

## Thank you 5021

Chapter 5021: i suddenly feel like pampering her for a while iv

Ye xiangnan looked at her and smiled, ” “didn’t you use your own credit card?”

The two laptops were of the highest specifications and cost tens of thousands of Yuan.

su mu wouldn’t have enough even if he sold himself. she still had some self-awareness.

after buying the laptop, ye xiangnan went to the parking lot and threw it into the car. after locking the car door, su mu asked curiously, ” “why is the door locked? You still want to buy something?”

Ye xiangnan looked at her and sighed, ” ” it’s the old master’s birthday. you’re his granddaughter-in-law. are you going to wear this? ”

Su mu thought for a while and said, I can still wear the clothes I wore that day.

...

She was talking about the Chanelle dress.

ye xiangnan walked forward and said indifferently, ” you can’t wear the same clothes for formal occasions.

This was the rule of the rich.

su mu’s heart ached. ” that’s such a waste. ”

Perhaps it was because they were talking about business, she was less guarded and actually walked side by side with him naturally. They were not far apart, just a person’s distance away.

ye xiangnan tilted his head and looked at her with a subtle expression.

before su mu could react, his body was embraced by him. they seemed to be very intimate.

Su mu was frightened and not used to it. She screamed.

fortunately, they were in the parking lot and there were not many people around. otherwise, they would have thought that they had met a pervert.

Ye xiangnan's hand slipped, and he held her hand instead."you must be overjoyed again?"

Su mu felt that he was really too bored. He bit his lip."missing nan ye, you're the one who's overjoyed. your whole family is overjoyed."

He looked at her with a smile in his eyes. After a while, he said with a smile, " " my whole family is overjoyed. didn't you see my mother? she's so happy every day. "

su mu felt that there was no common topic between them. she pursed her lips and stopped talking.

Ye xiangnan thought she was quite cute, so he reached out and touched her palm."What, are you shy?"

it was the first time for young master ye to be in a relationship like this.

She had grown up with Qin yihuan, and it seemed as if everything was natural. Everyone thought that they would be together in the future, so they were not too intimate.

however, it was a different feeling for su mu. he probably thought that she was his now, so he could do whatever he wanted without considering anything else.

This sense of belonging was not bad for young master ye.

Su mu felt that he was bored and wanted to take his hand back, but he didn't allow it.

she held it tightly and smirked. ” so many women want me to treat them like this. you’re good. you’re acting like i’m sick. ”

I don’t know. su mu didn’t spare him. it’s not strange that you’re sick with your lifestyle.

“What about you?” Ye xiangnan asked with a faint smile.

“i love myself very much,” su mu said, a little annoyed.

He looked at her and slowly said, ” “If I had it, you would have been infected a long time ago.”

Su mu was stunned.

her face was a little hot, and she didn’t know if it was red. in any case, she could only cover her face and walk forward.

Ye xiangnan smiled and reached out to grab her. why are you running? ”

Su mu was pulled back by him, but he couldn’t move, so he could only glare at him.

“Or are you shy?” He also seemed to be in a good mood.

She was really like Xi sanwen, who could fly up to the sky and dive down to the ground.

Su mu looked at him and asked the question in his heart, ” “Ye xiangnan, are you used to making do with Qianqian?”

Shouldn’t a rich young master like him, who was good-looking and busy, find a wife of equal social status?

Chapter 5022: i suddenly want to pamper her (5)

he didn’t like her at all. she really didn’t know what he was insisting on.

ye xiangnan glanced at her and said, " if you don't want me to leave you here, you'd better shut up. "

&Nbsp; okay.

su mu didn't want to provoke him.

but she suddenly thought, why did she want to go to the banquet with him?

when he asked this, ye xiangnan's expression was a little funny."You're my wife and you're not going. Do you want me to bring Secretary li?"

...

He didn't have a woman to bring him to private events. If he brought a Secretary, he would be laughed at.

Su mu thought of ye Xi. Ye Xi must be going too. In order not to let others criticize ye Xi, she thought she'd better go with ye xiangnan. She'd just take it as accompanying ye Xi.

she had thought that one set would be enough, but after ye xiangnan took her to chanelle, he picked out more than ten sets for her.

