

Thank you for Waiting, Mister Tang! #Chapter 5011 - Read Thank you for Waiting, Mister Tang! Chapter 5011

Chapter 5011: i am su mu's husband (6)

su mu was stunned for a moment. then, he took his coat and walked out with ye xiangnan.

everyone was also stunned.

She did not expect that such a handsome man would be su MU's husband. Was he the one who drove the Bentley this morning?

he looked like he was, because the watch on his wrist was worth a few million yuan. he looked very noble.

And he looked familiar, not sure where he had seen him before.

su mu nodded to sister hong at the door, "then i'll take my leave first."

...

"okay," sister hong said.

he still had a cigarette in his hand, but he wanted to take a look at the southern capital at night.

"Didn't you say that he's your sugar daddy? why are you husband and wife now?" du Meili exclaimed.

they still had a child.

And they looked like an old couple.

What was wrong with this world?

ye xiangnan heard du meili shouting. he took a look and recognized that it was the woman from before.

he was a little disgusted. he wondered what kind of environment su mu was working in.

su mu frowned. "when did i become a sugar daddy? you'd better explain it to me when you get back."

su mu didn't say anything.

on one hand, she was worried about xiang nan. on the other hand, she knew that he would not let her go.

ye xiangnan paused for a moment and said, "I'm su MU's husband. Put tonight's expenses on my tab."

Put it on his tab. Who was he? Yingluo didn't even say his name. Anyone could say empty words.

someone was shouting.

In the private room, everyone was discussing whether su MU's husband, who looked rich and handsome, only had a luxury car and a wife like su mu who was not presentable.

du meili's mood improved after hearing this. the people around her started to flatter her again. "sister li, your VIP card is the best. it's really unlike someone who only knows how to say cheap words. let's see how su mu explains it tomorrow. do you think she came to work just to support a man? that man doesn't look like someone who does things. could it be that his family is in a deficit and he's living a miserable life now?"

Sister Hong kept smoking. As she listened to them talk more and more outrageously, she snuffed out the cigarette and snorted. that's enough. Su MU's husband is Mr. Ye. Just put the bill on him.

"mr. ye, which mr. ye?" "we've never heard of it," someone shouted.

At this time, du Meili's face was already very bad.

She remembered who in B city was that Mr. Ye who was so young, handsome, rich, and had the surname ye.

It was the president of Starlight, ye xiangnan.

indeed, they had gotten their marriage certificate recently. his wife was not very good-looking and his child was already a few years old.

It was su mu.

she gritted her teeth.

"mr. ye, the president of starlight," sister hong said faintly.

For a moment, the private room was completely silent, and everyone was stunned.

stars.

light.

general.

Judge.

These four words deeply shocked their fragile hearts.

“Sister Hong, you’re saying that su MU’s husband Yingluo is the president of Starlight?” Xiaowen said such a complete sentence with difficulty.

sister hong nodded and looked at her. ” that’s right. you couldn’t tell, could you? this is what it means to keep a low profile. ”

“sister hong, you already knew?” Xiaowen asked with a smile.

sister hong snuffed out the cigarette. ” i know she has a husband, but i didn’t know it was mr. ye. besides, the rumors this morning were too ridiculous. su mu doesn’t look like a mistress. ”

“Because he doesn’t have the looks.” some people still wanted to support du meili, but they stopped halfway.

he didn’t have enough confidence.

she’s married to mr. ye. why would she want to be a mistress?

Chapter 5012: I’m su MU’s husband VII

Du Meili had suffered a double loss today. She had lost all her face.

he was gritting his teeth as if he had swallowed a barrel of explosives.

no one dared to comfort him, so he had to wait for zhang fucai to comfort him.

it was only after sister hong left that these bootlickers began to stick to her and comfort her.

After all, she was the chief editor’s little sweetheart.

*

...

The night was late.

the white bentley was driving on the road late at night, and it was not going very fast.

Su mu leaned against the back of the chair and asked softly, "Ye xiangnan, have you had any wine?"

Ye xiangnan held the steering wheel with both hands. He was surprised that she was talking to him.

he turned his head and saw that her starry eyes were slightly narrowed, and her lips were especially red as she opened them gently.

her long black hair spread out at this moment, making her look rather unsightly.

he probably only acted like this because he knew that she had been drinking.

