

## Destined Wife: The Apple of My Eye

### Chapter 201 The Precious Stone Lands Its Innocent Possessor in Jail

“Damn! You are jealous of my beauty, aren’t you?” Tang Cao kicks him suddenly and shouts, “I am so hard to come out to play. How dare I not go home at night? Do you want my mother to lock me up so that you can play with girls outside with your fat face?”

After thinking for a while, Chen Xiaopang says so seriously, “The girls won’t find my beauty unless both you and Tong Yue are locked up.”

“Get out! Your face is not beautiful at all.”

Chen Xiaopang doesn’t agree. He takes out a stack of bills and says, “Look! Although I’m not good-looking, I have lots of money. Damn! Besides, no one wants to compare with you in terms of beauty. You are so beautiful like a girl!”

“Are you jealous of my beauty?” Tang Cao raises his buttocks and asks, “Do you want to have sex with me? Hah, hah.”

They used to fight in jest or for fun. Tong Yue just holds his glass and sees them. After they are tired and lie there, Tong Yue decides to say something.

“Two dogs, if you’ve finished, let’s come to the point.”

The two people, who lie there tiredly like dogs, turn their heads and look at Tong Yue. They ask, “What? What kind of serious thing do we need to talk about?”

“About your brother-in-law...” Tong Yue doesn’t continue to say because Tang Cao interrupts him.

He asks, “Are you interested in my brother-in-law? Have you ever investigated him?”

Tong Yue has a look at him and says, “Do you forget that a large part of our family’s property is in G City?”

“Tong Yue’s family has a shipyard!” Chen Xiaopang says. He pokes on the screen of computer to choose a song to sing.

Tang Cao gives an oblique look to him and persuades Tong Yue, "My brother-in-law now marries into and lives with our family. He will work for our company in the future and has nothing at present. Why do you talk about him?"

"Who said that he had nothing?" Tong Yue smiles, "He brings projects which are worth 500 million from Lang Consortium."

When Chen Xiaopang just puts the microphone in front of his lips, he suddenly stares at them and says in shock, "500 million? Is he so rich?"

"Did you lose your ears in the toilet?" Tang Cao throws a pile of melon seed shells at him and shouts, "They're projects which are worth 500 million. Do you understand?"

Chen Xiaopang takes the melon seed shells on his face away and asks, "What do you mean, Tong Yue?"

"I want to make money." Tong Yue's eyes glitter.

Tang Cao and Chen Xiaopang take a gasp of astonishment. Chen Xiaopang asks tremblingly, "Did... Did your family find your sinister nature so your father decided to support the illegitimate son?"

"I can't believe that." Tang Cao touches his chin and says, "Even if your father treats that illegitimate son well, your grandpa has the say in Tong Family now!"

Tong Yue's family is a very normal rich family. His parents were married because of commercial profit. They didn't love each other. Later, when they gave birth to Tong Yue, they began to have their own lives. Tong Yue's father had a lover outside who gave birth to a son. Three years ago, after his parents divorced, Tong Yue's father brought his lover and the son back to home.

"That guy is so incompetent and stupid. He always stays with other illegitimate sons. Why does your father still like him? Well, I heard that your father allowed him to go to the company to learn recently. Is it true?"

The ranking of this circle is very strict. Some rich family's illegitimate sons can only be the lackeys of people like Tang Cao if they want to play with them. But some illegitimate kids are more favored than legitimate kids. So they disdain to play with them.

“You should also ask your grandpa to let you go to the company!” Tang Cao says.

Tong Yue shakes his head and says, “It’s not the right time.”

As the brain of three men, Tong Yue sees two pairs of blank and stupid eyes.

“I want to do it by myself.” Tong Yue has to explain it clearly, “In another word, we can do it together.”

Tang Cao immediately shakes his head and refuses, “I won’t join! I think being a playboy is very promising. So I want to continue to be a playboy.”

“I... I want to join.” Chen Xiaopang weakly raises his hand and says, “I’m afraid that my dad will also bring an illegitimate child back.”

“Damn! When your father sees your mother, he is so timid which is like a mouse sees a cat. He doesn’t dare to have a mistress unless he wants to be a eunuch.” Tang Cao says. He scratches his hair and asks Tong Yue, “Well, tell us what you want to do first.”

Tong Yue stubs out his cigarette and says, “Can your brother-in-law give us a project, or let us participate?”

“Well, we must have our own company first.”

“I have already registered. We are all the legal persons.”

“F\*\*k!”

Chen Xiaopang doesn’t see the legendary Yanjing’s first beauty the next day. Because she is taken to the Civil Affairs Bureau early in the morning to get a new marriage certificate. Tang Cao is also called back to accompany her. When the family comes out from the Civil Affairs Bureau, they directly go to the restaurant to celebrate.

Before they finish eating lunch, the news has already been exposed by someone on the Internet.

“Alas, Brother Ruoxian. Your identity has been totally exposed.” Tang Cao says. He takes his phone to watch the fun.

On the Internet, there is a group of photos of Lang Ruoxian and Yan Hua who go to the Civil Affairs Bureau and go out of it together. Then it explains the identity of Lang Ruoxian clearly. Half of people like him because he is handsome and they want to find a husband like him who can give up his company for love. But others dislike him.

“People who curse you are just jealous of you.” Bai Susu says. She also takes out her mobile phone and reads it.

Some people say that Lang Ruoxian is attracted by the power of the Tang Family. So he marries into and lives with his bride’s family. But some of comments catch their attention particularly.

“They say that my sister is an incompetent idiot and it is worthless to marry such a woman.”

“He also says that although her last name is Tang, the two Tang families are totally different...”

Tang Cao can’t help but uses coarse language. He says, “This guy is definitely the fool in our circle. Maybe it is Tang Rui.”

Tang Yao says, “Ruoxian...” Although he is unwilling to accept the fact that his daughter has been taken away by this man, he does not want Lang Ruoxian to dislike Hua because of these rumors.

Lang Ruoxian curls his lips and says, “Dad, I don’t care about that. Mom also said that those people were just jealous. Don’t worry.”

“That’s right!” Tang Yao pats the table suddenly and says, “You have to get used to it. In the future, there will be more ugly words. Because they are jealous of our family.”

Lang Ruoxian nods obediently, which makes his father-in-law have a good feeling on him. When Yan Hua comes back from the bathroom with Gungun, she sees her dad drinking with Lang Ruoxian and patting Lang Ruoxian’s shoulder frequently.

“Well, have a look!” Bai Susu says. She hands Yan Hua the phone. Yan Hua turns it off after having a few look at it.

Because Gungun is here, no one talks about it. Chang Pei'e even claims that her eyes are not good so that she doesn't look at all.

In a clubhouse, Tang Rui throws his phone away and curses.

"Who asked those stupid people to send these words out? Although my Second Uncle and Tang Cao are stupid, my Second Uncle's wife is so smart and she must know that someone is behind the scene to do that."

Bai Yuanfei shakes the red wine in his hand and says, "This is a small thing. It doesn't matter even if she knows that. Do you know that Lang Ruoxian brings some projects?"

"Someone deliberately released the news. Now all people in Yanjing's business circle know it." Tang Rui rubs his eyebrows and says, "That stupid woman is really lucky. She doesn't die and marries a powerful person."

Lang Family of G City is the most powerful family in business in the three coastal provinces. Since Lang Ruoxian stood on the land of Yanjing, he has changed the existing arrangements of this circle.

"If he puts the projects of 500 million into the company of second branch of Tang Family, they will be as rich as Hua Family and Tong Family." Bai Yuanfei smiles strangely, "What did your father say?"

"My dad has been busy in a meeting recently. He has no time to take care of it." Tang Rui drinks a large sip of wine. He thinks for a while and looks at Bai Yuanfei. He says, "Do you think my aunt will agree if I talk to her to ask for a project?"

Bai Yuanfei raises his eyes and says, "She won't agree if she is not stupid."

"Hah... She can't refuse." Tang Rui sneers, "If she doesn't agree, I'll let my dad directly put the project into the national plan. At that time, Lang Ruoxian can't fight with the country!"

As the New Year approaches, if people look at Yanjing from the air, they will see the entire Yanjing has turned red. Northerners have more activities in the New Year. Red lanterns are hung on every tree in the streets. The streets are less lively because it is forbidden to let off fireworks. But people can also hear the electronic firecrackers in the shops and various New Year's songs.

In the evening, Tang Yao and Bai Susu are going to attend the state's banquet. This is the custom of every year in which the national leader will feast the people of its party, army men, workers and peasants and so on. When they go out, Tang Cao begins to hang lanterns and stick paper-cutting with Gungun.

Gungun asks, "Great-grandma! Is the pony that I cut beautiful?" Chang Pei'e cuts all the paper-cutting pasted on panes. Gungun also want to cut something.

Chang Pei'e sees the strange animal in Gungun's hand and nods. She smiles, "Yes. Let your uncle stick it on the window."

"Uncle!" Gungun holds his paper-cutting and runs away happily.

Yan Hua takes a bag and comes over. She says, "Grandma, I've prepared all the things."

"Okay. Sit down and have a rest!" Chang Pei'e takes off her presbyopic glasses and says, "Your grandpa must be very happy to see you tomorrow."

On the 29th of the twelfth lunar month, Tang Family must go to the cemetery. Chang Pei'e doesn't want her husband to spend a cold and quiet New Year underground. She looks at her beautiful granddaughter. If she could let go of the Tang Family, she would have chosen to accompany her husband.

But she can't... Tang Family seems to be powerful but actually walks on the edge of the cliff. They will fall into a broken body if they aren't careful. Before it changes the next leadership team, she must stand firmly in front of the Tang Family.

"I want to let Grandpa look at Ruoxian and Gungun." Yan Hua adds a cup of tea to her grandma. She says, "He is a great-grandpa now."

Chang Pei'e's eyes turn red. She agrees, "Yes. Our family has four generations that live under one roof."

Early the next morning, the whole family go to the cemetery in the suburbs. Lang Ruoxian and Yan Hua squat in front of the tombstone and make a kowtow. Gungun knew yesterday that they would visit his great-grandpa. He also gives his great-grandpa a kowtow obediently and hugs the tombstone.

In the afternoon, everyone goes back to eat the family reunion dinner in advance. Because Gungun will go to see the live Spring Festival show with Tang Yao.

“Looking at the child. Gungun can’t sit there for a long time. He will come back soon.” Bai Susu tells Tang Yao repeatedly in front of the door. Finally she still worries about them and asks Tang Cao to drive together.

Bai Susu says to her son, “You should wait at the door. Don’t run around.”

Tang Cao is so sad to say, “Mom, am I really your son? You don’t only let me be a driver, but also let me wait them alone at the door of the TV station.”

“You can ask Xiaopang to accompany you!” Bai Susu advises him without any sympathy.

So when Tang Cao arrives at the door of the TV station, he calls Chen Xiaopang immediately.

“What are you doing?”

He hears that Chen Xiaopang is in a very noisy place. Chen Xiaopang yells as if he is a eunuch, “I’m playing in Las Vegas! What’s wrong? Do you miss me? If you kiss me, I will go back to accompany you tomorrow!”

Tang Cao hangs up the phone quickly. Damn! He forgets that guy has gone abroad to play.

## **Chapter 202 The Face Is Scratched**

The fact has been proved that it’s definitely impossible for Tang Yao to take Gungun out.

More than 10 o’clock, Tang Cao is operating Daji, a game role, to steal the tower. Then he sees his father bring Gungun to come here in secret.

“How could you be so fast? Does Gungun fall in sleep?” Tang Cao asks and opens the door. He finds that his father tucks Gungun in his coat.

As soon as Tang Yao gets on the car, he urges his son, "Drive the car quickly! Hurry up!"

"Dad, did you do something to make Mom angry with you?" Tang Cao says. He starts the car as his eyes slant back to look at his father.

At this time, Gungun moves a little. He shows his head from Tang Yao's arms.

"Oh my God!" Tang Cao brakes sharply and asks, "What's wrong with his face?"

On the white and chubby face of Gungun, there are two obvious streaks of blood, which is easy to find that the wounds must be caused by fingers.

"He... fought." Tang Yao says with a guilty conscience.

Tang Cao looks at him as if he's a martyr. Tang Cao says, "I didn't expect that I would be a single parent kid when I was in my 20s."

"It's none of Grandpa's business!" Gungun's eyes are shining. He says with personal loyalty, "That kid first cursed Mom. So I hit him."

"Right! Gungun is so great. That kid's wounds are worse than Gungun." Tang Yao says.

Tang Cao shows the whites of his eyes and says, "Dad, what do you want to eat? I'll buy that for you on the way."

"Why? I'm not hungry."

Tang Cao says, "Before dying, you'd better eat something good..."

Tang Yao is speechless.

Yan Hua and others are in the sitting room to watch the Spring Festival Gala. Although the show is not very good, this is the first year that all family members gather together. After Tang Yao comes back, they will also eat dumplings.

"Do they come back?" Bai Susu hears the sound of machine.

Lang Ruoxian stands up and walks to the door. When he opens the door, he sees Gungun staying in Tang Cao's arms. It seems that Gungun is asleep.

“Give him to me. I’ll take him upstairs.” Lang Ruoxian says.

“No! No.” Tang Cao avoids his hands and says, “What if he wakes up? I can take him to his bedroom.”

Yan Hua also runs over and says, “You’d better take him upstairs quickly. The gesture that you hold him makes him so uncomfortable.”

Tang Cao turns his eyes around and says yes. Then he is about to go upstairs. However, when he just raises his foot on the first step, he hears his mother’s voice.

“Wait a moment!”

Tang Cao is stiff and Tang Yao who hides behind him suddenly comes up and says, “Don’t you hear your mom calling you? I can take Gungun upstairs!”

As he says, Tang Cao is going to let him hold the boy. Gungun’s face has become so red because of the uncomfortable gesture. So when they change the hand, Gungun’s body is exploded and half of his body is hung in the air.

“Let me hug him!” Lang Ruoxian is afraid that they fall his son. So he stretches out and hugs his son.

Gungun puts his head on Lang Ruoxian’s shoulder and doesn’t move again.

“Does he wake up?” Yan Hua touches her son’s head. She is confused why he still keeps silent after he wakes up.

Bai Susu says, “Ruoxian, take Gungun here.”

“Mom, what’s wrong?” Lang Ruoxian asks. He takes Gungun to the sitting room. Bai Susu uses her hand to poke the little boy’s buttocks lightly.

Then she hears a scream. Gungun raises his head to shout, “Grandma, you can’t poke a boy’s buttocks!”

“Gungun?” Yan Hua is shocked. She quickly runs to her son and holds his face. Yan Hua asks, “Why... Why does your face have wounds?”

Bai Susu slams the television remote on the side table and says, “Tang Yao! Tang Cao! Come over.”

“Mom! Mom...” Tang Cao is really clear about the situation at the moment. He runs out and points at his father, “It’s Dad. He didn’t look after Gungun well. It’s nothing to do with me!”

Chang Pei’e asks Yan Hua to take the medicine box. She hugs Gungun with heart-broken and shouts his name sadly. All the three women in family stay around Gungun to apply medicine for him. Lang Ruoxian refuses the eyes of his father-in-law for help. He just goes to the kitchen to warm milk for his son.

“Say! What happened?” Chang Pei’e pokes Tang Yao with a sweater needle, “Did you make Gungun fall down?”

“No... No! Mom!” Tang Yao huddles on the corner of sofa and says, “Because... Because he fought with a kid.”

Gungun drags Bai Susu’s sleeve and says, “It’s not Grandpa’s fault. That boy first cursed Mom. So I beat him.”

“Which family does the kid belong to?” Bai Susu asks. She quickly catches the point.

Tang Yao pouts, “He is the grandson of Dong Family.”

“Dong Family?” Yan Hua watches the TV and says, “Her family?”

A beautiful girl is singing a song on TV. Yan Hua knows the second daughter of Dong Family now is a very popular star because the Internet sends her news at the same time.

“It’s her mother!” Tang Yao says angrily, “Her mother took her grandson to watch the show. She first abused you by ostensibly pointing to someone else. So I also teased her. Later, I and Gungun went to the bathroom. Gungun went out first. When I came out, the two kids had fought with each other.”

Yan Hua touches her son’s head and says, “Gungun, tell me. What happened?”

“I was waiting Grandpa at the gate of bathroom!” Gungun begins to say calmly, “He came out from the women’s bathroom and I was shocked. Then he said that I glared at him. I said I didn’t.”

“Then?”

Gungun pouts and remains silent.

“Come here.” Lang Ruoxian says. He sits down with a bottle of milk on his hand. Then he stretches out to his son. Gungun rushes into his arms and says, “Dad, you told me I should protect Mom. He cursed Mom. So I’m right to beat him.”

Lang Ruoxian puts the milk into his hands and says, “Tell me, how did he curse Mom?”

“..” Gungun whispers at Lang Ruoxian’s ear.

Bai Susu is still scolding Tang Yao.

“What did I say before you went out? I asked you to pay more attention to Gungun. As a result, you made the kid hurt a few hours ago.”

Tang Yao is so depressed.

“Mom, my dad doesn’t mean it. Besides, the wounds are not serious. That boy just scratched a little on Gungun’s face.” Yan Hua feels her father so pitiful. She can’t help but persuade her mother with smile, “This is the New Year. Please don’t blame my dad anymore.”

“He deserves it!” Bai Susu casts a stern glance at Tang Yao and says, “You should stay at home these days and can’t go out!”

Gungun drinks his milk and yawns. Lang Ruoxian picks him up and says, “It doesn’t matter that children have a fight. I take him upstairs to sleep first.”

“Come down to eat dumplings later.” Yan Hua says. She doesn’t ask more details about Gungun’s fight. Otherwise Tang Yao will be scolded again.

Tang Cao has already gone to his own room secretly. After being pardoned, Tang Yao pitifully goes to the room to take a shower and change his clothes. Few minutes later, three men go back to the sitting room again. When Yan Hua pulls Lang Ruoxian to serve the dumplings, she asks him in secret.

“How did that kid curse me according to Gungun’s words?”

Lang Ruoxian holds the plate and says, “He said that you were ugly and his aunt was the most beautiful woman.”

“Aunt... What’s the second daughter of Dong Family’s name?” Yan Hua asks. She forgets the name that was just appeared on TV.

“Dong Nianshuang.” Lang Ruoxian kisses the corner of her mouth and says, “I’ve asked Shu Sheng to investigate Dong Family.”

The voice of Bai Susu comes from the sitting room, “Few years ago, Dong Family is just a little family. When its daughter marries the eldest son of Bai Family, it becomes more and more arrogant.”

“That’s true, Mom. You don’t see how arrogant the ugly Dong Nianshuang is. Some fools are so blind that they praise her beauty, which makes her think she is the first beauty in Yanjing. But she is even unqualified to too my sister’s maidservant!”

“And her mother.” Tang Yao catches the chance to change their attention. “She dares to use the advantage of her seniority to blame Hua in front of me.”

Chang Pei’e coughs and the room is suddenly quiet.

“Hua!”

“Grandma!” Yan Hua quickly drags Lang Ruoxian out.

Everyone goes to the dining room to eat dumplings. Chang Pei’e picks up one dumpling and says, “The 6th day of the first lunar month is a good day.”

“What?” Tang Yao doesn’t understand his mother’s words.

But Bai Susu smiles, “Okay, I’ll arrange it tomorrow.”

“Sister, do you understand it?” Tang Cao touches Yan Hua to ask her.

Half of a dumpling is in Yan Hua’s mouth. Lang Ruoxian has a look at his brother-in-law and says, “We’ll hold a party to tell others that Hua is back.”

Tang Yao and Tang Cao have a look at each other. Then Tang Yao says seriously, “Ruoxian, you can’t be like that. You should get on well with others.”

Tang Cao says, “Brother Ruoxian, we only have three men in our family. You should be our partner.”

Bai Susu sees the two men and smiles, “Your brother-in-law is definitely smarter than you two guys. He is our partner.”

Tang Yao and Tang Cao decide not to play with Lang Ruoxian anymore. They are so sad to hear that.

“Zhong.”

In Hua Family, Ning Ting has a card in her hand, sitting in the sitting room. She calls Hua Zhong when seeing him going downstairs.

“What’s wrong?” Hua Zhong takes the car’s key and says, “I will go to the stud-farm to play with friends. I won’t go home tonight.”

Ning Ting stretches out and says, “This is the invitation of Tang Family.”

Hua Zhong pauses for a while and takes it to look. “It should be. Tang Family must hold a party to celebrate Sister Duo’s coming back.”

“Look at the recipient’s name.” Ning Ting says unhappily, “They just write your name. What do they mean? Don’t they want us to go there?”

“Of course.” Hua Zhong puts it away and prepares to go.

Ning Ting is anxious to say, “Will you go there alone? Where is our family’s face at that time?”

“Five years ago, our family’s face has been lost by Hua Yan.” Hua Zhong teases, “Mom, don’t be so innocent. Do you forget that Uncle Tang used to stand at the gate of our house to curse every day?”

“But... But it has been past for a long time.” Ning Ting rubs between her eyebrows and thinks of Hua Yan escaping abroad five years ago. Tang Family was so hate them that it even wanted to throw the shit on Hua Family’s door at that time.

Hua Zhong shakes his car’s key and says, “You should ask Dad if he wants to go. I believe he doesn’t. He won’t go there to let Tang Family abuse him even if he loses his face.”

In Bai Family.

“They will definitely hold a party.” Bai Jingzhu throws the invitation into a trash can and says, “I won’t go there.”

Fang Yan asks house maid to pick up the invitation and says, “No one asks you to go there. I, your dad and your older brother will go on the 6th day of the first lunar month.”

“Why do you go there?” Bai Jingzhu stares at her, “Why do you give Tang Duo face?”

“I’ve dated friends to play cards.” Fang Yan just shakes her head and goes upstairs to change clothes.

Bai Jingzhu pouts. She throws the pillow to Bai Yuanfei who is playing his phone. She complains, “Yuanfei, look. Mom ignores me.”

“Who want to see a stupid person?” Bai Yuanfei says lazily.

“You are the stupid guy!” Bai Jingzhu snorts, “I won’t go there.”

“Did Mom tell you that they didn’t invite you?” Bai Yuanfei says, “How do you give them face? Tang Family invites us because it wants to give us face. Every rich family in Yanjing will go there that day. If Bai Family doesn’t go there, what other people will say?”

“They will say that Bai Family doesn’t get an invitation because Tang Family doesn’t care about us!”

On the second day of Chinese New Year, many families get Tang Family’s invitation. Soon, lots of noble women go to see the designers and stay in the modeling studio. Designers have to be busy working in New Year.

Each girl tries to make every part of them perfect, even their teeth. They all prepare to fight with Tang Duo.

## **Chapter 203 The Feast Starts**

On the morning of the 6th day of the first lunar month, Yan Hua’s custom dress is delivered to her, along with Lulu, a popular stylist in Yanjing.

“My God! When I know you’re back, my career is shining again!” Lulu raises the orchid fingers, saying softly.

Lulu’s long hair to the waist is loosely tied in the back of head. In the cold winter, Lulu just wears the silk clothes with long sleeve and a wool pant-skirt. Lulu also wears a furry faux fur coat outside when Lulu comes in.

Lang Ruoxian is speechless. He decided to monitor his wife’s stylist before. But now he gives up. Because Lulu is a man.

Yan Hua has checked out Lulu. It is said that he comes from the south, but he has a patron. So he always does what he wants to do and chooses which one he likes to serve. Even if you spend much money, you can’t invite him easily. He also has a venomous tongue and often teases some noble women who dress like shit or something...

But no one knows why he likes Tang Duo. All rich ladies know Tang Duo is made up by Lulu whichever party she participates. It’s useless that they feel jealous because he never cares about them.

“Honey!” Lulu calls Yan Hua and hugs her first, then stares at her face for a long time. He says exaggeratedly, “Oh! Let me see... Fortunately, you are not old at all without any wrinkles. It seems that you are more beautiful. Is love really so important to women?”

Yan Hua smiles beautifully, “Yes. You will know if you find a man to have a try.”

“Alas! I want to. But I’ve not got a suitable one.”

That’s true! Lulu is a homosexuality. He likes men and thinks that he is a woman.

“Let me see your dress tonight.” Lulu takes her upstairs and looks for a few seconds as he passes by Lang Ruoxian. Then Lulu covers his mouth and chuckles, “I know why you get married now. This man looks better than you!”

Yan Hua also chuckles, “Yes. I haven’t seen a man who looks better than my husband.”

“Does he have any brothers?” Lulu asks her directly when they go upstairs.

Yan Hua turns around and waves her hand to Lang Ruoxian. Then she whispers to Lulu, "He has a younger cousin which is his uncle's son."

"Do you have his WeChat number? I want to add..."

Lang Ruoxian sits down on the sofa with a straight face. Chang Pei'e smiles and pats him, "Don't mind it. Lulu has no malice. He just likes Hua very much. They are good sisters."

"Grandma, I don't mind." Lang Ruoxian's eyes are soften down and he says, "Don't worry. I know which one is good for Hua."

Chang Pei'e nods and talks a lot again.

"You know we spoil Hua. But you don't know how cute she was when she was a child."

"When she was in primary school, she had a good relationship with her classmates. On her 12th birthday, her grandfather gave her a birthday party in the hotel. As a result, none of the children came. She dressed beautifully that day and waited at the door for three hours by herself."

"The next day when she went to school, she heard her close friends' words. They said in the toilet that they hated Hua so much because she was good-looking and teased the male classmates."

"That day, she avoided the driver who picked her up and ran away alone. Her grandpa found her in the heavy rain. Then he was sick and went to hospital that night. Hua cried sadly, kneeling in front of the sickbed and refusing to leave."

"When her grandpa was well, he often told her that people should treat themselves well during their lives and they shouldn't hurt others and commit crimes. As for what other people said, it was someone else's business. He always said that his granddaughter was so beautiful and smart. These kids were jealous of her."

"And then, Hua's character becomes what it is now." Chang Pei'e seems to recall her memory. Then she suddenly finds that Lang Ruoxian listens to her carefully. Chang Pei'e can't help laughing. "Thank you, Ruoxian." She says, "I used to worry that although we spoiled her, who would continue to spoil her when we left..."