Moreover, his taste was particularly good. He tried on a few sets and they were all very suitable. His temperament was also not bad.

Ye xiangnan picked out some accessories for her, such as necklaces and earrings, which su mu was especially suitable for.

the sales lady couldn't help but praise, " this lady is really the most suitable for chanelle. i've seen her. every piece of clothing on her is really exquisite. "

"Wrap it all up." Ye xiangnan said in a calm voice.

the saleswoman was overjoyed. it should be known that this amount was almost a million yuan.

After packing them up, ye xiangnan filled in his address. Anyway, she would wear a new set every time she went there, and she wouldn't need to take it back when she went back.

this was his selfishness.

it was a dark thought, but su mu could not sense it.

she thought that would be fine, but ye xiangnan seemed to want to shop very much. it was already early winter, so he took her to relatively cheap brands and picked out some daily clothes.

it wasn't very flamboyant, but it was much more decent than what she was wearing.

su mu's clothes were clean and tidy, but most of them were only worth a hundred yuan.

And in this shopping center, even the cheapest ordinary items of the Affordable brands cost at least a thousand Yuan. Young master ye acted as if they were free and picked ten or so items from each brand. In total, there were more than fifty items, including clothes, shoes, jackets, and down feathers for winter.

he had even bought her a sturdy suitcase.

"You're going on a business trip with someone, don't embarrass me." That was what he said.

Su mu had an indescribable feeling in his heart when he stood there and heard him say such vicious words.

she was a little dazed. she felt that she had gotten too close to ye xiangnan.

she was even a little afraid of losing control.

Su mu knew very well that ye xiangnan had too many people like him. He could get whatever he wanted.

He had wealth, he had good looks, he had everything he wanted. He could use all these things to get a woman's heart, faster than anyone else.

And then, if he was tired of it, he would throw it away.

Then, they moved on to the next round of the game.

su mu was afraid that he would become his game.

She didn't dare to be moved.

however, she knew very well that no woman could remain unmoved in the face of such love.

she was the same.

moreover, she was a woman who had been poor for a long time.

su mu lamented how poor he was once again.

ye xiangnan asked the shop assistant to help him carry his things to the parking lot. the back seat was full, and the shop assistant's eyes were full of envy.

ye xiangnan closed the car door and said to su mu while fastening his seat belt, "you must be overjoyed. no man has ever pampered you like this before, right?"

Chapter 5023: i suddenly feel like pampering her (6)

"Take it back," su mu turned his face away.

“you don’t mean what you say.” He suddenly leaned over. do you really not want me? su mu, do you know how many women in B city want me to be their man? ”

su mu was startled and moved back instinctively. however, he realized that he had fastened his seat belt and couldn’t come over at all.

Ye xiangnan smiled evilly again.”You’re afraid of me.”

“I’m not afraid of you,” su mu said stubbornly.

with a soft sound, his seat belt was unbuckled. it was dark in the car, and he looked like he was going to lean over at any moment.

...

Su mu suddenly held his head and screamed.

Ye xiangnan stopped moving and chuckled, ” “you’re so scared of me?”

in fact, he had long realized that su mu was a little afraid of him.

She was afraid of him getting close, probably because she didn’t have a good memory of the past. Thinking about it still hurt her.

she was not his only woman, but su mu was his first.

he was su mu’s only man. for some reason, he was quite concerned about it.

If she had given birth to ye Jie and got together with Shen Wenxuan, he would probably not be so insistent on marrying her. This was the root of men’s bad habits. He could not be loyal, but the woman he married must be clean.

being clean was su mu’s greatest strength. he could feel it without investigating.

She only had him.

Ye Xiangnan sat back down, fastened his seat belt again, and chuckled. "I've never seen anyone as timid as you."

Su Mu recovered and bit his lower lip, not wanting to talk to him.

The two of them, one laughing and the other angry, looked like a couple.

At this moment, Ye Xiangnan's eyes suddenly became straight. He quietly looked ahead.

