

Destined Wife: The Apple of My Eye

Chapter 301 Winning the Bid

Hua Yan pushes the magazine away, revealing the same magazine on his office table.

“Hey? You bought it too.” Hua Zhong snorts, “Now you know what an excellent woman she is!”

Hua Yan nods helplessly, “Yes, very excellent, very excellent.”

“If you had told her at that time that you didn’t want to get connections through marriage, she would have agreed with a smile.” Hua Zhong is in a good mood today and plans to recall history with his elder brother, “Why did you behave so naively like a middle school student then? Why did you think that it would be a shame to marry her and then chose a humiliating way to treat her to solve the problem?”

Hua Yan looks at the beautiful woman on the cover of the magazine and sighs deeply in a long time, “Zhong, believe me. I regret it more than anyone else, and the mistake I made when I was young will make me feel miserable in my rest life.”

“But if I always say that I regret it, is it useful?” Hua Yan shakes his head, “For Tang Duo, my apology and regret are meaningless, because she doesn’t care at all.”

“The only thing I can do is to appear in front of her as little as possible and being less of an eyesore for her.” Hua Yan stands up and walks up to Hua Zhong and pats him on the shoulder, “You and I, we are not suitable for her. She needs a stronger, more... ruthless man.”

Hua Yan smiles after saying this, “I really can’t find any other adjectives... The man Lang Ruoxian, fortunately he is not our enemy.”

“Tang Duo seems to be heartless and unkind. In fact, she is kinder and more softhearted than anyone else.” Hua Zhong knows Tang Duo better than his elder brother, “Otherwise she wouldn’t have given money to the woman you took away at that time.”

“Since you know that you have no chance, you should find a girl to fall in love as soon as possible so that our mother will not always urge you.” Hua Yan opens the wine cabinet, “Red wine or vodka?”

“Red wine.” Hua Zhong rolls his eyes toward him, “You’ve been in love enough with the lady from a wellbred family, right? Get married quickly and then have children, so mom won’t have time to be always talking about me.”

Hua Yan hands him the glass, “Are you going to be single all your life? Besides, is there anyone else in this circle still a virgin at your age?”

“There is really one.” Hua Zhong is not ashamed at all.

“Who?”

“Tang Cao.”

Hua Yan is speechless.

As if overnight, those who were jealous of Tang Duo are even more jealous of her, but now they can’t use the description of straw bag and ignorance on her, so they try very hard to find attacking points from other places.

“There is someone here who said that I have been married twice and that you are raising children for others.” Yan Hua is holding her mobile phone on the sofa, laughing.

Lang Ruoxian holds her in one hand to save her from falling.

“That is nothing. This is an exaggeration!” Tang Cao also finds one, “This official account says that you were living abroad when you lost your memory. A woman didn’t even know who she was. How did you survive? Everyone can think about it. Bah!”

Tang Cao conveniently clicks to report, “These people are all to get public attention. He says as if he saw it.”

“How to report it?” Tang Yao suddenly asks.

Tang Cao squints, “You have been holding your mobile phone and keeping quiet. I thought that you knew how to do it.”

“I don’t know. I leave messages scolding them to write nonsense!” Tang Yao angrily says, “These people are really ridiculous. Even if there is nothing wrong, they will find some problems and relate them to others.”

“Dad, just ignore them. These people are like this. They dare to say anything for the sake of advertising traffic.” Yan Hua laughs enough and puts down the mobile phone, “I estimate! Soon someone will find an opportunity to test whether I really know a foreign language or doubt the authenticity of those certificates.”

What she doesn’t know is that someone has already gone to verify it and even called those organizations in person but got the answer that all the certificates were true. At first, Tang Ming also did not believe that clearly this niece could only dress up and spend money. How could she be so amazing?

“Dad, all of them are true.” Tang Yu says with a complicated tone, “I didn’t expect Tang Duo to hide her strong points and we were kept secret for so long.”

Tang Yixiao takes a rare chance to stay at home today. She sneers, “She didn’t hide it from anyone, but you didn’t know it. These things can be found on the official websites.”

Tang Ming doesn’t want to say anything to the daughter anymore, only hopes that he could be less angry with her.

“By the way, we will take plane to return to Australia tomorrow.” Tang Yixiao blows her fingernails, “It is not OK for the company that the leaders don’t stay in for a long time.”

Tang Ming doesn’t stop her this time, but he says, “You also know the situation in the family. Give birth to a child quickly, otherwise it is unknown who will take Chen Family’s company in the future.”

“Chen Family’s company, of course, belongs to the members of Chen Family.” Tang Yixiao smiles, “Who else do you think it would be?”

Tang Ming gnashes his teeth, “You clearly know what I mean. In short, give birth to a child as soon as possible.”

“Leave it to fate. I don’t have the final say in such matters.”

When Tang Yixiao leaves, Tang Yu says, “Dad, the family of Second Aunt are really something. I think that they did it on purpose.”

“Go and investigate Tang Cao.” Tang Ming thinks for a moment, “Tang Duo is a girl. She is now a member of Lang Family. Tang Cao is the only grandson of your Second Grandma. Go and investigate if he also hides something.”

Tang Yixiao phones Yan Hua to say goodbye at night, “Be careful of my father. He is greedy.”

Yan Hua says, “I see. But you. Shall I see you off tomorrow?”

“Don’t.” Tang Yixiao refuses, “You are a celebrity now. What if you are stopped by reporters to involve me?”

“I’m just being polite.” Yan Hua laughs, “Take care of yourself.”

Tang Yixiao is quiet over there for a few seconds, and then her voice comes, “Tang Duo, come to Australia to play if you are free!”

“OK!” Yan Hua smiles, “There are plenty of opportunities.”

Yan Hua would like to know the secret between Tang Yixiao and Chen Yihe, but she doesn’t ask. If Tang Yixiao wants to say it, she will naturally tell her. And Yan Hua always thinks that it is a very big thing. It is better not know it.

“Do you think Tang Duo’s son is Lang Ruoxian’s?” Dong Nianshuang suddenly opens her eyes and asks.

The agent has just taken her out of the production team. She will record a variety show later. Suddenly the agent hears that she asks such a question and doesn’t respond to it.

“What did you say?”

Dong Nianshuang presses her lips, “Isn’t it said on the Internet that Tang Duo’s son is Lang Ruoxian’s cousin’s son?”

“But Tang Family said that the child is Lang Ruoxian’s son...” The agent looks at her, “Nianshuang, I did tell you, you can like anyone but Lang Ruoxian.”

“Look at you, because of him you even offended First Childe Hua. Fortunately, he didn’t block you, otherwise...”

Dong Nianshuang looks at her gloomily. The agent swallows back the follow-up words, "I am for your own good."

"Don't you think that Tang Duo doesn't deserve Lang Ruoxian?" Dong Nianshuang stares at the air and says, "Even the son was born with others."

She doesn't think the son was Lang Ruoxian's. It is known online that Yan Hua had conceived the child with Lang Ruoxian's cousin first. But Lang Ruoxian's cousin died and Tang Duo married into Lang Family as a widow.

"I said she was not a good thing!" Dong Nianshuang clenches her fist, "A widow seduced her brother-in-law."

"Nianshuang!" The agent is worried, "You shouldn't be obsessive, otherwise..."

"I have a sense of propriety." Dong Nianshuang closes her eyes and says, "Stop talking."

The agent sighs. She feels that Dong Nianshuang's mood is becoming more and more unstable. For an actress, this is very unfavorable. Dong Nianshuang's acting skills were originally ordinary, but now she is afraid that Dong Nianshuang's acting skills will ground to a halt forever.

The news on the Internet comes every day. Soon Yan Hua's true and false stories are suppressed by various news, such as some young male star makes booty calls overseas, some popular young actress posts late at night to say breakup after three years of love, and so on.

Except that her huge posters still hang high in high-ranking shopping malls all over Yanjing. Seeing them will remind you of the unique life experience of this famous lady in Yanjing.

"I see. You will pick me up at 10 tomorrow." One day in mid-June, the sweltering weather which lasts for a week ends and it begins to rain heavily from the morning. At noon, Lang Ruoxian receives a phone call from Shu Sheng.

Bai Susu looks at him, "Does Mr. Liu agree?"

"Yes, he does. I will sign the contract tomorrow." Lang Ruoxian's eyes are full of happiness, "10 days earlier than I expected."

Tang Cao is lying at home because of the rain. Hearing this, Tang Cao rolls, "What? Mom, what are you talking about with Brother Ruoxian?"

"Is it the building we want to buy?" Yan Hua says excitedly, "Does he agree to sell it?"

"I've told you that he won't insist long." Lang Ruoxian pinches Yan Hua's nose, "There is something wrong with his investment in Xin Country, which needs a lot of money to turn around."

Tang Cao and Tang Yao shiver, "You... You knew it long ago?"

"The new law promulgated by the government of Xin Country three months ago just conflicted with his investment. It is good that he can insist on it for three months." What Lang Ruoxian doesn't say is that if Mr. Liu was willing to let go at first, he would not have reached this point today.

"Are you a devil?" Tang Cao shouts. Bai Susu throws slippers on his head.

Tang Yao says, "You deserved it!" He gloats.

"Dad!" Tang Jie runs home in a panic, "Bad news. Lang Ruoxian won the bid."

Tang Ming shakes his hand and the teacup nearly falls to the ground.

"What bid? Which one?"

"It is the land we treaded with the government. It is also the land that we bought from Lang Ruoxian." Tang Jie takes a few steps back and forth, "He not only get the contracts of the hotel and shopping mall, but also get a contract of a building nearby."

Bang! The tea cup is dropped on the tea table by Tang Ming, "Didn't you know that he went to bid? Didn't I let you keep an eye on him?"

"I've been keeping an eye on him, but I don't know why there is no news at all. When I know it, the contract is signed."

Tang Yu puts the teacup away, "Dad, don't worry. I am not surprised at all. He has a lot of money in his hand and will definitely invest in real estates."

"I know." Tang Ming frowns, "I didn't expect him to win the bid so quickly. And what about his company? What company did he use to bid?"

Tang Jie answers, “Lang... Lang Consortium.”

“Haha!” Tang Ming stands up, “It seems that he is going to fight with us with his own part of property.”

At the same time, Hua Family and Bai Family also receive the information, especially Bai Family. They also went to bid, but did not expect to lose to Lang Ruoxian.

Chapter 302 Be on TV!

In the house of Bai Family, Bai Jiancheng and his two sons are silent in the study. Bai Jiancheng opens his mouth first, “Forget it. It’s useless for people who are less competent to say anything now.”

“Lang Ruoxian doesn’t even have a company. How did he get the bid?” Bai Yuanqi irritatingly smokes a cigar. He originally thought their biggest opponent to be Hua Family, but he didn’t expect Lang Ruoxian to be deus ex machina.

Bai Yuanfei never cares about the company. As a playboy like Tang Cao, he doesn’t raise his head and holds his mobile phone to play games.

“Yuanfei, you are not a young boy. You will go to the company to study with your brother tomorrow.” Bai Jiancheng says grumpily, “Look at Tang Cao. You say he is a crap every day. Now that crap has started a company. I hear that his game company is to be listed soon.”

The members of the second branch of Tang Family act like having encountered some supernatural beings. How can they be so capable?

“Dad, you don’t tease. Is that Tang Cao’s credit? That’s Tong Yue’s credit.”

“If you have a friend like Tong Yue, I won’t say anything.” Bai Jiancheng bangs the table, “I tell you! Either you go to work in the company or you start your own business.”

Bai Yuanfei curls his lips, “Then you give me money and I will start my own business.”

Bai Jiancheng hits a folder over, "Write a report to me. Do you think that you can get money as you wish?"

After driving out Bai Yuanfei, Bai Jiancheng continues to say to Bai Yuanqi, "Haha, I think this time Tang Ming has kicked the iron plate. He kicked the second branch out of the company, which just gave them a chance. There must be a new company behind Lang Ruoxian. Go and investigate if anyone in the circle has sold a building recently."

"No need to investigate." Bai Yuanfei, who has just gone out, runs back, "Read the newspaper quickly."

In the last page of the financial edition, Liu Consortium of Jewelry, located in Yanjing's high-tech zone, declares bankruptcy today. It is reported that Liu's large assets have already been transferred abroad. In order to repay the bank loan, he has sold Liu Consortium's building.

"It must be Lang Ruoxian." Bai Jiancheng looks serious, "Soon his new company will open."

Bai Yuanfei smiles when he sees that his father and elder brother are so nervous, "What are you afraid of? Tang Ming's family should be the most afraid of them. Our family at most is to have a bad relationship with the second branch of Tang Family, but not to the point of being enemy forever."

"Yuanfei is right." Bai Yuanqi nods, "Dad, fortunately we listened to you and didn't join Tang Ming's team at that time."

Bai Jiancheng snorts, "That's because I know Tang Ming's personality, who is selfish and insatiable. Then, let's watch the play. By the way, your sister, let her never provoke Tang Duo again."

