

Thank you 5181

Chapter 5181: actually, she's quite doted on 3

as a mother, wen yuan was quite proud of his mighty son!

however, if she knew what happened at starlight this morning, she would probably scold her son. she was already his wife, was there a need to be like this?

However, she didn't know that. She thought that her son was so capable that he had finally won the little girl's heart. In fact, in her heart, ye Jie was already so old. Whether the two little ones had a wedding or not, su mu was still part of the family.

wen yuan treated shen wenxuan with some courtesy and awkwardness. however, he treated su mu as if he was his own child. sometimes, he would even scold su mu when he could not get through to him.

It was as if he was treating her like his own child.

hearing ye xiangnan's words, wen yuan immediately said, " " it'll take a while. su mu is hungry. nan, can you take her out to eat something first? the auntie at home knew that su mu was coming and specially made her favorite shortbread. "

...

ye xiangnan smiled and pinched su mu's face, but he said to his mother, " "Mom, you fed her for nothing. Look, she's not putting on any weight."

wen yuan scolded him, " it's all because of you. let me tell you, su mu is only 23 years old. he still has a chance to grow up. tell her to rest more and stop working all day. girls should be married and loved. "

mom, you're right. ye xiangnan nodded. I'll keep su mu in my office for the whole day.

he said it so openly that everyone present was stunned.

ye xiangnan looked around and asked, "is there a problem? We're a legally married couple."

After saying that, he took his wife to have some desserts. The rest of the people were all dumbfounded. The men drank tea to cover up their loss of composure, while the women looked down in embarrassment. They felt a little ashamed to have such a shameless brother. Su mu had it hard.

Shen Wen yuan made a fuss and said, "Will this affect your work?"

the ye family didn't say anything. how would this affect their work? Ye xiangnan would only work harder if he got a bad taste. Poor su mu. It must have been hard for him to marry such a shameless thing in the ye family's stall.

However, he had never heard of ye xiangnan being so perverted before!

everyone was puzzled, but ye xiangnan was feeding su mu unhurriedly in the small dining room. he fed su mu three servings in a row before she let go and asked aunty wang to make a cup of flower tea for her.

Su mu wasn't a block of wood. How could he not feel the pain? She looked up at him. are you really not going to go and ask? "

Although she knew that Shen Wenxuan's character was good, she was always afraid that ye Hui would be at a disadvantage because of the big family in the Shen family.

ye xiangnan smiled. "what? now that you've married me, you're standing on the ye family's side. are you afraid that your sister-in-law will suffer? "

"i'm talking to you about something serious, why do you have to be like this?" Su mu was dissatisfied.

he smiled and told her the truth, "don't worry. My mother has been really unsightly in recent years. The ye family can afford to suffer a small loss, but a big loss. Do you think there are fools in the ye family? although ye Hui is innocent, she is definitely not stupid. Only you love to worry.

as he said that, he flicked her forehead and teased su mu. he found her silly look rather cute. if they were not here, he would have loved her dearly.

Chapter 5182: actually, she's quite doted on 4

on the other hand, shen wenyuan tried to stir up wen yuan's dissatisfaction with su mu several times, but wen yuan remained indifferent. in the end, shen wenyuan shut up, but shen wengui did not stop her even once, which was strange.

After the meal, ye Hui stayed behind. Shen Wenxuan sent his parents off and came back to accompany her for a while. Ye Hui leaned into his arms and said softly, " "Why aren't you speaking up for sister-in-law today? your sister has been making things difficult for her."

Shen Wenxuan reached out to tidy her long black hair and smiled. isn't it enough to have your brother as your guardian angel? you don't need me to say anything. Besides, if I really helped you, would I cry in the middle of the night? "

"Water doll," he said as he tapped her little nose.

"shen wenxuan!" ye hui glared at him.

he laughed in a low voice. " i'm here. "

...

She was rarely angry, but when she was angry, her little face was especially vivid and beautiful.

the ye family's attractiveness index was really very high. shen wenxuan had also once asked himself whether he liked ye hui because of her good temper or more because of her beauty.

