

Thank you 4901

Chapter 4901: Wen Yuan (4)

lin lu's heart turned cold. she sat there from head to toe. she didn't even have the courage to look at the man she loved.

yes, she loved ye xiangnan very much. she was fascinated by his appearance and his power. when qin yihuan was still around, she did not even dare to think about it because qin yihuan could not tolerate her. however, su mu appeared, a woman who was inferior to her in all aspects.

Lin Lu thought that as long as she gave birth to a child, he would be much better than su MU's child in all aspects. By then, the title of Mrs. Ye would be hers sooner or later.

She could endure and wait.

moreover, she would definitely do a better job than su mu. she could ignore the gossip of ye xiangnan.

as long as she could go home.

...

lin lu didn't hide her thoughts very well. a man like ye xiangnan had grown up in such an environment, so he wouldn't take it to heart.

He didn't care about Lin Lu. She was just an employee and a woman who could warm his bed. She had never dared to disobey him. She was gentle enough, which was why he didn't take it to heart this time.

At the end of the day, he didn't care about Lin Lu, but su mu wasn't that important in his heart.

as for ye cha, he believed that there would be a long way to go.

after sending wen yuan off, ye xiangnan finished the meeting. of course, lin lu's face was dark and she was in a daze. ye xiangnan called her name a few times without being polite.

This made Lin Lu a little embarrassed.

when ye xiangnan walked out, lin lu stopped him."president ye."

"Manager Lin, what's the matter?" ye xiangnan turned his head.

lin lu knew that many people were looking at her. she shouldn't have come out at this time, but she really couldn't help it.

She was just an ordinary woman.

"President ye, I want to talk to you," she said softly as she bit her lip.

ye xiangnan's eyes swept across the crowd, and he said indifferently, "Come to my office in ten minutes."

lin lu felt relieved and smiled. "okay."

ye xiangnan walked out directly, while the middle and high-level officials who stayed behind all became gossipmongers, talking about what happened this morning with great relish.

"the president's wife must be really angry."

of course, my precious grandson is wandering outside. I heard that miss su is very unyielding.

that's right. She said that she won't get married and she really won't. Unlike some people who won't be able to enter the ye family forever even after being said like this. She still doesn't give up and even wants to talk to President ye.

it seems like President ye really doesn't care. He didn't say a word to help.

we're men. Women are like clothes. If the clothes are worn out, we can change them. Of course, the wife and child are different. Zhenzhen, you just have to look after them. I don't know what will happen next. I'm guessing the nightclub is using money to get rid of this woman.

Lin Lu couldn't stand it anymore. She bit her lip and left.

she went to ye xiangnan's office. the secretary opened the door for her and looked at her with a strange look.

lin lu knew that the whole company probably knew about her relationship with ye xiangnan. wen yuan had given her a hard time today, so many people were probably laughing at her behind her back.

It wasn't that Lin Lu didn't care, but she had to endure it.

she went in. in the grand office, ye xiangnan was flipping through some documents. he didn't look up when he heard the footsteps.

lin lu walked in front of him and bit her lip.””President ye.”

At this moment, ye xiangnan raised his head and glanced at her. Then, he pulled open the drawer and took out a checkbook. He wrote down a group of numbers with a gold pen.

“president ye?” lin lu was stunned and her lips trembled.

Chapter 4902: wen yuan (5)

ye xiangnan pushed the check in front of her and said in a calm voice, ” “Here's 10 million.”

he didn't say anything else, but lin lu understood what he meant.

It must have been sold out in one go.

lin lu had always thought that she was special. even after she realized that she was special, she didn't think that the nightclub would abandon her. so now, she was dumbfounded and froze for a long time.

Ye xiangnan took back his hand and said in a faint voice, " "That's it, you can leave first."

"president ye, do you mean we're breaking up?" lin lu snapped out of her daze and asked in a trembling voice.

...

