Chapter 5201: i want you now (7)

Sister Hong didn't say anything and took out another cigarette. Master Cheng reached out and put it out for her. "Didn't you say that I'm not allowed to smoke?"

sister hong looked at him and gave a faint smile. "Why do you care?"

Master Cheng was a little angry. no, I'm saying this for your own good. Why are you so unreasonable? "

"then what if i told you not to smoke the cigar?" sister hong glanced at him and said as she took a puff of her cigarette.

master cheng touched his head, feeling uncomfortable. after a while, he suddenly smiled and came over. "You care about me?"

sister hong couldn't stand his dog-like behavior. " who cares about you? there are many women who care about you. "

...

master cheng was quite proud. " you're jealous again, aren't you? don't just be jealous. eat the vegetables. "

he eagerly picked up some food, but sister hong was already full. she shook her head. "I'm full,"

Master Cheng even specially went to check on her and found that she was really full. He was a little proud and swiped his card to pay. When he left, he received a phone call saying that something had happened at the club and that master Cheng had to deal with it himself.

master cheng sat in his ten-million-yuan sports car and frowned. " "I'm on a date, what's the big deal?"

the other side said something, and master cheng nodded calmly. " keep the situation under control. i'll be right there. if you can't, i'll skin you alive. "

"master cheng, hurry up." the other party nodded like a lackey.

Master Cheng hung up the phone and put on a relaxed face."I'll send you back first?"

Sister Hong sat in the car and played with her fingernails. don't you have something to do? won't it delay you if you send me back? "

master cheng was helpless. " that kind of scene won't look good. you're a woman. you'd better not go. "

"what haven't i seen before?" Sister Hong moved closer to him, willing to be this close to him. besides, I haven't been to any of the clubs under your banner. This is the biggest one, right? "

Master Cheng was happy to hear that. He reached out and pinched her face."alright, i'll let you gain some experience."

Master Cheng stepped on the accelerator and drove toward the club.

The scene was a bit big. There was no one for a few hundred meters outside, and some strange sounds came from inside the club. Master Cheng stopped the car, lowered the window, and called dozens of people to protect his women. He got out of the car, dressed up, and didn't look like he was going to risk his life. He looked like he was going to pick up girls.

"cheng zheng," sister hong called out to him from the car.

Master Cheng turned around and said in a rough voice, " "don't get out of the car. if you don't listen to me, i'll teach you a lesson tonight."

"be careful," sister hong said indifferently.

In an instant, the men's eyes turned red, but they felt that this situation was too embarrassing in front of their hands, so they snorted softly. don't give me that. I'm not buying it. Get back in the car. How can I do anything big when I'm upset? ”

After that, he strode into the club. It was indeed a big scene as he said, but master Cheng could cover it no matter how big it was. He was just injured.

He passed away in good condition, but when he came out, his arm was stained with a lot of blood.

“It's settled. That son of a b * tch has admitted defeat.” grinning, master cheng leaned against the car and took a big puff of his cigar. he winked at sister hong as the blood on his arm dripped down drop by drop. he looked extremely shocked.

the master cheng that sister hong knew had always been a spendthrift, but what she saw tonight was the true portrayal of him. it was common for him to lick blood from a knife's edge and get injured.

Chapter 5202: i want you now (8)

she had also noticed that his back and body were covered in old scars, but he did not seem to care.

Sister Hong thought for a moment and got angry for some reason. She got out of the car with a cold face.

when she got off the car, she went to master cheng's place. master cheng was still smiling.”did you miss me so much after not seeing me for a while?”

With two slaps, sister Hong gave him two tight slaps.

Master Cheng was dumbfounded. no, what's wrong with you, woman? ”

master cheng shouted and wanted to slap her back. however, when he saw the expression on sister hong's face and the group of subordinates watching from the side, he knew that this woman would probably ignore him again if he continued to slap her.

