Chapter 4991: The sudden gentleness (4)

as her memories slowly came back, her face turned pale.

at this moment, the door of the master bedroom opened, followed by ye xiangnan's voice, " "You're awake? I have to go to the company later. Don't you have to go to the news agency? I can send you there, but you have to get up now."

As he spoke, he raised his hand to look at the time."You only have twenty minutes."

su mu sat on the bed and looked at him.

Ye xiangnan laughed, are you secretly laughing again?

su mu looked a bit dazed and confused.

...

In fact, he even felt a little regretful.

Seeing her expression, ye xiangnan's mood suddenly turned bad.

He put his hands in his pockets and looked down at her. "do you regret it?"

Su mu hugged the blanket and said, it's too late for regrets.

ye xiangnan's mood improved a little. he looked at her and said, " you've already given birth. this kind of thing is normal. "

he thought for a moment and specifically instructed,"I don't need to take medicine."

su mu had tried his best to convince himself to forget about it. however, she felt embarrassed when he said that. she pursed her lips and didn't say anything.

ye xiangnan's voice softened a little, " get up and have breakfast. there are clothes suitable for you in the closet. "

he probably wanted to give her some space, so he turned around and went downstairs.

of course, he was not in a good mood.

After the door was closed, su mu let out a long breath. She calmed herself down for a while before going to the bathroom.

he turned on the cold water and splashed it on his face.

Although she had fallen asleep last night, it was not right to say that he had taken advantage of her or that it was one-sided.

su mu patted his own face. " men are misleading. "

how could she be like this? was she like the other girls in the restaurant? did she actually like his appearance? did she just reveal it at the critical moment?

su mu gritted his teeth and washed his face. he changed his clothes and went downstairs.

ye xiangnan had finished his breakfast and was reading a magazine on the sofa.

When she came down, he only raised his eyes slightly and said in a low voice, " "hurry up and eat your breakfast. we'll be leaving in a while."

su mu wanted to say something, but he didn't say anything when he saw aunt chen standing aside.

she smiled at aunt chen as a greeting, and aunt chen was particularly friendly.”madam, it’s time for breakfast. i made chinese porridge and noodles, as well as a variety of side dishes. you can have whatever you want.”

Su mu didn’t like her calling him Madam, but he didn’t correct her. She just wanted to finish her meal and get out of here.

“i’ll have some porridge,” he said softly.

aunt chen was all smiles.

sir and madam are fine like this. this is how a normal couple should be.

although she didn’t know why sir suddenly brought madam back, and why they came back so late, it was obvious that the young couple had a good relationship.

aunt chen felt that she was also a little happy. perhaps sir and madam were going to hold a wedding soon.

Under aunt Chen’s gaze, su mu felt even more pressured. He finished his breakfast quickly and stood up.”I’m done,”

ye xiangnan folded the newspaper, took his car keys, and waited for her in the car.

su mu walked away quickly, and aunt chen still called behind him, ” “Madam, please slow down.”

this has to be done slowly. if madam gets pregnant again, it’s not that she’s overthinking it. madam is young and seems to get pregnant easily.

It had to be said that aunt Chen was really overthinking.

after su mu got in the car, he said in a soft voice, ” “Mr. Ye, I have something to tell you.”

ye xiangnan started the car and said, ” “you’re still calling me mr. ye?”

Chapter 4992: Let's be a real couple (1)

after a moment of silence, su mu said, "just pretend it never happened. it was just an accident."

"it never happened? an accident?" Ye xiangnan didn't repeat himself until the car had left the villa.

His voice was somewhat mocking, and he even took the time to look at her.

Su mu sat beside him quietly and said, "what else?" What else is there?"

Ye xiangnan was a little annoyed ...

did she not feel anything at all?

...

did he not have the looks or the figure, or was there something else that she was not satisfied with?

He thought that he was superior in every aspect, and su mu was the only one who was indifferent to him.

where did she get her confidence from?

the car suddenly screeched to a stop. he turned his face and gritted his teeth. "su mu, are you heartless?"

She didn't make a sound.

