

Thank you 711

Chapter 711 Little Tang Tang's birth (3)

she stood on the stairs and looked at tang yu. her voice was cold, " Tang Yu, What if I don't sign it?"

she was talking about the divorce agreement.

tang yu turned to the side and looked up at her standing on the stairs. her fingers were clenched tightly on the stairs.

"in a few days, dad will come and pick you up after the surgery," he said softly.

dad?

was it tang zhiyuan?

pei qiqi's eyes widened and she glared at tang yu-

also, he said surgery?

was he going to abort her child?

PEI Qiqi bit her lips until they bled. She stared at him, " I won't abort this child.

Tang Yu looked at her and said in a deep voice, " reality won't allow the birth of this child.

he had forced himself to be cruel to her, forcing himself to be emotionless.

Her face was pale, and after a while, she smiled softly. She smiled and cried. In just one day, she felt that she had shed all the tears of her life.

" tang yu, that's good. " She looked at him with a smile as she cried."i'll sign, but the child is mine."

she clutched her lower abdomen tightly with her fingers, afraid that he would take her child away.

The way she looked at him was like she was looking at a butcher.

her gaze slowly turned pained, and she clenched her fists tightly.

a wisp of blood stained her skirt.

pei qiqi lowered her head and her eyes were red.

Her eyes were a little dazed. She looked at Tang Yu's shocked expression. At this moment, all she could see in her world was his shocked expression.

His expression was magnified, and then he was in pain.

A faint smile bloomed on her beautiful little face.

tang yu, you're going to lose the child because she knows you don't want her anymore, hanhan.

He didn't want her, and he didn't want me either!

darkness fell into her dazed state. there was a heart-wrenching pain, as if a force was pulling the child out of her body.

pain, unconsciousness, pain, unconsciousness, mixed with their past-

Tang Yu, our child will be called Hanhan Tang Tang?

PEI Qiqi, wouldn't it be better to just call her Tang Guo?

Tang Yu, do you not like girls?

No way, I want her to be like you, Qianqian Qiqi. No matter how many children I have, my favorite is only the eldest baby, Qianqian.

I'm not a baby!

it wasn't? Then why did you call me daddy last night, huh?

pain. the memories of shen yin, who refused to let go of her, turned into cries of pain in her mind. they turned into her unwillingness and hatred for him.

in her heartache, a weak baby cry was heard.

It was very faint, almost non-existent, but he still heard it!

tang mo stood outside, looking up with tears in his eyes.

It was their child.

doctor mei walked out and patted his shoulder. " we have to move qiqi to sheng yuan hospital immediately. everything is ready. "

Tang Yu walked in. He trembled as he looked at the girl he loved lying there with a pale face. her lower abdomen was already flat.

He reached out and touched her small face gently. A hot tear fell on her porcelain-white face.

after a long time, his eyes fell on the little thing in the thermal box.

the premature baby was all wrinkly. one of his small hands was waving, and the other was clenched into a fist.

He frowned, as if he was not happy to be disturbed.

Through the glass, Tang Yu placed his hand on top of the little guy's and smiled, " "Hi, baby Yingluo."

.....

The next day, Lin Yun flew to the United States to take care of her baby, accompanied by Zhao Yi.

When they left, they did not alert anyone. They took a private plane and left quietly.

Chapter 712 Qingcheng, I'm already in hell I

when pei qiqi woke up, her surroundings were white and the air was filled with the smell of disinfectant.

she was in a daze and did not want to wake up.

however, she had a feeling that she was no longer carrying a baby.

she continued to sleep unconsciously for a day or two, and then a week or two.

it was very painful. she could feel the nurses walking around her and countless needles poking her body ...

She could feel that Tang Yu was by her side!

but she didn't want him!

The child was gone, and their quarrel was over.

PEI Qiqi only woke up a month later. She had lost a lot of weight.

When she opened her eyes, she was surrounded by white. In the quiet Ward, the nurse was changing the drip for her.

she opened her eyes, and after her mind cleared up a little, she slowly placed her fingers on her lower abdomen.

over there, the flat kasaya

There was nothing left.

She didn't make a sound and just placed her hand there to slowly touch it. She didn't make a sound, but her face was already covered in tears.

the fresh blood from that afternoon seemed to have been carved into her heart and bones.