This kind of non-invasive beauty, gentle and lovely, was the most beautiful thing that could be imagined in the world. He had it, and it was unforgettable after touching it once.

He was a little moved. He pressed her on his shoulder and said a few gentle words. After that, ye Hui did not have time to worry about her sister-in-law. In fact, she could also see that their relationship was very good. Did that mean that Shen Wenxuan had also let go of her resentfully?

she stole a glance at him, and he smiled. ” “what are you thinking about?”

“i’m thinking if the child will look like you or my yingluo,” she said softly.”if he looks like a girl, he’ll definitely be as smart as you. if he’s a boy, won’t he be too soft and stupid?”

“Ye Hui, why do you think you’re stupid?” Shen Wenxuan ruffled her hair.

She was actually very smart, smarter than most people. A person who was always rushing forward might not be smart. Ye Hui was just right. Of course, not everyone had her good luck and could adapt to the situation. However, when he lost his direction, ye Hui became his best place to rest.

It was probably from this day onwards that Shen Wenxuan and su mu had completely turned over a new leaf. This was probably a tacit understanding between the two men. Things always needed to be resolved.

to president ye, even though he had changed his wife, he still wanted to beat shen wenxuan up.

he did not say anything during the drive back. su mu knew what he was thinking and snorted. ” they’re getting married. why are you still angry? ” Or would you be happier if you didn’t get married?”

Ye xiangnan found it a little funny. what are you thinking about? I just feel that ye Hui has been wronged.

In fact, ye Hui had another choice at that time, which was to break up with Shen Wenxuan. It was not that she could not bear to break up with him, nor was it that she was going to die without Shen Wenxuan. On the contrary, ye Hui was very smart. She could live well alone with the child.

“She got married for me. Do you believe me?” Ye xiangnan sighed. think about it. If you don’t get married, she’ll be pregnant. The child will be your ex-boyfriend’s Yingluo.

Su mu couldn't take it anymore. ye xiangnan, what are you trying to say? ”

He held the steering wheel and looked ahead attentively. He said in a seemingly casual manner, ” even ye Hui knows that I love you. Why can't you tell? ”

su mu leaned against the back of the chair. ” missing nan at night. do you know what you're saying? ” he asked.

“i'm confessing.” “what do you think of su mu?” he asked indifferently.

Su mu was particularly speechless. it doesn't seem to be the right time. We're in the car.

“I've booked a hotel.” He suddenly said,”are you going?” about the proposal, yingluo.”

Chapter 5183: Marriage proposal (1)

Su mu was a little confused. He looked at him for a long time before he said, ” “Why do we have to go to a hotel?”

Ye xiangnan chuckled and rubbed his wife's hair while driving. ” mrs. ye, do you really not know or are you pretending not to know? ”

“i don't know.” she said softly.

thus, president ye knew that his wife was really so innocent that he didn't know. when they first got together, she was still young. at that time, she had a boyfriend. perhaps yingluo had only kissed her!

However, President ye immediately remembered that his wife had kissed his future brother-in-law and felt very uncomfortable. Therefore, he could not help but take it out on her and tease su mu for being bullied by him.

At this moment, President ye gritted his teeth and smiled gently. “I'll teach you.”

...

actually, he didn't know when he fell in love with her. perhaps it was because he couldn't let go, so he didn't resist. yingluo also didn't allow her to resist.

President ye was still very domineering in his bones. Since he liked her, she had to like him.

The more su mu ignored him, the more he wanted to conquer Yingluo.

Su mu didn't want to talk to him anymore after he behaved like this. He lowered his head."where's ye xi?"

"what are you afraid of when you're with my mother?" he said very lightly.

su mu couldn't believe it. she said slowly and softly, " why didn't you mention it when we were at Wen Yuan? and why didn't I see ye Jie? "

"You didn't ask just now." "You don't care about your son at all," he said with a smile.

su mu was simply too much. she couldn't communicate with him, so she turned her head and looked outside. it was still drizzling outside. she couldn't help but remember that ye xiangnan had given her his coat before. as a woman, she couldn't help but soften her heart.

