

## Thank you 761

Chapter 761 Another meeting (4)

The entire scene was silent. Everyone was shocked by the sound of the slap.

Oh my God, did PEI Qiqi get hit or did PEI Qiqi hit someone?

someone carefully lit a lamp.

In the dim light, she could only see PEI Qiqi and an extremely handsome, noble, and unparalleled man standing face to face in a daze.

That scene was really, really beautiful.

“who are you?” her colleague, amy, asked softly, “what’s your relationship with pei qiqi?”

AI, I saw it, it was PEI Qiqi who hit him. There was a five-finger mark on handsome Pan’s face!!!

looking at the entanglement of their gazes, it was definitely the appearance of lao ai, who had once had a treacherous gaze, being a living infatuated man and an abandoned woman.

Almost at the same time, Tang Yu and PEI Qiqi spoke-

“Ex-husband.”

“Brother and sister,”

Ex-husband? Brother and sister?

That was a lot of information!

the onlookers felt especially excited. even old kan opened his squinted eyes to a slit.

“old kan, are you jealous? the main character is here.” the editor-in-chief smiled evilly as she looked at this man and woman. however, after a while, her delicate body trembled!

“f \* ck, isn’t that mr. tang?

The top celebrity of B city! the richest of the rich

he actually had an affair with pei qiqi from their magazine agency!

the managing editor looked at pei qiqi as if she was the star of South Africa. she was full of love.

On the other side, Tang Yan frowned and looked at PEI Qiqi, ” “when did we become brother and sister?”

the people around them quietly retreated, leaving them some space.

and the managing editor was smart enough not to pay. anyway, with the star of South Africa, he could play again next time with the funds!

Only the two of them were left at the scene.

pei qiqi raised her head and the tears in her eyes fell slowly. she told herself not to cry. it wasn't worth it.

But she couldn't help it.

His heart was in so much pain that it was unbearable.

She raised her head, gave him another slap, and turned to leave.

his arm was caught.

she could not leave.

Tang Yu didn't say anything. He just grabbed her.

other than the night she was drunk, they had never been so close to each other face to face. he knew that she had slapped him because of that night.

in her heart, they were siblings, and he had slept with her again.

"mr. tang, let go." PEI Qiqi's voice was low and hoarse, with a suspicious nasal tone, "since it's been so long, why did you still appear!?"

tang yu held onto her. his deep eyes stared at her side profile but he still didn't say anything.

PEI Qiqi tried to break free but didn't.

her emotions had reached a peak. she turned around and stared at him with tears in her eyes. there was a cold smile on the corner of her mouth. he likes to sleep with his own sister?"

"qiqi," he called her name in pain.

She took a few steps back and sneered, "you disgust me!

after he finished speaking, he took a few quick steps. this time, he hugged her from behind.

tang yu rested his face on her neck and didn't say anything.

he missed her.

He really, really missed her.

For so many nights, so many times, he had followed her and stood below her building. He could only watch her in a daze.

he fantasized about hugging her, even if it was just for a second.

That night was an accident. If he didn't taste that feeling again, he thought he would be able to keep his cool and not rush out like a young boy tonight just because PEI Qiqi might kiss another man.

"Mr. Tang, aren't you afraid that your fiancée will have a hard time explaining herself if there are rumors?" PEI Qiqi raised her head, closed her eyes, and said ruthlessly.

Chapter 762 She's crying (1)

Tang Yu's body froze.

Then, he slowly let go of her.

just when pei qiqi thought he was going to let her go, her waist suddenly tightened and she fell into a warm man's embrace.

he held her, a fire burning in his dark eyes, like the brightest blue fireworks in the night sky.