Thinking about it, she had drunk so much of her colleagues, men and women. If he wasn't around, would she ask her male colleagues to send her back and do something indescribable in her broken house?

Just the thought of it made ye xiangnan furious.

he tugged at his tie and said in a bad tone, "no one has ever forced me to drink. su mu, are you going to work or to sell your smile? who are those people?" By the way, did you tell others that I'm your sugar daddy? do you think i'm that kind of person?"

su mu was a little annoyed by his words, thinking that he was like an old lady.

She turned her head to the other side.

Ye xiangnan was even angrier. She was clearly in the wrong. How could she still lose her temper at him?

In fact, su mu would usually feel guilty, but now that he was drunk, he was a little delicate.

she leaned back in her chair and listened to him talk non-stop. it was quite hypnotizing.

after that, she continued to sleep like this, and she didn't wake up even when they arrived at the wen garden.

ye xiangnan was angry and amused at the same time. he asked her to come over and take care of ye jie, but she just lay down and fell asleep.

He opened the door and carried her out of the car. Wen Yuan was still awake. He was surprised when he saw her. "su mu is asleep?"

He could even smell the scent of alcohol.

"Did this child drink?" She touched su MU's face.

" he was entertaining with me, " ye xiangnan said. " i just had a drink. "

Wen Yuan blamed his son. you know that su mu can't hold his liquor well. He was sick last time. Now you're torturing him.

"Mom," ye xiangnan laughed,"you only love her now and not me?"

Wen Yuan glanced at him and felt that his son was in a good mood.

to be honest, su mu wasn't very beautiful, but his personality was quite suitable for xiangnan. xiangnan was usually too arrogant, so su mu was the only one who could treat him.

wen yuan thought about it and felt that it made sense.

Ye xiangnan carried su mu upstairs, and Wen Yuan followed behind him.

"where's ye jie? is she asleep?" he asked softly.

" yes, " su mu nodded. " she finally fell asleep. "

Ye xiangnan laughed. probably because I've just started school. I'm too excited.

speaking of his grandson, wen yuan had endless things to say. however, he stopped when he reached the second floor. " bring wen yuan to your room to sleep. i'll make you a bowl of noodles. "

"Thank you, Mom," ye xiangnan smiled.

Seeing him like that, Wen Yuan pursed his lips and smiled.

She had two children and ye Hui was more liked by the elders. After all, she was a girl. But from the bottom of her heart, she was more concerned about Xiang Nan.

xiang nan's temper wasn't very good. moreover, she had suffered a setback. she didn't know if her son could still be happy in the future.

Chapter 5013: Are you still angry at me?(1)

Fortunately, he quite liked su mu.

The elements of liking someone were a little complicated.

However, no one knew a son better than his mother. She knew that Xiang Nan liked su mu.

She went downstairs and cooked for her son personally.

All these years, Wen Yuan had lived a pampered life. However, he was still dedicated to his children and would occasionally cook for them.

Ye xiangnan brought Wen Yuan to his room. This was the first time they had spent the night at their parents' place.

...

His room was on the side of the second floor. Because the room was large, about 90 square meters, there was a balcony with sunlight, but now the moonlight seeped in.

the moonlight was bright.

The night was beautiful.

He only turned on a small night light and placed Wen Yuan on the big bed. He then covered her with the blanket.

He was about to leave when she caught his hand.

"What?" Ye xiangnan lowered his head.

Wen Yuan buried his face in the pillow and said lazily, "didn't you say you were going to take care of ye Jie? ye xiangnan, carry ye jie over. i want to sleep with ye jie."

he was surprised to see her like this.

Her voice was light and lazy, as if she was acting coquettishly.

He had almost never seen su mu like this. The SU mu He had seen was always a little tense and unwilling to get close to others.

ye xiangnan bent down and chuckled. "ye jie is asleep. i'll accompany you later, okay?"

"I don't want to." She buried her face in the pillow again and rubbed it a few times, probably because she felt comfortable.

He laughed.

the effect of the alcohol completely came up and su mu fell asleep in a short while.