He was so focused as if the surroundings didn't exist and he seemed to have forgotten that Su Mu was right beside him.

Su Mu followed his gaze and saw the car in front of him. The door was open, and a tall and handsome man was helping a woman into the car.

Su Mu also knew the two of them. They were the newly-wedded Shen Ting and Qin Yihuan.

Qin Yihuan was pregnant, so Shen Ting was more considerate to his wife.

Su Mu turned his head again and happened to see the car lights outside sweeping past Ye Xiangnan's face.

She could see the pain and reminiscence on his face.

Su Mu's heart turned cold at once.

She clenched her fists tightly, and all the emotions that had been stirred up earlier disappeared in an instant.

The one he loved was Qin Yihuan. Other than Qin Yihuan, he didn't care about the number of other women. She, Su Mu, just happened to have a child with him. How could she think that he was doting on her?

In fact, it was just a sudden impulse.

She pursed her lips tightly and smiled lightly. She was laughing at herself for overestimating herself.

in just a few seconds, the turmoil in su mu's heart returned to dead water.

He always felt that she did not love him.

why did she love him?

A man only treats you as a tool to have children. It's best to marry you and put you at home as a nanny. When you're happy, he'll buy you things and give you endless money to spend. Is such a man worthy of her love?

love was equal, it was a process of constant giving and demand.

su mu felt that there was no love between ye xiangnan and her.

This was exactly the case now.

ye xiangnan finally looked away, because the car in front of him had left.

However, he had not calmed down yet.

"Do you need me to drive?" su mu asked softly.

"no need," his voice was faint, as if he was not in the mood to tease her.

Chapter 5024: do you know how many women are waiting for me (1)

Su mu knew very well that everything would return to its original state when he saw Qin yihuan.

She could understand why he wanted to drink on Qin yihuan's wedding day and why he wanted to bring her to the villa.

She was a little ashamed and resentful. Even the things he bought in the car had become tools to humiliate her.

he kept saying that she was his wife, but she really was nothing.

on the way back, neither of them spoke, especially ye xiangnan, who had one hand on the car window and the other on the steering wheel. the car window was open.

su mu felt cold, but she didn't remind him.

...

when she got out of the car, she shot two jets and caught a cold.

"su mu, are you an idiot? why didn't you tell me that the car is cold?" ye xiang went to the south car and looked at her.

Su mu smiled and said nothing.

she only took her laptop and did not ask for any other clothes.

At this time, it would be a bit cheap for her to bring those home.

when a woman accepted something from a man, it was usually because she liked him.

She went upstairs and disappeared down the old stairs.

Ye xiangnan's mind finally cleared up a little, and he punched the car.

Just now, su MU's eyes seemed to be looking at a virus.

Yes, he could not help himself when he saw Yi Huan. After all, they had been together for so many years.

When su mu met Shen Wenxuan, he was also so affectionate, but he did not get angry at her.

Looking at the cart full of things, was she really giving up?

just as he was thinking about it, he heard footsteps coming from the stairs.

He looked up and saw su mu coming down again.

Ye xiangnan gazed at her. There was a card in su MU's hand. She put it in his palm gently."The password is ye Jie's birthday. This is all I have. I might lose two or three thousand Yuan. I will pay you back in the future."

ye xiangnan looked at the card in his hand, feeling as if it was burning.

"Do you really have to calculate everything clearly with me?" he asked, frowning.

Su mu pursed his lips. I just don't think I should accept your gift.

As soon as she finished speaking, her body was thrown onto the car beside her. Then, his solid body came over and trapped her.

"Su mu, why are you being so virtuous? do you think that you're exchanging ye Xi for something when you accept it? do you think that i'm high and mighty just because we're together? you'll use your identity to draw a line when things don't go your way? yes, we don't have any emotional foundation, but i've been treating you seriously. do you think it's meaningful to argue with me over a small matter today? do you think it's honorable? or do you think that men will never get tired and will always put a woman's feelings first?"

Su MU's bones ached, but she didn't care at all. She just smiled. Mr. Ye, what you're doing now is to be high and mighty.

"that's also your doing." he said fiercely, glaring at her.

he didn't know what to do with her, but he felt that she was very hateful.