"where's mr. tang?" she asked in a hoarse voice after a long time.

the nurse was shocked. mrs. tang was awake?

"mrs. tang?" "I'll get someone immediately," the nurse stammered.

PEI Qiqi pursed her lips, " don't call me Mrs. Tang. I won't be very soon.

the young nurse was in a difficult position. she wanted to say something, but in the end, she didn't.

there were only three people in the VIP ward, and each of them had signed a confidentiality agreement.

she wanted to say something but stopped. in the end, after the checkup, she went outside to call tang yu.

tang yu walked in. before he reached pei qiqi's side, she opened her mouth and said in a hoarse voice, " it's really strange that you appeared so quickly, qianqian, mr. tang. "

Tang Yu's lips moved and then he closed his eyes, " " qiqi, you've been unconscious for a month. "

"Oh, really? Then I'll have to trouble Mr. Tang to guard me for a month. Thank you." her eyes were fixed on the ceiling, listless and empty.

" where's the agreement? " she asked softly.

Tang Yu was stunned but he immediately understood what she was talking about, Yingluo.

His heart felt like it was being twisted by a knife.

she had been unconscious for a month, and he had kept her here for a month.

in the end, she couldn't keep him. she must hate him to the core now!

'But, Qiqi, I won't regret it. I won't regret it even if you hate me for the rest of my life.'

"there's no need to be so anxious," he said in a dry voice.

"i'm very anxious, mr. tang." her gaze finally landed on his face. it was cold and unfamiliar. it was the pei qiqi he first met.

An insecure PEI Qiqi.

He once used his love to melt her, but now he used his cruelty to force her back to the PEI Qiqi of the past.

"I ... Don't want to ... Don't dare to have anything to do with Mr. Tang anymore." Her lips were so pale that they were almost transparent. She looked at him and smiled gently. Her smile was bitter, and it was like a knife that pierced deeply into his heart!

she looked at him, her eyes filled with disappointment and heartache.

And he was even more so.

his lips moved as if he wanted to say something, but he could not say a word ...

their child was not out of danger yet, so he could not tell her the truth. besides, the contract he signed with shen lian also made him under someone else's control.

If Tang Yu was alone, then he could risk his life, but he wasn't a coward. He had too many things on his back.

so, even after she had the surgery, he could only bury all of this in his heart.

in the end, he could only let go. he could only let go of her.

But, Qiqi, one day, you will come back to me.

He could wait forever.

Chapter 713 qingcheng, i am already in hell (2)

pei qiqi looked at him. her eyes were filled with sorrow like an injured animal.

tang yu, i didn't think this day would come. i never thought we would end up like this ...

"You can leave! I'm a little tired." PEI Qiqi suddenly closed her eyes and her fingers gently caressed her stomach as though Yueyue was still there.

his gaze fell on her fingers, and his eyes froze. he looked at her pale and delicate face greedily, knowing that she had made up her mind.

he remembered that day, she said to him like crazy, " tang yu, even if we're siblings, i still want to be with you. "

he was shocked. tang yu always thought that qiqi's emotions were reserved. but he never thought that she loved him so much.

However, she hated him as much as she loved him!

He stood there, and she closed her eyes. She didn't want to look at him anymore. Even one look was unnecessary.

tang yu laughed dryly and didn't say anything else.

he walked out and just as he closed the door, he was punched in the face.

the person in front of her was meng qingcheng.

meng qingcheng's face was ashen. he panted as he stared at tang yu's face and his voice was cold, " tang yu, you really are a good brother. "

tang yu's body was lying against the wall. in just a month, he had lost a lot of weight and his expression was colder than before.

he reached out and slowly wiped the blood from the corner of his mouth. he looked at meng qingcheng.

meng qingcheng's expression was extremely ugly, and his voice was a little deep and hoarse, " let's talk outside. "

the two of them reached the rooftop.

the wind on the rooftop was very strong, and the autumn sun was weak.

Standing face to face, Meng Qingcheng looked at Tang Yu coldly, " in your heart, a year's relationship is worth more than a decade of brother-sister relationship between you and Tang Xin, right? "

"Did Shen Lian tell you?"