Ye xiangnan lowered his head and flipped through the documents. He said lightly, " if you think so, I'll keep your position. As long as you don't make any mistakes, the business will keep up.

lin lu stood there and didn't go out immediately. after a while, she bit her lower lip. " president ye, i apply to be transferred overseas for two years. "

ye xiangnan looked up.

lin lu pushed the check in front of him and smiled lightly. " i don't want this. "

Ye xiangnan didn't look at her differently. He just frowned, then closed the file in his hand and looked up at Lin Lu.

lin lu's lips trembled. " if president ye still makes the same decision two years later, then i'll leave the company. "

lin lu was taking a gamble. she put herself in the lowest position to please a man.

She didn't want to make things difficult for a man, but she just wanted a seat beside him.

ye xiangnan kept looking at her. after a long time, he said, " " if you insist, go to Italy. there's a branch there that's lacking a person-in-charge. i hope you can produce results within two years. "

lin lu nodded with tears in her eyes.”president ye, i won’t let you down.”

Ye xiangnan tore the check into pieces and threw it into the trash can. Then he said in a low voice, ”
“you may leave.”

Lin Lu wanted to say something, but ye xiangnan obviously didn’t want to say anything, so she had to leave.

After she left, everyone in the secretary’s office looked at her. Her lips trembled as she walked straight into the elevator.

she would be back. she would definitely be back.

on the other hand, wen yuan was on his way to su mu’s place in his black rv.

Ye xiangnan could ignore her, but she couldn’t as his grandmother.

Wen Yuan left Starlight and went straight to su MU’s place. He did not make any phone calls, but there was no one at home.

su mu simply waited downstairs and sat in the car. he asked old zhang, the driver, to keep an eye on the situation outside the car.

Su mu didn’t come back until noon. He walked back with little ye Cha in his hand.

As Wen Yuan got down from the car, su mu slowed down his pace and said with a faint smile, ”
“auntie.”

“Where did she go with ye Jie?” Wen Yuan nodded.

Her heart ached a little, and ye Jie’s forehead was oozing with fine beads of sweat.

Su mu told her the truth. I found a nursery for ye Jie. I want to work.

Naturally, Wen Yuan did not object to this. However, as his grandmother, she had her own plans.

Her grandson was from the ye family. Su mu was a good girl. He didn't ask for a single cent from the ye family when he left, nor did he ask for any child support. Thinking that Nan, that bastard, would really pretend that he never had a son, she couldn't just stand by and watch.

Wen Yuan lifted his chin. let's go upstairs and chat for a while. Oh my, I haven't seen my ye Jie in a few days. She seems to have become heavier when I hold her.

su mu felt that it was inappropriate. " let's talk in the car. "

Chapter 4903: Wen Yuan (6)

su mu felt that it was inappropriate. " let's talk in the car. "

of course, wen yuan knew that she was cold and distant, but she acted as if she did not know and continued to kiss xiao ye jie lovingly. " " i've talked so much with ye jie. oh, i'm hungry. is our little ye jie hungry? "

ye jie touched her little belly and secretly looked at her mother.

su mu couldn't pretend to be dead anymore. he coughed and said, " "auntie, let's talk upstairs. i'll cook. ye jie is hungry too."

Wen Yuan carried little ye Jie with great strength and did not look like he was hungry.

su mu followed behind and felt helpless.

...

When she went upstairs, she felt a little uneasy. After all, her house was very small, and Wen Yuan had probably never seen such a small and simple house.

however, wen yuan did not mind at all. he sat on the sofa and played with ye jie lovingly. su mu poured her a glass of water and placed it in front of her.

wen yuan was very easy-going. ” go do your work. you don’t have to specially invite me. i’m ye jie’s grandmother, not an outsider. is ye jie your grandmother? ”

“grandma is not an outsider.” the little ye jie nodded her head vigorously.

He still liked his grandmother. Although his father, Wanwan, was not a good person, his grandmother was very good.

Su mu didn’t know what to do with him, so he went to the kitchen to cook.

wen yuan played with ye jie while teaching the child some simple counting. in fact, wen yuan felt quite bad in his heart. nan yi had called off the engagement twice in a row, and both times were what he had hoped for as an elder.

the first time was yihuan, who was a good child. the second time was su mu. although he was not very outstanding in all aspects, he had raised ye jie so well that it was impressive.

wen yuan sighed and did not say anything in the end.

su mu spent half an hour cooking three dishes and a soup. it was simple but delicious.

wen yuan felt that su mu was a great person. however, he soon realized that su mu was only 24 years old. he had become a mother before he was even 20 years old.

wen yuan ate a mouthful of food in silence. ye xun, who was beside him, looked at her eagerly and asked slowly, ” “grandma, is it not good?”

