Chapter 731 tang yu, she's in my bed (4)

Qin Anlan spoke lazily, "you've already broken up with her. Even if there's something going on between us, it's not something immoral, right?" n/ô/vel/b//in dot c//om

tang yu's jaw tightened as he slowly stood up, "what did you do to her?"

"is it important?" Qin Anlan sneered. Tang Yu, shouldn't you be more concerned about your fiancée? not your ex-wife?"

after he finished speaking, tang yu threw a punch over.

Qin Anlan caught it easily and looked at him. "she's having a fever and is all wet. i only helped her change her clothes and you can't take it anymore? tang yu, since you love her so much, why did you let her go? Why did he agree to get engaged to Shen Lian? What kind of deal did you make?"

tang yan squinted his eyes. qin anlan let go of him, "since you are going to get engaged to shen lian, then don't get involved with pei qiqi anymore. it's because of ran ran."

Qin Anlan looked into his eyes and said, "because that would harm her."

tang yu's face was expressionless as he looked at qin anlan.

qin anlan suddenly laughed bitterly. "do you know, tang yu? you should be grateful that she loves you so much. otherwise, i wouldn't have let her off so easily."

tang yu's handsome face tensed up. after a while, he held her hand and left.

As she walked, her phone rang. It was Xiao ran.

xiao ran's voice was a little anxious. "president, qiqi withdrew money twice just now. one time, she withdrew ten thousand from the entrance of president qin's residential area. the other time, she withdrew two hundred thousand from the bank counter on fuli road.

two hundred thousand?

tang mo had already gone downstairs with his phone in hand. he opened the car door with one hand and said, "tell me the exact location."

After Xiao ran said that, he drove over. However, PEI Qiqi was nowhere to be seen.

Tang Yu searched all over City B but he couldn't find PEI Qiqi. It was as if she had disappeared.

She had taken her identification card with her and nothing else. She had never used her bank card again.

Tang Yu believed that she had already thrown it away.

but he didn't ask anyone to report the loss. he felt a trace of luck in his heart. if one day she didn't have any money to use, the card would still be on her.

however, in the end, the card still returned to his hands.

The black gold Card was given back to him by Xiao ran. He gently placed it on the table and said in a low voice, " " president, this was found in the rubbish bin at the entrance of the bank. the surveillance footage showed that qiqi threw it away after she left the bank. "

tang yu sat there with his dark eyes lowered. he quietly looked at the card.

In just a few days, he had lost a lot of weight, and even his face was slightly pale.

xiao ran's heart was-little sad-pei qiqi's departure was a huge blow to the president.

She stood there, wanting to say something, but before she could, the office door was pushed open.

Shen Lian walked in in her seven-inch heels. She first looked at Xiao ran then walked over to Tang Yu.

xiao ran gave a meaningful nod and left.

tang yu glanced at shen lian. his expression was calm as his long fingers picked up the card and put it into the drawer.

shen lian looked at the card and then hugged tang yu's arm. her voice was gentle, " "let's try on the dress together later."

"didn't you already try?" Tang Yu smiled but Shen Lian didn't notice his smile.

but she still endured it. after all, she really loved him. she said briskly, " but you haven't tried it before. Be good, let's go and try it out in the afternoon.

Chapter 732 he made a move on shen lian (1)

Tang Yu let go of her hand without a trace, " I have a lunch meeting this afternoon. Plus, men's dresses are always the same. There's nothing to try on.

the smile on shen lian's face was wiped clean. she stared into his eyes and asked slowly,"If it was PEI Qiqi today, would you go? Would you still be so careless?"

tang yu didn't answer her.

sometimes, silence meant consent.

Shen Lian raised her head, " Tang Yu, you've been looking for her all over the world these days. I endured it! but we're getting engaged the day after tomorrow. are you sure you want to get her back?"

"I've said it before, you're not allowed to interfere in her matters." tang yu's voice was cold.

No matter how much Shen Lian tried to endure, she could no longer hold it in. tang yu, don't forget, you're her dear brother now. are you going to find her and then sleep with her? I'll Be Your Sister while I lie under you?"

