

## Thank you 5321

Chapter 5321: youyou is sick and has autism (2)

master cheng returned to his apartment and sat there smoking silently.

it was a pack.

xiao mao poured a cup of water and placed it in front of him. he sighed softly, ” “Master Cheng, it’s bad for your lungs if you smoke too much.”

Master Cheng’s eyes were a little red. little Mao, did you know that my son has autism? ” I don’t believe a f \* cking ghost. That little thing is so good-looking.”

Xiao Mao had guessed that something had happened, but he had not expected it to be such a big deal.

Xiao Mao was silent for a moment, then said softly, ” “master cheng, what are you going to do?”

...

Master Cheng pursed his lips. what can we do? it’s okay!

then, he let out a long breath. ” actually, i really don’t know what to do. Little Mao, tell me, what should we do!”

“Master Cheng, do you really want to know?” Xiao Mao looked at master Cheng.

master cheng rolled his eyes at him and took another puff of his cigarette.”go ahead,”

Xiao Mao sighed,”we can only let nature take its course.” there’s nothing more important than allowing the child to grow up in a relaxed environment.”

“How did you know?” master Cheng’s eyes widened.

xiao mao smiled a little embarrassedly and scratched his head. ” ” because i was like this when i was young. i only started to speak when i was seven. ”

Master Cheng slapped his thigh. so you have such a glorious past, little Mao. Alright, I got it.

Master Cheng said and immediately got up to go upstairs. However, he got up too fast and almost fell down. He quickly supported himself with his cane.

xiao mao wanted to help him up, but he didn’t dare to, for fear that master cheng would have other thoughts.

Master Cheng calmed down and went upstairs again.

he knocked on the door hard and couldn’t wait to tell his woman the news. if xiao mao could be well, their son could be well too. xiao mao said that he wanted to grow up in a relaxed environment. at most, he would not yell at people in the future and win them over with virtue.

the way he was patting her, naturally, alarmed the auntie and sister hong. the auntie frowned.”Who’s so loud?”

Sister Hong and Youyou were eating when sister Hong smiled. “Who else could it be besides Cheng Zheng?”

The lady laughed too. it’s true that Mr. Cheng is very impatient. But he’s also very manly.

sister hong knew that ever since that incident, the auntie had been speaking up for cheng zheng. she could not help it so she pretended not to hear it.

the auntie opened the door and it was indeed master cheng.

master cheng stuck his head out and swallowed the words that were about to come out of his mouth.

“I’m eating!” He coughed.

“That’s right,” sister Hong smiled. He’s eating.”

“then i’ll eat with the child,” master cheng said, scratching his head.

He was definitely not doing this for this woman. He was doing this to accompany his child.

didn’t xiao mao say that children needed the company of adults?

sister hong smiled and didn’t object. on the other hand, the auntie acted as if she had a son-in-law at home and was extremely attentive, yingluo.

sister hong didn’t know what to do with her. seeing master cheng come over, the auntie immediately pulled out a chair for him to sit down and served him a bowl of rice and some vegetables.

Sister Hong was speechless and took another look at the Auntie.

The Auntie was not afraid of her.

sister hong continued eating. however, when she looked up, she saw little youyou staring at master cheng.

master cheng ate in big mouthfuls and said with a smile,”Son!”

youyou’s face reddened as he lowered his head to eat.

Master Cheng smiled again and reached out to stroke his little head. this child takes after me. Handsome.”

Little Youyou’s little face turned even redder as he buried his head even deeper.

He actually did mind a little. He was afraid that his father would dislike him if he didn’t speak.

## Chapter 5322: youyou is sick and has autism (3)

he actually did mind a little. he was afraid that his father would dislike him if he didn't speak.

However, master Cheng didn't seem to care at all. He was still smiling and serving him food from time to time.

little youyou would secretly look at master cheng, but when he was discovered, he would bury his head and stop looking.

Perhaps, she was shy.

master cheng was very happy. after dinner, he carried his son to the sofa to play with toys.

like an old child, master cheng sat face to face with his son. in front of him was a pile of toys scattered on the ground, which made youyou quite happy.

...

sister hong could not stand it. " cheng zheng, don't let our son develop such a bad habit. "

Master Cheng was still angry, so he said in a strange tone, " "Men, why do you have to be so meticulous!"