Ye xiangnan was really angry. He wanted to leave her by the roadside, but that would be very ungentlemanly of him. Besides, he had indeed taken advantage of her.

she didn't do it voluntarily or on her own initiative. although she did try to decline, she always took advantage of others when they were down.

with that thought, he felt a little better and started the car again.

after a while, su mu turned his head to look at him. he felt that his mood was fluctuating between good and bad.

is she going through menopause?

She was a little suspicious.

therefore, su mu said very carefully, "ye xiangnan, you don't have to endure it."

"I didn't put up with it last night." his voice was a little cold.

what was this woman saying? he dared to guarantee that what she was going to say next would not be pleasant.

As expected, su mu said, "I don't care about the women outside. After all, our marriage is fake.

"who told you that our marriage is fake?" ye xiangnan's tone was even worse. he looked at her and said, "have you forgotten about last night?"

su mu didn't say anything.

He didn't dare to make a sound.

She was a little afraid of daydreaming like this. She didn't know what he wanted. If it was just an obligation, she would have done her best, but he was still saying strange things.

she didn't want to be a real couple with him because they were from two different worlds. she didn't love him because she didn't have feelings for him.

su mu didn't want to force himself.

Also, she felt uncomfortable about Shen Wenxuan's matter.

ye xiangnan's role in this was not very glorious, and she always felt a little uncomfortable in her heart.

Her silence represented her attitude.

Thinking of the South Pole smiled lightly. He could probably guess what she was thinking.

"I can give you some time." He spoke rather heartlessly, "think about ye jie. i can't keep it with my mom forever."

he paused for a moment. "my parents didn't have a good relationship in the past. later, they gave birth to ye hui. aren't they doing well now?" su mu, not every relationship has a perfect start. you're rejecting me. perhaps you already like me, but you're rejecting me. "

then he frowned. "is it so difficult to admit that you like her?"

Su mu was speechless. Ye xiangnan was absolutely confident and narcissistic. He had thought of everything for her.

if he had experienced what she had done, he would not have easily said that she liked him.

ye xiangnan didn't give her a good life.

it was a painful experience. su mu planned to start over. ye xiangnan was not in her life yet. if he wanted to tie them together with a certificate, she would not be willing to.

Her weapon was silence.

ye xiangnan didn't force her. he left her at the entrance of the news agency and left.

Chapter 4993: Let's be a real husband and wife 2

Su mu got out of the car and went upstairs. She took out a small mirror from her bag and tidied herself up. Unexpectedly, she found that her wallet seemed to be full.

he was stunned and then opened it.

There was a thick stack of about four to five thousand Yuan inside.

She recalled how Xiang Nan had looked at her when she paid the bill last night. He had even said that she was pitiful.

Su mu pursed his lower lip and stared outside for a long time. He felt a little strange.

She reported to the news agency that Wen Yuan was familiar with the society here. However, the society was not that big, and everything was decided by the chief editor.

...

The chief editor's name was Zhang fucai, and people called him uncle Cai.

he was quite polite when su mu went over and assigned her to the social news team.

after that, zhang fucai personally led her outside, pointed to her seat, and introduced her to her colleagues, " we have a new colleague today, su mu. You can call her little su from now on. She's new and inexperienced, so you should guide her more.

as he spoke, he pointed to a middle-aged woman in her forties. this is sister Hong. You can learn more from her in the future. If you don't understand, just ask. This is little Wen, who is considered half a newcomer. You should get along well with her in the future.

For the editor-in-chief to introduce her so seriously, she must have a strong background.

xiaowen immediately understood. after the chief editor left, the chair turned around and her voice was a little low.”su mu, do you work for the chief editor or the president?”

Su mu didn’t understand. He sat down and looked at Xiao Wen.

at this moment, sister hong coughed and said in a stern voice, ” the chief editor’s people, the president’s people? no one’s people are useful here. You have to have professional skills. Have you done what I told you to do, Xiaowen? ”

Xiaowen stuck out her tongue. yes, sister Hong. I’ll do it immediately.

sister hong shook her head. ” the club only has unreliable connections. ”

then, as if he had just noticed su mu, he said, ” “you, what can you do?”