Meng Qingcheng continued to sneer, " what did she tell me? she told me that PEI Qiqi also had a blood disease? she told me that Shen Zhongshan is Tang Xin and PEI Qiqi's father? you told me i could only save one and you chose pei qiqi, right?"

tang yu looked at meng qingcheng and held his breath.

"Tang Xin's illness is back! Of course, you don't know because you only have PEI Qiqi in your heart." Meng Qingcheng looked straight at Tang Yu, " Tang Yu, don't you feel any guilt at all? "

Tang Yu laughed softly.

he turned around and looked into the distance. after a long time, his voice faintly came out, Qingcheng, I'm already prepared to go to hell. No, I'm already in hell.

not only him, but qiqi would hate him even more in the future no matter what happened to tang xin.

The newborn child couldn't save Tang Xin either.

His sister, the sister he had watched grow up, had been abandoned by him.

over the past month, he had seen tang xin's smile and felt guilty.

he remembered that when she was very young, the first time they met, she had timidly called him her brother yingluo in a very low voice.

He was young at that time and had originally made up his mind to hate this child. However, when he saw that round smiling face, he could not bring himself to hate him.

Later, he found out that her name was Tang Xin. She said to him fawningly, "older brother, you can call me little Xinxin.

her little face was extremely bright and beautiful, like a doll's face in may.

meng qingcheng's eyes were red. his voice was hoarse, "tang yu, she might not live for long. "

if pei qiqi didn't appear in tang xin's life, then tang xin might live to be twenty years old.

however, she was only seventeen.

The illness came so quickly and so violently.

Chapter 714 Big brother, I'm in so much pain (1)

Tang Zheng raised his head. Qingcheng, I'm sorry.

He turned back to look at Meng Qingcheng. He didn't explain, and he couldn't.

if he had to do it all over again, he would still make the same choice.

meng qingcheng closed his eyes in a daze.

On the hospital's rooftop, two tall and strong men stared at each other for a long time before Meng Qingcheng said softly, "tang yu, from now on, i'm no longer your special assistant. i will take care of her until she leaves."

Tang Yu was stunned.

"and you are no longer her brother. what you can't give her, i will give it to her! "

Meng Qingcheng's eyes were hot, and his voice was a little choked, "Tang Xin didn't want to see such a jerk brother either.

Tang Yu didn't say anything.

When he saw Tang Xin, it was already three days later because Tang Xin had been unconscious for three days and was in the ICU.

in addition to the blood disease, tang xin also induced other diseases. she lay weakly on the bed, breathing oxygen through her nose, and her body was inserted with various tubes. the back of her hand was a little swollen because of the iv drip.

Tang Yu slowly walked over and gently touched the back of her hand.

tang xin was so young, but she had suffered so much pain.

“Big brother.” Tang Xin suddenly woke up, opened her eyes, and looked at his face in the dim yellow light.

tang mo smiled slightly.

tang xin also smiled.

her small hand touched him, and her voice was light, vague, and weak. ” older brother looks the best when he smiles. ”

She looked pale, and her facial features were not as vivid as before. Her white skin covered the bones of her hands, making her look very thin and frail.

Her lips moved slightly. It was so quiet that Tang Yu couldn't hear it.

She kept moving and Tang mo leaned over, his ear close to her lips.

A faint smile appeared on Tang Xin's lips. That smile was like a girl's first blooming flower, delicate and moving.

an extremely weak voice came from her lips, ” “brother, after i die, can qianqian give me the book that lin jinrong gave me?”

Tang Yu's eyes were a little wet. Tang Xin looked at him anxiously, hoping that he would agree.

tang mo closed his eyes and nodded painfully.”Alright,” he said. Dr. Yuan had talked to him about Tang Xin's illness, but he couldn't help it.

He nodded and Tang Xin's little face broke into a faint smile.

Her eyes were more unfocused than usual. She stared at Tang Yu for a long time before she said softly, ” “Qi Qi, look at the child!”

tang yu's fingers tightened. he held tang xin's hand tightly and put her little hand in his arms.

she was very cold. this way, she could feel a little warmer.

