

Thank you 5311

Chapter 5311: It's fine as long as she and the child are good (3)

he said it in a very casual and calm way, but su mu knew how much he was in pain.

His entire body was covered in injuries.

she did not dare to look at him, but she heard that he was in good condition.

however, just looking at him now made her lose her self-control. her eyes were misty.

you guys can leave first. I have something to say to Cheng Zheng, " she said softly, afraid of losing her composure.

the people around him nodded and went out. little mao wanted to peek but was taken away by zhang fucai.

...

"What are you looking at, kid? that's the adults" business!"

"that's a matter between master cheng and sister-in-law. how can i not be concerned?" the little furry monster said, feeling wronged.

"alright, alright. we don't even know if she's your sister-in-law yet." zhang fucai put his arms around his neck.

Xiao Mao did not say anything. After a long time, he whispered, " "Actually, master Cheng really wants to be with sister-in-law, but ran ran probably won't."

master cheng was a prideful person. he wouldn't say this.

to put it bluntly, it was straight man cancer, and it was the final stage.

He used to think that he was awesome, but now he was as cowardly as he was.

Zhang fucai also sighed softly, but he didn't say anything.

In the delivery room, master Cheng looked around. it's pretty good. The environment here is pretty good.

"Where's our son?" Let me see."

sister hong walked over and pushed him to the floor-to-ceiling window. she then placed little mingyou in his arms and said softly, "his name is cheng mingyou, but you can call him youyou."

master cheng had already known the child's name, but he was still very excited at this time. this child had his surname.

With her strong personality, she was actually willing to let the child take his surname.

Sister Hong didn't explain why and only told him this.

Master Cheng held the child and wanted to kiss him, but he was injured all over and his face was wrapped in gauze. He couldn't kiss him, so he had to stick his face to it, afraid of scaring the child.

However, little Youyou woke up and stared at old master Cheng's face with a pair of bright, black eyes. As if he was curious, he actually smiled.

master cheng looked at the little angel's smile and also smiled. then he said happily, "this child looks so much like me. he's so good-looking."

Sister Hong rolled her eyes. This person was still the same as before.

However, master Cheng did not say anything more after that and just looked at his younger son silently.

“What are your plans?” he asked after a long time.

Sister Hong was silent for a while before she said, “I want to go abroad. Cheng Zheng, please.”

She wanted to ask him if he wanted to go for a walk with her, but before she could finish, master Cheng hurriedly interrupted her, “it’s good abroad. The air is good there, and there are many blond hair and blue eyes. You’ll be very happy.

Sister Hong just looked at him. He wanted to slap himself, but he smiled and said, “don’t take it to heart. What I mean is that it’s more suitable for children to grow up abroad.

“Don’t you want to go?” sister Hong asked faintly.

Master Cheng coughed and said, “I’m not going. I’m a rough man. Why would I go abroad?” B city is more suitable for me. ”

“do you still want to be the boss here?” sister hong asked him softly.

“Of course, we have a bunch of brothers.” master cheng said with confidence.

however, when he lowered his head to look at the boy, his eyes were filled with gentleness. “our son shouldn’t be like me, fighting and killing. he’s studying abroad. when he returns, don’t let him find someone with blue eyes and yellow hair. China people should still find chinese people, or else he’ll be a cross-breed.”

Chapter 5312: i don’t want to be your friend (1)

Master Cheng’s facial muscles ached a little after talking for a long time.

after that, she didn’t know what she was saying, so she stopped.

he looked at the little guy in his arms quietly.

The little guy opened his eyes and stared at him. He looked really cute.

master cheng's nose twitched as he asked sister hong softly, "you'll be back, right? Don't tell me he's been abroad for years and hasn't returned? You have to come back to see that Yingluo still has relatives in the country, right? if not, your ex-husband, brother, du Meili, or su mu, and the newspaper office, aren't you going to come back to see them?"

"oh," sister hong replied. "when youyou is older, he'll probably come back."

...

Master Cheng looked at her and wanted to say something but couldn't. Sister Hong softly said, "If you want to see our son, I'll bring him back for you to see."

master cheng's mouth was wide open, and he nodded after a long time."It's good. Thank you."

sister hong smiled.

At this time, little Youyou, who was probably hungry, opened his little mouth and asked for food. He even held master Cheng's finger.

