

## Thank you 5071

Chapter 5071: i'm sorry, we're not related anymore 6

"thank you for your teachings, mr. ye." "shen wenxuan is shen wenxuan, and i am me," su mu said indifferently.

After she finished speaking, she turned around and walked out without a trace of nostalgia.

"su mu." ye xiangnan caught her.

she couldn't leave and he didn't seem to be forcing her. he was only making sure that she wouldn't run away. then, a file bag appeared in su mu's hand.

She looked up at ye xiangnan in surprise.

Ye xiangnan said in a low voice, " there's a good position under Starlight. You can consider it. You don't have to reply to me so quickly. Think about your future and ye Jie'S.

...

su mu's lips moved, but he didn't say anything in the end.

Ye xiangnan smiled. if you insist on going back, I'll ask the driver to send you. It's getting late. I'm doing this for the safety of ye Xi's mother. Su mu, I don't have any other thoughts, so you don't have to be on guard against me.

"I'll consider it." Su mu nodded.

he nodded and went back to his seat. he put his feet on the table and smoked while playing with his phone. su mu watched him leave in the car quietly.

the chauffeur and su mu were both honest people. therefore, the chauffeur chatted with su mu while driving. " miss su, mr. ye is good-looking and the president of a big company. don't you young ladies like tall, rich, and handsome men? why don't you like president ye? "

Su mu looked outside and then realized that the driver was talking to him. Oh, " he said. their personalities don't match.

"the name doesn't match the status," she added.

the chauffeur nodded. " mr. ye's family background is very good. madam ye's maiden family is very powerful now. the former ye family's connections have all been given to the wen family. the relationship between the two families is really good. "

there was another sentence that the driver didn't say. ye xiangnan could have any woman he wanted. why was he willing to hang himself on this tree? the tree was not even willing to.

the chauffeur sent su mu to the door of his house and still sighed with emotion. miss su really has a backbone!

In fact, everyone could see that Mr. Ye had that intention, but miss su was not willing.

su mu went home, took off his coat, and sat on the small sofa for a while. he felt a little cold.

On the small table in front of her was the information that ye xiangnan had given her. She gently opened it and saw a printed document. It seemed to have been prepared by Secretary li.

she flipped through the pages and looked at the detailed work information.

He was well-prepared with many details. Su mu could tell that this job was good. It was professional, easy and easy to build connections and increase his popularity.

She also knew that many people would probably fight to get a job like this.

she pursed her lips and let out a long sigh.

However, she still couldn't accept it. This was a radio station under Starlight. She had accepted that she would be tied to ye xiangnan for the rest of her life. It was fine now, but when he had a new wife in the future, her position would be subtle. At that time, ye Jie probably wouldn't have a good life.

thinking of ye jie, su mu felt a little troubled. he didn't want to think that ye jie would have to be considerate of others and call them aunty carefully one day.

sometimes, she wondered if she was being too selfish. was she like ye xiangnan, who thought too highly of her self-esteem? if she didn't care, there was nothing wrong with marrying ye xiangnan.

Chapter 5072: I'm sorry, we're not related anymore 7

su mu convinced himself indifferently, but how could she really convince herself?

She thought that if ye xiangnan had a wife one day, she could discuss with him about letting her take care of ye Jie. At that time, ye xiangnan would have a new wife and probably would not care too much about ye Jie.

Su mu passed day after day in silence. Ye xiangnan didn't ask her about it.

Half a month had passed, and ye Jie was about to go to school. Finally, she did not have to come.

Ye xiangnan called her into his study. As a couple who had been married for a short time, the way they got along these days was more like a boss and subordinate, one was polite and the other was respectful.

every time su mu called ye xiangnan mr. ye, ye xiangnan would feel a little annoyed, but he had no choice.

...

Ye xiangnan was sitting behind the desk, still wearing the formal suit he had worn when he came back. He didn't have much expression on his face, and he had the posture of a superior.

Su mu had seen many bad things about him, but she had never seen him like this.