Tang Xin wasn't afraid, her brother was here! If you're cold, big brother can hug you.

her bones were bone-piercingly cold, and it also froze his heart ...

a faint smile appeared on her small face again, and she was almost unable to make a sound. she could only use her lips to silently say, ” brother, can I hug Tang Xin? ”

she liked her brother, but she didn't dare to get close to him when she was young. when she grew up, the time she spent with him was so short.

She also wanted to be hugged by her brother, to hear him call her Tang Xin, and to hear him tell her a story.

Tang Yu slowly bent over and carefully hugged her.

Tang Xin's lips moved, and she said each word with difficulty, ” brother, pull out these tubes. Don't be sad.

Her eyes had become much paler, and her face was pale with a hint of green. There was almost no trace of life in her.

Tang Yu's body froze when he heard what she said.

Chapter 715 Big brother, I'm in so much pain (2)

he hugged her, his body extremely stiff.

He didn't move!

after a long time, he held her in one hand and slowly, slowly, pulled out the tubes with the other.

his tang xin said that it hurt and that he didn't want these.

His sister said that she wanted him to hug her ...

tang xin, i'll take you home. "

he pulled out the tube for her and carefully helped her put on her clothes.

the clothes she used to wear were already empty on her body, and her body was so dry that she didn't look human anymore.

In his arms, she tugged him with her small hand and pulled him hard. "Qi Qi! The child ran ran."

"The child is still here!" tang yu closed his eyes and put his face close to tang xin's, "her name is Tang Tang, her nickname is little Xin Xin Jian Jian. Tang Xin, you said that the three of us will always be together.

i'm sorry!

Tang Xin's little face was dazed for a moment.

Tang Tang: be careful:

Little Xin urged her to live with her brother and Qiqi.

Her little hand tugged on his sleeve and she looked straight at Tang Yu.

In fact, she knew that Qi Qi was sick because sister Shen Lian told her.

She told her that her brother had chosen to save Qi Qi.

she did not blame her brother because he loved qi qi so much.

A faint smile appeared on Tang Xin's lips, and she smiled a little happily.

no one knew that she was the one who stopped taking the medicine, which was why her illness acted up prematurely, yingluo.

she didn't want qiqi to worry about her. qiqi couldn't have any more children, yueyue.

she thought in a daze that she had lived a happy life for more than ten years, but qiqi had not.

She loved her brother, and she loved Qiqi even more. Whatever Qiqi was willing to do for her, she was also willing to do it for Qiqi.

Only when she died, Qi Qi would not be sad and would not take the risk to give birth again.

brother Yingluo. she let go of her little hand but immediately grabbed it again. She looked at him. don't Yingluo tell Yingluo.

she didn't say the last two words, but tang yu could guess.

he carried her to the car, and the four black camper cars slowly drove away from the dense fog.

tang zhiyuan was there too. he got into the car silently.

at this moment, he could already guess what jian jia was doing, but he didn't say anything.

just let tang xin be his daughter.

Tang Xin returned to Yan Hui, the place where she was born and raised.

In the fairy-tale princess room that Tang Zhiyuan had decorated for her, she lay quietly. She was wearing a beautiful dress that the maid had changed into.

Her little face was ashen, and her breathing was a little rapid.

Tang Yu sat by her side and kept her company. Tang Zhiyuan was also in a daze.

her little hand held onto tang yu's fingers and the other hand held onto tang zhiyuan's. her eyes slowly closed.

daddy, brother, don't cry

I'm not in pain now, not at all.

I'm very happy. If I can, I really want to see Qiqi and little Xin. She must be a very cute baby.

Be careful, you have to be happy for me, Yingluo

Tang Xin smiled and couldn't open her eyes.

An original text book was placed on her chest. It was a gift from Lin jinrong.

that was all the love of the seventeen-year-old tang xin.

however, she had also let someone down.

She knew that brother Qingcheng had always liked her, but she couldn't respond to him. Not at all.

she didn't have long to live, and she didn't want him to keep thinking about hanhan.

Tang Xin slowly closed her eyes-

forever!

On the day she left, a flock of white pigeons flew on the top floor of Sheng Yuan hospital. They hovered above the roof and refused to leave Xuxu.

on the green grass downstairs, shen chongshan was pushed out by mrs. shen to bask in the sun.

the white doves were chirping in the sky.

