

## Thank you 5091

Chapter 5091: Master Cheng is full of manliness (6)

Su mu was shocked, but he didn't seem to be that shocked.

She quietly looked at su Shaoqing, who was crying, and comforted her softly.

Su Shaoqing threw herself into her arms and sobbed sadly. Su mu could not help it. It was as if their family had fallen into a Whirlpool. No one was happy.

All she could give Shaoqing now was a little warmth and simple care.

however, she also felt that it was not suitable for shaoqing to stay in that house for a long time. su zhirou was the best example.

when su mu brought su shaoqing home, he quietly helped su shaoqing clean up a room. in fact, there was no extra room. it was where ye xi used to live. now that ye xi did not live here, it was just right for su shaoqing to live in.

...

su shaoqing's grades were very good at school, and it was an ordinary school, so it was not too difficult for su mu to take him along.

She had just finished cleaning up and cooked when ye Jie called her. Her voice was soft,"Mom, you haven't come to see ye Jie for a long time."

su mu then remembered that he had not seen the little guy for a long time. feeling guilty, he said softly, "mommy will come to see you in a day, okay?"

it was a little inconvenient for her with su shaoqing around. after all, she was 16 years old and still needed someone to take care of her.

however, su shaoqing was very sensible. ” sister, you should go. i can do it alone. ”

Su mu just looked at him and asked, 'can you do it?'

“i’m fine,” su shaoqing nodded.

Su mu made lunch for him and then went to ye xiangnan’s Villa after a casual meal. She kept a low profile to avoid trouble.

Ye Jie didn’t have class today and she was a little delicate as she had just recovered. Seeing su mu coming over, she said in a soft voice, ” “Mom.”

su mu went over to hug him. the little guy leaned in his arms and smelled his mother’s scent. he was especially clingy, like a little clingy spirit.

Su mu was actually a little touched. At least this time, ye Jie was not hurt. The ye family had protected ye Jie well. She accompanied ye Jie for the whole afternoon. At six O ‘clock in the evening, she calculated that ye xiangnan would be back and was ready to leave first. She was quite insistent on aunt Chen keeping her for dinner.

She didn’t want to see ye xiangnan. If she saw him, she would have a lot of unpleasant things to say.

Su mu was a very practical person. She had already made a plan in her heart.

So many things had happened, and she knew in her heart that a family like hers was destined to be inseparable unless she did not care about Shaoqing. However, the existence of a mother like her was not good for ye Jie.

Sometimes, life was too difficult for people, and su mu did not even have the right to complain.

It was just like how she was supposed to be angry and sad when she found out that her mother had given birth to two children for someone else. However, su mu didn’t feel anything at all. He was probably used to being abused.

today, she looked at ye jie's soft little appearance and actually felt a little lucky. it was indeed better for ye jie to follow ye xiangnan. at least he was stable and could protect him, so he would not grow up in an unbearable environment.

ye jie was also a little reluctant to see su mu leave. perhaps it was because children were more sensitive, but he could actually feel that something was wrong with his mother, as if she had made some decision.

When su mu was about to leave, ye Jie hugged her legs and looked up at her.

He looked so pitiful. Su MU's heart was somewhat broken. After all, he had given birth to and raised this child. However, she understood that this was the best for ye Jie.

Chapter 5092: you want to leave? aren't you going to explain? 1

How ridiculous and overconfident were his previous thoughts?

She comforted ye Jie for a while and then motioned for aunt Chen to carry ye Jie.

in fact, all the servants in the family knew about shen wenxuan's matter. aunt chen trusted su mu quite a bit. given madam's character, she would not do that. if madam was vain, she would not have refused to stay.

It was so heartbreaking to see the mother and son separated.

however, no matter what, su mu still left. when he walked out, he did not feel good.

the night was cold. she pulled her coat and was about to go out when the black carved door suddenly opened.

...

Then, the car lights lit up.

She squinted her eyes and saw that ye xiangnan's car had returned. Ye xiangnan closed the door and walked towards her.

Su mu did not know what was going on either. She wanted to escape out of instinct, but she was caught by an arm in a brutal way after a short while. Then, she was thrown to the car lightly. A warm body leaned over and trapped her between the car and him.