Not only did he not listen to her, but he also reached out to Pat his son's head encouragingly. "son, don't listen to your mother. if you want to play, play to your heart's content."

Sister Hong snorted. that's right. If you want to play, then play to your heart's content. If one isn't enough, then have two.

this was an adult's topic. little youyou could not understand it and could only look at his mother pitifully.

Master Cheng's face turned red and he was annoyed,"that woman surnamed Liu, what year is this old news?" Must you pick a time when our son is around to say this? You just don't have good intentions and want to destroy my perfect image in my son's heart."

Sister Hong couldn't stop him. She snorted, " "perfect image, cheng zheng, you have the cheek to say that."

"you self-proclaimed it," she said after a pause.

"i don't want to argue with you," master cheng sneered.

he turned to his son. " son, ignore this woman. let's play on our own. dad will help you clean up the mess. "

little youyou nodded, his face slightly red.

sister hong was about to explode. youyou was so obedient, but this uncle had learned to be bad?

She was about to say something when the Auntie came over and pulled her back. She said softly, " "Look at how happy Youyou is. He hasn't laughed like this in a long time, right?"

Sister Hong was at a loss for words.

when master cheng heard this, he grinned proudly. " "that's why there has to be a male animal in the house."

Sister Hong was originally a little touched, but at this moment, all of that disappeared and she rolled her eyes at him.

Master Cheng ignored her. He was still angry that this woman dared to give him a hard time.

This was not how he looked at little Youyou. His eyes were filled with love, as if he was looking at a precious treasure.

sister hong's eyes reddened as she read on. she was afraid of embarrassing herself and went to the bedroom first.

after she left, master cheng muttered in a low voice, " this woman still wants to save face. I think she probably misses me so much.

little youyou watched him eagerly as he played with the building blocks.

Master Cheng smiled. son, don't worry about your mother. Let's continue playing.

Little Youyou did not say a word. He hung his head and focused on playing with Lego. As a child of only a few years old, he seemed to have the talent to do so. In a short while, he had already begun to act.

master cheng touched his nose and had to admit that this kid was like his mother in these aspects. he didn't seem to be good in this aspect.

He would play with the little one and praise him from time to time. The scene was so exaggerated and mushy that little Youyou felt a little embarrassed as he looked at his father in silence.

Master Cheng had mixed feelings. Fortunately, this child could hear him and it wasn't ran ran's problem.

If he stayed with her more, maybe she would be willing to talk like what Xiao Mao said!

after playing for a long time, little youyou was tired and fell asleep on the sofa.

Chapter 5323: Cheng Zheng, what are we now? 1

Master Cheng picked up the little guy and walked into the bedroom. He didn't have a cane, so he walked a little obviously.

"Let me do it," the Auntie said as she came over.

"No need, it's so light, like a kitten." master cheng said indifferently.

however, his legs really couldn't bear the weight of the little guy, and he was in a sorry state.

however, master cheng was a person who cared about his reputation.

she tried her best to walk properly, but she looked even more embarrassed.

...

the auntie felt bitter looking at him. mr. cheng used to be so high-spirited!

She had to tell miss Liu that she had to be nice to Mr. Cheng. They couldn't be husband and wife, but their lives were exchanged by Mr. Cheng with one leg.

on the other hand, cheng zheng carried little youyou into the bedroom and sat quietly by the side. it was only then that he seemed to have the time to look at the little fellow.

Thin eyebrows, a straight nose, and a small mouth. They were really pretty.

Master Cheng's heart gushed with the feeling of a loving father. This feeling was something he wouldn't feel unless he was a father.

after a long time, he walked out and entered sister hong's bedroom.

sister hong was changing her clothes when she saw him coming over. she rolled her eyes at him."Why did you come in?"

Master Cheng's eyes were spitting fire. Liu Hong, you woman. Your child is already like this, yet you're still so particular about this and that. Are you crazy? "

"he's mine. it has nothing to do with you," sister hong said, feeling wronged.

"Without me, you wouldn't have a son." Master Cheng was furious.

sister hong slowly pulled up her clothes. " you only created this child, but youyou personally brought him up until he was four years old. do you know how many times i've gone to the hospital and how i've been living every day? "

master cheng sneered. " do you think i want to? do you think you're going to die if you stay in the country? the moon is very round abroad, isn't it? "

sister hong felt a sense of powerlessness. it was happening again. they had to quarrel every time they got together.