Ye xiangnan pinched her face and laughed silently, but then he was a little annoyed.

he pinched her face hard without holding back.

Su mu woke up from the pain and slapped him on the face without thinking.

Even with her eyes closed, she was still very precise.

Ye xiangnan was stunned at first, then he gritted his teeth."You're bullying me even when you're asleep, right?"

He just wanted to call her back when she was drunk, but she wouldn't know anyway.

But the moment she touched it, she changed her mind.

He was a man, why should he be calculative with a drunk woman?

He let her go and went downstairs.

Wen Yuan had already prepared the noodles and was waiting for his son.

ye xiangnan sat at the dining table. he was indeed hungry, so he ate quickly, but his actions were still elegant.

After all, he was born here.

what's your plan? " Wen Yuan looked at him and smiled. what's your plan with su mu? "

"Plan? What's your plan?" Ye xiangnan looked up and asked.

Wen Yuan said softly, " a wedding. Don't tell me you don't want a wedding. Su mu is a girl now. All girls want a wedding.

ye xiangnan slowed down his eating speed and smiled, " " mom, su mu and i are not what you think. "

it's not what mom thinks. It's almost the same. Don't say that you don't want it. Ever since you were young, the more you wanted something, the more you were unwilling to say it. You're the one who's insincere.

Ye xiangnan chuckled and shook his head without saying anything.

After finishing the noodles, he took out a cigarette, lit it, and slowly smoked.

After a moment, he said in a low voice, before the accident, su mu had a crush on someone in the University.

"i know. it's lawyer shen, isn't it?" wen yuan nodded in understanding. " haven't you liked yihuan for many years too? we're even."

ye xiangnan looked at his mother silently, and then said, " " that's different. i've already let it go and i'm sincerely living with su mu. she doesn't want me to mess around outside, and i can also not mess around, but she doesn't want to make do with a marriage without love. "

Chapter 5014: Are you still angry at me? 2

When ye xiangnan said this, he couldn't help but complain,"mom, how old do you think she is? she's still looking forward to love."

he did like her, thought she was interesting, and wanted to live with her.

But whether it was love or not, it really wasn't something that could be given just because one wanted to.

wen yuan looked at his son and said with a straight face, " "su mu is only 23 years old. why can't he look forward to love? Even 32-year-olds are qualified to do so."

she glared at her son again and said,"but you, you're already 30 years old, yet you still can't settle down." you're old enough to be her uncle, yet you're still so picky. it's fine if someone doesn't mind you."

she doesn't like me? " ye xiangnan said, speechless. she does, too.

...

wen yuan held back his laughter. " i'll have to find the reason from you then. i think you're not respecting her. you should respect your wife too. "

speaking of this, ye xiangnan couldn't help but ask,"how am i not respecting her? i've always introduced her as my wife, but she's really good. mom, you know what she says about me outside, saying that i'm her sugar daddy."

Wen Yuan burst out laughing. He then looked at his son and said in a soft voice, "Did she really say that outside?"

ye xiangnan snorted a few times, a little proud.

wen yuan found it interesting. "then you should give her pocket money. i think you should give her a villa to live in. look at su mu's life now. it doesn't look like you're buying it at all. i'll feel embarrassed for you if i tell anyone. "

Ye xiangnan looked at his mother silently and put out his cigarette. she's not willing. She only has Shen Wenxuan in her heart. I can't do anything about it.

Thinking about it, he felt wronged.

Wen Yuan was both worried and amused.

Even yihuan had never let her son eat like this.

She pursed her lips. alright, go to sleep. Don't torment yourself. Su mu just started work. Don't let her take leave all day.

young master ye was very dissatisfied. "mom, you're making me out to be a beast. "

"Men are no different from beasts." wen yuan smiled. no matter how one looked at his expression, he seemed to be in a good mood, which made one speechless.

Ye xiangnan went upstairs slowly. He was not in a hurry to sleep, but went to see his son first.

ye jie's fever had subsided, and he looked like he was sleeping soundly.