...

forget it, forget it. he wasn't afraid. he was just willing to give in to a woman. didn't they say that a man should be tolerant of a woman without a bottom line? just take it that he, master cheng, was being kind today.

therefore, under the watchful eyes of his subordinates, master cheng not only didn't make a move, but also smiled. "beating is a sign of affection and scolding is a sign of love. i know you feel sorry for me."

"I feel bad for your mother!" Sister Hong cursed.

"She's been underground for a long time," master Cheng frowned.

sister hong's eyes were still red as she stared at him. after a long time, she finally said, "Cheng Zheng, you're a bastard."

"alright, alright, alright. i'm a bastard. didn't you also beat up a bastard to vent your anger? what else are you not satisfied with, huh?" master cheng said in a good mood as he pulled sister hong into the car."go back and bandage my wound. if you continue to mess around like this, your man might bleed to death."

Sister Hong's eyes turned red, but she didn't say a word.

Master Cheng got into the car. His arm wasn't bleeding, so he didn't care and talked and laughed.

sister hong was even angrier. this man.

master cheng leaned over. "a man smells more manly when he's injured. smell it. don't you think it's manly?"

the underlings in the car couldn't stand it anymore. their boss was too flirtatious.

at this moment, sister hong was pressed into his arms and smelled his manly scent. sister hong only smelled the scent of blood, and then she felt like vomiting.

Master Cheng's face darkened.

his subordinates were stunned.

It turned out that their master Cheng was the one who was being despised. Seeing that master Cheng seemed to care about it, was this person going to be his sister-in-law in the future?

While his subordinates were still in a daze, master Cheng was angry at first, but then he grinned.

he reached out and touched sister hong. "are you pregnant?"

As soon as he finished speaking, he knew that he had said the wrong thing. Sister Hong could no longer give birth.

No matter how capable he, Cheng Zheng, was, he would not be able to get her pregnant. Master Cheng's lofty sentiments were all gone in an instant. In the end, he could only sigh and say nothing.

The atmosphere was a little confusing. His subordinates didn't understand why he was unhappy again.

sister hong didn't seem to mind. "why aren't you saying anything? weren't you very capable just now?"

master cheng was feeling upset, and then he exploded, "what can i do? what's the use of me being able to do it?"

Sister Hong understood what he meant and kept quiet.

a formal cold war.

Back at the villa, doctor Gao came to treat master Cheng's wound. Master Cheng took off his shirt and took off the muscle on his body. He didn't care or give any woman's anesthetic. He just let doctor Gao treat him while looking at the woman at the bar with red eyes. His white teeth were gritting.

great, she was really cruel. he was so badly injured, but she was still in the mood to drink. that little look made him want to kill her.

Chapter 5203: I want you now (9)

Doctor Gao looked at him and smiled. you can't get angry when you're injured. Also, don't drink or smoke. You'll need to rest for half a month.

master cheng's eyes fell on the bandage, as if he didn't care.

Then, he looked at sister Hong, his eyes looking as if they were on fire. cough, cough, " doctor Gao coughed lightly. there are other areas that you need to pay attention to as well.

Master Cheng was unhappy and shouted, deliberately loud enough for sister Hong to hear, " " you have to pay attention to this and that. do you want me to live? "

doctor gao held back his laughter and decided not to interfere in their business. he tidied up the things in his hands. " then i'll come back tomorrow to change the dressing. master cheng, alcohol is not to be drunk. "

"i know. you're so annoying. get lost." Master Cheng had always been rough.

...

doctor gao held back his laughter and said, " "Be careful of the wound opening."

Master Cheng scolded her again and sent her away. Only then did he feel a little more peaceful.

he wanted to drink, but he felt that doctor gao's words made sense. he walked over and kicked sister hong's chair. " "Hey, I can't drink. You're drinking here on purpose, aren't you?"

sister hong looked at him indifferently and ignored him. she stopped drinking and started smoking.

Master Cheng was furious and glared at her fiercely."I say, can't you just stop for a while?"

He sat down beside her and took out her cigarette. you're not allowed to smoke in front of me in the future.

