

Thank you 4971

Chapter 4971: he wanted to turn the act into reality (6)

Ye xiangnan was a little curious. Shen Wenxuan was so talented that su mu was so smitten with him. It had been so many years, but he still couldn't forget the child?

would she be as good as him?

He was the one who had hugged her. Didn't they say that women were particularly obsessed with their first man?

Just thinking about it made ye xiangnan's face turn pale. He felt that he needed to clear his name.

He was used to being domineering, and he didn't need to be polite, especially to an invisible person like su mu.

he turned his head. "stay."

...

su mu was stunned for a while before he understood what he meant.

She suddenly felt her mouth go dry. what do you mean by that? "

Ye xiangnan's eyes had an indescribable look. it's exactly what you think.

"Ye xiangnan, you're shameless." she was about to hit him, but he caught her.

"beating people up again?" He stared at her face. su mu, what's there to be unhappy about? "

He let go of her and sat up straight. He looked in front of him and whispered, "I'll fulfill my duties as a husband and I can give you everything, including the self-esteem you want. Su mu, don't

say that you don't care about this. Didn't you run away from home with ye Jie because of this last time? "I really don't know why you care so much. You're my wife, who can look down on you? just stay at home or play mahjong with a few other madams. It doesn't have to be so hard. Just listen to my mother and don't take it seriously. Didn't she also complain about wanting to work in the past? now, isn't she still playing mahjong and drinking tea? this is the life of a rich lady."

su mu turned his face away and looked out of the window."That's not what I want, and it's not something I can get."

he was probably used to people around him being like this. whether it was his mother or bai anan's mother, they both had strong backgrounds. they had been living like this since they were young. after they got married, their husbands treated them very well.

As for su mu, what did she have? she had nothing.

where did he have the right to be at ease?

Su mu knew very well that ye Jie didn't belong to her alone. She only had herself.

that was why she was clear-headed enough to know what she wanted.

Ye xiangnan didn't give her forever.

it was just charity.

In other words, she was ye Jie's accessory, and the mother was expensive because of the Son, so how could she be expensive?

If she was tired of being a young and fresh woman, she would be embarrassed as Mrs. Ye. Could she let Wen Yuan protect her all the time?

"thank you, mr. ye, " su mu smiled. " i still want to rely on myself. "

"By myself?" Ye xiangnan sneered. do you think it's easy to rely on yourself? you studied media. Don't you have some connections to become a paparazzi in the future? "

He narrowed his eyes and looked at her. or, be killed by someone.

Su mu let out a long breath. you're thinking too much, Mr. Ye.

ye xiangnan was still cold. " su mu, there's always a price to pay for being successful. do you know what bai anan has been through? she was given a bloodstained coat, she was called to threaten you, and she almost kidnapped qianqian. are you sure you want to do this, or do you want to find a job and just wait for death? "

then, he smiled. " most people are just having fun. i think you're probably the same. you find a job and think it's a career. then, you have the confidence to challenge men. actually, there's no need for that. the ye family doesn't lack this salary. as long as you take good care of ye jie, you'll have everything. as long as you don't overstep your boundaries, i don't think we will divorce. we can have a daughter in two years, okay? "

Chapter 4972: He wanted to make a fake act real 7

Su mu remained silent for a long time before he smiled. thank you for your appreciation, President ye. I'm really not interested in this kind of life. If I'm just wasting my time outside, then I'm no different from a nanny in the ye family.

She also had an ideal. Even in the most difficult days with ye Jie, she had never given up. She thought that one day, ye Jie would grow up and be able to take care of herself. She would do what she wanted to do and live the life she wanted.

ye xiangnan's face darkened. he felt that he had coaxed her well today.

however, she was really unmoved.

his patience was running out as he frowned. " "what are you still not satisfied with me?"

Su mu didn't answer his question. Ye xiangnan thought for a while and smiled."Are you still waiting for Shen Wenxuan? We've already registered our marriage. You're now my legal wife. Do you think I'll just hand you over to someone else?"

