "aunt wang, since you're back and want to work for xiangnan, i have to make this clear first. otherwise, something will happen again and ruin xiangnan's marriage. the old master has spoiled you, but i'm not in the mood for it. as his mother, i hope that xiangnan will be happy and at least have a complete family."

cold sweat broke out on aunt wang's forehead as she kept saying yes.

...

this was exactly what wen yuan wanted her to be like. if he did not give her a good beating, she would not know who the master was.

no matter what, su mu was still ye xi's mother and the owner of this place. in the future, everything in the ye family would belong to ye xi. aunt wang was so arrogant just because she had washed the old master's feet twice. she really didn't know how high the sky was and how thick the earth was.

In fact, everyone in the ye family knew that aunt Wang had an ambiguous relationship with the old master because of her good looks when she was young. The old master was getting on in years. After losing su Fu, he no longer had any self-respect and had an ambiguous relationship with the servants in the family.

Aunt Wang was also smart. She was not willing to stay in the old house, but came to her son's place to act like a tyrant.

Wen Yuan had never had a good impression of aunt Wang. He had only reluctantly agreed to it because of old master Wen's old face. However, he had not expected that she would really treat him as the mistress of the house.

After saying this, aunt Wang roughly understood that Madam hated her and blamed miss SU's runaway on her. Although she was afraid of Madam, there were some things that had to be made clear. "madam, it's true that i quarreled with miss su, but miss su refused to get married because of miss lin lu. it has nothing to do with me. i really love young master and little young master. i'm not selfish."

wen yuan was furious. he slapped the armrest of the sofa and said, "Aunt Wang, don't take advantage of your seniority here. Your words are too outrageous. What kind of thoughts do you have about our family's Xiang Nan? quickly put away your unruly words and make others laugh. The family will just pretend that there's no such thing between you and the old man. That's giving the old man face. Don't think of yourself as our elder. You're actually trying to lecture us."

the more wen yuan thought about it, the more he felt that it was inappropriate. he could not keep this old thing. how could xiangnan have such an unruly thing by his side?

So, he called the old man directly to tell him that aunt Wang couldn't stay here.

aunt wang was on the verge of tears.

"madam." "i've been in the ye family for so many years, but i've never been treated this way," she said, seemingly at a loss.

Wen Yuan sneered. At this point, he no longer needed to care about her face.

he stood up slowly. "when you were talking about su mu, did you ever think about whether you were giving her the time of her life? the old man wants to protect you, but my words still carry some weight. pack up and go back to the old mansion. if you keep talking, you won't have a place in the old mansion. a figure like the old man doesn't lack feet washing."

Chapter 4899: Wen Yuan (2)

Wen Yuan sneered. At this point, he no longer needed to care about her face.

he stood up slowly and sneered.

Aunt Wang almost vomited blood. If it were anyone else, she would have made a scene. However, she did not dare to do so since it was Wen Yuan.

One of Wen Yuan's younger brothers was doing very well in the higher-ups now. The one in the ye family had retired, so Wen Yuan had a very high status in the entire ye family. Old master ye also had a high opinion of her.

wen yuan had told her to leave and she really had to leave.

Therefore, no matter how unwilling she was, she still picked up her suitcase and went to the old man to complain tearfully.

...

the old man was naturally annoyed. he waved his hand and sent her to the kitchen to do rough work. this woman was really too troublesome.

on the other hand, after wen yuan had gotten rid of aunt wang, he had transferred a relatively younger person to take care of ye jie in the villa. she thought that if she was younger, she would be able to take care of ye jie more effectively at the age of 40.

ye jie was her grandson. she couldn't just stay outside and ignore him. however, she should let su mu take a break for now. he had to get used to this kind of thing.

Wen Yuan was not helping his son, but most marriages in the wealthy families were like that. If there was no love, one had to hold on to it. Su mu had a son. If he educated his son well, he would not be afraid of the future.

wen yuan could understand, but there were still some things that she had to take care of, such as some vixens.

Just because Xiang Nan didn't care, it didn't mean that Wen Yuan didn't care about Qianqian. What aunt Wang said was right. Aunt Wang only made su mu leave in anger. She wouldn't kick up a fuss until they didn't want to get married. The key was Lin Lu.

he clearly saw that it was su mu's call, so why did he still answer it?

Such a woman was simply a disaster.

Wen Yuan made a trip to the headquarters of Starlight. The arrival of the president's wife was naturally attended to carefully. At this time, ye xiangnan was in a meeting and knew nothing about it. Wen Yuan also did not let anyone tell him.

wen yuan went to her own office in starlight. after the secretary served tea and snacks, wen yuan asked subconsciously, "Where's manager Lin?"