It was deep and quiet.

it also seemed like it would explode at any moment.

she was restrained by him and glared at him angrily, her whole body trembling.

at this moment, anger and humiliation washed over her entire perception. she heard herself ask sharply, " "mr. tang, are you really that desperate?"

perhaps she had provoked him, all the forbearance he had turned into anger. he lowered his head and kissed her little mouth.

he kissed her so passionately and deeply. he kissed her so hard that it felt like it was the last time he would do it.

he cupped her palm-sized face with both hands and pinched her small chin to prevent her from biting it. he kissed her very deeply and wrapped her with his lips, lingering and lingering.

pei qiqi's body stumbled back, back, and back. in the end, she hit the wall.

their bodies were pressed against each other. their bodies had been empty for more than a year. even after that night, they were still incredibly sensitive. because of this kind of contact, they all sighed and moaned, ready to fight at any moment.

he kissed her, but he was no longer so rude. he gently licked the corner of her mouth and kissed away her embarrassment.

pei qiqi probably came back to her senses as she started to struggle again. however, she couldn't avoid him kissing her neck and the back of her ear, her most vulnerable spot. if he kissed that spot, she would completely melt into water and be at his mercy.

They had been together countless times, and he knew her weakness very well. He knew how to make her soften up.

pei qiqi raised her head and allowed him to kiss her as he pleased. she was both embarrassed and angry. she clenched her fists and hit his shoulders.

like a desperate little beast struggling in its death throes, the joy of the body was magnified countless times because of the long empty window.

Just being kissed by him like this made her body burn, and her feet quietly tiptoed.

but her heart was cold. how could she, how could she do anything with tang yu again?

PEI Qiqi's eyes were filled with sorrow. Tears fell from her eyes and flowed down her face to her neck.

Tang Yu tasted the saltiness of the food so he suddenly stopped.

She cried.

She cried under his kiss and touch.

his tall body was so stiff that it was unbelievable. he slowly stopped, then looked up at her in a daze.

Her face was covered in tears, especially her eyes, which made people's hearts tremble.

Tang Yu clumsily reached out his fingers to wipe the tears from her eyes. At this moment, he was at a loss.

She was like a child who had done something wrong.

pei qiqi supported herself so that she wouldn't fall. she looked up at him in a daze.

under the dim light, they looked at each other, but they could not go back.

"let me go, leave me." She leaned her head against the wall and said softly.

Tang Yu was still holding onto her. His body moved but he didn't let go.

she slapped him again, and his face turned to the side.

his handsome face was a little red, but he didn't say anything. he turned back and continued to look at her deeply.

Just looking at him like this, to Tang Yu, it was already heaven.

So many times, he could only follow her from a distance and look at her from a distance.

pei qiqi stubbornly looked back and slapped him again.

The sound of a slap was especially clear in the empty restaurant.

Chapter 763 she's crying (2)

In fact, it was not that there was no one there. The waiter and the cashier were hiding under the counter, secretly saying, "do you guys think we'll kiss again?"

"i dare say that if the female lead hits you again, the male lead will kiss you again!"

"then, will we be having a live-fire drill here?" the little worry from before.

"it's fine. the reason why the male lead can be called a male lead is that he's so powerful that he'll be fine even if he shatters all the tableware in the dining room (this is amazing)! Did you see that? the watch on the male lead's hand is worth at least one or two million."

so, this wasn't a big deal. the main thing was that the man wanted to feel good!

they discussed yingying in low voices.

On the other side, PEI Qiqi's tears fell again. Again, again, again, she really slapped him again!

wow, he's been slapped again.

It was so exciting!

the few of them covered their faces and secretly looked at yingying.

tang yu's pretty face took a few hits and his eyes turned dark. he lowered his head and his long fingers slowly touched her face. his voice was deep and hoarse, " PEI Qiqi, you dare to hit me like this because you think I love you.

"Don't insult that word, Mr. Tang. You disgust me." pei qiqi glared at him with a small flame in her eyes.

Tang Yu's gaze deepened. His fingers paused and he pinched her little chin. His thin lips touched her lips and he whispered into her little mouth, " "It's disgusting, but you enjoy it."

once again, he kissed her thoroughly. she struggled with all her might, but to no avail.

This pervert!

PEI Qiqi's body was pinned down 360 degrees without any blind spots or gaps. Their lips and tongues were entangled and the sounds they made were embarrassing.

the little shop assistants were very satisfied.

Wow, it's so intense, Yingying. It's much more exciting than on TV.

moreover, she could really feel the male protagonist's male hormones, as if he was going to tear the female protagonist's clothes in the next second and have a happy rape scene.

however, these were all just his imagination.

