Chapter 5301: He always made her angry and cry v

Sister Hong looked at him and finally asked the question in her heart, ” “Don’t you wish it was a son? everything you’re doing now is for the child.”

she had not forgotten that he did not want to get married because she could not have children.

this was an inerasable damage to sister hong. it was even worse than him finding another woman outside.

Master Cheng was stunned for a moment. He slowly got up and was about to close the door when he said, ” “there are so many women who want to give birth to my children. when have i ever served anyone like this?”

He didn’t say anything else and got into the car to start the engine.

On the way, master Cheng didn’t say anything. It seemed like Yingying was angry.

...

Sister Hong ignored him. Whether he was angry or not had nothing to do with her. If he couldn’t stand it, he could just leave. If he didn’t pester her, she would be in peace.

When they arrived at the hospital, master Cheng parked the car and said, ” “i’m a little angry, but for the sake of our past, i won’t be angry with you.”

He had been depressed all the way here. He had to control himself to not strangle this woman to death.

Sister Hong only felt that he was being eccentric. She entered the outpatient building first. She had made an appointment with the doctor, and this was a very expensive private hospital, so there were not many people and the environment was very good.

master cheng began to follow behind them. the further they went, the more he saw the pregnant women being supported by their husbands. they looked very loving.

he followed her. ” hey, woman, if you beg me, i can help you. ”

Sister Hong glanced at him, not willing to look at him anymore. “i don’t need to!”

master cheng frowned. ” hey, woman. i’m being kind. don’t you envy me when i see other people flirting with me? ”

“if it wasn’t for my accidental pregnancy, professor lin and i would already be in talks of marriage. there’s no need to be envious of others,” sister hong said without giving him face.

master cheng was very dissatisfied. ” what’s so good about that pretty boy? he can’t even take one punch from me. ”

“Speaking of which, it’s still this kid who’s awesome. He helped me kill my love rival,” he grinned.

As he spoke, he was extremely pleased with himself. Seeing that he was acting the same as before, sister Hong didn’t want to bother with him and directly went to check.

She didn’t object to master Cheng following her in.

The doctor did an ultrasound. When the small thing moved gently, master Cheng, who was a rough man, actually wanted to cry.

He endured it for a while before saying in a small voice, ” “This kid is pretty good, right?”

The doctor smiled and said,”of course it’s good.” It has an extremely strong life force.”

“i wonder if it’s a boy or a girl.” master cheng rubbed his hands in excitement.

the doctor rolled his eyes at him. ” what era is this? there’s no gender difference! ”

master cheng chuckled. " i'm just curious. there's no such thing as favoring boys over girls. why don't you ask liu hong? i like both boys and girls. i just want a brother to take care of my sister. that's all. "

The doctor smiled. that's a good idea. It might come true.

As soon as he finished speaking, master Cheng stared at the doctor in disbelief and then shouted, " I have a son. That's what you mean, isn't it? if I have a son, I'll pass on the Cheng family's legacy!

The doctor thought to himself, "this bastard!"

he said one thing but meant another!

he had just said that children were all the same, but now he had revealed his true colors, a dog man.

Sister Hong also felt that it was quite embarrassing. When they left, she walked in front while master Cheng followed behind like a mistress who had made a mistake. He carefully accompanied her. "I'm a rough man, so I'll be honest. It's not against the law to say what's in my heart, is it? Besides, isn't it good to have a boy to inherit the family business?"

Chapter 5302: he always made her angry and cry (6)

"Do you want me to follow you and shout" kill "?" Sister Hong asked in a cold voice.

master cheng was a little embarrassed. he touched his head and said, " " how about he inherit yours? in the future, our son will be a civilized person, unlike his father, who is a bastard. we'll do whatever you say. what do you think? "

Sister Hong didn't want to listen to his nonsense and continued to walk forward.

master cheng jogged after her and opened the car door for her attentively. he even fastened his seat belt on purpose."it's better to be careful. don't touch my son. he's the first one i treasure."

master cheng was very happy and didn't know shame at all. it was rare to find a man as thick-skinned as him.

however, it could be considered an advantage.

...

Sister Hong sat in the back of the car, feeling a little tired. Master Cheng asked in a low voice, " " why don't i take you out to eat something? you don't seem to have much of an appetite these days. this won't do. our son doesn't have enough nutrition. didn't they say on tv that he can't lose at the starting line? "

"You're so annoying!" Sister Hong was a little annoyed.

master cheng chuckled. " i'm just concerned about our son. are you not happy? "

as he said that, he thickened his skin and said a few more shameless words. he was living like a monk now, so he could only move his mouth.

seeing that she didn't object, master cheng drove the car to a private restaurant. because sister hong was pregnant, master cheng considerately booked a private room.

however, when he entered, he happened to run into professor lin's family.

It wasn't just them. There was also another family. There was a very good-looking girl who was probably on a blind date.