Ye xiangnan saw her come in and pointed to the seat opposite, "Sit."

su mu sat down and played with a gold pen. he asked her casually, "What's your decision?"

Su mu lowered his eyes. I want to find a job myself.

the golden pen in ye xiangnan's hand paused, and then he smiled coldly, "As you wish."

su mu guessed that he was probably angry and felt that he was a little strange. why was he angry with him?

"I'm just afraid that it will cause trouble for Mr. Ye's family life in the future." she explained in a submissive manner. she had no choice, her son was in his hands.

Ye xiangnan didn't buy it. He gave a faint smile and then chuckled. "su mu, who are you trying to fool? you know very well what you're thinking. however, you really won't be able to achieve anything with your personality. "

su mu pursed his lips and didn't say anything for a long time.

that's all. If you want to see ye Jie, you can go to my parents 'place. I've been a little busy recently, so only my parents can take care of ye Jie. Don't worry, I'll stay there when I'm free. He said it politely and with a gentlemanly manner.

Su mu knew that she only showed such grace for ye Jie's sake. She was not that shameless.

She left quietly and did not disturb him again.

After su mu left, ye xiangnan leaned back with a faint smile on his face.

It was a cold smile.

Su mu was really an insensible person. To put it in a more unpleasant way, he was an insensible person. however, he also thought that if she accepted it easily, he would not take it seriously, because there was nothing special about it.

but this damn woman was so annoying that he couldn't really let go. hate was also a kind of unwillingness to let go. he just didn't like her carefree appearance, as if she could be full from the northwest wind.

Ye xiangnan sneered. Shen Wenxuan was much smarter than she was.

When su mu left the villa, he went to see ye Jie again.

It took Xiao Ye Jie a long time to understand today. Of course, the little one was a little disappointed. However, he pursed his little mouth for a long time and still did not say a word that would put his mother in a difficult position.

su mu didn't think much about the night, but when she walked out of the villa, she felt like she had sold her child.

She didn't ask the chauffeur to send her home and went home alone. However, she didn't expect to find someone waiting for her when she got home.

It was her mother, Wang yuanke.

Wang Yuan was standing in front of the dilapidated apartment building. From her expression, she must have been standing there for a long time.

Su mu walked over slowly. She didn't call her mother as they couldn't be more distant from each other.

Wang yuanke looked exhausted, but su mu was even more exhausted.

if it wasn't something important, she thought that her mother probably wouldn't come looking for her in this lifetime.

even though her mother had announced in the newspapers that they had broken off their relationship, she could not really pretend that she did not see su mu. she walked over slowly.

su yan's mother, wang yuanke's voice did not sound angry at all. it was especially stiff."your dad was injured. He's in the hospital now. Also, he has a huge debt outside. Su mu, you have to help him pay it off."

Su mu lowered his eyes and said in a low voice, " didn't we take 10 million Yuan from the ye family last time? we can sell the house if we really can't.

...

It was sad to think about it. Mother su used the money to buy a house and a car with the money she earned from selling her daughter. Her two younger brothers and sisters lived well and wore well. Her younger sister seemed to be attending an elite school, but mother su had never been grateful. Everything was only natural.

he would only look for su mu again before the next trouble appeared.

sometimes, su mu would feel tired too. after all, she was human and she had her own emotions.

she had ye jie to take care of her, and this big family made her extremely tired. when she saw the name on the newspaper, she cried for half the night.

she was sad, but at the same time, she felt relieved.

at this time, mother su heard her words and was stunned for a moment before she said, ” “sell the house. where will your brother and sister and i live after selling the house? Su mu, you can’t be too selfish.”

su mu’s heart turned cold. selfish? She really didn’t know what it meant to be selfish.

She lowered her eyes and said in a low voice after a long time,”we’re not related anymore.”

she didn’t even call her mother. she really couldn’t say it.

