

Thank you 5101

Chapter 5101: A noble young master versus an uncouth fellow (1)

su mu gnawed on his bread and looked up at the two buildings side by side. one of the buildings had the words "shuimu" written on it, and there was a photo of her. the photo was taken when she was selling shoes in her uniform. su mu felt that he would only do such a thing because he was really bored.

It was drizzling. She packed her things and prepared to go home.

She was more relaxed now that she was living on campus. The only thing she wanted to do was to earn some money first. As for the school, she would study at night and then take the exam.

Su MU's requirement was not high, as long as she was alive. However, the current predicament she was facing was that people were pointing and gossiping about her wherever she went, and she could not be ignored at all.

Su mu tried to convince himself that he didn't care. However, she was a little flustered as she couldn't find a job.

later, it was the former shoe store manager who called her and was willing to take her in.

...

Su mu was a living advertisement in that shoe store. She sold hundreds of pairs of shoes every day, and even the brand manager was satisfied with her.

On the spiral staircase on the second floor, ye xiangnan was standing by the handrail in a formal suit, looking at su mu quietly. Secretary li stood aside silently. (The Dog Man must be anxious now! hurry up and give this house to miss su! Go all out, let's go ~ in terms of financial resources, President ye, you can't lose to emmmmm)

"What's the situation now?" ye xiangnan's voice was calm.

“What do you mean by” how is it “?” Secretary li asked.

ye xiangnan turned his head and asked,”have you removed the hot search?”

Secretary li sighed. it’s useless even if we remove Ms. SU’s popularity now. This shopping mall has become a shopping center. However, the nightclub boss is glad that the sales have increased by 300% these days.

This bastard didn’t spend money and still relied on women to earn money.

Ye xiangnan’s face darkened.

the more people there were, the brighter his old cuckold would shine. su mu was not his wife, but the mother of his child. the whole of B city knew that another man had bought a 30-yuan big screen as a show of love like a nouveau riche. he was watched in the company and ridiculed at home. what did he do wrong?

It was all su MU’s fault. Why did he have to come out and attract bees and butterflies?

Ye xiangnan was very dissatisfied. He let out a long breath and looked at Secretary li.

Before he could speak, Secretary li had already started to plead, ” “President ye, miss su is already very miserable. Why don’t you let her go for ye Jie’s sake?”

“did i say anything about firing her?” “Am I such an unreasonable person?” ye xiangnan snorted coldly.

Secretary Li said in his heart, you are.

However, she didn’t dare to say it out loud and just kept quiet.

ye xiangnan glanced at his secretary again, but he didn’t say anything. just as the two were about to leave, a person, no, a group of people walked in from the entrance of the mall.

the person who came was none other than master cheng.

Master Cheng had spent millions and tens of millions on thirty screens, but it was like throwing a stone into a Lake. It didn't even ring. He waited patiently for several days, waiting for su mu to feel it and come to say she was willing.

He believed that he could smash down su MU's multi-billion building.

little did she know that su mu was exactly the same as he was when he was young. it was as if time had changed her environment, but su mu himself would never change.

master cheng was supposed to be angry, but when he thought about how su mu was the woman he had taken a fancy to and was different from the others, he became excited again.

Chapter 5102: a noble young master versus an uncouth fellow (2)

master cheng was supposed to be angry, but when he thought about how su mu was the woman he had taken a fancy to and was different from the others, he became excited again.

As for women, there was no hurry. He wanted to possess su mu very much, but it was a spiritual possession. Those women were like dogs to master Cheng. If he lost them one day, he wouldn't even blink.

As soon as master Cheng arrived, the people around him scattered and were driven to the side.

on the second floor, secretary li's voice was very soft."President ye, do you want to call the security? that's too arrogant, it'll have a bad influence."

Ye xiangnan held the handrail with both hands, quietly looking at the first floor, and said in a low voice, " "Wait a moment."

He would like to see how su mu would deal with this uncouth fellow!

...

