Chapter 5121: i don't like older women (8)

master cheng looked at the man who looked like a pretty boy and smiled. he glanced at sister hong and said, " "is this the man you've been looking for?"

Sister Hong didn't seem to mind. She leaned against the aisle and slowly smoked her cigarette."isn't su zhirou the same? she's just happy, why did she have to interfere in his life? cheng zheng, don't laugh to death. don't tell me that a man like master cheng can be so innocent."

it was her first time calling him 'master', so she was teasing him.

Sister Hong didn't force it. Besides, it was really ugly to pee in one's pants.

she wanted to leave, but her arm was caught by a strong big hand. master cheng's eyes were especially manly in the dim light."We're just going to forget about tonight?"

"What else?" "Cheng Zheng, let go of me." Sister Hong tried to struggle.

...

She did not know why, but this phrase 'Cheng Zheng' actually managed to seduce master Cheng. Very few people would call him that.

In the past, people called him a little brat, but now that he was rich, people called him Grandpa.

now, after sister hong said the name 'cheng zheng', he was inexplicably excited. sister hong got up from the sofa, took a bottle of red wine, and smashed master cheng's head off, causing it to bleed profusely.

his subordinates came in and sister hong was pressed against the wall.

Master Cheng touched his head, and his hand was covered in blood.

He gently licked the blood and said indifferently, "the price is quite high."

reaching out, he pinched sister hong's chin with his bloody fingers and chuckled. "You're quite bold."

"master cheng, you're quite bold," sister hong glared at him.

"This is the first time I've ever forced a woman like this." master cheng didn't regret it, even if he had a hole in his head.

he stared at her for a while before ordering his subordinates to lock sister hong up. he then went to the hospital.

Master Cheng was in the hospital, and there were many beautiful women around him. Fortunately, it was a VIP Ward, so it didn't disturb others.

master cheng was very boastful. he moved a sack of money from the vault and scattered it around for fun. even the nurses were afraid of him and secretly said that he was a nouveau riche, but master cheng wasn't angry.

He was just a nouveau riche, and his weakness was that he had never gone to school. No matter how much he pretended to be cultured, it would not work. He might as well use money to ruthlessly smash these grandsons' faces and let them know that so what if they were cultured people? in the face of money, they still had to call themselves master!

master cheng enjoyed this feeling very much, but he had gotten tired of it after a long time. he had been with a beautiful woman every day and had forgotten about sister hong. it was only a week later that he remembered to ask the people around him about the woman.

To be honest, he was quite fond of sister Hong. Although he had forced her that day, she had not rejected him after that. Everyone had done it willingly, so there was no need for both sides to suffer.

Physical problems were nothing to master Cheng. He had a bright future in his heart. He secretly thought that since su mu had given birth to a child and had a man, they were even if he had a woman.

As for how many, it was impossible to tell. He even told su mu that he and su zhirou were innocent and that they only chatted under the quilt when they slept.

Master Cheng was too shameless!

He was really too shameless!

Of course, su mu would not believe it either.

Chapter 5122: mumu, i'm trying to please you (1)

Su mu only found out about sister Hong's accident later on.

sister hong didn't go to work the next day. zhang fucai called her phone, but it didn't get through. zhang fucai thought that she had gone crazy and didn't take it to heart. however, she still didn't come on the third and fourth days, and zhang fucai became anxious.

sister hong didn't have any relatives in B city and she had been quite close to su mu recently. therefore, he was quite smart and went to find su mu.

Su mu did not see sister Hong either, but she remembered that sister Hong had once stayed at Cheng Zheng's place for a period of time. She thought about it and gave Cheng Zheng a call. Cheng Zheng had forced her to save her phone number, saying that it was a friendship from when they were young.

although su mu was very stubborn, he was not stupid. how could she be willing to have any friendship with such a person? if it wasn't for sister hong, she would never have contacted master cheng.

However, when master Cheng received the call, he was overjoyed and even acted coquettishly. Mumu, you've forgotten about me.

...

His subordinates were about to vomit when they heard this, and the women's faces twitched.

where did the mighty master cheng go?