The atmosphere was quite delicate, especially when professor Lin was staring at sister Hong's stomach. If something had happened between him and sister Hong, he could have said that the child was his. However, they were innocent, so he couldn't lie to himself.

Sister Hong calmly nodded and went to the private room with master Cheng.

once they left, mother lin started to speak. " it's such a pity for reporter liu. she's such a good woman. she's rich and has status. why did she find such a rough man? "

master cheng hadn't gone far, so he heard it.

if it was in the past, he would probably turn around and beat the old woman up. but he remembered that sister hong was pregnant, so he could only bear with it.

but at the same time, master cheng's self-esteem was indeed hurt. in the past, there were so many women and college students, but no one had ever despised him for being uneducated because they didn't dare to.

but when he was with liu hong, more than one person said that.

He looked at himself. He was quite civilized.

"Do you also dislike me?" he asked sister Hong in a low voice.

"there's nothing between us, so it's not like i dislike you," sister hong replied calmly.

master cheng was hurt again. he touched his nose and went into the room to eat.

Outside, the girl on the blind date thought she had seen a lot and smiled obediently. "that man looks rich. reporter liu must be with him for the money!"

Lin congwen's face darkened as soon as he finished speaking.

in other words, he and this girl would have no future. although he and sister hong were not fated, he was still unhappy that someone who had nothing to do with him said such things about her.

The girl was very satisfied with professor Lin and wanted to get to know him after dinner, but she was ruthlessly rejected.

"professor lin, i thought we were getting along well," the girl said, a little startled.

“that’s what you think.” ” reporter liu is my ex-girlfriend. she’s a good person. she’s not like what you said. you don’t unknown the whole picture. i’m sorry, i can’t accept you denying her, ” professor lin said calmly.

Chapter 5303: What do I have to do to make you forgive me?(1)

the girl was completely stunned by professor lin’s words. she really didn’t expect that he would care so much about her unintentional words.

She was just speaking the truth. Who didn’t know that reporter Liu had used master Cheng to get to his position? if it wasn’t for money, what else could it be? now that he had a child, would professor Lin still be unable to let go? she was somewhat unconvinced in her heart, but she couldn’t say it out loud.

lin congwen remained calm, probably because he had made up his mind.

in the end, the meal ended on bad terms.

on the other side, sister hong was being carefully served by master cheng. master cheng was serving her as if she was his mother, serving her tea and water very thoughtfully.

Even so, sister Hong still didn’t give him a good look, her expression still indifferent.

...

Master Cheng was quite sad. He had been acting humble for many days, but it didn’t seem to have any effect at all.

as he served sister hong some food, he asked, ” “tell me, how can you reconcile with our broken mirror? as long as you tell me, i’ll do it for you even if i have to pluck the moon from the sky.”

“How are you going to pluck it?” sister Hong asked him faintly.

Master Cheng was stumped by the question. He chuckled and said, ” let me think. Did you really take it for real? ”

“boring.” sister hong didn’t want to bother with him. she picked up her cup and drank some water.

Master Cheng tried to make her happy, but the words of the man who had been empty for a long time were simply unbearable. Sister Hong couldn’t bear to listen to them anymore and said, ” i’m going to the washroom. ”

after that, she went to the bathroom, leaving master cheng alone to eat.

Master Cheng was quite happy. He was eating very happily alone. After a while, he thought that something was wrong. Lin congwen, that pretty boy, was also eating here, so he bent over and touched his stomach.

Regarding sister Hong’s matter, he was very concerned and would not give any other man a chance.

What a joke. Now, not only did he have a wife, but he also had a son. He couldn’t let others take advantage of him.

Just as master Cheng got up, sister Hong bumped into professor Lin in the washroom.

or perhaps professor lin had been waiting for her on purpose and had immediately followed her when he saw her.

when sister hong was washing her hands, lin congwen called her name, ” “Reporter Liu.”

“Oh, it’s you.” Sister Hong turned her head.

“it’s me. how are you doing?” professor lin smiled.

sister hong smiled. ” it’s alright. how about you? the young lady you went on a blind date with is not bad. ”

Of course, professor Lin didn’t tell them what had just happened. He just smiled and said, ” “it’s alright,”

sister hong smiled. ” that’s good. isn’t this good? cong wen, don’t forget to tell me when you get married. i’ll give you a big red packet. ”

Lin congwen smiled bitterly. She had never really cared about him, or rather, she had never really liked him. Otherwise, she would not be so generous. People who were in love would do everything they could to be together. She did not like him that much and only thought of him as a suitable partner for marriage, while he lacked the courage.

therefore, they did not insist.

It was pretty good.

lin congwen was about to say goodbye to sister hong when master cheng appeared from nowhere and spoke in a strange tone. ” i thought i was really here to use the washroom. turns out you’re old lovers. why, do you want me to move the washroom for you? ”

Sister Hong hated this look of his the most. As she washed her hands, she said in a cold voice, ” “Mr. Cheng, do you think you can control who I talk to?”

this time, master cheng was furious. great, she didn’t take him seriously and flirted with the pretty boy in public.

