

## Thank you 651

Chapter 651 you're not jealous? you're not angry?(4)

Tang Xin still wanted to flatter her and kept asking if aunt was sick.

it made lin yun very uncomfortable!

although zhao yi was not a teenager, because he only had sex once in twenty years, he couldn't help but be greedy. that night, he ignored lin yun's objection and directly dragged her away.

old master lin sat at the dining table and looked around, not saying a word.

the old man sighed in his heart. he had already found a companion, and he was the only one left.

fortunately, tang xin could still relieve his boredom. if it wasn't for tang yu's insistence on taking tang xin away, he really hoped that the little girl would stay and accompany him.

When Tang Xin left, she went to find Lin jinrong.

He was sitting in the study, reading a book. He was a quiet and handsome man.

Tang Xin walked over and touched him with her white little fingers, "AI."

Lin jinrong raised his eyes and looked at Tang Xin quietly, "Didn't you say you were leaving?"

perhaps he was too direct and hurt tang xin's heart. she pouted her little mouth, "The car is at the entrance."

She was here to say goodbye to him.

"oh," lin jinrong replied. he lowered his head and looked at the book in his hand coldly.

Tang Xin pursed her lips and said slowly, "I saw the gift you gave Qiqi. Can you make one for me?"

lin jinrong's fingers that were flipping through the book paused. his gaze fell on one spot for a long time before he said, "I'll send you off when you get married."

married?

She might not be able to wait!

And by saying this, was he rejecting her?

for a seventeen-year-old girl to have a good impression of a boy, this expression was actually very clear.

However, he refused.

tang xin was a little dejected. she nodded and slowly walked outside.

"Wait a minute," Lin jinrong called out to her.

Tang Xin suddenly turned around and looked at him with bright eyes.

Lin jinrong slowly pushed his wheelchair closer and handed over the book in his hand. He said indifferently, "this is a book i've liked recently. i'll give it to you. let's just treat it as a memento."

Tang Xin looked at him and didn't say anything for a long time.

Lin Jinrong placed the book in his hand on her fair palm and smiled, "some things can be like forever. You're still young, so you don't understand."

Tang Xin looked at the book. It was an original book, and it seemed that he had been reading it for a long time.

After a long time, she hummed softly and did not say anything else.

He still liked Qiqi, right?

Tang Xin sniffed and suddenly felt that Lin Jinrong was so pitiful!

She clearly liked him, but she still wanted to see Qiqi and her brother together. She wanted to ask more but Lin Jinrong interrupted her, "you don't need to pity me."

Tang Xin was stunned and felt that she was so naive.

She looked at his face. At this time, he had returned to his cold and quiet self. He no longer paid attention to her and pushed the wheelchair back to the original place.

The dim light outlined his clear lines, giving him a melancholic beauty.

Tang Xin looked a little dazed and stared blankly for a long time before she left.

After she left, Lin Jinrong looked up in shock.

She stared at the door in a daze for a while, then smiled and continued reading.

Tang Xin got in the car and sat beside Pei Qiqi, depressed.

Tang Yu turned around and glanced at her. He saw the book in her hand-

As he started the car, he asked casually, "you went to see Jinrong?"

Tang Xin looked up and asked, "brother, how did you know?"

Tang Yu casually turned the steering wheel and smiled, "this is the difference in intelligence."

Chapter 652 you're not jealous? you're not angry?(5)

Tang Xin pouted and blushed a little.

Then, did brother ... Did Wanwan guess what she was thinking?

However, as her brother, he still gave her some face and did not continue.

Pei Qiqi didn't say anything, but that didn't mean she didn't understand.

She was a little surprised. Tang Xin was so against Jinrong?

Tang Xin had only seen Jinrong once or twice, and now Jinrong was still in a wheelchair. How could she be scared?

Moreover, Jinrong was quite cold, while Meng Qingcheng had always been good to Tang Xin and always tried to make her happy.

However, Tang Xin had always treated Meng Qingcheng like a brother, and she had never seen him like this.

pei qiqi pursed her lips and exchanged glances with tang yu in the rearview mirror.

