

Destined Wife: The Apple of My Eye

Chapter 221 Entrance Interview

“Did I write a... love letter or a poem to Hua Yan before?” Yan Hua straightly asks.

Tang Cao is stunned.

“Oh my God! Sister, did you ever write a love poem for that slick guy?”

His expression makes Yan Hua nervous. She asks, “You don’t know it?”

“Of course I don’t know!” Tang Cao plunges his head into the sofa. He says, “How can you tell me such a shameful thing? You must have done it secretly.”

Bai Susu knocks at him and says, “Speak seriously. Do you know it or not?”

“I don’t know.” Tang Cao jumps up. “She never told it to me.”

Yan Hua is more depressed, “So no one really knows whether I wrote it or not.”

“No!” Tang Cao grins, “You must know it.”

Tang Yao pats him suddenly, “If your sister knows it, she won’t ask you.”

“But... How can you know the love letter? Who said that?”

Yan Hua tells him the whole thing again, and then she suddenly thinks of something. Yan Hua asks, “Well, how does Kang Yutian know this?”

“Kang Yutian? Who is it?” Tang Cao has never heard of such a woman.

Lang Ruoxian hands his mobile phone to Tang Cao and says, “I just let someone check the information of Kang Yutian.”

“Kang’s Logistics?” Tang Cao sneers, “This small role is not in our circle.”

“Then it’s impossible for her to know it.” Yan Hua looks around.

Lang Ruoxian seems to know something. He says, “Somebody told her that.”

“Tang Ziyang was also there tonight.” Yan Hua says.

Tang Cao’s face changes. He says, “She must told it to Kang Yutian!”

“She knows it?” Yan Hua feels it strange. She asks, “How can she know that?”

Bai Susu says, “There are two possibilities. One is that many people know it, or Tang Ziyang’s friends know it. The other is that Bai Jingzhu told Tang Ziyang because she gets on well with that girl in Bai Family.”

Bai Jingzhu inadvertently heard Hua Yan talking on the phone at the airport. Probably Hua Yan said something about elopement on the phone, so Bai Jingzhu heard it and said it everywhere. Maybe Bai Jingzhu also heard the love letter on the phone.

“I don’t think Bai Jingzhu knows it.” Lang Ruoxian says, “She is so stupid. If she knows, she will tell everyone. And people in the circle shouldn’t know it, either. Otherwise Xiaocao will hear it even if someone wants to hide it.”

Yan Hua nods, “If Tang Ziyang said it to Kang Yutian, maybe only she knows it.”

“Why didn’t she say that before?” Tang Cao feels it might be another conspiracy.

Lang Ruoxian curls the corner of his mouth and says, “You have to ask her. Maybe she thinks it’s unnecessary to say. Maybe... she can’t say it for someone.”

“Ah!” Tang Yao and Tang Cao are shocked and look at Lang Ruoxian. This man is so sinister and crafty that he immediately finds the point of this situation.

“Why does she say that now?” Yan Hua still can’t figure it out.

Lang Ruoxian rubs her head and says, “Don’t think about it. I’ll let people pay attention to her. If she really wants to do anything, we will know it early and get well prepared for it.”

“Ruoxian is right. It’s no use worrying about these things.” Bai Susu agrees, “Anyway, Hua Yan won’t come back. As long as he doesn’t come back, nobody will mention the thing happened years ago.”

“Except for some fools.” Tang Cao snorts, “If Hua Zhong didn’t beat her, I would also teach her a lesson. Such a woman is a scourge. She will cause trouble wherever she goes.”

Yan Hua looks at the time and says, “Well, it’s time to rest!”

When Yan Hua falls asleep, Lang Ruoxian goes to Tang Cao’s room.

“What happened?” Tang Cao asks. When he opens the door and sees Lang Ruoxian, he is shocked for a while.

Lang Ruoxian raises his chin and says, “Let’s talk in your room.”

“Brother Ruoxian, what do you want to do?” Tang Cao asks. He is always a little afraid of Lang Ruoxian. Maybe that’s because Lang Ruoxian is smarter than him.

“What are you nervous about?” Lang Ruoxian says slowly, “You should pay attention to Kang Yutian.”

Tang Cao agrees. Then he feels something wrong. He asks, “Why don’t you let others notice her? The company has been handed over to you. How can I have my men?”

“All my staff are busy working.” Lang Ruoxian pats him on the shoulder and says, “You don’t have to do by yourself. Find someone who knows that woman and let them do it. It’s easy for you according to your identity, right?”

Then Tang Cao is persuaded by him. After Lang Ruoxian leaves, Tang Cao finally realizes what happened before.

“F**k!”

A few minutes later, he picks up his cell phone.

“Xiaopang...”

In the middle of June, Chen Hong suddenly says in the WeChat group that she decides to get married.

“Is Li Yi’s proposal successful?” Fei Ying sends an emoji of applause.

“Yes. We have already lived together. It’s not good for Mingxi that we don’t get married for a long time.” Chen Hong says. She sends an emoji of angel.

“I want you to come to the wedding! The summer vacation is in July. We will go to Pu Island to get married. You can treat it as a holiday.”

Fei Ying applauds again happily. “That’s great! Hua, you must come. We haven’t seen you for half a year.”

“Okay!” Yan Hua certainly agrees. She asks, “What’s the exact date?”

“I’ll send you a beautiful invitation. There’s a date on it!”

When they have dinner that night, Yan Hua says that she is going to participate the wedding. Gungun reacts first.

“Will I see Brother Mingxi and Sister Xiaojiu?”

“Yes!” Yan Hua touches his head and says, “Aunt Hong also wants to invite Gungun and Wuyou to be ‘Hua Tong’ (Chinese pinyin, meaning flower child). Do you like it?”

Gungun is confused. He asks, “Does ‘Hua Tong’ means a microphone? Do I have to sing?”

“It’s not a microphone. It means a flower boy.” Yan Hua finds a video on the Internet for him to watch.

After watching, Gungun seriously nods, “Mom, you can rest assured. I will be a good flower boy.”

Then he sees Wuyou who is still eating meat. He says, “I will also take care of my elder sister!”

“I also want to go there!” Tang Cao raises his hand and says.

Yan Hua has a look at him and asks, “What are you going to do? You’ve been there before.”

“I will go on vacation!” Tang Cao closes to her and says, “Sister, please take me with you! I will find a place to play even if I am alone. Why not play with you?”

Yan Hua thinks about it and directly advises Bai Susu, "Mom, would you like to go there with Dad? Let's bring Grandma to go with us."

"You can go there!" Bai Susu wipes her mouth and says, "Your grandmother has to go to the temple next month and she will stay there for half a month. You can go there with your husband and kids. I'll take care of the company for you."

Tang Yao just grabs the ribs with Wuyou. And he fails.

"You guys should go quickly. Then no one will grab meat with me every day." Tang Yao says.

Bai Susu glances at him and says, "I asked Wuyou to grab your meat. You eat too much. It's good for your brain to eat more vegetables."

"Why can Wuyou eat so much meat every day?" Tang Yao is angry.

"If you can jump straight from the window sill to the sofa, I'll allow you to eat meat." Bai Susu says.

After Wuyou hears that, she has a look at Tang Yao and says, "No. Grandpa. Stupid."

"Am I silly? You guys can't do that, can you?" Tang Yao indignantly says, "Who can do it besides Wuyou?"

Bai Susu takes him a sweet potato and says, "Don't ask so much. Here, eat it!"

Gungun is eating vegetable near them. When others all pay attention to Tang Yao, he secretly puts it in Wuyou's bowl. Wuyou eats it without looking. After a while, Tang Yao also secretly throws half sweet potato to Wuyou's bowl. Wuyou raises her head and looks at him quietly.

"What... What's wrong?" Tang Yao pretends to know nothing.

Wuyou throws the sweet potato back into his bowl and says, "Not, picky."

Tang Yao ask, "Why didn't you throw the Gungun's food back just now?" Why does Wuyou treat them differently? Tang Yao thinks.

Wuyou despises him with her eyes.

“Oh, Wuyou, you learn something bad. Who taught you?” Tang Yao cries out, “You have learned to despise people with your eyes.”

“Eat fast or I’ll confiscate your pocket money this month.” Bai Susu says and has a look at him.

Tang Yao is so sad but he has to continue to eat the rest sweet potato. At the same time, he winks at Lang Ruoxian.

Lang Ruoxian is confused.

Tang Yao means: My son-in-law, remember to give me more pocket money next month!

Lang Ruoxian also despises him with his eyes.

Tang Yao finally knows that it is Lang Ruoxian who teaches Wuyou!

The two men communicate with each other with eyes secretly. Bai Susu and Yan Hua have found it but don’t stop them. They believe that Lang Ruoxian is so smart that he could definitely deal with Tang Yao.

Another important thing before vacation is to take the entrance examination of Caesar Academy. On that day, the whole Tang Family go out. A lengthened Lincoln stops at the school gate.

This car is transferred from G City by Lang Ruoxian. But it is not prominent at all because most of the cars here are luxury cars. People who can go to Caesar Academy are all rich.

“Gungun will go in first. Wuyou, don’t be afraid. We’ve practiced it many times at home. You just need say what we taught you.” Yan Hua is not worried about Gungun at all. She is worried about Wuyou.

The little girl can’t speak coherently now. But Yan Hua has already told the school about Wuyou’s situation. After interviewing children, parents should also have an interview to answer some questions about education. Then everyone should go back and wait for notification.

“Mom, that’s her!” A girl says. After interviewing, many parents takes photos on campus and let their children realize the environment.

A little girl sees Wuyou and says loudly to her mother, "She's a stammerer. I heard it."

"Shh! Keep your voice down." The mother has a look at Yan Hua and her family. Then she looks scornfully at them and says, "I'm going to give an advisement to school. Can anyone come here to study?"

Other parents around her talk a few words in a low voice. And they soon leave. Those who can come to Caesar Academy are rich and powerful. Wise people don't want to cause any trouble. But there are many fools in the world. When the little girl hears her mother's words, she sticks out her tongue towards Wuyou.

"Little stammerer! Little stammerer!"

Gungun becomes angry. Yan Hua stops him and says emotionless, "Madam, please apologize to my daughter for your child."

"Apologize?" The mother seems to have heard some funny joke. She laughs, "Why should I apologize? My daughter is right."

Lang Ruoxian comes here with Wuyou and says to her, "Wuyou, you should remember that you can't hit anyone at will. But if someone scolds you or bullies you, hit them immediately. Of course, you should beat them lightly because they are weak."

Wuyou nods. Then she reaches out and pushes the little girl.

"Ah!" The little girl falls down and instantly sits on the ground.

Wuyou looks at Lang Ruoxian and says, "Is it, good?"

"Well, that's fine." Lang Ruoxian praises her, "Keep in mind that you shouldn't hurt them. Of course, the premise is that you're not injured. Understand?"

Wuyou nods her head.

"Mom!" The little girl is fine. But she has been spoiled. So she sits there, kicking and crying.

Her mother looks at Lang Ruoxian. She thinks that this man may be a star because he is so handsome. When she finally realizes what happened, she is

so angry that the powder on her face is fallen down. She points at Lang Ruoxian and scolds him, "Don't go. I will call the police!"

Chapter 222 The Quarrel in Academy

Bai Susu and Tang Yao have talked friendly with the school leaders. Tang Cao also threatens the leaders directly and indirectly. Now the school leaders are accompanying them to walk around the school. Then they see a circle of people there.

"They are my sister and her family." Tang Cao has already seen it. He says, "I'll go to have a look." Then he runs away.

The woman is still shouting that she will call the police. Yan Hua hugs two children in her arms and says, "Okay, you can call the police."

"Are you sure?" Lang Ruoxian says. He stands in front of them, glancing at the mother and the daughter. He finds that the little girl is still sticking out her tongue at him, silently saying the word 'stammerer'.

The woman just threatens them but she takes no action. Because she knows that even if the police come, they just need to apologize for this trivial matter. But she is not reconciled to let them go easily.

"You must be a star since you look so good, right?" The woman says confidently. She isn't a fan and also looks down upon the so-called artists. Especially after her husband made a star as his mistress few years ago, she hates people in the entertainment circle the most.

"Humph! I'm going to reveal your behavior in micro blog." She says. Then she asks people next to them, "Do you know who he is?"

Everyone around them leaves quickly. They are all famous people. So they don't want to make headlines with this fool. At that time, Tang Cao comes here. He laughs when he sees that. Tang Cao asks, "Why do they go away when I come?"

He closes to Lang Ruoxian and raises his chin. He says, "Brother Ruoxian, this shrew should be handed over to me. I will instantly let her realize her mistake!"

"Who are you scolding?" The woman asks. But when the woman sees another man coming, she is afraid. "How can you guys bully me and my daughter? Where are the school leaders? Does no one care about it?"

Tang Cao points somewhere and says, "Well, the school leaders are coming. You must let them help you quickly!"

Tang Family is accorded a reception by a Vice President Liu today. The president went aboard for a meeting and he specially calls the vice president to treat them well. Vice President Liu is so nervous that he wants to arrange it quickly and invites Tang Family to a dinner. If they refuse, he will send them away politely. Then he will finish today's task.

"Director!" The woman recognizes one of them who is the Director of Discipline. He is in charge of the exam. She runs to grab his sleeve and says, "Look, how can the school accept such a student? If the upper beam is not right, the lower ones will go aslant. The parents' manner is so bad..."

"Who are you talking about?" Tang Yao is angry. How dare this stupid woman scold his family's kid? Tang Yao asks her, "Whose manner is bad?"

The weather is really hot. The Director of Discipline's face is bathed in sweat. He asks for vice president's help with his eyes.

"Madam, if you say that in public, it will be defamatory." Vice President Liu says righteously, "Please take your child away at once."

Caesar Academy is not short of students. Every year, children in Yanjing and other places are eager to come in. So they are not afraid of losing one.

"So many of them bully me. How can you let me go?" The woman questions incredibly with her wide eyes. She says, "Okay! I understand. Do they have strong backing? You dare not provoke officials. So you bully our common people!"

Tang Cao intentionally runs to her with a nervous face. He persuades her, "Madam, you must not reveal us. My parents are national cadres who are very afraid of being revealed!"

“Madam.” Vice President Liu persuades her patiently, “When we came here, we didn’t hear them saying anything but heard you threatening them. This is the school. It will have a bad influence if you continue to say. What’s the problem with my asking you to leave?”

“Besides, no matter what happens, is it appropriate for you to curse their child? And your child will soon be her classmate. Maybe they will also be assigned to a class. What will your kid think about after hearing your words?”

After saying so, Vice President Liu thinks that a normal person should agree his words to maintain the face, then the thing can be finished. As a result, before the woman speaks, her daughter rushes to push Vice President Liu. Vice President Liu didn’t expect that the child is strong enough. So he stumbles back a few steps and will fall down if people behind him don’t help him.

The girl shouts, “Don’t scold my mother! You fool!”

The little girl directly says dirty words. Then she pushes Tang Cao. Tang Cao won’t be polite to her and he dodges immediately. So the little girl throws herself too hard and falls to the ground. She’s not lucky this time. Her hands and knees are all broken. The girl sits on the ground and begins to cry loudly.

“Ah!” The woman screams and rushes to pick up her child. “Ting? Ting, are you okay?”

“Call the clinic to let the doctor deal with it!” Vice President Liu straightens his face and says, “Who interviewed the child just now? Does she pass?”

“Yes... Yes.” The Director of Discipline says. He is panicky to turn over the students’ information. Then he says, “She is medium grades and can play the piano and dance.”

Bai Susu keeps silent all the time. But now she says, “Vice President Liu.” She glances at him, “I heard that Caesar Academy pays most attention to children’s comprehensive development and quality education. So you are recommended to join the national school’s communication meeting every year, right?”

Vice President Liu wipes the sweat on his head and says, “You are right. Our entrance examination methods should be changed so as not to have the low-quality students. As for this child, we’ll never let her go to our school. We...”

“Why not let her study in your school?” Lang Ruoxian smiles, “Since she has passed the exam, you should accept her.”

He looks at the mother and her daughter who turn to look at them dully. “She is just a little kid. We still have a chance to teach her to be a good person. School is the place to teach and educate people, isn’t it? You can let her study here and teach her slowly.”

The mother and the daughter finally feel fear. In fact, they are from another city. And they buy a house in Yanjing last year for their daughter to study in Caesar Academy. If her daughter cannot enter the school, her husband and mother-in-law will be angry.

“Hey, where are you going?” The Director of Discipline shouts instantly when he sees the woman picks up her daughter and runs away. “You should go after we bind up your kid’s wound!”

“No, no, no. We can bind it up ourselves.” The woman runs away without a look back.

Vice President Liu rubs his hands together and says, “Mrs. Tang, do you think...”

“My son-in-law is right. I didn’t ask you not to accept the student!” Bai Susu smiles, “Well, thanks for accompanying us today. Please come back. We will leave.”

When they get on the car, Tang Cao calls out, “Brother Ruoxian, why did you ask the school to accept the child? That kind of kid can’t be taught to be a good person.”

“Right!” Tang Yao also asks, “What if she bullies our Gungun?”

Wuyou says, “Wuyou is here. Gungun, won’t, be bullied.”

“Did you hear that?” Bai Susu looks at two men who are not clever enough in her family. She says, “You are even not as clever as Wuyou.”

“But she might bully other children. She is not a good child.” Gungun says pitifully, “Why don’t you drive her away, Dad?”

Yan Hua hugs her son in her arms and says, “Gungun, She is rude to swear others and be impolite. But she’s only as six years old as you. She still has a chance to change herself. So we let her go to school. Teacher will teach her so that she can get better, right?”

“But... But what if it doesn’t work?” Gungun points to Tang Cao, “Uncle just said she can’t change to be a good person.”

Tang Cao looks out as if he doesn’t know anything.

“If she can’t be a good person, your dad and uncle will punish her.” Yan Hua says. Then her sleeve is dragged by Wuyou.

Everyone looks at them. Wuyou says without any expression in her face, “I, beat her.”

“That’s right. What are you afraid of with Wuyou?” Tang Cao is very envious to say, “Should I also find a little wife to support her and train her to be a female killer?”

Bai Susu casts a stern glance at him and says, “If I know you bully other family’s daughter, I’ll break your legs.”

“I just make an assumption!” Tang Cao pouts, “Mom, you’d better send more people to protect me. You only have a son.”

“And me!” Tang Yao closes to her, “I’m your only husband.”

Bai Susu touches her forehead. When she sees Lang Ruoxian holds Gungun from Yan Hua’s arms to let his son not press Yan Hua, she is a little bit comforted. Fortunately, her daughter finds a competent and intelligent son-in-law. Otherwise she would be exhausted to death to manage the whole family.

The family has dinner outside and it is dark when they return home. Lang Ruoxian takes Gungun to have a bath. Wuyou has already learned to wash herself. But Yan Hua helps Wuyou to blow her hair every time.

Yan Hua asks, “Wuyou. Shall you make your hair longer?”

Wuyou gawks at Yan Hua and says, “Like, Mom.”

“Yes. It’s beautiful for girls to have long hair!”

“Okay, like Mom, beautiful.”

When two little guys fall asleep, Yan Hua has a chance to ask Lang Ruoxian.

“Did you do that on purpose?”

“What?” Lang Ruoxian hugs her on the grand terrace to enjoy the cool. It is estimated that it will rain tomorrow. The night wind is not hot at all but very comfortable when it blows on people.

“You deliberately keep the child in Caesar Academy.” Yan Hua turns around and pokes at the man behind her. Lang Ruoxian is so sinister. How could he consider for irrelevant people?

He doesn't care whether they are children or not.

“These people in Yanjing are all blind.” Lang Ruoxian says something irrelevant.

Yan Hua blinks. What does he mean? She is confused.

“My Hua is so smart but they all think you are incompetent.” The man lowers his head to bite and rub her lips. He says, “You and Mom have already found the truth.”

“Do you want to say Dad and Xiaocao are stupid?” Yan Hua bites him.

When the man kisses her enough, he laughs in a low voice, “They are not stupid. They just can't think too much.”

It's better to be stupid... Yan Hua thinks.

“The little girl we saw today has been spoiled by her mother. I guess no one dared to bully her in kindergarten. But if she goes to Caesar Academy...”

It's not too bad if she bullies the children of the rich families. They can solve it by using the money. The family that has more money will win. But if she bullies the kids like Gungun whose family has officials or officers, it can't be solved easily by paying an indemnity.

“Maybe she will make her family broke.” Yan Hua sighs, “It's unlucky for them to have such a mother. I really hope the child can be taught well in school.”

Lang Ruoxian embraces her and says, “Maybe they will be humble if they suffer a few losses. People are all like this.”

“I wish.” Yan Hua yawns, “Anyway, she can’t provoke Gungun. I’m not afraid of trouble. But I’m afraid Wuyou will beat her so hard.”

Lang Ruoxian picks her up and goes to the bedroom. “Wuyou won’t hurt anyone if no one provokes Gungun. It’s not our fault even if Wuyou makes others wound. You don’t have to think about it. I’ll teach Wuyou how to fight without worrying to leave a wound easily.”

Yan Hua is speechless.

Chapter 223 Go to the Wedding!

In mid-July, a family of three and Tang Cao are on a plane to Pu Island.

“Doesn’t Brother Ruoxian have a private jet? Why not use it?” Tang Cao lies in the first class cabin and complains, “Last time we went back to Yanjing by the jet.”

Yan Hua is talking with Fei Ying and Chen Hong on the Internet. The Wi-Fi of international flights is charged, but the network speed is so good that even the video can be played. Fei Ying and Chen Hong arrived a few days ago. Xiaojiu wants to make a video call with Gungun and to see Wuyou by the way.

“What else do you want to do in the plane in three hours?” Yan Hua hands the phone to two little kids and says, “We won’t fly for a long time.”

“That’s different!” Tang Cao is very upset about the private jet. He has wanted his family to buy one long time ago. But Bai Susu thinks it will cause a bad influence. So they never buy one.

Tang Cao feels that the private jet is cool and comfortable. So he always looks at Lang Ruoxian affectionately.

Lang Ruoxian is looking at the documents. Several projects he brought have been started one after another. He is busy working now. In fact, he could hardly come this time. But he worries about Yan Hua and children. So he finally goes with his work.

As for Tang Cao, it's okay that he can live well himself. No one depends on him.

"You can go back by the jet if you like. But you can only fly to G City, otherwise Mom will scold you." Lang Ruoxian thinks it is necessary to satisfy his brother-in-law's wishes.

After all... It's against reason and nature to bully a fool.

"Yes!" Tang Cao almost wants to say long live his brother-in-law.

When the plane lands, Li Yi personally comes to pick them up.

"Hahaha! Long time no see." Li Yi greets them. He wears the gaudy clothes. He holds Gungun and says, "You're taller!"

Yan Hua looks at him with a smile and says, "Brother Li, you have changed your new hairstyle. How handsome!"

"Of course. I'm the man who is going to get married!" Li Yi squeezes his eyes at her and touches Wuyou's little head. He says, "This is Wuyou, right? How are you?"

Wuyou says, "Good."

Li Yi knows the situation about the child and doesn't mind it. He puts Gungun down and embraces Tang Cao. They had dinner in G City before. So they are not strange with each other.

As for Lang Ruoxian, he doesn't dare to hug him. So Li Yi just nods his head to greet him.

"Let's go! They're all waiting."

This is the peak season in Pu Island, especially for Hua Country's people. Many people like to come here for honeymoon or wedding photos.

"We ordered a big villa. It's enough for everyone to live in." Li Yi says as he drives. The business car runs quickly like a bird. Green hills are on one side of the road and the sea is on the other.

The sky is blue and shiny. It is full of the smell of island. Wuyou has been staring out the window. It is the first time for her to see the sea. Gungun is very active to introduce the delicious food in the sea to her.

Half an hour later, the number of roadside hotels gradually increases. The car drives all the way to a bay. There are many different sizes of villas not far from there.

“Here we are!” Li Yi parks his car in front of a blue-roofed villa.

Needless to say, it’s the place to hold the wedding because the villa has been carefully decorated.

“Ah! Yan Hua!” Fei Ying runs out of the villa, shouting and jumping.

Yan Hua embraces her and they both shout together.

“Let me see. Well, great! You are still as beautiful as a siren.” Fei Ying looks at her for a few minutes and says. Before Yan Hua speaks, Fei Ying bends down and says, “Wuyou?”

Wuyou has no expression.

Gungun hugs Fei Ying’s legs and says, “Aunt! This is my elder sister! We are related!”

“Alas! Do you not want Xiaojiu as your elder sister anymore?”

“No! No! They are all my sisters.”

Fei Ying pinches his little chubby face and tries to make herself laugh kindly. She says, “Wuyou, I am Aunt Fei Ying.”

Wuyou calls her, “Aunt.”

“Good girl!”

Fei Ying turns to say to Yan Hua, “She’s not like the kid that was brought up by... that thing.”

“Her learning ability is very strong. But she doesn’t want to make friends.” Yan Hua whispers, “But it has already been very good.”

“I think so, too.”

Chen Hong stands at the door of the villa and looks at them. “Aren’t you hot? Come in quickly!”

“Sister Chen!” Yan Hua runs a few steps and hugs Chen Hong.
“Congratulations!”

“Well, don’t be too polite. Come in now!”

Tang Cao follows them in silence. After everyone sits in the sitting room, he pretends to be in a good manner and takes out the gift.

“Sister Chen, this is what my mother asked me to bring. Best wishes for you and Brother Li.”

Chen Hong takes the gift and thanks him, “I appreciate Aunt Bai so much. I will return the gift in person if I have the chance!”

“Haha.” Tang Cao sits well.

Fei Ying feels strange and says, “That... Tang Cao! I remember you’re not like that. Why do you change your character?”

“What? Don’t you think it’s good for me?” Tang Cao glares at her and says, “My mother told me that I can’t lose my sister’s face. So I just pretended to be a good manner. But now I can’t continue after you say it.”

Chen Hong laughs loudly, “We are not strangers. You can do whatever you like to do. No one will laugh at you.”

“You should say it earlier!” Tang Cao immediately spreads out on the sofa. He says, “It makes me so tired to pretend it.”

