

## Thank you 5051

Chapter 5051: su mu, you can't even support yourself anymore (5)

he not only cooked his own noodles, but also made a bowl for su mu out of kindness.

Su mu was startled when he brought out that thing.

What was that thing? it was a lump of flour, and he didn't know if it was noodles or something else.

She looked at ye xiangnan, speechless.

“go ahead, i cooked it,” ye xiangnan said kindly.

“I know it was you.” Su mu stared at the terrifying thing. “you can eat it yourself.”

...

“I can't eat.” “You can have it yourself,” su mu said, lowering his eyes.

“You're asking me to eat something that even you can't eat? is this how you treat your guests, miss su?” ye xiangnan said sarcastically.

“You can leave now. No one is stopping you.” su mu looked up.

Ye xiangnan glared at her. you, you think I won't leave? ”

“There's no difference whether we leave or not.” She finally couldn't stand him anymore. President ye, if you want to eat something, just give me a call. I think Secretary Li can do it for you. If not, there's still Secretary Xiao.

“i just want to eat a bowl of noodles.” “Let's go down,” he said, staring at her.

Su mu had no choice but to be pestered by him. Really, even ye Jie was not as troublesome as him.

She went to cook the noodles with shredded pork and vegetables. She made it thin and sprinkled a layer of sesame oil on top. It smelled very fragrant.

She took it out and gave it to ye xiangnan. eat it.

ye xiangnan asked her casually since she didn't have it herself. su mu buried his head in the files again. "i don't have the habit of eating midnight snacks."

he ate it alone and went out to smoke a few more cigarettes.

Su mu was still busy when she came back.

Ye xiangnan didn't say anything this time. He went to ye Jie's room and closed the door.

She wasn't his wife, so he naturally wouldn't care much.

The next morning, when he got up, su mu was already up and making breakfast. She made millet congee and four-colored rice cakes. They looked very beautiful and ye Jie also ate them deliciously after getting up.

Ye xiangnan looked at the little guy's satisfied face and knew in his heart that ye Jie wanted to follow her mother.

In the ye family, no matter how well he or his mother treated ye Jie, su mu was still the most important person in ye Jie's heart. One could tell from the way he was eating. He had never tasted so good even when he was eating exotic delicacies.

ye xiangnan ate a little. " dad is waiting for you downstairs. "

He wanted to go for a smoke.

Ye Jie said yes obediently and then looked at her mother pitifully.

he wanted his mother and father to send him to school together, so he wanted to stay as long as he could.

However, su mu reached out his hand and touched his little head. He still refused, ” “be good, mom has a morning meeting to attend. Can you go with dad?”

Xiang Nan was very unhappy and dejected.

when ye xiangnan was waiting downstairs, little ye jie was still dejected.

He had probably guessed it. He looked at su mu and said, ” “You don’t have time to send him off?”

“i have a morning meeting this morning and a business trip in the afternoon,” su mu said softly.

“A few days?” He frowned.

It was not because he was concerned about her, but because he felt that su mu was so busy that ye Jie couldn’t see his mother when he missed her.

“about three days,” su mu said in a low voice, ”i’ll be back on saturday.”

“Mommy will take you out to eat something nice this Saturday, okay?” she looked at ye Jie again.

Ye Jie nodded hard, but she was still unhappy.

A child of a few years old would want to be sensible, but he was still so young and needed a mother.

Ye Cha was always unhappy when he got into the car, and su mu couldn’t coax him for a long time.

Chapter 5052: ye xun is sick and needs you (1)

sister hong nodded in understanding. ” the child is sick. you should hurry back. ”

“Sister Hong, can you handle it alone?” su mu was a little worried.

“alright, it’s fine.” sister hong nudged her. ” hurry up and go. ”

Su mu immediately booked a ticket for the nearest high-speed rail with his mobile phone. After that, he packed up his things.

from here to the high-speed rail station, they had to take a bus, which took about an hour.