Chapter 716 big brother, i'm in so much pain (3)

mrs. shen looked up and said in a soft voice, "I don't know where this pigeon came from." As she spoke, she fell into deep thought.

pei qiqi stood in front of the window and saw the pigeons flying around.

The sound of the pigeons sounded like they were crying blood.

She stood straight, her body a little thin.

the nurse came in and reminded her softly, " mrs. tang, put on more clothes. "

"I've said it before, I'm not." PEI Qiqi's voice was low, " I signed with Tang Yu.

he wasn't there on the day of the signing, so she quickly signed it and handed it to the lawyer he had sent.

We don't have to see each other again in the future!

She turned around and looked at the nurse. I just had a miscarriage. I don't need to stay here for such a long time, do I? " i want to be discharged."

"you have to get doctor mei's approval before you can be discharged," the nurse said, feeling a little troubled.

PEI Qiqi placed her fingers on her stomach. There was a scar there.

Doctor Mei said that the child could not fall out at that time and had to be cut out.

She asked Tang Yu where the child was. The child didn't come out safely, so couldn't he get a longevity tablet for him? In the future, if she wanted to find her mother, she could also find Hanhan.

she remembered him saying that the child should not exist.

that's right, it shouldn't exist. just like her, she shouldn't exist in his world.

"i want to go down for a walk." pei qiqi's voice was soft.

The young nurse hesitated for a moment before saying softly,"then i'll go with you."

PEI Qiqi laughed silently. She didn't think that she would still be so precious. Should she thank her brother?

He hadn't moved much for more than a month, and his body was so weak that it didn't feel like his own. He was covered in sweat after walking for a while.

the autumn sun shone on the hospital's lawn. the greenery was shady and gave off a bright and beautiful feeling.

Occasionally, a few pigeons would pounce on the grass looking for bugs to eat. PEI Qiqi walked over and they would fly away.

She stopped and looked at Shen Chongshan and Mrs. Shen.

Shen Chongshan was still the same as before. He was still eating and asking for more.

pei qiqi looked at him and suddenly felt that he was very happy like this.

She pursed her lips and looked at him silently for a long time.

A voracious White Pigeon probably took a fancy to the food in Shen Chongshan's hand. It flew down and landed on Shen Chongshan's shoulder, flapping its wings as it scurried away.

he slowly raised his eyes and looked at pei qiqi.

Then, he slowly said, ” “little xuxu, sister xuxu, sister xuxu,”

PEI Qiqi looked at him, squatted down, and reached out to wipe the crumbs from the corner of his mouth. She smiled gently, ” little sister might have to leave.

Leave this place, leave this city, because this place made her unable to breathe.

Mrs. Shen looked at her and then looked up at the sky. The pigeons were flying freely in the blue sky.

“Miss PEI, take care,” she suddenly said softly.

PEI Qiqi’s fingers paused. She hummed and slowly stood up.

Several white pigeons were flapping around in excitement.

the sun was too bright, so her vision was a little dark, probably because she had squatted for a while. she had to steady herself for a while before she could stand up straight.

When she got back, she fell asleep, covered in sweat.

she slept in the white ward, and in her dream, countless pigeons fluttered around her. around the ward, the little angel’s hymn slowly rang out. the sound came from far and near, and then from near to far.

ethereal, bright and dark ...

Her body was cold, but her forehead was covered in cold sweat.

Tang Xin!

PEI Qiqi suddenly sat up. Her back was covered in cold sweat and the wound on her lower abdomen was starting to hurt.

Chapter 717 her hatred, his pain (1)

she panted heavily, her eyes fixed on the white wall opposite her.

tang xin.

PEI Qiqi took the phone beside her pillow and dialed Tang Xin’s number. The phone rang again and again, but no one answered.

she lifted the blanket and got out of bed, but as soon as she got down, the sound of a message came.

PEI Qiqi immediately picked it up and looked-

It was a message from Tang Xin.

“Qiqi, where have you been?” i was sent to United States by my father. it was so boring! And they didn’t allow me to call them, so I could only secretly send them messages.

PEI Qiqi looked at the few lines of text again and again before she replied-

i just returned to B city.

Tang Xin chatted with her for a long time, all kinds of clingy.