No. su mu shook his head. I’ve never been in contact with it before.

sister hong’s expression was even worse. as she looked through the information, she casually asked, ” “which university did you graduate from?”

“i was in my second year at B university.” su mu said softly.

at this moment, sister hong turned her head and looked at her in surprise. ” tea? dropping out of B university? su mu, are you joking? How did you get yourself killed?”

Su mu didn’t know how to answer.

Sister Hong sized her up again.”are you married?”

In fact, su mu looked quite young, but sister Hong felt that he had a womanly look in his eyes.

Thinking of the marriage certificate and the child, su mu nodded. "he's married. the child is four and a half years old."

As soon as she finished speaking, the people in the office looked at her in horror.

su mu, how old are you? " little Wen asked weakly, " your child is already four and a half years old. You're pregnant when you're just an adult? "

su mu didn't want to say ye xiangnan's name. besides, it wasn't a very honorable name.

she lowered her voice. " the child is legal. "

There was still no sound in the office, and the people were looking at her with strange eyes.

However, sister Hong broke the silence. why do you care if they have children or are married? business is the most important here. Whoever can't do it, get lost.

for sister hong to be able to say such words, she definitely had some confidence.

She led the new society team and was originally an unpopular choice. However, sister Hong was extremely capable and had the reputation of being The Iron Lady in the industry. Not to mention the chief editor, uncle Cai, even society thought highly of sister Hong. Without her, the sun daily couldn't do without her.

Chapter 4994: let's be a real couple (3)

After sister Hong spoke, no one dared to criticize su mu to his face.

however, they had to talk about it for a while after dinner.

Su mu didn't care much about it. She had to face it eventually.

She didn't have a college degree and was the mother of a four-year-old child at the age of 23. This was easy to criticize, but she didn't steal or snatch, so she didn't feel inferior.

xiaowen, who was sitting beside her, was quite easy-going. she secretly glanced at sister hong and whispered, " "su mu, sister hong is fierce but she's a good person with principles. you can learn a lot from her. just be mentally prepared that you won't be able to survive under her."

she pursed her lips and said in a low voice, "i hate you!" The editor-in-chief had a lover in the entertainment section who was sister Hong's arch-enemy. This lover wanted to get rid of sister Hong, but he couldn't. The editor-in-chief might look a little frustrated, but he was a very smart person. su mu, this news agency is complicated. don't pick sides so easily."

...

Su mu gave a faint smile.

After Xiaowen finished speaking, she was satisfied and felt like a senior.

at this moment, sister hong came over again. the sound of her high heels was crisp.

she walked over and threw a stack of files in front of su mu. " this is the first half of the year for the new society. Take a look and ask if you don't understand. You have to get started as soon as possible.

alright. su mu received it and nodded. sure, sister Hong.

Sister Hong walked towards her, but after a few steps, she turned back. by the way, I'm going on a business trip in a few days. Come with me. Don't pack too much. We're going to work. A female reporter is not an actress, you know? "

Su mu was stunned. She didn't know that she had to go on a business trip to work.

"I applied to B University Media," she said after some thought.

sister hong didn't think much of it. " is a diploma that important? you're already working. su mu, remember this. society is the best university. you can decide for yourself whether you want to go on a business trip with me or stay here to be a typist. "

she would give him a chance, but she didn't want him to be someone who would always be in a situation.

Su pursed her lips. can you give me some time to think? "

Although sister Hong was strict, she wasn't an unreasonable person. She smiled and said, " you only have one chance, and it's only given to those who are prepared. think about it. "

su mu smiled.

turning her head, xiaowen coughed lightly. " think about it. actually, it's not bad to be here and type for a while. if you have a strong background, you can earn eight to ten thousand a month. you don't have to work so hard. you know what sister hong's nickname is, she's called the desperate three niangzi. "

Su mu looked at her.

"he's so old, but he's not married." xiaowen said in a low voice, " don't look at her. she's quite rich. the new society isn't like the entertainment industry, but sister hong is very experienced and has a lot of connections. many people want resources in her industry, but sister hong is not to be trifled with. she doesn't leave her trusted aides behind. "

Su mu nodded.