"Who can control her actions?" Bai Yuanfei sneers, "In my opinion, let her be. It hurts only when she falls hard."

Bai Yuanqi thinks of something, "Dad, we didn't win the bid. We now have an extra sum of money in our hands."

"Leave it first." Bai Jiancheng shows a meaningful smile, "Wait and see."

When the new leading group take office, all the corrupt officials are very careful, fearing that the new policy will lead them into a ditch. But what should

come will still come, and soon those corrupt officials begin to be investigated and found faults.

In some of the provinces and cities where the situations are the most serious, several corrupt officials are taken away by the police to be detained and interrogated daily, and dismissed from posts directly.

The common people do not understand the so-called factional fighting. They only know that corrupt officials have been caught and all applaud. Yanjing's business circle is also calm. No one does dare act rashly until they are familiar with the new leaders' style.

Just at this time, the guest of the latest issue of CCTV's popular financial program turns out to be Lang Ruoxian.

"Dad is on TV!" Gungun stays at the side of the TV set early and claps as soon as Lang Ruoxian appears.

Chang Pei'e is so happy that she can't close her mouth, "Look at Ruoxian, how can he look so handsome! None of those stars can match him."

"I think so, too!" There is also happy Yan Hua, looking at her husband giggling.

Bai Susu shakes her head, "You should thank your Uncle Chen this time."

Lang Ruoxian uses the connection of Chen Shu. The TV station just needs a young entrepreneur. They have many choices but finally they choose Lang Ruoxian.

"Mr. Lang, hello! It is said that Lang Consortium has a company in Yanjing. Why do you spend so much to buy the building this time? Is it because of your family?"

Lang Ruoxian answers, "Lang Consortium used to have a sales department in Yanjing. This time we officially set up a company. But it has nothing to do with Lang Consortium in G City. It is my own, or to be exact, my wife's."

"Mr. Lang, you are really a good husband. We know that your wife is also very amazing, she..."

Yan Hua watches Lang Ruoxian and the host on TV touting her as great and wonderful. She laughs so much that only shows her teeth but not her eyes. It is only recently that Gungun realizes that his mother not only knows how to dress beautifully, but also has learned a lot.

“Mom, I want to be as amazing as you!” Gungun clenches small fists aside, “I want to learn a lot too.”

He turns to look at Wuyou, “Let’s take a diving certificate first!”

“Only when you are over 15 years old can you be tested.” Wuyou breaks his fantasy, “You can’t take any of Mom’s certificates now.”

Gungun is depressed, but soon he is happy again, “Then we can learn a foreign language first.”

“There are foreign summer camps during the summer vacation.” Wuyou suggests, “We can go.”

So the two children have already arranged their upcoming summer vacation.

“That is to say, the new company of Lang Consortium is actually owned by your wife, so you will work for her later!” On TV, the host jokes.

Lang Ruoxian smiles faintly, “Well, I work for her.”

After the show, Lang Consortium’s official micro blog has gained millions of new followers, who asking Lang Ruoxian to open his micro blog. They don’t care who is really in charge of Lang Consortium, they are only interested in a rich and handsome CEO showing his love on TV in front of national audience.

“Dad, did you let Lang Ruoxian open a new company?” Tang Rui sits on the wheelchair and asks unbelievably, “I have stayed abroad for half a year, but you did not avenge me. You even let him open a new company!”

Tang Yu says, “Rui, you don’t know the situation. It’s not like this...”

“What is that like?” Tang Rui scoffs, “The three of you didn’t kill Lang Ruoxian. What is the use of driving the second branch out of Tang Consortium? They will soon have a new company.”

“You shut up.” Tang Ming glares at his son, “Do you think everything is the same as you think? The thing can be solved by having someone beat him?”

Tang Rui grits his teeth with a cruel expression, "I don't care. I'm going to break Lang Ruoxian's legs and let him sit in a wheelchair for the rest of his life. There's also that b***h Tang Duo. Doesn't she rely on her beauty? I think she can never smile when her face is disfigured."

"Rui, Ziyang has already eaten her own bitter fruit. Why are you still obsessive?" Tang Jie sighs, "You can't do anything like this until you get your legs recovered well."

"It is just because you are useless!" Tang Rui sneers, "It's just the second branch. We've been stepping on them for so many years. But now they only have Lang Ruoxian, you can't deal with them. You..."

Tang Ming bangs the table, "At least we haven't been broken legs by others!"

"Dad, you..."

"What's wrong with me?" Tang Ming sneers, "If you are capable, you can revenge yourself. Shut up if you are not capable."

Tang Yu and Tang Jie hurriedly persuade, "Dad, don't be angry. Tang Rui is still young."

"All right, you don't have to say kind words for him." Tang Ming waves his hand, "Now what we are going to do is as follows: one is to exploit the oil quickly, the second is the other two pieces of land. As for Lang Ruoxian... His money should be put into the construction of development zone. Within the short period he won't take any actions, so we temporarily don't have to worry about him."

Dong Nianshuang is taking part in an activity when the program is broadcast, and she watches the video afterwards. Every word of Lang Ruoxian stabs in her heart like a knife, so she throws away her mobile phone before she finishes watching it.

"Do you like that woman so much?" Dong Nianshuang shouts, but no one answers her in the empty room.

She picks up the mobile phone. The screen pauses on Lang Ruoxian's face. Dong Nianshuang greedily touches it with her hand, "You must have not seen me. As long as you see me, you will know that I am no worse than her..."

“What? Weren’t you unwilling to perform in that play?” The agent is surprised to hear from Dong Nianshuang.

A few days ago, there was a serious drama asking for Dong Nianshuang to play the main supporting actress. The agent suggested that Dong Nianshuang take the role, because from the leading roles to supporting roles in the play were all veteran actors. Most of them were good actors who won “One Hundred Flower” Awards.

But Dong Nianshuang didn’t want to. She said that acting with those people would suppress her, and her performance would not be seen at all.

“I’ve thought about it. You’re right!” Dong Nianshuang says on the other side of the phone, “Although there is pressure, I can learn a lot from those actors, which will greatly improve my acting skills. Please take it for me!”

The agent is very happy, “It’s great that you think so! That’s right. If you improve your acting skills well, you will have a long way to go in this circle.”

“Well, that’s it. I will hang up.”

Then, Dong Nianshuang’s presentation pleases her agent very much. No matter what activities and programs she will cooperate well. She always thinks about and studies the acting skills when she is free at ordinary times. The agent doesn’t know what stimulus she has received, but it is good anyway.

Even Hua Yan hears this. He raises his eyebrows and looks at the woman opposite, “Why do you also pay attention to the entertainment circle?”

“In your eyes, I am a stuffy woman with no temperament and interest, right?” Su Jing smiles, “She is also a popular young actress and your once legendary girlfriend. Of course I know.”

Hua Yan has dinner with Su Jing today, aiming to discuss about engagement. The two has had a lukewarm relationship for more than half a year. He is very satisfied with Su Jing. She is beautiful and gentle in character.

Sometimes having a little temper is very cute, which meets the criteria of a wife of wealthy family, so the two families decide to get them engaged first. As for whether he loves Su Jing or not, Hua Yan can’t say for sure. He doesn’t hate having physical contacts with her anyway.

“It’s not a legend. You also know it. Because I knew her early. At first my family chose her for getting connections through marriage.” Hua Yan has no taboo, so he speaks frankly, “But she was into someone, and I was not interested in marrying a woman who liked another man.”

Su Jing smiles softly, “Well, I just said it casually.”

“But you’d better not have any contact with her.” Hua Yan says, “That girl stirs up trouble. The key is that her mind is twisted.”

Chapter 303 A Famous Lady in Yanjing Creates a Tremendous Uproar in the Restaurant

As soon as he stops saying, Su Jing glances at the door with a strange expression.

Hua Yan turns his head to see Dong Nianshuang comes in with a group of people headed by a director. He also sees Hua Yan and turns his head to say something with Dong Nianshuang. Dong Nianshuang walks over.

“You really can’t talk about people behind their backs!” Hua Yan smiles at Su Jing.

Su Jing shrugs.

“Xiaoyan!” Dong Nianshuang greets with an expression of knowing him well.

Hua Yan nods at her, “Does the production team dine together?”

“Yes!” Dong Nianshuang smiles and looks at Su Jing, “This must be Miss Su. Hello. This is the first time we’ve met.”

She takes the initiative to reach out. Su Jing stands up and shakes hands with her gracefully, “Hello, Miss Dong is more beautiful than on TV!”

“Thank you!” Dong Nianshuang looks very happy and tilts her head, “Miss Su is also very beautiful. You must be older than me. I shall call you elder sister in the future.”

Hua Yan wipes his mouth and says, “Does she look older than you? I think she’s a lot younger than you when you both are without makeup.”

“...I was wrong.” Dong Nianshuang facial expression changes, but very quickly she smiles to say, “I don’t want to be the third wheel. Other people in the crew still wait for me! Take your time.”

After she leaves, Hua Yan raises his eyebrows and asks, “What do you think?”

“That’s just so so.” Su Jing smiles, “If I am the legal wife and she is the mistress, she will lose definitely.”

Hua Yan raises his glass with a smile, “I like smart women!”

Dong Nianshuang stands at the top of the stairs, quietly takes a photo with her mobile phone and sends it to Bai Jingzhu.

“Where is this place?” Bai Jingzhu replies immediately.

“The Japanese restaurant on Nanzhou Road.”

“I’ll be right there, and you keep an eye on them. Don’t let that b***h leave!”

Dong Nianshuang puts the mobile phone back in the handbag, looking at the two people drinking downstairs with a smugly smile, “You let me be embarrassed only for a woman who is just a bookworm. Then don’t blame me for letting her be embarrassed.”

She returns to the private room. After a while she receives the message of Bai Jingzhu.

“Here I am. Where are they?”

Dong Nianshuang doesn’t reply. She believes that Bai Jingzhu will see them.

“Excuse me, I will go to the bathroom.” A few minutes later she goes out of the private room and stands stealthily behind the stairs.

As expected, Bai Jingzhu is standing beside the table where Hua Yan and the woman sit. Bai Jingzhu points at the woman to scold. Her voice can be heard all over the whole restaurant.

“Eh?” After taking a shower, Yan Hua receives a push from on micro blog. She glances at the title and becomes silent.

What is called A Famous Lady in Yanjing named Bai Jingzhu Curses the Legal Wife in the Restaurant...

She clicks in and sees a slip of video, which is shot not clearly, obviously from far away, but the voice of Bai Jingzhu is very clear. She is swearing and then crying.

“Hua Yan’s girlfriend is really unlucky.” After seeing, Yan Hua sighs, “Getting scolded for no reason at all.”

Lang Ruoxian cannot see this kind of news, because he has set the push content. Taking Yan Hua’s mobile phone, he glances through, “It seems that she doesn’t have a good ending.”

“She must have got a bad ending, otherwise she wouldn’t cry so emotionally.” Yan Hua doesn’t know Hua Yan’s girlfriend’s background, but Lang Ruoxian does.

“One of her ancestors was a prime minister in the Qing Dynasty. It is said that her parents’ relatives are all scholars and professors. Lang Ruoxian recalls, “It seems that her mother has some relatives who are outstanding aerospace specialists and have made great contribution to the country.”

Yan Hua answers, “Tut! It is a family of scholars. But Miss Su doesn’t look like a bookworm.”

“There must be something excellent of her for being chosen by Hua Family to get connections through marriage.” Lang Ruoxian glances at her, “Why do you worry about these? If you don’t want to let Hua Yan get connections through marriage, I can go to destroy it.”

“Why do you want to destroy it?” Yan Hua hurriedly hugs the man and says, “Don’t talk about him. Don’t say it. I originally didn’t want to talk about him. I want to talk about Miss Su.”

The man is satisfied and pulls the quilt to cover.

In the house of Bai Family. In the evening, Ning Ting is scolded. Hua Yan’s mother calls rudely to say if Bai Jingzhu harasses her son Hua Yan or bullies her future daughter-in-law again, don’t blame her for not giving face to Bai Family.

Ning Ting is extremely angry. She calls Bai Yuanfei who is playing outside to let him go to find Bai Jingzhu and bring her back. Bai Jingzhu is sitting at the door of the restaurant crying, with soup all over her clothes.

“I want to strangle you if you weren’t my sister.” Bai Yuanfei gets off the car but doesn’t want to get close to her.

Bai Jingzhu sits into car, crying, “That b***h bullied me. Brother, look! She got all the food on the table all over me.”

“Did you miss the video on the internet?” Bai Yuanfei starts the car, “You lost the quarrelling with others, so you flipped the table. Hua Yan pushed the tablecloth to you to save his girlfriend. What is the problem?”

Bai Jingzhu is stunned, “What video? Where is it?”

“Turn on your phone to see for yourself.”

Bai Jingzhu knows that she was on the headline and was joked by countless people, so she more hates Su Jing. When she returns home to see her father sitting in the living room, she cries and pounces on him to pretend to be wronged.

