### Chapter 261: Who Is That Woman?

“Accidentally?” Li Yan’s lips curled up coldly. “Qiao Mu, who is that woman?”

“An unfamiliar person.” Qiao Mu had just finished speaking when she felt the man’s expression darken. His stern face emitted a chill.

Someone unfamiliar?

This woman was still planning to hide it from him!

Li Yan’s voice sank a little. “Qiao Mu, don’t test my memory. I remember you saying that she was a passerby the last time. Is she someone you’re not familiar with this time?”

Qiao Mu thought that Li Yan would not remember Zhou Jieru, whom she had met once. She did not expect that he would remember Zhou Jieru even though she was just a passerby!

Just as Qiao Mu was at a loss for words, Li Yan suddenly let go of her hand and strode into the dining room alone.

Qiao Mu stared blankly at her hand that was raised in midair. She had let go of his hand just now, and now he was letting go of hers? Wasn’t this man too vengeful?

She quickly followed behind the man and sat down in the dining room.

Back then, Qiao Mu was worried that Li Yan would find out about Zhou Jieru’s identity because she was afraid that he would stand on Yu Tingyun’s side and harm her.

Now that she had ruled out this possibility, she was not afraid that he would find out, but she felt that there was no need to mention her private matters to him.

The man opposite her seemed to want to have a cold war. If she didn't speak, he wouldn't say a word.

Ordering, serving, and eating, the atmosphere was very depressing.

Qiao Mu felt extremely depressed after eating the delicious meal.

After the meal, the two of them walked back without eating anything.

They were speechless along the way.

After returning home, Li Yan went straight to the study and left Qiao Mu alone in the living room.

Qiao Mu felt that the tables had turned. She had just ended her cold violence towards him, and in the blink of an eye, it had become her being neglected. She finally tasted the feeling of being neglected, and it was truly uncomfortable.

Qiao Mu stared at the big and small bags of today's shopping results at the door and did not feel happy at all.

She remembered that time when she borrowed five million from him. She begged him not to interrogate her, not to investigate her, and to give her time to confess to him. From then on, she had no intention of confessing.

She had never planned to be honest with him. She had always thought that with their relationship, they were just taking what they needed. There was no need for them to be honest about their private matters.

Actually, if Li Yan wanted to know about her, he could have done a little investigation and found out everything. However, he had been waiting for her to confess to him!

Qiao Mu bit her lip and seemed to have made a decision. She immediately ran into the kitchen, brewed a pot of tea, and went outside the study.

In the study room, Li Yan was sitting in front of his desk. He leaned back in his chair with his eyes slightly closed.

He could not hide the frustration in his heart when he thought about how much that little woman had not told him.

He had always given her a chance, but she just didn't take it seriously!

What should he do to make her open up to him?

Suddenly, someone knocked on the door.

Li Yan opened his eyes and saw the little thing that had angered him enter carefully.

"Uncle, have some tea and calm down." Qiao Mu obediently carried the cup of tea to Li Yan's side. She put down the teapot, poured a cup of tea, and handed it to him.

Her every move was like a virtuous wife. Li Yan was angry and helpless when he saw it.

If she didn't want to be honest with him, what was the use of doing so many things to please him?

Li Yan glanced at Qiao Mu coldly and said indifferently, ""Put it down. You can leave now."

What kind of attitude was this? She came in to admit her mistake!

Chapter 262: From Now On, You Have Me (1)

“Uncle!” Qiao Mu gritted her teeth and stood at the side with her head lowered. After a while, she finally spoke in an extremely low voice. “The woman I met outside the restaurant is my mother.”

Qiao Mu’s sudden and straightforward explanation of the other party’s identity made Li Yan narrow his eyes.

Seeing Li Yan’s calm reaction, Qiao Mu continued, “Actually, there’s no need to confess anything. I originally planned to stop contacting her in the future.” “Why?” Li Yan asked calmly.

My mother is a gambler and has always treated me as a money tree. The five million I borrowed from you was for her. When I saw her just now, I shook off your hand because I didn’t want her to think that I was with a rich man and ask me for money again. ‘

As she spoke, Qiao Mu raised her head and glanced at Li Yan. She raised her small hand and gently tugged at the corner of the man’s shirt. She said in a soft, fawning voice, “Uncle, don’t ignore me.”