As soon as she returned to the Rose Garden, Meng Qingcheng came over.

tang xin fell asleep in the car. tang yu wanted to carry her out of the car, but meng qingcheng took the initiative to carry her for him.

tang yu smiled and didn't stop her. he picked up the book that tang xin dropped and placed it in meng qingcheng's arms, " "This Tang Xin."

Then, he took Qiqi's things from the car and carried them upstairs.

they were all gifts from the elders of the lin family, and many of them were valuable items for her to play with.

pei qiqi looked at meng qingcheng's back and turned her head, worried, " Tang Yu, look at Qingcheng. He's in a daze.

Tang Yu smiled, " don't worry. Qingcheng isn't a kid and Tang Xin is still young. There's enough time for him to think things through.

Oh, " PEI Qiqi replied and didn't say anything else.

in the bedroom, tang yu put his things away. just as he was about to stand up, a pair of small hands hugged him.

"what's the matter, mrs. tang?" he patted her little hand. " i need to pack my things. "

Although she had only stayed at the Lin residence for two days, a pregnant woman really had a lot of things.

pei qiqi hugged him and pressed her face against his back. she said softly, " "You said that Tang Xin is in love with jinrong. Is that true?"

"It's just a child's imagination." Tang Yu smiled and pulled her into his arms.

he restrained her with his hands and feet, his gaze deep."pei qiqi, are you feeling uncomfortable? eh? Do you feel that your Chi Chi "

he leaned close to her ear and chuckled, " is tang xin going to take your first love away? "

pei qiqi was like a little doll in his arms. she pouted, " i'm not. "

"That's good." His voice was hoarse. then say something nice.

He bit her little ear and naughtily taught her. PEI Qiqi's little face turned red.

she bit her lip and looked at him in a daze.

After a while, she buried her face in his arms and told him everything.

Tang Yu's blood was boiling as he listened to her. He kissed her, " okay, go play.

She ran to the door, turned around, and stuck out her tongue at him.

Tang Yu smiled and continued to pack her things like an old mother.

He was more concerned about privacy. In the past, Qiqi was the one who did these things, so he was the one who did it when she was pregnant.

as he packed, he couldn't help but smile.

sometimes he would look at what she was doing, yingying.

In fact, it was enough to just be together without doing anything.

pei qiqi came to make trouble again. she wrapped herself around his back and wrapped her arms around his waist. her voice was warm, " tang yu, are you done? "

He turned his head and looked at her. He seemed to be in a difficult position. After a while, he said, " yes, PEI Qiqi. I'm thinking about where I should put the things jinrong gave me.

pei qiqi covered her face and quickly ran away.

Tang Yu watched from behind and chuckled.

Chapter 653 Father and daughter meet, change of mind (1)

the awards ceremony of the business circle in B city was held at a six-star hotel under the municipal administration. it was extremely luxurious and high-end. the higher-ups naturally wouldn't fork out the money. there was no other way, after all, there was a spendthrift who sponsored it.

the new elite award was a rather important award. at least, the winners had a certain reputation in the industry.

of course, pei qiqi's credibility was more reflected in the fact that she was tang yu's wife and the wife of sheng yuan's ceo.

At the banquet, important people from both the political and business world were present. Of course, Tang Yu would be there too.

when she heard that he was going to give an award to a beautiful entrepreneur tonight, pei qiqi quarreled with him at home for a long time.

at four o'clock in the afternoon, the people from the styling studio came to style her.

Of course, Tang Yu wouldn't let her wear a gown that someone else had worn before, so he ordered a haute-couture one.

the top was embroidered with a deep v-neck smoky yarn, and the bottom was a cake denim skirt. it was simple yet lively, and most importantly, comfortable to wear.

as for her shoes, she chose a pair of mid-heels. fortunately, her legs were long and slender, so she was still fine.

The stylist helped her tie her hair up, applied a layer of honey powder on her small face, and applied the color of jelly to her lips. She looked incredibly young, not like a little mother at all, but a little girl.

tang mo changed his clothes and came over. he looked at her deeply and then leaned over to kiss her, his voice a little hoarse."it's very beautiful."

"Mr. Tang has good eyes." She praised him.