Bang! Bai Jiancheng raises his hand to slap her in the face. It is a hard slap in the face and Bai Jingzhu’s mouth is broken. She falls to the ground.

“Dad... Dad?” Bai Jingzhu is beaten to be stunned and stammers to call her father after a long time.

The video appears in the internet and everybody begins gossip of this love triangle. After 3 days, the official website of Hua Consortium publishes happy news that their young master Hua Yan is going to be engaged with outstanding student Su Jing.

“There, they also send us a wedding card.” Bai Susu throws a beautiful invitation on the table.

Chang Pei’e looks at it, “The wedding card is so beautiful now. Hua! You and Ruoxian also can marry again, for we haven’t giving a wedding dinner party in Yanjing.”

“Yes, yes!” Tang Yao has a jealous expression, “We will also make this kind of good-looking wedding cards. No! Better than this.”

Yan Hua certainly wants a wedding in her mind, but...

“Don’t hurry. Wait until my memory returns.” She puts her arm around Chang Pei’e, “I want to marry with my real identity and use name as Tang Duo.”

Bai Susu says, “Yeah! Don’t worry. We can do it whenever your memory returns.”

“What about this wedding card?” Yan Hua certainly won’t go.

“Throw it away.” Bai Susu says, “Hua Family probably didn’t think we would go, but it was just a routine.”

In the evening when Lang Ruoxian comes back, Yan Hua asks him, “The summer vacation is coming. Gungun is going to attend the English summer camp and Wuyou will accompany her. What about your training?”

“What did Wuyou say?”

“She said that the summer camp would last for a month and she would go training after the summer camp.” Yan Hua says reluctantly, “I’m afraid that she will be too tired.”

Lang Ruoxian kisses her, “Wuyou is different with ordinary children. She is very assertive. Since she has arranged, you just let her go.”

“Then I’ll pick up Gungun.” Yan Hua thinks of something and becomes very happy, “Go along with my parents and grandma and take a trip!”

Lang Ruoxian stares at her, “Why don’t you take me?”

“Isn’t the company going to open?” Yan Hua deliberately asks, “Aren’t you busy?”

“No matter how busy I am, I have time to hang out with you.” Lang Ruoxian nibbles on her neck, “I will arrange it then.”

Yan Hua doesn’t go to Hua Yan’s engagement party, but Fang Diandian does. Before the party finishes, she calls Yan Hua and tells her that Bai Jingzhu has gone to create a tremendous uproar on the spot of the engagement.

“She didn’t enter!” The next day, Yan Hua invites Fang Diandian to drink coffee. Fang Diandian is enraptured to describe the scene to her, “Hua Family estimated that she would go to make uproar, so they arranged people to keep an eye on the door. Bai Jingzhu just appeared and was held down by the bodyguards.”

Yan Hua frowns, “Then what?”

“And then she started crying!” Fang Diandian says with a puzzled look in her face, “I don’t understand why she likes Hua Yan so much. If Hua Yan liked her, so be it. Doesn’t Hua Yan dislike her from beginning to end?”

“Later! The members of Bai Family went out. You didn’t see Bai Yuanfei’s eyes... That!” Fang Diandian makes a gesture, “He was so pop-eyed!”

“Then the brothers of Bai Family dragged her away.” Fang shakes her head, “A lot of people came out to watch the bustle scene, but the engagement party was not affected. Various high-end magnificent and classy arrangements were applied. The roses were spread to the front of the hotel.”

Yan Hua also says with a puzzled look in her face, “I don’t know whether Bai Jingzhu can think about it positively and doesn’t make trouble again.”

“I don’t think it’s over.” Fang Diandian eats a piece of cake, “There will be a marriage party!”

“Your expression of watching the bustle scene is exactly the same as that of Tang Cao.” Yan Hua smiles and asks, “Why don’t you come to my house to play recently?”

Fang Diandian blinks, “The studying life of a graduate student is very busy!”

“But I have seen your moments. You often go shopping, be in a daze, and so on.” Yan Hua pricks the illusion and says, “It is because Tang Cao’s legs are recovered and he doesn’t stay at home, so you don’t come!”

“Of course not!” Fang Diandian immediately denies, “I... I’m afraid if I come, I shall make trouble for you. Every time auntie has to cook something delicious for me.”

Yan Hua replies, “Then you haven’t seen Tang Cao recently either?”

“Why should I see him?” Fang Diandian curls her lips, “Ah, right! I saw a movie with my classmates that day and met Tong Yue with a pretty girl.”

Yan Hua thinks for a moment and then remembers, “Her name is Su Tian and she is Tong Yue’s girlfriend.”

“Her surname is Su?” The surname reminds Fang Diandian of conspiracy, “Hua Yan’s fiancée’s surname is also Su.”

Yan Hua glares, “Should... Has no relationship...”

Why isn’t she sure about it? Because both of them know that though Yanjing is big, the upper society is not big. Sometimes when claiming kinship, everyone is related.

So one day Yan Hua asks Tang Cao, pretending to be unintentional. Tang Cao hears and is stunned and then he exclaims.

“What do you mean? Are they really relatives?”

“No, sister! I didn’t notice if you didn’t mention it.” Tang Cao turns a circle, “No, I have to ask Tong Yue.”

So Tang Cao calls Tong Yue. It is unknown what Tong Yue says over the other end. Soon Tang Cao hangs up.

“What?” Yan Hua wonders.

Tang Cao’s expression is angry, “This guy actually says that since I am so unoccupied that gossips like a woman, why don’t I go a company to work?”

Yan Hua (gossips in her mind) is speechless.

Lang Ruoxian comes back in the evening, seeing Tang Cao smile at him hospitably.

“You’re short of money again?”

Chapter 304 Yan Hua’s Self-Criticism

“In your heart, am I that kind of person who will welcome you home just

because of short of money?" Tang Cao looks righteousness and says, "The feeling between me and Brother Ruoxian is measured by money?"

Lang Ruoxian glances at him and says, "If you don't tell me, I'll go upstairs."

"I want to ask you to help me investigate a person!" Tang Cao says immediately.

"Who?"

Lang Ruoxian goes back to his room to change his clothes, and Yan Hua comes out and glares at him with shining eyes.

"... You don't want to investigate a person, do you?" Lang Ruoxian frowns.

Yan Hua lets out a cry, "Did Tang Cao tell you?"

"Well." The man holds her hand to go downstairs, "Why all of a sudden you both are so interested in Tong Yue's girlfriend?"

"We just want to help Tong Yue!" Yan Hua hugs his arm, "You don't know that he hasn't successfully chased the girl up till now!"

Bai Susu just comes out of the dining room to call them to eat. She sees Lang Ruoxian say with a spoiling expression, "I have let Shu Sheng to investigate, but it is estimated to be hard. Otherwise Tong Yue is capable enough to do this."

"What do you want to investigate?" Bai Susu curiously asks.

Tang Cao rushes from behind, "Mom, I tell you..."

He blabbers...

"You dare think..." Bai Susu shakes her head after hearing it, "Su Family is also an old family in Yanjing. Several generations of Su Family members are intellectuals."

Tang Cao does not agree, "Mom, you can't say so! There is a saying 'a black sheep of the literary circles'. Isn't it to call those bad high intellectuals? Professors in some schools these days are beasts."

“You can’t use one stroke to knock over a boatload of people.” Chang Pei’e eats a mouthful of porridge and says, “Of course, we cannot say that there is no scum in a family of scholars. Isn’t Ruoxian going to investigate it? We’ll know when we find out.”

Yan Hua pays little attention to this matter. She just has a sudden whim. However, Tang Cao, intently pays close attention to it. He also adds Shu Sheng’s WeChat and asks him every day. Shu Sheng is extremely bored with him.

Xiaokai just comes back from business trips to foreign countries, Shu Sheng introduces Xiaokai to Tang Cao. The two people chime in easily and almost investigate by themselves. Finally they really find out something.

“It turns out that Su Jing’s aunt had a rebellious period when she was young and conceived a baby with a young gangster.” Tang Cao uses a tone of revealing a great secret to say, “There is still the record of her abortion.”

Yan Hua says, “That means that baby was not born.”

“I suspect that child is Su Tian.” Tang Cao says seriously, “Look! The timeline is right.”

Bai Susu glances at him, “You can’t say that is Su Tian. There were many children born at the same time.”

“But Su Tian was adopted! Everyone at her school knew she wasn’t born to her parents.” Tang Cao sighs, “Her foster parents used to be scavengers and found her in the garbage heap, so they took her back.”

Chang Pei’e is aged and unhappy to hear such a thing, “How poor! She should take good care of her foster parents.” She says.

“She’s very filial.” Tang Cao drinks a mouthful of red wine, “She has been good at studying since her childhood. She keeps taking scholarships and does part-time jobs in the university. The snack stand in front of her adoptive parents’ home is set up by her money.

Yan Hua hears so much and asks Lang Ruoxian, “Is there any way to prove Su Tian’s identity?”

“One way.” Lang Ruoxian answers, “Steal her hair for a paternity test.”

As soon as Tang Cao hears that, he is about to make a phone call, but Yan Hua stops him.

“Wait a minute. I don’t think we should investigate any more.” She wanted to say a few days ago, but she saw Tang Cao so positive and didn’t open her mouth, “We want to help her, but no one knows whether she wants it or not.”

Yan Hua sighs, “Actually I regretted it long ago. I think we shouldn’t casually investigate other people’s affairs.”

“It’s not others!” Tang Cao says, “Tong Yue is my buddy.”

“Then let him decide himself.” Yan Hua glares at Tang Cao, “Anyway, we can’t investigate it any more.”

Bai Susu nods, “What your elder sister said is right. If someone investigates you secretly behind your back, you will not be happy. We should respect others.”

“Then or I tell Tong Yue?” Tang Cao thinks, “It is up to him.”

Later, Yan Hua hears that Tong Yue doesn’t investigate. But he conveys his thanks to Yan Hua and says if one day Su Tian wants to find her own biological parents, he will tell her again.

“You didn’t agree with us to investigate other people long ago, did you?” Yan Hua lies in the arms of Lang Ruoxian, kind of being listless.

It’s raining outside today. Lang Ruoxian rarely stays at home. The couple sit on the bay window watching the rain beat on the glass, creating a lot of crystal clear water vortexes.

Lang Ruoxian hugs her into his arms, “Your motion at the beginning was not wrong. You wanted to help her find her own parents. When did you begin to feel yourself wrong?”

“It’s... That day!” Yan Hua went to pick up Gungun and Wuyou after school. At the intersection, she saw Hua Yan shopping with his fiancée Su Jing who was a member of Su Family. They seemed very happy.

“I was thinking whether it would be another tragedy if Su Tian was really a child of Su Family.” Because there was no reported in the circle in Yanjing that

Su Family lost a child. The parties were either not knowing it, or not willing to mention it.

Yan Hua is not a fool, nor a person who doesn't know evil and good. How can she bring pain to two families just because of her whim.

"I've been reflecting for days." She drills to Lang Ruoxian's arms, "I feel myself particularly bad."

Lang Ruoxian pats her, "Who said so? Your starting point is good."

"You know it's not right, but you don't say it." Yan Hua pokes at his chest, "Later you should remind me of this kind of thing. Don't let me do things as I want."

Lang Ruoxian smiles, "No, if in the end you don't say so, I will remind you."

He knows that Yan Hua is curious, but he is so selfish. He will certainly choose to satisfy his woman's curiosity and won't care whether it will hurt others. But he also knows the character of Yan Hua. If he doesn't remind her and when things get worse in the end, she will regret it.

"No. You'll tell me that from the beginning." Yan Hua, somewhat feeling fear after the event, asks, "Well, hasn't Su Family noticed anything?"

"Don't worry. It didn't bother them."

Comparing with Yan Hua's easiness, Tang Cao has no good luck. He comes back several days in succession to complain Tong Yue who has been busy and every day he calls Tang Cao to the company to stay. Tang Cao is almost bored with it.

Yan Hua then looks at him with special sympathetic eyes: Because you investigated his girlfriend without his agreement!

Of course, she won't remind her unlucky brother.

"Are there many children?" This day is the date when Gungun and Wuyou go to the summer camp. She and Lang Ruoxian send the two children on the plane.

Chang Pei'e is a little worried, "You say, how can you make so small children to fly more than ten hours to such a far place..." The old lady has been nagging since yesterday.

"Grandma! You may rest assured. There also go several children in their class." Yan Hua helps the old woman into the living room, "Besides, Wuyou also goes."

Chang Pei'e stares at her, "Is Wuyou not a child? You must not always feel Wuyou to be amazing. Anyhow, she is still a child."

Tang Yao puts down the newspaper, "Mom, it's only one month. Doesn't Hua say that we will go to pick him up when the summer camp is over?"

"Mother does not rest assured!" Bai Susu goes downstairs, "Let her talk about it. Anyway, she just talks about it."

Chang Pei'e smiles, "Oh, yes, otherwise what can I do? By the way, are you all ready for the company listing the day after tomorrow?"