Hearing her explanation, the anger in Li Yan’s heart dissipated bit by bit.

This little thing had finally confessed to him!

“Come here.” Li Yan waved at Qiao Mu, and Qiao Mu obediently went forward. She wrapped her large hands around her waist and placed her on his lap.

Li Yan looked down at her. “Do you know what it feels like to be left out?” Qiao Mu nodded. This man was indeed vengeful.

However, what made her feel strange was why he wasn’t surprised at all when she mentioned her mother.

Just as she was thinking about it, her big hand gently rubbed against the top of her head. A domineering voice sounded from above her head. “Don’t hide anything from me in the future. ‘

Qiao Mu paused for a moment before nodding in the end.

Li Yan lowered his eyes and looked at the little thing. His tone softened and he asked in a low voice, "Has your mother always treated you like this?"

Qiao Mu was startled by his words, but she smiled nonchalantly. "Mm, I'm used to it."

Even though she tried her best to hide it, Li Yan could still see the sadness in her eyes. It was something he had never seen before.

This little girl had longed to live with her mother since she was young, but reality was so cruel to her!

All this while, this little thing was either arrogant or a lackey in front of her. Even when she was bullied and unhappy, she had never been as upset as she was now.

She thought about how she had been bullied by her stepmother and used by her biological mother as a tool to earn money all these years. But where was he every time she was sad?

Back then, he had mistakenly thought that she was using him to get close to her. That was why, over the years, whenever he thought of her, he would treat it as a punishment for her despite knowing that she was not doing well. He righteously punished her for getting close to him back then!

Li Yan's heart twitched violently, and he tightened his grip on the little woman's arm. His low and hoarse voice sounded slowly, as if he was making a promise. "Qiao Mu, from now on, you have me."

From now on, you have me...

This sentence was as heavy as an oath, causing Qiao Mu to be completely stunned.

Stunned, she met his gaze, and her heart started beating faster.

Even ten years ago, when he was so good to her, he had never made a promise.

Later on, she thought that his purpose was to use her, so why would he make those unrealistic promises to her?

However, this was the first time he had spoken to her so formally.

From now on, she had him!

Even if Qiao Mu wanted to treat his words as a joke, her heart still sank uncontrollably..

Chapter 263: From Now On, You Have Me (2)

She lowered her head and leaned against his chest. Her voice was so low that it was almost inaudible. "Uncle, don't be so good to me. I..."

She was afraid that she would not be able to leave him in the future!

She could not bear to be abandoned by him again. Ten years ago, she was only eight years old and was so childish that she did not know what love was. But now, if she was moved again and was betrayed again, it would be like taking her life!

Li Yan sighed. "Silly girl, you're my woman. If I don't treat you well, who else would I treat well?"

His words sounded so serious that it was impossible to tell that he was fooling her.

Her heart slowly calmed down, and she cast aside all her uncertainty. She looked up at him and grinned.

Just like he said, the past was in the past. No matter what happened in the past, it did not matter. No matter how things changed in the future, at this moment, he was really good to her!

Even if it was just a spur of the moment!

On Monday, Qiao Mu went to the company to pack her things.

Although she was suspended willingly, in the eyes of the people in the company, she had done something shameful and was being investigated.

After packing up, Tang Jiajia walked over and said reluctantly, “Mu Mu, this matter hasn’t been investigated clearly. It’s too unjust for you to leave like this.”

Qiao Mu smiled. “It’s alright. I’m just here for an internship. It’s over anyway.”

Just as Tang Jiajia was about to say something, she was interrupted by a sneer.

Qiao Mu, the higher-ups have already suspended you from your position, yet you’re still spouting nonsense. If this matter had nothing to do with you, why would they suspend you?”

Qiao Mu saw Ye Lin walking over arrogantly and smiled back. “Manager Ye, I’ve finally resigned. You finally don’t have to treat me like a thorn in your side anymore.”

Ye Lin’s expression changed. This Qiao Mu had already been chased out of the company, yet she was still so arrogant!

Initially, Ye Lin thought that nothing would happen to Qiao Mu with Li Yan protecting her. However, she did not expect Qiao Mu to be suspended before her internship even ended!

This meant that Li Yan did not take Qiao Mu seriously at all. When she thought of this, Ye Lin felt much more carefree and finally vented her anger!