He stopped the car at the hotel and looked at su mu. "let's get off the car."

her voice was quite gentle. su mu didn't move from his seat and was still putting up his last resistance."Actually, it's good to go home. Why do you want to stay in a hotel?"

President ye's face actually darkened a little. He looked at his wife."i've already booked one."

Oh, " she replied, got out of the car, and followed him.

Ye xiangnan was angry, and his romantic feelings were almost gone. He went to get the room card with a sullen face. He didn't say anything in the elevator, which made su mu think that he had updated early.

But thinking about President ye's data, it didn't seem like it.

that was purely a mental morning update, which she had unilaterally announced.

ye xiangnan had no idea what she was thinking. he unlocked the door of the presidential suite with a sulky face and said, " come in. "

Su mu entered the room and was instantly stunned.

The Presidential Suite, which cost 88000 Yuan a night, was as luxurious as it could be. The key was that the suite was covered with black roses. She knew that it was a rare species, and she also knew that it had to be air flown. How did Qingqing airlines get them in the rain today?

The floor was spread all the way to the bedroom, including the big white bed. The visual impact was so special that Xuanji and su mu were not vain at all. However, they were a little moved at this moment. Firstly, it was his effort, and secondly, Xuanji was shocked!

which woman wouldn't be moved by such a scene? Which woman could stand it?

su mu's eyes were misty. she thought that it was not that she was not vain, but that she was not good enough. At that time, Cheng Zheng was so rich that she bought all the big screens. It was obvious that she only felt troubled by it. However, the room full of black roses and the black pajamas on the bed had quietly touched her heart.

Chapter 5184: Proposal (2)

she walked out and saw ye xiangnan leaning against the bar counter in front of the floor-to-ceiling window. he took two glasses and poured only one glass. he was drinking slowly by himself, and his face was still stinky.

su muman was speechless and walked over, " are you angry? "

Her voice was very soft, and she rarely spoke to him like this.

Usually, she would call him Mr. Ye, President ye. Ye xiangnan didn't address her and spoke softly, which made them seem more intimate. Although ye xiangnan didn't talk to her, his expression wasn't so bad.

Not only did he drink, but he also smoked. He ignored su mu.

Su mu poured himself half a glass of red wine. I'll accompany you.

...

He smoked his cigarette and blew a smoke ring in front of her. His voice was cold."i thought you didn't like it? miss su, what are you doing now? trying to curry favor?"

In fact, although su mu wasn't a block of wood, he was really pure and innocent. How could he please a man? but now that he was angry, she felt that she should say something nice to make him happy, so she hummed in agreement. although it was a little stiff, her attitude softened.

although ye xiangnan's heart was broken, his face was still cold."why are you trying to please me? i'm overthinking it."

as he spoke, he took another puff of the cigarette, not taking her seriously at all.

Su mu leaned against him and sipped his wine. Then, he said in a low voice, " " these roses must be expensive. they look so good. "

he looked at her, snorted coldly, and said a little harshly,"You're so petty. All you care about is how much it costs."

surprisingly, su mu wasn't angry. he smiled and said, " "I'm afraid of wasting money."

for some reason, ye xiangnan's heart softened a little. he had married a very ordinary girl, and her character was a little stiff. however, he was sure that he would not be attracted to a girl with a face like hers and a very gentle character.

so, this was good. she could always anger him. he was quite good. at least he didn't lose out. the wife he married was different from others, and it was worth it.

President ye went through a lot of things about the contract in his mind before he finally understood. When he looked at her again, he was very calm. Then, he said, "didn't you want to please me? if not, you've seen it on tv, right?"

su mu lowered his eyes and finished half a glass of red wine. he said in a low voice, "i'm going to change my clothes."

Ye xiangnan's Adam's apple bobbed. He was in disbelief. After a while, su mu came out. The black clothes looked really beautiful on her.

She was very thin, but her bones were really good, making up for the lack of a face.