"shen lian!" tang yu's voice was even colder, " don't go too far. "

"did i go too far?" "we're about to get engaged. how can a third person be allowed to exist between two people?" shen lian coldly replied.

She could not do it.

“believe it or not, if she appears in front of me, i can save her, but i can also destroy her!” Shen Lian blurted out in a moment of desperation.

but she regretted it as soon as she said it.

She looked at Tang Yu’s cold eyes and felt a chill down her spine. She stuttered, ” Tang Yu, I didn’t mean it that way. I’m just a little angry!

Tang Yu looked at her for a long time and his tone softened, ” of course, I believe you won’t do anything stupid.

With that, he flipped open the document and said indifferently, ” I still have things to do. You can go back first!

Shen Lian still wanted to say something, but Tang Yu’s face was filled with the words “send him off.”

She was a little confused. Were they really going to get engaged? Or was it just her own wishful thinking?

But she didn’t dare to ask, afraid that he would give her a definite answer.

she said the stupidest thing ever, ” tang yu, don’t forget the contract we signed. if you break off the marriage and get together with pei qiqi, then ... ”

“Say no more.” tang yu interrupted her.

shen lian did not say anything for a while. after a while, she still walked out. n/ô/vel/b//in dot c//om

Xiao ran was still standing guard outside. When he saw that Shen Lian’s expression was completely different from when she went in, he sighed in his heart.

why do you have to do this? it’s obvious that the president doesn’t like you.

shen lian arrogantly avoided xiao ran’s gaze. she felt that xiao ran was mocking her.

Xiao ran watched for a long time and was about to return to his office when the elevator door opened and manager Zhu came out.

When manager Zhu saw Xiao ran, he took two quick steps forward and entered the CEO Secretariat with Xiao ran, which was also the most gossipy place in the company.

After a while, manager Zhu held the coffee that Xiao ran had brewed and leaned on the side of his office chair. I saw Shen Lian just now. Don’t be so arrogant. It’s actually nothing. Even if you’re married, you’re not the wife of Sheng Yuan’s President.

“What if she really gets married to the president? what if she keeps coming to us for trouble?” ding was a little worried.

” little ding, you’re thinking too much. what kind of person is the president? would he allow a woman to do whatever she wants in sheng yuan? ”

Oh, ” ding said. It made sense.

They were gossipmongers, and Xiao ran was undoubtedly the one who knew the most, but she did not say a word.

she had a feeling that pei qiqi would come back one day.

she always felt that pei qiqi's departure this time, even if it was her pain, was more of a CEO's helplessness.

Chapter 733 he made a move on Shen Lian (2)

Manager Zhu ran his fingers through his hair and said in a carefree manner, "If this woman dares to do anything to me, I'll tear her apart. At most, I'll quit this job, but I won't starve to death. I hate this kind of white Lotus the most in my life.

A few of the second and third secretaries agreed.

Manager Zhu finished his coffee and sighed. The president used to be a good little sheep. She was young and beautiful. She never caused any trouble at Sheng Yuan.

who said it wasn't! The secretaries spent the entire morning chatting and chit-chatting.

Inside the president's office, after Shen Lian left, Tang Yu looked up from his documents. His gaze was deep. He took out a cigarette from the table and lit it up. He took a long drag and his eyes turned vicious.

That was the ruthlessness that Tang Yu had always shown to others.

The engagement was held two days later at Jin Taihe's hotel. This was arranged by Shen Lian. In fact, from the beginning to the end of the engagement, she was the one who arranged it.

From the media announcement to the engagement venue, the dress, the accessories, and the interview on the day, she had arranged everything well to ensure that nothing would go wrong.  
n/ô/vel/b//in dot c//om

luxurious and low-key. Low-key because Tang Yu was married once!

Shen Lian sat in front of the mirror in the styling salon and looked at her reflection.

"Mrs. Tang, you look so beautiful today." The stylist behind him was also very good at flattering and capturing the thoughts of the potential customer.

As expected, Shen Lian was elated by the words "Mrs. Shen." She looked a little shy, "It's just an engagement!"

As for marriage, Tang Yu never mentioned it.

she didn't dare to ask.