Master Cheng was particularly surprised by such a small thing, and then he was even more reluctant to see it. This was his big fat son, who was about to be brought abroad by his cruel mother for foreigners to admire. As a father, he had to do everything possible to see it.

Master Cheng was sad and his voice was a little hoarse."He seems to be hungry."

sister hong nodded, carried the child, and sat on the sofa to feed the baby to master cheng. she coughed lightly and turned her back to him.

she was his wife and child, so why did he have to avoid suspicion?

sister hong was a new mother, but she had matured after all, so she quickly agreed to it.

While feeding the child, she spoke to master Cheng, " Auntie will also be going overseas with me to visit you. When will you be discharged? "

master cheng actually still had about a month left, but he tried to be brave. I'll be discharged soon too. By the way, when are you leaving? I'll send you and the child.

his heart was bleeding, but he pretended to be magnanimous.

Sister Hong was silent for a while before saying, " I'll leave next week.

Master Cheng was stunned, his mouth wide open for a long time.

finally, he said softly, " it's pretty good. "

after that, he did not say anything else. when sister hong was done feeding the child, he endured the pain and pulled little youyou into his arms. he held him for a long time.

sister hong was soon discharged from the hospital. on the day she was discharged, she didn't see master cheng, but she heard that he had gone for a checkup.

it was best that she still left.

when master cheng turned around, she had already gone back.

xiao mao accompanied master cheng and couldn't bear to see his disappointed expression. " "um, sister-in-law is still in B city. you can see her whenever you want."

"can i still run now?" master cheng pointed at his leg.

" forget it, " he said. " she's a cripple. she doesn't deserve to stand by her side. "

xiao mao wanted to say something but was stopped by master cheng. " don't talk about kindness. That mi bastard is after me. Besides, isn't it natural for a man like me to protect my woman and child? I can't do something so despicable as to tie up a woman.

” since she wants to leave, let her leave, ” he said in a gruff voice. ” it’s not bad. she doesn’t get along well with an uncouth fellow like me. ”

that being said, master cheng didn’t sleep at all that night. he tossed and turned, thinking that his lover and child were leaving.

Chapter 5313: I don’t want to be friends with you (2)

however, he was indeed a man and did not go to find her. he thought that if his leg was fine, he would pester her no matter what. however, the doctor had said that no matter how hard he endured and how well he recovered, his leg would not be able to recover completely in the future. he would more or less be crippled.

master cheng was quite concerned about it. he would rather become a fat man like zhang fucai than to be crippled.

Su mu came to visit him often and brought him all kinds of tonic soup. they were all good women, and he had not caught a single one.

su mu knocked his head as soon as he said that. ” “If sister Hong hears you, she’ll definitely cut you again.”

Master Cheng’s mouth opened like a fish, and he only blurted out after a long time, ” “She doesn’t care about me anymore. She’s just a son all day.”

Su mu smiled. you didn’t say anything either. After sister Hong gave birth to your son, you’ve been acting as if we’re good friends from now on. She can’t possibly throw herself at you, can she? don’t forget your dark past.

...

master cheng was about to explode. ” i’ve long forgotten about those things. it’s like pooping. how can i remember that feeling every day? ”

“be more civilized,” su mu said, feeling speechless.

Master Cheng took a peach and said, ” “it’s useless for me no matter how civilized i am or how many books i’ve read. with one leg like this, i won’t have any dignity in front of women in the future. su mu, you don’t understand men.”

su mu blinked. ” i don’t understand men. but i do understand women. ”

“If a woman really loves a man, she wouldn’t dislike him and be unwilling to follow him just because he has a leg,” she said softly.

” besides, it’s only a little better, ” she added. ” cheng zheng, with your looks and aura, you’ll definitely be able to sleep with me. ”

for the first time, master cheng lost his confidence. he looked out of the window.”don’t try to coax me. i know what kind of person i am.”

su mu was also quite speechless. after a long while, he said in a low voice, ” actually, you’re just too unconfident right now. If you open your mouth, sister Hong might not leave.

Master Cheng looked at his leg in silence. Even if he wanted to recover, it would take a few years. Sister Hong was not young anymore. If he tied her up for a few years, she would be almost 40 years old. It would be difficult to find her again by then.

Now, forget it, let her go.

master cheng didn’t say anything, so su mu probably understood his intention.

In fact, she didn’t have high hopes for them in the past, but this time, master Cheng was very manly.

“Alright, it’s good that you’ve thought it through.” su mu said.