Tang Yu's kiss slowly became gentle. He licked the corner of her mouth and her neck as if he was comforting her.

no matter what, he couldn't want her in this situation.

That night, under the cover of the alcohol, the darkness, and her unconsciousness, none of them mentioned what happened that night.

That night was a taboo between them.

When they were awake, he couldn't sleep with her, his own sister, as an older brother.

finally, he let go of her lips and took a step back.

pei qiqi forced herself to stand up straight and looked at him. after a while, she picked up her things and ran towards the entrance of the dining room.

tang mo stood there and watched her back before slowly chasing after her.

he was stopped at the counter. " sir, i haven't paid yet. the total bill for tonight is 37000. "

tang yu threw down a card, " the password is the last six digits. "

After he finished speaking, he quickly walked out.

PEI Qiqi had already walked about 100 meters. Tang Yu followed her and she reached out to call for a taxi. However, it was peak hour and no one was willing to take them.

she walked like this with tang yu following behind. luckily, she was wearing flats, otherwise, her legs would have been broken.

Under the dim yellow street lights, PEI Qiqi would stop to hail a taxi after walking for a while. Then, she would give up and continue walking.

Tang Yu followed behind her at a steady pace. As he watched her back, he remembered that night on Chinese New Year's Eve two years ago. She got drunk in front of Sheng Yuan's building and he was the one who carried her back.

Chapter 764 Leave me, abandon me (1)

That night, it was snowing, and it was a very sweet night.

That night, she hugged him and said, " I only like Tang Yu. that night, she called him daddy Yingluo.

she was singing on his back, forcing him to say that she sang well ...

actually, qiqi, your singing is really bad, yingluo.

Tang Yu was wearing a thin trench coat. He looked very handsome and naturally became a sight to behold as he followed behind a beautiful girl.

Slowly, people began to secretly look around, and then they openly looked at Yingying.

Tang Yu didn't mind, but PEI Qiqi couldn't take it anymore. She turned around and stammered.

he slowly walked to her. " qiqi, are you tired? "

Her nose was a little sour.

She was very tired, not physically, but mentally.

Just like that, she raised her head and looked into his eyes that were looking at her. They reflected the glorious lights of city H and the past that had nothing to do with him.

Tang Yu, don't follow me anymore, " she looked at him calmly with a deep hurt in her eyes, " "It's impossible between us."

If possible, you wouldn't have abandoned our child.

at that time, she had begged him so much that she didn't even care if they were blood-related. she just wanted to be with him.

but he didn't want her. he didn't want their child.

"what am i to you now? am i considered the mistress of your marriage to shen lian?" PEI Qiqi's pale face revealed a cold smile, " do you want me to do that? you want me to be with you and never be able to see the light of day for the rest of my life, and never be able to have children? Isn't that right?"

tang yu's lips moved. he wanted to say that he and shen lian weren't married.

but now, these words were pale, powerless, and even more despicable.

He looked at her for a long time and finally sighed. I'll send you back.

"Don't!" Her emotions reached their peak and she took two steps back, " don't want Tang Yu! leave me, abandon me!"

in fact, she had already given up a long time ago. now that she was like this, didn't she feel embarrassed?

She would never be his sister in this life, and she would never be his shameful mistress.

No matter how useless she, PEI Qiqi, was, she didn't want to love the murderer who killed her child.

Yes, the murderer.

There was an unconcealable hatred in her eyes. That hatred was like a knife that stabbed into Tang Yu's heart.

Tang Yu looked at her with a pained expression. His muscles twitched and all the energy in his body seemed to have been sucked out.

he looked at her with pain in his eyes.

What did she think of him?

Was he just a bastard and pervert who wanted to sleep with his own sister?

Tang Yu chuckled. He leaned against a tree and took out a cigarette. After taking a long drag, he looked back at her.

pei qiqi's body was a little stiff as she stood there and looked at her little face. she had a stubbornness he was familiar with.

Tang Yu stood up, " I'll send you back.

