

Thank you 5261

Chapter 5261: su mu, do you like me? iv

“su zhirou is in my hands,” mr. mi said coldly.

“You can do whatever you want to her. It has nothing to do with me. Also, if you dare to touch a single hair on my wife and child, I will make sure that your entire family and you won’t have a single hair left.” ye xiangnan’s eyes were cold.

he did not need to worry when he was with cheng zheng. cheng zheng was indebted to su mu and cheng zheng would not lay her hands on women and children. however, mr. mi was different. he was vicious.

How stupid was su zhirou to have provoked this person?

Mr. Mi was furious, but it wasn’t a good time to fall out with ye xiangnan.

If he stayed any longer, he would only be asking for humiliation, so he left first.

...

Su Zhiyan was scared to death as she bit her lips. “brother-in-law, you’re going to get me killed.”

“Is that so?” ye xiangnan said rudely, “did i ask you to climb to his place?” You’re the one who’s cheap and you’re still blaming others.”

he was so sharp-tongued that su mu could not even bear to listen to him.

However, ye xiangnan didn’t have any intention of holding back. He looked at Su Yan’s mother, who was about to speak, and said, ” “Do you still think that su mu is the one who harmed you? in fact, it’s you who harmed her. I really don’t know how you have the face to make this phone call. Shaoqing is sick. She was perfectly fine, yet you cursed a teenager just for your good-for-nothing daughter? “wang yuanke, i’m taking su shaoqiang and shaoqing with me. you don’t have to care

about their lives in the future. also, i won't care about you and your daughter. that's all i have to say."

After ye xiangnan finished speaking, someone came over and carried su shaoqiang away to the relevant sanatorium for treatment.

When the wheelchair was pushed out, su shaoqiang's condition was really not good. At first, he only had a broken leg, but he looked like he was not in good spirits. Su mu felt sad when he saw it.

" i'll visit him in a day. don't worry, it's a hospital in the first military district. he has the best care and no one will dare to disturb him. " Ye xiangnan looked at mother su. su zhirou has to quit. Otherwise, she won't end up better than young master su. Think about it.

Then, he took su mu and su Shaoqing away.

mother su's lips moved. she wanted to say something, but she couldn't.

She couldn't refute ye xiangnan's words.

After they left, she whispered to her younger daughter, " "zhiqiao, your brother-in-law actually has a point. that mr. mi doesn't look like someone to be trifled with. why don't you quit your addiction and beg your sister? she's soft-hearted and will protect us."

Su Zhiyan was actually scared as well, but just the thought of the pain of quitting that thing made her give up. She squeezed out a nonchalant smile and said, " "mom, how is mr. mi scary? he's very respectful to you and even brought a big ginseng for you to nourish your body. look at brother-in-law, he didn't even bring a cabbage when he came. he even brought dad and shaoqing away. who do you think is good to our family?"

If it was in the past, mother su would have been convinced by her twisted logic. Anyway, it was zhiqiao who was right, and su mu who was not.

however, after mother su witnessed the scene today, she could no longer look at zhiqiao in the eye.

su yan's mother hesitated for a moment before she made up her mind. " "zhiqiao, you should leave mr mi."

“mom, you’ve been poisoned by su mu. how could you believe her words?” su zhirou shrieked.

Mother SU’s mind was clear for once. “Your brother-in-law is a Big Shot, and you know his family. I believe what he says, and zhiqiao, listen to mom. It’s just a little embarrassing for you to be the third party, but if you continue to follow Mr. Mi like this, I’m afraid our family will be destroyed.”

Chapter 5262: Su mu, do you like me? v

su zhiyan’s smile was a little unnatural. ” mother, you’re missing me. why would i? ”

she continued,”mr. mi loves me so much.” if it wasn’t for big sister and brother-in-law not willing to help, aren’t we all fine now? we’re not at fault in this matter, it’s big sister’s fault. didn’t you say this since we were young? even if she’s in the wrong, she’ll still say that she’s in the wrong.”

Mother su stared at her for a long time before suddenly saying, ” ” maybe president ye is right. i’ve taught you the wrong way. you can’t tell right from wrong. ”

Even though mother su was a mess when it came to relationships and was cruel to young master su, the thing that su zhirou smoked made her tremble in fear, let alone being a part of it.

if she had known about this earlier, she would not have dared to ask su mu to come back.

Right now, she was filled with regret and fear. She was afraid that su Zhiyan would cause her death.

...

mother su calmed down and said, ” zhiqiao, mother will take you away. leave this place and think of a way to quit. we can start a new life. don’t you have a lot of jewelry and money? it’s enough for you to live your life. why do you have to serve an old man? that bastard can fall out with you at any time. mother is afraid of death. ”

su zhiyan stared at her for a long time before saying, ” “mom, i’m not leaving.”