Ye xiangnan smoked, so there was a faint smell of tobacco on his body, which was very charming to women. Even su mu couldn't stand it. She lowered her eyes and said in a low voice, "Let me go."

Ye xiangnan's voice was hoarse. don't you have anything to say to me? don't you have anything to explain? " he asked.

"What?" she looked up, her eyes dazed.

"what?" ye xiangnan gritted his teeth, " you damn woman, how dare you ask me why? "

With the cigarette in one hand, he opened the car door with the other and threw su mu in.

it was dark and cramped inside the car, and the temperature was much higher than outside.

su mu smashed his head into the car, followed by the man. the car door was closed.

It seemed that he didn't want to disturb ye Jie and wanted to make things clear with her here, Yingluo.

su mu stood up with difficulty and frowned. " Ye xiangnan, what do you want?"

"What do I want?" He pinched her chin in the dark. " su mu, i'd like to ask you what you want. i heard that you've brought back a child from another family. if you have to take care of him, do you plan to abandon your son? "

he was so sharp that su mu had nothing to say.

she pursed her lips and lowered her voice. ” i think of the south at night. if i had a choice, everyone would choose a sunny road. who would be willing to walk a single-log bridge? ”

“So, you’re determined to take su Shaoqing in and then sell shoes to support him? Su mu, are you crazy? you shouldn’t help others take care of their own son.” his words were a little mean.

Su mu stared at his face and said word by word, ” “that’s my younger brother.”

“ha, you don’t have the same father, and you still care? Didn’t Wang Yuan cut off all ties with you? su mu, you’re just too kind-hearted to be like this today. if you didn’t go to the hospital, they would have taken photos of you. do you know how much starlight entertainment spent to suppress this news?” he spat out a shocking number.

of course, he didn’t feel the pain of these tens of millions. it was just that this woman didn’t know what was good for her.

who did she think she was? Was he the Savior? he couldn’t even take care of himself, let alone others!

su mu’s eyes slightly widened, and then she lowered her head.”i’m sorry for causing trouble for president ye.”

ye xiangnan, on the other hand, was stunned. this was the most humble look he had ever seen su mu in. it was as if it was the first time he had heard her say ” sorry “.

He snorted coldly, released her, and sat up straight.

Chapter 5093: you want to leave? aren’t you going to explain? 2

After a long while, he tilted his head and looked at her,”you’re not being stubborn?” I thought you’d say that you’d pay me back the 70 million in the future!”

"I can't." surprisingly, su mu said it directly. then, she looked at him seriously. President ye, if you think that I have anything valuable on me, you can bring it up. As long as I can do it.

ye xiangnan was furious. what did she mean?

"Very good," he said. He reached out and turned on the lights in the car.

the car lights were a little glaring. ye xiang nan squinted his eyes and sized her up.

su mu turned his head away, unable to bear his gaze.

...

she wanted to run away, but he wouldn't let her. his slender fingers pinched her chin and he murmured, "What's wrong? you can't say anything, or are you still thinking about Shen Wenxuan? that's why you're willing to meddle in the su family's affairs, so that you can get his sympathy and take his car home?"

"tell me, is that true?" he pressed on.

"I don't know what Mr. Ye is talking about!" su mu's nose was a little red and his tears were about to fall. she could not choose where she came from and she could not escape from that kind of environment.

it was not easy for her to have the courage to live. what was there for her to think about? she had lost everything long ago.

She could not even protect ye Jie.

su mu was so anxious that he even needed to take some medicine. she tried her best to control herself, but she was still helpless against ye xiangnan's accusation.

ye xiangnan narrowed his eyes and said in a low voice, "Su mu, do you know what I'm talking about?"

Now that there were only the two of them in the car, he could ask her anything he wanted without having to worry about being heard by ye Jie.

“Tell me, do you still like Shen Wenxuan?” he asked again.

“no, i didn’t,” Su mu turned his head to the side because he had gone too far. She couldn’t break away from him and didn’t dare to call for help, for she was afraid that ye Jie would hear her.