The stylist finally confirmed that there was no problem and smiled. "That's just a matter of time."

Perhaps it was because these words made Shen Lian feel better, Shen Lian could not help but smile.

she was wearing a white off-shoulder dress today, which was very simple and elegant, and the diamond necklace around her neck was very eye-catching.

She was still a little disappointed when she left the salon and got into the black RV downstairs.

Because on the day of their engagement, she wanted Tang Yu to personally pick her up, but he didn't.

She could vaguely feel that she was the only one in the show from the beginning to the end. However, no matter how lonely she was, she had to finish this scene.

because this was her dream for a long time. she wanted to marry tang yu.

He had once asked her how she could continue their marriage if he had no feelings for her body ...

Shen Lian was a little hesitant, but the Devil In Her Heart eventually won over her rationality.

shen lian sat in the car. the chauffeur was from the shen family. after a few words, he started the car.

miss, there are drinks in the front cabinet. I just went to buy them. Do you want a cup? ” the driver asked considerately. he knew that shen lian had come early in the morning to prepare and had not eaten anything.

shen lian shook her head.

The driver didn't force her and continued driving. However, he saw that his miss didn't look too good.

Why did this engagement sound like a divorce?

Sigh, if Mr. Shen was fine, he would never allow miss to be engaged to Mr. Tang. Why did such a good girl have to marry a divorced man?

the driver thought to himself. he looked at the red light in front of him and wanted to stop the car.

However, even after he stepped on the brake, the car did not react at all and continued to drive straight ahead.

There was a truck right in front of them. Seeing that they were about to hit it, the driver hurriedly made a turn, but he hit the green Belt in the middle of the wheel.

with a bang, the side of the car was completely deformed, but the car did not stop. it somersaulted in the air for a while before finally landing heavily on the ground.

Chapter 734 He made a move on Shen Lian (3)

The front of the car was smoking, and the back half of the car was stuck in the ground. Bright red blood slowly flowed out from the back seat and seeped into the cement bit by bit.

The scene was chaotic and there were screams everywhere. Shen Lian tried her best to open her eyes and look around.

She wanted to move, but she couldn't. Her leg was in pain.

She wanted to move, but she found that she couldn't exert any strength. The pain also slowly became numb.

in the end, she fell unconscious.

Half an hour later, the ambulance and fire engine arrived together and helped Shen Lian out.

n/o/vel/b//in dot c//om

at that time, the doctor shook his head when he saw the bloodied foot. he probably had to amputate anything below the lower leg.

When Shen Lian was carried out, she woke up in a daze for a while. Her white dress was stained with blood and there was still blood dripping down.

“Drip, drip, drip. Is it raining?”

however, the sky was clearly blue and white clouds.

shen lian’s eyes blinked listlessly. she blinked very slowly because she felt that she had exhausted all her strength.

why? why couldn’t she cry? it was clearly very painful.

He looked at the sky listlessly and slowly closed his eyes.

Tang Yu, did Hanhan lose her engagement?

after three days, shen lian woke up in the ward.

she opened her eyes and looked around. everything was white.

was she still in the hospital?

a gentle voice rang in her ears, ” “young lady shen, you have finally woken up. you were unconscious for three days.”

Shen Lian looked at him and moved her head. She looked around but there was no one she wanted to see.

” where’s tang yu? ” she asked with dry lips.

the doctor was slightly stunned, but after a while, he seemed to have thought of something and said apologetically, ” “We contacted Mrs. Shen directly. As for Mr. Tang, Qianqian didn’t see him.”

Shen Lian’s listless eyes blinked again.

he didn’t come!

That’s right, why would he come!

shen lian was in a daze for a while before she asked hoarsely, ”Where’s my mother?”

the doctor took the documents from the nurse’s hands and signed them. he answered her while saying, ” mrs. shen came by yesterday. ”

He was here yesterday?

She was still unconscious, and her mother wasn’t there to look after her. Qianqian still hated her, and Shen Zhongshan was more important than her in her heart.

shen lian smiled in a daze. she sat up and wanted to get off the bed to take a walk.