PEI Qiqi's eyes were wet. She didn't know how to tell Tang Xin that her child was gone and she might not be able to save her anymore.

she even wondered if she could find someone else to have another child with after she wasn't with tang yu anymore.

her mind was filled with madness, and it took her a long time to calm down. she lay flat with her phone in her hand.

she closed her eyes and could still hear the little angel's voice in her head, but it was getting further and further away.

she didn't see tang yu again. he didn't come and she didn't disturb him.

let's just leave it at that. after signing, we'll cut it off cleanly.

A week later, Tang Zhiyuan came over.

he walked into the ward. pei qiqi had just drawn her blood once when she looked up and saw him.

the atmosphere was a little uncomfortable and subtle.

This man who was supposed to be her father-in-law was actually her Hanhan's father?

all this while, tang zhiyuan didn't like her and she didn't like tang zhiyuan either. even now, she couldn't bring herself to like him.

Tang Zhiyuan's feelings were complicated too.

How could he be PEI Qiqi's father?

twenty-one years ago, he didn't even know zhao ke. at that time, he and yun yun were very close. every night when he returned home, zhao ke didn't even touch a single hair on his body. how could pei qiqi be born?

however, tang zhiyuan had probably guessed qiqi's background and tang xin's.

if this was in the future, he would definitely be extremely furious. he couldn't stand being cuckolded by zhao ke like this. he couldn't stand it even if he was a father and he was ridiculed as a man again and again.

but now, he was calm. it was all because he was not determined enough.

as for pei qiqi, he would just treat it as him doing something for tang yu!

Tang Zhiyuan watched as the nurse left and said softly, " "When the results are out in the afternoon and it's confirmed that you're fine, you can be discharged. I've bought a quiet villa for you to live in. It's pretty good."

tang zhiyuan was probably really uncomfortable, so he said, " "it's pretty good."

pei qiqi looked at him. she looked at this familiar yet strange man.

she called him dad before because he was tang yu's father, yingluo.

She really couldn't connect herself with Tang Zhiyuan. She couldn't imagine that this man and Zhao Ke had a one-night stand before she was born.

The atmosphere was tense. Tang Zhiyuan felt that this was really a difficult task. He touched his nose. "Have a good rest. I'll go out for a smoke."

after he left, he felt much more at ease.

Wasn't his son's taste a little too heavy? brother and sister, to think he could come up with this idea, Yingluo.

his old face was flustered. tang yu had just placed the bowl of feces on his head.

He didn't want to see anyone anymore when he thought about how his son and daughter were doing things behind closed doors.

but he had no choice.

he had already lost tang xin. now, pei qiqi looked pitiful and he wanted to make it up to her.

Chapter 718 Her hatred, his pain (2)

Perhaps, he didn't have anyone by his side. He actually felt that pampering PEI Qiqi like a daughter was good. At least, he wouldn't be so lonely.

tang zhiyuan got into character, but pei qiqi didn't.

even though it was just an identification, she still couldn't accept it.

In the afternoon, doctor Mei had looked at the list and said that she could be discharged. At that moment, she felt relieved, but her heart sank a little.

The car slowly left Sheng Yuan hospital. Tang Zhiyuan and PEI Qiqi sat side by side in the back seat. Perhaps to ease the atmosphere, he patted her little hand on her knee and comforted her, "daddy will take care of you in the future."

pei qiqi froze for a moment and then turned her head to look at him. after a long time, she said, "can I live with Tang Xin? "

at that moment, tang zhiyuan's face froze for a moment. his muscles also trembled unnaturally.

there was even a kind of pain in his eyes.

pei qiqi looked at him. she studied him carefully. tang zhiyuan coughed, " " we'll talk about it when tang xin's condition stabilizes. "

pei qiqi took out her phone and called tang xin again, but no one picked up.

however, a message was sent over very quickly.

It was from Tang Xin.

looking at those familiar words, pei qiqi became more and more flustered.

Her gaze quietly fell on Tang Zhiyuan's face, and he felt a sense of panic.

"Stop the car." pei qiqi suddenly called out.

the driver in front stopped the car instinctively. tang zhiyuan chided, " "Let's go back to moist Prefecture."

however, just as the driver was about to start the car, pei qiqi had already opened the door and got out of the car.

she ran desperately on the road, and the cars on the road beeped as a warning, but she didn't seem to hear it. she reached out and stopped a taxi. let's go to Sheng Yuan's headquarters.