"We are ready!" Tang Yao says excitedly, "I've bought a new suit."

Bai Susu soothes the back for the old lady, "The weather is too hot, or mother can also go to the scene to watch lively."

"If I go, I probably trouble you." Chang Pei'e laughs, "I will watch you on TV."

It is probably the hottest day of July when Lang Consortium opens. Lang Ruoxian foresees that Tang Ming will make trouble for them, so when he sees a few people in the crowd with plastic bottles pour and splash unidentified liquid to other people, he is not surprised at all.

"Don't be afraid." Hugging Yan Hua, he coldly glances over and sees that the guards have restrained the men, but many people have been poured or splashed with the liquid.

It is unknown that who calls the police. Soon the police car drives here with sirens and the scene is messy.

"Mr. Lang, you see, this..." The MC is embarrassed and doesn't know what to do.

All of a sudden, there is a turmoil on the right side of the stage. Fei Shan goes up with many people around him like a myriad of stars surrounding the moon. From below come screams, and everyone completely forgets that they thought it was a terrorist activity just now and was afraid of death. Now they all desperately wave arms and rush to the front of the stage.

“Not to continue?” Fei Shan waves towards the people under the stage, “My appearance fee is very expensive, millions for minutes.”

Lang Ruoxian smiles, “I didn’t invite you, so you are a volunteer for free.”

“Why do you come here?” Yan Hua asks happily, “Weren’t you still shooting a movie abroad the other day?”

Fei Shan says, “Yesterday I just returned. I originally wanted to take a look far away and leave. Who knows that you have an accident?”

He leans back and greets, “Uncle, Auntie!”

“You’re just in time!” Tang Yao laughs.

Bai Susu is also grateful, “Will you be free later? You should leave after having a dinner.”

“Next time, Auntie!” Fei Shan smiles, “I’m really busy. I’ll catch a plane later.”

The ribbon cutting goes smoothly. Movie king Fei Shan’s joining helps the opening hit the headline immediately. Even the few troublemakers are ignored. Many fans of Fei Shan are crying. Why does their idol suddenly return?

After crying, they go to scold the paparazzo. Where are your professional ethics? Why do we need you? Our idol comes back quietly and you don’t take photos of him? You’ve been staying at the airport every day.

“Dad, I told you this Fei Shan was a curse. Look, he’s ruined your plan.” Tang Rui sits on the wheelchair pointing to the television, “He must specially come back to help Lang Ruoxian.”

Tang Ming straightens his face, watching Tang Yao’s family jubilantly enter the new building of Lang Consortium in Yanjing on TV. He presses the remote control board hard to turn off the TV.

“If you hadn’t offended him, would he have sided with the second branch?”

Tang Jie can’t help opening his mouth, “Dad, Fei Shan was familiar with Yan Hua in G City. They are old friends.”

“I know.” Tang Ming impatiently says, “Forget it. This is just beginning, hereafter we shall have plenty of opportunities.”

Tang Yu suddenly runs out of the study, “Dad, we are in trouble.”

Chapter 305 Retribution in This Life

Lang Ruoxian comes out from the police station. Shu Sheng opens the car door, “The doctor says that the patient’s hemangioma bursts because of being frightened and he is still in the rescue.”

“Have the lawyer go to the police station with his family.” Lang Ruoxian sits into the car, “Contact those trouble maker, then make them confess Tang Ming out.”

Some special guests visit Tang Ming’s house that evening.

“There was an accident in front of the square of Lang Consortium today. We want to ask Tang Jie to go back for investigation.” The police are polite. After all, this was the man they looked up at a few months ago.

Tang Ming is sitting on the sofa seriously and looks at a few police. Zhao Mei aside obviously has cried. She clings to hold Tang Jie.

“Why will you arrest my second brother?” Tang Rui feels it to be a provocation that the police dare to come to their home. If it happened before, they would bow and scrape when they saw him.

The older policeman says, “We don’t arrest Mr. Tang, but to ask him to go back and help with the investigation.”

“Dad...” Tang Yu opens his mouth and is about to say something, but Tang Ming interrupts him.

“Go ahead, we’re law-abiding citizens.” Tang Ming’s eyes are cold and stern, “I hope you can find out as soon as possible and give my son justice.”

Zhao Mei suddenly screams, “Dad!”

“Xiaomei!” Tang Jie clings to hold her and shakes his head, “Nothing! Don’t worry. I didn’t do anything. I’ll be back soon.”

The police takes Tang Jie away. Zhao Mei looks at the closed door and then looks at the father-in-law somewhat resentfully. Tang Yu winks at Yang Yanqing. Yang Yanqing hurries to Zhao Mei and is about to speak, but sees Zhao Mei suddenly shake and collapse down.

“Oh my god! Blood!” Yang Yanqing points to Zhao Mei’s legs, where are two thin lines of blood flowing down.

Tang Yu’s face changes color. He cries, “Call an ambulance!”

The gangsters who had gone to Lang Consortium received a sum of money. They took bottles filled with water to pour and splash into the crowd. It was an easy job and they could earn a lot of money. But they had no idea that a man who had been startled had a hemangioma burst. When the police told them, they didn’t think it important.

“We don’t have anything to do with him having a hemangioma, and we didn’t let him have one. Oh? Pouring water to the body can make someone get hemangioma?”

They detour to answer the police’s questions, fooling around. Anyway, this kind of thing at most will cause them to be accused of affecting public security. They cannot be locked up for a long time. But the news comes from the hospital that the person whose hemangioma burst died a few minutes ago, now his family members hire lawyers to accuse them.

“The doctors issued a certificate that although the patient had a disease, he was really frightened because you had poured water on him.” The police say that the family will not let them go. If the case is in the court, they will be sentenced to at least three to five years.

Now those gangsters are afraid. They are still young and none of them want to go to prison. So they immediately confess Tang Jie, saying that Tang Jie gave them money to make trouble.

“I see.” Lang Ruoxian hangs up the phone and the whole family look at him.

“Tang Jie’s wife just arrived at the hospital and had a miscarriage.”

All of others are speechless.

“Is this a retribution in this life...” Tang Yao murmurs, “People really can’t do bad things. Ah!”

Chang Pei’e reads Amitabha, “Zhao Mei is in poor health. These years she has been taking medicines and visiting doctors everywhere to think of a way. It is not easy for her to get pregnant.”

Finally...

“Tang Ming’s own sin.” Bai Susu smiles faintly, “He ordered it, and Tang Jie just followed orders. When something happened, he made his son to be a scapegoat and left himself to be innocent.”

Lang Ruoxian had found a few people who had explosive disease similar to hemangioma in advance. These people are either dying, or will die at any time. Lang Ruoxian promised to give their families a sum of money, as long as they appeared at today’s ribbon cutting ceremony.

Finally, something really happened.

“I gave the family another sum of money for the man who died.” Lang Ruoxian does what by humanity and duty and those people are all volunteers. After the thing happened, a patient jealously said why the pathogenetic man was not himself. Otherwise his family could take a sum of money more again.

“Will Tang Jie be sentenced?” Yan Hua rubs her arms and feels cold all over.

Lang Ruoxian hugs her and touches her forehead to make sure that she doesn’t have a fever. And then he says, “No, Tang Ming will not let him go to prison.”

“The end result of this is to settle the case out of court. The gangsters will be locked up for a few years. Tang Jie’s lawyer will put all the blame on them. As for Tang Jie, he can pay some money and he will be all right.”

Lang Ruoxian sniffs, “What happened to his wife is not in my plan.”

“Of course!” Tang Yao hurriedly says, “That is their retribution. If they do many bad things, the retribution will be suffered by their future generations.”

Tang Cao, who has been playing games, raises his head and adds, "Well, just like dad, you are a playboy, so I am a playboy."

"Beat you to death!" Tang Yao throws a pillow to him.

Tang Cao dodges, "Just now in our chatting group, a few of rich second generation were talking about this matter. Now everyone knows that Tang Jie was taken away by the police."

Chen Xiaopang also secretly chats with him to ask if their family did this. Tang Cao sends back an expression to let him guess.

"If there is no accident, Tang Jie can leave the police station after midnight." Lang Ruoxian looks at the watch, "Tang Ming's lawyer team has this ability."

Tang Jie does leave the police station. 2 o'clock in the morning he rushes to the hospital. Zhao Mei sees him and cries.

"It's OK. We're still young. We'll have another chance later." Tang Jie knows that he almost becomes a father. He doesn't feel good either.

But Zhao Mei pushes him away and shouts, "You know my body is not easy to get pregnant. Do you know how much medicine I have taken and how much trouble I have suffered over the years?"

"I know, I know!" Tang Jie can't do anything about it, "But what done is done. You should think positively. When you recover, we can still have a child."

Zhao Mei cries bitterly and even curses Tang Ming. Tang Jie's face changes color. Fortunately, no one else is in the ward.

"Shut up!" He slaps Zhao Mei directly in the face, "Sober? Don't cry if you are sober."

Zhao Mei covers her face and sobs in a low voice. Tang Jie sighs and hugs her to coax, "You do know the situation of our family. Now is not the suitable time to quarrel with dad. Or you want to get nothing in the future? Endure! Waiting for us..."

"How much longer do we have to endure?" Zhao Mei ruthlessly looks at him, "Your father's body is so strong. God knows when he will die!"

“Keep your voice down!” Tang Jie covers her mouth, “We don’t have to wait for dad... We only have to wait until he has no more illusion about Tang Rui. At that time, the company will belong to my elder brother and me.”

Zhao Mei takes his hand away and says grumpily, “Tang Rui is his biological son. However stupid and f**king around Tang Rui is, Tang Rui is still his son. Besides, there is Hua Family. Hua Yating is dead set on Tang Rui. When the time comes, dad may let Hua Family help Tang Rui manage company instead of giving the company to us!”

“You think what you can think my brother and I can’t think?” Tang Jie smiles, “We will look for opportunities. In short, in the end the company must be ours.”

Lang Consortium officially run business about real estates in Yanjing. The company begins to invest and build the project of the development zone. This day Shu Sheng says that Sun Xiaolin comes.

“She comes back to work and says that she has owed the company money.”

Lang Ruoxian narrows his eyes, “Give her the right position, and pay as usual. Tell her that the money is owed to the old Tang Consortium, so she doesn’t have to return the money now.”

Shu Sheng tells Sun Xiaolin what Lang Ruoxian said. Sun Xiaolin is very grateful. She is now healthy and comes back to work. Because she comes from Tang Consortium, her salary gets increased. This day when Lang Ruoxian is off work, he sees her at the company door.

Sun Xiaolin doesn’t come over. She just bows to Lang Ruoxian in a distance and then leaves.

“She has been born again. I hope she can live a good life in the future.” Yan Hua hears and praises.

In early August, except Lang Ruoxian and Tang Cao, Yan Hua takes three old persons to Mi Country. As Chang Pei’e is aged, they go by taking Lang Family’s private plane.

“Brother, we are left alone!” Coming out of the airport, Tang Cao pats Lang Ruoxian’s shoulder, “Rest assured. You can go to do things you want. I won’t tell my sister.”

Lang Ruoxian glances at him, "But I'll tell mom every day what you have done."

"... Are we still playmates?" Tang Cao stares at him, "At last no one will supervise us in the family. Why don't we hurry to idle?"

Lang Ruoxian opens the car door, "You go by yourself. The company is very busy. Besides, don't say I didn't remind you. Idling is OK, but don't make trouble, otherwise if you are taken away by some bad guys, I will not save you."

Tang Cao drives his car happily. Don't listen to his brother-in-law's waning! Last time when he was taken, who ran to save him, and broke Tang Rui's legs to avenge him? La la la!

"Tang Cao!" He is about to start the car and Chen Xiaopang calls him.

"Why do you call your father?" Tang Cao answers the phone.

Chen Xiaopang scolds and then says, "You hurry up to come, for I've seen Tang Rui!"

Oh, my gosh! He must go. Tang Cao asks the address and drives there directly without saying nonsense. Chen Xiaopang tells him that in a Clubhouse he sees Tang Rui have dinner with a few rich second generations.

"Though he sits in a wheelchair, he still calls two young girls with big boobs to accompany." Chen Xiaopang sees him and says, "I don't think he wants his third leg anymore."

Tang Cao enters the private room and sits down, "Which private room is the idiot staying?"

"Just next door!" Chen Xiaopang lights a cigar, "But today they are outnumbered than us."

He just finished dinner with friends. When he checked out, he saw Tang Rui. Now only Tang Cao and him are left.

"I just want to frighten him, which needn't have many people!" Tang Cao asks the waiter to clean up the table and reorders the food. While eating, he says, "I'll go to toast in a moment."

Chen Xiaopang is glad, “You say! What drug to use on him?”

“Damn!” Tang Cao rolls his eyes, “He is so weak now. In case he is drugged to death, who will be responsible for it?”

“And why are you going to propose a toast?”

Tang Cao raises the wine cup, in all seriousness, “Don’t talk nonsense, I simply want to propose a toast.”