She was wearing a set of one-piece pajamas, and she looked very cute in blue. Her eyebrows and eyes were exquisite, and she looked exactly like him when he was young.

he liked it, but also felt a little regretful.

the child looked completely like him. he did not resemble su mu in any way. he felt that something was missing. at least, he resembled her in one way. anyway, she was not ugly and it would not affect him much.

As she thought of this, her fingertips gently touched her son's face.

her skin was fine and soft, and because her body temperature was a little high when she slept, it was so warm that she wanted to hug her to sleep.

Ye xiangnan's face was always gentle, and he would only show such an expression in front of ye Jie.

Wen Yuan came in from the door. xiangnan, you should go to bed. Your father and I will take turns to wake up at night to check on you. Don't worry, everything will be fine.

ye xiangnan was naturally at ease, but he felt that his parents had worked hard.

wen yuan smiled. " it's not hard at all. your father and i are not old. besides, ye jie is very obedient. su mu has really raised him well. "

"Yes, he's a very sensible child," ye xiangnan nodded.

she didn't look like a single mother at all. instead, she looked like she had received a good education.

This was probably su MU's greatest strength, so ye xiangnan always felt that it was good for her to take care of the child at home.

Chapter 5015: Are you still angry at me?(3)

he went back to his bedroom, took a shower, and smoked a cigarette on the balcony before going to bed.

That night, he did not make things difficult for su mu anymore. He was also a little tired. There had been a lot of work in the company recently, and he had spent too much energy on su mu.

If she was not willing, he might not force her.

Let's just leave it at that.

Ye xiangnan closed his eyes and didn't fall asleep for half an hour. In the end, he pulled su mu over.

He smelled her hair and thought it smelled good.

...

it was strange. at that time, her private room was also shrouded in smoke, but she didn't get caught by the smell. there was even a faint fragrance on her hair.

ye xiangnan thought in a daze that the smell of this shampoo was quite good.

Just like that, she slowly fell asleep.

It was late at night.

It was also very cold.

Winter was coming, but the bedroom was warm.

it was already early in the morning when su mu woke up.

She had something on her mind, so she woke up early in the morning.

She sat up immediately and rubbed her eyes.

where was this place?

The sunlight seeped through the White gauze, and the light was especially good. The layout of the room was like a suite.

the color of the furniture was gray and black, which made it look very masculine.

she immediately looked to her side and saw an arm lying there.

she then shifted her gaze to the man's face, and she heaved a sigh of relief.

It was night thinking of the South.

Ye xiangnan had also woken up, but he hadn't fully woken up yet, and he hadn't had enough.

With his face buried in the pillow, he laughed in a low and hoarse voice. " mrs. ye, are you a little disappointed to see me? "

"There's nothing to be disappointed about." su mu felt that he was really bored. he lifted the quilt and wanted to get up, but he was pulled down again.

"sleep with me for a while longer." Ye xiangnan's voice was a bit hoarse.

su mu waited for a few seconds and said in a low voice, " "i want to see ye jie."

"my parents will take care of me. what's there to worry about?" Ye xiangnan just wouldn't let her go.

He could be considered a person with a temper when he woke up.

su mu was still struggling,'but i can't do that. this is too outrageous."

su mu was about to get up when he said that. this time, ye xiangnan put her down and sat up as well. he leaned against the headboard lazily and found it funny when he saw her looking for clothes everywhere."Why do you care so much about my parents' opinions? it's a good thing we don't live together, or what would you do?"

Su mu put on his coat and said,"I don't know what you're talking about." also, ye xiangnan, don't bring me to your room to sleep in the future. it's not good for you. we're not in that kind of relationship."

He was wearing a bathrobe and looked quite good leaning against it. He had good skin and a simple bathrobe was enough to make people unable to look away.

ye xiangnan smiled. " then tell me what our relationship is. su mu, i'll do whatever you say. "

the last three words were said in a rather ambiguous manner.

su mu glared at him again. then, he went to brush his teeth, wash his face, and go to see ye cha.

the little guy was quite obedient and had already sat up by himself, but he had not gotten up yet.

Su mu walked over and said with a smile, " "Little friend, are you feeling better today?"

ye jie was quite happy. " mom, i dreamed that you came over. when i woke up, you really came over. "

The little guy threw himself into her arms as he said, " "i'm so happy."

