Chapter 5331: let's cohabit for the sake of the child (5)

bai anan looked at him and said, ” “you're here?”

Qin Xuan smiled and continued to read to his child.

the two children got along very well with him, and they were very young and had no concept of divorce. in addition, he came to visit them regularly.

“i'm going to change my clothes,” bai anan said, pursing her lips.

She entered the cloakroom and changed out of her clothes absentmindedly into a set of home clothes.

when he walked out, he was already making a phone call in front of the floor-to-ceiling window. from his posture and gentle voice, it must be his little girlfriend recently. she was a little sweetheart, had a good temper, and listened to him very much.

...

Bai Anan thought about it absent-mindedly and then smiled.

When Qin Xuan turned his head, he happened to see her smile.

in the past two years, she was very different from before. she was very soft and at home. it seemed that she had not taken on any more cases. even her style of dressing had changed a lot. she was no longer wearing the suit of a successful career woman. instead, she looked very feminine and soft.

when they got divorced, she was very calm. after the divorce, they did not fight and had always been polite.

Although he still didn't understand why she wanted a divorce, when she said that she was unhappy, he still let go and didn't force her.

In the past two years, he had had a girlfriend, but she had always been alone. He had not seen anyone around her.

Qin Xuan came back to his senses and frowned, feeling that he had been too focused on her.

Bai Anan was with her children. They had two children, a boy and a girl, Qin Shi and Qin Yue.

when bai anan said that the name 'together' was 'qin shi ming yue', he also felt that the name was easy to remember, so he did not object. At this time, she took his place and read it to the two children. Qin Shi listened carefully, and Qin Yue was too young to be obedient. She climbed up and down on her mother's lap, but Bai Anan did not seem to care.

Qin Xuan always felt that she was too lazy. Looking at her now, it was hard to imagine how she had been like when she was a strong woman.

He sat opposite her and took out his phone to deal with some business.

as for his girlfriend, she didn't ask and he didn't say.

He couldn't really tell what the way they were getting along was like now ...

she probably didn't have any relationship with him and didn't seem to care much about his private life.

With such a reasonable ex-wife, a good relationship, two cute children, and an obedient and cute girlfriend, Qin Xuan felt that he should be content. However, he just couldn't seem to be happy.

bai anan raised her eyes. " what's wrong? "

"it's nothing," qin xuan replied with a smile.

bai anan didn't ask any more questions. all her attention was on the two children. if he didn't know that she liked him more or less, he would have suspected that they were once a couple.

When she got divorced, she said that he didn't love her. Now, it seemed that she was the one who didn't care even more.

qin xuan kept his cool and occasionally looked at her.

at about six o'clock in the afternoon, the servant downstairs came up. "miss bai, mr. qin, the meal is ready. shall we start eating now?"

The helper was an old man of the Bai family, so she was familiar with the relationship between the former couple, so she didn't avoid it.

"let's eat," qin xuan closed the book.

His posture was natural, like the man of the house.

Bai Anan frowned, not knowing what she was unhappy about.

the two of them took the child to eat together. after the meal, he sat on the sofa and read a book. he did not seem to be leaving.

after settling the two children down, bai anan sat opposite him with a cup of fruit tea and sipped on it. "qin shi and qin yue are asleep. if you're busy, you can take a break from work and come back tomorrow."

"I don't have anything important to do." Qin Xuan raised his eyes and frowned.

Bai Anan smiled but said nothing.

qin xuan probably understood what she meant. "a girlfriend doesn't need to accompany her every day."

“that’s good,” she nodded.

after saying that, she got up and said goodnight before returning to her bedroom.

qin xuan didn’t move. he was still sitting on the sofa and reading the news on his phone. he was used to going to bed at midnight.

And now, it was only nine O ‘clock.

At eleven o ‘clock, he put away his phone and was about to go to the guest room when Bai Anan came out of the bedroom. She seemed to want to get a glass of water. When their eyes met, he was a little stunned.

She was wearing a white bathrobe.

He remembered that in the two to three years after their marriage, she had always liked to wear black.

because he liked it.

was it because of the divorce that she changed back to white? She was already used to the touch and the color of his skin.

Chapter 5332: she seemed to be different from before (1)

qin xuan looked at her quietly. bai anan lowered her head to look at her clothes and smiled.”What’s wrong?”

” it’s nothing. ” qin xuan retracted his gaze and smiled. ” the bathrobe is not bad. ”

bai anan went to get some water. as she poured, she said casually, ” “It’s just a normal bathrobe, it’s not a big deal.”

Qin Xuan could tell that she was a little unhappy. He thought about it and agreed with her. They were no longer husband and wife, so there was no need to discuss this topic anymore. It seemed a little too ambiguous.

Bai Anan drank half a glass of water and was about to go back to her bedroom.

“anan,” qin xuan called out to her.

...

bai anan was stunned for a moment. after the divorce, he almost never called her that. it was not to the extent of ‘miss bai’, but it was also not to the extent of being intimate with her.

she sat down opposite him and asked in a soft voice, ” “Is there something?”

“Do you have any plans now that you’re back?” Xuan asked.

bai anan thought for a moment. ” plan? ”

“Are you talking about work or love life?”

“if you want to,” qin xuan smiled.

Bai Anan tilted her head and looked at him. are you getting engaged? don’t worry, i’m not in the mood for that right now. the law firm is normal for work, and i haven’t thought about my personal feelings yet.”

“Not to the point of engagement,” Qin Xuan replied.

Bai Anan didn’t ask further. A divorced couple didn’t need to know so much about each other’s private life. She didn’t know if she was too cold-blooded, but she had already decided when they got divorced that they would raise Qin Shi and Qin Yue together. It wasn’t that their relationship was bad before, but Yingluo couldn’t find the feeling of spending the rest of her life together with Qin Xuan, and she thought he probably felt the same way too!

Cutting the Gordian knot was the most suitable for the two of them.

“i’m going to bed,” bai anan said softly.

qin xuan agreed, and then his eyes fell on her.

Bai Anan gathered her bathrobe and walked towards her bedroom. The lines of her back were very beautiful. Even in the bathrobe, she looked better than before.

It was probably because she had not been working for the past two years and had chosen to take various dance classes to shape her body. In short, even though Bai Anan was over 30 years old, her figure was comparable to that of a young girl. She was also much softer, unlike the strong woman she used to have.

Qin Xuan watched quietly, then resentfully got up and went to the guest room to change before going to the gym outside.

when he returned, it was already midnight. he took a shower and sat at the head of the bed, smoking. he was still a little annoyed, and he didn’t know why it was like this.

It was probably Bai Anan.

After a night of not sleeping well, she woke up in the morning to find a fragrant smell in the air.

It smelled like milk mixed with wheat. It was very nice.

Qin Xuan closed his eyes and lay down for a while. Then, two little people climbed onto him and called him ” daddy “.

he reached out and picked one up. it was a small qin yue.

The little custard stuck to him and said in a childish voice that his mother was making breakfast.

qin xuan placed a hand behind his head and chuckled.”mommy can make breakfast?”

mom knows a lot of different kinds of breakfast, ” Qin Yue said obediently. I know how to make pancakes, jelly, mashed potatoes, and milkshakes. They’re delicious.

qin xuan kissed his little daughter. ” does she make it for you every day? ”

Little Qin Yue used a little more strength and her eyes were bright.”yes, mom makes it every day,”

Chapter 5333: the end

Qin Xuan was a little surprised. When he lived with Bai Anan, she was a strong woman. She had only been to the kitchen a few times, let alone making breakfast.

But now, it was obvious that she could make food that children liked. Had she been busy with this for the past two years?

qin xuan was a little lost in thought. little qin yue shook his arm. “daddy, daddy.”

“What’s the matter, baby?” Qin Xuan returned to his senses and smiled.

” i heard that his father likes his mother a lot, ” little qin yue said in a baby voice. ” dad, do you like his mother? ”

qin xuan was surprised by his younger daughter’s question and didn’t know how to answer.

...

after a long while, he said, ” daddy and mommy are not husband and wife anymore. ”

“But Cheng you’s parents aren’t husband and wife!” Little Qin Yue said, feeling very strange.

Qin Xuan was even more curious than her. Where did she find out about this?

Qin Xuan thought for a while before slowly saying, "how about this? Cheng you's parents aren't together yet, and your mother and I are having a baby.

Before he could finish, little Qin Yue's little face scrunched up and looked like she was about to cry.

Qin Xuan was suddenly speechless. After a while, he coaxed softly, "why are you crying?"

little qin yue climbed down from his body and cried. she looked especially soft and cute as she went to find her mother.

"That's how young girls are." Qin Shi shrugged.

qin xuan's heart ached for his younger daughter. he lifted the blanket and got out of bed to chase after her. as soon as he reached the living room, he saw bai anan pick up little qin yue and gently wipe her tears. she coaxed her, but little qin yue still looked very sad. she laid on her shoulder and sobbed.