Of course, by the way, discuss with Tang Rui about wheelchair sitting experience. After all, he also had sat on it for three months!

If you find any errors (broken links, non-standard content, etc..), Please let us know via our discord so we can fix it as soon as possible.

Chapter 306 Family Role Orientation

Chen Xiaopang feels that he may not have the chance to enjoy the wine. So he specially let the waiter take a bottle of wine sold in supermarket only for dozens of yuan. The Clubhouse doesn’t have this kind of wine, but that waiter is clever. He runs to the opposite small supermarket to buy a bottle of that kind of wine.

“Well done!” Chen Xiaopang waves his hand and gives the tip.

Then the two playboys each carries a glass of red wine to propose a toast. When they go in, Tang Rui’s hand is in the nearby woman’s skirt and he has an ecstatic expression.

“Hey! I still think Tang Rui lacks the power and the motivation he needs to move forward. What? Still dare to use the third leg? Not afraid that it also wastes!” Chen Xiaopang excitedly stares at the woman. Gosh, this girl’s boobs are really big.

Tang Rui pushes away the woman and gloomily smiles, “Who do you think you are? When is your turn to speak?”

“Tang Rui, are you stupid?” Chen Xiaopang shakes his head, “Do you think your situation is just as before? Don’t say I didn’t remind you. Now your father isn’t in that position. Ah! Right, I should call that one grandpa. How about you? Does the one know you?”

A shadow passes over Tang Rui's face. He doesn't know whether the new leader is related to Chen Family. But he cannot bear that Chen Xiaopang lets him lose face in public. He is about to call the friends aside to drive them out, but sees the friends all shrink their necks.

"Don't stare at them!" Tang Cao laughs several times, "They are not silly." He walks a few steps away from Tang Rui and stands there, "Well, this position is almost OK. You can't reach me."

Tang Rui instinctively turns the wheelchair, "What do you want to do?"

"Nothing!" Tang Cao says basely, "My hand will immediately be slippery."

What? Everyone looks puzzled.

Then they see him exaggeratedly calls, and pours a full glass of wine on Tang Rui's legs. The two women next to Tang Rui scream to escape. Tang Rui gets wet from crotch to thigh.

"F**k!" Tang Rui scolds, "Tang Cao, I f**k your mother!"

Tang Cao takes the glass of wine in Chen Xiaopang's hand and directly pours on Tang Rui's head, "Since your mouth is not clean, wash it well!"

"I..." Tang Rui is going to continue to scold.

Tang Cao interrupts him, "Tang Rui, if I were you, I would shut up. You cannot move now. I can kick you to the ground at any time, and then let you crawl out."

In Tang Rui's hatred eyes, Tang Cao smiles, "Look around you. No one will help you. So you say one more word, and I'll push you in the trash."

"Second Childe!" There is a rich second generation next to him who carefully smiles at him, "Just a joke! Forget it after making a joke. Have you eaten dinner? Would you like to sit down to eat together?"

Tang Cao nods, "What you said is very good. Just a joke! All right, no kidding, take your time!"

The two people swaggers away, leaving a silence.

"You're f**king lame, too?" Tang Rui shouts, "Quickly help me up."

All the others crowd to help him. Tang Rui continues to curse after sitting up, while others have more and more terrible expressions.

If you are capable, you scold Tang Cao in the face. It is useless to scold others after Tang Cao leaves.

“All right. Your pants are wet. Don’t you feel uncomfortable?” There is a rich second generation frowns and waves to the two young girls with big boobs who hide in the corner, “Quickly push Fourth Childe to the room inside to change clothes. I will ask the attendant to send a pair of new pants.”

After Tang Rui goes in, a guy who is sleek-haired and creamy-faced says, “I say, later when you play with him, don’t call me.”

“Why? Are you afraid of Tang Cao?”

“It doesn’t matter if I am afraid or not. The first branch of Tang Family is not what they used to be. Their business now, ha ha... It’s not as big as our family’s. Why should I offend anyone for him?”

“That’s right! Don’t call me either.” Another guy says.

Tang Cao and Chen Xiaopang open champagne to celebrate in the next door. They don’t know that their prank has caused Tang Rui’s evil associates to scatter. A few days later, Tang Rui wants to come out to play but everyone says that they are busy.

“Damn it!” He loses his temper at home. The housemaid serves him the medicine but is scolded away by him.

Tang Ming just comes back from the outside and says to the housemaid, “You leave first. Ignore him.”

“Why do you vent your anger to others?” Tang Ming raises the bowl of the medicine, “Drink it.”

Tang Rui doesn’t dare to challenge his father, so he takes over the bowl and endures his anger to drink it. After drinking it, he drops the bowl, “Those idiots think that our home is not so powerful and actually want to be estranged from me.”

“Then why don’t you criticize yourself?” Tang Ming picks up the bowl, “Even the ancient traitor minister Qin Hui had two friends! Tang Cao that crap still has Chen Xiaopang to follow, let alone Tong Yue who help him make money.”

“And you?” Tang Ming sighs, “I told you early that everything would be different when I got off the stage. I can adapt to it. Why don’t you adapt to it?”

Tang Rui grabs his hair, “Even if our home does not have the right, but Tang Consortium is now ours. We still have money!”

“Who doesn’t have money?” Tang Ming sneers, “Even Lang Ruoxian has several hundred million yuan, so what? Silly son, this is Yanjing.”

A place with more officials than dogs and more money than officials.

“If you want people to respect you, at least stand up first.” Tang Ming glances at him, “There, I will send you to the mountain villa in the outskirts for recuperation. And you will do rehabilitation.”

“I won’t go!” Tang Rui grits his teeth, “I also want to settle accounts with Tang Cao.”

Tang Ming is angry. He mercilessly slaps Tang Rui, “Are you silly? I’ve said so much but you don’t understand. What will you use to settle accounts with him? You crawl to go? All you have to do now is to stand up quickly and you can do whatever you want!”

Finally Tang Rui compromises. The same day he is sent to the sanatorium in the outskirts by Tang Ming. In a few days, Tang Cao just knows that Tang Rui leaves. He is eager to go to the sanatorium.

“Don’t you dare!” Bai Susu, who has just returned from Mi Country, shouts at Tang Cao, “I will break your legs.”

Tang Cao says quietly to Yan Hua, “Why are you coming back so soon? Didn’t you say you’d play for a month?”

“Grandma says her friend’s grandson will get married and she wants to come back for the wedding feast.” Yan Hua glances at him, “And Gungun says that he feels worried that Lulu a dog stays lonely at home.”

“What do you mean a dog lonely at home? Aren’t Brother Ruoxian and I in?”

“He says you can’t. You can’t take care of it since Lulu is a little girl.”

Tang Cao squints.

In order to prove that he can take care of a dog, the second day Gungun is going to take Lulu to do physical examination. Tang Cao volunteers as a driver.

“Sister, I told you I’d come. Why do you have to come?”

Yan Hua ties her safety belt, “You can forget that I am here.”

“Mom is here and Lulu will not be scared.” Gungun touches Lulu’s ears. The one-year-old sheepdog has grown so big that she seems to be larger than the average German shepherd because of her pedigree.

The dog likes Gungun as always. As long as Gungun is here, she will never leave Gungun far away. And Lulu is smart enough to know the roles orientation of family members.

For example, Lang Ruoxian is a devil to be very frightful, but as long as there is Yan Hua aside, she can be shrewish and make a scene freely. She cannot pounce on Grandma, but as long as she learns to be mischievous and coquetry or asks for a hug, she will have a big bone to eat.

Gungun and Wuyou like her most, and she will use the dog’s life to protect those young owners.

Bai Susu is clean. When they walk back, Lulu will absolutely stand at the door waiting for her to wipe its feet. As for Tang Yao and Tang Cao...

The dog thinks that their statuses are like hers, so she doesn’t need to pay more attention to them. Ha ha!

“Why doesn’t she get scared when she goes to the hospital like other dogs?” Tang Cao doesn’t know himself be defined as having the same status by the dog still laughs at Lulu, “Is she silly and doesn’t know that she is going to the hospital?”

“Woof!” “Lulu cries.

Yan Hua doesn’t know what she means, “She shouldn’t know. She hasn’t been there yet!”

Lulu was very young when she came back. This is her first checkup. She will do checkup every year in the future.

“Lulu must know it since she is so smart!” But Gungun holds the dog’s head and says, “I showed her the video at the pet hospital yesterday and she must have understood.”

Nobody knows whether the dog knows, but after the checkup the doctor asks if they want to give a sterilizing operation to Lulu. The two adults and a child are stunned.

“Doc... Doctor, must we do it?” Yan Hua doesn’t understand this very well. But to give Lulu an operation? It’s...

“Mrs. Lang, are you going to find her a boyfriend? Are you going to let her have puppies?” Because Gungun is aside, the doctor asks cutely, “If you want Lulu to be single all her life, you’d better give a sterilizing operation to her. It’s good for the dog’s health.”

The three people are still in shock. A young nurse runs in, “Director! The variety show we talked about last time is coming to film here.”

“They said they would come today, and let us do whatever we had to do.” The director of the hospital stands up, looks around, and says sorry to Yan Hua, “Mrs. Lang, why don’t you go back and think about it? Later here will be in a mess for the TV station is going to shoot a program.”

Gungun hears it and hurriedly leads Lulu to go out. As soon as they reach the hall, they hear someone screaming.

“Ah! Why is there such a big dog? Is this a wolf dog? It’s too terrible...”

Tang Cao and Yan Hua look at each other. What a familiar voice!

Dong Nianshuang participates in the program which asks the stars to use a day to experience ordinary people’s life. This episode, she randomly draws to the pet hospital as a nurse. Who knows that when she comes in, she sees a dog like a wolf and her face changes color.

“Miss Dong, the pet hospital has all kinds of animals. Not to mention wolf dogs, there’s a Tibetan mastiff over there!” The young nurse who is in charge

of guiding her says with a smile, “But you can rest assured for we will ask the owner to put on the muzzles for dangerous dogs.”

Dong Nianshuang doesn't hear what she said, because she just find that the child with the wolf dog look very familiar. Then she looks up and sees Yan Hua and Tang Cao coming downstairs.

“Ms. Tang...”Dong Nianshuang is stunned for a moment. Soon she smiles and says hello.

Yan Hua looks behind Dong Nianshuang, where are a crowd of people and several cameras. She nods, and says to the director of the hospital, “Then we shall not hinder you. I will call you when we go back to have a discussion and make a decision.”

“OK, Mrs. Lang!” The director of the hospital sends her to the door, “Take care.”

Dong Nianshuang hears the staff mutter behind her.

“Wow! That is Tang Duo. I hear that she is the capital's first celebrity.”

“The real person is even more beautiful than the photo. With my more than ten years of experience in makeup, she certainly hasn't done a plastic surgery!”

“Nonsense! Everyone knows she's natural beauty...”

Dong Nianshuang bites her teeth, but she still can't endure. She walks a few steps to the door.

“Ms. Tang!”

Chapter 307 Lulu bites Dong Nianshuang

Yan Hua is about to get into the car. She stops and turns to look at Dong Nianshuang.

“So this is your dog. I was really sorry just now!” Dong Nianshuang shows a sweet smile. She looks at Lulu that has climbed into the car, and finally looks at Gungun.

“Hello, little friend. You look so like your father!”

Gungun vigilantly looks at her. Children are always very sensitive to their mother’s moods, especially this kind of silly but sweet children like Gungun. He obviously notices that Yan Hua is not very happy since she sees the beautiful aunt, so Gungun doesn’t say anything.

“Are you so shy with strangers?” Dong Nianshuang smiles and reaches out to touch his head.

Yan Hua frowns and tries to stop her, but Lulu moves faster. She suddenly rushes over and bites Dong Nianshuang’s hand.

“Lulu!” Gungun is terrified.

Lulu immediately relaxes her bite. Almost at the same time Dong Nianshuang screams and pulls back her hand. A deep wound appears on the back of her hand.

“Sister Shuang!” The young assistant freaks out. The director and camera shooter freak out, too.

Everyone rushes in. Lulu begins to growl uneasily, warning them to stay away from the car.

“It’s OK, Lulu. It’s OK!” Gungun holds her to whisper to comfort.

Tang Cao curses in a low voice. He comes over from the driver’s seat, “Why do you all shout? Is she dying? Don’t you go in and deal with the wound?”

“Do you want an injection?”

“Will you get rabies?”

“Come on, come on, where is the doctor just now...”

A crowd of people messily hold Dong Nianshuang to enter. Gungun is somewhat afraid.

“Mom, Lulu didn’t mean to bite her. She must be a bad person or Lulu wouldn’t bite her.” Gungun firmly believes that their dog is in the protection of the owner, although... Though maybe the strength she exerts is a bit too much.

Yan Hua rubs her eyebrows and touches her son’s face and then pats Lulu’s head, “Good boy. Let your uncle take you home first.”

“Why should we go back first?” Gungun is more afraid, “Mom, or I go to the aunt to apologize. I will use all my pocket money to compensate her!”