Seeing that he was in good spirits, su mu was also very happy. He sat by the bed and said, " "Then, what did the baby Dream about?"

She was especially gentle, and she had always been gentle to ye Jie.

"I dreamed that my mother coaxed me to sleep." Ye Jie's eyes were sparkling.

The door was pushed open, and ye xiangnan came in.

Chapter 5016: are you still angry at me?(4)

"Dad," ye Xun immediately called out.

Ye xiangnan went to the South and sat beside su mu. She quietly held su mu and ye Cha together and lowered her head, rubbing ye Cha's little head. She said with a smile, "What are you talking about?"

"I'm saying that I dreamed that my mother coaxed me to sleep." Ye Jie's voice became softer.

Then, ye xiangnan said something rather shameless, "your mom coaxed dad to sleep last night.

ye xun opened his eyes wide and looked at his father, then at his mother. there was a touch of confusion in his big eyes. after a while, he said in a crisp voice, "Daddy is lying. Daddy is an adult. Why would he need mommy to coax him to sleep?"

Su mu simply wanted to dig a hole and bury himself.

...

Ye xiangnan was too hateful.

However, ye xiangnan didn't feel that he was despicable at all.

He smiled and dragged ye Cha to lie down with him. "Sleep with daddy for a while longer."

su mu felt rather speechless. "you miss the south at night. it's already seven o'clock. why are you still letting your son accompany you to sleep in?"

ye xiangnan hugged his son and said shamelessly, "that's right, i want my son to accompany me. you made a scene last night, so what's wrong with me letting my son accompany me now?"

Ye Jie was hugged tightly by her father. Her little face was red and she felt a little uncomfortable.

however, this kind of hug was something he had lacked since he was young, so he could not resist it.

xiao ye jie looked at her mother pitifully.

she hoped that her mother would agree.

ye xiangnan didn't care what su mu was thinking. he hugged his son and said, "I'll take a day off today and sleep with daddy."

"if mom doesn't want to accompany you, ye jie will." he added.

ye cha didn't quite understand what the adults were saying. she just opened her big eyes and was at a loss.

ye xiangnan had had enough fun. he suddenly patted his son and said, " alright, time to get up. i was really hoping to sleep in all day, wasn't i? "

ye jie was stunned by his amazing operation.

He couldn't say anything for a long time.

su mu didn't expect that he would tease xiang nan.

He was really too vile.

"do you really think it's better to let him sleep for a day?" ye xiangnan chuckled.

su mu was speechless. he snorted softly."I didn't say that."

"then get up." He kissed his son. you're already in school. Boys shouldn't laze around in bed.

hmph, little rascal, his wife didn't accompany him but came to accompany this kid.

Su mu was both surprised and speechless. Was this the revenge from the South of the night?

She stared at ye xiangnan with suspicion.

Ye xiangnan looked at her, then snorted and walked back.

He was still wearing that flamboyant bathrobe.

su mu was especially speechless and could only look at ye jie.

Ye Jie pouted, because her father had cheated her of her feelings.

It turned out that when men lied, they were all like this. Xiao Ye Jie had suffered something he should not have at such a young age.

Su mu was also speechless. He smiled and said, " alright, stop crying. it's time to get up and go to school."

Ye Jie wiped her tears. dad is so hateful.

su mu also laughed. he felt that ye xiangnan was really boring.

ye jie put on her clothes while she went to ye xiangnan's room. she was stunned when she pushed the door open.

Ye xiangnan was changing his clothes. Seeing the door open, he pulled off the bathrobe and threw it at su mu, covering su MU's face.

"are you still angry?" he asked indifferently.

su mu pulled off his clothes. " you shouldn't have teased him. "

Chapter 5017: are you still angry at me? 5

Ye xiangnan looked at her and put on his clothes one by one without a care.

He turned his handsome face to the side in amusement, "shouldn't I tease him?" Su mu, what about you? you're the one who's supposed to tease me?"

Su mu put his bathrobe in the bathroom and was about to turn around to explain to him, but he came close to him without a sound.

he lowered his head and rested his chin on her shoulder. "Say it, aren't you going to explain it to me?"