However, when she moved her leg, she felt that her leg was lighter!

she was stunned for a moment, and then she called out hoarsely-

achoo!

her feet, where did her feet go?

Shen Lian's eyes widened and her face was filled with fear. She couldn't say anything and just kept looking at the doctor. Her body started to Twitch and she couldn't stop.

where did her left foot go?

where did it go?

the doctor immediately asked the nurse to hold shen lian down and gave her a tranquilizer.

shen lian's long hair was scattered on the white pillow. her originally wild expression slowly became calm.

her eyes were wide open, and the muscles on her face were still twitching abnormally.

.....

When she woke up again, Shen Lian did not say anything.

No one consoled her except the doctors and nurses.

However, she didn't need the doctors and nurses. She needed her mom and Tang Yu.

but where did they all go?

No one cared about her. She had nothing.

now that she had lost a leg, tang yu would never want her again, yingluo.

No, even if he didn't want her, she would never allow him to be with PEI Qiqi ...

Shen Lian's refusal to receive treatment and talk to the nurses made her the most difficult patient in the hospital. Only her doctor-in-charge, Doctor Zhang, had the patience to talk to her. The nurses tried to avoid her as much as possible. Behind her back, everyone said that she was neurotic.

Chapter 735 He made a move on Shen Lian (4)

shen lian actually heard it. yes, she's a lunatic. she has already lost everything. there's nothing else to lose, yingluo.

she started to go crazy and didn't even eat. she screamed hoarsely and asked tang yu to come see her.

after knocking over all the food again, the nurse cleaned up the floor and closed the door.

No matter how good-tempered she was, she still had to complain. who does she think she is? even if she doesn't want to come, she's begging him. She might not even come. Besides, she doesn't even have a leg. How can she dream of a man like Mr. Tang marrying her? ”

In fact, the news had already spread. Shen Lian and Tang Yu's engagement had never been announced by Sheng Yuan Corporation. That was why Shen Lian was in the hospital and Tang Yu had not come. The public was saying that the Shen family had inherited mental illness. Didn't that cause Shen Zhongshan to become mentally challenged?

Perhaps that engagement was Shen Lian's own doing.

As the two young nurses were talking, Doctor Zhang happened to come over and hear them. He stopped in his tracks and said in a gentle voice, "you lost your temper again?"

"that's right, doctor zhang. if it wasn't for the hospital's rules, i would really want to throw the food on her head." a young nurse snorted.

"the patient can't be emotional," doctor zhang chided. "we have to be patient."

The nurse was not convinced, but she only dared to mumble, "she's already in this state, but no one came to visit her. This means that she's not a good person."

doctor zhang still wanted to say something, but the nurse saw that he was usually easy to talk to, so she dared to make a joke. "Doctor Zhang, don't be soft-hearted just because she's pretty."

After saying that, he turned around and ran away.

doctor zhang shook his head helplessly. he pushed the door open and walked in.

Shen Lian laid there without moving. She looked at the ceiling and said, "why didn't you ask him to come? why didn't he come?"

doctor zhang stood there and looked at the pale, disheveled, yet beautiful woman.

in fact, even though she was so miserable and without a leg, he still had to look up to her.

because of the power behind her, because she wanted to marry a man like tang yu.

that was why he would not tell her that they had known each other before.

However, she had forgotten.

that night at the bar, when she got drunk and wanwan was there, he was the one who had sex with her.

he knew that he was just one of her countless men. he knew that having sex with her that night was like drinking a cup of poison.

however, he still couldn't control it.

he couldn't help but want her like that. he didn't sleep all night and was excited.

At this moment, she was so weak, completely different from the her that night!

However, as he looked at her, he still felt a little moved.

He was destined to keep this feeling in his heart for the rest of his life because he knew that there were some things that were destined to be unsolvable, such as power.

And he didn't have such great ambitions. He just wanted to be a Doctor Who saved the dying and helped the injured.

the moment doctor zhang pushed the door open, shen lian threw something at him. it grazed his forehead.

a stream of red blood flowed down from his forehead. doctor zhang reached out to wipe it away. it was a little hot.