Yan Hua goes upstairs to pack up the luggage. Then she comes down and asks, “Why don’t I see Fei Yi, Xiaojiu, and Mingxi?”

“Fei Yi took two children to sea early in the morning.” Chen Hong takes the fruit out and says, “Xiaojiu said she wanted to fish a big grouper for Gungun.”

Fei Ying looks at the time and says, “I guess they’ll be back soon.”

“Sister, I’m going out for a walk!” Tang Cao could not keep quiet at all. He changes his clothes and runs down the stairs.

Yan Hua tells him, “Don’t run too far.”

“I just go to the beach.” Tang Cao smiles, “The scenery over there is good now.”

Lang Ruoxian and Li Yi are talking about shopping malls. Chen Hong takes Yan Hua upstairs and says, “Come on, try on your bridesmaid’s dress.”

In fact, Yan Hua and Fei Ying are all married and cannot be bridesmaids. But Chen Hong does not care about these things.

“You two are my best friends. You of course have to participate my wedding.”

The bridesmaid’s dress is light golden. It’s not western style, but a new style of Chinese cheongsam. Chen Hong’s dress is also a new red cheongsam because she likes Chinese style.

“It’s Gungun and Wuyou’s clothes. You can let them have a try later.” Chen Hong looks at Yan Hua satisfactorily and says, “You are so beautiful. I guess that everyone will focus on you tomorrow.”

Yan Hua knows that she is joking. Yan Hua says, “Should I put on a sack tomorrow?”

“You are a beauty even in a sack!” Fei Ying adores her and says, “You look better in a cheongsam than I do. I’m too small.”

Chen Hong says, “I order a short one for you!” Then she says to Yan Hua, “Don’t listen to her. It looks good on her!”

The three of them chat while looking at the wedding things tomorrow. Later, Chen Hong goes out to answer the phone, and Fei Ying says to Yan Hua in a low voice.

“Sister Chen does not know that Brother Li is Mingxi’s biological father!”

Yan Hua is shocked, “Really? He hasn’t told her? They are going to marry...”

When Chen Hong suddenly said she wanted to get married, Yan Hua thought Li Yi had showed his true identity.

“No...” Fei Ying looks at the door and secretly says, “Sister Chen thinks that he has been tested for two years. That’s enough. So she decides to marry him.”

“Besides, Mingxi also wants Li Yi to be his father because Brother Li is so kind to him!”

How can he treat Mingxi badly? He is Mingxi’s biological father.

When it’s time to have dinner, Fei Yi finally comes back with two little children. Xiaojiu is so happy to see Gungun. The two kids kiss and hug each other.

“Brother Mingxi, why don’t you hug me?” After hugging Xiaojiu, Gungun also goes to embrace Mingxi.

Mingxi, who has already been a teenager, twitches his lips and embraces Gungun. Then Gungun pulls Wuyou over.

“And Wuyou! You should also hug her.”

Looking at Wuyou, Mingxi knows clearly that she doesn’t want to hug him. So he just touches her head and says, “Hello, Wuyou.”

Wuyou says, “Hello.”

But Xiaojiu stares at Wuyou for a long time. Then Xiaojiu finally pouts and stretches out.

“I am Gungun’s elder sister. Since you are also his elder sister, we are good friends now.”

Wuyou expressionlessly shakes hands with her. Then Xiaojiu stops talking to her and takes Gungun to see the fishes they caught.

When it is time to sleep at night, Yan Hua tells Lang Ruoxian about Li Yi.

“I think Brother Li will get a huge trouble when Sister Chen knows the truth.”

Lang Ruoxian is called by Li Yi to talk about business today. In fact, they also talk about it.

“Li Yi said he didn’t want to say it at first, but then he didn’t dare to say it. It’s been a long time since then.” Lang Ruoxian snorts. He thinks Li Yi is a coward.

“I don’t think it is right.” Yan Hua analyzes it from a woman’s view. “When she knows in the future, Sister Chen will think that he marries her for his son.”

Lang Ruoxian turns over and presses her on the bed. He says, “Don’t care about him. He deserves that. Why do we talk about others in such a good time?”

“Keep your voice down. The children are in next room!” Yan Hua moves a little under him.

Lang Ruoxian’s eyes become gloomy. He asks, “Are you inviting me?”

“I... Uh...”

Soon there is only a wonderful gasp in the room. With the sound of waves outside the landing window, the beautiful night covers all their sounds.

Tang Cao plays until midnight. He gets several WeChat numbers of girls with Bikini on the beach. Then he is ready to eat a night’s supper before going back to bed.

As he just orders a roast lobster at the seaside all-night bar, he hears someone saying his name.

Tang Cao ignores it. He feels that he must have heard something wrong. Who would call himself at this time in this place?

“Dam, where’s your ear?”

Tang Cao turns around and sees Chen Xiaopang in flowery trousers.

“God! Why are you here? “

“I come after you!” Chen Xiaopang says with a suitcase in his hand. Then he sits down and asks for a glass of cold beer. After taking a bigger sip, he shows a pornographic expression.

“Alas! I finally survive. It’s so hot here.”

Tang Cao tries to keep calm for a long time. Finally he shouts impatiently, "What are you going to do here?"

Chen Xiaopang glares at him and says, "How dare you say that? You go abroad to take a vocation but you neither tell me nor respond to my message. I won't know where you are if Tong Yue tells me that you play abroad."

"How does Tong Yue know it?"

"It seems that your brother-in-law's people told him." Chen Xiaopang stares at him angrily and complains, "Is that the point? The point is that you follow your sister out to play but don't take me! "

"Get out!" Tang Cao kicks him. "I look at your fat face every day. Can't I go out to breathe some fresh air?"

Destined Wife: The Apple of My Eye - Chapter 224 - Xiaojiu and Wuyou Are Lost -

Chapter 224 Xiaojiu and Wuyou Are Lost

When they are chatting, they hear a woman's voice behind Chen Xiaopang.

The woman asks, "Well... Have you found the person you are looking for?"

Tang Cao cranes his neck to look. Wow! This is a very beautiful young girl.

"Ah, I almost forgot!" Chen Xiaopang pats his head and says, "She's Feng Meixin, a really unlucky woman. I met her on the road."

In fact, Chen Xiaopang's plane was the next one to fly to Pu Island after Yan Hua and her family left by plane. But why did he arrive at here so late? Because he took the wrong way. How could he make that happen? Because Chen Xiaopang felt that he had to be cool even in the seaside. So he borrowed a Lamborghini from a local friend and drove it from the airport of Pu Island.

However, he changed the wrong lane when he got off the freeway. When he took a rest in the service area, he met Feng Meixin whose luggage and wallet had just been stolen by a thief.

“Her passport was stolen, too. She called the Embassy. They said that she could get a new one three days later.” Chen Xiaopang thinks he himself is the hero who saves a beauty. He says to Tang Cao, “Look, she’s very beautiful! So I bring her here.”

Tang Cao looks at her carefully again. Her skin is white and she has a good figure. She looks as soft as a little rabbit.

Chen Xiaopang says, “Of course, she is less beautiful than our elder sister.” Seeing Tang Cao pout his mouth, Chen Xiaopang thinks Tang Cao doesn’t like her. So he says quickly, “Don’t think about it as a dirty thing. I help her just because she is also from our country.”

Actually, Tang Cao also likes the beauty of this girl. But he thinks the girl is a trouble. Tang Cao asks, “Have you booked a room?”

“Why should I book a room?” Chen Xiaopang is shocked to say, “On my way here, I asked the elder sister secretly. She told me that your villa was so big.”

“But what about her?” Tang Cao looks at Chen Xiaopang as if he sees a fool. He asks, “Where will she live?”

Feng Meixin listens to them all the time. She understands that she bothers Tang Cao. So she says hurriedly, “I can live in a hotel. But I want Mr. Chen... to help me to register and... borrow me some money to order a room. I will pay back the money!”

“Let’s go! I’ll take you to find a hotel first.” Then Chen Xiaopang directly puts his luggage into Tang Cao’s hand and says, “Take it back for me and remember to send me the villa’s location.”

Seeing Chen Xiaopang happily takes the girl away, Tang Cao kicks Chen Xiaopang’s trunk and says, “Lecher! You will be cheated by a woman sooner or later.”

When Tang Cao returns to the villa, Only Li Yi is still talking on the phone in the sitting room. Tang Cao sits beside him. When Li Yi finishes, Tang Cao says that his friend follows him to come here.

“No problem!” Li Yi laughs, “Don’t be so polite! Your friend can live here. There are so many empty rooms. He can go to our wedding tomorrow. It will be livelier if he comes.”

When Li Yi goes upstairs to sleep, Tang Cao plays an online game in the sitting room to wait for Chen Xiaopang, the stupid pig. But half an hour later, Chen Xiaopang comes back with a woman.

“Oh my God! Cao, do you know how horrible it is? All the hotels nearby are full. I was told that it was hard to order a room even I went to the city. Why are there so many people? Can they pick up gold in this place?”

Chen Xiaopang complains for a long time. Then he looks at Tang Cao.

Tang Cao sneers, “What do you mean to look at your dad?”

“Haha!” Chen Xiaopang knows when to eat humble pie and when to hold his head high. He asks humbly, “Is there an available room in the villa? Can she stay here for one night?”

When everyone wakes up in the morning, they find there are two more people in the villa.

“Sister Chen, our last name is the same. We must belong to one a family 500 years ago!” Chen Xiaopang says excitedly when he sees Chen Hong. “I wish you and Brother Li Yi will live together for an entire lifetime and have a clever baby early. May you live happily to a ripe old age!”

“Hah!” Chen Hong laughs. Yesterday she heard from Yan Hua that a younger brother was coming. No wonder Chen Xiaopang and Tang Cao are brothers, she thinks, because they have the same temperament.

“Come on, don’t play any tricks! Since you are Hua’s younger brother, you are also my younger brother. Have a good time. Tell me whatever you need!”

Chen Xiaopang whoops, “Sister Hong, how great you are! You are definitely the outstanding woman!”

Then Chen Xiaopang greets Fei Ying and her family. When he makes everyone pleased, he pushes Feng Meixin who always hides behind him to the front.

“Well... She is Feng Meixin. I met her on my way yesterday.”

Tang Cao shows the whites of his eyes when Chen Xiaopang tells Feng Meixin’s story again to everyone. Seeing the girl blushing and bowing her head, Chen Hong says smilingly, “We are all from Hua Country. It must be fate that we meet you. You can live here. Let’s put the matter aside until you get your passport.”

“No, no, no...” Feng Meixin waves her hand in a hurry and says, “I booked a hotel’s room yesterday. I’ll go there in a minute. Thank you for taking me in for one night. I heard there is a wedding today, so I can’t stay here to bother you.”

Chen Hong has a look at Yan Hua. Yan Hua smiles, “Okay, Chen Xiaopang will send you there if there is a room in the hotel. But do you want to attend the wedding? Anyway, more people come to the wedding, more interesting it will be. It’ll be held by the sea.”

“Can... Can I come to the wedding?” Feng Meixin asks. She is a little worried. “I... I’m a stranger.”

“We know each other now, don’t we?” Yan Hua sets her mind at rest and says, “The wedding will be held on the beach. Many passers-by can attend it. You don’t need to treat it too seriously.”

At last, Feng Meixin agrees happily. She pulls Chen Xiaopang aside with a blush and they begin to whisper.

“Does Chen Xiaopang like that girl?” Yan Hua asks Tang Cao, “If it is true, we’d better let her live here.”

Tang Cao snorts, “He just behaves like that when he sees beautiful girls. But that girl is not the type he likes.”

“What kind of girls does he like?” Yan Hua is curious.

“Big breasts.”

Yan Hua is speechless.

Suddenly she thinks of something. She squints at Tang Cao and asks, “What about you?”

“What?”

“What kind of girls do you like?”

Tang Cao looks confused. He asks, “Sister... Why do you ask this question all of a sudden?”

“Is it strange?” Yan Hua twists her head sideways and looks at him. She says, “You are 22 years old now. By this age, you should begin to understand love, right?”

She never doubts that her younger brother messes with girls. Otherwise Bai Susu would have broken his legs.

“No... No!” Tang Cao denies it. He looks so pure, completely without the usual arrogance.

Yan Hua shakes her head. Unexpectedly, although her younger brother is always haughty, in fact, he is like a cute puppy.

At noon, everybody changes their clothes. Four little kids also change into little formal attire. First, everyone takes a group photo in front of the villa. The expressions of others are very good except for the expressionless Wuyou who seems to be forced by someone.

Then they go to the beach where they have planned to hold the wedding. The priest and the new couple stand in a heart-shaped pattern surrounded by flowers. The blue sea is rippling. Passers-by send wishes to the newly married couple one after another. After the simple ceremony, Chen Hong and Li Yi exchange rings with each other. Then wedding is finished.

“Don’t you think it’s strange to stand in front of the priest in a Chinese cheongsam?” Fei Ying mutters, “I don’t know what the foreign priest will think about that! Haha!”

Li Yi arranges a self-service barbecue in front of the villa and everyone can play till dark. Before wedding, Feng Meixin borrowed some money from Chen Xiaopang to buy a skirt to wear and a small gift.

Now she comes over and says goodbye to them.

“Thanks for your care. I’d better go back to the hotel now!”

A polite girl is always likeable. Besides, she is not curious nor asks questions. She doesn't even ask the identities of Yan Hua and her partners. It makes them have a good opinion of her. Chen Hong also gives her a gift in return.

"How long are you going to play here?" Yan Hua asks her.

Feng Meixin says embarrassingly, "I'll go home when I get my passport. I don't have any luggage. All the money is borrowed from Mr. Chen..."

"Well, if it's convenient for you, you can come to play with us tomorrow." Yan Hua invites her.

Living together is inconvenient. But it's okay to play together. Otherwise, the girl has to stay at the hotel all the time since she has lost everything.

"Ah!" Feng Meixin looks shocked and happy as she is overwhelmed by an unexpected favor.

Yan Hua smiles, "We won't play in a far place. We just stay on this beach."

"Thank you! Thank you!" Feng Meixin knows that Yan Hua is considerate for her. So she hurries to thank her.

Chen Xiaopang takes her to the hotel. On the way, Feng Meixin still keeps talking.

"Oh, Miss Tang Duo is so beautiful!"

"She is so beautiful and so nice. She is not arrogant at all."

Chen Xiaopang has nothing to say.

Lang Ruoxian and Fei Yi stand on the beach to see women and children playing.

"Did you check her?"

Fei Yi has a look at him and asks, "How do you know?"

"You are so small-minded that every stranger in your eyes is a thief. The woman suddenly appears. It's strange that you don't investigate her." Lang Ruoxian curls the corner of his mouth and says, "It seems that she is innocent."

Did you describe yourself as a small-minded guy? Fei Yi twitches the corner of his mouth and complains in his heart. But he has to admit that Feng Meixin has no problem definitely.

“She is an ordinary employee of foreign enterprises. She used her annual vacation to travel abroad. But unfortunately, she was targeted by a thief.” Fei Yi tells Lang Ruoxian the information that he gets after investigating her. “Before meeting Chen Xiaopang, she had asked for help from other people, but nobody helped her.”

“She wasn’t really unlucky.” Lang Ruoxian says. Seeing Yan Hua having a look at him, Lang Ruoxian smiles at her gently. He says, “How can she be unlucky when Chen Xiaopang helped her?”

“What do you mean?” Fei Yi frowns, “Do you think she has a problem?”

“I don’t know.” Lang Ruoxian glances at him and says, “But I never believe in coincidence.”

All the coincidences in the world are carefully arranged. Almost all coincidences are promoted by people.

On the third day, Feng Meixin comes to tell them happily that the embassy’s officer sent the new passport to her hotel, as well as the money that her family had transferred to the embassy.

“Thank you for your care these days!” Feng Meixin bows to everyone and returns money to Chen Xiaopang.

Chen Xiaopang of course refuses to accept her money.

“Don’t have pity on me. You don’t need to repay me the little money. I won’t accept it!”

They argue that for a long time. Finally, Feng Meixin doesn’t persuade him and has to take back the money.

“So are you going back to your country?” Yan Hua asks her.

Feng Meixin scratches her head and says, “No. My mother said I could play a few more days. Anyway, the annual holidays are used.”

“That’s good!” Yan Hua pours her a glass of juice and says, “Now you can have a good time.”

In the afternoon, Feng Meixin goes to island’s forest to watch birds with Tang Cao and Chen Xiaopang. After hearing that, Gungun also asks them to take him together. Finally, all the children go with them.

“You two should take care of the children!” Yan Hua is worried about that.

“Sister, you can rest assured! I won’t lose them even if I am lost.” Tang Cao claps his chest to make a promise.

Yan Hua is still worried. Finally, Li Yi goes together.

As a result, when it’s getting dark, Tang Cao runs back with Gungun and Mingxi in a panic.

“Sister! Xiaojiu and Wuyou are lost!”

Chapter 225 Nothing Worries with the Help of Wuyou

There is a red peacock on the island. It’s said on the Internet that whoever sees the red peacock will have good luck. Tang Cao and others take several children to the forest to look for the red peacock. But of course they don’t find it.

Then Xiaojiu sees a blue peacock and Li Yi drives to catch it up. They find a peacock’s habitat near a stream and decide to have a picnic here.

“I took Gungun and Mingxi to pee. When I came back, I saw Chen Xiaopang and Brother Li fainted, but I couldn’t find Xiaojiu, Wuyou and Feng Meixin.” Tang Cao explains the matter clearly in a few sentences. Then he breathes heavily and drinks a large glass of water.

“They’re still fainting in the car. I really can’t carry them into the villa.”

“Call the police.” Yan Hua immediately decides.

Lang Ruoxian rolls up his sleeves and says, “Let’s carry Brother Li into the room first and wake him up.”

Fei Ying was in the upstairs room just now. When Fei Yi goes up to tell her what happened, she runs down and cries.

“What happened to Xiaojiu?”

Chen Hong holds her back and says, “Don’t worry. Let’s ask them clearly after they wake up.”

Fei Yi and Lang Ruoxian carry the man in. Tang Cao points to the back of their heads and says, “Their heads are broken. I guess someone knocked them out.”

“There’s blood.” Chen Hong looks at it and says, “Let’s call the police and call an ambulance by the way.”

Yan Hua and Fei Yi are the most anxious.

“We will first go to the place where the accident happened. Call us when they wake up.” Yan Hua says.

Lang Ruoxian stops her and says, “I and Fei Yi go there. You stay here and take care of them.”

“He is right. Sister, let us men go there.” Tang Cao advises her.

Gungun’s eyes turn red. He has always been sobbing, “Dad...”

“I’ll bring Wuyou and Xiaojiu back.” Lang Ruoxian touches his head and says, “You are a man and should comfort your mother. Don’t cry.”

Gungun sniffs hard, “I... I don’t cry! Mother doesn’t cry, either.”

Three men drive quickly to the site of the accident. Just as they enter the woods, a head emerges from behind.

“Mingxi?” Tang Cao is shocked. “How could you come here?”

Mingxi climbs out and says, “I come secretly. I’m going to find Xiaojiu with you.”

“No wonder I didn’t see you just now.” Fei Yi hands him a paper towel and says, “You run over in advance, right? Wipe your sweat.”

Mingxi knew they would come and wouldn't bring him. So he hid in the car first.

"It's my fault. I should be with Xiaojiu." Mingxi's face is pale and his eyes are full of regret. "I will never leave her again."

Although it's not at the right time, Tang Cao feels suddenly uncomfortable as a single man because of the kids' love. Well, he loses out to the pupil and junior high school student.

"Whoever took them away, they should be safe temperately with Wuyou." Lang Ruoxian guesses. After thinking for a moment, he says, "Of course, the premise is that the bad guys don't have any weapons of mass destruction."

Mingxi's eyes light up. He says, "I don't think they have that kind of weapon, and they should not have many people."

"How do you know?" Tang Cao regrets instantly when he finishes questioning. He can't win the junior high school student in love. Is he also stupider than the student?

"Because we are in the woods now. If they have many people, they must many noises." Mingxi thinks for a while and says, "They shouldn't have more than three people. But they certainly don't have one."

Tang Cao restrains himself from asking this time.

But Mingxi explains, "According to the position that Brother Xiaopang and my dad fainted, they lied there face to face at that time. If only one person hit them, no matter who fainted first, the other one would see the person."

So at least two people knocked them out at the same time!

Tang Cao has to admit Mingxi is so awesome!

Tang Cao admires Mingxi and feels that he himself is a fool. He was also on the spot when it happened but didn't find anything.

"There are two places where the earth is different." Mingxi continues to analysis, "The first place is trampled obviously. The trace must belong to Feng Meixin. She must have struggled at that time."

“The second place has two footprints which are deeper than the other footprints. It means that the person standing there must try to struggle, but gave up when the person stepped forward.”

“Aunt Yan told me Wuyou can fight against 10 strong bodyguards at the same time. The deep footprints should be hers when she was ready to fight. I guess the bad guys must catch Xiaojiu to threaten Wuyou. So Wuyou had to give up and went away with them.”

Tang Cao is stunned to hear Mingxi’s analysis. He opens his mouth for a long time before he finds his voice. He asks, “When... When we tried to lift people into the car, you have seen these things?”

“Yes. I remembered the situation of the spot.” Mingxi says very seriously, “But I had no much time to analyze. I just thought about that when I hid behind the car’s seat.”

Tang Cao almost admires Mingxi from the bottom of his heart. He has to hugs himself pitifully and scolds himself why he didn’t observe the spot... Wait a minute! Even if he observed it, he could not see any clues. Not to mention to image the scene. Are all the junior high school students so brilliant? Tang Cao is shocked.

“Not bad.” Lang Ruoxian whispers to Fei Yi who is driving, “Congratulations, you get a good son-in-law.”

Fei Yi smiles, “Nowadays, we will have nothing if we don’t take actions early. You also prepare a wife for your Gungun, don’t you?”

When they go to the creek, Tang Cao is still sad because he loses to a teenager. When Mingxi gets off the car, he pats Tang Cao’s shoulder to comfort him.

“Don’t be sad, brother. Not all junior high school students are as good as me.”

Tang Cao doesn’t feel better at all.

Fei Yi and Lang Ruoxian carefully observe the scene of the accident, exactly the same as what Mingxi said. With the analysis of Mingxi, they even judge the direction in which the bad guys left.

“Don’t drive the car. Let’s walk.”

Lang Ruoxian calls Yan Hua and tells her that Mingxi stays with them. Yan Hua says that Li Yi also wakes up.

“It’s me, Ruoxian.” Li Yi takes the phone.

What Li Yi described is basically the same as Mingxi’s analysis. There were two people suddenly jumped out of the tree, and before he and Chen Xiaopang shouted, their heads had been hit.

“Then we lost consciousness and knew nothing.” Li Yi says very shamefully.

As an adult man, he took children out but lost two in the end.

“I’ll take the police over now. Let’s contact when I’m on the way.” Li Yi says. He has already sat in the car at this time. As for Chen Xiaopang, maybe he is so fat, so he hasn’t woken up after the doctor dealt with the wounds.

Yan Hua is so frightened that she plans to let an ambulance take Chen Xiaopang to the hospital.

Lang Ruoxian and others are looking for clues in the woods. The woods on the island are not the kind of no man’s land, and there are many paths for tourists to walk. It’s impossible for those who take Wuyou and others away to go to such places. So it’s easy for them to find footprints where there’s no way.

“This way!” Mingxi shows his unparalleled investigative and observational abilities all the way. Tang Cao feels that it will be a great loss to the country if Mingxi doesn’t be a policeman in the future.

Soon they find a small waterfall, which is not developed because of its ordinary scenery compared with other waterfalls on the island. There is an obvious cave behind the waterfall. Mingxi stands at the entrance and watches it for a while.

“Find it. They should be in there!”

Fei Yi pulls Mingxi behind him and says, “You shouldn’t go into the cave.”

Three adults first go into the cave. Mingxi is so anxious that he also follows them. The cave is not big enough. After a few steps, they see that two men lie

on the ground and Wuyou sits in the corner with Xiaojiu in her arms. Feng Meixin leans against the wall without moving and some blood is on her body.

“Xiaojiu!”

“Wuyou!”

Fei Yi rushes up. Wuyou hands Xiaojiu to him and says, “She’s fine. Tired of crying. Sleep.”

Mingxi grabs Xiaojiu’s hands nervously. After hearing Wuyou’s words, Mingxi begins to heave a sigh of relief. But he still stares at Xiaojiu with his eyes, as if she would disappear in the blink of his eye.

“Were they hit by you?” Lang Ruoxian says. He kicks the two men lying on the ground and finds that their ribs are all broken. One man’s legs are twisted and the other man’s head is full of blood.

Wuyou nods, “They, want to, take Xiaojiu away.”

“Do you mean that they only took Xiaojiu at the beginning but you followed them to here?” Tang Cao is shocked to say, “You are so bold!”

Wuyou has a look at him and says, “Gungun, elder sister.”

“Because Xiaojiu is Gungun’s elder sister, so Wuyou must protect her, right?” Fei Yi comes over and says, “Thank you. Thank you for protecting Xiaojiu.”

Wuyou has no expression.

“Then... What about her?” Only Tang Cao notices that there is another one beside them.

Wuyou says, “Hitting the wall, not dead.”

Oh, Tang Cao understands. Feng Meixin hit the wall and got hurt, so she has blood on her body. But she won’t die.

Knowing the meaning of Wuyou, Tang Cao doesn’t dare to move Feng Meixin.

“Take the children home first, and call the doctor to see her.” At last Tang Cao and Wuyou are left to take care of Feng Meixin because he doesn’t dare to stay alone. There are still two bad guys lying on the ground!

Lang Ruoxian and Fei Yi go back first. On the way, they meet the police and doctors who rush over. Then Tang Cao comes back with Wuyou. He says that Feng Meixin’s head is also broken but it’s not a big problem. As for the two bad guys, they are badly hurt and it takes at least a few months to begin to move.

“The police said that they would come to make a statement tomorrow.”

Fei Ying holds Xiaojiu in her arms. The little girl has woken up. She cries loudly after seeing she has returned to her mother. Gungun also cries together. But he also praises Wuyou at the same time.