He had told her before that he was serious. He seriously wanted to treat her as his wife and treat her seriously.

They had both liked someone else before. He could give her time, but why couldn't she?

thinking of this, ye xiangnan's heart suddenly turned cold.

He suddenly felt that it was meaningless.

He was ye xiangnan, the president of Starlight entertainment. He was chasing after a woman who didn't like him and even hated him. They had a child, but she didn't want to give each other a chance.

Chapter 5025: Do you know how many women are waiting for me 2

no matter what he did, no matter how well he did, as long as there was something that did not meet her expectations, she would reject it completely.

Ye xiangnan's voice turned cold. He seemed to have made a decision.

"That's all," he said quietly.

He placed the card back into her hand and took a step back. "Miss su, you'll only be ye Jie's mother from now on. If you want a divorce certificate, I can give it to you tomorrow."

He was really angry. After he finished speaking, he saw that su mu was still leaning against the car and pulled her away gently.

He looked at her deeply again, then opened the door and got in the car.

...

The car drove away quickly, leaving su mu standing there alone.

She knew that with ye xiangnan's temper, he would not come back.

she knew that in his eyes, she was a spoiled brat. however, in su mu's heart, they were just two people who didn't love each other. there was no need for them to be tied together.

actually, what she didn't know was that she was just afraid of being hurt.

She was afraid that she couldn't take back her true feelings for a man like ye xiangnan. She was afraid that he would get tired of her and trample on her true feelings.

standing in the night wind, su mu felt a little cold.

She walked back slowly, knowing that they probably did not have to meet this time. Even if they did, it would be because of ye Jie.

ye xiangnan was a little angry as he drove.

he had only taken a few glances at yi huan, and he had to admit that he had been in a daze for a while.

what was su mu?

Can't there be a little tolerance between husband and wife?

he was always trying to make her happy. was he so selfish that he only thought of his own man?

Su mu was.

She was a woman who only thought about her own pleasure and only cared about her own mood.

he was simply scum!

scum!

Noble young master ye thought angrily. He also felt that he cared too much about her.

what did su mu have that he couldn't let go of?

ye xiangnan thought about it, then went to the bar and drank until late at night.

However, that night, a woman came over to help him, but he ignored her. His cold face scared away all the women who came over.

ye xiangnan had a bit too much to drink, but he still drove to su mu's place.

he didn't go upstairs. he just stood in the night wind, as if he was forcing himself to wake up.

when he sobered up, he told himself that she was just a woman.

moreover, she was an extremely stubborn woman who would throw a tantrum at him easily.

it would be very tiring to be with a woman like this. why should he bother?

ye xiangnan leaned against the car, lit a cigarette, and smoked slowly until dawn.

Su mu didn't sleep well either. After he woke up, he threw out the garbage from the day before and went downstairs to see ye Xiang Nan.

Had he been standing the entire night?

His coat was probably left in the car, and he was only wearing a black shirt. When she approached him, she could smell alcohol on him.

Ye xiangnan stared at her and said calmly, "I've thought about it too. We're really not suitable for each other. There's no need for us to be together. Su mu, it's up to you who you're with from now on, even if it's Shen Wenxuan! I'm not going to serve you anymore."

He opened the car door and drove off.

Su mu lowered his eyes, with a trace of tears in his eyes.

Her throat felt a little itchy, but she didn't say anything. She just slowly went to take out the garbage.

after that, she didn't attend ye zhenggang's birthday banquet.

It was not Secretary li, but Lin Lu.

this was a call from ye hui, who said that lin lu had been transferred back.

Su mu didn't know if ye xiangnan and Lin Lu were together again. The only thing she was sure of was that he was doing it for her to see, to give her a chance to show off.

Chapter 5026: Do you know how many women are waiting for me (3)

She thanked ye Hui over the phone and then said that they would not be together.

Everyone in Starlight knew that ye xiangnan had been transferred back to Lin Lu.