Tang Yu raised his eyebrows, "you mean, pick the person or pick the clothes?"

pei qiqi hugged his arm, "both."

he chuckled and reached out to pinch her little nose. "you little shameless thing."

They took the same car, but they sat separately at the party.

tang yu was the senior master seat. he was in the middle of the first row, so his status was naturally high. as for pei qiqi, she was from the small pei family, so she was in the eighteenth row.

pei qiqi and tang yu were about ten rows apart. when tang yu saw the seats, he frowned and wanted someone to arrange a seat for her.

however, pei qiqi rejected him. she felt that it wasn't good to be special.

Only then did Tang Yu stop. After he sat down, Shen Chongshan happened to be beside him.

"uncle shen," he nodded.

shen chongshan laughed. "tang yu, didn't you come with boss pei? where's little boss pei?"

tang yu turned his head and looked in pei qiqi's direction. then, he smiled, "behind me."

shen chongshan also looked over and sat down together. "i heard that when you walked the red carpet just now, you alerted the media."

This was the first time Tang Yu and his wife were together after their marriage. All the media wanted to get first hand news.

tang yu and pei qiqi were very cooperative and killed a lot of film.

now that shen chongshan said this, tang yu smiled, "uncle shen, i'm sorry."

"qiqi is a good seedling. it's a pity to leave her at home." shen chongshan suddenly said.

Tang Yu was stunned but he quickly returned to normal, "that depends on Qiqi.

he didn't really want his wife to be a strong woman, but if qiqi liked to work, he wouldn't object. of course, he would protect his woman.

Shen Chongshan didn't say anything more, and the host also went on stage. She was a very young, beautiful, experienced, and popular host.

The awards were given out one after another. Especially when Tang Yu gave the young beauty Award, the beauty asked for a hug.

tang yu rejected her and joked into the microphone, "i probably can't because mrs. tang is sitting right below us. i'm afraid i can't explain it to her."

Chapter 654 Father and daughter meet, change of mind (2)

The beauty was a little uncomfortable.

the emcee was good at reading people's expressions. he sneered in his heart. was this woman crazy? don't you know that tang zheng loves his wife as much as his life? you want someone to hold you in front of someone else's wife? his iq was obviously not there, so how did the company get so big?

however, the host was still smiling. "mr. tang, you're a little afraid of your wife. "

at this time, most men would deny it and say that they respected their wife.

but tang yu didn't. he looked in pei qiqi's direction and smiled. then, he said in a troubled tone, "Mrs. Tang is hard to please."

this was a lot of information!

The emcee's mouth twitched. Then, he signaled for the lights to shine on PEI Qiqi. He coughed, "Mrs. Tang, do you allow Mr. Tang to hug others out of courtesy?"

he was deliberately making things difficult for pei qiqi because he wanted to see her reaction speed. Moreover, this was a live broadcast.

PEI Qiqi took the microphone and tilted her head, "tang yu, what should i say? "

her voice was a little soft and there was no distance between them. plus, when she spoke to tang yu, it fully reflected how obedient a little wife was.

tang zheng was afraid of his wife, so there was basically no shadow of this matter.

tang yu looked at her from the stage and smiled, "qiqi, you can say whatever you want. "

"Oh." PEI Qiqi replied softly,"of course I don't."

what dog food!

Actually, she didn't want to embarrass the host, but the host obviously wanted to embarrass her!

Also, a young woman wanting to hug a man of similar age right in front of his wife. PEI Qiqi wasn't stupid. This could be interpreted as provocation.

she, on the other hand, had always hated provocation.

tang yu praised her answer. the emcee didn't look too comfortable. she wanted to have some fun but tang yu and pei qiqi didn't cooperate.

Finally, it was PEI Qiqi's turn to receive an award.

unfortunately, it was shen chongshan who presented the award to her.

Shen Zhongshan mentioned her name. PEI Qiqi stood up and was about to walk up the stage-

Tang Yu suddenly walked over and reached out to hold her arm. He smiled at her, "i'll help you up."

pei qiqi glanced at him and didn't say anything. she followed him up the stage.

once tang yu reached the stage, he walked to the side to cool down. shen chongshan handed the crystal trophy to pei qiqi. his voice was a little hoarse as he said, "congratulations, boss pei. "

he looked at her smiling face, which was like a precious oil painting, and he was a little dazed.

she was his daughter, but he could only call her boss pei.

