

## Thank you 5161

Chapter 5161: mrs. ye, you're not jealous? 1

ye xiangnan was sitting there. seeing su mu coming, he motioned for su mu to sit beside him.

With so many people watching, it was impossible for su mu not to give him some face. After sitting down, Zhao Ning put on a proper smile and said, "president ye, can i sit here?"

"what are you doing here if you don't want to sit?" ye xiangnan frowned.

Zhao Ning was a little embarrassed, but she still put on a proper smile and sat down elegantly. She was stunned after sitting down.

secretary li took two wooden lunch boxes from the door and came over. " president ye, su mu, you guys eat for a while and i'll clean up. "

you go and eat, " su mu said hurriedly. I'll clean up after you're done.

...

They were very familiar with each other, and the people around them could also feel it. This meant that su mu was very well-liked in the nightclub. Otherwise, how could Secretary li be so familiar with him and act so naturally?

go and eat, " ye xiangnan said. su MU's heart aches for you too.

her words were a little sour, and secretary li wanted to laugh. he coughed and said, " " alright, i'm going to have dinner now. i'll leave su mu to you. "

su mu watched her leave.

Zhao Ning was a little envious. For her, it was so convenient for Secretary li to be close to President ye's personal secretary.

Besides, she was surprised that President ye had prepared lunch for su mu. She thought that they didn't have a good relationship, but it seemed like she was wrong.

the rice and the chicken soup smelled so good. it must have been made by the servants at home. zhao ning wanted to live a life like this. she also hired a part-time helper, but she didn't have enough servants.

she was pregnant and needed nourishment, so she couldn't help but want to drink it.

"it smells really good," he said softly.

"Su mu has always been quite thin. He might become even skinnier if he eats at the restaurant," President ye unexpectedly answered.

as he spoke, he even pinched su mu's face.

really, if an ordinary woman was treated like this by president ye, she would probably be in a bad mood.

However, su mu only felt that it was very f \* cking. He was doing it on purpose for others to see. Moreover, she was now an employee and not his pet. The way he treated her was like how he treated his pet, which made su mu very unhappy. Thus, whenever he was unhappy, she would slap his hand away and say honestly, "don't touch me,"

Ye xiangnan wasn't surprised at all. Su mu wasn't an easy girl to talk to. He wouldn't give him face just because of his status. The more she did this, the more interesting it was.

they thought it was normal, but the others were stunned.

President ye Pampered su mu so much. Su mu is so willful. Who has ever seen President ye indulge a person like this?

there was no such thing!

Su mu continued to drink his soup after he was done. Ye xiangnan pinched her face evilly again.”Su mu, you’re so heartless.”

Su mu wanted to slap his hand away again, but he caught her hand before she could. alright, let’s eat. Don’t play with me.

su mu glared at him.

ye xiangnan smiled, and it was a pretty smile.

Su mu couldn’t utter a word and just stared at him.

” i’ll go home and take a look. there are so many people here. are you sure you want to keep staring at me like this? ” ye xiangnan smiled and then casually said to zhao ning, you must be su MU’s colleague. I’m sorry to see you like this. Please take care of our Mumu in the future.

Chapter 5162: Mrs. Ye, you’re not jealous? 2

After ye xiangnan finished speaking, the colleagues laughed so hard that the corners of their mouths twitched.”zhao ning’s trick doesn’t work on president ye.”

” that’s right, that’s right. from the beginning to the end, president ye didn’t even look her in the eye. ” The other one said.

Zhao Ning was very calm,”I will.” by the way, mr. ye, my name is zhao ning, and i’m the female host of a certain program. su mu learned from me. ”

This was so close.

ye xiangnan looked up with great interest. then, under zhao ning’s expectant eyes, he said,”the pregnant female host that secretary li mentioned?”

Zhao Ning couldn't hold her expression any longer. After a long time, she forced a smile, "yes, president ye."

...

Ye xiangnan nodded, "that's good. You can focus on the baby after su mu is familiar with it."

Then, he started to eat. He even touched su MU's head. Zhao Ning had nothing to do with this.