Shen Wenxuan knew that, but he couldn't leave even if he wanted to. Lawyer Chen had been in a car accident, and his legs were disabled. It would take at least a year or two for him to recover. Moreover, he was getting on in years. Even if he could walk in the future, he probably wouldn't want to work so hard.

Shen Wenxuan couldn't leave for the time being, so he took over lawyer Chen's job. He had a lot of contact with ye xiangnan.

one day, shen wenxuan was about to leave after handing over his work when ye xiangnan called him.

"President ye, is there anything else?" shen wenxuan was completely professional.

...

ye xiangnan put down the golden pen in his hand and said,"Help me do something."

Shen Wenxuan waited for him to speak.

He had a premonition that it would be about su mu. Everyone in Starlight knew that ye xiangnan had brought Lin Lu to the family banquet. Su mu should also know about this.

Deep down, Shen Wenxuan was a little angry. However, ye xiangnan was his superior and he could only hide his emotions in the company.

Ye xiangnan looked at him and said, " contact miss su for my divorce. You don't have to prepare the divorce agreement. She's very noble and won't ask for a single cent from me, and I'm not going to give her a single cent.

the latter part of his sentence was very personal and infuriating. after I divorce Ms. Su, I won't interfere in her personal affairs. Lawyer Shen, you can do as you see fit.

Shen Wenxuan clenched his fists. su mu is not an object. You can divorce her, but you have no right to decide anything else about her.

He suddenly understood why Su mu and ye xiangnan had never been together. It was because they were not equal. In ye xiangnan's heart, she had always been a woman who could come and go at his will. He had never respected her.

Shen Wenxuan could choose not to be with su mu, but he could not tolerate anyone insulting her.

Especially when ye xiangnan talked about her in such a scornful tone even though he had already gotten her.

Lawyer Shen couldn't take it anymore and punched President ye. The two men fought so intensely in the president's office of Starlight for su mu that everyone knew they were in a bad mood.

In the end, su mu came over and ye Hui called.

the scene in the starlight was a little unsightly.

the two men were injured and their faces were unsightly.

lin lu wanted to show off, but secretary li skillfully blocked her from entering.

What a joke. The president fought for su mu. Obviously, he couldn't forget su mu but couldn't bring himself to do it. Instead, he beat up su MU's ex-boyfriend.

What kind of operation was this? what kind of brain circuit was this? anyway, Secretary li couldn't understand it. She only felt that his emotional intelligence was even worse than that of a child.

The company's doctor was examining the two men's injuries. Fortunately, they were not serious injuries to the tendons and bones. They were only superficial injuries.

when su mu received ye hui's call, he could roughly guess the reason why shen wenxuan did it.

so she went.

after secretary li opened the door for her, she walked in.

Ye xiangnan noticed that she had lost some weight after not seeing her for many days.

he frowned.

su mu and sister hong had gone on a business trip and had only returned this morning. as soon as they returned, they rushed over and saw this scene.

she walked toward shen wenxuan and sighed. ” “In the future, don’t be like this.”

ye xiangnan’s face didn’t look good, and secretary li was about to cry.

miss su, you should comfort the president. don’t just think about your ex-boyfriend. if you leave, the whole company will be done for.

Chapter 5027: Do you know how many women are waiting for me (4)

take lin lu for example. although she went to a family dinner and was transferred back to the company, she thought that good days were coming.

Bah, she was the unluckiest.

Most of President ye’s anger was vented on her.

Secretary li had every reason to believe that Lin Lu would have quit if it weren’t for the tiny hope.

at the same time, she also admired lin lu for her ability to hold back her tears. there were several times during meetings when lin lu almost cried, but she forced her tears back.

however, she admired su mu more. president ye was clearly angry with her, but the one who got scolded was lin lu, and the one who got beaten was lawyer shen.

...

Looking at how badly hurt lawyer Shen's handsome little face was, it really made one's heart ache!

secretary li said at an inappropriate time.

the moment she looked up, she saw her boss's dark face. she immediately collected herself. she should not feel bad for lawyer shen at this time. she should feel bad for president ye.

su mu turned around and looked at ye xiangnan after he finished talking to shen wenxuan."you just want to sign the divorce certificate. i'll sign it. also, i won't take a single cent from you. don't make things difficult for others."

