Chapter 5131: You can only beg at night (6)

Master Cheng's face was extremely dark, but sister Hong was quite happy.

she wished she could kill this man and take a walk outside.

master cheng seemed to have read her mind. he sneered, took out a big cigar, and looked at her. "I advise you to put away that thought. You can't get out without my permission."

sister hong glared at him.

Master Cheng leaned forward and sneered, "sister MA yisui, how can you stand this smell? it's so pungent. Why don't you go brush your teeth?"

sister hong sneered. master cheng was annoyed. this woman was so sinister. did she know what he would do to her and deliberately stinky him to death?

...

Master Cheng couldn't help but say, "don't worry. It's enough for an ugly woman like you to do your hair once. You have a bad temper and you're so fierce. You said that I would lock you up if you didn't hurt me. It can be like this. Su mu is looking for you and it's making me very embarrassed. It's not good to kill you or raise you. If you're good-looking, I can still use you to do my hair. You're so ugly and you smell like horse urine. Isn't it a waste of rice to raise you?"

master cheng was very angry. when he was angry, he became talkative. "by the way, your chubby ex-husband is here to see you."

Master Cheng didn't care and just lit a cigar in the ward. fatty cares about you a lot. Are you touched? by the way, I told him that you asked the young hunks out. I also told him that we did our hair.

Master Cheng grinned. isn't it new? doesn't it provoke the reporter?"

sister hong's feelings for this man were simply too much. did this man use his toes to get to where he was today? he was simply too disdainful.

she ignored him and lay down to cover her head with the blanket.

She knew in her heart that he would not let her off so easily. He might have really killed her like killing a little chick, but he was afraid that su mu would be angry. Sister Hong sneered in her heart. To think that this kind of man still had a conscience and had someone he cared about. He was not worthy of liking su mu at all.

no matter how rich he was, he was still a rough man.

Just as sister Hong was thinking about this, master Cheng spoke again in a light voice. by the way, your ex-husband knelt down to me for you and almost cried. He wanted to save you. Aren't you touched? it's a pity that you won't be able to see his infatuated look."

Sister Hong was still using the blanket to cover her head, but her fingers were clenched tightly.

she was shocked and her lips trembled.

She knew that Zhang fucai was a selfish and petty man.

He was a very sleazy man.

she used to hate him, but it was a long time ago. she thought that he would hate her, but a person like him knelt down to someone else just to save her. he was obviously timid and afraid of trouble, but he must have heard of cheng zheng's name.

sister hong didn't say anything, but she started crying.

He wasn't touched, but he felt that things had remained the same, but people had changed.

When they were young, they really had a good time together. Later, she felt that her sincerity had been fed to dogs, and Zhang fucai had been cut out of her life. But now, she felt that her love for him was not in vain, and that man was not as cowardly as she had imagined.

he could be considered a man.

just as she buried her head and cried, the blanket was lifted. master cheng stared at her crying face and said unhappily, " a weakling can move you so much. Do you want to get a haircut with him? "

in master cheng's heart, men and women were just like that. they didn't even need to waste time talking about love.

Chapter 5132: you can only beg for 1400 words from the south

Sister Hong suddenly pulled the blanket away and gave master Cheng a hard slap.

although she was weak, this slap was not weak.

master cheng was dumbfounded.

Master Cheng was dumbfounded.

Master Cheng was furious. She actually dared to hit him.

Did this woman not want to live?

...

at this time, she still dared to hit him. did she know that he could kill her as easily as killing a little chicken?

In a fit of anger, master Cheng also made his move. He slapped sister Hong so hard that her ears began to ring again. Master Cheng had never used any force when hitting a woman, and would always treat her like a man.

Master Cheng hit her in a fit of anger.

Sister Hong lay there for a long time without moving. Master Cheng went to pull her hair roughly, but when he pulled her over, he realized that she had fainted.

f * ck, so weak!

Master Cheng was furious. He didn't want to care about this woman's life or death. He smoked his cigar and was about to leave, but after a few steps, he touched his head again."If Mumu finds out that I killed her friend, will she blame me?"

Thinking of this, he turned back and pressed the bell, his voice as loud as a great Bell. " are the doctors and nurses sh * tting? hurry up and come here for emergency treatment. "

the doctors and nurses here were really unlucky. in the past, master cheng had a hole in his body and came to look for trouble. now, he hurt someone and came looking for trouble again. this woman was really pitiful. master cheng even starved her for a few days after playing with her.

Just thinking about it made him feel miserable.

Master Cheng didn't care. He just wanted her to be alive. He had wanted to leave, but he had done his duty. If she died, it had nothing to do with him. He wasn't a doctor.

But later, he touched her head and stayed.

Sister Hong was fine, but she was too weak.

After the doctor performed first aid, he advised master Cheng sincerely, " master Cheng, you can't do anything so casually in the future. If you continue, there will probably be problems with your ears. If you can't hear, you'll be disabled.

Master Cheng was unhappy. then when I want to vent my anger, you'll hit me? ” he asked.

The doctor was speechless, thinking, ”are you still a man if you hit a woman?”

Master Cheng didn't care. Anyway, it was this woman who provoked him first. He still had a hole in his body. This woman was too cruel. He was already being merciful by not killing her. He just hit her a few times, and it was light. How delicate!