Lang Ruoxian takes a cup of tea and puts it in Chang Pei'e's hand. He says, "Grandma, I'll be there later. I should thank you. Thank you for letting Hua grow up without worry. I'm glad to know that she has been so happy since childhood."

"You are a good and smart boy." Chang Pei'e's eyes become sharp. She says, "Don't worry. I can still live for several years. No one in Yanjing dares to aim at you with me."

Today's dinner is held at Tang Family's hotel. Although it's not the best hotel in Yanjing, they can rest assured in their own hotel.

Chen Xiaopang asks, "When will our sister come?" Tang Cao was sent by Bai Susu to the hotel in the afternoon to keep watch on the banquet. Chen Xiaopang came back from abroad yesterday. He also comes here with Tang Cao.

Chen Xiaopang asks him every five minutes. Tang Cao is tired to answer him.

"Do you see the waitress over there?" Tang Cao points at the waitress.

Chen Xiaopang has a look at her and says, "What's wrong?"

"She is a girl! Go to talk with her!"

Chen Xiaopang puts his arms around his chest and sneers, "Tang Cao, I didn't expect you to be such a person. What day is it today? It's a great day for our elder sister. Can I tease any girl on such a day? Do you think I'm like you? You have such a low level of thoughts. Do you forget what the Party and people teach you?"

"Damn. How dare you talk about the Party? The Party wants to kill you and you hurt so many people. You..."

"Tong Yue is coming!" Chen Xiaopang interrupts him and whispers, "He didn't go home in the New Year but went to his mother's hometown in Gannan."

Tang Cao sneers, "If I were him, I would go home every day and not give that position to that mistress and illegitimate son."

When Tong Yue comes over, he immediately asks, "Have your brother-in-law come?"

“No...” Tang Cao is stunned, then he says, “Do you want to talk about it with him today?”

Tong Yue adjusts his glasses and says, “Do you know how many people outside stare at your brother-in-law’s projects that worth 500 million?”

“We wouldn’t lose anything if they stare at us.” Tang Cao says indifferently.

Chen Xiaopang nods, “Anyway, we are on the same side. Brother Ruoxian wouldn’t refuse us.”

Tong Yue rubs between his eyebrows. He doesn’t want to explain more to these idiots.

“Hey!” Tang Cao feels uncomfortable. He says, “How do you look at us?”

“I just see two idiots.” Tong Yue says gloomily, “Listen, if you dare not talk to your brother-in-law, you should find a chance to let me meet him alone. Otherwise...”

Tang Cao swallows, “Do... Do you want to beat me? I... I will tell your mom!”

“Have you ever seen I fight?”

Tang Cao and Chen Xiaopang shake their heads together.

“Why do you think I will beat you?” Tong Yue loosens his tie and says, “I will order a room to have a rest. Remember what I’ve told you.”

When he leaves, Chen Xiaopang drags Tang Cao’s sleeve and says, “You can’t forget his words, otherwise he will make you in trouble.”

Tang Cao has a look at him and says, “Damn, I forget that guy always makes people in trouble by using his intelligence. He never pays for what he does.”

At 8 o’clock in the evening, many luxury cars gather at the gate of hotel. Tonight, the hotel becomes a private place and only people with invitation could come in. All the Tang Family comes here besides Tang Ming whose identity is not suitable to come.

“Ziyan!” Several ladies wave their hands to Tang Ziyan when they see her coming in.

Tang Ziyang wears a white yarn dress tonight. The overlapping voile looks so beautiful as she walks, which makes her like a fairy.

Someone asks her, "Have you seen Tang Duo?"

Tang Ziyang makes her lips tight and says, "Yes. We are cousins. I of course saw her when she just came back."

"Does she..." Another girl touches her face and says, "Does she look older?"

"You think too much." Tang Ziyang sneers, "She won't get old even if you are old."

All people is shocked, "She has given birth to a kid. Doesn't she become a little ugly?"

"You will know when she comes here." Tang Ziyang doesn't want to talk about Tang Duo at all.

But a young lady says, "I think it's great that Tang Duo comes back. At least she is better than the hypocritical woman of Dong Family."

"Yes!" Another two ladies agree with her. "If I have to choose one to envy, I would rather choose Tang Duo."

"She is coming! The hypocritical woman comes here."

There is a commotion outside the door, and the girl in the red dress comes in. The upper part of the dress tightly wraps her plump chest. And its boat neck shows her sexy clavicles. Her dress becomes full under her waist, like a blooming red rose.

"It's Dong Nianshuang!" Someone calls her name.

"She comes with Bai Jingzhu!" A girl around Tang Ziyang whispers.

Tang Ziyang has a look at her and says, "Why do you feel shocked? Her elder sister is Bai Jingzhu's sister-in-law. They are always close to each other."

"Let me tell you! Dong Nianshuang said Bai Jingzhu was an idiot behind her. She said Bai Jingzhu knew nothing but liked to talk too much." A short hair lady sneers, "But Bai Jingzhu is so stupid that she always closes to Dong Nianshuang."

Bai Family also comes here. When Dong Nianqiu sees her younger sister, she says few words to her mother-in-law and then comes to pull Dong Nianshuang into the corner.

Dong Nianqiu blames her, "Why do you wear a red dress?"

Dong Nianshuang smiles, "Nianqiu, why can't I wear red dress?"

"Do you forget that Tang Duo likes red? She must wear a red dress in today's occasion. You..."

"What's the matter?" Dong Nianshuang interrupts her, "I used to be too young to compare with her. Now she is old and it's my time. I must dress the same as her to let people know who is the most beautiful woman in Yanjing."

"She is only 27 years old. How could she become old?"

Dong Nianshuang looks at her elder sister and says, "Do you forget what you said after you gave birth to the first child at the age of 27?"

Dong Nianqiu is speechless. She said that she was old at that time. And she spent much money to deal with the lines around her eyes and her spots. She is not a girl anymore and has to go to the beauty parlor twice a week now.

"I mean why you want to win her. She has been married and gave birth to a kid."

"I remember that she was always arrogant and the center in every activity." Dong Nianshuang's eyes become glassy. She says, "At that time, I've told myself that I must make all people pay attention to me one day."

Dong Nianqiu doesn't know why her younger sister cares about it so much. She shakes her head and says, "Don't forget that you are her aunt according to the family hierarchy."

"Hah, come on. I only have an elder sister who is you. She is just a bastard's daughter. How could I..."

"Shut up!" Dong Nianqiu covers her mouth directly and scolds, "How could you say that here? Be clear now."

Dong Nianshuang pushes her hands away and says, "I didn't say loudly. You hurt me."

“You are a public figure. I don’t need to tell you what you should do.” Dong Nianqiu warns her, “I don’t care if you want compare with Tang Duo. But don’t embarrass Bai Susu on such occasions. She is not only Bai Susu, but also Mrs. Tang.”

### **Chapter 204 She Refutes Others Immediately**

Yan Hua and her family have already come and are staying at the lounge now.

“Sister, the guests have all come!” Tang Cao shouts outside the door.

Chen Xiaopang and Tang Cao stand at the door. One is on the left, the other is on the right. They are like two door gods. Chen Xiaopang runs to Yan Hua and says, “Sister Duo! They are all commonplace women. When you show up later, they will feel ashamed of their ungainly appearance.”

“...” Yan Hua curls her lips to smile and touches his head.

Chen Xiaopang is completely adsorbed in viewing Yan Hua’s face. Then he shouts loudly and runs around the room.

“Look at your innocent behavior.” Tang Cao despises him.

“How can I be same with you?” Chen Xiaopang says angrily, “You saw your sister’s face when you grew up. If I saw this beautiful face when I was young, I would also be used to it.”

After that, he crouches down in front of Yan Hua and looks at her like a fool.

“Your sister is so beautiful today.” Tang Yao, who is the big fan of his daughter, smiles and says. Then he gradually cries, “Uh... I haven’t seen such a beautiful Hua for a long time.”

Bai Susu puts down her makeup mirror and says, “Well, we will go out soon. Why do you cry? Where is Ruoxian? Has he finished talking with Tong Yue?”

“I’m here, Mom.” Lang Ruoxian goes out from the room. Tong Yue is behind him.

Tong Yue looks relaxed. It seems that he gets a good result after talking with Lang Ruoxian.

“How’s it going? Shall we make much money by following Brother Ruoxian?” Chen Xiaopang asks him excitedly.

Tong Yue glances at him and says, “Let’s talk about it when we go back. Now we should go downstairs now.”

“Are you ready?” Lang Ruoxian takes Yan Hua’s hands and asks her.

Yan Hua is wearing a red improved cheongsam tonight. It’s a simple and ankle-long dress. There is a big ruby disc button on the neckline, and none of her skin is exposed besides her arms.

Large pieces of small rubies are set in this dress. If other people wear it, it must look like garish. But Yan Hua has a flamboyant and inviolable aura when she wears it. Her bright red lipstick is so beautiful that she looks charming extremely. Her black hair is put in the back of her brain, which looks neat.

“Today, even your earlobe is so pretty that makes my heart lurch.” Lang Ruoxian says and can’t help kneading Yan Hua’s earlobe.

Her dress is as red as fire and her hair is as black as ink.

“Are you ready?” Yan Hua curls her lips and asks him back.

Lang Ruoxian wears a black suit and he uses rubies as his sleeve button to set off the dress of Yan Hua. He lowers his head to kiss the woman in his arms again and says, “I’ve prepared all the time for you.”

“We will go downstairs.” Bai Susu says. She is satisfied to see her daughter and son-in-law. Then she nods to her son.

Tang Cao opens the door and they all appear in the second floor. The hall becomes quiet suddenly.

“Hello, everyone!” Tang Yao waves his hand and helps Bai Susu go to the hall. He says, “Do you come to see my daughter? Hah, hah. Young men, you have no chance. My son-in-law is more handsome than you.”

Everyone smiles awkwardly and they think the old playboy is really a fool.

“Thank you for joining the banquet tonight.” Bai Susu doesn’t stop her husband to say stupid words. Anyway, this is what he looks like. Bai Susu says, “Tonight, we celebrate my daughter came back recently. Everyone knows the accident happened five years ago. Fortunately, she goes home safely and brings a good son-in-law back for me.”

Bai Susu turns her head. Then Yan Hua walks to the hall arm in arm with Lang Ruoxian. Other people look them up and down in different emotions.

“You may know my daughter, Tang Duo.” Bai Susu smiling says when they go to the center, “This is my son-in-law, Lang Ruoxian, who is from Lang Family in G City.”

Everyone blesses them. No one will provoke deliberately on this happy day. Because they realize that Tang Ming really likes his niece of second branch of Tang Family. It’s said that he was sad for a long time when hearing her death.

“Help yourself! Eat and drink casually! You can take them out if you like.” Tang Yao begins to say stupid words again. Everyone just smiles awkwardly and talks with the people around them.

Lang Ruoxian follows Bai Susu to see people he needs to know, while Yan Hua is surrounded by young ladies naturally.

“Tang Duo, have you really lost your memory before?” A thin and tall girl asks her.

Yan Hua doesn’t know her. But it doesn’t matter. She is not her friend.

“Yes. I forgot everything when I fell down from the mountain. Otherwise I would have come back early.”

Several ladies look at each other and someone asks again, “I heard that you divorced when you lost memory. Then your husband died. Now it’s your third marriage. Right?”

These ladies surrounding her are basically centrists. They neither offend nor support anyone. The reason why they ask is because they are curious and want to tease her.

After all, she is Tang Duo! They are happy to see her in trouble.

“According to the law, I only get married once. The first two marriages are not my real name.” Yan Hua thinks for a while and smiles, “You can also ask directly whether I have three men. But it’s a pity that I’m not lucky enough to have three men.”

She has a look at Lang Ruoxian who stands on the other side. People follow her eyes to look. They find although the good-looking man is talking with others, he always glances here from the corner of the eyes. When he finds Yan Hua also looks at him, he curls his lips and his eyes become so gentle.

“Look! He was my only man and always will be.”

The girls smile.

“Ah! Don’t claim that early. Now the divorce rate is so high. That film queen showed off her love last year but she divorced last month.”

Yan Hua curls the corner of her mouth and says, “Uh, I should have no chance to divorce because I haven’t seen any man who is more handsome than my husband.”

“That’s true...”

The ladies haven’t seen Yan Hua for five years and feel awkward at the beginning. But they are relaxed after having some topics to talk. Then they begin to talk about Yan Hua’s face. They say that she isn’t old at all and looks like the same as five years ago.

“It’s not true!” A little voice says.

They turn their heads and find a young girl who is about 20 with a pink skirt. Seeing everyone looking at her, she turns red quickly.

Bai Jingzhu and Dong Nianshuang always pay attention to them in a distance. Now they finally have a chance to say. They come over with many ladies following them. Dong Nianshuang tries to control herself not to see Tang Duo. But she fails.

When Tang Duo appears in front of people, she has known she fails. They both wear red dress. Although she looks like beautiful, Tang Duo seems to be born with red because she is so flamboyant. She can’t compare with Tang Duo’s born aura at all.

And Tang Duo's face! Dong Nianshuang's nails pinch into her palms angrily. How could Tang Duo be so lucky? Why does the fate treat her well? Why? Why doesn't she become a little old? Why does her figure not change after having a kid?

"This lady, you can say what you want to say. I believe Sister Tang Duo won't mind it." Bai Jingzhu smiles happily. She will be happy if Yan Hua is in trouble.

The little girl's face becomes redder. And she can say nothing for a long time.

"What's wrong?" Dong Nianshuang smiles, "Are you afraid or shy?"

Then she smiles sweetly to look at Yan Hua and says, "Miss Tang, long time no see. I'm glad that you come back!"

Dong Nianshuang... Yan Hua thinks about her name in the material. According to it, what Hua Yan really loves is this girl. Whatever it is true or not, Yan Hua's family has bad relationship with Dong Family. Who cares about the face?

"I remember that you used to call me Sister Duo." Yan Hua frowns, "Ah, I remember it! It is different now since your elder sister marries into Bai Family. So I can't let you call me sister anymore."

Dong Nianshuang didn't expect that Yan Hua would refute her directly. She was young and had low identity before so that she couldn't touch Tang Duo's circle. She just heard that Tang Duo was so arrogant. Now she finally knows that it's really true.

"I..." Dong Nianshuang is always praised by others these years and no one refutes her like that. So her eyes turn red immediately.

Bai Jingzhu knows Tang Duo's ability. But she can't control herself to argue with Tang Duo every time. See Dong Nianshuang is going to cry, she shouts instantly.

"Tang Duo, what are you doing? Today is your family's feast. How could you treat guests like that?"

Tang Cao and Chen Xiaopang are boasting with other second rich generations. They want to run there as soon as they hear the noise. But they are stopped by Lang Ruoxian's eyes not far away from them.

“Damn!” Chen Xiaopang still wants to rush. But Tang Cao stops him and says, “My mom doesn’t allow us to come.”

Standing next to Lang Ruoxian, Bai Susu shakes her head to them.

Tang Yao appears from nowhere and says gloomily, “You two stare at them. If the girls from Bai Family and Dong Family dare to touch Hua, you should rush to kick them out.”

“Dad, why don’t you go?”

“I’m the senior. It’s not proper for me to kick girls.”

Tang Cao and Chen Xiaopang are speechless.

“Bai Jingzhu, how could you come in?” Yan Hua asks her slowly.

Bai Jingzhu raises her neck and says, “Your family sent an invitation to our family. Well, do you want to check it?”

“Okay!” Yan Hua points at Dong Nianshuang and says, “What about her?”

“What?” Bai Jingzhu doesn’t understand.

Yan Hua smiles, “If I remember correctly, we never sent any invitation to Dong Family. How could Miss Dong come in?”

“Tang Duo, don’t go too far!” Bai Jingzhu says so angrily, “Why do you always aim at Nianshuang?”

Dong Nianshuang has tears in her eyes, which looks very beautiful. She bites her lip to hold back her tears. Then she says, “I come with my elder sister. Miss Tang, are you sure you decide to tease me like that?”

Yan Hua says, “Your elder sister belongs to Bai Family. So she can come in. But it is not reasonable for you to come in with your sister...”

“She comes with me!” Bai Jingzhu says, “You can kick us out if you like.”

Yan Hua tilts her head slightly and blinks her eyes, which is so graceful that many men who pay attention to them stare at her straightly. Hua Zhong frowns and comes over with a glass of champagne. Bai Yuanfei who always focuses here also follows Hua Zhong quickly.

“Sister Duo!” Hua Zhong directly goes to Yan Hua and gives her the champagne, as if he doesn’t see Bai Jingzhu and Dong Nianshuang.

Yan Hua accepts it and thanks him. She also gives him an eye to let him rest assured.

“Bai Jingzhu, I can’t let you go out. Because today my family holds the feast.” Yan Hua pauses for a while and looks at Dong Nianshuang, “Your elder sister is smarter than you. Because she never appears in front of my family.”

Dong Nianshuang wants to say something. But Yan Hua raises her hand to interrupt her, “Everyone knows our two families’ thing. So we don’t need to pretend we have a good relationship. We’d better never see each other in the future. Even if you meet me in some occasion, please don’t talk to me, otherwise you will cry again.”

“Miss Tang is really equal to your reputation. Wish you can always be so arrogant.” Dong Nianshuang knows that she can’t get anything today. So she turns to leave after saying.

Bai Jingzhu stamps her feet anxiously and follows her. Bai Yuanfei also has to chase them under his mother’s threatening eyes. Hua Zhong smiles at Yan Hua and says, “Now people you dislike all leave.”

“Miss... Miss Tang...” The little girl who turned red just now closes to Yan Hua.

## **Chapter 205 Qiang Di Comes**

Yan Hua searches this face in her material. She is sure that she doesn’t see her.

“Hello!” Yan Hua greets her very politely.

A girl introduces her to Yan Hua.

“Her name is Fang Diandian and her family has several travel services. The business is not bad.”

Yan Hua suddenly understands through the introduction. The little girl's identity is not enough to come in. The girl who introduces her doesn't say they are friends. So she just wants to take her to have a look because of some reasons.

"Oh! How can a red apple be here?" Tang Cao wonders here and asks. Chen Xiaopang pushes him away and says, "Sister, you were so great just now! You are definitely my idol."

Hua Zhong has a look at him and says, "Sister Duo doesn't have a fat younger brother like you."

"Bah!" Chen Xiaopang doesn't like Hua Family very much. He snorts, "I'm better than you. How dare you appear in front of my elder sister?"

Yan Hua pats his head and says, "You can't talk to Zhong like this."

"Sister!" Chen Xiaopang is shocked, "You... You show partiality to him!"

Hua Zhong smiles and doesn't conceal his proud feeling at all. He says, "Sister Duo, I'll have a birthday party next month. You must come!"

"I'll go there." Yan Hua also touches his head.

Hua Zhong leaves with satisfaction. Only Chen Xiaopang stays here angrily and even wants to bite him.

"Sister, my birthday is also in next month."

Tang Cao looks askance at him, "Your birthday is in summer."

"I don't care about it! My birthday is the same as the stupid Hua Zhong's birthday."

"Do you want to have the same birthday as him?"

Yan Hua pushes them away and says, "Go out to play!"

Fang Diandian almost cries because of anxiety. Her dad found many people and owned a large favors to send her in. But she can't talk to Tang Duo now.

"I've told you that you shouldn't close to them..." Dong Nianqiu hands the tissue to her younger sister and says, "Now you are snubbed, aren't you?"

Bai Jingzhu is taken away by Bai Yuanfei. Dong Nianshuang sits alone in the corner. All the men, who used to praise her, put their eyes on Tang Duo today. Even her brother-in-law also talks to the man called Lang or something else.

That man... Dong Nianshuang stares at Tang Duo the whole night. So she just finds Lang Ruoxian is so handsome. He is better-looking than the rich young men in Yanjing.

“Why?” She murmurs.

Dong Nianqiu doesn't hear it clearly so she asks, “What did you say?”

“Nianqiu, why is Tang Duo so lucky? Is it just because her family is powerful? She is just an incompetent woman and can do nothing. But there are always men who love her and want to marry her even if she has a child.”

Dong Nianqiu frowns. She turns Dong Nianshuang's shoulder to make them look at each other. Dong Nianqiu says, “Have you seen it today? No one in this circle dares to be her enemy in public because of her ability and her family. For so many years, these people who blame her in secret don't dare to scold her face to face.”

“Only Bai Jingzhu dares to do. But did she win once?”

“You don't need to compare with her. She has no threat to you.” Dong Nianqiu doesn't understand why her younger sister cares about Tang Duo so much. She says, “Tang Duo has been married and gave birth to a son. She won't grab your men or influence your career. I've told you many times that you should take the long view.”

Dong Nianshuang stays silent. Dong Nianqiu shakes her head and says, “You'd better use your time to think about your purpose rather than aim at her. If you don't find a proper man to marry, Dad might force you to marry into a powerful family.”

“No!” Dong Nianshuang stares at her and says, “I'll find a man by myself. He will be better than Brother-in-law and Tang Duo's husband!”

“Okay. That's great! Come on.”

After meeting all the people that she should see and shouldn't see, Yan Hua hides herself in the corner to have a rest. Seeing her mom still has social intercourse with Lang Ruoxian, she secretly gives the thumbs-up to her man.

"Miss... Miss Tang..."

A very low voice comes to her ears. She won't find it if she doesn't hear it carefully.

"Miss Fang?" Yan Hua feels strange. Why does this girl appear again?

"Do you have anything to say to me?" Yan Hua asks her. The girl has followed her the whole night.

Fang Diandian scratches her fingers. She really wants to bury her head into her neck. She hesitates for a long time and finally asks, "Do... Do you forget me?"

After that, she stares at Yan Hua secretly. When seeing Yan Hua's emotionless face, she is anxious a lot in her heart.

But Fang Diandian doesn't know that although Yan Hua looks normal, she has become nervous in her heart.

What happened? Why do I not have this girl's information? Do I know her? What should I do?

"It's... It's normal that you forget me." Fang Diandian says again, "That night I and my several classmates were... saved by you. You even asked someone to send us to school."

... Yan Hua lets out a sigh of relief. It turns out to be an accident. She guesses that the little girl and her friends were bullied by others and she saved them. As for the place, it might be a bar or a restaurant.

According to her age, the girl might be a senior student five years ago. So she shouldn't go to a bar. Yan Hua thinks it might happen in a restaurant.

"I listen to your words and never go to a bar anymore!" Fang Diandian says hurriedly.

Yan Hua is emotionless. She doesn't care about that.

“Girls shouldn’t go to that kind of place frequently. But you can go there with your trusting male friends if it is just a normal social activity.” Yan Hua says. She doesn’t mention that she saved them. She doesn’t know it at all.

Fang Diandian nods her head vigorously, “If I... have a boyfriend in the future, I’ll ask him to go with me!” Before Yan Hua finishes saying, she clenches her fists and says, “Miss Tang, don’t mind Bai Jingzhu’s words. You are more beautiful than five years ago. You are the most beautiful!”

“Although Dong Nianshuang is good-looking, but she isn’t pretty at all when she is compared with you.”

Yan Hua thinks that she can’t guess the girl’s mind.

Yan Hua meets the innocent fool for the first time. Can the innocent fool have such a high combat effectiveness?

“Thanks... You are very beautiful, too.” Yan Hua can just say that.

Fang Diandian looks at her with shining eyes which are like Gungun’s eyes.

“Really? Miss Tang, do you think I look good? Well... Can I add your WeChat?” The girl says. Then she disturbs to say, “It’s... it’s okay that you refuse me.”

Yan Hua wants to say yes. But before she says, Fang Diandian has looked at her with her bright eyes and says, “I’ll try to let you like me and add my WeChat!”

“Come on...” Yan Hua thinks she is hard to comment the girl. What kind of family can bring up such a girl?

There are always some people around and stare at them all the time. When they see she exchanges her WeChat with Fang Diandian, few girls instantly come here and also want to add her WeChat. Yan Hua agrees them all. Maybe the past Tang Duo will refuse. But now she thinks that she should have more social contracts.

Anyway, if she finds someone is not good, she will refuse to accept her message, which will cause little influence.

“Are you tired?” Lang Ruoxian finally goes back to her. When he sees Fang Diandian runs away in shock, he raises his eyebrows and says, “Did she do something that makes you unhappy?”

“No!” Yan Hua smiles, “She is a so cute girl and wants to be my friend.”

Seeing her smiling face, he knows that she is so happy now. Lang Ruoxian rests assured. He believes that Yan Hua has the ability to distinguish which person can be her friend.

“How about you?” Yan Hua touches the man’s trouser pocket, which is full of business cards.

Lang Ruoxian stares at her heels with high-heeled shoes. Then he stretches out to rub there for her in secret. He says, “I deliberately gave out the message and everyone is staring at the projects in my hands. But... they still observe my attitude to Tang Consortium.”

Bai Susu hands the Tang Consortium to Lang Ruoxian, which is a very strange thing in other people’s view. After all, Lang Consortium is the leader company in three coastal provinces. But he gives up the huge company and comes to Yanjing to manage two little companies for Tang Consortium.

Does he just do it to try to please his wife? Or are there any other intentions? Does Tang Family get a good son-in-law or a horrible wolf? People think about that. But they are also attracted by the projects that are worth 500 million. So there are some people want to cooperate with him actively.

“Mom said that Eldest Uncle has 30% share of our company. But they never care about the company for many years.” Yan Hua thinks of something and she says, “But now...”

Lang Ruoxian pours a glass of champagne for her and says, “But now I come here as a stranger. We will know their attitudes after the New Year.”

“If someone interferes in our company, it must be Tang Rui.” Yan Hua sneers, “Only he in the first branch of Tang Family isn’t an official. He has his own entertainment company and Dong Nianshuang belongs to his company.”

Lang Ruoxian has investigated that and he says, “Hua Yating hates Dong Nianshuang so much because she thinks Dong Nianshuang has an affair with Tang Rui.”

“Really? Well...”

“They are innocent.” Lang Ruoxian gives Yan Hua a little cake again and cuts it into few pieces to let her eat. He says, “She is precious about her reputation. So she has no close relationship with any men.”