Qin Xuan, the Father, looked at him and felt a little upset.

The two children seemed to be close to him, but they were actually not close. Instead, they were close to Bai Anan, probably because they were always by her side. But a voice told him that it was not the case.

It was not only because the child had grown up by her side, but also because Bai Anan had no other man of the opposite sex by her side, while he had one. The child naturally wanted to be closer to the man who had no man of the opposite sex by his side, so that he could feel safe.

He looked quietly at the tiny Qin Shi, who had appeared at his feet without him knowing.

"in fact, there are many people who like mommy," qin shi sighed.

"Is that so?" Qin Xuan raised an eyebrow.

he knew that bai anan was pretty and had a good figure. no one knew that better than him. it was not strange for men to like her. it would not be a problem for her to have two children, because bai anan had money and time.

Qin Xuan thought about it and looked up at his ex-wife.

she was coaxing little qin yue, who was lying on her shoulder and twitching. bai anan smiled and said, ” ” alright, daddy didn’t do it on purpose. can you forgive him? ”

Qin Yue still didn’t say anything and threw a tantrum.

bai anan was amused and angry at the same time. she carried qin yue over and looked at qin xuan with a reproachful expression.”How did you make her so angry?”

Although Qin Yue was young, she had always been good-tempered.

qin xuan looked deeply at bai anan. he realized that she only had eyes for qin shi and qin yue. he was like a tool to her. because he was her ex-husband and the father of her child, she had to deal with him.

Qin Xuan carried little Qin Yue over. The little girl didn’t want him to carry her, so she clung onto her mother and refused to come down.

please coax her, ” said Bai Anan calmly. I’ll change my clothes. Let’s have breakfast together later.

After she finished speaking, she returned to the master bedroom. She had only taken two steps when Qin Xuan grabbed her wrist.

“anan,” he said in a hoarse voice.

bai anan tilted her head. ” are you in a hurry today? ”

no, ” he shook his head. we can leave at five in the afternoon.

she knew that he was going to meet his girlfriend for dinner, so she nodded. ” “alright,” he said.

she went to change her clothes and took a call. when she came out, she said to qin xuan, ” “i’m going out for a while. can you take qin shi and qin yue with you for a day?”

he fastened his belt as he spoke, and qin xuan naturally looked over.

she had given birth to two children, but her waist was slimmer than before. perhaps it was because she paid attention to her body training. in the past two years, she had not only taken care of the children, but she also had plans for herself. now, she looked very beautiful and soft.

“of course, no problem,” qin xuan replied with a smile.

bai anan thanked him and went back to spray some perfume. she took her bag, put on her high heels, and prepared to go out.

She tidied herself up a little. She looked really good, and when she walked, there was a fragrance on her body.

Qin Xuan hadn’t brushed his teeth yet, and he was still holding his baby. He looked more like a stay-at-home man now, but young master Qin’s temperament was very good. Even so, it didn’t affect his beauty.

bai anan left quickly. qin yue’s big eyes were still filled with tears. after the door was closed, she glared at qin xuan and said angrily, ” “I don’t like Daddy.”

“why don’t you like me anymore?” qin xuan pinched her face.

“Because mom doesn’t like you anymore,” Qin Yue said angrily.

qin xuan had a headache. this child knew too much too early.

he carried little qin yue to the dining room and placed little qin shi on a small chair. ” look after little sister. daddy is going to brush his teeth. we’ll have breakfast together later. ”

Qin Yue still didn't want to talk to him. In little Qin Yue's world, boys were always the ones who were wrong.

Brother Qin Shi had always given in to her, but she felt that her father would not give in to her mother.

Dad has a girlfriend, mom doesn't have a boyfriend. Mom is at a disadvantage.

During breakfast, Qin Yue stared at Qin Xuan.

"What's wrong? Are you still angry with your father?" Qin Xuan patted the little guy's head.

Little Qin Yue lowered his head and didn't speak for a long time before muttering, "dad, are you getting married soon? You're going to have a baby soon?"

qin xuan thought of his new girlfriend and smiled."i don't have any plans for now."

At this moment, Qin Shi spoke like an old man. mom and dad divorced a long time ago. Dad will get married sooner or later. Let's just count on our new dad!

"new daddy?" qin xuan looked at qin shi and asked slowly.

qin shi nodded. "that's right. new daddy. " Mom can't be single forever. We have to get used to our new life."

qin xuan tapped his fingers on the table as he ate his breakfast. after a while, he said, "if mommy gets married, do you want to live with me?"

He asked, but the two children didn't say anything, so Qin Xuan knew that they didn't want to. He sighed in his heart. He would be lying if he said he wasn't disappointed. Perhaps the two children really weren't that close to him.

after breakfast, he cleaned up and stayed with them for a while. later, qin yue went to bed, and qin shi always did his own things, so he went to the balcony to smoke alone ...

He smoked for a long time and only gave up when his mouth was bitter. He rolled the cigarette box into a ball.

In fact, he had been separated from Bai Anan for a long time. In two years, he had forgotten a lot of things. He didn't know why she wanted a divorce back then. He was surprised when she mentioned it, but he still gave in to her.

he thought that he was helping her, but now that he thought about it, perhaps he was helping himself.

bai anan had been taking care of the two children all by herself. she had not had any love life for the past few years. although he himself was not very brilliant, he had dated two or three of them. however, he had not decided on the person yet, so he had been indifferent to them.

Qin Xuan held onto the railing and quietly looked into the distance. He was a little confused.

In fact, he had forgotten how he felt about Bai Anan. So what if they had broken up? he had a girlfriend, and he was used to seeing his child once a week. He had no lack of women, children, and a career. In fact, he was the winner in life.

but when qin shi had said that his mother would eventually remarry, he suddenly had a thought-

bai anan was no longer his. if he could find a girlfriend after their divorce, she could find someone else. there was no such thing as remarrying on her own while her ex-wife was still holding on to that marriage and their child.

If she remarried, Qin Shi and Qin Yue would have to call someone else 'daddy'. Just thinking about it, Qin Xuan found it hard to accept. This was probably an illness of a rich young master, but he knew that he could not stop Bai Anan. Bai Anan had a better family background than him.

qin xuan's mind was in a mess as he took care of the child.

at noon, he did not cook. instead, he asked his secretary to send some food over.

qin shi's food was delicious, but qin yue kept saying that it wasn't as good as her mother's cooking. qin xuan felt that qin yue was too pampered and couldn't live without her mother. but if that was the case, how could bai anan get a boyfriend? it would be difficult for her to get married in the future.

Just as he was thinking, the pampered little princess said, "Grandma Chen used to be good at cooking."

qin xuan looked at her.

"mom learned it from her," qin yue said softly. "grandma chen usually does it. she'll be coming to take care of us in a few days."

she climbed onto qin xuan's body and lowered her voice, "is mommy looking for a boyfriend?"

Qin Xuan didn't know how to answer her.

qin yue sighed and stopped talking, looking sad.

Qin Xuan was a little absent-minded. He looked at the time and saw that it was already three in the afternoon.

He dialed Bai Anan's number. After four or five Rings, she picked it up. Qin Xuan.

her voice was so soft, just like a certain time in the past. it was only at that time that she would be so soft, causing qin xuan's throat to move up and down. then, she whispered, "where are they?"

On the other side, Bai Anan flicked her hair. I'm having coffee with Liu Hong. I'll be back in a while.

no need," Qin Xuan suddenly said. I'll take the kids there. Let's have a family meal together.

"Qin Xuan, don't you have something to do at five o'clock?" Bai Anan frowned.

"I'll cancel it." he said decisively.

bai anan was silent for a while before she whispered, ” “There’s no need to.”

He was unhappy with her attitude, and his voice was low and hoarse. Bai Anan, it’s just a family meal. What are you afraid of? are you afraid that I’ll pursue you again? ”

“No, I didn’t,” Her voice grew fainter as she told him the address.

qin xuan hung up the phone and sent a wechat message to his little girlfriend. then, he packed up and went out with his two children. he drove an aurora with two child seats in the back seat. he always drove this car when he met the children.

qin shi was quite happy, and qin yue forgave him for a short while.

While driving, Qin Xuan asked casually, ” “what do you want to eat tonight?”

“I want to try a candlelight dinner with brother,” Qin Yue said in a childish voice.

qin xuan raised his eyebrows in surprise. he looked very pretty and asked qin shi after a while, ” “Did you teach your sister this?”

Qin Shi shrugged his shoulders like an adult. no, she likes to Watch Korean dramas.

“Mom doesn’t care?” Qin Xuan frowned.

“Mommy will take her to watch it.” Qin Shi was Tattletale again.

qin xuan didn’t know what to say. bai anan wasn’t such an emotional person in the past. she was a workaholic. he remembered that when she was pregnant with qin xuan, she was still in court the day before she died.