Ye xiangnan sneered,”no?” If you don’t, you can look at him affectionately. Miss su, do you think I’m a fool?”

trapped by him, su mu couldn’t get out of the car at all. she was extremely embarrassed and felt like she was a little bug in his hand. she was dazed for a while before she said in a low voice, ”  
“Actually, this has nothing to do with Mr. Ye.”

ye xiangnan squinted his eyes and asked,”no relationship?” su mu, are you kidding me?”

“i’m not joking.” su mu was forced to lean on the back seat, his face against the back of the leather chair, looking a little embarrassed. ” ” other than having ye jie, we really have nothing to do with each other. whoever i like and who i have in my heart has nothing to do with you, president ye. ”

ye xiangnan chuckled. surprisingly, he nodded in understanding and then said in a low voice, ”  
“You seem to be right, but su mu, your feelings are related to my seventy million Yuan.”

su mu closed his eyes and then said in a low voice, ” actually, you should go to Shen Wenxuan and ask for the money.

“Su mu, what are you talking about?” ye xiangnan was so angry that he laughed.

su mu closed his eyes and said tiredly, ” ” mr. ye, you probably don’t know that people like me don’t value reputation at all. i can’t even fill my stomach. president ye, you’re asking me to spend 70 million to buy my reputation. are you crazy? shen wenxuan is different. his reputation is ye hui’s reputation. i think you’ll be happy to pay for it, so you can’t count this money on me. ”

Chapter 5094: You want to leave? aren't you going to explain?(3)

Ye xiangnan stared at her face with a cold expression. you're quite sharp-tongued, aren't you? you've learned a lot from Liu Hong after being a reporter for a while, right? ”

he pinched her chin and blew a smoke ring on her face evilly. su mu turned his face away instinctively, but then the stack of photos fell on her face. it was light, but it felt like a hard slap on her face.

The lights in the car lit up. Ye xiangnan sat quietly in the car, his voice cold and Noble. ” su mu, do you think there are only two lousy photos? do you know how many people have followed you and taken photos? ”

He had spent a lot of money to buy these photos.

” it's not necessary. ” su mu didn't look at it. ” it's not necessary, ” she whispered.

“What?” ye xiangnan rolled down the window a little, lit a cigarette, and smoked slowly. he couldn't figure out what the woman was thinking.

...

Su mu mumbled, ” I've told you. Do people like me still care about my reputation? that's because President ye cares about his face. If we weren't so close, President ye wouldn't have had anything to do with me. President ye doesn't need to bring seventy million Yuan to me and get angry with me. isn't that right?”

Ye xiangnan squinted his eyes and said word by word,”su mu, make yourself clear.”

Su mu lowered his eyes. it's exactly as Mr. Ye thinks. I may come here less often in the future.

ye xiangnan was really angry. ” su mu! ”

Su mu gave him a bitter smile. When she opened the car door, she said in a low voice, ” ” president ye, you’re born into a noble family. you have no way of understanding the feelings of the people at the bottom. ”

after she finished speaking, she wanted to get out of the car.

Ye xiangnan’s voice was very soft and cold, su mu, think it through. Don’t ever come back after you step out of this door.

“mr. ye, do i have to choose?” su mu lowered his eyes.

He didn’t make a sound and continued to sit in the car.

He had an air of nobility around him, and he did not fit in with her.

su mu pursed her lips. she turned around and stared at him.

Ye xiangnan was also looking at her.

Su mu said in a low voice, ” please take good care of ye Jie.

“su mu,” ye xiangnan almost roared in anger, ” “is ye jie that unimportant to you? am i not important to you at all?”

this, this was the most straightforward confession ye xiangnan had ever made.

although he was a little flustered and disheveled, if su mu had listened carefully, he would have known that he was confessing.

she paused for a moment, then said in a nasal voice, ” “Can you help me say sorry to ye Jie?”

She still left.

he slowly walked into the dark night, slowly walked out of the world of the south at night, and walked out of this villa.

ye xiangnan was still sitting there, quietly watching her disappear.

after a long time, the car lit up. it was him smoking.

president ye let out a long breath of smoke and laughed softly.