She was not worthy of being his woman if she could not take a beating.

Master Cheng stayed and even found a nurse to have fun with. The nurse, who thought highly of herself, was unwilling at first, so master Cheng took her with a hundred thousand Yuan.

it had to be said that master cheng's money could do anything.

When sister Hong woke up, she first heard the sound, then the visual impact.

she closed her eyes and swore that cheng zheng was the most shameless man she had ever met. was he any different from a beast? no.

“Can't you just spend some money to find a room outside?” sister Hong asked with her eyes closed.

It was really an eyesore. That woman was also willing to do it.

Master Cheng didn't have time for her. He was happily stammering.

About half an hour later, master Cheng finally sent the nurse away and looked at the woman on the bed.”You're just jealous of her.”

“i'm jealous of her?” sister hong laughed in anger.

Master Cheng came over and said shamelessly, ” “I know you can't forget that feeling. Brush your teeth and I'll reward you.”

sister hong really wanted to give him a big slap. he was too shameless.

Master Cheng wouldn't think that he was shameless and that he was doing him a favor.

The nurse just now was young and beautiful, and she had a good figure. However, she was still not as good as the big reporter. Master Cheng wondered if his taste had changed. He didn't like old women in the past.

after master cheng finished speaking, he looked at sister hong with a fervent gaze. he was quite confident that there was no woman he couldn't get as long as he wanted to. sister hong was quite happy last time, right? she said one thing and meant another. she obviously liked it but pretended not to like it. this reporter was so pretentious.

She probably despised him for being uncouth, but he was rich.

master cheng suddenly thought of an idea. he coughed lightly and said, "Right, let's have a chat, a friendly chat."

Sister Hong had probably guessed what he wanted to do. She smiled coldly and said, " we have nothing to talk about.

master cheng also smiled. " monthly. five million a month. deal? "

"i won't." Sister Hong was very straightforward. she wasn't selling herself.

Master Cheng smiled. His snow-white teeth were quite beautiful. He smoked a cigar and said, " ten million a month. I've thought about it, big reporter. With your looks and age, there's finally a man who's willing to spend a lot of money to support you. You should be happy even in your dreams. With a physique like mine to match you, you should be the one spending the money.

master cheng had really expressed his shamelessness to the extreme. su mu couldn't stand him anymore and turned his head."you think you're so great just because you have some stinky money?"

Master Cheng leaned over and found it interesting. He blew a puff of smoke on her face."My most valuable asset is not money, huh?"

Chapter 5133: Thinking of the South at night, I beg you 2000 words

master cheng leaned over and found it interesting. he blew a puff of smoke on her face.”My most valuable asset is not money, huh?”

he blew out another mouthful of smoke, and he laughed happily when he saw her in pain.

to conquer a woman, money was all that was needed. no matter how bad-tempered a woman was, her knees would go soft at the sight of money.

there was no exception to this, except for his mumu.

master cheng had always felt that grandpa mao was useful. he had investigated this famous reporter and found that he was not someone who didn’t love money. he also had a lot of dark history.

“Cheng Zheng, do you think that money can do anything?” sister Hong looked at him angrily.

...

” in my opinion, you can do anything to women. if 10 million is not enough, then 20 million. give me a number, but i advise you not to be too greedy. there are many women out there who are begging for my love. ” master cheng was proud of himself.

sister hong ignored him and gritted her teeth.”Crazy! you’re a pervert and a maniac.”

Master Cheng’s expression turned ugly. He glared at sister Hong. you’re really asking for it.

No matter what, she was still lying down and he could not kill her, so he returned to B city. When he arrived at his villa, he did not care that su zhirou’s injuries were not light and continued to run amok.

su zhirou was also a wretch. she had been whipped by his belt previously, and now that master cheng had lit up the light for her, she was still willing to serve him with her body full of injuries. master cheng was very happy with her and rewarded her with a large villa.

Women should be like this, obedient and willing to be beaten or scolded.

that woman, liu hong, was too insensible. she dared to fight back when he hit her, and she was quite strong. he, master cheng, had been in the industry for so many years, and he had only been injured by his enemies. he had never been beaten to the hospital by a woman, not to mention that she had even made a small hole in his stomach.

Master Cheng couldn't be bothered with sister Hong anymore. He had people keep an eye on her as long as she didn't die. If she made a big fuss, she would be locked up in the mental hospital. Master Cheng had always been so overbearing when dealing with things.

On the other side, Zhang fucai was beaten and frightened by master Cheng and was sent to the hospital. Su mu went to see him, but he wasn't concerned about Zhang fucai. He was mainly worried about sister Hong.

zhang fucai's young wife was there. she was a very honest girl, completely different from du meili. su mu only felt that it was a pity.

His wife was still there, so du Meili was sitting on the bed and feeding Zhang fucai an Apple like the hostess. Zhang fucai was quite touched by her soft and slow words.

Su mu went over and said something for a while. When Zhang fucai mentioned sister Hong, he became a little absent-minded. Then, he suddenly said, "liu hong is definitely with master cheng. even if you beg him, he'll pretend that he doesn't know. there's nothing we can do to him. "

Master Cheng didn't want her to know, so she had to ask ye xiangnan for help.

The ye family and the Wen family had a close relationship.

after chief editor zhang said that, su mu said softly, "i understand."