The taxi driver was in his thirties. He saw that she was a beautiful woman. Although she was a little thin and pale, she was really pretty. He couldn't help but strike up a conversation. Sheng Yuan is a big company, Yingluo. It seems like they're doing something big again recently. I heard that they're going to marry Jin Taihe. Then, it won't just be the North that's dominant.

pei qiqi listened in confusion. marriage?

There was a buzzing sound in her ear, and then she could not hear anything.

the world seemed to be stuck in a traffic jam. there was no sound at all. just like that, it was quiet.

The chauffeur in front was still talking, his lips moving, but she couldn't hear him.

the car soon arrived at sheng yuan. pei qiqi opened the door and got out. the driver was anxious, " miss, you haven't paid. "

however, pei qiqi couldn't hear it and she didn't turn around to tease him.

"she's so beautiful, but she's not normal." The driver said angrily, then shook his head and admitted his bad luck.

PEI Qiqi's appearance at Sheng Yuan shocked the entire Sheng Yuan. Even the receptionist was at a loss.

This was the wife of the former president of Sheng Yuan. Although they didn't know why Wanwan and the president had divorced, the loving scene from before was still engraved in everyone's heart.

The receptionist forced a smile. miss PEI, I'm sorry. If you want to see the president, you have to make an appointment.

PEI Qiqi pushed her hand away. Her thin figure wandered into the elevator like a ghost. The elevator reached the top floor.

from the mirror on the wall of the elevator, she saw her pale and empty eyes.

The elevator door opened, and Xiao ran was standing in front of it.

when xiao ran saw pei qiqi, she was shocked. she hadn't seen pei qiqi for a long time and she had lost so much weight. it was as if she had lost her beauty.

PEI Qiqi walked forward and pushed Xiao ran away, " don't stop me.

Chapter 719 Her hatred, his pain (3)

xiao ran couldn't stop him, but he thought to himself, " this has to happen. " he might as well let her in.

PEI Qiqi entered Tang Yu's office. He was sitting behind his desk. Of course, there were a few higher-ups with him.

after pei qiqi rushed in, the higher-ups couldn't stand it anymore and left.

when he walked past pei qiqi, he sighed in his heart.

in the president's heart, a beauty was still no match for the country! They didn't believe the rumors outside. If the president couldn't even figure out if a woman was his sister and even got married, he wouldn't be the president of Sheng Yuan.

after everyone had left, pei qiqi's eyes fell on the delicate phone beside tang yan's hand.

It was Xuxu Tang Xin's phone.

at that moment, pei qiqi felt like something was stuck in her throat. it was so uncomfortable that she almost couldn't breathe.

She stared at him and slowly walked closer to Yingying, step by step.

She stopped in front of him and looked at him. Then, she picked up the phone with trembling fingers.

she didn't want to believe it. she didn't want to believe that wanwan was telling the truth.

she would rather believe that this was a prank.

The phone was warm, which meant that he had taken it not long ago. She opened it and saw the message she had sent. She saw the message from 'Tang Xin'.

Tears flowed down her cheeks and fell silently.

"where's tang xin?" She opened her mouth, her voice extremely hoarse as she stared at his face with burning eyes.

tang yu was sitting in his office chair. he didn't move his lunch box.

in fact, he couldn't move.

he had once thought that there was nothing in this world that he could not solve, and nothing that could trouble him.

but now, he was powerless to do anything.

"qiqi." he opened his mouth and walked with difficulty.

he knew that she would find out, but he didn't think that she would be so shocked so quickly.

pei qiqi's fingers clenched her phone tightly as tears kept falling. her voice was stern, " where's tang xin? "

he finally left his seat and slowly walked to her side. his big palm fell on her shoulder with some hesitation.

PEI Qiqi turned her face and looked at his palm.

"qiqi." his voice was deep, " tang xin, she's gone. "

He's not here anymore, Yingluo.

pei qiqi took a step back and looked up at him in shock.

although she had guessed so, when he said it out loud, her whole world collapsed.

tang xin had lost her brother.

then, what was she left with?

what else did she have?

a brother like tang yu who could do anything?