He quietly cleaned it up with a tissue and then said in a low voice, ” “It’s not that you can’t walk. The 3D printing technology is so mature now, and it can make very convenient artificial limbs.”

Shen Lian suddenly sat up and looked straight at Doctor Zhang.”An artificial limb? You want me to wear an artificial limb? you’re not joking, right?”

Chapter 736-we found Qi Qi!

She waved her hand. get out! I don’t want to see you, and I don’t want to wear that stupid artificial limb. Even if I can’t walk for the rest of my life, I won’t wear it!”

Because she was too agitated, she seemed a little hysterical. She sat there panting and stared at Doctor Zhang with her eyes wide open. don’t try to convince me with your big talk! i’m telling you, i won’t do that even if i die.”

Doctor Zhang smiled. alright then! miss shen has a lot of money. i think it would not be a problem to hire ten people to carry her here and there every day. oh right, the stairs are more user-friendly now, and they’re especially for the disabled!”

shen lian originally thought that he would continue to persuade her and was prepared to continue throwing a tantrum. however, when doctor zhang said this, she was so angry that she couldn’t say anything.

Doctor Zhang helped her lie down and said with an indifferent expression, ” “if you don’t want to be in a wheelchair for the rest of your life, then be braver.”

he paused,’with the current technology, you can make it completely undetectable. of course, you have to work hard. it might be a little tough.”

Shen Lian sneered,”then what about my husband?” When he makes love to me, does he want to take off the dead, fake leg?”

Doctor Zhang was stunned for a moment before he said softly,”if he loved you, he wouldn’t care about all this.”

“he doesn’t love me!” shen lian’s voice was sharp,”are you very happy?” if he doesn’t love me, will he hate me even more in the future?”

She raised her empty leg. see that? No man would like legs like that.”

Shen Lian had a sinister smile on her face. So what if Tang Yu didn’t like it?

he didn’t dare to break the contract. the contract he had signed with her was enough to restrict him.

Unless she died!

suddenly, shen lian’s expression changed.

She was dead!

she died?

Who benefited the most from this?

yes, there was no benefit for tang yu. he couldn’t have everything jin taihe had. but if she died, he would be free!

shen lian's body trembled. her fingers covered her face and she desperately grabbed yingying.

no, it won't, it won't, yingluo

she desperately said, "no, it won't ..."

shen lian's face was filled with tears. she could not take this stimulation!

.....

sheng yuan's office.

Tang mo stood quietly in front of the floor-to-ceiling window, a cigarette in his hand.

ever since pei qiqi left, he never left his cigarette.

the phone in his pocket rang, and he picked it up.

The person on the other end said something that made Tang Yu sneer.

it was her luck that she didn't die!

"no need." tang yan said coldly and hung up the phone.

It would be impossible for him to succeed again in the future. He did not need to use the same technique twice.

Shen Lian, this is for what you did to Qiqi and for what you did to her that time.

as for the rest, our yingying will slowly calculate it. Nôv(el)B\\jnn

Xiao ran pushed the door open and entered. He greeted the president.

when tang yu turned around, he couldn't hide the viciousness in his eyes. even xiao ran, who had been following him for a long time, couldn't help but be surprised by the president's low profile.

However, Xiao ran was also a veteran, so he quickly adjusted himself and said softly, " "president, we've found miss pei's whereabouts."

Tang Yu's fingers trembled as he held the cigarette. He looked deeply at Xiao ran then took a deep puff. where? " he asked.

"City H." "i'm studying photography at a university. i'm working part-time," xiao ran replied in a short and direct manner.

She paused. I rented a small suite in the suburbs. I live a simple life.

when xiao ran said this, she was actually quite impressed by pei qiqi. after walking such a busy road, she let it go just like that.

Chapter 737-found Qi Qi!(2)

200,000 Yuan was not enough to lead a good life in city H. It was just that small suite. The monthly rent was 3000 to 4000 Yuan, and there was also food, extra food, school fees, and so on.

Tang Yu walked over and stubbed out his cigarette in the ashtray, " give me the address.

xiao ran was already prepared. he handed the note to tang yu and left.

Tang Yu lowered his head and read it over and over again. His hand holding the note was white and deep in his heart.