Yan Hua eats a piece of cake and doesn't continue the topic. Tang Cao has said that Hua Yan liked Dong Nianshuang. But she thinks it is not possible. As for reasons... Yan Hua doesn't know. Maybe it is women's intuition.

Outside the hotel, Shu Sheng parks the car.

“Miss Qiang Di, let me send you in.”

Sitting in the back seat, Qiang Di wears a light green dress. Her makeup on face is delicate. It seems that she makes up specially.

“Miss Qiang Di?” Shu Sheng calls her again when he sees that she has no reaction.

The lady comes earlier than his Young Master. She arrived in Yanjing last week and even found a place to live. An hour ago, Shu Sheng received her phone that she wanted to join the feast but had no invitation. Shu Sheng can't contact Lang Ruoxian so he has to send her here.

“Hem... Please send me back!” Qiang Di looks at the hotel's door and says, “I don't want to go in now.”

Shu Sheng doesn't know what makes her change her decision. He confirms again, “Don't you really want to enter? In fact, it's okay that you come in. Young Master will agree.”

“Who care about his view?” Qiang Di pats the seat as if she is angry. She says, “Come on. Send me back!”

“Okay...”

The car turns around and leaves slowly. Neon lights are across the windows, reflecting colorful shadows. Looking at the bold plants outside, Qiang Di realizes that she is lonely in this north city. Lang Ruoxian...

Lang Ruoxian has become another woman's husband.

“Hah...” Qiang Di smiles suddenly.

He never belongs to her.

The newspaper next day is full of Tang Family’s news. Yan Hua and Lang Ruoxian’s photos occupy half of the page. The media use the bold characters to write that the first beauty in Yanjing revives and comes back with husband and son.

The title looks so shocked!

### **Chapter 206 Encounter in Racecourse**

Tang Duo’s high-profile return has resulted in the constant invitation letters in the first month. She has been invited to all kinds of activities and parties. On the Lantern Festival Day, Chen Xiaopang organizes a group of people to play in the racecourse in the suburbs, and specially invites her.

“Go ahead. I’ll stay at home with Gungun.” Lang Ruoxian has been looking through the materials of Tang Consortium recently. He doesn’t know many people in Yanjing and seldom goes out.

Yan Hua feels herself like a love rat who leaves his wife at home for fun.

“Why don’t we go together?”

Lang Ruoxian hugs her. “I’m afraid if I go there, your performance will be affected.”

Yan Hua smiles, “You also know that it is very troublesome to go out and play!”

Wherever she appears, those who have been invited and those who have not will go to attend to see her. However, Bai Jingzhu was not present at the previous two parties, and others generally wouldn’t go against Yan Hua. However, she met Hua Yating once. It is estimated that Hua Yating is going to marry into Tang Family, so she doesn’t rub Yan Hua the wrong way.

“Don’t push yourself if you don’t want to go.” Lang Ruoxian knows that she doesn’t refuse these because she wants to find the person who hurt her as

soon as possible. Tang Family members have discussed that the person must be in this circle. As long as she joins more parties, sooner or later she will find some clues.

“This is my job!” Yan Hua blinks and feels that it is right to say so.

Don’t those girls take parties and play as their job every day?

When she is about to go out, Gungun doesn’t want her to go because Tang Cao also will go with Yan Hua as her driver and bodyguard.

“Uncle, don’t you love me?” Gungun holds Tang Cao’s thigh and eagerly asks.

“Love, love, love!” Tang Cao shouts wildly, “Uncle loves you the most.”

Gungun tilts his head and says, “Because you don’t have a girlfriend and no girl likes you, so you can only love me, right?”

“Who said that?” Tang Cao is furious.

“Grandpa said it.”

“He has senile dementia. You should not play with him.”

“Uh-huh, then uncle takes me to play!”

Tang Cao is stunned and shockingly looks at his dear nephew. “You... You have learned the set pattern! Who did you learn it from?”

“Gungun.” Lang Ruoxian holds Gungun aside. “Would you like to stay at home with me to accompany Great-grandma?”

Gungun looks at his mom who has already gotten into the car, and then he turns to look at Chang Pei’e.

Chang Pei’e puts down the knitting wool in her hands. “Gungun, go for a walk with Great-grandma later. Don’t you want to see the dog in the south?”

“The golden retriever?” Gungun’s eyes light up.

The day before yesterday when they took a walk, they met a big golden retriever, the same as the one of Mingxi’s. He liked it very much.

“Well, let’s go to look at that golden retriever.”

Gungun is happy. He waves at Tang Cao. “Uncle, go quickly. Remember to protect my mom!”

“I’m not as important as a dog.” Tang Cao gets into the car a bit angrily. He thinks of something after leaving the villa and asks. “Sister, why don’t we also get a dog for Gungun? He just arrives and hasn’t had any friends.”

Yan Hua shakes her head. “No. He will go to primary school in the second half of the year. He will not be at home all day and the dog will be lonely.”

However, Lang Ruoxian also said this before, but what he wanted to raise is not a dog...

“Sister!” Chen Xiaopang sees Tang Cao’s car from a distance and runs over to shout.

Tang Cao stops the car, and when they get off the car, Chen Xiaopang curls his lips and says.

“Sister, there is an annoying person coming.”

Tang Cao swings his crew cut. “Who? Who’s here? I will make him to kneel down honestly and sing ‘Conquest.’”

“Dong Nianshuang.” Chen Xiaopang points to several large cars not far away. “Her crew come to find a view.”

“Shoot TV series?” Tang Cao glances there. “Then go ahead. Anyway, they will not play with us. As long as they don’t appear in front of me, it is OK.”

Chen Xiaopang sees Yan Hua staring at the cars and thinks that she may be interested.

“Do you want to see it, Sister?”

Tang Cao pooh-poohs him. “F\*\*k, if my sister likes it, she can take part in the filming directly. Why bother to see it!”

“Yes!” Chen Xiaopang claps his hands. “Sister is so beautiful. Let’s invest in a movie, a blockbuster. I... I’ll just play an attendant of Sister.”

“Yes, you can play a stone bench and I can play the person sitting on you.”

“Hey! You still want to sit on me. Say! Have you been peeping at me for a long time? I tell you, there is no way! I only like girls.”

“F\*\*k, you...”

Yan Hua turns over a supercilious look and goes away, leaving the two whining guys alone.

Now Chen Xiaopang has invited people who are not an eyesore to take part in. As a huge fan of Tang Duo, Fang Diandian has quickly won the trust. She has already mixed into this circle. When she sees Yan Hua come, she waves excitedly.

“Sister Duo!”

Yan Hua sees her coming like a bird and smiles. “Hello, aren’t you blushing today?”

At first, Fang Diandian blushed at the sight of her and didn’t dare to speak. Slowly, she has been better. Yan Hua likes this girl very much. Who doesn’t like a girl who is simple and enthusiastic?

“Sister Duo, you are really beautiful today!” Fang Diandian’s eyes glisten when she sees Yan Hua. Yan Hua is in a red riding suit, wearing a pure wool coat outside. The grey coat is covered with tassels, which adds a bit of femininity to the handsome riding suit.

Every appearance is a beauty contest for the girls. A girl even wears a gauzy skirt in winter.

“You are also very cute.” Yan Hua touches Fang Diandian’s head.

Fang Diandian wears a light green riding suit today, which is cool and agile.

“Little Apple!” Tang Cao and Chen Xiaopang come up. Tang Cao gives Fang Diandian a nickname. Every time he sees her, he calls her Little Apple. Later Chen Xiaopang follows suit.

Fang Diandian ignores them, disliking that they’ve got a big mouth and talked nonsense every day. Moreover, although these men are playboys, they are

very eligible bachelors. If she is too enthusiastic, it will cause misunderstanding easily.

She revolves around Tang Duo every day, and many girls outside say that she is a sycophant. Fang Diandian doesn't mind what they are talking. Her goddess comes back finally. Of course, she must seize the opportunity to see her goddess. She also hears that the son of the goddess is also very cute and adorable. She must see him when she has the chance.

"Let's go?" Tang Cao asks Yan Hua. "Go and see your horse?"

Tang Duo has a little red mare, which was only one year old five years ago. Now the mare is an adult.

"I don't know if it knows me." Yan Hua sighs. She has seen the video of the horse. It is a very beautiful red horse. After all, she is a face-judger. If it is not good-looking, it is estimated that she will not want to have it.

"Definitely it will know you!" Tang Cao smiles. "I often show it your photos."

Chen Xiaopang nods beside him. When he first saw Tang Cao do so, he thought Tang Cao was crazy and wanted a horse to become a beautiful woman.

They set out for the stable. When they passed by a racecourse, they see many machines and many people inside.

"I hear that Dong Nianshuang is filming TV series there!" A girl named Xu Yan says.

Another small girl holds her face in her hands. "Who wants to see her? I want to see Jiang Di! It is said that he is the leading actor in this play."

A child sneers. "Isn't he just a bit handsome? Maybe he's had a facelift."

Several girls present disdain him.

"You can also have a facelift, can't you?"

"Even if you have had a facelift, you won't be more handsome than Jiang Di!"

"Jiang Di has been checked and his face is totally natural. But you mention every day that Dong Nianshuang is a pure natural beauty, who knows..."

Those men keep silent. If they keep arguing about this, maybe they will be hit.

“Sister!” Chen Xiaopang asks cheerfully, “Are you sure you don’t want to take part in the filming?”

Yan Hua gives him a pat on the head. “Why should I rob somebody else’s job?”

“What...” Chen Xiaopang doesn’t understand what she means.

Tang Cao rolls his eyes towards him. “Silly bastard, my sister means if she is going to make a movie, there will be no chance for that ugly monster.”

“Yes! Yes!” Fang Diandian nods without thinking whether it is right or not.

Yan Hua smiles. “I said casually. Why do you agree?”

It’s not that easy to make a movie, but... She’s seen a TV series performed by Dong Nianshuang, whose acting skills are not very good. Although she has a specialized background, she obviously relies on her beauty not her acting skills.

“She is only being able to play in popular TV series, but she will be scolded a lot as soon as she plays in the movie.” Fang Diandian says in a low voice, “Every play is invested by her brother-in-law who is a member of Bai Family. Otherwise she can’t always play the heroine.”

Yan Hua glances at her. “This is also a kind of strength. That is the way the entertainment circle is.”

Dong Nianshuang leads a charmed life. She starts her career with her own backup and needn’t suffer from the hidden rules.

“I am not jealous of her!” Fang Diandian is a little bit afraid that her goddess feels her to be narrow-minded, and says quickly, “It’s her fault. I have a friend who is a classmate of hers. They both graduated from the Film Academy...”

Over there, Dong Nianshuang just finishes filming a scene. When she is sitting on the sidelines resting, she hears someone whispering around her.

“You see there! Is that Miss Tang?”

“Oh, really! I said that we could meet these rich second generation in the racecourse, but I didn’t expect to see her.”

“Come on. She is really... better-looking than her photos!”

“I heard that she had been married and had a child. She looks very young, just like a young girl.”

Bang! Dong Nianshuang puts her cup on the table, and those young girls who are whispering get a fright.

“What are you arguing about? Don’t you know that I want to have a rest?” Dong Nianshuang looks at them coldly.

The faces of those girls become pale and they don’t know what to say at that time.

“Oh, nothing, nothing!” Dong Nianshuang’s assistant quickly comforts them. “Sister Shuang is not feeling well today, so she is not in a good mood. Please don’t mind! We’ll treat everyone to coffee later!”

Those young girls look at each other, say sorry together and run away quickly.

“Sister Shuang, you should pay attention to your image. If Andy knows, she will criticize you again.”

Andy is Dong Nianshuang’s agent. Dong Nianshuang still obeys her very much. Dong Nianshuang knows that she was impulsive just now. Having seen Tang Duo and her party enter the stable, she thinks for a moment and then stands up.

“I’ll go there. If the director needs me, you just call me.”

“Sister Shuang?”

The assistant can’t stop her, but helplessly watches her lead the horse she just used for filming out.

“You don’t have to follow me. I’ll ride around and make friendly contacts with the horse.” Dong Nianshuang dismisses the staff of the horse farm who is in charge of the horses and mounts the horse.

Halfway, she sees Tang Duo come out on a red horse.

“What a coincidence!” Dong Nianshuang takes the initiative to speak.

Two horses are so close that they are head to head. Within such a close distance, Yan Hua cannot pretend Dong Nianshuang to be invisible.

Yan Hua nods. “It is really a coincidence.”

“I heard you are good at horse riding. Do you want to ride the horse for two laps?”

### **Chapter 207 Falling from Horse Back**

Dong Nianshuang is filming a romantic drama based on an online novel called “The Only Lover.” She wears a costume for filming, which is a light yellow riding suit. It is understandable to suggest ride the horse for two laps.

But...

“Sorry, I don’t want to ride the horse for two laps.” Yan Hua touches the horse’s mane and doesn’t look at her.

She used to have good impression about Dong Nianshuang before, but Dong Nianshuang’s performances time and again have made Yan Hua no longer want to talk to her. Dong Nianshuang is obviously not as smart as her elder sister. Their feud with the Dong Family is more serious than that of Hua Family.

What Hua Family has done will probably be forgotten by the next generation after several decades. But what Dong Family did to Bai Susu is definitely a feud, and Tang Family’s descendants must remember it.

So what does Dong Nianshuang mean when she keeps appearing in front of Yan Hua? Looking for scolding or just wanting to be noticed of existence?

“Miss Tang has been away for too long. I don’t think you know how we play now.” Dong Nianshuang smiles and looks at several celebrities behind her. “Do you want to ride the horse? My wager will be this watch.”

She waves her wrist, where there is a beautiful sport watch.

“This is the new model of B Brand. Are you sure?” Someone asks.

Dong Nianshuang shrugs. "It was sent by someone else anyway. It doesn't matter if I lose."

Some girl curls her lips and unwillingly agrees. "OK, just two laps and everyone should take one item to be a wager!"

"Sister, what they mean is to ride the horses together, and those behind lose to those in front." Tang Cao explains to Yan Hua in a low voice, "The wager will be a gadget you carry."

It's said to be a gadget, but those taken out by these people are very expensive and the cheapest is worthy of tens of thousands yuan.

Yan Hua thinks for a moment and takes off the hairpin from her head. "Then I won't spoil everyone's fun either. Can I take this as a good luck stake?"

"Of course!" Fang Diandian immediately says, "This is a limited edition of the G Brand. It is not available to buy!"

Then she leans over to Yan Hua's ear and mutters, "Dong Nianshuang's riding skill is heard to be very good, and she often wins the first prize. Moreover, every time she wins, she won't accept other people's wagers. Many people are willing to ride horses with her."

"Some girls say that she pretends to be generous because many of her things were given by others." Fang Diandian says so as if she is worried that Yan Hua will lose, but...

Yan Hua sees the flashing of her eyes.

"Do you think I will win?"

"Of course!" Fang Diandian clenches her fist. "Sister Duo is so amazing. How can you possibly lose?"

Yan Hua thinks that Fang Diandian's orientation to her may be a superwoman and so on...

"She is a huge fan of you." Tang Cao's voice just falls and they hear Chen Xiaopang cry.

"Dong Nianshuang, if Sister Duo wins you, you can't post on micro blog, pretending to be pitiful!"

Dong Nianshuang's face becomes cold. "Don't worry. I can afford to lose."

"That's not necessarily true." Tang Cao says with mirth. "I remember last year when you competed with someone for swimming and lost to others, you posted on micro blog and mentioned the other party. You said that the other party was wonderful and you were convinced that you had lost. However, your fans ran to the one's micro blog and scolded for several days."

Dong Nianshuang is not popular in the circle. She is not like Tang Duo. Although many people did not like Tang Duo in those days due to jealousy. At least Tang Duo never slandered others secretly but expressed her thoughts to the face.

"I hate women like you the most." Chen Xiaopang's expression is full of disdain.

Dong Nianshuang pinches her fist, but her purpose is not to quarrel. Then she squeezes out a smile. "You two are men anyway. Why do you always bully me, a girl?"

"I don't have the good habit of not hitting women." Tang Cao puts his hand on Chen Xiaopang's shoulder. "Neither does Xiaopang."

"No!" Chen Xiaopang waves his fist and says, "Women who make a fool of themselves should be hit."

Everyone else is happy to see the joke. Dong Nianshuang looks pale, but she still asks, "Why do you say so much? I'm going to film later! Let's get started."

"Sister Duo, she insists on calling you to compete. She is certainly not with the best of intentions." Fang Diandian looks at Dong Nianshuang and whispers, "Stay away from her later."

Yan Hua pats her on the head. "You should be careful, too."

After saying that, she mounts the horse. "Then don't waste time. Let's start."

Several girls line up at the starting point on horsebacks. Tang Cao blows his whistle, and everyone starts to ride the horse with flourishing the whip.

"Go!" Dong Nianshuang rushes at the front from the beginning.

Fang Diandian is in the second place, and Yan Hua falls behind.

She is still looking for the feeling. Tang Duo's riding skill is very good before losing memory, which is comparable to that of professionals. Yan Hua rode a few times occasionally when she was in G City. When she first went there, she knew she could ride.

Now, she wants to find the feeling of Tang Duo.

Soon, she raises the corners of her mouth and says, "Go!"

"Sister is the second!" Chen Xiaopang jumps excitedly in the rear.

Tang Cao sneers. "My sister participated in the equestrian competition of the Asian games that year, OK?"

"Really? What prize?"

"She didn't enter the finals." Tang Cao glares at him. "That was pretty good, OK? At least she was among the top 20 in Asia."

Fang Diandian sees Yan Hua catch up and wants to slow down.

"Try your best!" Yan Hua lets out a cry. "Be competitive."

"Go!" Fang Diandian catches up with flourishing a whip. "Don't worry, Sister Duo."

Soon, Yan Hua and Dong Nianshuang are quite close and the distance is about one horse head. Dong Nianshuang looks back and is a little surprised. However, she quickly shows a relieved expression and smiles at Yan Hua.

Taking advantage of this moment, Yan Hua catches up with her.

"Come on, Sister!" Tang Cao also begins to shout. Chen Xiaopang takes photos with a mobile phone and is excited. "It's really good-looking of the riding! How beautiful!"

Dong Nianshuang's speed slows down suddenly, and Fang Diandian takes the chance to catch up with her. The gap between the three women is very small, and the outcome is still uncertain.

Suddenly, Fang Diandian's horse raises its front hoofs and gives a loud roar, then begins to scamper in situ. Yan Hua quickly grabs her horse and turns

around to help. But her horse kicks Dong Nianshuang's horse because they are too close.

"Ah!" Dong Nianshuang lets out a cry and falls off her horse.

Fang Diandian's horse is pulled by Yan Hua. They hurry to dismount to look at Dong Nianshuang.

"Don't touch me!" Dong Nianshuang supports her ankle and says, "It hurts."

Yan Hua frowns and asks, "Can you move?"

"Yes, I estimate that it is twisted." Dong Nianshuang looks pale. "Fortunately, there is no fracture." She looks at Fang Diandian. "What happened to your horse just now?"

Fang Diandian doesn't look good at all. She is scared.

"No... I don't know."

At this time, the staff and Tang Cao have run over, and Dong Nianshuang's assistant, who is watching from afar, runs crying.

"Sister Shuang, are you OK? How are you... If Andy knows, she will kill me..."

Dong Nianshuang is carried to the stretcher, and the racecourse staff have already called an ambulance. She sighs and comforts her assistant. "I'm fine. I just twisted it. Don't cry."

"Nianshuang!" The director and the crew also come. Having seen her like this, the director's heart is frozen.

As the saying goes, if one's muscles and bones are hurt, he will need 100 days to treat and recover. If the injury is serious, won't they postpone several months for the filming? Terrible!

"What's the matter? You... How did you fall off the horse?" The director originally wanted to say why you rode the horse. But since she is injured, he certainly can't blame her at this time.

Dong Nianshuang shakes her head and smiles at Yan Hua. "Miss Tang, I lost. This is my wager."

Seeing that she is going to take off her watch, the assistant quickly presses her hand and says, "Oh my dear, this is not good time. Please lie down quickly and don't move." After saying that, she really wants to call names. Why did you compete with us? Now...

It's on the tip of her tongue, but she swallows it back. This is Miss Tang. She doesn't dare to offend.

"Your assistant is right. You shouldn't move." Yan Hua glances at Dong Nianshuang's foot. Her left foot is swollen high after taking off the boot.

Seeing Dong Nianshuang want to say something, Yan Hua retreats half a step. "You don't need to give me the wager until you are recovered. I believe that Miss Dong will not default."

"... Yes." Dong Nianshuang silently gnashes her teeth and tilts her head to one side.

The ambulance picks up Dong Nianshuang and goes away. Yan Hua hears the director anxiously make a phone call there when she leaves. This kind of thing happened, so everyone is not in the mood to play. They pack up and are ready to go.

"Little Apple, you were there. What was the situation?" When the four of them are left alone in the parking lot, Tang Cao asks.

Fang Diandian feels very guilty and thinks that it is all her fault.

"I didn't know. The horse suddenly got out of control. Sister Duo came to help me. Her horse seemed to have kicked Dong Nianshuang's horse, and then Dong Nianshuang fell off."

Chen Xiaopang scratches his head. "It was an accident. Horses are often out of control."

One horse that has a problem will easily affect other horses.

"Sister, what do you think?" Tang Cao asks Yan Hua.

Yan Hua shakes her head slowly. "I didn't see what had happened to Diandian's horse at that time. When I heard her cry and turned to look, the

horse was out of control.” After a pause, she adds, “As for Dong Nianshuang... It was really my horse that kicked her horse.”

“Do you suspect that she fell on purpose?” Chen Xiaopang’s IQ is finally back to normal. He curses and says, “What does she want to do?”

Yan Hua pulls open the car door. “This is only speculation. Let’s go home first. If you have her phone number, you just leave it to me. I’ll call her later to ask about the situation.”

“Why are you back so early?” Chang Pei’e sees the sister and brother enter the door and asks curiously.

Tang Cao lies on the sofa. “Don’t mention it, Grandma. It’s really unlucky for the Chinese New Year.”

Chang Pei’e looks at Yan Hua and asks, “What’s the situation?”

“Dong Nianshuang was injured.” Yan Hua tells the whole story.

Chang Pei’e’s first reaction is to say, “This girl is cruel enough. She hurts herself in order to frame you.”

“You also think that she did it on purpose!” Tang Cao sits up and says, “She wants to do the same to make her fans to scold my sister.”

Yan Hua looks around. “Where is Gungun?”

“Lang Ruoxian answered the phone and said he would take him out to meet a friend. They will be back soon.” Chang Pei’e adjusts her glasses. “What is your plan?”

“Post on micro blog!” Yan Hua blinks. “Whether she did it intentionally or not, I hurt her. I must apologize.”

## **Chapter 208 Preemptive Strike**

In the hospital, Dong Nianshuang is sitting in a wheelchair, while her assistant Xiaoyang nervously walks around her.

“I’m fine. You don’t need to walk around me. The doctor said that it is just an ordinary sprain, didn’t he?”

Before Xiaoyang speaks, out of the corner of her eyes she sees a woman come in on high heels. At once she straightens her waist.

“Andy!”

Andy is Dong Nianshuang’s agent and has been her assistant since Dong Nianshuang’s debut.

“How did you fall off the horse?” Andy rushes over as soon as she receives the call, without even asking why.

Xiaoyang shrinks her neck and doesn’t dare to speak. Dong Nianshuang smiles and says, “Oh, I accidentally fell off the horse when I raced with them. I am fine, all right?”

“No!” Xiaoyang says immediately. “Sister Shuang’s horse was scared, so she fell off.”

Andy frowns and looks at her foot. “I know your riding skills. What’s on earth going on?”

Xiaoyang looks at Dong Nianshuang. She was not present at that time and did not know the specific reason.

“Yes, it is...” Dong Nianshuang tells her what happened. “She didn’t mean it. Forget it.”

Andy’s frown deepens. “Tang Duo? Miss Tang who comes back from the dead?”

She met Tang Duo once a few years ago. At that time, she felt that if Tang Duo entered the entertainment circle, she would become a star with a bright future. Pitifully, Tang Duo didn’t want to.

“Well, I happened to meet her today, so we rode for two laps but the accident happened unexpectedly.” Dong Nianshuang thinks of something and says, “We should coordinate with the crew. As long as the filming doesn’t require me to run or walk too much, I have no problem.”

“I have already called them.” Andy nods. “Fortunately, you are not seriously injured, so it does not affect the filming.”

Three of them leave the hospital and get on the nanny van. As soon as they leave the hospital, Xiaoyang exclaims, “Oh, Sister Shuang is among the trending topics.”

“What trending topic?” Andy takes her mobile phone.

Dong Nianshuang’s injury is exposed. There are photos of the racecourse, on which she was taken to the ambulance. The person who sent the message seems to follow and take pictures of the famous ladies and childes, as well as photos of their horse races. One of the pictures shows that the three horses were very close, and Dong Nianshuang was lying on the ground.

“Fans are asking.” Dong Nianshuang enters her own micro blog. Many fans below are concerned about whether she is really injured and whether it is serious.

Andy asks her to send a post to micro blog.

“Take a picture of the foot and explain the situation. Don’t say you competed with someone else, just say you accidentally fell off your horse while filming. I’ll give the director a notice and it also gives the crew publicity.”

Xiaoyang responds, “But those people were in the photos. They were definitely not filming.”

“Do you know them well?” Andy is silent for a moment and asks. She doesn’t want to involve those celebrities because she is afraid that those people are unwilling to.

Dong Nianshuang smiles and says, “They are all in this circle, but we are not good friends. It’s OK. I will tell the truth. They won’t bother about these.”

“Ah! Miss Tang opens a micro blog.” Xiaoyang shouts.

Dong Nianshuang suddenly has a bad hunch and immediately takes Xiaoyang’s mobile phone. Tang Duo’s micro blog is very simple. Her account name is Miss Tang and she has already been authenticated. Dong Nianshuang’s mobile phone rings suddenly. She picks it up and it turns out to be Tang Duo mentioning her.