Wen Yuan patted his little head lovingly, ” “it’s delicious. your mother’s cooking is very delicious. grandma hasn’t had such delicious food in a long time.”

because of this, she was even more fond of su mu. she felt that this girl was a down-to-earth child.

“Mumu, what kind of job are you looking for? do you have any idea?” she asked while eating.

Su MU’s eating slowed down because Wen Yuan called him that affectionately.

” i’m still looking for one. i took ye jie to the nursery today for an interview, and we can enter tomorrow. ” after saying that, su mu ate another mouthful of rice.

wen yuan asked about the nursery in detail. he was relieved to know that it was run by the government and that su mu had not been transferred to another school.

she then asked about her job. su mu said that he could find one by himself. wen yuan knew that she had an accident before she graduated from college. he felt that it was a pity, but he did not say anything.

in the afternoon, wen yuan stayed there for another two hours. then, he took ye jie out to play. the chauffeur drove them out and bought a lot of things.

From food to clothing to daily use, it was a big cart.

however, su mu could tell that it was relatively cheap but of good quality. she would feel less burdened and su mu was relieved.

Wen Yuan did not have dinner anymore. He was too embarrassed to ask su mu to take care of the rest, so he only hugged ye Cha and left.

Chapter 4904: wen yuan (7)

“you must remember to miss grandma. I’ll come and see you next time.” Wen Yuan said with a smile. Then, he said to su mu, ” ye Xi is on Saturday. If you don’t have time, you can send him to our place. Ye Xi’s grandfather and I are free and we miss him too.

Su mu thought for a while and then agreed. thank you, Auntie.

Wen Yuan left. When su mu was tidying up the table, he saw a stack of money on the table. It was about twenty thousand Yuan.

Su MU's eyes turned red and he lost his composure.

Ye Jie leaned on her side, looking very obedient.

After a while, he couldn't help but say, "Did grandma leave this behind?"

...

Although ye Cha was young, he had long known the concept of money, probably because su mu had lived a poor life.

He knew that his father was very rich. He had a big villa, the best clothes, and a soft bed. However, none of those warmed his heart as much as his grandmother's company today, and the stack of money that made his mother cry.

Ye Jie was very young, but she knew that it was not easy for her mother, so she was very excited.

the little boy threw himself into his mother's arms and said in a low voice, "Mom, you still have me."

ever since he was young, he knew that he didn't have a father, and his mother didn't bring him to his grandmother's house. they were dependent on each other. she had met his grandmother before and treated his mother badly. he also had an uncle. every time his grandmother came over, she seemed to ask his mother for money, saying that his mother was useless and that his mother was shameless and a disgrace to the su family.

Ye Jie sharply sensed that he was that disgrace.

however, he never dared to ask his mother. she was afraid that her mother would be sad.

at this moment, her mother seemed to be very sad, but also very happy.

*

wen yuan returned to the villa that he was staying with ye mubai. to her surprise, nan and ye hui were both there and they were waiting for her to start eating.

Ye mu Bai was sitting on the sofa and reading the newspaper. When he heard her return, he closed the newspaper. why did you go out for the whole day? ”

Wen Yuan looked at his son, took off his coat, and said lightly, ” “I went to see su mu and ye Cha.”

ye xiangnan’s eyes flickered imperceptibly. wen yuan snorted, ” “it’s quite pitiful for a girl to be out with her son.”

Ye Hui hurriedly said yes, yes. She hoped that her brother could bring su mu back.

“Actually, su mu and ye Hui are of the same age. They are still children,” Wen Yuan sighed.

with that, she went to the dining table and ignored her son.

During the meal, Wen Yuan told her about su MU’s situation. Xun will send him here on Saturday and Sunday in the future. Xiangnan, if you miss your son, you can come and take a look. After all, he’s your biological son. You can’t just ignore him.

