

Thank you 671

Chapter 671 Have you gone mad?(4)

Mrs. Shen's entire body was trembling, and so were her lips. They were trembling so much that she could not speak.

god, this was the good daughter she had given birth to. she had done something wrong, but she still acted as if it was only natural.

she covered her face and screamed. " get out! i don't have a daughter like you! get out! "

shen lian slowly squatted down and picked up the medicine bottle.

She looked at Mrs. Shen and smiled miserably. mom, you will come to your senses. You will know that everything I did today was right.

"get lost!" Mrs. Shen's voice was hoarse. She looked up and did not look at Shen Lian.

Shen Lian paused for a while before she finally walked out.

the door closed and she stood at the doorway. she heard a heart-wrenching cry coming from inside, and it was mrs. shen calling out, a mountain of dense mist!

but that man could no longer make it up to her.

she didn't believe that chongshan would be so cruel to the mother and son and leave everything to zhao ke's child.

However, she gave birth to Shen Lian. She was a piece of flesh that fell from her heart. No matter how bad she was, no matter how unforgivable she was, she was still her own daughter. She could not personally send her to jail.

from the bedroom, mrs. shen's hoarse sobs could be heard. it was heart-wrenching.

Shen Lian flushed the medicine down the toilet bowl. She watched as the water flushed the medicine away. No one will ever know what she has done again.

she looked at her swollen face in the mirror.

she didn't blame her mother, because she knew how much her mother loved shen zhongshan!

In the end, it was the servants who sent the clothes to the hospital. Shen Lian's face was half swollen and Mrs. Shen passed out due to her emotional outburst.

after getting a doctor to put her on an iv drip and mrs. shen woke up, she stopped looking at shen lian and talking to her.

Later on, they were like strangers living in the same house.

Mrs. Shen didn't look at her again, because the sight of her reminded her of her sins.

a week later, due to shen chongshan's health condition, shen lian took over as jin taihe's ceo.

of course, after he took office, he ruled out all his enemies and made a big move. he also made some achievements and caused a stir in B city for a while.

However, Mrs. Shen still refused to talk to her. She was in the hospital during the day, and when she came back at night, she would not say a word, let alone look at her.

“Mom, how’s dad today?” Shen Lian held the handrail and asked carefully.

Mrs. Shen was about to head upstairs with her bag. When she heard this, she did not turn around and said indifferently, ” ” Yingluo, shouldn’t you know best what’s going on? President Shen! ”

At that moment, Shen Lian’s heart and body turned cold.

It looked like she had everything, but she had actually lost everything.

Her father, Tang Yu, Qin Anlan, and even her mother didn’t help her.

What did she do wrong?

She just wanted to get back what was hers.

Shen Chongshan betrayed his family, and this was the end he deserved. She had given him a chance, but he insisted on matching Tang Xin.

Don’t blame her!

Xuanji Shengyuan Hospital.

Tang Xin stayed in the hospital for more than ten days before she was discharged because one night, she ran out to see the stars. Although Meng Qingcheng accompanied her and put on more clothes for her, she still caught a cold again.

The day before she was discharged, Pei Qiqi was having a prenatal examination and came over to accompany Tang Xin.

At this time, Meng Qingcheng was squeezing a glass of apple juice for Tang Xin in the small kitchen.

It was a simple cup of juice, but he was very careful. His serious look was not quite the same as his usual frivolity.

Chapter 672 The first fetal movement (1)

Pei Qiqi sat down and glanced at Meng Qingcheng’s back-

He reached out and touched Tang Xin’s little head, his voice a little low, ” ” Qingcheng has been good to you. He took care of you in the hospital for more than ten days, and you didn’t get annoyed. ”

Tang Xin, who was wearing a hospital gown, also looked over and snorted, ” “Even if he doesn’t find it annoying, I do!”

However, when she said this, she always had the softness of a young girl.

Pei Qiqi just smiled. At this moment, Meng Qingcheng walked out and heard Tang Xin’s words. He sighed, ” “If you say it like that, I’ll be sad.”

Tang Xin took the glass of juice from his hand and stuck out her tongue, ” “You won’t. You have an indestructible body.”