...

su mu felt that he was really unreasonable. at the same time, he understood his plot. what happened today was just a double act between him and secretary li from beginning to end.

secretary li, you're really something.

su mu endured it. " i'm staying here for a night. it's also to comfort xiangnan. "

"sleep at my place." President ye's voice was hoarse. we got our marriage certificate today. We have to celebrate.

su mu ignored him and patted the car window. " "open the door."

Seeing that she wasn't leaving, ye xiangnan smiled and opened the door for her.

Su mu entered the hall. Aunt Chen was also a clever person. She had long received the news that Mr. And Mrs. Had already registered their marriage, so she went up and called her Mrs. Su.

Su mu felt uneasy. just call me miss su. I'm still in a relationship with Mr. Ye.

with aunty wang as an example, aunt chen was especially careful. she smiled and said, " how can they be the same? it's different. now, madam is the person in sir's heart. in the future, we'll need madam to guide us more. "

Other than aunt Chen, there were two more talkative people in the villa. They must have been sent by Wen Yuan after he had trained them. They spoke well of su mu with aunt Chen and were almost praising him to the heavens.

su mu even suspected that he had been mistaken. he was a peerless beauty. however, he had heard these flattering words before and could not take them seriously. how could he not know what she looked like after so many years?

Anyway, she didn't have to deal with them in the future, so she just replied with a few words and wanted to take her son upstairs.

At this moment, ye xiangnan came in. He looked at su mu and smiled meaningfully.

it was true that it felt good to be fawned on, and no one was disgusted, but su mu was very clear-headed.

If ye xiangnan looked at her, these people would suck up to her. If ye xiangnan didn't want to look at her, she would have nothing.

she took ye jie upstairs.

Ye Cha was a little uneasy at first, but su mu took care of him as usual, taking care of him while he bathed and slept, and even told him stories.

He hadn't been by his mother's side for two days and missed her very much. He couldn't bear to sleep, so he forced his eyes open to look at her and asked her to tell him a few more stories.

Su MU's heart ached a little. She wanted to be with her son too, but su mu had a bad habit. She would do whatever she wanted to do.

It was just like how she wanted to give birth to ye Jie that year. Her family was not willing, but she had to give birth to him with her life.

That year was su MU's worst year. When she was eight months pregnant, she was still washing dishes in a small restaurant so that she could earn money to give birth to ye Jie in the hospital.

That year was su MU's worst year. When she was eight months pregnant, she was still washing dishes in a small restaurant so that she could earn money to give birth to ye Jie in the hospital.

that winter, her hand had split open, and it had been very painful.

it was so painful that she wanted to cry. however, thinking about the expenses for giving birth and the living expenses after that, she worked hard to save money. in ten months, she worked and lived frugally in the worst house and gave birth to ye jie.

the 20,000 yuan that she had saved would help her get through the difficult days that followed.

Even when she was pregnant, she didn't wear maternity clothes for a year. It was all given by the kind-hearted people next door. When she was pregnant, she told the doctor again and again to reduce the number of checkups for her and that it was fine as long as the child was healthy.

The doctor didn't agree at first, but when he found out that she had gotten pregnant before marriage, he sighed. The examination fee, which was originally more than 3000 Yuan, was reduced to 1000 Yuan.

...

su mu was very thin and was not suitable for natural birth, but she said she wanted to try.

she was so thin and small. she was more than nine months pregnant, but she still looked malnourished.

however, the doctor was surprised that she was lying in the delivery room like this ...

she was so strong that she was able to give birth to the child smoothly in such conditions.

Actually, it wasn't that she was strong, but if she didn't do it, she would have to go for surgery, which would cost her a few thousand Yuan. Besides, she couldn't take care of the child.

she was alone.

after she gave birth to the child, her mother didn't even come to see her.

her father had sneaked over once. he had no money, so he only put five hundred yuan on the pillow, saying that it was to buy some food for the child.

su mu cried for a long time after his father left.

She knew that it would be tough in the future, but she had never regretted giving birth to ye Jie.

He did not have a single moment of regret.

she was very thrifty, and she was thrifty in everything, but she always picked the better and more practical ones for ye jie.