Three days later! at the entrance of H.

A black RV stopped at the school gate. The cool body of the car attracted the curiosity of some students.

Tang Yu sat in the car and silently looked at the door.

the car window was rolled down a little. he smoked his cigarette and occasionally flicked the ashes out.

Although it was a University, some girls, especially the good-looking ones, often drove all kinds of luxury cars.

a car that cost more than 20 million yuan was parked here, so it naturally made some of the school's most beautiful girls want to move.

A woman immediately opened the car door and asked softly, "A few bottles of water a night?"

This was their secret code. A bottle of water was 1000 Yuan.

Tang Yu continued to smoke and his voice was cold, "get out.

A certain school beauty had never been humiliated like this before. If it wasn't for the car and the man's good looks, she would never have taken the initiative to be friendly.

He slammed the door shut and left.

Tang Yu's brows were locked together. PEI Qiqi found such a random University?

H University? n/o/vel/b//in dot c//om

It didn't live up to its name.

he sat there quietly, not knowing what he was waiting for.

Perhaps, just to see her Yingluo.

After sitting there for half an hour, PEI Qiqi finally walked out of the school.

from a distance, he was still very thin, but his complexion was better.

She was wearing an ordinary black t-shirt, a pair of jeans, and a dark trench coat. Although it was simple, it was very elegant.

she held a stack of books in her hands as she slowly walked out of the school and towards the bus stop.

She stood there and waited for five minutes before she got on a bus. Tang Yu followed behind in his car.

After five or six stops, PEI Qiqi got off the train. Tang Yu watched as she walked into the subway station.

he immediately stopped the car and threw the thousands of cars on the road, then followed them into the subway.

He was afraid she would see him, so he followed Hanhan from a distance.

he watched as she bought the ticket slowly and stood there quietly waiting for the train.

she was always calm, so calm that no one could sense her existence. tang yu's heart ached when he saw her.

she was so calm on the outside, but what about her heart? Was her heart at peace?

were there still thousands of wounds and holes there, or had they healed?

if tang mo had to choose, he would rather she be in a bad shape or be riddled with wounds.

'Qiqi, it may be painful, but I hope you will be in pain. Because one day, when your wounds are healed, I will no longer have a place in your heart.'

The train arrived. She got on the subway, and he followed her to another carriage without her noticing.

He knew where she lived, which stop she would get off at, and even knew that she would go to the coffee shop to work at six O'clock in the evening!

pei qiqi entered an old four-story building. it was real and very old.

The red brick house had long been covered in stripes and looked dilapidated. There were some green vines crawling on the walls, which added some business.

tang mo stood below, his heart aching.

his qi qi lived here!

However, he had no choice. He could only stand there and not even provide her with a better life.

he could force her to go back, but she would run away.

he believed that he would never be able to find her again!

Chapter 738-we found Qi Qi (3)

PEI Qiqi returned to her apartment and leaned against the door to calm herself down.

after all, her body could not be compared to before and she got tired easily. moreover, after such a long time, her face was still pale.

He opened the refrigerator, took out the ingredients, made a simple dish, and placed it on a plate with steam rising from it.

she sat alone at the small dining table and ate her dinner.

however, as she ate, she started to whine because she was not used to it.

Her eyes were a little sore and she put down the fork in her hand.

he just sat there in a daze!

After a long time, she clenched her fist again and began to eat the noodles that had turned cold.

pei qiqi, it's nothing. you can start over.

She could forget about her injuries and forget about Tang Yu.

He went back to his room and sat on his bed to sort out the lecture Notes for the day.

She studied photography in H University, which was not a formal course. It was a cooperation between an external training class and H University. She could do an internship after one year.

when she saw the recruitment advertisement, she decided to go without hesitation, mostly because she wanted to have something to do, and also because she felt that she could run around the world with her camera. n/o/vel/b//in dot c//om

However, when she went over, she found out that it was a class organized by a magazine to train photographers. The magazine was quite famous, but it seemed that no one believed it. In the end, there were only four people in the class, three girls and one boy.

