Chapter 5271: Cheng Zheng, You're the Worst scum I've ever met 5

Du Meili and sister Hong also spoke from the bottom of their hearts, "It's not that easy to have a child. I just bought a house, and both sides are under great financial pressure. Let's wait for another two years."

"I'll have to raise it now in two years." Sister Hong smiled.

du meili was startled and then lowered her head. "sister hong, i'm really sorry. if it wasn't for me, ran ran, you wouldn't have broken up with master cheng."

"that's not the problem," Sister Hong smiled faintly. if he really likes me, he wouldn't care if I can have children or not. Even if I'm adopted, he can still adopt one. In his heart, I'm no different from other people. Once the novelty has passed, he'll throw me away.

last time, he had rolled with someone else.

this time, he hadn't made up his mind yet. he was already having a good time outside, and he didn't have the slightest intention of hiding it. his intention was very clear. he was waiting for her to say that they would separate.

...

This was also quite good. At least, she wouldn't be deceived by a man for the rest of her life.

sister hong smiled gently. "you see, i'm not young anymore. maybe it's time to find a man and marry him. it's good if he has children, but if he doesn't, it's not bad to marry someone. du meili, i really want to be a mother now, but i'm not old enough. "

du meili had never thought that she would be able to talk to sister hong like this. she raised her glass and said, then, I wish sister Hong all the best. I wish you to find a good man and forget about that b
* stard Cheng Zheng.

sister hong smiled. ” do you know what he said? he said that the people of the pugilistic world don’t need to care about a piece of paper. ”

Du Meili helped her scold again. After scolding, she thought of another person, next time, invite su mu to have a meal with us. I have to apologize to su mu. It’s not good for me to be too ostentatious before.

“there’s no need to go out of your way. let’s get together when we’re free.” sister hong wasn’t too concerned and looked at the time. ” it’s almost ten O ‘clock. I’ll send you back. You can’t drive when you drink.

Du Meili also drank two glasses. I’m fine. I’ll just take a taxi back. You go first. I’ll leave after finishing this glass.

sister hong nodded. ” be careful. ”

After saying that, she took her coat and walked out. Due to her slender figure, long hair, and exquisite makeup, many men were staring at sister Hong.

if it was in the past, sister hong wouldn’t mind having a short-lived relationship. but after the incident with master cheng, she was quite against such a thing.

She walked out of the club and got into her car. As soon as she fastened her seat belt, her eyes fell on the front.

It was Cheng Zheng.

He was hugging two little girls and getting into the car. He looked happy, probably because he was coaxed by the little girls.

Sister Hong lowered her eyes and started the car.

Her car drove away slowly, and master Cheng sat in the car in a daze. The little girl called master Cheng a few times before he said lightly, ” “get out of the car, i’m not in the mood today.”

these two sisters were new and very young. they were only in their 20s, and master cheng had been happy for several days.

However, when he saw Liu Hong, he suddenly lost interest in the two sisters. The two sisters even wanted to act coquettishly, but master Cheng's face darkened. "get out of the car."

The two young girls felt aggrieved, but they didn't dare to pester him anymore and got out of the car obediently.

Cheng Zheng held a cigarette in her mouth and said to the driver, " "You get out of the car too, I'll drive."

"Master Cheng, you've been drinking," the driver said, a little scared.

"I'm very clear-headed, I know what I'm doing." Master Cheng was a little angry, and the driver didn't dare to disobey and got out of the car.

Chapter 5272: she went on a blind date and completely forgot about him (1)

Sitting in the car, master Cheng smoked a cigarette and drove to sister Hong's building.

The car stopped and he watched as sister Hong's sports car drove back. He watched silently for a while.

Just as he was about to leave, he saw sister Hong alighting from the car with a tissue in her hand that seemed to be pressing on her nose.

Under the light, he could clearly see that her eyes were a little red. Did she cry?

master cheng felt his heart tighten, and he couldn't describe the feeling.

At the same time, she secretly hated herself. She had clearly let go of him. What was there to be reluctant about? wasn't it just like this to break up? she just needed to be sad for a few days. Besides, she was rich and beautiful now. Where could she not find a man?

...