In the evening, Wuyou knocks on Yan Hua’s bedroom door.

“Wuyou?” Yan Hua quickly pulls her in and asks, “Are you afraid? Would you like to sleep with me tonight?”

She thinks Wuyou is frightened by what happened today. After all, she is just a little child.

“Find, Dad.”

Yan Hua feels the loss.

“What’s wrong?” Lang Ruoxian asks. He has just taken a bath.

Wuyou goes in. She looks at him and says, “Big Sister, know, bad men.”

“What?” Yan Hua does not respond for a moment. She asks, “Wuyou, what do you mean?”

“She means that Feng Meixin knows the two bad guys.” Lang Ruoxian looks cold. “I know.”

Then Wuyou leaves without any expression.

Yan Hua shuts the door in a mixed emotion. She asks, “You just let Wuyou go? Don’t you ask her more questions?”

Lang Ruoxian hugs her in his arms and asks, “Do you think Wuyou can make it clear?”

“No...”

Yan Hua rubs between her eyebrows and says, “What should we do? We don’t have any evidence. It’s no use to confront Feng Meixin about it.”

Chapter 226 I Also Want a Wife!

Early in the morning, the policeman who came yesterday calls Chen Hong. Chen Hong’s expression changes after listening to a few words.

“What’s wrong?” Everyone is having breakfast. They all put down the chopsticks when seeing her face.

Chen Hong puts down her phone slowly and says, “Feng Meixin died.”

“She’s dead?” Chen Xiaopang reacts most. Lang Ruoxian just said that Feng Meixin knew the two bad guys yesterday. So they suspected that Feng Meixin intentionally approached them and provided information to the bad guys. Without Wuyou, Xiaojiu would have been taken away yesterday.

Chen Xiaopang is the person who regrets most. Because he brought Feng Meixin here. He is so wrathful that he plans to go to the hospital later to get even with Feng Meixin. How could she die suddenly?

“The policeman said she jumped off the hospital’s roof in the midnight.” Chen Hong says with her serious expression, “When you go to the police station to be debriefed, remember to read her suicide note.”

It seems that Yan Hua thinks of something. She asks, “Suicide? Did she even write a suicide note?”

“That’s what the police said.” Chen Hong pours hot milk to the children and says, “But I think the police also doubt that.”

After breakfast, all the men go to the police station. Yan Hua and others take their children to play on the beach. Xiaojiu is still a little scared and always hides behind Mingxi. Mingxi has to help her to go forward.

Gungun also takes care of her behind them, like a little adult. Yan Hua finds Xiaojiu's attitude towards Wuyou changes. Xiaojiu used to dislike Wuyou. At that time, Fei Ying was anxious and thought it was terrible.

Yan Hua also comforted her, "Don't underestimate the child's psychology. Xiaojiu is just not used to accepting that Gungun plays with other kids. I'm sure she'll figure it out for herself. Give her some time."

"Let me tell you!" Fei Ying runs up from the sea and sits down quickly. She says, "When I was swimming in the sea, Xiaojiu always pulled Wuyou and wanted to play with her."

Yan Hua hands her the bath towel and says, "I've said it before. Kids need some time to accept it!"

"Wuyou saved her yesterday. Not only Xiaojiu, but also I am grateful for Wuyou." Fei Ying says. She feels that she should buy some gifts for Wuyou, otherwise she will feel sorry.

Yan Hua shakes her head and says, "Ying, I hope you regard Wuyou as my daughter, just like Gungun. Will you be so polite to Gungun?"

"Hua..." Fei Ying bites her lip. Well, although Wuyou has already been a child of Tang Family, she didn't regard that child as Yan Hua's daughter before. Otherwise she would not have such an idea.

"I know, Hua!" Fei Ying pats her thigh and says, "Rest assured. I know how to do it."

Lang Ruoxian and others come out of the police station.

"Mr. Lang, we checked it. It is indeed that she died of suicide."

But he doesn't believe what the police said.

"My people have gone to the hospital to check. Let's wait for the results." Fei Yi says. He doesn't believe it, either. And he also has a copy of Feng Meixin's suicide note with only one sentence on it.

She wrote, "I'm wrong. I'm sorry for everyone. Goodbye."

Chen Xiaopang looks angry. He says, "Can it be called a suicide note? I don't believe it. That girl must not die of suicide!"

“There must be someone behind it.” Li Yi smacks his lips. He looks at Fei Yi and says, “They wanted to kidnap Xiaojiu. I think they are aimed at your family.”

Fei Yi’s eyes grow deep slowly, and he curls the corners of his mouth coldly. “Maybe... There was a fish escaped through the seine at that time.”

Chen Xiaopang doesn’t understand what he means, but Lang Ruoxian and Li Yi do. In that year, in order to marry Fei Ying and have the say in Fei Family, Fei Yi beat many illegitimate sons and cousins.

If there are more enemies, there will be more debts. Some hidden troubles would be left if he wasn’t careful enough. Fei Yi suddenly thinks of something and makes a phone call. Back to the villa by the sea, Tang Cao and Chen Xiaopang play with the children at the door. Other adults sit in the sitting room for analysis.

“Can you be sure he’s coming for us?” Fei Ying asks her husband pitifully, “What should we do? He’s hidden in the dark. We don’t even know who he is.”

“By the way, do you need to call Fei Shan to let him be careful? How about giving him a few bodyguards?”

Fei Yi comforts his little wife, “Don’t be afraid. I’ve already called him. Since we could win that year, we can win now. Although now I don’t know who he is, as long as he takes actions, he will leave traces and we will catch him sooner or later.”

Fei Ying is very scared. She remembers clearly what happened more than 10 years ago. At that time, members of the Fei Family fought damaging personal battles. In order not to be a burden on Fei Yi, she and Fei Shan hid themselves from place to place. At the worst time, they had to change places every day.

They were also afraid that something might happen to Fei Yi.

“You’re a law-abiding businessman now. You don’t have to fight with them. What are the police for?” Lang Ruoxian reminds him, “Besides, I think only one person who plans to revenge you. Otherwise he would have done something big.”

Yan Hua, however, is still worried. She says, "But now the small action behind the scenes makes us defenseless." She pauses for a while and suddenly suggests, "Would you like Xiaojiu to study in Yanjing's Caesar School?"

"Go to Yanjing?" Fei Ying is stunned.

"Yes! Yanjing's public security is the best. No one dares to hurt others casually. It's safer for Xiaojiu to study in Yanjing than G City. You can come with her!"

Fei Yi looks at Fei Ying. Fei Ying grabs his hand and says, "Let... Let me think about it."

At night Chen Hong sees her son sitting alone in a beach chair. Xiaojiu and Gungun are making a sandcastle not far from him.

"Why don't you play with Xiaojiu?" Chen Hong asks.

Mingxi looks up at her and says, "Mom, is Xiaojiu going to study in Yanjing?"

"Did you hear that?" Chen Hong sits down beside him and explains, "Your Aunt Hua said that Yanjing was safer. What she said is reasonable."

Mingxi lowers his head. Chen Hong rubs her son's head with a smile. She asks, "You don't want to be separated from Xiaojiu, do you?"

"I swore yesterday that I would never leave her again." Mingxi is a little sad. "But..."

"Silly boy, you can go to Yanjing to study with her!" Chen Hong says, "You can do it!"

But Mingxi shakes his head and says, "I don't want to leave you."

"How dutiful my son is!" Chen Hong smiles, "So now are you making a hard choice between your mother and your future wife? I suddenly think of an online test. Which one would you save first if your wife and mother fall into a river?"

Mingxi glares at her. "Mom... You are really..."

"All right!" Chen Hong pats him on the shoulder and says, "We haven't decided to let Xiaojiu study in Yanjing. You don't need to torture yourself. If

she had to leave, you could go with her and I would fly to see you once a week!”

Mingxi reaches out and throws himself into Chen Hong’s arms like what he did when he was young. He says, “Mom, you are the most important. You are the most important person for me in the world.”

“Come on!” Chen Hong pats his forehead and says, “I used to be your most important person. But now you have a wife. Your wife is the most important person for you.”

As soon as Mingxi wants to say don’t tease him, he hears that a kid next to him asks a question.

“Does Brother Mingxi have a wife?”

Chen Hong and Mingxi raise their heads. Then they see Xiaojiu standing there with tears in her eyes.

Mingxi is shocked, “Xiaojiu!”

“Do you have a wife? Will you leave me?” Xiaojiu bursts out crying. “You are kidding me. You said you would marry me when I grew up. You are a liar. I hate you!”

Chen Hong doesn’t know whether to cry or laugh. She says, “Oh, my dear, his wife is you!”

“Hah!” Hearing the crying, Fei Ying was frightened and thought something had happened. But she also laughs when she closes to them to hear. She says, “You should cry after knowing what happened. You almost scared me to death.”

Gungun also runs over and is particularly innocent to say. “Brother Mingxi doesn’t want you!”

“No!” Mingxi hurries to say, and hugs Xiaojiu into his arms. He says, “I... I only have you.”

Xiaojiu sobs intermittently and looks at him. “It’s... really?”

“Yes!” Mingxi almost swears to her, “I will have only one wife in the future. That is Xiaojiu.”

Xiaojiu smiles through tears. Fei Ying pulls her into a room to wash her face. Mingxi follows her closely. Chen Hong also happily goes to tell Li Yi the story about how their son loves his wife since childhood.

Gungun thinks of something and runs into the house.

“Mom! Mom!”

Yan Hua is watching the news to see if there is any local report about Feng Meixin’s jumping from a building. Her son suddenly throws himself into her arms.

“What happened?”

Gungun smiles shyly, “Mom, is Sister Xiaojiu the wife of Brother Mingxi?”

“... Who did you listen to?”

“Just now! Sister Xiaojiu thought that Brother Mingxi didn’t want her, so she cried sadly. Then Brother Mingxi swore that his wife would only be Sister Xiaojiu.”

Yan Hua tries not to laugh. She asks, “Well, what do you want to say if Xiaojiu is Mingxi’s wife?”

“Then... Then...” Gungun touches his forefinger with another forefinger. “Then I also want to bring up a wife!”

Yan Hua is shocked.

“Can’t I?” Gungun carefully asks, “Brother Mingxi grows up with Sister Xiaojiu since they were young. I also want to bring up a wife so that we can grow up together. What if I can’t find a wife in the future?”

Seeing Yan Hua still doesn’t say a word, Gungun persuades her again, “Look at my uncle, he still doesn’t have a wife. How pitiful he is!”

Tang Cao who is going to the toilet is angry to hear that.

“How dare you blame me that I don’t have a wife?” He comes to poke Gungun and says, “I just haven’t found one yet! You should go to ask how many girls want to be my wife in whole Yanjing. These girls can line up from Yanjing to Pu Island!”

“Besides, you have already had a wife, haven’t you? Wuyou…”

“Tang Cao!” Yan Hua casts a glance at him.

Unfortunately, Gungun has heard it.

“Wuyou?” Gungun is shocked as if the world is destroyed, “She… She’s my elder sister!”

Yan Hua pats Tang Cao angrily. Tang Cao laughs, “But… Elder sister can also be your wife. It’s good that the wife is three years older than her husband! Wuyou is just three years older than you.”

“Gungun…” Seeing that her son still has a soulless expression, Yan Hua coughs twice and says, “You don’t like Wuyou?”

Gungun shakes his head. Then he nods. Then he shakes again.

“I like her.” Finally he whispers, “But Wuyou is my elder sister.”

Yan Hua regrets a little to tell Gungun that Wuyou is his sister. It seems that Gungun insists on that. She explains to him for a long time. But he finally goes away in frustration.

“Sister…” Tang Cao shakes Yan Hua’s arm and says, “I’m sorry. I didn’t mean it.”

Yan Hua scolds him, “Behave normally!”

“That’s how I talk. I’m the little cutie!” Tang Cao puts his hands on his face and clenches his fists.

Yan Hua shows the whites of her eyes and says, “Go away. Go away. I’m going to throw up.”

The next day, Fei Yi’s people send back an important message.

Chapter 227 The Person Behind the Scene

“Sure enough, the person behind the scene is from Fei Family.” After hearing that, Fei Yi ponders for a long time with a straight face until he notices that Fei

Ying is trembling in his arms. He quickly hugs her tightly and says “It’s all right. I’ll find him as I’ve known his identity. Don’t be afraid!”

Lang Ruoxian also looks at what Fei Yi’s people found. He says, “No wonder we couldn’t find Feng Meixin’s problem before.”

Feng Meixin and the conspirator behind her were always connected by private letters on the post bar. He never asked her to do anything. They just talked about everyday life like friends.

Feng Meixin told him that her passport and wallet had been stolen. And she was hinted that she should come to play with Yan Hua and others. Naturally, the conspirator knew all their itineraries.

“Then she must be killed by this man.” Yan Hua thinks for a while and asks, “Can we give the police any clues?”

“I have told the police that the application of post bar on her mobile phone had been deleted for a few minutes before she jumped out of the building. As long as the police find someone to log on to Feng Meixin’s account, they can see that when she woke up, she questioned a person if he had participated it.”

Since Wuyou said Feng Meixin knew the ruffians, Feng Meixin certainly talked with the bad guys or took some actions at that time. Feng Meixin should also realize that she was used. So she must question that man afterwards.

“But even if the police prove that she did not commit suicide, it is impossible to catch the murderer.” Fei Yi says, “They do not know which country the conspirator is from. Searching a man in this world is like looking for a needle in a haystack.”

“So we can’t depend on the police here?” Chen Xiaopang asks. He was excited just now because he thought they could catch the conspirator soon. But he is too naive.

Li Yi calls to order the lunch. Then he puts down his mobile phone and knocks Tang Cao’s confidence. “Of course. Feng Meixin isn’t from this country. I guess the police here won’t change their decision. Finally they will say it is just a suicide.”

“It’s also good to treat it as a suicide.” Chen Hong continues to say, “Otherwise, Feng Meixin’s family will surely make trouble.”

It's convenient for them to find the person behind the case. They don't want the police intervene it.

"Ying, what do you think about it?" Yan Hua mentions Xiaojiu's school again, "Do you want Xiaojiu to go to Yanjing?"

Fei Ying is in Fei Yi's arms and looks pitiful. She is really afraid but still shakes her head. "Hua, thanks. But I worry about Xiaojiu to let her study in Yanjing alone. If I go with her, I'll also worry about Fei Yi. We three of family should be together."

Last night she told Fei Yi that they couldn't let Xiaojiu go to Yanjing because it will bring danger to Yan Hua's family. Without Wuyou, Fei Ying doesn't know what will happen this time. How could she also put Gungun in danger?

"You..." Yan Hua knows what Fei Ying is thinking and wants to persuade her again. But Lang Ruoxian gently drags her. Yan Hua has a look at him. Then she has to say, "Okay. But if something happens, you and Xiaojiu must come here. I believe Fei Yi will not object to it."

Fei Yi nods to Yan Hua and says, "Thank you. If the situation becomes really dangerous, I will not hesitate to ask for your help."

After lunch, everyone goes back to their rooms to rest. Yan Hua asks Lang Ruoxian.

"Why did you stop me? Fei Ying is just afraid of incriminating us. But it's safer that Xiaojiu stays in Yanjing than G City!"

Lang Ruoxian pokes at the tip of her nose and says, "But Fei Yi is a man. If he can't protect his wife and kid, how could he be a man?"

"But..."

"Hua, if you were Fei Ying, would you leave me alone in a dangerous situation?" Lang Ruoxian asks her again.

Yan Hua says without any hesitation, "No!"

"Neither will Fei Ying." The man hugs her from behind and says, "Fei Ying couldn't let Xiaojiu come to Yanjing alone or leave Fei Yi. Of course, she doesn't want to put us in danger."

The woman in his arms is about to move. Lang Ruoxian hugs her a little tightly and says, "Don't worry. If it's really dangerous for them, we won't need to say anything and Fei Yi will definitely send Fei Ying and Xiaojiu to us."

"Things are not that bad." Lang Ruoxian continues to analyze for her, "Look, the person behind the scene is so careful. He doesn't dare to take actions until we go abroad. It means that he has no base domestically and is not so capable to make trouble. So even if G City is not so safe as Yanjing, it will not be so dangerous for them."

"Nevertheless, Fei Yi still needs to find him as soon as possible, otherwise it will always be a hidden danger."

Nobody knows where the conspirator will take actions next time. What Lang Ruoxian doesn't say is that he always feels that this man has appeared before. It's not the first time for him to harm them.

Lang Ruoxian is a selfish person. It seems that they shouldn't go back to G City frequently in the future. At least he can't let Yan Hua and Gungun return to G City. In case that they are involved in the affairs of Fei Ying's family. After all, Wuyou can't be able to save them every time.

Because what happened few days ago, everyone is not in the mood to play. But the children don't want to go back. Chen Hong discusses with Yan Hua to change another place. Then they fly to a small island in the South Pacific that very night.

"Why are you so diligent?" Tang Cao asks. He kicks Chen Xiaopang, who works hard on the way to carry baggage and hold children. Yan Hua even thinks he is insane.

They rent a villa by the sea. At present, everyone is putting their luggage in their own room. Chen Xiaopang spreads himself on the bed and says, "Hurry up! Pour me a glass of water. I'm going to die of fatigue. I have done all the work for a year."

"Do you want to atone for your guilt by devoted service?" Tang Cao throws a bottle of iced cola to him and says, "Then you can start to be my slave from today. You should listen to me and you won't pour the chamber pot if I ask you to pour my foot-washing water."

Chen Xiaopang takes a long drink to relax his breath. "I can also warm Second Child Tang's bed! Do you want me?"

"Go away!" Tang Cao gives him an angry stare and says, "You shouldn't bring any women back casually in the future."

"I dare not do it again!" Chen Xiaopang is really scared of that.

It doesn't matter if he is harmed. But if other people, especially Tang Family, are harmed because of him, it's not enough to pay for it even if he has 10 lives. Besides, he will be sorry to his friend. So this time he really learns a lesson.

"In the future, you'd better go out with Tong Yue!" Tang Cao clucks, "You can live longer if he takes care of you."

"Don't mention him. Do you know why he doesn't come with me?" Chen Xiaopang becomes excited again. He says, "I invited him before. But he refused."

Tang Cao snorts, "Who will work in company to make money for us if he comes here?"

"Don't regard Tong Yue as an unselfish man. He just prefers beautiful girls rather than friends."

"Is he still chasing that college girl?" Tang Cao knows about it.

Last year, Tong Yue met a female college student. They thought he would be boring few days later. However, he takes it seriously and it's said that the girl doesn't like him.

"It..." Chen Xiaopang doesn't continue to talk about it. He just pats Tang Cao on the shoulder and says, "You'd better ask him personally. The girl's family is not very good."

Tang Cao snorts, "He always likes to mince his words. I can't know the truth by asking him."

They mutter for a long time and intend to force Tong Yue to tell the truth after going back. Tong Yue who is in Yanjing sneezes.

“What’s wrong with Gungun?” After playing for a few days, both Fei Ying and Chen Hong find that Gungun doesn’t behave like usual.

Yan Hua spreads her two hands and says, “Since he knew Wuyou was his future wife, he has been like that.”

Gungun thinks that he isn’t an unfaithful kid and he always treats Wuyou as his elder sister. But when he suddenly knows Wuyou is his wife rather than his elder sister, he begins to have some thoughts.

“Wuyou, do you think I look good?” He runs to ask Wuyou.

Wuyou says, “Yes.”

“Which one is better-looking, Brother Mingxi or me?”

Wuyou says, “You, better-looking.”

Gungun leaves with satisfaction.

Since Wuyou thinks he is good-looking, it means she likes him. Will she be willing to be his wife in the future? Tang Cao asked Tang Cao secretly. Tang Cao told him that Wuyou didn’t know that she would be his wife. So Gungun is a little worried about what to do if Wuyou doesn’t like him.

But now Wuyou says that he is better-looking. So she should like him.

But...

“Mom, what if I love another girl in the future? What should Wuyou do?” He begins to worry about himself and runs to ask Yan Hua.

At this time, Yan Hua is so angry that she wants to beat Tang Cao. Gungun wouldn’t be so vexed if Tang Cao didn’t make a slip of the tongue. And it’s Lang Ruoxian’s decision to let Wuyou be Gungun’s wife. Yan Hua always says they should let nature take its course. If two kids have their own lover when they grow up, they can still be siblings all their lives.

“Mom?” Gungun asks her with his head raises.

Yan Hua sighs and decides to make it clear to her son.

“Gungun. It’s your father who decides to let Wuyou be your wife. His decision doesn’t count.”

Gungun is stunned. He asks, “Why? Is Wuyou my wife or not?”

“It depends on whether Wuyou likes you or not in the future!” Yan Hua squats down and says, “Besides, you aren’t sure you will like Wuyou. What if you like another girl in the future?”

Gungun is confused. He is always worrying about this. But his mother says that it is not sure that Wuyou will be his wife. It’s in vain for him to worry about that these days.

“Gungun, look... Xiaojiu and Mingxi have decided to marry when they grow up. But you and Wuyou are different. You two still have the relationship of sister and brother now.”

Yan Hua tries to make her son understand it. “I mean that you don’t need to have any burden and treat it as usual. If you decide later that you like Wuyou and want her to be your wife, then you can worry about that and ask Wuyou whether she likes you or not.”

“But what if Wuyou is another person’s wife at that time?” Gungun is very worried. Now it’s hard to get a wife. So Brother Mingxi decides Xiaojiu to be his wife so early.

Yan Hua is speechless.

“Gungun, things always have two sides. We cannot focus on both sides. Now you can only pay attention to one thing. You should get along well with Wuyou and grow up with her. Look, you stay with her all the time, right?”

“If you and Wuyou are good to each other, you will have advantage if you want Wuyou to be your wife when you grow up.”

Yan Hua feels that her son will be more confused if she says more. To be honest, she thinks it is very weird for her son to worry about his wife at such a young age. It is impossible for her to explain it clearly to him.

“Uh... I seem to understand.” Gungun nods with a serious face after a long time.

A few days later, they find that Gungun starts calling Wuyou sister again. So Yan Hua is finally relieved and thinks her son may have really understood her words. At the end of the month, they return home.

Chapter 228 Encounter at the Airport

They are not on the same flight. Families of Chen Hong and Fei Ying go back to G City. Yan Hua's family returns to Yanjing. When the plane lands, it is over 10 o'clock in the evening. Gungun drifts off into a fitful sleep and is held by Lang Ruoxian.

"Why are there so many people over there?" Tang Cao asks. He and Chen Xiaopang are rushing ahead with their luggage. Then they see a lot of people who meet the plane and hold up different boards.

Yan Hua also looks forward. Suddenly a man appears next to her.

"Hi! Hua, long time no see."

"Fei Shan?" Yan Hua looks at him with her wide eyes again and again, "It's really you!"

Fei Shan wears a peaked cap, a huge white short sleeved shirt and a pair of huge jeans. He appears very normally. But because of his height and good stature, it is difficult to let people not pay attention to him.

"What a coincidence! My elder sister said that you came back today. So I wondered if I would meet you on the plane. Now I do meet you!" He lifts the brim of his hat and says, "Well! Could I go out with you?"

Lang Ruoxian says coldly, "Do you want us to be surrounded by people?"

"Wow! Movie king!" Chen Xiaopang and Tang Cao run back again.

Chen Xiaopang shouts excitedly, "They are all your fans, aren't they?"

"Shh!" Fei Shan looks at him and says, "Keep your voice down. Are you Mr. Chen? My elder sister mentioned you."

Chen Xiaopang says quickly, "You are so polite. Please just call me Xiaopang."

Don't make jokes. He almost lost Fei Shan's niece. How dare he let Fei Shan call him Mr. Chen?

"Nice to meet you!" Tang Cao is also the first time to see him in reality. He says, "You really look like Brother Fei Yi. Why do you come to Yanjing?"

"Let's go out and talk..." Fei Shan looks at the exit that they almost close to and says, "You have many people. I am not conspicuous to go with you. My assistant wears the clothes that I wore when I boarded and walks to the other side."

As soon as he finishes, they see a number of fans in the export running to the other side.

"Fei Shan is over there!"

"Hurry up! Wow, Fei Shan!"

Yan Hua can't help shaking her head and says, "It's scared. If they find us, we will be squashed into the ground."

"Let's go! Quickly." Fei Shan urges them and presses down the brim of his hat.

In fact, they are also very conspicuous. After all, all of them are so good-looking except for Chen Xiaopang. Of course, he is not ugly and just a little fat. So many people stare at them, but they look nature because they are not stars.

Out of the airport, the cold-faced Lang Ruoxian directly asks Fei Shan to go away when he sees Fei Shan even want to get into their car.

"I'll get off at the next crossing." Fei Shan has to explain, "My car is waiting over there!"

Yan Hua pulls Lang Ruoxian's sleeve for a while. Then Lang Ruoxian lets Fei Shan in with his tight lips. Fei Shan begins to relieve when the car is started.

"I'm going to be a mentor in a talent show and stay in Yanjing for one month." Fei Shan says. He looks at the little girl who has always followed Yan Hua and asks, "Is this Wuyou?"

“Yes.” Yan Hua touches Wuyou’s little head. Then she says to Wuyou, “Wuyou, this is Xiaojiu’s uncle.”

Wuyou calls him, “Uncle.”

“Good girl!” Fei Shan touches his pocket and finds it empty. He says, “I’ll give you a gift later.”

Yan Hua asks him, “What kind of talent show it is? Your remuneration is so high. Why do they invite you?”

“It’s a trainee program which is run by several big entertainment companies to make their new stars popular.” Fei Shan blows his bangs and says, “I’m expensive, but I’m worth it! This program will be the top talent show if they ask me to be the mentor.”

Lang Ruoxian looks at him sarcastically. But Fei Shan ignores him and turns to ask Tang Cao and Chen Xiaopang, “Hua’s brother is my brother. Let’s add a contact number to play together if we are free!”

“Okay!” They take out their cell phones immediately.

When they get to the crossing, Lang Ruoxian urges Fei Shan to go away again. Fei Shan looks at Gungun who is asleep like a piggy. Then he laughs, “It seems that he can’t wake up. Hua, is it convenient to visit your home?”