From the beginning to the end, he had no intention of treating Zhao Ning to soup. He felt sad for her. After lunch, Zhao Ning took the initiative to clean up, but su mu said no. Zhao Ying's beautiful hands had already reached out to him. I'll do it. I'll send it to President ye's office after I'm done.

Su mu still said no. Ye xiangnan smiled and said, "su mu and I want lunch. You can just hand it over to Secretary li."

With that, he dragged su mu away, leaving Zhao Ning alone with her face twitching. She put down the lunchbox and called a waiter. "Wash President ye's lunchbox."

it was really all oil.

She could only give it to Secretary li, but she thought that she could get close to Secretary li and maybe get some reliable information.

Like the others, she still did not believe that the ordinary-looking su mu could win President ye's favor. In terms of looks, temperament, and talent, she was way ahead of su mu. Zhao Ning was a woman who lived in fame and fortune. She did not have a strong sense of family and only wanted to climb up the ladder.

therefore, she didn't hesitate at all. if she could get close to ye xiangnan, she would give up the child. he had to admit that women were really scary.

ye xiangnan had seen a lot of such women. when he arrived at the office, he directly told secretary li not to let anyone disturb him. then, he brought su mu in.

“it’s not good to let a colleague wash the dishes for you, is it?” su mu asked.

“colleagues?” he smiled. ” su mu, do you have no feelings for her or for me? she’s snatching your husband right under your nose. you don’t feel anything at all? ”

su mu pushed his body away and sat on the sofa, playing with his phone. ” “but you can’t embarrass her like that.”

“stay away from her and don’t let her get close to me. or fire her. choose one.” He seemed to have recalled something. I think her husband is a middle-ranking officer in the company. Su mu, do you think it’s better if I don’t fire her husband? will it wake her up? ”

“you’re such a bastard. just ignore her. why do you have to do this?” “boring,” su mu replied without even raising his head.

“I’m serious.” He walked in front of her and looked down at her. He said seriously, ” “Su mu, I’m not happy. Do you think I want any woman? I don’t like to be harassed by women either. Once your colleague harasses me, you’re his accomplice.”

Su mu was speechless. His tone sounded a little aggrieved.

“so it’s still my fault?” she asked softly.

“Of course it’s your fault, Mrs. Ye.” “So I want compensation,” he said in a deeper voice.

Chapter 5163: Mrs. Ye, you’re not jealous? 3

su mu just looked at him with an obviously shocked expression. was ye xiangnan acting coquettishly?

She was a little Thunderstruck, and her voice was very soft. “are you serious, ye xiangnan? don’t you like yingluo and her subordinates?”

"I was single then." Ye Xiang Nan was full of desire to live.

Su mu pursed his lips and didn't want to talk to him. He was right no matter what he said.

Ye xiangnan obviously didn't want to let her go. He reached out and touched her face."Are you angry?"

"i didn't. I won't be angry with you." she seemed to have recalled something. " i'm going to take an afternoon nap. xuxu, you can sleep on the sofa. you're not allowed to come in. "

...

it was also the first time for su mu to talk to him so fiercely. however, after he finished, ye xiangnan looked at her with bright eyes, which made su mu feel a little scared. he always felt that he had other intentions.

When she thought about it carefully, she didn't dare to think about it anymore.

"I'm going to take an afternoon nap," he said as he got up.

Ye xiangnan's heart skipped a beat. He wanted to pull her back, but su mu ran so fast that she ran away.

The door to the lounge was closed, and then there was the sound of the door locking. She really did lock it from the inside and did not let him in. Xuxu laughed silently at night.

he was not in a hurry. as the president of starlight and the heir of the ye family, he rarely had the habit of taking an afternoon nap. with so many things to do, he still sat on the sofa and read the newspaper. the sun shone through the glass and shone on him, making him look like a god.

he quietly read the magazine and smiled at the people in the lounge.

This was also not bad. He had a very interested wife, a son, and a happy life. Wasn't this what successful men were like?

he was not so obsessed with beautiful women either. he could have them with a wave of his hand. he had also hugged them left and right before. they were not that great. su mu had a seemingly ordinary face, but his figure was very good, especially good. it was so good that only president ye knew. he found it quite interesting. at least, he was quite satisfied with su mu's appearance.

outside the door, zhao ning was holding the plate that was washed by hatsune and knocked on the door.