Master Cheng got out of the car and stood by the door. "You can't take it? Don't tell me you're crying because I have other girls?"

sister hong stood still. she was wearing a red wool dress with a simple black down jacket covering it. she was holding a notebook in her hand.

She only glanced at him once, then quickly prepared to enter the hall.

master cheng closed the door and held the door handle before she opened it. he looked down at her and said,"Aren't you very free and easy? why are you crying like a little girl?"

Sister Hong said quietly, " Cheng Zheng, we've broken up. Whether I cry or look for a man, it has nothing to do with you. Hanhan, I'm ready to let go of you. If you're a man, don't come looking for me.

Master Cheng gritted his white teeth. okay, I won't look for you. I'm full and have nothing to do.

Sister Hong smiled gently. that's right. Just live your life well. Aren't you very happy? "

he didn't know why, but when he thought of the two sisters, he felt a little guilty and looked at sister hong.

He coughed lightly and pretended to say casually, " "You care?"

"a little! it's only temporary, cheng zheng, don't look for me anymore." she said in a low voice, " i want to find a man and marry him. maybe i'll adopt a child. i don't smoke or drink anymore. i want to have a family. if you remember our past, don't look for me again and don't destroy me. i can't bear master cheng's love again and again. "

After she finished speaking, she gently pushed him away and opened the door.

cheng yang stood behind her, watching her back through the door. it took him a long time to find his voice. "You're quite promising."

At this moment, Xiao Mao unknowingly jumped out, " "Master Cheng, didn't you break up with sister-in-law?"

"can't i come and take a look since we're old friends?" Master Cheng frowned.

xiao mao sighed softly, "i don't think sister hong will ever turn back."

Although master Cheng didn't have any intention of turning back, he was still shocked by her words. He shook his head and said, " I didn't ask her to do anything. There are so many women out there. I have so much money, how can I not find a woman? "

xiao mao just looked at master cheng and didn't say anything.

Master Cheng touched his nose. let's go, let's go. You don't want to see me again. You don't even let me drink a sip of tea.

Xiao Mao said in a soft voice, " when a woman is extremely sad, she will never have any contact with this man. Maybe one day, they will be able to have a cup of coffee together. But it is definitely not now.

"when was that?" master cheng asked in a rough voice.

Xiao Mao continued, " the book said that it would take at least ten years, maybe twenty years.

master cheng chuckled. " twenty years? your sister-in-law should have gone through menopause by now. why would she still drink coffee? "

xiao mao's voice was still soft, "master cheng, since when did i have a sister-in-law?" Didn't you already break up?"

Chapter 5273: she went on a blind date and completely forgot about him (2)

In the past, master Cheng would either hit or scold her, but now he was silent for a while before saying softly, ” “actually, i’m sorry for her. i’m a scumbag. i love to play with yingluo. actually, i could tell that she took it for real and still treated her well. that’s it, yingluo. if i didn’t show that i wanted to be with her for a long time, she probably wouldn’t take it seriously.”

Or perhaps he did want to be with a woman for a long time, but he did it on a whim.

especially when this woman asked him for a marriage, he didn’t want to give it to her. he felt that it was boring.

he, cheng zheng, was a leading figure in the underworld. he was actually a little tired of being controlled by a woman for so long. sometimes, he also missed the carefree life, so when she said that they were getting married, he took advantage of the situation and broke up with her.

it was good. she was a mature woman. she should be fine after being sad for a few days.

master cheng went back and continued to live a life of luxury and luxury. he didn’t look for sister hong even once.

...

however, xiao mao once said that sister hong had started to go on blind dates, and she was with high-quality men who wore glasses. he said that master cheng could rest assured, as sister hong had good taste.

Master Cheng was really f * cking annoying. He told Xiao Mao not to mention sister Hong in front of him in the future.

xiao mao didn’t mention it, but master cheng had met sister hong outside. she was sitting in a cafe, dressed elegantly, and drinking coffee with a man in a woolen suit.

She seemed fine, talking and laughing with the man, and occasionally touching her ears. Master Cheng was gritting his teeth through the glass. he was the one who had given her the earrings, and now she was wearing it to date another man.

She was really something.