Finally, su mu arrived at the high-speed rail station. When he was about to check his ticket, her phone rang. She thought it was ye xiangnan calling or ye Jie missing her mother. However, when she picked up the phone, she heard an unfamiliar voice.”Sister Hong is in my hands.”

...

Su mu was dumbfounded. Then, he heard sister Hong’s voice from the phone. It was quite shrill.

Just as she was in a daze, the phone was cut off.

Su mu stood there. A few seconds later, his phone suddenly rang again. She thought it was the same person, so she said in a muffled voice, ” “hello, yingluo.”

But this time, it was Night Thoughts South who called. His voice was a little tired. what time are you getting off the car? I’ll get the driver to pick you up. Ye Jie is not in a good state now. Her high fever hasn’t subsided even after a whole night.

Su mu was still in a daze. He did not even know what he was talking about.”Something happened to sister Hong, so I can’t leave. Ye xiangnan, can you take care of ye Jie?”

ye xiangnan frowned. " su mu, do you know what you're talking about? ye jie wants to see you. he's very upset. "

"I know," Su MU's tears fell. something happened to sister Hong. She might have been caught by someone. I have to stay to save her.

in the hospital, ye xiangnan stood in the corridor with his phone in his hand. he said softly, " " su mu, is your son or your sister hong or your job more important? i can help you find her, but you better come back. "

Su MU's lips trembled. how's Ye Jie? "

"it's not easy for you to still remember your son." Ye xiangnan's voice was as cold as water.

su mu apologized in a low voice, " i'll be back as soon as i find sister hong. "

Even if she didn't have to work, she didn't go anywhere and just accompanied ye Jie.

however, something happened to sister hong. it was possible that yingluo was a woman now. she couldn't just leave a woman who had been protecting her.

Having said that, su mu hung up the phone lightly.

on the other side, ye xiangnan heard the busy tone of toot phone and smiled coldly.

She only had work in her heart, Yingluo.

was work that important to her? also, was she really that stupid to think that liu hong would be fine just because she was there?

ye xiangnan stood there for a while before wen yuan came over. " what's wrong? " is su mu in trouble?"

ye xiangnan shook his head. ” no, it’s liu hong who’s in trouble. maybe the locals don’t want them to report, so they locked liu hong up. they don’t allow su mu to leave because they’re afraid that the news will be leaked. ”

After saying that, he called his Special Assistant and asked him to deal with this matter and bring su mu back as soon as possible.

he told himself that this was not for su mu, but for his son.

Ye Cha needed his mother very much for hiding here. Su mu Qianqian really deserved to die.

You’re brave but stupid, and you think you’re great and want to be a hero?

In this world, how could you be one just because you wanted to?

he chuckled and wen yuan, who was beside him, sighed. he also used his own connections to deal with this matter.

It even alerted the person in charge, the youngest member of the Wen family, but the one with the highest authority.

Chapter 5053: Ye Xun is sick and needs you (2)

However, that place was really far away from him. It was already night time when he finally got them out. There was no high-speed train, so su mu only came back the next day.

On the other side, ye xiangnan hung up the phone and went back to the ward.

the attending doctor was still diagnosing ye jie. ” you may have to go for surgery. ”

“must i?” ye xiangnan frowned.

the doctor nodded. ” there might be some water accumulation. it’s dangerous to drag it on, but don’t worry, mr. ye. we used the most advanced minimally invasive surgery. small wounds recover quickly, so there won’t be any problems. The damage to the child is minimal.”

ye xiangnan was slightly relieved and looked at his mother.

...

Wen Yuan was already extremely upset and his heart ached for ye Jie.

At this moment, everyone hoped that su mu could come back and stay by ye Jie’s side.

This child had always hoped to have a mother by his side, but he was too sensible and refused to say it. The more he was like this, the more he was loved.

Wen Yuan heaved a long sigh. Together with ye mu Bai, they contacted the doctors and arranged for the operation.

ye xiangnan accompanied the child while little ye jie woke up for a while. she opened her eyes and looked around.

then, there was disappointment in his eyes.

ye xiangnan knew that he was looking for su mu. he hugged him gently. ” “mom is on her way back, it’s a little far.”

ye jie made an “oh” sound and then closed her eyes again in discomfort.

