

Thank you 5141

Chapter 5141: we're newlyweds 2

ye xiangnan was still chuckling. " we've just gotten married. you're already starting to control me. mrs. ye. "

Although he said that, su mu knew that his title as Mrs. Ye was not real. She was no different from his mistress, who was kept in the villa for him to play with. What else could she be other than a toy? a marriage certificate could not change the fact.

su mu's greatest strength was also his greatest weakness. he was either too clear-headed or impractical. when it came to men, she would not let go of things that could be settled by acting coquettishly. she would fight it out to the end.

she didn't say anything. ye xiangnan pinched her chin."What, you don't want to admit it?"

"I'm not. Don't be so bored." She said softly.

Ye xiangnan laughed and said nothing else. He finished his breakfast and got into the car.

...

In the car, he put on his seat belt and said casually, " " let secretary li bring you to the station to familiarize yourself with the environment. i forgot to tell you that the office of the station is in starlight. you have to go to the studio when recording. from now on, mr. ye will send you to work every day. no one will dare to bully you. how impressive is that? many women can't get it even if they want to. "

after he said that, he smiled smugly.

he had wanted to do this for a long time. su mu was stubborn and disobedient. he had to make her straight and listen to him obediently. it was interesting to torture her like this. it was better than going on a date with a beautiful woman because no matter how beautiful a woman was, she would

always lose her character when she saw the nightclub. it was meaningless to have the same behavior.

However, su mu was different. He had fully experienced this in the nightclub for the past few days and was in a good mood. Although he wanted to see Cheng Zheng, he would not be in such a bad mood. Previously, he had a deep hatred for master Cheng.

she went to starlight in a good mood. after she handed su mu over to secretary li, she had a group meeting that lasted until 10 in the morning.

after ten o'clock, he raised his hand to look at his watch and finally drove out.

the location turned out to be a teahouse. it had an antique feel to it and was very cultured.

This place was decided by master Cheng. He didn't want to lose face. This was what master Cheng thought. He heard that his ex-husband's pretty boy had a high education background. If he asked to meet at a club, he would be laughed at. So, after discussing with his men, they chose this place.

It was magnanimous and bright.

However, no matter how magnanimous master Cheng was, he was still shocked by the pretty boy's elegant demeanor when he came in. After not seeing him for a few days, his ex-husband brother had swept away his previous bad luck and was actually very different.

master cheng was a man, so he immediately knew the reason. he stood up and said in a rough voice, "ye xiangnan, what did you do to su mu?"

Ye xiangnan was born in a good family and had seen the world. Cheng Zheng could not defeat him with just a few moves. Even if he came here alone, he was not afraid. If he did not have the guts in the entertainment industry, how could he be the CEO and support his artistes?

ye xiangnan smiled and sat down, looking at master cheng. "the su mu you're talking about, is he my wife, su mu?"

"wife?" Master Cheng was stunned and then a little depressed.

ye xiangnan's tone was very relaxed, just like master cheng's thoughts, and the bad luck from before was swept away. " i forgot to tell you that su mu and i have registered our marriage. we are legally husband and wife, and now we are living alone. mumu can wash clothes and cook. she is also very gentle and considerate, and she even helped me put on my tie this morning. "

The meaning of his words almost drove master Cheng crazy. This man was really with su mu.

Chapter 5142: we're newlyweds (3)

He was too shameless!

He was secretly making use of the Wen family to make eyes at him while forcing su mu. Su mu must have been forced.

Master Cheng's bull's eyes were wide open. He slammed the table and was about to fall out when one of his men pulled him back and reminded him softly, " master Cheng, miss su is not anyone to you. You can't manage the ye President now. Besides, they have a son. Have you forgotten that we're here for business today? if you ruin the business because of your personal relationship, you'll be in trouble in the future. if this continues, more than half of the venue will be closed, and the rest will be very difficult."