Even if she was called Qi Qi, it still seemed a little abrupt.

shen chongshan was disappointed after giving out the award. he sighed and hugged pei qiqi gently.

the scene was in an uproar.

boss pei had double standards.

however, no one dared to make a sound, nor did they dare to look at mr. tang's darkened face.

PEI Qiqi pursed her lips, a little surprised.

However, the other party was still an elder. Although it was a little stiff, she still did not push Shen Zhongshan away.

It's really awkward. | dogs.

shen chongshan was shen lian's father. for him to hug her, pei qiqi, was as unbelievable as the moon crashing into earth.

shen zhongshan let go of her after a light hug. then, he stood shoulder to shoulder with pei qiqi and allowed the media to take photos of them.

at this time, he was somewhat proud in his heart. this was his daughter.

As for the younger daughter, she was capable and beautiful. Any father would like her.

However, he could only be her uncle Shen.

Chapter 655 father and daughter meet, change of mind (3)

Shen Chongshan felt a little emotional. He patted PEI Qiqi, "Congratulations, Qiqi." In his eyes, there was a touch of warmth and love that almost flashed to PEI Qiqi.

he didn't have time to think about it and was already asked to leave the stage.

Tang mo supported her and didn't take her back to her original place. Instead, he arranged for her to stay by his side.

So, PEI Qiqi and Shen Chongshan sat together.

PEI Qiqi and Tang Yu talked in low voices. Shen Zhongshan would occasionally look at her in a daze.

he had never had the chance to sit so close to her before. perhaps this was his only chance.

however, the more loving his gaze was, the angrier shen lian, who was in front of the tv, was.

he still had pei qiqi in his heart.

Many years ago, he had betrayed her mother and got together with Zhao Ke.

Many years later, he betrayed her and showed concern for PEI Qiqi.

would he hand the company over to pei qiqi and save tang xin?

no, she would never let him do that.

with her, there would be no pei qiqi.

shen lian was the only daughter in the shen family.

shen lian raised her eyes and there was a hint of coldness in them.

It was already late at night when Shen Chongshan returned.

He closed the door and heard a cold voice from the sofa. "Dad, did you have a good time tonight?"

Shen Chongshan walked over slowly and looked at Shen Lian, who was lying on the sofa. He frowned. "Shen Lian, why are you wearing so little?"

Shen Lian laughed softly. Her laugh was a little strange. you still care about me? "

Shen Chongshan frowned and sat down opposite Shen Lian. what happened? " he asked. who provoked you again?"

Because Tang Yu's marriage and PEI Qiqi's pregnancy had a huge impact on Shen Lian. She had been acting weird all this while. Shen Zhongshan and Mrs. Shen were used to it and gave in to her.

Shen Lian pursed her lips and looked up. Her long, curly hair covered half of her face as she stared at Shen Chongshan,"dad, when are you bringing pei qiqi back to acknowledge her family?"

the muscles on shen chongshan's face kept twitching and finally became stiff. " "what are you saying?"

"Isn't it?" shen lian's tone was full of sarcasm, " at the awards ceremony today, he had such a good image as a loving father. dad, now that pei qiqi is married to tang yu, acknowledging her will fulfill your ambition, right? "

shen chongshan's voice was suppressed and restrained. he looked at shen lian and said, " watch your behavior. your mother is still at home. "

Shen Lian suddenly threw a coffee table on the opposite wall. With a bang, it shattered.

" are you still worried about her? if you are, you wouldn't have had sex with another woman, and you wouldn't have gotten pregnant with a bastard child and come to snatch the shen family's assets from me. " shen lian stood up in anger.

No one had ever dared to talk to Shen Zhongshan like this.

Moreover, she was the daughter that he regarded as the Pearl in his palm.

His face was ashen. Shen Lian, take back what you just said. I can pretend that nothing has happened.

