Chapter 5221: President ye's wedding (7)

in the end, president ye reversed the situation and proved that it was mrs. ye who was afraid of mr. ye.

By the time he was finally willing to let her go, her face would have been burnt.

Su mu was quite angry. I miss the South at night.

He chuckled. I'll go down.

He carried her back to the master bedroom and coaxed her for a long time before su mu was willing to talk to him again.

"I'll go downstairs, you eat some too, okay?" He mumbled in a low voice, with a hint of coaxing.

...

Su mu bit his lower lip and looked at him. will you? "

"You're underestimating me, Mrs. Ye." He smiled and reached out to pinch her face. just you wait.

su mu was waiting for him.

ye xiangnan walked out. twenty minutes later, he came to call su mu after he had finished making two bowls of noodles.

He carried her to the dining room out of consideration. Su mu was a little surprised to see the two bowls of noodles.

The appearance was surprisingly good, and the fragrance was also authentic.

She looked at him.

ye xiangnan smiled. ” i learned it on purpose. it’s not like we don’t hire full-time servants. of course, i have to learn some. i will find time to learn more cuisines in the future. ”

su mu took a bite in silence. it was indeed very nice to listen to. she paused for a moment and then said softly, ” “Ye xiangnan, you really don’t need to change your lifestyle for me.”

She knew that a noble young master like him didn’t do anything. He was usually very busy, so where would he have the time to do this?

She felt uneasy and felt that this was too forced.

Ye xiangnan probably knew what she was thinking, so he chuckled. I think it’s pretty good. It’s very homely. Isn’t it like this when you’re living with your wife and child? I can do what others can do.

su mu replied with an ‘oh’ and suddenly asked, ” “this” someone else “is shen ting?”

Ye xiangnan poured himself a glass of red wine.”Why are you asking about him?”

” we met at the restaurant, ” she said slowly. ” ye xiangnan, were you triggered? ”

He stared at her for a long time before he asked softly, ” “you think i was provoked by shen ting?”

su mu didn’t say anything and just ate his noodles in silence.

“Which part of me made you think that I was triggered?” ye xiangnan pulled her hair.

“i’m eating noodles,” su mu said in a low voice.

be clear. Otherwise, Zhenzhen, ” he said in a very soft voice.

su mu raised his eyes. ” ye xiangnan, do you really threaten me like this? ”

“Yeah,” “wouldn’t it be a loss if i don’t take advantage of this advantage?” he said with confidence.

then, she immediately finished the noodles and said lightly, ” “i’ll take a shower first and wait for you, okay?”

su mu was furious. ” ye xiangnan, you bastard. ”

“We’re newlyweds.” he reminded her kindly, ” and i’m only 30 years old. what do you want me to do? ”

After su mu finished the noodles, he tidied up in silence and then went to the guest room to lock the door.

after ye xiangnan finished his shower, he came out of the bathroom. there was no one in the master bedroom.

he dried his hair as he went downstairs. there was no one downstairs either, so he knew that she was hiding in the guest room.

Ye xiangnan wasn’t in a hurry to find her. He slowly drank two glasses of red wine downstairs, then slowly went upstairs and opened the door with the spare key.

Su mu had not slept in the guest room since that night.

However, the benefit was that he could see ye Jie the next morning.

when he opened his eyes, xiao ye jie was lying on the bed, guarding him obediently.

Su mu reached out to touch his little face.

” daddy came to pick me up, ” ye jie said softly, ” “daddy also said that mommy is tired and asked me not to disturb mommy’s rest.”

Su mu greeted ye xiangnan in his heart. Ye Jie came over obediently and gave her mother a kiss.”Mommy, do you want to get up for breakfast? daddy made breakfast.”

Chapter 5222: President ye’s wedding (8)

For some reason, su MU’s anger vanished after hearing ye Xi’s words. It seemed that this was really good. That proud man seemed to have changed a lot for her.

her face was a little hot, and she felt that she was overthinking things. he might just be doing it on a whim, and he wouldn’t always be like this.

However, she also felt that it would be good if this continued.

Ye Jie looked at her mother suspiciously and said softly, ” “mom, why is your face red?”

Su mu touched his face with his hand and said, ” “Did I?”

“Yes.” Ye Cha nodded hard.

...