#Hello, everyone. A thing happened today which I am really sorry for. In the morning at the racetrack, I ran into @Miss Dong Nianshuang who was filming. When she took a rest, she asked me to ride for two laps. I didn't expect something wrong in the middle. My horse accidentally shocked the horse of @Miss Dong Nianshuang, causing her to fall and hurt her foot. I solemnly say sorry to Miss Dong. I hope you will get better soon! (Flowers and finger hearts)

"I didn't expect Miss Tang not to put on airs at all." Andy is very happy. "Since she volunteers to say it, you should respond quickly."

Someone responds more quickly than Dong Nianshuang does. Fang Diandian immediately forwards this micro blog and describes it in detail. Finally, she says that it was all her fault, otherwise Dong Nianshuang would not have been gotten into trouble.

"You respond quickly." Andy urges, "Otherwise the haters will get the chance to say that you are angry and don't accept the apology."

Dong Nianshuang doesn't look very good, and indeed someone has been asking under her micro blog that she does not respond whether because she is angry.

#Thank you for your concern. I just twisted my ankle. It's no big deal. @Tang Duo You are really too polite. It is just a small matter. It isn't worthy of your official post on micro blog. (smiley face) But it's a great honor for me because the first post of Miss Tang on micro blog is mentioning me! #Hello, everyone. A thing happened today which I am really sorry for. In the morning at the racetrack, I ran into @Miss Dong Nianshuang who was filming. When she took a rest, she asked me to ride for two laps. I didn't expect something wrong in the middle. My horse accidentally shocked the horse of @Miss Dong Nianshuang, causing her to fall and hurt her foot. I solemnly say sorry to Miss Dong. I hope you will get better soon! (Flowers and finger hearts)

"Why don't you follow her on micro blog?" Andy sees Dong Nianshuang throw away her mobile phone after sending the post. She asks curiously.

Dong Nianshuang clenches her fist. "She doesn't follow me, either. We don't need to be so active. Wait until she takes the initiative to follow me..."

"Oh, she may not know because she just opens her micro blog. If you follow her, she will definitely follow you."

Dong Nianshuang finally loses her temper, gnashes her teeth and says, “She won’t. She probably did it on purpose at the racecourse today. How can she follow me?”

A good plan is so destroyed by Tang Duo that Dong Nianshuang is so angry that she wants to hit someone. She originally wanted to give a hint on her micro blog, so fans would naturally find out why.

It doesn’t matter whether Tang Duo has a micro blog. Fang Diandian has it. Then all the scolding will be directed at her. Tang Duo can’t sit idly by. As long as she dares to speak, she will have to bear the anger of netizens.

But now...

“Why will she do that?” Andy is surprised. “Did you offend her?”

Dong Nianshuang closes her eyes impatiently. “It is the matter of the last generation. Don’t say anything about it. I’m tired. Let me have a rest.”

“Sister Andy...” Xiaoyang asks in a low voice, “What should we do now?”

“What can we do?” Andy says grumpily, “Don’t do anything, or what else is there to do?”

She has guessed a little. Today it was estimated that Dong Nianshuang designed the accident, but she didn’t expect the other party to respond more quickly than her. Now the other party has had the advantage, and Dong Nianshuang cannot slander her.

Because Dong Nianshuang’s response looks friendly, her fans all run to the bottom of Tang Duo’s micro blog and say it doesn’t matter. They also take the chance to look on this noble woman in Yanjing. Some nosey also reveal Tang Duo’s identity. Everyone talks about it with great relish. The trending topic of Dong Nianshuang is also replaced by the one of Tang Duo opening micro blog.

“Do you think she regrets it now?” Tang Cao also sends a group of hired supporters to keep an eye on the trend. In case of any remarks against his sister, he can organize to fight back immediately. “Dong Nianshuang’s combat effectiveness is too weak.”

It turns out to be completely useless!

“It’s not that she is too weak, but your sister is smart.” Bai Susu, who comes back from the company, laughs scornfully after looking on the micro blog. “Dong Family members only know these dirty tricks. Fish begins to stink at the head.”

Tang Cao’s expression is full of admiration. “My sister is still the one no one can match. No one else comes close.”

“What nonsense!” Yan Hua pats him, feeling funny. “The information about her is clearly written. At first she wanted to compete with me. I thought she would fall off the horse and frame me. I didn’t expect that she really put some thought into it.”

“She excels than her mother.” Bai Susu says with a poker face. “What she did today was severe. If you hadn’t responded quickly, I’m afraid she would have successfully slandered you by now.”

Chang Pei’e sighs. “We can’t use this method to frame others by hurting ourselves. Do you hear me?”

“Grandma, what are you talking about!” Tang Cao rolls in Chang Pei’e’s arms. “My sister is so afraid of pain that she won’t do that!”

Yan Hua smiles and texts Lang Ruoxian, asking him when he will come back and whether he will take Gungun to have dinner outside. Lang Ruoxian replies that he is on the way and will be at home soon.

Then he sends another text. An emoji to praise her to be great. A sentence follows: Darling, how awesome!

Yan Hua knows that he must have read the posts on micro blog. She thinks of something and enters her own micro blog. She sees that Lang Ruoxian has already followed her. She immediately follows Lang Ruoxian and her family.

“What the hell are your posts on micro blog...” When seeing Tang Cao’s micro blog, Yan Hua twitches her corner of lips.

Tang Cao’s micro blog account name is Second Child Tang. It is full of all kinds of flaunting the considerable wealth, such as sports cars and yachts.

“Daily routine!” Tang Cao looks innocent.

Yan Hua is speechless. Her younger brother is really a good boy who is honest and unaffected. She squints.

“Mom!” After half an hour Gungun rushes in from the outside, holding a remote control plane in his hands.

Yan Hua remembers this version, which is priced tens of thousands yuan. Moreover, Lang Ruoxian has bought another model for him before. Obviously, this is not bought by Lang Ruoxian.

“Go to wash your hands.” She touches her son’s head and plans to ask his father in a while.

But Gungun tells her all.

“Dad took me to see an aunt.” Gungun says.

Yan Hua frowns. Where’s the aunt coming...

“Aunt’s name is Qiang Di!”

Yan Hua stares blankly for a moment. Lang Ruoxian comes in from parking the car. He hears what his son said and glances at him.

“Gungun, go to change clothes, then call Great-grandma and Grandma for dinner.” Yan Hua dismisses her son and stands there squinting.

Lang Ruoxian smiles and hugs her into his arms. “She came to Yanjing earlier than me and even had a job.”

“She still needs to work?” Yan Hua’s tone is sour.

The reason why Qiang Di came to Yanjing was to accept the invitation of the Central Academy of Fine Arts to come to teach.

“She is really...” Yan Hua is not really jealous. Like Lang Ruoxian, she feels indebted to Qiang Di. Of course, the premise is that Qiang Di doesn’t ask for trouble to provoke her.

“She called me this morning to discuss whether to move my eldest brother’s grave.” Lang Ruoxian says, “We will definitely stay in Yanjing for a long time. So it will be really inconvenient for his grave to be in the south.”

“But it’s not easy to move his grave, is it?”

Yanjing is not like G Province. If Lang Ruoxian really wants to move a grave, someone will immediately check the ancestors of the one buried in the grave.

“So I told her to wait.”

When Lang Cha passes away, he will tell Lang Li and Lang Hongyue his true identity without other people’s saying.

### **Chapter 209 Get into Big Trouble**

Bai Jingzhu goes to the place where the crew film to visit Dong Nianshuang.

Before she goes, her mother particularly tells her not to talk nonsense.

“Do you think this time Tang Duo did it on purpose?” After reading the trending topic, Bai Family members also participate in the discussion. Fang Yan sees her daughter always cursing Tang Duo and can’t help asking her.

Bai Jingzhu’s expression shows that she thinks it is a matter of course. “Otherwise? Why wasn’t she careful? How did it happen so coincidentally?”

Then she gives Bai Yuanfei an oblique look. “Yuanfei, you see, Tang Duo is an angelic b\*\*\*h, shameless.”

“I don’t know if she is an angelic b\*\*\*h, but I know you definitely have a problem here.” Bai Yuanfei points to his own head and asks Fang Yan, “Mom, are you sure she is your biological daughter?”

Fang Yan shakes her head helplessly. “She should be.”

“What do you mean?” Bai Jingzhu is furious. “Mom, why do you bully me with my brother?”

Bai Yuanfei puts down the mobile phone. “Tang Duo’s temper is obvious to all in the circle. She never indulges in petty mean actions behind. Usually she revenges on the spot, because she is qualified.”

“You’ve known her for decades. You know what kind of person she is, but you refuse to admit it.” Bai Yuanfei’s tone becomes more serious. “Bai Jingzhu,

you are my younger sister. I warn you once again. Be obedient if you are not so smart and don't use those dirty methods to deal with others."

Bai Jingzhu jumps up and is about to hit him when Fang Yan stops her. "Alas, Jingzhu! You say, how do you grow up like this..."

Thinking of Tang Duo and looking at her daughter again, Fang Yan feels a headache. "You can't understand clearly however much we say. Listen to your brother and don't participate. Don't say anything when you meet Dong Nianshuang later. Remember?"

"Hum! I'm leaving." Bai Jingzhu feels that no one in the family understands her and beats Bai Yuanfei when she leaves.

When Bai Yuanfei hears the car start, he tells Fang Yan, "If we knew Dong Nianshuang is such a person. We shouldn't agree my eldest brother to marry Dong Nianqiu."

"What nonsense!" Fang Yan glares at her son. "Your sister-in-law is nice and smart."

"Yes! Dong Family has only one clever person. The others are all fools."

When Bai Jingzhu arrives in the place where the crew film, Dong Nianshuang is sitting in a wheelchair reading her lines. Everyone on the set knows her identity and actively stays away a little.

"Nianshuang!" Bai Jingzhu addresses her, sits down beside her and stares at her foot. "It's swollen like this. But you said so easily on your micro blog."

Dong Nianshuang puts down her play script with stage directions and sighs, "What else can I do? Should I use my situation to get sympathy? It's useless."

"Why is it useless?" Bai Jingzhu sneers. "Let everyone know that you are seriously injured, and let your fans go under Tang Duo's micro blog to scold her to death."

"Do you think she is an ordinary little star and if I say a few words and fans will go to quarrel?" Dong Nianshuang shakes her head. "Her identity is known. Who dares to say anything excessive? Blocking the user name is just small punishment. It is possible to detain for a few days on some charge."

Bai Jingzhu is not reconciled. “Then you are injured in vain?”

“Or what?” Dong Nianshuang tilts her head, seeing someone hiding behind the car. Her eyes flash, and she says, “But I think I don’t have any grievances with Miss Tang. So she won’t be against me. This is an accident.”

Bai Jingzhu completely forgets what Fang Yan told her when she came. She suddenly increases her volume. “Where are so many accidents? You don’t have a grudge against her, but your parents do! Tang Duo’s mother was born by your father’s mistress, but she hated your mother. She married to the crap of the second male branch of Tang Family not due to your mother, but out of her own willingness.”

Dong Nianshuang stares blankly, for she didn’t expect that Bai Jingzhu mention grudge of last generation. Dong Nianshuang has the intuition that it is not appropriate to talk about that and changes the subject.

“All right, all right. Let’s not talk about the past.”

“I didn’t mention it. I am just talking about Tang Duo!” Bai Jingzhu doesn’t feel that she talks about anything important. She also makes an arbitrary suggestion for Dong Nianshuang. “I don’t think you should solve it like that. You must expose the sinister intentions of Tang Duo!”

Dong Nianshuang thinks this woman is really stupid. If Bai Jingzhu really wants to make trouble, she shouldn’t bring trouble to others! Dong Nianshuang keeps her patience and persuades, “Jingzhu, this matter is over. I believe Miss Tang didn’t mean it, and you shouldn’t mention it.”

“Nianshuang, you...”

“OK! You sit down first and it’s my turn to film.”

That night, an alternate account of micro blog releases a recording document titled “Tang Duo deliberately injured Dong Nianshuang,” implicating the grudge of last generation. A few minutes later, the recording is forwarded tens of thousands of times and countless netizens enter Tang Consortium’s official website to scold.

“Delete the news as soon as possible!” Bai Yuanfei has gone mad. “I don’t care what method you use. Delete it immediately.”

A few minutes ago, when he heard the recording, he hurried home, while contacted people to remove the news from the Internet. He almost kicks the door open when entering home. He sees Bai Jingzhu sit there crying. Fang Yan looks pale. Seeing him come back, Fang Yan quickly asks.

“How is it going, son?”

“It has been withdrawn, but it is useless.”

Tang Family.

“Bai Family gets involved.” Tang Cao hangs up the phone and scolds, “That brainless woman. I must skin her this time!”

Yan Hua doesn't look very good, either. Bai Susu is being scolded online. Occasionally, several fans of Dong Nianshuang scold her.

“I didn't expect her to be so stupid.”

Lang Ruoxian pats her. “Don't be angry. She is so stupid and we have many chances to deal with her.”

“That cannot change the impact of this matter!” Yan Hua feels sorry for Bai Susu. “I really haven't hated someone so much in a long time.”

Tang Yao has been so angry that he keeps turning around. Tang Cao secretly runs past and the two are whispering something that others cannot hear.

“Why are you angry with that kind of fool?” Bai Susu peels a mangosteen for Yan Hua. “Netizens are all like this. When do they know the situation? They just have a smattering of knowledge but put themselves on the high moral ground to criticize.”

Most of the people in this circle know what happened in those days and it is not secret at all. Bai Susu's mother had been a mistress without knowing the man's marriage situation. This is an unchangeable fact.

“The old saying says, the so-called disaster comes from the mouth. Bai Jingzhu should pay for her behavior.” Chang Pei'e has not spoken for a long time. She looks at Yan Hua at this moment. “Whether Dong Nianshuang intentionally led her to say it or not, it was not important. Since they dragged Tang Family into the water, nobody should be left alone.”

Slap! Burying her face in her hands, Bai Jingzhu wants to say something but is frightened by Bai Jiancheng's ferocious expression.

"I'd rather raise a pig than you!" Bai Jiancheng says and wants to hit her again.

Bai Yuanfei stops him. "Dad, you can't solve the problem even if you kill her now."

"I was wrong, Dad... I know I was wrong, Dad." Bai Jingzhu is so scared when she hears the recording released on the Internet. She doesn't even remember what she said at the time. After listening to the recording, she knows that she is in trouble.

Fang Yan gives her a hard poke on the head. "You! What did I tell you? Are you deaf? Why did you say those words?"

"I... I didn't know, Mom..." Bai Jingzhu sheds streams of tears and snivel. "At that time... I was talking about Tang Duo, and I didn't know how I said... I said it out."

Bai Yuanfei stubs out his cigarette. "I've told you to keep silence. Don't you know that you talk without thinking? Every time I criticize you but you don't take it seriously. Now you have made big trouble..."

He grabs his hair irritably and says, "You can handle it yourself!"

"I'll go to apologize!" Bai Jingzhu shouts, "I'll apologize to Tang Duo, I..."

"Fool!" Bai Jiancheng can't help slapping her again. "Is it Tang Duo's problem now?"

The children have been making a fuss. They all turn a blind eye. Anyway, the interests of no one's family are involved. But now it is not the same. Bai Susu has been offended. The second branch of Tang Family has been offended.

"Where is your sister-in-law?" Bai Jiancheng asks grumpily. Dong Nianshuang provoked such a big trouble. She cannot get away with punishment alone.

Fang Yan answers. "She went back to her mother's house. It is said that Dong Nianshuang is going to be hidden by the company. Several plays which just finished filming won't be allowed to show."

“Ah...” Bai Yuanfei sneers. “Just make that jerk sober.”

“Your eldest brother is called back.” Bai Jiancheng says, “He has been working hard to take charge of that overseas project for three years, because you said a few words, and now he is not in charge.”

“What is Tang Family? Ah?” Bai Jiancheng clenches his teeth to ask Bai Jingzhu. “Even if the second branch of Tang Family is a pile of mud, as long as their surname is Tang, as long as Tang Ming is still in that position, who dares to provoke them? That is to provoke Tang Ming!”

Bai Jiancheng becomes more and angrier as he says, “What are you thinking about?”

“I dare not. I dare not anymore, Dad.” Bai Jingzhu is stunned when she hears that her eldest brother is going back home. She finally realizes how much trouble she has caused.

Fang Yan loves her daughter dearly, but she also knows that the matter is serious. “What should we do now? Yuanqi...”

“I don’t know yet, but he is called back first.” Bai Jiancheng feels uncomfortable when he thought of Tang Ming’s talk with him. “He said clearly that he would arrange new projects for Yuanqi, but as far as I know, there are no vacant projects in the country. I think Yuanqi will be made a mere figurehead for some time.”

Bai Yuanfei smokes another cigarette. “That’s not too bad. It’s OK for him not to be relegated to a remote town.”

“Hua Family has been standing in line with Tang Family, while we remain neutral. Tang Ming also knows in his heart that many things need me to balance, so he will not transfer my work casually.”

Bai Jiancheng puts his hand on his chest. “But warning is still possible. Tang Family’s face was damaged by the big trouble. Don’t think it’s over. You all know what kind of person Tang Yao is. Hua Family did that thing at that time, so he called people to block the door and shout abuses for a whole month, now...”

“Minister!” The guard at the door suddenly runs in. “Tang... Tang Yao with some people pour... pour at the door...”

“Pour what?” Bai Jiancheng has a disgusting hunch.

The guard thinks of something, so he vomits a little before saying, “Pour... Pour dung!”

“Mom...” Yan Hua holds back her laughter. “Don’t look for them. My dad took Xiaocao to Bai Family’s house.”

Bai Susu puts down her mobile phone. “What? He went to shout abuses in the street again?”

“No...” Yan Hua feels difficult to tell the long story. “He has poured dung.”

Chang Pei’e asks in surprise, “Where did he find the dung?”

Lang Ruoxian smiles. “Zoo.”

### **Chapter 210 Suffer from Her Own Actions**

Dong Nianqiu rings the doorbell for a long time before the door is open.

“You think that it is OK to hide?” She pushes the door and goes in, “Mom asked you to go home and you didn’t return. There are all reporters downstairs. Have you eaten?”

She asks a lot of questions, but Dong Nianshuang doesn’t say a word behind her.

Dong Nianqiu turns to look at her. “What’s the use of crying now?”

“Nianqiu...” Dong Nianshuang’s eyes are red and swollen and her face is pale. She didn’t sleep all night for the phone kept ringing. And she doesn’t dare to look at the news on the Internet. She doesn’t know how the thing turns out to be like this.

The company told her that all the activities had been cancelled for the time being, and that her upcoming movie recently is censored for some reason and is not even allowed to be shown. The news hasn’t come out yet. Once it comes out, she is afraid that her endorsement advertisements will...

“What did I tell you before?” Dong Nianqiu sees her sister like this, she doesn’t feel comfortable. But she still hardens her heart and says, “I don’t know why you have to target Tang Duo. If she were an ordinary person, that’s OK. But...”

“Over the years because of your brother-in-law, you have never met dirty things of this circle. But have you forgotten that in Yanjing, there is not only Bai Family? You don’t have the final say in the entertainment circle.”

“Nianshuang, life goes too well with you. You forget that there may be another person smarter than you, and the world does not revolve around you.”

Dong Nianshuang bites her lip and sheds two lines of tears. “Nianqiu, I know I was wrong about what happened in the racecourse, but this time it has nothing to do with me! I didn’t say anything, and I stopped her. Bai Jingzhu herself is stupid, she...”

“Didn’t you really know someone was eavesdropping?” Dong Nianqiu asks.

“I really didn’t know!” Dong Nianshuang asserts. She absolutely can’t admit it at this moment.

Originally she wanted to let people hear Bai Jingzhu say that Tang Duo deliberately startled her horse. Anyway, the news released was not said by her, and others couldn’t blame her. But she didn’t expect Bai Jingzhu who is a fool to say that kind of thing directly. At that time, she also knew it was not good, but she still felt wronged.

“Why didn’t Tang Family take revenge on Bai Jingzhu?” Dong Nianshuang cries and asks, “It was all said by her. Why did they only take revenge on me? They also let the company freeze me, and my movies can’t be shown. Do they want to force me to death?”

Dong Nianqiu sneers. “How do you know they don’t? Your brother-in-law has been transferred back from abroad. Now he is not allowed to be in charge of anything. Whether he can keep his position is hard to say.”

“This... Does this have anything to do with Brother-in-law?” Dong Nianshuang doesn’t understand. “It is Bai Jingzhu...”

“Because her surname is Bai!” Dong Nianqiu talks harshly. “It is not important to deal with Bai Jingzhu, a young girl. The purpose is to deal with the whole

Bai Family! Bai Family has always been neutral in politics. But you send a handle to Tang Family with a few careless words.”

“My father-in-law hadn’t gone back before I came to you. I don’t know how to face those Bai Family members after I go back.” Dong Nianqiu rubs between the eyebrows. “I have cleared up the messy situations for our family so many times these years, haven’t I? Do you really want Bai Family to drive me out?”

Dong Nianshuang wails loudly. She doesn’t understand politics, but she understands if there is no backup from Dong Nianqiu or Bai Family, Dong Family will be nothing in Yanjing.

“I shall go to Tang Duo to apologize, I...”

“Don’t you understand?” Dong Nianqiu shakes her head. “The second branch of Tang Family didn’t shut you out. Some top people have done this. Tang Family doesn’t have to do anything at all. Someone will do it for them.”

“Because what you did was really a slap in the face of the entire Tang Family. It affects the reputation of the entire Tang Family.”

Dong Nianshuang can’t even cry out. She kneels on the ground with vacant eyes. “What can I do... What else can I do...”

“You immediately send a post on micro blog to apologize and then say that you realize your short comings and plan to quit acting temporarily to study abroad for a year.”

There are so many things in the entertainment circle. People can’t remember so many things. After a year, she can come back and have Bai Family to back up. Dong Nianshuang can still get good resources. It is not a big deal to start from scratch.

“I can blame Bai Jingzhu!” Dong Nianshuang seems to see hope. “I didn’t say it.”

“Yes...” Dong Nianqiu feels that this sister is dumber than her sister-in-law. “After offending Tang Family, you also want to offend Bai Family.”

Dong Nianshuang shuts up and her eyes are desperate. She is afraid that she will never become popular again once she quits...

“Use your brain. It’s nothing to study for a year. Many stars have done the same. The movie you made earlier is only postponed, not prohibited. When you come back in a year, the matter will be over. Come up to find a way to release the movie then. Are you still afraid of not being famous?”

Dong Nianshuang’s eyes gradually brighten. “Yes... Yes! As long as Bai Family can help me, these are easy!”

Besides, she is beautiful and young, and a year of disappearance is nothing at all.

#Dong Nianshuang apologized# Soon, Dong Nianshuang posts on micro blog, which immediately becomes the topic headline. She doesn’t mention anyone else. She just puts on a look of regret and heartache to say something from her heart.

#Hello everyone, I’m Dong Nianshuang. Here, I sincerely apologize to the people who were hurt in the previous recording, because my bad remarks lead to irreparable consequences, which is also a profound lesson for me...

Finally, I decide to quit acting for a while and go abroad for further study. I hope you won’t forget me, and when I become a better self, I will bring you better works. Thank you! #

“Has she written a composition?” Yan Hua hands Tang Cao the mobile phone after reading it. “Is it more than 1,000 words?”

Tang Cao can’t leave a message by his own account, so he uses an alternate account to criticize it. At the same time he says, “This idiot thinks she will be all right if she leaves? When I find out where she goes to school...”

“Have you washed your hands?” Bai Susu gives her son a knock.

Tang Cao and Tang Yao just come back from Bai Family’s house. Tang Yao said proudly that they had blocked the gate of Bai Family with elephant excrement.

“I have washed!” Tang Cao cheekily reaches out to let her smell.

Tang Yao, who was ordered to take a bath and change clothes, runs down from the second floor. “Susu, you say! Have you worked off your anger? If not,

we'll throw excrement again tomorrow. What other animal's excrement stinks?"

"Do you believe your brother will talk to you if you do it again?" Bai Susu glares at him, but her hand touches Tang Yao's forehead. "The flu is still not cleared, so stay at home."

Yan Hua sees her father nestle in the sofa and smiles, "Mom, this is the way it is."

"Mmm." Bai Susu raises the corners of her mouth. "Since your eldest uncle has come forward, he is telling us that he has solved the problem. Don't deliberately create such problems."

Lang Ruoxian's eyes flash. "Uncle's man has taken over the position of the eldest son in Bai Family."

"This is politics..." Chang Pei'e says with a light tone. "Bai Family delivers the handle, and Tang Ming will certainly not miss this opportunity."

Who would have thought, just a few words of gossip, can cause such a big move...

"Hum!" Tang Yao angrily says, "How wronged you and Hua are! No! I have to ask my cousin for some benefits."

Bai Susu looks at him. "No, I have already thought about it. Ruoxian..."

"I understand." Lang Ruoxian raises the corners of his mouth. "Mom, don't worry."

Except Chang Pei'e, others are curiously looking at them two. Tang Yao feels that he is Lang Ruoxian's father-in-law, so even if he doesn't understand it, he has to pretend to understand it very well. Tang Cao feels anxious and gets close to Lang Ruoxian.

"Brother Ruoxian, what kind of riddle do you play with Mom?"

Lang Ruoxian glances at him, revealing an evil and crazy expression. "It is a secret."

Yan Hua is also curious. When they lie down in the evening and she rubs against Lang Ruoxian in the man's arms.

“Haha...” Lang Ruoxian hugs her and laughs in a low voice. “Do you want to know it so much?”

“Mom didn’t even tell me, so I have to ask you.” Yan Hua realizes today that except Bai Susu and Lang Ruoxian, the rest of them are mud...

Lang Ruoxian lifts her up and bites her on the tip of her nose. “Please me. I might tell you when I’m in a good mood.”

Yan Hua is embarrassed.

Two hours later, she is drowsy and is carried into the bathtub by the man. Lang Ruoxian is satisfied with the marks left on her body. He bows his head to kiss her. He hears Yan Hua blurting out a sentence vaguely.

“Be... Beast.”

Yan Hua wakes up in the morning and the beast has already gone to the company. She finds herself exhausted but forgets to ask the answer. She angrily goes downstairs and finds no one.

“The old lady took Gungun to the park to play. Your mother and your husband went to the company. Master and Young Master have run out early in the morning.” The old house maid in the family brings her breakfast smilingly and looks at her neck meaningfully.