Su mu was silly, but in fact, he was quite silly too.

After he finished smoking a cigarette, he got out of the car and walked into the villa.

In the villa, little ye Jie sat there, still a little disappointed. He knew nothing about his parents 'outside life. Ye xiangnan had an indescribable feeling in his heart. He walked over and squatted in front of ye Jie."What's wrong? why are you guys crying?"

At first, his understanding of this child was limited to the fact that he was his biological child, that he was outrageously beautiful, smart, and polite, and that made him instantly decide to give up yihuan for this child.

Chapter 5095: You want to leave? aren't you going to explain?(4)

At that time, it was really because of blood relations and the excellence of cowardice, which had nothing to do with feelings. he wanted to nurture her well, but he was not sure how much fatherly love she had.

And now, his heart was in pain, and this pain made him willing to do something for ye Jie.

Ye Jie wanted his mother, so he put down his pride, but that woman was extremely stubborn.

He didn't know what she was being stubborn about. Couldn't she just beg him and say a few soft words?

She had a straight face all day long, but she didn't feel tired at all.

after ye xiangnan finished asking, he reached out and touched ye xun's little head. ye xun was dumbfounded. after a long while, he said with a little disappointment, " "Daddy, I'm not crying."

...

"your snot is flowing out. And you said you didn't cry." Ye xiangnan asked the servant to bring a tissue and personally wiped his snot.

nan must have been very sad just now because his mother didn't eat dinner, probably because she didn't want to see his father. now that his father was back, he was afraid that his father would be angry. however, in the face of such a gentle father, ye jie's heart felt warm again. after a while, her little face actually turned red and she was a little shy.

ye xiangnan picked him up and said,"you haven't eaten, have you?" let's have a meal together."

The little guy's face turned a little redder and he looked at his father.

Ye xiangnan carried the little guy to eat and said as he walked, " "Mom has found a new job recently, so she may not be able to come and see ye Jie for a while."

Ye Xun's eyes widened. how did dad know?"

"I met her at the door. She told me," ye xiangnan smiled.

as he said this, he put ye jie on the dining chair and took care of her very considerately. little ye jie's little face was still red. probably because he was too easy to talk to, ye jie actually dared to ask, " "dad, is it really impossible between you and mom?"

ye xiangnan was a little surprised. he looked at his son and said, " "why do you ask?"

"I think daddy likes mommy." Xiao Ye's voice was soft.

As she spoke, her little face looked dejected, looking innocent, weak, and pitiful.

Ye xiangnan also had an indescribable feeling in his heart. He reached out and gently touched his little head."Didn't you dislike daddy before? why have you changed your mind now? aren't you afraid that daddy will bully mommy?"

"Then, daddy, will you bully mommy?" ye Jie's little eyes were fixed on her.

uh, this was really hard to say.

Ye xiangnan thought of what had happened in the car. It was impossible that he didn't bully su mu.

"if daddy bullies mommy, then it's best if we don't get together, right?" he said in a low voice.

"just don't bully me too much," the child mumbled."a little bit is fine."

ye nan laughed at the thought. looking at his son's soft little face, he suddenly knew who he resembled.

Unlike su mu or him, she was exactly like ye Hui. They both had the same soft temperament. However, he seemed to be very gentle when he was young. She didn't mind it when she thought about it.

He was not the only one who laughed. Even aunt Chen, who was beside him, laughed. Oh my God, where did little young master learn this from? he must have seen it on TV. Stop watching it, or else he'll be corrupted.

ye xiangnan didn't mind. he smiled and touched his son's head."it's pretty good."

ye jie looked at her father obediently.

ye xiangnan smiled. " it's not a bad thing to know. right, ye cha? "

Ye Cha was still in a daze. After a while, she nodded.

Chapter 5096: i've contracted this broken-down building (1)

on the other side, su mu returned to his place from the villa.

she was stunned when she arrived. there were many cars parked downstairs.

They were all Maybach cars, and there were more than ten of them in a row. Master Cheng was wearing a black coat and sunglasses, and su Zhiyan was beside him. Su Zhiyan was dressed like a Secretary, wearing a short skirt and stockings in the middle of winter. It was really hard on her.