She sighed. Cheng Zheng, I don't want to fight with you. Please don't start a fight, okay? "

"i'll start the battle?" Master Cheng's sneer deepened. I know you don't like me. You think I'm old-fashioned and uncultured. But I've memorized 300 Tang Poems in the past few years. Don't look down on me. "

sister hong was both angry and amused. in the end, she turned around, not knowing what to say.

but master cheng thought that she didn't want to talk to him.

that's right, he's just an uncouth fellow, how could he be worthy?

Master Cheng left without a word.

when sister hong turned around, she saw him limping away.

Her eyes secretly turned red.

She followed him outside and saw master Cheng holding a cane. She coughed lightly.”He left?”

“Are you being annoying by staying here?” master cheng said in a bad mood.

sister hong didn’t know how to communicate with him. she bit her lip and didn’t say anything for a long time.

Master Cheng looked at her again and then left.

As soon as he left, the Auntie tried to persuade him. I don’t want to criticize you. You should be gentler to him. He might really be sad.

sister hong looked at the auntie. ” you’re just too helpful to him. ”

She wanted to say something, but she couldn’t. She felt that it was meaningless.

In fact, what was she and Cheng Zheng now?!

He was nothing!

sister hong was dejected for a while before returning to her bedroom.

She thought about Cheng Zheng’s words and the way he looked when he said he could recite 300 Tang Poems.

She did not understand why he was carrying this!

didn’t they say that there were many women who threw themselves at him? or did he stop throwing money at her and just recite tang poems to trick a little girl?

thinking about how bad he was in the past, she felt that she should not think about these things.

Chapter 5324: cheng zheng, what are we now 2

after master cheng went back, he was particularly unhappy.

after walking through the door, he threw the cane aside and started smoking.

As long as Liu Hong was around, he would definitely be so angry that smoke was coming out of his body. Why did she like to anger him so much?

Master Cheng was so angry!

But even though he was angry, he couldn't do anything about it. He was a man, and it was only right for him to give in to a woman.

master cheng thought it through and was no longer angry. instead, he felt a little inferior.

...

he fell down his leg ...

Hi, it's already like this, what else can we do?

What else do you want?

she was rich and had a good figure. what could cheng zheng do if she followed behind her?

Master Cheng was so angry that he was pounding his chest.

However, no matter how angry she was, it was useless.

Right now, he just wanted his son to be well and be willing to talk.

As for the grudges between him and that woman, Liu Hong, let it go!

when master cheng understood this, he felt at ease. fine, he was a man, so he would give in to her.

Xiao Mao watched from the side as his master Cheng gritted his teeth, sighed, and shook his head. His expression was very interesting.

In the end, master Cheng sighed and said, "little Mao, am I being too petty?" your sister hong and i always seem to have endless quarrels. it's quite boring, isn't it?"

xiao mao did not dare to say.

"it's nothing," master cheng said. "it's been a few years. maybe i just can't let it go, but others have already let it go."

after that, he stopped talking and silently picked up the 300 tang poems.

This would be useful if he learned it. He would read it to his son.

at least, he still had a son who could prove that the woman had once belonged to him so passionately.

thinking of this, master cheng gritted his teeth again.

Fortunately, he had been living like a monk for the past few years, and that woman probably had not thought of him even once.

Xiao Mao understood that master Cheng still couldn't let go.

If she couldn't let go, she could go after him. From the looks of it, sister Hong didn't seem to have a man. Besides, if master Cheng went to her house, it was enough to prove that their relationship was still the same as before.

however, xiao mao didn't dare to give any more ideas. in fact, he felt bad for master cheng.

master cheng was quite a loyal person. although he had a temper, he was not a bad person. he used to be so mighty. now that there was a small problem with his leg, he was a lot gentler and not as high-spirited as before.

"master cheng, how about this? let's get along first and slowly see if sister hong will change her mind," xiao mao said softly.

master cheng's eyes widened,"turn my ass!" do i look like i lack women? I'm telling you, Xiao Mao, I'm not interested in this woman at all, do you hear me? I'll find you a new sister-in-law tomorrow."