Chapter 5304: what do i have to do to make you forgive me? 2

When master Cheng’s fiery temper came up, he wouldn’t even recognize his family.

he wanted to make a move, but he held back.

“what are you guys doing?” he asked in a low voice.

Sister Hong said slowly as she washed her hands, ” “Rekindling old feelings, didn’t you just say that?”

Master Cheng wanted to get angry, but he put it out again. He said in a rough voice, "it's not that I don't want you to talk to others, but you have to avoid suspicion."

"An unmarried man and an unmarried woman, why should we avoid them?" Sister Hong retorted.

...

Master Cheng was stumped by the question. He scratched his head and couldn't say a word.

after a while, he looked at professor lin and said politely, "How was professor Lin's blind date? that girl is quite young and beautiful. i can see that her pelvis is big too. she can definitely give birth to a bunch of sons for you."

So, you don't have to keep an eye on me.

Professor Lin was both angry and amused, but he was also a little helpless. He was a gentleman, but he didn't know that in terms of love, a Rascal was better. Although master Cheng was a little annoying, he had to admit that he really had a way with women.

professor lin sighed and lied, "i'm getting along well with that lady. thank you for your concern, mr. cheng."

"i should." Master Cheng touched his head and said generously,"Oh right, professor Lin, don't forget to tell me when you get married. I'll personally set off some firecrackers and give you a big red packet." &Nbsp;

Professor Lin lowered his eyes and smiled. sure, I'll inform Mr. Cheng.

satisfied, master cheng looked at his woman and said, "are you satisfied now? i was very polite to your ex-boyfriend and didn't touch a single hair on him. you can learn to be a civilized person slowly. "

Professor Lin looked at sister Hong. Sister Hong was also feeling rather helpless. alright, you can go back.

Wasn't it embarrassing enough?

Master Cheng had a big advantage, which was that he didn't know how embarrassing it was, but he was also very happy.

Professor Lin pursed his lips and looked at their backs.

although sister hong hadn't relented yet, the saying that women were afraid of men who pestered them had existed since ancient times. as long as that cheng fellow didn't seek death, he would probably be afraid of him.

however, cheng zheng was an impatient person and she might not be able to hold on after one or two.

this time, master cheng showed rare patience. no matter how hard sister hong tried to talk him out of it, he just followed behind her like a wolf and dog, enjoying himself.

sister hong was also feeling a little helpless.

Sister Hong's belly was getting bigger and bigger, so she didn't usually go to the newspaper office. However, some things were still approved. Initially, du Meili would send the documents over, and sometimes it would be Zhang fucai. Master Cheng saw that the two of them had a toothache, especially the former husband, so he volunteered to help Sister Hong distribute the bonus.

sister hong's body was heavy, so she agreed after some thought.

master cheng was rich, so he took the envelope from sister hong and added a card to the important person's card.

zhang fucai gave him three million, and du meili gave him one million.

the two of them looked at master cheng, face to face.

Master Cheng sat on the sofa in an imposing manner and coughed lightly. "by the way, this is for the two of you. it's my personal allowance. if you have any important documents in the future, just

let me pass them to you. as sister hong's man, if you don't contribute a single bit every day, you'll be despised for being a good-for-nothing. "

For nothing?

It was more or less the same.

Zhang fucai and du Meili were well aware that although the money was very tempting, they didn't take it.

after returning the card to master cheng, zhang fucai said lightly, " " i've done things that let hong jie down. later on, it was proven that she's magnanimous and open. i'm not worthy of her. "

"Yes, yes, master Cheng, we don't want to let her down again," du Meili also said.

master cheng glared at them. " that's exactly what i want you to do. you have to be a villain. only then can you highlight my glorious image. "

du meili and zhang fucai looked at each other face to face. they were angry but didn't dare to say anything.

master cheng never felt that he was shameless. originally, he could make these two yield with a wave of fists. however, mumu was right. to be a civilized person, he had to win people over with virtue.

who knew that these two wouldn't listen to anything and even made master cheng want to hit them, but he still endured it.

however, zhang fucai opened his mouth at this time, " "we can't take the money, but i can talk to sister hong about master cheng's request."

Master Cheng was overjoyed,"Zhang fucai, I didn't expect you to be so enlightened now." "alright, you're a good friend. if you need anything in the future, i'll definitely do it for you. oh, and this beautiful lady here, the three of us didn't get to know each other without fighting. how about this, i'll set up a table tonight, and the three of us can be considered as sworn brothers. we'll have a small drink together. this is how things go in the underworld. you won't refuse to give me face, right?"

zhang fucai and du meili were dumbfounded. paying respects to master cheng at the dock? was this a joke?

Master Cheng's eyes widened. what? you don't want to? are you looking down on my master Cheng? "

"why wouldn't i?" du meili swallowed her saliva.