She didn’t want to leave. Why should she leave?

her brother-in-law did not agree today because her elder sister was there. she did not believe that her elder sister would not be able to seduce her brother-in-law’s soul. she was much younger and prettier than su mu.

When she said this, mother su was dumbfounded. “Your brother-in-law doesn’t like you.”

Su zhirou coyly replied, ” we have to put in some effort. Big sister is around. Brother-in-law can’t possibly look like he’s going to cheat on her, right? mom, don’t worry. I’ve settled brother-in-law. Everything’s settled.

Mother su swallowed her saliva.

She knew that su Zhiyan would not succeed. She was also a woman, and the disgust in Xiang Nan’s eyes was clear. She did not know why Su Zhiyan was so confident and where she got her confidence from.

she really did not teach her these things.

Mother su wanted to cry as she listened.

this child was completely out of his mind. he was finished.

she couldn’t persuade him, so she went back to her room and cried silently. when she calmed down, she packed up and prepared to run away.

she had to leave. even if she stayed, she would die with su zhiyan.

She had tried to persuade her, but she couldn’t, so she couldn’t blame her for being ruthless.

su yan's mother actually ran away overnight, bought a ticket to a small city in the south, and disappeared without a trace. she took away tens of millions of yuan from her two daughters, enough for her to live on.

Su zhirou only realized that her mother had left at 10 pm because the room was a mess and the floor was covered in clothes.

she was stunned for a moment before she realized that her mother had run away and did not want her anymore.

"It's just a small matter and you're already so scared." Su Zhiyan stomped her feet.

She still felt that she could handle ye xiangnan, so she wasn't afraid and even called Mr. Mi.

Mr. MI's voice was cold as he said that he would give her three days.

Su zhirou was still acting all delicate, so Mr. Mi hung up immediately.

su zhiyan hummed a song and said,"if i take down ye xiangnan, who would still follow an old man like you?" I have everything I want."

she did not know that this was her last beautiful dream.

it had to be said that mother su's premonition was a miracle.

Late at night, in the car.

ye xiangnan asked someone to take su shaoqiang away, while he drove su shaoqing to the school he had studied at. after a four-hour drive, they finally arrived.

No one had eaten, and in the end, they used some of their special privileges to get a special meal in the cafeteria.

Chapter 5263: su mu, i'm a scumbag. how can you like me? 1

su mu sat quietly and listened to ye xiangnan and shaoqing talking about the school. she could not help but remember that when shaoqing went back, ye xiangnan was very impatient and fierce to her.

But now, it was clearly her problem, but he had taken responsibility for it all and had even made the best arrangements.

It was much better than her handling it.

she tilted her head and looked at him. there was a gentleness in her eyes that he could understand.

Under the table, ye xiangnan held her hand, but on the surface, he was talking to Shaoqing. If it weren't for her, she would never have known that he held her hand like this under the table.

An instructor led Shaoqing away. Before he left, su mu told him to study hard and it was especially safe here.

...

su shaoqing was dazed for a moment before she said softly, " "Second sister, she's ..."

Su mu gave a faint smile and said nothing.

she was not a saint, and su zhiyan was truly beyond saving. even if you forced her to that kind of place, she would still smoke that kind of cigarette when she came out. besides, she had really opened her eyes tonight.

Su mu was not so foolish as to invite a Wolf into his house and mess up his life for su zhiqiao.

"I understand." Su Shaoqing nodded.

no one could do anything to su zhiyan because she did not want to save herself. she did not even know where she went wrong.

Su mu left with ye xiangnan. When she got in the car, she suddenly asked, ” “are you tired? i’ll drive for two hours. you can sleep for a while.”

He looked at her and smiled.

however, he still sat in the passenger’s seat and didn’t sleep. he just leaned against the seat and talked to su mu.

Su mu drove for an hour before he took over. It was already three O ‘clock in the morning when he returned to the villa.

it was really late and the two of them were very tired.

they took a shower and lay down together.

The next morning, su mu didn’t wake up, probably because he was too tired.

ye xiangnan thought for a while and decided not to wake her up. he ate his breakfast and went to the company.

She had just finished a few important work matters when Secretary li knocked on the door and came in. The expression on her face was a little difficult to describe.

“what’s wrong?” ye xiangnan held his phone in his hand, wondering if he should call su mu.

She should have woken up by now. There were no servants in the house, so he wondered if she would know to have lunch at noon. At this time, President ye regarded su mu as a child. He remembered that su mu had spent several years alone with ye Jie.

however, it was different now. he was willing to dote on her.

Just as she was thinking about it, Secretary li whispered, "it's miss su zhirou. she wants to meet president ye."