Master Cheng gritted his teeth. Perhaps his gaze was too obvious, but sister Hong turned her head and saw him. Their eyes met, and master Cheng immediately put on his sunglasses and got into the car.

sister hong silently retracted her gaze. the man opposite her gently asked, ” “You know him?”

Actually, they were all adults, so they roughly knew what their relationship was. Moreover, sister Hong’s eyes couldn’t lie.

Sister Hong gently stirred the coffee and took a sip before saying, ” “An old friend. He doesn’t come often now.”

The man smiled gently and did not ask further. He was very cultured.

Sister Hong had a good impression of him. He was a University professor, the Vice President of a college, and came from a scholarly family.

it was his second marriage. he had an ex-wife but no children.

He didn’t care if he had a child or not. This was in line with sister Hong.

after three or four dates, their relationship was almost set.

After finishing their coffee, they went to watch an opera together. They also had dinner outside. It was already nine O ‘clock when professor Lin sent sister Hong back.

“We’re here.” he smiled.

Sister Hong gently unbuckled her seat belt and thought for a moment.”Do you want to go up and have a cup of tea?”

Professor Lin wouldn’t reject a lady’s invitation. It would be impolite to reject it.

he quite liked sister hong. she was intelligent, beautiful, and also very feminine.

a woman that a man would love to have.

“Of course.” Professor Lin smiled.

he unbuckled his seat belt and leaned forward to kiss her on the head. his voice was hoarse. Liu Hong, I’m serious about this.

He was afraid that she wasn’t satisfied with him. He was afraid that she was just ridiculing him for a moment. He had heard of sister Hong’s bold and unrestrained past.

he didn’t care too much about it, but he was afraid that she wouldn’t be serious.

Sister Hong leaned back in her chair and suddenly hooked her arm around his neck, pulling him closer to her.

Not far away, master Cheng was sitting in a car, looking at the couple with fire in his eyes!

Chapter 5274: she went on a blind date and completely forgot about him (3)

gritting his white teeth, master cheng was really furious.

he was about to get out of the car when xiao mao kindly reminded him, ” ” master cheng, you were the one who said that you wanted her to get married. aren’t you happy that she has found a good husband? ”

it wasn’t that he was unhappy, but master cheng’s expression was terrifying.

Master Cheng's hand really stopped. He narrowed his eyes and smiled after a while. "that's right, i'm generous enough to give my blessings. why would i be so hung up on it? who am i? "

However, as she spoke, her eyes turned red.

Yes, she did as he said, and she really wanted a family.

...

what's wrong with women? why do they want to be together forever the moment they meet men? isn't it good to be happy together?

Master Cheng's head suddenly leaned back on the back of the chair, but he didn't make a sound. He just lit a big cigar quietly. After a few puffs, he felt that it was tasteless and put it down.

Xiao Mao stared at his master Cheng without blinking.

"Forget it, let's go," master Cheng finally said after a long time.

"Not waiting anymore?" Xiao Mao stammered.

Master Cheng's eyes were red with anger as he roared, "wait for what? we're just waiting for him to finish!"

The car started slowly. Master Cheng sat in the dark, biting his fist and his eyes red, not saying a word.

when he closed his eyes, all he could see was sister hong's alluring beauty. perhaps she was lying beside another man right now.

just the thought of it made her heart ache.

She's my woman.

However, it seemed that he had no choice but to give it up.

He was the one who didn't want her. He was the one who said that she should have a child when she got married, so she married another man.

this woman was so wild, how could a man withstand her!

Master Cheng's hand was almost bitten off. After driving for about ten minutes, he said anxiously, "go back, drive it back."

"hurry up and go back, master cheng has something important to do," xiao mao said hurriedly.

The driver witnessed the whole process and was furious. It had already been ten minutes. Wasn't that what men and women did? it would take twenty minutes to drive back ...

Whatever was going to happen would have happened long ago.

besides, you can guard against today, but can you guard against tomorrow?

Moreover, master Cheng had broken up with sister Hong, and everyone knew about sister Hong's temper. She would never give in.

this time, master cheng had gone too far. thinking that he had broken up with sister hong, he had directly gone to find a young lady. he had played too well with her. she was a woman, but the woman who cared about him couldn't stand it.

In the end, sister Hong was actually quite humble. She was probably waiting for master Cheng to come around and change his mind.