Yan Hua pulls turtleneck sweater awkwardly and the old house maid pats her on the shoulder. “It’s OK. Aunt knows it. Come on! Give Gungun a younger sister earlier.”

Yan Hua is speechless.

Dong Nianqiu soon arranges for Dong Nianshuang to go abroad. The two sisters go home together the day before departure. Upon entering the door, they hear the voice of their parents’ quarrelling.

“If it weren’t for your maltreatment to Susu, Tang Family and I would be relatives by marriage now!”

“Bah! You lied to her mother. Do you think she will recognize you?”

Dong Nianqiu says with a cold face, “Dad, Mom, what are you doing?”

“You two come back just in time!” Ma Yuezhen shouts, “Listen, what does your father say? As if it was my fault to treat Bai Susu bad, not him...”

“Mom, stop.” Dong Nianqiu interrupts her angrily, “Why do you always mention things in those days? And Dad, don’t think Bai Susu can honor you. You should be glad if she doesn’t retaliate.”

Dong Nianqiu is very glad that she had studied abroad very early and was not at home. She was not happy to know that she had a half-sister, and she also knew that her mom had always maltreated Bai Susu. She did not participate but... she never stopped her mom.

If only she had treated Bai Susu better at that time...

Dong Nianqiu shakes her head. How can so many things be done once again!

“Oh, my poor daughter!” Ma Yuezhen jumps on Dong Nianshuang. “Why have you lost so much weight? How can you apologize on micro blog? Clearly it is not your fault.”

“According to what I said, your sister-in-law has been spoiled. It is clearly her fault this time. How can our Nianshuang be her scapegoat? Nianqiu, tell your mother-in-law to send her troublesome daughter abroad quickly. Why should our Nianshuang go abroad?”

“OK! My sister-in-law is sent away, and then I divorce Yuanqi. Which one do you choose?”

Ma Yuezhen instantly keeps silent.

Chapter 211 I Just Show off My Daughter. What Can You Do!

Dong Nianqiu severely warns her family members, and then sends Dong Nianshuang to the plane before returning to Bai Family with a heavy heart. The husband’s official career is out of order because of her younger sister. She doesn’t know how to face her lover when he comes back from abroad.

“Dad, Mom.”

“Nianqiu, you are just back in time. You can go to school to pick up Er Bao.” Fang Yan is counting the gift boxes on the table. Dong Nianqiu sees that these are all very expensive care products. She pauses. “Is this... Are we going to Tang Family?”

Bai Jiancheng has had a lot of white hair these days. Although he doesn't transfer his anger on Dong Nianqiu, his tone is not very good. “Have you warned your family? Don't get into any more trouble, or our two families will both be finished.”

“Dad, don't worry, I have already said it.” Dong Nianqiu says hastily. “I also sent Nianshuang abroad.”

Fang Yan sighs. “Nianqiu... Your father is not against you, but now under this kind of situation, we can't afford to have more trouble.”

“Mom, I understand. Don't worry!” Dong Nianqiu helps her pick up the things. “Where is Jingzhu?”

“I'll call her. The child is really...”

This afternoon, Bai Jiancheng and Fang Yan bring Bai Jingzhu and Bai Yuanfei to Tang Family's house. They did not contact Tang Family members before they come. It happens that today is the weekend and everyone is here.

“Aunt Chang!” Bai Jiancheng calls as soon as he comes in.

Chang Pei'e replies coolly, “Sit down.” Then she stands up without waiting for them to speak. “Gungun, let's go! Go for a walk with Great-grandma.”

“Aunt Chang, you see, this...”

Chang Pei'e waves her hand. “If there is anything you want to solve, just go ahead. It's no use for us an old lady and a child to stay.”

Fang Yan sees Gungun obediently hold Chang Pei'e's hand and can't help saying, “This is the child of Hua. He's really pretty and lovely.”

“Hey!” Bai Yuanfei is brought here by force for it has nothing to do with him.

Seeing how cute Gungun is, Bai Yuanfei crouches down to greet him.

Gungun's big eyes sweep over them, and suddenly he bulges his chubby face. "Are you the people who make my grandma angry? You are too naughty that the Santa Claus will not give you toys this year."

"Haha..." Bai Yuanfei twitches the corner of his lips. "I will change. He will give me the toy after I change."

Gungun suspiciously stares at him. "Really?"

"Particularly really."

"What about this sister?" Gungun points to Bai Jingzhu, "Her face looks terrible."

Bai Jingzhu has suffered a lot these days, and has been near collapse for several times. Even she wears makeup, she looks as bad as hell. If a young boy dares to say that at ordinary times, she will have cursed, but now she doesn't dare to.

Though she is unwilling to submit and hates a lot, she will have to humbly tolerate now.

So she quietly glances at Gungun, but looks worse.

"Great-grandma!" Gungun feels this elder sister is really terrible, hiding behind Chang Pei'e.

Those who have been standing in the sitting room without talking watch Bai Family members coldly. Tang Yao is anxious to jump on them and kill them. Tang Cao rolls his eyes at the roof. Bai Susu asks the house maid to make tea and let Bai Family members come in and sit down.

Lang Ruoxian puts down the financial magazine in his hands. Yan Hua puts on coat for Gungun. She tells Gungun not to run and should always take great-grandma's hand. She sends Chang Pei'e and Gungun out.

"What is the look in your eyes?" Tang Cao sees Bai Jingzhu secretly stare at Yan Hua and directly attacks her. "You should be careful when you walk in the future. If I don't drive carefully, you will be knocked down."

Seeing Bai Jingzhu shrink her shoulder and dare not look at Yan Hua, he adds severely. "Even I can't knock you down to death, I can frighten you to death!"

"..." Bai Yuanfei opens his mouth but finally says nothing.

When they come, they are ready to be criticized, but this boy is really... He glances at Bai Jingzhu and decides to fall the blame on his sister.

"Susu, you see, we have known each other for so many years. I will not tolerate Jingzhu's mistake this time. Let her personally apologize to you. I will definitely not shield her if she should be scolded or beaten."

Bai Jiancheng ignores Tang Yao directly and tells Bai Susu as soon as he speaks. Anyway, everyone knows who is in charge in Tang Family.

"Susu..." Fang Yan wryly smiles. "All the faults were because I didn't teach my daughter well. I apologize to you."

No one touches what they have brought. Bai Family members know it is useless to send anything. They bring gifts just to show their politeness.

Bai Yuanfei kicks Bai Jingzhu and doesn't save strength. Bai Jingzhu is so painful that her tears drop. She sees Bai Yuanfei's eyes but ignores wiping tears and hurriedly says.

"Uncle Tang, Aunt Bai, it's my fault. I talked nonsense. I'm sorry!" She stands up, bows deeply, and then says, "And Miss Tang... Sister Duo, I'm sorry. I have been envying you, so I talked carelessly. Please... A great man rarely stoops to pettiness or harbors grievance for past wrongs. Please forgive me this time."

Suddenly it is very quiet. Everyone else is sitting, only Bai Jingzhu stands there, bending down. Bai Family members don't feel embarrassed, but let Bai Jingzhu bow and wait for half a minute.

Until Bai Jingzhu's fingernails almost cut her palm, she hears a sneer.

"I told you so early that you were an idiot, but you were not convinced. You see what you've done? People with a little brain can't do it." Tang Cao sneers, "Uncle Bai and Aunt Fang, if my family had such a daughter, she would have been strangled long ago, so as not to harm the whole family."

Bai Jiancheng doesn't mind Tang Cao's rudeness at all, but nods. "You are right! But I can't do anything about it. She has been born and can't be plugged back. I really want to strangle her this time, but she is indeed my daughter. Even a vicious tiger will not eat its cubs, right?"

"Susu, Jiancheng doesn't lie to you. He hasn't hit a child for many years. This time he gave Jingzhu a good lesson." Fang Yan goes on to say, "We know that this girl has caused great trouble. We bring her to you. We are fine with whatever punishment you give to her. We only hope you can calm down."

Tang Yao suddenly laughs and his laughter sounds very base. "Both of us gave birth to a daughter. Tell me, Jiancheng! How did you give birth to such a foolish girl? Looking at my Hua, can the whole Yanjing find a child who is better-looking, smarter, more filial and obedient than her?"

"That's... Sister Duo is Yanjing's first... first socialite." Bai Yuanfei twitches corners of the mouth. He has never seen such shameless parents.

Yan Hua also smiles especially impolitely. Her expression shows "that is what I am." Even Bai Jiancheng and his wife twitch the corners of their mouths. Once again, they realize Tang Family's... extent.

"Forget it!" Bai Susu finally opens the mouth. "How can I fuss about with such a girl. But after this thing, I really want to remind you. You provoke my family this time, if someone else is provoked next time..."

Bai Susu pauses for a moment and stares at Bai Jiancheng. "Face is not always going to work. If you offend someone doesn't care what you are and insists on measure for measure one day. What will you take to compensate the person?"

Bai Jiancheng is stunned. He looks more serious. "You are right. We will subject her to discipline strictly later."

"Jingzhu." Bai Susu looks at Bai Jingzhu again and says in a somewhat helpless tone. "You all grew up together. I don't know why you have been so hostile to Hua. When you were a child, she took you to play with her. Later she found out that you didn't like her and gradually alienated you."

"Have a right attitude. There are too many people better than you in this world. By the way, did Dong Nianshuang contact you after the accident? She didn't

even know that someone was nearby on her set. Silly child, our Hua has married and has a child, while you don't..."

"There are just so many people in this circle. Good boys are as hard to find as girls. When she finds one, you don't have the one. Do you understand?"

Bai Jingzhu raises her head and cries. Fang Yan pulls her to sit down. "Do you hear? You have never understood such a simple truth, and you should use your brain more often in the future."

"Under... Understand..." Bai Jingzhu sobs and says, but it is unknown that she really understands or not.

Tang Cao curls his lips aside. "Damn it if she can understand. Stupid!"

Bai Yuanfei clenches his teeth as he hears that.

When things come to this point, some misapprehension is cleared away. Bai Susu will stop finding out who is to blame, and Tang Yao also won't go to pour dung... Tang Family members also ask them to have dinner. Bai Family members are not stupid and know that it is just to show politeness.

They find an excuse to leave. Bai Susu sends them to the door and watches them get into the car and leave.

"Mom, look!" Tang Cao says proudly, "Although I am a playboy, I am not stupid and do not get you into trouble. If you have a silly child like Bai Jingzhu, you will be grieved to death."

Bai Susu ignores him. She turns her head to see Chang Pei'e leading Gungun back. The little boy turns to look back repeatedly at every step.

"What are you looking at?" Yan Hua greets them.

Gungun hears her voice and jumps on her. Chang Pei'e laughs. "Look at that Golden Retriever. Our Gungun likes small animals very much!"

"There used to be one in my friend's house." Yan Hua picks up Gungun and everyone enters the room. Chang Pei'e says, "Why don't we have one too?"

This is the second time that the pet problem has been mentioned and others have no objection. Lang Ruoxian, who has been on looking, glances at his son.

“Grandma, Dad, Mom. There is one thing I want to tell you. “

“What is it? Are you having an affair?” Tang Cao has a bad mouth.

Tang Yao jumps up and is about to hit Lang Ruoxian, but he is suppressed by Bai Susu. She also glances at her son sharply by the way.

“Freely nonsense, freely nonsense...” Tang Cao laughs and hides aside, looking at his dad whose thigh is pinched.

Lang Ruoxian motions Yan Hua to take Gungun to the kitchen to wash his hands. Then he lowers his voice and asks, “We want to adopt a daughter.”

“What?” Tang Yao ignores to gasp for pain of being pinched and hastily asks, “Where does the daughter come? Don’t you and others really give birth to... Ouch...”

Bai Susu pinches him again. “Shut up and listen to Ruoxian.”

Tang Cao covers his mouth and is glad that he didn’t answer just now.

“Last year I took Hua to Dian Province to play. One night we lived in a wildlife protection base and met a wolf child...”

In the kitchen, Yan Hua also seriously asks Gungun.

“Gungun, our family is going to have a little sister. Would you like to play with her?”

Gungun winks. “Sister Xiaojiu?”

“No, it’s another sister you haven’t seen before. She has no family and will live in our family later. She is our family member.”

## **Chapter 212 You Are My Sister**

The six-year-old Gungun doesn’t clearly know about the concept of having a little sister at home.

“She doesn’t have a home? Why does she want to live in our house?”

“Because we will be her father and mother in the future, and Gungun will be her younger brother. Your grandparents, uncle and great-grandma are also your sister’s relatives.” Yan Hua tries to make her son understand.

“You will have one more sister, that is, one more relative to play with and to protect you.”

Gungun seriously thinks for a while and says solemnly, “Mom, although I want a sister, you can’t take other people’s children. Her parents will miss her.”

Yan Hua smiles and kisses her son’s small face.

She thinks that even if her son can’t do anything in the future, he will be a good boy as long as he is kind and has the right values.

“Gungun, your sister has no parents. She is alone and has no place to live. No one loves her, gives her fruits to eat, bathes her or buys toys for her.”

Gungun’s eyes open wide and he says, “Then we want her! Let her come to our house!”

“Mom is telling you about this. If you agree, we shall let her come next week, and then you can play and go to school together later.”

Gungun curls his lips. He still doesn’t want to go to school.

Yan Hua doesn’t correct his mood, for he has to go to school when the time comes, anyway. When he sees other children, he will know that this is a necessary experience in life.

“That’s it.” In the sitting room, Lang Ruoxian also explains the situation. “Hua gave her a name Lang Wuyou.”

“Joy without worry.” Chang Pei’e nods. “It’s a pleasant name.”

This is a great event. Tang Yao and Tang Cao, the two have no voice also keep silent, looking at Bai Susu and waiting for her to make a decision.

“Since you and Hua agree, of course we have no objection.” Bai Susu says, “We can afford to bring her up, but we have to discipline her attentively. In case she is really like what you say, to manage the company in the future...”

“I understand what you mean.” Lang Ruoxian answers, “If the child had not been in the wolves, I might not think so. Wolves are very loyal animals. As long as she is tamed, she will never betray us.”

Chang Pei’e exclaims, “Don’t talk so severely. It’s just a child!”

So Lang Ruoxian goes to arrange it. Everyone is looking forward to it, especially Gungun. He has no friends in Yanjing and follows Tang Cao to play all day long. But the weather is getting warmer and warmer, and Tang Cao also starts to go out every day.

In his words, everything has recovered and it is time for loafing about.

On April 1, April Fool’s Day, Tang Family ushers in a new member. Shu Sheng goes to pick her up in person, but the first meeting is obviously different from what they imagined...

“How thin she is! She is 8 years old?” Chang Pei’e looks at the little girl in the middle of the sitting room. The senior always love kids. “She’s too small. She looks not so strong as our Gungun.”

The little girl’s hair is short, and her face looks smaller when hair covers her face. She looks emaciated, but her eyes are flashing cold light. She stares at each of them warily.

“Does she still not accept human beings?” Yan Hua asks in a low voice.

Lang Ruoxian stands up, and with his actions the little girl obviously wants to bow up, but she thinks of something and quiets down again. Her eyes look straight at Lang Ruoxian, her hands on both sides, very nervous.

“You understand what I say, don’t you?” Lang Ruoxian walks up to the little girl and looks at her from a commanding position. “After several months of training, if you still cannot integrate into human society, then I have to throw you back into the mountains and let you continue to live a life without food.”

When she hears the word “food” again, the little girl’s ears move obviously. She slowly raises her head and looks at Lang Ruoxian. “Wuyou, obedient, give meat.”

“Her ears can move!” The key point of Tang Cao is this. “Is it really the habit of animals?”

Lang Ruoxian reaches out to put his hand on the little girl's head, and everyone sees her body freeze again, apparently enduring.

"Very good, Wuyou. This is your home from today on. All present are your relatives. You must remember not to hurt them, or you will be put in a cage and have no meat to eat."

Yan Hua pulls Lang Ruoxian's sleeve, and Lang Ruoxian grabs her hand. "Her brutish nature hasn't been tamed. She will easily attack people without severe warning."

"Don't be so fierce, let's take it slowly." Yan Hua crouches down and waves to Gungun. "Come on, come and say hello to your little sister."

Gungun has long wanted to run over, but Bai Susu has been holding him.

"Is it all right?" Bai Susu is not quite at ease.

Yan Hua nods. "First of all, we have to trust her. She is my daughter."

Then she slowly stretches out her hand to touch Wuyou's face. Wuyou looks at Yan Hua blankly and suddenly rubs her hand.

"Good girl!" Yan Hua smiles, "I am your mom."

"I also want it! I want it, too!" Gungun runs over. "I'm your younger brother!" As he speaks, he also reaches out his hand to Wuyou's face. Wuyou's eyes slowly focus on Gungun, but she doesn't rub him.

Gungun is unhappy and is about to ask why not rubbing Gungun. Then he sees Wuyou open mouth, and then a low voice comes.

"Gun, Gun."

Yan Hua is surprised. She looks at Lang Ruoxian.

"When training, the impression of Gungun is especially deepened." Lang Ruoxian is very satisfied with Wuyou's performance. It seems that the training is very successful.

Gungun is her focus. It is not because he is cruel. For now, the child's purpose is to be a playmate and bodyguard for Gungun. No one can say for sure what will happen in the future.

“Sister?” Gungun is so happy that he doesn’t mind Wuyou not rubbing his hand. He just grabs the girl and calls her, “Wuyou, my sister!”

Wuyou looks at the hand held and endures not to shake off. A voice in her head tells her that this is her younger brother, a very important person, more important than her own life. She cannot scratch him, otherwise she will be locked up and will have no meat to eat.

“Come on, I’ll show you to your room.” Yan Hua has tidied up a room for Wuyou the next door to Gungun’s room. She also satisfies her little princess’s dream and decorates it with pink color.

When they go up, Tang Cao chirps. “Our family is also a werewolf’s family. We’ll show off later.”

“I’m going to take Wuyou to horse racing!” Tang Yao is even more exaggerating. “Let her scare the horse which runs fast.”

Bai Susu squints at the two men. “Wuyou is your niece, a child of our family. From today on, no one is allowed to mention that she is a wolf child. Do you hear me? Especially the two of you.”

“I didn’t mention it!” Tang Yao betrays his son without any compunction. “Xiaocao said it. Beat him!”

Chang Pei’e turns the Buddha beads in her hand. “A predestined relationship, for 100 years, will bring a man and a woman in the same boat; and for 1,000 years, will tie them in wedlock. The fate of previous life makes us become a family. Susu is right. Since Wuyou is already a child of our family, we must forget all about her past and help her start over.”

“We have formal adoption procedures, and no one will know that she has been raised by wolves for several years. The records from Dian Province show that she was adopted by a welfare institution, and then we take her back to become our adopted daughter.”

Bai Susu takes a sip of fruit tea. “Yes, it’s better to be considerate. People like us can’t be careless at all, so as not to give people handles in the future.”

“I’ll ask the house maid to prepare more meat for dinner.” Bai Susu says and goes to the kitchen. “The child is too thin, and needs nutrition.”

At dinner time, only Yan Hua and Gungun go downstairs.

“Why? She won’t come out?”

Yan Hua is somewhat helpless. “She hides in the cloakroom and doesn’t move whatever we say. She still seems to be afraid.”

“Ah, poor girl.” Chang Pei’e takes a bowl and puts a chicken leg in it. “We’ll give the child some time until she can accept us.”

Bai Susu puts a bowl of rice and vegetables on the tray, and then puts in chicken legs and a big elbow. “Send her this, Hua!”

“I’ll eat with my sister!” Gungun takes up his small bowl.

Yan Hua thinks for a moment and feels it will be fine. “Then you will accompany your sister upstairs for dinner these days. You should take more care of her. Although she is your elder sister, she just comes to our house. She might not be used to the life here.”

“Rest assured!” Gungun pats his small chest. “I’ll take care of my sister just like Xiaojiu takes care of me.”

So Gungun accompanies Wuyou to eat every day. Not only that, he also stops going out with Tang Cao and stays with Wuyou every day. For a whole month, Wuyou doesn’t leave the room, until this day...

“Wuyou, you wait for me to get the ice cream!” When it is time to eat snacks, Gungun is ready to go downstairs to get snacks. But he runs too fast. He just steps down a few steps before he stumbles, so he falls head down.

“Gungun!” Yan Hua downstairs runs up with a scream, but it is too late.

At that time, a figure whizzes past behind Gungun. Then Wuyou sits on the steps holding Gungun. Because Gungun is taller and fatter than she is, the little girl flushes with exerting all her strength. She tries her best to hold Gungun without giving up.

“Wuyou!” Gungun gets a fright, but when he finds nothing wrong, he says happily, “You are finally willing to come out!”

Yan Hua runs up at this moment, holding the two children in her arms in terror. “Gungun!” She says sternly, “Don’t run on the stairs in the future. You’ve scared mom to death.”

“Gungun, not afraid, Wuyou, catch.” Wuyou seriously says to Yan Hua, “No beating, Gungun.”

Yan Hua is stunned, then her heart softens.

“Mom won’t beat Gungun. Wuyou is really great. Wuyou can protect your brother.”

Gungun holds Wuyou. “Wuyou, come downstairs with me and find Great-grandma. She looks forward to seeing you.”

Yan Hua carefully looks at Wuyou. The little girl hesitates for a while, then nods with the expression of facing death unflinchingly.

Everyone is very happy to know that Wuyou steps out of the room, which means that the little girl begins to accept them. After another month, Yan Hua decides to let the teachers come home to make up lessons for her two children.

“Gungun is fine. He just needs make up for pre-school knowledge. But Wuyou didn’t go to school before. I’m afraid two months is not enough.” In the evening, Yan Hua lies in Lang Ruoxian’s arms, worrying. “Should she go to school a year later?”

“No way.” Lang Ruoxian bows his head and kisses Yan Hua. “She must be with Gungun. Besides going to school, she must also serve as a bodyguard.”

### **Chapter 213 Make the Innocent Bystanders Get into Trouble**

At such times, Lang Ruoxian’s ruthless side is revealed. At least in his eyes, Wuyou is not his family, but exists for Gungun. But Yan Hua, as a woman, does not think so, especially she is a mother.

“Then we should let Gungun go to school one year later.” Yan Hua doesn’t want to argue with him on such matters. It isn’t impossible to solve. “Your son doesn’t want to go to school anyway.”

But the teachers find a striking fact after several lessons.

“Mrs. Tang, Miss Tang...”

“I’m married, you can call me Mrs. Lang.” Yan Hua smiles and corrects. “If there is something wrong, madam, you can tell me directly. Is our Wuyou that cannot keep up?”

The teachers are two middle-aged women. One is in charge of teaching mathematics and the other is in charge of teaching Chinese and English. They are said to be top tutors, who have taught some Number One students.

At the moment, their expressions are both excited and helpless. “No, no, no, Miss... Mrs. Lang, you misunderstood. Wuyou is not unable to keep up. She... She seems to have a very good memory. I only need say once but she can remember all.”

“Really?” Bai Susu is surprised. “You mean that she can keep up completely?”

“Yes, but it seems that she can only remember, but she can’t comprehend on mathematics.” The other teacher says.

Yan Hua frowns. “You mean that Wuyou has a very good memory. She can remember what you said, but she can only remember formulas and cannot understand the content?”

“Yes! If you give her a similar examination question, she won’t do it.” The teacher says, “As long as you haven’t told her, she can’t solve the problem.”

Bai Susu and Yan Hua look at each other.

“In that case, can she pass the entrance examination?” Yan Hua asks.

The teacher thinks for a moment. “Yes, she can do more tests. Haha! To put it bluntly, when we took the college entrance examination, we also tried our best to do a lot of examination questions. If she does a lot of examination questions, she will naturally be able to do it.”

“That will trouble you teachers.” Yan Hua smiles. “We can double the tuition we agreed before.”

“No, no.” The teacher waves hands quickly. “She is supposed to do more examination papers. Now I only tell it to the child first, and it’s no difference to correct after she finishes.”

Yan Hua doesn’t insist on doubling the tuition, but every day when tutoring, she will ask the house maid to carry the bird’s nest stew to the teachers. As for Gungun, the entrance examination for the first year of Caesar’s private school is very simple, and his level is completely acceptable.

However, fearing that Wuyou doesn’t like to sit there and study alone, Yan Hua lets Gungun accompany Wuyou. Every time Wuyou does her homework, Gungun will read books nearby, although he reads comics.

“What? Wuyou is gifted with an extraordinary retentive memory?” Tang Cao’s eyes light up when he knows this. “Then she must marry our Gungun, to improve our Tang Family’s excellent genes!”

Tang Yao kicks him. “Our family needs no improvement except you.”

“I’m afraid her English is better than yours now. The teacher has already taught her to the fifth grade level.” Yan Hua is also surprised. The teacher says that Wuyou only read English books of grade one through grade five once and listened to the tape once, then she learns it.

The same is true of Chinese, which she can even memorize even punctuation marks.

“That is really a photographic memory.” Chang Pei’e reminds them. “Then don’t let the child study too hard, and give her more soup of brain-boosting supplements to drink.”

Bai Susu says as if deep in thoughts. “It seems that Ruoxian accidentally finds us the most suitable successor...”

“Mom...” Yan Hua gives her a look. “Don’t say that. I don’t want to force Wuyou if she doesn’t want to.”

“Of course.” Bai Susu stares at her. “Is your mother that kind of person?”

A piece of news on TV that night attracts Yan Hua’s attention.

“Hey? This seems to be the travel agency of Fang Diandian’s family.” Tang Cao also sees it.

Yan Hua turns up the volume, which is a very famous local news channel reporting people’s livelihood. It reports that nearly 1,000 guests of Fang Family’s travel agency suddenly ask to withdraw from tour, even giving up the previous deposit.

“So strange?” Yan Hua calls Fang Diandian after watching it.

Fang Diandian’s tone is somewhat listless, confirming the news report just now.

“We also don’t know why. This tour group is the first batch who charter flights this year. My father spent a lot of time preparing for it. Now they suddenly won’t go. For various reasons, they just can’t go anyway.”

According to what Fang Diandian said, all of a sudden, all the guests who signed up for the tour had something to do, and gave up the deposit.