Qin Xuan was only distracted for a moment before he stopped thinking about it.

later, when the traffic light turned red, he couldn't help but recall that their relationship had probably been at its worst when she was pregnant with qin shi. she had been busy with work, and he had complained that she didn't care about the child. she had started working less than a month after giving birth to qin shi. although they had been harmonious in other aspects, he had always felt that that kind of family wasn't complete, and he had slowly put his energy into work.

Later, for some reason, Bai Anan stopped working. Even if she had something to do, she would ask her Secretary to send her home. She learned to be a mother and took good care of Qin Shi. Later, they got pregnant with Qin Yue.

he clearly remembered that he had no plans to have children, but he didn't know that he was pregnant.

If there is, then give birth to it.

this time, she had been at home during her pregnancy, so he was very assured that she would be obedient.

He was still working and socializing outside. He had a wife and children at home, and his life was quite good. At least, Qin Xuan was satisfied with the marriage at that time. But he didn't know why Bai Anan asked for a divorce when Qin Yue was just born.

he was a little startled, but he still agreed.

Qin Xuan couldn't help but want to smoke, but after a moment of shock, he remembered that the two children were in the car, so he decided not to.

at that moment, he suddenly realized why bai anan had gotten a divorce.

she had given up her job and returned to her family. it was not that she did not want to work anymore, but she had given in for the sake of marriage.

but he didn't. he thought it was natural and even put more energy into work and social activities. although he didn't take it seriously, he would always bring back some perfume. he remembered that she had asked a few times, and he didn't think it was a big deal. it was just a little girl sitting beside him and drinking a little. her actions were not too excessive. everyone was like this, and he didn't want to show that he was too noble and make others unhappy.

It was probably because of this that she wanted a divorce.

it wasn't that she didn't have feelings for him anymore. she was just disappointed in him and felt that he wasn't a good husband, right?

Qin Xuan looked ahead, his eyes a little dry.

but why didn't she have a good talk with him? he was sentenced to death just like that!

He suddenly felt a mix of emotions, so when he saw Bai Anan again, his mood was a little different. In addition, Liu Hong's assistant, who came from abroad, was really eye-catching. She moved closer to Bai Anan and said something to her. It seemed to make Bai Anan happy. She smiled at the pretty boy, and it was actually quite sweet.

Qin Xuan was immediately very unhappy. He sat in the car and didn't get out. He called her, "i'm here."

Bai Anan picked it up. have you arrived? " i'll come out immediately."

qin xuan could see her hanging up the phone, saying something to the young man, and then saying hello to liu hong before walking out. she was still wearing the long dress that made her waist look especially thin. her long black hair was tied up, and her makeup was exquisite.

qin xuan looked at her for a while. " what did you talk about? "

bai anan looked at the child and said, " "It's about the investment."

qin xuan started the car and said without changing his expression, " " don't you have enough assets to spend now? "

she was a little surprised that he would ask this. after thinking for a while, she slowly said, " "When Qin Shi and Qin Yue start school, I'll have to work. I'll just hire two aunties and a home tutor."

“Those can’t replace my parents.” qin xuan didn’t know what he was angry about, but he was quite angry because she had thought of everything and didn’t mention him at all.

Bai Anan was even more surprised. She did not understand why he suddenly lost his temper.

yes, he was unhappy. after being married to him for a few years, she knew his personality well. he was not the kind of person who was easy to talk to and would not accommodate others.

why was he unhappy now?

But now that they were no longer husband and wife, there was no need for her to please him and think about his feelings. So, if Qin Xuan was unhappy, it was only him who was unhappy. No one was there to comfort him. At least, Bai Anan had been interacting with the child and did not take his words to heart.

qin xuan drove the car to a restaurant and stopped. he turned his head.”You should discuss these things with me.”

Bai Anan blinked. She was born to be a beautiful woman. In the past, she was too strong-willed and independent, so she was not very close to her. But now, she was much gentler. She blinked her eyes, and they seemed to be filled with stars.

qin xuan stared into her eyes and repeated, ” “i’m still the father of the child.”

bai anan replied with an ‘oh’ and dragged out her words. then, she turned her head to the side and said indifferently, ” I thought you would have other plans, such as getting married and having children. By then, you might not have time to care about Qin Shi and Qin Yue.

“Are you sure you want to bring this up in front of the kids?” Qin Xuan asked, frowning.

“why can’t i?” bai anan’s voice grew fainter. ” it’s a fact that we’re divorced. they’re not hurt in their hearts. they can accept you getting married. what else are you not satisfied with? ” if you think that visiting them once a week is too much, you can change it to a month. you can discuss this with qin shi and qin yue.”

Qin Xuan finally understood the meaning behind her words. Every time he came, she would say that she didn't care and that it was fine as long as the child was happy. If the child didn't want to see him, he didn't have to come.

he moved closer to her and lowered his voice."Bai Anan, what about you? you don't mind?"

Bai Anan looked a little speechless. we're divorced. I'm fine. she said.

She unbuckled her seatbelt and was about to get out of the car when Qin Xuan suddenly grabbed her arm and said in a low voice, " "bai anan,"

she tilted her head, looked at him, and said a little strangely, " "what's wrong?"

He was acting a little strange today. Did he not get along with his girlfriend?

Qin Xuan's eyes were fixed on her, and he suddenly asked,"bai anan, why did you want to get a divorce?"

Bai Anan was taken aback. She had not expected him to ask such a question. "i just don't feel like i love you anymore." she smiled after a long while.

"Liar." "You still loved me when we got divorced," he said, suddenly getting angry.

bai anan sighed. " qin xuan, do you have to bring this up? "

"eat with the child. we'll talk after you're done," she said decisively.

behind them, qin shi and qin yue widened their eyes, especially qin yue, who looked like she was watching a korean drama.

Qin Xuan loosened his grip on her hand, letting her go.

"let's wait until the children are asleep."

bai anan knew that he would not let her go today. although she did not know why he was acting like this, she knew that it was not a good thing.

she let out a long breath. ” get out of the car and eat. qin shi, unbuckle your little sister’s seat belt.”

qin shi agreed obediently. he unbuckled his seat belt and helped his sister unbuckle. bai anan got out of the car and naturally went to carry little qin yue.

qin xuan walked over and picked up the little girl before her. he said lightly, ” “i’ll carry him.”

Bai Anan moved away a little, and Qin Xuan carried Qin Yue. Qin Yue could have walked on her own, but with her father’s love, she didn’t want to walk on her own. Qin Xuan was willing to pamper her.

They walked into the dining room and sat down. Bai Anan realized that it was a candlelit restaurant. She looked at Qin Xuan.

“it’s the kids who want to eat,” qin xuan said as he flipped through the menu.

bai anan stopped talking. she leaned back in her chair and listened to the pianist play. her side profile was so beautiful that qin xuan saw it when he looked up. he said in a hoarse voice,”What do you want to eat?”

bai anan turned around and smiled. ” “As you wish.”

Qin Xuan glanced at her, then lowered his head and ordered a set meal for her and the two children.

there were only a few candles in the dining room, and it was dark. the two children found it interesting and played with each other. qin xuan, on the other hand, kept looking at bai anan. she seemed to like the song a lot and kept watching it.

He was sitting next to her, but somehow, he was holding her hand.

Bai Anan was shocked. She looked at him and instinctively wanted to pull her hand away, but Qin Xuan didn’t let her. He grabbed her forcefully and said in a low voice, ” “Don’t move,”

“Qinxuan, What is this?” Bai Anan said in a low voice, ” a candlelight dinner. Don’t forget that you already have a girlfriend. It’s not good to have an ambiguous relationship with your ex-wife.

She still pulled her hand away, quite determined.

qin xuan didn’t insist. he took a sip of the cold water. bai anan ignored him and focused on playing with her phone. after all, there were people to take care of the two children.

Only the two children were happy during the meal.

But it was obvious that Qin Xuan wasn’t going to let her go. On the way back, he glanced at her and reminded her, ” “The children are asleep. Let’s have a talk.”

Bai Anan didn’t answer. She turned her face to the side, obviously not wanting to talk to him.

Qin Xuan was a little unhappy, but he didn’t say anything.

when they arrived at the high-class apartment, he took qin shi to shower, and she helped qin yue shower. the two children played for a while before finally falling asleep, and the house was particularly quiet.

qin xuan was wearing a bathrobe. he walked into the living room, and bai anan changed into a set of conservative home clothes. he thought that she must be on guard against him, so he smiled and sat beside her.

bai anan held a glass of red wine in her hand and sipped on it. she asked softly, ” “what do you want to say?”

Her attitude showed that she was treating him as a negotiation partner and not someone close to her. She was full of precautions.

qin xuan went over and knelt beside her. before she could resist, he held her head and said in a low voice, ” “Anan, I want to ask you why you want a divorce?”