"her?" "just say i'm not here," ye xiangnan snorted.

"that person is quite good at coming up with things. president ye, you'd better not meet him. otherwise, it won't be good for su mu if he comes here every day. " secretary li said.

ye xiangnan thought that since su mu wasn't here, he couldn't go too far in front of su mu. now was the perfect time.

Hence, he gave a few instructions in a low voice. Secretary li looked at him and left with a smile.

in less than five minutes, su zhirou came in and was stunned.

it was such a big office. she thought it was already very stylish on the outside, but she didn't expect this office to be really luxurious. it was big enough to run inside.

"Brother-in-law, your place is so big." Su Zhiyan smiled charmingly.

"Don't call me brother-in-law." Ye xiangnan sat behind the desk and said in a low voice.

Su Zhiyan was stunned for a moment, then she laughed softly."What should I call you if not brother-in-law?"

Chapter 5264: I'm a scum, how can you like me? 2

Ye xiangnan's voice turned colder,"get out if you want to have fun."

He looked up and gave Secretary li, who was at the door, a look.

Four security guards quickly stepped forward and held su zhiqiao down. They then stuffed her into the elevator and threw her into the drug rehabilitation center.

ye xiangnan didn't ask anyone to watch her, because she didn't need to. she couldn't blame anyone for her own death.

just as he had thought, su zhiyan had always been willful, and dogs would always eat that kind of thing. after staying for a day, she would cry for her parents and run away when the nurse was not paying attention.

Su zhirou had nowhere to go, so she naturally went to look for Mr. Mi for a chat.

...

not only did she fail in her task, but she also seduced ye xiangnan. mr. mi didn't let her off.

Besides, she had no value to him anymore.

Su zhirou's fate was rather tragic.

mr. mi did not dare to touch su mu or ye jie, but su zhirou had no one to protect her and had become a punching bag. he did not want her to die, but his wife did not like her and took her away. when she returned, she was already dead.

for mr. mi, it was nothing to lose someone.

It's good to find someone to deal with it.

su mu only received the news a few days later, and it was sister hong who told him.

"this little girl is also too much. she looks so crooked, but no one cares about her." "It's Cheng Zheng's fault," sister Hong said as she smoked.

su mu shook his head. " ye xiangnan sent her to the police station last night. she ran away. she didn't want the last chance. "

to be honest, it was not that she was cold-blooded, but her feelings for su zhirou were indescribable. no one could do anything about her own death. however, she did not expect her mother to run away just like that. she did not want su zhirou just like that.

"What's your next plan?" "That house," sister Hong asked softly.

"just leave it. it's not a good place to let others stay." "Sister Hong, zhiqiao was a pretty little girl when she was young. If my mother didn't dote on her so much, she wouldn't have become like this," su mu whispered.

for the sake of her own vanity, she had no bottom line. she was naive, childish, and pitiful.

Sister Hong patted her. don't think about it. She chose her own path. cheng zheng even pointed it out to her last time and said that she had to quit."

Even though sister Hong had said that, she had fallen out with master Cheng when she went back. As soon as she went back, she took a bag and hit him. The button just happened to slide to her face, and it was bleeding.

master cheng was especially angry. " what's wrong with you again? you don't want to live a good life anymore, do you? "

The two of them had fiery tempers. They were especially good when they were on good terms, and when they quarreled, they were fierce.

as soon as they quarreled, this woman wanted to hit him. master cheng obediently took the hit and didn't dare to fight back. he only dared to scold her. then, this woman hit him again fiercely.

Master Cheng felt wronged. Sometimes, he would hide for two days and live like a grandson.

however, the sweetness of love.

in less than two days, when he missed his woman, he would come back shamelessly, act coquettishly, and make up with her.

now that sister hong had hit him, he was also a little angry. ” “how did i offend you again? i’ve already moved on from su zhirou’s matter. if you want to look for someone, go look for that mi guy. you dare to hit him like that? you’re just relying on me to let you have your way.”

sister hong hit him a few more times, but she wasn’t satisfied. she panted and scolded,”It’s all because of you scum! How many women have you harmed!”

Seeing that she was no longer in pain, master Cheng hugged her from behind and rested his chin on her shoulder.”I’m a scum. Why do you like a scum?”

“that’s right, i’m blind.” sister hong glanced at him.

Chapter 5265: i’m a scum, how can you like me? 3

“i think you have good taste, especially good,” master cheng said shamelessly.

He was like a big dog, acting cute and acting coquettishly. Who could stand this?

sister hong really did not know what to do with him. she snorted coldly and glared at him. ” cheng zheng, do you still have any sense of shame? You’re a big man with so many brothers in your hands. What are you doing here all day? you’re following me around. I find it embarrassing.”