With that, he walked around Wang yuanke and wanted to leave, but how could Wang yuanke let su mu go? He immediately caught su mu and said sternly, ” ” su mu, you can’t leave me, your father, and your sister alone. are you trying to drive our whole family to the end of the road? ”

su mu stared at the woman in front of him. he could not understand why she had to bear the consequences of her own mistakes while the future of the family rested on her shoulders.

it was in the past, and it was still in the present.

Su mu wasn’t an overly weak person. She still left her mother and went upstairs by herself.

When she returned upstairs, she closed the door and couldn’t help but cry.

Mother su wouldn’t let go of her only life-saving straw. She made a scene at the door. In the end, it was the neighbor who called the police. Su mu was exhausted, but he had to follow them to record his statement.

Back then, she had been numb to it. In fact, her family had been here more than a few times. They had even been here during their university days. It was because of family matters that Shen Wenxuan had accompanied her.

Su MU’s mother had been forced into a corner. Su MU’s father owed a few million Yuan outside and it would not be enough even if she sold the house now. Moreover, she could not bear to sell the house. It was such a good house and she could live comfortably in it. What would she do after she sold it? where would her son and daughter live?

since he could not sell the house, he could only sell su mu again. after all, su mu was a money-losing good who had raised a son for such a rich family. ten million yuan was too little.

in her heart, it didn't matter if she sold it once or twice. 10 million wasn't enough. she needed at least 100 million!

Chapter 5074: no matter if you rob or rape, you will disappoint the other party

in the end, the argument was really outrageous. mother su was also a woman in her fifties, and she was particularly noisy in the police station. her voice was loud and sharp, and she said that su mu was worthless.

after that, su mu would always be in a daze in a corner alone while his mother would still argue there.

The higher-ups in the police station had no choice but to come over. In the end, they asked them to contact their families. Father SU's leg was broken, and the family was still young. They couldn't handle the situation. In the end, they could only find a number in their call records. It was a number left behind by Shen Wenxuan when he was still in school.

the call went through, and the police officer told shen wenxuan about the situation. the latter said that he would be there immediately.

Su mu was unaware of all this. She was sitting alone in a corner, sealing herself up. she wanted to pretend that nothing had happened, but the cold air around her reminded her that everything was real.

Shen Wenxuan came in and saw su mu sitting in a corner, looking pale and silent.

...

He slowly walked over, squatted down, and looked up at her.

“are you alright?” his voice was also slightly hoarse.

Su mu came back to his senses. Looking at the enlarged handsome face in front of him, he was stunned for a moment.”What are you doing here?”

However, su MU’s mother’s eyes lit up. She knew that Shen Wenxuan was su MU’s boyfriend when he was still a student. He seemed to be quite rich.

su mu’s mother’s words were not very pleasant to hear. ” su mu, if you had been with shen wenxuan in the past, you wouldn’t have had such a future. look at how smart he is. he’s about to marry the eldest daughter of the ye family. what about you? you gave birth to a son for him for nothing and he doesn’t even acknowledge you now. ”

She was really out of line. How much did the people in the police station like Mother su? they said with a cold face, ” “It seems like you don’t want to go out.”

The head of the team said to su mu directly, ” “mr. shen will take you away first. As for this lady.”

The boss put his hands on his waist and walked back and forth a few steps, then made a decision. ” don’t you like to scold people? lock them up here and scold them properly. you can scold until you’re satisfied. ”

He scribbled a few words with the pen in his hand and then instructed, ” we’ve already severed our mother-daughter relationship. how about this? ms. wang will be locked up for 24 hours. ”

Then, he looked at su mu and said gently, ” miss su, if Ms. Wang pesters you again in the future, we suggest that you call the police directly and let us deal with this matter.

su mu pursed his lips and said thank you in a low voice.

the other side sympathized with su mu. it had been so many years, but this girl didn’t seem to have had a good life.

also, with such a mother, how could she have a good life?

When su mu left, Wang Yuan was still crying, but su mu could no longer feel her.

when she walked out, it was cold inside and outside. she turned to shen wenxuan and said, ” “sorry for letting you see a joke.”

Shen Wenxuan did not say anything. He opened the car door and said, ” “I’ll send you back.”