Bai Anan made way but did not. She smiled. " why are we getting a divorce? it doesn't seem to be that important anymore. qin xuan, we've been separated for so long, and we don't have feelings for each other anymore. let's look forward to it. we're both living a good life, so there's no need to be entangled with each other anymore, don't you think so? "

"No." He suddenly buried his head in the crook of her neck, his voice especially hoarse. "anan, tell me, am i a terrible husband? are you so disappointed in you that you want to divorce me?" she asked.

bai anan lowered her head and looked at the man who was once very close to her, but was now a stranger to her. her voice was a little hoarse. what do you want to hear? what do you want to hear? Qin Xuan, if we didn't have two children, we wouldn't even be together. Besides, you already have a girlfriend. Be more serious. I don't want people to call me a mistress.

she struggled as she spoke, but he hugged her tightly and said in a low voice, " "I broke up with her. it was just now."

"A WeChat message and you broke up?" "he looks pitiful," bai anan said sarcastically.

"Are you blaming me for not treating others well?" Qin Xuan asked.

bai anan lowered her eyes. " i'm not a saint. i have nothing to do with young master qin's matters. "

As soon as she finished speaking, he came over so quickly that she couldn't resist.

"qin xuan, you're crazy." she pounded his back. " do you know what you're doing? our first marriage was a failure, i don't want another one."

However, no matter how powerful she was, she was nothing to him.

after a long time, he was finally willing to let her go. his voice seemed to be soaked in water. " an 'an, tell me, are you completely disappointed in me? "

Bai Anan leaned back on the sofa. After she calmed down, she gave him a slap. yes, I'm so disappointed.

after she finished speaking, she burst into tears.

“qinxuan, what are you doing? We’re divorced, and I’ve never asked if you had a girlfriend, nor have I ever seduced you. Why should I be with you again just because you said so?”

Qin Xuan’s lips moved, then he smiled bitterly. “i can’t deny that i had a girlfriend, and i can’t deny that i want to be with you.”

“impossible.” Bai Anan composed herself and said hoarsely.

qin xuan took a tissue and wiped her tears. ” ” if you’re angry at me, you can ignore me. but if i break up with my girlfriend and i pursue you again, that’s my business, right? unless you don’t let the child see me, how are you going to explain it to qin shi and qin yue? ”

there will be many opportunities for us to be alone like this in the future, ” he explained patiently. I can’t be sure that I can control myself every time, so you have to be good. Don’t mess with me. This time, we’ll take it slow, okay?”

Bai Anan glared at him as if she was looking at a monster.

he was going to have dinner with his girlfriend in the afternoon, and he was going to be with her again at night. he was sick.

qin xuan’s heart ached when he saw her expression.

Did she really not have any feelings for him?

he couldn’t help but bully her again. bai anan was afraid that qin shi and qin yue would hear her and run over, and she would be taken advantage of. in the end, she lost control and ran back to the master bedroom, closing the door behind her.

Qin Xuan went to take a shower, looking a little lazy. He didn’t go back to his bedroom to sleep, but patiently knocked on Bai Anan’s door again and again.”Can you open the door and let me see you?”

Chapter 5334: the end 2

There were children sleeping at home, so he kept his voice low. Bai Anan ignored him.

He also knew that he had gone too far. She had always been quite arrogant, but this time, she had suffered a big loss in his hands. He felt that he was a bit of a scumbag, but he could not help but bully her. He just wanted to see if she still cared about him. Even if he hated her, he wanted to show some emotion.

the way she cried just now was quite attractive.

Just as he was about to give up, the door opened. Bai Anan walked out with red eyes. Qin Xuan went up to her. “alright, don’t cry. it’s my fault. i won’t do it again.”

Bai Anan had put on a coat and was dressed casually. The high collar of the coat covered her neck.

“I’m going out for a while, you look after Qin Shi and Qin Yue,” she said softly.

...

she was extremely calm. qin xuan grabbed her. ” it’s so late, where are you going? ”

“to buy medicine.” “you don’t want a third child, do you?” she asked coldly.

“If you’re pregnant, just give birth,” Qin Xuan said instinctively.

“i’m not your birth machine.” Bai Anan said coldly.

Qin Xuan felt a sharp pain and stared at her.

Bai Anan was in a bad mood. She pushed him away and was about to leave when Qin Xuan pulled her back and said in a hoarse voice, "I'll go,"

after he finished speaking, he dragged her back and looked at her quietly for a while before saying, "I'll go change my clothes."

Bai Anan did not object and looked at him quietly.

Qin Xuan's heart, which was originally a little moved, cooled down again. No matter what, it was just his wishful thinking just now, so it was quite boring.

He walked out and looked at Bai Anan. She was resting on the sofa, which had already been tidied up.

His eyes darkened as he took out his car keys. "I'll be back in a while."

Bai Anan didn't say anything. She just looked at him quietly.

Qin Xuan went downstairs, got into the car, and smoked a few cigarettes as he savored the aftertaste.

They hadn't been husband and wife for a long time. Even though it was only his intention, it had happened.

It was reasonable for her to be angry with him.

As he drove, he was a little resistant to her taking the medicine, so he drove a few rounds before he bought the medicine. When he came back, it was already one o'clock at night. Bai Anan was lying on the ground, seemingly asleep.

Qin Xuan opened the door and saw her lying on the sofa. He suddenly remembered that when they were still husband and wife, she would occasionally lie on the sofa like this and wait for him to come home. He had some perfume on him, more or less. He thought that as long as he didn't overstep his boundaries, he would be fine. Now that he thought about it, she must have really cared about it!

He really wanted to know if that marriage only made her unhappy.

however, he couldn't bring himself to ask, afraid that her answer would hurt him.

qin xuan walked to the sofa, squatted down, and said in a soft voice, "Anan,"

bai anan opened her eyes slowly and looked at him. after a while, she seemed to have thought of something and shifted her expression warily. his eyes hurt. "I'll get you a glass of water."

as he spoke, he got up to pour her a glass of water and sat down beside her. while she was taking the medicine, he couldn't help but ask, "You really don't plan on keeping the child?"

bai anan glanced at him and said in a hoarse voice, "You're thinking too much,"

"i won't force you to do anything else for now," qin xuan said as he grabbed her hand.

Bai Anan struggled free and leaned weakly against the back of the sofa. She closed her eyes. "if i had known you would do this, i wouldn't have let you stay. from now on, you can't stay here overnight."

"Are you afraid?" "weren't you happy just now?" he leaned over and muttered.

he was pretty sure that she would be alone after their divorce.

In his heart, he also felt a little pity. He shouldn't have let her off so easily just now.

Bai Anan's eyes were still closed. if it wasn't for Qin Shi and Qin Yue, I would have reported you to death. I would have made sure that you would spend the rest of your life in prison.

"You're willing to?" Qin Xuan asked hoarsely.

"I'm willing." she said with certainty.

He chuckled and buried his face in her shoulder. then you can Sue me next time. I can't guarantee that this will be the last time.

bai anan was so angry that she reached out and slapped him.

He grabbed her hand, stared at her, and said slowly, "Anan, I won't force you. At least, I won't do it again until you're willing to."

He didn't want her to keep taking medicine, and what was the point if she didn't want to? he was the only one who was happy.

Bai Anan gave him a kick. get out of here right now.

hehe. Qin Xuan chuckled and stood up. alright, I'll be leaving then.

he could understand that she didn't want to see him. he also knew that she was telling the truth when she said that she didn't send him to prison. his behavior was indeed too bad. it could be considered that he had forced himself.

Qin Xuan tidied his clothes and went to see the child. "Then I'll come back next week."

he paused for a moment. " you can rest assured. i won't force you anymore. "

Bai sat there quietly.

when he was about to open the door and leave, she whispered, " "Qin Xuan!"

what's wrong? " his body froze and he turned around. is there anything else? "

Bai Anan raised her head and looked at him. She said softly, " you just want to know why I divorced you. You're right. I'm disappointed. I'm completely disappointed.

her eyes were calm. " i thought that marriage was about tolerating each other, so i was willing to tolerate you. besides, i'm two years older than you. i thought that if i didn't do what you didn't like and just played my part as a wife, our marriage would be harmonious and you would cherish it, but you didn't! it was already hard for me to have a child, and now i have qin yue. those days when i waited for you to come home, i felt that every day was like a year. when i was pregnant with a child,

i always thought of my husband having a romantic affair outside with a girl younger and more beautiful than me in his arms. i changed so much for my marriage, but it was useless. so after giving birth to qin yue, i felt that i had to reduce my burden, at least i wouldn't be sad and cry for you anymore."

Qin Xuan was stunned.

Although he had already figured out the reason, he had never thought that she would be so sad.

Bai Anan forced a smile. Qin Xuan, I'm really disappointed. I don't want to do it again.

qin xuan turned back and squatted in front of her. he said softly, " "nothing happened between me and those women. we were just socializing together."