“Yes!” Yan Hua thinks of Chang Pei’e and she says, “My grandma likes your play very much. She must be happy to see you.”

Tang Cao closes to them and says, “She likes you so much! My grandma is your fan.”

“My pleasure.” Fei Shan smiles to Lang Ruoxian deliberately, “I will go to visit as soon as possible.”

Lang Ruoxian puts on a false smile.

It is almost 12 o’clock when they go back to Tang Family. As soon as the car stops, Tang Yao flies out.

“They come back! They come back!” He shouts. Then Bai Susu and Chang Pei’e also go out.

Yan Hua quickly gets out of the car and asks, "Why don't you sleep?"

"We are waiting for you to go home!" Bai Susu pulls Wuyou over and asks her, "Wuyou, were you happy to play on the beach?"

Wuyou says, "Yes."

"Is Gungun asleep?" Chang Pei'e sees Lang Ruoxian get out of the car with a chubby baby. Then she says in a low voice, "Come in quickly."

Tang Family members know that they had an accident this time. Tang Cao wants to say the accident. Tang Yao wants to listen to the accident. They are all so excited. But Bai Susu stops them, "What time is it? Everyone goes to sleep. Let's talk about it tomorrow!"

The next morning.

"Grandma! Great-grandma!" Gungun runs into the restaurant.

Chang Pei'e calls Gungun sweet heart and hugs him into her arms. Then she stretches out to pull Wuyou who stands behind Gungun. She says, "I miss you so much!"

"I miss Great-grandma, too!" Gungun is the most honey-mouthed. He says, "You must go with us next time!"

Bai Susu puts the milk on the table and says, "Next time our whole family will go out to play."

"Grandma!" Gungun throws himself into Bai Susu's arms again.

Tang Cao yawns and goes to sit on the chair. But no one pays any attention to him for a long time. Tang Cao has to fill a bowl of porridge himself.

"Alas... Mom, you haven't wanted your son since you had Gungun. Grandma, do you still your grandson?"

Chang Pei'e covers her mouth and smiles, "Remember! Remember! How is my Xiaocao now?"

"Your Xiaocao is starving to death." Tang Cao closes to her pitifully.

Bai Susu puts a meat steamed bun into his hand and says, "Sit down and eat. How can you behave like that? Gungun, Wuyou. Don't learn from your uncle."

"Where's my elder sister?" Tang Cao glances at Yan Hua's room and asks, "Hasn't she awakened yet?"

"No. Your brother-in-law has gone to the company." Bai Susu peels the eggs to two little kids and says, "When he left, he said specifically not to call Hua. Let her sleep until she wakes up naturally."

Tang Cao covers his chest with hands and says, "Does my sister still have any breakfast when she gets up?"

"Of course, I have kept some food warm in the kitchen."

"Then why don't you let me eat when I get up late?"

Bai Susu glances at him and says, "What do you eat so much for? As for those who have not contributed to the company and the society, it's enough that they don't die of hunger."

"What about my father?" Tang Cao doesn't convince that. In Bai Susu's view, he is less important than Yan Hua. But he must win his father.

"Your father has got up early. Your mother drove him out to do morning exercises." Chang Pei'e gives him a chopstick of dish and says, "Eat quickly and take me to the tea house after eating. I arranged with my friend to drink tea."

Tang Cao takes a bite of the steamed bun and says, "Mom, did you see it? Who says I'm useless? I can be a driver for Grandma!"

"When I grow up, I will be a driver for Great-grandma!" Gungun shouts instantly.

Tang Cao stares at him fiercely, "You are grabbing my contribution!"

"Grab." Then Wuyou says and looks at Tang Cao.

Tang Cao shrinks his neck and thinks: Damn, she is so cruel. I was frightened by a child.

Tang Yao comes back tiredly. A recent check-up shows that he has a little high cholesterol. So every day he can only eat vegetables and is forced to exercise.

“Dad, resist!” Tang Cao says secretly, “I’ll take you to eat meat at noon!”

“Susu!” Tang Yao immediately sits upright and says, “Susu, Tang Cao isn’t a filial son. He said that I should rebel against you and he would take me to eat meat.”

Tang Cao curses his father in his heart.

“Mom, I didn’t say anything! Grandma, have you finished? I’m going to start the car first!” After that, Tang Cao has run out of sight.

When Yan Hua comes down the stairs, she sees Tang Cao opening the door hurriedly.

“Where are you going?”

Tang Cao opens the door and stands outside. He answers, “Sister, there’s a dog chasing me.”

Yan Hua is speechless. She waves her hand to him and goes straight into the dining room.

After breakfast, Gungun and Wuyou go to see cartoons. Yan Hua and her parents sit in the sitting room. And she tells them the whole story.

“This time it aims at Fei Family. I wanted to let Xiaojiu study in Caesar Academy in Yanjing. But Fei Ying didn’t want to.”

Bai Susu nods, “Who wants to be separated from their children?”

“Well, so I didn’t advise her anymore. Let’s talk about it after something happens.” Yan Hua leans on the sofa and sighs, “It’s really comfortable at home! Did something happen at home or at the company?”

Tang Yao sneers, “When you were away, Tang Rui found your mother and wanted to cooperate in the project.”

“He hasn’t given up yet?” Yan Hua asks. She heard from Lang Ruoxian that he had refused Tang Rui last time. But Tang Rui doesn’t give up at all.

Bai Susu snorts, “He also wanted to use your eldest uncle to put pressure on me. I asked him to go back and ask his father. If your eldest uncle said I should give him, I would give him a project immediately.”

“What’s the result?”

“As a result, he doesn’t find me to talk about it again.” Bai Susu smiles, “Your eldest uncle trapped Bai Family by claiming he would help us. He and we all know it. How dare he be ashamed to grab our company’s project again? Not only that, I think I can ask him to help us in the future.”

Tang Yao is shocked, “What can he do for us? Susu, tell me, I’ll go to ask my eldest brother to help us.”

Bai Susu glances at her husband and daughter. She says, “In the morning, I’ve talked to Ruoxian about it. There will be a big project in Yanjing recently, I guess correctly.”

“Young Master.” Shu Sheng hurries into Lang Ruoxian’s office and says, “Mrs. Tang’s information is true.”

Lang Ruoxian puts down the documents and says, “My mother-in-law will not tell it to me if she is not sure. Has the place been determined?”

“I heard they hadn’t made a decision.”

The most famous animation brand in Mi Country is well-known all over the world. They don’t only have their animations every year, but also have the world-famous amusement parks. Last year, they built the fourth amusement park all over the world which is in S City, Hua Country.

Since the park was opened, it is full of people every day and has no off-season.

Similarly, the British Empire also has a famous TV brand which is about a magical world! There are only two amusement parks around the world about this brand.

One is in the place where they acted the TV show. The other is in the country next to Hua Country. And Hua Country has talked with them that they will build one in Yanjing next year.

“At the end of the year, the specific location will be decided. There are two places to choose at present, but I don’t know which one will be chosen.” Shu Sheng smiles, “The land-use right of one of them is in our hands.”

If you find any errors (broken links, non-standard content, etc..), Please let us know via our discord so we can fix it as soon as possible.

Chapter 229 Ah, Being Accosted!

Strictly speaking, half of the use right is in Tang Consortium’s hand.

“Mrs. Tang...”

Shu Sheng is a bit worried because Lang Cha actually bought this piece of land many years ago, but he rented it to a local businessman because he seldom dabbled in Yanjing’s business. He just took it back last year and gave it to Lang Ruoxian.

Therefore, this land should be said to belong to Lang Ruoxian. If Bai Susu has an idea at this time, there may be infighting.

“The company is left to me, so she won’t bother about.” Lang Ruoxian knocks on the table. “My mother-in-law is a very smart woman. Who has the other piece of land?”

“Bai Family.”

“Bai Family?” Bai Susu frowns. “Are you sure?”

Lang Ruoxian nods. “It shouldn’t be wrong.”

“One of Bai Family’s ancestors once was five-rank official.” Chang Pei’e recalls history. “When the Eight-Power Allied Forces entered Yanjing, because their ancestor was serving as an official at that time, their property was transferred early.”

“After liberation, all the lands are owned by the country. At that time, Bai Jiancheng’s grandfather was a regimental commander of the People’s Liberation Army and later was appointed as a marshal. Therefore, that piece of land of their family was given back to them after the reform and opening up.”

Of course, just like Lang Cha, they rented that piece of land. After all, the lands in Hua Country are public ownership.

“But it seems that their land has been leased to a foreign company, and it should not have expired.” Bai Susu thinks for a moment. “The building was built by the company, and the right to use it for decades has been in the company’s hand. Bai Family has no way to take it back.”

Lang Ruoxian’s eye expression changes. “But what if they use another piece of land to compensate?”

“It is not impossible.” Bai Susu frowns. “But then they will do bigger movement.”

Bai Family.

Bai Yuanqi looks solemn. “Dad, do you really want to win the project of the theme park?”

“Of course.” Bai Jiancheng stands in front of the French window of the study and looks at the sunset outside. “Yuanqi, there will be a change of the term of office in three years. We have to plan for the future.”

“Dad, if Tang Ming is relieved of his office, it will have little effect on us.” Bai Family is originally neutral.

Bai Jiancheng shakes his head. “You have seen the incident this time. I am afraid he will get me down before this.”

“He has the ability?” Bai Yuanqi snorts. Tang Ming is suspicious and sensitive. Although he has some courage, he is just so-so.

As for the fact that he was removed from position before, it is nothing. Bai Yuanqi doesn’t like politics but doing business. However, his younger brother Bai Yuanfei is still young and cannot carry the burden, so he has to follow his father in his official career for the sake of his family.

It is just to his liking now that he has been made a mere figurehead and he can free up his hands to manage Bai Family’s company.

“Whether he has it or not, we have to make preparations in advance.” Bai Jiancheng’s eyes flash greedily. “You have seen the theme park in S City.

China has a lot of people. You should know how much the park earns every day.”

Of course Bai Yuanqi knows.

“But... Country provides the land, the rest are invested by some big companies.”

Those who have been to the park can see that basically, bigger entertainment facilities have logo signs which are familiar to civilians, such as Taobao, and a domestic car brand...

The country will not spend billions to build such a large theme park, and will naturally apportion the money to the enterprises. The enterprises will get the chance to hang their logo in return, which are used as advertisements.

“Strategic partners! Of course there are.” Bai Jiancheng pushes his glasses. “This is a very far-reaching strategic line, and so must Yanjing’s theme park.”

Bai Yuanqi says, “That’s what I mean. We might as well be strategic partners. The country can rent the land, but the rent will not be more than it is now. And if we really want to rent it... I’m afraid it will be difficult for us to rent it again next time.”

“Do you think I want to rent the land?” Bai Jiancheng smiles. “Our rent has not yet expired, and of course we cannot take it back. What I meant is sponsorship. Yuanfei has a food company and we will sponsor food.”

Bai Yuanqi also smiles. “We share the same idea.”

“But that’s not what I want to tell you today.” Bai Jiancheng changes the topic. “You know, the theme park has made two suggestions about the site selection. One is the land of our family and the other is the land in the development zone held by Tang Family’s good son-in-law.”

Bai Yuanqi doesn’t know where his father gets the information. “Really? I have heard that the land is empty this year, and several real estate developers I know also want to buy it and develop it into real estate.”

“Tang Family won’t sell it.” Bai Jiancheng knows Bai Susu. “And the land is not hers. The decision is up to Lang Ruoxian.”

Speaking of which, Bai Jiancheng's anger comes up again. If Bai Jingzhu hadn't offended Tang Duo again and again, he might have talked to Lang Ruoxian about cooperation. Now... Haha, Tang Family members will drive him out.

"If Tang Family takes out that piece of land, then the leading body at a higher level will choose them first." Bai Jiancheng's tone is not very good. "And we still have to use money to grab the chance for this cooperation."

"But Dad, you are still in position. So they will not make it so bad, are they?" Bai Yuanqi thinks for a while. "Or you want Tang Family not to participate in this investment?"

"Yes!" Bai Jiancheng says coldly. "Our relationship with Tang Family can't be eased, then we just leave no room for manoeuver."

Tang Family.

Tang Cao can't eat any more. "Dad, do you understand what they are saying?"

"Of course!" Tang Yao puts down his chopsticks. "They are talking about how to crush Bai Family."

Tang Cao squints at him and Tang Yao becomes angry. "What is that look do you have? I am your father, of course I know more than you!"

"I don't believe you."

Both heads of the father and son are almost under the table when Bai Susu knocks on the table. "What are you two whispering about?"

"Xiaocao doesn't understand you... Hmm..."

Tang Cao covers his father's mouth. "It's okay. It's okay. Mom, you keep talking. Keep talking!"

"So a theme park is going to be built on that piece of land of ours?" Yan Hua is also quite excited. She also likes those movies!

Gungun's eyes open wide and round. "What is that, Mom?"

“I’ll show you the movies later.” Yan Hua touches her son’s head. “It will be just as wonderful as the theme park we went to last time!”

Gungun excitedly says, “Is it here near our house? Then we can go and play at any time.”

“Uh-huh, but it will take years to build it.”

“Mom.” Gungun suddenly looks at her seriously. “Sister Wuyou has not been to Mickey Mouse Park. When shall we take her there?”

Yan Hua looks at Wuyou, but Wuyou’s expression shows that “it has nothing to do with me.”

“The National Day!” Yan Hua decides. “We will go together during the National Day holiday.”

Gungun is at ease to continue to eat. After eating, he pulls Wuyou to see the magic world movies which Yan Hua just said to be very amazing.

Yanjing’s business circle suddenly is surging. News of the theme park is spread quickly and many people are eager to get a piece of the cake. These have nothing to do with Yan Hua. Soon it is September, and Gungun and Wuyou will start school.

“This is yours, and that is Wuyou’s.” Yan Hua carries the packed schoolbags to the backs of the two little children.

Originally, the whole family would send the children together, but Tang Yao and Bai Susu were both infected by the flu a few days ago. In order not to infect the children any more, the couple temporarily moved to another residence for a few days.

Chang Pei’e is so old that Yan Hua won’t let her go. Lang Ruoxian’s company has temporary emergency, but it is agreed that they will pick up the two little children together in the evening. In the end, only Yan Hua and Tang Cao go to send the children. Yan Hua feels it quite good, especially at the school gate when she sees some family have a dozen people to send a child to school.

“Class 8.” Wuyou, holding the admission card, expressionlessly points to the small flag not far away with the number 8 on it.

Yan Hua leads them over. A white-skinned, clean and middle-aged woman greets them. “Ms. Tang? Hello, I am the head teacher of the children. My surname is Zhang.”

“Hello, Miss Zhang!” Yan Hua pushes forward Gungun and Wuyou. “I’m sorry to bother you. Please contact me if you have any questions.”

Zhang Lin has been very uneasy today. It should be said that she has been uneasy ever since she knew that Tang Family’s two children were assigned to her class. Now she sees Ms. Tang is so polite, she feels relieved a lot.

“You are welcome! Lang Wuyou, Lang Xuanyuan, right?”

Yan Hua says, “Gungun, Wuyou, greets the teacher.”

“Good day, Miss Zhang!” Gungun cutely says.

“Good day, Miss Zhang.” Wuyou has no expression.

Zhang Lin exclaims in the mind. How really good-looking they are! So cute! But why is the girl not much like a Tang Family member...

“Go to the classroom with your seniors!” Zhang Lin puts aside her thoughts. It has nothing to do with her. She is just a teacher.

Tang Cao grabs the two children and says, “Miss Zhang, can I take them in?”

“Yes, yes!” Parents are allowed in on the first day of school.

“Sister, don’t go, and wait for me in the car.”

Yan Hua knows what he is going to do and whispers, “Don’t overdo it. That’s about it.”

Yesterday Tang Cao said that he would send Gungun and Wuyou into the classroom to deter other children so as Gungun wouldn’t be bullied later. Originally, he also wanted to call Chen Xiaopang, who has a tattoo on his thigh. So Chen Xiaopang can scare the children better. But Yan Hua refuses.

Therefore, Tang Cao has to do it himself!

It is cloudy and not hot today. Yan Hua stands beside the car and waits. She doesn't know when she notices that she is being looked at all the time. She turns to see not far from the car stands a man, looking at her unabashedly.

"Miss." Bodyguards have long found out. "Do you want us to drive him away?"

Yan Hua waves. "No, he won't come over."

This is the school gate. She doesn't want people to watch the fun. But no sooner has the words been spoken than the man comes over.

"Hello!" He shakes his head in a way that he thinks himself handsome. "Miss, are you coming to send your younger brother and sister to school?"

Yan Hua glances at him. He looks OK, but eyes are frivolous. Thick dark circles under the eyes show that he has had too much sex. His pants are tighter than hers, and shoes are red with a big ladybug painted on...

"I send my son and daughter." Yan Hua says flatly and the bodyguards are eyeing covetously behind her.

Hu Quan is stunned. How can such a young beauty have children?

If you find any errors (broken links, non-standard content, etc..), Please let us know via our discord so we can fix it as soon as possible.

Chapter 230 Look for Trouble

Hu Quan actually doesn't want to do anything. He isn't stupid enough to have an affair at Caesar's gate. Besides, the other party is obviously a rich man's wife. He just looks and flirts. Although Yan Hua's attitude is very cold, he doesn't mind. He still wants to enjoy himself.

"My son is also starting school today. He is in Grade One. How about your children? What grade? Which class? Maybe they are in the same class as my son!"

Yan Hua stands to the side, thinking of going back to the car.

"Grade One." She says, "Sorry, it's too hot, so I'm going back to the car."

Bodyguards are very smart to pull open the car door. Yan Hua is about to get into the car, but out of the corner of her eyes, she sees a woman coming quickly and being about to slap her.

“Well, you! You should seduce men in the day!”

Naturally, she can't beat Yan Hua. The bodyguard moves more quickly than she does and stops her hand in mid-air.

“What are you crazy about?” Hu Quan gets a fright and pushes the woman, his face becoming dark.

Guo Lili is pushed by him to stagger, 10-inch-heel shoes almost falling off.

“Quan? You beat me for another woman?” Guo Lili looks resentful, then she points to Yan Hua and scolds. “You dare to seduce men at the school gate. How shameless!”

Hu Quan knows that Guo Lili is usually narrow-minded, but he doesn't expect her to be so mindless.

“You shut up! I don't know her.” He says hastily, then is going to pull Guo Lili to leave.

Yan Hua says coldly. “Wait. Shouldn't she apologize for scolding me?”

“Yes... Yes, apologize!” Hu Quan is suddenly dominated by Yan Hua's imposing manner, so he is more sure that this woman is not easy to handle.

Guo Lili only thinks of the scene of her husband with Yan Hua just now. Hu Quan often sleeps with women outside, but all of those women are prostitute models and get some money for having sex.

But this woman is different, for she is so beautiful. Though Guo Lili is also a woman, she has to admit that this woman is very beautiful, who wears top-notch custom-made clothes. Guo Lili has to carefully calculate before buying such clothes, not to mention the Maybach and bodyguards behind the woman.

“Do you still want me to apologize to her?” Guo Lili stares at Hu Quan in disbelief, then goes to scold Yan Hua, “You b**ch! What do you want to do?”

She feels that Yan Hua must also have a crush on Hu Quan. If Hu Quan knows about her idea, he would have to spit out blood. He is a bit good-looking, but he is not good-looking enough to make any woman whom he meets in the street has a crush on him...

“Sister!” Tang Cao sees someone close to Yan Hua from a distance and rushes over. “What’s the situation?”

Yan Hua looks at Guo Lili and says, “Apologize or you will not leave today.”

Behind her the bodyguards have rounded up, but Guo Lili is not afraid. She doesn’t believe that Yan Hua dares to let these people do it in the day.

“Second Child Tang...” Hu Quan has been silly. He doesn’t know Yan Hua, but he knows Tang Cao! Though both of them are playboys, Tang Cao is much superior to him.

Wait a minute! What did Tang Cao just call this woman? Sister?

“You... You are Ms. Tang?” Hu Quan stares at Yan Hua as if she were a ghost, and then feels himself stupider than a pig.

He’ll say! Since when there is such a beautiful woman in the circle, he should have thought that she is that one...

Tang Cao looks at Hu Quan and asks, “Who are you?”

“Haha...” Never let him know who I am. Hu Quan thinks. Seeing that Guo Lili hasn’t yet understood the situation and wants to scold Yan Hua again, he slaps Guo Lili in the face and then grabs Guo Lili’s arm to leave.

“Ahhh...” Guo Lili is knocked silly. Her foot is sprained and she is dragged on the road by Hu Quan before she can yell.

She is so painful that she sheds tears. She scolds no more but cries, “Quan, you let go. It hurts me to death...”

Hu Quan ignores her and walks faster. In front of the car, he rudely shoves her in, then starts the car and runs away.

“Did that woman bully you?” Tang Cao gets into the car.

Yan Hua nods grumpily. “Encountered two crazy people for no reason.”

“F**k! I should not have let them go just now.”

Yan Hua asks the driver to drive. “If you haven’t let them go, don’t you want to beat them? This is the gate of the school. How bad will the impact be?”

“Then we should ask their names.” Tang Cao’s face is ferocious. “This is not over!”

At that time, they didn’t expect the thing to get serious until Yan Hua receives Fang Diandian’s phone call after lunch.

“Sister Duo, look at micro blog!” Fang Diandian says anxiously, “You and Tang Cao have made the headlines.”

Yan Hua is stunned. “What?”

“Oh, look at that soon!”

Yan Hua hangs up the phone and opens the micro blog. She needn’t look for it because she has received the push. The title is cheesy.

“The legal wife rips the mistress, but the husband beats his wife!”

The following is a video. The video is cut a section. At first, the man was next to her. Then the woman came to beat her and was caught by the bodyguards. Then the video jumps straight to the section in which Tang Cao ran over and the man slapped the woman and dragged her away...

The reason why it becomes a trending topic is that someone has recognized Tang Cao. Yan Hua only shows the back in the video, so netizens don’t know who she is. The netizens start to criticize on the Internet. At the beginning they say that the rich second generation bullies the woman, then others take the initiative to restore the plot. There are different opinions.

“F**!” Tang Cao is playing games in his room, but for Chen Xiaopang’s call to tell him, he doesn’t know he has been in the trending topic. He runs downstairs to see Yan Hua looking at her mobile phone. He shouts, “Sister, I know who the son of b***ch is. I’ll send someone to deal with him!”

Chen Xiaopang’s circle is wide. Seeing the video, he recognizes the man inside is Hu Quan, an ordinary rich second generation.

“I had a meal with him. This guy accepts every woman who hooks him. He often has sex with those women in night entertainment venues. I hear that his wife was his secretary and they had a shotgun marriage.”

By this time the whole family have known that. Tang Yao and Tang Cao are shouting to deal with Hu Quan. Chang Pei'e calmly hears the story and Bai Susu has already contacted the website.

“Ruoxian takes action more quickly than me.” Hanging up the phone, Bai Susu says, “But...”

Just then, there is the sound of brake outside the door. Tang Cao jumps over and sees. “Brother Ruoxian is back!”

Lang Ruoxian walks into the room with gloomy eyes. When he sees the video, he immediately contacts the website and asks them to withdraw. However, although micro blog is not allowed to post, there are too many other channels. The video is still being spread and they can't keep up with the speed of sealing the posts.

“Brother...” Tang Cao is about to call him. Seeing Lang Ruoxian's expression in the eyes towards him, Tang Cao gets angry. “You... What that look do you have?”

Lang Ruoxian's eyes clearly shows.

Useless!

“I...” Tang Cao wants to argue, but the words come to the mouth but are swallowed back.

It is really him that is useless. When he left in the morning, he promised the whole family that he would protect Yan Hua and the children. As a result, this happened.

“Am I very unlucky?” Yan Hua smiles at Lang Ruoxian self-mockingly.

Lang Ruoxian is extremely distressed. The person he carefully cherishes is vilified again.

“I find not only that woman, but also the person who sent the video.” Lang Ruoxian hugs Yan Hua, “I will avenge you!”

“Sh*t!” Tang Cao shouts, holding his mobile phone. “Is that woman crazy? She has forwarded the micro blog post.”

On the way, Guo Lili is told by Hu Quan about the identities of the two persons just now.

“You listen up! If today’s event gets through smoothly, then nothing will happen. If it can’t get through, you will have to apologize to them even if you have to kneel down.” At last Hu Quan says fiercely, “Otherwise, you will go back to where you came from.”

After Guo Lili knows that they are Tang Family members, she is also scared. However, Hu Quan’s attitude makes her feel sad and gives a rise to a strange idea.

“I don’t know their identities. If you hadn’t used your lower body to think when meeting women at ordinary times, I wouldn’t have been so excited.” She cries. “I gave birth to a son for your family. Is that what you are doing to me?”

Hu Quan smiles scornfully. “If it weren’t for you giving birth to a son, do you think you can marry in my family?”

This woman is not exactly honest at ordinary times. Even if she catches him sleeping with other women outside, she will complain at most and cry a few words. He will buy a bag and send her to quiet her down. He doesn’t expect her to be so out of control today and offend important persons.

Guo Lili clenches her fists. She has been knowing that Hu Quan didn’t care about her and married her only for her son. After graduating from college, she entered Hu Consortium and spent a lot of time getting close to Hu Quan.

Because she was young and beautiful, and won his favor, they soon got into bed. At first, Hu Quan just kept her as a toy. After a year or two, he would be tired of her and give some money to dispatch her. But a year later, Guo Lili was pregnant.

“Hum... If it weren’t for my health problems, and my parents care about my son, would I marry you?” The more Hu Quan thinks about it, the angrier he becomes. “You should be satisfied. Take care of my son and be Mrs. Hu. Don’t worry about anything else. Otherwise, I don’t mind changing someone to be your son’s mother!”

Guo Lili is filled with apprehension. She didn’t know that Hu Quan had physical problems before. The survival rate of sperm is low and it is difficult for

him to make a woman conceive. Otherwise, the children of him would have been in a long queue by now.

She was the only woman who became pregnant, so she had to be said very lucky.

“I know.” Guo Lili grits her teeth. “I will never make any trouble in the future.”

Hu Quan glares at her. “Remember what I said today and settle down.”