Secretary li glanced at him and didn't say anything.

that dog man!

ye xiangnan's face was expressionless. he still remembered su mu's determination that night. this woman was so cruel that she didn't even want ye jie.

She wanted to take care of su Shaoqing, she wanted to solve her family's problems, or he could help her with this uncouth fellow. However, she did not ask and stubbornly wanted to draw a clear line with ye Jie.

How old was ye Jie? what could he understand? he would only think that his mother did not want him anymore.

Just thinking about it made him feel that she was unforgivable.

the first floor was surrounded by people. the security guards were going to come over, but the boss knew that president ye was here, so he gestured for them not to move. As a result, the people from all sides retreated.

ye xiangnan stood there with a noble face!

When su mu saw master Cheng, he felt a headache.

she lowered her eyes and said to the man who was approaching her, "I'm sorry, we don't have men's shoes."

Although master Cheng was charming, he was tall and strong with a figure of 185 cm. Otherwise, su zhiqiao would not have been so infatuated with him. In her heart, master Cheng was the most masculine man in the world.

After su mu finished speaking, the store manager also came over to persuade master Cheng to leave first. It was okay to talk about private matters after work.

Master Cheng smiled. why? you don't want to do business? I'm here to buy shoes for my wife."

this was the most prosperous area. the big screen of master cheng's courtship of su mu was still hanging outside the shopping mall. the manager who took the order had been fired by ye xiangnan. usually, he would only take such orders.

therefore, everyone knew su mu and could tell that he was a nouveau riche.

city B's master cheng became famous overnight.

Since master Cheng had said so, the store manager couldn't say anything. She smiled and said, "Sir, why don't your employees go out for some tea first?"

master cheng stared at su mu with great interest, like a tiger staring at a little rabbit. ye xiangnan, who was on the second floor, felt a little uncomfortable, but he still looked at su mu quietly.

secretary li glanced at him.

President ye is really patient!

however, he seemed to be angry with miss su. with their relationship, they should have gone down to get rid of master cheng. master cheng's power in city B was rare and he had few opponents. if president ye didn't take action, miss su would probably not be able to get away.

while secretary li was thinking about this, master cheng touched his hair and smiled. "This little leader makes a lot of sense. We should go and have some tea."

He gave a look, and one of his subordinates understood what he meant. He immediately lifted the store manager up and took her out for tea. The rest of the staff did not dare to say a word.

Chapter 5103: A noble young master versus an uncouth fellow (3)

su mu pursed his lips and put on a professional smile. "then may I ask how big this gentleman's wife's feet are, and what style and style she likes? I can help you pick a suitable one.

master cheng asked his men to stand in a line and guard the door of the branded store to prevent people from coming in. he walked in, nodded, and smiled. " ah, it's pretty good here. "

su mu just looked at him quietly.

master cheng sat down, looked around, and then asked su mu to go over.

In front of him, su mu said to master Cheng, " "My wife's feet are as big as your feet. I measured them myself."

these words were quite provocative.

...

Gasps could be heard all around.

However, su mu was neither servile nor overbearing, " that's 36, right? " Then I'll help sir and Madam pick."

master cheng put down a check with a million yuan on it.

"Pick whatever you like. My wife will like whatever you like." master cheng leaned against the counter and smiled gently. he was quite attractive, and many female employees secretly looked at him. just like sister hong said, who could refuse a man who could throw 10 billion at once?

However, to master Cheng, only su mu was worth this price. The other women could be settled with jewelry worth hundreds of thousands or even millions. They even asked him to confess to them. Bah, they were the ones who served him softly.

There was only one su mu in this world.

Master Cheng said and looked at su mu eagerly.

On the second floor, ye xiangnan was staring at the two of them coldly. Secretary li, who was standing beside them, felt that a fight could break out at any time. president ye's gaze was so scary, as if he was catching an adulterer.