How could he not be willing?

"Okay, it's a deal then. Let's go with the big seafood tonight." Master Cheng suddenly felt like he had been bathed in the spring breeze. but it's a pity that your sister hong's body is too heavy to recover. later on, you'll have to comfort her and say some good things about me. her mood will probably be better."

Zhang fucai and du Meili couldn't find a trace of logic in master Cheng's words, but master Cheng felt that he was right and good.

master cheng was full of confidence and left first.

Only Zhang fucai and du Meili were left.

du meili looked at him and said, " you really want to help him? zhang fucai, you're not loyal enough. hasn't he hurt sister hong enough? you saw how sad sister hong was at that time. "

an adult's sadness was something that they didn't want others to know about. sister hong appeared to be in a good mood, but she was actually hurt deep down.

" i didn't take any money, did i? " zhang fucai said in a muffled voice. " in fact, i can see that this cheng guy seems to be sincere to sister hong. "

"sincere? If he had the heart, he would play with the little girl. he played so crazily that the whole world knows that sister hong has been cheated on by him. he's still not embarrassed." du meili was

also lacking in confidence. ” sister hong is such a strong-headed person, but she still endured it and waited for him at home every day. this bastard must have had so much fun outside. ”

As the two of them had also cheated on sister Hong before, they were both silent. After a while, Zhang fucai said, ” I can’t care that much anymore. We’ll see what happens next. Anyway, the initiative is in sister Hong’s hands. If sister Hong doesn’t say anything, he won’t dare to do anything. I think this bastard seems to be quite afraid of sister Hong.

“I think so,” du Meili also laughed,”I’m quite scared.”

zhang fucai felt a little proud when he thought about it. master cheng was such a powerful man, but he still lost. now, he could only show off his power in front of them. in front of sister hong, he didn’t even dare to say a word.

Cool!

Chapter 5305: i want to keep my chastity for her

That night, master Cheng brought Zhang fucai and du Meili to a table.

At the table, master Cheng and these two were confiding in each other. Xiao Mao was attentively urging them to drink. Zhang fucai was used to drinking and being lustful, so he quickly coaxed them and also began to confide in master Cheng.

Perhaps master Cheng hadn’t drunk like this for a long time. He had been living like a monk these days. He didn’t drink, didn’t get close to women, and didn’t eat meat.

He was really happy today.

Du Meili looked at Zhang fucai’s expression and was furious. men are like dogs that eat sh * t. They are of the same taste.

Sure enough, after eating and drinking, Zhang fucai revealed his true colors. master Cheng, I heard that the girl in your place is very young. How about you take me there to broaden my horizons? ”

...

master cheng, who was serving food, was surprised to hear this, but he still ate a mouthful of food and chewed it hard before saying, ” ” don’t you have a wife? why are you still thinking of finding a little girl? ”

he looked at du meili again. ” besides, aren’t you two in that kind of relationship? why? aren’t you afraid that she’ll be angry? ”

zhang fucai was now full of alcohol, women, and money. he looked at du meili and smiled. Meili and I have been innocent for a long time. Otherwise, why would we work for sister Hong? we’re both men. Brother, you understand.

du meili was furious. if master cheng wasn’t here, she would’ve slapped this bastard twice. she thought that he was turning over a new leaf and that they had agreed to turn over a new leaf.

At this moment, Zhang fucai squinted his eyes and looked at master Cheng. Master Cheng gently put down the cup in his hand and smiled.”you want to find a little girl? sure, little mao, help my brother find a pretty little girl.”

“As for me ...” Master Cheng smiled. there’s no need for that. I want to be a man who keeps his chastity.

zhang fucai said loudly and raised his glass, ” “i’ll toast to master cheng.”

du meili was dumbfounded. master cheng sat down again and smiled. ” you dare to test me? you’re really not a good person. ”

zhang fucai smiled and said, ” she’s his ex-wife after all. i have to take good care of her. i can’t misjudge a man and divorce him again, right? ”

after saying that, master cheng’s expression changed.

zhang fucai knew that he had said something wrong, so he took the initiative to raise his cup and said, ” “I said the wrong thing, let’s drink first.”

master cheng just smiled and didn't say anything else.

Later, the two men really drank to their heart's content and called each other brothers. They talked about all kinds of things. It was not convenient for a woman like du Meili to listen, so she found an excuse to leave first.

Later, master Cheng and Zhang fucai were drunk on the table.

"Master Cheng, it's getting late. It's time to go back." Xiao Mao called him.

master cheng raised his eyes. " what time is it? "

" it's almost midnight, " xiao mao said softly. " let's go back. sister hong is still waiting for us at home. "

Master Cheng let out a long breath. alright, let's go. Arrange for someone to send this damn fatty back.

"Don't worry, master Cheng. Leave this small matter to me." xiao mao picked up master cheng's arm and supported his master while asking the manager to send zhang fucai away. xiao mao generously left 2000 yuan.