Xiaowen was busy with her own things again.

In The Sun newspaper office, those who could work for sister Hong were all strong men, and strong men were meant to die in battle.

xiaowen felt that smart people knew how to choose. it was good to retire at the newspaper office. besides, it was many people's dream to be able to get a job at B university media!

However, she did not expect su mu to make such a choice.

su mu contacted B university and changed it to a free course. they could only attend the exams if necessary.

After she had made this decision, she still had to let Wen Yuanye and xiangnan know. After all, if she went on business trips often in the future, they would have to take care of ye Jie.

Chapter 4995: Let's be a real couple (4)

She was also a little reluctant, but she felt that sister Hong was right. Society was the best university. She wanted to seize this opportunity to learn from sister Hong.

After work, she went to Wen Yuan's place and ye Jie had already picked her up at the villa.

Wen Yuan treated su mu as his wife. Firstly, they had registered their marriage. Secondly, he liked su mu very much.

After su mu told her about it, Wen Yuan unexpectedly agreed. "that's good, you have a lot of ideas."

Su mu was surprised and smiled. "Auntie, I thought you wouldn't agree."

why not? Chen Hong is very famous in the industry. You just need to learn from her. Besides, she's an upright person, so I'll be very assured if you follow her. Wen Yuan suddenly remembered something. I forgot to tell you. She used to be a paparazzi. Later, she couldn't stand the darkness in the entertainment industry and went to shexin.

...

Su mu was even more surprised because sister Hong was full of righteousness. He really couldn't tell that she had been a paparazzi before.

wen yuan patted her hand. ” there’s no such thing as a hero’s origins. you’ll be a great reporter in the future. ”

Actually, su mu wanted to be a female live streamer more. It was not because he wanted to be in the limelight, but because he liked her.

She did not tell Wen Yuan that she wanted to rely on herself and take things one step at a time. She had told him that Wen Yuan would definitely help her lay out all the roads.

After a few words, it was dinner time. Ye xiangnan also came.

su mu said that he was going to leave, but wen yuan did not allow her to leave. ” miss nan will not eat you up. why are you running? ”

the old mother was just saying it casually and didn’t think about it in any other way.

However, su mu took it to heart and his face immediately became hot.

Ye xiangnan glanced at her and sat down at the dining table.

fortunately, wen yuan did not notice her. as a grandmother, she was concerned about whether her precious grandson was eating well and whether he was enjoying his meal.

Su mu was touched to see Wen Yuan taking care of xiangnan.

She ate silently. Wen Yuan noticed that she didn’t eat much, so he looked at his son, ” ” didn’t you say that your wife is sick and that you won’t take care of her? su mu is so skinny. he needs to gain some weight. ”

su mu felt embarrassed, but he couldn’t refute her, so he forced a smile.

A piece of pork rib fell into her bowl, and then ye xiangnan said in a calm voice, ” “he’s too thin.”

su mu's face became even hotter.

He was thinking about what happened last night.

Wen Yuan finally noticed her blushing face and frowned. "What's wrong with you, child? why is your face so red?"

as he said that, he reached out and touched it.

"Is it because you haven't recovered yet? it's very hot," she said worriedly.

Ye xiangnan chuckled.

Su mu just buried his head in his food.

wen yuan was also an experienced person. he understood after being stunned for a moment.

After that, the atmosphere became rather awkward. Ye mu Bai glared at his wife fiercely.

this meddlesome person.

Wen Yuan felt a little innocent too. How could she have expected her son to act so quickly? didn't he say that he was sick? why did he do it again?

Her mother's gaze became indescribable.

ye mu bai glanced at his wife. " he was right, he was a beast.

As her father, he could see through her little thoughts.

after the meal, su mu was too embarrassed to disturb her. she could not treat herself as a member of the ye family.

wen yuan did not ask him to stay. she wanted to give the young man a chance to be alone with her. hence, she gave her son a look.

nan chen was a little annoyed at the thought of it, but he still had some manners.