Qiao Mu hugged the storage box and was about to leave when Ye Lin stopped her. “Wait a minute, I want to check your things. After all, you’re guilty of stealing company documents. If you take something you shouldn’t and leave, I’ll have to take the blame for you!”

Qiao Mu frowned. She had been here for less than a month, so the things she could take away were pitifully few. They were nothing more than the plans she had designed herself.

Ye Lin wanted to make things difficult for her on purpose, so she generously put down the storage box and allowed Ye Lin to inspect it.

Ye Lin simply flipped through it and smiled. "I didn't find anything. You can take it away."

Qiao Mu curled her lips coldly and left with her things. After taking two steps, she turned around and glanced at Ye Lin. "Manager Ye, I have to correct you. It's not that the company suspended me, but that I'm willing to leave when my internship period is over. Anyway, I've already gotten my internship certificate.

"Also, the matter of stealing the company's secrets has not been investigated yet. I think that after the investigation is done, Manager Ye will not be so free. No matter who did this, as the person in charge, Manager Ye has to bear a certain degree of responsibility. If Manager Ye has the time to care about someone like me who is about to leave, he might as well spend some time thinking about how to deal with the company's punishment."

After Qiao Mu finished speaking, Ye Lin's expression instantly turned extremely grim.

Watching Qiao Mu leave without even turning back, Ye Lin felt the artery on her neck throb, and the wound on it started to hurt again..

Chapter 264: Your Uncle Is Pretty Good To You

Qiao Mu's life suddenly became like a fish in water.

After her internship, Chi Xia returned from her hometown.

After Qiao Mu asked for Li Yan's permission, Li Yan sent a chauffeur to send her to the station to pick Chi Xia up.

Chi Xia walked out of the train station in high spirits. She was completely different from when she left.

Qiao Mu realized that her worries were unnecessary. Chi Xia was such a rational person, and one month was enough for her to get over the breakup.

On the way back, Chi Xia sat lazily in the car. " Mu Mu, it seems like your uncle treats you quite well. I've been enjoying such good treatment. "

Qiao Mu rolled her eyes at Chi Xia disapprovingly. " They only sent a car to pick you up. Aren't you making a big fuss out of nothing? "

"Yo, your tone is different now."

Qiao Mu helplessly changed the topic. " Oh right, why did you come back early?

' The company is having a school anniversary in two days. Our school's 120th anniversary is held during this holiday. Don't tell me you forgot? "

Qiao Mu was speechless. Alright, she had indeed forgotten.

Chi Xia suddenly thought of something and turned to look at Qiao Mu." What's the result of the exchange student you applied for before the holidays? "

Qiao Mu was stunned. She had not been in the mood to care about this recently. Ever since Han Su sent her a message saying that she had a higher chance of passing, she had not asked about this matter.

If she had been so enthusiastic about this matter back then, she would have called Han Su every day to ask about the results, but she had completely forgotten about it!

Seeing Qiao Mu's expression, Chi Xia asked in confusion, ""Are you disappointed because you didn't apply, or are you hesitating because you applied? You don't seem very interested in this matter!"

Qiao Mu sighed. "It's said that I'm very likely to get a spot, but Xiaxia, I don't know why I'm not happy at all.

This was clearly the opportunity she had been looking forward to to leave the Qiao family, but now she was hesitating.

Qiao Mu raised her head and saw Chi Xia staring at her with bright eyes. Her gaze seemed to want to poke a hole in her body as she sized her up.

"What are you looking at?" Qiao Mu was baffled by the stare.

"Mu Mu, you are hesitating." Chi Xia placed her hand on her chin and pretended to be deep in thought as she analyzed seriously, "You're not leaving because you can't bear to leave the Qiao family's mother and daughter, nor can you bear to leave me. I don't have that much influence yet. The change in the past month must be because of your uncle, right?"

Chi Xia's half-joking words stunned Qiao Mu.

Although he had vaguely sensed something in his heart, he still felt unprepared when someone poked him.

Seeing that Qiao Mu was stunned and did not refute, Chi Xia suddenly felt that the situation was more serious than she had imagined. If it was anything else, regardless of whether it was true or not, Qiao Mu would definitely deny it first. However, she did not have any intention of refuting!