“But most of their deposits are 100 yuan to show their intention.” Fang Diandian almost cries. “Generally travel agencies all receive 100 yuan as deposit, because very few people will not go to the tour if they have signed up, unless there are special circumstances. This is too abnormal.”

In the past, the outbound tour group would have asked the guests to pay the full amount before issuing the plane tickets, but this time the plane is chartered. The plane was booked long ago and half of the money had already given to the airline.

“What about the loss?” Yan Hua asks her.

Fang Diandian stammers, “We have signed a charter flight contract with the airline and has to pay the other half. I... My mother says that, together with the payment to overseas hotels and the tour buses fare set in advance, my family may go bankrupt.”

“I see. Don’t worry. First calculate the loss.” Yan Hua comforts her. “I will help you do something.”

Lang Ruoxian waits for her to hang up and asks directly, "We can pull some strings for their follow-up payment for the airline. But overseas hotels... Where will they go according to the plan?"

"Eastern Europe!" Yan Hua's eyes brighten and she feels that her man is like Doraemon. She will get whatever she wants.

Lang Ruoxian is obviously flattered by her sparkling eyes. He smiles and leans in to kiss her. "Then she is lucky. Lang Consortium's projects in Eastern Europe were all on last year. There are only a few hotels there in total. Maybe there are Lang Consortium's."

"Hey, hey, hey!" Tang Cao knocks on the table. "I'm still an innocent boy. Please pay attention."

Yan Hua ignores him and leans against Lang Ruoxian on purpose. "My husband is very excellent, very amazing!"

"Well, that's good." Bai Susu feels that Lang Ruoxian has handled it very well. Tang Yao feels that his daughter is really amazing and can marry such a capable son-in-law.

Lang Ruoxian hugs Yan Hua but his eyes are serious. "However, let Fang Family check it out. There are so many people asking to withdraw the tour at the same time, so there must be something wrong."

"Do you mean someone plays tricks behind this?"

After a few days, Yan Hua makes an appointment with Fang Diandian for dinner.

"Sister Duo, I would like to thank you this time. My mother insists on visiting to thank you. I am afraid of bothering your family, so I persuade her not to come." Fang Diandian's face flushes with excitement as soon as she meets Yan Hua.

Bai Susu communicates the airline over there and the other half of the fee will not be collected. Another large share is the payment to the overseas hotels, and all the money has been returned to them.

"How much is the loss now?" Yan Hua asks.

Fang Diandian sighs. "My dad said last year was a year without pay." Then she laughs again, "But for your help, our family would have gone bankrupt! Sister Duo, you are the great benefactor of our family!"

"I will be angry if you keep saying that." Yan Hua pokes Fang Diandian's plump baby face, "We are not friends? Didn't you also speak for me on micro blog when I had an accident? And... I suspect that this incident of your family has something to do with me."

Fang Diandian lets out a cry. "My dad said he checked. A man named Liu Jun asked those people to withdraw the tour and gave them a deposit in double indemnity."

"Liu Jun?" Yan Hua frowns. "Who is he?"

"A rich second generation, Yanjing local person, whose family runs seafood wholesale."

"Liu Jun?" Tang Cao receives a phone call from Yan Hua. He hears the name, thinks for a while and shakes his head. "I don't know. I haven't heard of this name."

Chen Xiaopang who is being massaged feet beside lets out a cry. "Ouch! It really hurts. What corresponding position is that? Kidney? What the hell do you mean? I fought till dawn last night. The girl is still in bed. Change the place and continue!"

When the cry is over, he immediately turns his head. "I know Liu Jun!"

Tang Cao, who is about to hang up, sneers. "Then you didn't tell us first but howl like a ghost! Tell my sister quickly."

"Sister! When will sister have dinner with me? I haven't seen your face for months? I've lost weight recently due to poor appetite."

"Sh\*t! Have you lost weight?" Tang Cao whacks him. "Go to the point hurriedly."

No wonder Tang Cao doesn't know Liu Jun. Liu Jun is an ordinary rich second generation. He can't compare with the descendants of the founding fathers of China. Liu Jun's parents had a small front in the south of the city seafood wholesale market, and they were smart and were able to endure hardship.

They made several large batches of business, and the family became rich at once.

“Liu Jun’s family now runs a company, which serves seafood to most restaurants in Yanjing. The business is good.” Chen Xiaopang says in great detail, “He is not qualified to play with us, but once a friend hosted and he was also there, so I knew him, though not familiar with him.”

Tang Cao snatches the phone away. “Sister, if this guy did it, what hatred did he have with Fang Diandian’s family?”

“OK! I see. I’ll tell you when I find out.”

Having hung up the phone, Tang Cao kicks Chen Xiaopang. “Hurry up and make phone calls to ask why that guy targeted Fang Diandian’s family!”

Yan Hua doesn’t expect Tang Cao and Chen Xiaopang to find out the truth. She wants to wait for Bai Susu to come back from the company and lets her check. Lang Ruoxian has just arrived in Yanjing, and his contacts are definitely not enough. It is useless to find him.

After a while, Tang Cao comes back hurriedly, followed by Chen Xiaopang.

“Sister, that guy did such thing for Dong Nianshuang!” Tang Cao sits down and says.

Chen Xiaopang goes to the kitchen to take a can of drink from the refrigerator, and takes a gulp of it. “That guy is a huge fan of Dong Nianshuang. He thought that Dong Nianshuang was injured in the racecourse because of Fang Diandian, so he wanted to revenge Fang Diandian’s family.”

“Then he should retaliate against me.” Yan Hua sneers.

“He has no courage.” Tang Cao snorts. “He just goes after low-hanging fruit.”

Yan Hua thinks about it and realizes something. “How did he get the tour list?”

“He hooked up with a girl working in the travel agency run by Fang Diandian’s family. He gave her several handbags after several appointments. The girl was dazed over affection that she stole the list to him.”

Chen Xiaopang collapses on the sofa. “The boy is not afraid and shows off with bad friends in drinking. I just asked some of them and knew the truth.”

#### Chapter 214 Wuyou Kicked Somebody to Cause the Fracture

It is all right to find the one behind the scenes. She will wait for Lang Ruoxian to come back to discuss and see what to do. It wouldn't matter if it was just this once. In case Liu Jun continues to retaliate, she can't ignore.

But what she doesn't know is that the airhead of Liu Jun exceeds everyone's expectation...

"Young Master, Mrs. Tang said that let you go to the evening dinner party."

Lang Ruoxian is about to go home when Shu Sheng comes in and says, "She has other social engagement and leaves in advance."

"Where?" Lang Ruoxian puts on his coat and calls Yan Hua.

The other party are the heads of several banks. Bai Susu has already communicated with them. She hopes everyone can know that the company is slowly handed over the management to Lang Ruoxian. He should handle all these interpersonal relationships by himself.

But...

"Is this a restaurant?" When they get to the place, Lang Ruoxian doesn't look very good. He thought it to be an ordinary restaurant, but it is a clubhouse.

The public praise of this clubhouse is well known in the circle. Many female stars are regular customers. As for what to do, it's very clear...

"It was ordered by the other party." Shu Sheng looks at his watch. "How about change the appointment to another day?"

Lang Ruoxian waves his hand for it is not appropriate.

"Let's go."

The dinner party is very successful. Lang Ruoxian makes others feel very good when he acts normal. Who will be disgusted with a person who looks good and has a graceful temperament? The only thing that displeases Lang Ruoxian is that a few women come in midway, who seem to be some unknown film stars.

After the dinner party, watching the men leave with their arms around the women, Lang Ruoxian rubs between his eyebrows and is about to go home. When Shu Sheng just opens the car door, a woman rushes out of nowhere and directly hits Lang Ruoxian.

“Ah!” The woman lets out a cry.

The next second she is pushed away by Lang Ruoxian. She almost falls down and is supported by Shu Sheng.

“Miss.” Shu Sheng looks at her with a faint expression. “Are you all right?”

The woman is very well dressed and groomed, but she is heavily made up and can't be seen what she really looks like.

“I am fine! Thank you, sir.” She says with airs and graces, but not to Shu Sheng, but to Lang Ruoxian.

Lang Ruoxian glances at her coldly and is going to get into the car.

“Ah!” The woman grabs him and leans in, “Are you Mr. Lang?”

Shu Sheng hurriedly pulls her back. Lang Ruoxian also shakes off her hand and gets into the car without saying a word.

“Young lady, are you still not leaving?” Shu Sheng closes the car door and asks with a faint smile.

The woman snorts. “Why put on an act?”

She walks away on high heels.

Shu Sheng gets into the car. “Young Master, someone took a picture across the street just now.”

“I saw it.” Lang Ruoxian's eyes flicker slightly. “I don't know who can't wait and hurry to act.”

When he gets home, he tells Yan Hua about it immediately. Yan Hua has hushed the two children to sleep and is waiting to tell him about Liu Jun. She doesn't expect to hear such gossip.

“Who do you think it is? What is he going to do? To say you are unfaithful?”

Lang Ruoxian just finishes taking a bath, wipes his hair and goes to bed. “Nothing but to say that I cheated on you with other women, then you and Tang Family will be laughed at.”

“Someone doesn’t dare to directly lay hands on me, so he is going to deal with you?” Yan Hua sits up and says, “No, Bai Jingzhu just got a lesson. Now everyone is sitting tight. Who is so bold?”

Lang Ruoxian takes her back to his arms and lie down. “Tell Mom tomorrow. I estimate to hit the headline.”

No one expects that the second headline about Lang Ruoxian in Yanjing is on suspected unfaithfulness...

“How interesting! Look at the bold title.” Everyone eats in the dining hall in the early morning, and the internet has already been very busy, because the news was posted on the Internet in the late night. It was estimated that the other party thought that nobody would read it in the middle of the night. When morning comes, the article has been forwarded tens of thousands of times before they want to delete it.

“Tang Consortium’s new CEO met an unknown female star at night, and the two of them had a hot chat at the entrance of the clubhouse.” Tang Cao puts his mobile phone on the dining table suddenly. “That clubhouse has some illegal business. Why did you go there?”

Before Lang Ruoxian says anything, Bai Susu speaks first. “It was requested by the other party, and Ruoxian did not know.”

“Mom...” Tang Cao looks solemn. “I find that since you have a son-in-law, you don’t want your son. Why can’t you say anything I say right?”

Bai Susu puts a steamed stuffed bun into his mouth. “Then you say, when did you say something right? Otherwise, you can also come to the company to make a decision and let me have a look.”

“Haha! Then forget it. Our family has my brother-in-law and it is OK. My brother-in-law is so excellent that he can solve any problem!”

Yan Hua glares at him. “If you are in an ostentatious manner again, you will go to work in the company tomorrow.”

“I think he can do that.” Lang Ruoxian says flatly, “Didn’t your friend want to cooperate with me before? I can just send you to follow up the project.”

Tang Cao makes a sign on his mouth, indicating that he will never have a cheap mouth again.

Tang Yao looks through the photos on the Internet, and enlarges them. Then he begins to scold. “Are you kidding me? This is also called a hot chat? The two are far away. The photographer was not mindful. He must have thought the money was too little.”

“What is it said online?” Chang Pei’e has bad eyesight and doesn’t look at the reviews carefully.

Yan Hua reads to her. “Not bad. Everyone is not blind. They are all scolding the female star and saying that she hypes herself.”

However, some people question Lang Ruoxian, doubting why he went to the club. It seems that everyone knows that its reputation is bad, and those who preserve their moral integrity will not go there.

“These heads of the banks are sanctimonious and go there many times because no one recognizes them.” Bai Susu takes a sip of porridge. “What are you going to do?”

Lang Ruoxian peels an egg for Yan Hua. “In a while, the company will make a statement and send a lawyer’s letter to the one who started to release the news.”

He doesn’t have much time to deal with these, leaving all to the law. If you dare to spread rumors, I will sue you.

In the afternoon, Tang Consortium’s official micro blog posts the lawyer’s letter, and reminds those netizens who forwarded the rumor post that they have already constituted a crime. Many people are afraid of this. Some onlookers just forward casually, but now quickly delete it.

“Young Master, it’s almost all dealt with.” The next day, Shu Sheng tells Lang Ruoxian about the online situation, and the person who started to release the news was also found. “According to our request, a fine of 50,000 yuan will be imposed and the person will be detained for three months.”

Lang Ruoxian is very satisfied and believes that anyone who wants to slander him in the future will have to think it over.

Bai Susu is also very satisfied, and quietly tells Yan Hua that Lang Ruoxian is capable. Yan Hua is not modest at all, and says with a smile.

“Mom, he hasn’t fully played his strong points! The man I choose must be wonderful. You just wait and see!”

Lang Ruoxian finds out that the person playing tricks behind is still Liu Jun. When Tang Cao hears about it, he tells Chen Xiaopang that he is going to deal with the guy. Yan Hua is afraid that he is really going to do bad things to Liu Jun, so she specifically tells Tang Cao not to fool around because Lang Ruoxian will handle it.

Gungun and Wuyou are going to Lego building block class on weekends, and Tang Yao volunteers to take the two little children to. Bai Susu doesn’t feel relieved and asks him to take more bodyguards. But something happens finally.

Yan Hua and Lang Ruoxian rush to the hospital after receiving the phone call. When they arrive at the emergency room, Gungun rushes over, crying.

“Mom, it’s not my sister’s fault. It’s not my sister’s fault. You don’t let the police take her away. Woo...”

“Good boy, no one can take your sister away!” Yan Hua wipes her son’s tears. Lang Ruoxian strides into the emergency room and after a while comes out with Wuyou and angry Tang Yao.

Wuyou originally has no facial expression, but when she sees Gungun red-eyed, she runs over to hug him into her arms.

“Wuyou, I won’t let the police take you away. You beat them because they had bullied me.”

Tang Yao snorts. “Don’t worry, Gungun. No one can take Wuyou away. Who dares!”

“Dad...” Yan Hua asks Tang Yao to take the two children home first. Gungun tightly embraces with Wuyou together along the way, lest she be taken away.

“What’s going on?” After they leave, Yan Hua asks.

Wuyou beat a pair of twins, one of whom was seriously injured with a broken left arm, who is being wrapped in the plaster cast.

“The two children played with their mobile phones between classes. When they saw the trending topic about me, they told Gungun that I wouldn’t want him because I had other women outside and would be a father for other children.”

Gungun couldn’t bear that at that time and rushed up to beat them. Wuyou acted more quickly than him and kicked them away. Her strength was greater than that of adults, and the child who hit the aluminum alloy door broke his arm.

“But... How did they know who Gungun is?”

This is the strange point. How can two children know Gungun, and know that he is Lang Ruoxian’s son?

“It seems that I take actions too slowly.” Lang Ruoxian’s eyes become cold. “Some people are still playing tricks behind the scenes.”

Anyway, other children were injured. When the doctor finishes treating the children and sends them to the ward, Yan Hua meets the children’s parents.

“I’m sorry. We will be responsible for all the medical expenses. If you have other requirements, please put forward.”

The other party looks like that kind of intellectual. The mother of the children is of a scholar style, but she doesn’t look very good. “I have known the whole story. Our children shouldn’t say that, but...”

However, your daughter’s strength is so great that kicked my child to cause the fracture.

“I’m really sorry. My daughter is born with great strength.” Yan Hua continues to apologize.

The children’s father is obviously ineloquent. Although he looks very angry, he keeps silent all the time. Lang Ruoxian ignores all this and asks them directly.

“I want to ask if you knew us before.”

The children's mother is stunned and shakes her head. "I didn't know you before. I just saw you on the trending topic yesterday..."

How honest...

"Then why did the two children know that Gungun was my son and said so insulting words to him?" Lang Ruoxian asks.

The father, who hasn't spoken for a long time, cannot bear it any longer and shouts, "It is my son who is injured now!"

"I know. We can talk about how to compensate." Lang Ruoxian says, "But the cause of the incident needs to be clarified."

Yan Hua says quickly, "I'm sorry, we just want to know why children knew these things and said such insulting words. Both of you seem to be learned people. I don't think you can teach children that kind of thing."

"Where is my grandson? Where is my good grandson?" From the elevator suddenly runs out an old lady, crying as she runs.

The parents of the twins opposite rush to meet her.

"Mom, I asked you to go home. Why did you come again?"

### **Chapter 215 A Huge Fan Has Been Dealt With**

The old lady pushes them away. "Where is my good grandson?"

"In the ward. Let's go and I'll take you there."

"Wait a minute. Are these two the parents of that child?" The old lady walks up to Yan Hua and looks at her for a moment. She says with a look of disgust.

"Looking like this, you must not be a gentlewoman."

Lang Ruoxian's eyes become cold. "Madam, has no one ever taught you manners?"

"What do you mean?" The old lady shouts, "You two look like human beings. Why don't you do things like human beings? My grandson is only six years old. How can you have the heart to beat a six-year-old child?"

The couple are very embarrassed and want to pull the old lady away. The old lady gets so much strength from nowhere and pushes them back. "Why? Don't let me talk?"

"Madam, don't rely on your age to be big-mouthed." Yan Hua is most vexed with this kind of elderly person, who relies on others to dare not to defy her and shouts at others recklessly.

"Mom! Don't you want to visit the child?" The woman hurriedly pulls the old lady. "You go to the ward to see Xiao'er first, we..."

"It's all your useless stuff." The old lady shakes off her daughter-in-law's hand. "You took my grandsons out and caused them into the hospital. I really don't know why my son hasn't divorced you. There are so many young and beautiful female students in the school but he doesn't choose..."

"Mom, shut up!" The man straightens up his neck and the veins on his head are showing. He pulls the old lady's hand toward the elevator.

The old lady can't withstand the strength of a grown man, and is soon pulled away. The wife who is left behind looks pale, but still has to bite the bullet and speak.

"I'm sorry, my mother-in-law has always lived in the countryside and never attended school..." The woman can't continue any more, and finally she has to say, "Well, I hear that you have paid the medical expenses, then the matter will be over, and I'll ask how the children know."

Yan Hua knows that it will only make the woman more embarrassed if they keep talking, so she leaves a phone number to her and let the woman contact her when the woman knows the reason. Originally, she wanted to visit the child, but when she thinks of the old lady in the ward, she gives up the idea.

"There is a saying that is right. Marrying is not marrying a man at all." As she walks along, Yan Hua sighs, "To marry this person means to marry all his social relationships, not to mention the man's parents, even the man's relatives have to be taken into account."

Some men comfort their wives after they are bullied by his relatives by saying that you are married to me, not to them, and you don't have to deal with them. This is bullsh\*t. Relatives are the easy part, if parents are involved, like today's old lady...

“No matter how good the feelings are, they will all be exhausted. In the end, if there is no reason to bear, the marriage will be over.” Yan Hua has a very philosophical look, “So falling in love and getting married are two different things.”

Falling in love is really to consider only one person, but once love turns into marriage, one must consider it carefully.

“Well, you are right!” Lang Ruoxian hugs her and doesn’t say that if getting to that situation, it is because the man is incapable.

A man who cannot protect his wife is not a true man.

Yan Hua squints at him and is about to say he is coaxing her, when the elevator door opens. In comes a middle-aged woman with a little girl of eight or nine years old.

“Er Ni, you say why you were so unlucky to get leukemia. It costs a lot of money, and it may not be cured. You say how can our family have the money to cure you? You should be obedient and go home with mom.”

Yan Hua just notices that the little girl wears a hospital gown under her coat and a dirty hat. Seen from aside, the little girl’s face is pale and her eyes are gloomy.

“Mom... Didn’t I have a donation?” The little girl’s voice is so low that Yan Hua can’t hear what she says without careful listening.

The woman gives her a hard tug and looks carefully at Yan Hua and Lang Ruoxian before lowering her voice. “What donation? Are you stupid? The tens of thousands of yuan has already been used up.”

At this time the elevator reaches the first floor. The woman drags the little girl out, and her voice comes from far away.

“Dead girl, if you say the donations again, I will beat you to death!”

Yan Hua is pulled out of the elevator by Lang Ruoxian.

“If you want to know what’s going on, I’ll have someone check it out.” He pinches Yan Hua’s hand. “Let’s go. Dad and other families are still waiting for us at home.”

Yan Hua receives a piece of news pushed by micro blog when she is on the way home. She has a bad feeling that the incident just now is exposed. She looks at it and finds it is not, so she feels relieved.

“I won’t give him another chance.” Lang Ruoxian leans over and kisses her while waiting during the red light interval.

Liu Jun isn’t able to save himself.

“What have you done?”

Lang Ruoxian starts the car. “Let people go to seal up Liu Family’s company.”

This is the capital city. Of course he can’t just act recklessly casually. However, it is still possible to give him a dose of his own medicine. How could Liu Jun, the fool, think that the woman who went to the cold storage with him and said she wanted to do something stimulating with him was the one who received the money to put something in...

“Do you think Gungun’s incident this time has something to do with him again?” Yan Hua guesses.

Lang Ruoxian thinks the same as she does, but...

“The only thing I didn’t count is the execution of some institutions in Yanjing.”

Tang Family’s house. Gungun rushes up as soon as he sees his parents coming back.

“Dad!”

Yan Hua glances at her son. Why didn’t her son call her?

“Dad?” Gungun’s eyes are bright, looking at Lang Ruoxian.

Lang Ruoxian rubs his little head. “It’s OK.”

“Whoa!” Gungun cries. “Sure enough, Dad has the final say in everything outside.”

Then he runs to the sofa and hugs Wuyou who is sitting there. “Wuyou, everything is fine. We can go to eat snacks.”

Wuyou is dragged by Gungun to the kitchen. She turns to look at Yan Hua halfway. Yan Hua smiles and waves at her.

“Our Gungun is really sensible.” Chang Pei’e says, “He tells me as soon as he comes back that he causes trouble. It has nothing to do with Wuyou. Then he sits there and waits for you to come back. By the way! He also says that Lang Ruoxian told him to leave everything outside to his father, who can solve the problem.”

When did you say that? Yan Hua takes a glance and Lang Ruoxian smiles. “The conversation between men is a secret.”

“Gungun is much better than your father.” Bai Susu rejects Tang Yao and pushes him away. “Your father just scolds when he comes back. What’s going on then?”

“I don’t know yet. I have to wait for the parents of the other party to ask their children.” Yan Hua sits down. “However, this is definitely not a coincidence.”

Lang Ruoxian receives a phone call and doesn’t come over until he finishes speaking.

“Liu Jun’s family wants to see me.”

Yan Hua is stunned. “Do they know it is you so soon?”

“They have already approached me.” Bai Susu says, “Liu Family member asks someone to find me early in the morning. I tell them that Ruoxian has the final say in the company now and let him find you.”

Liu Family are going crazy. Yesterday the law enforcement department came to inspect their cold storage and found contraband in it. Liu Jun’s father didn’t know where it came from. Now the company’s cold storage has been closed. He can’t afford to lose millions of yuan per day.

“Liu, I will not deceive you because we have known each other for so many years. Do you know that your family has offended someone?” The captain who comes to inspect took a lot of advantage before. For fear of hurting his feelings, the captain reminds him.

How can’t he know? This is someone punishing him, but who is it?

At first Liu thinks to be his peers, but later he thinks it is wrong! His peers don't have such a great ability. He thinks for a whole night and doesn't have a clue. He has to call the captain he knows again. Having been pleaded again and again, the other party says two words.

“Tang Consortium.”

Tang Consortium? Liu soon figures out that is the second branch of Tang Family? How did they offend such a great family? There is no chance to offend them.

But no matter what it is, since he knows the reason, he has to solve it quickly. So he pulls all kinds of strings to contact Bai Susu, but Bai Susu says she is not in charge. So Liu pulls all kinds of strings again and finally contacts Lang Ruoxian's assistant.

“I ask Shu Sheng to tell him. He should ask what his son did.” Lang Ruoxian just finishes saying that, Yan Hua's phone rings.

Yan Hua looks at the number and it is from the mother of the injured children. She quickly switches on and changes her expression after hearing a few words.

“What did she say?”

Having hung up the phone, Yan Hua silently looks at Lang Ruoxian. “Liu Jun did it.”

It turns out that when the couple asked the children why they said those insulting words, the children unexpectedly told them that it was taught by their grandmother. The couple were shocked. They knew the identity of Lang Ruoxian. If so, wouldn't they have offended Tang Family?

The son hurried to look for his mother. When he found the old lady on the stairs, she was swearing at the phone.

“Why doesn't that bastard answer the phone? Doesn't he want to give me the other half of the money? That doesn't work. My grandsons were injured. He must give me more money...”

“Mom, what are you doing?”

At first, the old lady still refused to admit it. Fortunately, her son knew the seriousness of the incident and threatened to send her back to her hometown in the countryside if she didn't confess. The old lady finally said.

“Liu Jun knew that the old lady's two grandchildren were having a parent-child education class with Gungun, so he gave her 50,000 yuan to teach the children to say those words. This morning Liu Jun also sent someone to the hospital to take a video and prepared to post it online.”

However, everyone now knows that Lang Ruoxian likes to solve problems by law. No social media influencer dares to post the video. Liu Jun can't help but want to post it himself. But he is taken away by his father before he does that.

Liu passes out on the spot when he knows what his son has done. When he wakes up, he uses his belt to beat Liu Jun to be black and blue. He doesn't dare to bring Liu Jun to apologize. Finally, he sends a message to Lang Ruoxian hurriedly.

In the afternoon, Liu Jun is evicted by his family, leaving him to live alone in the old house where they had lived before becoming rich. All his cards have been frozen and he will only get 2,000 yuan a month for living expenses.

“His father is talented.” Bai Susu exclaims over it.

They thought Liu Jun would be thrown abroad after being beaten. They have seen that Dong Family did so. To put it bluntly, it is a disguised cover-up. Why don't you send the child to Africa if you really want to punish them?

“He has another son outside.” Lang Ruoxian have investigated Liu Family's background clearly. “A few years younger than Liu Jun. Liu Jun has let him down over the years. Since there is another heir, why will he need the black sheep?”

Yan Hua doesn't know what happens to Liu Jun finally. Later she hears that the old lady has really been sent back to the countryside by her son and is never taken out again.

Chapter 216 Lang Ruoxian and Other Woman

After everything is settled, Yan Hua goes to the hospital. After all, it is only an

ignorant child but suffers so much. When leaving, she unconsciously overhears some young nurses complain.