Master Cheng didn't care. He acted coquettishly and cutely online. I'm injured and have been hospitalized for a few days. Aren't you going to come and see me? it's best to make some chicken soup. An uncouth fellow like me loves chicken soup the most. You'd better tell me another story. You don't know that your sister only knows how to put on makeup all day. She's so tacky.

He was an uncouth fellow, yet he still looked down on others!

Su mu wanted to refuse, but after thinking about asking him about the red Group, he agreed. After work, he went back to cook the chicken with a pressure cooker and then took it to the hospital.

Coincidentally, when su mu arrived, su zhiqiao was there as well. She brought along the chicken soup that the cook had meticulously prepared for master Cheng.

master cheng was sitting on the hospital bed, looking very energetic and radiant. he didn't look like someone who had been stabbed!

Su zhirou coaxed him to drink, but master Cheng's temper was not very good. He reached out his hand and knocked over sister SU's heart. Not only that, but master Cheng also scolded, "I already said that I don't want to drink it. It's so annoying to be so wishy-washy."

In the VIP Ward, su zhiqiao was not the only woman. The other women in the villa had long been unhappy with her, as if master Cheng belonged to her alone. Now that master Cheng had publicly disrespected her, everyone was happy about it, but they just did not say it out loud.

su zhirou was embarrassed and wanted to act coquettishly, but master cheng glared at her. "Can't you see that I'm busy? hurry up and go back to your corpse."

The other women secretly laughed. This small one, this cheap thing, also had this day.

Just as su zhirou was about to leave, su mu came in with chicken soup in his hands.

as soon as master cheng saw her, he immediately smiled and looked away. then, he quickly realized that he was wrong and coughed lightly. all of you, go back and clean up the house. I hired you to do housework, but you really think of yourself as servants. I don't need you to take care of me.

Master Cheng wanted to keep his face, so he refused to admit it to a woman.

su mu did not mind. cheng zheng was not related to her. she just thought that he was funny.

he seemed to mind that he was uncultured, but su mu did not care. cheng zheng was so lawless because no one cared about her since she was young. it was his ability that she could survive until now, so what right did others have to look down on him?

Su mu looked at him and put down the chicken soup. I'll keep one for you!

She knew what master Cheng's usual style was.

Chapter 5123: mumu, i'm trying to please you 2

master cheng rubbed his head. " i'm not a three-year-old child. how can i let anyone feed me soup? but mumu, you're so thoughtful. why don't you let them go back to wipe the floor and you feed me soup? these women are too lazy with their salaries. they even skive to the hospital. mumu, do you think my big villa needs a female owner? she has to be more dignified and not be too delicate. "

he touched his head again and laughed."mumu, i'll just watch you."

su mu was speechless, but he was used to it. she took out the soup and filled a bowl.

master cheng didn't dare to expect her to feed him personally. he grabbed the small bowl with his fan-sized hands and said carefully, " "Mumu personally made this for me."

He really cherished it and took small sips as if he was drinking some bejeweled wine.

Su mu sat on the small sofa and cleaned up the chicken soup on the floor. He mopped it more than ten times until it was completely tasteless.

...

master cheng finished a small bowl of chicken soup with satisfaction. then, he looked at the dumbfounded women and glared at them. "Hurry up and get out of here. Don't you see that miss su and I are talking about serious business?"

All women knew that master Cheng didn't have any serious business. It was just a matter between men and women. They were more than willing to do so as long as it did not benefit su zhirou, that slutty woman.

only su zhirou was unhappy. thinking that su mu was her sister, she stomped her foot and began to act coquettishly. "master cheng, you've been ignoring me ever since my sister came."

master cheng was extremely prideful in front of su mu. he said that su zhirou was his administrative secretary, so how could he allow this little girl to ruin his image?

Hence, master Cheng gave a look, and his men immediately threw su zhiqiao out without any mercy. His men were all smart, and they could tell that master Cheng only cherished this eldest miss su. As for the second miss, she was just there to relieve master Cheng's boredom.