Su mu shook his head. I’ll go back by myself. I’ve brought money with me. It’s convenient for me to take a taxi.

Shen Wenxuan’s hand was still on the car door. Su mu was quite insistent. ” shen wenxuan, you and ye hui are about to get married. people who have children should avoid suspicion. ye hui is especially good. cherish her. ”

Shen Wenxuan closed the car door and walked over to her. ” i’m just doing you a favor as an old classmate. can’t i send you home? ”

Su mu shook his head. No, I don’t think so.

I’ll help you get a taxi, ” Shen Wenxuan said.

Chapter 5075: No matter if you Rob or rape, you will disappoint the other party

He stood by the roadside with her and hailed a taxi. When su mu got in, he said to her, ” “call me if you need anything. i can help you a little.”

Su mu nodded and got into the car.

It was only when she got into the car that she felt a pain at the corner of her mouth. She had forgotten when she had grazed it. She touched it with her hand and heard the driver ask her where she was going.

Su mu didn't hear it at first, but he said in a low voice after he understood it, "let's go to the first hospital."

She wanted to see her father.

Even though he was a very disappointing and speechless man.

...

He couldn't support his wife and couldn't protect his daughter. Su mu felt that he was pathetic.

Sometimes, she would be very afraid, afraid that she would become a mother like her parents. Maybe it was a good idea for ye Jie to go to the ye family, she thought in a mess.

However, not long ago, she had thought that it would be better for ye Jie to follow her. Thinking about it, it was really ironic and overconfident.

Su mu turned his head to look out of the window and wiped his face.

the chauffeur saw it from the rearview mirror by accident and remained silent. su mu paid the driver and got off the car at the entrance of the hospital.

when she arrived at the hospital's inpatient department, she went to the front desk on duty and asked for su qiang's bed number. when the nurse heard the name, she could not help but look up at su mu and then said, "he's in 312. what's your relationship with the patient?"

"I'm his daughter." Su mu lowered his eyes.

"Oh," the nurse replied and then sized su mu up. After a while, she said in a low voice, "then you have to be careful. i heard that your father was beaten because he owed money. this time, it's still curable with a discount. if you don't pay back the money, it won't be so simple. "

Su mu clenched his fingers and remained silent.

The nurse didn't mean any harm, but she instinctively disliked gamblers. She looked at su mu with sympathy."i didn't do it on purpose. it's just that you have to be careful. girls are inhumane."

Su mu forced a smile and walked toward the ward.

it was probably as the nurse had said. no one dared to approach su qiang, not even his son and daughter. the man with a broken leg was lying there in a daze with a face full of stubble.

in fact, su mu didn't understand why her mother didn't divorce her father. if she couldn't stand it, why did she have to bear all the consequences in the end?

she really did not understand.

bed 312 was a ward for three people. she did not go in directly but stood at the door and looked through a small glass window.

Su Qiang was still awake. He was lying there with a beard on his face and a bandage on his leg. He was playing " fight the landlord " on his phone.

su mu remembered that he liked to play this game when he was at home. he seemed to be interested in nothing else. She quietly looked outside for a while. Suddenly, Su Qiang found her at the door and dropped the phone in his hand. Then, he called out to Mumu.

su mu walked in and looked at the beds on both sides. there was no one there.

She knew in her heart that no one was willing to be in the same Ward as him because he had been harassed. Su Qiang was happy to be at ease, but he still didn't dare to sleep deeply every night. But so what if he was awake? he couldn't run away even if those people came.

Su Qiang lay on the ground and scratched his head when he saw su mu coming over. He smiled and said,"Why are you here?"

Su mu didn't say anything, but he immediately understood and spat. that b \* tch is looking for you again, isn't she? su mu, ignore her. She's a lunatic now, biting people everywhere.