They didn't know how long they were in a stalemate. In the end, she walked in front and he followed behind. Just like that, they walked in the moonlight, one in front and the other behind. Hanhan could no longer hold his hand, he could no longer carry her on his back, and she could no longer stick close to his back and sing bad songs into his ears.

finally, they arrived at her apartment building.

It was almost midnight. PEI Qiqi felt like her legs were about to break. She didn't know how she managed to hold on.

She paused for a moment and turned around at the top of the stairs. She looked at Tang Yu, " "I'm here."

He held the cigarette between his fingers and leaned against the wall. He nodded and did not say anything.

PEI Qiqi looked at where he was standing and softly asked, " "you've been here before?"

Chapter 765 Leave me, abandon me (2)

"Yes, many times," tang yu looked at her. under the moonlight, his eyes were so deep that they seemed bottomless.

pei qiqi pursed her lips but didn't say anything. she went upstairs.

tang yu stood there and looked up at her slowly disappearing figure.

The only thing that accompanied him was the long night and the small cigarette between his fingers.

PEI Qiqi went upstairs. She stood by the window and looked out. Tang Yu was still standing there. He didn't look like he was going to leave. Beside him, a black sports car slowly stopped.

pei qiqi drew the curtains, turned on the lights, took her clothes and went to take a shower.

She stood in the warm water and felt the hot water wash over her. She raised her head and closed her eyes slightly. She could feel her body trembling slightly.

Every time she thought of that night, she would feel guilty.

that was her brother yingying.

when she came out, she wrapped herself in a bathrobe and dried her hair. she then went to the window and lifted a corner of the curtain to take a careful look. he was still there.

tang yu probably felt her gaze so he looked over.

pei qiqi pulled down the curtains and stood there silently for a while. then, she leaned against the headboard.

There was a book on the bed. She picked it up and read it silently.

It was a fairy tale, and she had flipped through it countless times. When she was pregnant, she would read Yingluo every night.

She remembered that sometimes, when she was telling stories, the little guy in her belly would wriggle briskly as if he was very happy.

She had truly felt the child's existence.

all of a sudden, she lost her child and had an older brother, yingluo.

PEI Qiqi closed her eyes and a cold smile appeared on her lips. What did she want her brother for? what she wanted didn't get Wanwan in the end.

pei qiqi didn't sleep well that night.

She woke up in the middle of the night because it was raining outside.

she lay on the bed for a long time, listening to the autumn rain outside.

she robotically got up and pulled open the curtains. a cool breeze hit her in the face.

The figure was still standing in the drizzling Street.

there was some stubbornness, some loneliness, and also some unspeakable heartache.

Tang mo raised his head and looked at her.

their eyes met in the dark. although they were a little far apart, they were familiar with each other.

the dark night really couldn't stop any rustling.

she just looked at him and then slowly pulled the curtains.

Leaning against the window, she looked up and told herself, " PEI Qiqi, stop looking. It's all in the past.

Love or hate doesn't matter, sob sob

He had completely forgotten.

yes, forgetting was the best ending ...

She did not go back to sleep. Instead, she went to the kitchen to clean up and make herself some supper.

However, as he was doing this, a bowl of chicken noodles was placed in front of him.

pei qiqi looked on in a daze. her eyes felt hot and her tears fell into the bowl drop by drop.

But she did not move. She just stood there, letting her tears fall and letting her wounds tear open ...

Again and again.

She squatted down, hugged herself, and sobbed softly.

she wanted to tell herself that this was nothing and that everything would be fine.

however, she couldn't stop crying no matter how hard she tried!

because of the lack of sleep and her crying, her eyes were swollen like walnuts the next day. it was obvious even with makeup. she was wearing a grass green dress and a white knitted jacket. she carried her camera bag and went downstairs.

Tang mo stood next to the car, his eyes deep."Have you had breakfast?"

PEI Qiqi looked at him indifferently and didn't say anything. She walked towards the bus stop.

After taking two steps, she turned back, " Tang Yu, do you want me and your sister to be your slave? "

Chapter 766 leave me, abandon me (3)

Tang mo was startled.

pei qiqi didn't say anything more and quickly walked to the bus stop.

her eyes were a little hot, but she didn't regret it.