Inside, ye xiangnan thought it was Secretary li, so he asked Zhao Ning to come in. Zhao Ning opened the door and said with a proper smile, "president ye, the lunchbox is done."

she looked over and saw a luxurious office with expensive carpets. the decoration was tasteful, and the man was sitting on a luxury sofa. he looked very noble and good looking.

President ye was the standard young master of a rich and powerful family. He was young and good-looking. His temperament was Ten Streets ahead of the young men in the entertainment industry. Zhao Ning's heart almost beat faster when she saw him.

She yearned for this man, especially.

Although her husband was in the middle level of Starlight with an annual income of tens of millions, and she was also a famous live streamer, but compared with the hundred billion CEO, she was really poor.

besides, her husband was over 40 years old. he couldn't be compared to president ye in terms of looks. zhao ning felt that she had found her true love. she loved president ye not because of his power, but because of him.

he had everything she yearned for.

after staring at her for a long time, she said in a low voice, " "president ye, may i come in?"

Thinking of night, Nan Bai flipped through the magazine in boredom. "put it on the coffee table. be gentle. su mu is sleeping."

zhao ning's mouth twitched.

The place was carpeted, and su mu Qianqian should be in the lounge, right?

However, she didn't dare to refute President ye's words, and she didn't want to refute him either. She walked in carefully and put the things on the coffee table. She had already crossed the line and should leave. She was already smiling when ye xiangnan didn't blame her, but Zhao Ning was still not satisfied. She felt that the higher-ups had acquiesced to her coming in.

#### Chapter 5164: Mrs. Ye, you're not jealous? IV

she felt that the higher-ups allowing her in was a kind of tacit consent.

perhaps president ye liked to eat secretly. besides, madam was sleeping, so wouldn't that make her even more lustful?

She mustered her courage and leaned against the sofa. President ye, I'm Hanhan.

Before he could finish, the door of the lounge opened and su mu walked out. "Ye xiangnan, class teacher ye Xun's call, Yingluo."

As she said this, her eyes were fixed on Zhao Ning. She was not shocked, but full of surprise.

Isn't Qianqian and Zhao Ning pregnant? or did she think that she could hide this from ye xiangnan and her on the sofa?

...

ye xiangnan wasn't such an unrefined person, was he? he even wanted a pregnant woman?

however, after a moment of surprise, su mu waved his phone and continued, " he said that ye jie has a slight fever and has been checked by the school doctor. he's resting there now and asked if we should bring him back now or let him take a nap there. "

Ye xiangnan looked at his watch. how about this? I'll ask my Secretary to go over and keep an eye on him. If there's anything, we'll report it to him immediately. We'll pick him up after work. I'll call my mom and let her know.

Su mu also felt that his arrangement was not bad. He nodded and then discussed for a while.

the couple kept talking about family matters as if zhao ning didn't exist.

zhao ning felt very uncomfortable. she stood up and put on her high heels,"su mu, don't misunderstand."

"i didn't misunderstand." "this is between you and president ye." su mu smiled faintly.

With that, she returned to the lounge and closed the door.

the sound of the door slamming was a little loud. it was obvious that he was unhappy.

zhao ning felt a little uneasy, but ye xiangnan did not drive her away. instead, he took out his cell phone and called wen yuan, talking about ye jie. in her heart, she felt that president ye had always been playing outside. su mu couldn't care about him at all and couldn't be bothered to.

Although the atmosphere and occasion today were a little off, Zhao Ning had a hard time finding this opportunity, so she shamelessly stayed.

after ye xiangnan hung up the phone, he saw that zhao ning was still there. he frowned, " why are you still here, host zhao? can't you see that my wife is unhappy? "

zhao ning's heart skipped a beat. she was not sure what president ye meant, so she said in a low voice, President ye, I'm not that ambitious. Really, I don't care about my status.

ye xiangnan sat there elegantly, turned to look at the woman, and smiled. ” “Status? when did i ever say that i was interested in you? besides, i’m a married man, and i’m your superior’s superior. if i’m not wrong, you seem to be very enthusiastic about su mu, your new colleague. was it to seduce her husband?”