Chapter 5076: no matter if you rob or rape, you will disappoint the other party

su mu didn't like his own mother, just like how his mother didn't like him. however, to be honest, at least wang yuan had given su zhiqiao and young master su motherly love, and there were still some redeeming qualities. on the other hand, her father had pushed her family into the fire pit time and time again.

su mu sat silently by the bed and took a fruit from the side to peel for su qiang. su qiang took it and took a bite. " my daughter is the best. "

su mu was still looking at him quietly without uttering a word.

Su Qiang took a bite of the Apple and regained his high spirits. when I'm discharged from the hospital and raise some money, I'll definitely be able to make a comeback. Mumu, after I've made a fortune, you can live a good life. You can also bring ye Jie back, and we don't have to be separated anymore. I know you can't bear to leave that boy.

"how much?" su mu looked at his father.

"what do you mean by how much?" Su Qiang asked after taking a bite.

...

" how much did you lose? " su mu said softly. " principal and interest. "

hearing her words, su qiang shivered. " it's not much. don't worry about this. su mu, go back and do what you need to do. can i handle this? "

"Did someone break a leg, or do you not want your life anymore?" su mu put it bluntly. " or is it because your family is separated and your whole family is paying with their lives for you? "

su qiang's speed of eating the apple slowed down. he looked at his daughter, " it can't be so cruel, right? it's just a small card game. "

su mu was so angry that he laughed,"dad, you can lose a few million yuan by playing small cards?"

su qiang touched his hair, " it's not that scary anymore. it's really just a small game. everyone is playing. there's not that much. your mother must have been lying again. i'm telling you that she's going through menopause now. you can't listen to her. "

" mom is in the police station now, " su mu said softly. " she's making a fuss about selling me to the ye family again. "

su qiang was dumbfounded. after a while, he touched his head again. this woman is so unreasonable. Didn't we agree that she wouldn't look for you after she took the money? "

su mu lowered his eyes. " i also think that she doesn't want to come to me. that is, if you don't owe me a huge debt. "

Su Qiang lowered his head, as if he had just realized that he had done something wrong.

"Dad, how much do you owe me?" su mu looked at him.

su qiang lowered his head and said in a low voice, " "there's not much."

su mu asked again patiently. then, he coughed and said, " "it's just a few rounds, only two million or so."

su mu was so angry that he laughed,"dad, you're not a rich man. two million yuan is just a small amount to you." Do you know that you've forced the entire family into a dead end?"

su qiang didn't say a word and looked at the window outside. his voice was faint, " "I know that I've committed a great sin. I told your mother not to come and see me. I also told zhiqiao and Shaoqing not to come, but they didn't listen. They insisted on looking for you. Look, they're even locked up inside."

At this moment, he seemed to be possessed by a loving father, and he looked thoughtful. why don't you just ask your mother to divorce me? once we're divorced, they won't have anything to do with me anymore. I don't need anyone to care about my life or death.

su mu had an indescribable feeling in his heart as he listened to him.

She knew that her mother would not divorce her father. Wang Yuan hated Su Qiang to the core, but she was very headstrong. Outside, she would call him "our family's da Qiang" and when she came back, she would argue with him but she would not divorce him.

Perhaps Su Qiang would be able to reflect on himself after the divorce, but life was just like that. He would complain while making do with it.

Chapter 5077: No matter if you Rob or rape, you will disappoint the other party

Su mu was exhausted for her.

she thought for a while and said, "sell the house. i heard that the house is worth five to six million yuan. we can split it after we sell it. as for whether mom will be willing to live with you in the future, it's one thing, but staying alive is more important now. "

Su Qiang looked at her and hesitated.

After a while, she said in a low voice, "Mumu, you should go back. Don't worry about the Family Matters. Your mother doesn't like you. I'm afraid you'll be wronged. Besides, it doesn't matter anymore. I'm already very happy that you can come and see me. Really, I'm very happy.

As he spoke, he even wiped his tears.

Su mu felt rather sorrowful. She looked at the man in front of her and felt that his life was not as good as a Pixiu's.

...

it was hateful and infuriating.