Perhaps those women would occasionally leave a little perfume smell or lipstick on his shirt, but she would understand these things. This was how social gatherings were like, and she had seen such scenes before.

bai anan lowered her eyes. " qin xuan, you don't like such occasions. you just think that since we're married, i won't interfere in such matters. that's why you don't care, right? "

Qin Xuan was stunned.

Bai Anan smiled. see, that's how it is. It's not like I didn't tell you that I care, but your bottom line is different from mine, so we can't get along.

He felt that it was natural for her to go from a strong career woman to a housewife.

How could there be such a logic in the world? Bai Anan wanted to leave him. After thinking about it for two years, her life didn't go as she wished. Qin Xuan didn't care much about it, but she was very dissatisfied.

Qin Xuan looked up at her. She was very calm.

It was extremely calm, as if he was talking about an insignificant past.

qin xuan's voice was low and hoarse. "an 'an, it won't happen again. "

I know, " Bai Anan said mockingly. your girlfriend will make a fuss about it. Young master Qin, you'll have to cultivate and never step into those kinds of events again.

"Bai Anan," Qin Xuan frowned,"you know that's not the case."

He still wanted to say something, but she didn't want to say anything more to him and just sat there quietly.

qin xuan left, but he didn't drive away immediately. instead, he sat in the car and smoked quietly.

he thought that he must have missed her for the past two years. it was just that after she went abroad, it seemed that his longing for her had faded.

qin xuan quietly thought to himself, slowly growing some determination to win.

bai anan sat on the sofa for a long time.

In the following days, Qin Shi went to school, and Qin Yue went to a nursery. She started investing with Liu Hong, and occasionally went to a law firm. She had two aunties at home, both of whom were elders of the Bai family, so she was at ease.

She was getting busier and busier with work. Although Qin Xuan would come over sometimes, they didn't have as many chances to meet each other. He would often come over and leave when she came back. Occasionally, he would stay over to spend the night with the child. Bai Anan slowly forgot about that matter. After all, she didn't plan to have anything to do with him anymore.

until one day, just as he was about to leave after having coffee with sister hong, a pretty young lady sat down beside him.

Bai Anan knew who she was. She was the daughter of a wealthy family and Qin Xuan's ex-girlfriend, who had ended up with Qin Xuan's sudden change of heart.

“mr. bai, i want to talk to you,” the young lady said.

sister hong looked at this little white lotus and couldn't help but say, ” “Do you want me to stay behind to accompany you?”

bai anan shook her head and smiled.

Sister Hong looked at the little girl's delicate appearance and thought that nothing would happen to her, so she left first.

After sister Hong left, Bai Anan looked at the young lady in front of her and smiled. “is there something?”

“Mr. Bai, can you return Qin Xuan to me?” the young girl's eyes were red.

bai anan took a sip of her coffee and said,”i didn't tie him to me. how can i return him to you?” he's single now, right?”

That little girl was the daughter of the Wen family, Wen Qi. She had been pampered since she was young and liked Qin Xuan very much.

she lowered her eyes and pleaded, ” “but ever since you came back, he obviously didn't look for me anymore. he even broke up with me.”

bai anan laughed. ” president qin and i have two children together. miss wen, don't you care about our family? besides, it has nothing to do with me who he is with or not. ”

Wen Qi was on the verge of tears. but I saw him buying medicine for you in the middle of the night. You guys were in a hurry.

She looked at Bai Anan and smiled. lawyer bai, you're the third party. ”

Bai Anan rolled her eyes. I'll let Qin Xuan explain to you!

what was this? it was her loss that night, okay? why did this woman not look for qin xuan but her, the victim?

Moreover, Qin Xuan obviously treated her the same way, so what was the point of following her at this time?

Bai Anan ignored her and picked up her handbag to leave.

“You’re not allowed to leave.” wen qi called out to her with a strange expression on her face. bai anan felt that her actions were strange and instinctively used her handbag to block the yingying.

There were screams in the coffee shop.

wen qi splashed sour!

fortunately, bai anan’s bag blocked it, but a drop or two splashed on her fair hand, and she immediately felt great pain.

Wen Qi looked at him in fear. The thing in her hand fell to the ground and she murmured, ” “it wasn’t me. i didn’t do it.”

Bai Anan endured the pain and dialed 120. She asked the staff to keep Wen Qi under control. She remained calm until she finally called Qin Xuan. come and settle the matter with your ex-girlfriend. I want to sue her.

Wen Qi was stunned. what right do you have to Sue me? ”

bai anan covered her hand and said coldly, ” “Because you’ve committed a crime.”

wen qi was crying and making a scene, but police 1c soon arrived, and qin xuan arrived almost at the same time.

as soon as wen qi saw qin xuan, she started crying. ” “qinxuan, i didn’t do it. i really didn’t.”

qin xuan walked over and gently turned bai anan around. ” how’s your hand? ”

with so many people around, bai anan gave him a tight slap.”Qin Xuan, you’re a b * tch!”

wen qi was stunned.

she couldn’t believe that her god-like prince charming would be treated so roughly by another woman. Shouldn’t bai Anan be the one seducing Qin Xuan?

qin xuan sighed and turned to wen qi. ” “you see, i’m the one who’s moved on and wants to be with my ex-wife.”

Wen Qi was still unwilling to believe it.

“Find a lawyer,” Qin Xuan said coldly.

With Bai Anan’s personality, she would definitely kill Wen Qi.

when wen qi was taken away, she was still crying and calling out for qianqian.

“i’ll take you to the hospital,” qin xuan said.

“There’s no need for that, young master Qin.” Bai Anan clutched her arm.

He knew that she was angry, so he carried her and walked to his car. He didn’t care that Bai Anan had slapped him a few times. When they got into the car, he took her hand and looked at it. It wasn’t a big problem, but it hurt a lot.

“anan, i won’t do it again,” qin xuan said in a hoarse voice.

Bai Anan turned her head away and said,”qinxuan, why am I the one who gets hurt every time you flirt?” Do you think I’ll still be willing to be with you?”

He looked at her quietly and said softly, "I can wait."

bai anan turned her face away. she did not want to hear it anymore.

after that, they went to the hospital. qin chen treated her wound personally to ensure that there would be no scars. he brought her back after he was done. bai anan was a little tired, so she leaned against the back of the chair to rest.

when she woke up, she realized that she wasn't in her apartment. instead, she was somewhere else.

Qin Xuan unbuckled his seat belt and explained, "It's the apartment I live in."

Bai Anan wanted to get out of the car, but he held her down gently. "You'd better not let Qin Shi and Qin Yue know that you're injured."

"you don't want to ruin your image in their hearts?" bai an looked at him quietly.

Qin Xuan actually smiled and looked at her.

if you dare to do it again, " Bai Anan said as she got out of the car, " I'll send you to prison to keep Wenqi company.

"How ruthless." He chuckled.

Bai Anan said as she walked, " I'm not as cruel as you. I think your little girlfriend is quite pitiful.

Chapter 5335: the end

bai anan ignored him and walked straight into the elevator.

qin xuan stood sideways for a while before saying, "Anan, let me talk to the Wen family, okay?"

“are you pleading?” she asked.

qin xuan sighed. ” no, it’s my fault. if you don’t like it, i won’t go. ”

Bai Anan looked at him for a while and said nothing else.

“It’s my fault,” Qin Xuan said in a hoarse voice.

...

He couldn’t even wait to get home and hugged her gently.

Bai Anan struggled. qinxuan, let go of me. No one is like you.

if she had not been quick-witted today, she would have lost her face. he still wanted to talk to the wen family about what to talk about? to talk about sending wen qi away and then she would not sue him?

bai anan looked at qin xuan and sneered,”let me tell you, don’t even think about it.”

Qin Xuan was pushed away. He leaned against the elevator wall and chuckled. how could I not know your personality? ”

During the years of their marriage, she must have had a hard time tolerating him.

Bai Anan’s voice was cold. After a while, she said in a low voice, ” “It’s good that you know.”

Qin Xuan didn’t mention that matter again. When they arrived home, Bai Anan sat on the sofa and dealt with some matters. He looked at her and knocked on the coffee table.”bai anan, you hurt your hand.”

“it’s not related to you.” She said softly and continued to finish what she was doing.

Qin Xuan didn't know what to do with her. He poured her a glass of water and said, "I'll go cook."

She was quite surprised that the young master could cook. She sat in his high-class apartment and guessed that he had brought a few girlfriends to stay here before. Probably guessing what she was thinking, Qin Xuan said, "Not a single one. You're overthinking."

bai anan shrugged and didn't say anything. she just turned on the tv and watched yingying.

qin xuan rarely cooked, but the food he made wasn't bad. the two of them quietly finished eating and cleaned up.

Bai Anan wanted to rest, but Qin Xuan stopped her. let's talk.

"talk about what?" she looked at him and asked in a low voice.

"In the future," Qin Xuan said, his voice hoarse.

bai anan wanted to say something, but he said in a calm voice, "Wenqi and I haven't reached that stage yet. The little girl is insensible."