Moreover, her hair was let down and she was barefooted as she stepped on the black roses in the room. She looked soft and feminine.

Su mu walked to his side and smiled. Then, he took the cigarette from his lips and took a puff. mouth.

ye xiangnan was stunned for a moment, and then he snatched the cigarette from her hand, as if he was furious. "why would a woman smoke?"

He put out the cigarette and looked at her up and down.

su mu lowered his eyes. "thinking of nan at night. did i please you like this?"

There was a hint of brightness in his eyes. "probably!"

su mu walked over and held his arm. "didn't you propose?"

"where's the ring?" she stretched out her finger.

“you made me so angry and you still want the ring?” ye xiangnan looked at her.

She hummed and rested her face on his shoulder. Ye xiangnan almost went crazy looking at her.

After a long time, he took out a small box from his pocket and opened it unwillingly.

Chapter 5185: proposal (3)

Su MU’s voice was very soft. I think of the South every night. This may be the only time in our lives. Shouldn’t we be more serious? ”

He glared at her and said impatiently, ” “What, you want me to kneel down and propose?”

“Shouldn’t I?” su mu asked.

su mu! ye xiangnan’s face was still dark. su mu, don’t be so arrogant.

she pushed the ring back to her and said in a low voice, ” “then forget it.”

“Take it or leave it,” ye xiangnan glared at her.

...

He was about to take the ring back when su mu called out softly, ” “Wait a moment.”

he looked at her. ” you want it again now? ” Women are really troublesome, they don’t mean what they say.”

su mu looked at him and then took the box. he opened it silently and wanted to put it on himself.

the ring was beautiful and simple, with a single 12-carat diamond from the united states.

She was stunned for a moment. She held her breath and was about to put it on when ye xiangnan suddenly said in a low voice, ” “Forget it,” he said.

he took the ring from her hand and knelt down on one knee. without saying anything, he gently put the ring on her finger. this was his limit.

su mu sat there, looking at the ring on his finger and the man who put it on for him. he would be lying if he said he didn’t feel anything. all the women in the world fell for it.

Roses, a diamond ring, and a handsome and rich man.

Su mu was also a woman, so he would fall for this trick. She lowered her head and looked at him.

ye xiangnan looked up after putting the ring on her. their eyes met, and then she was pulled to the carpet by him.

At daybreak, su mu was in a deep sleep with his hands under his hair.

when the sun shone on the bed sheet, she reached out to block it. then, she felt a slight headache. she raised her hand and realized that the ring on her finger was a little too big and was pressing down on it.

She sat up slightly and found that ye xiangnan had already woken up. He was standing in front of the floor-to-ceiling window, refreshed. His whole body was bathed in the sun, slender and beautiful.

he was carrying her, so she could look at him as much as she wanted, su mu thought to himself. he was quite handsome, which was rare, and he had good statistics in all aspects.

just as she was entranced, the man who was on the phone put away his phone and turned around abruptly. ” you’re awake? ”

Oh, ” she said, leaning against the bed. What time is it? ”

it was saturday, so he didn't have to worry about going to work. however, he seemed to be quite busy.

ye xiangnan smiled and sat beside her. "it's 11 o'clock. let's eat in the room."

Su mu looked over and found that all the roses had been cleaned up. She looked at him.

ye xiangnan coughed and said, "i cleaned it."

She nodded and didn't say anything else. The atmosphere was quite strange. Ye xiangnan picked up her hand and looked at it. "It's quite suitable, don't take it off."

She hummed in acknowledgment and then said that she was hungry.

ye xiangnan smiled. "the waiter will bring you lunch later. i have a meeting in the next room in the afternoon. you can stay here and rest. i'll take you out for dinner tonight."

Su mu was about to refuse and say that she could go home on her own when ye xiangnan touched his forehead. "su mu, why are you so unromantic? we're still staying here tonight."

su mu just looked at him. "you're still staying here?"

He nodded. yes, I'm still staying here. Is there a problem?"

She said no. Ye xiangnan nodded. good.