At this moment, she could not even think about how embarrassing it would be to see ye xiangnan. If she begged him, what kind of expression would he have on her face? because she had no other choice, she looked for Cheng Zheng but Cheng Zheng refused to see her.

she even went to look for su zhirou, but the latter changed her previous attitude and said that she did not know.

su mu had no other choice but to ask ye xiangnan.

When he went out, du Meili also followed him out.

Du Meili looked pleased with herself. Sister Hong's whereabouts were currently unknown, and she could do whatever she wanted in the news agency. If there were no accidents, she would also be in charge of shexin.

du meili was extremely pleased with herself. she couldn't wait for sister hong to explode on the spot and never come back. in the elevator, du meili arrogantly said, " " su mu, why are you so stupid? is liu hong worth your sacrifice? don't blame me for not reminding you if president ye makes things difficult for you. he was very unhappy when you rejected him previously. now, he's seizing the opportunity to humiliate you. besides, master cheng pursued you in a high-profile manner before. president ye is probably thinking whether you had an affair with master cheng. ordinary people would avoid him, but you're good. you're so eager to get close to him. are you stupid? "

su mu looked down at his toes and smiled. " "It'll be good if everyone is like subeditor du. The world is at peace."

Du Meili also heard the mockery in her words. She snorted and took out a mirror to tidy herself up."don't be afraid that i didn't warn you. it'll be too late for you to cry. ye xiangnan isn't a good-tempered man, especially when you've had so many ambiguous relationships with so many men and made him a cuckold."

Su mu didn't want to pay attention to this woman, who was a lunatic.

as soon as the elevator door opened, she went out, hailed a taxi, and went directly to starlight's headquarters.

this time, she didn't enter as freely as before. the front desk stopped her and called her miss su, ”
“Miss su, who are you looking for in the company?”

su mu pursed his lips. ” i'm looking for ye xiang. i'm looking for nan zhizhi. i'm your president ye.
”

the lady at the front desk was still smiling sweetly. President ye is in a meeting. Why don't I help you pass on the message and see you again when President ye is free? what do you think? ”

The lady at the front desk was very polite. Su mu knew that he could not ask for too much given his current status, so he sat on the sofa in the hall and waited. The lady at the front desk poured her a cup of hot tea, which was very thoughtful. Su mu thanked her and then waited patiently.

She waited from one o'clock to four o'clock in the afternoon, but there was still no movement.

The lady at the front desk was a little embarrassed. miss su, I'll help you make a call and ask if President ye has finished his meeting.

After that, he called Secretary li on the top floor. After passing by the third and second secretaries, he finally arrived at Secretary Li's place. After asking around, he found out that President ye had already left the company, and it had been half an hour.

the lady at the front desk told su mu apologetically that president ye had left. ” how about you contact president ye in private, miss su? ”

Su mu thanked her and was about to leave when a voice came from the elevator, ” “su mu, wait a moment.”

Su mu turned around and saw Secretary li walking toward him. He forced a smile.”what's wrong?”

Secretary li sighed, then pulled her aside and whispered, ” President ye went to this club for a business meeting. It will end at about eight o'clock. You can wait outside. You know his car.

As he spoke, he stuffed a small note into her hand.

Su mu said “thank you” in a low voice. Secretary li then whispered, ” “i know you’re here to beg president ye for reporter liu’s matter. president ye hasn’t been in a good mood recently, especially yingluo, who might not like you. be careful, don’t let him get a hold of you.”

Su mu replied with an “en.” At this moment, she couldn’t even consider herself. Sister Hong wouldn’t be at ease until she found her.

when su mu arrived at the club, the street was already lit up with neon lights all over the sky.

Chapter 5134: I’m begging you (2)

su mu did see ye xiangnan’s car at the entrance of the club, so she stood in front of the car and waited.

The night was very cold. Even though she was wearing thick clothes, she still felt cold without eating. She didn’t dare to eat for fear that he would suddenly leave.

She didn’t want to go to the villa to find him, afraid that ye Jie would be even more embarrassed if he saw her.

Just like that, he waited until eight o’clock, but he still didn’t come out. Later, when it was almost ten O’ clock, su mu couldn’t hold it any longer and went to the door of the club to ask if Long Ye was there.

The doorman saw her expression and cautiously asked her who she was to President ye. Su mu thought for a moment and said that she was the mother of President ye’s child. The doorman immediately understood. However, they would not let anyone in casually. Since she was president ye’s acquaintance, they had to inform her.

they entered the most luxurious private room. there were about four or five men having fun. they were not discussing business. president ye was carrying a young girl in his arms. the girl was quite sensible. she knew how to make people happy and knew her limits. she would never dare to do anything that would make president ye unhappy.

...

the doorman came in and informed them that a madam su wanted to see president ye.

Ye xiangnan raised his eyes and glanced at the man. "what miss su? i don't know her. let her go."

The doorman could tell that President ye clearly knew her. Besides, the woman outside the door didn't look like she would lie, but no matter what, President ye's status was noble, so if he said he didn't know her, he could only keep his word.