Meng Qingcheng didn’t reply, he just looked at her deeply.

he was indeed hard to treat others, but tang xin was the softest part of his heart.

He wasn't so determined to be with her from the beginning, and he didn't want to be with her.

after meeting countless people, his heart felt empty. he always felt that it was best to have a little girl.

But he didn't know if she would know about his feelings.

Tang Xin knew that. Otherwise, she wouldn't be willing to be taken care of by him for more than ten days, and she wouldn't be willing to lean on his shoulder and look at the stars.

it wasn't that she liked him now, but she didn't want him to be sad.

big brother qingcheng liked her. she thought that since she might not be able to live for that long, she might as well make him happy.

They each had their own thoughts, but they didn't say it out loud, only because she was too young.

PEI Qiqi watched from the side. Slowly, she felt like she was a little redundant. On the other hand, Tang Yu was talking to Dean Hao.

after she left, she was about to walk around when she saw tang yu walking over.

He didn't look too good. PEI Qiqi walked over slowly and hugged his arm, " what's wrong? "

tang yu lowered his head and his voice was a little hoarse, " uncle shen isn't doing well. the last time he was hospitalized, it's basically confirmed that hanhan has advanced dementia. "

PEI Qiqi was stunned.

how could this be?

she had just seen shen zhongshan a few days ago. he looked fine, so how did he get such an illness?

tang yu didn't say anything more but his heart was heavy.

no matter how unpleasant his past with shen lian was, shen chongshan was still an elder that he respected. his situation could not help but make him sigh.

he patted pei qiqi's little hand, " let's go and take a look. "

PEI Qiqi nodded and walked with him to the second floor of the hospital.

there was no one else in shen chongshan's ward except for the two nurses and himself.

He was sitting on the bed without any expression. There was a small plate beside his hand with cut fruits on it. Shen Zhongshan was putting the fruits into his mouth piece by piece.

the nurse wiped his mouth from time to time.

this was the shen chongshan that tang yu had never seen before. he sighed.

Shen Chongshan quickly finished the food on his plate and looked at the nurse again. miss, I want ran ran too.

The nurse lowered her head and said something, and Shen Zhongshan smiled.

pei qiqi almost couldn't bear to watch anymore. she didn't believe that this was shen zhongshan, the dignified and imposing shen zhongshan.

tang yu didn't greet her. pei qiqi asked him after they left.

He held her little hand and slowly walked forward. After a long time, he said softly, "i just didn't want to disturb his world."

Shen Chongshan was now in a simple world. He was just a child, so why should he impose the adult world on him?

Chapter 673 The first fetal movement (2)

PEI Qiqi hugged his arm and caressed her stomach with one hand, "where's Mrs. Shen? why isn't she here?"

Tang Yu patted her, "I heard from Dr. Yuan that Mrs. Shen's body suddenly collapsed. She's been staying at home on an IV drip and can't even walk.

pei qiqi stood still. she looked up at tang yu and her eyes welled up.

"Qiqi, I won't do that." Tang mo held her hand and pulled her into his arms, his voice soft. "i will always take good care of our child."

She buried her face in his arms and took in his warm breath.

After a while, he said in a muffled voice, " " tang yu, i'm actually a little sad to see him. "

He was obviously someone unrelated to her. He was Shen Lian's father. However, when she saw his face and heard him say such naive words that didn't match his status, PEI Qiqi's heart clenched. It was a strange feeling that she couldn't put her finger on.

Tang Yu patted her and mumbled, " "It's probably because she's pregnant, so she gets sad easily."

he was starting to regret bringing her along.

pei qiqi walked to the elevator and couldn't help but turn back.

When she turned around, Shen Chongshan's nurse happened to be pushing him out to get some sun. Shen Chongshan was sitting in a wheelchair, and in front of him was a small scarf for a child to eat.

PEI Qiqi's eyes felt hot as she watched.

her heart felt like it had been hit hard again, and her lower abdomen twitched violently.

She covered her lower abdomen with her fingers, her expression a little strange.

"Qiqi." tang yu hugged her, " what's wrong? "

PEI Qiqi raised her head and looked at him. Her lips moved and after a while, she said softly, " Tang Yu, it seems like the baby is moving.