After he tried his best to persuade her, Cheng Zheng's clenched fists finally relaxed. She sat down unwillingly and said in a rough voice, " I've never seen such a despicable person like you. Mumu must have been forced and bullied by you.

ye xiangnan smiled and asked for a cup of tea. his slender fingers twisted and twirled, looking a little seductive. master cheng's eyes widened. f * ck, this pretty boy's hands are prettier than women's. no wonder so many women like him!

no, women still preferred men like him who were manly and had a good physique.

...

However, the pretty boy's skin was really good. His skin, his shoulders in the expensive suit, his nose and lips, all of them were famous.

Master Cheng felt that he couldn't look at it anymore. He even felt that ye xiangnan's Adam's apple looked a little sexy. Wasn't this what women liked the most?

For the first time, master Cheng wasn't so confident in his male hormones. He stared at ye xiangnan for a long time before saying, "it's good to look at but useless."

ye xiangnan didn't mind. he took a small sip of tea and said, "su mu is quite happy."

master cheng was about to vomit blood again. was this pretty boy here to talk about business or to show off? At this time, he could not afford to offend this pretty boy, so he just kept drinking tea. He squinted bitterly. What was this? it was worse than coffee!

Master Cheng asked someone to bring a cup of coffee. It was a cup of hand-ground earrings, but master Cheng was not used to it. it's too bitter. Change it to a sweet one, the one with milk. Seriously, you can't even do a little thing well. You're making me unhappy on purpose.

"that's called instant. you can't find it in such a high-end teahouse."

master cheng was already very angry, and he immediately scolded, "then why don't you go and buy it for me?"

after his subordinate went to buy it, master cheng tidied his clothes and put on an act. "i'm sorry to have made a fool of myself in front of president ye."

ye xiangnan smiled and said, "Cheng Zheng, what's your purpose today?"

"didn't you come to beg me?" master cheng glared at him.

"is that so?" ye xiangnan said indifferently, "i don't have anything to ask for. if master cheng has nothing to say, then let's leave it at that. i still have something to do. su mu is waiting for me in the company. she's been working hard these days."

master cheng was cursing this pretty boy in his heart. this pretty boy was so cunning. he was the one who wanted to save sister hong, but he didn't say anything. instead, he used underhanded means to pressure him through the wen family.

after the wen family gave the order, everyone in B city was trying to kill him. they had initially agreed to make a deal, but why did he have to make a one-sided request now?

master cheng was very clear that they were going to extort him.

What kind of eyes did su mu have? he found such a sinister pretty boy and even gave birth to a son for him. Would ye Jie be as cunning as his father in the future?

Chapter 5143: pretty boy, you're pretty good (1)

Master Cheng was not convinced. How could he be so easily restrained by a pretty boy?

master cheng smiled, revealing his white teeth. " it's a little hurtful for you to say that, president ye. i'm meeting you here for tea, but you're thinking about the woman at home! how about this, i'll invite president ye to have some fun, there are all kinds of girls."

He would take a picture of this pretty boy's ugly appearance with a girl in his arms later and give it to su mu. Su mu would definitely be very angry when he saw it. By then, hehehe, would he still want to get close to su mu?

ye xiangnan, on the other hand, was as calm as water. " mr. cheng, you don't know this. i'm newly married, and our relationship is very good. no matter how beautiful i am outside, i have no eyes to look at. mr. cheng, you don't understand this feeling. "

master cheng was so angry!

Which part of him didn't understand?

...

He was bullying him for not having a wife or a woman. There were all kinds of little wild cats in his big villa. He could pamper one today and love another tomorrow, but could the pretty boy do it at night? would he dare to? if he played with him like this, would su mu skin him alive?

master cheng was quite clear about su mu's character. he had been stinky and stubborn since he was a child. if someone was bad, she would ignore them all the time and torture them to death. she was especially patient.

After all these years, master Cheng also felt that he was cheap, so why did he still miss her? she didn't look good and had a bad temper.

At this moment, master Cheng thought that it was not worthwhile to be with su mu. He couldn't hit on women or play around with them. He had to report when he went out. Otherwise, su mu would ignore him for a year. His life was miserable.

master cheng's mood improved. he looked at ye xiangnan and smiled. actually, men are more free to be single. Isn't that right, President ye? "

Ye xiangnan's slender fingers held the cup. "Mr. Cheng, are you feeling sour now?"