And a father who could take care of her, Tang Zhiyuan?

She stepped back and looked at him stubbornly, her voice urgent. "i don't believe it. i don't believe a single word!"

Tang Yu, you're lying to me. You're lying! She kept retreating, her thin body trembling like a Reed that would break in the wind.

his heart ached as he pulled her and held her tightly in his arms.

his face was pressed against hers, and her face was filled with cold tears, which were her deepest pain.

She used all her strength to break free, but Tang Zheng pressed her hard in his arms and forced her face to be buried in his arms. He pressed her small head and said in a deep voice, " Qiqi!

he did not know what to say to comfort her. he was in no position to do so.

She even hated him.

In his arms, a scream of pain came out.

she called tang xin's name, desperately called and struggled desperately ...

If he didn't let go of her, she would bite him hard, and his shoulder was slowly stained with blood.

the bright red color spread out on his white shirt, spreading out the mist.

Chapter 720 her hatred, his pain (4)

At that moment, the pain in her shoulder was not worth mentioning compared to the pain in her heart.

She cried in his arms, and the world was spinning.

when pei qiqi woke up, she heard tang yu talking to someone. his voice was low and deep, " "she's fine. you can come and pick her up later."

after that, there was silence.

She opened her eyes and found herself sleeping in his lounge. Tang Zheng was standing straight in front of the floor-to-ceiling window with his back facing her. He was holding his phone in his hand and his hand was hanging down, but his body didn't move.

She was still a little dizzy, but she forced herself to sit up and lifted the quilt.

Her movements alerted Tang Yu. He turned around and his eyes were filled with pain that he didn't have time to hide.

pei qiqi raised her head and looked into his eyes-

Time seemed to have stopped.

She looked at him, and he looked back at her. Everything seemed to have stopped.

After a long time, he walked over and took out a mobile phone from his pocket.

it was tang xin's phone.

Tang Xin left you something. It's all in this phone. his voice was faint and a little hoarse. "daddy will come and take you home later."

He looked at her deeply and longingly. If time stopped, he was willing to do anything in exchange.

after taking one last look at her, he turned around and forced himself to leave.

Tang Zhiyuan's car was already parked downstairs.

"tang yu." PEI Qiqi called out to him.

just as she was about to leave, her body froze. she stood by the door and clenched her fists.

She lifted the blanket and got out of bed. She walked over and looked up at him, a faint smile on her Haggard face. Tang Yu, should I congratulate you? "

He suddenly turned around, his black eyes dyed with a touch of blood.

qiqi, do you know that your few words are enough to pierce through my heart?

His pupils shrank as he stared into her eyes to make sure that she knew something.

pei qiqi took a step back, reached out and pulled something out of her neck. it was the jade he gave her.

With a strong pull, she pulled it off her neck. The thin chain cut her delicate skin and blood seeped out, but she seemed to feel nothing. She still smiled faintly. brother, congratulations.

After she finished speaking, she threw the things in her hands to the ground.

it broke into pieces.

tang mo was in a daze and his eyes fell on the fragments for a long time.

pei qiqi stood there stubbornly and didn't ask for an explanation.

It didn't matter anymore. The child was gone, Tang Xin was gone, and he was going to get married.

xuxu, tang zhiyuan, pushed the door open and saw this scene. he sighed in his heart. what a sin!

he believed that tang yu's heart was broken into pieces like the thing on the ground!

the three of them were speechless for a long time.

After a long time, Tang Zhiyuan finally spoke. He walked up and put his arm around PEI Qiqi's shoulder, "Qiqi, come home with daddy.

As he said this, his nose also turned sour.

Now that Tang Xin was gone, he was willing to pour all his fatherly love on PEI Qiqi. He was also taking care of PEI Qiqi on behalf of Tang Yu.

pei qiqi continued to stare at tang yu. her body was stiff and she refused to move.

Tang Zhiyuan sighed in his heart.

at that moment, xiao ran was trembling at the door. ” president, the meeting is about to start. ”

“I’ll be there in a moment.” Tang Yu’s eyes were still on PEI Qiqi’s face and didn’t move away.

xiao ran ran away with his tail between his legs. she would suffocate if she stayed for another second.