When ye Jie was two months old, she took on a handicraft job introduced by the lady next door.

if she worked for six to seven hours a day, she could earn a little more than a thousand a month. it wasn't much, but she could still make ends meet if she saved a little.

there had always been 10000 yuan in her savings account. however, when ye jie was six months old, she had spent it all for a lung infection, and it was not enough at all. she had to beg the attending doctor for conservative treatment.

she, on the other hand, had stayed in the hospital for six days and six nights without sleeping.

At that time, the situation was critical and su mu was about to go crazy.

If anything had happened to ye Xun, her life would have been completely dark. She would have even doubted if she had made a mistake. However, ye Xun woke up that morning.

he looked at su mu with his big black and bright eyes.

He still couldn't speak, but he could smile. He grinned.

he wasn't very well-nourished, so he didn't have teeth. he smiled so much that his gums were exposed, making him look extremely cute.

At that moment, su mu smiled with tears in her eyes. She had been saved.

*

ye jie slowly fell asleep with su mu accompanying her.

The surroundings were quiet.

Perhaps it was because this was the villa and it was much quieter than the city and the old apartment she lived in, su mu sat and accompanied ye Cha.

she couldn't watch it every day in the future, but she was willing to watch it every day now.

At about 9:30, the door was pushed open. Ye xiangnan had already taken a shower and was wearing a white bathrobe. He frowned and looked at her. "Why is it not done yet?"

"i'll sleep here," su mu said without moving.

He walked over and unexpectedly hugged her from behind. He even used his chin to touch the center of her hair. didn't we agree on this? "

Su mu was a little annoyed. She had been tricked by him today and now he was making such a request to her.

Chapter 4974: he wanted to turn the act into reality (9)

su mu was a little annoyed and spoke without thinking. instinctively, he wanted to punch and kick, but the strength between men and women was so distinct that her little strength was nothing but fancy moves. ye xiangnan restrained her easily.

“Ye xiangnan, I’ve never seen a man as shameless as you.” Su mu gnashed his teeth.

He snorted coldly and said unhappily, “I’ve never seen a woman as stubborn as you. Are you trying to attract the servants and then alarm my parents so that they can rush over in the middle of the night?”

he was really shameless, but ye xiangnan didn’t think he was that shameless, because they had already registered their marriage and she was his wife.

she was the one who went overboard.

she didn’t allow him to have any contact with other women, and she gave him the cold shoulder. what kind of logic was this?

...

However, in the end, he was really afraid that his parents would be alerted. That would not be good.

Naturally, he was not in a good mood and slammed the door hard.

su mu lay there quietly for a while. then, he suddenly got up, rushed to the door, and locked it.

She panted heavily and let out a long breath.

she didn’t think she was his wife, but he did.

He was really arrogant.

She leaned against the door and did not even dare to go out, afraid that he would change his mind again.

She didn't know why he had to be married to her when she was so plain-looking. There were many women waiting for him outside, weren't there?

After the struggle just now, she almost couldn't stand still and her body slowly slid down.

so, she simply sat on the carpet and spaced out for a while.

after a long time, she went to the bathroom to take a shower and found a night-longing shirt to wear as her pajamas.

She thought she wouldn't be able to fall asleep, but she fell asleep as soon as she laid down. Su mu had a dream that night. For a while, she dreamed of Shen Wenxuan dreaming about the past, and for a while, she dreamed that he wanted to have another child with her.

when she woke up, the sky was already white, and even the sun was shining in.

It was quite comfortable when the light shone on his body.

The sun was warm and comfortable. Su mu buried his face in the pillow, almost not wanting to wake up.

the pillow was very soft, and the material of the bed sheet was very comfortable. everything was especially comfortable.

There was also that faint male body breath, which also made people feel at ease.

A man's body breath?

she suddenly opened her eyes and was met with the handsome face of night vision.

Su mu reached out to touch his face. He seemed to have kissed her face.

No, how did he get in?

Why did he come in?