This illness had alarmed the Wen family’s leader and he came to see the little fellow.

in the afternoon, the surgery was arranged and everyone in the ye family came except for su mu.

everyone more or less blamed su mu, but few of them could understand the time when su mu gave birth to ye jie. at that time, she was alone, living in the cheapest ward, and eating in the cafeteria after giving birth.

Su mu had been taking care of ye Jie since he was born.

these were things that others could not understand. everyone would only remember that when ye jie was sick, her mother had ruthlessly left him and did not stay by his side.

Ye Jie was probably the only one who believed in her mother's love for him and believed that her mother had her own difficulties.

Ye Jie had been sleeping after the operation.

su mu arrived at the hospital at 10:30 the next morning. sister hong came with her not only to see ye jie but also to thank ye xiangnan.

if it wasn't for the ye family, she wouldn't have come out so quickly.

The people in that place were too barbaric. She believed that no one would know if she could not get out of there for the rest of her life.

Su mu ran all the way to the ward. It was quiet in the ward. Wen Yuan and ye Mubai had been keeping watch the whole night. In the end, he was still tired and went back to rest.

Ye xiangnan was the only one in the large Ward. He sat on a sofa, his eyes bloodshot.

Sister Hong came over, looked at the child, and said a few words to ye xiangnan before leaving.

As an outsider, it was not convenient for her to be present at such an occasion.

after sister hong left, su mu pursed his lips and said with some difficulty, "Ye Xi, he's so tired."

“he had an operation.” ye xiangnan looked up at her and said in a cold voice, ” before the operation, he kept asking when his mother would come back. He was too young to understand. He even thought that he might not survive and would never see you again. He was very scared. Su mu, you don’t need me to tell you how sensitive ye Jie is, right? is other people more important than your son? Liu Hongren is back safe and sound now, but what about your son? he’s lying here and experiencing despair. Do you know how much this will affect his mentality? ”

#### Chapter 5054: Ye Xun is sick and needs you (3)

Ye xiangnan’s voice had been very soft, suppressed, and restrained. After all, they were in the ward, and ye Jie was not awake. He just wanted his son to rest a little more.

“i’m sorry.” su mu lowered his head.

This sentence was directed at his son.

ye xiangnan’s face was cold, and he curled his lips, ” “Do you have anything else to say other than sorry?”

At this moment, he hoped that she would say that she would no longer be a reporter and that she would not go out in the future and would accompany ye Jie.

he could fund her to open a shop or do something else, so that ye jie could see her whenever he wanted.

...

one time was enough.

He did not want to disappoint ye Jie again. Such a small child was lying on the operating table, and he just wanted to see his mother.

Su mu didn't say a word. She leaned against the wall. She was exhausted. She had been running for a day and a night. She couldn't even remember when she had eaten. She was at her limit.

However, she still forced herself to stand, unwilling to sit down.

She kept staring at ye Xun, afraid that he would not see her when he woke up if she missed even a second.

su mu kept staring at ye cha like this, and his eyes were sore.

ye xiangnan went out for about half an hour in the middle of the trip. he came back with two sets of breakfast and threw one to su mu.

Su mu took it but didn't eat it. He looked at her and didn't listen to her. "you're acting like a loving mother at this time. what were you doing earlier?"

Su mu had to eat a little even if he couldn't eat. Otherwise, he would probably say something even worse.

He lowered his head and nibbled on it gently, but it tasted like wax. He couldn't eat it.

He couldn't eat anymore after eating a little and put it aside.

Ye xiangnan didn't seem to be going to the company today. He looked at ye Jie for a while and then at su mu. In short, he looked at her with an unfriendly expression.

Su mu had been standing, and he didn't let her sit.

Time was hard to bear. After a long time, ye Jie finally woke up at noon.

as soon as ye jie woke up, su mu reached out and touched his little face, his voice slightly choked. "is ye jie feeling better?"