"Why should I be sour?" master cheng ridiculed and then became serious."You can let Liu Hong out, but can't you show mercy, President ye? after all, my brothers still need to eat."

Ye xiangnan smiled faintly. your brothers need to eat, and so do my stall. They all have some opinions. They say that master Cheng of B city only cares about his own food and doesn't leave any food for others. They're a little impatient after working for nothing for so many days, so they must have some things in their hands to carry.

when master cheng heard this, he knew that this pretty boy had bad intentions. great, he had already taken advantage of him. this pretty boy was bold. he really wanted him to kill this fellow, but he couldn't do it. this fellow was the precious egg of the wen family.

Master Cheng laughed as he let out blood. it's just about money. President ye, you're used to such situations. Give me a number.

Ye xiangnan smiled and said,"Mr. Cheng, do as you see fit. It's just a matter of drinking a cup of flowers." it's not a big deal."

Master Cheng stared at his face and sneered, ” ” president ye, you really can kill people without spilling blood. you’re amazing. i’ve seen it for myself today. ”

he lowered his head and wrote a check. two hundred million was gone just like that.

Ye xiangnan put his hand on the checkbook and smiled. “Just write me as the receiver.”

master cheng originally had the intention to get hold of those grandsons ‘weaknesses and eat and drink from master cheng. how could he not pay the price? However, this pretty boy in front of him was too smart and powerful.

“president ye, you’re such a busybody.” master cheng gritted his white teeth.

Chapter 5144: pretty boy, you’re pretty good 2

Ye xiangnan smiled,”master Cheng, you know more about this than I do, don’t you?”

He called him master Cheng. Why did master Cheng feel that this pretty boy was mocking him?

Master Cheng narrowed his eyes and smiled gently. President ye is right. We should be more careful. Actually, two hundred million is just a drop in the ocean for me.

he wrote a new check and tore it off for ye xiangnan.

ye xiangnan took it and looked at it to make sure it was fine. ” where’s liu hong? ”

“I’m in the hospital. I’ve almost recovered.” master cheng’s breathing became chaotic at the mention of this. ” president ye, don’t think that this woman is a good person. she’s very powerful. she clearly enjoyed it, but after that, she stabbed me. should i not be angry? ”

...

Ye xiangnan remembered that Cheng Zheng was hospitalized. What she said was true. Thinking about Liu Hong's usual style, this incident was probably not the responsibility of one party. However, he knew that master Cheng did not care about human lives. If it was not for su mu, Liu Hong would have been dead.

he didn't find it a pity. ye xiangnan was a man of power and rarely had sympathy. besides, it had nothing to do with him. however, besides su mu begging him for help, he also asked the wen family for help because his mother, wen yuan, was close to su mu. he had to help because of this. he knew that su mu was embarrassed to ask his mother for help. in fact, it was the same if she begged his mother. now that he had a wife for nothing, he was still very obedient.

President ye's life immediately reached its peak and he was in a good mood.

holding the check, master cheng was still sitting behind him. " when she's better, she'll walk home by herself. no one's tying her down. "

"i believe in mr. cheng's integrity," ye xiangnan said with a smile.

He walked out and got into the Bentley at the entrance. He looked noble, elegant, and gentlemanly.

master cheng gritted his teeth and squinted his eyes. one of his underlings beside him said in a shrill voice, " master cheng, i think we should put a bomb in his car and send him to heaven. then, no one will dare to go against master cheng. miss su will also be master cheng's. "

When master Cheng heard this, he immediately slapped her. With a cold face, he said, " are you looking for death? do you know who that is? why don't you send me to heaven instead of him? "

master cheng was particularly manly. " we'll all have to play with him if we send him to heaven. you turned a blind eye when he didn't do anything to you in the past. send the wen family's pretty boy to heaven? " has your head been kicked by a donkey?"

the subordinate didn't dare to make a sound and shrank back.

