Chapter 5061: su mu, beg me (4)

Su mu stood there for a long time before he went to the hospital.

Ye Xun was awake. Ye xiangnan was leaning against the bed, reading a fairy tale book to ye Xun.

his voice was pleasant and he was dressed in a relaxed manner. his casual pants and thin sweater made him look different from his usual well-dressed self.

ye jie listened very carefully, and her little face was serious.

This scene was somewhat moving.

Su mu walked over and put down the things in his hands. “Ye Jie, have you had dinner?”

...

Ye Cha tilted his little head and found su mu coming over. He was quite happy. mom.

“You look much better.” Su mu squatted in front of him.

as she spoke, she kissed the little guy’s face. ye jie’s little face suddenly blushed and she was a little embarrassed.

Su mu patted his head. I’ll make you some wonton, okay? it’s your favorite.

ye cha was quite happy, but she couldn’t do anything, so she could only grin.

Seeing his silly look, su mu also smiled and said softly, ” “mommy will go to the kitchen.”

This VIP Ward came with a small living room and kitchen, so it was especially clean and tidy.

As su mu said this, he took off his coat and put it on the sofa carefully. Then, he took his things and went to the kitchen.

From the beginning to the end, she was very gentle to ye Jie and didn't even look at ye xiangnan.

he thought that she must have found out something and did not have to go to work tomorrow, so she did not want to quarrel in front of ye jie.

When su mu was making the small wonton, ye xiangnan talked to ye Jie and coaxed him before they went to the kitchen.

He closed the door and looked at su mu while leaning against it.

she was quite thin, and from behind, she was really very thin. he had carried her before, and she was as light as a feather.

ye xiangnan curled his lips and crossed his hands in front of his body, "Why are you unhappy?"

you're at the bottom of society. You have no right to be unhappy. As long as President ye is happy. su mu's voice was cold.

He went over and evilly placed his chin on her shoulder, murmuring, "If you're unhappy, why would I be happy?"

Su mu didn't move for a long time. She knew very well that he was teasing her.

A superior would be like teasing a little bug, watching her fall into his net. Then, he could enjoy her struggle, and even her pain. To put it bluntly, it was a game for the rich.

He can flirt with you as he wishes. It's best if you don't fall for him. If you fall for him, then I'm sorry, no one will be responsible for you.

She knew ye xiangnan's tricks very well. He used to want her to be his nanny, and now he was playing this kind of prank game.

he must really hate her.

"President ye has a lot of time to play this kind of game, but I don't." let me go, " she said in a low voice. I'm going to make food for the child. Ye Jie is hungry.

However, the rascal still rested his face on her shoulder. I'm hungry too.

Su mu was even more certain of his wickedness. She wanted to break free from him, but he said, " "Do you want ye Jie to get out of bed and come over to see if mom and dad are quarreling again?"

Su mu couldn't stand him anymore. He heaved a long sigh and said, " what do you want exactly, ye xiangnan? I have lost my job. I'm staying here to take care of ye Jie, so you can go to the company or have fun. Don't make fun of me here. It's boring, you know? "

She pushed him away, and he took a few steps back, his face still full of mockery."not bad, you've improved!"

Chapter 5062: Su mu, beg me (5)

He leaned to the side and resumed his noble young master appearance."What, did Liu Hong give you money? that's why you're not worried about losing your job, right?"

su mu couldn't stand him anymore. he bit his lip."I don't know what you're talking about."

"You know very well what I'm talking about," ye xiangnan stared into her eyes. " su mu, is your son only worth two hundred thousand yuan? "

Su mu was truly shocked. She didn't expect that ye xiangnan even knew about this. Her silence didn't mean that he was willing to let her go.

“Of course you can be at ease,” ye xiangnan smiled.

su mu couldn't bear to listen anymore. she put down all the things in her hands.

...

then, she tilted her head and looked at him silently.

