

## Destined Wife: The Apple of My Eye

Chapter 311 The Young Person Who Has Serious Concept of Chastity  
Lang Ruoxian has been in a bad mood lately. Yan Hua has not been very emotional because of Ning Lingshan's affairs. Tang Ming did use the psychiatrist to get Tang Rui exonerated as Lang Ruoxian thought. Finally Tang Ming gave Ning Lingshan a compensation hypocritically.

"Brother Ruoxian, my sister said that she would send the money to Ning Lingshan personally, so please let the lawyer transfer it to me." This day Tang Cao calls him and Lang Ruoxian frowns, "I see. I'll go with you tomorrow."

Yan Hua is surprised when she sees Ning Lingshan again.

"So you look so beautiful." Yan Hua says on the spot.

Ning Lingshan is somewhat embarrassed, but she still says seriously, "Mrs. Lang, you are more beautiful. Really! I saw your poster on the street before. You are really beautiful."

"Thank you!" Yan Hua puts away the fruit she brought, "We are relieved to see you recover so well."

Ning Lingshan listens to her very tenderly. Seeing Tang Cao playing with his mobile phone behind Yan Hua and Lang Ruoxian with a cold face, she is thoughtful and asks, "Mrs. Lang, are you here because of Tang Rui's lawsuit?"

"...You have known it, right?" Yan Hua is interrupted by Lang Ruoxian as soon as she speaks.

Lang Ruoxian looks at Ning Lingshan calmly, "Tang Rui has been exonerated. Miss Ning should have known it."

"I read it online yesterday." Ning Lingshan smiles, "In fact, I have already had this thought preparation. It won't be so easy to send the scumbag to prison. Thank you very much for everything you have done for me. At least the other two scumbags involved have been duly punished."

Yan Hua looks at her, "Don't you feel disappointed?"

“No.” Ning Lingshan shakes her head seriously, “To be honest, at first I wanted to kill the three men, but during this period of time I have slowly figured it out. If Childe Tang hadn’t saved me, I’m sure they would have tortured me to death that night.”

“Later, you were willing to help me and give me treatment. This is probably what Aunt Wang said. Those who survive a catastrophe are bound to have good fortune.” Ning Lingshan smiles, “I really appreciate your family. You are the savior in my life!”

Tang Cao grins, “Not bad! That’s right. Don’t always think about those bad things, especially the scumbags.”

“It is best for Miss Ning to think so.” Lang Ruoxian looks at her, “My wife and the aged in the family are very concerned about you, so they can rest assured if you think so.”

Ning Lingshan pinches her fingers. As expected, this man is really very terrible. Last time when they met, she felt that Lang Ruoxian didn’t take her seriously. If it weren’t for Mrs. Lang, he wouldn’t even look at her.

Today, this feeling is even stronger. Ning Lingshan believes that if she revealed a little dissatisfaction with Tang Family just now, she is afraid that her life in the future...

“By the way...” Yan Hua remembers something and says, “Will you return to your original place to work after you are discharged?”

Ning Lingshan shakes her head quickly, “It’s too remote. I want to find a job in a hospital in the city. I went there before because they provided me room and boarding. I thought those who recuperated were generally the aged. I never thought...”

“Sister Duo?” Fang Diandian suddenly pushes the door and comes in, “You are all here!”

Tang Cao looks at his watch, “What did you do? Why are you late for half an hour?”

“Traffic jam.” Fang Diandian inserts the flowers into the bottle, “Hello, Miss Ning, you look good today!”

Ning Lingshan smiles, "Thank you, Miss Fang! I had a good appetite this morning and ate an extra steamed stuffed bun."

"Ha ha, that's good. Get better quickly!"

Fang Diandian says and finds that Yan Hua is looking at her. She glances at Yan Hua, and bows her head, lacking in self-confidence.

"Does Diandian come to see Miss Ning often?" Yan Hua asks jokingly, "Why didn't I know it?"

Fang Diandian exclaims, "No... I didn't come all the time. I just had a chat with her once in a while."

"Fang Diandian is very awesome this time." Tang Cao picks an apple from the basket and takes a bite, "Chen Xiaopang and I are impatient to stay long in the hospital. She has been here several times."