Master Cheng had never lacked women to relieve his boredom.

after the women left, master cheng revealed what he thought was his most elegant smile. " why do you have the time to look for me today? unfortunately, you were stabbed by an enemy. it's not convenient. otherwise, i could have taken you out to have some fun. city B is quite fun now. by the way, mumu, i've bought the area where we used to live and built a palace to play with. what do you think? "

this was really rich and overbearing. the demolition of B city's urban village would cost tens of billions. She knew that master Cheng made money easily, but this way of spending money was obviously one day at a time.

"What kind of business are you doing?" su mu asked after some consideration.

Master Cheng was stunned for a moment, then he wiped his hair. you don't have to worry about that. There's a lot of money anyway. If you follow me, you'll definitely live like the Queen. The servants will serve you during the day, and I'll come home to serve you at night. How about that? "

master cheng was also sincere. he became excited as he said, " "Let's bring ye Jie here and have a few more children. The house will be more lively then. I'll build a Disney house for the children. Don't children love that kind of thing? our children must grow up in love."

The subordinate almost peed his pants from laughing.

when master cheng pursued women, it had always been money, money, money.

And he was particularly sincere to miss su and was most willing to spend money.

su mu laughed when master cheng finished his sentence. " cheng zheng, it's not hard for you to find a good woman. "

Chapter 5124: mumu, i'm trying to please you (3)

"you're the only one i'm set on." Master Cheng acted coquettishly and looked at su mu while leaning on the bed. "i don't think they're good."

Su mu was speechless. what's wrong with that? weren't you very happy just now? you can smash anything you want. Cheng Zheng, you're going to be unhappy if you're with me.

Master Cheng chuckled. I like it when you torture me. You look so pretty and cute when you're pulling a long face. Those women aren't even worthy of carrying your shoes.

Su mu felt that his words were getting more and more outrageous. He heaved a sigh."you're not young anymore, you should be more mature."

master cheng simply hugged her arm and coquettishly said in a rough voice, " "Mumu, don't you think I'm trying to please you?"

Su mu really couldn't stand it anymore. He pushed master Cheng away in a hurry and coughed lightly. " by the way, do you know where sister hong is? i think you've had some interactions with her before. "

...

Master Cheng had almost forgotten about sister Hong. When he heard this, he nodded and patted her. she ... I think she's a female reporter. She's old and has a bad temper.

Su mu didn't argue.

Master Cheng chuckled. what's wrong with that woman? why did you come to me? "

Master Cheng recalled that he had ordered his subordinates to lock her up. He didn't know if that woman was Dead or Alive. Of course, master Cheng would never tell su mu about such a cruel thing. Besides, he had already done it with that woman, so he couldn't tell su mu about it.

Master Cheng's desire to live was quite strong. He stretched lazily and said, " after talking for so long, the incision hurts and I'm tired. Mumu, the patient needs to rest. Don't tire yourself out. I'll see you again when I'm discharged, okay? "

Su mu could tell that he did it on purpose, so he kept silent with a straight face.

master cheng covered the dog's head with the quilt and carefully looked at her through the gap.

He still cared about su mu and was afraid that she would be angry. However, he had done that female reporter on impulse that day and was injured by her. How could su mu know about this? when he was discharged from the hospital, he would do that woman and everything would be solved perfectly.

master cheng felt that men should do things in a simple and rough way. he didn't like the way those pretty boys did things. they couldn't do anything if they were coy.

however, he still felt a little guilty. he heard that the woman had a good relationship with mumu, but when he thought about how ruthless this woman was, he didn't feel that it was a pity. as long as he told his subordinates to keep their mouths shut, no one would dare to say anything.

su mu didn't know about master cheng's cunning tricks. after thinking for a while, she wanted to leave.

At the door of the ward, she called Zhang fucai and told him that she had asked master Cheng and that there was no one there.

She wanted to call the police.

zhang fucai was also in the media industry. he had a hunch that if they called the police, sister hong would not be able to survive.

he had a good time with liu hong. they had truly loved each other when they were young. later on, they had a falling out because of du meili. they had been enemies for all these years, but sister hong had always been in his heart. he didn't want anything to happen to her. he was afraid that she would really be killed.

zhang fucai, who was smoking, stopped su mu. let's not do that for now. If we offend someone, they might kill the hostage if they're forced to.