After saying that, she left. Ye xiangnan was still waiting for her downstairs.

she got out of the car and he leaned over to open the door for her. then he smiled and said, ” “Big host, why do you look so unhappy?”

su mu leaned against him and asked in a low voice,”ye xiangnan, what will you do if i’m disabled one day and i don’t want to leave you?”

The handsome man thought for a moment and asked,”which part is crippled?”

Su mu took a look at him and felt that he was not serious. I’m serious.

“i’m serious too.” he smiled and started the car. ” i’ll only be able to find the right cure if i know where it’s damaged. ”

his ambiguous answer made su mu suspicious. ” “is it because you don’t want a divorce and have a mistress outside?”

“well, it depends on your attitude. if you beg me to continue to love you, i’ll force myself.” He said shamelessly.

su mu was speechless, thinking of the south at night! i’m serious.”

“I’m serious too.” he laughed, his expression becoming calmer and more mature.”The premise is that you don’t leave me, and don’t think about all sorts of things all day long.”

“there won’t be anyone else,” he said after a pause.

Chapter 5314: I don’t want to be your friend (3)

Su mu leaned on his shoulder and went home with him in silence.

in the past six months, their relationship had improved and stabilized.

ye xiangnan would attend social events, but he would keep himself clean. if su mu didn't check up on him, he would have a problem with it. he would torment her when he got home and say that she was bad to him.

she didn't care about him anymore. she didn't care about her husband anymore. she didn't care about his health either.

su mu was a little funny. he asked him what he should do to show that he cared.

he said that he wanted to go with him to the social events to protect his chastity.

...

su mu was truly speechless. what chastity did he have?

Ye xiangnan smiled. are you hungry? what do you want to eat? "

Su mu sat up straight. you're hungry? i'll make you some noodles."

ye xiangnan smiled and reached out to touch her head."alright," he said.

when she got home, there was no one else in the house. she went downstairs. ye xiangnan was sitting on the sofa and reading a magazine. it was quiet, and she could hear the faint sounds from the third kitchen.

Ye xiangnan smiled, put down the magazine, and walked into the kitchen.

Su mu carried him on his back and heard him say softly, " "why are you here? i'll be done in a while."

he hugged her from behind and said in a low voice,"i just want to hug you."

Su mu smiled. I've missed you so much. We've been married for so long.

He rested his chin on her shoulder and said in a warm voice, "but I feel like we've just gotten together.

Su mu wasn't a standard beauty, but he was very satisfied with her figure and appearance. She was the kind that could be easily looked at.

Only President ye knew about her beauty.

"Let's wait in the dining room." Su mu slapped him away.

Ye xiangnan gave a meaningful smile and went back to the living room.

after a while, su mu served the noodles to them. the two of them ate in silence and then talked about some daily life.

"Anan's child is born. What gift should we give her?" su mu asked for her husband's opinion.

"what do you think?" ye xiangnan thought for a while.

Su mu pursed his lips and thought for a moment, then said, "I'll go shopping later." I really can't think of it at the moment."

"let's go together," ye xiang suddenly said.

she didn't understand.

He rarely went shopping.

"take it as me accompanying you," ye xiangnan pinched her face.

Su mu didn't say anything. He lowered his head and ate the noodles in small bites.

the light shone on the side of her face. she was very calm and looked like she was in good times.

Ye xiangnan held her hand on the table, and su mu looked at him.

he didn't say anything, but he didn't let go of xuxu.

.....

before sister hong left the country, she went to the hospital to visit master cheng.

master cheng knew that she was leaving and had a toothache. he lay in bed alone for several days.

sister hong brought some pork rib soup and placed it on the bed. she said softly, "Do you want some?"

Master Cheng's eyes were a little red, and he covered his head. "I don't feel well, so I can't drink it."

"Alright, you can drink it later." Sister Hong was silent for a long time before she whispered, my flight is tomorrow. Cheng Zheng, I'm here to visit you.

Master Cheng's eyes quietly reddened again. After a long time, he whispered, "I know."

"If you're not feeling well, I'll take my leave first." Sister Hong paused.

master cheng suddenly sat up and scratched his head. "I'm very well."

Their eyes met, and master Cheng felt very uncomfortable. I'm not sad at all.

"well, when you and our son go abroad, remember to let me know that you're safe," he said generously.