“I’ll give you a ride,” he said as he took the car keys.

Chapter 4996: Let’s be a real couple (5)

Su mu wanted to refuse, but ye xiangnan insisted.

Wen Yuan also said gently, ” let xiangnan send you home. It’s getting late. There are no public buses outside and it’s hard to get a taxi. Xiangnan has to go back too. It’s on the way.

Wen Yuan knew that it was not going well.

however, for the sake of her son’s convenience, she had to lie through her teeth.

Su mu couldn’t refuse anymore. She found that everything had changed after she and ye xiangnan got their marriage certificate.

There were some things that she had already thought of, but they were still different.

...

she and ye xiangnan were now inextricably linked, and it was no longer the same as before.

su mu followed ye xiangnan into the car. when the car was about to start, ye jie ran over again.

The little one was reluctant to part with her. She buried herself in su MU’s arms and said in a soft voice, ” mom, I want to sleep with you.

su mu was also reluctant to leave the little fellow, but it was not good for her to stay here either.

Wen Yuan would not be unhappy, but she could not always trouble others.

After all, she and ye xiangnan weren't really husband and wife, and she couldn't treat herself as an outsider.

He reached out and touched ye Jie's hair. Ye Jie's hair was soft, just like him.

"listen to grandma," su mu said softly. "okay? i'll take you home for two days when i'm free."

Ye Jie nodded obediently and stayed in su MU's arms for a long time.

su mu lowered his head and kissed him. ye jie then ran away shyly.

Su mu was quite reluctant to part with the child. The child had been with her since she was born.

But now, she had to send him to another place. Ye Jie was not there, and the surroundings were empty.

The door was closed, and ye xiangnan started the car. After a while, he smiled and said, "you can come here every day if you want to see him. My parents won't find it annoying to stay here. Su mu, you're the one who treats yourself as an outsider.

"Don't say that this good intention comes without a price." Su mu turned his face to the outside of the window.

The night was very cold, and fog formed on the car window.

Su mu drew a picture of Tong Jiong looking at her in a daze when he turned around.

He turned around and focused on driving.

After a while, she spoke again, " you can think of it in a simpler way. We just want to give ye Jie a complete family, or a beautiful childhood.

su mu didn't believe it.

After being with him for so long, she more or less knew his bad habits.

After Lin Lu's incident, she no longer trusted him.

It was the privilege of the young masters of the rich and powerful to put on an act.

she didn't plan to fall in love with him. even if there was something between them, it didn't mean that she would fall in love with such a person.

She was ordinary, but she also had the right to be happy.

If she couldn't be happy, she would choose to avoid misfortune.

it was unfortunate to fall in love with a man who liked to put on an act.

Su mu was clear-headed and not that stupid.

Ye xiangnan's car stopped in front of the red light. He looked ahead and said to su mu, " " you're so against marrying me. is it because you want someone to marry, shen wenxuan? "

" i forgot to tell you something. shen wenxuan went on a blind date arranged by shen wenyuan. also, he agreed to stay in starlight entertainment, " he said.

as he said that, he turned his head and looked at su mu quietly. " "Do you know what this means?"

su mu pursed his lips and didn't say anything for a long time.

ye xiangnan said softly and cruelly, "It means that he has given up."

Su mu turned his head, and tears welled up in her eyes.

Chapter 4997: Do you love me?(1)

For some reason, ye xiangnan avoided her gaze.

he didn't want to see her. he didn't want to see his wife sad or even cry because of another man.

in the end, he drove back to his villa.

Sitting in the car, su mu was both surprised and shocked.

"I think of the South at night." She turned her face, her eyes slightly red.

ye xiangnan unbuckled his seat belt. " stay here for the night. i'll sleep in the guest room. "

...

Seeing that she still wanted to say something, he suddenly became a little angry. "are you that sad? how long has it been since you last saw shen wenxuan? Su mu, we both have a son and we've registered our marriage. Do you think I'll let you be with another man?"

"thinking of the south at night, you're dominating." Su mu reminded him coldly, " don't make yourself sound so affectionate. We've tried. Lin Lu's incident told me that we're not suitable for each other. Two people with different views can't live together.