He was merciless. This woman was really too annoying. Wasn’t she pregnant? why was she so insensible? she didn’t care about the child in her stomach, but he cared about his son. As parents, ye Jie was sick and naturally would be annoyed. This woman was still insensible and wanted to seduce her husband. How big was her heart?

Even if he wanted to perform well, this was not the way.

Ye xiangnan immediately made a decision. you can resign. Or your husband can resign. You choose.

“Su mu even asked me to take care of him,” Zhao Ning was stunned and said.

“Do you think that Starlight entertainment is all about you?” Ye xiangnan stood up and called the internal line, Secretary li, come over for a moment.

Chapter 5165: Mrs. Ye, you’re not jealous? 5

Secretary li was a little confused. Wasn’t it just the two of them? why was she called here?

as soon as he came in and saw her, he immediately understood. zhao ning was a stupid woman, or was she just too confident in her charm?

when su mu was still inside, she seduced president ye in public. secretary li sympathized with this woman’s husband for a minute.

sympathy was sympathy, but some things still had to be said.

Ye Xiangnan put down the things in his hand and said in a low voice, " " tell director Wang that Zhao Ning doesn't need to do it. tell her to go back to where she came from. also, find a professional anchorwoman to take Su Mu with her. tell her that it's my idea. "

"okay, president Ye." secretary Li was pleased and nodded.

...

Zhao Ning still wanted to say something, but she was pulled out by secretary Li.

once the door was closed, secretary Li went straight to the point. " " host Zhao, your husband is still at Starlight Entertainment, right? if you're smart, you should keep this to yourself for the sake of your husband's future or reputation. "

Her tone was a bit heavy, and Zhao Ning was a bit unwilling, " i didn't do anything, secretary Li. i just brought a lunch box. "

"Actually, this matter shouldn't be asked by our Secretary, but host Zhao, you're underestimating how much President Ye values Mrs. Ye. If President Ye doesn't like her, how can she be by his side? if President Ye really wants to play, isn't it very inconvenient? keeping him by your side means that you don't want to develop outside and you can monitor madam. in this couple, president Ye values each other more. why can't you see it clearly? Su Mu doesn't care at all. this marriage was also arranged by president Ye. president Ye insisted on getting married and used all kinds of means. president Ye is in high spirits. is this appropriate? In the end, you didn't do a good job. president Ye will only be unhappy if you make Mrs. Ye unhappy."

Zhao Ning was confused by Secretary Li's analysis."Then, President Ye didn't reject it at the start."

"Did President Ye accept it?" Secretary Li retorted.

Zhao Ning was silent.

Secretary Li continued, " President Ye just wanted to see Mrs. Ye get jealous. It's just a little bit of bad fun between husband and wife. Miss Zhao, you're taking it too seriously. President Ye has seen a lot of beautiful women. You're going too far. You're even pregnant.

Zhao Ning didn't want to leave the station. She felt that she was the pillar of the station. She had enjoyed the glory here, but if she left and got pregnant, she would have no future when she came back.

secretary li pointed out, " go and beg su mu. nightclubs will listen to her once or twice. but if you go too far, i don't think she'll agree easily. "

Zhao Ning thanked Secretary li and returned to the station.

Director Wang had already received the news, so he naturally pulled her into his office and gave her a good scolding.

"Is there something wrong with your brain, Zhao Ning? you're usually such a dignified person, but you're also seducing President ye and su MU's husband. Can we still work together in the same Department in the future? Lin Lu from the headquarters was highly educated. She could drink, dance, and was very open and flirtatious. President ye warmed the bed a few times and said that he didn't want her anymore. He even gave her a chance to calm down before. He heard that su mu was unhappy and had a bad relationship with President ye. Now, Lin Lu was finished. Everyone in Starlight knew that as long as President ye dared to have an affair, Mrs. Ye would dare to divorce and sell shoes. Haven't you heard about her results? she didn't have any extra lessons these two days. her suitors spent tens of billions to please her. look, the building opposite her would be hers as long as su mu agreed. Do you? you have to think about other people's strengths. Don't think that you're prettier than her and more slutty than her. Perhaps she's even more slutty than you in private. All men like her!"