“She’s the one who told on me?” Ye xiangnan said lightly.

“Ye xiangnan, do you think that everyone is as scheming as your manager Lin?” Wen Yuan was infuriated.

Nan mo sniffed. manager Lin has been transferred to Italy. You won’t see her. Calm down.

“is he retreating to advance?” wen yuan was a little suspicious.

alright! The older the ginger, the spicier it was.

In ye xiangnan's mind, Lin Lu's ability was more important to him. Lin Lu was indeed a capable person, so he agreed to her request. He didn't think about having anything with her in the future.

Of course, he did not intend to keep his body for su mu. It was normal to put on an act in a marriage without love. He did not think that he would let su mu down.

After the meal, ye xiangnan and ye mu Bai discussed some business matters before they left.

Chapter 4905: Is this the life you want? 1

ye xiangnan returned to the villa. he felt a little tired, so he sat on the sofa and rested for a while. aunt chen told him what happened during the day.

although ye xiangnan had already heard about aunt wang from wen yuan, he did not mind listening to it again as if it could relieve his boredom.

aunt chen said it over and over again, and he listened. as he listened, he fell asleep.

aunt chen was a little speechless. she looked at him and finally covered him with a blanket.

Ye xiangnan woke up in the middle of the night and realized that he had fallen asleep in the living room downstairs. He got up, wiped his face, and was in a daze for a while. Then he took out his phone and saw a photo.

It was Qin yihuan's photo, the only one he had ever liked.

...

she had liked him for many years, but in the end, she lost to shen ting. in fact, it wasn't shen ting, but yihuan.

After being with him for a long time, she still liked Shen ting.

Indeed, a child's words did not count.

However, no one would have thought that Shen ting and Qin yihuan would get married before ye xiangnan because yihuan was pregnant.

She was surprised, but not surprised at the same time. After all, Shen ting had been waiting for her for so long.

it was not too early to be a father at the age of 31.

Ye xiangnan received the invitation the next day. He sat in his office alone, feeling a little dazed.

After all, she was the girl he had loved for his entire life.

after work, he wanted to pick out a gift. he didn't ask his secretary to pick it for him, but chose it himself.

They drove to the city's largest shopping center and went straight to a jewelry store.

he had stored a few sets of jewelry here for the wedding. he asked the manager to take them out and picked a set with pink diamonds. it was priceless and very nice, suitable for yihuan.

ye xiangnan took the box and left. when he was about to go to the parking lot on the first floor, he accidentally saw an inconspicuous figure, but it was very familiar.

he narrowed his eyes and stood there watching.

it was su mu.

She was working at a shoe brand counter and was trying on shoes for customers.

That customer did not seem to be easy to serve. He tried on several pairs of shoes in a row and was very picky, but su mu did not show any displeasure. He still responded with a smile.

in the end, the customer didn't buy anything. when he got up and left, he didn't even glance at su mu who was cleaning up on the ground. he even chatted with the others."the design of this shop's shoes is quite silly, and the staff looks silly too."

Ye xiangnan was five or six meters away, so he could hear everything clearly.

He frowned and walked to su mu slowly.

this is the life you want. Just let ye Jie stay by your side. You can sell shoes for a lifetime and you won't be able to bring ye Jie anything. he said coldly.

su mu's movement paused for a moment. then, he raised his eyes and looked at the man above his head quietly.

Mr. Ye, " she whispered after a long time, " we still have to do business here. Please step aside.

ye xiangnan said without thinking, " i'll buy ten pairs. if it's not enough, i'll buy twenty pairs. i'll ask you to come out in half an hour. "

the store manager was not happy to see a man pestering su mu. su mu had just arrived, and he was already pestering a rich man. it was quite troublesome. but after listening carefully, he found out that there were twenty pairs.

the shoes here were all in the tens of thousands. twenty pairs were their turnover for several days.

The store manager's expression changed very quickly, and he smiled politely. "Sir, should I pay the bill first?"

"what's your shoe size?" ye xiangnan stared at su mu.

the store manager twitched again, thinking that it was a rich man who wanted to pursue su mu.