Su mu bit his lower lip. really? ”

Ye Cha was certain,’it’s Red! The book says it’s because she’s shy. Mom, do you like Dad?”

Su mu was at a loss for words. It was really difficult to answer his son.

xiao ye nodded in understanding and stretched out her little fingers to count, ” “actually, daddy’s not bad either. he’s so handsome and rich. on tv, tall, rich, and handsome girls like him the most.”

the corner of su mu’s mouth twitched slightly. who taught him this?

ye xiangnan leaned against the door with a cup of coffee in his hand and smiled. ” ye jie said it well.
”

Su mu pursed his lips. you taught him? ”

” i’m not. i just want to say that we have to respect the truth. don’t you agree, mrs. ye? ” He was deliberately teasing her to make her explode.

Su mu simply ignored him.

Ye Xun looked at it for a long time before he came to a conclusion.”daddy likes mommy. i wonder if mommy likes daddy.”

“i admit.” “Ye Jie, women always say one thing and mean another. They clearly like it in their hearts, but they pretend not to.” Ye xiangnan said generously.

Ye Cha replied with an ‘Oh’ and then asked in a low voice, ” “Is mom like this too?”

hmm. ye xiangnan nodded and said, ” she just won’t admit it.

su mu couldn’t help but get up from the bed. ” “I think of the South at night!”

ye xiangnan smiled.

“Mommy, why are you wearing daddy’s shirt?” little ye Jie asked pitifully.

“oh, it smells so good.” Ye xiangnan called his son over. the law of true fragrance. Daddy will teach you once.

Little ye Jie seemed to understand, but su mu was speechless. What was he teaching his son every day?

she ran back to change her clothes, but the corners of her mouth couldn’t help but curve up ...

She felt a little happy.

no, she had never thought of that.

behind him, ye xiangnan was lecturing his son again, ” “your mother must be saying one thing and saying another. she clearly likes it, but she has to pretend that she doesn’t.”

“I think so,” ye Xun swallowed his saliva.

then, he raised his head. she looked at her father.

She suddenly realized that her father was really handsome and good-looking. Many aunties would like him, right?

the little one looked worried and then said dejectedly, ” “Mommy, don’t like Daddy anymore. I don’t know how long daddy will like mommy, Yingluo.”

ye xiangnan’s heart softened. he squatted down and asked the little guy softly, ” “Did you think of this yourself, or did mom say it?”

“i thought of it myself.” Ye Cha said honestly. He thought of something and wanted to say something but stopped.

Ye xiangnan knew what had happened. It was Lin Lu’s matter. Not only did it hurt ye Xi, but su mu also said that he liked her. Even if he said it for a long time, he didn’t have much hope. That was why she entered this marriage as an outsider. She was actually ready to be abandoned by him and leave this family at any time.

He just found it strange. If she wanted to leave, would she bring ye Jie along?

did she like him, or was she really afraid of getting hurt?

Chapter 5223: president ye's wedding (9)

ye xiangnan thought and smiled.

he didn't say anything and didn't follow her in. he thought it was better to let her think about it. at least, he would give her time to think about whether she liked him or not.

ye xiangnan smiled slightly and took little ye jie downstairs, waiting for su mu to have breakfast together.

in the master bedroom, su mu was brushing his teeth and washing his face with a red face.

the woman in the mirror was like a new life. she was so beautiful that he could not recognize her.

As she brushed her teeth, she thought about ye xiangnan's words and bit her lower lip.

...

He said that he liked her, but she really didn't know how long a person like him could like her. She didn't know if he was just a fresh person.

Just like how Cheng Zheng treated sister Hong, thinking about it, her floating heart turned cold again.

when she went downstairs, she changed into a conservative dress, a high-collared one that could cover her neck.

"it's not cold at home," ye xiangnan frowned.

su mu didn't say anything. he thought for a while and suddenly understood.

his handsome face turned to the side and smiled at her. there was always a profound meaning behind it.

Su MU's face was a little hot, but he ate his breakfast in silence.

suddenly, she remembered that ye xiangnan had made breakfast that day. he was stunned.

She raised her eyes and looked at him silently.

Ye xiangnan chuckled. what's wrong? Is the breakfast not good?"