Ning Lingshan also nods, "Miss Fang is so nice to chat with me every time..."

"Oh, I am not so busy because I am pursuing graduate study now. Anyway, I am also idle!" Fang Diandian hurriedly waves.

Coming out of the hospital, Yan Hua pulls Fang and says, "Come to our house for dinner in the evening. My mother hasn't seen you for a long time. She talked about it a few days ago."

"OK!" Fang Diandian carelessly gets into the car. When the car starts, she sees Yan Hua's meaningful smile and finds herself be tricked.

Yan Hua says, "I haven't asked anything yet. What are you panicking about?"

"I... I have no panic!" Fang Diandian shrinks her neck a little, "I'm... I'm hungry."

Pa! Lang Ruoxian throws a loaf of bread from somewhere and glances at her.

Fang is overwhelmed by an unexpected favor and then feels something wrong. How did she feel the expression in the eyes of the big boss was meaningful just now?

Speak well and please my wife. And I shall reward you with a loaf of bread.

She is speechless.

“Are you afraid that Tang Cao might like Ning Lingshan? That’s why you went to the hospital to see her.” Yan Hua cheerfully gossips, “If you tell the truth, I’ll tell you whether Tang Cao likes Ning Lingshan.”

Fang Diandian is surprised, “He... Likes Ning Lingshan.”

Beep! Just then Tang Cao is driving his own super-car ahead of their car. He also pokes his head out and blows them a kiss.

“...” Fang Diandian covers her face. He is so handsome. She is smiling.

“Don’t be a nympho.” Yan Hua pulls her hand down, “Is my brother that good-looking? Is he more handsome than Lang Ruoxian?”

Fang Diandian is so scared. However good-looking Lang Ruoxian is, he is yours!

“Where does he look better than me?” Lang Ruoxian who is driving sneers.

Yan Hua immediately says, “I also think that you look better!”

Fang Diandian: Why didn’t she just sit in Tang Cao’s car because she was shy? Why did she watch public display of affection here?

“All right. I know you are afraid that Tang Cao might like Ning Lingshan. Rest assured! According to my observation, he didn’t like Ning Lingshan.” Yan Hua stops teasing Fang Diandian and reassures her, “Tang Cao doesn’t understand love at all, but you are right to keep an eye on him. In case he begins to understand love someday but likes someone else, you will be in trouble.”

Fang Diandian’s mood is somewhat depressed, “Sister Duo, it’s been so long. He certainly doesn’t like me at all.”

“Didn’t I say that he hadn’t understood love at all?” Yan Hua pats her, “Either you confess your love to him directly or you keep an eye on him until he begins to understand love.”

She doesn’t dare to confess anyway. Fang Diandian nods bitterly, “I’d better keep an eye on him!”

Lang Ruoxian dislikes that Fang Diandian is such a coward on love, but for the sake of her making Yan Hua happy, he decides to kindly remind her.

“You can drug him, and then what done is done. Tang Cao’s concept of chastity is very serious. He will probably marry the first woman he has sex with.”

Yan Hua is speechless.

Fang Diandian is speechless too.

Is chastity not important to me?

“This... This is not very good!” Yan Hua says in a weak voice, but she actually has a feeling in her heart. Oh, it seems like this...

Fang Diandian suddenly discovers a terrible thing, “Then if he carelessly makes love with some girl, do you mean that he will marry her?”

“As long as the girl doesn’t frame him on purpose and he doesn’t hate the girl, he will.” This time Yan Hua says so. Tang Cao is really such a person.

When they return to the house of Tang Family, they see Tang Cao get off from the sports car. He doesn’t know himself to be regarded as the kind of young person who has a serious sense of chastity. He still poses coquettishly.

“What kind of expression is it in your eyes?” Tang Cao is not blind. There is something wrong with Fang Diandian’s expression in her eyes.

Fang Diandian, who is afraid of being found out what she discussed behind him, rushes into the gate and almost hits Bai Susu.

“What’s the matter?” Bai Susu holds her, “Diandian? You haven’t been here for so long.”

“Summer job...” Fang Diandian immediately poses a gentle, look like a daughter of an eminent family.

Tang Cao chases her in and sees her look. His eyes are about to protrude. He raises his hand and touches Fang Diandian’s forehead, “Are you sick?”