Master Cheng didn't and just said that they were dismissed.

You said we're going to break up, and now she's looking for a man to go home and have some fun. What do you care?

rush up to catch them in the act of adultery?

they're a couple now, and you're a has-been mistress, master cheng.

However, the driver still drove the car back without a word. The car drove so fast that it even ran a red light.

however, when the car stopped, master cheng didn't move. he was still sitting there in a daze.

"master cheng, the car has stopped here again," xiao mao urged.

Master Cheng looked sideways at the elevator and didn't make a sound.

xiao mao didn't dare to say anything and just silently accompanied him.

after waiting for about half an hour, professor lin came down, but sister hong did not.

professor lin was in his thirties. he was good-looking, had a good temperament, and a good demeanor. after all, he came from a family of scholars.

Master Cheng watched gloomily as the man got into the car. He was probably texting sister Hong, so he held his phone for a long time.

Master Cheng was so angry that he got out of the car and walked over.

Chapter 5275: She went on a blind date and completely forgot about him (4)

master cheng was so angry that he got out of the car and walked over.

"Master Cheng, please calm down," Xiao Mao screamed.

However, master Cheng couldn't calm down at this moment. He was thinking about what this pretty boy and Liu Hong had done in the past hour, and what they had done with a satisfied look on their faces.

master cheng pulled the car door open and dragged professor lin out. he pressed the door hard.

He panted heavily through his nose. did you touch her? ”

Professor Lin was shocked as well. He looked at the Furious man in front of him and slowly remembered who he was. He was Liu Hong's ex.

...

The matter between sister Hong and master Cheng wasn't a secret in B city, and now that they had separated, it was even more so.

Master Cheng was very high-profile. Everyone knew about the two beautiful sisters. Su mu even called him and scolded him, saying that he was a scumbag.

if it was anyone else, master cheng would have already sniffed, but since it was su mu, he had to pinch his nose and admit it.

at this moment, professor lin looked at master cheng and was actually a little scared.

he was a scholar, so how could he not be afraid of his brothers in the underworld?

however, he was also a man.

He admired sister Hong and felt that she was the woman he wanted. He wanted to spend the rest of his life with her.

at this time, he couldn't be afraid.

professor lin pushed his glasses and said in a gentle voice, ” ” even if there’s anything, it’s just wishful thinking on both sides. i won’t force her or lie to her. ”

Master Cheng was stunned.

this meant that he had it?

he was extremely angry, and his mind was filled with unbearable images. he waved his hand and punched professor lin’s face.

professor lin was instantly wounded, but he was still somewhat tenacious. ” “Let Liu Hong go. You’re not worthy of her.”

Master Cheng wanted to take a second look, but he was stunned.

He stood in the cold wind quietly, his heart frozen.

after he became famous and rich, he could have any kind of woman he wanted, except for his benefactor.

Even a tough bone like sister Hong had been gnawed by him, and he could gnaw on her whenever he wanted to.

It was just that no one had ever told him that he was not worthy of any woman.

Although many people looked down on him for being rude and uncultured, it was the first time he had said it so bluntly.

Professor Lin looked a little like Zhu Yilong. Although he looked weak, his eyes were quite firm.

He stood up by supporting himself on the car and said again, ” “Don’t you think so? if you’re a man, then stop pestering her. is it fun to ruin her life again and again?”

master cheng stared at him.

Professor Lin continued, "you guys broke up." A man and a woman who had broken up should not be involved again. Cheng Zheng, didn't anyone tell you that sometimes, money and fists can't be exchanged for feelings? how can a woman that you've hurt so much turn back?"

Cheng Zheng was completely dumbfounded.

He pulled out a cigar and stared at the pretty boy as he smoked.

He was gentle and weak, but he was indeed a man.

cheng zheng's adam's apple bobbed and her voice was hoarse. " "Did she tell you?"

"no." "The Liu Hong I know is definitely not a disloyal person," professor Lin said nonchalantly.

Master Cheng's hand dropped. He took a few steps back and looked at professor Lin.

after a long time, he stepped forward and tidied professor lin's collar. " you two look quite compatible. congratulations. "

his voice was so hoarse that he lost his composure and turned around to leave.

however, when he turned around, he saw sister hong standing there.