Especially when she went to social events, master Cheng was like a loyal dog squatting at the door of the private room. Not to mention taking advantage of her, those advertising fathers didn’t even dare to let her drink a sip of wine.

Who would dare to make master Cheng’s woman drink?

if he really did that, he would probably not be able to leave this door.

...

sister hong gently shook her head as she thought of the man's shameless behavior. she turned her head and said, "let's not talk about this anymore. You have to do the rest of the things beautifully. It's not for peace of mind. Just take it as for su mu.

master cheng was the most suitable person for this.

su zhirou really deserved what happened to her. not only did she not have the right values, but she also tried to harm others. in the end, even her own mother did not want her anymore.

seeing that this matter had passed, master cheng was overjoyed. "Alright, wife, I promise I'll handle this matter flawlessly,"

sister hong glanced at him, but she didn't reject any other offer.

at night, she tilted her head and asked softly, "i heard from su mu that su shaoqing has been sent to the no. 1 military school. uncle su has also been sent to a safe place. cheng zheng, i think ye xiangnan is going to teach mi xiaoming a lesson. "

Master Cheng was a little tired at this time. Hearing sister Hong's words, he turned over and said, "Isn't that just right? we can just sit on the mountain and watch the Tigers fight."

Sister Hong smacked him on the arm. Su mu is not only my good friend but also your benefactor. He has been feeding you like a dog for years. How can you forget him just like that?

master cheng was a little angry at her and sat up all of a sudden. " alright, you woman. tell me what you want to do and let me rush in front. if something happens to me, you won't have a man anymore. "

Sister Hong knew that his temper had flared up, and he was also very angry in his heart. His business had been destroyed, and now his money was under her control. Of course, he would not feel comfortable being controlled everywhere.

Sister Hong's voice became gentler. how can I bear to let you rush in the front? it's good for you to help from the side. For example, let a few brothers protect su mu, and make your stance clear.

master cheng muttered, " i don't want to do it. i'll be laughed at by my brothers in the underworld. have you heard of the bandits 'family, reporter liu? "

sister hong looked at him. " then why did you eat her food back then? "

Master Cheng straightened his neck. how would I know that she's going to get married? otherwise, I wouldn't have eaten. I'd rather starve to death, so that I won't be troubled by you today. What's wrong with me? there are so many women waiting for me to go out and have a walk.

"Go!" " cheng zheng, " sister hong said as she turned on the lights, " if you don't go today, you're not a man. "

she was furious. this bastard kept talking about a bunch of women waiting for him whenever they quarreled. since that was the case, what was he still doing here?

she felt that she had already lowered herself and was very considerate of him. she, liu hong, couldn't be like those women who fawned over him to the point of no end, right? if she did that, she would look down on herself.

Sister Hong bit her lower lip and turned her face away, unwilling to look at him.

Chapter 5266: I'm a scum, how can you like me? IV

Master Cheng was so angry that he picked up his clothes and wanted to leave.

However, she stood aside and didn't make a sound, but her eyes were red.

After a while, tears fell from the corners of her eyes.

master cheng was stunned.

Master Cheng was a little panicked.

after a long time, she said embarrassedly, "we were just talking. why are you crying? i didn't bully you."

...

sister hong lowered her eyes and chuckled. "let's go. i won't keep you here, and i won't keep you in the future either. go and find your sweet and pretty girl, qianqian. i can't afford to serve your grandfather!"

master cheng immediately came forward and clumsily helped her wipe her tears. he didn't know that women couldn't be pampered. the more he wiped, the more tears she shed. master cheng grinned. "It's said that women are made of water, and it's true. Be good, I'll wipe it for you. Don't cry anymore, Yingluo."

Sister Hong turned her head. don't give me that. I don't buy it.

At this time, master Cheng was full of flirtatious words. what old lady? you're my precious darling, honey, my little baby.

sister hong was really annoyed. she frowned. "Are you sick?"

seeing that she wasn't crying anymore, master cheng was surprisingly pretty with her fierce look.

Suddenly, he said, "didn't you ask me to help you just now? I can help you, but please!

as he spoke, he stepped forward and made his move.

Sister Hong cursed, "Cheng Zheng, you b * stard, let go of me. You're shameless, you b * stard. Get lost! Didn't you say that you were going to find your other women? go! Cheng Zheng!

Master Cheng's heart was now full of tenderness. The woman who was holding him said in a low voice, "I'm not looking for you anymore. I won't look for you anymore. I'll just stay here with you and only be with you, Yingluo. You're such a big person and you're a few years older than me. Yingluo, do you really think of yourself as a baby? I can't bring myself to call you that.

as he spoke, he was really gentle.

although master cheng was a little rough and uncultured, he would say some obscenities sometimes. he was good-looking and manly. to be honest, if he really put down his status to coax a woman, it would be quite lethal. at least, sister hong was quite fond of this.