Master Cheng's temper was particularly strong. you guys listen clearly. I'll say it once. You're not allowed to touch that pretty boy ye, and you're even more not allowed to touch my woman. If you lose even a single hair, I'll skin you alive.

the underling was trembling. ” master ... master cheng, didn't you say that miss su and the pretty boy are married? how did she become master cheng's woman? ”

master cheng slapped her again. ” if i say she's my woman, she's my woman. do you have a problem with that? ”

That person didn't dare to have any objections. He was so pitiful.

Master Cheng narrowed his eyes and stared in the direction of the teahouse entrance. let's go to the hospital.

“are you going to see reporter liu?” the subordinate asked carefully.

Master Cheng stopped in his tracks and narrowed his eyes.”if you don't look at her, do you want to look at your mother?”

the underling touched his nose and felt wronged. master cheng's temper was too bad. no wonder miss su didn't like him. They also felt that master Cheng deserved it!

Chapter 5145: pretty boy, you're quite powerful (3)

master cheng arrived at the hospital very quickly. in the private VIP ward, sister hong was leaning against the bed and scrolling through her phone. Master Cheng's mood was bad, and her calm appearance made her mood even worse. She took the phone from her hand and threw it into a container at the side. Water suddenly entered, and the phone's life ended.

Sister Hong was speechless. She guessed that he had probably suffered a loss somewhere and was here to look for bad luck.

sister hong didn't want to pay any attention to him, but she was also on her guard. this mad dog really could bite at any time. her injuries had just recovered, and she didn't want to be killed again.

looking at her gaze, master cheng sneered and sat at the side with a folding fan. ” don't act like a virgin. i've told your ex-husband about your history. he's in the hospital now and he's taking care of

his wife and lover. it's such a blessing. why are you so stubborn? if you wanted to catch him, then just catch him. it's just a small physical injury. it's no big deal. why don't you think about it?! look at how much you've given up on a man who was so infatuated with you."

sister hong knew that he was going to talk about zhang fucai's kneeling. she didn't want to hear it, not because she hated it, but because she was afraid to face it.

It was a little sad, right? that damn fatty must be feeling bad too!

...

after such a long time, the hatred between sister hong and zhang fucai had faded. now that this incident had happened, they were more like old friends.

She was silent. Master Cheng leaned his face closer to her. "you're thinking about that fatty again? Why don't I apologize to you and get fatty for you, and you two can continue to be husband and wife?"

Sister Hong could not stand his frivolity. Cheng Zheng, are you all like this? you decide someone else's life without even asking. Have you discussed it with me before? how do you know that I'll be willing? Didn't I stab you because you deserved it? don't think of everyone as a soft-boned b * tch like su zhirou!"

Master Cheng was very upset and unhappy after being scolded.

He sat on the sofa and lit a cigar. "it's just a physical thing. you're not a young lady, and you were happy at that time and didn't resist. there's no need to be so awkward afterward. if you didn't do that, we might have been together for a while. other than your bad temper, you're much more attractive than su zhirou, that little b * tch, "

Sister Hong's reply was to throw a pillow over. "get lost, you shameless bastard!"

after she finished speaking, master cheng's face darkened and he licked his lower lip. "do you know why i'm in a bad mood? "

sister hong's chest heaved up and down, clearly extremely angry.

Master Cheng chuckled coldly. ye xiangnan just took 200 million from me, and I have to let you go. Reporter Liu, you've really found a good backer.

Liu Hong was stunned for a moment. Then, she immediately realized that it was su mu who had saved her.

Master Cheng sneered again. you're smart. If it weren't for su mu, I would've killed you as easily as killing a chicken.

"Don't mess with me in the future. Otherwise, I'll turn my back on you." Master Cheng stood up.

After he left, the door slammed shut. Sister Hong was still in a daze, unable to understand.

Did this mean that he was letting her go? She could leave now?

as sister hong thought about it, she immediately jumped out of bed and looked out of the window. indeed, after cheng zheng left, his men also left.

she was indeed free.