Chi Xia patted Qiao Mu's shoulder helplessly. "Alright, let's not dwell on it. We have to wait until the application results are out first. Who knows, we might not be able to pass?"

Qiao Mu was speechless. "Why do I feel like you're gloating?" Chi Xia laughed. "I'm happy! From my standpoint, of course, I don't want you to stay. If you leave, I'll be all alone. How pitiful would that be?"

Qiao Mu rolled her eyes at Chi Xia, but she hoped that Chi Xia's words would be verified. If she really couldn't pass, she would give up completely!

Forget it, let nature take its course!

Chapter 265: Do Well

Qiao Mu had dinner with Chi Xia before sending Chi Xia back to the dormitory. She only returned to the Li family home late at night.

She sat down on the sofa and saw the coffee table...Proof of internship!

Footsteps sounded from upstairs, followed by a man's voice. "'The internship certificate you wanted has been prepared for you. You can go to school to report your work."

Li Yan had always thought that this was a holiday assignment arranged by her school.

This internship certificate was clearly the most important preparation she had made for her departure!

While Qiao Mu was in a daze, Li Yan had already walked over and sat lazily beside her. He spread his arms and hugged her. "What are you thinking about?"

Qiao Mu leaned against Li Yan's chest and said softly, "Uncle, our school is holding an anniversary celebration in two days. Chi Xia is coming back from her hometown, and I'm worried about her staying alone in the dormitory. I want to go back and stay for a few days."

"No!" Almost as soon as Qiao Mu finished speaking, the man's words of rejection rang out.

"Uncle!" Qiao Mu pouted and arched her body against Li Yan's body, acting coquettishly to please him.

Li Yan glanced at the little thing who was leaning against his chest like a soft little rabbit. His heart softened. He wrapped his arms around her and supported her body so that she could sit on his lap.

This posture...It was simply too embarrassing!

Coupled with the man's ambiguous gaze, the atmosphere changed all of a sudden.

Then, a man's voice sounded in her ear. "It's not that I can't promise you. It's just that we'll be separated for so long. It depends on your performance."

"It has only been a few days..."

"Just a few days?" The man raised his eyebrows. "Are you too confident in your man's self-control, or do you think that your man's needs are very low? A few days is nothing to me?"

Qiao Mu was speechless.

Wasn't it just a few days off? Why did the problem escalate to such a high level?

Fortunately, Qiao Mu's skin was already slightly thick after being "edified" by a certain pervert all day long.

She rubbed her head against his chest and said, "Uncle, I'll definitely make it up to you when I get back. Just let me settle the school matters first."

"What if you go back on your word after the deed?"

"I won't. I always keep my word."

"Since you're so sincere, then there's no need to wait until later to make up for it. Just perform well now." After he finished speaking, the man spread his arms and lazily leaned back on the sofa, as if he was waiting for Qiao Mu to perform well!

His attitude was like an emperor waiting to be served by his beloved concubine, causing Qiao Mu's face to instantly turn red.

He was simply too shameless. He actually wanted her...Taking the initiative?

Qiao Mu gritted her teeth and kissed the man on the lips. Her voice was sweet and sweet."Is this okay, Uncle?"

Li Yan raised his eyelids. " Do you think I'm a three-year-old child that's easy to fool? "

. How could a three-year-old kid be as lecherous as him!

Although they had done intimate things before, Li Yan had always taken the initiative, and Qiao Mu was always half-hearted and half-eaten clean.

Even though Li Yan forced her to do all kinds of embarrassing poses every time, she was just a little girl who had never seen the world when it came to such things!

It was really difficult for her to take the initiative to perform!

Qiao Mu had a feeling that it would be very difficult to escape once she entered a wolf's den. He had to make things difficult for her over such a small matter. He was really too much!

Qiao Mu's dawdling made Li Yan a little impatient.

The little thing sat on his lap and bit her lip awkwardly. Her little face was scrunched up and her calves would rub against him from time to time, making his body tense up.

Chapter 266: Forced to Teach a Class

Every action of this little thing was consuming the water in his body, making his body extremely tormented.

Did she really not know how to please him, or was she deliberately torturing him in this way?

Li Yan suppressed the raging fire in his body and stared at the innocent face in front of him without batting an eyelid.