Sister Hong struggled for a moment before continuing to curse in a low voice. However, this did not stop him from stammering.

The next day, master Cheng called Xiao Mao over in a refreshed manner and told him to do a few things. He said, "if it's done, your sister hong will reward you, a big reward."

after saying this, master cheng was a little short of breath. in the past, he would have given out the money with a wave of his hand. now, he was really miserable. he didn't have much money in his hands. not only was he short of heroic spirit, but he also had to be considerate of others.

xiao mao, however, was used to sister hong being in charge and happily agreed.

Sister Hong, who was in the bedroom, heard their conversation and came out. She told Xiao Mao again and again that after this matter was over, all the brothers would benefit.

Sister Hong's words naturally counted. Moreover, with sister Hong around, master Cheng's temper had been reduced a lot. Sister Hong was very protective of them and didn't let master Cheng beat them up. The brothers really admired sister Hong.

After sister Hong had given her instructions, she went to prepare for the class.

she went to the bathroom, and xiao mao looked at master cheng.

There were several obvious scratch marks on master Cheng's neck, and it was obvious that he had fought again.

He was quite sympathetic to master Cheng. Thinking back to the past, master Cheng was so ruthless to sister Hong that he didn't show any mercy at all. Now, he still showed no mercy. However, it was sister Hong who showed no mercy.

Every day, master Cheng went to see his brothers with such an injury. He didn't have eyes to see, but he didn't care. He said that he would let the tigress at home take care of him.

Chapter 5267: cheng zheng, you're the worst scum i've ever met (1)

when sister hong came out, master cheng had already left with xiao mao.

sister hong changed her clothes and went downstairs to get into the car. she put on her sunglasses and slowly drove away.

She knew that B city was going to be tense, so she didn't walk around casually. Other than going to and from work, she didn't go out to socialize much and went straight home after work.

She also knew that her man had sent people to protect her. She would be lying if she said that she was not touched at all.

However, sister Hong was a stubborn person and didn't ask.

The situation was getting more and more tense, mainly because of the relationship between ye xiangnan and Mr. Mi. Of course, it was not done openly.

...

After all, on the surface, ye xiangnan was the president of Starlight, but he was just a businessman.

However, he was the representative of the Wen family.

Mr. Mi could not be offended. After a round of looting, Mr. Mi's vitality had been greatly damaged.

The business couldn't be done, and he ran away to Xiang Xiang, but he didn't take his wife with him.

When everything was settled, B City regained its peace.

Master Cheng was pleased to find that his club's business was doing well. The plate of the man with the surname Mi had fallen, and he suddenly got an advantage.

Master Cheng was very happy with his daily income and specially went to pick up Sister Hong from work.

Sister Hong was discussing something with Zhang Fucai when Master Cheng came over with a dark face and an unnatural expression.

Sister Hong was speechless. She was already an adult, yet her face turned black and she got jealous easily.

"Let's stop here and talk about it tomorrow," she said to Zhang Fucai.

Zhang Fucai also didn't want to be a third wheel here. He was also quite afraid of Master Cheng, who had a very hard fist.

When editor-in-chief Zhang left, he was in a sorry state, but he left very quickly.

Master Cheng looked particularly satisfied and closed the door. "He's that afraid of me?"

"Isn't that so? Master Cheng, you're very impressive," Sister Hong said mockingly.

Master Cheng smiled, revealing his snow-white teeth.

He was quite good-looking and manly.

sister hong stared at him for a while before packing her things. ” “You look like you have an activity tonight?”

“i just want to move around a little, do you want to accompany me?” master cheng laughed evilly.

Sister Hong had brought her laptop. I have to work overtime tonight. Let’s go eat hotpot first.

Master Cheng agreed readily and took her downstairs. He asked the driver to drive his car away and took sister Hong’s car.

he sat beside her with a fawning smile. ” “this car’s not bad, right?”

More than ten million Yuan. This woman was living like a rich lady now.

Sister Hong turned her head and said,”yes, it’s pretty good.” It’s a good driving experience.”

Master Cheng’s eyes suddenly widened. Liu Hong, are you driving? ”

“i’m driving.” Her smile was rather flirtatious.

master cheng looked at her for a long time before he said, ” “women should be gentler.”

“Would you marry someone gentler?” Sister Hong asked casually.

master cheng was a little surprised and looked at her sideways.

Sister Hong smiled. I was just joking.

He drove with one hand and lit a cigarette with the other. He coughed lightly after taking a puff.

he coughed so hard that a layer of mist appeared in his eyes.

‘This cigarette is so choking,’ she thought.