“Your patient of Bed 8 hasn’t come back yet?”

“No, I think she will not come back.” Another fat nurse sighs. “She’s only 10 years old. The doctor says that she is in good condition. She can completely recover as long as she has the right bone marrow.”

“Her family have crowd funded, haven’t they? I have heard that there are hundreds of thousands yuan donated!” Another nurse says, “She has been matched with the right bone marrow but does not have enough money for surgery, hasn’t she?”

The fat nurse shakes her head angrily, “No, she hasn’t been matched with the right bone marrow yet, but a company has promised her family that they will be responsible for the operation expenses if the matching is successful.”

“Then why did she get out of the hospital?”

“Who knows! I think there is something wrong with the little girl’s mother. A few days before she was discharged from hospital, she also asked our head nurse if the little girl could go home under this situation. The head nurse said no at that time, because some drugs could not be stopped, but she took her daughter away within two days.”

“She also lied to us that the old man in the family was not convenient to come to the hospital so she wanted to take the child to go back to stay for two days. The doctor also kindly prescribed the medicine for two days. But they never came back.”

The young nurse rattles on and Yan Hua hears most of situation. She doesn’t know why, but she remembers the mother and daughter she met in the elevator that day.

She remembers the matter to heart again and asks Lang Ruoxian in the evening if he has found anything. Lang Ruoxian gives her a look. “I thought you said it casually, but you still remember it.”

“I’m not that humanitarian. I really forget it.” Yan Hua applies a facial mask. “I remembered it when I heard a nurse say it today. I think they are the mother and daughter I met that day. Didn’t you check it?”

Lang Ruoxian hugs her from behind. "I remember everything you said. Of course I did."

The situation is the same as what the nurses said. The little girl is named Liu Meimei whose family really doesn't want to give her treatment, and there is a lot of money left over from the donation. It is said that the money will be used to buy a house for her brother to marry.

"If you search on micro blog, it seems that independent media have already paid attention to this matter."

Yan Hua searches it, and there is indeed the news and a lot of forwarding. There is also a video of interview of the little girl's mother, in which the woman was very arrogant to say that the money given to their family was theirs, and how they use the money is nobody else's business.

Netizens are all scolding below, and at this time, their values are quite correct.

"Ignorance." Yan Hua pulls down and sees that the crowdfunding platform is also involved, and has already applied to the court for a case, requiring the little girl's family to return the donation.

Yan Hua puts down her mobile phone. "If the money is returned, the child still cannot go back to the hospital for treatment."

"Do you want to help her?" Lang Ruoxian thinks. "In fact, you can move your foundation to Yanjing."

Yan Hua shakes her head. "I thought about it before and asked my mother. But she didn't suggest me doing this."

Bai Susu told her that there are many foundations like that in Yanjing, most of which are run by enterprises or celebrities, most of whom are rich and wealthy ladies.

"You can find a reliable one to join, but it is not necessary to do it yourself." Bai Susu says, "This is Yanjing. There are too many things involved, especially your uncle is in this position. The more is done by our family, the easier it will be for others to have something on us."

Yan Hua understands it and Lang Ruoxian naturally understands it, too.

“Let’s observe it first. Maybe someone will help her soon.” Lang Ruoxian looks at his watch and holds her to bed. “All right, sleep.”

Liu Meimei’s event is getting worse and worse on the Internet. Netizens have already used cyber manhunt to find her home. Someone sends a message, saying that Liu Meimei’s brother was expelled from the company because of this, and his girlfriend also broke up with him.

The police also went to their house to recover the rest of the donation. Now Liu Meimei’s family has been quarrelling harshly.

“You stupid woman. I told you not be so obvious, but you didn’t listen to me. Now is it OK?”

Liu Meimei’s father is a pedicab driver. These days his colleagues have been judging him and he has lost his face.

“How do I know the money can be returned?” Liu Meimei’s mother opened a small sewing shop at home before. There were many surrounding communities so the business was good, but no one has come recently.

There is not much room in the house, with two rooms, one hall and four people. The storage room is Liu Meimei’s bedroom. There are only one bed and a broken desk in less than 10 square meters. She is lying in bed, listening to the quarrel between her parents outside. She looks helplessly at the certificates of merit on the wall. She feels that she probably has no chance to go back to school...

“Stop arguing!” Another voice joins, which is her brother who lost his job.

“Damn, now I have no job. My girlfriend also broke up with me. Mom, you just make trouble out of nothing!”

A chaos, chairs fall to the ground and make a loud noise, and the door is banged twice, then everything slowly quiets down.

Bang! After a brief silence, the door is kicked in fiercely. Liu Meimei’s mother rushes in and hits Liu Meimei on the back with several punches. She also scolds, “It’s all your fault! It should all blame you, a money-losing girl. You have made us in trouble!”

Liu Meimei is choking in her chest, and she opens her mouth to breathe hard. Liu Meimei's mother is frightened at the sight and quickly supports her. "Meimei, don't frighten mom. Mom just said casually, don't frighten mom..."

On Thursday afternoon, a micro blog user named Little Sparrow sends a post.

#That's too much. Liu Meimei returns to the hospital this afternoon. She is sent back by ambulance. The doctor says she has been severely beaten. It must be her mother, who is not a human being!#

There is also a photo below. The little girl is lying on the sickbed with a breathing mask.

A few minutes later, the micro blog post is deleted, but it has been forwarded tens of thousands of times and has become a trending topic.

"Fang Yan's foundation has sent people to the hospital and they are expected to pay for the operation on the little girl." Bai Susu also reads the report, sighing, "The Internet said that her mother beat her. If it were true, her mother would be too cruel."

Yan Hua reacts for a moment before figuring out. Fang Yan is Bai Jingzhu's mother.

"Although society is so developed now, there are still many people who favor boys over girls." Chang Pei'e also joins the topic. "And so do many people with high incomes and high degrees, who cannot change their old ideas."

It is rare for Tang Cao to stay at home today. Hearing the words of the three women, Tang Cao says with a wronged expression. "So is our family! Our family values women over men."

"If you are as good as your elder sister, I'll take you seriously." Bai Susu glances at him. "Besides, don't say I didn't remind you. Your pocket money this month has exceeded the standard. The cards will be frozen from tomorrow."

Tang Cao gets up in panic. "So soon? I didn't buy anything."

"Then ask yourself." Bai Susu ignores him and says to Yan Hua. "Don't give money to him!"

Yan Hua nods smilingly, but the next day she sees Chang Pei'e secretly give Tang Cao money. When Tang Cao secretly slips out like a thief, Yan Hua just hugs Chang Pei'e to make coquetry.

"Grandma, why did you give him money!"

Chang Pei'e looks guilty. "Don't let your mother know it."

"Are you also afraid of my mother?"

"Yes. Who in our family is not afraid of her?"

It is half a month after the news of Liu Meimei reappears online. She returns to the hospital and has found a suitable bone marrow for surgery. A foundation will bear all the expenses, which must be Fang Yan's foundation.

"She finally has a good result." Yan Hua reads more related news. "A reporter went to the school to interview. The little girl studied very well and had been the first in every exam."

Lang Ruoxian lies in bed waiting for her to say for a long time. Finally, he cannot stand but to pull back the quilt.

"You... Why are you naked?" Yan Hua is shocked. He usually wears pajamas at ordinary times.

"I have to take it off after wearing it, troublesome." Lang Ruoxian holds her up and puts her on the bed. "You can't really get up tomorrow if you keep talking about it."

Yan Hua is covered by him, leaving only the voice of yum-yum.

After May Day, the weather warms up. This day Yan Hua receives a phone call from Fang Diandian, who invites her to dinner. When Yan Hua goes out, she sees Gungun playing games with Wuyou. Wuyou is much heavier than when she first came back. Finally, her little face has gained more meat, but she looks a little pale.

Yan Hua hopes to keep Wuyou chubby and ruddy before the start of school, so that she can look like a healthy and extremely happy child.

"Sister Duo!" As soon as she enters the restaurant, Fang Diandian who sits by the window waves at her fiercely.

Yan Hua walks over and sits down. "Are you on holiday?"

"Yes!" Fang Diandian pours tea for her. "This is Tujia cuisine. Are you used to it?"

"I am OK. I am not particular about food." Yan Hua looks around. There are many guests and the environment is fine.

Fang Diandian is somewhat embarrassed. "Or shall we go to the restaurant of the hotel?"

"It is very good!" Yan Hua smiles. "Don't be so polite."

"You should have been invited to dinner a long time ago." Fang Diandian says, "Last time you helped my family a lot. I didn't even thank you!"

Yan Hua opens the menu. "You thanked me several times on the phone. Let's order dishes."

When the dishes are all served, Fang Diandian lies prone on the table and whispers, "Sister Duo, there is something I think over and decides to tell you."

"What's so mysterious?" Yan Hua is amused by her. "Go ahead!"

Fang Diandian speaks with hesitation, and it takes her a long time to make it clear.

"I saw Mr. Lang at the school gate. He came to pick up our new professor, who is a woman and very beautiful. It seemed that two people were very familiar with..."

Yan Hua is speechless.

She recalls that one afternoon last week Lang Ruoxian said he was going to send something to Qiang Di. In the middle, he made a call to say that he would send Qiang Di home because it suddenly rained. Yan Hua felt it very normal and Shu Sheng followed.

"Is your professor called Qiang Di?" She asks.

Fang Diandian looks frightened. "You... You know her? That... She really and Mr. Lang..."

“She is a sister of Mr. Lang’s good friend.” Yan Hua thinks and says, “I know her, too.”

“Then be more careful.” Fang Diandian looks serious. “Brother and sister are most likely to have affairs.”

Yan Hua smiles, “Thank you for reminding me. In fact, she seldom meets us at ordinary times.”

Just then, the phone rings, and it is Lang Ruoxian.

“Hello!”

“Hua, Qiang Di called me to ask to have dinner together.”

Yan Hua feels that being proven wrong always comes so fast.

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

## **Chapter 217 This Family Is Magical, Isn’t It?**

“I refused.”

Lang Ruoxian says on the other side of the phone.

“Then will you pick me up?”

Yan Hua having hung up the phone, Fang Diandian asks, “Is that Mr. Lang?”

“Well, he will come to pick me up after work.”

“Sister Duo, please don’t tell Mr. Lang that I am in the same school with Professor Qiang!”

Yan Hua wonders, “Why?”

“In case he knows and prevents me from coming to the professor later, I will not be able to help you monitor them.”

Yan Hua is speechless again.

Being afraid that Lang Ruoxian will ask about her, Fang Diandian leaves in advance. Yan Hua looks at a large table of dishes and has to eat slowly alone. Lang Ruoxian gets off the car and sees Yan Hua leisurely eating through the French window of the hotel. He stands still and looks at her for a minute until Yan Hua finds him and waves at him.

“What were you looking at?” When the man comes over, Yan Hua asks.

The waiter pulls open the opposite chair, but Lang Ruoxian waves his hand and sits down next to Yan Hua.

“I was looking at a beauty.” The man sides his head to look at her.

Yan Hua smiles and nods. “Well, I am also looking at a beauty now.”

The beauty smiles like a flower. Lang Ruoxian can't help kissing her. “Have you had enough?”

“I am full. Would you like to eat some, too?”

Lang Ruoxian doesn't have supper. Yan Hua adds two more dishes for him and they go back together after the dinner.

On the way, she remembers Qiang Di. “What is her purpose to meet you?”

“It should be all right.” Lang Ruoxian gives her a look. “I won't eat alone with her.”

“You know I don't mind this.” Yan Hua shakes her head. “I just want to know what she thinks.”

After crossing more than half of the country from south to north, Qiang Di can't just want to stay in the same city with them. Yan Hua thinks that the best way to solve some potential unstable factors is to try her best to solve them, and don't wait for something to happen before she regrets it.

“My method is simple and crude.” Lang Ruoxian takes Yan Hua's hand and touches it. “I'm busy.”

In the following days, Qiang Di invites Lang Ruoxian to meet almost every weekend, but Lang Ruoxian never agrees her. Qiang Di threatens him with anger.

“If you refuse again, I will go to the company to find you.”

Lang Ruoxian hangs up the phone directly. Yan Hua feels that the problem of Qiang Di must be solved after hearing this. She simply asks Lang Ruoxian to invite her to dinner at home.

“You see, you take her as your sister. She is the only bond left by your elder brother. We can’t leave her alone, so we should let her become a family.”

Yan Hua actually had this idea long ago, but the time was not right before. Now is the right time for the Tang Family members to meet Qiang Di.

“I don’t think she is black-hearted. She is just... just too lonely.” Yan Hua can’t find a suitable word to describe her.

Whatever she says Lang Ruoxian has no objection. He calls Qiang Di to ask her to come home for dinner this weekend.

“To Tang Family’s house?” After hearing this, Qiang Di stares blankly for a few seconds. “Are you sure?”

“Hua invites you to come and the family would like to meet you.” Lang Ruoxian doesn’t cheat her. As early as Bai Susu knew his life story, she said that they would like to meet Qiang Di.

Qiang Di agrees, and only she knows that she is very uneasy about the agreeing. She even changes clothes several times that day, and finally she is angry with herself and feels worthless.

Isn’t it to meet Yan Hua’s family? What’s so terrible?

“Sister, do you think life is as lonely as snow?” Tang Cao squints at her when he knows.

Yan Hua is chatting in the group. The small group includes her, Fei Ying and Chen Hong. Without raising her head, she replies, “No, but I have long been used to loneliness. After all, not everyone looks so good as me.”

“... Then why did you invite your rival in love home?”

“She is not a rival in love.” Yan Hua raises her head. “Don’t be weird when she comes in the evening.”

Tang Cao curls his lips. “She regards my brother-in-law as body double. Plus my brother-in-law’s elder brother died for him. This favor will have to be remembered by you for the rest of her life, and that woman will allow you to have this burden for the rest of your life.”

Seeing that she has not response, Tang Cao simply leans in front of her face and says, “Wake up, Sister! Why did you open the door to a dangerous woman?”

“I told you she wasn’t.” Yan Hua glances at him. “Why do you stay at home today?”

Tang Cao answers, “I... I am afraid that you will be bullied. I specially reject the dinner party to protect you at home.”

“No, you’d better go to the dinner party!” Yan Hua smiles. “Let alone I don’t need protection, even if I need, there are so many people in the family and it won’t be you. Or... Did you spend all the money grandma gave you last time?”

“I spent it all early, I...” Tang Cao covers his mouth. “I didn’t say anything!”

Yan Hua touches his head. “So you have no money again?”

“... I have.” Tang Cao is listless. “There is still 5,000 yuan left.”

5,000 yuan is enough to spend a month in ordinary people’s homes, but not enough for the childes like Tang Cao to sing karaoke one night.

“Don’t talk nonsense in the evening and I’ll give you 50,000 yuan.”

Tang Cao’s eyes light up. “Really?”

Ding! Tang Cao’s mobile phone rings, and it is the sound of his Alipay receiving the money.

“I’ll give you 20,000 first, and 30,000 tomorrow if you behave yourself.” Yan Hua knows Tang Cao too well. Nobody can stop him from making a fuss except money. If he really says something in the evening, her wish will be in vain.

“Sister, rest assured! I’ll zip my mouth now and make sure I won’t say a word in the evening!”

In the evening, Qiang Di comes to Tang Family's house on time and Yan Hua opens the door.

"Long time no see." Qiang Di hands over a gift bag, "Thank you for inviting me."

Yan Hua sees that she is obviously dressed up. Although she looks very decent, her occasionally wandering eyes betray that she is actually nervous.

"Qiang Di grew up in an orphanage since her childhood. She had no relatives, and then the only family member was my elder brother." Yan Hua's heart softens when she thinks of what Lang Ruoxian said. The girl is afraid. She doesn't know how to get along with family.

To face so many Tang Family members at once, Qiang Di must have a lot of pressure. However, she comes bravely. Yan Hua can't help smiling. "Come on in. You're welcome!"

Qiang Di thinks her smile is strange, but this is not the time to pay attention to this.

"Hello, Aunt and Uncle. I am Qiang Di." Seeing Bai Susu and Tang Yao in the sitting room, Qiang Di hurriedly greets them.

Tang Yao says, "Oh, you are not like our... Ah..."

Bai Susu withdraws her hand. "Haha, don't mind. Your uncle is trying to say that you are not as tall as our northerners, but you are small, exquisite and very beautiful. Come on, let's go to the dining room and get ready for dinner!"

"Dad!" Tang Cao, who is walking behind, grabs Tang Yao and whispers, "Did you just want to say that she is not as beautiful as my sister?"

Tang Yao rubs the back of his head. "Yes, your mother is getting stronger and stronger. Ouch, it hurts so much. By the way, didn't you also say yesterday that this girl visits us without good intention? Why didn't you just talk?"

If you take 50,000 yuan, you will say nothing. Haha.

"I wanted to say it, but I didn't say it when I saw my mother slap you."

Tang Yao gives him a slap. "Why are you so cunning? I won't say, either!"

“No! You have to say.” Tang Cao cheats his father. “What if my sister is bullied?”

Tang Yao thinks it right. He has to keep an eye on that girl and then runs to the dining room.

“My grandmother doesn’t know you are coming, and she can’t be back off her friend’s birthday party today. She specially asks me to tell you to come often in the future.” Yan Hua puts the fruit tea in front of Qiang Di. “Taste it. My mother made it. You can’t drink it outside.”

Qiang Di quickly takes a sip and says solemnly, “It’s delicious. Thank you, Aunt.”

She also secretly glances at Yan Hua and obviously doesn’t want to thank her.

“Drink more if you like!” Bai Susu tells her. “I hear that you grew up abroad and ask our house maid to make steak specially. I don’t know if it is to your liking. Try it quickly.”

Qiang Di cuts a large piece to put into her mouth and says, “It’s delicious.”

Such a big bite! Isn’t she afraid to choke?

Yan Hua twitches the corners of the mouth. Lang Ruoxian glances at her, raising his eyebrows.

“Nothing.” Yan Hua leans in and whispers, “Actually, Qiang Di is quite lovely.”

“Not as lovely as you.” Lang Ruoxian cuts the steak for her.

Seeing the two of them so affectionate, Qiang Di’s face changes color obviously, but Bai Susu has been talking to her, she can’t embarrass Bai Susu. As a result, she laughs this second and glares at Yan Hua the next second. It is hard for her to repeat well so many times.

“We have a few friends who like your paintings very much. We will certainly go to see your next exhibition.” Bai Susu has talked to her on some intimate topics, but she suddenly sees the girl who is still smiling sweetly stares at her.

“I’m sorry!” Qiang Di is panicked. She wants to stare at Yan Hua, but she takes the wrong turn.

Yan Hua is almost dying of laughter. Then Tang Yao, who keeps looking for a chance to speak all night, feels that he finally has a place to use. You young girl dares to stare at my wife!

“You...”

“Tang Yao, go upstairs and see if Wuyou and Gungun finish eating.” He just says a word and is interrupted by Bai Susu.

Wuyou and Gungun eat in the room. Tang Yao asks dully, “I... I’ll go?”

“Otherwise?” Bai Susu asks with a smile.

Tang Yao shivers. “I’ll go! I’ll go! I’ll go right away.”

He pushes open the chair and runs away.

“Don’t mind!” Bai Susu fills a bowl of soup for Qiang Di with. “Your uncle is quite funny.” She also looks at her son, who is sitting on the edge of the table, eating hard all night.

Strange... Why is this boy so quiet today?

Tang Cao suddenly trembles. “I’m full. Please enjoy it!” He stands up and turns around, then turns back to smile at Qiang Di with special enthusiasm. “Miss Qiang Di, take your time, be sure to eat well and feel the warmth like the spring breeze of our family.”

“Never mind.” Bai Susu looks at the younger son who runs away and squeezes out a smile. “My son is also quite funny, hahaha...”

Qiang Di: Is this family magical...

After dinner, Yan Hua invites Qiang Di to take a walk. There is a big artificial garden behind the villa. It is neither cold nor hot.

“In fact, you don’t want to see me at all, do you?” Qiang Di speaks first.

Yan Hua lowers her head. Qiang Di can see Yan Hua’s smile from her perspective.

“Not really. I hope you regard me as your family. This is also what Ruoxian hopes.”

“So you invited me to your house?” Qiang Di smiles mockingly. “Yes, you have a home. You used to have nothing but Lang Ruoxian. But now you have memory, family and social status.”

“What can I compare with you?” Qiang Di sighs and sides her head to say, “I really hate you.”

### **Chapter 218 Tang Rui's Threat**

The person I hate most is you.

This sentence spreads with the night wind into Yan Hua's ears, but she is not surprised.

“But I don't hate you.” Yan Hua faces Qiang Di's eyes with her head aslant, “Or I should say, there's no way for me to hate you.”

The Qiang Di hisses. “What hypocrisy! Clearly you hate me to death, but because of Lang Ruoxian you have to be good to me.” She looks calmly. “I'm talking about the real Lang Ruoxian.”

“You are wrong.” Yan Hua touches a peony that tangles up Qiang Di's hair and carefully pulls her hair out. “This is not hypocrisy but human nature. On one thing you are right, Lang Ruoxian must take care of you because his elder brother, even he will die for you at a critical moment, due to owing you a life.”

Yan Hua raises her eyebrows and says, “My own man has the intention of sacrificing for another woman. You say, shouldn't I hate you?”

Taking a few steps forward, Yan Hua turns back. “But I know it's not your fault. You are the most innocent person in the revenge of the Lang brothers. Lang Ruoxian and me... and his elder brother all hope that you will be happy and safe for the rest of your life.”

“Haha!” Yan Hua suddenly smiles, “You have been looking for Lang Ruoxian recently, because you are afraid. You are afraid that we will forget you, then you will be the only one left alone in this world...”

“You nonsense! I...”

“Qiang Di.” Yan Hua stands a few steps away and looks at her with glistening eyes. “No one will forget you, for we are your relatives. You don’t have to test again. What you need is to open your heart or... forget the past.”

Yan Hua goes back alone, while Lang Ruoxian waits in the sitting room.

“Has she gone back?”

“Well, the driver sends her back.” Yan Hua moves her neck. “I don’t know how much she has been persuaded.”

Lang Ruoxian rubs her shoulder. “She is very stubborn, otherwise she wouldn’t still refuse to come out today.”

“Take your time.” Yan Hua hugs him and rubs against him in the man’s arms. “I am very patient with her.”

In fact, Yan Hua is not a patient person. If you look at Tang Yao and Tang Cao, you will know that. If they do an intelligence test, the intelligence quotient of Tang Family members is probably not high. This is their weakness.

However, they are also very smart. This is the result that Lang Ruoxian has observed in recent months.

It’s not like the investigation result, such as second rich generation, unpromising playboys and so on. Tang Family members are living in their own way to preserve their social status and wealth.

However, one thing is true. They all like to lead a life of pleasure, so they are very afraid of drifting from place to place homeless and miserable or losing such a good life. They probably use their only intelligence to lead a life of pleasure.

“Sorry.” Lang Ruoxian hugs the woman in his arms. “Qiang Di was originally my responsibility. How wronged you are!”

“Not wronged.” Yan Hua pokes him. “Husband and wife are one. If you were in my position, I believe you would do better than me.”

The two persons smile at each other and go upstairs hand in hand. When they leave, Bai Susu and Tang Yao come out of the small parlor.

“Do you believe it?” Bai Susu asks.

Tang Yao curls his lips. "In case the girl continues to pester, can Lang Ruoxian hold on to it all the time? How many single-minded men are there like me?"

"You are such a man because your mother educated you well, or you might be a love rat."

"How could I am!" Tang Yao says with a wronged expression. "Since I married you, I haven't let other women come near. You can't wrong me."

Bai Susu turns over a supercilious look. "Good, you are the best. Go back to room and sleep!"

"Susu, you play at me..." Tang Yao blabbers.

Walking in front of him, Bai Susu can't help smiling. 30 years ago, when she was just 22, her stepmother drugged her and sent her to the investor's room. However, she met Chang Pei'e in the elevator. Chang Pei'e took her away without saying anything.

Three days later, Chang Pei'e told everyone that Bai Susu was Tang Yao's fiancée and Dong Family didn't dare to complain but sent a big gift.

"Susu! I know my son is not worthy of you, but I can guarantee that he will only have you as his wife and love you only. I give you this undeserving guy. Tang Family is also yours."

Bai Susu will never forget what Chang Pei'e said. In the first few years, some people laughed at her, saying that she had to marry an unpromising guy to help her get into a rich and powerful family.

But then she took over Tang Consortium, and those people began to scold her while admiring her. They said she was just for Tang Family's money or said she would cheat on Tang Yao sooner or later.

"Mom said that when my dad was young, like Tang Cao, he often went to places where drowned people in sex and pleasures. Therefore, others thought that he had many women outside and they also wanted to have a good laugh at my mother."

In the room, Yan Hua and Lang Ruoxian are lying in bed chatting. They don't know why but they begin to talk about Bai Susu and Tang Yao.

“Tang Cao is just like Dad.” Lang Ruoxian touches her back again and again. “He is still a virgin.”

Yan Hua bursts out laughing. “Mom says that if he dares to have sex with a woman casually, she will break his leg, and she also says that as long as he has sex with some girl, he will marry her back as a wife regardless of her status.”

“That’s a good trick.” Lang Ruoxian bows his head and gives Yan Hua a kiss. “You’ll say the same thing to Gungun in the future.”

“My son won’t!” Yan Hua rolls her eyes toward him.

Gungun, who is mentioned by Yan Hua that he will not casually look for a woman in the future, is now in Wuyou’s room.

“Wuyou, it’s summer vacation soon. Where do you want to go?”

Wuyou straightens her little face to think for a few seconds.

“Wildlife Park.”

Gungun lets out a cry. “Good, then let’s go back to Dad’s house! There is a big wildlife park in my dad’s house.”

Wuyou doesn’t understand what dad’s house is, but when she hears about the wildlife park, she nods. “OK.”

“Then we will feed the bunny, the lamb and the fawn together.” Gungun excitedly counts on his fingers.

Wuyou licks her lip. “Everything is delicious.”

Gungun is puzzled.

Hua Zhong calls Yan Hua.

“Sister Duo, come to my birthday party!”