Ye xiangnan also went over and looked at his precious son.

Ye Xun opened his eyes wide and looked at his mother.

After a while, he closed his eyes again in pain. mom.

“i’m here.” su mu reached out his hand and touched his little face carefully. ” “be good, it won’t hurt in two days.”

In fact, it wasn’t very painful. It was just very uncomfortable. Besides, ye Jie couldn’t drink or eat now.

but the little man endured it and didn’t make a sound.

This was very much like su MU’s character.

su mu stayed by his side and dared not talk to him. he only took care of him gently.

ye jie fell asleep again, but her little face was much calmer than before, probably because she had seen her mother. there was even a faint smile on the corner of her mouth, which was very cute.

Ye xiangnan’s eyes fell on his son’s face. After a long time, he said in a low voice, ” “You still want to be a reporter?”

su mu lowered his eyes and said with difficulty after a long time, ” “This was an accident.”

“Can you guarantee that there won’t be a next time? or are you just lucky every time that the people who captured you are only people with white d-grade, so you won’t meet black?” Ye xiangnan’s face was cold. su mu, think more about your son. He’s still young. I don’t want to have to tell him about your accident one day.

Su mu raised his eyes and looked straight into his eyes.”thinking of nan at night, being a reporter isn’t as dangerous as you think.”

Chapter 5055: ye xun is sick, he needs you (4)

ye xiangnan didn't seem to want to talk to her anymore. he just leaned to the side.

Later, when Wen Yuan and ye Hui came, they stopped quarreling.

Wen Yuan's feelings were the most complicated. He looked at ye Jie who was sleeping soundly and su mu who looked Haggard, so he said in a low voice, "let's find a resting room. you should rest too."

She still talked to su mu alone.

Wen Yuan flicked his hair and said in a low voice, "i was the one who encouraged you to go out and be a new intellectual woman, but now i don't know if i'm wrong. maybe i'm old and can't bear to see my child suffer."

"su mu," she said with great difficulty, "i thought you would be a time judge. i didn't expect you to follow liu hong's path."

...

Wen Yuan also knew a little about sister Hong's matter.

however, su mu and liu hong were different. su mu had a child, just like wen yuan did in the past. he kept making a fuss about wanting to work. in the end, after having little ye hui, she had to take care of the child and gradually lost interest.

As a woman, she also understood su MU's difficulties. Therefore, she couldn't bring herself to ask su mu to go home directly without going to work. However, she also didn't want su mu to do dangerous work again.

wen yuan's words were tactful, but su mu understood.

after wen yuan left, she sat there alone in a daze.

she was clearly exhausted, but she couldn't fall asleep.

He felt very tired.

She was even more tired than when ye Jie was by her side. Other people might not be able to understand her feelings, so why did she cherish such an opportunity? because she wanted to have the conditions to bring ye jie to her side as soon as possible. ye jie was in the ye family and she could not meet him as she wished. after all, it was not her own home, so she had to be polite.

No matter where one was, one would know the fickleness of human nature.

No matter how good the ye family was, she could not do whatever she wanted.

Su mu sat quietly by himself. At two O'clock in the afternoon, she went to ye Jie's ward again.

The nurse was watching ye xiangnan, who seemed to be asleep on the sofa. However, when su mu looked at him, he suddenly opened his eyes and stared at her.

su mu pursed his lips and didn't say anything. he just stood far away.

he sat up. " come on, i don't need to watch over you now. you're not here when i need you. what's the point of watching over you now? "

su mu couldn't say a word, and she didn't want to say it either.

Ye xiangnan seemed to have something to say to her. I heard from my mother that you will consider your job, right? "

" yes, " su mu nodded. " i will consider it. "

Ye xiangnan didn't say anything more to her, nor did he go back to sleep. He just crossed his hands in front of his body and stared at ye Cha quietly.

Su mu took three days off to spend time with ye Cha.

for the past three days, she had taken care of him by herself. she wiped his body, fed him water, and then fed him food.

Ye Jie was very obedient. Although he was uncomfortable, he was very happy. He had not been with his mother like this for a long time.