As he spoke, the waiter outside brought the food over. He asked her to wash her face and tidy herself up while he went to get the food.

su mu went to wash his face and inadvertently saw herself in the mirror.

She almost didn't recognize the woman in the mirror as her. Her skin was very fair and delicate, looking especially moist and tender. She was in a daze for a while until ye xiangnan called her to dinner.

only then did she adjust the kasaya shirt on her body. it was the one that ye xiangnan had worn last night.

Looking at the shirt, su mu recalled some memories and his face became hot.

"Su mu?" Ye xiangnan called her again, so she immediately pulled her clothes and went out. Fortunately, they were long enough to cover what needed to be covered.

after they left, ye xiangnan said in a low voice, "Come and eat."

...

Then, his eyes fell on her. When he saw the black shirt she was wearing, there was a burning look in his eyes.

She looked surprisingly good in black, and that dress was his.

after that, for a long time, president ye would wear black shirts because it could be worn as mrs. ye's pajamas at night. she didn't have any objections.

at this moment, he asked her to go over and sit down. su mu watched him put the food on the table from the small cart. it was a luxurious and nourishing meal, all of which were made with the best ingredients.

Su mu sipped the soup and sat there upright. He also saw her black hair, fair and delicate face, fair and slender hands, and a beautiful diamond ring on her finger.

ye xiangnan also suddenly realized that his wife seemed to have become much more beautiful. she had only been with him for a month, but she already had the unique temperament of a rich family. she was not a nouveau riche, but a calm temperament.

he looked at her silently and served her another small bowl of soup. ” “have another bowl. you’re too skinny.”

“You don’t like it? She lowered her head and dared to talk back.

ye xiang nan was speechless. he looked at her and then laughed softly.”it’s pretty good, but it’ll be better if i gain a little more weight.”

She was only about 90 pounds and 162 centimeters tall. It would be better if she could be raised to 100. that way, she wouldn’t look too chubby and would only look more moist.

Su mu was only 23 years old, but it was hard to tell from her appearance. She looked like she was about 26 years old. It was not that she looked old, but that she had a stable temperament, unlike a 23-year-old girl.

this was also good. he didn’t want to spend all day coaxing an insensible little girl, even though she was harder to please than little girls.

with this thought in mind, president ye’s heart was particularly conflicted and he had an indescribable feeling.

Su mu played with one side of his hair and sipped the soup. He looked up.”what’s wrong with you?”

“Nothing, just eat.” he looked at her, smiled, and held her hand below.

su mu wanted to take it back, but he couldn’t. later, he dragged her here and coaxed her to eat a lot.

su mu felt that he wasn’t used to this. but ye xiangnan seemed to like it, so she thought to herself, ” do all men like this? ”

“shen wenxuan did the same to ye hui.” he suddenly said.

Su mu was a little angry. She did not like him talking about Shen Wenxuan in front of her. It seemed like he was testing her.

su mu lowered his head and didn't say anything. he just ate in silence.

“Are you angry?” Ye xiangnan wiped his lower lip and took the chopsticks from her hand.”don't eat if you can't eat. i'll have to take care of you if you cause a scene at the hospital.”

He deliberately said it in a fierce and inhuman way. Su mu turned his head away.

“you're angry already?” he sighed and turned her sharp chin around with a strong intention.

Chapter 5187: Marriage proposal (5)

“You're angry already?” Ye xiangnan sighed and turned her sharp and beautiful chin around with a strong meaning in his words, ” “Su mu, why don't you think that I'm jealous? I'm jealous because I miss the South at night, huh?”

Su mu wanted to twist her hand away but couldn't, so she was forced to be pinched by him. Her face was a little hot, and she said in a low voice, ” “haven't you been in love before?”

yes, I did, but, ” he said faintly, ” however, Qin yihuan was taken away by Shen ting before she was even ten years old. There's no such thing as love under the moonlight or anything like that. Su mu, you're almost my first love, but I'm not your first love. Shouldn't you apologize to your husband? ”

Su mu was furious. ye xiangnan, you're too shameless.