Xiao Mao's mouth was wide open as he looked at master Cheng.

Master Cheng didn't notice the person at the door and continued, " " i've stopped liking her for a long time. she's getting on in her thirties. if you look closely, you'll probably see a lot of crow's feet. xiao mao, let me tell you, don't look at her appearance. you can't look closely at this woman. if you look closely, especially at night when she removes her makeup, you'll be scared to death! "

xiao mao laughed without losing his dignity, and his eyes gave a secret signal.

master cheng was so excited that he couldn't see anything.

He added, " you'll know when your wife is old. You'll have to find a wife who's much younger than you.

Xiao Mao couldn't help but look at the door. "sister hong,"

Sister Hong came over with a jacket in her hand. "Cheng Zheng, you've fallen into my Pixiu."

Master Cheng was dumbfounded and suddenly didn't know what to do.

Chapter 5325: cheng zheng, what are we now?

Sister Hong entered and threw her coat on the sofa. She smiled faintly. “i’m old, a few years older than you, but i don’t think i’m clinging to you! master cheng, you’re still young and vigorous, i won’t hold you up. if you want to find girls, go find them.”

she was about to leave after she finished speaking, which made master cheng anxious.”i just said a few irrelevant words, is there a need to be like this?”

“as for that,” sister hong snorted.

She gritted her teeth. Cheng Zheng, don’t you know what kind of dog you are? you’re still acting like this even at a time like this.

she was quite angry, but she couldn’t show it because it was really meaningless.

So he turned around and left, which made master Cheng so anxious that he almost swore to the heavens, ” “don’t go.”

...

master cheng’s heart trembled. he didn’t care if xiao mao was there or not, he jumped over and hugged him from behind.

“Let go,” sister Hong’s voice was fierce.

master cheng was like a big dog. ” no, i won’t let go. ”

sister hong’s voice was cold,”you won’t let go, will you?” Cheng Zheng, can’t you be more mature?”

Master Cheng originally thought that if she was a shameless person in the past, she might soften her heart and stay, but at this moment, he felt a pain in his leg-

The pain was secondary, but the tip of her heart ached.

Master Cheng closed his eyes slightly and gently let go of sister Hong.

At that moment, no one knew who was in more pain, but the air fell silent.

Xiao Mao, who was standing at the side, felt that it was not a human inside. After a while, he touched his nose and coughed lightly.”i’ll go to the bathroom.”

“master cheng, just say what’s in your heart,” he encouraged.

He was extremely anxious. Was it so hard to admit that he was thinking about sister Hong every day?

was it difficult to say that she had been alone for the past few years?

for master cheng, it might really be difficult!

After Xiao Mao left, sister Hong turned around. Cheng Zheng, I don’t have anything to say to you. You can leave your true feelings for the little girl.

Master Cheng touched his head and smiled. sure. I’ll tell the little girl later.

after that, sister hong left without looking back. master cheng called out from behind, ” “I was just joking and you’re angry? You’re already so old, don’t be so angry.”

sister hong didn’t even bother with him and directly returned to the apartment upstairs.

after she left, master cheng felt a little tired standing and sat down. xiao mao walked out quietly. ” “sister hong left?”

“let’s go,” “it’s good that she’s gone.” master cheng tapped his leg twice.

Xiao Mao didn't say a word. He squatted down and massaged master Cheng a few times. His Kung Fu these few years had been good, and he was comparable to a professional masseur. Master Cheng sighed. "It's comfortable now."

xiao mao tried to persuade him as he knocked on the door. " master cheng, you should control your temper. she's finally back. can't you treat her better? "

Master Cheng rolled his eyes and said, "are you kidding me? is she the one I'm hoping for?" i'm looking forward to my son, not her. "

Xiao Mao laughed, "alright, you can be stubborn."

Master Cheng lay there for a long time before saying, " but little Mao, my matter with her is not a big deal. Youyou's matter is more important. We have to find a good doctor to take a look at him. He's so cute; we can't delay it.

xiao mao nodded. " master cheng has many connections. it's not difficult to find a good doctor in B city. "

"Isn't Qin Chen from Sheng Yuan hospital very skilled?" master Cheng asked after thinking for a long time.

xiao mao also knew this person. " yes, yes, yes. i'm looking for this person. "

master cheng touched his head. " sure. "

he thought that he had to discuss it with that woman. after all, they were both parents, weren't they?