He was quiet and emotionless.

Chapter 5276: she went on a blind date and completely forgot about him (5)

Sister Hong slowly walked over and placed a cup in professor Lin's hand. "i just made some tea. have some on the way."

Professor Lin smiled and said, " okay.

he ruffled her hair, the standard gesture of a boyfriend.

master cheng was like a defeated rooster, standing there.

Professor Lin got into his car and left. He wanted to give sister Hong some personal space to deal with her personal matters.

sister hong waved at him, then turned around and walked into the hall.

...

she ignored master cheng when he called her.

"Woman, I'm calling you!" Master Cheng was a little angry.

sister hong tilted her head and looked at him quietly. then, she smiled faintly, " "Is there something?"

"did you really get together with ran ran?" master cheng lowered his head.

"Yes. i think he's a good marriage partner." Sister Hong's voice was particularly indifferent.

Master Cheng was stunned for a while and followed her. "you have to be careful. what if you meet a scumbag?"

"I've already met the biggest scumbag I've ever met, I'm not afraid of even more scumbag." sister hong entered the elevator and turned around. " stop following me. otherwise, i'll call the police. "

her words were firm, and there was no emotion in her eyes. it seemed like she really wanted to break up with him completely.

master cheng was quite disappointed as he watched the elevator door close.

after a long time, he walked back in disappointment.

Xiao Mao looked at master Cheng sympathetically. At this time, master Cheng was like a defeated rooster.

Master Cheng got into the car and touched his head. let's drive.

"Where are you going?" Xiao Mao asked.

Master Cheng was silent for a while. didn't I buy the villa that I used to live in with your sister Hong? let's go there.

when xiao mao heard this, he knew that master cheng couldn't let it go. he meant that he couldn't let it go.

why did master cheng have to do this? wasn't it good back then? sister-in-law was always for master cheng.

Master Cheng was still fooling around outside, playing so wildly.

he, xiao mao, looked at his sister-in-law. his heart was dead.

master cheng arrived at the villa in the middle of the night by car. he did nothing but lie down.

He silently thought about that woman and wondered if he had reached the end.

he didn't do anything, and his mind was empty.

this was the first time cheng zheng experienced what regret was.

When they had just separated, with the company of the beautiful sisters, the brothers had bowed down to them. It was indeed a happy and fresh experience for a while, but why did they miss that woman again after just one or two glances?

Master Cheng felt that he was a little useless. After sitting for half a night, he couldn't sit still anymore. He drove to sister Hong's place and didn't dare to disturb her, so he sat in the car for the whole night.

Early morning couldn't hold it in anymore and touched her.

he had the spare key, but he had forgotten to give it to her when he left, so it was still with him.

She opened the door carefully and sneaked in like a cat.

on saturday, sister hong was still sleeping in her bedroom.

In the air, there was a woman's fragrance. It smelled good and made people a little fascinated.

Especially at this time, master Cheng couldn't wait to get that soft and warm fragrance.

he took off his shoes and went to the bedroom. as expected, she was still sleeping. she was lying on her side, wearing a white silk nightgown.

Master Cheng walked over, half-knelt on the carpet, and silently watched her sleeping face.

their faces were so close that they were almost touching.

She had lost weight.

he wasn't fat to begin with, and he'd slimmed down even more recently. it's only been half a month or a month, and he's already so thin?

However, she still looked pretty, especially in such a nightgown.

Master Cheng hadn't been here for a long time. He missed it, but he didn't dare to touch it no matter what he thought.

Just looking at it made him feel satisfied.

Chapter 5277: she went on a blind date and completely forgot about him (6)

Sister Hong opened her eyes and saw a certain man lying beside her.

she didn't seem to be surprised and just looked at him quietly.

After a while, she sat up. At that moment, the silk fabric stuck to the curves of her body, and her long hair also rippled with a beautiful loneliness, which was quite tempting.

master cheng was still kneeling there, his voice a little hoarse. " "i just got here. don't worry, i didn't do anything."

sister hong flicked her hair and asked,"what are you doing here?" do you want to spend some time with me or are you living a fake married life with me? cheng zheng, i don't need either of them. we have broken up."