Sister Hong ignored him and took out another cigarette. Master Cheng was so angry that he wanted to hit her. are you trying to make things difficult for me? Liu Hong, do you think I can't control you? try it. If you smoke again, I'll cut you.

This time, sister Hong was willing to talk to him. Her voice was faint."if you're not feeling well, can't you even smoke a few cigarettes?"

master cheng suddenly looked like a deflated leather ball. he said in a muffled voice,"I've raised you up to the level of the Empress, and you're still not feeling well. How do you expect other women to live?"

Sister Hong didn't say anything and just flipped her hair.

Master Cheng's voice was muffled again. I just said something wrong. Why do you have to treat me coldly like this? no woman dares to treat me like this.

as he spoke, he hugged sister hong's waist and rested his chin on her shoulder.

She acted coquettishly, complimented him, and all sorts of other things.

the group of underlings were stunned. they simply had no eyes to see. was this still their awe-inspiring master cheng? he was so gentle that his bones were soft.

Master Cheng chased her away and continued to praise her in a coquettish manner. Finally, sister Hong was appeased. He had long forgotten about doctor Gao's rules. It was fine if he didn't smoke or drink, but he still had to be happy. He, master Cheng, had been waiting for the woman, so how could he not be happy?

After what happened today, master Cheng felt that he and sister Hong had become even more loving.

however, he did not expect sister hong to give him such a big surprise the next day.

the next morning, sister hong got up and prepared to go to work. master cheng stopped her and said in a rough voice, "Didn't I give you enough money to spend? what kind of work do you need?"

Sister Hong bit her lower lip. you're so annoying. Be careful of your hand injury.

"this small injury is nothing," master cheng said indifferently.

I say, you're really ... Can't you just stay at home and accompany me? " she gritted her teeth.

He punished her unhappily and followed her all the way to the bathroom, unwilling to let go of her.

Chapter 5204: I want you now 10

Sister Hong simply couldn't do anything about this huge baby. In the end, she had to comfort him a few times before leaving for the news agency.

When he got there, he wrote a sharp article pointing to last night's incident. Although it was a little vague, it was first-hand information. It was hot. Other people didn't know the reason and didn't dare to insinuate master Cheng like this!

The newspapers were out in the afternoon.

Master Cheng was originally happy in the big villa, but when his subordinate sent a newspaper over, he couldn't smile anymore. He threw the newspaper on the ground with a cold face.

When his subordinate went to pick it up, master Cheng kicked her. this woman, how can she be so black-hearted? haven't I treated her well enough? I gave her my heart, lungs, and money to raise her into an Empress. How did she repay me? ”

Master Cheng was furious. This was how this woman repaid him!

...

She's happy that I've written it as a supervillain?

Did she feel aggrieved to be by his side? yes, it was a grievance for a big reporter to be with such a man, hehe.

As a result, the pen in reporter Liu's hand moved, and the store was sold out.

Master Cheng sneered and took the clothes. His subordinate asked carefully, ” “master cheng, where are you going?”

master cheng sneered again. ” let's go home. ”

Master Cheng left with all his men, except for the old maidservants. she even put on an act and packed her luggage, looking as if she was about to leave.

in the car, master cheng was still furious. this woman didn't even call him. did she really think he was dead?

He didn't care at all, right? in her heart, he was just a rough man who couldn't be compared to a damn fatty. To think that he had resolved the matter so quickly yesterday. He had accidentally fallen into a trap because he was worried that she was outside.

bastard, he wasn't going to serve him anymore.

Master Cheng was particularly angry and wanted to go back to the villa.

“master, if sister-in-law finds out about this, it’ll be terrible,” the subordinate reminded him while trembling.

my ass sister-in-law. She doesn’t care about me at all. Master Cheng was furious, and then he said uneasily, ” “would she do this to me if she cared about me even a little?”

The subordinate lowered his head.

“this woman has a heart of stone. she wouldn’t do this if i said so,” master cheng said excitedly.

The more he thought about it, the angrier he got. He simply wanted to catch that woman and kill her.