She took his warm hand and placed it on her lower abdomen, letting him feel that magical feeling.

tang yu only felt a slight wriggle in his palm.

that power was as gentle as water.

his eyes were a little wet and his expression was moved. he gently pulled pei qiqi into his arms, " qiqi, thank you. "

she buried her head in his shoulder and saw shen zhongshan walk past them.

Shen Chongshan's face had a child's smile.

PEI Qiqi leaned on Tang Yu's shoulder with tears in her eyes. She said in a nasal voice, "Tang Yu, I feel bad for him.

tang yu patted her, "don't think too much. it'll only make you sad. "

shen zhongshan passed by. suddenly, he turned around and smiled at pei qiqi, "little sister. "

pei qiqi was shocked and fell into a daze for a while before she smiled back.

she didn't know why, but shen chongshan refused to move forward. he held the wheelchair with his fingers and didn't let her push it.

"mr. shen really likes mrs. tang," the nurse turned around and smiled.

pei qiqi pushed tang yu away and walked over to shen zhongshan.

He looked up at her and shook his head gently, his expression no different from a four or five-year-old child.

pei qiqi slowly knelt down and pulled shen zhongshan's hand over. she touched his pinky, "you have to listen to little sister. "

Shen Chongshan laughed and repeated his words.

pei qiqi's eyes were a little wet. she smiled, "can i come and see you next time? "

Shen Chongshan stared at her intently, as if he wanted to remember her in his mind.

Before she left, PEI Qiqi looked at Tang Yu and whispered, "I'm really sad that such a person has become a child.

Tang Zheng half-hugged her and helped her into the car before sighing."perhaps a miracle will appear."

Chapter 674-i'm not one of your little wolfdogs

as the car slowly started, pei qiqi couldn't help but look at the building again.

Tang Yu thought she was worried about Tang Xin so he patted her head, "she'll be discharged tomorrow. Don't worry.

pei qiqi looked at the golden rays of the sun in front of her.

she pursed her lips and didn't tell tang yu that she was actually sad to see shen chongshan like this.

she was afraid that if she said it, he would say that she was a sentimental pregnant woman.

In the quiet car, she leaned on his shoulder in a daze.

calm, calm.

.....

After the high-end Business Summit in City B ended, Tang Yu was about to get into his car when a woman's voice came from behind.

he turned around and saw shen lian.

She was wearing the white suit of Mitsuya's life. She was as elegant as an orchid and quickly walked to Tang Yu.

"president shen, what's the matter?" tang mo was about to open the door and had to deal with it.

He looked around and saw that many of the business elites he knew had left one after another. Probably because the days were free, they would also take a nosy look in his direction.

Shen Lian looked up at him.

Tang Yu had been married for almost two months. Time didn't leave much of an impression on him. He just looked more mature and exuded a noble aura. Like poison, he crazily attracted women.

tang yu, let's have a meal together! " Shen Lian lowered her posture. I have something to discuss with you regarding my father's illness.

tang yu looked at her for a long time. then, he said in a low voice, " if you have any questions about uncle shen, you can ask dean hao or dr. yuan. dr. yuan and uncle shen are best friends. i'm sure he'll do his best. "

"i still have things to do, so the meal is on." he nodded.

he opened the car door and got in. after fastening his seat belt, the rear window slowly rolled up.

shen lian clenched her fists as she watched him drive away without any hesitation.

she just helped jin taihe secure a few big projects and was in the limelight for a while. she thought tang yu would at least look at her.

—

Other than scheming, what else did PEI Qiqi know?

However, Tang Yu didn't even look at her and just left.

Shen Lian stood there in a daze. She could feel the malicious intent from the entire world.

Why? why didn't he look at her again? why did PEI Qiqi occupy his gaze?

why?

in her frustration, shen lian began to loiter around the bar again.

during the day, she was the high and mighty president shen of the multinational company. at night, she was the party queen in the bar, qian qian.

she was living a life of drunkenness because no one cared about her anymore.

shen chongshan was in a daze. even if he wasn't, he probably wouldn't care about her. he would probably tear her unfilial daughter apart.

her mother ignored her, didn't talk to her, didn't look at her, and didn't even eat hanhan with her.