“how am i shameless? does it mean that i'm shameless just because i care about you? what kind of logic is that, huh?” he laughed in a low voice. he felt that it was extremely pleasant to just tease her without doing anything.

he pulled her earlobe and suddenly felt that pearl earrings were very suitable for her. his eyes burned for a long time, and he touched them again, smiling without saying anything.

...

su mu's face was burning. "aren't you going to the next suite for a meeting?"

He smiled and looked at the time. "it seems like the time is up."

after that, he tidied up a little and told her to get the waiter to clean up before he rested in the hotel. he would be back around four o'clock.

Su mu nodded. She was indeed a little tired. She took a shower after letting the waiter clean up. When she came out, she found a bag on the bed. It was a change of clothes. She didn't change into it immediately because she needed to rest. Instead, she took a nap for a few hours in his shirt.

As for the nightgown from last night, it was lying quietly on the ground, rustling.

Ye xiangnan said that he would be back at four o'clock, but he was a little late. He only came back at about five o'clock. He came back quietly and saw her lying in the bedroom obediently. His heart softened.

He walked to the bed and sat beside her. She was still wearing his shirt and seemed a little obedient.

Actually, thinking about it, she was only 23 years old, still very young.

"little mommy." he muttered these words and chuckled again.

He took out a small velvet box from his pocket and opened it. There was a pair of pearl earrings in it. It was a very simple style. They hung under the earlobes like water droplets, making them look very elegant. He felt that she was suitable today, so he went to pick them out after the meeting. It took him two hours to pick out the ones that suited her.

to be honest, it wasn't expensive, but now that he was personally putting it on for her, it looked surprisingly good.

Su mu woke up because of his movement. Looking at him, he stretched out an arm to touch his ear and asked softly, "what is this?"

ye xiangnan picked her up and carried her to the mirror in the bathroom. "do i look good?"

He rested his chin on her shoulder and leaned close to her. Su mu looked at himself in the mirror-

the pair of small pearls, her black hair, and the black shirt she was wearing made her look surprisingly feminine. she couldn't help but say, "nice, where did you get it?"

she couldn't bear to part with it. this pair of small pearls moved her heart and made her like them more than the ring.

I picked it for you after the meeting," ye xiangnan said softly. do you like it?"

"i like it." she told him the truth, and he turned her around. "is there any reward?"

Chapter 5188: proposal (6)

It was a hard job for su mu to get this reward.

when they went out for dinner, it was already seven o'clock in the evening. she was a little tired and didn't want to go out, but ye xiangnan still pulled her out.

when they went out together, she almost didn't have to think about where to eat. the southern meeting at night had been arranged, and it was almost nourishing. su mu suddenly thought of something while drinking the soup.

However, they had eaten in the lobby outside and not in the private room, so this topic was not suitable to be discussed in a crowded place.

So when no one was around, she said in a low voice, "Ye xiangnan, I have something to ask you."

he placed the dishes on her plate, looking very elegant."What is it?"

...

Su mu couldn't bring himself to say it, so he just said vaguely, "We'll talk about it when we get back to the hotel."

He then laughed. He laughed very happily. After the meal, he strolled around outside for a while to digest the food before returning to the hotel. After returning to the hotel, the nightclub started to be indecent. Su mu was pressed against the door by him.

"do you want a child?" she whispered, pushing his shoulder.

Ye xiangnan let go of her and smiled."you're not willing? we're going to get married soon, and this child will be born out of wedlock. i'll like it a lot, no matter if it's a boy or a girl."

why? " he asked, " you don't believe that I'll be loyal to my marriage? "

"no." "Too fast, I'm not ready yet." She lowered her eyes.

she looked up at him and pleaded, "ye xiangnan, i don't have any other requests. if you want a child, how about two years later?"

He looked at her and became gentler. He reached out to stroke her hair and said in a low voice, "Su mu, I actually really want a daughter."

She was gently hugged by him, and she decided to forget about tonight's plan.

Su mu didn't know what to do for a long time before he asked him in a low voice, "Thinking of the South at night, why?" he asked.