Chapter 5166: mrs. ye, you're not jealous? 6

Director Wang's lesson made Zhao Ning bloodied, and she couldn't digest it even after a long time.

She still wanted to say something, but station head Wang didn't want to talk to her anymore. He said very indifferently, " "that's it. i've said everything i can. xiao zhao, think about it. if you and your wife are fired together, will it affect your life? think about it, i'll throw you a sentence, you have no chance with president ye."

zhao ning left in the end and packed her things in a daze.

When she left, her colleagues all looked at her, somewhat shocked at her defeat. What had she done to make su mu so ruthless?

After Zhao Ning left, director Wang came out with a bad expression.”all of you should be more tensed up. you’ve seen what happened to zhao ning. su mu is president ye’s wife. we should make use of this advantage and fight for the funds to produce a few good programs, right? zhao ning’s reach is too far. she’s trying to seduce her husband. how can she be willing to do that?”

Station head Wang laughed coldly again.”everyone has seen it now, right? be more alert. don’t think that you’re a demon just because you’re good-looking. zhao ning ended up like you. also, don’t spread this around. it’s not good for su mu’s reputation. she’s just come to our place, so we should love and care for her. let her feel the warmth of a big family. don’t let her think that you’re hypocritical and that you’re approaching president ye to seduce him. that’s not good. su mu is unhappy, and president ye doesn’t have a good impression of us. Don’t you all want your year-end bonus? don’t you all want a good life?”

...

The netizens responded, ” Zhao Ning is too insensible. She thought that she could seduce anyone. I wonder what kind of person President ye is. Is he really someone she can reach? pregnant women are so generous.

A wave of agreement.

Director Wang was very satisfied and directed a few people. come over and clean up Zhao Ning’s things. There will be a new anchorwoman in a while. She’s sent by the higher-ups, so treat her well. Su mu will be with you for the time being. It’ll be more comfortable.

With this arrangement in place, director Wang returned to his office.

\*

on the other side, ye xiangnan sat alone for a while before going to the lounge. su mu was probably worried about ye jie, so he leaned against the bed with his phone in his hand.

Ye xiangnan went over to sit beside her and patted her head. "Are you jealous and unhappy, or are you worried about your son?"

su mu glanced at him. " what do you think? "

"both. don't tell me you're not unhappy. if you weren't, you wouldn't have returned to the waiting room alone. you would have gone back to the station with zhao ning." His expression was quite gentle, and it was rare for him to talk to her like this. There was even a bit of gentleness in his expression.

Su mu lowered his eyes and said indifferently, " "it's not like that. i just feel that i don't need to bear any responsibility for her actions. i won't say anything if you don't punish her. it's just that i'll always feel uncomfortable when i see her at the station in the future."

Thinking of the South at night, he smiled and said,"why not?" The moment you see her, you'll think of her seducing your husband?"

su mu looked at her and said,"thinking of the south at night, can you not be so narcissistic?"

He chuckled and suddenly pulled her close to him. su mu, don't tell me you really don't have any feelings for me. I won't believe you at all if you say so. You wouldn't be shy if you didn't have any feelings for me.

su mu blushed and said,"ye xiangnan, can you be a bit more careful?"

she tried to break free but failed. When he looked up, his eyes were unusually clear and bright.

Chapter 5167: Is this considered dating after marriage?(1)

"i'm going to work." su mu was speechless and remembered.

However, he grabbed her hand. don't go this afternoon. Let director Wang settle this matter. With you here, director Wang won't dare to say anything.

su mu was stunned. " what did you do? "

They had been talking for a long time, and she seemed to have forgotten to ask about Zhao Ning's fate.

ye xiangnan played with his phone and smiled faintly, "leaving the station, leaving starlight, do you think there's anything else?"

"You can transfer her to another department," su mu said while looking at him.

...

Ye xiangnan didn't answer her question directly. Instead, he smiled and said, "mrs. ye, you admit that you're not feeling well?"