Such an action was really too intimate.

Su muman was speechless. He turned his face to the side and looked at him for a while before whispering, "there's nothing to explain. It's like that, I don't want anyone to know that we're married."

...

she wanted to shake him off, but ye xiangnan was like a sticky candy, and she couldn't get rid of him no matter what.

su mu was a little angry. " i miss nan at night. i have to send ye jie to school later. can you? "

"We're married, right?" he hugged her gently with one hand. " this is the su mu you mentioned. "

after being stunned for a moment, su mu realized that what he said was indeed contradictory.

"what i mean is to get our marriage certificate," she corrected herself.

getting a marriage certificate is the same as getting married. Is that what you mean, Mrs. Ye? ” Ye xiangnan refused to let go of her, and then he laughed in a low voice.”Then why don’t you go back with me?”

“That’s two different things.” Su mu couldn’t bear it anymore.

He chuckled. do you prefer that I keep you outside? like a Canary? ” If that’s the case, it’s not like I can’t do it. Do you like to live in a villa or a penthouse? I think the 500-square-meter one that Anan lives in is very good. The bed in your room is too hard, I don’t like it. ”

Su mu felt that he was simply too much.

He was really shameless.

ye xiangnan also wanted to continue teasing her, but the time didn’t allow it. he raised his hand to look at his watch and said with pity, ” “alright, i’ll send xiangnan to school.”

“I’ll deal with you later,” he said as he stretched.

Su mu pursed his lips and had no choice but to follow him downstairs.

she did not dare to argue with wen yuan. after all, there were elders around.

When they arrived downstairs, ye Jie was already having breakfast. Wen Yuan and ye Mubai were taking care of her, their eyes full of love.

Su mu also thought that it would be better for ye Cha to follow them than him.

At the very least, he would be well taken care of and would not be left alone at home.

However, she would miss him.

Su mu had thought about compromising, mostly for ye Cha’s sake.

She was in a rather delicate situation now, in the ye family.

wen yuan looked up and saw her. he smiled and said, ” “I’m down. Come and eat.”

As he said that, he called his men over.

Su mu greeted the two elders and ate his breakfast in silence.

Ye mu Bai had a good impression of her. From ye Jie’s upbringing, he knew that su mu had a good character.

therefore, he didn't say anything when his wife doted on su mu more.

"I don't know where ye Hui has gone to these days. This child always runs out from time to time," Wen Yuan said.

Su mu smiled. She also liked ye Hui, but ye Hui always wanted to put her and ye xiangnan together. She couldn't stand it.

ye xiangnan looked at her. he probably knew what she was thinking, but he just smiled.

after he finished eating, he raised his hand to look at the time. "mom, it's late. i'll send su mu to work. ye jie, you and dad can send him. i don't have time. "

of course, wen yuan had no objections. it was good for her to spend more time with her precious grandson.

Chapter 5018: i suddenly want to pamper her a little (1)

Su mu was like a wooden man and said without thinking, "I'll take a taxi. You can send ye Jie."

She felt that ye Jie had been very clingy to him recently and must have hoped that her father would give it to her.

however, the moment she finished speaking, the three from the ye family stared at her.

of course, ye xiangnan was not very happy.

wen yuan and ye mu bai looked at each other.

after confirming their gazes, they were all people who understood.

...

Su mu really didn't think much of their son. He didn't even want to take his car.

young master ye's face was a little embarrassed and very dark.

"dad, " ye jie said softly, " send mom home. mom can't be late for work. "

ye xiangnan suddenly felt that he had not given birth to this son for nothing. he looked at su mu with a faint smile.

Su mu was also quite speechless. He didn't say anything and just brushed his hair.

after breakfast, he drove her to work. su mu wanted to stop at the intersection ahead. ye xiangnan didn't listen to her and drove directly to the newspaper office.

the car stopped. he turned his head. "is there a need to? it's not like i can't be seen."

"That's too high-profile," su mu said, lowering his eyes.

he chuckled and said in an unfriendly manner, "su mu, do you know that the most high-profile thing you've ever done is giving birth to ye jie?"