It had to be said that Zhang fucai's mind was very meticulous. Master Cheng was right. He wanted to kill sister Hong like a little chick.

su mu hung up the phone and was about to find zhang fucai, but when he arrived at the hospital, he saw su zhiyan leaning there.

Chapter 5125: you can only beg ye xiangnan (1)

Su Zhiyan was leaning there with a cigarette in her slender hands. She looked especially seductive.

su mu walked over and frowned. " zhiqiao, you'd better go back. don't follow cheng zheng anymore. you and him will not have a good ending. "

Master Cheng was a loyal man, but su mu was not stupid. He had so many women around him, so su zhirou was nothing but a toy to him.

su zhiyan continued to hold the cigarette between her fingers. she chuckled and blew out a ring of smoke before lowering her head to play with her fingernails.”sister, why are you still so old-fashioned? what’s wrong with me being with master cheng? he’s rich and handsome, so how many women want to be by his side? I’m the most favored one now.”

Su mu was speechless. She felt that she was beyond saving.

She was about to leave, but su zhiqiao stopped her. At this moment, su zhiqiao only knew that su mu was looking for sister Hong, but she did not know what master Cheng was thinking. Otherwise, she would not have told him about it, much less have the courage to do so.

...

su mu stopped, and su zhirou smiled. ” “you’re looking for liu hong, right?”

What she wanted to do now was to destroy master Cheng’s impression in su MU’s heart. Su mu usually pretended to be pure and innocent. If he told her about this, she would definitely be so disgusted that she couldn’t accept master Cheng.

Su Zhiyan fiddled with her nails and said slowly, ” “You know, master Cheng is in good health and has a lot of women around him, but he always likes young women. I don’t know why he fell for that old woman at the bar that day and got rid of her, but why did he have to be hospitalized? that woman is now locked up by master cheng. master cheng’s temper isn’t very good. think about it, he’s even willing to lay a hand on the women he’s slept with. i heard that he hasn’t eaten or drunk for a few days, and i don’t know if he’s starved to death now.”

su mu was shocked. she didn’t expect it to be like this.

She glared at su zhirou before turning around and running towards the elevator. When she opened the door to the ward, master Cheng was no longer there.

That also meant that su Zhiyan was telling the truth.

su mu dialed master cheng's number. on the other side, master cheng was sitting in a black rv. he looked at the incoming call and cursed, " "which b * stard told su mu about it? he's calling me now."

He handed his phone to his subordinate. just tell him that I have an emergency. I'll be away for a month.

The subordinate finished speaking with great difficulty and hung up the phone.

Master Cheng rubbed his chin. it seems like we can't kill that woman immediately. he said.

Master Cheng thought about it. let's get her out first. Don't leave her in the villa and let people find ran ran.

if his precious mumu saw this, she would probably ignore him.

(If it wasn't for su zhirou here, master Cheng would have killed his future wife ~ master Cheng is so cruel. He's only a little warm to su mu, but he's cruel to everyone else!)

Master Cheng went directly to the villa. When he walked to the basement, he smelled something. He fanned himself. "it can't be that he's dead, right?"

she's locked up here,"the subordinate whispered. she's not being abused.

master cheng was relieved. he didn't want the woman to die at this moment. what if su mu really found her and she was dead?

Master Cheng opened the door and went in.

sister hong was still alive, but she wasn't far from death.

After all, he had been starving for a few days and had barely drunk any water. He had long been dehydrated.

master cheng kicked him. ” stop playing dead. if you’re not dead, then stand up. ”

Chapter 5126: You can only beg at night (2)

However, sister Hong didn’t move at all. She sat on the chair with her head lowered.

“He’s alive, but he might have fainted from hunger.” His subordinate went over to check.

Master Cheng kicked him and broke two of his ribs on the spot. He cried out twice but didn’t dare to complain. He threw himself to the ground and hugged master Cheng’s leg.”it’s our fault. we should have taken good care of the red reporter.”