“It’s a party for young people. Why should I go?” Yan Hua thinks she is especially good. She has already got married and has taken up a top-notch resource. So she should stop going out to play and leave the opportunity to other girls.

Hua Zhong doesn't think so. "Sister Duo, you promised before, and besides, you haven't celebrated my birthday for years..."

There is a pitiful voice from the other side of the phone, and Yan Hua has to accept the invitation. "Okay, where?"

"In my villa in the north city, the one near Rabbit Hill!"

"Yes, I will be there on time."

Tang Consortium, Lang Ruoxian sits behind a large desk, calmly looking at the person opposite.

"Why did you refuse?" With a straight face, Tang Rui says, "There was no problem with the project I sent you. Why did you refuse to cooperate?"

"I remember my assistant has told your people that I had no more projects to cooperate with." Lang Ruoxian knocks on the table, "What do you want me to do with you?"

Tang Rui sneers. "You think I'm stupid? Clearly there is another."

Lang Ruoxian leans back. "Which one?"

"Game, you have the most advanced 3D imaging technology in M Country. I know you are going to buy a game company directly and remake an existing game."

Tang Rui snorts. "You don't need to buy, because we can cooperate, and I have a game company that does mobile games."

"You are talking about this..." Lang Ruoxian touches his chin. "Then you are late. The project already signed a cooperation agreement several months ago."

"Impossible!" Tang Rui bangs the table. "Lang Ruoxian, you don't be shameless. You know clearly how much advantage you have taken to do business relying on my dad's face!"

Lang Ruoxian glances at him with a faint expression. "Oh? I really don't know, or you can let Uncle tell me."

"F\*\*k!" Tang Rui kicks over a chair and says, "Yes, you have guts. We'll see."

Tang Rui intersperses his talk with curses to go back to the car, and let his heelers check which company Lang Ruoxian bought. And he finds that the company's legal person is Chen Xiao.

"Yixiao, do you know that Chen Xiaopang, the stupid, is learning to do business?" Tang Rui immediately calls and asks, "Where did he get the money?"

Tang Yixiao is doing her hair, and she is puzzled. "I don't know? What kind of business?"

"Start a company." Tang Rui says impatiently. "Go back and ask."

Tang Yixiao's husband is Chen Rui. He and Chen Xiaopang are still a little related. Chen Rui's father is Chen Xiaopang's father's cousin, but Chen Rui's family is different from others. Chen Rui's father had a woman and a daughter outside in his early years.

It is unknown what Chen Rui's mother thinks, but she accepts them and now the large family live together.

To put it bluntly, it is polygamy.

"Rui, do you know that Chen Xiaopang has started a company?" In the evening, Tang Yixiao goes back to ask Chen Rui.

All the Chen Family's companies are inherited by Chen Rui, which was agreed by Chen Rui's father. The woman and her daughter who lived in the house later have several properties and a 3% stake of the company. The annual dividend is also a large sum of money.

Chen Rui's mother had no choice, or her husband didn't give her a choice. Anyway, everything belongs to her son.

"He runs a company?" Chen Rui doesn't believe it.

Chen Xiaopang is a black sheep. His father always says that his cousin is a talented person, but he gave birth to an unreliable son. It is said that many years ago, Chen Xiaopang's father seemed to have had a woman outside, but later it was unknown that it ended with nothing definite.

“Rui said so. Certainly it is true.” Tang Yixiao thinks for a while, “Why don’t you ask?”

Chen Rui glances at her. “Why are you suddenly so interested in Xiaopang?”

“Not me, but Tang Rui.” Tang Yixiao sneers. “I just ask routinely. What about you... Whether you ask or not, I shall tell him later that you have asked.”

Chen Rui understands. “That’s fine, you’ll take it as if I asked. Chen Xiaopang didn’t tell me!”

Originally, they were cousins abroad and at home, but they often contact each other. Tang Rui allows Tang Yixiao to ask him, ah...

“He thinks my surname is Tang?”

Who cares?

Lang Ruoxian personally sends Yan Hua to the birthday party.

“Are you really not going in with me?” At the place, Yan Hua asks again.

Lang Ruoxian kisses her. “Those people will feel uncomfortable if I go in. Have fun. Send me a message in advance when you want to leave. I’ll come and pick you up.”

“OK!”

### **Chapter 219 A Love Letter**

Yan Hua arrives not too early. When she enters the villa’s gate, she sees a dozen men and women, standing about in small groups. A row of chefs are working beside the swimming pool. It is the same as what Tang Cao said.

“You can go to Hua Zhong’s party. At least there’s no shambles.”

Hua Zhong has already seen her coming. He runs to her and calls, “Sister Duo!” Yan Hua hands him the gift and says, “Happy birthday!”

Hua Zhong’s beautiful eyes are full of smiles. “Thank you. I am very happy!”

Then he lowers his voice and says, "I didn't invite Bai Jingzhu."

"She doesn't dare to come, does she?" Yan Hua smiles. "I guess that lately she's afraid to show up where I am."

Hua Zhong nods, "But... Yuanfei is here."

As soon as Hua Zhong finishes saying that, Bai Yuanfei comes here and says, "Sister Duo." He stands in front of Yan Hua and smiles awkwardly, "I'd better call you Sister Duo. I know you don't like our family, but I..."

"I know." Yan Hua waves her hand and says. There is Bai Jingzhu, the stupid woman, and Dong Nianqiu in Bai Yuanfei's family. As long as they have relationship with Dong Family, they can't make friends with Yan Hua's family.

There are many different kinds of sofa around the swimming pool. Hua Zhong leads Yan Hua to sit in a quiet corner.

"Would you like some juice?" Hua Zhong asks. He also brings a glass of beautiful juice gallantly for her.

Yan Hua becomes silent for a moment. Hua Zhong is so enthusiastic. Is the gift that she chose for him too cheap?

She suggests, "Today you are the master of this party. Don't always accompany me. Talk with others!" Seeing Hua Zhong still holding the gift, Yan Hua looks around and advises him, "Put it down. It will be terrible if the gift falls down."

Hua Zhong thinks Yan Hua is right. But he doesn't want to put it down directly.

"Sister Duo, please wait for me for a moment." Then he rushes into the villa.

Hua Zhong runs back in a few minutes.

"I, I like it very much! Thank you, Sister Duo." Hua Zhong says and looks at her with his bright eyes.

Yan Hua twitches the corner of her mouth and asks, "Do you really like it?"

"Yes. You know I like playing games!" Hua Zhong feels very happy.

He knows that Tang Duo won't respond to his feeling in his life. She has regarded him as her younger brother five years ago. At that time, he wished that he could grow up in a day to tell her that he liked her.

When he heard that his eldest brother had a marriage contract with Tang Duo, Hua Zhong felt that his life was meaningless. So when his eldest brother ran away, Hua Zhong was a little happy. Was it possible that he could replace his eldest brother to complete the engagement?

But he dared not say that. So he found Tang Duo secretly to express himself to her and asked her if she would like to change the groom to himself. But before he said, Tang Duo had said angrily.

"The marriage contract was proposed by your family. I don't like your eldest brother very much. I would never agree if he didn't look good. He could tell me his choice if he was unwilling to marry me. But he chose the worst way."

"He'd better not come back, or I'll slap him to death. Besides, my family hates your Hua Family so much this time! "

"Zhong, don't appear in front of me recently. I'm afraid I'll transfer my anger on you."

Hua Zhong left in frustration. He thought that he still had a chance in the future. After Tang Duo wasn't angry a few days later, he could ask her if she would like to wait for him to grow up and marry him. As a result, he just heard the news that she died abroad.

Hua Zhong madly ran to the snow mountain where Tang Duo had an accident. He found her alone for a month. Then he was knocked out by Bai Yuanfei and was sent back to his country. In the following years, he often ran abroad. He fantasized that he could see Tang Duo laughing at him in a strange street one day.

But he failed. Five years later, he grows up. Suddenly he hears the news of Tang Duo. But she has had a husband and a son beside her.

Hua Zhong is not sad. He is even thankful that someone has taken care of Tang Duo in recent years. He is willing to be Tang Duo's younger brother all his life. He is also willing to gradually turn this feeling into a family relationship.

As long as Tang Duo is happy...

He will be happy!

“Tang Cao told me.” Yan Hua asks, “Don’t you like it?”

“I like it!” Hua Zhong says quickly, “It’s hard to buy it, isn’t it?” He knows this kind of game is a commemorative version, which is not available in their country.

Yan Hua finally feels relieved. She says, “I’m happy that you like it! I bought it from abroad by my friends. Okay, you should go and talk with others. Don’t accompany me.”

“Don’t care about them.” Hua Zhong doesn’t want to leave.

It’s so hard for Hua Zhong to stay with her. That’s why he holds his birthday party.

“Well, it’s your birthday party. But you just hide here and don’t see anybody.” Bai Yuanfei is hobbling to come here. He wears a particularly fancy shirt today, like a flying butterfly.

Bai Yuanfei says, “Sister Duo.” To be honest, he doesn’t want to see this woman, mainly because he doesn’t know how to get along with her.

His eldest brother’s trouble has not been solved yet. Although it is caused by his silly sister, people are selfish and he doesn’t want to blame his sister. Before coming, Bai Yuanfei sighed and hesitated for a long time.

Yan Hua has a look at him and nods to greet him. She does it just for Hua Zhong. Otherwise she would ignore everyone from Bai Family directly.

“You have to go to say hello to others, or I won’t help you anymore.” Bai Yuanfei says to Hua Zhong. He doesn’t care about Tang Duo’s attitude. Actually, he will feel strange if she is polite to him. Bai Yuanfei just gives her a smile and complains to Hua Zhong, “Today is not my birthday. Hurry up!”

Hua Zhong hesitates and doesn’t want to go. Yan Hua sees a girl coming towards them. If she doesn’t see wrong, the girl is glaring at her.

“Yuanfei, didn’t you tell me that you would fetch me a drink? Why do you come here?”

Yan Hua raises her eyebrows. She thought that the girl came for Hua Zhong. But she seems to be wrong.

“Miss Tang.” Kang Yutian says. She looks at Tang Duo who she has met when she and Bai Yuanfei were still at school several years ago. Kang Yutian didn’t expect that Tang Duo was still so beautiful when she revived a few years later. Why doesn’t she look old at all?

Kang Yutian is really jealous of Tang Duo’s family and beauty. But she didn’t expect that Tang Duo would come today.

“Hello.” Yan Hua just gives an emotionless greeting because she sees the dislike in Kang Yutian’s eyes.

“I didn’t expect Miss Tang to come. I thought you dared not come!” Kang Yutian says. She has a look at Bai Yuanfei and sees that he has no facial expression. It is totally unlike his former lively face. So Kang Yutian thinks that he also dislikes Tang Duo.

“You made Jingzhu locked up at home. Nianshuang was also driven away. How dare you come here? Don’t you feel guilty?”

“Shut up!” Bai Yuanfei scolds her. He didn’t expect that this woman would say that. Is she a basket case?

Hua Zhong’s eyes are flashing fires. He straightens his face directly and says, “Leave my house immediately, and don’t appear in front of me in the future.”

“Yuanfei!” Kang Yutian grabs Bai Yuanfei’s sleeve and says like a spoiled child, “Look!”

Bai Yuanfei pushes her away immediately, “Am I familiar with you? Besides, who are you? How dare you talk nonsense here?”

Kang Yutian is shocked. She dares to say that because Bai Yuanfei is very kind to her during this period. Her friends always say that he must be pursuing her. Bai Yuanfei buys flowers for her and gives her gifts. Now he even brings her to Hua Zhong’s birthday party.

Otherwise it would be impossible for her family who only has a small company to know such a person like Hua Zhong.

But why does Bai Yuanfei suddenly turn on her? Kang Yutian doesn't understand.

"I... I..." Kang Yutian doesn't know how to react at all. She only feels that everyone around her is looking at her. Her face is burning.

Hua Zhong is obviously angry. He says, "Go away and leave my house." After that, he stares at Bai Yuanfei with dissatisfaction and says to him, "Don't bring this kind of person to my place in the future. My house is not a garbage dump."

"Sorry. It's my wrong this time." Bai Yuanfei rubs between his eyebrows and feels more tired when he sees Yan Hua's expressionless face.

"Sister Duo, I'm sorry..."

Yan Hua shrugs her shoulders and say, "I'm fine! Anyway, it's not me who is disgraced."

Bai Yuanfei thinks that Yan Hua is really angry now.

"Why do you still stand here?" Bai Yuanfei turns his head and directs his anger at Kang Yutian. "Get out of here! Now!"

Kang Yutian runs away sobbing. Of course, she doesn't really leave. It's hard to for her to get into this circle. She must know more people. So she goes to the bathroom of the villa and hides in the partition to weep for a while. When she is ready to go out, she hears that some people come in.

"Ziyan, your cousin is here, too!"

"I'm not blind. I saw her as soon as she came in."

"Can you ask her how she maintains beauty? Why is she so beautiful all the time? "

"Is she beautiful? I don't think so."

"Maybe! The men always say that she is beautiful. I think it is just so-so. The oldest son of Hua Family prefers to run away with a prostitute instead of marrying her!"

“By the way, Ziyan, does your cousin like the oldest son of Hua Family? It’s said that she is not sad at all when she is refused by him.”

“Let me tell you a secret. Don’t tell others! It’s not true that she doesn’t like him at all. She once wrote a love poem to Hua Yan!”

“Really? Is she just a stupid and beautiful woman who hasn’t gone to college?”

“Of course it’s true. I’ve seen that letter with my own eyes, and her words are very explicit...”

The voice gradually drifts away. Kang Yutian covers her chest and breathes a big sigh of relief until there is no other sound. She carefully opens the partition door to make sure there is no one in the toilet. Then she comes out.

“Hah, hah... Although she is so arrogant, she is still refused by a man. I didn’t expect that she dared to write a love letter to him.” Kang Yutian’s eyes twinkles with excitement. Then she turns and runs out of the bathroom.

Yan Hua sees Tang Ziyan standing on the other side of the pool. She is surrounded by beautiful girls. And several men are trying to talk to her. Tang Ziyan also sees Yan Hua and raises the champagne in her hand.

Yan Hua nods and drinks the remaining juice. Then she also raises her glass.

Yan Hua doesn’t want to go there. Tang Ziyan’s attitude is also obvious that she doesn’t want her to come. Yan Hua thinks it is time to leave. So she sends a text message to Lang Ruoxian to pick her up. Then she begins to find Hua Zhong who finally goes to talk with others. She will say goodbye to him before leaving.

“You know what? The oldest son of Hua Family ran away because he couldn’t stand that Miss Tang wrote a love poem to him. Otherwise, how could he... escape with a woman?”

In the corner comes a woman’s voice. It’s neither too low nor too aloud. But it’s enough for everyone in this place to hear that.

Kang Yutian doesn’t notice that the faces of several people beside her turn pale. She still grabs one of them and asks, “Can you discover it? I didn’t expect Miss Tang would do such a thing!”

"I... I don't know. Let me go!" The person pushes her and runs away as if she sees a ghost.

Kang Yutian still has a complacent look. Then she finds that no one closes to her and everyone looks at her from afar.

Kang Yutian asks, "What's wrong with you?" Then she notices someone behind her. She turns quickly.

Before she could see who it is, the person behind her has raised the hand to slap her face.

## **Chapter 220 Write, or Not?**

Kang Yutian covers her face. She is so painful that her tears fall down. But she dares not to cry loudly.

Because the man in front of her looks at her coldly. His eyes are as sharp as knives.

"I am not used to not beating women." Hua Zhong says and raises his foot to kick her again. Kang Yutian gives out shrill cries and rolls into the swimming pool.

Today she wears a very sexy little skirt covering her chest. Now her skirt is heavier in water, and her chest stickers are half exposed. Kang Yutian stands shivering in the swimming pool with both hands covering her breast. But no one dares to rescue her.

"Throw her out." Hua Zhong doesn't look at the woman in the water. He turns around and says, "Don't let her participate in any of my activities in the future."

His words make Kang Yutian's tour of celebrities' circles end before it begins. Everyone sees Hua Zhong walking to Yan Hua and his expression immediately becomes gentle. In order to cooperate with her, Hua Zhong even stoops and bows his head to let her hear his words.

"Wait a minute." Tang Ziyang stops the bodyguard when he is going to drag Kang Yutian out.

“Give her a coat!” Tang Ziyang says. A girl next to her throws a coat over. The bodyguard naturally has to listen to Tang Ziyang. So he puts it on Kang Yutian. Then he continues to drag her out and throws her outside the villa’s door.

When Hua Zhong’s bodyguard leaves, Tang Ziyang walks to Kang Yutian and looks down at her. She says, “Miss Kang, it’s not easy to call a car here. I’ll let the driver take you back.”

Kang Yutian’s tears smear all the makeup she’s put on. She cries loudly and looks particularly ferocious. However, she doesn’t see Tang Ziyang’s disgust at the bottom of her eyes. Kang Yutian whines, “Thank you... Thank you, Miss Tang.”

“Come on, stop crying and be clever. Everyone knows that Hua Zhong cares about my cousin very much. How can Hua Zhong stand idly by when you humiliate her in front of so many people?”

Kang Yutian gets up from the ground and bites her teeth. She says, “I’ll go home. Thank you.”

Seeing her face is full of resentment, Tang Ziyang rests assured and calls the driver to pick Kang Yutian up. When the car leaves, a girl next to her begins to say.

“She’s so silly that she can’t see that we deliberately let her hear it in the bathroom.”

Tang Ziyang has a look at her and says, “You talk too much!”

“Haha. There’s nobody here!”

Another young lady clicks her tongue and says, “How could she join our circle with such a stupid brain? She will fail in the end completely.”

Tang Ziyang shakes her head and says, “Let’s go back to the villa...”

Even Tang Ziyang herself is shocked by Kang Yutian. She is so foolish that she says it directly. Tang Ziyang thought Kang Yutian would secretly humiliate Tang Duo about the love poem. But she didn’t expect that Kang Yutian even ignored the face of Hua Family and spoke out in public.

She is sillier than Bai Jingzhu, Tang Ziyang thinks.

When Yan Hua is leaving, Hua Zhong sends her outside the villa.

“Sister Duo, we have a charitable fishing competition in July. Would you like to come and play?” Hua Zhong asks, “The first three have bonuses, which will be donated to left-behind children.”

Yan Hua doesn't agree instantly. She says, “I'll go if I am free at that time.”

“Okay.” Hua Zhong is afraid that she will refuse him directly. “I'll tell you when it's time to enter the name.”

Yan Hua nods. Her eyes flash for a while. Then she says tentatively, “Have you ever seen that love poem before?”

“Yes.” Hua Zhong nods. Then he says quickly, “I didn't read it intentionally. My eldest brother put it between the newspapers. I saw it occasionally.”

For the God's sake, did she really write a love poem for Hua Yan?

When she just listened to Kang Yutian's words, Yan Hua felt a little shriek in her heart. There is no such a thing in the information given to her. She doesn't believe that she is the person who would write love poems to men.

She actually doesn't have the literary talent at all.

“How did you know it's a love poem when you just had a look at it? How did you know it was written by me?” Yan Hua continues to sound out. She wants to realize if the love poem is original or copied from a book, and if it's her signature by asking Hua Zhong.

But Hua Zhong doesn't know that. When he finds she is so care about that, he thinks she becomes angry.

“I really did not intend to see it. It is a well-known poem on the Internet and seems to be written by a lama.” Hua Zhong hastily explains, “I didn't see the name, and I didn't know you wrote it at the beginning.”

He just asked his eldest brother occasionally. His eldest brother told Hua Zhong that Tang Duo gave it to him.

“Your eldest brother told you that?” Yan Hua's heart is getting heavier and heavier. Has she really done such a thing?

“Yes... He said you wrote it to him.” Hua Zhong’s voice is getting lower and lower.

Hua Zhong clearly remembers that his eldest brother was in a trance for a while. Then he said that Tang Duo had written it, and he went out in a hurry.

“Haha!” Yan Hua laughs awkwardly and doesn’t know what else to say. She ends the topic quickly, “It’s all right. I just casually ask you that. It has been so many years! Forget it!”

A black Maybach slowly stops and Lang Ruoxian gets out of the car.

“This is my husband, this is Hua Zhong.” Yan Hua introduces them to each other at their first meeting.

Hua Zhong’s eyes are not very friendly. He hums and shakes hands with Lang Ruoxian. Lang Ruoxian doesn’t care about him. Actually, in his view, Hua Zhong doesn’t have the qualification to be a rival.

“Let’s go!” He hugs Yan Hua’s wrist and nods his head to Hua Zhong.

When Bai Yuanfei goes out, he sees Hua Zhong is still looking at the far rear of the car. Bai Yuanfei shows the whites of his eyes and says, “Not enough yet? She’s gone.”

Hua Zhong turns around and goes to the villa. Bai Yuanfei quickly follows him and says, “I really don’t know Kang Yutian is so brainless. If I knew, I would never bring her.”

“You never have a good eye.” Hua Zhong says as he walks, “Don’t play with women anymore.”

“How can you say that? I’m not like you. You just love one woman in your heart.” Bai Yuanfei snorts, “But I’ll listen to you next time. Don’t worry!”

Hua Zhong has a look at him and says, “You’d better care about your younger sister if you are free. She gave out my eldest brother’s news at that time because she was so stupid. But she doesn’t make any progress five years later. If she always says everything without consideration, she will harm your family sooner or later.”

“What can I do?” Bai Yuanfei grabs a handful of hair irritably. “This time, my dad even punishes her. Do you think we should kill her?”

“Anyway, you’d better pay attention to it. Otherwise some bad thing will happen one day.”

Lang Ruoxian has always glanced at Yan Hua.

Yan Hua asks, “Why do you always look at me without driving carefully?”

“Do you hide something from me?” The man asks. He stares at her when he is waiting for the traffic light.

Yan Hua blinks, “No!”

Lang Ruoxian continues to stare at her.

“All right...” Yan Hua is somewhat depressed. She says, “Today I just knew that I seemed to have written... a letter to Hua Yan before.”

Lang Ruoxian smiles, “What kind of letter is it?”

“That’s... That’s the kind of romantic words and about the purpose of life.” Yan Hua is not sure. Although Hua Zhong said that it was a well-known poem, there are many famous poems and she doesn’t know which one.

Lang Ruoxian starts his car. A long time later, Yan Hua thinks the topic has been over. But she hears the man says again.

“Is it a love poem?”

Yan Hua is shocked.

When they go home, two little kids and Chang Pei’e have already been asleep. Bai Susu and Tang Yao are watching TV in the sitting room. Tang Cao’s whereabouts is unknown.

“What happened?” Bai Susu asks when she sees her daughter’s dismayed look.

Yan Hua looks at Lang Ruoxian pitifully. She says, “I’ll go upstairs to change my clothes first.” Then she runs away as if there is a dog chasing her.

“What’s wrong with Hua?” Bai Susu asks Lang Ruoxian. She knows well about her daughter. So she feels there must be something happened to Yan Hua.

Lang Ruoxian smiles, “Today some people said that she had written a love letter to Hua Yan.”

“What letter?” Tang Yao asks. He is stealing cashew nuts from the table. After hearing this, he even forgets to hide the cashew nuts in his hands.

Bai Susu is also stunned, “Love Letter? What did she write?”

“It seems to be a love poem.”

“Impossible!” Tang Yao immediately says, “How could she write a love poem with her poor words? She couldn’t even write a composition when she was at school.”

Bai Susu casts a glance at him, and Tang Yao immediately changes his words. He says, “What’s the use of writing compositions? Our Hua doesn’t want to be a writer.”

“Who said that?” Bai Susu decides to ignore her stupid teammate, Tang Yao.

Lang Ruoxian looks up and sees Yan Hua going downstairs after wearing a home dress. He says, “Let Hua tell the details.”

He stands up and takes Yan Hua’s hand. He whispers in her ear, “I thought you would change clothes for a long time.”

Yan Hua shows the whites of her eyes. It’s useless to hide. She must say it sooner or later. And she also wants to ask Bai Susu and Tang Yao whether they know it.

“So after the girl said that, you asked Hua Zhong for confirmation. He said that there really existed such a love letter, right?” Bai Susu asks. After hearing Yan Hua’s words, Bai Susu doesn’t know what to say.

Yan Hua also corrects her, “It’s not a love letter. It’s just a poem copied on the Internet.”

“What’s the difference?” Lang Ruoxian asks, “Anyway, it’s all about expressing feelings.”

“Don’t be jealous about that!” Yan Hua drags the man’s sleeve and says, “I don’t know if it is true or not...”

“Mom, there’s no such a thing in the information you gave me.” Yan Hua asks, “Did it really happen?”

Bai Susu and Tang Yao look at each other and shake heads. “We don’t know this.”

“You wouldn’t tell us if you wrote it.” Tang Yao cries out, “But copying a love poem to others is like your style.”

Yan Hua also wants to ignore her father like what Bai Susu just did.

“Call Tang Cao and ask him to come back.” Bai Susu says, “Maybe he knows that.”

Tang Cao is playing a game with Chen Xiaopang in the clubhouse. He finds a master to help them win three times. Now he is so excited.

“Hello!” Tang Cao answers a phone and stands up. “Get away. I don’t play anymore.”

Chen Xiaopang is forming a team to win again. He is anxious to hear that. He asks Tang Cao, “No. Where are you going?”

“Home. My Queen Mother is calling me.” Tang Cao picks up the car’s key and says, “Will you stay here alone?”

“F\*\*k. Why do I stay here alone? Let’s go together.”

Hearing it is Bai Susu’s order, Chen Xiaopang doesn’t dare to say anything. They go to the door of clubhouse and see a man disputing with a woman. Then the man raises his hand and slaps the woman on her face.

The woman cries and runs into the clubhouse. Then she rushes into Tang Cao’s arms.

“I’m... I’m sorry! I’m sorry!” The girl hurries to stand firm and apologizes with tears.

Chen Xiaopang’s expression changes after he has a look at the girl.

“Oh my God, it’s a beauty!”

As soon as Tang Cao enters the house, he is stunned after seeing his family. He asks with a guilty heart, “I... I haven’t done anything lately, have I?”

What’s the situation? Do they plan to scold me together? Tang Cao thinks.