Su mu couldn't answer him. He didn't want to talk to him at all. He was too detestable.

Ye xiangnan touched her hair and said, "alright, are you still angry?" i didn't pay any attention to her. "

su mu couldn't blame him for this. ye xiangnan hadn't given zhao ning any hint, but zhao ning had to go up to him. su mu was speechless.

"I'll go to the station. There's no need to hide here for such a small matter. What will my colleagues think of me?" she looked at him and gently pushed him to the side. "it's almost time."

"hello," he said. Ye xiangnan quickly caught her wrist and said with a smile, "You're really stubborn."

su mu looked at him.

Ye xiangnan surrendered. alright. Go. Don't you need me to accompany you? "

su mu looked at him with a very strange look. "i'm not your son. besides, it's not my fault for such a small matter. She's the one who seduced you, and you're the one who fired her. It has nothing to do with me. "

She was about to leave when ye xiangnan followed her out and personally opened the door for her. “you really have a heart of stone.”

Then, he said seriously, ” I know you’re worried about ye Jie. How about this? wait for me in the lobby on the first floor at four o ‘clock. We’ll get off work early to pick ye Jie up. You don’t have to worry about the second Secretary.

Su mu nodded.

When she arrived at the station, the atmosphere was a little different. After she sat down, a colleague beside her whispered, ” “Zhao Ning has packed her stuff.”

although director wang didn’t allow her to talk about it, how could a woman not be nosy?

After saying that, he looked at su mu, hoping to get some reliable inside information. Su mu chuckled.”Maybe he just wants to go home and take care of his baby.”

She didn’t say anything, but her attitude was a little cold. Everyone present was smart, so how could they not see it?

everyone stopped talking and just did their own things in silence. they were not trying to ostracize su mu because he was president ye’s wife. they were just a little shocked. zhao ning was also a pillar of the station, but president ye changed her just like that. it showed su mu’s position in president ye’s heart.

su mu was doing his own thing. it could be said that he was studying. suddenly, she remembered something. she got along well with xiaowen when she was at the sun newspaper office. yingluo’s relationship with ye xiangnan was already like this. she wanted xiaowen to come over. of course, she could also tell director wang, but she didn’t want to work here with her own identity. she was going to tell ye xiangnan.

At four o ‘clock, su mu asked for leave from the supervisor, saying that he was going to pick up the child in advance.

the supervisor had heard about today's situation from the head of the station. the atmosphere in the entire station was very tense. now that su mu had taken leave, he must have been with president ye. the supervisor was especially kind and even showed some concern for her child as if the child was not president ye's but an ordinary subordinate's.

## Chapter 5168: Is this considered dating after marriage? 2

it had to be said that the supervisor was more troublesome than zhao ning. it was not a good thing for a woman to be too beautiful. sometimes, she would be overconfident.

Su mu thanked him and packed up his things. Then, he carried his bag and left work.

before they left, a colleague whispered, 'actually, su mu is quite low-key. which rich lady would be willing to work by herself? Some people don't care if they can win or not, they just want to be an official.'

his colleague laughed and said, 'that's right.' it's not wrong to listen to the head. if we can build a good relationship, we can do a few good programs or projects here. naturally, we will have a bright future. the nightclub will give good resources to their own wives.'

Of course, su mu didn't know what was happening in the office. She went to the hall on the first floor and waited for ye xiangnan. However, ye xiangnan had a short meeting to attend, so he sent her a WeChat message and asked her to wait for a while. She also replied.

When she put away her phone, she was also a little confused. She wasn't sure if she and ye xiangnan were on good terms, but she knew that they interacted a lot.

...

It seemed that now, they really looked like a married couple.

He thought they were newlyweds, but she thought they were an old couple. She really couldn't imagine the fact that she and ye xiangnan were in love.

Not thinking about this, she contacted ye xiangnan's second Secretary. The second Secretary told her not to worry and said that ye Jie's fever had subsided and he was very energetic now. It would be fine to wait a little longer.