She had nothing left!

Shen Lian was wearing a black see-through outfit. She was leaning on a seat in the bar and looking at the men in front of her. She was drunk and hazy. whoever drinks the most, I will be his Qianqian tonight.

she smiled charmingly, but her eyes were empty.

she felt like she was actually a walking corpse.

were the men in front of her trying to please her, except for her meat?| her body and her money.

after that, she would always give these men a small tip because she was the queen and these cheap men were out to sell themselves.

He was just a dog by her side. Whatever she asked them to do, they had to do it, Yingluo.

Chapter 675 I'm not one of those little wolfdogs of yours (2)

This was the scene that Qin Anlan saw when he walked into the bar ...

shen lian was kissing a man. the people around them were clapping and cheering.

after the man finished kissing, he immediately finished the large glass of brandy. he shared the last sip with shen lian.

the golden liquid slowly flowed down her chin, down to her neck, and even down to her collar.

That man placed Shen Lian's entire body on the table. He held her hand and licked the wine from top to bottom. He was in a daze.

qin anlan watched quietly. after a while, he took out a cigarette from his pocket and lit it. he took a puff and looked at shen lian.

Until she discovered his existence.

shen lian's pupils contracted. she stared at qin anlan and quickly pushed the man away.

"did you have fun?" the corners of qin anlan's mouth held a faint smile as he looked at shen lian.

In his eyes, she was no longer a high and mighty Queen, but a prostitute at the lowest price.

Shen Lian stood up and stretched out her hand to brush her long wavy hair. Her voice was also a little cold,"What are you doing here? are you here to laugh at me?"

Qin Anlan laughed coldly. President Shen is on cloud nine right now. What kind of joke is there for me to see? "

as he spoke, he walked over. president qin had his own aura, and the men who were trying to flirt with him naturally knew that he was a big shot. they took the initiative to move away, leaving only the two of them here.

the most ironic thing was that this corner was only a few meters away from the place where they had made love last time.

that night, when shen lian cried and told him, " qin anlan, let's be together, " he was really, really hesitant.

Qin Anlan flicked the ash off his cigarette and smiled. Luckily, he did not take it seriously that night.

Shen Lian also sat down. She flipped her hair and said indifferently, "how are you free tonight? Or Yingluo?"

Her voice was a little hoarse. or do you have time to accompany me? "

Qin Anlan held the cigarette between his fingers and looked deeply into her eyes. After a long while, he chuckled. "i'm not one of those little wolves of yours!"

he leaned forward slightly and said with a devilish tone, " shen lian, i'm not used to driving a bus. "

although he had no place| He had a woman complex, but he was not interested in such a messy woman who would sleep with one man tonight and sleep with another man tomorrow.

shen lian raised her hand in anger and wanted to slap him.

she raised her hand, but qin anlan reached out and held it. he was very strong, and it hurt her.

"shen lian, you can go ahead and ruin yourself! When you're free, take a look at yourself. Do you think Tang Yu will still want you like this?" Qin Anlan let go of her hand, got up, and patted the wrinkles on his body. "I'll give you a piece of advice. Men and women are different. It's not a problem for men to have sex with many women before marriage, but it's different for women. If you want to continue like this, no one can stop you, but think about your name! let's see if you're still worthy."

shen lian was stunned. qin anlan had already left.

She thought that he would leave and that he had appeared tonight for her.

However, she was wrong again. Qin Anlan walked to the other side and was soon entangled by a beautiful woman.

He didn't reject her. He kissed her passionately, caressed her, and then left.

shen lian took a picture of it. the next day, it was published in the newspaper with the headline " KING entertainment's ceo meeting a beauty at night. "

Didn't he not care about her? then she would give him some trouble.

Chapter 676 shen lian is here to collect her lunch box (1)

when she returned home late at night, she was wearing seven-inch high heels. she did not drive or take a taxi. she squatted by the roadside and vomited.

the rough men passing by whistled at her. shen lian stood in the night breeze. " are you crazy? "

She had just finished scolding him when the man's eyes glowed with a faint green light, full of greed and bitterness.