“Ye xiangnan, President ye, what do you want?” she said softly.

her lips were trembling slightly. ” it's okay if I don't have a job. I can sell shoes, but you're right. I'm a shoe seller, so I don't deserve dreams, friends, and loyalty. Everything I've done is wrong. It's a sin. As for you, all the mistakes that you, who are nobler than me, have made are not worth mentioning. They can be easily erased, right? ”

she was a little agitated. ” ye xiangnan, did i say anything wrong? ”

He didn't make a sound and just looked at her quietly.

Su mu chuckled. we're from two different worlds. We have our own standards.

He finally opened his mouth, and his voice was very deep and slow. Do you still love Shen Wenxuan? ”

su mu's pupils enlarged and he stared at him for a long time.

In the end, she didn't answer his question. She didn't know why, so she just didn't say it.

ye xiangnan smiled lightly, as if he didn't care.

He leaned against the door and looked at her. Just like she thought, he looked at a little bug and watched her struggle. He thought it would be very interesting.

Su mu pursed his lips again and didn't say a word. He just started to make small wonton again in silence.

As she wrapped it, she couldn't wrap it anymore.

She had never lost control like this before. She squatted in the corner and buried her face in her knees.

Su mu didn't make any sound when she cried. Even ye xiangnan didn't know if she was crying.

However, she kept it buried, unwilling to cry out loud.

ye xiangnan still walked over and said in a hoarse voice, "su mu, get up."

she didn't move, so he reached out to pull her, but she was so thin and small. he didn't know where she got the strength from, but she just couldn't move.

Su mu still kept his face buried and refused to say a word.

Ye xiangnan let out a long breath, "su mu, do you want ye Jie to see you like this? he can't get out of bed now. Do you want him to hear you and be worried? "

su mu's head was still buried, while ye xiangnan stood on the ground and looked down at her.

after a long time, she finally straightened her body and lowered her eyes without saying a word.

Ye xiangnan looked at her.

su mu's voice was quite indifferent. "go out. i'll make food for ye jie. "

She wiped away her tears, as if her weakness and loss of control had never happened.

Ye xiangnan still wanted to say something, but he gave up in the end.

He walked outside and saw ye Xun lying on his side. His small face was pale as he stared in their direction.

This child, she still heard it.

ye xiangnan walked over and gently touched his little head.”mom and dad just quarreled a little, it’s nothing.”

Ye Xun lowered his small head and didn’t say anything. He looked quite dejected.

Chapter 5063: Su mu, beg me (6)

ye xiangnan patted his little head again and smiled warmly.”alright, mom’s breakfast will be ready in a while.”

Xiang Nan responded with an “Oh” and waited obediently. However, there was still a hint of uneasiness in his eyes.

Ye xiangnan patted his little head and comforted him silently.

After about ten minutes, su mu was done and brought a small bowl over. She sat on the chair and fed ye Cha carefully.

She was very thin, but she was very careful when she did things.

ye cha was eating deliciously, but he was still a little careful, as if he was afraid that su mu would say he was leaving again at any time.

...

su mu's heart ached for her. " i'm not leaving. i'll stay with you, okay? " he said softly.

Tears welled up in ye Cha's eyes. He said nothing and continued to eat.

Xiao Ye Jie wanted to grow up quickly so that she could be with her mother.

seeing his son being so sensible, su mu felt sad.

In fact, ye xiangnan was right. Su mu had nothing left except for her damn self-esteem.

Even if she wanted to hug ye Jie now, she had to consider ye xiangnan's presence.

Su mu really wanted to burst into tears when no one was around.

but in front of the child, she still had to hold on. she had held on for so many years. this time, she would definitely be able to.

this incident also told her that ye xiangnan had always been standing on the high ground, and she had no right to speak at all.

while su mu was feeding ye cha, ye xiangnan had been watching her quietly.

He was a shrewd businessman, so he knew very well what su mu was thinking.

However, he didn't care too much. There was still a lot of time.

His son was also in his hands. As for su MU's, he did not care anymore.

Ye Jie was still very weak after the operation and wanted to sleep soon.

Before he went to bed, he leaned against his mother and asked in a low voice, " "Mom, when can we be together?"