Sister Hong agreed.

master cheng then looked at her greedily-

After giving birth, sister Hong didn't seem to have gained any weight, but she was still quite energetic.

She was even prettier than before she gave birth. Master Cheng looked at her and sighed in his heart. He wouldn't be able to see her again after going abroad.

He really wanted to make her stay, but how could he say it when the words were already at the tip of his tongue?

He was considered half-disabled now, and she was fine, so why did she have to follow him?

in the end, master cheng only said in a low voice, " don't worry about the news agency here. i'll protect it. i won't let you worry. "

sister hong said thank you.

At this time, master Cheng wanted to go to the toilet. He couldn't hold it in anymore, so he called the nurse.

"i'll do it," sister hong said after some thought.

Master Cheng was stunned for a moment, and then his face turned red."It's good that the nurse is here. It's so inconvenient for you to come! we're not in that kind of relationship."

Chapter 5315: i don't want to be friends with you (4)

Sister Hong glanced at him and didn't say anything. She directly helped him to the bathroom.

when he came back, master cheng's face was somewhat unnatural. he coughed lightly and said, " "nurses are good at this kind of thing."

sister hong helped him sit down and smiled. " "and he likes little nurses!"

master cheng was a little angry and his voice was tense.”do i look like such a shallow person?”

She coughed lightly. this is nursing. It’s not a special relationship. Don’t misunderstand. i really want my reputation now.”

“you still want to save face, don’t you?” sister hong smiled.

...

Master Cheng’s face sank and he didn’t say anything.

sister hong sighed and didn’t say anything.

The two of them were silent for a long time. Finally, sister Hong spoke, ” “cheng zheng, i have to go.”

“what time is the flight?” master cheng asked.

“Early in the morning,” Sister Hong said with a smile.

master cheng stared at her, his eyes a little red.

“Don’t you have anything to say to me?” sister Hong asked in a gentle voice.

master cheng was a little scared. after a long time, he finally squeezed out a sentence,”Take good care of my son.”

Sister Hong lowered her eyes, smiled, and agreed.

when she left, master cheng kept staring at her.

the nurse came over to give him an injection, but he didn't feel anything at all. half an hour later, he came back to his senses. two lines of hot tears rolled down the corner of his eyes, and the nurse was scared to death."Mr. Cheng, did I hurt you?"

master cheng's voice was slightly choked. " how can you hurt me? other than that heartless woman, who else can hurt me? "

The nurse thought for a long time before she finally confirmed that it was reporter Liu who made master Cheng cry.

He didn't expect that the tyrant of City B, master Cheng, would have such a day. He looked like he was crying miserably.

The young nurse didn't dare to make fun of him in front of his face. If she went back to the nurse's station, the news would spread, and the whole hospital would know about it. Master Cheng would lose face if he messed up.

However, master Cheng didn't have time to be angry. He was lovesick now.

Alright, the wife and son that he had been thinking about all this time had been destroyed by him at the last moment.

if it was like playing a game, he would definitely level up a new account. however, he was a living person, and there was no way to save his legs.

Su mu had said before that Cheng Zheng was just a paper tiger. She looked fierce on the outside, but deep down, she was an inferior Huanhuan.

sister hong returned to the apartment. the auntie had taken good care of little youyou, so she was not worried.

Seeing that she had returned, the Auntie hugged the boy in her arms and whispered, " Youyou is hungry.

Sister Hong silently undressed to feed the child. The Auntie tidied up at the side while testing the waters, " "How's Mr. Cheng doing?"

“It’s pretty good,” sister Hong said softly.

Sister Hong nodded. that’s good.

“actually, mr. cheng is quite manly,” she added after a pause.

The Auntie was still shocked when she thought about what happened that day. given the situation that day, most men would probably be like soft-legged shrimps, but Mr. Cheng is not. He’s really very manly.

As she spoke, she looked at sister Hong.

sister hong nodded and didn’t say anything else.

“Mr. Cheng didn’t say anything when you went today,” the woman said.

Honghong looked at the Auntie and smiled. “he didn’t say anything,”

The Auntie was obviously a little disappointed. After a long time, she said in a low voice, ” “That shouldn’t be the case.”

Sister Hong didn’t say anything. After feeding the child, she said, ” “We’re leaving tomorrow morning. Auntie, you should get ready.”

Chapter 5316: I don’t want to be your friend (5)

the auntie nodded and did not dare to say anything else.