Master Cheng snatched the cigarette from her hand and snuffed it out. why does a woman smoke? her teeth are turning yellow.

Sister Hong was driving slowly, but she stopped the car in front of the traffic jam.

“it’s not like i’m going to get married, so what’s the matter?” he looked at master cheng.

Master Cheng felt something was wrong with her words and touched his head. ” you really want to get married? you’re already in your thirties. who do you want to marry? why don’t you hang out with me? you can eat well, live in the best house, and drive the best car. how cool would that be? ”

“but i still don’t have a home,” sister hong smiled.

Master Cheng was a little dumbfounded. What did this woman mean?

she wanted to marry him?

Master Cheng said carefully, ” Liu Hong, we’re both old men and women. We’re not young girls. It’s nice to take a photo together. Men and women are different after they get married. Don’t you think so? ”

“I didn’t want to marry you,” Liu Hong said faintly.

“Then who are you going to marry?” master Cheng asked even more carefully.

Chapter 5268: Cheng Zheng, You’re the Worst!

sister hong smiled. ” we’ll see. we’ll get married when we meet a suitable one. why? ” Cheng Zheng, are you Qianqian? are you not going to get married for the rest of your life? I thought you really wanted a child.”

master cheng touched his head and said, "i didn't think much of it." But if you're going to get married, you should have a child. Otherwise, why would you get married?"

Sister Hong's grip on the steering wheel tightened. Then, she laughed and teased, not minding it.

that's right, if she didn't have a child, how could she get married!

That was not bad. Cheng Zheng was not a liar and would say whatever she had in mind.

however, his heart still felt empty.

...

She didn't know how long their relationship would last. If a man and a woman were just interested in something new and fun, it would probably be one or two years. A man would leave without any reluctance, but a woman was different.

Perhaps, she had taken it for real.

cheng zheng did not take it seriously.

he had never thought of getting married. he just felt that as long as they were happy together, they would be together for a day.

She knew that it wasn't true that she didn't have any sincerity at all.

perhaps she wanted too much. she was like the other women around cheng zheng. she started to ask for more, and she asked for more.

those women wanted cheng zheng's money and his body, but she still wanted his loyalty in her marriage.

She hated this side of herself.

Sister Hong also felt that it was quite meaningless. She didn't have the face to make things clear, nor was she willing to lower her stance.

When the car arrived at the hot pot restaurant, they didn't have a good meal.

Master Cheng's heart was like an ant scratching it, but he also knew what she was thinking. He coughed lightly and said, "We're getting along pretty well now, so it doesn't mean we're missing a marriage certificate."

"I'm not forcing you to get married. Don't worry." Sister Hong was a little angry as she suppressed her voice. "Also, if you ever get tired of me and want to find a young man, I'll give you all the money you left with me."

Master Cheng's eyes were red as he stared at her. "I was just saying a few words, why are you so serious? Did I say I wanted money? If I give it to you, it's yours."

"I'm not your wife, why would I need that money?" Sister Hong's tone wasn't very good as she stood up.

She didn't know what was wrong with her, but she just felt that Yingying felt wronged.

He was extremely good to her, but this bastard had never thought of marrying her, not even once. He even said that they were getting married to have children.

However, she had almost no chance of being a mother.

After that miscarriage, the doctor said that she might not be able to get pregnant again. However, Cheng Zheng knew it.

Sister Hong got into the car and left without paying him any attention.

Master Cheng followed the car and ran a few steps, then he cursed, "You f*cking dog! This woman really doesn't put me in her eyes. Isn't it just a piece of paper?"

however, he could not say the word “give.”

A man like him who licked blood on the edge of a knife had no true love. Wasn't being with a woman just a matter of love? the only thing that made him want to get married was su Yue. He was indebted to her.

That kind of pure feelings was different from Liu Hong's.

the moment he saw liu hong, he thought of the sun.

Master Cheng wasn't even full yet. He was so angry that he called Xiao Mao to pick him up.

xiao mao arrived very quickly. when he saw master cheng blowing in the wind, he swallowed his saliva in fear.”master cheng, what's wrong with you? who would dare to leave you here?”

master cheng got into the car and snorted. ” who else could it be besides your sister-in-law? i don't know why she's making a scene with me today. ” “Between the lines, you're saying that you want to get married. Do you think you can't think it through when it comes to marriage? it's not like you're playing house. You can't live without a certificate. Once you buy your shares, you leave. How refreshing would that be? why do you have to get a certificate? how many people in the underworld do you think will get married?”

Xiao Mao trembled in fear and stuttered, ” “But master Cheng, women all want to get married.”

“Is Liu Hong a woman?” master Cheng asked in return.