Chapter 4906: Is this the life you want? 2

Therefore, he couldn't help but take another look at su mu.

He couldn't tell. It looked ordinary, but it turned out to be a South Africa diamond.

Therefore, before su mu could say anything, the store manager made his own decision. "our mumu will wear shoes number 7. sir, you really have good taste. our mumu has a gentle personality and a good temperament. "

He missed the South at night.

su mu couldn't bear to listen anymore. without saying anything, he wrote twenty lists randomly.

She wasn't stupid. If he wanted to buy her, of course he would pay.

...

Ye Xiang Nan sent over 300000 Yuan without even blinking.

Ten minutes later, they sat in a café in the shopping mall. He was dressed in a noble manner while su mu was still wearing the same shop assistant's uniform-a black dress suit and her hair was tied into a bun. Fortunately, she was slim and didn't look ugly in her clothes. It was just that it was a little out of place when she sat with people like ye xiangnan.

su mu lowered his head and kept stirring the coffee in his cup without making a sound.

ye xiangnan frowned, are you going to keep doing this? You're squatting here and selling shoes for others?"

"What's wrong with that?" "Or do you think you're inferior to others, Mr. Ye?" su mu looked up at him.

“you’re ye jie’s mother,” ye xiangnan said, staring at her.

“Even ye Jie doesn’t feel embarrassed, so why does Mr. Ye feel embarrassed? it’s enough as long as mr. ye’s future wife is decent enough. as for me, mr. ye doesn’t need to worry about me. ”

“Is that so?” “Do you want ye Jie to grow up to be like you, an ordinary person, living in that kind of house, and even working in a lower-class job?” he said in a cold voice.

su mu suppressed his anger and shame.

Her little face was tense. After a long time, she whispered, ” Mr. Ye, you can treat me as a stranger.

“a stranger?” He seemed to be pondering over this sentence, and then he laughed softly, ” “i do remember that we were husband and wife not long ago.”

his way of doing things was a little frivolous and a little vile. su mu remembered that night when he was taking a bath and lin lu was in his room. now, he could still say that they were once husband and wife as if nothing had happened.

su mu tried to calm himself down. ” that’s the most disgusting thing i’ve ever heard. ”

she stood up and prepared to leave.

she felt disgusted staying with him for even a second longer.

ye xiangnan reached out to stop her. he narrowed his eyes and said,”Is it disgusting to be my husband and wife? that’s not how you expressed it that day. you’re quite happy that you remember it. ”

su mu didn’t know what he was thinking at that time or how angry he was. anyway, he slapped ye xiangnan in public.

The Honorable CEO of Starlight entertainment.

ye xiangnan was probably also a little confused. his handsome face was red and white, and there were clear fingerprints.

He glared at the woman in front of him. are you crazy?!

Su mu was probably so angry that he poured the coffee on his head from head to toe.

Before ye xiangnan could catch her, she ran away.

Ye xiangnan had never suffered such a loss before. He stood there, his whole body wet, and the coffee kept falling from his black hair.

At this time, some of the onlookers recognized that this was the CEO of Starlight.

Immediately, someone took a picture of it. In WeChat moments, Weibo, and other social media sites, a Cinderella story of a domineering CEO appeared in Qianqian's mind. However, no one would have thought that the Cinderella just now was the female lead who gave birth to the Dragon child.

In less than half an hour, the topic was trending. It was the number one hot search on Weibo #The woman that Starlight's CEO couldn't get.

Chapter 4907: Is this the life you want? Part 3

In less than half an hour, the topic was trending. It was the number one hot search on Weibo #The woman that Starlight's CEO couldn't get.

The attached picture was of ye xiangnan's disheveled look with coffee dripping from his head.

at the same time, ye hui saw it. she sat on the sofa and let out a pig-like laugh. " mom, mom, come and see. my brother has kicked an iron plate. "

wen yuan immediately went over and was stunned by what he saw.

xiang nan had suffered a great loss.

“who did it?” She asked curiously, not feeling sorry for her son at all.

...

ye hui was still smiling and wen yuan guessed, ” “su mu didn’t splash it, did he? This child is so bold?”

He didn’t feel bad for his son at all.