The Secretary immediately knew which manager Lin it was and replied softly, "manager lin is in a meeting right now."

wen yuan frowned. "it's a high-level meeting today, right? lin lu is only the deputy manager of the public relations department. why would she be there? "

the secretary immediately said,"president ye has already promoted deputy manager lin to the manager."

wen yuan placed the cup in his hand on the table and looked at the secretary quietly. "Ask her to come see me."

The Secretary was stunned and immediately knew that manager Lin was in big trouble.

The news that President ye had canceled the wedding had spread. It was said that Lin Lu had followed him on a business trip and was caught.

The president's wife never came to the company. It was not good to Name Manager Lin as soon as she came.

hence, the secretary went over and interrupted the meeting. " president ye, the president's wife would like to meet manager lin. "

"Which manager Lin?" ye xiangnan asked.

"Manager Lin Lu," the Secretary bit her lower lip.

all of a sudden, all eyes were on lin lu, and the prying eyes made her a little restless.

"I'll ask manager Lin to come over after the meeting," ye xiangnan's voice became even fainter.

as soon as he finished speaking, wen yuan's voice came from the door, " " manager lin, you're quite arrogant. it seems like you want me to invite you personally. "

as soon as the door opened, wen yuan slowly approached.

although he was calm, he had a strong aura.

lin lu knew that wen yuan did not like her. at this moment, she felt even more uneasy and could not help but look at ye xiangnan.

wen yuan sneered.

Chapter 4900: wen yuan (3)

everyone was dumbfounded by wen yuan's words.

Wen Yuan had never asked about the company's Affairs. He had left all the big and small matters to ye xiangnan to deal with. Ye Mubai had always taken his beloved wife on a trip.

At this moment, it was such a big scene.

even when the qin family and the ye family broke off their engagement, wen yuan did not have such a big reaction.

it seemed that lin lu had really crossed the line.

From this, one could see ye Xi's position in the ye family and Wen Yuan's heart.

...

no matter how ordinary miss su was, and no matter how considerate lin lu was, the one who had the trump card in her hand was the final winner.

"Mom," ye xiangnan stood up.

"i would like to talk to manager lin. since you don't have time, let's talk here." Wen Yuan's voice was faint but it had an indescribable power.

ye xiangnan had a headache. "mom, do you have to say it here?"

"miss lin?" wen yuan ignored her and looked at lin lu. "i only have one thing to say to you. you may be a book that i occasionally open at night, but as long as i am here and ye mubai is here, your book will never enter the ye family."

She had no feelings for Lin Lu to begin with. If she were to be her mistress, Wen Yuan could only turn a blind eye to it. It would be inappropriate for him to interfere in the affairs of the younger generation, let alone Lin Lu.

After all, she could not control her son.

however, this woman's behavior had directly shaken the foundation of the ye family. wen yuan knew that ye jie, that child, was frightened. she had not gone to su mu all this time because she wanted xiangnan to clean up the mess herself. now, lin lu had no idea about his identity at all.

hehe, it was difficult for her to even meet him.

after wen yuan finished speaking, the entire place fell silent.

lin lu's face was particularly unsightly, and she looked like she was about to cry.

she had always been a strong woman, but at this moment, she was helpless. she looked at ye xiangnan.

the latter did not have the slightest intention of speaking up for her.

"Madam, I didn't do it on purpose," Lin Lu said in a low voice.

"Is that so?" wen yuan had always been gentle, but he was not soft-hearted when it came to this kind of foxy woman. "if she gets up on purpose, starlight entertainment will turn the world upside down. will i not even have the right to speak here?"

lin lu lowered her eyes and didn't dare to answer.

She felt so wronged.

at this moment, ye xiangnan walked to wen yuan's side and pressed his hands on his mother's shoulders to make her sit in his seat. he smiled and coaxed, "mom, look at how angry you are. You're getting old, so don't get angry easily. It's bad for your health.

Lin Lu's heart moved.

She had never seen President ye pacify a woman before, not even to her.

At this moment, he completely ignored Wen Yuan's humiliation and went to coax him instead.

lin lu's heart was a little cold. she finally realized what kind of person she was in ye xiangnan's heart. she thought that he forgave her and doted on her because he didn't blame her. she also took advantage of this favor and vaguely revealed her future wife in starlight.

it turned out that everything was just her sweet dream.

Ye xiangnan had never thought that the ye family would not acknowledge her.

it wasn't that she didn't know that he had other women. she thought that she was different. after all, she was in starlight, wasn't she?

Lin Lu's heart sank. Ye xiangnan was still coaxing his mother.

after a long time, wen yuan left. naturally, he did not even look at lin lu.