Perhaps it was because she hated him from the bottom of her heart. Even if the child should not have existed, it was still their child, and it was already seven months old!

yingluo was gone just because of his disagreement.

When the bus arrived, she did not turn back to look at him.

when she arrived at the magazine agency, she received a lot of 'caring' gazes the moment she entered.

especially amy, who checked pei qiqi from head to toe and said with a strong 'en', " "The area between his eyebrows is black, his face is covered in peach blossoms, his eyes are blurred, and he's swollen like a walnut! Tell me, how many times did you fool around last night?"

PEI Qiqi sat in front of her office desk and said with a calm face, " "is there? It's a pity that there isn't."

“Stop it!” Amy, of course, wouldn’t give up. She winked at him. your boyfriend, right? ” or an ex-boyfriend? if they’re good, then bring them to meet us, so we can extort them.”

the main thing was that she could tell that the man had an elite aura. when he stood next to pei qiqi, they looked like a couple.

Moreover, the electricity in their eyes and the compatibility of their kisses made it impossible for them not to have any lecherous eyes.

PEI Qiqi squeezed out a smile, ” we broke up, so there’s no more bamboo pole.

Amy still wanted to say something, but she interrupted, ” PEI Qiqi, the managing editor is looking for you. It could be considered as helping PEI Qiqi out of her predicament.

Amy and the others looked like they were waiting for her to come back but still wouldn’t let her go. PEI Qiqi felt helpless. She got up and followed old kan. She heaved a sigh of relief, ” “thank you, master.”

Old kan showed his white teeth. first, the managing editor is really looking for you. Second, I also want first-hand information.

PEI Qiqi glanced at him.

“is this the pretty boy you couldn’t forget in B city?” Old kan patted her shoulder and said,”you’re not bad!” Are you living well?”

pei qiqi almost choked. she stared at old kan with tears in her eyes.

“what is there to be embarrassed about? We artists should appreciate the most beautiful things in the world. The combination of the spirit and the body is the most wonderful, right?”

at this moment, pei qiqi was already standing at the door of the managing editor’s office. she glanced at old kan, ” it’ll be perfect if you add in rmb! ”

“As expected of someone I’ve taught.” old kan’s face was thick, just like his big beard, so deep that you couldn’t see the bottom.

pei qiqi knocked on the door and went in. old kan threw an expression, probably telling her to come out and talk.

pei qiqi wasn’t going to say anything to him!

When he entered, the managing editor was sitting there smoking and deep in thought, as if he was thinking about something.

he looked up at pei qiqi and a smile spread from his face to his face. the change in his expression was quite pleasant and pei qiqi was stunned for a moment.

The managing editor’s face was full of smiles. He put out the cigarette in his hand and then muttered to himself, ” “Girls don’t like to smoke. We’ll talk after you put it out.”

pei qiqi was overwhelmed by such respect.

when she came in in the past, when did the managing editor not make the office look like a fire scene and fill it with smoke?

the managing editor put out his cigarette and continued with a smile, ” ” the higher-ups are very optimistic about our magazine agency. they’re planning to set up a commune in B city as well. it’s always harder at the beginning! ”

PEI Qiqi listened carefully and didn’t say anything.

the managing editor suddenly changed the topic and coughed lightly. ” ” oh right, little pei, what about your internship period? it was supposed to be half a year, but you’ve already shown your ability on the cover of this issue. i’m not worried about old kan leading the team. ”

Chapter 767 returning to B city (1)

Thinking that these words didn’t carry much weight and might not be particularly pleasant to listen to, the chief editor continued to praise, ” “of course, little pei, most young people are not as pragmatic and talented as you. most young people are still frivolous and impetuous! I always feel like I’m super awesome. If I don’t work hard, I’ll want to reach the sky in one step and become a full-time employee after a month!”

Feeling that he had gone too far, the managing editor brought the topic back. He spoke slowly, gently, and earnestly. in short, I think you’re not bad, little PEI. I also strongly recommended you to the higher-ups to become a full-time employee. You know, there’s only one spot out of the four interns this term. I have faith in you.”

pei qiqi wasn’t an idiot. she already knew what the managing editor was talking about. now that he was here to talk about being a full-time employee, she had a bad feeling.