"You're saying that I shouldn't have given birth to him?" Su mu asked back.

ye xiangnan was stumped by her question, and then he chuckled, "You're blaming me?"

it was a complete accident, and she had entered the wrong room.

Besides, it was still early in the morning, so he only knew what had happened. He didn't even know what the woman looked like.

In other words, he was the passive one.

"No," su mu pursed his lips.

"so you're blaming me for the two times after that?" ye xiangnan smiled.

that was not an accident, but a deliberate action.

su mu's face blushed at once, thinking that he was especially shameless.

She glared at him. I thought you were running out of time? "

with that, he opened the door and got out of the car.

Outside the car door, Xiaowen and two colleagues were standing there like statues.

She smiled like an Auntie.

su mu's face was as red as a tomato again, which made it hard for people not to think in the wrong way.

"It's not what you see." Su mu bit his lip.

at this moment, ye xiangnan rolled down the window. his face in sunglasses was breathtakingly beautiful.

"I'll pick you up after work. don't wander off." he paused. " it's the old man's birthday in a few days. let's go and see what we can give him. "

this old man was none other than ye zhenggang.

A man who was racing against the heavens.

As soon as he spoke, Xiaowen and the others almost suffocated.

Oh my god, oh my god, they were really husband and wife.

su mu, on the other hand, was a little embarrassed and didn't know what to say.

ye xiangnan looked at her again, then rolled up the window and drove away.

as soon as the car drove away, the few of them covered their faces and screamed.

Oh my God, it's true.

"su mu, how does it feel to live with a super handsome guy every day?" xiao wen asked rather pervertedly.

Su mu looked at her and pursed his lower lip.

she curled her lips. " feeling means that ran ran doesn't feel anything. "

They didn't live together, but she didn't tell Xiaowen and the others in detail.

xiaowen was still very agitated. the few of them followed her and chattered all the way to the newspaper office.

After joining the news agency, the treatment was as good as the opposite.

du meili's group didn't dare to pay any attention to su mu, because they still had to take du meili's attitude into account.

The other group was full of flattery towards su mu, including editor-in-chief Zhang.

Chapter 5019: i suddenly feel like pampering her 2

the chief editor had always known that su mu got in through the back door. the president had told him that he was recommended by an important person and that he had to promote him well.

He even said that he really wanted to come and learn something, not to waste his time.

His background was very deep.

However, editor-in-chief Zhang did not expect him to be so unfathomable.

this, this was simply like the star of South Africa.

The editor-in-chief was in such a bad mood that he could not wait to give the entire office to su mu.

...

Everything su mu said was good and right.

Therefore, he was also in the midst of self-doubt, wondering if he had let su mu be too rough with sister Hong.

mrs. ye had such a delicate status. what if she lost a hair when she was out of town? how could he compensate her?

therefore, he thought for a while and called su mu to his office. he asked his subordinate to make the tea that he had treasured for a long time and served it to su mu personally. when he sat down and spoke, his tone was completely different. " little su, after knowing your true identity, i felt very uneasy. i thought of many plans. you see, my hair is turning white from thinking too much. "

Su mu was also quite speechless. The chief editor was really exaggerating.

she thought for a moment and decided to tactfully say that she wanted to learn from sister hong and that it wouldn't be a problem for her to go on business trips.

The editor-in-chief was quite touched and called sister Hong over to give her some reminders.

Sister Hong smiled,'if su mu is delicate, I won't even bring him along.'

She patted su MU's shoulder. I have faith in you. Do well.

Su mu nodded.

sister hong stayed behind while su mu went out.

As soon as the door was closed, Zhang fucai looked at his ex-wife and said in a low voice, " " be careful. there can't be any mistakes. if there's a mistake, our newspaper will be finished. "

if he had known earlier, he would never have allowed su mu to follow sister hong. it would be easy and safe for him to run around the entertainment news, and his newspaper could even get a bonus. it was killing two birds with one stone.

He was filled with regret.

but it was too late to regret.

Sister Hong was smoking a cigarette as she looked at editor-in-chief Zhang. "I know what I'm doing. I'll protect su mu even if I have to die."

it wasn't that she was great, but she was a senior.

since su mu was with her, she had to protect him.