Su mu felt a little bitter, but she endured it.

Ye xiangnan spent half of his time in the company and the other half in the ward. However, he spent almost all his nights in the ward. Su mu was quite surprised that he could be considered a good father.

Su mu had to go to work three days later.

in the morning, after taking care of ye jie, she squatted in front of the bed, reached out to touch his little head, and said softly, " baby, mommy has to go to work. I'll come and see you after work, okay? "

Although ye Jie was a little disappointed, it was good to see her mother every day.

Chapter 5056: Ye Xun is sick, he needs you (5)

it was the same for su mu. she even thought that it would be more convenient for her to come over since ye jie was in the hospital.

There was an indescribable bitterness in her heart. She didn't know if she was wrong to leave this child in the ye family.

When she left, ye xiangnan happened to come back from outside with his phone. He seemed to have gone out to make a call.

his gaze fell on su mu's neat clothes and he frowned. "you're going out?"

"Yes, I'm going to work." Su mu nodded.

Ye xiangnan closed the door of the ward to prevent ye Jie from seeing them quarreling. "su mu, what's in your head? Ye Jie is still in the hospital, and he will be discharged in a week. Is work really that important to you?"

...

Su mu raised his eyes and looked straight at him."president ye, you probably don't know how hard it is to survive, right?"

He sneered. it's hard to let go of your self-esteem, isn't it? su mu, is it that hard to keep your son company? are you going to let go of him with a clear conscience just because he's sensible? "

Su mu lowered his eyes. it's not as dark as you think. I can understand.

" understand my ass. he just had to accept it. " ye xiangnan cursed, " you left him alone at home before because you had no conditions. now, you want to leave him in the hospital when he's sick. su mu, do you have any heart? what kind of mother are you? "

su mu was in a trance for a moment. after a while, she clenched her hands and said in a softer voice, "it sounds like president ye is a very good father."

He narrowed his eyes.

su mu raised his head. " i have to go to the newspaper office. i still have something to do. president ye, not everyone can live as freely as the ye family. ordinary people are like this. if you don't like yingluo ... "

"i just don't want you to see ye jie jie jie, you want me to say this, right?" he suddenly said coldly.

su mu's expression changed. ye xiangnan walked forward, and she could only step back.

when there was no way to retreat, he pinched her chin with one hand and pressed her against the wall, murmuring in a low voice, "su mu, ye Jie needs a mother. Think about it carefully. If I remarry and bring ye Jie over, he'll have a beautiful and gentle stepmother to take care of him when he's sick in the future. How long will it take for him to forget you? at that time, if you want to come and see him, you'll have to consider other women's opinions. You think it's not good to leave ye Jie with my parents, but if I take care of him personally, I'll have to find a woman to take care of him. Think about it carefully."

he was really direct and cruel.

it was not that su mu had never felt powerless before, but now, she experienced that feeling of powerlessness once again.

she knew that ye xiangnan could do this. he could do anything he wanted without putting in any effort.

However, su mu was different. She had to think too much. Perhaps, it was just as he said.

self-respect was not valuable, but it was the only thing she had.

she had no family and only ye jie left.

what did she have to love ye jie?

he had to watch his mother live under someone else's roof, not daring to say a word or refute?

su mu opened her eyes and looked at the man in front of her quietly. after a long time, she said in a low voice, "I don't think you would be so cold to ye Jie, right?"

"you really know me well," ye xiangnan said coldly. "you're using your son as a bargaining chip. su mu, you're really good."

“No,” she replied with her eyes slightly closed. his voice was unprecedentedly weak.

Chapter 5057: Ye Xun is sick, he needs you (6)

su mu bit his lip and didn't say anything for a long time.

ye xiangnan stared at her and said after a while, ” “you can leave. he's quite pitiful. he didn't have a father in the past and now he doesn't have a mother.”

For some reason, those words made su mu feel sad.

She pursed her lips. I'll go first. You can tell ye Jie later.

he just stared at her without saying a word.

Su mu left slowly.