However, the older the ginger, the spicier it would be. The managing editor began to recall the past. little PEI, we set up a branch just in time to use people. At this difficult time, I believe that with your excellence, you will definitely not abandon our society, right? ”

pei qiqi was already thinking of saying that and that before, but now she didn’t know what to say.

the managing editor quickly took out a contract from the drawer and said, ” ” if you don’t have any objections, let’s sign the contract first. that way, it’ll be fairer for you. little pei, i really think highly of you. it’s rare to see such a talented young man like you. ”

pei qiqi secretly wanted to puke. in the past, the managing editor had never said such sweet words before, yingluo.

when he was angry, he would rush into the editorial department, clench his fists, and roar,”what kind of sh \* t article is this? do you all still want to live? This kind of thing is just wiping people’s farts.| it’s about the same!”

But now, he was speaking softly and slowly, like a spring breeze. Was this still the managing editor?

managing editor, I think we should give the opportunity to a more outstanding talent. pei qiqi also started to beat around the bush.

But how could she be the managing editor’s opponent?

the managing editor smiled. ” qiqi, you are the best in my heart. ”

PEI Qiqi looked at him!

he also looked at pei qiqi and smiled.

pei qiqi looked at the contract on the table and said calmly, "I don't want to go to B city."

"Temporarily, I promise." The managing editor said earnestly, "right now, the magazine agency needs a business backbone like you, little PEI. You are also old kan's proud disciple. I also believe in you because of old kan. You probably don't know how many times old kan has said that he can rest assured that you retouched the pictures.

PEI Qiqi's heart was a little f \* cked. Dog, old kan was probably satisfied with the snake demons she cultivated!

The managing editor looked at her. besides, we really need people! Especially those with dreams, talents, and drive."

pei qiqi said weakly,"managing editor, i don't have any dreams."

"That's why I said you're pragmatic, little PEI!" The editor-in-chief naturally joined it without any gaps. we young people should be pragmatic and not unrealistic.

PEI Qiqi looked at the situation. If she didn't sign the contract, the managing editor wouldn't let her off. So, she said indifferently, "i'll sign it, but i'll only be in B city for a year. after a year, i'd like to be transferred back to H city."

actually, it didn't matter where she was. if she was in city H, wouldn't tang yu be able to find her?

"That's right." the chief editor smiled happily and said,"that's right!" Little PEI, you have a bright future in our magazine agency."

The managing editor gave her a very good salary, about 10000 Yuan a month, and some other benefits. She was no different from the old employees.

Chapter 768 Returning to B city (3)

PEI Qiqi knew that this was all because of old kan.

However, when she thought of old kan, she remembered that when she went to B city in the future, she would no longer be old kan's disciple.

she was a little lost. she was actually a little used to hanging out with old kan. old kan's unrefined appearance gave her a sense of security. even his vulgar words had a different taste, making her forget about the other world in B city.

And now, she had to return to that world again. She was at a loss.

pei qiqi walked out in a daze and ran into old kan at the door.

Old kan was smoking while leaning against the wall. When he saw PEI Qiqi come out, he smiled, "How is it? You're trapped?"

he saw through everything. the chief editor's gaze yesterday wasn't right. he looked at this girl as if she was a gold mine. when he went back, he did a search and found the big shot in city B, teasing tang yu.

He didn't expect that his little disciple would have a past with such a man!

the managing editor's goal was too obvious. how could this girl fight against the thousand-year-old fox? the managing editor had probably already gotten his way!

PEI Qiqi glanced at old kan and didn't say anything.

Old kan smiled and put out his cigarette.

PEI Qiqi felt sad, "do you really want me to leave?"

"what, you can't bear to part with master?" The old man ruffled her hair. sigh, why do I feel like you're a child who's about to be weaned off milk? I can't bear to see you like this.

pei qiqi spat out a mouthful of blood in her heart. lao gan really had a strong taste.