Su mu felt sad when he saw his son's little eyelids were about to fall down but he was still holding himself up tenaciously. He reached out his hand and touched his son's hair."it'll be soon."

Ye Jie opened the door in a daze. mom, what time is soon? "

He said in a daze, " I miss mommy.

Seeing that he was about to fall asleep, su mu stroked his hair and coaxed him to sleep.

Ye Cha closed his eyes for a moment and then opened them again worriedly, staring at su mu.

" i'm not leaving, " su mu smiled. " i'll stay here with ye jie. "

only then did the little guy close his eyes in relief. his thin eyelids were crystal clear and very beautiful. he had really inherited the good genes of the ye family.

Sometimes, su mu couldn't take his eyes off this pretty little guy.

she looked at the little guy gently, her eyes full of tender love.

Ye Jie was very well-behaved and fell asleep after a while. He had taken good care of himself after the operation. Fortunately, ye xiangnan almost didn't go to the company and kept watching over him.

su mu seemed to have completely calmed down by the time ye cha fell asleep.

She turned to look at ye xiangnan and said in a low voice, " "let's talk."

ye xiangnan stared at her for a while before saying, " "Talk about what?"

Su mu raised his eyes, looking a little absent-minded."i want to take care of ye xi for a while."

He continued to stare at her. how long is a period of time? "

“Until ye Jie goes to school.” Su mu slightly pursed his lower lip.

ye xiangnan lowered his eyes. ” you let ye xun stay at your place? ”

Chapter 5064: Su mu, beg me (7)

ye xiangnan lowered his eyes. ” you let ye xun stay at your place? ”

Hearing his words, su mu became embarrassed.

this damn self-esteem popped up again.

ye xiangnan smiled slightly. ” i can give you the villa, and i’ll stay in a hotel. ”

If su mu refused, it would be pretentious. Ye Jie was different now. Staying at her place would not be good for his recovery. Besides, she couldn’t drive ye xiangnan out. She thought for a long time before whispering,”I can take care of him during the day. I’ll leave when you come back tonight.”

” what if i have to socialize or have a nightlife? ” He was very straightforward.

...

su mu pursed his lips. ” ye jie is sick. you can bear with it. ”

I can’t stand it. Single men are very lonely. If we don’t go out and drink a little, we’ll be letting ourselves down. Besides, there’s a mother at home to take care of the child, isn’t there? ” He chuckled.

Su mu was speechless.

ye xiangnan had a bad habit, so he didn't mind it. he ate all the wonton she made and really treated her like his mother.

Su mu didn't say anything. She made something to eat and then accompanied ye Cha.

At around eight o'clock in the evening, Secretary li came over with some documents.

when he saw su mu, he blinked his eyes secretly. su mu felt a little helpless, but he said nothing.

secretary li left after putting down the documents. ye xiangnan sat on the sofa to deal with work while su mu accompanied ye jie. at 11 or 12 pm, ye xiangnan suddenly said, "If you're tired, you can take a nap. There's a bed inside."

Su mu wanted to ask him where he was sleeping, but she swallowed the words back. Ye xiangnan seemed to know what she was going to ask and said lightly, "I'll sleep on the sofa."

seeing no reaction from su mu, he looked up and said with a faint smile, "Don't worry, I'm not interested in you. There are so many women out there, I won't hang myself on a single tree."

Su mu didn't say anything. He just helped ye Jie wipe his body again. Then, he went to wash his face and went to sleep.

the small room was connected to the ward outside, probably for the convenience of taking care of the patient, and there was no door.

su mu only took off his coat and lay down. after lying for a long time, he couldn't fall asleep and tossed and turned.

She had no other choice but to sit up, but she saw ye xiangnan from this angle.

he was already asleep, lying on the sofa. under the dim light, she could only see a little of his silhouette.

Su mu pursed his lips and went out to look at ye Jie. Ye Jie was sleeping soundly. She looked at him silently for a while and covered him with the quilt.

On her way back to the small room, she walked past the sofa and quickened her steps.

however, this slight movement still woke ye xiangnan up. her wrist was caught silently.