Chapter 5146: pretty boy, you're pretty good 4

starlight headquarters.

Ye xiangnan's car stopped, and Secretary li went up to him. su mu went to report today. He did a good job. He even tried out a recording. I thought it was good when I watched it.

Ye xiangnan closed the car door and adjusted his tie. He said gracefully, "of course it's not bad. do you think my eyes are bad? She only knows how to sell shoes. Any smart woman would have climbed up the ladder long ago, but she's so stupid."

he complained to secretary li while walking, "If it wasn't for me, I'm afraid she would still be a punching bag at the station."

Upon hearing this, Secretary li was a little touched. Since President ye was willing to tell him this, it meant that he was still President ye's confidant. Secretary li listened while giving some professional advice, once again raising his status.

she was already half of su mu's best friend. su mu and president ye had been apart and together before and they were always noisy. however, from her perspective as a bystander, president ye had an inexplicable possessiveness towards su mu. this was probably a common problem among males in the animal kingdom. he had a strong sense of possession towards the females who had offspring with him and would not let other males touch them.

...

Secretary li sighed. It was already 2019, yet President ye still had such thoughts. He was really a traditional good man. Previously, when the Dog Man said it, it turned over.

As they talked, they reached the top floor. Ye xiangnan took off his coat and threw it on the sofa. He loosened his tie and said, "ask su mu to see me."

secretary li was also quite speechless. he coughed lightly and said, "It's working hours now, President ye." What are you thinking? this is not your house.

Ye xiangnan narrowed his eyes. she's my subordinate. Isn't it normal for her to come and see me? "

Secretary li was even more speechless. su mu can only be considered as a small employee now. He comes to see you every now and then. How do you think she's going to carry out her work in the future? will anyone dare to let her do anything in the future? if President ye wants her to accompany him, he can just be the second Secretary. Why is there a need to be a live streamer and make things difficult for her for no reason? "

Ye xiangnan felt that Secretary Li's words made sense. He squinted his eyes and said, "you're right. You're right.

"then let's go for an inspection." he stood up and took his coat.

secretary li was on the verge of tears. they were newly-wedded, so they shouldn't be like this.

It turned out that Secretary li was right. After Ye Xiang landed on the 20th floor, the entire floor was in an uproar, especially the female employees who rushed to tell each other that President ye was here.

Su mu was sitting in front of his desk, reading some documents and listening to some broadcasts. She was wearing earphones and didn't hear such news. Otherwise, she would have borrowed the washroom to hide. She didn't want to be specially taken care of by ye xiangnan. That man had been terrifyingly interested in her recently.

ye xiangnan was surrounded by people wherever he went in starlight, not to mention that this floor was just a sub-platform under starlight. the station head personally greeted him and led president ye on a tour. she was a female senior executive and quite sensible. she called all the beautiful female hosts in the station and shouted in unison at the door,"Hello, President ye."

Ye xiangnan frowned and stopped walking. He glanced at their faces one by one, but fortunately, he didn't see the person he was thinking of.

" station head wang, " he said, " those who know about this are a row of hosts. those who don't know will think that i've entered a nightclub. don't they have to work? are you a leader or a cheeky one-by-one customer? "

Chapter 5147: Pretty boy, you're pretty good 5

Director Wang immediately panicked and looked at Secretary li, hoping to get some information. wasn't it like this in the past? president ye didn't touch it, but he liked to look at it. which man didn't like this kind of extravagance?

president ye only liked her in the past. how could he like her now that su mu was in the company?

Besides, they were newlyweds. He was more interested in su mu.

ye xiangnan's eyes coldly looked at director wang. director wang seemed to have been scalded by something. he immediately waved his little hands and dismissed the beautiful hosts.

only when she had the chance did she ask president ye's trusted aide, secretary li, " "secretary li, what's wrong with president ye?"

su mu's identity was kept a secret on this floor. the starlight building was very big, and the previous ruckus was only known by the headquarters of starlight. this kind of subsidiary station didn't know about the relationship between su mu and ye xiangnan. besides, it was said that no one would think of it since they had collected the divorce certificate. the people here all called su mu little su.