“What are you doing?” Fang Diandian quickly jumps far away. She covers her forehead and blushes.

Tang Cao is startled by her. When he sees her face so red, he also feels strange but he doesn't know why.

"Have you two been boiled? Both of you blush." Yan Hua comes in and sees the two persons are red in the face. It is easy to understand why Fang Diandian blushes. But why does Tang Cao also blush...

"Who blushed?" Tang Cao asks with a puzzled face.

Bai Susu draws him to the mirror and says, "Well, look at yourself."

"Sh\*t!" Tang Cao touches his face, "What's wrong with me? Mom, call me an ambulance!"

Lang Ruoxian walks past him, "Idiot."

"...Sister, you don't manage him?" Tang Cao stamps his foot for being angry.

Yan Hua sighs, "Your brother Ruoxian is right."

"Are you going to become a devil too?" Tang Cao covers his face. He looks himself in the mirror and finds that his face is no longer red. He feels relieved.

Turning his head, he sees Fang Diandian's face is still so red, and says with a look of disliking, "Fang Diandian, keep away from me in the future. You must be blushing all the time and have just infected me."

"..." Fang Diandian's face isn't red anymore and becomes pale in a second. She glares at Tang Cao severely, "You are an idiot!"

Tang Cao lets out a cry, "You've got a lot of guts, Fang Diandian. Try scolding again!"

"Tang Cao is an idiot!" Fang Diandian shouts loudly and then runs to Chang Pei'e, "Grandma, I've come to see you!"

Chang Pei'e smiles and pats her on the head, "Good girl. I shall let your aunt make you a good meal later."

"Hum!" Tang Cao sits down on the opposite sofa with an awkward expression. When they eat dinner, he quietly threatens Fang Diandian, "I'll take you home later. Do you hear me?"

Fang Diandian looks at him, "Really?" Tang Cao never actively offered to send her back before, but Bai Susu said it every time.

"Of course, so don't run away later."

Then he sees Fang Diandian's face turn red again. Tang Cao immediately drags the chair far away from her, "Sh\*t, you blush again. Don't infect me!"

Bai Susu sees and shakes her head. Even Tang Yao finds out. He wants to ridicule his son, but Bai Susu stares at him and he shuts up.

In the sanatorium, Tang Ming slaps Tang Rui in the face.

"Unfilial son! You dare to take drugs!"

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

Chapter 312 Lang Ruoxian's Means

"Dad, I didn't!" Tang Rui gives chicanery, "Who said that I took drugs? You call a doctor to examine!"

Tang Ming raises his hand and the bodyguard pulls out a bottle of pills under his pillow.

"What is this?"

"This is just something to make people excited." Tang Rui has an expression of not caring, "It's just hallucinogens!"

"You think that I'm stupid?" Tang Ming asks his bodyguard to flush the pills into the toilet, "This is Methamphetamine. Do you want to die? Who gave it to you?"

Tang Rui keeps silence, and Tang Ming looks at him coldly, "Tang Rui, you're not the only son I have. Although your eldest brother and second brother are not my biological sons, they have been raised by me since childhood and the feelings among us are as same as biological."

"Do you know this stuff is addictive?" Tang Ming wipes his hands, "Three months, if you still cannot stand up in three months, I will let the lawyer write the will and the company will be left to your eldest brother and second brother."

“Dad, are you crazy?” Tang Rui doesn’t believe it.

Tang Ming turns to leave, “You can disbelieve it. In short, get up in three months and go home by yourself. Otherwise, you will always be a sponger.”

“Master, I’ve investigated. The Methamphetamine of Fourth Childe’s was bought from WeChat through the introduction of a friend. The seller only sells the drugs to regular customers and he does not know the identity of Fourth Childe.” A bodyguard walks up to Tang Ming and says, “The seller is very famous in this circle. Many playboys are his guests.”

Tang Ming gets into the car, “Does that mean that the drugs weren’t sold to Tang Rui specifically by someone?”

“It should not be.”

Tang Ming nods, “Don’t investigate any more. Look for someone to keep an eye on Tang Rui.”