“No need.” Yan Hua smiles, “Lulu didn’t mean to do so, but you should tell her well when you get home that she can’t just bite people randomly anymore.”

Gungun nods but he can’t help defending Lulu, “Lulu just didn’t want her to touch me. She didn’t exert her strength at all. It was... It was the aunt herself who exert all her strength...”

“I see.” Yan Hua hugs him and says, “Well, Tang Cao, send Gungun back.”

Tang Cao is gripping the door of the pet hospital to see the situation inside. He doesn’t turn his head and says, “Sister, you go back with Gungun. I will stay. I would like to see the stupid...”

Being aware of Gungun in the side, Tang Cao hurriedly changes a word, “To see what the bad woman want to do.”

Gungun’s eyes light up. Even uncle also thinks that is a bad woman, so Lulu was not wrong to bite her.

“Don’t make any more trouble.” Yan Hua pushes him into the car and whispers, “Don’t tell your brother-in-law. I can manage it myself.”

Seeing Tang Cao keep silence, she accentuates her tone, “Hear me?”

“Yes, then you should be careful. I will send Gungun back first and come here right away.” Tang Cao starts the car, “If they bully you, you call the police first!”

“Don’t worry. They don’t dare.”

Both of them know that Dong Nianshuang and the program team dare not to deal with Yan Hua. But he is afraid that Dong Nianshuang the idiot will do something stupid to cause the thing to end badly.

After all... Lulu did bite first.

“Nurse, what’s going on inside?” Yan Hua returns to the pet hospital and stops a nurse to ask.

The young nurse says in a low voice, “The wound is nothing serious, but her assistant argues to insist on vaccinating. We don’t have the vaccines for human being!”

Yan Hua is about to ask if the vaccine can be bought in the neighborhood when she hears a woman shouting behind her, “Is there anybody? Nianshuang?”

“Nurse...” The agent grabs the young nurse. She flashes her eyes and notices that Yan Hua is standing next to them. She loosens her grip and says, “Ms. Tang.”

“Hello.” Yan Hua doesn’t know who she is.

“Hello, hello!” The woman reaches out, “I am Nianshuang’s agent. My name is Wang Mei.”

Yan Hua says, “You go in and see how she is. If there is any need, you can tell me. We can also talk about problem of compensation.”

“It is just an accident!” The agent is polite, “That is all right. I’ll go in to see Nianshuang first.”

Yan Hua doesn’t leave but sits on the chair outside and waits. After a while the agent comes out, not looking very well.

“Ms. Tang, why don’t we go in and talk?”

Yan Hua nods and follows her into an office. All other people have left except for Dong Nianshuang and her assistant. When Yan Hua sees that Dong Nianshuang’s hand is tightly wrapped in gauze, her first reaction is that Dong Nianshuang is not afraid of the inflammation of the cover...

“Are you alone, Ms. Tang?” Dong Nianshuang looks behind Yan Hua and is somewhat disappointed.

Yan Hua smiles, “You also want to see our dog? She won’t apologize to you. So let me do it. I am very sorry, Miss Dong. I will compensate the hospital fees and your other losses. I will have my lawyer contact you about the details later.”

“No, you need not!” The agent answers immediately, “Just a few hundred yuan, we...”

“Ms. Tang.” Dong Nianshuang ignores her hint and interrupts her. She looks at Yan Hua, “Do you hate me so much that let a beast deal with me?”

Yan Hua stops smiling and looks at her calmly, “I hate you. This is not the first day you know it. And don’t call her beast. Our Lulu has a name.”

“Do you confess that you meant it?” Dong Nianshuang has a dejected expression, “Where did I offend you, and you wanted to let the dog bite me?”

Yan Hua rolls her eyes in her heart, knowing that the woman wants to make trouble.

“Do you have persecutory delusion?” She says, “You know clearly where you’ve offended me. As for Lulu biting you... Honestly, if she could understand me, she wouldn’t only bite once.”

Seeing that Dong Nianshuang’s face change color, Yan Hua continues to say, “Previously my son was here, I couldn’t say something. Dong Nianshuang, I remember that I have said it for many times that you should stay away from me. Do you think you are sick? You not only came over but also wanted to touch my son. Do we know you very well?”

“I just wanted to say hello to your son...”

“You didn’t need!” Yan Hua’s expression also becomes cold, “You must come up and pretend to be familiar with us because you were ill. Our dog bit you to protect its owner. Of course, if you have to say that I let Lulu bite you, I have no objection. Anyway, you had my talking filmed just now, didn’t you?”

Yan Hua looks at the young assistant, whose hand in her coat shakes.

“Dong Nianshuang, I tell you! If you talk nonsense about my son on the Internet, I’ll get you out of entertainment circle.” Yan Hua looks at her coldly, “You can try if you don’t believe it.”

After saying this, Yan Hua turns away, but she runs into Lang Ruoxian who just came over at the gate of the hospital.

“What are you doing here?” Yan Hua wonders.

Lang Ruoxian takes her hand and carefully looks at her, “The Internet has spread the news. I called Tang Cao and rushed over.”

Yan Hua exclaims. She forgets that there are so many people coming and going in the pet hospital. It is estimated that someone took pictures and posted on the internet.

“What did they say?” She quickly turns on her mobile phone and sees that it has hit the headline.

Some netizens filmed that Dong Nianshuang shot a program in a pet hospital, but she was bitten by a dog. Dong Nianshuang’s micro blog is full of fan comments, worrying about how she is. There are fans searching which hospital it is and being ready to come.

“I asked Shu Sheng to keep an eye on it and delete any content related to our family as soon as it appeared.” Lang Ruoxian hugs her to pat, “Don’t be afraid.”

Yan Hua nuzzles in his arms, “I am worried that Dong Nianshuang doesn’t have good intentions. We are not afraid, but Gungun is still a child...”

“Well, she doesn’t dare.” Lang Ruoxian opens the car door, “Let’s go home. Gungun is very worried about you.”

“Mr. Lang!” Dong Nianshuang feels joy in her heart. She thought that she can’t wait until Lang Ruoxian appears.

The man turns around in front of the car. The scene is what she has dreamed about many times. Dong Nianshuang greedily looks at Lang Ruoxian. She doesn’t know when she will see the man again.

“Miss Dong.” The voice of Yan Hua wakes her up.

“Didn’t your parents tell you not to stare at other women’s husband?”

Resentment flashes in Dong Nianshuang’s eyes, but she soon hides her emotion and uses misty eyes to look at Lang Ruoxian to say, “I did not... I am sorry that Mr. Lang has to come here for the matter today.”

“How disgusting!” Lang Ruoxian makes no secret of his dislike for the woman, “Don’t go near my son next time.” He then helps Yan Hua into the car and turns his head to say, “Don’t come near our dog either. I’m afraid she might be infected by your stupidity.”

It is unknown when Dong Nianshuang cries. A line of clear tears across the cheek, looks particularly pitiful.

“It’s a pity that...” Yan Hua presses down the car window and smiles at her, “If Miss Dong had such good skills in acting in ordinary times, the producer wouldn’t lose money.”

“You...” Before Dong Nianshuang speaks again.

Lang Ruoxian’s car quickly drives out. Soon only the two car tail lights can be seen.

“Have you had enough?” The agent sighs, “I thought you’d been working hard because you had thought positively, but you’re still...”

She has been looking around in case anyone would see this.

“What about that video just now?” But Dong Nianshuang asks.

The young assistant winces and glances at the agent.

“I have it.” The agent holds up the mobile phone, “But I’ve deleted it.”

Dong Nianshuang madly reaches out, “I don’t believe it! Let me see.”

“Enough!” The agent grabs her, “Don’t you see where this is? You want the headline tomorrow to be Dong Nianshuang going crazy on the street?”

In the house of Tang Family.

As soon as Yan Hua enters, she sees Gungun and Lulu sitting squarely in the steps of the living room.

“Mom!”

“Woof woof!”

Gungun and Lulu pounce on her.

Yan Hua touches her son and the dog.

“Why are you sitting here?”

Gungun glances at her and pats Lulu on the head, “Lulu!”

“Ao woo..” Lulu sticks up her ass, bends her upper body and lowers her head very much.

“Mom, Lulu is apologizing. She says that she won’t bite randomly again.”

Chapter 308 Tang Rui’s Third Leg

Yan Hua squats down and looks at Lulu at the same level.

“Ao Woo...” Lulu whimpers several times and covers her face with her claws.

Yan Hua smiles, “Lulu is great today. You should remember to protect Gungun well in the future, but you can’t bite people casually.”

“Woof woof!” It is unknown that the dog understands it or not. Anyway, Lulu immediately stands up and barks several times.

Gungun nervously tugs at her dress, “Mom, is that aunt fine?”

“She’s fine.” Yan Hua pulls him into the living room, “This is the first time. Mom hopes that you can teach Lulu well in the future and let her learn to listen to your orders instead of acting by herself.”

Gungun listlessly sits on the sofa, “If Wuyou is here, it will be OK. Every time Wuyou is here, Lulu is very obedient.”

That’s because of the animal’s instinct... It is estimated that the dog can smell that Wuyou has the wolf smell.

“In short, you have to remember that Lulu is your dog, and you are her owner. It will be your responsibility if she makes a mistake. Understand?”

Gungun nods hard, “I remember. I will train Lulu from tomorrow!”

Tang Cao makes a suggestion when eating, “Would you like to send Lulu to a school that specializes in training dogs?”

“Ask Gungun, for Lulu is his dog.” Bai Susu knows the morning affair. Like Yan Hua, she thinks that Dong Nianshuang deserved it. But they can’t educate a child like this. They should let him have a correct sense of morality.

Gungun shakes his head immediately, “Don’t send Lulu away. I will teach her myself from tomorrow.”

“Not sending her away.” Tang Cao explains, “It’s just going to school, just as you going to school every day. Let the professional people train her.”

Yan Hua thinks for a moment, “You ask them if they have the kind of course that the owner does not have to put the dog there but to learn with the dog together every day.”

“I will ask about it.” Tang Cao murmurs, “I see in the internet that the dogs should be kept in the school for a month. I don’t know if there is such kind...”

He chooses a pet school that is very famous in the suburbs of Yanjing. When he asks them about this kind of class, the school really has such classes during the summer vacation, which is specially prepared for children and pets.

“Great, then I can go to school with Lulu together!” Gungun is very satisfied, so Tang Cao immediately registers on the Internet.

Bai Susu looks at the address, “It’s on our side! Driving over will only cost about an hour. Every day you go there after lunch and come back for dinner in the evening.”

Gungun spends a whole afternoon preparing. He prepares Lulu’s small backpack, Lulu’s kettle, and Lulu’s favorite snacks. There are also his clothes and backpack.

Tang Cao watches him go back and forth, talking to Lang Ruoxian who is sitting on the sofa watching the computer, "I tell you, Gungun is exactly the same as my sister when she was a child."

"How do you know your sister's thing in her childhood?" Lang Ruoxian doesn't look up.

"My grandfather told me!" Tang Cao sits over, "The one who loved my sister most in my family is my grandfather. He always said that my sister was like him. If she were a man, she would be definitely the kind of hero who can win the battle when getting on the horse and governs a country when getting off the horse."

Lang Ruoxian feels that Tang Family may have misunderstandings about the concept of the hero...

"My sister was about ten years old at that time. It took her an hour to pick clothes every day." Tang Cao rolls his eyes, "Once, a small crystal on her shoe lost, she had arrived at the airport but returned."

Tang Cao makes a gesture, "Mom asked her to change a pair of shoes, but my sister didn't agree! She said that this dress must be equipped with this pair of shoes."

"And then?" Lang Ruoxian puts down the computer for he is very interested in listening to his wife's childhood.

"Then she rescheduled the plane to the next day and took her shoe to the franchise store to repair." Tang Cao says dismally, "But the second day she changed all her modeling from head to toe."

Lang Ruoxian smiles faintly and imagines the little Yan Hua at that time.

Tang Cao continues to speak, "I asked her why you didn't wear yesterday's shoes. She said today's dress didn't match those shoes. I asked why you didn't change the dress at the airport yesterday. Or you needn't reschedule."

"Your sister must say that she did not like it yesterday, but she liked it today." Lang Ruoxian chuckles.

Tang Cao almost gives him five, "That's right! That's what she said."

“Well, in our childhood, grandpa bought everything for my sister. Other people bought very expensive jewelry from the auction to please women. But my grandfather gave them all to my sister.”

“My sister was too young to wear them but she liked them so much that she often played them as glass beads.” Tang Cao thinks of something and suddenly says, “Do you know why Tang Ziyang is so jealous of my sister? It is just because none of them can behave like my sister.”

Yan Hua comes over eating a piece of watermelon and says, “What are you talking about me?”

“We said that you had a childhood others envy.” Tang Cao stretches out his head, “Where is the watermelon? I want to eat it, too.”

“Go to the kitchen to take!

Yan Hua sits down next to Lang Ruoxian and feeds him a mouthful of watermelon, “It’s a pity that I don’t remember my childhood.”