Chapter 5326: cheng zheng, what are we now? 4

master cheng put down his thoughts and focused on his son.

after getting someone to contact qin chen, he replied that miss liu had already contacted him.

Master Cheng was puzzled at home. how did this woman contact Dr. Qin? ”

Xiao Mao thought for a moment and suddenly thought of something. “I remember now. Sister Hong and su mu are good friends, aren’t they? Then, Bai Anan is the ye family’s fault, and she’s married to Qin Xuan. It’s easy to connect with her. ”

master cheng nodded. ” yes, that’s true. ”

xiao mao leaned over again. ” i heard that dr. qin was very handsome when he was young. now that he’s older, he’s become an elegant woman. ”

...

Master Cheng picked his ear. Xiao Mao, did I hear you wrong? elegant and handsome. Is she a man or a woman? ”

Xiao Mao exclaimed, ’it’s a woman! However, when she was young, no one could tell that she was a woman. All the nurses in Sheng Yuan hospital liked her and were obsessed with her. ”

“She has a husband, right?” master Cheng narrowed his eyes.

xiao mao chuckled and said, ”there is!” What, master Cheng, what do you want?”

master cheng spat at him. ” what are you talking about? dr. qin is over 50 years old, right? ”

Xiao Mao smiled in embarrassment. you’ll know when you get there anyway.

Later, when master Cheng saw it, he really scared ran ran.

he’s over 50, he doesn’t look like one at all!

after he finished talking to xiao mao, he went upstairs to see sister hong to discuss the matter of going to the hospital. coincidentally, sister hong was also bringing little youyou out.

“Where to?” Master Cheng asked in a daze.

Sister Hong didn’t hide anything. we’re going to the hospital. Lawyer Bai has recommended a very good doctor.

Master Cheng touched his head. it’s Dr. Qin, right? okay, let’s go together.

Sister Hong gave him a strange look, but didn’t say anything. They went to the hospital together.

when he saw qin chen, he was really shocked. qin chen was really elegant and didn’t look like he was in his 50s at all. instead, he looked like he was in his 30s and was about the same age as sister hong.

Perhaps it was because the Qin family specially produced good-looking people, but master Cheng had seen a few members of the Qin family before. Qin Xuan, Qin mo, and Qin yihuan were all good-looking people, just like his ex-husband who yearned for the Nan family at night. Each of them was good-looking and had their own unique characteristics.

When Qin Chen brought little Youyou over, they did not use any equipment. Instead, they casually asked a few questions as if they were having a chat. He did not force little Youyou to answer; he just smiled at some and nodded or shook his head at others.

even little youyou had a reaction.

“good boy!” qin chen reached out and rubbed his head.

She got up and started writing the medical record. Master Cheng was the first to lose his cool and asked, ” “Doctor Qin, how do you feel?”

“there’s nothing wrong with this child,” qin chen smiled.

“then why doesn’t he like to talk?” master cheng coughed.

qin chen looked up at him. ” it’s probably because the house is too quiet. ” By the way, do you live together as a married couple?”

Master Cheng immediately agreed.

Sister Hong rolled her eyes at him before saying softly, ” “the child was an accident. we don’t live together.”

master cheng immediately said in a strange tone, ” “now that you’ve mentioned it, our past is quite fresh and refined.”

These two are going to argue again.

qin chen lowered his eyes and held back his laughter for a long time before saying, ” “i think you should try living together for a while. it might be good for the child. It’s not good to be so noisy, it’s too quiet in the past.”

Master Cheng and sister Hong were both dumbfounded.

What do you mean by too quiet?

Chapter 5327: For the sake of the child, let’s cohabit!1

Seeing their confusion, Qin Chen explained with a smile, ” “It’s too quiet, and there are too few people talking. Children don’t want to talk!

“i’m not sick, i’m just unhappy.” qin chen was more straightforward.

master cheng finally understood what he meant. he touched his head and said, ” oh, i see! ”

He chuckled. if that's the case.

"You'd better move in together to give your child a healthy family," Qin Chen said calmly.

Master Cheng's eyes widened. He stared at Dr. Qin and then at sister Hong.