"just like how you dealt with your mother, right?" Shen Lian sneered,"you want to keep the peace and pretend that everything is peaceful, and then continue to pretend to be a loving couple in front of others?."

the more she spoke, the more agitated she became, and she spoke without thinking."dad, i feel ashamed for you."

As soon as she finished speaking, her face was smacked hard.

With a "pa" sound, Shen Lian's face was turned to the side.

She was stunned by the slap. Since she was young, Shen Zhongshan had never been willing to hit her.

Now, for PEI Qiqi, her most beloved father hit her!

#### Chapter 656 Father and daughter meet, change of mind (4)

Shen Lian turned around and looked at Shen Chongshan in disbelief.

His face was still on fire. It was spicy. That slap felt like PEI Qiqi had personally slapped her.

She had never been humiliated like this before.

Shen Chongshan's sharp eyes were a little old. His lips moved as if he wanted to say something, but he swallowed it back.

"Dad, you hit me!" Shen Lian covered her face and slowly said, "I'm going to tell mom what you've been doing all these years! tell mom that you've made Zhao Ke pregnant with two children."

In her eyes, there was the determination of a life and death struggle.

Shen Chongshan had never thought that he would raise such an ignorant daughter.

She kept saying that it was for her mother, but he knew that she was doing it for herself.

For the Shen family's company and for Tang Yu.

Shen Chongshan was about to lose his temper, but his face suddenly turned purple and then pale.

He wanted to say something, but his heart was in so much pain that he couldn't say anything.

He just took out a bottle of instant pills from his pocket with trembling hands, but did not open it even after a long time ...

his body tilted and slowly slid down, and the medicine rolled to the side.

Shen Chongshan had myocardial infarction, and if he didn't take his medicine now, he might lose his life.

Shen Lian always knew that as she stood there, her entire body was trembling.

but she did not move ...

He watched as his father crawled on the ground, desperately trying to reach for the bottle of medicine.

Would he die if he didn't take the medicine?

Then, no one would stop her, and she would be the only heir of the Shen family.

Her mother wouldn't blame her, because Shen Zhongshan betrayed her.

Shen Lian laughed. She laughed with tears in her eyes.

She was not wrong. Yes, she was not wrong ...

she didn't want to kill him, she just didn't give him the medicine ...

Shen Chongshan crawled on the ground, desperately trying to reach for it, but he couldn't reach it.

He sprawled on the ground dejectedly, gasping for breath, becoming weaker and weaker.

Mrs. Shen was standing at the top of the stairs. She screamed and rushed over.

She squatted down, held Shen Zhongshan with one hand, and unscrewed the bottle with the other trembling hand. She fed him a pill.

After a while, the medicine took effect, and Shen Zhongshan slowly recovered.

“chongshan, chongshan, how are you?” Mrs. Shen patted his face, feeling more at ease.

shen chongshan opened his eyes and his gaze met shen lian’s.

Shen Lian felt guilty and cowered a little. Her beautiful lips were tightly pursed.

After a long time, Shen Chongshan slowly said, ” “I’m fine!”

mrs. shen helped him to sit on the sofa. then, she frowned and looked at shen lian, who was still standing opposite her. ” what’s wrong with you, ran ran? your father can’t get the medicine. why didn’t you get it for him? this illness can kill him. ”

Shen Lian’s face was extremely pale. The same went for her lips, which were almost as pale as her face.

For a long time, she could not say a word.

However, Shen Chongshan waved his hand and said in a hoarse voice, ” “Don’t blame the child. She was also frightened.”

mrs. shen was still a little unhappy and continued to chide shen lian.

shen chongshan motioned for her to stop talking. shen lian apologized and said that she was frightened.

When she left, Shen Chongshan looked at her back with an unfathomable gaze.

This child, was she just about to watch him die and tease him? should she have made other plans?

shen chongshan didn’t listen to mrs. shen’s words and went to lie down to rest. instead, he went to the study.

He smoked in the study for half the night. After thinking about it again and again, he finally made a phone call at dawn. help me make an appointment with doctor Yuan.

Chapter 657-you asked for this!

shen lian left after shen zhongshan and mrs. shen went upstairs.

late at night, she sat in the car alone and leaned on the steering wheel for a long time.

His body was trembling!

tonight, she had almost seen her father die.