As soon as he finished speaking, master Cheng kicked him again.”take care? the one who hired her would either starve to death or let her go. what should she do now that she was half-dead? i still have to serve her. ”

master cheng lit a cigar and thought about it again. take her to a remote hospital and find a doctor to treat her. Remember, don’t set up a file and don’t let anyone find out. If miss su finds out, I’ll skin you all alive.

the subordinate was scared to death and immediately went to carry sister hong up. he even had a broken rib!

...

But as a subordinate, what could he do?

Master Cheng watched as his men chased her away before taking a puff of his cigarette. At this moment, su zhirou returned. Master Cheng had a stomach full of anger and had no place to vent it. When he heard that she had returned, he sneered.”She still dares to come back.”

Master Cheng was rough and uneducated, but he was very smart.

he could use his toes to figure out who was the one who said it. he hated people who helped others while they were still alive.

She clearly knew that he was deeply in love with su mu, yet she still dared to ruin his happy occasion and smear his reputation.

master cheng licked his lips and sneered, ” “Tell her to come here to see me.”

one of his men was shocked, but he immediately understood that someone was going to suffer.

however, she was secretly pleased. everyone around master cheng hated su zhiyan. just because she had slept with master cheng a few times, she treated herself as the main wife.

At this moment, master Cheng’s little leather whip was probably waiting for that woman. just thinking about it made him feel good.

Su zhirou did not know any of this. She only felt that it was time to get rid of that slutty woman, sister Hong. Nothing had happened between her and master Cheng for a week in the villa. In the end, she had an affair with master Cheng in a bar after they left the villa. Such a shameless old woman was a potential danger to su zhirou in the villa. Therefore, she told su mu to ask master Cheng to get her back.

However, she had really underestimated master Cheng. How could a stupid man like him get to where he was today?

By the time su Zhicheng entered, master Cheng’s belt had already been removed. The moment she entered, she was tied to the chair.

Su zhirou shrieked. what are you doing? I’m master Cheng’s woman! You’re crazy!

“it’s because you’re master cheng’s woman that he has to take care of you personally,” one of his men said respectfully.

Su Zhiyan was about to go crazy. She stared at master Cheng. what did I do wrong? ”

“What?” Master Cheng sneered. you’re a small and flirtatious thing. Do you think I’m a fool? today, master Cheng will teach you how to behave!

Master Cheng had never been soft-hearted, and he was even willing to do it to women. Even though he did not break her skin or tear her flesh, she still suffered a lot. Su zhirou lay in bed for half a month, unable to get out.

On the other side, master Cheng looked at his subordinates. clean up this place and don't let anyone see it. When miss su comes, tell her that I'm out. Also, keep an eye on this b * tch. Lock her up here and starve her for two days. If she yelps, throw her into the mental hospital.

Chapter 5127: You can only beg at night (2)

after saying that, master cheng straightened his clothes. " give me that reporter's whereabouts. i want to see how hard her bones are. is my belt more powerful or her skin more powerful? "

The subordinate felt that master Cheng was too brutal, beating people up all day long. He whispered, " "If that woman were to whip like she did just now, she would definitely be dead."

"If she's dead, then she's dead. Do you think I'm afraid that she'll die?" master Cheng was stubborn.

The subordinate carefully said, " I'm just afraid that miss su will find out. Master Cheng only cares about miss su. Whether that woman is Dead or Alive, our master Cheng doesn't care at all. Besides, it's just a personal matter. It's not a big deal. For master Cheng, it's as easy as crushing a chicken.

master cheng liked to hear this. he touched his head and said, " "That's right! I just pity her and I don't want your sister-in-law to be unhappy."

Su Zhiyan almost vomited blood when she heard that.

...

what did master cheng think she was?

Master Cheng didn't care what she was thinking. He dragged her away and left the villa.

on the other side, su mu rushed to the villa, but of course, he couldn't find anything. moreover, master cheng wasn't here, so she couldn't do anything here. su mu had to leave to find zhang fucai.