Ye Hui smiled,”I even gave him a slap ..”

“i didn’t expect that.” wen yuan laughed and shook his head.

“Yes, sister-in-law looks so gentle and quiet, who knew she would be so fierce?” Ye Hui’s mood was particularly good.

Wen Yuan looked at her. you can be happy but don’t show it in front of your brother. He’s still a little flustered.

then, he said with infinite yearning,”I guess no woman has ever dared to treat him like this.”

Ye Hui laughed like a pig again.

on the other side, su mu went back to the counter. the store manager was asking all sorts of questions happily. su mu always changed the topic politely. in the end, he couldn’t avoid it and simply went back to the warehouse to prepare shoes.

Ye xiangnan was so generous to buy twenty pairs of shoes, and she would not wear such expensive shoes. She was going to adjust them to ye Hui’s size and then send them to him.

she had just finished her work when the store manager ran in with her phone, looking a little flustered.

“su mu, don’t tell me you did this.” She pointed at ye xiangnan in the picture and held her breath.

The president of Starlight entertainment!

he had been slapped!

He had been splashed by coffee!

moreover, the female protagonist was an employee of their store. did su mu get the guts to do this?

suddenly, the store manager saw another message and was dumbfounded. ” “su mu, you’ve given birth to a child for president ye?”

besides, they were supposed to get married, but su mu refused to do so.

Oh my God, was his brain damaged?

instead of marrying president ye, she came here to sell shoes. was there a problem with this?

The manager put his hand on su MU’s head, but he was still confused.

Su MU’s voice was indifferent. it’s all in the past. There’s nothing to talk about.

the store manager said in exasperation, ” are you stupid? president ye came to look for you. it’s obvious that he still has feelings for you. you have to seize the opportunity. ” i also know that men from rich families are a little fickle, but if it were me, as long as i have money, i’d be fine even if my husband didn’t come home every day.”

Su mu smiled faintly, ’it won’t be like this when the time comes.’

When you're living worse than a servant, you might as well be selling shoes here.

the store manager didn't give up. she leaned over and asked in a low voice, "you really don't want that heaven-shaking wealth?"

"i don't want to." su mu adjusted his shoes and said in a low voice, "I'll deliver the shoes."

The store manager didn't understand. these are from Mr. Ye? "

"i don't want his things." su mu said in a low voice. then, he moved the shoes out one by one and called a taxi. the manager moved the shoes with her. after all, everyone would benefit from selling 20 pairs of shoes today.

However, she just felt that su mu was a little too straight.

perhaps such a personality was really not suitable for a rich family.

"actually, there's nothing bad about selling shoes, right, su mu?" The store manager patted her shoulder and consoled her.

"Yes," su mu smiled.

Chapter 4908: Is this the life you want? IV

When su mu got into the car, the store manager still said, " " anyway, whether you like him or not, it's better for you to control your temper. he's a big shot we can't afford to offend. "

if it was another woman instead of su mu, she probably wouldn't be able to live in this world.

su mu knew it in his heart, but she was really angry and couldn't bear it at that time. now that she had completely calmed down, she felt that what she had done was wrong.

She got into the car and nodded. I understand, sister Chen. I won't be so impulsive in the future.

Sister Chen nodded in satisfaction and watched the car leave.

After more than half an hour, the car stopped at the entrance of ye xiangnan's Villa. When su mu carried the shoes down, aunt Chen had already seen it. She immediately ran over and said in a low voice, "miss su, why are you here? sir doesn't look very happy when he comes back, and he looks particularly disheveled."

...

"Aunt Chen, could you please move all these in?" su mu asked.

Aunt Chen looked at the shoe boxes and was surprised. "ah, miss su, why do you have so many shoes? how can you wear them all?"

"it's none of my business. mr. ye bought it anyway," su mu said in a low voice.

the helper helped her move the things and said in a low voice, "miss su, you're also quite cold to master. Are you still calling him master ye now?"

Didn't ... Didn't we sleep together?

Su mu turned his head and looked at aunt Chen with a complicated expression. "I've already called off the engagement."

aunt chen seemed to have been possessed by aunt wang today. she said regretfully, "That's a loss."

as for how he lost, su mu knew it well. wasn't that the case?