...

Sister Hong's face was expressionless, so master Cheng was a little bored. it depends on what others think. If I'm bent on my own happiness and don't care about my child, I can't do anything about it.  
"

sister hong was infuriated. she lowered her voice and said,"What do you mean for my own happiness?"

"don't you want to find a pretty boy? do you dare to say that you don't want to? With me in your house, you must feel very inconvenient." Master Cheng didn't stand on ceremony and was furious.

"Can't you restrain yourself in front of the child?" sister Hong was furious.

"there's no need to hold back, just do what you need to do," qin chen said.

Sister Hong was also stunned,"that works?"

"Why not? He's just too quiet. Also, go to school!" "Maybe, but it's better than being locked up at home. It's okay for boys to suffer some setbacks," Qin Chen said calmly.

Sister Hong nodded.

the family left with the child. In the car, master Cheng asked uneasily, " "Are you moving to my place, or should I move to yours?"

"i haven't thought about it yet." sister hong glanced at him.

Master Cheng shouted, " what else is there to think about? Dr. Qin is an authority in this area. She has already said this, but you still don't think about your son. Are you bent on finding a gigolo? do you not want your son's future? "

sister hong was speechless. after a moment, she said in a low voice, " can you not say these things in front of Youyou? I don't have such thoughts right now.

"Just because you don't have it now doesn't mean you won't have it in the future!" Master Cheng's voice became even colder.

"Is that any of your business?" sister hong retorted.

Suddenly, master Cheng didn't say a word and just stood there blankly.

sister hong also didn't say anything. she said softly,"Let's not argue if we really want to live together."

Her words warmed master Cheng's heart. Was she saying that she was still willing to live with him?

master cheng said "okay" in a low voice, and the two of them temporarily stopped fighting.

Then, they saw little Youyou looking at them with bright eyes.

master cheng also felt quite embarrassed and coughed lightly."I'm not fighting with your mother. We just have different opinions."

The boy nodded.

"most of the time, we don't agree with each other," sister hong said coldly.

Master Cheng was a little annoyed and wanted to start a war, but the children were here. They couldn't keep arguing, right?

there had to be some warmth of a family, right?

he was a man! Let her have her way!

Master Cheng held his son in his arms and told him a story. However, as an uncouth fellow, he only told the same few stories. Sister Hong rolled her eyes and looked out of the car window silently.

but after a while, her heart suddenly calmed down. with cheng zheng around and with little youyou around, she did feel more relaxed. at least, youyou was close to her and was willing to let her take care of him.

Youyou also seemed to like Cheng Zheng a lot.

sister hong's eyes quietly reddened. after a while, she gently wiped them away.

Chapter 5328: let's live together for the sake of the child!2

master cheng laughed at her. heh, what a promising look.

wasn't he very fierce before?

he snorted and said,"hey, are you touched?" there's no need for that. i'm just a bastard. one second you're touched, the next you might be angry at me!"

don't worry, " sister Hong said coldly. I won't do that. As long as you don't think too much of yourself.

Master Cheng licked his face and said,"wishful thinking?" Don't worry, I definitely won't."

I'm stupid, " he mumbled to himself. I fell twice on the same woman.

...

Sister Hong could no longer be bothered with him. When she turned around, she saw little Youyou staring at her with wide eyes.

sister hong coughed lightly. " that ... " she said, " i was just playing around with your father. "

little youyou's eyes were still sparkling, and he did not look worried at all.

sister hong was cursing in her heart. did this little fellow like to watch people fight?

since that was the case, it seemed like she and cheng zheng did not need to disguise themselves anymore!

After driving back to the apartment, master Cheng reached out to touch the little guy and said softly, " alright, daddy will go and get our luggage. I'll be staying with Youyou after this.

Seeing how shameless he was, sister Hong couldn't help but say, " "hey, we're only temporarily staying together."

Master Cheng was very unhappy. what's wrong with coaxing the child and making him happy? " he said.

"One must be honest." sister hong didn't approve of his actions.

master cheng laughed. " don't use your story at home. you have to listen to me at home. i'm a man. "

sister hong simply wanted to ignore him. she turned around and carried youyou to the elevator.

master cheng caught up with him, and his voice was a little gentler."i'll carry you. you're a woman, yet you're acting like a female guardian deity."

sister hong subconsciously looked at his legs and then said in a calm voice, " "i'll do it!"

master cheng's face was red, and he wanted to say something, but he didn't.