At The Sun newspaper office, Zhang fucai had not left yet. He was smoking in his office.

His worried look made du Meili very unhappy. Who knew that sister Hong had gone missing? now, everyone in the club was saying that sister Hong was Zhang fucai's true love. Du Meili was very embarrassed.

at this moment, su mu pushed the door open and walked in in a hurry.

hearing the footsteps, zhang fucai immediately came out and said, "how is it?"

su mu shook his head. "cheng zheng is hiding from me. she won't see me at all. i think sister hong must be in his hands. "

Zhang fucai let out a long breath and said, "I'll go find him."

"You won't be able to find him if he's hiding." su mu pursed his lips. "there shouldn't be any danger. i'll talk to cheng zheng. he'll give me some face. "

even though he said that, zhang fucai still cared about his ex-wife. besides, he really did not believe that cheng zheng would go on a business trip. what kind of ghost would send a sick patient on a business trip?

he suddenly recalled that sister hong had offended him, which was why he had locked her up.

with this thought, he wanted to retreat.

Zhang fucai couldn't help but go to the venue to find master Cheng. Master Cheng really returned to the venue at night.

He had been in the hospital for a few days. He had gone to the hospital to take a look just now. Although the woman was half-dead, she was not dead.

She felt relieved and thought of coming out to have some fun first, then think about how to deal with that woman.

Negotiating terms? He must never let su mu know that he had slept with sister Hong. However, if he were to spend money, wouldn't that destroy his own prestige?

use a belt to whip her until she's more obedient?

Or was it a honey trap to make her submit to him, just like su zhirou?

master cheng was very confident in himself. he felt that the best way was to go.

This woman might be a little old, but she tasted good and was very energetic.

But she's half-dead, when will she be able to jump around again? master Cheng thought with some dissatisfaction.

Master Cheng was definitely a carnivore. Just as his thoughts were wandering, his subordinate said that a fatty had come to look for his wife. When he asked, he found out that he was also here to look for sister Hong.

Master Cheng tapped his fingers and stretched."I haven't exercised in a long time, it's just the right time."

Sister Hong, he didn't really fight her, but this damn fatty was sent here to be fixed by him.

"please invite chief editor zhang in." master cheng thought for a while and smiled.

he then instructed in a low voice to have someone bring in two young girls.

Chapter 5128: You can only beg Ye Xiang Nan (3)

zhang fucai entered the private room and saw master cheng sitting on the sofa with his legs crossed. two young girls were busy serving master cheng, pouring wine and massaging his legs. zhang fucai let out a long sigh in his heart. this was his dream life.

he needed master cheng's help, so he was both afraid and envious, so his mood was particularly complicated.

Master Cheng glanced at him and waved his hand to let the girls go to the side. He took a big cigar and glanced at Zhang fucai.

Editor-in-chief Zhang was also involved in the outside world, so he understood this kind of thing. He immediately went over and lit a cigar for master Cheng. Master Cheng was quite polite. editor-in-chief Zhang, do you want one too? ”

chief editor zhang didn't dare to smoke master cheng's cigarette. he quickly waved his hand. ” i don't need it. i don't need it. ”

Master Cheng sat there and let the girls sing. After each song, master Cheng would reward those who sang well, spending hundreds of thousands on them. Chief editor Zhang was amazed by his generosity.

...

this was life!

Envious as he was, chief editor Zhang did not forget about his ex-wife. He asked carefully, ” “master cheng, i know that liu hong has offended you. can you let it go on my account?”

“Liu Hong? that female reporter?” master cheng smiled. ” chief editor zhang, i don't know where the female reporter is. she stayed in my villa for a week last time. could it be that she couldn't bear to leave me and went there herself? ”

These words made Zhang fucai feel quite uncomfortable. After all, she used to be his woman, but now she was being spoken in a very casual tone by another man, and it even involved the relationship between men and women.

However, Zhang fucai didn't dare to say anything. He just kept smiling and accompanying this King of Hell.

Master Cheng smiled, took a puff of his cigar, and said, "editor-in-chief zhang, do you want to compete with the girls on the same stage?"