“drive,” master cheng said in a rough voice.

the subordinate didn’t dare to make a sound.

Master Cheng’s car arrived at the big villa where he used to live. It was no exaggeration to say that the women here missed him to death and were afraid that he would not want them anymore. Su Zhicheng, in particular, waited for master Cheng to come back every day and hated that old woman, sister Hong.

as soon as master cheng came back, the women here seemed to be celebrating the new year. master cheng sat on the leather sofa and enjoyed the women’s service. he was very happy and felt that this was life.

what did he want from that woman?

he wanted to see her in that state, and he would grab her with his eyes closed.

Master Cheng closed his eyes and didn’t want to think about that woman, but the image of that bastard kept appearing in his mind. He even became impatient with the perfume on these women. go away, I’m annoyed.

Su zhirou knew what he was thinking. He must have quarreled with that woman and returned with his luggage.

Chapter 5205: I want you now 11

Hence, she acted coquettishly and complimented him. After saying all the good things, master Cheng pinched her face. "you're the most sensible one."

But no matter what, master Cheng was staying in a room by himself, with the intention of cultivating his body and mind. This simply made everyone's eyes pop out.

when master cheng announced this decision, all the women were stunned.

Was this still master Cheng?

master cheng coughed lightly. " i'm injured, so it's decided. are you guys insensible? if you're insensible, get lost immediately. i don't think it's a waste of rice and noodles to keep you. "

No one dared to say anything. They felt so wronged. Master Cheng had been out for more than ten days.

...

Su zhirou gritted her teeth so hard that they were about to shatter. Master Cheng had fallen for that woman, right?

how much did he love her? a man like master cheng actually played the little trick of keeping his body as pure as jade. this was just for that woman to see, so that she would coax him!

she wanted to see how that woman was going to coax master cheng.

at this moment, didn't the phone call come?

master cheng looked impatient when he answered the phone. "reporter liu, you're so busy every day, yet you still think of me. what's the matter?" "i'm telling you, i don't have the time."

as soon as sister hong got off work, the servants at home told her that sir had left with his luggage and even brought his subordinates away. he looked like he wasn't going to come back and was even angry. it was so scary.

Sister Hong made a phone call and got master Cheng's sarcasm in return. She asked him very indifferently, "you're at the place you lived before?"

Master Cheng smelled the perfume and looked at the women around him. He actually felt a little guilty, but he was master Cheng. What was he afraid of? it was just a woman. What could she do to him if he was here?

master cheng chuckled. "yes, i'm back. there are so many beautiful women around me. big reporter, are you jealous? envious?"

Sister Hong's voice softened, "Cheng Zheng, are you sure you want to do this?" We had an agreement before."

"Agreed, my ass! I dug out your heart and lungs, but how did you treat me?" Master Cheng cursed.

Sister Hong was silent for a moment before saying softly, "alright, I understand.

The moment she lowered her voice, master Cheng felt a little proud. This woman was going to give in, wasn't she going to coax him?

but in the next second, he could no longer smile as sister hong hung up the phone.

master cheng stared at the phone for a few seconds, then smashed it into pieces. "this woman really can't be pampered. she wants to go to heaven. she treated me like this and still hung up on me."

He walked back and forth a few steps, wishing he could catch a woman and show her if he was a coward and dared to do anything to other women.

but thinking about it, master cheng still didn't dare to. yes, he was a referee.

After a while, he put his hands on his hips and said, " go and find out what that woman is doing. Damn it, her skin will itch if she doesn't get beaten for three days. I, Huahua, am willing to give in to her. She's going through menopause soon.

his subordinates were all overjoyed, and the women were unrecognizable because of jealousy.

after a while, the subordinate carefully moved to master cheng's face and said, " "Ye, it's not good, eldest sister-in-law wants Zhenzhen, she wants Zhenzhen!"

"what can she do? To find a pretty boy?" master cheng gritted his teeth.

The subordinate's voice trembled even more,"sister-in-law, hang up the villa under her name and sell it, Yingluo."