Ye xiangnan straightened his body, crossed his hands in front of his body, leaned against the bedside table, and looked at her.

what's wrong? you chased me out last night and now you're going to wear my shirt. Su mu, is this the law of true fragrance? ”

“I don't know what you're talking about.” Su mu bit his lip.

“I don't know!” Ye xiangnan was not in a hurry to leave, so he just watched her get out of bed.

She was probably only wearing his shirt.

Su mu pursed his lips. “you, get out.”

“it's my room. why should i go out?” Ye xiangnan bent over slightly and said with a chuckle, ” “as for you, why are you here, huh?”

He even touched her hair gently and his voice became hoarse. “Or is it that all women don't mean what they say?”

“you're the one who doesn't mean what you say.” Su mu bit his lip and hit him with a pillow. “get out, i'm going to get up.”

“go to sleep. you don't seem to have anything on today. i'll send ye jie.” he didn't make things difficult for her, because ye jie had to go to school and he didn't have time to waste with her.

Chapter 4975: He wanted to turn the act into reality (10)

ye xiangnan left and went downstairs briskly.

The night before wasn't pleasant, but for some reason, ye xiangnan wasn't in a bad mood.

When he went downstairs, ye Jie had already finished her breakfast and was sitting there obediently.

seeing ye xiangnan coming down, ye cha immediately stood up. "Daddy."

His eyes drifted upstairs.

ye xiangnan knew what he wanted to ask, so he smiled and said, "Mom hasn't woken up yet. Dad will send you to a nursery."

...

Ye Jie carried her small school bag and looked very energetic and happy.

Ye xiangnan looked at the little guy and was in a good mood.

wasn't he a successful man? didn't he say that he had power, wealth, a wife, and children? he had them all now.

he took ye jie into the car and fastened the seat belt for him. before leaving, he turned his head again. "let's go now."

Ye Jie hummed in agreement. let's go.

wearing sunglasses, ye xiangnan and his son drove all the way to the nursery.

he carried ye jie out of the car. he usually said that he should not dote on her too much, but now he was reluctant to kiss her. "daddy will pick you up tonight. stay at daddy's place tonight, okay?"

ye xun's eyes widened. "dad, what about mom? do you live with her?"

“It should be,” Ye xiangnan pinched his son’s nose and said,”she can’t reject our ye xi.”

after he finished speaking, he smiled. ” alright, let’s go in. ”

Ye Jie nodded obediently and jogged in. At the door of the nursery, the middle-aged female teacher patted his head affectionately and then greeted ye xiangnan from afar.

Ye xiangnan also smiled, and the female teachers blushed.

after all, president ye was a good-looking young master from a rich family, the kind that everyone liked.

Ye xiangnan got into the car and left.

He didn’t know that the matter of him and su mu getting their marriage certificate on the day of their child’s school had become a school classic.

It was quite embarrassing to hear rumors.

Ye xiangnan didn’t care about this. He held the steering wheel with both hands. He was going to go to the company directly because he had an important morning meeting this morning.

however, halfway through the drive, he suddenly turned around and returned to his villa.

He wanted to see if su mu was still there.

Aunt Chen was quite surprised to see his car drive back.”why did teacher come back?”

Ye xiangnan stopped the car and jumped out. I forgot something.

He walked upstairs, and as he walked, he suddenly remembered something. He asked casually, ”
“By the way, is su mu up yet?”

Aunt Chen finally caught the main point and coughed lightly. "Miss su left a long time ago!"

Ye xiangnan paused and turned around with a bad expression. "They left? so fast?"

he stood on the steps and asked softly, " "has she had breakfast?"

" how could i not entertain you? " aunt chen said calmly. " i've already eaten. i'm going back now. "

"this woman really is ..." Ye xiangnan was a little speechless. Why did he have to do this?

He let out a long breath and did not say anything else. He went downstairs and prepared to go to the company.

Aunt Chen didn't understand for a moment, so she asked casually, " "Sir hasn't taken his things."

"i don't think i've forgotten," ye xiangnan said in a low voice.

hence, aunt chen, the thing that she had forgotten was probably miss su.

eh, he's quite serious about it.