She still hoped that they could make up. Although Mr. Cheng used to be a gangster, not every man would be willing to exchange his life for the life of his wife and child.

she agreed with mr. cheng on this point.

of course, even if sister hong couldn't let it go, she couldn't do anything about her pride.

Based on her experience, miss Liu did have Mr. Cheng in her heart, but she just couldn't say it out loud.

Sigh, they're not young anymore, how long will this drag on for?

...

When the Auntie returned to her room, sister Hong was in a daze as she hugged little Youyou.

the child did look like cheng zheng. she had a full forehead, a straight nose, and a pretty mouth.

However, compared to Cheng Zheng's pugilistic aura, she was much more delicate.

Sister Hong kissed her son. we'll come back when Youyou is a little older. Is that okay? "

little youyou was awake and was looking at his mother with his round eyes. naturally, he could not understand what her mother was saying.

After a while, sister Hong let out a soft sigh.

*

no one knew that she and youyou had been overseas for four years.

youyou was diagnosed with mild autism when he was one year old. he was not willing to speak or interact with the outside world. sister hong brought the child overseas to seek medical treatment, but they did not even manage to return once.

after cheng zheng's leg recovered, she did not even go overseas once.

For four years, they only kept in contact through the phone. It was only when the doctor from overseas told sister Hong that returning to the country might be of help to the child's illness that sister Hong returned to the country when little Youyou was four years old.

when she returned to the country, cheng zheng also knew about it. she woke up early in the morning to shave and pack up to see her son.

This was the first time he had seen his son since he was born.

Xiao Mao was the one driving the car. Master Cheng hadn't been driving much since his foot was injured, and he always felt that it was inconvenient.

when he went out, he also liked to hold the civilized staff, as it made him look very old, and it was normal for his legs to not be able to move.

xiao mao and master cheng stuck their heads out and looked around. master cheng patted xiao mao and said, " "Why aren't they here yet? Did you get the time wrong?"

"The plane is still in the sky, master Cheng." Xiao Mao raised his hand and looked at his watch.

master cheng touched his head. " i see. i was too anxious. "

He was holding a small yellow duck in his hand, which was his son's toy.

his son looked delicate, like a little girl, and was suitable for this kind of fluffy toy. hehehe, he was not like his father at all, but more like his mother who was pretending to be a good actor.

At the thought of sister Hong, master Cheng asked in a low voice, " " by the way, did she tell you if she had a boyfriend overseas? "

Xiao Mao said, " master Cheng, I don't know about this. If you want to know, you can ask sister-in-law yourself!

"if it's convenient for me to ask, would i need to ask you?" master cheng knocked his head.

He rolled his eyes at Xiao Mao and continued to wait.

“don’t ask about her when you see her,” master cheng sighed after a while.

Xiao Mao looked at master Cheng, who knocked on his cane. she’s already a cripple. She’s rich and has a good figure. Why would she still follow me? ”

“what if sister hong doesn’t mind?” xiao mao was puzzled.

“I mind,” master Cheng said unconfidently.

He didn’t want the day to come when Liu Hong, that woman, thought of his disgraceful past and looked at his crippled leg. If she regretted it, he really wouldn’t be able to live anymore.

They talked to Xiao Mao like this until two in the afternoon. Xiao Mao pointed at the exit and said, ” “Look, it’s sister-in-law.”

Chapter 5317: This is my son, let’s kiss 1

“You’re not allowed to call her sister-in-law.” master cheng patted the little boy.

xiao mao responded with an “oh” and did not dare to make any more noise.

master cheng squinted his eyes and looked at the group of people who had come out. in addition to the auntie, there was also a young man. he was a foreigner and helped master cheng pull his suitcase. he looked quite close to his son.

Master Cheng’s mind was suddenly struck by lightning, and he didn’t know what to do.

also, that foreign young man looked very handsome. he had fair skin and was young.

Master Cheng was especially unconfident. Although he had never thought of doing anything with sister Hong, he still felt a little inferior at this time.

...

xiao mao looked at master cheng and said in a low voice, ” “master cheng, what are you thinking about?”

Master Cheng glared at him. what can I think? What can I think of when I’m looking at him? ”

as he said that, he stared at the pretty boy as if he wanted to kill him.

xiao mao thought to himself,”i’ll just be stubborn. if master cheng doesn’t have any thoughts, i’ll write my name backward.”