It was domineering and overbearing.

The force that was holding her wrist hurt.

“Let me go,” su mu said in a low voice.

ye xiangnan was also surprised. su mu’s wrist was so thin that it seemed to have only bones.

He frowned and muttered after a long time, ” “what are you hiding for!”

as she said that, she reached out and pulled su mu to his side. she wanted to get up, but he pressed her down with one hand in the dark.

after a while, his mocking voice sounded, ” “this is a ward. what are you thinking, su mu?”

“you’re really skinny,” he said viciously after a pause.

Su mu was a bit embarrassed and said in a low voice, ” “Is it fun to humiliate me like this?”

Ye xiangnan’s lips twitched. it’s alright. I think it’s quite interesting.

Chapter 5065: su mu, beg me (8)

Su mu felt that he was bored and moved his hand away, but he caught her instead.

He didn't say anything and just held her hand."you're really stubborn."

He had never seen such a stubborn person. Usually, all the women would come to him and greet him. Su mu was different. He was willing to not look for other women outside, but she still asked for so much.

The thought of it made him angry. He felt that there was no meaning to it, and the slight ripples he had just had disappeared in an instant.

He glanced at her harshly. She was so thin that she didn't have any meat on her.

he let go of her and lay down on his own, not talking to her anymore.

...

su mu pursed his lips and went back to his room without saying anything.

Just like that, they spent a few more days in the ward. Most of the time, ye xiangnan went to the company and would come to accompany ye at night.

With the company of his parents these days, ye Jie's little face was full of smiles. The more he looked at this smile, the more su mu felt that he had let his son down.

She tried to spend more time with ye Jie and find ways to make him happy.

After a long time, su mu regretted it.

If she could do it all over again, she might do everything she could to keep ye Jie by her side and he might not be happy in the ye family.

As she thought about it, she pressed her forehead against ye Jie's. Her nose was sour and she was unspeakably sad.

ye jie could also feel her mother's emotions. she didn't dare to make a sound and only obediently stuck close to her mother.

"Mommy, don't cry," she said softly after a long time.

"no." su mu shook his head. "i'm not crying. i'm not crying."

"mommy, work hard and bring ye jie home in the future, okay?" she held ye jie's little face.

Ye xiangnan came back from outside and happened to hear this.

He closed the door gently, took off his coat, and threw it on the sofa. Then, he sat down and looked at su mu. "Where are you taking ye Jie? your family?"

he snorted softly. su mu knew that his inexplicable sense of superiority was coming back again, so he ignored him. he just bit his lip and let out a long breath.

Ye xiangnan chuckled. I think you should be more realistic. Beg me. Maybe I can let you live in my house forever.

At this moment, he seemed to have thought of something and suddenly pulled su mu to his side. His voice was so low that only su mu could hear him. "don't even think about having anything with me, i don't have any thoughts."

these words were really cold and noble.

su mu was so angry that he almost laughed. he glared at him and said, "president ye, don't worry. i have no other thoughts."

"that's good." His eyes were burning. I can arrange a job for you. I can also arrange for you to take care of ye Jie. Think about it.

you can sleep in the guest room," he added. out of respect for ye Jie, I won't bring a woman back.

“Should I thank you?” su mujue said coldly.

” there’s no need to thank me. it’s for ye jie. ” “i’ll think about it,” he said lightly.

however, su mu was not willing to consider it. her silence was probably a silent rejection.

ye xiangnan didn’t force him. everyone had their own ambitions.

he went to accompany ye jie. the little ye jie had been listening attentively just now. he seemed to have heard that his father asked his mother to take care of him. he still had some yearning, but he was afraid that his mother would feel wronged.

xiao ye jie was really a little warm man.

he wanted to ask, but in the end, he swallowed his words.

When he was discharged and su mu helped him pack his things, ye Jie asked ye xiangnan in a low voice, ” dad, will mom go back with us? ”

Chapter 5066: I’m sorry, we’re not related anymore 1

ye xiangnan’s eyes fell on the woman beside him. he paused for a moment and said, ” “you’ll have to ask mom.”

seeing that su mu didn’t pay attention to him, ye cha said in a low voice, ” “Dad, are you and mom divorced or have you never been married?”