...

At this moment, when Wang Tai asked, Secretary li smiled. President ye has been a vegetarian recently, and he likes to go home for dinner.

director wang acknowledged it, but it was unknown if he understood. secretary li smiled and said, "Let's go. President ye will be unhappy if he can't find her."

For someone like Secretary li, she was like a relative of the royal family to boss Wang. She carefully tried to please Secretary li, treating her to a meal and sending her a bag, but Secretary li rejected her. Although she was a little greedy, she usually wouldn't stretch her hands that far, or President ye would be unhappy.

as a secretary, her treatment wasn't bad. president ye would give her big red packets from time to time. besides, although the pigeon egg was given by master cheng last time, it was also tacitly approved by president ye. it was such good welfare.

secretary li's words were vague and he didn't give a correct answer, so director wang still couldn't figure out what the situation was. No matter how she thought about it, she also felt that President ye wasn't so free. It must be a sudden impulse.

On the other side, ye xiangnan had already strolled to su MU's office. There were eight people working in a space of about 30 square meters. Su mu was listening to the music with his head lowered and his headphones on.

Ye xiangnan stood beside her and asked director Wang, " "are you new?"

secretary li had arranged for su mu to come in. director wang was not sure about her background, but he knew that she had someone in the headquarters of starlight. hearing ye xiangnan's question, his heart skipped a beat and he began to think.

how should i answer?

After much thought, director Wang said carefully, " "They're new. Oh, right, Secretary li arranged for them. i still haven't figured out his background, which university he graduated from, and his professional ability, yingluo. we have to assess all these. president ye, don't worry, i won't let anyone in through the back door. those who stay in our station will definitely be employees with good professional skills."

she was so devoted that su mu didn't hear her because she was wearing her earphones. she was very focused, but everyone in the office was looking at her and president ye. they felt that president ye was going to cause trouble for the new girl, little su.

However, they felt that this ordinary little su looked a little familiar (wasn't it because master Cheng's photo was too blurry, and they didn't expect the female lead to work with them).

at this moment, ye xiangnan said in a low voice, " "She didn't graduate from college."

ah! director Wang was dumbfounded. He then looked at Secretary li.

Secretary li pretended not to see it.

Chapter 5148: this is my wife (1)

Secretary li pretended not to see him. Director Wang's unspoken words were: " you've killed me. Why did you put a person who hasn't even graduated from college in my place? what should I do? "

Director Wang was about to speak when ye xiangnan spoke again, " "She doesn't have much work experience. She used to sell shoes."

He said it in a particularly mischievous manner, for he had teased su mu.

Director Wang was on the verge of tears. She usually loved to flatter the boss as she was afraid that the boss would have a bad impression of her. Now that she heard ye xiangnan's words, she almost fainted. Hence, she decided that no matter who pushed su mu in, he must not stay. One must know that the most powerful person in Starlight was president ye. She could not afford to offend him.

Director Wang's expression turned ugly as he said, " I actually know nothing about this. President ye, don't worry. We won't keep such a person. We'll return her to the Human Resources Department immediately.

she glanced at secretary li and still felt that she had offended secretary li this way. however, president ye was directly blaming her now. secretary li was speechless. president wang was so obsessed with being an official that he didn't have any judgment. how free did president ye have to be to ask about an insignificant newcomer? he must be interested. also, did president ye look unhappy at all? he had the fanatical expression of a young boy looking at his favorite toy.

...

secretary li complained in his heart. no wonder director wang, who was in his forties and had a boyfriend, didn't have such emotional intelligence. he was simply asking for trouble.

However, director Wang didn't know that. He even took off su MU's earphones and said in a calm voice, " report to the Human Resources Department later.