Sister Hong also saw them. She turned to her assistant Jack and said, ” ” alright, go back to your place first. i’ll contact you later. ”

Jack was a young and handsome man. He had a sunny smile and his white teeth were very beautiful.

After greeting sister Hong, Jack left. Sister Hong and the Auntie brought little Youyou over to master Cheng’s place. “you’re here?”

master cheng quivered and looked at his son. then, he stared at sister hong. ” yes, he’s here. ”

he carried the boy over and chuckled. ” “My son has grown up. Come, let daddy give you a kiss.”

in the past few years, he had only seen liu hong in a video with his son. they had never spoken to each other. this woman was really ruthless. now that she had seen her son, she could touch him again. she was really a fragrant child. master cheng couldn’t bear to let go of her.

little youyou did not resist, but he was obviously a little shy as he leaned on old master cheng’s shoulder without making a sound.

Sister Hong looked on quietly. The Auntie beside her glanced at her, wanting to say something but stopping.

Master Cheng didn't notice the interaction between the two of them. He was still immersed in the great joy of seeing his son. He kissed him again and again, but it wasn't enough. Then, he carried his son and walked towards the exit.

master cheng held a cane in one hand and carried his son with the other without any difficulty. what a joke. what kind of person was master cheng? he had plenty of strength. in the past, it wasn't a problem for him to carry his mother with one hand.

little youyou knew that this was his father, so he did not make a sound. he shyly leaned on master cheng's shoulder and stared at his mother with his black and bright eyes like a nestling.

Sister Hong whispered to the Auntie, "let's not talk about it for now.

She was very happy to see master Cheng, and it would be a disappointment to say it now.

The helper was quite sad. Mr. Cheng had missed her child for the past few years, but miss Liu's life had not been good either. She had been accompanying her child to seek medical treatment. During her days abroad, she had to go to the hospital twice a week. The child was so afraid of the hospital that it had become a conditioned reflex.

When they arrived at the parking lot, master Cheng put the child in the back seat and even fastened the seat belt for him. "you must pay attention to traffic safety. son, there's a saying that goes, 'if traffic isn't regulated, the relatives will cry'."

little youyou smiled shyly. he looked especially delicate and cute.

A rough man like master Cheng loved it so much that he kissed it. "Good son."

He was deliberately being polite to sister Hong. come, the two of you can sit in the back. This car is very spacious.

in order to pick up his son, master cheng drove a very cool lincoln stretch limousine, as exaggerated as before.

Chapter 5318: this is my son, let's kiss him 2

sister hong and the auntie sat in the car, while master cheng sat in the front and xiao mao drove.

now that xiao mao was married, he looked much more mature and steady. while driving, he talked to sister hong about the changes in B city in the past few years. master cheng didn't say anything and just listened to xiao mao.

Little Youyou was also listening with his eyes wide open, entranced. Sister Hong lowered her head to look at her son and smiled at little Mao."little youyou really likes it when you talk."

"He doesn't like what I say?" master Cheng said in a gruff voice.

sister hong rolled her eyes. " cheng zheng, can you not be so rude in front of our son? don't teach him the wrong things. "

" isn't this son supposed to be split in half? without my contribution, how could you have such an adorable son? " Master Cheng said arrogantly.

...

he then turned around. " don't you think so, youyou? "

Little Youyou looked at him and smiled faintly.

master cheng wished he could hug his son and kiss him again, but he was afraid that this would ruin his son's manliness.

boys should be rougher and not be raised like girls.

His son looked a little too delicate.

master cheng felt that he had to communicate with sister hong properly. this would not do. a man should act like a man. youyou was as shy as a little girl and had not even said a word to his father.

As master Cheng was thinking about this, Xiao Mao asked sister Hong, "do you want to drive it to the apartment?"

Sister Hong nodded.

Xiao Mao presented a treasure to him. master Cheng, I think so too. I've already cleaned the place. Master Cheng, you did it yourself.

Master Cheng felt especially embarrassed and glanced at her. "you're too talkative,"

Xiao Mao chuckled and did not say anything else.

sister hong was also silent, feeling a little uncomfortable.

She had broken up with Cheng Zheng a long time ago. It had been four to five years since then and they had not been together since then.

even if they had any interactions, it was because of little youyou. now that little mao said this, the atmosphere was a little strange.

in the end, it was master cheng who diverted the topic. later on, he would have to cut this little bastard xiao mao for causing him so much trouble.

little youyou did not quite understand the adults' words, so he just looked at his mother in silence.