"feeling heartache?" ye xiangnan said sourly.

secretary li couldn't bear to listen to this anymore.

is this president ye?

ye hui was also there. she exchanged a glance with secretary li and felt ashamed for her brother.

She clearly cared about him, but she was stubborn and insisted on signing the divorce certificate. How much time did she spend last time to trick him into marrying her? now, she wanted a divorce in just a few days. It was like she was running a house.

a child's speed of getting tired of the old would not be so fast.

ye xiangnan thought that su mu wouldn't dare to talk back in front of others. after all, she was a married woman.

however, he had really underestimated su mu. she had actually replied and was not polite at all.”yeah, my heart ached. how is it?”

ye xiangnan’s face was so ugly that he could strangle her on the spot. he almost squeezed out a few words from between his teeth, ” is that so? that’s good. After you sign it, you can go anywhere you want, with anyone.

Shen Wenxuan almost pounced on him again, but su mu stood in front of him and said in a calm voice, ” “you don’t have to do this. just sign it. ”

As she spoke, she stared at ye xiangnan.

They had not seen each other for almost ten days, and she had long expected that he would make her sign this.

In fact, she had given up on him the moment he took Lin Lu to the family dinner.

this was a clear slap to her face.

If su mu didn’t sign it, he would be too despicable.

She looked at ye xiangnan calmly, then turned to Shen Wenxuan and said, ” “Lawyer Shen, I’ll have to trouble you.”

after she finished speaking, ye hui said in a low voice, ” “Sister-in-law, think carefully.”

su mu shook his head and said nothing more.

After a few times of fooling around, she and ye xiangnan would never be together.

shen wenxuan went to his office and asked his secretary to prepare some documents. he brought them back and placed them on the table.

su mu signed his name without thinking and pushed it to ye xiangnan.

Ye xiangnan looked at her signature and narrowed his eyes slightly.

She didn't drag things out!

He wasn't wrong. He said that he would set her free, so of course she couldn't wait to be with a certain man. After signing the papers, no one would be able to stop them in the future.

Hence, he also signed.

he put on his golden pen and said, " lawyer shen, go and do it. once you're done, inform miss shen to come and get it. "

His tone was particularly cold.

Su mu pursed his lips and didn't take it seriously.

anyway, they had already agreed that this certificate was for ye jie to go to school.

Chapter 5028: Do you know how many women are waiting for me 5

there was nothing wrong with signing the divorce papers now.

They had never even started.

However, Shen Wenxuan refused. President ye, you should arrange for someone else to do this. I'm not the right person.

ye xiangnan narrowed his eyes and threw the document to secretary li. " "Let the other secretaries handle it."

Secretary li agreed, but it was a little difficult to take it out.

This thing was like a hot potato, no one would know how to deal with it.

...

Get a divorce for President ye? You must be joking!

Who would dare to do it?

the marriage certificate was something that president ye had spent a lot of effort to swindle into his hands. now, he said he didn't want it?

anyway, secretary li didn't really believe it. she walked out and weighed it again and again. in the end, she decided to put this matter aside first. perhaps president ye would regret it later. president ye often did this kind of thing.

before he met miss su, mr. ye was a gentlemanly and noble son. after meeting miss su, he became a mental patient on and off.

The patient needed to be well comforted.

secretary li went out for a while and came back. however, the person in question had already left, leaving president ye and miss ye hui alone.

secretary li went in, and ye xiangnan looked at her. "is everything done?"

"yes, president ye," secretary li nodded vaguely.

ye xiangnan's voice was calm. "that's all. you can go out first. "

before secretary li left, she exchanged a look with ye hui. who knew that president ye would accidentally see her and throw a pillow at her. " why are you still here? "

Secretary li laughed in his heart. President ye was so angry that he turned into a little princess now?

When she walked out, ye Hui made an excuse to come out and the two of them got together.

Shen Wenxuan left and my sister-in-law followed him. She said she was going to send him to the hospital. Ye Hui sighed. it's okay. In the past, eldest sister-in-law would have to avoid it. Now, my brother said that he wants a divorce. It's just right. It's open and aboveboard! it's so convenient for an unmarried man and an unmarried woman."