Master Cheng went back to his nest, burning with alcohol.

at this moment, he really missed the woman living upstairs. her belly was round. although it was a little funny and not beautiful at all, it was quite cute.

and that was his woman and his son!

master cheng missed her very much and wanted to talk to her, even if it was just to talk.

that woman now spoke softly to everyone except him, as if he owed her money.

he did owe her, he owed her a love debt, but he also gave her a son, and he was willing to be good to her. she could do whatever she wanted. she could beat him every day, scold him, and treat him like a slave.

Master Cheng's heart was burning. He couldn't help but run over and knock on sister Hong's door.

xiao mao was scared to death. he tried his best to stop him. " master cheng, sister hong is pregnant. what are you trying to do? "

master cheng's heart was burning, and he kicked him while he was drunk. " "what can i do? i just want to see her."

as he spoke, he knocked on the door twice.

"master cheng, you said you wanted to be a civilized person," xiao mao said in a low voice.

"what can civilized people eat?" "I want to see my son, can't I?" master Cheng sneered.

Suddenly, he felt dejected and squatted in the corner. "I haven't seen this woman for two days. She's really ruthless."

As he spoke, he touched and scratched his head, looking extremely vexed.

xiao mao's heart ached as well. he said softly, " "then we can come back tomorrow. it's late now, master cheng."

Master Cheng held his chin and squatted like a big dog. "i'll wait here until tomorrow."

this time, xiao mao really had no other choice. however, after a while, the door opened ...

Chapter 5306: i'm willing to do anything for you (1)

the auntie looked at master cheng and whispered, " miss Liu is asleep. Why don't you come tomorrow? "

however, master cheng's wine was burning hot. he was still very loud and wanted to see sister hong.

The Auntie was quite unhappy. you're pregnant, so you can't be less tormented.

As she said this, sister Hong had already been woken up. She put on a coat and came out. When she saw master Cheng, she got angry."Cheng, what are you doing at my house in the middle of the night?

she looked at the auntie, who was also helpless. " "He's too noisy. I'm afraid he'll wake you up."

Sister Hong rolled her eyes. let him in. He'll sleep on the sofa. If he dares to make a pig's cry, I'll kick him out immediately.

...

the auntie heaved a sigh of relief and let her in. sister hong then returned to her room.

master cheng also followed them like a big dog.

"what are you doing here?" sister hong frowned.

master cheng didn't say anything and just looked at her.

Sister Hong sneered. why did you follow me? there are so many young ladies outside. Don't you have legs? " Run over there, rich girls will be willing to stick to you."

"if i don't want them, i want you," master cheng said with his head down.

sister hong was lying down and sleeping. he didn't dare to go over with her, so he only dared to lean on the side of the bed.

he felt that it was a great gift for him to be able to be with her quietly like this.

master cheng leaned back. the alcohol was strong, and he fell asleep unknowingly.

He was asleep, but sister Hong couldn't. Pregnant women were light sleepers to begin with, and now master Cheng was snoring and sleeping soundly, which made her feel very angry.

Sister Hong was furious, but she had no choice.

after that, she could only lie down and look at the ceiling quietly. she didn't sleep well the entire night and her face was pale when she woke up in the morning.

on the other hand, master cheng woke up feeling refreshed. at first glance, he could see the sun shining in the bedroom, which was quiet and beautiful.

he stretched lazily, feeling comfortable all over.

He hadn't had such a good night's sleep in a long time. He ran out and saw his woman eating breakfast. She was eating quite well and was even listening to music.

Master Cheng was happy and went over to touch his stomach."This kid will definitely be gentle when he grows up. He won't be as rough as his father. Hey, stinky kid, learn from your mother. Don't be like your father."

sister hong just looked at him, her gaze a little indescribable.

master cheng had always been thick-skinned, and he was not ashamed of it. instead, he was proud of it.

However, after a while, he realized that sister Hong's expression was not right. Hence, he looked at the Auntie and asked, "is she sick?"

"i'm not sick at all," the auntie said unhappily. "i just didn't sleep well."

master cheng scratched his head and asked,"what's wrong? can't sleep?" Look at such a good house, with money and status, don't you want to wake up smiling from your dreams?"

“mr. cheng, do you know that you snore?” the auntie said rudely. how can miss liu fall asleep like this?”

master cheng touched his head. ” i’m snoring. i’ll seal my mouth when i sleep next time. is that okay? ”

Sister Hong glared at him. this won’t happen again. Get lost after you’ve finished your breakfast.

Master Cheng didn’t really want to leave, but he knew that he wouldn’t have a good end if he didn’t.

Master Cheng ate his breakfast slowly. After he was done, he carefully helped sister Hong back to the bedroom.”Go back to sleep. I’ll leave immediately and won’t disturb you.”

sister hong glanced at him, and he smiled. ” this kid is really noisy. He must be a spirited young man.

Sister Hong closed her eyes and let out a faint sigh.”hurry up and get lost.”