PEI Qiqi quietly watched for an hour. She rubbed her eyes and took her phone to look at the time. It was already time for her to start work. She put on a jacket and changed into slippers. Then, she carried her bag and went out.

it was only a few bus stops away from the cafe where she worked. under the setting sun, she stood under a France sycamore tree and saw the bus on route 52 coming. the bus slowly stopped and she got in.

the black sports car followed the bus, and the body of the car glowed a faint golden under the setting sun.

He followed her and watched her walk straight into a Starbucks. She had changed into her work clothes, tied her long hair into a ponytail, and did not put on any makeup. Her elegant appearance attracted a lot of attention.

she stood behind the cashier and smiled as she served the customers.

tang yu sat in the car outside and looked at her. he felt that her smile was tired.

His gaze was locked on her, watching her work, watching her live, watching her smile.

Tang Yu's body leaned against the back of his seat and he let out a long breath!

There were clearly a few cashiers, but there were the most male customers behind her. He saw that there were about five or six men standing in front of her cashier counter, and his dark eyes were filled with displeasure.

the car window rolled down, and he saw two little girls passing by. he called out to them.

He took out two thousand dollars from his wallet. this is for you. Go to counter number three and buy fifty cups of coffee.

The two girls were going to go in for coffee too. But now, they looked at Tang Yu as if they were looking at a lunatic.

but looking at grandpa mao's white skin, he decided to do it.

“don't tell anyone.” Tang Yu said lightly.

the two girls didn't understand at first, but when they got to line up on the third, they saw that the girl at the cashier was particularly beautiful. so the legendary cinderella really existed, but she had to be beautiful enough!

Fifty glasses would take PEI Qiqi a while to finish. However, this saved her a lot of effort. Customers came one after another and she was tired. It was much easier to deal with all of them in one go.

It also gave her time to let her imagination run wild.

The two little girls giggled as they sent messages to all their friends to come over for free coffee.

Chapter 739 we found qi qi (4)

outside, it started to rain.

when pei qiqi got off work, the rain was heavy and there were very few people outside.

the dim yellow streetlights were wet from the rain, so the light they gave off was cold. she stood at the door of the shop and waited for a long time, but the rain did not show any signs of stopping. it was about a five-minute walk from here to the station.

Tang Yu's car was parked 50 meters away. The car lights were on and the windshield wipers were running non-stop. They were also blocking his face.

he watched as she stood there, hesitating, covering her head with her coat and running toward the train station.

Every step he took was so clear that he stepped on the cold puddles of water in the quiet night.

just like that night when they first met, she had also run towards him like this!

the windshield wipers kept on running, shattering tang yu's expression.

finally, she passed by his car, but it was just a flash ...

It was as if she had only bloomed and then disappeared in his life for the past year.

She was in the rain, and he was in a daze in the car.

Tang Yu's eyes were a little wet as he watched her walk to the bus stop. She took off her jacket, looked at it, and then hugged it.

she must be very cold!

the bus station was deserted, and the bus took a long time to arrive. there wouldn't be too many pedestrians on a rainy autumn night.

pei qiqi stood there alone. she looked all alone, making her look even more slender.

He remembered that she had also gained some weight after being raised by him, especially her stomach, which was soft and tender. n/o/vel/b//in dot c//om

Tang Yu parked his car far away and looked at her. He picked up his phone and dialed a number, "I'll arrange for a bus on Route 52 to pass by on route 00."

He didn't know who was on the other side, but he still went to make arrangements. It was not a bus company but a brand new bus with a 52 sign on the front.

Later on, the car would appear at a certain time and the only passenger was PEI Qiqi.

Not long after, the 'bus No. 52' slowly arrived, crushed the cold water, and stopped at the station with a squeak.

tang yu watched as pei qiqi got into the car and started the engine.

Behind his car, a real bus on Route 52 slowly drove into the station. The driver rubbed his eyes. Did he see wrong? the bus in front was on Route 52!

But if that was Route 52, was he driving a fake bus?

.....

PEI Qiqi returned home and walked up the dark corridor.

this building was old, and the corridor was the type that was outdoors. it was a little slippery when it rained.