Ye xiangnan tidied his son’s clothes and carried him to the sofa to sit.

” is there a difference? ” he asked.

there's a difference, " ye Xun said pitifully. divorce means that they've been in love before and then stopped loving each other. Not being married means that mom and dad have never been in love.

Ye xiangnan squatted down and looked at his son."tell daddy, who told you this?"

...

"xiaomei." Ye Xun stammered, " Xiaomei knows a lot. Her parents got divorced. She said they were not in love anymore. People who are not in love can not live together.

ye jie said, looking at ye xiangnan eagerly.

Ye xiangnan smiled and held his son's little face with his big palm. do you want to ask whether daddy loves mommy or whether mommy loves daddy? "

"i want to know." ye cha said honestly.

President ye patted his son's little face."ask your mother. if she's willing to love me, i'll love her."

This was like kicking the ball to su mu. Su mu was speechless upon hearing this, but he said nothing.

after she packed her things, the servants at home came to take them, and she left in a separate car.

ye xiangnan carried ye jie and walked a few steps. ye jie looked at su mu pitifully.

Su mu stood there without moving. Ye xiangnan turned around."Didn't you say that you would take care of ye Cha during the day? have you forgotten?"

Su mu then followed him.

Ye xiangnan drove the car himself. He put ye Jie carefully in the back seat and let su mu hold him. When he fastened his seat belt, he snorted, " " put away your self-esteem. with ye jie's body, you want me to carry him while driving? "

in order to let the three of them be alone today, wen yuan and ye mu bai did not come.

su mu couldn't refute him at all. he sat in the back seat in silence.

ye xiang nan was bored, so he started the car.

after driving for half an hour, they arrived at the villa where he lived. ye jie had also lived in the courtyard for half a month and was particularly happy to return here. he sat on the sofa and read his beloved little book with all his heart, su mu accompanying him.

Ye xiangnan took off his coat and answered a call from Wen Yuan.

"Mom, yes, I'm home. Ye Xi is doing well," he said, his eyes falling on su mu and his voice slightly lowered."Yes, she's here. Yingluo hasn't been working recently to take care of ye Jie."

on the other end, wen yuan already knew and said helplessly, "Xiangnan, no matter how dissatisfied you are, you can't ruin su MU's work."

"mom, don't think too much, " ye xiangnan said in a calm tone. " if this is settled, i'll find her a job in the future. "

Wen Yuan said a few more words, probably to stop him from causing trouble.

ye xiangnan said in a low voice, " got it. " then he hung up.

he looked at su mu and said,'please consider my suggestion. Starlight also has a TV station with a lot of traffic. Didn't you study media? you can be a host or something."

but you have to fix your image, " he said, frowning. otherwise, you'll look like an African refugee on camera.

su mu pursed his lips and said,"do you have to be so mean when you think of nan at night?"

He snorted softly and glared at her, but did not say anything else.

Chapter 5067: i'm sorry, we're not related anymore 2

ye xiangnan didn't let su mu go until he saw his son.

He sat beside ye Jie and pulled ye Jie's hair. you just had surgery. Don't always sit. Lie down in half an hour and let your mother look after you.

Ye Jie replied obediently and then secretly looked at her mother.

su mu also peeked at him secretly. ye xiangnan snorted in return."a loving mother will spoil her son."

he still had to go to the company, so he left after sitting for a while. before he left, he gave some instructions to his family. the aunties at home were also smart, and he was afraid that su mu could not hold them back here. it was fine if she felt aggrieved, but the most important thing was that he did not want his son to see his mother being bullied by the servants.

He left for the office after he finished settling the Family Matters. Early in the morning, Secretary li found President ye in a good mood. She found it strange. Previously, when President ye's son was sick, President ye's face was very ugly and his mood was about to explode.