In fact, it had been one-sided up until now. If su mu was willing, he wouldn't be working here. She quite admired su mu. She could also see that master Cheng quite liked su mu, at least more than President ye. He was willing to put in effort and lick his face to please him in front of so many people.

who's that? master Cheng, who's been through a bloody battle, is hard to come by. It's rare for him to spend so much effort on a woman, " Secretary li thought. If it were him, he probably wouldn't be able to handle it.

besides, master cheng was quite handsome, which was different from president ye's noble image, but he was also quite charming, rough, and masculine.

He also faintly heard that master Cheng had a lot of women.

While Secretary Li's mind was in a mess, su mu took a pair of shoes and looked at master Cheng.

Master Cheng didn't seem to care. He smiled and said, " "i've said it before. as long as you like it, i'll buy it all."

su mu asked the other shopping guides to pack them up in a low voice while he went to pick a few more pairs.

Master Cheng had ordered all of them.

Su mu didn't stand on ceremony with him. He had to take responsibility for the business that was affected by the closure of this place. Therefore, he took a pair of almost every design. The shoes of this brand were not cheap, ranging from two to three thousand to seven to eight thousand. Su mu calculated the bill and looked at the check at the side. He said softly,"the total is one million, three hundred and sixty-four thousand. mr. cheng, would you like to pay by card or cash?"

Master Cheng wouldn't let go of any chance to get close to su mu. He smiled and asked, " then do you want me to pay by card or cash? if it's cash, i'll get someone to move it from the vault immediately. "

everyone gasped in shock!

The vault!

F ** k, how rich was he!

Su mu was still unmoved. No wonder he could catch such a big fish. He was really patient.

Chapter 5104: a noble young master versus an uncouth fellow (3)

su mu was still unmoved. he was really calm. no wonder he could catch such a big fish. didn't the novel say that the female lead liked by rich male leads was different from the other flirtatious, cheap, and good-for-nothing characters? she was especially refined.

However, su mu lacked beauty.

On second thought, rich men had all sorts of beautiful women by their side. This was the refreshing and refined feeling that people wanted.

the people around looked at su mu.

Su mu was still expressionless.

master cheng took out a gold card from his wallet and swiped more than a million yuan without blinking. a few shopping guides came over with a car full of shoe boxes. fortunately, master cheng had many men with him. he smiled and said, "Mumu, I'll send them all to your place."

...

" how about i give you another villa? " he paused. " you can't fit all these things without a 100-square-meter cloakroom. "

Master Cheng was a man of his word. He turned around and said to his subordinates, go and tidy up the villa in ZhongXi for miss su. Get someone to transfer the ownership to miss SU's name tomorrow.

su mu didn't say anything. all his actions had nothing to do with her.

in fact, they had known each other since they were young. cheng zheng liked her, but she was still young then and she had never thought about it that way. besides, he was not her type.

Now that he was being pestered, su mu was not having a good time either.

Su mu lowered his eyes and said in a low voice, " Mr. Cheng and Mrs. Cheng's shoes have been bought. We still need to do business here. Please do us a favor.

Master Cheng had come here today to cultivate a relationship with su mu. How could he leave so easily?

He thought for a moment and said with a faint smile, " "madam's shoes have been bought, but we don't know if they will fit. these shoes ..."

he lowered his voice, which seemed to be a little too intimate."I haven't tried the size yet!"

su mu looked at him and then said in a low voice, " "If the size is not right, you can change it."

Master Cheng said with great interest, " why don't you go to the villa with me and try them on for me? I told you my wife's feet are as big and white as yours.

His words were a little inappropriate, but fortunately, master Cheng still respected su mu. Although he teased su mu, he didn't speak loudly so no one else heard him.

su mu took a look at him and continued to calculate today's sales. he said in a very low voice, " "You can get su Yanyan to try it on for you. She'll definitely be overjoyed."

master cheng smiled. " mumu, you must be jealous. "

The people around them heard this and sighed. Master Cheng had too much power. The other party was clearly rejecting him, but his interpretation was too exquisite.

he refused to leave, so su mu looked at him again. "aren't you going to buy something else for your wife? for example, jewelry.

master cheng had plenty of money, but he was afraid that su mu wouldn't ask for it. now that su mu had relented, everything was really easy to talk to. he said obediently, "Do you want Yingluo? I mean, Mumu, what kind of jewelry do you think my wife likes?"