When master Cheng heard this, he was so angry that his heart almost exploded. That woman was so cruel that she wanted to sell their love nest!!!

(i ate expired nuts last night. i'm going out today and might update a little late tomorrow night ~~)

Chapter 5206: Jealous of your sister (1)

Master Cheng was really angry. What was wrong with that woman?

he had only been out for half a day, and she wanted to sell their house. did she really not have any feelings for him?

Gritting his teeth, master Cheng sneered. if she wants to sell it, then she can. It's best if she can sell it. She can leave in peace. I won't see her off. I won't wait on her anymore!

What's so good about that old woman? she has a bad temper, is stinky and stubborn, and her looks are only average. That bit of beauty and liveliness was given to her by master Cheng. Didn't she just look a little radiant after being with him?

in the past, he didn't even want it when she gave it to him?

Master Cheng had been talking for a long time, but his men didn't dare to say anything. In their hearts, their sister-in-law was already their sister-in-law, and she was quite powerful. She was the first person who could live well after being locked up in the same room with the irritable master Cheng. They were a little afraid of sister Hong, even more so than master Cheng. Sister Hong only needed to give them a look, and master Cheng needed to shout and curse to control the situation.

...

the most, most, most important thing was that master cheng was afraid of sister hong, even though he didn't admit it.

after master cheng finished shouting, he snorted. " can't i live without her? "

His subordinates didn't speak, and master Cheng was furious. are you all mute? are you afraid of her? she can still beat you up but she won't give you any money. You're all promising kids. Isn't it just a woman? "

his subordinates still didn't speak. master cheng was furious and asked someone to bring the luggage."clean up a room. i want to sleep. today is an unlucky day."

"then, do you want a girl to accompany you?" the subordinate asked in a trembling voice.

"Accompany my ass?" Master Cheng's eyes almost popped out."Can't you see that I'm in a bad mood? I'm also injured. How can I get close to women? are you all looking forward to my death?"

His subordinates were all in shock.

The women, on the other hand, were dejected. All of them added up were not even as good as an old woman. Master Cheng obviously wasn't interested in them.

master cheng couldn't like them even more when he saw them like this. he went straight back to his room to smoke his big cigar. seriously, women weren't as interesting as big cigars. master cheng sat in his own suite, his feet on the coffee table in front of the sofa, smoking as he thought about it.

he was really depressed in his heart. that woman was really too hateful. she was clearly the one who did something wrong to him, but she didn't ask him to stay. he even squinted his eyes as if he was in the right.

master cheng had made up his mind to get his hands on a woman. in fact, he didn't have any thoughts about other women. he had seen and played with many women. it was just two arms and two legs. he had a lot of them with his eyes closed. what was so rare about them?

He was so envious of that old and ordinary-looking woman. He did not even think about su mu because of her. What a heartless old thing!

Master Cheng was annoyed. He changed the TV channel one after another, but he couldn't find what he wanted to watch, so he simply turned it off and smoked his cigar.

at the door, a fair and slender hand stretched out, followed by su zhiqiao's striking face.

she was quite conservative today, wearing a branded suit and dressed up as a mature professional woman. master cheng would have found it interesting in the past, but today, he said in disdain, " "If you don't have the temperament, then don't pretend. You'll make a fool of yourself."

Chapter 5207: Jealous of your Sister 2

Su Zhiyan was unhappy and bit her lip. "master cheng, do you not want me anymore?"

master cheng forced a smile and said, "how can i not want you?" Come, baby, come over and let this master hug you."

hehe, there were plenty of women out there who threw themselves into his arms. there were plenty of women who were prettier and younger than liu hong. what was he after? he could just follow her and eat. Talk my ass!

Master Cheng felt particularly upset. He squinted his eyes and then snorted softly, "Actually, there's nothing good about her,"

Su zhirou clearly knew who master Cheng was referring to, but she pretended not to know. "Who made our master Cheng angry? let me coax him, okay?"

in fact, master cheng was quite fond of women, and he also enjoyed it. "then why don't you try coaxing one and see if i like it?"