The man's clothes were coarse, his face was full of beard, and his hair was long and curled, looking dirty.

His eyes scanned Shen Lian's entire body like a radar.

the green light became even more intense, especially the white and tender skin in front of her chest, which was really to his taste.

It would be a waste not to hook up with a drunk woman at the entrance of a bar.

The burly man ran forward, hugged her, and dragged her into the alley. He said dirty words while rubbing her desperately and hurriedly.

“let go of me, you lunatic!” shen lian was hugged from behind and that person was kissing her neck. she could even smell a foul breath. that pair of hands was rough and the smell on his body was also very unpleasant.

she punched and kicked, and one of her shoes fell off. the skin of her delicate foot was worn out on the ground.

her cries and screams could not stop the man.

There was no one in B city at night, especially in such a District.

shen lian’s body was pressed against the wall. the rough wall scraped her back and she felt a burning pain.

but no matter how painful it was, it couldn’t be compared to that kind of humiliation.

the uncouth man kept saying dirty words as he occupied her.

That black and white, that stinky smell, became Shen Lian’s lifelong nightmare.

his forehead was covered in sweat, and in front of him was a stinky mouth, a mouthful of yellow teeth, and a pair of green eyes.

at the last moment, shen lian’s body slipped and fell to the ground.

The man in front of her didn’t seem to be willing to let it end like this. He had never touched such a soft and tender woman, and it was free.

However, the homeless man in his fifties had the will but not the strength. He struggled again, but to no avail.

After scolding Shen Lian for a while, he bent down and picked up Shen Lian’s handbag. He took out all the cash from the wallet and then lowered his head and used his foot to rub Shen Lian’s body.

shen lian vomited and weakly called out, “I’m going to kill you!”

the man grinned, showing his yellow teeth. ” i’m not afraid. women like you care about their face the most. why don’t you sue me? ” I don’t have a house to live in, so I can live there for free. But when I come out, I’ll still do it. | you’ll have to be happy.”

This kind of woman was the best at pretending to be serious.

he was clearly feeling great just now, but he pretended that he didn’t feel anything.

b * tch!

the man took the money and quickly left, leaving shen lian there. she could not get up for a long time.

There was a torn Kasaya on her side.

that man had come directly without giving her any time.

But even with this pain, she was still in a daze to the extreme.

this was the most shameful thing in shen lian's life. it was an unspeakable pain.

She swore that she would find that man and tear him into pieces!

It was already late at night when she returned to the Shen residence.

Unexpectedly, Mrs. Shen was still awake. Under the light, Mrs. Shen's face looked stiff.

She looked at Shen Lian and her torn clothes. She was neither human nor ghost.

Mrs. Shen frowned but did not say anything.

Shen Lian's expression was dazed. After looking at it for a long time, she finally could not help but be startled.

Chapter 677 shen lian is here to collect her lunch box (2)

shen lian screamed at mrs. shen, "mom, why don't you care about me?" aren't you going to ask me what happened?"

mrs. shen did not say a word and remained seated.

She was watching the TV, which was playing a Palace drama.

the inheritance war.

She mumbled to herself, "How ruthless, he even killed his own father and brother."

she mumbled to herself while watching the tv as if she didn't feel anything.

Shen Lian's entire body was cold. She slowly walked over. The skin on her feet was already worn out and every step was painful.

she turned off the television.

there was no more sound.

after that, there was a deathly silence.

shen lian stood between the television and mrs. shen. her face was covered in sweat and dirt. her voice was hoarse as she said, "mom, i was raped."

mrs. shen remained seated, and there was not much of a reaction on her face.

after a long time, she raised her eyes and looked at shen lian blankly. "your father should have taken his medicine. i'll go get him some medicine. i can't get the wrong one again."

As Mrs. Shen walked, she mumbled to herself, "you can't take the wrong one again. chongshan, i'll watch over you. this time, you won't take the wrong medicine."

She kept talking as she slowly walked up the stairs. She did not even look at Shen Lian.

Later on, Shen Lian found out that Mrs. Shen's mental state was not normal. It was sometimes good and sometimes bad!

at that moment, shen lian watched as mrs. shen went upstairs. her entire body was trembling. she had been raped, but her mother did not seem to hear it. in her heart, there was only shen chongshan, shen chongshan, and no one else. no one cared about her!