"The big one!" Su mu said expressionlessly.

Master Cheng smiled and touched his head. a big one is good. A big one is good. I'll buy it!

the entire mall was almost out of service, and they could only watch master cheng chasing women online.

A man who was willing to spend ten billion was the center of attention.

At this moment, ye xiangnan turned to Secretary li and said, "Tell the manager here that all the jewelry will be sold today without discount. All the counters, bring out the most expensive ones."

secretary li was also watching with great interest.

Chapter 5105: A noble young master versus an uncouth fellow (4)

secretary li was also watching with great interest. that master cheng was so funny, but he was also quite infatuated. which man would be so free to spend so much money shopping with a woman?

just as secretary li was thinking about this, president ye's cold gaze floated over, and she didn't dare to look around anymore. president ye seemed to be very unhappy. yes, his wife was being crazily pursued by someone. which man would be able to stand it?

if you can't take it, then go!

And he was still making big money here!

that dog man!

secretary li really wanted to complain. this was too outrageous. however, as a secretary, she had to stand in line with president ye's interests. she immediately made arrangements to stop all activities today and not give any discounts.

...

Because their President ye was going to kill master Cheng.

Master Cheng followed su mu and was in a good mood. He looked up inadvertently and saw a handsome pretty boy standing on the second floor. He was really good-looking. When he looked again, he realized it was ye xiangnan.

As a male, master Cheng's expression changed immediately.

It was as if the master Cheng who knew how to please women no longer existed, but a man who could tear his opponent in half at any time.

master cheng gently licked his lips, as bloody as an animal licking its wound.

at this moment, master cheng seemed to have changed into a different person.

as for president ye, he was still standing on the second floor like a noble young master, high and mighty.

some people were born to be superior, just like thinking of the south at night.

There was a murderous look in master Cheng's eyes, but it was only for a few seconds. Then he returned to normal and even greeted Xiang Nan.

ye xiangnan looked at him coldly without saying anything.

Given his background, he had never had much contact with master Cheng. The ye family had a deep foundation in B city. In the past, it was ye Mulin. Now, it was Wen Yuan's youngest uncle. Who would dare to touch him?

Even though Cheng Zheng had a net worth of hundreds of billions and was a well-known figure in City B, in terms of status, she was still far from ye xiangnan.

one was a noble, the other was a nouveau riche.

ye xiangnan was a man with the same surname as ye and wen. he was not someone ordinary people could compare to.

of course, su mu was the only one who did not buy it.

His cold face was also a provocation to master Cheng. The men looked at each other and sized each other up.

after a while, master cheng stopped su mu. "mumu, this set of jewelry is not bad. do you think my wife will like it?"

su mu came over and didn't say anything. his eyes were fixed on the set of jewelry that was worth more than ten million for about ten seconds.

buy!

Master Cheng ordered!

so, he bought the jewelry worth more than ten million yuan. later on, no matter which one su mu liked, master cheng would buy it as long as his mumu was happy.

master cheng kept buying, and his hands were full of expensive boxes until master cheng's gold card was maxed out. f * ck, his 200 million card was maxed out.

Master Cheng touched his head.

su mu squinted at him.

She could only be considered pretty, but when she looked at him like this, there was an indescribable charm. Master Cheng couldn't stand such a gaze and coughed lightly. "Let me open the vault, or get me a new card."

su mu, who had not spoken to him all this time, said, " "No need, I'm off work."

With that, he walked into his own shop. Master Cheng followed him, but the door was covered in dust.

su mu changed his clothes and left without looking at master cheng or ye xiangnan on the second floor.

Master Cheng caught up with su mu and gave him all the expensive things.