...

but now, it was completely different. he would even smile sometimes during meetings.

president ye looked really good when he smiled. even the middle and higher-ups who were used to seeing celebrities couldn't help but look at president ye. but it was true, president ye had good genes. his father was the best actor back then and was the white moonlight in the hearts of many young girls.

Lin Lu also participated in this meeting. After this period of time, she had almost given up on ye xiangnan. No matter how good-looking President ye was, she didn't dare to look at him.

she also knew that su mu and ye xiangnan didn't get along well, but that didn't mean that other women would have a chance. on the contrary, they would be affected.

she thought about the family dinner she attended last time and how she was screwed over. she didn't even know how she had offended president ye. at this point, she finally believed that ye xiangnan had never treated her as a woman. at most, he treated her as a woman.

lin lu's mind was very simple now. she only had her career in mind.

She didn't know who had said that a woman could live without love, but she couldn't live without a career. Love without bread was illusory. She was very clear that she had the ability to stand firm in Starlight.

The only thing he could do was to keep a distance from President ye.

It wasn't that he was afraid of any woman, but President ye's meaning was very obvious. He didn't want to continue with her.

Lin Lu was ambitious but tactful. She understood everything when she received the check. She would go her own way in the future.

However, she still felt a little uncomfortable when she saw him smile. She did not know if President ye was in a good mood because of su mu. She had heard from Secretary Xiao that su mu had been in the hospital these days, and President ye had been spending the night there as well.

this was something that was very likely to happen.

Lin Lu smiled bitterly and hid her thoughts.

Ye xiangnan finished the meeting and quickly walked out of the meeting room with a document in his hand. Secretary li smiled at the higher-ups and immediately followed him out.

all the higher-ups stretched lazily. ” did you hear? miss su is back. she should be at president ye’s house now. president ye’s mood has changed. ”

the others were also criticizing him in their hearts, president ye seems to care a lot about miss su.

someone laughed, ’you’re probably concerned about that child! how could she not have a mother to take care of her at such a young age? he fell sick because there was no one to take care of him. mothers are really cruel to abandon their children. do you think there’s something wrong with president ye? otherwise, why would miss su refuse to be a proper couple with him when he’s rich and good-looking?”

“what’s wrong with you? where’s their son?” Someone snorted.

Chapter 5068: I’m sorry, we’re not related anymore III

“That’s true,” the man nodded.

Ye xiangnan was indeed in a good mood. In fact, he was also worried about ye Jie’s illness.

he thought to himself that su mu had indeed taken good care of this child.

sitting in the luxurious office, he twirled a gold pen in his hand and thought, ” “Secretary li, help me check if there’s any program on Phoenix TV that has a host vacancy. It would be best if it’s for reporting current affairs.”

he thought of su mu’s image. if he was an entertainment host, it wouldn’t be appropriate.

Secretary li understood immediately. This was a show prepared for Mrs. Ye.

...

She checked and then smiled. “president ye. The female host of today’s talk about Law Program is about to get married, so she should be preparing to get pregnant soon. This program suits miss SU’s temperament very well, and it’s also very beneficial for her future development.”

in particular, a comfortable job would be good for taking care of children.

from nine to five, on weekends, there was plenty of time, which was most suitable for rich ladies to pass the time.

As soon as Secretary li finished speaking, ye xiangnan glanced at her and said calmly, ” “Who said it was her?”

secretary li followed up with another question, ” if it’s not miss su, then who is it? President ye said that I’ll make the arrangements.

in the end, his boss rolled his eyes at her and said in a low voice, ” “let’s put this matter aside for now.”

Secretary li held back his laughter. He knew very well in his heart that the other party had not agreed yet, and President ye was still hot-headed.

However, as a Secretary, she saw through it but didn’t expose it. Secretary li quickly arranged the matter. Once the position was empty, the station didn’t need to arrange for anyone else to go there.