Master Cheng leaned against a car and looked at su mu. how about it? I've booked the entire Street. Su mu, let's go for a walk. You can have any supper you want.

"Where's Shaoqing?" su mu slowly walked closer.

master cheng took off his sunglasses and smiled. " what can I do to him? I bought fried chicken for him to eat. Mumu, I remember that you also like to eat fried chicken. I'll open a fried chicken shop for you, or ten will do. Or, I'll open one on every street in B city, and you can go in and rest whenever you're tired.

...

su zhirou was furious. although she was master cheng's most pampered woman and usually played with her jewelry, opening a fried chicken shop on every street was a huge display of love. was this true love?

Wasn't this the kind of pampering that a woman wanted?

However, su mu didn't want her. She didn't even want someone like ye xiangnan, let alone master Cheng.

Su mu pursed his lips tightly,"he's insensible. I'm sorry to trouble you, master Cheng." &Nbsp;

Master Cheng was a little flattered. He wanted to go forward but stopped.

Su mu was still as indifferent as before, but the more she was like this, the more master Cheng's heart itched. Su mu was the little girl he had been thinking about for many years. He had liked her since she was little, but he only dared to look at her secretly.

he didn't even dare to touch it.

At this moment, su mu was right in front of him. He was rich and imposing. In order to match today's extravagance, he specially wore a very thick gold chain. He didn't believe that su mu couldn't see it!

It's golden, any woman would like it!

as he approached, su mu took a step back and said in a low voice, " "when you're older, many of your tastes will change."

Master Cheng nodded in understanding. that's right. You used to like pretty boys like Shen Wenxuan. Now, you'll probably like me, who's a little more unrefined.

As he spoke, he touched his head and chuckled, " "zhiqiao likes me!"

He raised his voice and turned to su zhirou. "Tell your sister loudly, master Cheng!"

Su zhirou wanted to puke to death. Why did this uncouth fellow need her help to chase after a woman? and she was so cold that she was about to die, yet master cheng didn't even feel sorry for her!

su zhirou hesitated for a while, and master cheng kicked her hard. " f \* ck you! what's the use of keeping you quiet for so long? "

Today, master Cheng had specially changed into a pair of pointed leather shoes to meet his sweetheart, and this kick had caused a bruise. Su zhirou was in pain, but she did not dare to argue.

She gritted her teeth and said in a soft voice, "Hello, master Cheng. Master Cheng is the best. Master Cheng is the best." &Nbsp;

su mu simply couldn't take it in. these two were a perfect match for each other. they were both shameless.

she was about to go upstairs when master cheng stopped her. with one hand in his pocket, he tiptoed and said in a reserved manner, " " by the way, su mu, i forgot to tell you something. "

"I've contracted this building," he pointed at the five-story building.

Chapter 5097: i've contracted this broken down building 2

As soon as master Cheng finished speaking, a subordinate came over and whispered in his ear, " "master cheng, this building is too old. you can't use it like this."

"why didn't you say so earlier?" master cheng was very angry.

"you didn't ask." his subordinates were innocent and weak.

master cheng coughed lightly. " mumu, this building is too shabby. i'll buy you a new one tomorrow. "

"I appreciate it, but I can't afford it, master Cheng. You can give it to someone else," su mu said calmly.

At the side, su Zhiyan's face revealed a look of longing. If that fool su mu didn't want it, he could give it to her!

...

but master cheng immediately said, "If you don't want it, which woman is worthy of it?"

as she said that, she nudged her chin towards su zhirou. "Do you think she's worthy?"

Su Yanyan exploded in anger. How was she not worthy? she was so much better looking than su mu.

Su mu took a look at her and only felt that her appearance was somewhat ridiculous.