He always felt a little defeated.

When they reached the elevator, sister Hong put little Youyou down and patted his head. daddy's leg was injured when you were born, so I can't carry you.

Little Youyou raised his head to look at master Cheng.

master cheng's heart throbbed, and he was a little scared ...

he was afraid that his son would dislike him.

Little Youyou, however, did not. He gently threw himself into his arms and hugged him with his soft little hands.

Master Cheng was a rough old man, and he felt a lump in his throat with an indescribable feeling.

Finally, he said in a low and hoarse voice, " " daddy is fine. daddy promises that he will get better in the future. "

actually, it was usually just a little bit. as long as it wasn't too strenuous, it would be fine. however, he always regretted it. he was always afraid that his son would feel embarrassed. but when this little guy said that he didn't mind at all, master cheng admitted that he was also cured.

He hugged the boy and kissed him.

It was quiet in the elevator. No one spoke.

Xiao Mao, who was at the side, felt like crying.

He was so touched.

When they reached master Cheng's floor, he went to pack his things while sister Hong brought Youyou home.

When master Cheng was packing his things, Xiao Mao reminded him, " "Actually, it's just upstairs and downstairs. You don't need to pack so much. If you need it, just come down and get it."

master cheng glared at xiao mao. " this is called a sense of belonging, do you understand? "

"i don't really understand," xiao mao said softly.

Master Cheng was so angry that he pulled his luggage upstairs and knocked on the door with a smile.

that's great, my son is coming for me.

the helper opened the door and was quite happy. " mr. cheng, you're here. the room has been tidied up. "

master cheng was puzzled,"clean up?" There's no need for that. I'll just stay in the same room as Liu Hong."

Chapter 5329: Let's cohabit for the sake of the child (3)

After he said that, the Auntie felt a little awkward.

because miss liu didn't say that mr. cheng would stay in the same room as her, she said that the guest room had been tidied up for mr. cheng to stay in.

even if she didn't say it, master cheng could tell, and his face darkened.

I'll go ask miss Liu, " the Auntie said in a low voice. Mr. Cheng, don't argue with her anymore. It'll hurt our relationship. now that the child is already so big, you should think about the child and not let your own temperament do things."

master cheng was stunned for a moment and then realized the problem.

will my relationship with Liu Hong affect little Youyou? " he asked softly as he looked at the Auntie.

...

the auntie looked at him and said seriously, " "what do you think?"

Master Cheng was silent.

After a long time, he dragged his luggage into the guest room. He had lived here for a while, so he knew where the guest room was.

At this moment, sister Hong walked out and saw him entering the guest room and looking at the Auntie.

"Mr. Cheng is very easy to talk to," the lady said with a smile.

sister hong smiled. she did not want to quarrel with cheng zheng. as for whether he lived here or not, she did not care. the main thing was that youyou liked him.

Master Cheng tidied up in the guest room and sat on the edge of the bed. He wanted to smoke, but he held back. There were children at home, so he had to change this habit.

He was a father now, so he had to act like one.

master cheng heaved a long sigh. he was really miserable now. he had to sleep in the guest room.

he sat in silence for a while and looked around. fortunately, the guest room had a bathroom, so it was not troublesome.

after a while, the auntie came over to call for dinner. when he went out, he saw little youyou coming out as well. seeing his sparkling eyes, master cheng's heart softened and he went over to hug him. "I'll be living with you from now on."

little youyou's eyes brightened even more as his face turned slightly red.

master cheng was happy and touched his head.

the four of them ate together in silence. after a while, master cheng and sister hong talked about the things that had happened in B city in the past few years, about xiao mao's marriage, and the changes in zhang fucai and du meili. he spoke normally, and sister hong listened without retorting. the atmosphere was quite good.

after dinner, they sat on the sofa and watched tv. master cheng, who was carrying his son, heard sister hong talk about little youyou's schooling. he did not object and said that it was okay for boys to have some setbacks.

Sister Hong gave a faint smile. sure, we'll bring him to school next Monday.