Zhang fucai's heart skipped a beat as he couldn't figure out what master Cheng meant.

Master Cheng puffed out a smoke ring. "i heard that you don't have a good relationship with your ex-wife. you were caught by reporter liu when you brought her home, and then he beat up chief editor zhang. Is there such a thing?"

zhang fucai was so annoyed that he wanted to find a hole to hide in.

"You've already shed all pretense of cordiality, and you're still here to find her?" master Cheng said.

zhang fucai said in a trembling voice, " we're always husband and wife. "

master cheng glanced at him and smiled. " she and i were once husband and wife. what do you think? "

These words made Zhang fucai feel particularly uncomfortable. When he and Liu Hong had separated, both of them had wanted to kill each other. At that time, he had been immersed in du Meili's soft and warm body. After a long time, he had gotten married, but all he could think of was Liu Hong.

He still loved Liu Hong from the bottom of his heart.

zhang fucai, who had a rare backbone, said in a cold voice, "I'm legally with her,"

"Legal?" Master Cheng was holding a box of beautiful matches in his hand and squinted at it. After a while, he smiled gently."Then do you know how many times she's done illegal things? it looks like you haven't forgotten about her. Let me tell you, reporter Liu's private life is a mess. big editor zhang, is it because you're not feeling well that reporter liu wants to divorce you?"

Zhang fucai was so angry that all the fat on his body was shaking.

Seeing that he was angry, master Cheng was quite happy. anyway, I've already tried it. Sigh, it's a stunning beauty. I really can't tell from her appearance. It's a pity that reporter Liu has a big problem. I won't be able to taste it in the future.

Chapter 5129: you can only beg at night (4)

Zhang fucai couldn't bear it any longer after hearing those nasty words. He swore and wanted to fight with master Cheng. It was like hitting a rock with a small egg. Who was master Cheng? his muscles were so hard and Bang Bang! Zhang fucai's fat was shaking after he waved it out. It was a beautiful scene.

Master Cheng kicked Zhang fucai, who was lying on the ground like a dead pig.

Master Cheng sat down again, smoking his big cigar and sneering. "the last person who dared to provoke me has long gone to the deep sea to feed the fish. a damn fatty like you."

"master cheng, this fatty doesn't seem to be able to take a beating. will he be killed?" one of his subordinates whispered.

master cheng chuckled and said,"that's true. you can't even beat a woman." if i were you, chief editor zhang, i'd be so embarrassed."

master cheng got up, walked to him, and squatted down.

...

he stretched out his hand and patted zhang fucai's pig face, which was full of wine and wealth, and chuckled, "I hate it when married men bring women home and play around with women when they're not married. However, it's wrong of you to play with women after you're married. Now, you're pretending to look for your ex-wife. Don't laugh at me.

Master Cheng said, but he still kicked Zhang fucai.

zhang fucai was particularly ashamed and resentful. he lay on the ground for a long time and howled, ” “I’m just letting her have her way.”

although he was ashamed and resentful, zhang fucai still softened his posture and said in a low voice, ” ” no matter what, liu hong is a woman with a bad temper. if she has offended you in any way, please forgive her, master cheng. ”

Master Cheng nodded in satisfaction. that sounds like a man’s words, but he’s not with me. It’s useless for you to be humble. Go somewhere else. Maybe reporter Liu is doing his hair with some wild man.

He waved his hand and let the girl continue singing.

Master Cheng was bored and didn’t find it fun anymore. Who knew that this dead pig was still so devoted and couldn’t forget that woman? what’s so good about that woman? her personality wasn’t good, she was boring, and her entire person was lifeless.

Master Cheng felt that it was a miracle that someone still liked her. Of course, her hair-doing skills were still good. Master Cheng was excited just thinking about it and couldn’t wait to get rid of this damn fatty.

He stood up and said meaningfully, ” “chief editor zhang, if you want to play, i’ll pay for all the expenses here. enjoy to your heart’s content.”

he was about to leave, but zhang fucai knelt down.

The people present were all stunned.