Shen Lian's hands trembled as she took out the medicine from her bag. It was the morning after pill. She swallowed it. After drinking the water, she swallowed it with her tears.

Half a month later, the vagrant was found. Shen Lian ordered people to kill him, but his legs were broken. However, that person's life was very tough, so he actually ran away. From then on, they couldn't find him until they came back.

However, that person had left a deep scar in Shen Lian's heart and body.

that mouthful of yellow teeth and the rancid smell that was emitted from his body couldn't get rid of bi an even if it was gone.

When she finally calmed down, she ran into Tang Yu and PEI Qiqi at the hospital.

PEI Qiqi's stomach could already be seen. The weather was hot in August. PEI Qiqi was wearing a loose white dress and her long hair was tied into a ponytail. Other than her stomach, her arms and legs were thin and she looked very young.

tang yu held her hand. from behind, he couldn't tell that pei qiqi was pregnant. it was as if he was holding a little girl's hand.

just by looking at her, shen lian could tell how much tang yu loved that woman.

that love was originally hers.

her eyes seemed to be on fire.

after a long time, she walked into shen chongshan's ward. he was eating something.

he was like a child now. he loved to eat and wanted to eat all day long. if the nurse didn't stop him, he would have been fat.

Shen Lian went in, closed the door and watched quietly for a while.

The nurse coaxed Shen Chongshan to eat an apple. When she saw Shen Lian walking over, she smiled. miss Shen, you're here.

Shen Lian had not visited Shen Chongshan for a long time because of her guilty conscience, fear, and avoidance.

She nodded and said to the nurse, " "You guys can leave. i want to spend some time with dad."

the nurse hesitated for a moment, but still went out.

After they left, Shen Lian went to lock the door. She turned around and looked at Shen Zhongshan in a daze.

Chapter 678 shen lian is here to collect her lunch box (3)

shen chongshan's gaze fell on her face and he only said one word, " "Eat!"

shen lian looked at him and placed the fruits that the nurse had placed in front of shen zhongshan. "eat!"

shen chongshan did not move. he only looked up at shen lian helplessly.

this was shen chongshan. who in b city didn't know shen chongshan, who used to be so well-known?

But now, it had become like this!

shen lian laughed coldly. "why aren't you eating?"

she leaned her face close to him and said in a cold voice, "dad, are you afraid that i'll harm you?"

Shen Chongshan's body moved back and he lowered his head. After a long time, he finally said, "I'm not eating."

He lowered his head so Shen Lian could not see his expression. She only felt that he was burning with anger.

She grabbed his head with one hand, turned his face, and stuffed the fruit in her hand into Shen Zhongshan's mouth. She desperately stuffed it into his mouth, "didn't you want to eat? Then let's eat until we're satisfied!"

Shen Chongshan moved a little and stopped moving. After that, he began to eat the broken fruit in her hand. As he chewed, the fruit juice flowed out of his mouth, and he looked very embarrassed.

the shen chongshan of the past would never have been like this.

"He's indeed suffering from dementia." shen lian stopped and looked at her father coldly, "do you know why?"

"because you're not a good father." shen lian's eyes welled up with tears. "you've already let zhao ke down. you've let pei qiqi and tang xin down. why do you have to let mom and i down as well?"

as she spoke, she walked around the bed and looked at the man who only cared about eating.

"After PEI Qiqi married Tang Yu, you started to match Tang Xin's type. Have you softened? do you feel guilty for your two daughters?" Shen Lian's smile was strange. dad, I'm so scared. I'm afraid that you'll be soft-hearted and hand Jin Taihe over to someone else. If that happens, I'd rather die than live.

I've given up on Tang Yu and dad. Do I still have to give up on the company?" Shen Lian bent down and placed a mango on Shen Zhongshan's head. Suddenly, a yellow juice flowed down from his head, making him look extremely miserable.

"That's why I can't let you live well, dad! Isn't it great that we're like this now? our family of three will be together forever, and there won't be any more cheap daughters born by a cheap woman to ruin us." shen lian stared into his eyes and smiled sinisterly.