After the call, she reported to ye xiangnan.

secretary li was indeed his confidant. his working attitude was very satisfying. therefore, when president ye was in a bad mood, secretary li was rarely scolded. he knew how to adapt to the situation.

after settling this matter, secretary li went out. in short, president ye was in a good mood for the whole day.

when president ye got off work, yazi, who was in a better mood, even had a smile on her face when she came down from the president’s private elevator. The crowd was shocked.

Ye xiangnan didn't mind. He got into his car and drove home.

He even turned down a date in between. It was a call from Qin Xuan, who was about to get married and probably had a phobia of marriage.

as president ye drove, he heard qin xuan complaining about how he got pregnant.

"didn't you say in front of the elders that you would marry bai anan as soon as she was pregnant? why are you regretting it now?" ye xiangnan smiled.

Qin Xuan complained, "I'm not regretting it. Ran ran wasn't mentally prepared. She said she was going to take the medicine, so I believed her.

"if you have a child, then give birth to it. you two are a good match. Bai Anan is so pretty, what are you unhappy about? she can also make money." Ye xiangnan snorted.

Bai Anan grew up with his cousin, and Qin Xuan thought that he had found the wrong person.

Qin Xuan Hung up the phone, feeling depressed.

nowadays, it was difficult to find someone to drink with. shen ting was always with qin yihuan. he was a good man. he had to ask for permission even when he was smoking, let alone drinking.

really, how did shen ting pretend to be so cold in the past?

Qin Xuan still couldn't believe it. He put down the phone and looked at Shen ting with mixed feelings. Bai Anan used to like Shen ting, but he didn't know if she still liked him.

Chapter 5069: I'm sorry, we're not related anymore (4)

The only thing he was sure of was that Shen ting had always liked yihuan.

In the Qin family's mansion, Shen ting was feeding Yingyi some fruits. The pregnant woman was leaning on his shoulder, watching TV and enjoying her husband's service.

Qin Xuan couldn't stand it anymore. He took his coat and was about to leave.

"where are you going?" shen ting stopped him.

"i'm going to see bai anan," qin xuan said helplessly.

Shen ting didn't say anything else. After Qin Xuan left, he continued to take care of his pregnant wife.

...

yi huan leaned on his shoulder,"why do you think they're in a relationship?"

Shen ting's gaze quietly fell on her face, and then he smiled, " actually, I'm also curious. You were so young that year, why did you crawl over to my place? "

Qin yihuan looked at him and said strangely, " "Can you not bring up the past?"

Shen ting smiled, but after a while, he suddenly said, " " yihuan, that was the time when i was the most uncertain about giving up. i saw that you and ye xiangnan were so good friends. "

"Then why didn't you give up?" she reached out and pinched his good-looking face. she probably thought it was very interesting. usually, shen ting was a little strict, especially in the office, but now he was particularly gentle and at home.

Shen ting reached out and grabbed her hand. He gave his wife a warning look. Qin yihuan wailed and did not dare to do anything else. She curled up beside him."Shen ting, you haven't answered me."

shen ting lowered his head and reached out to touch her long black hair. his voice suddenly became a little dangerous,"You really want to know?"

” okay, ” she said. shen ting lowered his head and whispered a few words in her ear.

Then, Qin yihuan’s face turned red. She bit her lips so hard that they almost bled. Her voice was especially shy.”shen ting, you’re too shameless. I, I was only 18 years old at that time.”

shen ting faintly smiled.

As a man, of course, he would have some bold ideas. However, as a mature man, these dark thoughts were only kept in his heart. What he could tell her was not dark.

however, she couldn’t take it anymore.

shen ting smiled and didn’t say anything else. he just quietly accompanied his little wife.

He felt that he was very lucky to be slow. How many people could grow up with the girl he wanted, watch her grow up little by little, and then become his woman?

she still had his child in her stomach.

Shen ting whispered something into her ear. Qin yihuan was a little surprised, but she didn’t say anything else. She just stayed with him.

Time was peaceful, and she had almost forgotten her feelings of longing for the South at night when she was young.

She did like him before, but when another person forcefully stepped in and quietly replaced ye xiangnan, she was 18 years old that year. She thought that the person she could do that at that time must be Shen ting.