He went out to tell su mu. Su mu bit his lower lip and said, "I'll wait here. Thank you."

the doorman tactfully told her that she could only wait outside, so su mu could only wait outside. the winter night in B city was -7 or -8 degrees celsius. she was so cold that her face turned purple and she kept stomping her feet, looking particularly miserable.

ye xiangnan seemed to be in high spirits tonight. he didn't come out even at midnight. su mu could guess that he was probably having fun rather than talking about business.

She felt an inexplicable bitterness in her heart, but she forced herself not to think about it now. No matter how uncomfortable she felt, she had to beg him, even if it was in such an unbearable situation.

Su mu stood there. In fact, he was not eye-catching, at least compared to the girls who came and went here. He was dressed in ordinary clothes, but there was no lack of drunk customers. Once they saw a girl standing by the roadside, they thought she was doing something. They pulled and pulled, wanting to buy su mu. They said something like two thousand Yuan, which was extremely unpleasant and unbearable.

He couldn't afford to offend any of the guests here, so the doorman didn't dare to help them openly. However, he had guessed the relationship between su mu and ye xiangnan. If something happened to su mu at their door and there was a scandal, their club would be torn down the next day. After weighing the pros and cons, he immediately rushed in and said something before he could knock on the door.

outside the door, while they were still pulling and tugging, a lazy voice came from the lobby of the club. "Who's so noisy?"

The drunk customer wasn't too drunk, and he recognized ye xiangnan. He smiled and said, " president ye, i just saw a woman who looked pretty, but she wasn't too good at flattering. she actually didn't want to. i urged her to spend ten thousand yuan on her, but she still wouldn't agree. "

Su mu shook him off in embarrassment. Normally, she would have left a long time ago, but she couldn't do so now. She pulled her hair aside and lowered her head.

Ye xiangnan looked at her, smiled, and then said to the man, " " chief wang has bad taste and looks. pick one from the club and take her away. i'll settle the score for you. "

Chapter 5135: thinking of the south at night, i beg you 1600 words

If it was someone else, they would have been tactful long ago, but that CEO Wang had drunk and really thought that he could be on the same level as the Honorable CEO ye. He smiled and said,"How can I let President ye spend so much money? I want this woman. I'll take her away no matter how much money I have to spend. 10,000 is not enough, 100000."

President Wang threw out the money heroically and almost smashed it on su MU's face.

su mu was a little embarrassed. he bit his lip and lowered his eyes without saying anything.

ceo wang tried to pull him back again, but in the next second, his heavy body was kicked away. ceo wang cried out in pain and then fell to the ground like a dead pig.

"Do you know why I hit you?" ye xiangnan said in a cold voice.

ceo wang was dumbfounded. he didn't understand, but the people around him kindly reminded him, " "President ye's ex-wife."

...

Really, you have no eyes at all. Is President ye usually a busybody? he gave you face, but you still spent 100000 Yuan to buy someone's ex-wife. Even if President ye has nothing to do with anyone

now, he still has a son. In the future, President ye will still need to be thick-skinned, right? just based on this, President ye will not let his ex-wife be with anyone.

A hundred thousand?

don't make me laugh. master cheng, you know master cheng, right? the last time master cheng spent ten billion, people didn't agree to it. master cheng was courting and wanted to get married. you're only giving this 100000 yuan to get rid of a beggar, right? president ye's ex-wife's identity isn't just this money.

Ye xiangnan stared at Mr. Wang and smiled coldly, "You do as you see fit."

President Wang was used to being arrogant. At this moment, in front of ye xiangnan, he was like a dog. Who didn't know President ye's means? President Wang was so scared that he peed his pants. He knelt and trembled. Ye xiangnan kicked him again to vent his anger. get lost.

ceo wang left, completely.

Ye xiangnan looked at su mu again and curled his lips. "miss su, what's the matter?"

The men who were having fun with him left first, wanting to give them some space. However, ye xiangnan asked them to wait for a while, and then he followed them in.

su mu was afraid that he wouldn't be able to come out, so he called him at once, " "I think of the South at night."

Ye xiangnan turned around and looked at her quietly for a while before saying softly, " "You need my help?"

Although she felt humiliated, she still nodded.

Ye xiangnan sneered, "you're so enthusiastic about other people's business."

after saying that, he ignored her and walked straight inside. su mu couldn't care about anything else and ran over to pull his arm.

He tilted his head to look at her, his eyes cold."Come to my office at 10 O'clock tomorrow. I don't have time to see you now."

Su mu was stunned for a moment. Then, he loosened his grip and found that he had already gone in.

There was no point for su mu to wait any longer, so she could only go back first. She woke up early in the morning after not having a good night's sleep.

There was a voice message from ye Xun on the phone. His voice was especially soft and cute. He said that he missed his mother.

Su mu didn't feel good after hearing that. She took the bus to Starlight's headquarters after breakfast.

It was still the same receptionist from yesterday, but she probably had some instructions today. She smiled and said, "miss su, please wait in the small meeting room on the top floor. President ye has a meeting in the morning and should be done soon.

Another meeting. su mu nodded and went up. he met shen wenxuan in the elevator by accident.

shen wenxuan was also surprised. he had probably guessed her purpose for coming. liu hong's disappearance had caused a lot of trouble outside. it was zhang fucai who had released the news. he didn't dare to report it to the police, but it was possible to use the power of the media. master cheng, however, had never fallen for such a trick.

now, he could only hope for the south at night.