Master Cheng didn't care. He straightened his clothes and said a few polite words. Anyway, he was quite rough.

"miss liu, mr. cheng really hasn't changed at all over the years," the auntie whispered.

In fact, there was a hidden meaning in her words. On the one hand, she said that master Cheng's temperament had not changed. On the other hand, she said that master Cheng's feelings for her had not changed and he was still pretending to be sister Hong.

“yes, it’s the same as before,” sister hong said indifferently.

Master Cheng felt uncomfortable. Didn’t this mean that he was rude and uncultured?

Master Cheng coughed lightly. why haven’t I changed? I’m even more charming than before. I’m surrounded by a bunch of women who are crying and begging to marry me.

“Then I really have to congratulate you, master Cheng,” sister Hong smiled.

Master Cheng laughed and touched his head. same here. Didn’t you bring a pretty boy back too? he’s your boyfriend, right? ”

Sister Hong was so angry that she didn’t want to answer. Instead, the Auntie said softly, ” what boyfriend? he’s miss Liu’s assistant. He’s highly educated and handsome. He’s only 24 years old, one round younger than miss Liu. That’s impossible.

master cheng looked very interested. ” younger? isn’t that better? don’t many rich women like younger women? ”

sister hong snorted. ” just now, auntie said that you haven’t changed at all. it’s true. ”

Chapter 5319: This is my son, let’s kiss (3)

Master Cheng was upset when he heard that. your words don’t sound good. Liu Hong, you woman!

Just as he was about to say something unpleasant, master Cheng thought that it was meaningless for them to fight like this the moment they met since they hadn’t seen each other for a few years, so he shut up!

The car finally arrived at the apartment where sister Hong lived. When the car stopped, sister Hong received a phone call.

It was Bai Anan. you’re here? ”

sister hong acknowledged and said in a gentle voice, "yes, we've arrived. we'll contact each other later."

she and bai anan got to know each other under su mu's introduction. bai anan had been taking care of her child abroad for the past two years.

...

Bai Anan and Qin Xuan had two children, but they had been divorced for two years.

when sister hong was overseas, bai anan had taken care of her a lot. she was also the one who introduced her to the doctor, so they had a good relationship.

Her words attracted master Cheng's attention. He coughed lightly and said, "Who are they? life abroad is really exciting."

"don't be so weird. it's bai anan," said sister hong after she hung up the phone.

He was a little dissatisfied with master Cheng. Couldn't he restrain himself in front of his son? what was he saying?

Master Cheng touched his nose, feeling a little upset. "How did you get to know this woman? She's very fierce."

In the legal world, Bai Anan was the cream of the crop. She just didn't know why Qin Xuan would marry her. The two of them didn't seem to match. One was a graceful young master, and the other was a fierce female lawyer. Of course, their family background, education, and appearance matched.

However, they still got divorced in the end.

master cheng felt that the divorce was a good one. he and liu hong were not compatible in all aspects, so it was normal for other people to get a divorce.

However, master Cheng wouldn't expose these dark thoughts. He snorted to show that he understood.

as master cheng was carrying little youyou, sister hong reminded him, " "He's already four years old. Let him go on his own. Don't spoil him like this."

master cheng had previously blamed her for raising his son like a little girl, but now he was holding on to him and refusing to let go."my son looks so delicate. what's wrong with holding him for a while longer?"

He passed the cane to Xiao Mao as he carried it. He dragged his luggage just to prove his ability. It was not a problem for him to carry his son and drag his luggage.

Old master Cheng strode forward valiantly. However, he accidentally bumped into the stairs. After all, his legs weren't very nimble, and he almost fell down. Fortunately, sister Hong noticed that something was wrong and helped him up.

master cheng was a little confused and lost a lot of face.

"an accident," he coughed lightly.

Even though she said that, she still cared about it in her heart. After that, she became much more silent.

He was afraid that she would look down on him, afraid that his son would not like his old father.

When they arrived at sister Hong's apartment, master Cheng said that he had to deal with some things and left first. xiao mao followed him. once the door was closed, the auntie said softly, " Mr. Cheng's leg doesn't seem to have fully recovered. Did you leave because you were concerned? "

Sister Hong nodded. he does care about it. He still wants to save face.

the auntie wanted to say something, but she was in no position to do so. she sighed.

at this moment, sister hong spoke up. ” auntie, i know you blame me for being cruel. but i can’t blindly accommodate him just because he saved us and his legs are in this state. i can’t take the initiative to tell him that we’re together. ”

She paused for a moment. even if we get together, we won’t have a good life in the future. I know his personality too well.