Chapter 5307: I’ll do anything for you (2)

She wasn’t so against master Cheng’s appearance now, but she really didn’t plan to accept him.

why?

however, master cheng still had a fantasy in his heart, thinking that his heart would soften after giving birth to her.

Sister Hong didn’t say anything to him and directly closed her eyes to rest.

when master cheng went back, he thought about it and felt that the progress was too slow.

right now, sister hong wouldn't even let him touch a single hair on her head. he was also quite anxious. if this continued, when would he be able to make it?

...

She had the urge to argue with him, but she was also a little stunned.

Just like that, the days passed day by day. After the new year, it was warm and the flowers bloomed. Sister Hong's stomach also grew bigger and bigger. However, the strange thing was that this woman was wearing a loose floral dress and an Ice Silk cardigan. Her stomach was clearly big, but why did she look better than before?

Every time, master Cheng especially wanted to get closer to her, but he didn't dare to, for fear that she would give him a slap ~

Just like that, the days passed. Whenever master Cheng saw sister Hong, his eyes would be like those of a wild wolf that couldn't hide its green light.

sister hong ignored him, her attitude still the same as before.

On this day, she was already nine months pregnant and was about to give birth.

Master Cheng was happy. This kid was finally coming out. He had really tormented his father.

Master Cheng had washed the car clean yesterday, and it was an extended car, so she would be able to sit comfortably.

The helper also went over. This time, she was prepared to stay there until she gave birth.

Master Cheng whistled proudly. He was going to have a son soon.

the limousine started slowly and drove in the direction of the hospital.

master cheng whistled as he drove. he was in a good mood.

sister hong felt that he was rather bored and turned her head to look out of the car window.

master cheng looked at her from the rearview mirror and grinned. ” “we’ll stay in the best ward and have the best doctor perform the surgery on you. we’ll pick the best time. our son must be perfect.”

sister hong felt that he was really boring. the auntie covered her mouth and laughed.”mr. cheng, you’re so funny.”

“He’s treating mushy as something interesting. Auntie, you must not learn from him.” Sister Hong snorted softly.

the auntie pursed her lips and smiled, unable to contain her joy.

one must know that after enduring for several months, they were finally going to see the light at the end of the day. moreover, a little person would be born. this was something that anyone would be happy about.

Master Cheng was very happy. He whistled as he drove. When the phone rang, he picked it up. Xiao Mao, what’s the matter? ”

xiao mao’s voice was particularly anxious,”master cheng, are you outside?” I received news that mi is having a hard time out there and is coming back to take revenge on you. I heard from my brother that he’s in sister Hong’s place. He said that he’s going to make you lose your son.”

Master Cheng gritted his white teeth and cursed.

At this moment, he suddenly saw a white car following him from the rearview mirror. Master Cheng had turned two corners, but the car was still following him.

“i’ll drive the car to route 328. you can meet me there,” master cheng said to xiao mao immediately.

xiao mao immediately agreed and hung up the phone.

Sister Hong sensed that something was wrong and said in a low voice, " Cheng Zheng, what happened? "

Master Cheng drove and said in a calm voice, " it's just a small matter. Hold a pillow in your arms. If anything happens later, Qianqian, remember to protect yourself. We can still have another son.

Sister Hong was extremely nervous. At this moment, her stomach suddenly started to hurt.

however, she did not dare to say it out loud as she was afraid of affecting cheng zheng.

let's not go to the hospital yet, " master Cheng said. let's meet up with Xiao Mao first. He has a plan.

after that, he said very softly, " "Liu Hong, you're the only woman I've ever liked. Live well.

Chapter 5308: Live on (1)

sister hong didn't know what had happened, but she could feel the seriousness of the matter.

She did not make a sound as she was afraid of disturbing Cheng Zheng. the helper at the side was also very scared and was trembling.

master cheng controlled the steering wheel and gritted his white teeth. " bastard, how dare you hit me! "

he narrowed his eyes and turned the steering wheel, changing the direction of the car and driving toward route 328.

after driving for a while, master cheng said softly, " it's okay. we'll be safe after this. "

sister hong regained her composure and said sternly, " cheng zheng, although you're despicable, i won't allow anything to happen to you, do you hear me? "

...

She was already in a lot of pain, but she had to endure it. If Cheng Zheng was distracted, the entire bus would be dead.

At this time, there were four cars behind him, and the distance was getting closer and closer. Master Cheng was also a little anxious. In the past, he would not be afraid to risk his life, but now that his wife and children were in the car, he did not even dare to risk his life. He drove steadily and confirmed the location with Xiao Mao from time to time.

Only a few kilometers left, very good!

At this moment, master Cheng also noticed that sister Hong's stomach was hurting. He frowned and then changed his tone to a relaxed one. wife, do you know? I've deposited all my assets in the Switzerland bank, and the tens of billions of dollars are all in your name."