The summer ends and the winter comes. Yanjing is all white because of the snow again. The time is approaching the twelfth month. A heavy snowfall moistens the dry air. Yan Hua, however, has had a bad cold, and her nose is completely stuffy. She lies listlessly in the room.

“Do you want to go downstairs and chat with grandma and mom?” Lang Ruoxian does not rest assured if she stays alone. If he were not to have dinner with the officials today, he would not even want to go to the company.

Yan Hua says in a muffled voice, “No, if Grandma is infected, it will be troublesome. I’ll take a pill and go to bed in a moment. You go to the company quickly!”

“How can I rest assured if you are like this?” Lang Ruoxian is distressed very much. Yan Hua has not been ill for a long time. He doesn’t expect the disease to be so serious that she dares not leave the bedroom in order not to infect others.

Lang Ruoxian would like Yan Hua to infect himself, but it’s a pity that he doesn’t catch it even he sleeps with her every day.

“I wouldn’t be fine if you were here!” Yan Hua covers her head, “Oh, I don’t want to talk. My throat hurts.”

Lang Ruoxian picks her up and gives her some water to drink, and then confirms that the thermos cup is full, so he reluctantly leaves. He doesn't find Lulu downstairs. These days, even the dog is not allowed to enter Yan Hua's room. Lulu whined at the door just now.

"Tang Cao has taken her out to play." Bai Susu points to the French window.

Lulu joyfully steps on the snow in the yard, and Tang Cao builds a monster snowman beside it...

"Is Hua still like that?" Bai Susu is worried, "It's been a few days and she hasn't been cured."

Chang Pei'e asks, "Doesn't she really need to go to the hospital?"

"Didn't you let the doctor see her yesterday? The doctor said it to be a common viral cold. After the virus cycle, the virus would have died." Bai Susu looks at her watch, "I shall go to stew a bird's nest for her for she didn't eat much yesterday."

Lang Ruoxian puts on his overcoat, "Sorry to trouble you, Mom. I'll be back as soon as I'm free this afternoon."

"Be busy with your work. Don't worry for there are so many people in the family!" Bai Susu waves her hand.

Tang Cao sees Lang Ruoxian come out. He points at the snowman and shouts, "Brother Ruoxian, do you think that this is like Fang Diandian?"

"..." Lang Ruoxian gives him a thoughtful look, "It's very similar. You can send the picture to her."

"I'm not sending it to her. I shall send to the moments!" Tang Cao feels that his work is great. He calls Lulu to squat beside the snowman and takes photos to send to the moments.

Lang Ruoxian takes time to take a look on the road. The title of Tang Cao's moments is Fang Diandian and Lulu...

The World's Top Fat Man Whose Surname Is Chen: F\*\*k, is that snowman a monster? Right?

The Most Handsome Dude in an Entertainment City: Childe Tang, how much do you hate the person who is called Fang Diandian? Wait a minute! It is not a girl, is it?

Empress Dowager Bai: Nonsense, it is not the same like Diandian.

Eunuch Manager Father Tang: It is uglier than what I piled yesterday.

The Most Beautiful Sister: Squints.

At last Fang Diandian appears.

Diandian Little Apple: Tang Cao, you son of a b\*\*\*h! I'm going to make you blacklisted.

"Isn't it beautiful?" Tang Cao sends a message to Fang Diandian.

The system prompts: Diandian Little Apple has turned on the friend verification, and you are not her friend yet.

Yanjing's Most Handsome Playboy: Surprise!

"Sister!" Tang Cao sends a message to Yan Hua, "Fang Diandian has made me blacklisted."

Yan Hua returns an emoji of rolling eyes. If I were her, I would have made you blacklisted earlier.

Yanjing's Most Handsome Playboy: Just because I made a snowman like her?

The Most Beautiful Sister: Where does the snowman like a monster resemble her?

Yanjing's Most Handsome Playboy: Brother Ruoxian it looked like her and asked me to send the photo to her.

The Most Beautiful Sister: Speechless.

The Most Beautiful Sister: Ah, I am so sleepy! I'm going to sleep.

Yan Hua sends a message to Lang Ruoxian.

“Why did you tell Tang Cao that the monster snowman looked like Diandian...” Yan Hua turns to ask Lang Ruoxian by message.

Lang Ruoxian calls directly, “Why haven’t you slept?”