" you and shen wenxuan share the same values. then why did you come to my room back then? " su mu, " ye xiangnan said coldly, " don't make yourself sound so innocent and pure. If you didn't go to the wrong room back then, we'll be fine now. Our life won't change.

su mu was stunned for a moment, then he said softly, " "That's right. So, is the price I paid not enough? ye xiangnan, ye jie isn't a fake. i gave birth to him, a child born alone in the hospital."

” so what if i did like shen wenxuan? ” her eyes were slightly red. ” do you think you can bully me just because you like him? ”

he looked at her red eyes and his heart skipped a beat, but he quickly said coldly, ” “Have you ever liked him? you still like him, Hanhan?”

as he spoke, he reached out and held her chin. he narrowed his eyes and said, ” “don’t tell me that i bullied you yesterday. su mu, you’re not a kid anymore. don’t you know what happened?”

su mu turned his face away in embarrassment and didn’t want to talk to him.

however, ye xiangnan didn’t want to let her go. ” why aren’t you talking? i know what you’re thinking, right? ”

su mu bit his lip. ” i don’t know what you mean. ” he said.

“It’s exactly what you’re thinking.” he moved his handsome face closer to her, and they were very close.

su mu turned his face away, but he wouldn’t let her.

” su mu, isn’t it good to marry me? you can have everything you want. you don’t need to work for any newspaper company. i can give you all the respect you want. ” He said in a low voice, as if coaxing.

su mu’s eyes gradually widened. they were too close to each other, and she couldn’t escape from him.

in the narrow car, the atmosphere was suffocating.

su mu suddenly calmed down. ” missing nan at night. do you love me? ” he asked.

his fingers tightened. her chin was in great pain, but she endured it and didn’t say anything or cry out in pain.

Ye xiangnan stared at her for a long time before he said in a low voice, ” “you want me to love you, su mu, don’t you?”

“no.” She looked straight into his eyes. I mean, if you don’t love me, these actions are ridiculous. I have my own life. I’m not someone you can play with for a while.

“Someone to play with?” Ye xiangnan narrowed his eyes.

she really dared to say that.

he would take care of someone to play with. he would take her to eat in the middle of the night and coax her to eat more.

He had even suffered two slaps from her.

But now, she was saying that he was just having fun.

Chapter 4998: do you love me? 2

It was true that he didn’t have any expectations for marriage, and he did have other women outside, but he never treated her as a woman he could play with.

Thinking of her at night, Nan Yan suddenly let go of her hand and looked at her with a cold expression.

“if that’s what you think, then that’s good,” he said softly after a while.

He slowly fastened his seatbelt again and said coldly, ” “fasten your seat belt.”

su mu was in a daze for a moment. his car had already started.

The car was driving very fast.

...

su mu fastened his seat belt. his hands were trembling.

her face had also turned pale from the speeding car. she grabbed the handle above her and said in a weak voice, "slow down."

Ye xiangnan ignored her, but the car slowed down after a while.

The atmosphere in the car was very depressing. Su mu had no idea why he was so angry.

but she didn't want to know, nor did she want to explain.

When they arrived at her place, the high-performance sports car screeched to a stop.

ye xiangnan sat down, his voice still cold."get out of the car."

Su mu put his fingers on the car door and was about to get off.

"you can be with whoever you want in the future," ye xiangnan said.

su mu's heart was still beating violently. he turned around.

Ye xiangnan's face was noble. that's all. Miss su, please get out of the car.

He looked like a gentleman who was afraid of being pestered by a woman, which made su mu feel embarrassed.

she opened the car door, but her feet still swayed a little when she landed.

he had just gotten out of the car when his car drove away.

su mu, on the other hand, ran to the roadside and vomited some kasaya.

ye xiangnan didn't go back to the villa. instead, he chose a bar with a good atmosphere and spent half the night there.

of course, an outstanding man like him would have women throwing themselves at him at any time. he did not refuse and half-pushed and half-drunk with them.

as for what happened after that, no one knew. in short, the scene of them drinking face to face was captured and even made the headlines of major entertainment news.

su mu only found out about it after he went to work. there was an entertainment magazine in the sun daily, and the headline was about starlight's president's affair last night. he was leaning against the bar counter with a very beautiful and enchanting woman in his arms. the woman was holding a glass of wine in her hand and was almost sitting on his lap.