His smile was a little bitter. if you can't let go of someone, it's probably because you like her. I don't want to make things difficult for myself. It's that simple.

In order to maintain a stable relationship, he would not look for another woman. He could be loyal, but the premise was that she had to be physically and mentally with him. If she was not, he would punish her.

Su mu was also quite speechless. After staring at him for a while, he said in a low voice, "ye xiangnan, we weren't in love before."

He suddenly said in a rough voice, "But I love you very much now."

su mu was shocked and speechless.

Ye xiangnan approached her and whispered in her ear, "So, you have to love me too, understand? Otherwise, I'll kill you."

Su mu raised his eyes and looked at him with tears in them.

ye xiangnan didn't care and rudely pulled her into his arms (evil ellipsis).

*

At the same time, master Cheng was not in a good mood recently. He heard that his first love was going to marry the pretty boy's ex-husband, and they were going to hold a grand wedding. Moreover, lawyer Shen was going to be the pretty boy's brother-in-law.

what's wrong with lawyer shen and su mu? do they look good marrying into the ye family?

did he, cheng zheng, not have money? he could have accepted it all!

master cheng was very angry. once he was angry, su zhiyan's life would not be easy. even if he tried his best to serve master cheng, it would be useless.

recently, master cheng had been very irritable and would hit her at any time. su zhiqiao could not take it anymore, but she could not leave master cheng anymore. in addition, she was indeed infatuated with him.

master cheng came back from outside and sat on the sofa with his legs crossed, reading the documents sent by his subordinates. he looked very impatient. he had not studied for a few days and had a headache when he read these.

Chapter 5189: Long time no see (1)

he hadn't studied for a long time, so he had a headache when he saw this.

After looking at it for a while, he threw it aside and wanted to catch su zhiqiao to relieve his boredom.

su zhirou went over to accompany him for a while before picking up the documents and coaxing him to read them. master cheng smoked a cigar and said nonchalantly, "Help me take a look! I hate this the most. Didn't you go to school for a few years? can you even read?"

su zhiyan was about to vomit blood, but she still spoke in a particularly gentle and charming manner, "then i'll help master cheng take a look. if there's no problem, i'll tell master cheng."

Su zhirou was indeed a smart person. She was able to digest the stack of documents and reports in no time. However, she was also shocked by the amount of business that master Cheng was doing.

however, she had also benefited from it and couldn't leave, so it didn't matter.

...

she pointed out a few mistakes and showed them to master cheng. master cheng glared at her and then pulled the female secretary over to give her a good scolding. the female secretary was crying very hard. su zhiyue looked at the woman coldly and thought, 'why did master cheng use his mouth instead of his fists?'

she didn't know that master cheng had a problem. he had some respect for cultured people from the bottom of his heart. the female secretary was also a college graduate and was usually delicate. he was only willing to scold her, but he had never hit her. usually, he only hit women who had done hair with him because he had spent millions of yuan on her. she had to suffer no matter what.

comparing su zhirou and su mu, one could tell that the treatment was different.

however, what su zhiyan was obsessed with was master cheng's strong manly aura. she could not bear to leave this life of luxury, so master cheng bought her a villa as payment for her hard work. Hence, su zhirou had given up on following master Cheng. She felt that she was different from other women in his heart.

However, she also knew that master Cheng only thought of su mu and treated her like the moonlight. The reason why he was upset these days was because su mu was getting married. Su Zhiyan was feeling very uncomfortable. After the Secretary left, she lit a cigarette and blew out a smoke ring. "I thought master Cheng was going to make a move."

Master Cheng glanced at her and said, " why would I hit her? she's just a little girl, earning tens of thousands of Yuan a month. It's hard.

Su zhirou wanted to puke to death. Was it hard to make a few forms with just a few tens of thousands? She accompanied him as he punched and kicked her, and no one felt sorry for her.

She didn't even have a place to act cute.

master cheng glanced at her. " you already know? "

Su zhirou wanted to keep him in suspense, but master Cheng kicked him and scolded, " "don't try this with me, or i'll beat you to death."