...

When she arrived at the newspaper office, she was still a little out of it. The people in the newspaper office were all pointing and gossiping. Du Meili probably knew something and spread the news. Everyone knew that su MU's son was sick.

du meili had no sympathy. as soon as su mu went over, she said in the tea room, ” I don't know where some people get the confidence to think that they can stay in a rich family. Now, not only do their ex-husbands dislike them, but even their mother-in-law doesn't like them. Which rich family can allow a woman to run away outside and not care about their children? I really don't know what they're doing.

As she said that, du Meili became more cultured. by the way, is it because su mu can't catch President ye's heart that he has to work? in this case, he can still meet a man who's not so good.

su mu walked over and splashed the water in his cup on du meili.

in the newspaper office, it was so quiet that even a pin drop could be heard.

du meili was also stunned. after about half a minute, she came back to her senses and was about to scream and make a scene when the editor-in-chief came out with a cold face."Du Meili, come in."

du meili was reluctant, but she still glared at su mu.

If she could, she would kill Gu Anxi right now.

Seeing that she didn't move, Zhang fucai was furious. "du meili, get your ass in here!"

Everyone in the newspaper was silent. Everyone knew their relationship, but Zhang fucai had always been very fond of du Meili. He had never shouted like this before, let alone calling himself "father."

du meili's eyes were full of anger, but she didn't dare to argue with zhang fucai at this time. she had been with him for a long time, and she could see that he was really angry.

A smart woman should know that when a man is willing to indulge you, he will help you deal with the sky if you break it. But when he is impatient with you, you should not provoke him.

du meili still wanted to work in the newspaper company. if she wanted to, she had to rely on zhang fucai.

she entered the chief editor's office, softened a little, and said in a half-coquettish manner, " her clothes are all wet. Su mu is too arrogant. I wonder what she's relying on.

"What did you rely on?" Zhang fucai sneered and said,"just because she gave birth to a Dragon for the ye family?" how bold are you to make up stories in the newspaper office every day? why don't you go to heaven? if it wasn't for su mu, would liu hong have returned so easily? think about it, without liu hong, our news agency will collapse. what are we going to eat? are we going to starve together?"

” isn’t there still the entertainment section? ” du meili was stunned. ” i’m obviously better than liu hong. ”

“good my ass.” “that’s because i’m helping you,” the editor-in-chief cursed. Du Meili, wake up! We’re a newspaper company, not a small magazine. We don’t have mainstream influence. Those things you wrote have long been destroyed by others. How can we let you write like this? wake up!”

He was furious. don’t provoke su mu in the future.

“No, you won’t have the chance in the future,” he corrected himself.

du meili’s heart skipped a beat,”editor-in-chief ran ran.”

Chapter 5058: Su mu, beg me (1)

du meili’s heart skipped a beat,”editor-in-chief ran ran.”

She rarely called him that. This time, she was really flustered.

Zhang fucai waved his hand and said indifferently, ” Mr. Ye has already informed us. We can’t use su mu anymore.

As he said that, he was afraid that she would spout nonsense, so he warned her again, ” “go out and keep your mouth shut.”

He was really afraid of her, so he waved his hand and told her to get lost.

du meili felt happy but also unhappy after receiving his advice.

...

It sounded like su mu had been suppressed. However, it was obvious that the ye family had not given up on this birth mother who had given birth to the Dragon. Therefore, she listened to Zhang fucai's words and did not humiliate su mu again.

Even though she really wanted to.

Su mu got the news after work. She was both surprised and not surprised.

Zhang fucai was also quite a good person. He said a lot of polite words, saying that he would visit her if there was an opportunity in the future. He even personally sent her out, giving her enough face.

however, su mu didn't need face at all.

although the chief editor was very polite, she also knew that it was ye xiangnan's arrangement. he just wanted her to go back and accompany ye jie.

Su mu didn't say anything. She just packed up her things in silence and prepared to leave.