The other photo was taken in the corridor. It was dark and gloomy. The woman was leaning against the wall and the man had one hand on the wall. Su mu had seen ye xiangnan's clear and bright eyes before.

she stopped reading and closed the newspaper.

su mu? " Xiao Wen came over and asked, " su mu, you're reading this too? "

Su mu forced a smile. entertainment gossip.

xiaowen's eyes were filled with envy. " i heard that president ye is super good-looking in person. many women in the entertainment industry are willing to contribute for free. however, president ye doesn't just accept anyone. "

Su mu looked at her.

xiaowen smiled. " it depends on my mood. or maybe it's to my liking. all rich men spend. "

She continued, " I heard that he's married. It's a secret marriage. He even has a son who's only a few years old. The girl's not very pretty, so President ye would hang out outside.

"you know so much." su mu's smile was even more forced.

"he's a celebrity." xiaowen chewed on her gum. " rich men never only belong to their wives. when their wives get married, they're already prepared. i think mrs. ye must have turned a blind eye. how can a man like president ye control him? "

Su mu looked at Xiao Wen and asked, 'why should I turn a blind eye? Isn't loyalty a basic rule in a marriage?'

little wen's eyes widened, and she gave su mu a look of " you're so naive ".

Chapter 4999: Do you love me? 3

Little Wen's eyes widened, and she gave su mu a look of " you're so naive ".

" su mu, don't get it wrong. ye xiangnan is the president of starlight entertainment. he married a mediocre wife. is it possible for a man like him to stay with his wife for the rest of his life? "

Xiaowen's expression was exaggerated.

She thought that su mu was inflexible and inflexible, but su mu nodded his head in understanding.

"I think so too,"

Xiaowen's mouth was wide open, and she only spoke after a long time. " it's good that you think so. i thought you were particularly old-fashioned. "

"Why?" Su mu asked softly.

xiaowen smiled and said in a low voice, " I'm guessing that your child won the lottery on the first try. It's old-fashioned to insist on giving birth to the child. People nowadays are so fashionable to say that.

...

Su mu shook his head and said nothing more.

For the entire morning, the news agency was talking about Starlight's President having an affair. Even sister Hong said a few words.

Su mu was the quietest one among them. His colleagues thought that he was too embarrassed to express his opinion, so they didn't say anything.

at the same time, starlight headquarters.

ye xiangnan was sitting in his office. secretary li put a stack of newspapers in front of him and said in a low voice, " "president ye, do you want to do some public relations?"

ye xiangnan only took a glance at it and then looked at her, " " public relations? where to do public relations? "

The photos were all over the place. Su mu was working in a newspaper company. How could he not see them?

besides, he didn't really care.

If it was captured, then it was captured.

That was all Yingluo did last night. He didn't bring any woman home, nor did he go to any woman's house. He didn't even kiss her.

at that moment, he suddenly lost interest.

ye xiangnan's tone was not very good. secretary li sighed in his heart. president ye was not happy again. he seemed to be in a good mood yesterday, but today, he was in a good mood again.

Men in love were really scary.

"then i won't do any public relations." secretary li nodded.

wait! ye xiangnan called out to her. by the way, which news agencies and websites have published these photos? please take care of them.

secretary li smiled. " alright, president ye. i'll let you know. "

Other companies usually had to have a good relationship with the media. After all, they had the right to speak, but Starlight's background was different.

Behind the Starlight, there was the Wen family that was like the sun in the sky.

Outside, no one dared to say a word about the Wen family. Ye xiangnan's scandals were written by them because they didn't care. Now that he was married, they couldn't blame him for being rude if they continued to write nonsense.

after secretary li left, ye xiangnan read the newspaper again.