" ah! " su mu was a little surprised. he looked at ye xiangnan who was standing beside president wang and immediately realized that this was his prank. she was quite speechless. " ye xiangnan. "

director wang was going a little crazy. " you still dare to call president ye by his name? i think you don't have to go to the human resources department anymore. you can just go back. "

At this moment, ye xiangnan raised his hand and looked at his watch. it's time to get off work. Let's go home.

as she spoke, she tidied up her personal belongings on the table and said to secretary li, " "help her tidy up."

Secretary li smiled and said " yes ". He said " goodbye to President ye " and " goodbye to miss SU ". One could tell miss SU's identity from his politeness.

everyone present was dumbfounded. they watched president ye gracefully take away the new rookie who had not graduated from college. yingluo and the others were ... yingluo's new little su was the legendary female lead who was blessed by god?

Secretary li tidied up his things and then spoke to the dumbstruck director Wang. su mu is President ye's wife. You know what to do in the future. I heard that hosts have their own office. The club will be happy if you arrange five rooms for them.

Everyone was still in a daze, unable to recover from their shock. Secretary li further advised, "President ye is very concerned about miss Su now. You see, he even came here to work. He's afraid that she will be bullied. There are some things that President ye can say, but you can't.

what did he mean by not graduating from university, what did he mean by selling shoes? president ye was also warning these people not to say such things in the future. she didn't expect president ye to be so attentive.

after secretary li finished speaking, director wang heaved a sigh of relief and grumbled for a while, "why didn't you say so earlier? you scared me to death."

as he spoke, he wanted to treat her to a meal again. in any case, he was seizing the opportunity to treat her to a meal.

Secretary li declined politely, saying that the nightclub still needed her, so she left appropriately.

Chapter 5149: this is my wife (2)

Secretary li declined politely, saying that the nightclub still needed her, so she left appropriately.

At this point, the news that su mu was president ye's wife had spread throughout the entire station, and it was also a fact that President ye doted on Madam a lot. In the future, even President Wang would have to act according to su MU's mood. One had to know that su mu was a very pampered person who slept beside him. The Lin Lu in the past was simply not worth mentioning.

After Secretary li left, she didn't want to be a third wheel. She left work immediately.

Ye xiangnan took su mu to his office. The private elevator was under repair, so they took the ordinary elevator. However, when the elevator door opened, the employees in the elevator saw President ye and Mrs. Ye standing side by side. President ye was pulling and pulling, and Mrs. Ye looked reluctant.

gosh!

what kind of famous scene did they just see?

...

Everyone sneaked a peek and then raised their heads to pretend not to see it. Behind them, someone secretly took a picture with his mobile phone and posted it on the company's website. Hehehe, big news, famous scene.

su mu immediately shook off his hand with a face full of shame and anger.

President ye's skin was thick. we're legally married now. What's the big deal? "

Su mu was about to speak when her phone rang. She picked it up immediately when she saw that it was from sister Hong.

.....

Ye xiangnan was not too happy. Sister Hong was sister Hong. Why didn't she fall into Cheng Zheng's hands? the moment she came out, she probably wanted to have a meal with her.

Just when he was unhappy, su mu covered his phone and asked him softly, "sister hong is back. she asked if we would like to have a meal together."

Ye xiangnan didn't have any feelings for Liu Hong at first. He didn't want to agree with her because she was bold and unrestrained, looking for work all the time. However, su mu said that he wanted to waste his time. He put his hands in his pocket and said,"Let's go."

After she finished speaking, she realized that the elevator that was supposed to go down was still there, and the onlookers were still there.

president ye gave them a look and those people were finally willing to close the elevator door. he then looked at su mu again.

Su mu had already hung up the phone. sister Hong is treating us to hotpot.

Ye xiangnan didn't say anything. He just stood there. He had agreed to it before, but su mu didn't know what he meant by that. So, he said in a low voice, "say something,"

"You want to go?" ye xiangnan looked at her.

"It can be considered as a welcome for sister Hong." su mu pouted and actually looked like he was begging.

"From now on, you're not allowed to deny our relationship in the company. You're not allowed to have any improper relationships," ye xiangnan said arrogantly.

Su mu was a little angry, "you're the one who's having an improper relationship."