She went upstairs and ignored master Cheng. At this time, master Cheng was still in a hurry and was trying to please su mu. Seeing that su mu was ignoring him, he was a little disappointed.

at the suggestion of his subordinates, he even sang a love song downstairs, which was so noisy that many people stuck their heads out of the windows and cursed.

su zhirou was originally quite fond of him, but at this moment, she could not help but think that he was indeed a boorish man. but when she thought about the loving times she had with master cheng, she blushed again. she held master cheng's arm and shook it, acting coquettishly. master Cheng, look at my sister. She's ignoring you. Your people did that to my mother and crippled my father's legs. Why would she care about you? why don't you just give up? don't you still have me to accompany you? "

Master Cheng looked at her. you? "

"yes, i'll accompany master cheng." su zhirou smiled obsequiously at the thought of master cheng rewarding her with a building when he was happy. that would be a few hundred million, and she would not have to worry about food and drink for the rest of her life.

master cheng was in a bad mood after being rejected by su mu. he looked at su zhirou. " i say, how are you better than your sister? "

"i'm better than her in every way. master cheng, don't you know that?" su zhiyan really wanted to call him 'dead man' again, but she did not dare to.

master cheng sneered, "you're better than her in every way. you're better than her just because you stick to every man you see?" You can't even be compared to a single finger of hers."

su zhirou was even angrier. she really wanted to cut off all ties with master cheng. this was too insulting.

Master Cheng ignored her and got into the car directly. He was in a bad mood and was ready to find a woman.

the moment he got into the car, su zhiyan followed suit and hugged his arm coyly. " "master cheng, don't i look good in my secretary's uniform? why aren't you looking at me?"

The driver and one of his men in front had no eyes to look at, so they just stared straight ahead.

"you want the building?" master cheng asked.

"Thank you, master Cheng." Su zhirou was overjoyed.

"buy her a run-down building," master cheng immediately ordered his subordinates.

Su Zhiyan's face was twisted with anger, but she was afraid that master Cheng would be angry, so she acted coquettishly and tried to please him."master cheng is so bad, he only knows how to tease people."

she put down her status and let people do whatever they wanted, and she was extremely good at pleasing people.

at least, master cheng was in a better mood now. he had been rejected by su mu and had found a sense of existence in this woman. in fact, there were a lot of women like su zhirou who tried to please him, but su zhirou had one more advantage than them. she looked a little like su mu.

when he couldn't get the real thing, it was also a proud thing to get his hands on her sister. especially when su mu saw how he kept looking at su zhiyan when he doted on her, he must have been jealous.

## Chapter 5098: i've contracted this broken down building (3)

Satisfied, master Cheng beckoned to su zhirou. "you're ... so considerate. you know how to please people. tell me what you want."

Su Zhiyan was not stupid and acted even more coquettishly, her voice sweet as honey."Master Cheng, you're so bad. I don't want anything, but ran ran wants to be with you."

" even a man can't stand this. " the subordinate in front thought silently, " master cheng, aren't you tired of it? the chicken skin has fallen to the ground. isn't it nauseating? "

master cheng did not mind her at this time, but he would do so when he was annoyed. he did not treat her well and would only call her over when he was in the mood. however, su zhiyan liked this kind of life. there were three to four women in the villa, and master cheng liked her the most.

in addition to money, she was also quite infatuated with master cheng.

master cheng's body was sturdy and had an especially charming manliness to it. su zhiyan was just like that. on the other hand, she was not interested in men like qin xuanye and xiang nan, who were beyond her reach. instead, she felt that these men were evil.

...

master cheng was such a simple and direct man.

su zhirou blushed and put on her black pajamas. master cheng was brushing his teeth.

She carefully waited on him and carefully asked, " "Why are you up so early today? you don't usually wake up so early."

Master Cheng looked at her. little Liang, you b \* tch, it's none of your business. I have something important to do today.

Su zhirou pinched her nails and said unhappily, ” “you’re going to find su mu again?”

perhaps master cheng had been very gentle last night, but she suddenly became arrogant again. ” oh, what’s so good about that blockhead su mu? he’s always pulling a long face. ”

as soon as she finished speaking, master cheng looked at her with a dark face.

su zhirou immediately understood that he was unhappy. master cheng would hit women when he was unhappy.

su zhirou was afraid of him hitting her, but she could not leave him. she even felt that he was very manly when he hit women.

as expected, a slap came flying over, but it didn’t land on his face. instead, it landed on his shoulder.