Not long after returning home, Guo Lili sees the online video. She doesn't know who posted it, but she is secretly happy. At the same time she looks at Yan Hua in the video, the expression on her face gradually distorts.

Why? Why is this woman rich, powerful and beautiful? They are both women, but she has to endure her husband's betrayal and abuse from her mother-in-law. Why can't she live like this? Why?

By some chance, Guo Lili forwards the micro blog post and says in a tone of persuading netizens.

#Oh, you misunderstood! They were not a couple. I was at the scene. I heard Second Child Tang calling her Sister. That was Ms. Tang!#

This is terrible, and netizens start to discuss it crazily.

#So, Ms. Tang is a mistress?#

#I will say that the information is choking. I need to digest it. Speechless.#

Don't be ridiculous. How can Ms. Tang to be a mistress? Her husband is so handsome.#

#The previous post sender doesn't understand it... The husband is the husband, while the lover is the lover, who brings different feelings. Haha!

...

The video has no longer been allowed to be forwarded, so it can't be clicked to open, but Guo Lili's remark soon replaces the video headline and the Internet explodes.

Chapter 231 Gungun Has Fought

After coming to her sense, Guo Lili is scared and quickly deletes her forwarding and comment, but netizens have already forwarded screenshots everywhere. She is worried to see the situation becomes serious at first, but then she thinks again.

What she commented was the truth, and she didn't say anything important. Even Tang Family cannot arrest people casually. It is not a feudal society. It is now a democratic era. Guo Lili has just comforted herself when her mobile phone rings.

"Hello, honey." She answers the phone, lacking in self-confidence.

On the other side of the phone is Hu Quan, who is furious.

"Do you have a f**king brain?" Hu Quan scolds Guo Lili severely.

He was almost scared to death when he saw the video on the Internet. He thought he would be dealt with and hurried home to find his father. Hu Quan's father almost had a heart attack after hearing this. The father and son discussed whether to take the initiative to go to Tang Family's house to apologize.

They hadn't decided yet, but they saw Guo Lili forward the video.

The father and son were stunned.

"Are you f**king ignoring my words?" Hu Quan scolds. "Guo Lili, did you mean it? Ah? What's the advantage you will have of dealing with me?"

"Honey, I didn't!" Guo Lili says hastily. "I... I was afraid that netizens might misunderstand Second Child Tang, so I said that it is his elder sister."

"Get lost!" Hu Quan is anxious to stretch a hand from the phone to strangle her. "I tell you, from now on you will stay at home. Don't go anywhere and don't do anything."

"I'll pick up our son later..."

“I don’t need you to pick him up. I’ll ask the driver to pick him up and send him to my parents’ house.”

Crash, the phone is off.

Guo Lili severely drops her mobile phone on the ground. “You just knew to scold me. You just knew to scold me! If you are capable, you should be unreasonable to Tang Family members...”

She sits for a while blankly, then begins to change clothes.

Can’t let him put their son in her mother-in-law’s house. She must be with her son!

“Mom!” Gungun and Wuyou are brought back by Lang Ruoxian.

He didn’t let Yan Hua go to pick up them. The heat on the Internet hasn’t gone down yet. There must be reporters at Caesar’s gate. Indeed as expected, as soon as he meets the two children, someone rushes at them with a camera.

Gungun is careless. He is stuffed into the car and doesn’t see it. Wuyou casts a glance at the reporters, but under the hint of Lang Ruoxian she keeps silent.

“Gungun, how is school?” Three women of Tang Family surround Gungun.

Yan Hua specifically asks Wuyou. “How about Wuyou? Are you used to it?”

“I am used to it.” Wuyou has no emotion. In her sense, going to school means that sitting in the classroom without moving casually and listening to the teacher say some strange words. Hmm... But lunch is delicious, with plenty of meat and she can tolerate.

Gungun is not used to it. “Great-grandma, did you go to school, too?” He begins to ask from the most soft-hearted person.

Chang Pei’e smiles. “Yes, Great-grandma was also a college student. College students were very popular at that time.”

“How about Grandma?” Gungun asks a different person.

Bai Susu didn’t go to college. Her stepmother didn’t give her a cent, where could she go? However, she herself attended the night university and took part in the adult college entrance examination, so it also counts.

“Mom...” Gungun feels hopeless. How can't mom have gone to college? Mom is so amazing.

Yan Hua is embarrassed to say that.

“Gungun, didn't you say on your way back that all the educated people who go to college are great?” Lang Ruoxian comes to the rescue of Yan Hua.
“Then you don't want to go to school?”

Gungun clenches his fingers. “Dad, I want to go to school. But I think school time is too long. Can I not go to school in the afternoon?”

Wuyou says a sentence at this time. “Afternoon nap, not good.”

“Afternoon nap?” Yan Hua is stunned. “Can you have a nap?”

Gungun immediately says, “Many children don't sleep. The sleeping children all go to the toilet!”

“Is it the dormitory...” Yan Hua asks curiously, “After lunch, you will finish school at 4 o'clock, and you have a nap?”

Wuyou answers, “Yes.”

“I'll call the teacher.”

The head teacher gets a call from Yan Hua and is stunned. She complains the dean of students in her heart. Why didn't he tell Tang Family members clearly?

“Well, Ms. Tang, the school has provided dormitories for the children who want to take a nap. The cost is the same as that of living in the school. Some children do not take a nap at all, so this is not a requirement for every child.”

Yan Hua tells the teacher to give Gungun and Wuyou a dormitory, and she will go over to handle the formalities tomorrow.

The teacher says politely that there is no need to worry. Yan Hua can re-submit it any day when she is free. Tomorrow the dormitory will be arranged for the children first.

“OK!” Yan Hua looks at Gungun and feels that she should tell Wuyou.
“Wuyou, go to the dormitory to have a nap after lunch tomorrow, and then

wake up Gungun to go to classroom when hearing the wake-up bell. Do you remember?”

Wuyou answers, “Remember.”

In the evening, Yan Hua asks what Lang Ruoxian plans to do.

“I mean, don’t involve the company first.” She doesn’t know what Tang Duo would do if she restored her memory, but she has no habit to use Tang Family’s identity to suppress others.

She is not Virgin Mary. Who scolded her is Guo Lili. Hmm... And Hu Quan is a disgusting man. If it weren’t for him, nothing would happen. However, there are so many employees in Hu Family’s company. If Lang Ruoxian aims at the company, definitely it will cause many people to leave office or even lose their jobs.

“I know how far to go and when to stop.” Lang Ruoxian buries his head in Yan Hua’s neck and takes a deep breath. “This is Yanjing. Tang Family has a special status. People are watching whatever we do. I won’t let anyone have something on us.”

But... It’s okay to toss it around.

Therefore, Hu Consortium’s several projects are taken away one after another in a few days, and even one of them belongs to a good friend of Hu Family.

“Hu, you don’t know who your family offended?” The friend reminds him.

Hu Quan’s father naturally knows, but...

“Ala... What should I do, you say? Shall I meet Tang Consortium’s staff?”

“It’s right to apologize!” Things on the Internet have been suppressed by Lang Ruoxian and less and less attention has been paid to them.

However, as an old friend of Hu Family, he still knows something. “If let me say, it is estimated that they won’t do anything more. It’s better for you to lose a few projects than to go bankrupt!”

Hu Quan’s father certainly knows. Let alone Tang Family, even Lang Family who are in G Province he can’t compare.

So this morning Hu Quan and his father go to Tang Consortium. Anyway, it is always good to meet Lang Ruoxian. They just sit down and the coffee are served. But before they open mouth, Lang Ruoxian's face changes color after he answers the phone.

Hu Quan is terrified and hesitates whether to ask, but his own mobile phone rings.

"Hello, yes, I am!"

"What? Yes, I'll be right there."

Hu Quan's father doesn't know what happened. "What's the matter?"

"Dad, the teacher called and said Xiang was injured in school!"

Hearing this, Hu Quan's father forgets that they are still in somebody else's office. He is about to open his mouth to scold, but he hears Lang Ruoxian's sepulchral voice.

"My wife just called me to go to school and said my son had a fight."

Hu Quan and Hu Quan's father are speechless.

Caesar Academy.

"No worries, Wuyou. She must be threatening us. The police will not take you away!" Gungun whispers with Wuyou, standing in the corner. Opposite them is Hu Quan's mother who has arrived first.

Guo Lili and Hu Quan's mother are sitting there, crying. "Oh my God, why did kids fight so hard!"

Hu Xiang is lying on the sickbed in the infirmary with his school uniform off to his chest and his left shoulder is black and blue, looking particularly frightening.

"Mom, Grandma, wow... I'm hurt!" Hu Xiang is frightened. He just scolded the pretty little boy for a few words. His elder sister came and gave him a push and then he flew out.

"Did you beat him?" Hu Quan's mother points at Gungun and Wuyou and asks, "Where are your parents?"

The head teachers of the two classes are both present, and the two are embarrassed.

“Aunt, you wait first. Their parents will be here soon.”

Miss Zhang keeps a smiling face, but she complains in her heart. Why are you crying? Your grandson scolded Gungun first. If he offended other people, he would not know how to suffer losses. Unfortunately, this is only a few days after the start of school. Her class calls students’ parents to school, who happen to be Tang Family members...

“Is this how your school is managed?” Guo Lili snorts coldly. “Our child has been sent here well, but to be beaten like this?” She looks at Gungun and Wuyou in disgust.

“The two of you bully others at such a young age, so your parents are certainly not good!”

Hu Quan’s mother pushes aside the teacher and spits. “Where are your parents? Why didn’t your father and mother come?” The old lady turns her eyes. “I heard that there are many illegitimate children and mistresses’ children in the school. Are you two the same? Otherwise, how come nobody cares?”

Miss Zhang can’t bear to listen to such words any more. “Aunt, you are going too far. How can you say that about children?”

“Am I wrong?” Hu Quan’s mother is a face of resentment. “How can someone discipline a child like that? Though they were born by a mother, they aren’t disciplined with a mother!”

Gungun’s little face turns white, tears swirling in his eyes. Finally he can’t stand it. He rushes straight at Hu Quan’s mother. “Don’t say something bad about my mother! You bad old lady!”

Hu Quan’s mother dodges and stretches her hand to push Gungun. Who knows that a figure flashes in front of her and her waist hurts, then she rushes to the wall.

Wuyou stands in front of Gungun, her sepulchral eyes staring at Guo Lili who wants to rush up. Guo Lili gets a fright and turns to help her mother-in-law.

“Mom! Uncle!” Gungun suddenly lets out a cry. He sees Yan Hua and Tang Cao coming.

Tang Cao comes in and looks at Gungun and Wuyou first to make sure his family are all right. Then he approaches the hospital bed precariously. “Yo! Bruise? I thought that you had fracture.”

“What’s the matter with you, old lady?” He turns to see the old lady lying on the ground, groaning.

And Guo Lili is near the old lady. She looks pale when seeing him come in.

“It’s you!” Tang Cao laughs. “What a coincidence, I am looking for you and you appear.”

Guo Lili is almost scared to death. She never expects that the other party are Tang Family’s children. What should she do now... What should she do?

“Call an ambulance quickly!” Hu Quan’s mother still shouts aside. “My, my waist can’t move. You bastards, I will sue you! Call the police! Call the police!”

Guo Lili’s eyes flash and she quickly says, “Mom, we can’t call the police. Let’s forget about this. We’ll take you to the hospital when Hu Quan arrives.”

“What did you say? Are you stupid? I am injured now. Are you blind?”

Guo Lili bows her head and hides her smirk. “But, but we can’t offend them!”

Chapter 232 My Children Are Willing to Do It. What’s Up?

Hu Quan’s mother is angry. She has some reservations when looking at two people. The whole family are good-looking, and it is certain that the conditions in the family are not bad. But those children beat her precious grandson like this. No matter who they are, she demands a settlement!

“Are you the mother of these two children?” Hu Quan’s mother asks Yan Hua.

Yan Hua nods, walks over to Gungun and hugs him and Wuyou in each hand. “The teacher has told me the situation. My children started it first, but I want to listen to them first.”

“Gungun, tell Mom. Why did Wuyou hit that kid?”

Gungun lets out a loud cry, holding Yan Hua sobbing and saying, but he can't say clearly.

Wuyou answers, “He scolded you.”

It's really simple and rough!

“What's the matter with child scolding? Even if he did, you can't beat him so badly.” Hu Quan's mother groans and is helped by Guo Lili to the chair to sit down. “You hit my grandson and then hit me. This thing is not over! I don't care who you are. I don't believe that the school dares to favor you!”

Tang Cao rolls his eyes and says, “Because your child is young, he can swear? Then our children are also young! We don't want to call names but want to hit people. Why can't we? Don't swear if you are afraid of being beaten.”

“Whatever you say!” Hu Quan's mother covers her chest and says, “It's impossible not to give us an explanation today.”

“Mom!” Hu Quan arrives, but Lang Ruoxian walks in front of him.

Guo Lili sees Lang Ruoxian and stares blankly for a moment. She saw the photos of Lang Ruoxian on the Internet before. The real person is more handsome than the photos. She feels sad again. The taste of being soaked with jealousy corrodes her and even her fear is gone.

“Gungun.” Lang Ruoxian pulls Gungun out of Yan Hua's arms, wiping his tears and saying, “Stop crying and tell the story again.”

Gungun sobs a few times, trying to calm himself down, then angrily points to Hu Xiang who is lying there and pretending to be dead. “He scolded Mom. I took my sister to the garden to see the flowers. I heard some people say that my uncle made the headline.”

Because of their young age, Yan Hua didn't let two children bring mobile phones, so Wuyou borrowed the mobile phones of the two senior students and saw the headline. After watching it, Gungun was very angry and said that his uncle wouldn't do bad things. Hu Xiang, who happened to pass by, heard what he said.

“Is he your uncle?” Hu Xiang asked him.

Gungun didn't know what he wanted to do and said yes loudly. Consequently, Hu Xiang began to scold Yan Hua, saying that she was a coquette and seduced men, and then Wuyou pushed him.

Hearing this, Hu Quan's face is out of shape with fear. He looks at his son's injuries and feels distressed and angry. Finally, he slaps his son and shouts, “Isn't it so? Did you say that? Who taught you those words?”

“Ah! Why did you hit my grandson?” Hu Quan's mother neglects her waist and hurries to embrace Hu Xiang. Hu Xiang is scared to death. Unexpectedly, his father doesn't comfort him but beat him. He hides in Hu Quan's mother's arms, crying and shouting.

“Mom said it! Mom said that the woman seduced you, and Mom said that you wouldn't want us but to leave with that woman!”

Guo Lili's face turns pale and she goes to cover her son's mouth in panic. “Xiang, what nonsense are you talking about? Stop!”

Clap! Hu Quan gives her a slap.

“I must kill you today!” He grabs Guo Lili by the hair, drags her to the ground and kicks her regardless of anything.

Hu Xiang cries more loudly in fear, and even Gungun hides behind Lang Ruoxian, shivering.

“Don't hit the woman!” The two teachers hurriedly try to stop the fight. The principal who knows the news and comes in a hurry is bewildered by the scene as soon as he enters the room. Then he resolutely stands to Tang Family's side, closes to Tang Cao and asks.

“Second Childe Tang, this is...”

“This is a family matter. It has nothing to do with the school.” Tang Cao says solemnly.

Naturally, the principal understands the meaning and secretly waves at the two teachers. The teachers immediately withdraw to the side. They are almost injured by mistake, neither of them want to try to stop a fight!

“But... It wouldn't be appropriate to kill someone in school, would it?” Tang Cao says smilingly.

The principal is stunned. After reacting to it, he goes to try to stop the fight and shouts at the two teachers. “Why are you silly standing? Quickly pull them away!”

The two innocent teachers squint.

“Beat! Beat her to death!” Hu Quan's mother still adds fuel to the flames. It turns out that this woman has caused her grandson to suffer so much. “How can you be a mother? Ah? My grandson has been badly taught by you!”

In the end, the principal calls the security guards to hold Hu Quan back. Guo Lili cannot move but to lie on the ground. Her face is covered with blood and her arms and thighs are red and swollen.

“Mr. Lang.” Hu Quan approaches Lang Ruoxian, panting heavily. “Sorry, it's all this stupid woman's fault. I'll give you an explanation.” Then he looks at Yan Hua. “Ms. Tang, I'm sorry. It was my blindness that led to the following event. If you have any request, please don't hesitate to ask, I will accept all.”

Yan Hua doesn't reply and Hu Quan doesn't expect her to say anything. He turns to support his mother and holds up his son to leave. Hu Quan's mother now knows that the other party is not easy to handle, and her daughter-in-law has been beaten like that. How does she dare to make more trouble?

Seeing that they have left Guo Lili on the ground, the principal is anxious to chase after them, but he comes back helplessly after a few seconds. “Call an ambulance. Send her to the hospital first.”

They think Guo Lili is knocked unconscious, but Yan Hua sees clearly that the woman is not dizzy and she secretly opens her eyes, but she is not far from being dizzy...

“Let's go.” Lang Ruoxian hugs her.

Tang Cao leads Gungun and Wuyou. The principal apologizes behind and sends them to the school gate.

Yan Hua was at home when answering the teacher's phone. Bai Susu and Chang Pei'e heard it. When they come back, they see Bai Susu measuring Chang Pei'e's blood pressure.

"What's up with Grandma?" Yan Hua is shocked.

Chang Pei'e whoops and sits up. "Let me have a look!"

Gungun and Wuyou stands together in front of Chang Pei'e. Chang Pei'e checks carefully to make sure that the two children are all right before she feels relieved. "What about... the other child? Is it serious?"

"Don't worry!" Tang Cao lies on the sofa. "The child deserved it! Wuyou did well. If I were her, I would hit him a few more times."

Yan Hua glares at him. "Stop talking nonsense. Are you all right, grandma?"

"It's okay. I was in a hurry. My blood pressure came up suddenly." Bai Susu puts things away. "Tell me, what's the situation?"

Yan Hua tells her the story. Chang Pei'e is very angry after hearing it. "How can such a small child be educated like this? This... Later, the child will not grow up well."

"That's someone else's child. What are you worrying about?" Tang Cao hugs the old woman and coaxes her. "Am I right? Wasn't he hit lightly?"

Bai Susu's face is cold, "The mother-in-law is not good, either."

Having seen Gungun listlessly standing there, Bai Susu hugs the child. "Gungun is right. Grandma will take you to the streets to buy toys on Sunday."

"Thank you, Grandma!" Gungun just smiles happily and jumps into Bai Susu's arms.

Tang Yao went fishing today. When he comes back to hear that, he immediately jumps up and says, "Who is that man Hu? Buy his company! Let him go bankrupt!"

"All right, all right, don't get excited. Leave it to Ruoxian, who will handle it well." Bai Susu makes him calm down and looks at Lang Ruoxian. "Have you done something before?"

Lang Ruoxian nods. "I have inquired about Hu Family, whose reputation is good. Hu Quan, except for..." He changes his word as he sees Gungun who is eating. "Some bad habits, other behaviors are all right."

"It's up to you." Bai Susu thinks for a moment. "I know you're being reasonable."

Yan Hua glances at Lang Ruoxian. Lang Ruoxian smiles at her and claps his hands to show that he understand what she means.

Hu Quan plans to divorce Guo Lili. This trouble maker will make trouble sooner or later. He doesn't know how Tang Family will react. In case... He is worried about this in the company when he receives a call from Lang Ruoxian.

"Mr. Lang?"

Lang Ruoxian's voice calmly passes through. "Do you want to divorce your wife?"

"Ah? Yes, yes! I'll divorce her at once and let her leave without any property. Don't worry!"

"I have nothing to worry about." Lang Ruoxian smiles. "However, Mr. Hu, if you divorce like that, your wife won't give up. However, it is not good for your company to cause a big scandal."

Hu Quan is stunned. What does this mean? Don't let him divorce?

"Divorce is not the only way to solve things, is it?" Lang Ruoxian adds. "If a man doesn't like a woman, it's good to throw her aside. Money is still given, food is still eaten, and outsiders can't find fault with him..."

Hu Quan suddenly is enlightened and knows a little bit.

"Haha! Thank you, Mr. Lang, for your advice. Our Hu Family has done something wrong this time. You are magnanimous to forgive us. Keep us informed whenever you need us."

Lang Ruoxian hangs up the phone.

Guo Lili is lying in the hospital. She feels that she is finished. No one from the Hu Family has come to see her so far and leaves her in the hospital without

caring. Even the medical expenses are paid by herself, and she is afraid and anxious but she doesn't know what to do.

The door opens and Hu Quan comes in with a straight face.

"Husband!" Guo Lili exclaims in surprise. "You... You come to see me!"

Hu Quan grumpily pulls over a chair. "Guo Lili, have you learned your lesson?"

"I have learned! I have learned!" Guo Lili cries and says regardless of pain. "Husband, I really didn't mean it. I just complained and didn't notice Xiang hear it. I really didn't mean to teach him to say that."

Hu Quan ignores whether she meant it or not and waves impatiently. "I've got a nursing worker to take care of you. When you go home from the hospital, you settle down to stay at home. This is the last time I warn you. If you make trouble again, we'll get divorced."

Guo Lili is overjoyed. Even she thought she couldn't go back her home this time. After hearing this, she spends quite a while to make promises. Hu Quan leaves without staying long. Before long, a nursing worker arrives. Guo Lili talks a few words with her and knows the nursing worker is the most expensive one. She feels very happy and cooperates with medicine treatment, willing to be discharged early.

"Did you do something?" Yan Hua hears from Tang Cao that Hu Quan hasn't divorced, and Hu Family's company has had no news. She takes a chance to ask Lang Ruoxian.

According to her understanding, this man's heart is smaller than the needle nose, so how can he just forget it?

"What?" The man looks at her innocently.

Yan Hua pinches his waist and says. "Don't try to cheat me! Just say it quickly."

Chapter 233 Drink Coffee with Qiang Di

Lang Ruoxian holds her under him. "Want to know it?"

Yan Hua turns a supercilious look.

"Remember the night last weekend?" Lang Ruoxian's eyes are dark, and he looks as if he will eat up her.

Yan Hua certainly remembers! The posture that night made her nearly faint from exhaustion and she woke up in the afternoon.

"Do it again, and I'll tell you."

Yan Hua is speechless.

In the end, Lang Ruoxian doesn't accomplish his desire, because Yan Hua will rather be curious than do it again.

After the incident, Yan Hua becomes more famous in the circle. Of course, the words behind her are not very pleasant, but nobody says anything in front of her. At the weekend, she goes to participate in an auction on behalf of Bai Susu, and all the celebrities and rich ladies come.

She didn't expect Guo Lili to come...

"Mrs. Hu, are your wounds cured?" Several women ask around Guo Lili. Everyone knows what happened to her. But no one feels sorry for her.

Guo Lili is dressed beautifully today, and it is unknown if the wound on her face she has been recovered. It is invisible under the makeup anyway. She wears a black skirt, whose temperament is quite good.

".. It was nothing at all, so don't listen to the outside nonsense." Guo Lili smiles stiffly. "It's all a misunderstanding. It's all right."

The others curl their lips and don't expose her secret. Anyway, it has nothing to do with them. It is not worthwhile to offend.

However, a woman who detests Guo Lili at ordinary time catches the opportunity and doesn't want to miss it easily. She smiles and points to the direction of the door. "Yo! Isn't that Ms. Tang? She's here, too."

Guo Lili's face turns pale. She turns to have a look and wants to go.

"Let's go and say hello together!" The lady just grabs her, allowing no explanation.

Guo Lili wants to push her away. "No... No! We are not familiar with each other."

"Hear what you said. Doing business needs friendly intercourse. Although you don't know her, saying hello is necessary. My husband often tells me that when meeting someone like Ms. Tang at a party or somewhere else, I must take the initiative to say hello!"

Others echo. Guo Lili has no time to run but is pushed to face Yan Hua.

"Ms. Tang!" Everyone is polite, so naturally Yan Hua is also polite.

But when she sees Guo Lili, the smile on her face is taken back.

"Excuse me, everyone, I'm going to the bathroom."

When she leaves, the lady looks at Guo Lili with a foxy smile on her face and says, "Mrs. Hu! How do I feel that Ms. Tang seems to be angry with you? Have you explained clearly to her that it was a misunderstanding."

"I... We are all fine privately." Guo Lili bites the bullet to say, "I'm not feeling well. I shall go there and have a rest!"

Then she hurries to the rest area.

"She really dares to come out to participate in activities..."

"Exactly, she didn't expect to meet Tang Duo so unluckily!"

"If I were her, I'd hurry to leave. Why is she holding on to?"

Yan Hua's good mood is gone. Who wants to see someone who has calculated her and brought trouble to her? But she can't go yet. She will donate an item on behalf of Bai Susu today. She will go on stage later to participate in the auction in person.

"Ms. Tang..."

Yan Hua frowns and asks, "What's the matter?"

Guo Lili waits secretly outside the restroom and greets her immediately when Yan Hua comes out.

"Ms. Tang, you see, things have passed. We don't need to be like enemies, right? Before, it was my fault. I didn't make it clear. But your children also injured my son and my mother-in-law, so we are even!"

Yan Hua feels that her values have been refreshed. How can there be such a shameless person...

"So?" She asks ironically, "Shall I buy you a meal?"

"How could I say no!" Guo Lili is delighted and looks down upon Yan Hua at the same time. She feels that Yan Hua is so stupid that forgives her so easily. If she can really make friends with Yan Hua, maybe Yan Hua can also help Hu Family's company, and Hu Quan will worship her later...

"I invite you!" Guo Lili laughs. "What kind of food do you like? How about we go tomorrow?"

Yan Hua's expression changes. She even has some sympathy for Hu Quan. Marrying such a woman, he must have offended the whole universe in his previous life.

"I like many dishes, but I don't like to eat with you." Yan Hua is tired of dealing with her any more. "Get out of the way. I don't want to talk to you."

Guo Lili stops her. "What do you mean?"

"Literally." Yan Hua says coldly, "Do you know what happened to the man who posted the video online?"

"What? What?" Guo Lili guiltily retracts her hand.

Yan Hua glances at her and says, "Go online and see for yourself. If you think it is acceptable, I don't mind also issuing a court summons to you."