In such a tense atmosphere, the Auntie actually exclaimed, " that's so much money!

Master Cheng didn't say anything. He secretly looked at the situation from the rearview mirror and stepped on the accelerator!

damn it, she's about to give birth!

"cheng zheng, don't worry about me." Sister Hong's head started to sweat, and her dress was also stained with water. She gritted her teeth and said, " we have to live.

Master Cheng said yes. He drove while looking at the situation behind. The car was only about ten meters away. If they came up at any time, they could squeeze their car into a pancake!

He yelled at Xiao Mao, " where are you? your sister-in-law is about to give birth!

xiao mao said anxiously, " i'll be there immediately! there was still a kilometer to go. master cheng, you hold on. "

after xiao mao finished speaking, he had the courage to cut his losses. At this time, he was even willing to die for master Cheng.

Xiao Mao's life was given by master Cheng.

Xiao Mao drove the car and shouted to his subordinates through the intercom, "drive as fast as you can. Eldest sister-in-law is about to give birth."

more than a dozen cars whizzed forward, and they were about to connect with master cheng.

on master cheng's side, the atmosphere was tense. the car was approaching 120 km/h. sister hong's stomach was in great pain, but she bit her lip and refused to make a sound. the auntie comforted her in a soft voice, "it'll be fine soon. bear with it."

sister hong agreed, but her forehead was still covered in sweat. at such a painful and scary moment, she finally called out the name of the man she loved and hated. "cheng zheng!"

Master Cheng was driving. When he heard this, a tear rolled down the corner of his eye. he immediately erased it. how could a man cry like a woman?

"It's good." He said hoarsely, his voice unbelievably soft.

at this moment, there was a violent sound at the back of the car. master cheng cursed in a low voice, these sons of b * tches!

"Are you alright?" he quickly stepped on the accelerator and asked the people behind him loudly.

Sister Hong didn't say a word. The auntie's voice was filled with fear. Mr. Cheng, I'm afraid miss Liu is going to have a difficult labor. There's a lot of blood clots.

master cheng's eyes were red.

it was his fault for getting her pregnant and causing her to be in trouble.

at this moment, there was another loud noise from behind, and the car shook violently.

master cheng let out a roar like an animal. he looked at the rearview mirror and saw three cars coming from behind. there was almost no room for retreat.

Auntie, please take care of her in the future. If the child is around, please take care of her too. master cheng muttered.

The Auntie was shocked. Before she could say anything, she felt the car crash into the other car. The front of the car hit [master Cheng's position collided with the other side, and the back of the car fell in the safest place].

two hundred meters ahead, xiao mao exclaimed, " master cheng! "

master cheng didn't hear much, and his head and body were covered in blood.

However, he still struggled to look at the rear view. Xiao Mao's car was coming to support him.

Later on, sister Hong was sent to the hospital. She had lost a lot of blood and her figure was already blurry. However, she still held onto the auntie's hand and repeated a name.

cheng zheng " cheng zheng " is he still there "

the auntie clenched her fist. " mr. cheng is in the emergency room. you can give birth to the child in peace. "

Chapter 5309: It's fine as long as she and the child are good (1)

When sister Hong was in the operating room, she was covered in blood. The pain made her unable to tell if she was Dead or Alive.

She blinked her eyes and looked up at the White ceiling.

this was the hospital, right? where was cheng zheng? was he still alive?

in that heart-wrenching pain, sister hong tried her best to recall that moment. she wanted to know if cheng zheng was still alive.

At that moment, all love and hate were no longer important as long as he was alive.

tears rolled down from the corners of her eyes, and her body was in numbing pain.

...

it was very difficult to give birth to a child, so she had to perform a c-section. however, after a while in the delivery room, there was a violent reaction ...

sister hong squeezed out the child from the pain.

“Cheng Zheng.” In the midst of the pain, she called out his name with a hoarse voice, Yingluo.

.....

When he opened his eyes again, his surroundings were pure white, and a very pleasant smell filled his nose.

she opened her eyes and saw a bouquet of red roses by the bed.

Sister Hong blinked her eyes in disbelief.

“you’re awake?” a voice was heard.

it was su mu.

Sister Hong immediately turned around and looked over. Her body was in pain, but she couldn’t care less. Cheng Zheng, you’re making him make you!

“He’s still alive.” Su mu came over and half-squatted by the bed.

sister hong looked at su mu and asked him quietly, ” “what happened to him?”

su mu was silent for a while before he answered softly, ” ” he might have some difficulty walking with one leg in the future, but the others are fine. ”

sister hong was stunned and didn’t say anything for a long time.

su mu was afraid that she would be sad, so he pushed the baby over. ” “look, this is your son. he’s very good-looking, right?”

Sister Hong looked over. It was indeed very beautiful. The pink baby looked peaceful and quiet, not at all like he was born in that kind of situation.

The Auntie also came over with a bowl of soup in her hands. but God has blessed us. Both mother and child are safe. Let’s have some soup. The little guy will be hungry later.