She said no, and then her eyes became misty.

it was not because she was touched that such a handsome and rich man made breakfast for her, but because she had not felt the warmth of a family for a long time, except for ye jie.

Both Wen Yuan and ye mu Bai treated her very well. However, this was different.

Ye xiangnan used to ignore her and even hate her, but now she found a trace of warmth in him.

it was as if she finally had a home.

since it was the weekend and she didn't need to work, su mu, mrs. ye, didn't need to work overtime either.

Making President ye's wife work overtime, did she not want to work anymore?

after breakfast, ye jie went to read books obediently. the little ye jie was so pitiful. he had to receive elite education at such a young age. su mu's heart ached for him.

however, she didn't interfere too much, and ye jie didn't complain. if she did, ye xiangnan would definitely say that she was a spoiled mother.

When she walked into the kitchen, ye xiangnan was tidying up. His actions at home were pleasing to the eye.

she had never thought that he would do such things.

For the first time, su mu hugged him from behind and mumbled, ” “Is it hard to think of the South at night?”

He paused and felt her face against his back. It was novel and his heart was in a mess.

he was laughing at himself. it was not like he had never had women before. it was not like he had never been in contact with women before. besides, she was not that beautiful. why was he so unable to let go? why did he care so much?

“Mumu, I won’t be able to do anything if you do this.”

“ask someone for help. you can’t keep doing things like this.” She whispered.

Ye xiangnan looked down at her and chuckled, ” “Are you feeling sorry for me?”

“no.” “I just feel that since you’re so good-looking, you won’t look good if your hands are rough,” she said softly.

su mu was trying to piss him off on purpose, but ye xiangnan wasn’t annoyed at all. instead, he murmured, ” “You like my hand, huh?”

He stretched his fingers out in front of her on purpose. His fingers were long and slender and looked very pretty. However, su mu felt especially embarrassed. He had no idea what he was embarrassed about.

Chapter 5224: President ye’s wedding (10)

Ye xiangnan chuckled and said, ” go outside and play. I’ll clean up here.

She did not move.

his voice became low and hoarse again. ” su mu, i don’t want ye jie to see any inappropriate scenes at home. please cooperate with me, mrs. ye. ”

Su MU’s face was burning when he walked out.

he was too shameless.

when little ye jie saw her mother coming out, she raised her little head and asked innocently, ”
“Mom, why is your face red again?”

...

su mu covered his face. ” did i? ”

she didn’t know if it was red, but it was hot.

ye xiangnan came out of the kitchen, sat beside her, and turned on the tv. then he said to ye jie, ”
“do your homework. don’t disturb daddy and mommy’s love.”

xiao ye’s little mouth opened into an “O” shape, then she ran upstairs with a stack of books and moved to her parents.

su mu wanted to move his head away uneasily, but he couldn’t. he pressed her down.”watch tv with me for a while, don’t you have something to say to me? Let’s have a chat.”

Su mu bit his lower lip. actually, I don’t have anything else to say.

“really?” Ye xiangnan smiled. then I’ll tell you, okay? ”

Su mu pretended to be watching TV while he put his arm around her shoulder and said casually, ”
“In the future, I’ll call two aunties over, or I’ll just move back.”

Su mu took a look at him.

Ye xiangnan smiled. it's not convenient. I want to sleep a little longer in the morning.

As he spoke, he stretched lazily, the hint was obvious.

Su mu didn't want to pay attention to his words at all, but ye xiangnan said in a deep voice, "I've just received a notice. I'll be a little busy later. Su mu, you have to take care of ye Jie and the rest of the family.

what happened?" su mu looked at him and asked in a low voice.

he hugged her. "it's okay. it's not very important. you can just take care of ye jie. "

she simply thought it was about starlight, but after a while, ye xiangnan said in a deep voice, "Cheng Zheng, we can't stay up there anymore."

su mu was stunned.

ye xiangnan kissed her on the forehead. "if he is willing to turn back now, there is still a chance for him to escape. but i'm afraid he won't. " he said.

Su mu was still in a daze and couldn't digest the information for a long time. After a long time, she said in a low voice, "The worst case scenario, what will happen to him?"

ye xiangnan's expression and voice were both calm. "that's the worst case scenario. "

He looked at su mu and stopped talking.

but his expression said it all.

su mu was stunned. it took him a long time to find his voice."Is there a possibility that he will change?"

haven't you seen Cheng Zheng's life now? she can give away tens of millions of Yuan, how can she accept him? " ye xiangnan's expression was calm. he let out a long breath, "if he can't change it, then tell your sister hong to stay away from him."