Xiao Mao did not make a sound.

if she wasn't a woman, master cheng, would you like her so much that you would go every night?

master cheng paused for a moment before continuing. ” it's just a certificate. why? who doesn't call her sister-in-law now? ”

“Sister-in-law is not from the underworld.” Xiao Mao got to the point. master Cheng, you can’t use the rules of the underworld to measure sister-in-law. Women always want a family. That way, they can feel safe.

he did not read xiao mao’s book in vain.

Master Cheng stopped talking and fell into deep thought.

When the car arrived at sister Hong’s house, Xiao Mao said softly, ” ” master cheng, don’t quarrel when we get back. it’ll be fine after some coaxing. i think sister-in-law loves you a lot. ”

Master Cheng looked at Xiao Mao and said after a while, ” “i was just putting on a show with her, is she serious?”

If Xiao Mao was a woman, he would also want to slap master Cheng to death. This was too disrespectful to women.

“Master Cheng, don’t you like sister-in-law a lot?” Xiao Mao coughed.

master cheng said in a gruff voice,”how would i know if i’ll always like her?” What if he doesn’t like her in the future? can he get a divorce? she’s like sticky candy that he can’t get rid of.”

xiao mao felt that something was amiss halfway through his sentence. he slowly turned his head and saw sister hong standing outside the car.

the car window was open, and master cheng’s voice was really loud.

“Sister-in-law, master Cheng was just joking,” Xiao Mao stuttered.

Master Cheng immediately turned his head and looked at sister Hong’s face.

Sister Hong wasn’t angry. She just smiled.”It’s pretty good, it’s pretty real. Are you afraid you can’t get rid of me? Then I’ll dump you right now.”

she was furious. she had thought that it was her fault just now and wanted to pick him up. who knew that she would hear him talking to xiao mao the moment she came down?

so that's what he was thinking. not only did he not think about getting married, but he was also thinking about what to do if she stuck to him and he couldn't get rid of her?

it was really good.

Sister Hong lowered her eyes and laughed at herself.

her voice was a little hoarse,"cheng zheng, i won't force you to get married, hanhan."

she didn't even know what she wanted to say after that. she wanted to fall out with him, but when she saw his expression like a child who had done something wrong, she couldn't say it.

in the end, she stood in the wind. she was freezing, and her heart was even colder.

she didn't know what to say, nor did she know what she was thinking. in short, she just felt very wronged.

She did seem to take it seriously, but he didn't.

indeed, sister hong didn't say anything about breaking up.

Master Cheng got out of the car and hugged her.

He was especially gentle tonight, probably to make it up to her. However, sister Hong did not really pay attention to him.

Master Cheng coaxed her, but as he coaxed her, he realized that he wasn't prepared to spend the rest of his life with Yingluo. It seemed that spoiling her too much wasn't a good thing.

as the days went by, their relationship became more and more distant.

Master Cheng used to stick to her every day and spend the night here. He really didn't have any other women.

After that, he would come every other day and treat her as well as he did in the past.

After that, he would come every other day and treat her as well as he did in the past.

When he wasn't here, he would sleep in the club. Sometimes, he would listen to the little girl sing and hug the little girl to play with Yingying when he was in the mood. He also thought about sister Hong and felt a little guilty.

There were many women who had fallen for him before, but he never took them seriously. He stepped on their sincerity and fed them to the dogs.

However, he knew that sister Hong had cried the entire night.

He was a little helpless. Everyone had agreed to be together if they got along, but if they didn't, they would separate.

He had never said anything about marriage, so he was not in the wrong.

...

sister hong had more or less heard about him having a woman, but she had never asked about it. it was so quiet that it didn't seem like she was urging master cheng to wait for her to get angry or even to wait for her to kick him out. she had waited for a long time, but she had never taken the initiative to mention it.

hence, he felt that it was time to end this relationship.

He did like her a lot. There had never been a woman as infatuated as Liu Hong. However, he was master Cheng. He worked from nine to five every day, and it was his limit to be with her every day. He had never thought of being tied to her for the rest of his life. He might as well let her go as soon as possible.

she wanted to get married, and now that she had money, she would find a decent man to marry.

after master cheng spent the last night here, he got up to smoke and then said faintly, ” “Liu Hong, find a man and get married! find a good man, a cultured man who can talk to you, a man who can protect his body, unlike a bastard like me. actually, i don’t deserve to be liked by you like this.”

Sister Hong listened quietly. She had originally wanted to smoke a cigarette, but she put it down.

she wrapped herself in the blanket and said softly, ” Cheng Zheng, I haven’t smoked for a long time. It’s hard to quit but I think I should be able to.

Master Cheng turned around and smiled, revealing his beautiful white teeth.

His entire body was filled with manliness.

However, she knew that he was not alone now. After tonight, he would be leaving.