Su Zhiyan endured the excruciating pain.

“if i hear you say anything bad about her again, i’ll beat you to death,” master cheng said, glaring at her.

Su Zhiyan took a step back and bit her lip. She thought to herself, he said that he would beat her up, but he did not say that he did not want her.

Master Cheng still had her in his heart.

thinking about it, she felt balanced again. she was still leaning against the door and watching master cheng shaving.

actually, su zhiyan was not bad-looking and young, so she looked quite charming with her thin waist and soft body. however, master cheng was used to women who took the initiative. he did not care for them.

hence, he did not even look at su zhirou and said, ” “Today, I projected dozens of big screens throughout the city.”

Su zhirou's heart skipped a beat. She wanted to ask immediately, but she knew that if she were to use a jealous tone, master Cheng would definitely beat her up. Hence, she walked over and leaned on his shoulder. "I knew master Cheng was rich. These dozens of big screens must be quite expensive."

After shaving, master Cheng wiped his hands with a towel and smiled. "Just a few million,"

Su zhirou was furious. A few million was enough to buy a pigeon's egg, and he was going to use it to please Su Mu!

However, no matter how angry she was, she didn't dare to bare her teeth at master Cheng. Master Cheng's fists were very hard, and he didn't show any mercy when hitting women. She couldn't take it if he was serious.

Seeing that she had stopped talking, master Cheng walked over and pinched her chin to look at her.

In fact, if one looked closely at Su Zhiyan, especially under the light, she looked rather similar to Su Mu. It was just that one of her eyes was too upright, while the other had a hint of flirtatiousness.

Chapter 5099: I've contracted this broken down building (4)

Master Cheng enjoyed the view for a while under the light. He was initially interested, but he let go of Su Zhiyan after thinking about what was going to happen later.

Su Zhiyan was a little indignant and wanted to make master Cheng stay. However, it was useless to act coquettishly and please him now. He only had his precious baby in his heart.

She was particularly angry and went to the bedroom to smoke. She even smoked the one that master Cheng had specially provided.

Master Cheng came over and snuffed out the cigarette in her hand. The cigarette with sparks burned master Cheng's hand directly. Master Cheng was playing with it and didn't care at all.

However, su Zhiyan bit her lip and said in a fuss, ” “Master Cheng, you’re injured!”

“you’re making a fuss!” Master Cheng pinched her face and was in a rare good mood.”when i get your sister back, you two can be together all day long.”

...

Su zhirou pouted.

Master Cheng curled his lips. are you unhappy? ”

Su Zhiyan wrapped her arms around his neck and said, ” “Then who would master Cheng love more?”

Master Cheng smiled. of course, you’re cuter.

As he spoke, he moved her hand away and went out.

Su Zhiyan was furious again. She could not make master Cheng stay. Although he was just coaxing her by saying that she was cute, he was implying that su mu was the one he loved the most.

What was there to look at? she was an old woman who had given birth.

she thought about it and went to smoke again. she had secretly tried the kind that master cheng didn’t let her smoke just now. master cheng said that she shouldn’t touch it, but she felt that it was quite boring to be alone.

slowly, she got used to it and couldn’t leave.

Later, master Cheng found out and beat her up. Seeing that she really couldn’t change, he let it go. Anyway, he had many things here to serve her on the account of her service to Him.

su zhiyan was lying on the bed, smoking while scrolling through her phone. then, her eyes widened.

he threw his phone to the side and was fuming with anger.

When would that man be so attentive to her?

in the most prosperous area of B city, there were many high-rise buildings. starlight and KING corporation had both built their buildings in this area, which had always stood in the blue sky and white clouds.

today, starlight's atmosphere was a little strange, especially strange.

Because their President ye was about to explode.

He looked at what the largest display screen in the vicinity was displaying. It was full of scenes of a certain wealthy man confessing his love to su mu. The screen was full of roses and tacky pigeon eggs. The largest screen that cost 30 yuan was displayed for a week.

what was even more bizarre was that the man had bought a building as a betrothal gift for su mu. the building was named shuimu nianhua, which meant mu.

it was a big gesture and a little tacky, but it couldn't stand such a rich man.