Su mu said in a low voice, " I got it. then he said in melancholy, " "he used to be a very simple person."

"before the big picture, you have to put down your personal emotions." " i'm not targeting him, " ye xiangnan said in a deep voice. " he really went too far. "

su mu lowered his eyes and said softly, " "I know, I won't interfere."

She suddenly thought of something and looked at him. "Is this a mission from uncle?"

He didn't reveal his identity, afraid that she would be worried.

he just reached out and stroked her hair. " "it's fine. i'll just be a little busy."

Chapter 5225: President ye's wedding (11)

In fact, su mu knew that it would not only be busier, but also dangerous.

she leaned on his shoulder and wrapped her arms around his waist. " ye xiangnan, we're married. "

hmm. he looked down at her. so? "

"So, you're not allowed to be hurt," she said softly.

He laughed. why would I? "

they didn't say anything else after that. they just watched the tv like an old couple. after a long time, su mu said in a low voice, "let's hire an Auntie then. Just one will do. She'll do some cleaning and I'll cook for you and ye Jie when I'm free.

...

He turned around and held her chin. is this considered a confession, Mrs. Ye? "

"no, don't go up too high." "I'm just cooking," she said unhappily.

"oh, i see," he said.

Su mu, who had always been calm and steady, was actually a little angry at this moment. "what else could it be?"

"I always thought that you more or less cared about me." "yes or no?" he smiled and lowered his head.

su mu didn't want to answer him, let alone talk to him.

"this is a silent agreement," president ye said.

"Shameless," su mu spat out in a low voice.

"What are you talking about?" He put on the attitude of a superior. If she dared to say another word, he would definitely show her his shamelessness.

su mu was also quite afraid of him.

Ye xiangnan was finally satisfied. He patted her gently and said, "Good girl."

hearing this, su mu shivered and young master ye became unhappy. "Su mu, can't you give me some face? other women would probably go crazy if they wanted me to say this word."

“Then you should go and find them.” Su mu said emotionlessly while staring straight at the TV, as if he had gained a new courage.

“Su mu,” ye xiangnan said in a threatening voice.

stop talking. Let’s watch TV. It’s rare that we’re all at home. she suddenly hugged his arm and rested her head on his shoulder, her hands still around his waist.

Ye xiangnan was a little startled. Was this considered acting coquettishly?

He thought to himself that it should be, since he had never seen her like this before.

*

On the other hand, master Cheng didn’t recuperate well after the operation.

The situation wasn’t good. Every day, his subordinates went in and out, making the doctors and nurses here tremble in fear.

The hostility on master Cheng’s face also grew day by day, and he almost went to have a talk in person.

“I heard that there’s a special group that’s targeting us,” the underling whispered.

Master Cheng gritted his white teeth. keep those for now. Keep a low profile.

“do you know who is leading the team?” he asked again.

The subordinate didn’t dare to say anything, so master Cheng immediately got angry.”you little brat, you’re so useless, what’s there to be afraid of? what great things can a woman achieve?”

The subordinate’s ears were ringing after being slapped by him. He covered his face and said in a low voice, ” “i heard it’s the one from the ye clan.”

Master Cheng's eyes glowed. as expected, I used to think he was a pretty boy. Qianqian joined the special operations team at the age of 16. She's indeed a good master trained by the higher-ups.

"Can I be offended?" the subordinate asked carefully.

Master Cheng gave him another slap and said,"are you stupid or what?" i'll be the first one to kill him if he wants to offend me, do i need you to come up with ideas and be clever?"

his subordinate was xiao mao, so he felt quite aggrieved.

Chapter 5226: why, do you still feel bad for me?(1)

however, xiao mao felt wronged and didn't dare to do anything to master cheng. no matter what, he had to bear with it.

The two slaps were so painful that he didn't dare to say anything.

At the door, sister Hong stood there and sneered, " "if you don't have the ability and vent your anger with your hands, what's the difference between you and a woman? No, it's still an insult to the word "sissy.""

when master cheng saw sister hong, his eyes turned red. he couldn't wait to get up from the bed and go home with his darling.