"if not ..." secretary li smiled and echoed. president ye must be sulking over there right now."

Ye Hui also smiled. my brother is just a stubborn person. He clearly can't bear to do it. For small things, he just needs to make a fuss and coax them. Why does he have to put on the temper of a young master? "

"miss su doesn't really fall for his tricks," secretary li said with a smile.

"not only do i not want to eat it, i detest it to the core." Ye Hui sighed. that's right. You didn't really hand the document over to the legal team, did you? it's hard to go back after you sign this.

secretary li revealed a mysterious smile and ye hui understood.

She admired Secretary li. he's a God. He can read my brother's mind.

Secretary li laughed. as a Secretary, you have to have good judgment.

Ye Hui still wanted to talk to her, but thinking that she had been out for a long time, she was afraid that Ye Xiang Nan would be suspicious, so she sneaked back.

There was no one else in the huge office.

Ye xiangnan lay on the sofa, his face dark.

Ye Hui went over and sat beside him. She touched the corner of his mouth with her finger and said in a small voice, ” ” brother, why don’t i send you to the hospital too? maybe you’ll meet sister-in-law by chance. ”

“sister-in-law?” Ye xiangnan said in a cold voice, ” what kind of sister-in-law is she? she’s out with another man. Am I her husband? ”

“You’ve already given birth, how can you not?” ye hui was especially good-tempered and pulled his hand, ” “You’re really willing to hand over sister-in-law? shen wenxuan was her first love. What if the two of them can’t help themselves?”

#### Chapter 5029: president ye is still jealous (1)

“she can go wherever she likes.” ye xiangnan’s temper was probably really rising, so this little goading was useless.

at this moment, ye hui was a little uncertain. had her big brother really given up?

She leaned against her brother and looked at him without saying a word.

After all, ye xiangnan loved his sister. He reached out and touched her little face.”what’s wrong?”

Ye Hui leaned her face against his chest. When they were young, they were also this close. Ye Hui said very softly, ” “Brother, I’m afraid you won’t be able to find someone you like in the future.”

Ye xiangnan was a very picky person. Ever since he was young, he had never liked anyone else other than Qin yihuan. He did not care about the women he had liked before.

...

However, she felt that su mu was different. He was different from sister yihuan. Ye Hui couldn’t tell what was different about him. She just felt that her brother might regret giving up on him.

Ye xiangnan's heart softened when he felt her emotions. This silly sister of his couldn't even take care of herself, yet she was worried about him.

He lay down, stared at the ceiling, and said something honest, "ye Hui, su mu and I are probably really not suitable for each other. He's too headstrong.

"There are so many gentle and cute women out there, why don't you like any of them, brother?" ye hui propped herself up and looked at him.

ye xiangnan didn't want to talk to his sister anymore. the thought of su mu and shen wenxuan kissing each other in the hospital made his teeth hurt.

"okay, okay, be good. let me sleep for a while." he closed his eyes and patted ye hui's little head. "also, don't tell dad and mom that i got into a fight. "

ye hui stared at him but did not say anything in the end.

in the hospital, shen wenxuan found that his hand was slightly fractured. after treatment, he offered to treat su mu to a meal.

su mu didn't refuse.

they were actually like old friends. su mu's divorce would not affect their relationship.

he had a girlfriend too, and their relationship was neither good nor bad. if shen wenxuan was not proactive enough, he would probably die without a good ending.

As they walked, they arrived near the school where they used to study.

the long street was lined with France parasol trees on both sides. the early winter weather had already shed leaves.

there were also some fallen leaves on the ground by the side of the road. when he stepped on them, they made a rustling sound.

"I wonder if that restaurant still exists." shen wenxuan turned to look at su mu with a smile and a hint of reminiscence.

"Let's go and have a look?" su mu smiled.

after walking for about five minutes, they arrived at the seafood restaurant.

the business was still as good as before, and the restaurant was full at eight o'clock in the evening. the lady boss was still the same as before, with an amazing memory. as soon as she saw su mu and shen wenxuan come in, she put on her apron and came over to greet them."it's been so many years, and you're still together."