Tang Yu parked the car and watched her go upstairs. He watched her disappear at the top of the stairs.

He rolled down the car window and looked up at the direction of the second floor. He saw that her lights were on.

after staring at him for a long time, his eyes grew a little hot. he reached out to take the cigarette box from the control center and lit a cigarette. the red cigarette butt reflected on his face, making him look so desolate.

Upstairs, PEI Qiqi took off her wet clothes and took a hot shower.

Halfway through, there was a sudden power outage, and the entire building was shrouded in darkness.

Tang Yu sat in the car and heard a scream. It sounded like PEI Qiqi's.

He looked up at the dark window. There was a power outage.

however, it was only for a short while before the electricity was restored and the world lit up again.

Tang Yu had already gotten out of the car because he was worried. He looked up at her window.

The small bedroom and the outside world were just a thin curtain, and it really couldn't hide anything.

he could even see her wearing white pajamas and drying her hair by the window.

It was faint, and although it could not be seen clearly, it could not stop others from peeking.

tang zheng pursed his lips. after taking two puffs, he put away the cigarette in his hand and went into the car to make a phone call.

a day later, when pei qiqi returned, she realized that her curtains had been changed. they were replaced with two layers. one was a thin layer of gauze on the inside and the other was a thick layer of cloth.

She called the landlord to thank him. She had asked him to change the curtains before, but the landlord had not been willing to do so. This time, he had changed the curtains so readily, and the color was her favorite. Nôv(el)B\\jnn

The landlord accepted her thanks and looked at the passbook in his hand with mixed feelings. She had already sold the house at twice the market price. Also, PEI Qiqi's rent will be returned to her in the future.

there was only one condition-whatever pei qiqi asked for, she had to agree.

Just like that, Tang Yu followed PEI Qiqi without being noticed. He looked into her eyes and tried to find a trace of her reminiscence of the past, but he didn't.

There was not a single trace of longing for him on her face.

it was as if she should belong here, as if she had forgotten about him.

She lived a peaceful life. She went to school, went home, and went to work. Her life was simple and self-disciplined, but in his eyes, she was living too hard.

the baby that he held in his hands was now in a southern city, living alone in such a hard life.

Was she planning to not see him for the rest of her life?

he knew that it was useless to follow her like this, but he still followed her uncontrollably.

Looking at her cold little face, his heart would ache, but when she smiled occasionally, he would also smile and tease her.

a few days later, a phone call forced tang yu to leave.

He did not return to B city but flew directly to the United States.

He stayed there for a whole month, and it was already late autumn when he returned to B city.

On Monday, Tang Yan went to the company. As soon as he got out of the elevator, Xiao ran followed him. President, President Shen is here.

tang yu's steps stopped. as he walked, he said, "she's been discharged?"

xiao ran acknowledged him and hesitated. "President, President Shen didn't come alone."

"What?" tang yu tilted his head.

before xiao ran could say anything, a familiar person slowly walked out from the side.

Meng Qingcheng!

Tang Yu looked at him and smiled bitterly, "qingcheng, don't tell me you're back for work?"

"Of course not." shen lian's voice sounded.

she slowly walked over in her wheelchair and looked up at tang yu. she said word by word, "Right now, Meng Qingcheng is the General Manager of Jin tai he's headquarters. Tang Yu, what are your thoughts?"

Tang Yu smiled and walked into his office, "what do you want me to think?"

shen lian was a little angry and gritted her teeth.

“I’ll go make some coffee,” Xiao ran said with a smile.

as she spoke, she looked at meng qingcheng in confusion.

No matter what, Meng Qingcheng couldn’t hang out with someone like Shen Lian. He felt like this world was a fantasy.

Tang Yu was already sitting behind his desk. His ten fingers were placed on the table in a pyramid shape. After a while, he said, ” I thought that the one who followed you here would be your lawyer and not Qingcheng.

Shen Lian lifted her chin, ” Tang Yu, you know what I want.

Tang Yu’s deep eyes looked at her for a long time before he smiled, ” “Yes! However, Shen Lian, I have never thought of breaking the marriage. As the future Mrs. Tang, you are overthinking.”