However, she was also disappointed in him.

he had disappointed her again and again!

shen lian raised her head and flicked her hair. she picked up her phone and dialed qin anlan’s number.

an LAN, night bar. If you don't appear, I'll have sex with the first man who bought me a drink. the bed." there was no fluctuation in her voice, as if she was talking about something that had nothing to do with her.

Qin Anlan cursed under his breath, while Shen Lian laughed.

An hour later, at the night bar.

Qin Anlan found Shen Lian in the middle of a group of men.

she was lying there, already slightly drunk. her long curly hair fell on her shoulders, blocking a trace of spring.

He only needed to stand there with a strong aura, and those men who wanted to take advantage of him would automatically make way for him.

Qin Anlan walked over and pulled Shen Lian's slender arm. He gritted his teeth and asked, "are you crazy again?"

Shen Lian lost her balance and fell into his arms. She did not move for a long time and just obediently lay in his arms.

after a long time, she meowed like a kitten, "Qin Anlan, you won't leave me alone, will you?"

Qin Anlan's face lifted slightly, and his expression was somewhat depressed. I just don't want to see you on the headlines tomorrow.

She already had things that others couldn't even dream of. With so many things, was Tang Yu that important?

shen lian leaned on his shoulder. her little finger gently stroked the back of his shirt. "qin anlan, we're the same now. we can't get what we want. we're just as pitiful."

she smiled. her smile was extremely charming, "an lan, pei qiqi is pregnant with tang yu's child."

she moved her lips to his ear and whispered, "Think about it, what position did they make love in to have this child? Do you think Tang Yu will be on top or behind?"

Qin Anlan's body and face were a little tense.

shen lian's fingers daringly moved down and touched something solid.

"Did you wake up because of me or because you were thinking of PEI Qiqi?" she bit his earlobe. "an lan, i didn't expect you to still be so innocent."

She had just finished speaking when Qin Anlan held her in place.

His arm was like a pair of iron pincers that clamped onto her waist, not giving her a chance to struggle.

under the dim light, his eyes seemed to be lit up, and his voice was extremely hoarse."Shen Lian, what do you want?"

She was a little hurt by him, but she still chuckled and lay on his shoulder. an LAN, do you dare to want me? I don't believe it. If you're staring at the little saintess PEI Qiqi now, can you be more stubborn with other women?"

Qin Anlan's eyes were burning with anger.

He tightened his arms and dragged the person in his arms to a darker corner.

With a spin, Shen Lian's body crashed into the wall behind her. It was so painful.

Then, her arms were raised high and her body was pressed against him.

It was clearly very painful, but Shen Lian was very excited.

She raised her small face, showing off her beautiful neck and sexy collarbones. She looked at him and said, "Do you dare to have me here?"

qin anlan closed in. "you're playing with fire."

He nudged her forward. Shen Lian, this is not a game you can play.

Shen Lian looked straight at him and licked her lips. if I want to play, I'll do it here!

Chapter 658-you asked for this!(2)

Qin Anlan looked at her silently for a long time.

He gave her time to regret, to resist, to struggle, to leave.

however, shen lian seemed to be especially agitated. she twisted her body and invited him.

Half of it was anger, and the other half was fire. Qin Anlan was in the bar, in the dark corner, deeply, deeply and deeply dazed.

the humidity in the air seemed to have reached saturation all of a sudden, and the smell of sweat was everywhere.

There was also an aura that was so hidden that it couldn't be spoken of.

qin anlan leaned against her neck and asked in a confused voice, "i don't dare to?"

shen lian was so excited that she took a deep breath. they had only done it once. this was the second time.

her little mouth bit his shoulder desperately, not letting herself make any strange sounds.

after a moment, she probably couldn't bear it anymore. she looked up and said in a muffled voice, "an lan, an lan, an lan, an lan, an lan, an lan, an lan, an lan, an lan."

Qin Anlan's Black eyes watched her intoxicated expression. His gaze was clear, and there was even a trace of coldness at the corner of his mouth.

She didn't call him by the wrong name when they did it.

Purely venting their anger had helped them achieve something.