Sister Hong was holding a basket of fruits and threw it beside him. " you're not dead yet? it's good that you're not dead. you still have the strength to shout and hit people. "

master cheng touched his head and said,"i was just in a hurry."

...

"Mao Zi, come here."

Xiao Mao immediately ran over with tears in his eyes, ” “Master Cheng.”

seeing him like this, master cheng was angry and amused. he took out tens of thousands of yuan from the drawer at the side. ” go, go, go, buy some food. don’t tell others that i bullied you. ”

Xiao Mao’s eyes were fixed on Qian Qian, and he said in a low voice, ” “i wouldn’t dare to complain about master cheng.”

Master Cheng was quite satisfied. then tell that person, did I bully you? ”

“Absolutely not.” Xiao Mao said softly, his eyes still fixed on little money.

“Then, Russian, does master Cheng treat you well?” master Cheng was very proud.

“he’s especially good. master cheng is the best man in the world.” xiao mao blew rainbow-like farts.

“Master Cheng, are you handsome? are you manly? is your body great?” master Cheng continued to ask.

master Cheng is so handsome. He’s the most manly, and his body is great. xiao mao was willing to say anything now.

Sister Hong felt that this pair had no bottom line. Didn’t it sound a little weird to say such things?

Xiao Mao felt that master Cheng’s body was great!

Sister Hong was speechless. She used her eyes to signal for Xiao Mao to leave first.

xiao mao took the money and went out, even specially greeting sister hong.

Sister Hong closed the door, leaving only master Cheng and her in the ward.

she didn't look too good, while master cheng looked indifferent.

“you look calm. do you know what's going on outside?” sister hong's voice was cold.

Master Cheng picked his ears and pretended not to care. ” you're here to control me. don't be like an old mother every day. men hate this the most. ”

sister hong pursed her lips and said in a serious tone, ” ” no matter what you think, you should stop. you won't have a good ending if you continue like this. ”

master cheng wanted to take out a cigarette, but he stopped himself and sneered. ” “at most, i'll just find a woman to leave me a seed. i'll be a good-for-nothing again in 18 years.”

As he said that, he sneaked a glance at sister Hong and regretted it.

What did he just say? this woman couldn't even give birth.

master cheng was a little cautious, but sister hong didn't look angry. she just leaned there and sneered, ” “you're born without a father? Cheng Zheng, you're such a scumbag. Zhang fucai, that fatty, still knows how to raise a child, but why don't you?”

“you're comparing me to that man?” master cheng was furious.

“Did I insult you?” “what else do you have other than some stinky money?” sister hong coldly asked.

Master Cheng couldn't say anything for a long time. He was so angry that he didn't want to talk to her.

initially, he was quite happy that this woman had come. although he pretended to be unhappy, he was actually happy inside. however, she would always argue with him and would not say anything nice to make him happy.

he was already so sick!

Master Cheng felt wronged. He lifted the quilt and covered his head, looking like he didn't want to talk to anyone.

Chapter 5227: Why, do you still feel bad for me? 2

master cheng's rascal behavior was really funny and annoying.

Sister Hong rolled her eyes and pulled up the blanket."Cheng Zheng, don't be a Rascal."

"who are you to me? why do you care?" Buried in the quilt, master Cheng's mouth was actually grinning widely, but he didn't want to admit it.

Heh, I don't want this woman to find out that I'm happy.

sister hong straightened her body and said very calmly, "I'll count to three. If you don't get up, I won't care about you anymore."

Master Cheng lifted the quilt at once and said happily, "So you're saying you're willing to go back with me? I'll go back with you."

...

sister hong couldn't be bothered with him. she snorted and leaned against the wall behind her. "i'm just reminding you to be careful when playing with fire. don't think about anything else."

Hearing that, master Cheng knew that it was impossible. Then, he looked at her face and felt that she was serious.

He lay down again in embarrassment and said through gritted teeth, "I don't have anything to worry about in this world. It doesn't matter to me whether I die or not. I only have one life, so I can create it however I want."

“Cheng Zheng, are you crazy?” sister Hong frowned.

She didn’t want to talk to him anymore. I’ve already said it. It’s up to you whether you listen to me or not. Your life is yours too. It has nothing to do with me.