Qiao Mu hesitated for a moment before she steeled her heart and raised her hand to tug at Li Yan's tie.

Anyway, whether she took the initiative or not, she would not be able to escape his demonic claws tonight.

She tugged at his tie in a flurry, but she could not untie it.

Then, he used too much force and got stuck!

Li Yan felt his neck tighten and he frowned. "Little thing, are you trying to strangle me to death?"

Qiao Mu blinked her big eyes pitifully. "Uncle, I didn't do it on purpose. About that, I really wouldn't..."

"Won't what? Do you not know how to untie a tie or pick beans?"

Qiao Mu was speechless. Don't say it so blatantly!

With Li Yan's help, the tie was finally pulled off.

Qiao Mu continued with the next step. Her hands trembled as she unbuttoned her clothes, one button after another...

Usually, this man would take off her clothes skillfully and quickly, but why wasn't she that domineering when it was her turn?

It wasn't easy for her to take the initiative. Wasn't her performance a little too clumsy?

Her fingers accidentally touched the man's skin, and the scorching heat instantly passed through her fingers to her. Staring at the firm and tight abdominal muscles in front of her, she instantly felt her mouth go dry.

Qiao Mu bit her lip and glanced at the man who remained calm and collected. Compared to his calmness, her actions were like a pervert, hesitating on how to make a move while facing the delicacies!

He was simply too useless!

Looking at his figure every day was still not enough!

Qiao Mu lowered her head with a flushed face when she suddenly saw a small tent erected somewhere...

She looked away stiffly and blinked her big eyes helplessly. "Uncle, what happened next?"

Li Yan narrowed his eyes and tried his best to make his voice sound normal. However, he could not hide the hoarseness in his voice. "Little thing, haven't I taught you enough lessons?" "Do you still need me to teach you such a small thing on the spot?"

In an instant, Qiao Mu's face flushed red.

Could he be any more shameless? Could his words be any more explicit?

Qiao Mu gritted her teeth and drew circles on her firm chest with her finger. Her voice was extremely low and sounded extremely innocent. "Uncle, I really don't know how to do it. You should teach me."

Almost at the instant Qiao Mu finished speaking, she felt her vision blur. Li Yan picked her up and strode upstairs.

Qiao Mu was so dizzy that she had yet to react when she was already placed on the large bed.

Immediately after, a tall figure pounced on him.

Qiao Mu only felt her breathing become difficult. Then, she heard the man's low and husky magnetic voice, which carried a hint of temptation. "Little thing, learn from me. There will be plenty of opportunities in the future for you to perform well!"

Qiao Mu was speechless.

That night, Qiao Mu once again experienced how terrifying a man could be when he went crazy!

It was as if he wanted to make up for the losses in the future. He did not give her any time to rest the entire night.

After the incident, Qiao Mu almost fell asleep, but she heard a certain man warning her by her ear, "You can go back to school, but you have to report your whereabouts at all times."

"Report your sister, she's not a criminal!"

Chapter 267: You Must Know Your Trace Like the Back of Your Hand

One message per hour. What did you eat, what did you do, where did you go? I must know everything! '

"..No, no!"

If I can't contact you, I'll give you ten times the lesson I gave you tonight when I come back! '

Ten times...

Qiao Mu was shocked by this number!

Finally, she could no longer pretend that she did not hear him and continued to sleep. She forced herself to open her eyes and muttered, "I understand, Uncle."

"Be good."

Due to the severe depletion of her essence energy, Qiao Mu dragged her exhausted body back to school the next day, using the excuse that she had something to attend to.

The campus was bustling with activity as if the school had just reopened. Everyone was busy preparing for the anniversary celebration.

Qiao Mu spotted Han Su in the crowd at a glance. He was like a spring breeze, standing on the steps and instructing his classmates to arrange the flowers.

Han Su turned around and noticed Qiao Mu. Then, he walked up to Qiao Mu with a faint smile. "Mu Mu, you're here too. There's too much going on in school right now. If you're free, lend a hand. Don't just stand there and watch the show."

"Alright, senior." "Yes." Qiao Mu nodded and asked, "Senior, are you in charge of the student council?" "Didn't you graduate already?"