Chapter 5106: a noble young master versus an uncouth fellow (5)

su mu just looked at him quietly. after a long while, he said in a low voice, " " i don't want it. you bought it. it doesn't matter if you give it to su zhirou or some other woman. i don't want it. i know you can afford it, but your money is not my money. cheng zheng, i will not like you. "

She rejected him outright and ran to the bus by the side of the road as the next bus would arrive in ten minutes.

master cheng looked at her back with a pile of things in his hands. for a moment, he wanted to get his men to catch her and take her to his villa, but he gave up such a crazy idea after thinking about it for a while.

su mu was the girl that cheng zheng had liked since she was eight years old. although she had an affair with another man by accident, in master cheng's heart, su mu was still a pure and innocent little fairy.

Master Cheng watched her leave in a daze, and the crowd dispersed.

The big screens in the square were still playing the scene of him wooing su mu. He was also holding a piece of jewelry worth two hundred million Yuan, but su mu said that he didn't want it. She had no interest in his money at all.

...

If she didn't like his money, could it be that she liked him?

(master cheng is really funny!!!)

master cheng wondered in a daze,"what did su mu not like me? what did i do wrong?"

he felt that he was great and perfect everywhere. his sister, su zhiyan, was so obsessed with him that she said that he was great. which woman did not say that he was good? he was handsome, healthy, and generous.

of course, he also had a small problem, which was that he would hit women. however, he would never do that to su mu. he couldn't wait to dote on her, and he was also a little afraid of su mu.

Su mu had always liked to pull a long face since he was a child, but he liked it the most when she pulled a long face.

master cheng wondered when he started to like su mu. it was probably when he had been hungry for two days, and su mu had secretly made two rice balls and started.

cheng zheng's family background was even worse than su mu's. his father killed her mother and went to jail. there was only one seven or eight-year-old child in the family, and his hostility was very similar to his dead father's.

At that time, no relative was willing to take him in. Who would be willing to take in a time bomb?

Su mu was the only one who fed him like a stray dog for two years. Sometimes, when there was no leftovers at home, she would give him her share, and the little su mu would go hungry.

now, he was giving her ten billion yuan. she was worthy of him.

Master Cheng thought disappointedly that she just didn't want it.

In addition, the reason why he was so cruel to the SU family was that when they found out that su mu was feeding him when he was young, his mother, that Shrew, almost broke his legs. Su Qiang also said a lot of nasty things.

Now, he had returned everything to them. The other reason was that they had not treated su mu well.

Master Cheng had thought that su mu and Shen Wenxuan had been together for years. Although the boy was weak, he seemed to have a good character. Master Cheng had found su mu during his most miserable days, and the boy had given him 2000 Yuan. He had been feeding su mu.

(Master Cheng is killing me with laughter!!!)

Hence, he did not do anything to Shen Wenxuan for the sake of his kindness.

However, in the future, whoever dared to bully his Mumu would be going against him, master Cheng.

Master Cheng's fighting spirit was reignited. Wasn't she not married and single? if the ye family wanted to raise a son, they could. If they were unwilling, master Cheng had a lot of money. He could raise su MU's son until he was fair and chubby. He would be so awe-inspiring outside that everyone would have to call him master ye.

Chapter 5107: a noble young master versus an uncouth fellow (6)

Master Cheng was in high spirits when a cold and Noble voice came from behind him."Mr. Cheng Zheng."

With our President ye's status and background, of course he wouldn't call him master.

Master Cheng turned his head. He didn't need to look to know that it was su MU's pretty boy. When he turned around, he quickly put on a fake smile. President ye, what brought you here? "

"unfortunately, this shopping mall is owned by starlight. can't i come and take a look? " ye xiangnan smiled.

Master Cheng smacked his head. Oh, right, I forgot that Starlight is also rich and imposing. Look at me, I forgot about it. I forgot to pay Mumu to please her. President ye, you won't mind, right? "

"mr. cheng, do you think there's anything to be calculative about?" ye xiangnan sneered.

...

old master cheng revealed an expression like an old fox. " since president ye doesn't mind, why do you have such an ugly expression?! "

Suddenly, ye xiangnan felt as if he had just eaten a fly. His voice became even colder."I don't feel uncomfortable."