Chapter 4976: Men are all big pig trotters (1)

Aunt Chen understood that the thing she had forgotten was probably miss su.

Eh, he's quite serious about it.

in fact, although miss su looked ordinary, she was not ugly. moreover, she looked pretty good after dressing up that day, especially since she was very thin. wasn't being thin the trend nowadays? perhaps sir liked miss su's figure.

Right, he must like her figure.

ye xiangnan got into the car. when he started the car, secretary li called.

secretary li's voice was as sweet as ever, but ye xiangnan's voice wasn't so calm. " "what is it?"

...

from secretary li's experience, president ye's mood would not be good, and it was probably related to women.

There was an 80% chance that the newly appointed Mrs. Ye was not to his liking. That was the truth. A melon that was forcefully twisted would not be sweet. Didn't President ye know this?

Now that they had gotten their marriage certificate, they were forcing them to live together. Wasn't this forcing them? if it were her, she wouldn't be willing either.

secretary li's voice became softer and sweeter. she smiled and said, President ye, there's a morning meeting this morning. Also, manager Lin from overseas is back to report on her work. She has a flight in the afternoon.

"The morning meeting will be changed to the afternoon," ye xiangnan said, pulling his tie.

secretary li's voice was sweet but emotionless. " " but manager lin has to fly off in the afternoon. "

"am i the only one in the company?" ye xiangnan was in a bad mood.

Secretary li could tell that this was very, very bad, so he said in a low voice, " "there are a few vice presidents present."

ye xiangnan said emotionlessly, " then let her talk to the vice presidents separately. then, we will discuss it in small groups. i only want the result. "

when secretary li heard this, he thought, " how overbearing! how much does he look down on manager lin? "

how did manager lin offend president ye again?

In the past, didn't President ye treat manager Lin well?

This had changed.

men were really big pig trotters.

Secretary li hung up the phone and went to talk to Lin Lu. She didn't like Lin Lu to begin with, so she didn't want to embellish it. She just repeated ye xiangnan's words.

lin lu's carefully made-up face was a little disappointed and a little embarrassed.

She had thought that she would be able to see ye xiangnan today and explain to him what had happened yesterday. She had wanted to be more presentable and beat su mu, but ye xiangnan did not give her the chance.

Lin Lu was especially annoyed. She bit her lip and didn't speak for a long time.

"manager lin, the vice presidents are still waiting for you." secretary li coughed lightly.

Lin Lu wasted her time. She didn't want to go. She couldn't take this lying down.

after half an hour, secretary li came to her temporary office again and said that president ye had come over and asked her to report to him.

Lin Lu felt that she didn't wear this dress for nothing, so she immediately went to ye xiangnan's office. She always thought that there would be some private space, but there was also a Vice President and Secretary li in addition to ye xiangnan.

moreover, she didn't report to ye xiangnan directly. he was just listening. the vice president didn't treat her politely and pointed out some bad things directly. because of his high position and power, his voice was strict.

ye xiangnan didn't criticize him, and just did his job.

After the report, Lin Lu hid in the toilet and cried.

secretary li heard this from outside and sighed again.

Men were all big pig trotters.

How confident was Lin Lu in herself? a man like president ye, what kind of woman had he not seen?

Chapter 4977: All men are big pig trotters 2

Secretary li sighed as he washed his hands.

Lin Lu's eyes were red when she came out. Secretary li looked at her but didn't say anything.

After washing his hands, he left.

Lin Lu knew that this woman would definitely go to the company to promote her.

she gritted her teeth, but she couldn't do anything to secretary li.

Lin Lu had been in the workplace for a long time, so she knew her own limitations. Although Secretary li was just a Secretary, she was definitely more important than herself in President ye's heart. An overseas person-in-charge could be nurtured at any time, but a Secretary that suited her heart was not always available.

...

especially since this secretary was in cahoots with president ye.

lin lu knew it all too well, so she didn't dare to do anything even if she was angry. she only went to the overseas area to lose her temper. little did she know that the women there were not to be trifled with. when they found out that she had been transferred overseas, she was secretly demoted. In fact, she was not very embarrassed in front of President ye. If she really cared about it, she would not be willing to let it go overseas.