After saying this, she leaves Guo Lili, who is shocked. Guo Lili quickly goes online to check after reacting. She really hasn't paid attention to the person who sent the video these days. The guy is a famous social media influencer, making money by sending celebrity's private videos.

“In... In jail?” Guo Lili soon sees the news of the social media influencer, who was arrested a few days ago.

It is not simply because of this incident, but because he is found secretly involved in extortion and violating other people’s privacy. Lang Ruoxian also adds a fire behind his back. He can’t get out at least three or five years.

Guo Lili finishes watching, trembling. Thinking of Yan Hua’s eyes just now, she has no time to take part in the auction but hurriedly leaves the venue.

Yan Hua soon puts this person behind herself. A month has passed since the beginning of school and the National Day holiday has arrived. She wants to invite a Fei Ying and Chen Hong to come to play, but something has happened to Chen Hong.

“Sister Chen takes Mingxi abroad.” Fei Ying makes a video call with her, with expressions of both smile and worry.

Yan Hua guesses at once what is going on.

“Is Brother Li exposed?”

“You bingo!” Fei Ying doesn’t resist smile this time but covers her mouth when smiling. “We didn’t say anything, but he himself let the cat out the bag.”

Li Yi called a lawyer friend who knew Mingxi was his own son. It was unknown what they talked when they mentioned this matter. Chen Hong happened to pass by the door...

“Sister Chen really thinks that Brother Li married her for Mingxi?” Yan Hua is curious, “Sister Chen is so smart that she should know very well in her heart how Brother Li treats her.”

Fei Ying nods. “I guess, she is angry because he has been keeping it from her. You also know that Sister Chen had been hesitating whether to accept him or not, just for fear that he wouldn’t be good to Mingxi. Now she suddenly knows that Brother Li has come for his son. Can’t she be angry?”

“I guess she will be all right when the anger finishes.” Yan Hua thinks a moment and asks her, “Do you want to bring Xiaojiu to come here to play?”

“I haven’t said yet. I have to take Xiaojiu to find Sister Chen.”

Yan Hua exclaims, "Is she going to find Mingxi?"

"Yes!" Fei Ying curls her lips. "In that girl's heart, I guess we can't compare with Mingxi."

Having hung up the video call, Yan Hua goes to browse the hotels online. She has agreed to go to the theme park in G City. Since other people are busy, they will go by themselves. When Tang Cao hears that, he wants to follow, but he is intimidated by Lang Ruoxian and become uninterested in this.

Finally, the family of four goes out to play for a few days. When they come back, Qiang Di asks Yan Hua to drink coffee.

"I'm going to Caesar as a guest teacher." They haven't seen each other for a while. Qiang Di looks much better. Yan Hua doesn't know if Qiang Di has released the bad memory and feeling.

But...

"You don't go there for my son, do you?" Otherwise, why should she be a teacher for primary school students?

Qiang Di gracefully puts down the spoon, takes a sip of coffee and says, "Guess."

"You can tell me whether to give lessons to the primary school section."

"Yes."

Yan Hua squints at her.

"I'd like to congratulate you in advance, so you can get in close contact with the children and feel the beauty of our national buds."

Qiang Di stares at her. "Aren't you afraid that I will mistreat your son?"

"You're not stupid!" Yan Hua's look shows that stop joking.

Qiang Di is estimated to feel bored. She puts down her coffee cup and looks lazily outside. Yan Hua also takes one look. But she sees Hu Quan hug a young girl and enter the opposite shopping center.

"You know him?" Qiang Di raises her hand and waves.

Yan Hua withdraws her eyes. "I don't know."

Guo Lili is sitting in the sitting room with her hair disheveled. Hu Quan has not returned for several days. Her son is picked up by her mother-in-law every day. At first, she thinks her mother-in-law won't let her see her son again. She hurries to the house of Hu Family, but no one stops her.

"I take Xiang here for your own goodness!" Her mother-in-law also says to her politely, "You! Hurry to have a second child."

Guo Lili also thinks that if she has another son, her position in Hu Family will be more stable. Even if she has a daughter, it is also OK. So she returns home happily, but soon she finds that Hu Quan is unwilling to come back.

"Answer the phone! Answer the phone quickly!" Guo Lili dials Hu Quan's mobile phone again, but only hears the voice prompt that the other party cannot answer for the time being.

She drops her mobile phone on the sofa, but she thinks of something and picks it up to dial a number.

"Hello, this is Guo Lili. Where is your President Hu?"

"What? Not in the company? When did he leave?"

"Left at noon?"

Guo Lili hangs up the phone and opens the gossip news on the Internet. There are some photos of the day before yesterday. Hu Quan came out of the hotel with a woman in his arm. At first she doesn't care, for it is a common occurrence, but this time she has a bad feeling.

Because the female model in the photo has been on the news with Hu Quan for several times, which means Hu Quan may be with this woman these days.

"Hello!" Guo Lili makes another phone call.

A few days later, the detective agency sends her an email, most of which are photos of Hu Quan and the young model. To Guo Lili's annoyance, Hu Quan actually bought a house for the woman. The two accessed to publicly and went to the supermarket to buy vegetables together.

“Hu Quan! How can you...” Guo Lili covers her chest. She ignores makeup, changes clothes and goes out.

She finds the house according to the address and sees Hu Quan come out. The young model wears sexy pajamas and hugs him at the door. The two makes a French kiss, then Hu Quan says something, lifts up the woman to enter and closes the door again.

This is the first time for Guo Lili to watch the live version. She cuts off her fingernails and stands at the entrance of the safe passage. Half an hour later, Hu Quan comes out again. Having watched him go into the elevator, Guo Lili knocks at the door.

Chapter 234 The Man... Seems to Be Hua Yan.

He Qin is about to take a shower when the doorbell rings and she smiles. Slowly she walks back to open the door and asks coyly.

“How do you come back again? You haven’t had enough just now... Who are you?”

The resentment in Guo Lili’s eyes is about to spill out, and she ferociously walks in. “He Qin?”

“Hey...” He Qin suddenly realizes her identity and smiles. “Mrs. Hu?”

Guo Lili looks at the house and sees that it is a duplex apartment, over 200 square meters in size. The decoration is very luxurious. Seeing the diamond jewelry on the woman’s neck and hands, she can no longer help scolding...

“You b**ch! Seduce my husband. Didn’t your parents teach you what shame is? What is good to be a mistress?”

He Qin laughs scornfully. “Mrs. Hu, if you have the ability, you should control the lower body of your husband. Don’t come to be shrewish and make a scene with me. Also, don’t scold my family, otherwise don’t blame me for not being polite.”

“Do you have any reason to be a mistress?” Guo Lili is so angry that she wants to tear the woman in front of her into pieces, so she pounces on her and beats her.

He Qin is not a weak woman who can't fight back. She grabs Guo Lili by the hair and the two women scuffle together. Guo Lili beats and scolds, so she doesn't pay attention to the noise outside the door. He Qin's eyes turn and she suddenly lets go.

Hu Quan forgets to take his wallet and comes in only to see his wife holding He Qin's hair and is about to slap her face.

“Guo Lili!” He lets out a cry and runs a few steps to push Guo Lili away.

Guo Lili falls to the ground and sees her husband's distressed face as he lifts He Qin to the sofa. His expression changes when he sees the scars on He Qin's face scratched by Guo Lili's fingernails.

“Sh*t!” Hu Quan turns and lifts Guo Lili from the ground and slaps her.

Guo Lili covers her face and looks at him blankly.

“Did I tell you to settle down? What the f**k are you doing here?”

“You keep a woman outside!” Guo Lili responds and cries, “How can you keep a woman? How can you?”

Hu Quan is so angry that he laughs. “Why can't I? I used to do this, didn't I?”

“That's different... Different!” Guo Lili points to He Qin. “You not only sleep with her, but also buy her a house and keep her!”

“The money is mine and I will give it to whoever I want.” Hu Quan says coldly, “Guo Lili, do you still remember what you said when you asked me to marry you?”

Guo Lili pauses.

“I said at the time that the child would be born to me, I would give you alimony, and wouldn't stop you from visiting the child. But what did you say? You said that you didn't mind me having other women, whom I was with, as long as you married me, as long as you were Mrs. Hu.”

Hu Quan looks at her from a high position. “Why? Have you forgotten what you said?”

“I... I...” Guo Lili wipes tears. “I’m not... I...”

She can’t say it and doesn’t know how to say it.

She remembers what she said at that time. In order to marry into Hu Family, she said whatever was good to hear! Which woman would like her husband to have other women outside? She has turned a blind eye over the years. Is it not good enough?

“Brother Quan!” He Qin hugs Hu Quan and says coyly, “Forget it. Both of us are women. We are not easy.”

Hu Quan looks down at her, only to find that He Qin’s eyes are red, apparently after crying.

“You go into the room first and I’ll send her back.”

He Qin looks at him with watery eyes. Hu Quan smiles, squeezes her chin and kisses her. “I’ll come over in the evening.”

Guo Lili is taken to return home. At this time, she has already forgotten the jealousy. She is afraid that Hu Quan will divorce her and she will have to give up her position as Mrs. Hu. But Hu Quan just gives her a cold look and leaves without saying anything.

After that, Guo Lili begins to worry, but He Qin suddenly seems to light up some combat skill and calls to provoke her at regular intervals. Guo Lili is about to collapse, but she is afraid to go to He Qin again.

“You don’t be proud! Do you think Hu Quan really loves you? He just plays, and when he gets tired of playing, I’ll see what you have left!” Guo Lili once again quarrels with He Qin on the phone. After that, the other party doesn’t answer anything.

She is about to go on scolding when she hears a strange voice over there and the phone is hung up.

“This b***h!” Guo Lili drops the phone, but she suddenly thinks of something when he stands up.

Just now? Is it the sound of vomiting? Is she...

“No! No way! Impossible!”

A few days later, she gets news from the detective agency that He Qin is pregnant. Guo Lili tears up the information in her hand into a few pieces, and absentmindedly turns twice in the room, blabbering. Finally she picks up the phone and goes out of the door.

When Hu Quan knows that He Qin is pregnant, he has not returned home and has found a house maid to cook for He Qin. More than a month, Guo Lili doesn't look for him again, not quarreling, not making any trouble.

Just when Hu Quan thinks that the woman finally settles down, He Qin suddenly has signs of miscarriage in the early morning of this day. After being sent to the hospital for rescue, the doctor regretfully tells him that the child is gone and He Qin has miscarried.

“Sister! Sister!”

When Yan Hua hears the news of Guo Lili again, it is already winter and the first snow of the year falls in Yanjing.

As soon as Tang Cao comes back from the outside, he cries out, “Sister, do you still remember Guo Lili?”

“Yes, what's the matter?” Yan Hua suddenly becomes interested in traditional Chinese painting during this period of time and is studying painting in her study. She puts down her painting brush and wipes her hands. “Why do you still care about her?”

“Why should I care about her!” Tang Cao looks at several tadpoles on the paper and doesn't dare to make his elder sister upset. “You don't know! She's in jail. Hu Quan has divorced her.”

This is really surprising.

“What did she do?”

“One of Hu Quan's mistresses was pregnant, and Guo Lili was so bold as to buy off the cooking house maid of the mistress and put some Chinese herbs in her food every day. Later, the woman miscarried.”

Yan Hua is silent for a moment. She has no big reaction. Taking Guo Lili's mentality as an example, even if she didn't go to jail, she wouldn't end up with any good results.

"Hu Quan investigated this and reported to the police, and then divorced Guo Lili. Ah! That was a good deal for that guy. He didn't have to pay any alimony." Tang Cao slurps. "Chen Xiaopang says that Hu Quan has a new sweetheart recently, and it is unknown whether the woman who miscarried for him is still there or not."

Yan Hua looks at him. "Don't contact with such person. Something will happen to him sooner or later."

"Rest assured! He and me can't play together. Only Chen Xiaopang the stupid can eat and drink with anybody."

"Then tell Xiaopang to stay away from him."

"Okay!"

Yan Hua doesn't know at this time that one day in the future, Hu Quan will do her a great favor... But now, after that, she has never heard of anything about Hu Family again.

Once in a while, when she goes to school to pick up Gungun and Wuyou, she will meet Hu Quan. They will keep a distance, pretending that they don't know each other. As if no communication has ever taken place. The good and bad past slowly fades with time.

Time flies. It is another year of spring blossoms. A few days after the start of school, it will be Gungun's birthday. Because Wuyou had no birth certificate originally, Yan Hua arranged her birthday as the same day as Gungun's one when she was registered. She picks up her two children over the weekend. According to the agreement, Yan Hua takes them to the shopping mall to buy birthday gifts.

"Sister..." Out of a store, the driver and coolie Tang Cao suddenly stops moving.

Yan Hua looks sideways and sees his expression as if he has seen a ghost. "What's the matter?"

“I... I just seem to see Hua Yan.”

Tang Family

“Are you sure it’s Hua Yan?” A large family are sitting in the sitting room, but the atmosphere is not very good.

Bai Susu answers, “I haven’t heard of his return...”

“How does he dare to come back?” Tang Yao is so angry that he keeps raising his eyebrows. “Besides! At that time, Hua Family promised that if Hua Yan came back, he would be taken to our family to make amends. But now he comes back secretly?”

Chang Pei’e breathes a sigh of relief. “Why let him come here? This matter has already passed away, and if he does come, it is unknown what rumor will be spread.”

“Sister, why don’t you... Ask Hua Zhong?”

Yan Hua shakes her head for she feels it inappropriate.

In the past year, she seldom contacted Hua Zhong. At first, Hua Zhong always asked her out to play, but after all, she was married and became a mother. She didn’t share common interests with that group of people and felt meaningless after several gatherings.

“I didn’t even go to when he asked me to have dinner during the Spring Festival. Now let me make a phone call...”

“You really had something to do at that time, and didn’t mean not to go.” Tang Cao curls his lips, looking at Lang Ruoxian. “Brother Ruoxian, what do you say?”

Lang Ruoxian certainly won’t let Yan Hua ask. “I’ll send someone to check it tomorrow. If he really returns home, it is impossible not to find it.”

Unexpectedly the second day before Lang Ruoxian makes any movement, Hua Zhong calls.

“Sister Duo...” Hua Zhong on the other side of the phone hesitates.

Yan Hua has a framework in her heart. “What’s up?”

“That... My brother is back.” Then Hua Zhong says hastily, “I really don’t know. My brother came home after the New Year without telling the family. He didn’t come home, either. We wouldn’t have known how long we would be deceived if my father hadn’t found out and called him back.”

“Sister Duo, do you want him to come to your door and apologize?” Hua Zhong asks carefully.

Yan Hua smiles. “No, I don’t want to see him. Let’s just pretend that we don’t know each other. You don’t have to feel sorry. It’s no use holding on to the thing after such a long time.” ...

Hua Family.

“You say, you came back without giving us a notice, staying alone in a hotel for two months in winter. Didn’t you make me heart-broken?”

Ning Ting talks a lot in the early morning. She arranges the house maids to change the quilt cover and pillow for Hua Yan’s room. She also asks the kitchen to cook his favorite dishes. She doesn’t stop all morning.

“Mom, I shall go back to my own house. You don’t have to do this.” Hua Yan sits on the sofa.

He is wearing a white sweater and grey house trousers. His facial features are as feminine as those of Hua Zhong, but he doesn’t look feminine. His temperament is noble and warm, which is different from that of Lang Ruoxian.

This person is really child-like like a jade, unlike Lang Ruoxian, who always makes people feel alienated and indifferent.

“Six years...” Ning Ting says and cries, “Mom hasn’t seen you for six years. In the last two years you rarely even called. How can I rest assured that you stay outside alone? I tell you! I won’t allow you to leave this time, no matter what reason is!”

Hua Zhong and Tang Duo finishes talking on the phone. He goes downstairs. Standing on the stairs, he looks at his only elder brother. Hua Yan seems to have no changes at all in a few years. The only difference is that there is always some solemn expression in his face, and he looks as if he is always thinking about something.

“Mom, I’d like to meet Tang Duo.”

Chapter 235 Encounter in the Street

I’d like to meet Tang Duo.

Hua Yan’s voice is very light, echoing in the air.

“She won’t want to see you.”

Before Ning Ting screams, her younger son’s cold voice spreads first.

“Why do you want to meet her?” Ning Ting shouts, “Our family’s affair with Tang Family has been over. Listen to me, you should pretend not knowing her. You should not meet her again. You should not meet anyone of Tang Family.”

Hua Yan’s lips compress and he looks at his brother who standing at the stairs. Having seen Hua Zhong look indifferent, he gives a wry smile and says, “Zhong, are you still blaming me...”

“Is it useful that I blame you?” Hua Zhong comes over and says, “Time will not flow back. I can’t stop you from doing that.”

Ning Ting looks at her two sons and just wants to speak, but Hua Yan shake his head towards her.

“Mom, it’s okay. Let Zhong say. Since I am back, I have many things to face.”

“What’s the use of facing those things now?” Hua Zhong’s voice finally has some ups and downs. Under Ning Ting’s discontented eyes, he stands up irritably. “You shouldn’t meet Sister Duo. She is leading a good life now. She won’t want to see you.”

Then, ignoring Ning Ting’s calling, he strides away from home.

When Yan Hua meets Hua Yan in the street, she has strong doubts about the sentence that the world is so big that I want to see it. The world is really very small, OK? Or she goes out without looking at the almanac... At first she

thinks she is wrong. After all, she only saw the photos. But the other party sees her with complicated eyes, and then comes over.

“Ms. Tang...” Hua Yan opens his mouth and originally wants to call her Tang Duo as before, but it is unknown why the addressing turns to be Ms. Tang at the tip of his tongue.

Yan Hua has no facial expression on the surface, but she is pondering about Hua Yan in her heart. She finds that he is more mature than the photos. After all, six years have passed.

“Do you have time?” Hua Yan looks around. “Let’s go to the cafe over there and sit for a while.”

Yan Hua narrows her eyes and looks at Hua Yan with obvious contempt. Hua Yan is stunned and says with a wry smile. “I just want to... Say sorry to you.”

“Is that all?” Yan Hua asks, “Then get out of the way.”

Hua Yan stops her. “Tang Duo, I really want to apologize to you. I... I didn’t mean to embarrass you. Just... Just at that time I was too young to think about the consequences of doing that, you...”

“Hua Yan.” Yan Hua looks at him. “So, do you want me to forgive you? All the problems will be solved with a smile, then shake hands and greet you?” Yan Hua smiles. “Because you were young and ignorant, you could trample on the dignity of others at will. Now you regret it? Haha...”

“You regret it not because of the harm you did to me at that time, but because you are mature now, not the silly before. You feel what you have done is not right and your conscience is hard to handle. You just want to give yourself an explanation.”

“After all, it is selfishness.” Yan Hua continues as Hua Yan’s face turns pale. “You want to make yourself feel better, right? Then you have to find your own way. I have no obligation to help you out.”

“And what about the woman you took away?” Yan Hua mocks him. “I think... I’m not the only one you’re sorry for!”

She laughs scornfully and walks away without turning back. Hua Yan, who stands where he was, shakes and almost loses his footing.

“Yan!” Bai Jingzhu runs across the road. “What’s wrong with you? Is everything okay?”

Hua Yan gives her a look. “Miss Bai...”

“Is Tang Duo bothering you again?” Bai Jingzhu was allowed to come out of her house only last month. Her families have made up their minds this time and kept her at home for the new year. Today, she dates a friend to have her hair done. When she sees Hua Yan and Tang Duo in the street, she thinks it is an illusion.

Hua Yan is back? Then she parks her car hurriedly and runs over here.

“It’s been so long. What more does she want?” Bai Jingzhu angrily says, “You don’t like her, do you still have to force yourself to marry her? She is married now and has a child. Why doesn’t she let you go!”

“Miss Bai.” Hua Yan frowns and pushes her away. “Tang Duo didn’t say anything. Please don’t talk so much.”

He doesn’t forget that Bai Jingzhu is the one who exposed the matter. Although it started with him, he doesn’t want to have more contact with this kind of woman. After listening to what she said just now, it is obvious that though she has grown older in recent years, her brain hasn’t grown at all...

Bai Jingzhu sees that he doesn’t look very well. She mumbles two sentences and doesn’t dare to say anything more. However, she immediately asks excitedly, “When did you come back? Are you still going?”

She tugs at Hua Yan’s sleeve and Hua Yan has an impatient expression. He simply throws off her hand and walks away. Bai Jingzhu whoops several times and follows him. Her mind is occupied by the thought that Hua Yan has come back, Hua Yan appears, and she finally look forward to this day.

“Miss Bai, I still have something to do. Please get out of the way.” Hua Yan sits into the car, Bai Jingzhu still clings to the car door.

With a cold face, he decides to put it straight.

“I don’t know you very well. I don’t want to have any communication with you because you made things known to everyone in those days. Stand aside!”

Bai Jingzhu cries at once. “Yan, how can you say that? I didn’t mean it! I... I apologize to you. Don’t be angry.”

Hua Yan sees Bai Jingzhu crying, and keeping saying to him that she didn’t mean it at that time and she is sorry, but Tang Duo’s face flashes in Hua Yan’s mind. It seemed that she said the same thing to him just now.

Yes... By saying “I didn’t mean it,” and “sorry,” what can he recover?

Beep! He suddenly blows his horn and startles Bai Jingzhu.

“Ah!”

While she is retreating, Hua Yan starts the car and drives off quickly with his foot on the accelerator.

“Yan! Yan!” Bai Jingzhu’s voice is drowned in the sea of cars. She stamps her foot and picks up her mobile phone to call her brother.

Bai Yuanfei is with Hua Zhong when he receives the phone call from Bai Jingzhu. After hearing a few words, his face changes color and he slurps when he hangs up.

“I see. You call me out to drink in the day, because your brother came back?”

Hua Zhong waves his glass and says, “He is back. He won’t leave.”

“You really keep it from others well.” Bai Yuanfei gives him a blow. “You didn’t tell me!”

“I didn’t know it until these two days.” Hua Zhong glances at him. “How does your sister know?”

Bai Yuanfei smiles. “She met him in the street.”

“Puff! Then my brother is really unlucky.”

“Anyway, it’s my younger sister. Don’t say anything about her in front of me.” Bai Yuanfei leans in. “By the way, how about the woman he took away at that time? Also brought back?”

Hua Zhong answers. “I don’t know. It has nothing to do with me.”

“For so many years, your family didn’t ask? Your mother didn’t care?” Bai Yuanfei asks strangely, “Aunt should be very worried logically. After all, the woman’s identity was impossible to marry into your family. Your brother eloped for her, which shows that he must have loved her very much.”

Hua Zhong gives him a look. “They separated very early.”

“Separated?” Bai Yuanfei is not much surprised. “That’s OK... Otherwise, if they are still together and come back together, Tang Family will lose face again. Who knows how to argue in the circle?”

“Sister Duo doesn’t like my brother. Even if my brother is with seven or eight women, it has nothing to do with her.” Hua Zhong warns Bai Yuanfei with his eyes. “Later, don’t relate my brother to Sister Duo.”

Bai Yuanfei raises his hand to show his surrender. “It’s useless for me to relate or not. The key is that it is going to be fun again when your brother comes back.”

“Discipline admirably your sister.” Hua Zhong snorts. “Be careful that you want to make fun of others but finally your family may be made fun of by others.”

Tang Consortium.

Yan Hua comes to the company once in a blue moon. She just met Hua Yan. She doesn’t know if her performance is right. Yan Hua despises Hua Yan’s behavior at that time, but she has no memory of Tang Duo and is looking at it from the perspective of an onlooker.

She is not sure whether her attitude to Hua Yan is proper.

“Hua?” Lang Ruoxian has just finished the meeting. He returns to the office after knowing that Yan Hua has come and pushes off the following schedule.

Yan Hua sits at the back of his desk and turns the chair, saying somewhat listlessly, “I met Hua Yan.”

“Did he find you?” Lang Ruoxian’s eyes are cold.

“No, I ran into him in the street.” Yan Hua knocks her head on the table. “Is it bad luck?”

Lang Ruoxian pulls her up and holds her in his arms. “What’s the matter? Does he make you unhappy?”

“No...” Yan Hua rubs against the man’s arms. “I scolded him, but I don’t know if my reaction would be too drastic.”

She repeats to Lang Ruoxian what she said to Hua Yan, but Lang Ruoxian says. “If I were you, I would beat him first, then spit on his face, and finally tell him not to appear in front of me in the future, or I would spit at him every time I saw him.”

Yan Hua bursts out laughing. “I didn’t see why you have eighth grader syndrome now.”

Lang Ruoxian ponders and doesn’t know what eighth grader syndrome means.

“Forget it! It’s nothing. I’m just a little stressed.” Yan Hua embraces him. “I especially want to restore memory today. At least I can use my own feelings to face people or things I don’t like.”

Lang Ruoxian pats her on the back very gently, just like comforting a child.

“Don’t be afraid. It’s nothing. He is not an important person. Later when you meet him, just ignore him. Anyway, everyone knows the reason. If they want to say something or laugh at you, they should have finished doing so years ago.”

Lang Ruoxian knows what Yan Hua is afraid of. Except that she felt a little uneasy to face these people in Yanjing at the beginning, Yan Hua could face them smoothly later. It is also because Tang Duo has few real friends so Yan Hua does not need to face too many people.

But now Hua Yan breaks the peace as soon as he comes back. He pushes Tang Duo in front of everyone else again. There are not many people who know it now. When people all know it later, there will definitely be another wave of heated discussion about Tang Duo and Hua Yan.

“You now have me, Gungun, and Wuyou. What reason do you think those people have to laugh at you?” Lang Ruoxian snorts. “Where am I not better than that guy?”

Yan Hua raises her head and pinches the man's face to pull. Lang Ruoxian lets her pinch his face, eyes being more gentle.

"Well! You're right." Yan Hua loosens her hand and rubs the man's face. "I shall laugh at him if I have to. After all, he is still alone."

Chapter 236 Wedding of a Member of Tang Family

The news of the return of the Hua Yan is spread like a contagion in select society.

Even several social media influencers on the Internet who have backstage supporters release photos of Hua Yan in the parking lot and outside the company, and analyze the feud between Hua Family and Tang Family with an academic tone, as well as the possible consequences of Hua Yan's return. Some people actually has a guessing below...