Shen Chongshan's mouth was wide open, and he couldn't say anything for a long time.

He stretched out his finger, dipped it in mango juice, and put it in his mouth. He ate it carefully and tasted it. A child-like happy expression appeared on his face. delicious.

even shen lian was stunned.

Shen Chongshan was now a child.

she looked at his face and a cold smile appeared on her lips. "dad, you won't recover in five years. I'll inherit your shares and I'll get Tang Yu back.

Just wait and see.

is pei qiqi better or am i better?

As she spoke, the door of the ward opened wide.

Shen Lian turned around and saw Mrs. Shen standing at the door. She was looking at them coldly.

Shen Lian's lips moved. mom.

Mrs. Shen walked in, still not looking at her. She only chided her in a low voice, "Animal."

then, she carefully cleaned the mango from shen zhongshan's head and coaxed him in a low voice, "Chongshan, let's go take a bath, okay?"

shen chongshan was obviously unwilling to do so.

mrs. shen coaxed her in a low voice again. "i brought a small duck here today. it will cry."

she took out a small duck from her bag, pressed it, and it quacked.

shen chongshan clapped his hands and immediately expressed that he wanted to wash up.

mrs. shen pushed him into the bathroom, not looking at the bastard again.

That night, the servants at home moved Mrs. Shen's things away. Shen Lian asked and found out that she had moved to another property of the Shen family. There was no such big mess.

However, she knew that there was no Shen Lian or beast there.

Chapter 679 you'll spoil me, mr. tang (1)

ever since the first fetal movement, pei qiqi's stomach had been very lively every day.

That child was especially active. He liked to kick and punch every day.

Also, PEI Qiqi had become especially lazy. She didn't like to use Wanwan, who went to the company three times a week. The rest of the time, she would have Xiaowen deliver the food and handle it at home.

early in the morning, tang yu had already put on his tie. he bent down and kissed her on the cheek. his voice was a little hoarse, "mrs. tang, do you need mr. tang to take you home today?"

PEI Qiqi hugged her blanket. Her hair was a mess and she looked like a little lunatic. She said in a soft voice, "Tang Yu, I don't want to get up.

If she said that, it meant that she had to go to the company today, but the little lazy bug didn't want to get up.

Tang Yu chuckled and sat down. He reached out and patted her head, "then I won't go. Rest at home with the baby."

he felt that it was good that the pei family business had collapsed, so she did not have to go to work.

However, he couldn't tell his PEI Qiqi about this. Otherwise, she would probably want to bite him to death. Yes, pregnant women are hard to take care of in every aspect.

For example, in terms of Yingying.

He did not know if it was because she was pregnant, but she was particularly clingy and wanted him to hold her every time she moaned.

he didn't dare to touch her either. hugging her to sleep was a challenge for a hot-blooded man like tang yu.

she was four months pregnant, and her lower abdomen had only slightly protruded. from the front, she looked like a four-legged little frog, but her back was even more charming, especially below the waistline, which was a lot more charming.

This was the difference between carrying a girl and a woman.

Forbidden| Tang Yu, who had been holding her for a long time, pulled her messy hair aside and kissed her. Then, he said in a low voice, "I'll feed you tonight."

Actually, he was more upset than she was.

PEI Qiqi blushed and looked at him pitifully, "i'm not yingluo, i don't want that!"

He smiled and reached out to pinch her. get up quickly. Otherwise, I'll change for you. hmm?"

As he said this, his large palm reached into the blanket, and he started to tease her.

pei qiqi cried out and her face flushed, "Don't whine."

she grabbed his fingers under the blanket and lay in his arms shamelessly, her voice soft. "there's an urgent matter later."

Tang Yu was just teasing her, but now he wanted to get serious.

He couldn't even remember the last time he had a taste of meat. He exhaled with difficulty and said in a hoarse voice, "I'll let you off."

however, he still kissed her until she was in a mess before letting her go. looking at her intoxicated expression, mr. tang was very satisfied. "mrs. tang, mr. tang has a great sense of achievement when you're like this. "

PEI Qiqi bit him and sucked on his shoulder, not letting go.

tang yan let her bite him. after a while, he said in a low voice, "qiqi, if you continue like this, i might not be able to take it anymore. "

she finally let go of her mouth and leaned on his shoulder for a while. her small hands wrapped around his neck, and she looked indescribably cute.