Anan, " he said softly, "I wouldn't have let her go if it was before, but Qianqian, please let her go this time. It's not good for you to have her in jail."

bai anan pushed him away and walked to the french window. she looked at the night sky quietly."Qin Xuan, is this all you wanted to tell me? What if I don't? you want to hire a top lawyer for her and go against me?"

"no," qin xuan shook his head. But I'll feel guilty."

He went over and gently pressed her shoulder from behind. I feel guilty towards you. I can make it up to you. But if she's in jail for ten years because of me, I'm not willing to make it up to her.

Bai Anan's eyes reddened. so, Qin Xuan, you want me to suffer for you? "

"I'm very sorry." he rested his chin on her shoulder and said softly, "anan, let her go this time. just do it for me!"

Bai Anan looked into the distance and said softly, "Are you asking the Wen family to make sure that she never returns to the country again? Qinxuan, did you make this decision because you're afraid of the Wen family's revenge?"

"Yes." she won't be in prison for the rest of her life, " he said. there are other people in the Wen family. Anan, you're not alone. We have two children.

He gently hugged her. it's my fault. I put you in danger. But I'm more afraid that such a strong method will make the Wen family desperate.

bai anan didn't say a word. her shoulders were trembling. he hugged her and said many apologies.

Actually, it was his fault. It was his fault that day. Otherwise, Wen Qi would not have done such a thing.

Bai Anan calmed down and pushed him away. Qin Xuan, I can let her go on the condition that she can never appear in the country again. However, I have another condition, and that is for you to stay away from me. The further the better.

after she finished speaking, she went to the guest room.

qin xuan was left alone on the sofa, smoking.

he understood how unfair and unfair this decision was to bai anan. she was a lawyer, and she was the victim, but he had to make such a decision to convince her.

qin xuan sat there for half the night and smoked two packs of cigarettes.

Halfway through, Bai Anan came out to drink some water, but when she saw him, she pretended not to see Yingluo.

Qin Xuan smiled bitterly. This time, she probably hated him to the core.

bai anan only stayed for one night before leaving. when she left, qin xuan was on the phone in his study. she left just like that without saying a word. qin xuan would know what she meant when he found out.

Three days later, Qin Xuan brought Wen Qi and her parents to apologize to Bai Anan. Bai Anan came out of the law firm and smiled at them. "Don't apologize, just keep an eye on President Qin Jr."

the wen family's parents were a little uncomfortable. mother wen smiled apologetically and said, "lawyer Bai, Wenqi and Qin Xuan are just a normal couple."

bai anan interrupted her rudely. "i don't know if they're normal or not, but they've all harmed me. by right, we went to the detention center together. you don't have to apologize. just stay away from me."

Wen Qi was really scared to death after squatting for a few days. She came over and whispered, "Mr. Bai, I know you won't believe me no matter what I say, but Qin Xuan really likes you."

bai anan looked at qin xuan and sneered. she paused for a moment before she said,"Is that so? Next time, if you want to pour something, remember to pour it on the scumbag. I'm innocent too."

after she finished speaking, she got into the car and drove off.

the wen family's parents were embarrassed, but they were already very glad that the other party had let their daughter go. after a few more words of scolding, wen qi, who was a pampered little girl, began to cry.

Qin Xuan was annoyed and said goodbye.

"Qin Xuan, you've been waiting for her, haven't you?" Wen Qi called out to him.

qin xuan was stunned for a moment. after a long time, he smiled."but she doesn't want me anymore."

she called him a scumbag, but he was indeed a scumbag.

qin xuan drove away and caught up with bai anan. bai anan was talking on the phone with bluetooth while she was driving. she was smiling when she saw qin xuan walking beside her. her face darkened.

“dinner together?” qin xuan asked with a smile.

Bai Anan placed her hand on the car window. I’m meeting a young hunk.

Qin Xuan was furious.

bai anan stepped on the accelerator and drove away.

their relationship was stiff, and their days were neither good nor bad. anyway, bai anan ignored him.

On the other hand, master Cheng and sister Hong seemed to have made up. At first, there was a huge commotion, but because master Cheng always taught Cheng you how to use vulgarities, sister Hong didn’t allow him to come. However, he still taught him. In the end, little Youyou actually followed suit and started to use vulgarities. When he opened his mouth, sister Hong was stunned.

old master cheng said that it was all his credit and that no one could take it away from him. he taught him every day, and little youyou learned every day. later, sister hong simply took old master cheng in. now that he had a wife, he became more restrained and refined, putting on an act.

Sometimes, when he saw Qin Xuan alone, he would even sneer at him, making young master Qin very angry.

Unknowingly, half a year had passed. There was no one around Qin Xuan. His heart was with Bai Anan. The Qin family could see that they sympathized with him.

he was so straightforward when they got divorced. now, he was clinging to her, but she didn’t want to dump him. she had heard that bai anan was surrounded by many young, good-looking, and rich boys. she was living a happy life.

In the Qin family's mansion, Qin Xuan was wearing a white casual outfit and flipping through a magazine in boredom. Qin Yihuan was sitting on the other side of him and smiling. "Why don't you go and see Qin Shi and Qin Yue?"

"they went to grandpa and grandma's house," qin xuan said with a faint smile.

"you can ask bai anan for help then." qin yihuan chuckled.

Qin Xuan didn't say anything.

Yi Huan walked over and placed her hand on his. what's wrong, brother? "

" she's angry at me, " qin xuan said softly as he looked outside. " after what happened to wenqi, she probably looks down on me. "

Qin yihuan nodded understandingly. that's true. If I were a woman, I would be angry too. Even if your choice is not bad, you're still wrong. She was hurt by Wenqi because of you. Fortunately, she's fine. If something had happened, Anan would have died.

qin xuan tilted his head. " i don't want her and i to have to live another person's life. so, i'd rather let wenqi go. "

he paused. " if i don't want to be with anan, wenqi will never be able to get out of prison. "

"what's the use of being ruthless to me? you're like a little wolf in front of anan." yi huan clicked her tongue. I heard that she's always slapping you, right? I also heard that you bought medicine for her in the middle of the night. You forced her, didn't you? from her attitude, I can tell that she really doesn't like you."

"Yihuan, don't go too far," Qin Xuan said angrily.

qin yihuan was not afraid of him. she clicked her tongue and said, " "I'm only speaking the truth."

"i'll go back first," qin xuan said coldly.

“wait a minute,” yi huan called out to him.

“What else?” Qin Xuan asked.

qin yihuan walked over and smiled. ” brother, an ‘an used to love you very much. you have to be patient. you have to slowly make up for your broken heart. ”

“how do you know she loves me?” qin xuan asked in a hoarse voice.

yi huan hugged him and said, ” because anan is not a person who would compromise. she will not give in to you. he is willing to marry you because he really loves you. i thought you knew about it and i thought you loved her and understood her very well. however, you let go of her so easily. it is a pity. don’t let go this time. ” a woman’s heart can’t take another blow.”

“is that so?” qin xuan’s voice became even more hoarse.

yi huan nodded. ” women know women better! ” brother, she’s a good woman. you let her down in the past. don’t act like a noble son anymore. you won’t be able to get a woman. ye xiangnan didn’t wait to see su mu before, but isn’t he still so fragrant now?”

Qin Xuan smiled and left.

he sat in the car and couldn’t help but call bai anan. ” “Where are they?”

bai anan was as professional as ever. ” at my parents ‘house. do you want to see qin shi and qin yue? ”

yeah, ” Qin Xuan replied. my parents want to see them. I’ll go pick you up now.

bai anan had always been on good terms with qin mo and he huan. besides, children always needed the love of their elders. so, she agreed. ” okay. ”

Qin Xuan didn’t go-handed. He bought some gifts for Bai Xueli and ye Mulin and brought them to the ye family.

“It’s fine if you’re here, you don’t need to bring anything,” everyone said indifferently.

“It’s just a small gift,” Qin Xuan replied.

he took turns to hug the children. qin shi was quite intimate with him, but qin yue was at loggerheads with him and refused to come out of her room.

Bai Anan carried Qin Yue into the car, and Qin Shi followed her. Only then could Qin Xuan have a few words with the ye family’s head.

ye mu lin naturally saw through qin xuan’s thoughts and said, ” you’ve tried with anan once and failed. you don’t have to force yourself anymore. my family has introduced a few good candidates to anan. qinxuan, you’re a good candidate, so don’t waste your time on her. ”

qin xuan felt a chill in his heart, but he suppressed it and asked, ” “She said that?”

“if she was interested, she would have been with you a long time ago,” ye mulin said indifferently. Besides, what you did last time was wrong. Although Anan isn’t spoiled, she’s still the Apple of my and Shirley’s eyes. You can’t ruin her like this.”

qin xuan apologized in a low voice.