Master Cheng just listened without saying a word.

After sister Hong said her piece, she turned around and left.

at the door, master cheng changed his previous fierce style and said faintly, ” “Did you really not feel bad for me at all?”

sister hong paused for a moment before saying in a low voice, ” I’m quite concerned about betrayal. Cheng Zheng, I thought you knew.

master cheng suddenly became angry, and his voice rose a lot. ” “I thought you didn’t care since you were so open. I didn’t know that you couldn’t let go of a woman you’ve slept with.”

master cheng said in a lower voice,”if i had known this would happen, i wouldn’t have slept.”

he squinted. was it easy for him? he had been struggling in his heart for so long. wasn’t it all because she was angry?

Sister Hong remained silent. After a while, she smiled.”Maybe.”

It was obvious that she was really angry.

Master Cheng realized that he had said the wrong thing again.

Wasn’t this woman usually quite magnanimous? why was she so angry?

Master Cheng also wanted to be as unyielding as sister Hong and ignore her. However, he didn’t have a backbone and felt particularly aggrieved. He jumped off the bed and shamelessly held sister Hong’s hand.

“Didn’t I just say something wrong? do you have to make such a big fuss?” master cheng said uneasily and lowered his head.

sister hong looked at him. ” i didn’t mean it that way, ” she said softly. ” i won’t be angry with you. there’s no need to. ”

Master Cheng frowned. woman, why are you like this? ”

“nothing much. goodbye.” Sister Hong didn’t want to be entangled with him and quickly broke free from his grasp.

did master cheng just watch her leave? Of course not, who was master Cheng?

Hence, he clutched his stomach and made a fake sound, as if it was real.

“Cheng Zheng, are you serious?” sister Hong frowned.

Master Cheng was still screaming with a pained look on his face.

Sister Hong still helped him up. Master Cheng’s body suddenly felt lighter and he was extremely happy. However, he didn’t dare to show any expression of enjoyment and pretended to be in pain.

sister hong helped him to the bed and pressed the bell.

The nurse arrived immediately. what’s wrong with Mr. Cheng? ”

Chapter 5228: Why, do you still feel heartache for me? 3

the nurses here also loved and feared master cheng. master cheng had a bad temper, but he liked to give out money. which woman didn’t like to have money thrown at her?

there were many people in the hospital, and everyone had benefited from it. they all had a tacit understanding, so they served master cheng like he was god.

At this time, God was crying out in pain, and the nurse immediately wanted to push him for a check. What was wrong with master Cheng?

“I need a massage. Can I borrow someone’s hand?” he said, still lying.

Sister Hong was used to knowing his character, so how could she not know now?

“can i use my little hand to help you massage it?” she sneered.

...

Master Cheng immediately showed a satisfied expression and grinned. “My woman knows me best.”

sister hong chuckled and stepped forward to help him massage his head.”is this better?”

master cheng looked like he was enjoying it. ” your fingering skills are really good. better than a nurse. why don’t you stay here and take care of me? when i’m better, i’ll thank you personally. ”

the nurse pursed her lips and smiled. this lady must be master cheng’s sweetheart. master cheng had a bad temper, but he was as obedient as a kitten.

Sister Hong sneered and pressed down hard with her hand. Master Cheng immediately screamed, ” “Liu Hong, you woman ... Are you trying to murder your husband?”

After all, she was a patient who had just finished her surgery.

the white gauze was covered with blood, which looked quite scary.

master cheng looked up at sister hong with innocent eyes. ” “you’ll help me to the emergency room, right?”

Sister Hong was also stunned. After a long time, she muttered,”I didn’t do it on purpose,”

“Stay here and take care of me, or I’ll Sue you in court. There are witnesses and surveillance cameras.” Master Cheng said fiercely.

sister hong was a little dumbfounded.

in the end, she still helped the weak master cheng to the emergency room. in fact, it was just a minor injury, so he had to let the doctor give him first aid for three hours.

master cheng was playing with his phone, and the doctor was helpless.

After a while, master Cheng asked someone to go outside to see if his woman was still there.