...

su zhirou's various coquettish praises had indeed made master cheng happy. he even played some games with her, drinking and smoking cigars.

su zhiyan saw that the time was right and wanted to win over master cheng.

master cheng suddenly became reserved and leaned on the sofa. " don't you see that my arm is injured? do you want me to die? "

su zhirou leaned in and whispered a few words into his ear. master cheng hesitated a few times, not because she was young and good-looking, but because he wanted to give sister hong a chin.

hence, she turned the act into reality.

after that, master cheng ran away.

He sat on the balcony and smoked for a long time. Early in the morning, he suddenly drove to the villa where he and sister Hong lived.

sister hong was moving her things and was about to leave with her luggage.

Master Cheng got angry all of a sudden. He stepped forward and took her luggage away, saying in a rough voice, ” “Woman, how can you leave like this? what do you take me for?”

sister hong stared at him.

master cheng subconsciously touched his neck and said uncomfortably, ” “It was a mosquito bite.”

Sister Hong laughed coldly,”Cheng Zheng, what do you think I am? what do you think I am?” It’s fine if you’re just an insignificant woman, but I’m a man of my word. Since you don’t want to stay together anymore and have sex with another woman, just tell me and I’ll leave without affecting master Cheng’s happiness. Shouldn’t you applaud me for being so sensible? shouldn’t you be glad?”

Master Cheng’s throat was stuck. He knew that he was in the wrong, but he still looked fierce on the surface. you’re my woman. Where are you running to? you’re the one who let me down first. If you didn’t write nonsense, would I have run? ”

did I mention a single word about you, Cheng Zheng? what you did is not the truth? ” sister hong threw the suitcase in her hand to the ground, which happened to hit master cheng’s foot. master cheng was in so much pain that he wanted to slap her to death, but he didn’t have the courage.

sister hong snorted. ” cheng zheng, that little vixen, su zhirou, made you very happy, right? ”

master cheng’s face turned red. ” how did you know? ”

Sister Hong couldn’t be bothered with him and picked up her things again. we’re done. There’s nothing to say. Cheng Zheng, you’re not a man.

She stuffed her luggage into the trunk, paused, and said softly, ” “I’m selling this place. Master Cheng won’t fight with me for the house price, right?”

Sold!

Master Cheng's temple throbbed with pain, and he suddenly growled, " " woman, do you have a heart? have you ever thought about me? or are you only interested in my money and how i treat you? "

sister hong sneered. " do you think he's after you? you're scum! "

She was about to get into the car when master Cheng grabbed her arm. "speak clearly."

Chapter 5208: jealous of your sister (3)

Sister Hong looked at him and said,"i've made it clear, let go yingluo."

Master Cheng wanted to force her to stay like he did in the past, but he was a little timid.

He was the one who had answered that there were no other women when they were together. He had done it with su zhirou, and this woman had gone crazy."Are you jealous?"

"I'm jealous of you." Sister Hong cursed, opened the car door, got in, and drove away.

master cheng was left in a mess in the wind. he smoked a big cigar, kicked his car door hard, and then said to his men in a rough voice, " "go and find out which bastard bought this villa. buy it for me at double the price."

then, he exploded in anger. " this woman, isn't it just yingluo hugging an insignificant woman? it's not like she hasn't done it before. what's she doing? "

...

Master Cheng was furious, but sister Hong didn't care about him at all. She drove the car and scolded, " this bastard.

As she drove, she started to cry.

bastard!

she had almost thought that it was true love.

damn it, that cheng guy was a bastard who had to have women every day. this was not the first time he went back to the villa. back then, nothing happened, and she pretended not to know. this time, he and su zhirou got into trouble together. sister hong could not tolerate this.

she would sell the villa and go her separate ways in the future.

After that, for a long time, master Cheng harassed her in all ways and suppressed the newspaper. He almost set her house on fire, but sister Hong ignored him.

she used the money from selling the villa to buy a high-end villa and saved the rest.

at night, sister hong sat at the bar counter, gently swirling a wine glass while listening to sad music and drinking red wine. she was living a much better life than before, but it was meaningless without one person.