She lowered her eyes and said after a long time, "dad, think about it. If there's a chance, you should start over.

she stood up and took out the 200000 yuan from her bag and gave it to su qiang. " " there's 200000 yuan in here. that's all i have. take it. if it's not enough, you can discuss it with mom. after all, we've been married for so many years. "

She really didn't want to say too much, so she got up and left.

su qiang sat there in a daze. then, he suddenly held the card and cried bitterly. after that, he ran to the elevator with one leg without any care.

"Mumu." He called su mu by his name.

Su mu turned around and looked at him quietly.

su daqiang jumped over and said in a low and deep voice, I can't take this money. This is your savings. You still have to buy something for the child to eat. When you visit the child often, you can't not carry anything with you. It'll be too shabby and people will look down on you.

He stuffed the card into su MU's palm and said, " "i've let you down the most. zhiqiao, shaoqing, and your mother dote on you. you're all alone. i'm too much."

As he spoke, he slapped himself hard twice, and the nurses in the distance pointed at him.

Su mu looked over there and said helplessly, " "Dad, I'll help you in. Don't do this again. The nurses will laugh at you."

Only then did Su Qiang feel the excruciating pain in his leg. He gritted his teeth and said, " "Hehe, your mom said I was very handsome when I was young."

su mu supported him and couldn't help but say, "My mom also said that no matter if you're robbed or raped, you'll disappoint the other party."

"did your mother really say that?" su qiang grinned.

Su mu just looked at him without saying a word.

She thought to herself, her father is so optimistic, and her mother is such a strong woman. I don't know who she takes after, but it seems like she doesn't take after anyone.

She helped Su Qiang to the ward and planned to leave first.

Su Qiang was quite reluctant to leave. He had been living here for two days and had not seen a single person.

He was still young, so zhiqiao didn't come to see him. However, it made sense. He would only be implicated if he came to see her.

she lay down in the ward and urged su mu to leave.

su mu then told him about selling the house. it seemed to be the only way now.

su qiang agreed vaguely and put the card in su mu's hand. this child loves to worry when she's older. Do you, a child, have to worry about adult matters? "

su mu was not too worried after he had figured it out. he left the hospital and took a taxi outside.

a white bmw was parked on the side of the road, and the person who got out of the car surprised her.

their eyes met for a long time before shen wenxuan said in a low voice, "are you still worried?"

Su mu kicked the stone under his feet and said, "yes, i'm worried. come and take a look."

## Chapter 5078: their photos were exposed (1)

shen wenxuan smiled and said, " i'll give you a ride. there's probably no one else who can take a taxi now. " It's already this late."

su mu didn't say anything and got into his car when he followed him here.

when she got into the car, she did not realize that a girl had taken a picture of her getting into shen wenxuan's car. then, she held the phone in her hand and mumbled, " "I'm sorry, sis. I didn't do it on purpose, but I need money."

This girl was su zhirou, su MU's younger sister. She looked in the direction of the White car and said, " I don't want to lose my parents either. I don't want to. So, sister, I have no choice but to sacrifice you.

after shen wenxuan sent su mu back, he said a few words to him downstairs.

"If you're short on money, you can tell me." " su mu, " shen wenxuan said softly, " sometimes you're just too stubborn. we're still friends no matter what. "

...

thank you, shen wenxuan, " su mu replied.

It seemed that there was no better word for them other than " thank you ". Those past events could only be known to each other.

su mu went upstairs and shen wenxuan looked up at him. then, he leaned against the car and smoked a cigarette before leaving xuanji.

The next morning, a piece of breaking news hit all the major entertainment media, even the financial section.

after all, this matter was related to the president of starlight and the entire ye family. the entire starlight was covered in a layer of peach blossom.

under the dim light, the male and female leads stood under the streetlight, seemingly in love.

there were also photos of the female lead sitting in the male lead's car. the angle was very good, and it was obvious that they were in a relationship.

The male lead was Shen Wenxuan, the future son-in-law of the ye family, and the female lead was su mu.

su zhirou had sold these exciting photos for two million yuan!

He sold su mu again for two million Yuan.

it was early in the morning, and the atmosphere in starlight was extremely low. the news was trending outside, and it was really explosive.