Su mu felt a little uncomfortable, but Shen Wenxuan did not deny it.

He was just a stranger, so there was no need to explain.

the lady boss made room for her and took out a small notebook to order. she nagged as she did so, "young lady, you were sick when you dropped out of school, right? every time mr. shen came over, he would order food for two people. if he couldn't finish it, he would treat us. he's really a good person. By the way, are you guys married now?"

Su mu looked at Shen Wenxuan in a daze.

shen wenxuan poured her a cup of tea and looked up at the lady boss. "not yet. the same as usual, and two bottles of beer."

the lady boss quickly took two bottles of the sprinkling can and opened them for them while saying, we should celebrate our reunion after a long time. It's cold, so I have to be fair.

“she can’t really drink,” shen wenxuan stopped her.

“I understand.” The lady boss’s expression was one of understanding.

shen wenxuan did not explain, and neither did su mu.

this place was the same as before. they were the same as before. even if they couldn’t be husband and wife, it was good to be old friends.

The weather was cold, so he ordered another pot of lamb Scorpion. It was slightly spicy, and his nose was sweating from eating it. However, it was very satisfying.

“This is the sign.” The lady boss was quite interested in their table and took the initiative to say, “Miss su, you haven’t been here in years. This dish is really good. Mr. Shen would order one every year after graduation. Today is the best day to listen to it because it’s cold. The atmosphere is also lively.”

...

Su mu just smiled.

The taste wasn’t bad, but it was a little spicy. He would be covered in sweat after eating it.

su mu looked at shen wenxuan and smiled. ” “I thought you didn’t like spicy food?”

“Don’t you like it?” Shen Wenxuan asked softly.

Su mu didn’t say anything more and continued to eat the hotpot.

It was almost ten O ‘clock when they finished eating. Shen Wenxuan’s hand was injured and he could not drive. In addition, he had drunk beer. In the end, su mu dropped him off at his apartment before he took a taxi back.

Shen Wenxuan called out to her when she was about to get into the car.

su mu turned around.

“su mu, go to the school and take a look when you’re free.” he said softly.

“If I’m free,” su mu smiled.

however, they knew that it was impossible. their memories belonged to the school.

Even without ye xiangnan, it was unlikely that they would be together. Su mu was a married and divorced woman with a child. Unless Shen Wenxuan had broken up with his family, there was no way he could be with su mu.

He was willing to do so, but su mu would have to suffer.

he didn’t want to do this.

shen wenxuan wanted to take care of her, but he swallowed his words.

She was proud, but he was in no position to do so.

To this day, they could only be old friends.

Su mu still got into the car. When the car drove away, she looked out of the window and bit her fingernails.

the driver in front smiled. ” young lady, was that your boyfriend just now? he’s very handsome, and the house he lives in is nice. he must be rich, right? ”

“just an old classmate.” Su mu muttered.

the driver seemed to have realized something and stopped talking.

The car was parked downstairs. Su mu paid the fare and was about to go upstairs.

She saw a very flashy car parked there, and ye xiangnan was leaning against the door.

Su mu walked upstairs as if he didn't see it.

Ye xiangnan's voice was strange."you just signed and you can't wait to go on a date? don't forget that shen wenxuan still has a girlfriend."

Su mu felt that he was bored. if you're free, you can find some models to have a drink with. It'll be better than staying here.

"You're right." "What am I doing here? catching an adulterer?" he nodded. She's not my wife."

As he spoke, he opened the door, got into the car, and drove away.

Su mu felt that he was sick, so he went home directly, ignoring him.

when he opened the door, he was stunned.

all the things he had bought for her were piled here.

Su mu called ye xiangnan and said in a stiff voice, " "How did you get the key to my house?"

"That's not the main point." his voice was even colder than hers. " the point is that these are my gifts. if you don't like them, you can just throw them away. you don't have to ask me again. "

Su mu bit his lip. then, thank you, Mr. Ye.

She naturally didn't want these things. In the end, she just tidied them up and piled them in the corner.