It didn't take long, about ten minutes in total. However, due to the stimulation of the environment, Shen Lian still couldn't control her trembling.

She hugged him and sobbed. She called him Tang Yu's "Xuxu"

she meowed softly again and again, her voice like an obedient kitten.

qin anlan calmed down for ten seconds before he pushed her away.

Shen Lian was a little startled and her body slid down.

Qin Anlan was standing in front of her with a cold face, without a trace of laziness.

he slowly cleaned himself up with a tissue, threw it on the ground, and zipped himself up.

Shen Lian was half-sitting on the ground, her body covered in sweat. She looked at him with shock in her eyes.

“i’m not a substitute! also, shen lian, if you want a man, i can satisfy you, but it depends on my mood.” Qin Anlan looked around. if you don’t want to be devoured alive by the men here, you should leave as soon as possible.

with that, he turned around and left without any hesitation.

shen lian was still sitting, her entire body was cold.

from this moment on, she truly felt that qin anlan really did not want her.

In the past, she always thought that he was only angry at her and that he was only interested in PEI Qiqi.

Now that he wanted her, she was the same as the small models and celebrities in his company.

on this day, shen lian finally knew that he did not want her before not because of love or pride. he really did not love her anymore.

she sat there crying, but he did not turn back.

” qin anlan! ” she called out hoarsely from behind him.

He paused and turned around.

Shen Lian sat there and cried. She said to him in a heart-wrenching voice, ” let’s be together, Qin Anlan, okay? ”

He stood in a place with a little light, slowly took out a cigarette, and smoked it.

After a long time, he said indifferently, ” “shen lian, i won’t make do with this, especially with women.”

If he didn’t have a woman he loved, if he didn’t have a woman who loved him, he would just continue to play with his life.

he didn’t look at her and left xuxu.

Shen Lian covered her face with her hands and cried in embarrassment.

she had lost completely.

she really wanted to ask him if he would be soft-hearted and be with her if she put down her pride and begged him without pei qiqi.

However, Shen Lian did not dare to ask him.

After Qin Anlan went out, he did not go back. Instead, he drove to the Rose Garden.

By sheer coincidence, he had come here.

Chapter 659-you asked for this!(3)

it was already late at night.

Even though it was June, the night was still a little wet and cold.

Qin Anlan stopped the car about a hundred meters away from the Rose Garden. He opened the door and got out of the car. He took a pack of cigarettes and leaned against the car door.

He did not know why he came here either. Perhaps it was because Shen Lian had said something.

He slowly lit a cigarette and thought about PEI Qiqi's pregnancy.

what did pregnancy have to do with posture?

his gaze was a little far-reaching. if it could be said that he still had any feelings for shen lian in the past, then from today onwards, he really had nothing left.

He could not feel anything, from his heart to his body.

when he did it with her, he was no different from those small celebrities. it was probably because shen lian had handled many men.

he could still remember the first time he and shen lian did it. she shyly opened her mouth and trembled as she pressed her hot lips against his.

he would never forget it.

However, she was no longer the Shen Lian she used to be. The next day, when she told him that he was just a tool for her to test Tang Yu, he knew that he and Shen Lian would never be together.

Qin Anlan slowly smoked his cigarette and was alone in the night.

It seemed like it had been many years since he was depressed over a girl.

it was very far away, and also somewhat ridiculous.

however, he still did it. it was not that he could not control it, but he did not want to.

She was already married, but how could she still move his heart?

furthermore, would he be willing to let her be happy without any struggle?

This was not something that Qin an and Wang Lan would do.

A ray of light glided across the sky.

it was a shooting star.

following that, there was another one, and another one.

the dark night was cut open savagely, and the peace was destroyed.

The entire sky was dazzling.

only then did qin anlan recall that there seemed to be a meteor shower tonight.

He had no intention of making a wish, because it was something that only a little girl would believe.

He looked up and saw a pair of figures on the second floor of the house. At that moment, Qin Anlan's body tensed up.

Tang Yu and PEI Qiqi.

they were all dressed in white, standing on the balcony.

he saw pei qiqi lying on the balcony with tang yu carrying qianqian from behind. although they were quite a distance away, the scene was still very beautiful.