When Shen Wenxuan and su mu met, things remained the same, but people had changed. They didn't have anything to say to each other, and they even tried to avoid suspicion.

when they got out of the elevator, shen wenxuan sighed. "su mu, if you really want to save Liu Hong, you should soften your stance. President ye's temper hasn't been very good recently.

He was not the only one who said that to her. It seemed that President ye was in a bad mood. Su mu nodded.

at this moment, secretary li came over and said in a low voice, " go to the meeting room and wait. Su mu, you'll have a long time if you're prepared. It's not easy for President ye to see you.

Knowing that su mu had something to ask of him, the adulterer was putting on airs.

su mu was also aware of her situation. she could only wait. she was anxious but there was nothing she could do. she could only wait.

he waited for the whole morning, but he didn't see her. at noon, secretary li sent a lunchbox over. su mu knew it without saying much.

su mu spent a long time in the afternoon again. at five o'clock, she couldn't stand it anymore. she ran to ye xiangnan's office and pushed the door open."i think of the south at night."

He was talking to a very elegant lady. The two were sitting on the sofa and drinking coffee with two documents by their hands. They seemed to be discussing the contract. Su mu recognized that the lady was the most famous actress in Starlight and felt embarrassed for a moment.

Secretary li came over at this time and helped him out. I was wrong. I thought President ye was free.

However, ye xiangnan knew what he meant. Su MU's angry face had explained everything.

ye xiangnan exchanged a few words with the movie queen, and the contract was discussed another day.

" su mu? " after sending him off, he looked at su mu and asked, " is it because of liu hong? "

" yes, " su mu said softly.

"i'll get you a cup of coffee, miss su," secretary li said with a smile.

” no need, ” ye xiangnan said. ” go out and close the door. oh, secretary li’s bonus for this month will be deducted. ”

Secretary li wanted to cry, but when he thought about how he got a pigeon’s egg for nothing last time, he didn’t feel so pained anymore.

Chapter 5136: i’m begging you (4)

After Secretary li left, ye xiangnan looked at su mu and smiled. “Sit.”

su mu didn’t want to sit, but he didn’t seem to be in a hurry. he sipped his coffee and his eyes fell on her face as if he was deep in thought. there was a touch of special irreverie in his eyes.

su mu was pierced by such a gaze. she stood there, unable to say a word.

ye xiangnan smiled and put the exquisite coffee cup on the coffee table. he looked at her and said, ” “are you unhappy that i’m not seeing you on purpose?”

he was so straightforward and impolite that su mu was too embarrassed to stand there.

ye xiangnan smiled. ” although i don’t like cheng zheng, i’m a businessman. you know how powerful cheng zheng is in city B. why should i make things difficult for him for an irrelevant woman? ”

...

“yes.” Su mu said in a low voice. As he said that, his body swayed a little, and he felt especially ashamed.

she had a feeling that the following conversation would not be pleasant.

as expected, ye xiangnan stood up and walked to her side. he said lightly, ” miss su, think about it. Is there anything about you that’s worth my investment? ”

“Or is it something worth me buying? hmm?” He said in a low and hoarse voice with a hint of frivolity. Su mu couldn’t stand him and took a step back, falling on the sofa.

Ye xiangnan was standing in front of her, looking down on her.

su mu pursed his lips and moved back instinctively. ye xiangnan smiled. ” “You’re afraid.”

he reached out and pinched her chin. ” what are you afraid of? You’re not a little girl anymore.”

At this moment, she could roughly guess what he wanted, but she didn’t know what he meant. Was it today, a month, or even longer?

Ye xiangnan looked at her face and smiled. He suddenly walked to the desk and threw a bunch of keys to her. “go find secretary li and ask the driver to send you there. remember, i don’t like to force people. if you’re willing, then you’re willing. if you’re not, then get out of here immediately.”

He was extremely impolite, and his tone was the same as how he treated women outside.

Su mu knew that he was angry at her for always being a busybody, for making a mess of herself, and for not being worthy of being ye Jie’s mother.

she lowered her eyes and a dazed look flashed across her eyes.

“I’ll go,” she said softly after a long time.

“No surprise.” ye xiangnan crossed his hands in front of his body, his face cold, ” go over now. Also, I don’t like women with a smell. Clean you up so you don’t smell.

Su mu felt especially humiliated. She knew that he arranged for her to stay in such a villa because he didn’t want ye Jie to know. However, she didn’t know how he would humiliate her.

But no matter what, she could only accept it. When she walked out, Secretary li was still at the door. When he saw the keys in her hand, he understood and arranged for a driver with a sigh.

It was a very high-end villa, decorated like a Palace, suitable for rich men to occasionally indulge. su mu got out of the car and the chauffeur drove the car away.

She was the only one in the huge villa, but it was very clean. It could be seen that people often cleaned it. Su mu couldn't figure out if this was a place where he would seek pleasure in the South at night. If it was her, her shame would be even deeper.

the whole villa was decorated in an Italy style. it was so gorgeous that it felt unreal. su mu stood on the carpet and felt out of place. however, she knew that she had to stay and do as he asked because only ye xiangnan had the ability to save sister hong.

Chapter 5137: i'm begging you (5)

Of course, she could have gone to Wen Yuan for help. However, she did not. She could not go to Wen Yuan for help. She would rather do something in exchange for ye xiangnan.