When it was time to get off work, no one moved. The entire team was looking at su mu. Little Wen was even more reluctant to let him go. She pulled on su MU's sleeve and said, " " are you really going to leave? you've been doing well. sister hong said that you're really good. you're a natural media person. "

Su mu smiled bitterly.

She didn't say anything. It was useless even if she did.

She had only realized today that an arm could not win against a thigh.

ye xiangnan could get many people to do things for him with one phone call, and he didn't have to pay a price.

power was indeed mesmerizing.

Su mu lowered his eyes, packed up his things, and hugged them. goodbye, everyone.

“Su mu, what are you going to do in the future?” Xiao Wen pulled her back and asked in a low voice.

he was divorced and had no job. su mu was really pitiful.

su mu shook his head. ” i’ll just sell shoes. ”

sister hong walked out, her eyes a little red. it was unknown if it was because she was lacking sleep or something else.

She walked to su mu and said softly, ” ” su mu, i owe you a favor. ”

” don’t say that about sister hong. it’s what i should do. ” Su mu didn’t pay much attention to it.

At that time, what was she thinking at that time? ye Jie had family members by his side and might be disappointed in her and sad, but sister Hong was a woman. If she fell into someone else’s hands, anything could happen.

To her, ye Jie was the most important, but she had chosen to stay.

Ye xiangnan would never understand these feelings. He was used to being high and mighty, and she did not expect him to understand.

Su mu took another look at sister Hong, smiled, and left without acting pitiful.

Sister Hong stood there for a long time, then, without caring about her image, she lit a cigarette in front of everyone. Everyone knew that she wasn’t in a good mood, so they didn’t dare to say anything. They quietly packed their things and left.

For the first time, Zhang fucai stayed behind. He approached her, took out a cigarette from her cigarette box, and lit it. “Why didn’t you ask su mu to stay? If you don’t fight for it, this lady will save you from the fire and water, won’t she?”

editor-in-chief zhang was not only polite to su mu because of the ye family. he was also an old ginger. su mu had a good character. there were very few people who could catch liu hong's eye, and su mu was one of them.

## Chapter 5059: Su mu, beg me (2)

There were very few people who could catch Liu Hong's eye, and su mu was one of them.

Moreover, she had chosen to stay behind to look for Liu Hong because she had a different opinion of her.

however, he still had to obey ye xiangnan's orders. the only thing he could do was to protect her last words, so he could only let his little baby suffer.

zhang fucai looked at sister hong while smoking his cigarette.

Sister Hong didn't say anything and kept smoking. It wasn't until the Twilight came in through the window that she turned her head and gave Zhang fucai a slap without saying anything.

that slap was really hard. zhang fucai was also a little stunned. he frowned and said, "it's not a good thing for a woman to be so fierce. be careful that you can't get married."

...

Sister Hong went to her office to get something, but before she left, she turned around and said, "that's still better than marrying a scumbag."

Zhang fucai was a little embarrassed by her words. He had let Liu Hong down, so he couldn't raise his head in front of her. However, he still followed her.

there was no one else in the elevator.

The two of them stood upright. He turned his head and asked, "Have you been looking for anyone recently?"

"No," sister Hong replied indifferently.

zhang fucai then asked a rather private question, "Then you're usually a coward."

"A bar. You'll have a man when you're drunk." she glanced at him. "if not, it's an advertising company. you know what those men are like. your little baby has been offered many times. don't tell me you still care. "

Of course, Zhang fucai didn't care about du Meili. He only cared about sister Hong, but he couldn't say it out loud. First, he was sorry for the past, and second, he had a wife now.

Even if she had this person in her heart, what could she do? she couldn't possibly abandon the child.

besides, she would never want him again.

she had been with many men, and he could only watch helplessly. he knew who had entered her house, but it couldn't be him. liu hong either hated him to the core, or she didn't hate or love him anymore. she treated him like air and invisibility.

Zhang fucai was quite sad in this short minute. He went to the parking lot and said goodbye to sister Hong.

Sister Hong left in an ordinary car. Zhang fucai didn't leave immediately. He stood there and smoked for a while before driving home.