During the holidays, the new president of the student council hasn't been elected yet, so I've been paying more attention. After all, it's my alma mater. Not to mention that I just graduated, even the seniors from the previous years have come to help organize it. During the anniversary celebration, you'll meet many outstanding seniors from previous years."

As Han Su spoke, he suddenly thought of something important and said, "Right, I've been quite busy recently. I didn't ask you about your application for an exchange student. I'll let you know when the results are out."

Qiao Mu was stunned. When she remembered that the internship certificate was still in her bag, she tightened her grip on her bag. In the end, she still took out the internship certificate. "Senior, this is the internship certificate you wanted."

Han Su took it and noticed that Qiao Mu did not look too good. He thought that she was worried that the application would not be approved, so he comforted her with a smile, “Don’t worry. With me around, the results won’t be bad.”

Before Qiao Mu could say anything, Chi Xia’s voice sounded from behind her. ‘Senior Mu Mu isn’t worried that the results won’t be ideal. He’s just afraid that the results will be too ideal!’

Han Su was puzzled. “What does that mean?”

Qiao Mu glared at Chi Xia. Chi Xia shrugged. “I’m just joking!”

Qiao Mu and Chi Xia were arranged by Han Su to be part of the welcoming team to welcome the graduates of the previous years on the anniversary celebration.

Qiao Mu took selfies as she helped arrange the scene. She took pictures of the lively scene behind her and sent them to Li Yan.

She remembered Li Yan’s words. She did not want to be punished by him when she went back!

The photo was sent out, and very quickly, there was a one-word reply: “Be good.”

Qiao Mu seemed to have received encouragement. She took a few pictures of herself and her surroundings before sending them over.

Chi Xia rolled her eyes helplessly. “Miss, are you here to work or to film? I’ve never seen you like taking selfies so much in the past. Why did you suddenly become narcissistic?”

Qiao Mu didn’t think much of it and continued filming.

At this moment, in the top-floor conference room of LSAG Group.

Li Yan's phone vibrated from time to time as he was in the middle of a serious meeting.

In the quiet conference room, the vibration was very abrupt.

Li Yan casually picked up his phone to check the WeChat message sent by the little one. When he saw a series of photos, the corners of his mouth curled up slightly.

In the photo, the girl was wearing the new clothes he had bought. She was smiling so much that her eyes were narrowed into a line. Her hair was blown against her cheeks by the wind. Her smile was innocent, like a girl under the age of eighteen..

Chapter 268: You Have to Pay the Price for Provoking My Woman (1)

He moved his fingers and replied with one word: "Be good."

He put down his phone and it started vibrating again.

The company's rules stated that cell phones in the meeting room must be muted and vibration mode was not allowed. If someone else's cell phone was detected, the consequences could be imagined.

However, the other party was the CEO.

Not only was the CEO allowed to make sounds on his phone, but he could also play with his phone as he pleased during the meeting.

Not only was he playing with his phone, but the most shocking thing was that he was smiling as he looked at his phone!

That's right, he was laughing!

Although the curve of the corner of his mouth was faintly discernible, compared to his usual expressionless face, the smile that could not be hidden in his eyes was simply too obvious!

Everyone was extremely shocked. Usually, they wouldn't be able to see this scene.

Ye Lin, who was standing at the side, silently watched this scene. A trace of coldness flashed across her eyes!

She had a feeling that the person who sent Li Yan the message was Qiao Mu!

What kind of powerful means did that Qiao Mu have to make a man like Li Yan care so much about her?!

When Ye Lin was investigating the theft of the design proposal, she was surprised to discover that Qiao Mu was actually an illegitimate daughter!

With this layer of relationship, Qiao Mu was very suspicious!

After the meeting ended, everyone left. Ye Lin stood up and went to Li Yan. President, I have something to report to you regarding the theft of the design proposal.

Li Yan did not leave the meeting room immediately because Qiao Mu kept sending him messages. He was looking down at his phone when he heard Ye Lin's words.

His eyes didn't even look up. His thin lips moved and he spat out a word."Speak."

Ye Lin bit her lip and reported respectfully, "The suspects who leaked the design plan are Sun Ning and Qiao Mu. Sun Ning is in contact with Qiao Ya, the manager of the Qiao Corporation, and Qiao Mu is the daughter of the Qiao Corporation. The plan might have been leaked by these two people."