"can you stop bothering me?" she said softly.

...

master cheng wanted to say something, but his throat seemed to be blocked by something, and he couldn't say a word.

After a long time, he said in a low voice, " "i'm just here to see you,"

as soon as he finished speaking, the bedside lamp smashed at his feet. the expensive crystal lamp that they had bought together was worth hundreds of thousands of yuan, and now it was smashed by her.

Master Cheng's heart ached a little. They had bought it together.

The fragments on the ground seemed to have stabbed his heart.

sister hong laughed. "cheng zheng, do you feel that you've been wronged?"

She raised her head. do you know that you're a b * tch? you're the one who's playing with women outside, and now you're the one who's pretending to be affectionate. You're either a slut or you're crazy.

master cheng's throat was blocked, but he finally squeezed out a sentence, "you break up with that pretty boy. Let's start over.

sister hong looked at him and then turned her head away.

She did not make a sound.

master cheng's heart was beating faster as he waited.

he had never felt so uneasy in his life.

after an unknown period of time, sister hong slowly turned her head and said very softly,"cheng zheng, i will never be able to forgive you in this lifetime. i told you before, i hate betraying yingluo, but i hate myself even more for being wronged. you know and i know about what happened to you during our last half a month. i pretended not to know anything and even looked down on myself, but even so, you still said we should break up. it's clear that it's wrong for a woman to throw her heart into a man and not cherish him at all."

"liu hong, you still like me, don't you?" master cheng's voice was trembling.

” do you like that you’re a scumbag? do you like that you’re sleeping with other women? ” sister hong chuckled as tears welled up in her eyes. ” cheng zheng, i don’t want to cry anymore. i look down on myself. look, i found a university professor who doesn’t care about my past or whether i can have a child. he is willing to marry me. as long as i agree, i can have a wonderful marriage. take it as i’m begging you, can you let me go? i can’t afford to play your game. ”

cheng zheng’s eyes narrowed. ” you really don’t care about your past? ”

sister hong lowered her eyes, ’cheng zheng, what are you trying to say? are you trying to touch professor lin?’ then let me tell you, i’ll get back at you if anything happens to him. if you want him to disappear, then i’ll disappear with him yingluo.”

“Do you like that pretty boy that much?” master Cheng’s eyes turned red.

sister hong didn’t say anything and just looked at him quietly.

Her expression told him that she was serious.

Master Cheng stood up and was silent for a while. Then, he smiled.”Alright, I’m overthinking it. We’ll go our separate ways in the future, and I won’t hold you up from finding your next home.”

with that, he walked out, his eyes a little red.

sister hong sat there, lost in thought.

Chapter 5278: Sister Hong is pregnant, whose child is it?(1)

after master cheng left, he really lived a very absurd life.

during that period of time, alcohol, women, and cigars were all present ...

However, without sister Hong by his side, everything was still empty.

Master Cheng knew in his heart that he was regretting it.

Occasionally, he would meet her. It was quite strange. He obviously didn't want to look for her, but he always met her.

It had been about a month, and they had met three times. He was still the same decent man beside her. They ate and drank coffee together, and once, he had picked her up in the car.

...

Master Cheng looked through the car window, and his heart was cold-

It was an indescribable feeling.

Not long ago, this woman was still his. She was lying in his arms obediently, and he could do whatever he wanted.

Now, she could do whatever she wanted with someone else's face.

Damn it, that woman was still intoxicated.

Master Cheng stood there and looked at her for a long time before leaving.

That night, he parked the car under sister Hong's building and waited for Wanwan the entire night. Did she spend the night with that professor Lin?

was she ready to be mrs. lin?

Master Cheng sat alone in the car, smoking a cigar. He smiled and drove away.

sister hong had gone to the news agency. du meili had caused some trouble during the interview, and sister hong had to settle it.

It took a lot of money and connections to finally settle the matter.

du meili walked into sister hong's office. sister hong lit a cigarette, but she didn't smoke it.

du meili went over, her eyes red."Sister Hong,"

sister hong glanced at her with a serious expression. " "you can't stay in B city anymore. pack up and go back to your hometown. if the man wants to go with you, then go. if he doesn't want to, then go. du meili, your life is more important than a man's, you know?"