The doctor was also quite speechless. However, master Cheng generously gave each of them a 100000 Yuan red packet. Anyone would be willing to do such an easy job.

sister hong had been waiting outside for three hours. master cheng was very satisfied. he was still in his woman’s heart.

when he was pushed out by the doctor, master cheng’s face was full of pride. he didn’t look like a patient at all. he looked more like a newcomer.

“how is it?” sister hong asked softly.

Master Cheng smiled. don’t worry. Your man is in good health. He’s in great shape.

After receiving the money, the doctor started spouting nonsense with a straight face to fool sister Hong.

Sister Hong didn't feel at ease and didn't leave. However, master Cheng was overjoyed. One moment, he instructed her to do this, and the next moment, he made her do that, as if this could prove that sister Hong really loved him.

Sister Hong was also speechless and couldn't be bothered to correct him.

master cheng was so proud and happy that he felt like he had reached the peak of his life.

in the afternoon, xiao mao came back again with some news.

not good.

at that time, master cheng was eating an apple. when he heard this, his face changed. eating an apple was like eating the meat of ye xiangnan.

He narrowed his eyes. This pretty boy was really ruthless. Half of his territory had actually been taken away.

Ye xiangnan had also messed up most of his goods, and his brothers no longer believed him.

Master Cheng felt that he couldn't stay in this hospital anymore, so he wanted to get up immediately.

who was sister hong? she had long noticed that something was wrong. she said softly,"Cheng Zheng, what are you doing?"

Chapter 5229: Why, do you still feel bad for me? 4

Master Cheng smiled at her. there's something I have to deal with. Don't you have to do that? "

Sister Hong's voice was cold. weren't you on the verge of death just now? you can be discharged now? " Who are you trying to fool?"

she looked at xiao mao.

Xiao Mao didn't dare to look into sister Hong's eyes, feeling extremely guilty.

Naturally, sister Hong had heard about the rumors outside. She also knew what Cheng Zheng was going to do. This time, he would probably not be able to return as the people outside were waiting for him.

sister hong looked at cheng zheng. " stay here and don't move, " she said softly. " i'm going out for a while. "

...

master cheng frowned. " what's this woman up to? " he asked.

as she spoke, sister hong had already walked out.

After a while, a few doctors came in. Master Cheng covered his strong body with a frightened face. Liu Hong, don't mess around. I'm telling you, if you dare to do anything to me, I won't let you off. I'm going to lock you up and beat you up!

The doctor injected some calmness into his muscles. Master Cheng's eyes slowly fell on sister Hong's face as he spat out the last few words, " "I'll kill you."

then, master cheng fell asleep like an old bull, very well-behaved.

little mao was so scared that he peed his pants.

Sister-in-law, sister-in-law is too amazing. She actually colluded with the doctor to knock out their master Cheng. Will master Cheng be alright? should I tell the brothers?

Xiao Mao was panicking.

sister hong glared at him and waited for the doctors to leave before reprimanding, ” “what’s the rush? you won’t die.”

“When master Cheng wakes up, he’ll whip people with his belt,” Xiao Mao said, his teeth chattering.

this great aunt had never been slapped before, so she didn’t know what it felt like.

“since he knows how to beat people up, why don’t we kill him now?” sister hong chuckled.

Xiao Mao’s face was full of fear. It seemed that master Cheng was right when he said that women were scary.

sister hong didn’t want to waste her breath on him and said indifferently, ” if we let him out now, he’ll die. We’ll wait until he calms down. Xiao Mao, everyone knows that an arm can’t win against a leg. If he dares to touch ye xiangnan, not only him, but all of you will be stewed too, right? ”

xiao mao knew this, but he still said carefully, ” “eldest sister-in-law, we all know the logic, but brothers should have some loyalty.”

“Is loyalty more important than face or life more important?” don’t you have anyone who cares about you? ” sister Hong said softly. do you think that you’ll be honored to die like that? ”

Xiao Mao was a little moved and said after a while, ” ” sister-in-law, you’re so loyal. master cheng used to say that you like him and that you love him so much. i didn’t believe him at first, but now i do. ”

Sister Hong couldn’t believe what she had just heard. She wanted Xiao Mao to repeat it, but Xiao Mao swallowed his saliva and repeated it again. Sister Hong was about to explode in anger. he’s not embarrassed. He’s the one who’s pestering me.