"Is that so?" "President ye, it's better for you to go back and look at yourself in the mirror," master Cheng said with a smile.

"Some people just don't know how to cherish each other. Mumu is so good," he said after a pause.

ye xiangnan glanced at him, disdained to talk to him, and turned to leave.

Secretary li followed behind him and suddenly turned to smile at master Cheng. "Hello, master Cheng."

master cheng was so happy that he threw a set of jewelry over.

She was happy for this master.

Secretary li was overjoyed. One pigeon egg was worth more than a million Yuan. Master Cheng was really domineering.

secretary li wanted to ask him if he wanted a secretary, but when he thought about the fact that a secretary beside a master like him had a second function, he gave up.

Ye xiangnan was waiting for her in the parking lot. When he saw the Secretary, he looked at her and said, ” “you’re promising,”

“President ye, you know about it?” Secretary li was surprised.

Ye xiangnan lit a cigarette and smoked quietly. After a while, he looked at Secretary li.”Are you tempted?”

Secretary li opened the box and picked out the red pigeon’s blood. It was really as red as blood and quite big. su mu picked the big ones. in fact, secretary li also suspected the relationship between su mu and master cheng because cheng zheng’s temper was not very good, but she was very accommodating to su mu.

However, she would not tell President ye about this. President ye had eyes and was not blind.

In Secretary Li’s heart, if there were no messy women around master Cheng, he would be a more considerate man than President ye.

Secretary li looked at President ye and seemed to be in a bad mood.

No matter whether President ye wants to reconcile with su mu or not, it’s not good for a man like master Cheng to be by the side of his son’s birth mother. He’s rich and has the physique of a man. Can’t he show the advantages of our President ye?

ye xiangnan’s voice was calm. ” do you feel tempted by these jewels? and a house? a big building. ”

a building worth tens of billions.

Secretary li swallowed his saliva.

Of course, she was tempted!

the dog man must have met his match and was flustered!

However, Secretary li couldn't say that on the surface. She said with a backbone, "it depends on the situation. It depends on who sent it. If it's a gift from President ye, of course he'll be moved. But for Mr. Cheng, of course he won't be moved.

"Then throw this ring away," ye xiangnan said, his eyes lowered.

Secretary li was dumbfounded. This, this, this, more than a million Yuan!

Chapter 5108: i'm dying of laughter! my ex-husband!1

Of course, Secretary li was dumbfounded. More than a million Yuan? how could he just throw it away like that?

President ye thought she was from a rich family.

of course, secretary li's heart ached. she didn't move for a long time. after all, nan didn't really ask her to throw it away.

He got into the car and didn't say anything else. Secretary li followed him and sat in the front passenger seat. "President ye, will you be angry?"

"what are you angry about?" ye xiangnan put his hand on the steering wheel and turned his head."it's not like su mu accepted his things."

On the other hand, su mu had made Cheng Zheng pay a lot of money. Although it was nothing to Cheng Zheng, seeing a man in a worse state than him and su mu ignoring him made him feel good.

...

Hence, he did not mind Secretary Li's greed. Moreover, Cheng Zheng was willing to do so.

Ye Xiangnan's car drove past a few intersections, and everywhere was filled with advertisements of Master Cheng's courtship. He was quite speechless.

Secretary Li was moved by the sight and said sincerely, "Su Mu is really composed. If it were me, I would've done so long ago."

"Submit?"

Ye Xiangnan's fingers gripped the steering wheel tightly, and his voice was low and hoarse. "From what?"

"Ah!" Secretary Li knew that he had said something wrong, so he didn't say anything for a long time.

As Ye Xiangnan drove, the street gradually darkened, and the roadside was filled with lights.

And Su Mu.

It was everywhere.

Cheng Zheng's passionate pursuit of her was a problem for Ye Xiangnan. He knew that with Su Mu's bad temper, it was impossible for him to be with Cheng Zheng. It was useless even if he used a mountain of gold and silver.

He also found it strange that he was involved with Su Mu.