Qin Anlan felt like he was torturing himself. He just watched as Tang Yu turned her body around. she watched them kiss.

The corners of his mouth twitched slightly, and he didn't know how to coordinate his facial muscles.

he took a deep puff of the cigarette, opened the car door, and let out a deep breath.

He must be crazy.

the high-performance sports car left quickly. in the distance, the meteor shower was still streaking across.

However, Qin Anlan's heart was filled with darkness.

From afar, Tang Yan kissed PEI Qiqi and slowly let go of her. His voice was a little hoarse, " Qiqi, it's cold outside. Go back to the bedroom, be a good girl."

she shrank into his arms and was disobedient, which was rare. " "I want to watch a little longer."

he looked at her disapprovingly, then carried her in his arms and walked towards the bedroom.

Tang Yu, I want to watch a little longer. the little mother begged softly, hugging his black head and clinging to him like a little kitten.

Tang Yu put her on the bed and knelt down to look at her at eye level.

he pulled out her tender little hand and patted it gently. " "You're pregnant, you can't catch a cold. It's not good for the child."

the moment he mentioned the child, pei qiqi became obedient. " oh, " she said and hugged his shoulder, " i made a wish for tang yu just now. "

he maintained his posture and looked up at her. he patted her small hand gently. " what did our qiqi wish for? "

She pouted and hugged his neck. I can't say it. It won't work if I say it.

Her expression was indescribably strange, and he had seen her happy expression a lot recently.

Qiqi was really different from before.

In the past, she was actually still a little cold and didn't like to talk much. Now, she was completely clingy.

but when you like someone, no matter what she becomes, you will still like her.

tang yu smiled and patted her little head, " then keep it a secret. when it comes true, tell mr. tang. "

She said sweetly.

Tang Yu looked at her and suddenly asked her in a meaningful tone, ” ” qiqi, did you just say that you wanted to see the meteor shower? ”

“You’re really letting me see?” she hugged him.

the weather forecast said that the meteor shower would last the entire night.

Tang Yu’s eyes were deep. He carried her horizontally and walked out of the bedroom.

he walked down the stairs to the roof and pressed a button. a glass room of about 20 square meters magically appeared on the roof. there was a size bed inside. black roses scattered everywhere on the bed and the floor. it was a shocking sight.

With the addition of the meteor shower in the sky, everything was beautiful.

pei qiqi was stunned. she bit her lips and only turned to look at him after a long time, ” Tang Yu, when did you prepare this? ”

He smiled and carried her in, placing her on the size bed. His body was suspended above her, with one arm supporting himself and the other touching her lips. I’ve been prepared since I knew there would be a meteor shower.

pei qiqi hugged his arm and took the roses from the side. she looked up at the starry sky.

those meteors fell all over the ground, so beautiful that it was almost unreal.

her long hair was sprawled on the pillow, and the bathrobe on her body had long been undone ...

“qiqi.” his voice was a little hoarse as he kissed her little lips. ” i hope you’re happy. ”

qiqi, my wish is for you to be happy.

Tang Yu lay down and pulled her small body into his arms.

The two of them leaned against each other and looked at the shooting stars in the sky. It would make people believe that there was eternity in this world.

it was late at night, but the glass house was warm.

pei qiqi laid down softly. the white and black around her formed a strong contrast.

her small face was slightly raised and she felt the rose in tang mo’s hand slowly moving down her neck. it was cold.

Her small hand suddenly grabbed his arm, and her voice was extremely fragile. Tang Yu’s Xuanji ”

Her eyes were covered, so she couldn’t see, and she felt uneasy.

“Be good, feel it.” tang yu kissed her ear and comforted her. he continued-

he had never wanted her ever since she got pregnant, but tonight, he wanted her.

The pure starry sky and the transparent glass room gave off a feeling of being in nature.

feeling a little curious and a little shy, she slowly opened herself-

in the end, pei qiqi cried out of fear.

her long eyelashes trembled slightly, and there were two drops of tears on them, making her look extremely adorable.

Tang Yu leaned over and kissed her but she cried even harder. She hugged him and didn't want him to continue.

That fragile state of hers trembled at the touch.