Asking her to find a man to marry, the meaning was clear.

sister hong went to take a shower and came back with a file in her hand. ” ” this is the money you gave me, as well as the property. you can take it. i don’t want this. i have money now, and it’s not hard for hanhan to find a suitable and decent man. besides, i don’t have much use for this money. ”

Master Cheng didn’t want it, but sister Hong insisted.

After that, she stood in front of the floor-to-ceiling window in the bedroom and looked at the night view outside. She said faintly, ” “cheng zheng, you can leave!”

master cheng came over and wanted to hug her again.

sister hong dodged and gave him a tight slap.

Then, her eyes turned red. Cheng Zheng, You're the Worst man I've ever met. Get lost, the further the better, and don't come over again."

Master Cheng was a little dumbfounded, but now he wasn't angry with her anymore. In the past, they quarreled every two or three days, but now it seemed that they didn't want to quarrel anymore. It was as if they were tired of life and there was no sense of novelty.

he felt that it was about time.

therefore, he made the right decision. they would break up and she would be a decent man while he, cheng zheng, was only worthy of the life he had in the past. it was pretty good, and they did not have to care about each other.

He didn't want to admit it. He was afraid of marriage. He was afraid of being bound by a woman. He didn't want to be tied up by a woman until he died. The outside world was so interesting and exciting. He had long said that he was looking for a woman for that kind of thing. If she had to elevate it to love, then it wouldn't work.

he, cheng zheng, what did he know about love?

Chapter 5270: cheng zheng, you're the worst person i've ever met 4

Master Cheng felt that they had reached their end and he really didn't want to get married.

if they broke up, then so be it. it was good for her.

after all, she still yearned for a family that he could not give her.

Master Cheng was a magnanimous man. He didn't want anything that was given to her.

however, the moment he stepped out of her door, the bag was thrown at him. " i don't want your things. you should separate them more clearly in the future. "

He bent down to pick it up and was about to speak to her when the door was ruthlessly closed.

...

master cheng frowned. " this woman's temper is getting worse. "

she picked it up and was about to knock on the door, but then she remembered that they had clearly said that they had broken up, yingluo.

master cheng had some thoughts in his heart. he stood silently for a while and then left.

Sister Hong was alone at home, smashing things into pieces and getting herself drunk.

Wasn't it just that she couldn't have children?

she knew clearly that if she could have children, cheng zheng would not think this way. because she could not have children, she did not need to get married. she did not really want to get married, but she had never thought about it. he had never thought about it.

" liu hong, you're actually no different from those women. you're vain and especially like his money. " she laid on the bar counter and slowly fell asleep, huahua.

When she woke up, it was already morning.

there was a layer of fog in B city outside the floor-to-ceiling window.

sister hong just lay there and watched silently. later, she started to cry.

wasn't it just a man?

If there's no one else, I'll just find another one.

for a long time, sister hong was alone, going to and from work, and her temper wasn't good.

Everyone in the newspaper knew that she had broken up with master Cheng. In the past, du Meili would have laughed at them, but it was different now. She scolded master Cheng behind his back.

it was already good enough for that country bumpkin to have a woman like sister hong willing to love him. yet, he was so picky and didn't know how to cherish her.

They were both women. Du Meili probably guessed that they broke up for marriage or something. It was true. A woman who followed you for a long time, what was the point of it?

Du Meili wanted to have a drink with sister Hong and find a little wolfdog to have fun with. Sister Hong thought about it and went along, but she had no interest in drinking. When she woke up that morning, it was like a dream. It was especially bad.

the two of them went to the club. regardless of whether it was master cheng's or not, they had broken up.

What a coincidence, master Cheng was here.

Xiao Mao ran over and told master Cheng, "sister-in-law is drinking there with that reporter du.

Master Cheng, who was hugging two little girls happily, said impatiently, "Which sister-in-law? Do I have a wife?"

He asked the two little girls beside him, and the two little girls giggled and giggled, making master Cheng very happy.

xiao mao hesitated for a long time before saying, "Alright, as long as you don't mind, master Cheng."

master cheng snorted. "do i look like the kind of man who can't let go? after we break up, whether she finds a puppy or a good man to marry, it has nothing to do with me."

xiao mao looked at master cheng with resentment in his eyes. master cheng was really heartless.

He didn't even cherish a good woman like his sister-in-law.

When Xiao Mao went out, he didn't dare to go over to say hello. He only dared to watch silently from a distance.

"It's master Cheng's Lackey," du Meili said softly as she smoked.

Sister Hong held onto her wine glass. it's little Mao, right? ignore him.

Du Meili didn't refuse. Seeing her like this, sister Hong stopped her. "Come on, I heard you have a boyfriend. It's not good for the baby if you get pregnant."