She would never admit that she had fallen for that bastard!

Definitely not.

but no matter what, there was still some light in the corners of her eyes.

The phone on the bar counter rang. She picked it up and said in a calm voice, " Cheng Zheng, don't call me anymore. We can't be together anymore. You should give up. If you're a man, stop harassing me.

Master Cheng's voice was hoarse. I've already chased su zhirou away. I've chased all the women away. Are you satisfied now? Liu Hong, you're the most troublesome woman I've ever met.

“we can not meet in the future.” sister hong immediately hung up the phone.

She raised her head and still felt like crying.

‘this b * stard! we’ve only been together for a few days, but he has already eaten it secretly, no, openly. he’s no different from that b * stard zhang fucai. zhang fucai even knows that he’s in the wrong. it’s reasonable for this b * stard to eat it.’

however, they were not related to each other, so she had no reason to be angry.

Sister Hong continued to drink and smoke. She skillfully held the long and thin cigarette between her fingers and puffed out smoke.

At this moment, there was a violent knock on the door. Sister Hong could guess who it was without even using her toes. She had no choice but to open the door, because that bastard was definitely going to make the entire building uneasy.

sister hong opened the door. as expected, master cheng was standing outside.

His extremely handsome and suave hand was placed on the door frame. When he saw sister Hong open the door, he grinned.”You miss me, don’t you?”

“If you have something to say, then say it.” sister hong released the door and walked back to the bar counter.

Chapter 5209: jealous your sister (4)

master cheng closed the door and entered the room quietly. then, he looked at sister hong.

sister hong stared at him, her eyes a little red. master cheng grinned and said, ” “you look like you’re doing well. it seems like you didn’t miss me at all.”

Sister Hong was still smoking her own cigarette. Master Cheng took the cigarette from her hand and smoked it himself. Although it was a lady's cigarette, master Cheng smoked it domineeringly. Sister Hong just stared at him.

master cheng's eyes turned red, and he said in a low voice, "Should I move here or should we move back?"

"What do you mean?" sister hong said unhurriedly as she looked at the night view outside.

Master Cheng chuckled and pulled her over.

...

Sister Hong didn't reject Yingluo.

*

After a long time, it was probably midnight. Master Cheng got up and quietly went to the kitchen to cook noodles. His mother was starving.

Master Cheng had been alone since he was a child. He had all kinds of skills, but he didn't do them often.

he ordered two bowls of noodles without much practice and was about to bring them to the dining room. he was like a fish in water here. in any case, he felt that liu hong's things were his, and her home was his home.

He had just turned around when he saw sister Hong standing behind him, giving him a fright.

master cheng put the noodles on the table and said happily, "Let's just eat some noodles and make up."

they had been a loving couple before, so he felt that there was no problem. men always thought from a different perspective.

Sister Hong flicked her hair and sat opposite him in her silk pajamas. Master Cheng was dazzled and proud at the sight of her. This woman had become so beautiful because of him.

it's all my f * cking credit.

However, sister Hong didn't buy it. She still wanted to smoke, but master Cheng took the cigarette out of her hand and said, "do you want to die? smoking in the middle of the night."

he pushed a bowl of noodles in front of her. "eat it. it's rare for me to serve a woman."

sister hong took a bite. it actually tasted pretty good. she didn't say anything else and continued eating.

master cheng looked at her and then tried to please her, wanting to praise her. "It tastes good, right? I haven't cooked in many years."

So be honored, you're the first woman to taste my cooking.

However, sister Hong didn't buy it. After eating the noodles, she chased him away. "Alright, you can leave now that you're full."

master cheng continued to tease her, but he didn't take it seriously. "You're really willing to chase me away?"

Sister Hong didn't say anything. She just took out her laptop and started working. She had always been a night owl. When she lived with master Cheng, he would always discipline her in the middle of the night. After that, she restrained herself a little. She was like this again these few days when they were not together.

master cheng reached out and directly closed her laptop, almost smashing it. "are you crazy, woman? it's already so late and you're still working?"