Besides, President ye had just gotten his marriage certificate yesterday.

Family was still the most important thing for big shots. This had always been the case in rich families.

Lin Lu didn't vent her anger, but she had a stomach full of fire, which was particularly uncomfortable.

However, she still had to fly in the afternoon.

Before the flight, Lin Lu was holding her phone in the VIP lounge. She wanted to call ye xiangnan, but in the end, she held her phone for a few minutes and didn't dare to make the call.

she got on the plane when it was about to take off.

starlight headquarters.

everyone knew that president ye was in a bad mood.

Everyone felt strange. Didn't they just receive the candy yesterday? why was her face so dark now?

Secretary li had always been the focus of Starlight's cultural output. From what she had heard, everyone in Starlight knew that the newly appointed Mrs. Ye didn't really like President ye.

sigh. she sighed at su MU's insensibility. This was a wealthy family that many women dreamed of.

Did she not know about President ye's assets?

But on the other hand, everyone admired her a lot. One must know how much courage it took to reject President ye's overwhelming wealth.

if it were them, president ye could do whatever he wanted. what was self-esteem and self-respect!

ye xiangnan was in a very bad mood in his office. the afternoon meeting was even more chaotic, and the atmosphere in starlight suddenly became even more depressed.

Secretary li, who was in charge of the media, was also bombarded by President ye. Secretary li felt quite aggrieved. She had tried her best to control her mouth.

he couldn't control her, but he couldn't blame her.

However, not only did Secretary li empathize with her boss's bad mood, but her days were also not good.

president ye obviously wanted to see miss su now.

In fact, Secretary li didn't know how miss su had attracted President ye. She didn't like him very much, but she just wanted to conquer him.

as a woman, she felt some sympathy for him, but at the same time, she was his secretary.

president ye had just sent her a red packet, so she had to share her worries.

hence, secretary li looked at president ye and coughed lightly. " President ye has just collected the marriage certificate. Is there still something that hasn't been settled? for example, some agreements that haven't been signed yet? "

ye xiangnan was flipping through some documents. he raised his eyes and looked at secretary li.

Secretary li blinked. didn't we sign a prenuptial agreement the last time? but it's invalid now. We've collected our marriage certificate this time. Do we have to sign it again? "

Chapter 4978: men are all big pig trotters 3

"not bad." ye xiangnan put down the golden pen in his hand and said,"I forgot about the prenuptial agreement. It's time to prepare."

secretary li thought to himself, how forgetful was president ye to have forgotten about this? they say that beauty can ruin the country, but miss su is not that beautiful either. however, miss su's temperament is still particularly good after dressing up.

it was a rare good.

one's temperament was very particular. some women might not even have the slightest temperament after cultivating for a lifetime. however, some people were born with it, and su mu was obviously one of them.

god did not give her a good appearance, but he gave her a temperament. this could be considered compensation.

Secretary li was quite clear about this. She also felt that su mu was very clear-headed. A man like President ye had no woman other than Qin yihuan in the first thirty years. He was also sincere to Qin yihuan. However, they did not get married and his sincerity was fed to the dogs. Later on, he did not care anymore.

...

at the moment, he was merely interested and curious about su mu. besides, he had conquered him. it was impossible to say that he liked su mu very much.

as soon as secretary li said that, ye xiangnan agreed. secretary li smiled and said, " " president ye, i'll inform lawyer chen to prepare the documents. "

ye xiangnan nodded.

he was going to call su mu himself.

but secretary li suddenly remembered something. ” by the way, President ye, lawyer Chen is not feeling well this morning, so he didn’t come to the office.

“is elder chen alright?” Ye xiangnan was quite concerned. Lawyer Chen was not only a founding member of the company, but also his elder. He had a very good relationship with his grandfather.