Old kan touched PEI Qiqi's hair like he was touching a pet.

pei qiqi's head was about to shrink. she mumbled, "i just can't bear to part with master's private work."

she thought about how her days would be much more tight if she returned to B city alone without any private work.

old kan was still smiling. "don't worry. master won't lose you. he knows many people in B city."

PEI Qiqi was shocked, "teacher, will you die of exhaustion?"

Old kan glared at her!

PEI Qiqi mimicked the managing editor and smiled, "teacher, you are so motivated and talented.

Old kan rubbed his nose,"PEI Qiqi, why do I feel like your skin is itchy?"

PEI Qiqi still ran away with a smile. Old kan looked at her back and laughed, "this stupid child.

he smoked a cigarette and looked into the distance.

Many people had a hidden scar in their hearts.

The little girl was one, and so was he.

after pei qiqi signed the contract, the managing editor announced the people who would be going to city B with him.

The colleagues discussed among themselves, and the first one was Amy. She lived in city H, so she was not willing to go to City B.

"Why do we have to go there? She's already one of the top magazines in city H," Amy tidied up the suitcase on the table. if it wasn't for the fact that I'm only going for a year, I'd rather quit my job than go.

Another colleague who was not going was a little envious. "silly girl, a lot of celebrities have bought houses in B city and settled down. do you still think that h city is still a weather vane? everyone's fighting for her right now. do you still expect her to fly to city H?" Did they think that they were all like PEI Huan, that flower vase?

Amy knew that, but she was still upset.

PEI Qiqi quietly packed up her things and finally picked up her camera.

this camera was a gift from old kan. he had used it before, but it was very easy to use. it had not been cheap when he bought it before.

Chapter 769 returning to B city (3)

PEI Qiqi knew that the reason she didn't leave Jia Ren was because old kan was here.

not for anything else, but for the warmth that old kan gave her.

old kan was standing at the door. he came over and helped his beloved disciple pack the things up. he wrote the labels and sent them by express delivery.

amy looked at old kan and then at pei qiqi. she winked, " "Old kan is really good to you! Don't you want to consider it?"

PEI Qiqi laughed, " forget it.

"i think you still prefer that pretty boy from the other day," amy said, deep in thought.

"I used to like it, but I don't anymore." PEI Qiqi was stunned for a moment then said softly.

However, Amy found a trace of pain in her eyes that she was carefully hiding.

Amy looked at it for a while and coughed, " " pei qiqi, you really are a child with a story. "

PEI Qiqi only laughed at Qianqian's story. No one wanted to hear it because it was too sad.

After that, the magazine held another gathering. This time, they went to eat first and then went to KTV after the meal.

under the dim light, amy sang her heart-wrenching song.

pei qiqi was dumbfounded. a colleague beside her said that amy broke up with her boyfriend because she had to go to B city for a year.

they broke up just like that?

pei qiqi didn't understand wanwan.

the last day in city H was spent in amy's heart-wrenching scream. the next day, all the employees went to the airport with dark circles under their eyes.

PEI Qiqi sat beside old kan. Old kan was like an old chicken protecting his little one. He placed his sleeping disciple's head on his shoulder to adjust his shoulder width. This way, he would feel more comfortable.

Looking at that calm little face, old kan's eyes flickered a little.

in fact, he did not only like this girl's personality, but he also liked that this girl was smart. she could immediately understand whatever he said. he had taught many disciples before, and no one could withstand his scolding for three days.

in just an hour, the plane landed at B city's airport.

Under the lead of the editor-in-chief, the group of people laughed and got off the plane. They walked through the entrance to find the shuttle bus.

someone from the club had already arrived and booked a long-term hotel, the three-star kind, but old kan was not.

Old kan had rented the most luxurious apartment in B city. He could see the entire night view of B city.

He placed his hand on PEI Qiqi's shoulder and took her away, "Girl, let's live together."

"Who wants to cohabit with you!" PEI Qiqi snorted.

The old man paused and put a key in her hand. this is the key. We live opposite each other, but I live in a 160 square meter house and you live in a 40 square meter house. The rent is 13000 Yuan a month. I'll pay for it! Does this count as cohabitation?"

pei qiqi took the key, "yes!"