She didn't say anything else and just sat down to do her own things.

However, ye xiangnan was in the living room. It was broad daylight, but he was not in the company. By right, there should be a changing room in his office, and he should at least have regular clothes. However, at this moment, he was sitting on the sofa, and just as aunt Chen described, his face was gloomy.

su mu didn't want to see his expression. he put the things in the corner and said, "mr. ye, i've changed the shoes you bought to miss ye's size."

"You still dare to come?" he asked her in return.

Su mu was a little scared, but he didn't want to pay attention to him. He bent down and wanted to leave.

"The door's closed, you can't leave." ye xiangnan stood up and turned his head."Aunt Chen, you can go back and rest."

"It's not time for me to rest yet," said aunt Chen, still rooted to the spot.

then I'll give you a week's leave, paid. let's see if you're still willing to meddle in this matter.

Aunt Chen immediately ran off.

When it was quiet, su mu stared at ye xiangnan and said, "what do you want?"

"nothing. apologize." he sat there with a sullen face, playing with an exquisite mug in his hand.

su mu understood that he had been waiting for her at home on purpose. he knew that she would send the shoes over, so he said coldly, "Mr. Ye, I'm sorry."

Ye xiangnan laughed coldly, "You don't sound very sincere."

as he said that, he put down the mug in his hand gently and stood up to walk toward su mu step by step.

Before su mu could react, he had already grabbed her wrist. "tell me, are you trying to attract my attention?"

"she must know that i'm at home," he said, looking at her.

“be careful, you’ve seen too much.” Su mu struggled for a while, but he couldn’t break free. Instead, a circle of red marks appeared on his wrist, which was a bit shocking.

Chapter 4909: is this the life you want? 5

Su mu was a little anxious. what do you want to do? ”

“what do you want?” ye xiangnan tilted his head.

“You can’t be thinking that nothing will happen to me after what you’ve done to me, right?” he sneered.

Outside, he had given her some face, but now she had fallen into his hands.

su mu calmed down and bit his lip. ” i don’t think mr. ye will force me. ” he said.

“Not bad.” He seemed to find it funny. I won’t force you. I’ll make you willingly come back to be Mrs. Ye and willingly lie in bed.

...

Su mu couldn’t bear to listen anymore. He bit his lip.”You’re shameless.”

“It’s not like you’ve never done it before, and you’re quite happy about it.” Ye xiangnan chuckled.

This time, su mu shook off his hand and said in a cold voice, ” “Mr. Ye, please have some self-respect.”

ye xiangnan didn’t say anything, but kept looking at her.

Su mu turned around and left. The door was open.

She returned to the store, and the store manager came over. "how is it, did mr ye accept it?"

Su mu answered "hmm". He didn't want to talk about this and just concentrated on his work.

the store manager was quite warm-hearted. she was afraid that she would be at a disadvantage, so she started gossiping. "i heard that this morning, mr. ye went upstairs to get a set of jewelry. a big shot in B city is getting married."

su mu fell into a trance and mumbled unconsciously, "qin yihuan?"

the store manager nodded and said meaningfully, "su mu, let's not think about those unrealistic romantic things. What's in our hands is the real thing. Take more now. You have a son, and he's giving away jewelry worth tens of millions. Su mu, are you stupid to not want anything?"

"I don't want it if it's not mine." It's not like I can't survive, "su mu said in a low voice while calculating the accounts.

the manager didn't know what to do with her. he frowned."I say, no. How can you be so honest? if you think of tens of millions, just wave it around. How much are these broken shoes worth? Sister Lin is telling you, you'll regret it in the future. Even if you don't look at the money, just look at his face. It doesn't matter if he has other women outside, he'll still take care of his wife at home. If he doesn't want to, you can go around saying he's sick."

Su MU's three views were about to be shattered. He looked at the store manager helplessly.

it can even be like this?

he was really too powerful.

Sister Lin nodded. of course we can. We'll take the blame for what he did. If you can't do it, you have to be more aggressive.

su mu frowned.

fierce?