She didn't know why he would agree to it. Besides, in this way, there shouldn't be a lack of women by his side.

Su mu went upstairs. The room upstairs was also extremely luxurious. It had a bathtub that allowed her to swim in. After taking a bath, she felt relaxed all over. Then, she put on a black bathrobe, which was the only one here.

she was probably too tired, so she fell asleep on the big round bed.

when she woke up, it was already night time. her surroundings were dark. she sat up and realized that there was someone beside her.

ye xiangnan was sitting on the sofa, staring at her in the dark. su mu was startled. he pursed his lips and said in a low voice, " "You're here?"

...

Ye xiangnan leaned against the sofa's armrest, one hand supporting his chin. He stared at her for a long time, and then walked toward her.

su mu bit his lip and could only comply with his teasing in silence.

in the middle of the night, he patted her face. " "i'm hungry, cook me some noodles."

Su mu was still sitting in the dark. Everything that happened just now seemed to be a dream. She asked softly, " "It's about sister Hong."

Ye xiangnan walked to the bathroom and said, " "you don't think that i can get it done today, do you? su mu, you're overestimating yourself. "

it was quite humiliating. su mu didn't dare to argue with him, so he got up and went downstairs for him like a little wife.

ye xiangnan took a shower and went downstairs. at this time, the villa was already brightly lit. he slowly went downstairs, a triumphant smile on his face.

In fact, he still had to thank Cheng Zheng, that uncouth woman. If it was not for her, su mu would not have come to him obediently and let him do whatever he wanted.

Sitting on the sofa, he lit a cigarette and puffed while looking at su mu in the kitchen.

She was wearing a black silk bathrobe, and she looked good from the back. Although she was thin, her bones were really good, and even her face was not so ordinary. He admitted that he liked to see her lose control, and it was because of him. This made a man feel very accomplished.

Ye xiangnan stared at her back while smoking. Su mu cooked two bowls of noodles in less than 20 minutes and carried them to the dining room on a tray.

ye xiangnan went over without waiting for her. he was indeed hungry.

After work, he made a trip to the Wen family.

cheng zheng and sister hong's matter was indeed quite troublesome. if he asked cheng zheng for her, he would not admit it. he would only pressure him to hand her over when cheng zheng felt that it was not worth it. before that, he would not do anything to sister hong. in fact, ye xiangnan did not care about what happened. after being in the business world for so long, his heart was as hard as stone.

he sat there and looked at the noodles with shredded pork and vegetables in front of him, then at the bowl in front of su mu. the vegetables were green and there was a white egg in the middle. it was especially beautiful.

why aren't there any eggs in my bowl? " he looked at her and asked.

Su mu hadn't eaten yet, so he exchanged a bowl with master ye. But master ye was picky."Why isn't there any shredded meat in my bowl?"

su mu changed it back. this time, he did it himself. he took the egg from her bowl to his own. su mu was a little stunned. he couldn't believe that he did such a childish thing.

ye xiangnan finished the noodles quickly and went upstairs after that, ignoring her.

Chapter 5138: i'm begging you (6)

su mu finished his meal slowly and cleaned up the dishes. it was already 11:30 in the evening. he had been urging her to think about all sorts of things for a long time.

She went to the bedroom, but he was not there.

su mu couldn't fall asleep after lying for a while. he thought for a while and got up to go to the study. she guessed that he would be here, and as expected, the southerner was sitting on the sofa watching a set of commercials. it was the first time she knew that he would be involved in the behind-the-scenes matters. the commercial was shot by a top star, and she was at least more beautiful than her by many levels.

When su mu pushed the door open, he raised his head and looked at her. Then, he said in a surprisingly gentle manner, " "Come over and take a look."

su mu went over. she was a little nervous to sit beside him. ye xiangnan leaned on the sofa with his arms on the back of the sofa and sneered.”why are you so nervous? i won’t eat you.”

“no, i don’t really understand.” “I might not be able to give you any advice,” su mu said softly.

...

Ye xiangnan didn’t say anything. He just watched it attentively again and said, ” they’re not that great. They only know how to show off how beautiful they are in front of the camera. This kind of popularity won’t last long.

He didn’t seem to be very interested. He turned off the screen in front of him and turned his head.”you’re waiting for me?”

before su mu could say anything, he continued, ” “Is it for Liu Hong? Su mu, you’re really working hard and willing to give up everything for her. Now, I’m really suspecting whether everyone is important except for our son. How long has it been since you’ve seen him? why don’t you ask me how he’s doing now, whether he misses you a lot, and whether he’ll be sad if he doesn’t see you?”

He had said a long string of words, but su mu could not refute a single word.

After a long time, she wanted to say something, but ye xiangnan interrupted her. His voice was very calm.”you don’t think that i’ll help you just because you’ve accompanied me and cooked a bowl of noodles for me, do you?”

“Mr. Long Ye,” su mu said, lowering his eyes.

He laughed softly, but his laugh was a little cruel. you’re calling me Mr. Ye again. Didn’t you call me ye xiangnan just now? ”

Once again, su mu was hurt by his naughtiness. He moved closer to her and chuckled.”why don’t you want to go to memories?”

she was especially embarrassed and turned her face to the side.”ye xiangnan, don’t do this to me.”