Su Zhiyan's expression turned ugly as she lowered her eyes."She's getting married and you're taking it out on me? If you're so capable, then go find that reporter Liu. She won't let you have your way."

She wanted to praise herself, but master Cheng's eyes were filled with interest."You're right. That woman is much more interesting than you. She's not like you. You don't even put on proper clothes in the villa every day. You wear pajamas and pajamas every day. There's no sense of novelty when you look at them in large chunks."

master cheng was a rough man who said whatever he wanted to say.

"Didn't I do it because you like it?" su Yuyan was furious.

"i'm tired of watching it every day."

Chapter 5190: Long time no see (2)

Master Cheng swaggered away after he finished speaking. He did not care if su Zhiyan was angry or not. After all, this woman would still be lusting after him after she got angry. He, master Cheng, was rich, had a good body, and was also handsome. Where could she find such a man?

master cheng was driving a flashy sports car in the winter with an open roof and sunglasses.

He was a rich man.

The car drove straight to The Sun newspaper office and patiently waited for sister Hong to get off work.

Perhaps the car was too ostentatious, so everyone in the newspaper knew that ran ran, du Meili, was particularly angry. She twisted her waist and said, "I heard that some people have developed feelings for criminals.

no one paid attention to her, but zhang fucai came out of the office and gave her a good scolding, mainly because he had no relationship with this woman now. he could scold her whenever he wanted, which made chief editor zhang very happy.

...

However, when he thought of the car and the man downstairs, he couldn't smile. He could only smile bitterly and take out a cigarette. I'll say this first. Whoever provokes Cheng Zheng will get out of here.

her words were too full of herself. cheng zheng made a phone call from downstairs and bought the sun newspaper office. when she came up from downstairs, the former boss came over to take over the job. at the same time, she wanted the employees to get familiar with the new boss.

du meili looked at zhang fucai and sneered, " "You'll be the first one to get lost, right, ex-husband brother?"

Zhang fucai was furious, but it wasn't the time to argue with du Meili. He still had to deal with master Cheng. It was very humiliating for a man, but he had to go.

He was the boss here, and although sister Hong was already his ex-wife, she was still his subordinate.

zhang fucai was also afraid of trouble and pain. the injury from last time still hurt, but he still mustered up the courage to step forward. just as he was about to speak, master cheng pointed at him and said, chief editor Zhang, think about your injuries and your two adorable children. Do you want to meddle in this? I've bought this place. Is everyone here? "

Although du Meili was vain, she really couldn't stand master Cheng's attitude. She just wanted to see sister Hong make a fool of herself.

Sister Hong walked out of her office and said in a calm voice, " "i quit."

As she spoke, she packed her things and was about to leave. She had savings, millions, a house, and a car. She could live on even if she sat at home for ten years. Damn justice, I don't want it anymore.

Master Cheng also knew that she had this trick up her sleeve. He turned sideways and said, ” ”
goodbye, great reporter liu. however, we do have a lot of people here. how about this? chief editor
zhang, you’ve been here for many years. i heard that you’re familiar with great reporter liu. let’s go
through this together. ”

“Cheng Zheng, what do you mean?” sister Hong turned around.

Master Cheng took off his sunglasses and smiled.”you know what i mean, reporter liu. If you dare
to walk out of this door, your precious ex-husband will have to get lost.”

“what if i don’t leave and you give me this newspaper?” sister hong raised her eyebrows and took
out her lipstick from her bag to touch it up. she looked pretty, but she was surprisingly likable.

especially when she caught master cheng’s eye. he meant it when he said that she was interesting.
he and reporter liu went to the club once, and later on, he felt that no woman was interesting, so he
ran.

that was why he had come and spent hundreds of millions just to provoke them.

This woman was not an idiot like su zhirou, who could be dismissed with a few million Yuan.
Furthermore, her ex-husband was her weakness. Just the thought of it made her feel bad.

How could such a fat coward be worthy of being master Cheng’s love rival?