Secretary li smiled. I’ve already called. It’s just a normal cold with a slight fever. It should be fine.

ye xiangnan was relieved. then, he casually flipped through the documents in his hand. then let lawyer Shen come over. He hasn’t left his job yet, has he? ”

Secretary li secretly rolled his eyes-

wasn’t president ye going a little too far?

However, ye xiangnan didn’t think that he had gone too far. He felt that it was only right. Of course, he had to see his own wife. He wouldn’t be happy if he had an ambiguous relationship with that guy surnamed Shen.

He would take advantage of this opportunity to make them give up on this idea completely.

Secretary li went out to handle it. He made a call to su mu casually and asked her to come to the company to sign.

since it was related to the shares of starlight, su mu avoided suspicion. he knew her bad temper well and was not afraid that she would not come.

As expected, su mu said that he would be there soon.

ye xiangnan was in a good mood after the phone call. he even patrolled the floor.

The whole Starlight could be seen, and President ye's mood improved.

secretary li knew that she wanted president ye to relieve his boredom today, but she didn't want to offend su mu. could she watch the scene later?

Even a blind man could see that lawyer Shen and su mu had not forgotten each other and had to sign the papers on the same occasion.

Secretary li went to inform him. Sure enough, lawyer Shen's eyes were filled with deep thought.

After a moment, he just smiled. "Indeed, President ye always does as he pleases."

Only people who didn't consider a person's feelings would do this. If it were him, he wouldn't be able to bear it.

Ye xiangnan didn't want su mu to like him, but to submit to him, or to be happy to see su mu happy.

It was quite childish.

But at the same time, he was also quite selfish.

Love, there was absolutely no such thing.

Chapter 4979: Yes, I'm jealous of him (1)

secretary li sighed,"lawyer shen, do you have any problems here? if you don't want to go, you can just say that you're sick and ask for leave." There are so many lawyers in Starlight, someone will definitely be able to handle this."

in fact, it was just a formality. with su mu's temper, even if the entire starlight entertainment was in front of her, she would probably not look at it. secretary li heard that wen yuan liked su mu very much, probably because of this.

in any case, it was impossible for her to treat money like dirt.

I'll go, " Shen Wenxuan said, shaking his head.

it was embarrassing for su mu. besides, ye xiangnan was targeting him. if not today, there would be a future. he wanted to let him know that su mu was ye xiangnan's wife.

there would always be a day like this, not as good as today.

...

There would always be someone who saw su mu signing, but not him.

Shen Wenxuan continued with his work and said, " "if su mu comes over, just call me through the internal line."

He still called her su mu and was unwilling to call her Mrs. Ye.

Su mu was unwilling to admit his identity, so why should he make a fuss about it?

secretary li felt that she had let lawyer shen down. she coughed lightly and said,"lawyer shen, i'm going out now. i'll call you later."

shen wenxuan looked up and smiled as he watched ye xiangnan's favorite leave.

Yes, she was a popular person. Secretary li was able to stay by President ye's side, who had a bad temper. Naturally, she had her own merits.

This outstanding point was not that she was very charming, but that she liked the same thing.

Secretary li returned to his secretary's office, poured a cup of herbal tea, and drank a big cup.

The second Secretary came over and whispered, " "What's wrong? Did President ye scold you, sister li?"

Secretary li glanced at her and said, "little brat, do I look like such an insensible person?" Can't you see that President ye's mood is so good now?"

"That's true," the second secretary mumbled to himself, then asked, " "sister li, what did you do? president ye is really hard to please. i haven't seen him smile much in the past six months. "

Secretary li rolled his eyes at her and said, "coax?" only a woman like lin lu needs to be coaxed by president ye. i'm just playing along."

the second secretary was quite interested and asked her what she wanted to do, but the content was a little dirty.

secretary li was a little annoyed. " it's a little mean. it's better not to mention it. anyway, president ye is happy, but someone is not. "

In the future, su mu would not let her off easily.

only god knew how hard it was to be a secretary.