The school had relied on Bai an 'an's connections. At that time, Bai an' an had also returned to China with two children.

One was a little older than Youyou, while the other was a year younger.

Just as well, they were in the same school.

Master Cheng also happened to see Bai Anan. He felt that this woman was a little different from before. Before their marriage, Bai Anan was a very powerful lawyer, the kind that made people tremble in fear.

But now, it seemed a little different. She looked more like a woman than before, and she wasn't as sharp as before.

When she turned around, master Cheng asked casually, and sister Hong said indifferently, ” “She and Qin Xuan divorced two years ago.”

master cheng was surprised. he touched his head. ” this kind of match will also get a divorce. ”

Sister Hong smiled, ’it’s clear that men are unreliable.’

Master Cheng didn’t agree. you’ve gone too far. What era is this? men and women are equal. There’s no such thing as the one who’s abandoned.

speaking of which, he felt aggrieved. he was even abandoned!

He wanted to do something, but someone refused and even let him sleep in the guest room.

Chapter 5330: let’s live together for the sake of the child!(4)

Master Cheng didn’t say a word. He sat in the car and didn’t say anything.

Sister Hong did not say anything and simply hugged her son. do you like school? ”

little youyou nodded obediently.

Sister Hong laughed and stammered a little bitterly.

after bringing little youyou home, master cheng played with him, while sister hong asked bai anan out for tea.

Half an hour later, the two women were sitting in a coffee shop.

...

sister hong took a sip of her coffee before looking up at the woman in front of her.

bai anan seemed to have matured a lot, and she wasn't as sharp as before. perhaps it was because she had half left the legal world, but she had been living abroad for the past two years to take care of her child, and she had become much gentler.

“you really don't intend to keep in touch with qin xuan?” sister hong asked softly.

Bai Anan smiled. I don't think we're the same kind of people.

she looked up and sighed. ” i asked for a lot, but he never gave me anything. ”

“You already have two children,” sister Hong laughed.

“That's not what I meant,” Bai Anan said, giving her a look.

Sister Hong smiled again. what are your plans? ”

Bai Anan thought for a moment. I don't think so. I'm enjoying my current life. Maybe I should find a boyfriend.

She didn't really love Qin Xuan, but she knew that he didn't want to love her.

They lived together, but they couldn't tell what was bad or good about it.

but as time passed, bai anan knew that she could not give qin xuan happiness.

Perhaps she was a little willful, so she got a divorce.

qin xuan was a little dumbfounded at the time, but after hearing her reason for the divorce, he only thought about it for a minute before agreeing.

And he didn't want the child.

Bai Anan thought that he was young, handsome, and rich. He did not need a child to keep him company.

In the past two years, he had known a few women around him. She had heard about a few of them from Yi Huan, but they were not too high-profile.

When she was living abroad, Qin Xuan would visit her once a month and stay for a week to accompany the children.

As an ex-husband and wife, they had always been polite.

This time, he even went to pick her up at the airport. Bai Anan had bought a villa to live in before she came back. She had an agreement with Qin Xuan that he would visit her once a week and stay there for one night.

There had never been an ex-couple as harmonious as them. Bai Anan even saw his girlfriend once when she was abroad and had a cup of coffee with her.

She was quite young, quite pretty, and seemed to love Qin Xuan very much.

Bai Anan didn't feel much either. She had loved Qin Xuan before, but after living with him for a long time, she knew that they weren't suitable for each other. So, before the divorce, she had tidied up her feelings and prepared herself.

Even if they were divorced, he would still look for another woman. She was no longer a young girl, so there was no need to be angry.

After chatting with Sister Hong, she drove back to her villa.

As soon as the car stopped, Mrs. Qiang came over and whispered, "Mr. Qin is here. He's accompanying the young master and the young miss."

Bai Anan nodded and went upstairs.

in the spring, she wore a daisy-colored wool dress, and her long brown hair was let down, fresh and soft.

in the living room on the second floor, qin xuan was accompanying the children.

He was leaning on the sofa with a book in his hands. The two children were nestled in his arms, one on each side, listening to him read.

qin xuan's appearance was very good, and he had inherited the good points of the qin family.

at that moment, he looked very lazy, like a family man.

but bai anan knew that he was not.

he would be a good father once a week. the rest of the time, he was very popular with women.