The most outrageous thing was that the Shuimu building was right opposite the Starlight, standing side by side like a Gemini star.

secretary li stood beside his superior and sighed again. "he's really rich and overbearing,"

That building was worth tens of billions, and he was giving it away just like that?

She remembered that President ye was not so generous even when he was getting married. Was he angry now because he was being compared to others? Secretary li smiled subtly. Or was president ye jealous?

in fact, secretary li could understand. the other party's methods were obviously that of a nouveau riche who was willing to spend money.

President ye was born into a rich family. Of course, he was not stingy, but he would not spend a lot of money on a woman easily either. That would be stupid in the eyes of cultured men. However, the stupid man in City B today had made all the women in the city envious of su mu.

Chapter 5100: i've contracted this broken down building (5)

At least, in the place where su mu had been, the shop assistant of the shoe store covered her face.

oh my god, su mu had caught another diamond bachelor (master cheng)!

In the Daily Sun, the emotions of the people were even more complicated.

Du Meili was originally in the entertainment section of the news. She couldn't believe the news in the newspaper and magazine. She was going crazy.

su mu, su mu again!

She actually managed to hook up with master Cheng!

...

Who was master Cheng?

The upstart of B city, the powerful and influential, who didn't come to master Cheng's dock to pay their respects so that they could walk better in the future?

Her gossip was that master Cheng's taste was very strong, and when did he become a little fresh? du Meili remembered that she was going to do an exclusive interview later. Well, it seemed that master

Cheng had spent a few million Yuan to ask their newspaper to beautify him and write him in a very cultured way.

thinking of this, du meili was particularly angry and scolded him.

Sister Hong, who was passing by, heard him say ‘uncouth’. She smiled and said, ” uncouth is also very rich. You know master Cheng’s net worth is in the hundreds of billions. He’s willing to give su mu ten billion. Which woman in B city doesn’t envy su mu now? ”

“You’re also envious, sister Hong,” du Meili blurted out.”Don’t you see money as dirt? a

sister hong smiled. ” of course i don’t care about a few hundred thousand or a few million. but a man holding tens of billions and kneeling in front of me with a pigeon egg. which woman wouldn’t be moved? ”

Du Meili was particularly angry.

Sister Hong laughed again. actually, this is normal. Which woman doesn’t love money? master Cheng is handsome, strong, and rich. I heard that he’s very generous. Is it more important to be educated? ”

du meili clenched her fists.

Tens of billions!

he gave it to her just like that. what kind of god-like man was he?

Du Meili was full of envy and desire. For half a day, no one in the magazine did anything but discussed su mu, the Star of South Africa.

su mu didn’t know about it before. he was taken photos while walking on the street and a little girl was smiling at him with a strange look.

It was only later that she found out about the things that master Cheng had done. She didn’t want to care about it because he would be bored after a long time.

su mu was busy looking for a job. he circled a few times to go for an interview, but no matter where he went, he would not want her as soon as he saw her face.

hehehe, in just half a day's time, she had become a celebrity. she was even more famous than when she was in the scandal.

At two O 'clock in the afternoon, su MU's name immediately rushed to the top of the single hot search #Su MU's flirting secret manual.

other than shen wenxuan and ye xiangnan, there was also cheng zheng, the famous master cheng of city B.

master cheng was very impressive. at first glance, he looked like he had a shoulder bump, but upon closer inspection, he had a handsome face, a big nose, and a pair of good-looking lips.

Countless marketing accounts were begging su mu to show them the secret book of seduction. How did she get these rich men? did she have some special ability?

Su mu was munching on bread in the park.

Special ability?

She almost couldn't eat anymore, and now she had another mouth, what flirtatious secret book?

cheng zheng's matter was a little big. tens of billions, was it that easy to get? if she took it and did not marry old master cheng, she would be in trouble.

That kind of man said that when he liked you, he liked you very much. When he did not like you, he was just like su zhiyou. Only a cheap person would like him.