Ye xiangnan sat in the president's office with a livid face. At this moment, it was no longer about the man's face, but about ye Hui. Ye Hui was pregnant.

He made a call to Shen Wenxuan, who did not deny that he had met su mu, except for the fact that he had ignored the details.

Ye xiangnan glared at him and suddenly stood up to give Shen Wenxuan a punch.

Shen Wenxuan took a step back and wiped the blood from the corner of his mouth. He chuckled and said, " President ye, this punch was for ye Hui, right? "

"of course," ye xiangnan said arrogantly,"did you hit her for that woman, su mu?"

that woman ... Shen Wenxuan lowered his eyes. is that how you address her? is that why you humiliate her whenever you want because she has no place in your heart? "

that's between me and her, " ye xiangnan said in a cold voice. you don't have the right to say that.

shen wenxuan replied nonchalantly, " yes, i do like su mu qianqian. the worse you treat her, the more i'm worried. are you satisfied now, president ye? " you didn't even ask her what she went through yesterday before you convicted her. you didn't even care about her character. if you didn't care about her, why did you keep her and not let her be happy? you didn't give her the chance to find someone else. ye xiangnan, you simply don't admit the fact that you're a bastard!"

He said it in one breath but he didn't expect ye Hui to come and stand at the door.

Her little face turned pale and she ran out.

## Chapter 5079: Their photos were exposed 2

Ye Hui ran out. Ye xiangnan said coldly, Shen Wenxuan, are you satisfied now? you bastard!

he threw another punch, and shen wenxuan took it. then, he stood up straight and said, " your heart aches when ye Hui is injured. Su mu is also a woman. Yesterday, her mother made a scene and sent her to the police station. I went there because my phone records are there. I accompanied her there when we were in University. Later, she went to the hospital to see her father. President ye, are you satisfied with this answer? you always treat su mu with a high and mighty attitude. Even though you clearly know that with her pride and self-esteem, she won't do anything to harm ye Hui, the first thing you do when things come out is to vent your anger on her. Ye xiangnan, you're always so arrogant. Is she your punching bag? how much have you given her for her to be treated like this?"

Shen Wenxuan felt that he had a clear conscience. The only bad thing was the words he said to provoke ye xiangnan. Last night, even an ordinary friend would have accompanied su mu. He did not stay with su mu all the time because of ye Hui.

One photo was enough to make one's heart turn cold.

shen wenxuan walked out and dialed ye hui's number. however, ye hui had turned off her phone.

he knew that she was angry. when she was angry, she wouldn't think of anyone, but she wouldn't scold anyone either.

...

she would hide and cry alone.

at this time, shen wenxuan should actually care about su mu. however, ye hui was pregnant with his child, so he had to care about her more.

Sometimes, love was not as important as responsibility.

He believed that he liked ye Hui. Ye Hui was young and cute. She had a good personality and there was no reason for him not to like her. He also really wanted to treat her well.

He would apologize for what he had just said. He thought that she wouldn't be angry for long with her soft personality.

Her car was still there when she arrived downstairs. The chauffeur said that she had not come out.

shen wenxuan searched one office after another. this commotion was a little big. the entire starlight entertainment industry thought that lawyer shen and his ex-girlfriend, president ye's precious ex-wife, might have gotten together. something indescribable happened yesterday. not only was president ye furious, but even miss ye hui was heartbroken.

so, ex-boyfriend and girlfriend must never enter the same house, emmm.

after that, secretary li and secretary xiao also brought a group of secretaries to look for her, but they couldn't find her after a long time.

ye hui sneaked into ye xiangnan's office again. at this time, she was being comforted by her brother. ye xiangnan's heart ached. " shen wenxuan just sent su mu off for a while. nothing will happen. i don't know what your man is like, but su mu has a bad temper. he will not have anything to do with him. "

ye hui leaned back on the sofa in a daze and said softly, " it's actually nothing much. He didn't do anything in the photos.

it was just that he looked at su mu with nostalgia and heartache. he had just said that he still liked su mu. it was really nothing.

ye hui wanted to cry again. ye xiangnan had a big headache and now he had to deal with it, or rather, he had to wipe the P \* ss for the two people. on the other hand, he had to comfort his sister.