Su mu also felt a little guilty. She had not seen ye Jie for a few days. Although ye xiangnan controlled her and did not allow her to see him, she had to admit from the bottom of her heart that she was afraid that he was indeed forced to do something he was unwilling to do. However, if she said that she was not addicted at all, she would be lying to herself.

su mu bit his lip and dared not think about anything else.

just as she was lost in her thoughts, a familiar figure stood in front of her. "Su mu,"

su mu raised his eyes. "shen wenxuan?"

With a briefcase in his hand, he seemed to have returned from work. Seeing su mu sitting there, he called her.

Their relationship now is quite delicate. He's my ex and will soon become family, Yingluo.

su mu also felt very uncomfortable. he tucked his hair behind his ears to ease the uneasiness and asked in a soft voice, "how's ye hui recently?"

"It's pretty good. the wedding is coming up and she's been talking about you, but her big brother won't let ye hui see you." Shen Wenxuan said with a smile.

Su MU's heart ached, not for himself but for ye Hui.

In fact, ye Hui was a really very beautiful girl. She was innocent and was well raised. However, she did not have any bad habits. She was the kind of girl that everyone loved.

I'll visit her when I'm free," su mu said in a low voice. I'm waiting for President ye. I'll pick ye Jie up later.

shen wenxuan smiled. " you don't have to keep emphasizing it, president ye. i heard that you're going to hold your wedding soon. congratulations, su mu. "

he reached out his hand.

In fact, su mu was still a little hesitant. After all, so many people were watching.

shen wenxuan smiled and said,"it's because there are so many people watching that we have to be honest." People can't live in other people's rumors, don't you think so?"

su mu also smiled. he reached out his hand to him and shook it gently.

With this grip, everything in the past could be considered to be turned over.

Chapter 5169: is this considered dating after marriage?(3)

however, this scene was unfortunately seen by president ye, who came out of the elevator. the front desk lady's description at that time was that her face suddenly sank, as if a jar of vinegar had been poured on her face, but the next second, she smiled like a spring breeze.

president ye's smile was fake!

She was obviously jealous.

However, that's what you think. President ye doesn't think so. President ye even thinks that he's especially generous.

President ye walked over gracefully and naturally put his arm around Madam's waist. "Lawyer Shen."

shen wenxuan happened to be facing this direction, so he knew that ye xiangnan was full of jealousy. he didn't ask how he knew, but it was a man's intuition.

...

the two men shook hands with an ambiguous look in their eyes, but su mu didn't know.

Her thoughts were very simple. Shen Wenxuan and ye Hui had a child and were about to get married. Naturally, she would not miss the past. Otherwise, it would be very strange. Moreover, she was with ye xiangnan.

"aren't we going to pick up ye jie?" She pulled ye xiangnan's sleeve, and then President ye directly held his wife's hand in front of many people. "let's go,"

he and shen wenxuan talked about a few business matters and left without any further interaction.

in the car, su mu finally came back to his senses. he said while fastening his seat belt, " you don't have to be so uptight every time you see Shen Wenxuan. I don't care. You have to think about ye Hui's face.

ye xiangnan started the car and smiled, " you look like Mrs. Ye now. You've learned to teach people a lesson, haven't you? "

Su mu stared at him and didn't say anything for a long time.

Ye xiangnan smiled again. you're not happy to see your first love? "

"i'm very happy. i would be even happier if you didn't appear." Su mu retorted.

He thought that he would get angry, but he didn't say anything after thinking about it for a long time. Su mu couldn't help but turn his head to look at him.

there was a faint smile at the corner of his mouth. he seemed to be in a good mood. su mu wondered if he was updating early. his mood was too unstable.

ye xiangnan was driving. when they reached a red light, he grabbed her hand and smiled.”you’re becoming more and more disrespectful. weren’t you afraid of me before? why are you acting like that now?”

Su mu wanted to pull his hand back, but he didn’t let her. He played with it slowly. Before the green light turned on, he even turned around and gave her an evil smile.

su mu was so angry that he didn’t pay attention to him until the car reached the nursery. they stopped the car and got off together.

Ye Jie was still in the infirmary and had already woken up. The second Secretary helped him put on his clothes and played games with him. When the door was pushed open, ye Jie’s eyes lit up when she saw su mu. Her eyes were full of little stars. She pounced on him at once.”Mom.”