Sister Hong made a sound of acknowledgment and propped herself up slightly, her body feeling weak.

Su mu took the bowl of soup and fed him mouthful by mouthful while saying, ” ” don’t worry. xiao mao is taking care of them. besides, zhang fucai is a good friend. he has been using his connections to suppress the matter. he has also put in a lot of effort. he didn’t go home last night. ”

sister hong was taken aback.

since when did zhang fucai and cheng zheng have such a good relationship?

su mu added, ” after this incident, that mi guy will be completely finished. ”

Sister Hong was silent for a moment. at that time, I was the one who made him suffer. Actually, I was the one who harmed him.

Su mu held sister Hong’s hand, not knowing how to comfort her.

” he used to be so cool, ” sister hong said softly. ” i wonder if he can accept this. ”

Su mu was stunned for a moment before he said slowly, ” he’s fine. If it wasn’t inconvenient, he would have come to see you and the child. He said that he’s uncultured and asked you what you should name the child so that you can tell him.

sister hong silently thought for a while. ” he’s called cheng mingyou. ”

Su mu smiled. that’s a good name.

sister hong drank the soup and lay down tiredly, looking at her son quietly.

After a while, little Youyou woke up from hunger. Su mu carefully placed him in sister Hong’s arms, and sister Hong looked at her son with an especially gentle gaze.

this life, and her life, was exchanged for by cheng zheng’s leg.

she didn’t know why, but she wanted to cry, but she couldn’t.

she could only wipe her eyes quietly. Don’t let others see it, Yingluo.

Chapter 5310: it’s fine as long as she and the child are good 2

In the other Ward, master Cheng’s body was covered in bruises, and his leg was in a terrible state.

the doctor said that he would not be able to walk for three months.

Three months, wasn’t this asking for his life?

his wife and children were still there, how could he go and see?

However, Xuanji’s master Cheng calmed down after a while.

He looked at his own leg. He would be a cripple in the future, and sister Hong looked beautiful and flirtatious now. People would gossip if he walked beside her. Besides, their son, Yingluo, probably didn't want to have a crippled father.

...

master cheng had always had a teddy-like mindset, but at this time, he also felt a little inferior. he lay down quietly and thought about it. in the end, he still felt a little ashamed of himself, so he didn't look at it. he only asked zhang fucai to secretly take a photo for him to see.

when he saw the pink baby, he almost cried.

this was his son, yingluo.

"Sister Hong asked about you," Zhang fucai said softly.

Master Cheng was looking at the photo carefully. Hearing this, he looked up.

After a long while, he replied with an "Oh" and started to look at the photos again.

"don't you have anything to say?" zhang fucai was a little anxious.

Master Cheng called Xiao Mao over. send a big red packet over. Just say that it's not convenient for me to go over.

xiao mao raised his voice. " master cheng, we can send you there in a wheelchair. sister-in-law will be discharged tomorrow. it won't be easy to see her. "

Master Cheng suddenly remembered that sister Hong had said that she wanted to go abroad. If she went abroad after this incident, it wouldn't be easy to see her.

he was silent for a long time before he said softly, " alright, let's meet him. I haven't seen my son yet!

zhang fucai heaved a sigh of relief.

They had clearly experienced life and death, but these two old men and women, who were almost 70 years old in total, were acting coy. Master Cheng's leg was not broken, but it could still be used. The doctor had also said that if it recovered well in the future, it would only be a slight improvement. It all depended on whether master Cheng was willing to suffer.

on the other side, xiao mao pushed master cheng to the delivery room after they had agreed.

Master Cheng had even specially asked someone to buy a toy to hold. It looked a little funny because his whole body was covered in bandages.

as soon as he pushed the wheelchair, he scolded xiao mao, this son of a b * tch, while his whole body was in pain. xiao mao immediately lowered his head and coaxed him. only then was master cheng willing to bear with it.

at the door of the delivery room, master cheng hesitated again."Do we need to report this?"

When he said this, Xiao Mao and Zhang fucai were both stunned. When did master Cheng have to report to anyone he wanted to see?

Master Cheng rolled his eyes at them. be a civilized person. I already have a son.

he wanted to build a positive image for his son. he could not let his son think that he was a hooligan.

Sure. Zhang fucai knocked on the door and told du Meili that master Cheng had come and asked if sister Hong wanted to see him.

sister hong also heard it, and her heart skipped a beat. she didn't look at him, and he didn't come to see his son either. he was in a daze, as if he was avoiding her.

At this moment, she heard that master Cheng had come over. She pursed her lips and said, " come in.

master cheng's heart also beat faster, and he couldn't describe the feeling.

he was excited and a little self-abased, afraid that she would despise him for being a cripple.

xiao mao pushed the man in. master cheng was wrapped up like a mummy, which was a little funny.

Du Meili was the first to laugh.

Master Cheng was embarrassed. what's so funny? it's just a scratch!