It was still the same after he returned home. His wife, who was as pretty as a flower at home, had become an old hag after a few years. Just like Liu Hong in the past, he had also despised her.

But now he knew that a woman would look the same in a few years 'time, especially if she didn't dress up after giving birth. If you wanted her to be charming and take care of your child well, you could only dream on. Unless you hired a few servants to let her live the life of a rich lady.

therefore, although zhang fucai was full of schemes and had many other tricks up his sleeve, he was satisfied with his wife now. she was very honest and stayed at home to take care of her husband and raise her children. most of his salary was given to her.

How should I put it? if there's no love, just live.

only one person, or when he couldn't sleep at night, would think back to his struggle with sister hong. at that time, he hadn't put on weight yet, and no one called him uncle blessing.

Sigh, Liu Hong was the person who had all of his youth. When du Meili followed him, he already had a rich and imposing appearance. He knew what she wanted from him.

therefore, he often missed sister hong and the good times they had together.

Chapter 5060: su mu, beg me (3)

sister hong drove away and called su mu when she reached an intersection.

Su mu answered.

Sister Hong's voice was very calm. there's a KFC near the hospital. Wait for me there. I have something to tell you.

Su mu knew how to take public transport, so he nodded. "alright," he said.

She and sister Hong arrived at almost the same time. When Liu Hong arrived, she ordered a cup of coffee for her.

"i know you can't get used to it. warm your hands." Su mu said softly.

...

sister hong let out a long breath and then looked at su mu. ” “So, what are your plans for the future?”

No. su mu shook his head and smiled bitterly. I don't have any plans.

sister hong knew her pretty well. ” you're not planning to go back and sell shoes, are you? su mu, don't tell me that you're only so successful. ”

Su mu looked at her and said after a long while, ” “You're right, sister Hong. I'm really planning to go back and sell shoes.”

“you're promising,” sister hong snorted and took out a card from her bag. ” “There's 200000 Yuan in here, your Commission. The password is 123123.”

su mu was stunned. ” sister hong? ”

“How clean do you think we are in our line of work? without any benefits, do you think i would risk my life and drink with those old foxes who can be my father and still be taken advantage of?” Sister Hong said nonchalantly, ” su mu, it's a good thing to leave the news agency. In fact, it's not a clean place either. In this world, which place is clean? ”

She lowered her head, took a sip of coffee, and looked up.”it's really bad.”

su mu didn't say anything.

Sister Hong continued. other than being raised well like a Madam in a rich family, you don't have to face those things. Or, you can marry an ordinary man and be an old hag at home. Your husband might still be out there having fun.

sister hong flicked her hair and smiled bitterly.”Who knows?”

su mu could understand her feelings, so he didn't say anything.

Sister Hong smiled. don't think that I'm that sad. I've already gotten over it. Su mu, what I want to say is, walk your own path. However, don't be too stubborn. Remember sister Hong's words. Don't hit your head easily.

su mu replied with an "en." she still didn't want the money, but sister hong insisted, " " you've been through life and death with me, so you should take the money. i still have my morals. with this money, you don't have to rush to find a job. take a rest first, or find a decent job to enrich yourself. "

she held su mu's hand and said, " i know you're working so hard because you're afraid that others will look down on you and your child. take a rest. you have a long way to go. "

"Sister Hong, this doesn't sound like you," su mu said emotionally.

" why not? i have to rush forward every day. everyone needs to rest. if not for nightsun's illness, i would have taken you to relax. " sister hong was a free and easy person. she remembered that she owed su mu a favor and would not keep mentioning it so that su mu would feel burdened.

sister hong heaved a sigh of relief. " now that we're done with the proper business, i should let you go see the child. buy some food for the child. if there's anything, call me. "

Su mu stood up and walked outside with her.

sister hong smiled and patted her shoulder again. " i know you won't be able to stay here for long. it's too hard for you to follow me. you won't be able to take care of the child. stay in B city and think about what sister hong said. "

Su mu nodded, " I know.

sister hong got into the car and said goodbye to her before driving off.