Du Meili also knew that she had gotten herself into big trouble. Her voice was a little choked, what will you do if I leave? this matter is temporarily settled today. You'll still find trouble in the future.

Sister Hong held a cigarette between her fingers and watched it float up gently. "don't bother me, don't i have more connections than you?"

"I can help you pay for the house. Also ..." She paused.

she took out a card from the drawer and said, " "There's 2 million in here, including the money you earned from selling your house. Buy a house in a small city and you'll have enough to live for 10 years. Don't come back."

Du Meili didn't want the money, so sister Hong pushed it to her. "Don't be so wishy-washy, it's decided."

"Book the plane tickets immediately." She waved her hand.

Du Meili bit her lip and finally left.

she had bid for a rich man's stable private property, and it had unfortunately leaked out. the other party wanted to kill her now.

she had no choice but to run.

du meili suddenly thought that if sister hong and master cheng were together, this kind of thing would be easily solved. however, it was just a thought. soon, she scolded cheng zheng from inside out.

she was still blaming herself, but sister hong said calmly, ” “we’re in the media industry, it’s normal to offend people. don’t blame yourself, go home and clean up.”

Du Meili nodded and immediately went home to pack.

However, she was still blocked at the airport, and the matter that she had settled could not be settled again.

the main thing was that the photo was a little too explicit, and the other party was a female star. this time, they were definitely going to kill du meili.

fortunately, du meili realized that she was being followed and called sister hong.

Sister Hong had a headache. She had no choice but to ask su mu for ye xiangnan’s help.

With President ye’s help, the matter was much simpler and resolved quickly.

Chapter 5279: Sister Hong is pregnant? whose child is it? 2

With President ye’s help, things were much simpler.

the female celebrity wasn’t from starlight entertainment, she was a blind person from KING entertainment. as for the rich man, it was even easier to say. president ye made a call to his wife. the rich man’s wife was of a noble background, so how could she accept a little vixen? she took her husband home and cut off all ties with the little vixen.

Du Meili had finally survived the ordeal.

when she returned to the news agency, sister hong was still there. she had not slept for the entire night and morning.

Seeing du Meili coming over, she wanted to say something, but just as she raised her hand in the air, she suddenly felt low blood sugar and fainted.

du meili was frightened. she went forward and called sister hong a few times, but no one answered. so, she ran to zhang fucai's office and said, " sister hong has fainted. quick, carry her downstairs and send her to the hospital. "

...

Zhang fucai was also stunned and immediately ran over. He was obviously a fat man, but at this time, he had become a potential stock.

He struggled to carry sister Hong into the car, followed by du Meili and an assistant.

when they arrived at the hospital, they were quickly sent to the emergency room.

The doctor came out quickly and took off his mask. "Who's the patient's family?"

zhang fucai and du meili looked at each other. zhang fucai stepped forward and said, " "Yes, I am. What's wrong, doctor?"

The doctor smiled. you must be her husband. Congratulations. Your wife is pregnant.

she was pregnant?

Zhang fucai was completely dumbfounded. In the past, he had heard that it would be difficult for Liu Hong to get pregnant again. In fact, it was him and du Meili who made her. But now, they were the ones who sent sister Hong here, and she was pregnant.

Whose child was it?

Du Meili looked at Zhang fucai. Zhang fucai snorted, " don't look at me. It has nothing to do with me. Besides, how can she like a fat man like me now? "

du meili was a bit embarrassed, but she couldn't care less. she whispered, " "i didn't mean it that way. i'm asking if the child is master cheng's or professor lin's?"

sister hong and master cheng had only been separated for more than a month. the doctor said that this child was two months old.

"Then this child is master Cheng's?" du Meili covered her mouth.

zhang fucai also had a complicated feeling. he didn't know how far she and professor lin had progressed. if yingluo had reached that stage, their relationship would be very complicated.

However, he didn't dare to ask such a question. Sister Hong's fiery temper would probably kill him.

"Later, don't ask anything. Don't cause any trouble, understand?" zhang fucai explained like an old mother. du meili was a little unconvinced. "do you think i'm stupid? of course i won't ask. i'm just afraid that you won't be able to hold back and ask whose child it is."

they could be considered old friends, yet they were actually standing up for sister hong.