He sneered. trust me. I'm already being very polite. Su mu, I told you not to fall into my hands. Now, you're the one begging me. If you feel that the method is wrong, get out immediately. I won't force Qianqian either.

su mu bit his lip and said after a long while, " "Then what do you want?"

" marry me, become mrs. ye, and sign an agreement to never divorce. " he said directly.

Su mu was stunned.

He sneered,"what, you don't want to?" It seems that your friendship with Liu Hong is nothing more than this."

"Ye xiangnan, why do you want to marry me?" su mu asked after a long while.

"it can't be that i love you, yingluo." he was direct and cruel."In order to give ye Jie a mother, and Yingluo"

He stared at her. after we get married, don't have too much contact with the SU family. I'll arrange su Shaoqing and your work. It's equivalent to exchanging Liu Hong for ye Jie's custom-made mother. Su mu, think about it. After this marriage, it's almost impossible for you to step out of the ye family's door. Unless I'm willing to."

Su mu was in a trance after ye xiangnan finished his words.

she didn't want to, but she didn't seem to have a choice.

Chapter 5139: I'm begging you (7)

She was not willing, but it seemed that she had no choice now. He was really cruel. He had even said that he wanted to customize a dress for her. This meant that su mu could no longer be himself in the future. Everything would be based on his wishes.

She only considered for a dozen seconds before smiling. Her smile was so faint that it had a bitter taste.

She agreed.

then, ye xiangnan stared at her and said in a mocking tone, ” ” look at you. you look like you were forced. you didn’t look like you were forced before. i remember that you were happy and obviously enjoyed it. su mu, you always say one thing and mean another. do you really hate me? or do you feel inferior and don’t dare to love me? ”

He was arrogant and shameless. Su mu didn’t want to talk to him, and they had made it clear.

she pushed him away and ran back to the bedroom. she didn’t know where she found a cigarette, but she probably left it here when she thought of nan lu. her fingers were trembling as she lit the cigarette and took a puff.

...

as soon as she took it out, the cigarette in her hand was taken away. she turned around and saw that it was ye xiangnan.

he put the cigarette between his lips and took a puff before holding it between his slender fingers. his brows were deeply furrowed. ” ” su mu, i forgot to tell you one thing. there’s another condition, and that’s for us to have another child. if you’re not prepared, i can postpone it for two years. the career plan i’ve given you in these two years is to become an anchor. when your position is stable, we can have another child. i want a daughter. ”

su mu was going crazy.

“What if it’s a son again?” she mumbled.

Ye xiangnan leaned closer and said in a hoarse voice, ” ” then keep having children. i thought you liked having children. just now, you ran ... ”

Su mu couldn’t bear to hear it anymore. I’m going to sleep.

he grabbed her hand and said, "you have endless things to say to Shen Wenxuan, don't you? you're in the mood to spend time with him, but you have nothing to say to me. Su mu, I'm going to be your husband soon. You're tired.

"you're sick." she couldn't help but ridicule him, "ye xiangnan, aren't you tired of repeating it? you're just like a woman.

"A woman?" "Yes, I'm not as manly as that master Cheng," he said with a dark expression. You like that kind of man?"

He approached her step by step. Su mu regretted it. She knew that she had to pay the price.

Nan Siwen might be noble, but he was definitely not a gentle man!

she was bullied by him until she cried, and he finally let her go. he pinched her chin."i dare you to say that i look like a woman again."

he probably thought that she was quite interesting when she cried, so he pulled her in front of the mirror and showed her. " "Su mu, are you still going to call me a woman? look, this is how women cry, huh?"

su mu closed his eyes and said, " "ye xiangnan, you're really sick."

The first time they lived together, it wasn't good. They almost got into a fight. Ye xiangnan was angry, but he seemed to be used to her bad temper. The next morning, he dragged her out of bed and asked her to make breakfast.

he also asked for more. when su mu made chinese food, he asked for western food. when su mu made western food, he said that chinese food was better. su mu was so angry that he put both chinese and western food in front of him. he enjoyed her angry look and was in a good mood.

In the past, she always made him angry. Now that he had found them all, she was worried for Liu Hong every day she was not around.

president ye suddenly felt that it would be good if he treated liu hong as a guest for a while after she returned. su mu would then have to be obedient.

Chapter 5140: we're a newly-wed couple

ye xiangnan had some dark thoughts, which were unknown to others.

She had locked su mu up in the villa for a few days. He had to work on Monday, so he told her about something when he got up.

Su mu leaned against the side of the bed and watched him put on his clothes and tie.

she thought to herself that he was actually a very good-looking man. he was very handsome, but his temper was really bad. even now, su mu had no idea what he was up to.

she couldn't understand why he didn't attend morning court for three days. she leaned against him and heard him say, " get up and follow me to the company. I have a meeting to attend today.

She could not help but wonder if he would have stayed here for a week if there was no important meeting. In fact, ye xiangnan was indeed prepared for this. However, after he arranged for Cheng Zheng's matter, the situation outside was very tense. To put it bluntly, he had to pay a high price to get su mu to marry her. At least, he had a conflict with Cheng Zheng. One was to save sister Hong, and the other was to steal the woman Cheng Zheng wanted to marry. Of course, Cheng Zheng did not dare to touch the ye family on the surface. That rough man was not that stupid. however, it was easy to dodge a spear in the open but hard to defend against an arrow in the dark. who knew what cheng zheng, this mad dog, would do?