“no matter how much we object, it will still depend on anan’s decision. so, you don’t have to please us,” ye mulin said.

this was a very impolite remark, and qin xuan silently accepted it. he was in a bad mood when he got into the car, but when he looked at bai anan, he still smiled.”Let’s go buy some ingredients. We’ll have a barbeque in the yard tonight. The children love it.”

The servants at home had already prepared these things, but he still took the children to buy some of their favorite food and placed them in the back of the trunk.

when they arrived at the qin family's house, the children were having a great time. yi huan and bai anan talked about some women's hobbies. it was a miracle that she was on good terms with bai anan, yingluo.

At night, the yard was cold, and the children put on more clothes.

bai anan was sitting on the recliner, barbecuing the chicken wings gently. she had just finished when someone took them away from her.

she looked up and saw qin xuan sitting beside her, eating the chicken wings she had roasted. she looked at him silently for a long time before whispering, "boring."

Qin Xuan quickly finished one and took the food from her hand to roast it for her. Then, he said softly, "Your dad said you were on a blind date."

She made a sound of acknowledgment and did not deny it.

"did you find a suitable one?" qin xuan asked.

"It doesn't seem to have anything to do with you." Bai Anan shifted a little.

"how can there be no relationship?" "I have to see if he's stronger than me, or you'll lose out?" he smiled.

she couldn't stand his shamelessness and snorted, "what about you? i didn't see you looking for a good one."

after separating from her, qin xuan's girlfriends seemed to be the same. they were pure, cute, and obedient. others might not know about his dark thoughts, but she knew them very well. they were easy to control. only he could dump them, not the little girl.

"Qinxuan, how unconfident are you?" Bai Anan said viciously.

"Don't you know if I'm confident or not?" Qin Xuan raised an eyebrow.

“don’t think that i’m such a womanizer. although i can’t say that i’ve been chaste for the past few years, i really haven’t been fooling around.” he lowered his voice.

he was the one who picked.

his ex-wife was such a beautiful woman, and few women could move his heart. he only found a girlfriend because he thought of having a meal with her when he had time, so he wouldn’t be so lonely. that was why he felt that it was indeed his fault that wenqi had to go to jail for ten years.

Bai Anan stopped talking and looked at the fire quietly.

Qin Xuan’s voice was low. Anan, let’s start over, okay? ”

“I’m not interested,” said Bai Anan, half lying down.

After she finished speaking, she sized him up.”young sir qin, that’s all you can do.”

to her, who had the best time with him, she had eaten a big meal and did not miss it that much. besides, divorced women were not so impulsive ...

There were a lot of good-looking men, and there were also a lot of men who were more considerate and obedient than him. She had her own money, so why should she choose him?

bai anan was a pragmatic person. she understood it when they walked out of the siege. as for that night, she was even less stressed. she was a 35-year-old woman. why would she care about that?

qin xuan narrowed his eyes and stared at her.

Bai Anan smiled. qinxuan, I’m just tired. I’m not saying sorry. I don’t have to turn back just because you say so.

Qin Xuan looked at her quietly. alright, I can wait.

Qin yihuan, who was at the side, tried to hold back her laughter when she heard that.

that was because bai anan hadn't found the person yet. if she had found him, qin xuan would go crazy. she didn't believe that he would still be so gentlemanly.

bai anan did not say anything. she continued to look at the fire quietly.

half a year later, she went on two or three blind dates and even had meals and coffee with one or two of them. after that, there was no more after, yingluo.

After work, he went shopping with sister Hong. She was in a good mood because the boy had learned a lot of lyrics recently.

Bai Anan asked as she walked, 'then why aren't you married to Chengzheng yet? it's been so many years, but i see that he's devoted to you. all his old problems are gone. such a powerful man is like a big cat in front of you.'

sister hong glanced at her and smiled. "you're still talking about me? what about you? aren't you the same? you've been dragging it out with qin xuan for so long."

bai anan smiled. "we're different from you guys. we don't live together. it's only because the children meet occasionally. i don't have that intention. "

sister hong patted her hand and said, "but if qin xuan has that thought, your family and his family probably have the same thought, right?" everyone knows that, and you two met without any reservations, and you say you don't have any thoughts?"

Bai Anan said softly, "so what?" Disappeared? Qin Shi and Qin Yue still liked him very much. I can't conjure a father out of thin air."

"Did he take advantage of you again?" sister Hong asked in a gossipy manner.

Bai Anan gave sister Hong a reproachful look. No.

Sister Hong laughed.

Bai Anan said quietly, " actually, he doesn't have such thoughts. It's not bad to flirt once in a while. I don't want to marry him. So, it's better not to get involved.

Just as sister Hong was about to speak, she saw a person behind her and immediately shut up.

he looked at bai anan, but she didn't hear him. " look at him-" she said softly.

"What's wrong with my appearance?" A voice rang out.

bai anan was shocked.

Qin Xuan was dressed in a suit and had a few assistants behind him. They obviously heard it and looked uncomfortable.

Bai Anan tilted her head. I'm not talking about you. President Qin, don't think too much.

He stared at her for a while before saying softly, " "i still have things to do, we'll talk later."

after he finished speaking, he left with the group of people as if nothing had happened.

sister hong laughed happily, but bai anan grumbled, " "You didn't remind me."

"i did, but you didn't pay attention." Sister Hong couldn't help but exclaim,"qin xuan is really good-looking, mainly because he's young. i think he's even more handsome than ye xiangnan of the ye family. No wonder you still miss her. She's simply irreplaceable. look at old cheng, if he did something like what qin xuan did, wouldn't you send him to jail for the rest of his life?"

bai anan could tell that sister hong was teasing her on purpose. she snorted coldly. Cheng Zheng has done this kind of thing a lot, right? isn't she fine now? "

sister hong laughed bitterly. after a while, she said,"anan, let's go have a drink."

Although she was with Cheng Zheng now, the wound in her heart was still there. She thought that Bai Anan was probably the same.

the two women really went for a drink and even picked the best bar in B city. they reserved the entire place, leaving behind a few very good-looking and young boys.

this news was quickly reported to master cheng by xiao mao. ” master cheng, sister-in-law is drinking. ”

master cheng waved his hand. ” with your sister-in-law’s personality, drinking a little wine is nothing. ”

“sister-in-law and mr. bai have a few good boys with them.” xiao mao swallowed.

master cheng immediately slammed the table and stood up. ” what? we’ll set off immediately!”

xiao mao came forward to comfort him,”master cheng, you can’t do that.” think about it, eldest sister-in-law just wants to be happy. if you care so much, eldest sister-in-law will be unhappy, and she will be unhappy and close the door on you.”

xiao mao said as he looked at his boss.

Master Cheng touched his chin and nodded. “that’s true.”

He looked at Xiao Mao. how about this? you keep a close eye on her. If anyone dares to touch your sister-in-law, I’ll chop off their claws.

“What if sister-in-law was the one who touched him?” Xiao Mao swallowed.

“your sister-in-law is only interested in me.” master cheng exploded.

“alright, i’ll watch,” xiao mao said as he rubbed his nose.

Master Cheng walked back and forth for a few steps before saying,”forget it. if your sister-in-law wants to touch you, just let her do it. it’s fine as long as she doesn’t go too far. if she goes too far, just throw those pretty boys out. Did you hear that? throw him out.”

xiao mao chuckled in his heart and quickly went out to handle the matter.

master cheng was smoking his cigar alone. after a while, he remembered something important and immediately called president qin jr. excitedly-

your wife went drinking.

Your wife even kept a good-looking young boy.

Your wife is touching me again!

Qin Xuan was in a meeting. He rubbed his forehead when he heard this. It hurt.

“Let’s talk about it tomorrow,” he said calmly after he put down the phone.

After that, he got up, went downstairs, and drove to the bar.

On the other side, master Cheng touched his head proudly and lit a cigar. Who would dare to say that I’m not smart in the future? I’ve even learned how to kill with a borrowed knife.

on the other side, when qin xuan rushed to the bar, sister hong and bai anan had a little too much to drink. the two rich ladies were having a lot of fun, and they did a lot of physical activities.

Qin Xuan’s heart ached as he walked over. “anan, time to go back.”

“Qin Xuan?” Bai Anan leaned back in her chair and smiled.

“Good, you still recognize me.” He suppressed his anger.

Bai Anan tilted her head and chuckled. how much do you cost for an hour? ”

He walked over and carried her. He said to sister Hong, ” “i’m taking her away.”

This was master Cheng's territory. Even if sister Hong was sleeping soundly, these people wouldn't dare to touch a single hair on her head. Therefore, he was quite at ease.

Bai Anan put her arms around his neck.

"Did you get drunk on purpose?" Qin Xuan asked as they walked.

she shook her head and said no happily. then, she said that the young man's hands were so smooth and tender. he couldn't bear to listen to her anymore."bai anan!"

she blinked. " qin xuan, i'm a 35-year-old divorced and rich woman. what's wrong with me finding some fun for myself? "

he did not know what to say for a moment.

He was the one who caused her to break up.