After Ye Lin finished speaking, she observed Li Yan's expression. Then, she saw the man, who had been lowering his head, raise his head.

His eyes, which were initially filled with warmth, lost all warmth the moment he raised his head. His deep black eyes emitted a cold light that landed on Ye Lin's body like ice.

The corners of Li Yan's lips curled up. His smile was extremely cold. " Manager

Ye, even if you didn't come to me, I would have come to talk to you about this. "

Ye Lin was so nervous that she could not breathe. This man was clearly smiling, but that smile was different from the smile when he was facing the phone just now. For some reason, he was clearly smiling at this moment, but it made her panic!

Li Yan slowly stood up and his cold gaze landed on Ye Lin. He said indifferently, ""The results of my investigation are completely opposite to yours! From what I know, the person who is in contact with Manager Qiao seems to be Manager Ye. In addition, Sun Ning reported you. In order to frame her and Qiao Mu, you planned such a thing. As expected, you killed two birds with one stone. Sun Ning and Qiao Mu, who were at odds with you, left one after another."

Ye Lin's face instantly turned pale.

How was this possible? How could she do such a thing!

However, Li Yan did not give Ye Lin a chance to retort. He said coldly, ""I've already investigated the matter. Leaking company secrets is not a small matter. From today onwards, you're fired."

Ye Lin shook her head in a panic. " President, it really wasn't me.. I was framed!

Everything was done by Sun Ning!"

Chapter 269: You Have to Pay the Price for Provoking My Woman (2)

"Oh? Didn't you just say that it had something to do with Qiao Mu? Why are you only blaming Sun Ning now? But don't worry, Sun Ning has also been fired."

Li Yan's voice was like a messenger from hell, causing Ye Lin to instantly despair!

'President, I'm really innocent. I have evidence here...' As Ye Lin spoke, she looked at the man's unmoved expression and instantly understood something. She widened her eyes in disbelief. You're deliberately making me take the blame? This matter definitely has something to do with Qiao Mu, so you asked me to take the blame for her!"

Li Yan raised his eyebrows. "You're right to take the blame, but it's not for Qiao Mu. This lesson is to tell you that you must pay the price for provoking my woman!"

Ye Lin refused to accept the truth. "Even if you want to deal with me, you can fire me with just one word. Why wait until now?"

"Do you think firing you is your punishment? What I want is for your career to be completely destroyed!" Li Yan said coldly and turned to leave the meeting room.

Ye Lin's legs went weak and she fell onto the chair.

Destroy her career completely?

Suddenly, Ye Lin's eyes widened. If she was fired for leaking company secrets, no company would dare to hire her in the future!

She had only been targeting Qiao Mu in every way and had not caused Qiao Mu any harm, yet this man was treating her so cruelly!

At this moment, Ye Lin finally understood that Li Yan was not someone she could afford to offend!

The last time this man stabbed her artery with a fountain pen, she remembered the horror. Why didn't she learn from her memory? If she had treated Qiao Mu better, perhaps she wouldn't have ended up like this!

No! Perhaps, even without what happened later, this man would still treat her like this sooner or later, because she had indeed gone overboard with Qiao Mu previously!

However, she was unwilling!

In the blink of an eye, it was the anniversary celebration.

Qiao Mu and Li Yan hadn't seen each other for a few days. Qiao Mu called Li Yan early in the morning.

The call went through, and the man's pleasant voice sounded. "Little thing, you called me so early. Did you miss me?"

Narcissistic!

Qiao Mu automatically ignored his words and said with a smile, "Uncle, today is the first day of our school's anniversary celebration. It's very lively. Do you want to come and take a look?" "Are you going to perform something?"

. No, but I'm in the welcoming team. If you come, you'll see me when you enter! "

Li Yan listened to the little thing's energetic tone and thought about his schedule for the day. He said calmly, "If we're done today and there's still time, we'll go over."

"Alright then." He was so busy, so he probably wouldn't be free.

Qiao Mu and Chi Xia arrived at the registration counter. Early in the morning, people were already arriving one after another. They stood at the front desk and registered the seniors who had graduated many years ago.

On the information sheet, under the occupation column, the lowest occupation was a department manager, and some had already become the CEO of a large enterprise.

A famous school was indeed extraordinary!