Many people begged master Cheng, and many knelt down, but this was the chief editor of a big newspaper. How could he kneel down just like that? and it was for his ex-wife, who had fought with him.

Master Cheng also found it interesting and touched his head.”What is the meaning of this, chief editor Zhang?”

Zhang fucai lowered his head and said with a soft but firm voice, " master Cheng, I know Liu Hong has offended you. I'll tell her not to offend you in the future and ask you to let her go. As for me, you can do whatever you want to me.

Master Cheng laughed. "What can I do with this fatty?" he asked.

"I'm afraid nothing will work," the manager laughed secretly.

Master Cheng kicked him. I heard you. It's useless to keep you. It's a waste of food. drag him out, drag him out, it's so ugly to stay here, it's not a good influence."

After that, master Cheng ignored him and walked out directly.

he wanted to go to the big reporter's place and couldn't wait.

Chapter 5130: You can only beg at night (5)

As soon as master Cheng left, Zhang fucai immediately followed him. He started the small motor and followed master Cheng's Maybach.

master cheng was resting with his eyes closed in the car when xiao li said, " "Master, there's a car following us."

Master Cheng smiled and called one of his men. " are you guys blind? didn't you see that fatty followed my car and forced his car to stop? if he still doesn't know what's good for him, he'll crash into the road. whether he lives or dies will depend on his luck. "

the cars following master cheng were all big, and the two cars attacked zhang fucai from the front and back.

The poor car was almost flattened. Master Cheng turned around and looked at it, then shook his head and sighed. were all ex-husband brothers this infatuated these days? This fatty was too spineless. Ye xiangnan, that pretty boy, had much more self-respect. He would not kneel and beg like this fatty.

Master Cheng's temper flared up at the thought of that pretty boy. After all, he was his love rival and Su Mu had even impregnated him. Master Cheng was even angrier at the thought of the process of creating a child.

...

His woman had been taken by that kid.

Although Master Cheng was angry, he was also an extremely shrewd and meticulous person to a certain extent. Ye Xiangnan was not someone he could touch. At least for the past twenty years, no one had dared to touch a single hair of the Ye family. With the Wen family's master above him, Ye Xiangnan could go anywhere he wanted. Moreover, with the Wen and Ye families combined, Ye Xiangnan was the most outstanding in his generation.

When he thought about that pretty boy, Master Cheng had to admit that that man was also very capable. He definitely didn't rely on his family or his face alone. He didn't show any mercy when cutting chives. In the entire B City, only Shen Ting could be compared to him in terms of how black-bellied he was.

However, Shen Ting had recently gotten married, so he had become a lot more Buddhist. On the other hand, he had become a lot more strange at night. It was probably because his yin and yang were not in harmony with his ex-husband.

As Master Cheng thought about it, the car drove to a very secret private hospital. As a man who licked blood from his knife, Master Cheng naturally had some connections.

The car stopped and Master Cheng swaggered into the ward.

Sister Hong had already woken up, mainly because of the messed up electrolytes in her body. She was much better after receiving an IV, but she was still very weak. However, Master Cheng was interested and didn't care if she was weak or not.

After some head contact, Sister Hong pushed the shameless man away and glared at him. "Do you know how I managed to survive?"

Sister Hong was about to go crazy. She hadn't washed her face or brushed her teeth for a few days, and her hair was like withered grass. How many lifetimes had this man not had a woman?

Besides, what kind of women did he not have in his big villa?

sister hong's expression was hard to describe in a few words. "you bastard, i didn't drink water for four days. how do you think i survived?"

master cheng was dumbfounded.

This woman ... This woman was the one who drank his Kasaya?

Master Cheng had always been a man who didn't change his expression in front of Mount Tai. At this time, he couldn't help but run to the bathroom to flirt.

No wonder he had felt a strange smell just now. He had thought that it was the natural stubbornness of a famous reporter. It turned out that it was really a stubbornness!

Fuck!

When master Cheng came out of the bathroom, his face was very dark.

he brushed his teeth five times, but he still felt that it was not enough. he had also thought about not touching this woman again.

it was too dirty!