“It’s good for you to forget.” Lang Ruoxian looks at her, “To be honest, if you are still Tang Duo, I think I may not have the chance to marry you.”

Yan Hua smiles and kisses him, “No! You are so handsome that I will certainly choose you.”

Lang Ruoxian looks at the little woman bickers with Tang Cao while chewing watermelon. He is extremely grateful. A woman who has been spoiled from childhood and has no worries about food and clothing is actually the most difficult to coax, because they almost have no regrets about life. You don’t know what they still lack.

At the same time, he also feels very lucky that Yan Hua grew up in such a family, which let her grow as she wishes and grows to be what she likes...

“Sister, tomorrow let the driver drive you to the pet school!” Tang Cao raises his hand to ask that day.

Seeing that he has been a driver obediently this week, Yan Hua immediately agrees and asks, “What are you going to do tomorrow?”

“A friend will celebrate his birthday.” Tang Cao sends a message in the chatting group to bicker with Chen Xiaopang, “He is a good person, so we go out to make his party lively!”

“Don’t come back too late. Drink less wine.” Bai Susu interrupts.

“Yes!” Tang Cao salutes, “Mom, trust me. I will find substitute driving, or let the driver pick me up, or live in the hotel.”

But Tang Cao doesn’t come back until after midnight the next day. He happens to meet Yan Hua who comes downstairs to drink water in the middle of the night and almost scares him.

“What’s the matter with you? Hurt?” Yan Hua rushes to the side of Tang Cao and doesn’t dare to touch him because he is covered in blood.

Tang Cao hurriedly says, “It is not my blood! It’s not mine! Don’t worry.”

They went to the outskirts of the horse farm to play in the afternoon and had dinner on the nearby villa resort after playing. After the dinner, Chen Xiaopang’s family had something to find him, so they let the driver pick up him.

“Then I said to come back in their car! As soon as we got to the lobby, a woman rushed out of the elevator, covered in blood. Her dress was torn.”

It was clear what the matter was. The woman stumbled toward the door and two men rushed out of the other elevator to catch her.

“We just stood in the doorway. When she saw someone chase after her, she hid behind us.”

Tang Cao and other dudes saw this kind of thing before, but this was the first time for them to see so tragic scene. The woman ran close to them and they found that the woman’s face was beaten black and blue. There were also traces on the wrists which were caused by a very thick rope tying.

“Who are you? Go away quickly!” The two men who chased over saw that woman hide behind Tang Cao and his friends, thinking that they wanted to intervene, so the two men threatened with an impatient expression, “Be smart. Don’t intervene something you can’t deal with. This girl is not obedient. Fourth Child Tang let us take her back.”

Chen Xiaopang was delighted at that time, "Today I will deal with you!"

"Tang Rui? Tang Cao was also delighted, "Is he here?"

The two people heard and appeared to be arrogant, "Since you know the identity of Fourth Child Tang, hand us the person!"

The woman immediately knelt down to kowtow to them after hearing what they said, "Please help me. Help me!"

"And you saved her?" Yan Hua has a grape in her mouth, "Where is Tang Rui? You saw him?"

"No!" Tang Cao has changed clothes, eating a bowl of sweet soup, "We beat them down. Tang Rui estimated to be in the room upstairs. When I left, I specially told that two idiots who I am. Ha ha! They didn't have time to pretend to be dead. They just ran away, scratching and scrambling."

Yan Hua snorts coldly, "They are worse than the beasts! What about the girl? Has she been taken to the hospital?"

"Yes." Tang Cao wipes his mouth, "On the way, her breath stopped, which almost scared us. Fortunately, the rescue was timely, and now she is out of danger. But when I left, she had not waked up!"

"Did you call the police for help?" Yan Hua asks.

"Yes." Tang Cao smiles, "Such a good opportunity! We of course used it to make Tang Rui famous. By the way..." He turns on his mobile phone, "Chen Xiaopang said to expose him. I don't know if he had posted the information online."

Yan Hua turns on her mobile phone too.

"...Posted." She clicks in and there are several pictures inside. It is the lobby of the resort. Two men lie on the ground. The last one shows a woman covered in blood being carried into a car.

The account of the revelation is not Chen Xiaopang's, but of an internet celebrity in Yanjing circle who often reports livelihood events.

The following caption is written quite wonderfully. The main idea is that a few good friends went to the resort to play, but met two men beating a girl. They

were righteous and courageous to save the girl. The girl was seriously injured and is still in the hospital being rescued.

Originally, this was a piece of ordinary news that could attract social attention, and Chen Xiaopang forwards it and comments on it...

#I am the good Samaritan. The two craps said they wanted to catch the girl back, because Fourth Childe Tang was waiting in the room. Ha ha ha!# He also attaches a picture of a rat with a broken leg under it.

“What are you doing? Yan Hua sees Tang Cao typing excitedly.

Tang Cao does not look up, “Ah? I am forwarding it!”

A few minutes later, the news hit the headline. Next to it there are three following news. One is about a rich second generation learns from Lei Feng late at night, and the other two are...

#Fourth Childe Tang Forced a Girl to Death#

#The Third Leg of Fourth Childe Tang#

Chapter 309 Be Worse than a Beast

Tang Ming harshly curses Tang Rui on the phone, so Tang Rui harshly curses the two fools beaten half dead by Tang Cao. The two people have a wronged expression. They are rich second generation who go to university in Yanjing from another city. They have been around Tang Rui after knowing his identity.

The two men are too young to remember this is Yanjing, forgetting Tang Rui is not the only playboy in Yanjing. They don't expect that the first time they helped Tang Rui but met powerful enemy. Now not only they feel painful on the body, but also they do not know how to deal with the thing.

“You two will become my scapegoats.” Tang Rui snuffs out the cigar.

Both of them look pale.

“Fourth... Fourth Childe Tang, you can't do that! We did it for you, and... Besides, you're the one who hurt that woman. We... We just caught her...”

“You two brought her here. I can’t move my legs now. Can I do it without you holding her down?” Tang Rui smiles, “Rest assured, our lawyers will help you. The maximum punishment is a detention for two months.”

Seeing the two people have unwilling look, Tang Rui snorts, “Your two families always want to do business in Yanjing. I’ve told my father. As long as I am not involved in this, Tang Consortium will cooperate with you.”

“Really?” The two people’s eyes light up.

Tang Rui glances at them impatiently, “True or false, let your families go to Tang Consortium and you will know.”

Bai Susu and other people know this matter in the morning.

“Tang Ming will certainly exonerate Tang Rui. It is impossible for him to let his own son go to prison.” Tang Yao pats Tang Cao’s shoulder with a comforting expression, “Alas, although you only know eating and drinking, at least you are not heartless or take advantage of our power to bully people. I am very pleased!”

Tang Cao rolls his eyes toward him, “Mom, Chen Xiaopang and I have discussed. We want to help that girl.”

“You should help her.” Bai Susu looks at Lang Ruoxian, “The netizens now all know that you saved that girl, so simply help her out to the end. What is your opinion?”

Lang Ruoxian knows the meaning of his mother-in-law. He thinks, “We can pay not only the medical expenses, but also the follow-up expenses. Have you contacted her family?”

“Xiaopang went to investigate. That girl has a stepmother. Her father also ignores her. She also has a six-year-old brother who was abducted by human traffickers six months ago.”

All of the three women in the family sigh.

“So poor...” Chang Pei’e sighs for a long time. The old lady is a Buddhist who cannot hear such a thing most.

Bai Susu is also very sympathetic, but she is still more rational, “That is to say, no one in her family will take care of her.”

“Then we shall pay her medical expenses directly to the hospital. In addition, we should hire a nursing worker for her.” Yan Hua immediately thinks that they can’t give the money to the girl’s family, otherwise they won’t pay a penny for her curing.

Lang Ruoxian takes her hand and shakes it, “I will investigate her again. If there is no problem, we will do it first. But...” He glances at Tang Cao, “You go to tell her. She must come forward to testify Tang Rui, or let her lying in the hospital alone.”

“Brother Ruoxian, you are really a devil!” Tang Cao clicks in the mouth, “You haven’t forgotten to calculate at such a time.”

Bai Susu stares at him, “Is your brother-in-law calculating? Oh, you saved her, paid her medical bills, and got someone to take care of her. But in the end, if she says that she wasn’t beaten by Tang Rui. And then what will you do?”

There are many poor people in this world, but you can’t squander the kindness of others just because you are poor. Or you think it reasonable to think that do not need to return other’s kindness.

“Besides, she is beaten to be so by Tang Rui. If she still doesn’t dare to come out to testify him, then we don’t need to help her.”

Tang Cao pokes his fingers, “I see! I just say casually.”

Tang Ming’s house in the compound.

“Xiaoyu, you go to fix it.” Tang Ming throws the newspaper on the table, “The two guys coming from another city have promised to be the scapegoats. As long as the girl let go, your brother will be all right.”

But Tang Yu is somewhat worried, “Dad, the second branch intervenes. Tang Cao saved the girl to the hospital. Would they take the opportunity...”

“Certainly.” Tang Ming lights a cigarette, “Otherwise they wouldn’t have posted it online.”

He can find someone to delete the first post account, but Chen Xiaopang and Tang Cao forwarded, so even deleting is not possible. They can only let the news spread. Just now even the police are unable to bear the pressure, and post on micro blog to express that they will be serious to deal with this matter.

“The public needs an explanation. The police need criminals. We give them an explanation and criminals.” Tang Ming pops off the cigarette ash, “Let the two people to be the scapegoats, and then find lawyers to keep them.”

Tang Yu is not so optimistic, “Tang Cao will certainly testify. The two people cannot get away with charges. When the time comes they in prison, in case they confess us, we will be in trouble.”

“Just go to the hospital to see the girl and ask her not to testify.” Tang Ming thinks, “If can’t, it doesn’t matter. Just don’t give the two people the opportunity to turn over confession and directly put them in jail.”

When the time comes, do their family a favor, and their family will naturally persuade them. As long as they stay a few years in prison, they can get an opportunity for their family keeping a foothold in Yanjing. He believes that they will judge for themselves.

Tang Ming makes the thing clear and goes to the company. When he leaves, Yang Yanqing complains, “Every time he will do so. Tang Rui himself makes trouble and you have to fix it.”

“Or what?” Tang Yu lets the secretary to arrange lawyers, at the same time he waves to let the housemaid leave, “Do you want to let Tang Rui change to be sensible and more diligent to learn to help in the company?”

Yang Yanqing is stunned. She opens her mouth but doesn’t know what to say.

“Fool!” Tang Yu lowers his voice, “The more he behaves so, the better it is for us. Dad is still healthy and there is no need to hurry. But he is aged after all. When he finds that he needs a successor, do you think Tang Rui can do it?”

Yang Yanqing smiles, and then her eyes become vicious, “Then you and Tang Jie may as well be hanged for a sheep as for a lamb, looking for an opportunity to let Tang Rui never turn over, then...”

“It’s not that easy.” Tang Yu stares at her, “You can’t do stupid things. If Dad finds out, even I can’t save you.”

“What are you talking about? Yang Yanqing touches him, “I can’t dare. This is you man’s business.”

Tang Yu’s secretary calls him, saying that he has arrived in the hospital but can’t see the girl. Tang Cao’s bodyguards have been waiting at the door. A lot of reporters are also waiting in the hospital. No one can enter the ward except the doctors and the members of the second branch of Tang Family.

“Boss, how about finding public media to report to pressure them? Just say that they have an impure purpose.”

“No use.” Tang Yu thinks, “You come back and needn’t go.”

The second branch does so must prevent them getting close to the girl, but they can say that it is in order not to let the reporter disturb the patient. This road estimates to be impassable. Tang Yu is not stupid. The second branch is to help the girl. So it is impossible to let the girl not testify.

Ning Lingshan lies in the bed. The nursing aunt very gently washes her wounds while comforting her.

“Those who survive in a catastrophe are bound to have good fortune. Ning, you are lucky. That Childe Tang pays all medical expenses for you, also lets the hotel next to the hospital send you meals every day. The three meals a day are all nutritious things. Don’t worry and you will get well soon!”

“Thank... Thank you.” Ning Lingshan whispers.

The wounds on her face have been treated to look less terrible, but she is still black and blue in the face and she cannot speak loudly. She knows the Childe Tang whom the nursing aunt mentions. He is one of the people who saved her on that evening.

“You just wake up. Have a good rest!” The nursing worker tidies up for her, “I will accompany you. Rest assured!”

Ning Lingshan looks around the ward, which is like those very advanced ones she saw on television. It is a suite, with a TV, a fridge and a kitchenette. If the nursing worker does not say, she can’t tell this is a ward. There is a bunch of blooming flowers at the head of the bed.

She closes her eyes. It is over finally. The night was like a nightmare. She thought she was going to die. Fortunately... Fortunately...

“This is the information of Ning Lingshan.” Lang Ruoxian quickly investigates that girl, because her life is very simple. It is a story about a poor child without a mother living a hard life.