Su Mu's personality was truly peculiar. How could he have met such a strange woman?

In the past, Ye Xiangnan had hated Su Mu's character for being too old-fashioned and unreasonable. But now, he felt lucky and admired him.

Thinking about it, if ye xiangnan's ex-wife was chased away by Cheng Zheng, would he still have any face in the future?

ye xiangnan felt a little better thinking about it. he dropped secretary li off at the next intersection and asked her to take a taxi home. secretary li held the pigeon egg in her hands, her heart feeling warm in this warm winter.

Ye xiangnan's car entered the traffic again. He took out his phone and looked at it, but there was no call.

There was no call from su mu. She had clearly seen him just now.

his thin lips pressed into a straight line and he continued to drive without saying a word. however, in the end, he drove to su mu's building.

Moreover, he had arrived at su MU's building earlier. What was even more bizarre was that he was not alone.

master cheng was already waiting for him. there was a pile of gifts beside master cheng. they were golden and colorful (haha ~~)

When ye xiangnan got out of the car, master Cheng was overjoyed. isn't this our President ye? didn't we not hold it against each other? why couldn't you help but come over?"

ye xiangnan lit a cigarette."mr. cheng is here too."

Master Cheng reached out and touched his head."i'm here, i'm here to give mumu a gift. my ex-husband, what did you bring? you didn't come empty-handed, did you?"

in the face of a scoundrel like master cheng, a noble young master like ye xiangnan had no power to resist.

Master Cheng was extremely proud as he lit a cigar. a man can't be too petty when chasing a woman. President ye, did Mumu divorce you because she thought you were petty?" She doesn't even want her son anymore. How much does she despise you?"

Ye xiangnan's face was as ugly as it could be!

Chapter 5109: I'm dying of laughter! My ex-husband!2

president ye's face turned livid. no one had ever dared to look down on him like this and call him petty!

However, if he took out a large amount of money like Cheng Zheng, it would make him look as stupid as this nouveau riche.

Noble young master ye would not do such a thing.

it wasn't that he didn't want to spend money, it was his style.

He was different from Cheng Zheng. No one could restrain Cheng Zheng, but it was different for master ye. Ye xiangnan came from a big family and was the CEO of Starlight. His every move was the focus of attention.

Under such constraints, he was actually embarrassed by a big uncouth fellow.

...

he looked at master cheng arrogantly. master cheng smiled and said, "yo, your little face is alternating between white and red. Are you angry?"

"no, i didn't," Ye xiangnan wanted to ignore him and walk further away, but he had really underestimated master Cheng's power. Master Cheng was still smiling."so he's admitting that he's a pretty boy?"

Ye xiangnan had never dealt with such a person before. There were so many sinister people in the business world, and he had seen all of them. However, he had never seen such a scoundrel.

for a moment, ye xiangnan's face turned extremely ugly. he walked directly to his car door and opened it. master cheng smiled at his subordinate and said, " " he's a young master after all. he's as angry as a girl. how can he coax a woman? he needs to be more thick-skinned to coax a woman. president ye is always throwing a tantrum. my ex-husband, do you think you can coax su mu back? "

this mouth was especially vicious!

he kept calling him ex-husband!

ye xiangnan slammed the car door shut. he didn't want to leave. he leaned against the car and lit a cigarette. " okay, okay, okay. mr. cheng, you're amazing. i'm here to see how you're going to chase my ex-wife away. "

master cheng wiped his lower lip and then smiled sinisterly. even if I can't get Mumu, I can still give her my blessings. If she's together with lawyer Shen, I can see that lawyer Shen is a good person and has a kind heart, so I'm willing to withdraw. Unlike some people who don't like it but still want to occupy the pit. I can't stand this kind of person. They're obviously eccentric all day long, but they're still being pursued by others for their noble aura. I'll spit on them. They're more like stinky athlete's feet. I can't stand them.