"Sister, how about it? Is it delicious?" This day Chen Xiaopang visits Tang Family's house to give Yan Hua a present. He has been crazy about a model recently, chasing her to F Country. He also bought a central seat of the spectator stand in the catwalk at his own expense.

"It is said that this brand of chocolate is exclusively for royalty. I spent a lot of effort to get two boxes." Chen Xiaopang continues to brag, "Let your mother and grandmother taste it later!"

Yan Hua wipes her mouth. The chocolate is really delicious. It just melts in her mouth. The whole sitting room is full of fragrance. But...

"What can I do for you?" She asks.

Tang Cao is laughing aside.

Chen Xiaopang rubs his hands and leans in. "I have bet that Hua Yan will be beaten when he meets you, sister... If you meet him, hit him several times appropriately!"

"Sister, ignore this guy!" Tang Cao kicks Chen Xiaopang. "He made a bet, following suit of the idiots on the Internet."

Yan Hua also knows that someone has set up a gamble about this matter, but she doesn't mind. After Lang Ruoxian knows it, he also makes a bet...

He bets just the same as Chen Xiaopang did. She squints.

"What did you bet on?" Yan Hua hasn't seen it carefully yet.

Chen Xiaopang is in high spirits and flourishes to tell her. "At present, some people bet that Hua Yan will give you cold shoulder to keep making you feel disgusting. Some people including me bet that you will hit him. Besides, there are a handful of idiots bet you two will rekindle lost love..."

"So I'll say that the participants are stupid, including you!" Tang Cao sneers. "My sister didn't really like him much."

Chen Xiaopang hurriedly says. "Yes! How can sister regret and be with him again?"

Having said that, he may feel wrong, so he puts it in another way. "How can sister recycle the crap?"

"All right, all right!" Yan Hua says grumpily, "I can tell you that I don't like hitting people, and I won't hit him when I meet him."

Of course, she doesn't want to see this person at all.

"But... But everyone talks about the love letter you wrote to him at that time!" Chen Xiaopang whispers, "Say you really like Hua Yan."

Yan Hua is embarrassed.

She forgets about the love letter...

Hua Bingrong looks at his eldest son and wants to say something. But finally, he just sighs.

"Don't mention the past. Go to the company to help after you have a good rest." He had hoped very much for this son, but Hua Yan had unexpectedly broken his promise to elope, which not only humiliated Tang Family, but also made Hua Family a joke.

Not to mention Tang Ming took advantage of this matter to let Hua Bingrong hand in several monopoly industries to the state. The second branch of Tang

Family also made a complete break with Hua Family, allowing some originally second-rate families to slowly ascend in recent years.

“Dad...” Hua Yan hesitates. “Is it proper for me to go to the company?”

Because of him, Hua Family’s stock fell at that time, so many veteran employees haven’t been satisfied with him.

“It is normal for others to have complaints about you.” Hua Bingrong puts down the cup heavily. “Then you should give others a reason why they shouldn’t complain you.”

Hua Yan is silent. Hua Bingrong looks at him. “You are the eldest son. It is your responsibility to take over the company. Zhong has been rebellious since he was young. I never count on him.”

“There is none who hasn’t done a few wrong things in his life! You’re only in your thirties. Do you want to live with guilt for the rest of your life?” Hua Bingrong pats his son on the shoulder. “Think about it for yourself, but come with me to the company on Monday anyway.”

Hua Yan finally nods. “Then I’ll go out first.”

“Dad...” Walking to the door of the study, Hua Yan suddenly turns around. “Would it have been better if I had directly refused to marry instead of elope with...”

Hua Bingrong smiles. “Of course, you chose the worst way. But what did it matter? If the other party was not Tang Family, they could only endure the disgrace. If our family name were not Hua, we couldn’t have protected you.”

“Yan, you have to remember it! When you have the ability to stand at the highest place, you have the right to name the right and the wrong. If you say it is wrong, it is wrong. You say it is right it is right even it is wrong.”

Hua Yan nods and closes the door without saying anything.

In the corridor, Hua Zhong crosses both arms on his chest.

“Are you going to the company?”

Hua Yan smiles. “Or will you go?”

"I'm not going." Hua Zhong squints at him.

"There must be one son to help Dad. Since you don't want to go, I'll go."

Hua Zhong sneers. "You'd better go so that you have the chance to know Lang Ruoxian."

"Lang Ruoxian?" Hua Yan frowns. "Tang Duo's husband?"

Hua Zhong raises his eyebrows. "Don't say you don't know. You should also have found a lot of things in the past few days since you came back! I can't wait to see who is better, you or Lang Ruoxian?"

"Zhong..."

Hua Zhong interrupts him. "But I think you are not as good as him. At least... His eyes are 1,000 times or 10,000 times better than yours."

"Zhong..." Hua Yan finds it funny and annoying. "I am your elder brother."

Hua Zhong snorts coldly, turns around and leaves a sentence. "If you hadn't been my brother, I would have killed you."

Since then, Yan Hua has never seen Hua Yan again, and it is impossible to meet him all the time even by coincidence. However, she hears that Bai Jingzhu has been chasing after Hua Yan. She runs to the gate of the company to block him every day, except following him home.

"Tang Rui is getting married?" At the end of May, the first branch of Tang Family widely spread the wedding cards. Tang Rui and Hua Yating are going to hold a wedding.

As the same clan, Tang Family's second branch have to go the wedding site early that day. Besides, Chang Pei'e, as an elder, also has to receive tea serving from the new couple. Bai Susu specially makes a new cheongsam for Chang Pei'e, which is delivered today.

"Is your formal dress for the wedding ready?" Bai Susu asks Yan Hua.

Yan Hua shrugs. "Lang Ruoxian has prepared for me. I haven't known how it looks yet."

Bai Susu is very satisfied with her son-in-law doing everything for her daughter. She looks up and sees Tang Cao preparing to go out, so she stops him.

“Your aunt said she would let you be the best man that day.”

Tang Cao looks like meeting a ghost. “Does Tang Rui agree?”

“He has to agree even if he doesn’t want to.” Bai Susu smiles, “After all, we are a family that love each other.”

Tang Cao rolls his eyes and jumps onto the sofa to sit down. “I don’t care, but I’m afraid he will do something stupid that day.”

Basically, Tang Rui and Tang Cao have never had a good talk in private. Even if they meet while playing outside, they will make fun of each other. Amazingly, the two of them seldom meet each other. Sometimes they play in the same Clubhouse and can leave at different time.

“I will be most worried about you that day.” Bai Susu looks at her naughty son with a look that he should know the consequences. “You know your eldest uncle is sensitive about his reputation. If anything bad happens that day, everyone will lose face.”

“I shall pretend to be sick that day!” Tang Cao says casually, “If I were the best man for him, I would have to follow him all day. Mom, do you think we may not quarrel?”

Yan Hua says, “Mom, find a reason! Cao is really not suitable to be the best man.”

Tang Rui is a fool, while Tang Cao is a reckless. The two men will certainly quarrel if they stay together for a long time.

“Forget it.” Bai Susu thinks so, too. “I’ll tell your aunt later. Hua, Hua Family members must be there that day...”

“It doesn’t matter.” For such a long time, Yan Hua has already adjusted her mentality. It doesn’t matter whether she wrote the love letter or not. Who didn’t write the love letter to his/her desk mate or senior when he/she was young?

Young frivolous!

The wedding of Tang Rui and Hua Yating brings together celebrities from all walks of life, politicians and businessmen, as well as famous stars. The whole street is cordoned off, and only CCTV reporters can go in and report.

“Wuyou, take good care of Gungun. When he finishes being the flower boy, bring him over.”

Gungun today will be the flower boy. Yan Hua doesn't rest assured, and asks Wuyou to take good care of him. Before, she suggested that Wuyou be a flower girl. Tang Kai, who is from the first branch of Tang Family, is a boy, so he and Wuyou could exactly be a pair.

“We don't pay attention to those rules, and two boys will be fine!” But the eldest daughter-in-law Yang Yanqing is determined to ask Gungun to be a flower boy.

Yan Hua knows that Yang Yanqing dislikes Wuyou and feels that an adopted child is not qualified to be with a child of her family. Yan Hua is a little angry in her heart, but it's really hard to complain anything these days.

“Mom, I want to eat the cake!” Gungun stares at the three-story cake, and doesn't want to be the flower boy.

Yan Hua tidies up his little bow tie. “Behave yourself well and you will be able to eat it later.”

“Hua, let Gungun go over quickly. It will start!” The second daughter-in-law Zhao Mei runs over and sees Gungun still adhere to Yan Hua. She says immediately, “Don't worry. I'll take care of him. Let's go quickly!”

Yan Hua smiles and says, “Gungun, go!”

Wuyou reaches out and takes Gungun away with Zhao Mei.

Today it is the Tang Family that host the banquet for treating guests. Hua Family won't come here. Only the bride's brothers come to accompany bride to bridegroom's family on wedding day. Some brainless person has arranged the seats. Hua Yan and Hua Zhong brothers are arranged to sit with Tang Family members at the same table...

“If you dare to sit down, I will kill you!” Tang Yao says with a ferocious expression, staring at Hua Yan.

Hua Yan is helpless. “Uncle, I...”

“Shut up. I’ll kill you if you don’t leave!” Tang Yao doesn’t save face for him, and continues to stare at him.

Tang Cao gloats nearby.

“Yan, let’s change the table.” Hua Zhong stands up and nods at Yan Hua.

When the brothers leave, Tang Yao and Tang Cao whisper for a long time. Lang Ruoxian’s company has had something to do, so he doesn’t come until the banquet begins. When Lang Ruoxian walks past Hua Yan, the two men’s eyes meet.

“Lang Ruoxian...” Hua Yan withdraws his eyes first, frowns and says to his younger brother, “He’s not as simple as he looks.”

Hua Zhong gives him a cool look. “So what? Even if he is a bastard, as long as he is kind to Sister Duo, he is good.”

“I don’t mean that, you know.” Hua Yan shakes his head. “Forget it. Pretend that we have never talked about it.”

As long as their topic is involved in Tang Duo, they can’t talk well.

When Yan Hua goes to the bathroom, she meets Bai Jingzhu who is waiting for her with the special intention.

“What’s up?” When Yan Hua is stopped by Bai Jingzhu, Yan Hua is quite surprised. The girl wants to be locked up again, doesn’t she?

Bai Jingzhu stares at her with jealous eyes. “Tang Duo, do you still like Yan?”

Yan Hua is speechless.

Who can take this brainless girl away?

Chapter 237 Bai Jingzhu’s Obsessiveness

Bai Jingzhu feels that she is a perfect match for Hua Yan in both identity and status. This time, she must seize the opportunity. Otherwise, in case Hua Yan leaves again, her family will never let her wait another five years without marrying.

Now her only worry is Yan Hua. After all, she saw Yan Hua's love letter to Hua Yan with her own eyes. The day after receiving the love letter, Hua Yan eloped with a nightclub miss.

"You are already a woman with a husband and children, so stay away from Yan."

If it weren't for fear of not looking good, Yan Hua could roll her eyes to the sky.

"In what capacity do you say such things to me?" Yan Hua wants to leave, but Bai Jingzhu tries very hard to stop her. Yan Hua simply asks, "Are you Hua Yan's girlfriend?"

Bai Jingzhu doesn't feel guilty at all. "Although I am not now, I will soon be his fiancée and remember to come when we get engaged."

"Then come and say these words to me when you become his fiancée." Yan Hua is bored with the woman and pushes Bai Jingzhu's hand away. "Besides, are you sure that Hua Family wants a daughter-in-law like you?"

"What do you mean?" Bai Jingzhu tries to stop her again.

Yan Hua doesn't save face for her this time and hits her outstretched hand hard. "Literally. When you really marry into Hua Family, come and talk to me again! By the way, you can't be so lucky every time, and Bai Family can't protect you every time. You're not too young, so do less stupid things!"

"Tang Duo!" Bai Jingzhu flushes and turns pale by turns, because several people come to the bathroom and hear what they just said.

As soon as Tang Duo walks away on high heels, the onlookers go into the bathroom, whispering.

Bai Jingzhu is so angry that she pushes the door of the bathroom and asks.

"What did you just hear?"

Those who can come to the wedding banquet are not ordinary people. The women unexpectedly think that Bai Jingzhu comes to question them, feeling funny and angry. Bai Jingzhu doesn't dare to provoke Tang Duo but to bully pushovers.

“What’s the matter?” Having seen Yan Hua come back with a cold face, Lang Ruoxian touches her face and asks.

Yan Hua says in a low voice. “I met Bai Jingzhu just now, who was mindless.”

“Don’t worry. Soon she won’t have time to make trouble in front of you.” Lang Ruoxian puts the freshly cut beef on Yan Hua’s plate.

Yan Hua looks at him, and the man smiles, glancing at the Hua brothers at the table next to them.

“I heard from a partner the other day that Hua Family members were looking for someone to marry.”

“They take actions really quickly.” Yan Hua’s eyes flash, “I guess that they are also worried about Bai Jingzhu, so they simply perish her thought.”

Lang Ruoxian kisses her secretly near her ear and says, “Guess who Hua Family members have chosen.”

“Who?”

“Someone of Dong Family.”

Yan Hua is speechless.

After the wedding, Yan Hua follows her family to the door to send people away. Hua Yating, who wears a cheongsam, sees her coming and obviously changes place. Yan Hua curiously looks at her. Hua Yating also looks at Yan Hua with disgust.

“...”

Ha!

Those people all want to trample on her dignity. Who do they think they are! She looks back unceremoniously, with more contemptuous eyes.

Hua Yating's face changes color. But she knows that today is her own wedding day. She is about to withdraw her eyes, but is seen by Tang Rui near her.

"What are you looking at?" Tang Rui asks Yan Hua instead of Hua Yating.

Yan Hua smiles. "Look at the bride!"

"Nonsense!" Tang Rui is not polite. "Then why does she look so pale?"

Yan Hua leans against Lang Ruoxian's arms with a face of innocence. Lang Ruoxian hugs her and faces Tang Rui's eyes. "Then you have to ask her. After all, our Hua and she are not familiar with each other, so naturally Hua won't know what she wants to do."

"Lang Ruoxian..." Tang Rui shouts lightly. If it weren't for the inappropriate occasion, he would want to drive out those people of the second branch of Tang Family.

Before Tang Rui withdraws his ferocious eyes, he hears Bai Susu say with a smile. "Brother Ming, we shall go back first, so as not to displease the Tang Rui couple."

"This is not appropriate!" Tang Ming stares at his son. "Sister Susu, please ignore him, who doesn't know how to behave properly. Yating, how can you learn from him? You should respect your elders. Do you know?"

Hua Yating is almost wronged to death. She knows nothing! She only knows that Tang Rui doesn't like her. He even had an affair with a female star yesterday. But it doesn't matter. She calculated so many times before she gets married. She will be the Young Mistress of Tang Family in the future.

How can Tang Duo hold her head high in front of her? Tang Duo has to depend on the favor of their first branch of Tang Family.

"Come on, their young people are making fuss at trifles!" Chang Pei'e yawns. "I am too old to stand it!"

Tang Yao takes the opportunity to make fun. People of the second branch seize the chance to leave. When they have left, Tang Ming shakes his head at Tang Rui, sighs and leaves.

“What does Dad mean?” Hua Yating feels wronged and says, “We didn’t do anything. Aunt and others leave so soon. How bad will the impact be?”

“Shut up!” Tang Rui says grumpily, “Later if you want to do something to them, just do it face to face. If you are able to bully Tang Duo and Tang Cao, just bully them. But if you are bullied by them, also don’t expect family support, unless...”

Hua Yating’s eyes light up. “Unless what?”

“Unless you make things serious by missing your arms or legs, then my dad might probably come forward.”

Hua Yating is speechless.

“Yan!” Bai Jingzhu manages to catch up with the Hua brothers in the parking lot.

Hua Zhong waves the car key impatiently. “Yan, hurry up. I still have work to do.”

“Zhong, if you are busy, you can leave in advance! I can drive Yan back.” Bai Jingzhu shows an intimate look. “Don’t drive too quickly.”

Hua Zhong is disgusted by her postures of pretence and sneers, “Are you familiar with us? Who do you want to make disgusting when you say such things?”

“Zhong!” Bai Jingzhu looks at Hua Yan with a wronged expression. “I... I am concerned about you. Later we will become family...”

“Who will be your family?” Hua Zhong interrupts her. “There is only one sister in our family, Yating. Where did you come from?”

Bai Jingzhu sheepishly says, “I am not your sister, but I will be your sister-in-law.”

“Miss Bai?” Hua Yan rubs between his eyebrows. “Can you please stop pestering me? I have said many times that I don’t like you. It is impossible for us.”

“But I am the most suitable for you!” Bai Jingzhu says according to her own thoughts, “Who else will be perfect match for you except me?”

Hua Zhong sneers. "There are a lot. Bai Jingzhu, for Yuanfei's sake, I'll say it directly. My brother can't marry you. Don't say that he doesn't like you, even if he likes you, our family won't let you in. You hurry to perish the thought!"

"Why... Why?" Bai Jingzhu's expression shows that he should not make trouble out of nothing. "Where am I not suitable for your family?"

You are not suitable at all.

Hua Zhong is too lazy to argue with a fool.

"Otherwise, you can ask my mother. If my parents agree, my brother will marry you right away."

Bai Jingzhu is pleasantly surprised and asks, "Really?" She looks at Hua Yan again. "Yan, do you agree?"

Hua Yan glances at his younger brother and nods. "Now you can get out of the way. I have to go back to the company for a meeting."

"OK!" Bai Jingzhu's mind is full of the word "marriage." She happily lets them go, and then hurries home.

Bai Family members have just returned. Bai Jiancheng and Bai Yuanqi go to the study. The marriage between Tang Family and Hua Family brings bad influence on Bai Family. They have to discuss what Bai Family should do next.

"You should keep an eye on Jingzhu recently. Don't let her go to meet Hua Yan again." Fang Yan leans on the sofa to refresh her spirit by closing her eyes. "It is impossible for your father to let her marry into Hua Family."

Bai Yuanfei yawns. "Mom, you should say that Hua Family will not let Hua Yan marry her, either. Marrying a mindless daughter-in-law will affect the next generation."

"That's your sister. How can you say like that?" Fang Yan glares at her younger son. "Keep an eye on her anyway. I guess that your father is going to arrange blind dates for her."

If it is possible, Fang Yan also wants her daughter to marry someone she likes. But the one her daughter likes doesn't like her.

“Mom!” Just then, Bai Jingzhu comes back.

Bai Yuanfei glances at her. “Didn’t you catch up with your dream lover?”

“You are so annoying!” Bai Jingzhu rolls her eyes towards him and sits down beside her mother to act coquettishly. “Mom! Go to ask Aunt Hua and let her promise Yan to marry me.”

Fang Yan looks at her helplessly. “Jingzhu, I did tell you that Hua Family was not suitable for you, nor were you suitable for Hua Yan.”

“What’s wrong with me?” Bai Jingzhu asks, “He and I are matched for marriage. I am not ugly. Why can’t I be suitable?”

Bai Yuanfei rolls his eyes beside: You think you are suitable, but Hua Yan doesn’t like you.

“Hua Family won’t agree. You should stop being obsessed.” Fang Yan says worriedly, “Besides, your father is going to arrange blind dates for you. You shouldn’t go to meet Hua Yan often lately. It will create bad effect.”

Bai Jingzhu suddenly stands up and looks at her mother incredulously. “Mom, what are you talking about? What blind dates? I like Hua Yan. I don’t want to go to blind dates.”

“It’s not up to you!” Bai Jiancheng stands at the door of the study and looks with a bad complexion at his daughter who make him worried. “You are not young anymore. I’ll give you another year. You can fall in love and play if you want. One year later, I will arrange you to marry.”

“Marry Hua Yan?” Bai Jingzhu asks.

Bai Jiancheng covers his chest. He will be angry to death because of this fool sooner or later!

“Hua Family won’t want you. How come you still can’t see the truth?”

“You deceive me!” Bai Jingzhu shouts, “You didn’t ask. How will you know?”

Bai Yuanqi supports his father. “Dad, I’ll tell my sister.”

Bai Jiancheng sits aside angrily and Bai Yuanqi shakes his head. “Jingzhu, go to Hua Family’s house with me. If they agree, we will not stop you and will do our best to promote the union of the two families by marriage.”

“OK! Yuanqi, when shall we go? Let’s go now!”

Bai Yuanqi answers, “Tomorrow will be fine. At least we should contact them in advance.”

Since Lang Ruoxian said that Hua Family wanted Hua Yan to marry Dong Nianshuang, Yan Hua has felt it unreal. If so, how can Bai Jingzhu not make trouble? Then what will her sister-in-law Dong Nianqiu suffer? Dong Nianqiu has to be scolded by her husband’s sister.

Chapter 238 Lang Ruoxian Saves a Person in a Foreign Country

Soon, the news that Bai Family’s requirement of marriage is rejected by Hua Family is spread out.

“Bai Jiancheng is mindless either. He knows it impossible but insisted on requesting but gets intolerable answer.” Tang Yao says gloatingly, “Well, everyone knows that his daughter is rejected by Bai Family. When he goes to others to ask for uniting by marriage, who else will agree?”

Whoever agrees, wouldn’t it be telling others that they would accept whom Hua Family didn’t want? Their family would be regarded as a recycler.

“She will marry beneath herself!” Bai Susu takes a sip of scented tea. “If marrying beneath herself is impossible, she can still find a live-in son-in-law. The family is rich, so a son-in-law can be found anyway.”

Yan Hua is eating fruit nearby and is amused by her mother’s words. “Bai Family should know this kind of result and how can they make such a low-level mistake?”

Bai Family certainly knows there will be such a result. Bai Jiancheng doesn’t agree at the beginning.

“Dad, we just have one girl Jingzhu. She is still your daughter and my sister at worst.” At that time, Bai Yuanqi helplessly persuades. “Let’s talk directly to

Hua Family so that let her give up. Otherwise, I'm afraid something bad will happen sooner or later."

Bai Jingzhu follows her own family to pay a visit to Hua Family's house. She should not have appeared on this occasion, but her mother is exasperated and can't do anything to her daughter. So they take Bai Jingzhu there on purpose in order to let her hear Hua Yan's refusal in person, and then she can give up.

Sure enough, Bai Jingzhu just sits down and Hua Yan clearly tells Bai Family members that he won't marry Bai Jingzhu. Bai Jingzhu cries and runs away. Bai Yuanfei has to go after her.

"Have you given up?" Having pushed Bai Jingzhu into the car, Bai Yuanfei asks.

Bai Jingzhu cries so hard that her makeup is smudged. She looks as if the sky is falling. "Why doesn't he want to marry me? What's wrong with me? Since he doesn't like Tang Duo, why can't he like me?"

"What is your logic?" Bai Yuanfei unbelievably looks at his sister. "What do you mean if he doesn't like Tang Duo, he must like you? Are you the only two women in the world?"

Bai Jingzhu sobs. "Otherwise? If he likes Tang Duo, I shall give up. Since he doesn't like her, shouldn't I be chosen? Who else is suitable except me?"

"To tell the truth, even Hua Yating looks better than you." Bai Yuanfei shakes his head. "And the starlet who has played with us recently, also looks better than you."

"Hua Yating is his sister!" Bai Jingzhu shouts. "How can the starlet compare with me? Choosing mate is not up to the appearance only."

Bai Yuanfei glances at her. "Why not? We'll choose our mate by appearance, and I'll find a beautiful girl when I get married."

"Our parents won't agree!" Bai Jingzhu angrily answers. "They will definitely find you a perfect match to unite by marriage."

"Rest assured! That's my business." Bai Yuanfei waves his hand and starts the car.

Just when everyone thinks Bai Jingzhu should perish her thought, she is drunk in the bar in the midnight and calls Hua Yan, saying that she will commit suicide if Hua Yan doesn't pick her up.

"If you were present, you would all have to laugh to death." Tang Cao, as an onlooker who played in nightclubs all the way, tells the information to Tang Family members at the dinner table early in the morning. "She went alone. She ordered a bottle of whisky and got drunk after drinking two cups."

Today, Yan Hua is in her period, so Lang Ruoxian sends the two little children to school when he goes to the company in the morning. Yan Hua sends them to the door and hears Tang Cao laugh when she comes back.

"Chen Xiaopang wanted to accost her, but Bai Jingzhu squeezed his face and said, 'Yan, I haven't seen you for a few days, and you have gained weight? There's so much meat on your face!'"

Tang Cao holds his throat to learn to speak like a woman, which almost amuses Chang Pei'e to choke. Yan Hua quickly smoothes her breathing. Bai Susu frowns, thinks of something and asks. "What happened later? Did Hua Yan go here?"

"Of course not!" Tang Cao slurps. "He ignored her at all, but he didn't go to extremes completely. He asked Hua Zhong to inform Bai Yuanfei."

Yan Hua shakes her head. "Why bother! Knowing that Hua Yan doesn't like her, she still refuses to give up and may have to get herself involved in something bad in the end."

"Sister, you are right! Bai Jingzhu, that fool, almost got suffered yesterday!" Tang Cao changes the topic. "Hua Yan hung up her phone, didn't he? She ran out of the bar by herself and was seen by several passing hooligans, so they wanted to drag her into the alley."

Although he despises Bai Family, Tang Cao is still kind. Even if Bai Jingzhu is stupid, he can't just watch her being badly treated like this.

"Chen Xiaopang and I were going to go in and save her, but someone moved faster than we did." Tang Cao says, "A young man saved her and was injured a bit. Bai Yuanfei personally took him to the hospital after he arrived."

Tang Cao smiles thievishly. “The point is, when Bai Jingzhu was carried out by the man, she kissed him hard.”

“Why?” Tang Yao is curious. “Did that man look like Hua Yan very much?”

“He was completely unlike.” Tang Cao laughs. “But he was no worse than Hua Yan.”

In other words, he must be a very good-looking man. Yan Hua sees Tang Cao smile like that and feels there is something fishy.