"If you want to have fun, you can come to me," he said in a hoarse voice.

bai anan put her arms around his neck and said slowly, " "qinxuan, you're 33 years old. your skin has lost its elasticity, and you're getting old again."

She buried her head in his neck and chuckled. "all the brothers call me" big sister."qin xuan, can you call me that too?"

he was sure that she was really drunk.

he reached out and patted her as a punishment, his voice hoarse."bai anan!"

she was drunk and held onto his neck, refusing to come down. she even touched him.

qin xuan pressed her against the car door and asked dangerously, " "do you know who i am?"

“What a good-looking little brother.” she lay on his shoulder and chuckled, her long hair scattered down to her waist.

at that moment, qin xuan was a little drunk.

He pushed her hair aside and said in a hoarse voice, ” “Bai Anan, have you found the person you were looking for?”

she shook her head and then wrapped her arms around his neck.”how much money do you have?”

qin xuan was so angry that he turned his handsome face to the side.

She was still smiling as she leaned on his shoulder and said softly, ” “do you want to go to your house or mine?”

Qin Xuan was about to go crazy. Bai Anan!!!

her voice was as sweet as honey. ” i don’t want to go back to yingluo. ”

“what?” his voice was extremely low and hoarse.

“i don’t want to wait at home for qin xuan to come to your house, okay?” bai anan said softly.

qin xuan’s heart ached, and he gently caressed her face.

She still held a grudge against him, didn’t she?

that was why she didn’t forgive him and didn’t want to be with him. she didn’t care that he had a girlfriend, but there seemed to be a little girl living in her heart, hating him.

qin xuan suddenly thought it through and softly said, ” “i’ll take you home.”

he carefully placed her in the car and went around to fasten his seat belt. he called her auntie at home before driving back to his apartment.

bai anan had drunk too much and was not a good drinker. it took qin xuan a long time to finally coax her to sleep. it was rare that he did not take advantage of her when she was down.

She woke up at dawn and tried her best to open her eyes to look at her surroundings.

it was qin xuan's house.

he reached out and felt for his phone by the pillow. he saw that there were a few missed calls, including from his parents.

when ye mu lin asked her if she was with qin xuan, she was a little stunned. after a long while, she said, "I drank too much and don't remember. It should be!"

then, she looked at her body and saw qin xuan's black shirt.

bai anan lay back down and whined to her father, "I'll be back in a while."

Ye Mulin hung up the phone and she lay down to calm herself down. She carefully thought about whether she had lost her composure last night.

Qin Xuan appeared at the door, his voice calm. "i drank too much last night. get up and have some breakfast. otherwise, my stomach will feel uncomfortable."

bai anan scratched her waist-long black hair. qin xuan stared at her for a long time before he whispered in a hoarse voice, "You're up,"

"oh," she said and got up. the next second, qin xuan turned around immediately.

she really didn't know how much of a test it was for her to wear a man's shirt and have waist-length hair.

Bai Anan went to wash her face and casually picked one of his pants to wear. She found a thin belt and tied it up. She was not too restrained. After all, they were once husband and wife, so there was nothing to be embarrassed about.

she did not have makeup on and looked so simple, but she was more moving than usual.

qin xuan really wanted to hug her, but he only dared to think about it. she couldn't help but ask during breakfast, " "how much did i spend there yesterday?"

"around three hundred thousand," qin xuan replied.

" oh, " bai anan said. " it's quite expensive there. it's 10000 yuan just for singing a song. what a scam. "

"You just sang?" Qin Xuan couldn't help but ask.

I'm spending my own money. It has nothing to do with you, " Bai Anan said with a puzzled look.

don't forget who you are, " Qin Xuan said patiently. and your brother's current position. Be careful of your image.

Bai Anan sipped on her porridge and said softly, " " that's master cheng's territory. no one will see it. bring yihuan along next time. "

"bai anan, do you really need a man's company that much?" qin xuan rapped the table.

"I'm single. Is that wrong?" she blinked.

he was so angry that he ignored her. he finished his breakfast and went to the study. bai anan was still a little dizzy. she did not want qin shi and qin yue to see her in such a state, so she stayed at his house and watched tv.

qin xuan finished his work and walked out. when he saw that she was still there, he couldn't help but say in surprise, " don't you need the company of a young man? what are you doing here? "

Oh, ” Bai Anan replied. She turned off the TV and slowly got up to go back to the guest room. She took her bag out and was about to leave.

“Bai Anan.” Qin Xuan stopped her.

“qin xuan, do you really think you can control me?” bai anan kicked him.

after he finished speaking, he was about to leave.

He was anxious. He put an arm around her waist and said, ” Bai Anan, try it.

Bai Anan struggled, but she couldn’t break free.

he leaned over and said coldly, ” “You’re so sure that I like you and can’t let go of you, that’s why you dare to treat me like this, right? i wouldn’t care if you were serious about finding someone better than me, but what’s wrong with you? you learned to drink and even found someone to accompany hanhan.”

He was cold, but Bai Anan’s voice was even colder. ” qin xuan, wasn’t this the life you liked in the past? why are you double-standards now? besides, we have nothing to do with each other now, so you don’t need to care about me. ”

she stepped on his foot and was about to leave, but the corners of her eyes had already quietly turned red.

qin xuan hugged her from behind and said hoarsely, ” “You really know how to torture me.”

He carried her back and placed her on the sofa. Bai Anan’s face was dark.

He looked up at her and his tone softened. ” don’t drink if you can’t drink. you’re not letting yourself and others have a good life, are you? ”

With that said, he actually swallowed that matter down.

Bai Anan lowered her head to look at him, her eyes still red.

Qin Xuan continued, "I know you're not feeling good, but an 'an, even though you've ruined yourself ..." don't change yourself for me. "

she was good, really good, but he was not worthy.

Yi Huan was right, he had let her down.

she was such a good woman, yet he still let her down and ignored her feelings.

Bai Anan turned her head. Qin Xuan, you don't have to say that. Last night was the real me.

" i'm 35 years old, " she said softly. " i'm not an innocent girl anymore. i can take responsibility for what happens. "

He was stunned.

bai anan smiled. " right? you don't understand women at all, let alone me. i'm not bound by feelings. do you think i'll keep my chastity for you? no, it's just like what happened between you and me back then. if i have a boyfriend in the future, i won't feel sorry for him either, because i've never betrayed him. "

Qin Xuan's heart was bleeding. He thought that she had softened a little over the past six months.

In the end, she really didn't mind finding a young and good-looking man to accompany her.

"if you're looking for someone, why don't you consider me?" he said hoarsely.

bai anan was shocked. she wanted to say something, but he had already lowered his head and said in a painful voice, " "anan, don't torture me like this."

he still didn't do anything to her because he couldn't bear to.

"I just wanted to tell you that if you can't find that person, I'll always be here," he said in a pained voice as he hugged her.

bai anan listened to him in a daze, feeling that everything was unreal.

After a long time, she finally said hoarsely, "Qin Xuan, I've exhausted all of my strength in one go." It's really hard for me to like you again and let go of the past to be with you."

"I know," he hugged her and said softly.

his arms were a little warm. she wanted to resist, but she couldn't resist yingluo.

Qin Xuan kissed her on the forehead. I'll go cook.

She did not make a sound, but she did not move either.

He went to make lunch and ate with her. In the afternoon, she would take a nap while he would take a nap at work.

at night, when she wanted to leave, he would send her home. he would accompany qin shi and qin yue, and at the same time, stay.

He stayed by her side obediently for two years. He didn't dare to think about anything and just accompanied her.

when she was drinking with sister hong, she would take the initiative to carry her home, and she didn't dare to mess around even once.

later on, sister hong and master cheng got married. at the wedding, master cheng cried so hard that he was out of breath. he said that he would treat his wife well for the rest of his life and almost knelt down. bai watched quietly and felt that it was quite romantic.

after the wedding, qin xuan came to pick her up.

at that time, bai anan was already 37 years old, and qin xuan was 35 years old. it had been two years since she last got drunk.

When Bai Anan walked out of the hotel, she saw Qin Xuan standing in front of a black RV. When he saw her, he took off his coat and put it on her. "Are you alright?"

bai anan followed him into the car and said, " Cheng Zheng was crying so badly that many people took pictures of her.

He got into the car and she showed him her phone.

Qin Xuan seemed a little absent-minded. He grabbed her hand.

"What's wrong?" Bai Anan raised her eyebrows.

qin xuan looked at her quietly. " anan, have you found that person in the past two years? "

"Not yet," Bai Anan smiled.

He took the phone away and held her face. "Then, do you want to consider me again?"

she didn't say anything and just looked back at him.

Qin Xuan let her hair loose and sighed."anan, today is my birthday. i'm 35 years old."

"Have you found the person?" Bai Anan asked him softly.

"i found it," he smiled.

after that, he took out a small box from the pocket of her coat. " mr. bai, here's a birthday gift. "