Ye xiangnan frowned. Mr. Cheng, do you have any prejudice against me? "

since when could he not be compared to shen wenxuan?

master cheng smiled. " what prejudices can i have? isn't it normal for men to fight over women? just like how president ye calls me mr. cheng, he must not think much of me. he must think that i'm a nouveau riche or an uncouth man. but i'm different. i think president ye is a pretty boy, and i like to say it. "

ye xiangnan almost vomited blood. he stared at master cheng, wondering who could give birth to such a scoundrel.

master cheng wiped his lips and leaned against a tree. he closed his eyes and seemed to be talking to himself. I grew up with su mu and I've been eating her food for years. I didn't care about ye xiangnan before, but now that I'm back, I won't allow you to bully her. I know how you rich men bully women.

Master Cheng said with confidence, but then he felt a little guilty. He had learned all these tricks when he had money.

he wasn't like that in the past. he had been keeping his chastity just so that he could give his best and most complete self to su mu. he had kept his chastity for so many years, only to have shen wenxuan, this pretty boy, appear.

Chapter 5110: i'm dying of laughter! my ex-husband!3

he had waited for so many years for shen wenxuan, this pretty boy, to show up. then, an enhanced version of the pretty boy showed up. he was puzzled. did the rich young masters of the rich families eat rice different from them? why did they all have soft skin and tender meat? he really wanted to know if they felt like women. why were they so naturally rough?

of course, master cheng's looks were good, but they were a little rough.

Hearing his words, ye xiangnan said coldly, " " i made a baby with su mu. i didn't abuse her, nor will i bully her. "

he deliberately spoke in detail, and sure enough, the uncouth fellow couldn't stand it. his straight nose twitched like an old cow's. then, he said in a rough voice, " "That was in the past. You're as unqualified as I am now."

ye xiangnan wanted to anger him, so he smiled and said, " " unfortunately, su mu and i didn't have a marriage certificate when we were performing our duties. i don't know when i'm in the mood to rekindle our old feelings. "

master cheng clenched his hands so tightly that his fingers made a sound.

...

He wanted to kill this pretty boy just by thinking about that scene. Su mu was his goddess, but this man said it so casually and disrespectfully.

At this moment, su mu came back. She walked without a sound, so master Cheng and ye xiangnan didn't notice when they were bickering.

she just stood there quietly, and after a while, she said softly, "I won't have any interest in you, and I won't rekindle our old feelings."

Ye xiangnan was dumbfounded.

master cheng was happy. he reached out and touched his head. "I told you su mu wouldn't fall for you. how can a pretty boy give a woman happiness? it's better for you to follow me."

Ye xiangnan's face turned livid. If su mu said yes, he would have strangled her to death.

he had thought that she would ignore such a vulgar person, but to his surprise, su mu said, "thank you for treating my father's leg and arranging for Shaoqing's school. I'll treat you to a meal, but it's at the snack bar in front. I can't afford a big meal and it's not appropriate."

Master Cheng was so excited that he almost laughed out loud. It was such a good thing. It was just a simple order, but su mu saw it in a different light. If he had known earlier, he would have started with her family.

However, he seemed to have forgotten that he was the one who broke su daqiang's leg.

Master Cheng asked his men to guard this place while he and su mu walked toward the snack bar. Ye xiangnan had never expected such an unexpected change. He was almost dumbfounded.

He stopped su mu and pursed his thin lips. "Su mu, you've thought it through."

Su mu turned around and looked at him calmly. Then, he turned around and left without saying a word.

master cheng was overjoyed. he turned around and waved at ye xiangnan. "My ex-brother-in-law, please go back."

ye xiangnan opened the door and got into the car. the expensive sports car drove away.

master cheng touched his head again and smiled. I told you that the young master's temper won't flare up. Mumu, if you really marry him, you'll be at a disadvantage. You see, no matter how good-looking he is or how bad his temper is, you can still do whatever you want. You know this, right? ”

“i don't understand.” Su mu led him into the restaurant. Master Cheng didn't mind the small space.

With his identity, he was now going in and out of places that were full of luxury. Although this place was a little small and broken, just thinking about being able to be with his childhood goddess made him feel super happy.