Qiao Mu was arranging her documents with her head lowered when she felt a figure blocking her way. Before she could raise her head, she heard a female voice. Qiao Mu, what a coincidence. I thought we wouldn't meet again. ' The one who spoke was Ye Lin!

Enemies really met on a narrow road! She didn't expect Yeh Lin to graduate from the same university as her.

Qiao Mu revealed a professional smile and handed the information sheet to Ye Lin. " Miss Ye, please fill in your information. You need to fill in your name, your grade, and your current occupation.. "

Chapter 270: Insta-killing Qiao Ya

Qiao Mu handed the documents to Ye Lin and went to receive the others.

Ye Lin coldly looked at Qiao Mu's back. When she saw the occupation column on the information sheet, her hand that was holding the fountain pen paused for a moment before filling in the position of manager of the design department of LBA Group.

While Qiao Mu was busy, Chi Xia nudged her and whispered, ""Mumu, look who's here."

Qiao Mu raised her head and saw Qiao Ya walking in wearing a bright red strapless dress that reached her ankles. She was wearing a pair of 10-centimeter high heels, and she was holding a shiny diamond-studded clutch bag in her hand. She looked as if she was here to attend a dinner party.

Chi Xia could not help but say, " Is your sister's brain missing a string? You're here to attend the school anniversary and you're dressed like a mistress." Qiao Mu was speechless.

As she spoke, Qiao Ya walked over. The moment she saw Qiao Mu, she frowned.

Qiao Mu, why are you working as a guard here? " That's enough. Please think about your identity before you do anything. You're always doing things that embarrass the Qiao family!"

Qiao Mu shrugged nonchalantly when she saw Qiao Ya's haughty attitude. " Is participating in the school's anniversary celebration an embarrassment to our family? Then why did Miss Qiao come to

attend the school anniversary? You're dressed so formally. You must attach great importance to this event, right?"

"Don't you have any manners? I'm your sister, and you don't even call me sister!"

As soon as he said this, Ye Lin, who had not gone far, stopped in her tracks and watched the show.

Qiao Mu handed the documents over. "Senior Sister, fill in the information. 'Ever since the incident with Lin Xian, Qiao Mu had never called Qiao Ya 'Sis' again, and she did not even bother with formalities!

"You..."

Qiao Ya was about to say something when Chi Xia leaned over and said with a smile, ""Miss Qiao, calm down. You're dressed like a lady. Don't act like a shrew and affect your image."

The people who were waiting to fill in the information behind them all sized up the situation here. Qiao Ya's expression changed again and again, but in the end, she still managed to calm down. She was dressed up today to suppress the crowd!

She had come with a mission. The students of T University were the target of competition from all the major companies. She wanted those juniors to be proud of her and treat the Qiao Corporation as their first choice after graduation!

Qiao Ya glanced at the information sheet and said coldly, ""It's not convenient for me to bend over with my clothes on. Qiao Mu, fill it in for me. You know my information better than anyone else. '

Chi Xia frowned. Did Qiao Ya really think of herself as the empress dowager?

Qiao Mu took the fountain pen and filled in the information. Then, she heard

Qiao Ya's proud voice." He's currently the general manager of the Qiao

Corporation. Soon, he'll be the chairman of the Qiao Corporation and the Yu Corporation. '

Qiao Mu was helpless. Qiao Ya was really childish to death, acting like a nouveau riche. She really did not know who was the one who was embarrassing the Qiao family!

Chi Xia laughed. " Miss Qiao, isn't it a little too early to fill in the position of future chairman? "

"Early what? The Qiao Corporation will be mine sooner or later!" Qiao Ya snorted coldly.

"As far as I know, Mumu's father and stepmother are less than fifty years old. You're so anxious to take the chairman's position. Are you trying to usurp the throne, or are you cursing your mother to die early and give up her position for you?"

Puff ...

Qiao Mu couldn't help but laugh out loud.

Chi Xia's eloquence could easily kill Qiao Ya when she got serious!

As expected, Qiao Ya's face had already turned red from anger after Chi Xia finished speaking. She glared at Chi Xia and Qiao Mu, who was gloating at her misfortune, trying her best to suppress her anger.

Damn it, if it weren't for the fact that there were so many people present, she really wanted to pounce on the two faces in front of her and tear them apart!