If anything happened, she would naturally be the one to take the lead.

Hearing sister Hong's words, Zhang fucai felt very uneasy. He took a sip of tea and said, "What nonsense are you talking about? of course, you'll be fine."

towards sister hong, he loved, hated, feared, and felt guilty.

He had let her down a few years ago and this woman had left without looking back.

He didn't even need to explain.

He knew that she had a strong personality, so he didn't ask her for help.

He also knew what du Meili was like. First, she was a glutton, and second, she was also a broken person.

What else could they do after the divorce?

du meili didn't want to marry him, so he found a primary school teacher to spend the time with. his child was already two years old.

It was just that after enjoying the warmth of his wife and son, and du Meili's charm, he would still occasionally think of sister Hong, the woman who had fought with him.

But that was all in the past. He knew that she would make friends with a few men occasionally.

He didn't feel good about it, but he never asked.

it was because they had been divorced for several years.

sister hong went out, walked to su mu and patted his shoulder. ” “come to my place and get some information. it'll be used in two days.”

they were going to C city this time. it was about the pollution problem of a certain manufacturer.

The response from the people there was very big, but there was still no solution. Sister Hong had been keeping an eye on that place for several months.

Chapter 5020: I suddenly feel like pampering her for a while (3)

Su mu nodded. After he went over, sister Hong gave him a USB flash drive.

Such projects were all confidential.

Su mu took it and prepared to read it carefully at night.

She had to buy a laptop so that it would be easier for her to work.

Therefore, when she saw ye xiangnan's car parked outside the newspaper office, she didn't object to getting in the car.

because it was too ostentatious, she told him to drive the car away quickly.

...

ye xiangnan pursed his lips and started the car.

after driving for a while, she realized that he was driving towards the largest shopping center. she couldn't help but ask, ” “I want to buy a laptop later.”

“Let's buy a few more, what if they break?” His words were simply inhumane.

su mu took a look at him and said nothing else.

ye xiangnan continued to drive and suddenly said, ” actually, we're no different from a real married couple. We sleep, eat, and go shopping together. Su mu, do you really hate me? ”

she turned her head in surprise and stared at him.

ye xiangnan smiled and didn't force her to say anything.

he was always angry with her because she couldn't forget shen wenxuan.

Before he got off the car, su mu said softly, " " not every relationship can start as you wish. there are also many opportunities that will pass by. "

ye xiangnan stopped the car, but didn't get out immediately. instead, he looked at su mu and said, " "When is the next time? can you tell me in advance?"

This could be considered teasing and teasing.

su mu was so angry that she ignored him. she wanted to get out of the car, but he reached out and grabbed her hand.

she turned around.

I'm serious, " ye xiangnan said, staring at her. you should think about it.

su mu bit his lip and said in a low voice after a long while, " "Get out of the car first."

he let go of her and got out of the car.

Instead, he went to pick out two laptops for her, one silver and one pink.

su mu wasn't too girly, but president ye said that many things in ye hui were pink. he said that she would age after giving birth. his wife was only 23 years old, and she was still babbling.

su mu had never thought that ye xiangnan was like this in private.

in fact, he did not know that he was like this. when he was with yi huan in the past, although he was also a tsundere, most of the time, he was the one who accommodated yi huan. he rarely teased her.

it was as if yi huan was just a pampered girl in his heart.

He liked her, but her coquettishness and gentleness all belonged to Shen ting.

he and qin yihuan seemed to have strayed from the right path from the start.

he and su mu weren't like that. he didn't like her very much, but he liked to tease her.

He was quite happy when he was with her, but sometimes he was especially angry.

he didn't know how long he could keep his passion for her, but as long as she was his wife, he would give her the life she wanted.

When it came to women, there was nothing special about it.

After he was done, ye xiangnan swiped his card.

su mu wanted to give him money, but he didn't accept it. he said without giving him face, " " you should keep that little money. i'm afraid you won't be able to pay the rent after you pay it. "

su mu, [i don't care about my face, yingluo.]

however, he was telling the truth. su mu did not have much savings.

fortunately, ye jie was in the ye family now, so she had less expenses.

Suddenly, she felt that she was very, very poor.