She thought that if he was fierce, he would probably have been kicked out of bed by ye xiangnan in less than two days. That man had a bad temper.

he was quite arrogant, and he was absolutely strong, no matter where he was, even chi liang was the same.

Su mu didn't want to think about what had happened. His face was a little hot. It was true that she didn't like to think about the South at night. One good thing about not getting married was that she didn't have to face him anymore. Who knew if he was crying every day?

Sister Lin said something that came from the bottom of her heart, "Everyone knows about you and Mr. Ye. There will be some trouble in the future, so you should be mentally prepared."

Su mu nodded, "I understand."

She had only been back for a while, but she could already feel that the people around her were looking at her differently.

su mu didn't care about that. she had a child to feed and she had to work. she didn't have time for that.

after he finished his work, it was almost time to get off work.

when she returned home, she saw an unexpected person.

Chapter 4910: is this the life you want? 6

Su mu stood there, looking at the woman before him in silence.

Perhaps it was because of the long life of failure, so her originally delicate face became a bit mean, and even her black hair had a few more strands of white.

that was su mu's mother, wang yuan.

Wang Yuan was quite good-looking and came from a well-off family. After she married father su, she had a good life. However, father su loved to gamble and lost all the family property a few years after their marriage, leaving only an old house and three children.

su mu was the oldest and also the least favored one, because she was the most ordinary-looking.

Su Zhiyan, who came down, was much more doted on even though she was two years younger than her. The youngest, su Yuan, was also doted on by Wang Yuan to the heavens.

...

when su mu was pregnant, wang yuan kept pestering her to abort the child. if su mu was unwilling, wang yuan would throw her things out of the house and she would no longer have this daughter.

All these years, su mu had not been living well, and the few people in the SU family had not been living well either. Su Yuan often asked su mu for money, and su mu would give him a little if he had money. However, how could she give much now that she was living like this?

for the past few years, this was the only time that they had met each other. now that wang yuan had come in person, su mu's heart skipped a beat. he knew that it would not be a pleasant thing.

She walked over and called out to her mother.

Wang yuanke's voice was cold and devoid of any human emotion."if you still call me your mother, then help us out this once."

su mu clenched his hands and heard his mother continue in a calm voice, " " your father lost more than 100000 yuan again. besides, your sister is going to a private university, so the family has to pay for her tuition fees. where do we find the money now? "

"how much do you want?" su mu lowered his eyes.

"at least 200000," wang yuan looked straight into her eyes.

“I don’t have that much money.” su mu heaved a long sigh. ” if i don’t pay him back dad’s money, he won’t dare to go there anymore. he’ll also be more dutiful. why do you always rub it on him and share it with him? ”

“also, her family’s situation isn’t good. why did zhiyan go to a private university? it’s not like she doesn’t know about her family’s situation.” Su mu was a little speechless.

However, Wang Yuan shouted at her to stop,”the situation at home?” Su mu, you wouldn’t have canceled the wedding if you could be considerate of your family’s situation. You can’t be sensible for the sake of the family. You know that because of the ugly things you’ve done, our su family has been looked down upon by others for so many years. It’s time for you to repay us.”

Su mu was a little stunned. After a while, she said in a low voice, ” “Mom, I only have 10000 Yuan.”

as for the money that wen yuan had given her, she could not touch it. it was for ye jie.

ye jie needed money to dress, eat, and go to school. she couldn’t give everything she had to wang yuanke. besides, she could give it to wang yuanke tomorrow. she couldn’t fill this big hole.

After su mu finished speaking, Wang yuanke’s eyes became dazed for a moment. Then, she pressed on su MU’s shoulder with such great strength that red marks appeared on su MU’s shoulder. Su mu felt a burst of pain.

why don’t you ask the ye family for money? they’re so rich. You can easily have millions or tens of millions, right? why are you so cheap? you gave birth to a son for nothing.

Su MU’s face was pale. After a long time, she said in a low voice, ” “mom, you’re hurting me.”

Wang Yuan was very anxious, and her voice was particularly sharp. The words she said were getting more and more unpleasant.”You still know pain? why didn’t you feel pain when you had sex with a man and gave birth to someone else’s child? why didn’t you think about your family?”