When Ning Lingshan was 12, her mother died in a car accident. The family took a sum of compensation. She had a good life originally, but two years later her father got married again and soon had a son.

“Sure enough, with a stepmother, a father also behaves like a stepfather.” Yan Hua reads it line by line.

At first it was OK. They just didn't give her pocket money. Later, the parents didn't even give food to her. Ning Lingshan insisted on university accommodation. She had to do part-time jobs to pay her tuition and living expenses.

“And where did her brother come from?” Tang Cao asks curiously.

“Not biological.” Yan Hua hands the material to him, “There was an old woman selling melon seeds near Ning Lingshan's university. Her son was dead and her daughter-in-law threw the baby she just gave birth to and ran away.”

The old lady usually took care of Ning Lingshan very much, so Ning Lingshan regarded the child as her younger brother. Two years ago the old lady died and left the house to her, so Ning Lingshan took care of the child.

“The baby was lost six months ago. She called the police and later someone said to see the baby be taken away. The police checked to be done by a trafficker, but the trafficker hadn't been caught and it was unknown where the child had been sold.”

Chang Pei'e cannot see the words clearly and asks, “How did she fall into the hands of Tang Rui?”

“Isn't that villa resort near the sanatorium? She majored in medical nursing in the university and just began to work in the sanatorium but unluckily ran into Tang Rui.”

Lang Ruoxian tells them another message, "Tang Rui was on drugs that night."

"Good heavens!" Tang Cao is stunned, "He... Was he on drugs?"

"I don't know what he ate, but he certainly was."

Tang Cao nods, "No wonder why he hit the girl like that. This bastard is killing the girl!"

"Ning Lingshan is really good." Tang Cao thinks of something, "The doctor said that there was no sign of sexual assault, but... There were cigarette butt scald all over the place, and all the wounds on her body were signs of struggle. It seemed that she was fighting tooth and nail."

And, as Tang Rui cannot move, Ning Lingshan was held down by those two people in front of him.

"Send them to prison!" Yan Hua bangs the table suddenly.

Chapter 310 Be Exonerated

Women usually have a special resonance with this kind of experience of their compatriots. Ning Lingshan's experience has brought the anger of the three women in Tang Family to a climax. Chang Pei'e even suggests going to the hospital to visit Ning Lingshan.

"All right!" Tang Cao claps his hands, "Go at any time, but she doesn't look very good now."

Yan Hua pokes at her mobile phone. It is unknown what she is looking for. She says, "We'd better go now. Why should we go when she is recovered?"

"Tomorrow is OK." Lang Ruoxian thinks about his work arrangement tomorrow, "I am free to accompany you in the next morning."

"Tomorrow is the weekend, and Lulu doesn't have to go to the pet school." Yan Hua hands the mobile phone to the housemaid and asks her to cook soup according to the above ingredients, "We don't have to hurry back."

Chen Xiaopang knows that Tang Family members will go to the hospital, so he waits in the hospital early in the morning. In his word, now it is not the problem of saving the poor girl, but the battle of the second branch of Tang Family against the first branch of Tang Family. He, as the friend of Tang Cao, must participate in!

“Didn’t your family say something?” Lang Ruoxian narrows his eyes and asks him.

Chen Xiaopang is frightened to stare big eyes, “You... How do you know?”

“I told you my brother-in-law was the devil.” Tang Cao rolls his eyes, “By the way, what did your family say?”

Chen Xiaopang pats his chest with a dauntless expression, “My mother muttered to me that your two families had such a great conflict. She asked me to stay out of it. Then my dad scolded her, saying that I and you were buddies, so I couldn’t be disloyal to our friendship!”

His dad not only let him come, but also increased his pocket money. Chen Xiaopang is so happy!

“Tong Yue also said so.” Tang Cao tells Bai Susu.

Tong Yue had something and left early that night. Later he knew that they sent the girl to the hospital, so he also went to the hospital in the middle of the night.

“Don’t bother Tong Yue too much.” Bai Susu says grumpily, “The company is so busy, but he has to manage it for you.”

“Yes!” Tang Cao says with a smile, “That’s what I told him. I said that you should focus on making money for us and didn’t have to worry about anything else.”

Chen Xiaopang nods aside, “Here we are. This is the ward!”

The doctor has just finished the examination for Ning Lingshan. The nursing aunt feeds her something and switches the TV on the wall for fear that Ning Lingshan feels bored. Ning Lingshan stares at the screen, looking empty. Then she sees the two men who saved her come in, along with several strangers.

“Sister, don’t move!” Chen Xiaopang sees that she is going to get up, and quickly supports her, “These are all our family. You don’t need to stand on ceremony.”

Ning Lingshan tries to make herself speak clearly, “Thank... Thank you.”

“Every time when you see us, you will say thanks. You are not tired?” Tang Cao pulls a chair for Chang Pei’e, “This is my grandmother. She wants to see you.”

“He... Hello.” Ning Lingshan says word by word, “I’m sorry, I... Can’t... Get up.”

Chang Pei’e comes in and sees the girl’s injuries on the face and wrists. She is shocked. She has silently read amitabha for many times. She hurriedly pats Ning Lingshan’s hand softly, “Don’t talk. How painful you are! It is good for you to lie down. We just come to see you.”

“Thank... Thanks.” Ning Lingshan probably wants to cry, but her eyes are swollen, which affects her lacrimal gland. She blinks desperately. Her eyes are very red, but she can’t shed a drop of tear.

Bai Susu shakes her head, “Grandma is right. You can rest assured to recover and no one dares to disturb you. When you’re ready and decides how to solve the problem, we’ll help you.”

“Sue... Him!” Ning Lingshan suddenly raises her voice a lot. Her whole body stretches tightly.

Yan Hua quickly pacifies her, “Calm down! Calm down! We have sent lawyers to the police station and will definitely have them brought to justice.”

Ning Lingshan asks the nursing aunt to read the online news for her these days, so she knows the identity of Tang Rui. She also knows that Tang Cao who saved her and Tang Rui are relatives.

Tang Cao shakes his head carelessly and casually, “Although we both surname Tang, you should not mix us up. We are different from Tang Rui the beast.”

“Yes! Otherwise, we wouldn’t have saved you that night.” Chen Xiaopang pulls out a lollipop from somewhere, “The key is you. You will have to testify Tang Rui.”

Ning Lingshan nods hard and is about to open her mouth to say something, but she is interrupted by Yan Hua.

“I know what you mean, so you needn’t talk.” She hands the soup she brought to the nursing aunt, “We won’t disturb your rest. But if there is something you need our help, please do tell us.”

Tang Cao thinks of something and says, “I’ll bring you a mobile phone tomorrow to make it easy for you to contact. When you get better in a few days, Xiaopang and I will take you to play games.”

“Thank...Thanks.” Ning Lingshan wants to cry again. She has been not cared for a long time and has not felt the warmth.

Suddenly there are some people who are so kind to her, which makes Ning Lingshan have an unreal feeling that she is dreaming. Then in the dream, a black and horrible beast head appears, chasing her all the time. Then she sees her younger brother who has been abducted by human traffickers. Ning Lingshan is about to shout to let him run quickly.

But the beast head opens its bloody mouth and swallows her brother down. Ning Lingshan lets out a scream.

“Ning? Ning?” Someone is calling her.

Ning Lingshan suddenly opens her eyes. Aunt Wang looks at her anxiously, “What’s the matter? Did you have nightmares?”

“Hoo...Hoo.” Ning Lingshan covers her chest and closes her eyes, “Well, I was scared to death.”

During the past half month, Aunt Wang has taken care of her all the time. The relationship between the two becomes more and more familiar. Aunt Wang wipes her sweat, “It’s okay. It’s okay. The dreams are always against the reality. Come on, let me help you change your clothes.”

“Thank you.” Ning Lingshan’s face looks much better. Although it is still black and blue, it has at least gets rid of swelling.

Aunt Wang praised Ning Lingshan a few days ago, saying that she didn't think Ning Lingshan to be so beautiful and her eyes were big like those of the dolls.

The injuries on the body also begin to heal. Only broken ribs have not healed yet. Ning Lingshan is very cooperative with doctors and never moves carelessly. She hopes that she can get well quickly and not cause too much trouble to others.

"The police came yesterday. It is OK?" Aunt Wang helps her lie down, "I see that there is still hot discussion about the matter online! The two men who beat you have been locked up."

Ning Lingshan nods, "When the police asked me about the situation of that night, I told the truth."

"Yes! Let them be in jail for they are too inhuman." Aunt Wang doesn't know that it was Tang Rui who really hit Ning Lingshan, because Tang Family has already made Tang Rui be exonerated. It is said that he only stayed in the sanatorium for recuperation and had nothing to do with the beating matter.

Ning Lingshan smiles and does not tell Aunt Wang the truth. She is not as optimistic as she was a few days ago. Even with Tang Cao's guarantee, she also understands that the struggle between the rich and powerful is not something an ordinary person can participate in.

All she can do is to confront the police and insist that Tang Rui was the one who beat her that night!

"How is it going?" Yan Hua stares at Lang Ruoxian.

Everyone else is sitting in the living room, waiting for Lang Ruoxian to finish the call.

"The two men are sentenced to be in jail for five years. They don't know they are going to stay in prison for so long until the end. However, they have no chance to retract their testimonies. Their families have reached an agreement with Tang Ming."

Tang Yao asks incredulously, "Are they the biological sons of their families? That's prison! This... Their lives will be ruined."

“What will be ruined?” Bai Susu sneers, “I hear that they are only in their 20s, and in five years they will be less than 30.”

Besides, Tang Ming gives them benefits, and their families also keep a foothold in Yanjing. If they have enough money, what can't they do? Even if they want to go back to the university, it is OK.

“Sure enough, the children hit people, and their parents are not good either.” Chang Pei'e turns the Buddha beads, “It is not different from selling their sons.”

Tang Cao and Chen Xiaopang have been scolding those people in their chatting group for a long time, “Don't let me meet those two families in the future!”

Yan Hua keeps silence all the time. Lang Ruoxian touches her face, “What's the matter?”

“Didn't you say that Tang Rui took drugs that night? Didn't the police also know it? Can't they find out anything...”

“Hua.” Lang Ruoxian holds her face, “I knew from the beginning that this thing wouldn't have Tang Rui duly punished.”

“Then why did you tell Ning Lingshan that we would help her?” Yan Hua shakes her head, “She puts all her hopes on us. Now you have to tell her that Tang Rui has no punishment. What will she do? Who will give her justice?”

She is a little excited. Bai Susu quickly takes her hand, “Don't worry, Hua. Listen to what Ruoxian will say.”

“Silly girl!” Lang Ruoxian hugs her, “I haven't finished yet. Even if he won't be duly punished, I will try to make him suffer.”

Yan Hua looks at the man blankly, “What... What do you mean?”

“We have no evidence that he took drugs, but Ning Lingshan can definitely be a witness to prove that Tang Rui beat her that night.” Lang Ruoxian glances, seeing Yan Hua and Tang Cao have a look as if primary school students listen to the teacher's reaching. He twitches his corners of the mouth and goes on to say.

“It is impossible for Tang Ming to put Tang Rui in prison. I think he will find a doctor to prove that Tang Rui took some medicine at that time because of his leg injury, resulting in his occasional mental abnormality.”

Tang Cao opens his mouth and says, “F**k. Is this okay?”

“This is the only way I can think of at present.” Lang Ruoxian says, “Moreover, Shu Sheng has found that Tang Ming has been in contact with a psychiatrist abroad these days. If I guess correctly, the doctor has been bribed by him.”

Tang Yao hurriedly asks, “So that’s still impossible to have him duly punished? In this way, he will surely not be sentenced to be in jail.”

“Even if we sue Tang Rui successfully, Tang Ming is capable to let his son be sentenced for at most one year in jail.” Lang Ruoxian touches Yan Hua’s face, “And he can still have a comfortable life in the jail. Tang Ming will take care of everything for him.”

Bai Susu nods, “Ruoxian is right. Tang Rui will be fine as long as Tang Ming is here.”

“What shall we do then...” Yan Hua is very frustrated, “How can we give a satisfying explanation to Ning Lingshan?”

Lang Ruoxian shakes his head helplessly, “Trust me. After this time, I will make Tang Rui regret not going to jail.”

“Hua, I want to drink fruit tea. Would you like to make a pot?” Chang Pei’e smiles and says.

Yan Hua immediately stands up and says, “Grandma, I’ll go immediately!”

When she leaves, Bai Susu also sends Tang Yao and Tang Cao away.

At this time, Lang Ruoxian says, “Mom, I don’t need to give an explanation to Ning Lingshan at all. We don’t owe her anything. Tang Cao saved her and gave her a chance to live. If she hates us because Tang Rui can’t go to jail, it will be more unnecessary to help her.”

“I know what you mean. I have the same idea.” Bai Susu nods, “Though we sympathize with her, our aim is Tang Ming. If Tang Rui is not involved in this incident, I will not let Tang Cao continue to take charge.”