Even now, she still couldn’t believe that she was the one who had done such a willful thing. Yi Huan covered her face as she thought about it. Shen ting lowered his head and looked at his wife. Then, he laughed,”Mrs. Shen, you’re not young anymore. Are you sure you still want to act coquettishly?”

But she didn't care. She just wanted to act coquettishly.

In the end, Shen ting coaxed him for a long time. a good relationship. That's probably what it is. Other people can't even be envious of it. Qin Xuan is still okay. He's going to be a father soon. Although he's panicking at this time, he's like a Calabash baby, giving birth one after another, carrying two in three years.

Chapter 5070: I'm sorry, we're not related anymore v

the most unhappy person was probably the nightclub. by the time they drove back to the villa, the sky was already dark.

he sat in the car and looked at the lights from the villa. he did not get out of the car immediately. instead, he sat in the car and smoked a cigarette while looking at the villa.

In the villa, there were the women he had carried and his children.

however, they were not a family.

ye xiangnan squinted his eyes, finished his cigarette, opened the door and got out of the car. as soon as he got out of the car, he saw su mu coming out of the villa, wearing his coat and scarf.

"you're going back?" he leaned against the car door.

...

"Yeah, I'm going back." Su mu nodded.

She was polite and didn't look like she didn't like him, but President ye just felt that the good mood of the day had been ruined by her.

He looked over and saw ye Jie sitting on the sofa with a disappointed face. He must be reluctant to let su mu go.

He was quite dissatisfied with su mu in his heart. What was the use of this woman's self-esteem? could it be eaten?

he reached out and grabbed her arm. "eat before you leave. if you leave as soon as i come back, it'll look like i'm going to eat you up. or are you a helper at home and you're off work now?"

Su mu couldn't argue with him. He pursed his lips and didn't say anything.

Ye xiangnan took su mu back in a forceful way. He knew that su mu didn't dare to confront him in front of ye Jie for fear that su mu would be hurt.

after discovering this, he put on an act. not only did he eat, but he also asked her to coax ye jie to sleep.

However, it was only seven o'clock after dinner, and ye Cha usually went to bed at nine.

it was too late for her to go back at nine o'clock, so su mu had planned to tell ye xiangnan after helping ye jie put her under the warm quilt.

ye xiangnan was in the study, smoking.

his two long and strong legs were directly placed on the office table, and his body was leaning against the withered back. his good-looking fingers were holding a cigarette and smoking, and his other hand was holding his phone and browsing the news.

Hearing footsteps, he thought it was a servant, so he said calmly, "how is ye jie? is miss su accompanying him?"

Su mu didn't say anything. He only found it was her when he looked up, so he put his legs down and frowned slightly. "Why are you here?"

su mu pursed his lips and said in a low voice, "it's getting late, i want to go back earlier."

Ye xiangnan continued to smoke, and after a few puffs, he nodded in understanding. "that's true, there won't be a car if we're late."

This was the most understanding su mu had ever seen ye xiangnan. In fact, ye xiangnan was quite nice when he was easy to talk to. After all, he was good-looking.

However, ye xiangnan quickly broke her train of thought. He said matter-of-factly, " you don't have to work anyway. There are many guest rooms here. Just pick one.

Su mu bit his lower lip. thank you for your kindness, Mr. Ye. I appreciate it. I think I'd better go home first.

"su mu, are you trying to avoid suspicion?" ye xiangnan frowned.

he walked out from behind and stopped in front of her. he seemed to be holding something.

when he was in front of her, he lowered his head. " it's meaningless for su mu to avoid suspicion now. shen wenxuan and ye hui already have a child. they're going to get married soon. "

Then, he gave a half-smile and said, " Shen Wenxuan is a very smart person. I believe that he and ye Hui will be happy."

as he spoke, he leaned closer and said in a particularly low voice,"don't talk to me about love or not. if we like each other, our days won't be hard. look, he's especially smart. on the other hand, what can you get in the end by being so stubborn? su mu's world is not what you think. you can't achieve anything just by persevering."