...

yes, in ye gui's heart, cheng zheng was like a mad dog. although ye xiangnan was in the entertainment business, he did it legally. at most, he did some work in the financial industry. but cheng zheng was different. she definitely had some side jobs. the higher-ups had always wanted to catch him but could not find a chance.

Ye xiangnan would rather offend a gentleman than someone like Cheng Zheng, even though he could afford to offend the CEO of Starlight.

Su mu wanted to ask him about sister Hong, but he was afraid that he wouldn't be willing to do so. Thus, he got up and tied his tie for him silently. Out of ye xiangnan's expectation, su mu tied his tie very well. She looked inexplicably pretty in her black silk pajamas and her hair loose.

Ye xiangnan's voice was a little hoarse as he said, " "why are you so proactive? Do you need my help again?"

su mu pursed his lips and said in a low voice, " "how's sister hong?"

ye xiangnan stretched out his hand to smooth his tie, but he caught her hand. su mu wanted to pull his hand away, but he didn't let go. he grabbed her hand and said in a hoarse voice, " "other than asking me about her, do you have anything else to say to me?"

it was true that su mu didn't. they could get along with each other in the past, but he had been particularly hateful these days.

Ye xiangnan smiled. He knew that she was probably angry with him. He held her hand and looked at it for a while. Isn't that what a normal couple does? besides, we're newlyweds on our honeymoon."

Speaking of this, su mu felt even more nauseated. The second day after she moved in, he asked Secretary li to bring a lawyer over to sign the marriage certificate. She didn't even know if this was considered a remarriage. It was just like child's play.

no matter what, they were legally married now. he had locked her up here and even talked about a honeymoon. su mu was afraid that he would die. there was no sweetness at all.

he probably knew that as well. he chuckled softly, his voice especially low and alluring."Are you not used to this?"

su mu didn't want to talk to him anymore. he bit his lower lip."i'll go make breakfast."

Ye xiangnan grabbed her wrist. change your clothes. I'll take you to the company later.

she frowned and wanted to refuse, but ye xiangnan said, " " don't you want to see liu hong? i have an appointment with cheng zheng. "

Su MU's eyes slightly widened. Ye xiangnan snorted, "I think you're more suited to spend time with Liu Hong. I don't know why you're so interested in that woman. She's a reporter, but she's experienced. You'll only learn bad things from her.

in essence, a noble young master like ye xiangnan didn't like women like sister hong and felt that she was too casual. he thought that it was necessary for her to accompany him to drink and it wouldn't be strange for her to get her hair done. su mu would probably learn to be bad if he followed her for a long time.

Su mu hated ye xiangnan after he said that. After thinking for a long time, he couldn't help but say, " " what about lin lu? if it's not the smell of rivers and lakes, what kind of smell is it? "

to her surprise, ye xiangnan answered her seriously, " "it's flirtatious,"

he was really shameless to the extreme. su mu glared at him and he smiled. " alright, it's all in the past. I don't even remember what she looks like. Is there a need to bring it up? "

su mu didn't say anything. he wanted to change his clothes, but he caught her hand and dragged her to his side. su mu was especially speechless."what do you want now that you're thinking of nan?"

"not much." "I just wanted to ask if you're jealous," he said in a low and hoarse voice.

Su bei stared at him for a long time before he said, " "No, I didn't,"

"So you don't care if I have a woman outside?" he caught on to the meaning of her words to make a fuss. in fact, he was just teasing her. now, he felt that it was quite interesting, and he was not in the mood to look for women.

ye xiangnan was used to seeing beautiful women and had played with them before, but he was not as good as su mu.

Of course, a wife was to be loved, not to be played with. He silently added a " Yingluo "

Su mu tried to break free but failed. He was a little annoyed. "if you're willing to go and find it, then go."

she broke free and went into the cloakroom to change. he had actually prepared a lot of clothes here. they were all in her size and were very appropriate clothes. however, they were not for rich women, but there were also many women who were more mature.

su mu was slightly stunned. ye xiangnan wrapped himself around her again. he put his beautiful chin on her shoulder and chuckled."Why do I feel like you're being a little jealous?"

"that's what you think." Su MU's voice was still cold.

he chuckled and went around to pick out suitable clothes for her. in the end, he pulled out a sheep-fur dress and a white coat. su mu looked good in light-colored clothes.

initially, he wanted to buy her some branded items, such as chanel's. however, he was afraid that su mu would not be used to wearing them. secondly, she was still young, only 23 years old. there was no need for her to dress up so extravagantly that she would look old. ye xiangnan was from a wealthy family and had a lot of experience in the fashion industry. he had good taste and could see su mu's potential. she picked the right clothes and had a good aura.

After messing around with her for a while, su mu didn't go out even after changing his clothes. It wasn't that she was used to it, but she had no choice. They went downstairs together and su mu made a Western breakfast, mainly for convenience.

Ye xiangnan finished a glass of milk and said casually, " " i'm meeting cheng zheng. it's not convenient for you. "

"Then what am I going to do in the company?" su mu lowered his eyes.

ye xiang laughed. " do you think that cheng zheng and i will meet at the company? "

" where else? it can't be his club, right? " su mu asked softly.