She reached out and hugged old kan affectionately. master, you're the best.

That's why it's so cool to be with old kan.

Old kan's bearded face was full of disdain as he looked at the little koala hanging on him. you're so useless. In the future, when you eat meat with master, don't show that you're too petty and smear my face. If this gets out, I won't admit you as my disciple.

pei qiqi hugged his arm and teased him.

she and old kan had feelings that transcended gender.

he and she both knew that he even treated her like his little daughter and pampered her. as for pei qiqi, she was lacking fatherly love.

The DNA showed that Tang Zhiyuan was the real person, but he didn't give her a sense of security like old kan.

just as she was doing this, another 'dad' walked out from the airport's vip entrance. there were more than a dozen people in a group with tang yu in the lead and shen lian wanwan standing beside him.

the atmosphere suddenly froze.

PEI Qiqi still had old kan in her arms and Shen Lian was beside Tang Yu.

The surroundings seemed to be silent. No one made a sound as they waited for Tang Yu's reaction.

At this moment, Shen Lian, who was beside Tang Yu, put her hand in his arm and smiled, "Let's go,"

tang yu didn't move. his gaze was still on pei qiqi's little face. it was like they were glued together.

Shen Lian followed his gaze and saw PEI Qiqi's face. Her eyes were filled with a provocative smile.

people came and went at the airport. pei qiqi felt a sense of malice.

"Is this the pretty boy?" Old kan's voice was rough.

pei qiqi didn't say anything.

old kan knew that he had guessed right.

normally, he would never use his mouth when he used his hands.

Old Kan Jiang's huge palm swept PEI Qiqi into his arms. He was 1.8 to 1.9 meters tall, tall, and big. PEI Qiqi was like a little chick in his arms. However, it was strange that they fit so well.

"Let's go!" old kan hugged his little fellow and pushed his luggage with one hand. the combination was like a beauty and a beast. It attracted a lot of attention.

pei qiqi wanted to struggle but the old man's voice rang in her ears, " "if you don't want to cry, then smile for them."

PEI Qiqi squeezed out a smile at old kan. Old kan looked at her for a long time before giving up, " forget it. It's better not to smile. It's uglier to smile than to cry.

after that, he simply put one hand on her waist, placed her on the suitcase, and pushed her.

PEI Qiqi held onto his arm and looked up. Her voice was especially soft, " "Where are we going?"

"let's take the bus and go home!" Old kan said in a very manly manner.

He pushed her like he was pushing a child, attracting a lot of attention. Some people even took photos.

old kan put on his sunglasses and looked very imposing.

Shen Lian looked at Tang Yu and sneered, " "See that? This is the woman you've been thinking about! tang yu, she already has someone else!"

She saw it for real. PEI Qiqi and that bearded man weren't pretending. That kind of tacit understanding and that kind of expression couldn't have been possible without a year.

tang yu let go of her hand without any expression on his face.

he walked forward and xiao ran followed closely behind him. shen lian stood at the same spot and smiled strangely. " she just lost your child for a year and she's already with another man. tang yu, it turns out your baby doesn't care about you that much! "

tang yu ignored her and disappeared into the elevator.

He had only attended a meeting with Shen Lian overseas and did not have any interactions with her.

Although they were engaged, they were worse than strangers except for necessary occasions.

There was no hatred between strangers, but there was enmity between them.

tang mo stood in the elevator with only xiao ran beside him.

xiao ran looked at his president carefully, feeling that his entire body was tense.

thinking about it, seeing one's own little lamb being held by someone else, the intimate look could make one think of ten thousand words.

Xiao ran asked hesitantly, " President, why are you taking the same flight as President Shen today? "

If it was in the past, the president would have changed the contract if he had known about it in advance.

she could not understand.

if she didn't see the ceo's dark face, she would have thought that the ceo had arranged this on purpose so that pei qiqi wouldn't be able to understand what was going on when she saw qianqian.

Tang Yu's expression was calm. After a long time, he said, " " as for the interview with jia ren magazine, tell them that unless pei qiqi comes over, i will not accept the interview. "