He had forgotten what the woman he had drunk with last night looked like. He was just angry. At that time, he did have the idea of letting himself go, but he didn't know why he gave up.

it was not interesting.

besides, he was with su mu the day before, so he was fine.

ye xiangnan threw the newspapers into the trash can and stopped reading.

At the same time, Secretary li called those newspaper websites one by one to give them a warning. Everyone was in danger.

the sun daily also received a warning call.

zhang fucai personally walked out of the editor-in-chief's office and called for a small meeting. it was actually about the entertainment section, but it was a big deal, so shexin also participated in it.

The chief editor's expression was quite serious. in the future, it's not that you can't report about the president of Starlight. Let me review the photos and text first. I want positive energy.

“do you know who starlight's ceo is?” he asked, looking around.

Chapter 5000: do you love me?(4)

“do you know who starlight's ceo is?” he asked, looking around.

her subordinates didn't say anything, while sister hong tried to hold back her laughter.

she felt that this bald head was quite funny. who here didn't know what kind of person starlight's ceo was?

However, chief editor Zhang saw su mu in the crowd and called out her name. “su mu, you tell him. What kind of person is Starlight's CEO?”

su mu was stunned and speechless.

After a long time, she still couldn't squeeze out a word. Xiao Wen, who was beside her, kicked her foot.”the editor-in-chief is asking you a question. just say a few words. you don't have to be so serious.”

...

“He's a very positive person,” said su mu softly after he came back to himself.

editor-in-chief zhang immediately laughed,”what do you mean by” enlightened “? look, this is su mu’s resolution.”

he cleared his throat. ” we can look down on this kind of playboy in our hearts. we can look down on him for flirting with girls all the time. however, just because he is the ceo of starlight entertainment and his uncle is wen, he must be positive. do you understand? ”

the people below held back their laughter.

the chief editor was really mean.

after the meeting, the meeting ended and they continued to work.

su mu was quite busy. she quickly integrated into her work and it was time to get off work before she knew it.

sister hong stood behind her and praised, ” “They’re pretty serious. Hurry up and learn to be my right-hand man. Don’t learn from these unmotivated people.”

Su mu looked up and smiled, saying nothing.

This news agency was quite mysterious. Logically speaking, su mu, who was praised like this, would be despised and ostracized by others. However, most of the people in Sun News agency were Buddhist like Xiao Wen, so they were eager to have someone like su mu who was willing to follow sister Hong.

sister hong patted her shoulder. ” it’s time to knock off. you can take the documents back to read. ”

Su mu said goodbye to her and started to clean up the things on the table.

At this moment, her phone rang. She looked at it and saw that it was ye xiangnan.

In order to avoid suspicion, she picked up the call and pretended to be cold.”what is it?”

it's nothing. I just wanted to ask if you've thought it through. It's not too late for you to come back crying and begging me. Night thought said sarcastically.

"No," su mu replied softly. then, he hung up.

Xiaowen, who was beside her, smiled and said,"your husband?" You don't look too good after quarreling."

Su mu shook his head.

Seeing that su mu was quite plain and had become a mother at such a young age, Xiao Wen felt a little sympathetic toward him.

at this age, they didn't have enough moonlight and would ask for money from their families.

I heard sister Hong and the chief editor talking outside in the bathroom, " Xiaowen said secretly. they said that they're going to hold a welcome party for you tomorrow. You should take leave from home tomorrow. Isn't that child very clingy to his mother? "

Su mu was surprised.

xiaowen said enviously, " i can see that sister hong likes and admires you. she never meddled in the matters of newcomers. you're the first. " I just don't know if du Meili from the entertainment section will be participating."

"du meili is editor-in-chief zhang's ... you know," she whispered.

as a newcomer, su mu didn't feel it was appropriate to say too much. he just smiled.

When she left the news agency, the sky was slightly dark.

it was almost early winter, and the weather was a little cold, so it turned dark early.

when she got on the bus and reached the next stop, she did not notice a white bentley following her.

it would take about 20 minutes to walk from here to her apartment. it was actually two stops away, but su mu had been sitting for a whole day and wanted to take a walk.