"Why can't I work?" sister Hong asked faintly.

"let's go to sleep," Master Cheng said in a rough voice.

sister hong laughed. ” cheng zheng, you can leave now? ”

“What do you mean?” Master Cheng could tell that she was serious. He squinted his eyes.”didn’t we make up after what we did just now?”

sister hong said nonchalantly,”she’ll need a man anyway. it just so happens that you’re here today. that’s all.”

“just like that?” what? ” master Cheng asked in disbelief, ” if he was with another man today, would you still do that with him? ”

“Of course.” Sister Hong sneered. what else? do you think I’m like you? talking like it’s a fart? ”

“You woman!” Master Cheng was about to explode.

if it was his temper in the past, he would have definitely hit her or left. but now, he didn’t want to leave at all. he wanted to stay here, but how could sister hong allow him to stay?

She looked at him. wait for me to call the security? ”

Master Cheng was furious. Which woman dared to treat him like this?

He must have eaten a bear’s heart and a leopard’s gall.

” fine, you scum, ” he roared. ” you’re driving me away after you’ve eaten me clean, right? i’m just delivering a delicious dish to you, right? ” Are you having a good time eating?”

...

“I’m not very happy. The taste is very ordinary.” Sister Hong spoke coldly. and Cheng Zheng, don’t come here anymore. If you come and see a man, it won’t look good.

Master Cheng’s eyes turned red when he heard this. F * ck, this woman still wants to bring a pretty boy back?

He grabbed sister Hong’s wrist, gritted his white teeth, and narrowed his eyes. fine, you want to take my money and raise a pretty boy. Liu Hong, tell me, have you been eating without me knowing? ”

“so what if i do?” sister hong retorted without any fear.

As soon as he finished speaking, master Cheng gave him a slap.

He was a little dumbfounded after beating up his opponent.

he didn’t do it on purpose. he was just furious.

he would just wait helplessly for this fierce woman to slap him again, or even two slaps, as long as she didn’t go crazy.

However, she wasn’t done with her search for a man. He still had to settle the score with her.

master cheng was just waiting for her to slap him. come on, slap me, i won’t fight back.

however, after waiting for a long time, sister hong still didn’t make a move.

Master Cheng was a little panicked.

Master Cheng was dumbfounded.

“Um, does your face still hurt?” he asked hesitantly.

He stretched out his hand, wanting to touch her face. However, sister Hong did not allow him to touch her. She only said in a calm voice, "Cheng Zheng, do you know how much of a jerk you are?"

"you shouldn't have provoked me with your words," he said, holding back his anger.

what about you? when you were with su Zhiyan, did you ever think that I wanted to slap you too? " Sister Hong's voice sounded tired. let's part on good terms, Cheng Zheng. We're all adults. It's meaningless to play these childish games.

master cheng looked a little dejected and said in a low voice, "Just once."

I found out that Zhang fucai was the same. He got into a fight and there was no future. He got divorced and moved to help Cheng Zheng. History is always surprisingly similar. I can't say that we need loyalty, but we need to have integrity. You agreed to my proposal, but you always feel that you are the boss and you can do whatever you want with the money. but i'm telling you, i have enough money and i don't need it. "

master cheng suddenly laughed. " i finally know the great reporter liu. you got the money and want to leave me. at most, you can just say it. who can't leave who? " I've underestimated you today. You've never cared about me, have you?"

yes, so what? are you going to slap me again? " sister hong said coldly.

Master Cheng was so angry that he went back to the bedroom to change his clothes and then slammed the door.

this woman was too insensible!

he didn't care to wait on her anymore.

However, as soon as he stepped out, a cold wind blew, and master Cheng regretted it.

F ** k, he had given so much to her and was chased out just like that. Wasn't he too useless?

master cheng was a little unconvinced. he wanted to knock on the door, but he gave up after thinking about it.

Wasn't she just a woman? what was there for master Cheng to miss?