At this moment, Tang Yu was in the mood to raise a daughter. All the messy thoughts from before were gone.

“Disobedient child.” he reached out and patted her little P * ss, exhaling impatiently. he carried her to the bathroom and personally helped his little friend wash her face and brush her teeth.

PEI Qiqi was practically in his arms. Her mouth was full of white bubbles and her voice was muffled, ” ” tang yu, you’re going to spoil me like this. ”

Chapter 680 You’ll spoil me, Mr. Tang (2)

Mr. Tang looked at the pregnant woman in the mirror and his eyes were filled with amusement, ” PEI Qiqi, you don’t think you’ve spoiled her? ”

Alright, she admitted it!

Little Mrs. Tang stuck to him and put the toothbrush in his hand.

Tang Yu was speechless. Wanwan really spoiled him.

however, he still took the toothbrush and gently brushed her teeth. he then asked pei qiqi in a gentle voice, ” “baby, let me carry you to the toilet. i’ll help you wipe later. Hmm?”

pei qiqi covered her eyes. ” tang yu, you pervert! ”

with one hand on her belly and the other around her waist, he looked at the two of them overlapping in the mirror from behind and said slowly, ” “mrs. tang, if you weren’t pregnant, you would know how perverted i am!”

pei qiqi opened her eyes and saw his clear black eyes in the mirror. every time he had this expression, it meant that he was going to do something bad, yingluo.

She quickly covered her eyes again. Tang Yu laughed in a low and hoarse voice beside her ear, ” quickly change your clothes. I’ll be waiting for you downstairs.”

he let go of her and pei qiqi glared at him from the mirror. tang yu smiled and went downstairs.

the breakfast was very pleasant. the dissatisfied mr. tang still served mrs. tang very well.

When she got into the car, she automatically sat in the back. After she got pregnant, Tang Yu didn’t let her sit in the front anymore.

tang yu drove and occasionally talked to pei qiqi.

PEI Qiqi was a little bored, so she picked up the newspaper in the car and read it. She quite liked to read entertainment news Now.

She opened the headlines and saw PEI Huan’s news.

it must have been hard on her. she wasn’t even a d-or e-list now and had even made the headlines.

Of course, she also relied on her ambiguous relationship with a certain rich second generation to get to where she was. PEI Qiqi also found out that PEI Huan was doing pretty well recently. Although she couldn’t compare to her past self, at least she was back in the entertainment industry.

how much effort did she put in behind the scenes? how many men did she sleep with?

PEI Qiqi didn’t know. Was this the life PEI Huan wanted?

she used to think that pei huan loved jinrong and would try to get him back after he woke up, but she didn't.

PEI Huan was still as timid as ever.

Perhaps, even she had given up on herself.

"What are you looking at? He didn't speak for a long time." Tang Yu asked in a low voice. He also looked at his little friend in the rearview mirror.

pei qiqi closed the newspaper and said softly, "it's pei huan. she seems to be with a rich second-generation heir recently."

tang yu seemed to know what she was thinking. it was a red light so he rubbed his chin and said lightly, "it's impossible for jinrong to be with her. They don't have any feelings for each other and they don't have a child anymore. Besides, PEI Huan has been with so many men. Jinrong is not a fool.

"i know," PEI Qiqi lowered her eyes.

Tang Yu didn't say anything else. When the car stopped at the PEI group's building, he opened the door for her and patted her head, "you're thinking too much, kid. PEI Huan isn't a kid anymore. She has to take responsibility for her own choice.

It was not that PEI Huan did not have a chance. She already had one foot in the door of a rich family and was even pregnant.

Even if jinrong was in a vegetative state at that time, as long as she was willing to give birth to the child, the Lin family would not mistreat her.

After all, that was the only root of the Lin family.

Moreover, after giving birth, it was not impossible for her to remarry. It was no longer the times of the past.

However, PEI Huan easily messed up her cards and she could not blame anyone else.