"i won't do it again in the future. if i must, it's only mrs. ye." he smiled, then led her into the elevator. he had some things to deal with in his office, so he flipped through some documents and said, "What time is Liu Hong's appointment?"

"half past seven." su mu said.

ye xiangnan nodded. he sat behind the large desk and said in a low voice, "Go get me a glass of water."

su mu didn't move. "i'm not your secretary."

"Burning the bridge after crossing the river, is it?" he looked up at her. "don't forget that you're mrs. ye now. you're just a small employee under starlight. what's wrong with pouring me a cup of tea?"

su mu snorted and went to pour him a glass. obviously, he was still unhappy. he sat on the sofa and read the news.

ye xiangnan took a sip of water and then smiled.”the way you look right now is called being pampered and pampered, you know?”

Chapter 5150: this is my wife (3)

“Really? I don’t think so.” Su mu still snorted.

ye xiangnan smiled. ” that’s because you’re used to it. try talking to someone else like that, okay? ”

Su mu was also speechless. then how do you want me to treat you, President ye? ”

Ye xiangnan lowered his head and flipped through the documents again. what do you think? ”

Su MU’s smile was quite cold. you’re like Secretary li in the company. You’re going to be a qualified wife at home? ”

This time, he finally put down the things in his hands and walked over to her side. He stood in front of her and looked down at her. “su mu, you only need to be a good wife. It’s everywhere.”

...

Whether it was in Starlight or the Department she was in, it didn’t matter if she was outstanding or not because she was ye xiangnan’s wife. No one dared to ask President ye’s wife to work overtime, and no one dared to say that she didn’t graduate from college. This was a hidden benefit of being Mrs. Ye.

he didn’t allow her to not want it.

He didn't want his wife to work overtime every day. He married her for fun. He wanted her to take care of ye Jie and himself. If she worked overtime every day, was she still his wife? she was just an employee!

thinking of this, ye xiangnan smiled and reached out to hold her sharp chin."You're already married, so you don't have to be so career-minded."

su mu stared at him. once again, he felt that he really did not have that much freedom. there were conditions for her to marry him. she had to obey and be obedient. he had arranged everything well, and she only needed to cooperate with his life.

In other words, she had been asked to be the wife he wanted, but he might not be the husband she wanted. It was that simple.

seeing that she didn't say anything, ye xiangnan probably guessed what she was thinking. he chuckled."It's too late to regret it now. Su mu, once you're out of this door, you'd better think about it. If you don't mind selling shoes, would your sister Hong mind doing nothing? if you don't have a good reporter, you won't be able to find a job anywhere, aww."

"Say no more." She turned her head and said, " ye xiangnan, you're a bastard.

"being a bastard also makes you happy. you don't mean what you say." he laughed in a low voice and let her go so that she could handle her own matters.

su mu was not in the mood after that. the sofa was originally by the floor-to-ceiling window. the sky gradually darkened and the outside was filled with colorful lights. in fact, she knew that she did not know how to be grateful. many women were envious of her life. to be honest, ye xiangnan was not bad to her except that he was a little bad. what else was she not satisfied with?

Su mu lowered his eyes. She probably didn't know either!

After ye xiangnan finished his work, he covered the Golden Pen and his eyes fell on her. She was looking at the scenery outside, lying on her stomach.

after taking off her coat, she was only wearing a wool dress, and her waistline could be clearly seen.

she was thin and slender, and quite beautiful.

Ye xiangnan walked over and hugged her from behind. "What are you looking at?"

Su mu was startled. He tilted his head and put his chin on her shoulder. She immediately turned her head back."is there nothing else we can do?"

he looked at the time. it was almost seven o 'clock.

I'll take you to buy a watch later, " ye xiangnan suddenly said. it's not convenient to keep checking the time on your phone.

Su mu wanted to refuse out of instinct, but ye xiangnan squinted his eyes."Su mu, if you refuse, think about the consequences, okay?"

She thought about his methods and closed her eyes, not wanting to think about them.

ye xiangnan smiled with satisfaction.