Chapter 5320: Youyou is sick and has autism (1)

Since sister Hong said so, the Auntie didn’t say anything else.

marriage was between two people, and no one else could interrupt.

After packing her luggage, sister Hong came out and saw Youyou playing in the living room. She went over and pulled the little fellow over. do you like it here? ”

a smile appeared on little youyou’s pretty little face as he nodded his head gently. he looked especially cute.

Sister Hong also smiled, but it was slightly bitter.

The boy was still unwilling to speak. The doctor said that he was fine, but he was a little autistic.

...

she reached out to stroke the little fellow’s head, hoping that he would be better in B city.

Moreover, Youyou was already at the age to go to school. Sister Hong was rather hesitant. She wanted to send him there, but she was afraid that he would be discriminated against in school. However, if she did not go, she did not know when he would be willing to talk to her, and she could not stay at home all the time.

every time she thought of this, she couldn’t make a decision.

initially, she wanted to discuss it with cheng zheng, but cheng zheng ran away so quickly that she was both angry and amused.

She was also a little sad. The Cheng Zheng in the past was so cocky, but she was not as cautious as she was now.

She could tell that he was feeling inferior.

Sister Hong didn't want to think about this as she picked up the little fellow."Mommy will take you to sleep for a while. When you wake up, we'll eat, okay?"

Little Youyou did not feel tired even after flying for more than ten hours. However, he was still a child. Once he reached the bed, his eyelids began to fight, and he fell asleep very quickly.

Sister Hong had something on her mind and didn't sleep much. She leaned against the pillow and looked at her son.

after some time, cheng zheng's voice came from outside. sister hong got off the bed quietly and walked out.

"Where's our son?" master Cheng asked, rubbing his hands.

"she fell asleep in her room." sister hong whispered as she sat on the sofa and looked at cheng zheng. "let's have dinner here later."

She had to tell him about Youyou's matter.

Cheng Zheng was overjoyed. She sat down and asked, " what's wrong? did you not find a man that you like overseas? do you still think that China men are better? "

Sister Hong rolled her eyes. if you continue to be so indecent, you can leave now.

Master Cheng touched his head. alright, just tell me what you need.

sister hong found it a little difficult to speak. after thinking for a while, she decided to talk about school first. ” youyou is four years old now. i want him to study in B city. what do you think? ”

“of course, that’s good.” master cheng slapped his thigh.

who wouldn’t want a good thing like having a son by their side and being able to see them at any time?

Sister Hong lowered her eyes. After a moment, she said softly, ” “i want him to go to a normal school.”

master cheng felt that there was something wrong with these words. what did they mean by a normal school?

” woman, i want to ask you something. what’s wrong with my son? ” Master Cheng glared at the woman in front of him with a dark face.

sister hong looked up at cheng zheng quietly and said softly, ” “He won’t speak.”

master cheng was stunned and repeated,”you won’t talk?” What the hell is this?”

could he be a mute?

This was something that master Cheng couldn’t accept. How could he, master Cheng, give birth to an incomplete child?

Sister Hong turned her head to the side and said,”he’s autistic. He doesn’t want to communicate with the outside world.” cheng zheng, until now, i have not heard him call me ‘mom’. ”

Master Cheng was completely dumbfounded. Not even in four years?

” i’ve been taking him abroad for treatment for the past few years, but it’s no use. the doctor said that bringing him back to china might be good for his illness. ”

” youyou? ” master cheng’s face stiffened. ” are you saying that you won’t come back if youyou isn’t sick? ”

Sister Hong didn’t want to lie to him. She nodded. yes. He won’t be back for the time being.

master cheng’s heart was beating rapidly. he only realized now that all that talk about family happiness and her soft-heartedness to let the father and son see each other was fake. it turned out that she had no choice but to come back because youyou was sick.

Master Cheng’s eyes were bloodshot. In the past, he would have slammed the table. However, he didn’t yell at sister Hong because he was worried about his son.

After trying his best to control himself, master Cheng suddenly got up and left without looking back.

He needed to calm down and digest this. He could still accept that his son was sick.

what an adorable child, yingluo.