Shen Wenxuan found ye Hui two hours later. Ye Hui had fallen asleep. Ye xiangnan carried her to the lounge and called Shen Wenxuan to bring her away.

shen wenxuan walked into the lounge and saw ye hui lying on the bed, resting her head on a snow-white pillow. her black hair covered half of her small face. she was really beautiful, so beautiful that one could feel the melting of ice at first sight. he thought that the reason why he decided to be with her was partly because of her good personality and partly because she was very beautiful. in the past, shen wenxuan had never known that he liked beautiful girls.

Chapter 5080: their photos were exposed (3)

Ye Hui was carried back to his private office. Shen Wenxuan was now the person in charge of the legal team and had a super luxurious private office. He carefully carried ye Hui to the lounge.

He sat by the bed, quietly watching over her.

ye hui must have fallen asleep from crying. the corners of her eyes were full of tears. however, she was really silly and kind. she didn't want to go back even though she was crying like this because she was afraid that her parents would ask.

Shen Wenxuan's voice was low."What's so good about me that I'm worth it?"

with ye hui's qualifications, she could easily find a man of equal social status. she was not clueless. ye hui had a high degree of education and her piano skills were not worse than wen yuan's back then. she was a pampered princess but she chose him in the end.

If she wasn't so good, if she was a little fiercer, if she wasn't so kind, he would probably be willing to hurt her.

...

Yes, he had once wanted to use her as a threat, but now, she made his heart ache and he could not bear to part with her.

when ye hui woke up, it was already two hours later. when she opened her eyes, she saw shen wenxuan's enlarged face sitting by the bed.

ye hui's face immediately turned away, as if she didn't want to bother with him.

Shen Wenxuan's heart ached a little, but at the same time, he found it a little funny. Ye Hui's personality was really like hers. At this time, shouldn't she give him two slaps and call him a scumbag for deceiving her feelings?

But she didn't. It seemed that other than crying, she was angry. Perhaps she was angry with herself.

However, he did not think that she was weak at all. Instead, he thought that she was very cute.

su mu was adorable in this aspect. he looked adorable no matter what he did. she was really a well-raised and innocent girl, but she was not stupid. she was just kind.

Shen Wenxuan touched her face and said softly, " "still angry?"

ye hui slapped his hand away and was obviously angry. " no. "

these four words were said insincerely. then, she turned her back and ignored him, but soon found him leaning over.

It was also rare for ye Hui to get angry. She reached out and gave him a slap. It was not too hard and it landed on his face with a 'pa pa' sound. It was quite clear.

shen wenxuan had never seen her like this. it did not hurt much when she was hit in the face.

He reached out to touch his face and smiled. if you're still angry, hit me a few more times.

ye hui was not stupid. she could hear the ridicule in his tone and was even more unwilling to hit him.

Hitting was also touching. He had said those words and now he was urging ye Hui to not forgive him so easily.

shen wenxuan reached out to stop her and asked in a low voice, " are you really angry? " You're going to ignore me in the future?"

"i'm ignoring you." Ye Hui hung her head in dejection. As for why she ignored her, she did not tell him either. She was also a little stubborn and did not ask about what happened between him and su mu. The more she did not say, the more she did not ask, the more his heart ached.

Ye Hui was really a little fool!

However, even if she didn't say it, he still had to say it. Ye Hui and su mu had to meet eventually. If he didn't say it, ye Hui would always feel uncomfortable when they met in the future, and su mu would feel even more uncomfortable.

He sighed and told her about su MU's family. When he was done, he saw ye Hui sitting on the bed, looking a little dazed.

He reached out and pulled her face, asking softly, " "What's wrong?"

Ye Hui lowered her head and her long eyelashes trembled slightly. After a long while, she said in a low voice, " "Am I especially willful?"