Oh, then don’t worry about master Cheng, sister-in-law. Just let him die. No one cares about him anyway. Xiao Mao was dejected.

sister hong was stunned for a moment before she pulled xiao mao by his ear. ” ” little brat, you’re setting me up, right? do you think i’ll be fooled and care about this bastard? ”

xiao mao was in pain but he laughed along. ” of course i don’t care. it hurts, it hurts, it hurts. please let me go, sis. ”

Only then did sister Hong put him down and said in a cold voice, ” “in the future, if you say such words again, be careful that i don’t peel off your skin.”

Xiao Mao rubbed his ears and laughed. sister-in-law, your aura is similar to our master Cheng’s now. Isn’t it like the saying in the books, ’one who is stained by ink is black’? ”

Chapter 5230: why, do you still feel bad for me? 4

Sister Hong wanted to pinch his head again. Xiao Mao wailed. what a fake. He looks more like master Cheng.

Sister Hong thought in a daze that Xiao Mao was actually quite cute.

The two of them quieted down after that. Xiao Mao asked softly, ” “Sister-in-law, you actually like master Cheng, don’t you?”

sister hong laughed coldly, ”what would i like about a pig like him?” i’m just doing my part for the sake of money.”

“But I still think that she has feelings for master Cheng,” Xiao Mao said as he rubbed his nose.

sister hong gave him a warning look, and xiao mao didn’t dare to say anything.

...

After a while, sister Hong said faintly, ” “He’ll only be considered alive if he passes this tribulation.”

Sister Hong was a little vexed. he doesn't even care about it, so why should I be in a hurry? ”

Xiao Mao said, ” sister Hong, you can't ignore master Cheng. He doesn't say it, but he misses you very much. I've been with him for a long time, but I've never seen him fall for any woman. In fact, he only cares about miss su or Mrs. Ye. He's just grateful to her when he was young. Mrs. Ye has raised master Cheng for many years when he was young, and master Cheng has always remembered this kindness. He knows very well who has been good to him.

Xiao Mao continued. those women outside are just putting on an act. Master Cheng doesn't care about the women in the villa. Ever since he had sister-in-law, master Cheng has not even looked at them.

“only sleeping, right?” sister hong smiled.

xiao mao's mouth opened, but he could not say anything.

sister-in-law was damn right.

however, master cheng was still in a fit of anger. when he got up the next day, he was so scared that he peed his pants. he regretted it so much.

she pulled a long face and shamelessly begged sister hong, but sister hong refused to forgive her.

sister-in-law is so tough!

Xiao Mao went over and sat on the chair, quietly watching over master Cheng. Sister Hong saw that his eyes were red like a little wife, and she really couldn't bear to look at him.

Sister Hong rolled her eyes. Alright, alright. What are you crying for? you're a man and you're crying like a woman.

“I'm not even as good as a woman!” Xiao Mao shouted.

Sister Hong found it funny and carried him. go and rest. I'll watch over him for you.

“Really? I thought you didn’t like master Cheng?” Xiao Mao looked at her suspiciously.

sister hong wanted to tear his mouth apart. she said in a cold voice,”little mao, don’t you think you’re talking too much?”

“Master Cheng said the same thing about me,” Xiao Mao scratched his head.

he immediately ran out and gave his sister-in-law some space. xiao mao stood at the door and thought that master cheng would be very happy to see his sister-in-law when he woke up.

Sister Hong looked at the closed door and sat down. She didn’t stay idle and took out her notebook to write a manuscript.

although the newspaper was under her name, she would still write some reviews. her writing style was very shrewd, and her reviews were on point. the sun’s good sales were half because of sister hong.

Master Cheng woke up at five o’clock in the afternoon.

the tall and muscular body moved, and sister hong closed her laptop. ” “You’re awake?”

master cheng moved his head and then squinted his eyes. ” how did i fall asleep? ”

A few seconds later, he recalled what had happened and glared at sister Hong. He wanted to gnaw at her.

“women shouldn’t meddle in men’s affairs.” Master Cheng got out of bed and was about to put on his clothes and go out.

Sister Hong looked at him quietly. if you have the ability to leave this place, then don’t look for me in the future.

when she said this, her eyes also turned slightly red.

master cheng stared into her eyes and then pinched his own leg hard to prove that it wasn't a dream.

This woman was really sad for him.