After saying a few words, he also felt that it was a little funny, so he didn't say anything more. The two of them went to the ward. Sister Hong, who had been on an IV drip, had already woken up and was lying there quietly in a daze.

Zhang fucai and du Meili went over, and sister Hong said softly, " " i really never thought that i would have a child one day, let alone that you were the ones who sent me to the hospital. "

"Liu Hong." zhang fucai said with a guilty tone.

du meili was also quite ashamed. in the past, she had gone too far and caused sister hong to be so miserable.

“it’s all in the past,” sister hong shook her head.

her hand caressed her flat stomach.”and now you have a child.”

Zhang fucai didn’t dare to ask who the child was. After holding it in for a long time, he went out for a smoke.

Chapter 5280: Sister Hong is pregnant? whose child is it?(3)

zhang fucai didn’t dare to ask who the child was. after holding it in for a long time, he went out for a smoke and even asked his wife to cook a pot of chicken soup. his wife especially admired sister hong and didn’t care much when she knew it was his ex-wife. she probably trusted sister hong very much.

Du Meili was sitting in front of the bed. Sister Hong turned her head and smiled.”You must really want to know who the child is, right?”

Du Meili shook her head.

“The child is my own,” sister Hong said with a smile.

“It’s master Cheng’s, isn’t it?” du Meili asked carefully.

sister hong’s lips quivered slightly, but she didn’t deny it.

...

Du Meili was even more excited than her. you really want to give birth to that bastard’s child? that bastard said he didn’t want it, so you gave birth to his child, sister Hong? ”

“professor lin is such a good person, don’t be silly,” she continued.

“the child is my child, it has nothing to do with cheng zheng,” sister hong said softly. also, you’ve never experienced my despair, so you don’t know how important this child is to me. ”

Du Meili’s eyes reddened. She felt sorry for sister Hong. After a long time, she slowly asked,”You’re not going to make up with Cheng Zheng are you?”

Sister Hong shook her head and laughed. why would I? Didn’t I tell you that the child is mine and has nothing to do with Cheng Zheng? I will raise him well.

Du Meili’s voice became even softer. I broke up with him today. That dead man doesn’t want me anymore. I’ll help you raise your child in the future.

“Alright.” Sister Hong smiled faintly.

at the entrance of the hospital, zhang fucai was standing and smoking.

suddenly, his eyes stopped and he stared at a spot.

it was master cheng.

Xiao Mao was seriously injured and was hospitalized. Master Cheng was kind enough to come and see Xiao Mao.

As soon as he went out, he saw Zhang fucai standing in front of the maternity building, smoking and looking around. Master Cheng walked over and kicked his foot from behind. what’s the matter? your wife has given birth to three children again. She’s quite capable. One after another, she’s like the calabash Brothers. Are you planning to gather seven brothers in the future? ”

Master Cheng’s mood was quite complicated when he saw him, because master Cheng was one of the suspected fathers of the child. He couldn’t say anything, so he just looked at master Cheng strangely.

what? ” master Cheng snorted. have you never seen a man better looking than you? ”

zhang fucai smiled. ” master cheng is indeed very good-looking. no wonder so many women like him. ”

these words were not sour, but rather a little ironic.

When sister Hong had been with him, he had thought that she had found the right man and that he wouldn't have to worry about her in the future. But it had only been a few months and this b * stard had dumped sister Hong. The reason was that she couldn't have children.

to hell with that bastard!

Master Cheng was a smart man. He immediately understood the meaning behind her words and laughed. it sounds like you're not convinced, or you're here to fight for justice for Liu Hong. If you're here to fight for justice, then there's no need to. Reporter Liu isn't idle. Didn't she find a professor? she's doing just fine now. She didn't go home last night. She might have been rolling around somewhere. Why are you still fighting for justice for her? really, you should take care of yourself.

Master Cheng was about to leave.

at this time, zhang fucai's young wife came with a bowl of chicken soup. she didn't know master cheng and thought that he was just an ordinary friend, so she directly said to zhang fucai, ” ” the soup is ready. this is the soup of an old hen. it's the most suitable for pregnant women to nourish their bodies. sister hong will definitely feel better after drinking it. ”