Su mu also felt upset. Holding the little guy in his arms, he thought that it seemed that he had not seen ye Xi for a long time and had not held this warm little body for a long time.

“you’ve forgotten about your father after seeing your mother?” ye xiangnan asked.

In his mother’s arms, ye Jie called out to his father with a red face. Ye xiangnan touched his little head and didn’t argue with him.

“President ye, please excuse Mrs. Ye. I’ll go back first,” said the second Secretary with a smile.

Su mu was a little embarrassed to be called Mrs. Ye, but she didn’t refute. She said softly, ” “i’ll send you home since it’s on the way. it’s not convenient to take a taxi here.”

The second Secretary didn’t dare to let President ye send her, so she quickly declined. However, ye xiangnan went along with it, ” “that’s true, i’ll just take the place.”

Chapter 5170: Is this considered dating after marriage? IV

The corner of the second Secretary's mouth twitched. This favor came too quickly for her to digest. In fact, ye xiangnan's thoughts were quite simple. This favor was given by su mu. In the future, su MU's words would naturally carry weight in front of these people. He was well-versed in the workplace.

Su mu was much more innocent than him. The second Secretary had helped to take care of ye Jie for a long time, so it was only right for him to send her off.

the four of them got into the car. su mu naturally sat in the back seat to carry ye jie. the second secretary did not dare to sit in the back seat as he was treating president ye as the chauffeur. therefore, he felt that it was more appropriate for him to sit in the front passenger seat. Secretary Wang, you can sit in the back seat and help su mu take care of ye Jie.

although the second secretary wasn't as good at handling things as secretary li, she was also a smart person. she immediately understood president ye's intention. president ye didn't want her to sit in the front passenger seat. this seat was reserved for mrs. ye. many men actually didn't like other women sitting here.

Su mu held ye Xi and talked to him. Secretary Wang was also teasing the little guy. She wouldn't dare to do it if President ye was alone, but su mu was very approachable, so she was more relaxed.

ye jie was very polite and called her aunt xiao wang. she even told her parents in a childish voice that aunt wang had bought candy for her. the candy was so delicious that secretary wang smiled. "you're so sweet."

...

ye xiangnan drove for an hour before he sent secretary wang home. when secretary wang got out of the car, she felt a little unreal. she was just the second secretary and didn't have much interaction with president ye. in her impression, president ye was actually a very cold man. few women in the company could enjoy president ye's gentleness. even lin lu in the past was not very polite to him. men would not have a good attitude towards women who threw themselves into their arms.

However, in the car just now, she felt that President ye was actually quite gentle to su mu. When the traffic light turned red, he would look at the rearview mirror. If he was not looking at ye Jie, he would be looking at su mu with a fervent gaze.

Secretary Wang thought to himself, after all, they are newlyweds. They are just different!

later, su mu said that ye jie was a little cold and whispered to him. after president ye increased the temperature, he asked gently if this was okay. his voice was hoarse and pleasant to the ears.

Moreover, su mu could get President ye to drive him back in an hour's car with just a word. How big of a face did he have to be, and how much President ye cared about him!

the next day, secretary wang told this major discovery to his superior, secretary li. secretary li deliberately promoted it so that the whole company knew, even the colleagues in su mu station knew. suddenly, everyone knew in their hearts that president ye loved madam very much, and madam did not care much about president ye.

At this moment, ye xiangnan had just sent Secretary Wang off. Before he started the car, he looked at su mu and said, " " take ye xun to our place. he can stay there for the time being. we can hire two part-time workers. there's no need to keep the servants at home. "

su mu didn't listen carefully and asked casually, " "Why?"

"because it's not convenient," ye xiangnan stared at her and said with a smile.

After a long time, su mu actually understood it in a second. He lowered his eyes and didn't say anything more. Ye Xi wanted to say something when ye Jie asked in a childish voice, " "Dad, why not?"

The two adults looked at each other, and the atmosphere was still a little strange. In the end, ye xiangnan smiled and said, " "you can ask your mother."

su mu was furious. it was his fault!