It was a sandwich biscuit.

after more than half an hour, su mu came over. secretary li received him and asked the second secretary to inform lawyer shen that miss su had come.

ten minutes later, shen wenxuan and su mu met in ye xiangnan's office.

the scene was quite ... so, the two of them didn't say much.

on the other hand, ye xiangnan was in a good mood.

after last night's events, su mu was so disgusted with him that he left early in the morning.

She was extremely unwilling to see him now, and she did not expect him to let Shen Wenxuan handle this matter.

su mu didn't come to sign but to explain.

"mr. ye, ye jie has already gone to school. if it's convenient for you, we can change our marriage certificate today. " She could be considered to be in a good mood.

In order for ye Jie to go to school, she had gotten married twice. Although she had already given birth to a child and had lost her reputation long ago, she still had a child.

Ye xiangnan sat on the sofa and said lightly, " it's not that convenient. Other than the nursery, there's still primary school, secondary school, and University. They all need a household register.

Chapter 4980: yes, i'm jealous of him 2

Su mu was furious. He was such a rascal. She didn't understand his intention before, but she was clear about it after last night.

"You'll get married one day," su mu said in a low voice, pursing his lips.

"aren't we married? And you want to push me to someone else?" ye xiangnan laughed frivolously and teased her on purpose.

seeing that she could not utter a single word in front of shen wenxuan, he felt inexplicably happy.

So what if she was his first love? she was his wife now. How could Shen Wenxuan say that their marriage was fake?

shen wenxuan was from the legal team, so he knew that the marriage certificate was the real one.

...

It was much more than first love.

Only an idiot like su mu would believe that a nursery needed a marriage certificate.

which school did the ye family want to attend? did they need to use their marriage certificate?

Su mu couldn't take it anymore after ye xiangnan finished.

it didn't matter if she was embarrassed, but shen wenxuan didn't need to accompany her.

Shen Wenxuan was working at Starlight entertainment, and everyone in Starlight knew about her and ye xiangnan. She didn't want Shen Wenxuan to be pointed at and gossiped about because of her.

she had already let him down when she left without saying goodbye back then. she did not want to embarrass him again.

Didn't ye xiangnan want to sign it now? she would sign it.

Su mu took the pen and pursed his lips. where do you want to sign? I'll sign.

Ye xiangnan's eyes fell on her face. After a while, he smiled and said, you have a backbone. Sign all the documents here. Lawyer Shen will handle them after you're done.

su mu glanced at him, but he didn't dare to look at shen wenxuan. he lowered his head, flipped through the pages, and signed his name.

She wrote very quickly, as if she was unwilling to see a single word clearly.

actually, having an extra marriage certificate didn't affect her much. she didn't want to get married for the time being.

She was certain that President Nan would want to get married one day and he would let her go when he was tired of her. She knew what su mu looked like.

Su mu raised his eyes after he signed the agreement.

"His attitude isn't very good." Ye xiangnan said to Shen Wenxuan politely, " lawyer Chen's health isn't too good, so I'll leave the legal team to you. Also, go and see lawyer Chen after work. After all, he's your teacher and he's been taking care of you.

He thought for a while and suddenly said, " also, lawyer Chen will retire next year. I hope you can take over the legal team. The annual salary will be satisfactory. You can think about it.

"i'll consider it, president ye," shen wenxuan replied with a smile.

he took the documents, stood up, and left.

however, when he opened the door, he turned around and took a look at su mu.

su mu lowered his eyes and said nothing. she didn't want to embarrass him in the company.

After the door was closed, su mu looked at the door and was lost in thought.

ye xiangnan walked to the wine cabinet and poured himself a glass of brandy. he took a small sip and then smiled."don't look anymore, they've all left. If you want to see her, be Mrs. Ye. I'll arrange a position for you in the company. If you come here every day, you'll be able to see old Qing, right?"

Su mu felt that he was bored and turned his head. "such sour words don't seem like something mr. ye would say."

ye xiangnan smiled again. he put down the cup in his hand and walked over to her. he put his hands on both sides of the sofa.

the distance between them made her feel uneasy.”Thinking of the South at night, what do you want to do now?”

He still had a careless smile on his face as he reached out his long and beautiful finger to hook her chin.