Tang Cao coughs. “Bai Jingzhu should have been stripped naked at that time because Chen Xiaopang said he saw her two white legs.” Having seen everyone stare at him, Tang Cao also stares. “Why do you stare at me? I didn’t know those hooligans were so fast that they stripped her naked within minutes.”

“The man kindly saved her. He couldn’t be blackmailed and entangled, could he?” Chang Pei’e is worried for she has no good feeling for Bai Jingzhu this youngster.

Yan Hua is stunned. “It can’t be...”

Bai Family won’t be hasty to such extent to lower standards of choosing a spouse. They won’t casually find a mate for Bai Jingzhu.

Indeed, Bai Family won’t do so. Later, they hear that Bai Yuanfei wanted to give gifts to the young man in return. But the young man didn’t accept it. He went to the hospital to bandage his injuries and then left. After that, Bai Jingzhu has been locked up by her family.

“I’ve packed two down jackets for you. If you still feel cold, you can buy thicker ones there by yourself.” That night Yan Hua packs Lang Ruoxian’s luggage. Tomorrow Lang Ruoxian will go to Northern Europe to talk business.

“It’s not that cold.” Lang Ruoxian takes a bath and hugs her. “Shu Sheng has checked that the temperature there is the same as that of our winter here.”

Yan Hua puts the trunk lid on. “That should be enough. You remember to drink the tonic tea made by mom every day. I’ll send a message to remind you.”

“Why are you suddenly so concerned about my body?” Lang Ruoxian holds her to bed. “Am I wrong about my age? Have I already been 60-year-old and become an old man?”

Yan Hua rolls her eyes towards him. “I saw a news two days ago. It said that a person took harmful substances for a long time when he was a child, and then he was cured. But later, as he got older, his body functions began to show toxic reactions.”

She shivers in Lang Ruoxian’s arms. “You are in the same situation as him is, and I’m afraid you will be...”

“Fool!” Lang Ruoxian hugs her. “I have asked the doctor about all these things you said. The man on TV certainly did not take good follow-up care of himself. I am not the same. I have taken traditional Chinese medicine for a long time and will not have that kind of problem.”

Yan Hua keeps silent and hugs him tightly. Lang Ruoxian smiles and says, “That’s all right. When I come back this time, we’ll also go to see a doctor of traditional Chinese medicine, OK?”

“I think so, too!” Yan Hua says in a muffled voice in his arms, “Traditional Chinese medicine can be eaten even if you are not sick.”

Lang Ruoxian’s destination in Northern Europe this time is a city called Suglia. 200 kilometers north from there is the famous aurora town. Tang Consortium is going to build a five-star luxury hotel in Suglia this time.

Since the only five-star hotel in the area is Lang Consortium’s property, Lang Ruoxian comes to visit it for himself.

“Mr. Lang, you rest assured. In the future, we will certainly have a good cooperation with Tang Consortium and develop together.” The manager of the hotel shows excessive attention to Lang Ruoxian. He is also afraid that Lang Ruoxian might misunderstand something, so he directly shows loyalty.

Lang Ruoxian goes to check the progress of the new hotel, which is expected to open next year. In the evening, he is going back to the Hotel of Lang Consortium to stay. As he is approaching the hotel, a car suddenly stops in front of them. Several people on the car pull a girl from the roadside into the car.

“Young Master.” Shu Sheng is shocked. When he reacts, the car has already driven away with the girl on it.

“Catch up with it.” Lang Ruoxian doesn’t hesitate. If he is right, the girl just now was an Oriental.

The driver follows the car in front and Shu Sheng immediately calls the police. The people in that car probably don’t expect anyone to follow them and drive slowly. When they pass a few blocks to stop at the gate of a hotel, the police car arrives almost at the same time.

Lang Ruoxian doesn’t get off the car. Shu Sheng explains the situation to the police and sees the kidnapped girl. Then he comes back with a complicated expression.

“What’s up?” Lang Ruoxian frowns.

Shu Sheng swallows his saliva. “Young Master, she is also from Hua Country and you may know her...”

Dong Nianshuang sits in the police station, her petite body wrapped in a coat lent to her by the police, her palm-sized face as white as tofu. But her eyes are very flustered and she has not recovered from the accident.

“Miss, you may go now.” The voice of the policeman is rarely soft.

After all, beauty knows no national boundaries. The girl of Hua Country in front of him is very beautiful and frightened like a deer, which makes people love her more.

“Mr. Policeman, those persons...”

“Don’t worry. They all have confessed.” The policeman has just finished speaking when two people walk out of the room on the other side.

The policeman looks at them and asks, “Do you know each other? Today thanks to the two gentlemen, you can be saved.”

Dong Nianshuang bites her lips. Of course she knows him. That is Lang Ruoxian, Tang Duo’s husband.

“Thank you.” She walks slowly over, somewhat embarrassed, but she still thanks him.

Lang Ruoxian gives her a look and turns to leave without saying anything. Shu Sheng nods at Dong Nianshuang. "Since Miss Dong is fine, we'll leave first. Goodbye!"

The policeman behind Dong Nianshuang is stunned. He thinks that even if they don't know each other, they are all from Hua Country. Lang Ruoxian should take Dong Nianshuang away with him. But instead...

"Ah, miss, let me call a taxi for you." The policeman says hastily.

Dong Nianshuang shakes her head. "Thank you, but my friend will pick me up soon."

When Lang Ruoxian leaves the police station, a girl of Hua Country rushes in. Shu Sheng sees her.

"She seems to be Dong Nianshuang's assistant."

Chapter 239 The Woman Years Ago

Chen Jing is Dong Nianshuang's another assistant in the company. Previously, she was only responsible for rear services. As she is a little older, she follows Dong Nianshuang to go abroad to take care of Dong Nianshuang's diet and daily life. She almost gets frightened to death when she receives a phone call from the police station.

"Nianshuang, are you OK? Let me have a look!" Looking at Dong Nianshuang in a hurry, Chen Jing who has rushed in says, "If I knew earlier, we wouldn't come to see the aurora. You just went downstairs to buy something, how could anything go wrong..."

Dong Nianshuang shakes her head. "I'm fine. Let's go!"

"Isn't someone saved you? Where is the person?" Chen Jing looks around, hoping to thank the other party.

Dong Nianshuang's original pale face turns a little paler, and she says with impatience. "I'm tired and want to go back to rest."

"Ah? OK, let's go back, go back!"

Lang Ruoxian has some regrets. If he knew it was Dong Nianshuang, he wouldn't interfere... Don't require him according to values and moral standards. He doesn't have such things.

And yesterday, the police also told them that the kidnappers of Dong Nianshuang met her in a bar two days ago. At that time, everyone had a good time. They thought that Dong Nianshuang also came out to play for fun. But when they were going to take her to the hotel, Dong Nianshuang scolded them.

Her general idea was that toads wanted to eat swan meat or something, so that those people bore grudges. She was a single girl who came to travel from other places. She would not dare to call the police afterwards. Even if she did so, they would have run away.

"Young Master, Dong Nianshuang will return home this month." Shu Sheng soon goes to find out why Dong Nianshuang appeared here.

There is no problem. She simply comes here to travel.

"Go back and marry Hua Yan?" Lang Ruoxian raises his eyebrows. "Dong Family is putting all their eggs in one basket. Once they unite Hua Family by marriage, it means that they will offend Bai Family completely."

However, with Hua Family as their affinity, they will not be afraid of Bai Family.

"It has nothing to do with us. The more trouble they make, the better." Lang Ruoxian looks down at his watch and it is time to talk to Yan Hua by video phone.

The man gently holds her, his eyes full of fascination and deep feeling. Then he slowly leans down and touches her body, with his hands and lips. Gasp, intoxicated.

At last it turns into a fierce cry, and the man leaves her body, revealing a familiar face.

Lang Ruoxian!?

Dong Nianshuang suddenly opens her eyes.

“Phew...” She unbelievably stares at the crystal ceiling of the roof and sits up slowly after a while.

Why did she dream about Lang Ruoxian? How could she... Dream of doing that kind of thing with Lang Ruoxian...

Dong Nianshuang stumbles into the bathroom and sees her face flush in the mirror. She can't help crying out at the thought of everything in her dream.

“Nianshuang? Nianshuang, are you all right?” Chen Jing shouts at the door of the room and claps the door.

Dong Nianshuang washes her face with cold water to calm herself down before slowly goes to open the door.

“What's the matter? I heard you scream!” Chen Jing finds Dong Nianshuang's face covered with water. “Have you bathed?”

“No.” Dong Nianshuang frowns. “I had a nightmare, so I wash my face to be awake. What time is it now?”

Chen Jing pulls open the curtain. “It's over 10 o'clock. Do you want to have breakfast first?”

“I don't want to eat.” Dong Nianshuang walks to the sitting room and sits on the sofa blankly.

Chen Jing thinks that Dong Nianshuang is frightened by the kidnapping and has not recovered. She carefully asks Dong Nianshuang, “Are you going out today?”

Dong Nianshuang hasn't been out of the hotel for several days since that incident. She came to see the aurora, but she will be back next week...

“Let's go to Arctic Village!” Dong Nianshuang suddenly stands up and runs into the bedroom to start packing. “Hurry up, you go to book a car.”

Dream doesn't mean anything. How can she and Lang Ruoxian... She should spend a few days going out to play, so she will forget it!

Yan Hua feels as if someone has followed her recently.

“Sister?” Tang Cao’s face is enlarged in her eyes. “What are you thinking? You don’t hear what I am talking.”

Yan Hua recalls. “Nothing. What did you say?”

“I said you could help me buy a towel by the way.” Tang Cao holds on to the door. “Are you really OK? Or I can accompany you to the supermarket.”

“No, I remember it. I will buy you a towel.” Yan Hua pats her brother on the head and starts the car.

Coming out of the supermarket, Yan Hua pushes the cart to the parking lot. Then she has the feeling again. She can be sure that someone is following her. After turning a corner, Yan Hua crouches down to hide behind a car.

Footsteps from far to near, someone comes running.

“Where is she?”

Yan Hua sees that it is a woman who is tall and having a good figure, looking around for her.

“Are you looking for me?” She stands up and walks out.

The woman gets a fright and smiles timidly when she sees Yan Hua.

“Tang... Ms. Tang!”

Yan Hua begins to feel uneasy.

“I’m sorry, I... I don’t know if you would like to see me, so I have to follow you secretly.” Tian Xin somewhat nervously holds a coffee cup, uneasily looking at Yan Hua who is opposite.

This is a cafe near the supermarket. This woman named Tian Xin is the nightclub miss who eloped with Hua Yan. After she shows her identity, Yan Hua finds this quiet place. At the same time, Yan Hua feels more uneasy.

She doesn’t know what she said to this woman at that time, but fortunately she knows that she gave Tian Xin a sum of money.

“Just now...” Tian Xin says shyly. “I thought you didn’t want to talk to me.”

When they were in the parking lot, Yan Hua didn't seem to know Tian Xin. Tian Xin thought that Yan Hua didn't want to talk to her. So Tian Xin hurries to say that she has no other meaning but wants to say thanks, and...

Apologize.

"When did you return home?" Yan Hua takes the initiative to ask, thinking that she might come back with Hua Yan...

"I came back last month." Seeing her kind attitude, Tian Xin is not so nervous.

However, it seems that Yan Hua's temperament is more gentle than before. But this is also normal! After all, Yan Hua is a mother.

Tian Xin whispers. "My father died. I'd like to take him back to his ancestral grave in my hometown for burial."

"I am sorry to hear that." Yan Hua's voice is calm.

In this way, Tian Xin has no doubt of her at all. She is a woman who discredited Ms. Tang. At that time, Ms. Tang was willing to give her money, and now Ms. Tang is willing to sit here and talk to her. It is already a great kindness.

When Hua Yan wanted to take her away, Tian Xin was excited and proud. What about your prominent status and your good looks? You still couldn't keep a man stay.

"Do you think he really loves you?" Just as she deliberately sneaked off to find Tang Duo with a somewhat ostentatious attitude, Tang Duo looked at her haughtily. Then Tang Duo threw out a check to her and swaggered off.

At that time, when Tian Xin saw the check, she thought that Tang Duo wanted to pay her to leave Hua Yan, but Tang Duo did not look at her anymore and drove away. Tian Xin put the check away. She had no money, so she never denied that she loved money. Even if it was humiliating, she didn't care.

"I realized later that you did not humiliate me." Tian Xin says respectfully, "I don't know what would happen to me if I didn't have the money."

She followed Hua Yan abroad and soon found that man was impatient and disgusted with her. Finally Hua Yan left on a morning, leaving her a note and a month's rent.

"You were right. He didn't love me at all." Tian Xin smiles wryly. "I was obsessed at that time. How could I think this man loved me so much that he would elope with me?"

Later, she also understood Tang Duo's look in her eyes at that time, not looking down on her, but being pitiful. The proud woman had foreseen Tian Xin's future misery, so... she gave money to Tian Xin.

"I don't really have the face to come to you." Tian Xin regrets it! She looks at Yan Hua with tears in her eyes. "I know you don't like him at all, but my behavior at that time shamed you and your family. I'm sorry! I know whatever I say is useless, but..."

"It's all over." Yan Hua interrupts her. "You don't have to use any honorifics to address me. We are about the same age."

Tian Xin wipes her tears. "I'm sorry! I'm... I'm used to it. Over the past few years, I have often talked in my heart... I have talked to you. Especially later when I knew you..."

She doesn't dare to say that when she knew that Tang Duo had died in a foreign land, she offered a tablet for her and also burned incense on the first and 15th of the month...

"Later I saw online news that you were back, and I was so happy!" Tian Xin smiles very happily. "I said that such a good person should live a long life!"

Tian Xin keeps talking, while Yan Hua quietly listens. Tian Xin says that she will go back to her hometown tomorrow and continue to go abroad after burying her father. She has a small flower shop abroad and her business is good. Maybe she won't come back later.

"I'm sorry, Ms. Tang, did I say too much?" Having noticed that Yan Hua says nothing, Tian Xin is somewhat embarrassed.

Yan Hua shakes her head. "It's okay. I don't like talking."

Anyway, Tian Xin also doesn't know what character the original Tang Duo has. So what she needs to do is to pretend to be cool.

"By the way, I don't know if you would like to hear one thing. It's about Hua Yan." When leaving, Tian Xin looks at her hesitantly for fear that she will not like to hear the name.

Yan Hua doesn't care. "It's okay. You go ahead."

"I think that he seems to have a favorite person in his heart."

Lang Ruoxian returns after completing his official duties. Yan Hua was supposed to meet him at the airport, but it begins to rain in Yanjing early in the morning. Lang Ruoxian refuses to let her go. In the evening, Lang Ruoxian naturally has to make up his welfare for a week's absence until Yan Hua kicks him with her white and tender feet.

"My waist is going to break!"

Lang Ruoxian just holds her to the bathroom.

After taking a bath, he holds her back and hugs her in his arms to sleep.

"There is one thing."

"There is one thing."

The couple speak at the same time.

Yan Hua pauses.

Lang Ruoxian pauses.

"You speak first!"

"You speak first."

Yan Hua bursts out laughing. "Then I'll say it first!"

She tells Lang Ruoxian what Tian Xin finally said about Hua Yan when she met Tian Xin that day.

“Tian Xin said that when Hua Yan went abroad, he often took a bracelet to look at. The bracelet was obviously worn by a little girl.”

Lang Ruoxian thinks for a moment, sneers and says, “He liked someone, but he eloped with another woman. Either he was mentally ill or the person he liked had the worse status.”

Chapter 240 Let Tang Cao Change His Name to Be Hua Cao

Yan Hua doesn't want to know whom Hua Yan likes, but she has more antipathy towards this man. Tang Family members seldom gossip about Hua Yan, but Hua Yan keeps validating his own existence.

“Hua Yan has made the headline.” Tang Cao comes back from the outside at noon. “Look! Both him and Dong Nianshuang are on it.”

“Originally, Dong Nianshuang returned home today. Although she has been away for a year, one of her TV plays just finished releasing in the first half of the year and two new advertisements have been shown repeatedly on TV recently. Therefore, she still has a strong sense of presence. Many reporters and fans run to meet her at the airport.

“She comes back on the same flight with Hua Yan and they leave the airport together.”

Yan Hua takes a look. The headline is quite lively. It is suspected that Hua Yan personally goes to pick up Dong Nianshuang. It looks like Dong Nianshuang is going to marry into a rich and powerful family soon. There are also a couple of blurred photos, on which the two people are very close.

Below, fans of Dong Nianshuang say that she was originally from a rich and powerful family, and she didn't care about any rich and powerful family. But they've caused heated discussion. Soon, passers-by mock Dong Family's small company is nothing in Hua Family members' eyes, and a crowd follow.

“F**k! What is the situation?” Tang Cao suddenly scolds.

Yan Hua has stopped reading earlier. “What's the matter?”

“Some people cyber manhunt Hua Yan. Some idiot has talked about his escape from marriage.” Tang Cao swears and is prepared to go online to criticize the idiot himself.

But...

“Hey? What happened? Why can’t I reply?” He refreshes and finds that not only the post can’t be replied, but also it is deleted.

Yan Hua raises her eyebrows. Just then her mobile phone rings.

“Hello!”

Lang Ruoxian’s voice comes through. “Did Tang Cao let you read the micro blog news?”

“Haha! You let someone delete the post?”

“Yes.” Lang Ruoxian’s voice is somewhat helpless. “Knowing that he might let you see it, I let Shu Sheng keep an eye on it. Sure enough, the topic involves our family in.”

Having hung up the phone, Lang Ruoxian looks at Shu Sheng.

“I’ve found out that Hua Yan was on a business trip and the two met on the plane.”

Lang Ruoxian narrows his eyes. “It’s unknown outside that Hua Family wants Hua Yan to marry Dong Nianshuang. Hua Yan behaves very positively.”

He feels that there is something wrong, but he can’t say what wrong is...

“Check the relationship between Dong Nianshuang and Hua Yan six years ago.”

Shu Sheng is shocked. “The two of them? They shouldn’t have any relationship.”

How old was Dong Nianshuang then?

“Go to check it.”

As soon as Hua Yan comes home, he sees his only brother looking at him with contempt.

“What’s the matter?” Hua Yan smiles. “Didn’t you go out to play today?”

Because of Tang Duo, Hua Zhong has been blaming him. Over the years, Hua Zhong has either ignored him or made cynical remarks. Hua Yan has been helpless but cannot do anything about it. He did the thing by himself. But he still hopes to have the chance to make up with his younger brother.

“You go to please your marriage partner so soon. You get adjusted to it so quickly!”

Hua Yan ignores his mocking eyes and sighs. “Otherwise? Now that everything is settled, can’t I just accept it?”

“Why didn’t you say so six years ago?” Hua Zhong says coldly, “Now you know you have to sacrifice for our family. Didn’t you say that you were not a tool and couldn’t sacrifice your own happiness for your family?”

Hua Yan is stunned. He seemed to really say so at that time...

“In fact, I’m glad you were so shameless at that time.” Hua Zhong smiles. “After all, Sister Duo is so good that people like you don’t deserve her.”

“Zhong...” Hua Yan rubs his forehead. “I have admitted that I was wrong. At that time I was young and ignorant. I thought...”

“You thought Sister Duo was as ignorant, incompetent and unruly unreasonable as they said.” Hua Zhong’s smile becomes sarcastic. “You’ve always had a bad taste for women. You used to be so, and you still are so.”

Hua Yan doesn’t recognize the meaning of Hua Zhong’s words, but he knows that he was indeed blind. In the second year he went abroad, Hua Family specially gave him a private investigation report of Tang Duo.

Only then did he know that the woman who seemed to only know dressing up, pursuing jewelry and haute couture and enjoying life was so excellent.

“Yes...” Hua Yan wryly smiles. “I really am a poor judge for people’s characters.”

Hua Zhong sneers and picks up the car key to go to the door. Hua Yan stops him.

“You don’t like Dong Nianshuang, do you?”

Hua Zhong turns to look at him.

“It is not our family but Dong Family that Tang Family members hate most. But it is alright. The two most hated families unite by marriage, and then Tang Family members will be able to hate our two families together.”

“Zhong.” Hua Yan frowns. “I know that you like Tang Duo, but she is married, you...”

“Shut up!” Hua Zhong gives him a hard look. “Don’t think so dirty about me. I will always treat her as my sister. Forever.”

Yan Hua is surprised to receive a phone call from Bai Yuanfei.

“Sister, don’t hang up! It is not me but Hua Zhong needs you. He refuses to go home after drinking too much and keeps calling your name. If you don’t come, I’ll have to knock him out.”

Yan Hua is speechless.

“Why doesn’t Hua Zhong, the idiot, find a place to drink alone?” Tang Cao, of course, doesn’t feel relieved to let Yan Hua go by herself. He accompanies her, cursing while driving. “If you ask me, I’ll say that we should leave him alone. Just knock him out and throw him at the door of his house.”

Yan Hua glances at him. “Didn’t you get along well with him before?”

“That was before!” Tang Cao purses lips. “But his surname is Hua...”

The unlucky guy Hua Zhong, holding a bottle of wine, cries in the private room and says, “I’m sorry, Sister Duo. Sister Duo, It’s all our family’s fault.” The manager is so frightened that he closes this private room area for fear that someone might come in and hear something that he shouldn’t listen to.

Only Bai Yuanfei stays beside Hua Zhong, listening to him cry with a speechless expression.

“Yo! Not dead yet?” Tang Cao casually pushes the door and comes in. He kicks Hua Zhong as soon as he enters. “Ah ah! Get up! I say.”

Bai Yuanfei sees Yan Hua behind Tang Cao as if he sees the savior.

“My sister, you have come!” He doesn’t care about Yan Hua’s lukewarm attitude towards him. He keeps calling her sister and says, “Look at Zhong quickly. It is estimated that only you can persuade him to leave now.”

Hua Zhong is still crying out, “Sister Duo, I’m sorry for you.” After hearing it, Yan Hua twitches her lips. Tang Cao squats down and pats Hua Zhong on the face. “You also know that you are sorry for my sister? Call her here in the evening. I tell you that this is because my brother-in-law hasn’t come back from the company meeting today.”

“Otherwise, you will drink to death here today!”

“All right, pull him up.” Yan Hua draws out the bottle in Hua Zhong’s arms. Hua Zhong stretches out his hand and wants to catch it in mid-air for several times. Bai Yuanfei and Tang Cao together press him on the sofa.

“Zhong, I am Tang Duo.” Yan Hua sits down beside him. “Can you hear me?”

Hua Zhong looks up in a daze, stares at Yan Hua for a long time, and then hugs her and cries.

“Sister Duo. I’m sorry for you. Our family are sorry for you. My brother that bastard is going to marry that silly woman of Dong Family. Wail...”

Tang Cao is going to pull him away, thinking that you dare to take advantage of my sister while being drunk. He has stretched out his hand. But when he hears that Hua Zhong says about the silly woman of Dong Family, he is happy again.

“Yo! You also know that is an idiot!”

Bai Yuanfei rolls his eyes aside.

“All right, all right!” Yan Hua pats Hua Zhong. “It’s not your fault. Besides, I’m not angry. You can’t drink any more. Obedient, get up and I’ll send you home.”

“No!” It is unknown whether Hua Zhong is a bit more sober. He hugs her and shouts, “I don’t want to go back to that family. I want to change my surname! I

want to change my surname to be Tang! Sister, can I be your younger brother? You tell Tang Cao to change his name to be Hua Cao and let him be Hua Family's child. My surname will be Tang in the future and I will be your younger brother!"

F**k! Tang Cao regrets not having pulled this guy out and threw him to the ground just now.

"You idiot don't think about it! You can only be surnamed Hua in your whole life. You want to come to my house. You dare dream it!" Tang Cao rudely pulls Hua Zhong out of Yan Hua's arms. When he sees that Hua Zhong is going to jump back to Yan Hua, he simply sits down on Hua Zhong's body.

"Let you move again!"

Hua Zhong waves his hand a few times in the air and is brutally put down again. He is pressed into a ball by Tang Cao, and he seems to be going to suffocate.

Bai Yuanfei cannot help but say. "Don't press him. Look, he suffocates to be red in the face."

"He deserves to suffocate to death!" Tang Cao says and repeats the motion of sitting on Hua Zhong's body twice.

Yan Hua rubs her forehead. "All right, you two hold him. Let's take him home."

As soon as she finishes speaking, they hear a sound...

"Oh!" Hua Zhong vomits.

Tang Cao jumps up and says, "Sh*t! I will kill you today!"

"Okay, okay!" Yan Hua takes hold of him. "He is so drunk that you have to fight him when he is awake."

Bai Yuanfei gloats. "I told you not to press him. Look! You have pressed him to vomit."

When Hua Zhong is carried into the car, he falls asleep. Tang Cao gives him a kick. "I say, why is he so heavy?"

“Please send him home.” Yan Hua also takes a blanket from her car to cover Hua Zhong’s body. “You didn’t drinking, did you?”

Bai Yuanfei shakes his head. “No, he was half drunk when I came here. I thought I would have to drive him home, so I didn’t drink.”

“All right, go quickly. Drive slowly on the road.”

Having seen the car leaving, Yan Hua and Tang Cao get into their own car.

“In fact, Hua Zhong is quite poor.” Tang Cao starts the car and slurps. “Since he was young, he has had a hidden love for you. Then you were going to become his sister-in-law, but his brother ran away. He must have felt good in his heart. He thought he might have a chance, but you were missing and then news of your death came.”

“When he finally persuaded himself to forget you, but sister, you suddenly come back to life again! You not only come back to life, but also get married and have children... What a tragedy this guy’s life is!”

Yan Hua rolls her eyes towards him. “If you talk nonsense again and I will tell mom that grandma has given you pocket money.”

“Don’t! I won’t talk about it! OK?” Tang Cao simply shuts up. But he drives for a while and then begins to be cheap mouth again. “We came secretly without telling Brother Ruoxian. If he has arrived home, he will have found out.”

“No, he won’t.” Yan Hua says confidently. “He said the meeting would be very late today and he would come back after 12 o’clock.”

Tang Cao looks at his watch. Well, it is just over 10 o’clock.

Then the two return home and see Lang Ruoxian sitting in the sitting room as soon as they enter.

“Come back? Where have you been?”

The sister and the brother are speechless.