“Still not sleepy. Have you arrived at the company?”

“Just came in.”

Yan Hua sniffs and says, “Diandian has made Tang Cao blacklisted. Did you do it on purpose?”

“Mmm.” Lang Ruoxian feels sorry for her when he hears her sniff, “Be a good girl. Sleep quickly and leave them alone.”

Yan Hua yawns and the medicine works, “OK, then I’ll sleep for a while and ask Diandian when I wake up.”

Lang Ruoxian puts down the phone and Shu Sheng waits aside.

“Young Master, Tang Rui has returned from the sanatorium.”

“He finally comes back.” Lang Ruoxian hooks the corners of his mouth, “Are his legs recovered well?”

“He should be fine. He will go to the hospital tomorrow for a reexamination.”

Lang Ruoxian narrows his eyes, “Hospital? It is a suitable place. Inform them to take action tomorrow.”

“Young Master...” Shu Sheng hesitates and asks, “Why don’t you just make him...”

He makes a gesture to hint killing.

“If he is dead, Tang Ming still has two other sons. As long as Tang Rui does not die, Tang Yu and Tang Jie will think of some way to make him be a crap. They won’t kill Tang Rui, at least when Tang Ming is alive. They don’t have the courage.”

They just need to make Tang Rui unable to inherit Tang Family’s property, such as making him addicted to drugs or something.

Originally, Lang Ruoxian wanted to wait for their internal conflict, but Hua has been very concerned about the matter that involved Ning Lingshan last time, so he doesn't want to wait. Lang Ruoxian clicks on the table, "Look for someone to watch it tomorrow. Don't bring trouble to others."

Shu Sheng nods, "I see."

Tang Rui has already been free to move around, but he cannot participate in strenuous exercises for several years. The doctor advises him to go to the gym once a week for strength training of his legs.

"Do you hear that?" Tang Ming personally accompanies his son to the reexamination today to make sure that Tang Rui's legs are all right, and then he rests assured.

When the father and son enter the elevator, Tang Ming tells him, "Your mother will come back tomorrow and you will pick her up at the airport."

"Is Ziyun OK?" Tang Rui smokes a cigarette in his mouth, ignoring that there is a sign of no smoking in the elevator.

"How can it be so fast?" Tang Ming rubs his eyebrows, "It is only after the first skin grafting."

Tang Rui sniffs and thinks of Tang Ziyun behind the camera when Huo Liyun made a video call with him a few days ago. The face was really ugly and scary. It is impossible to get back to normal in her life...

"That's your sister." Tang Ming glances at him, "Your mother will go back to accompany Ziyun after seeing you. You will send her there at that time."

Tang Rui takes the cigarette from his mouth, "Dad, are you serious? I've been in the sanatorium for three months. I'm not going to send her there. Let the eldest brother go!"

"Will you die if you play less?" Tang Ming scolds him because of anger, "I warn you. You can play but don't let others take photos and hit the headline again. Yating often takes your child to visit you at the sanatorium during this period of time. You can at least let her rest assured."

"I know, dad." Tang Rui blows a smoke ring, "You are more nagging than my mother!"

Tang Ming answers, "Do you think I am willing to nag you? Let others wipe your ass every time you make troubles. If you have the ability, you solve the problem yourself!"

"OK! OK! I know. I promise not to cause trouble, OK?" Tang Rui raises his hand to show surrender.

When the elevator reaches the first floor, the two men hear someone shouting for help as soon as they come out. They see a man with a knife hacking at the gate of the hospital, and everyone screams and flees around.

"Get back to the elevator!" Tang Ming shouts loudly.

He shouts so loudly that the man with a knife hears him and runs straight over. The two men hurry into the elevator. But the elevator door doesn't respond and can't be closed.

Seeing that the man is about to rush in, Tang Ming shouts to ask his bodyguards come quickly. But the bodyguards are in another elevator, which obviously has had a problem and stuck on the second floor.

"Dad, run faster!" Tang Rui pulls Tang Ming to run out. The man with the knife aims their hands to hack.

Tang Ming immediately lets go of Tang Rui and the two want to run separately. However, the man grabs Tang Rui with a quick hand and puts a knife around his neck.

"You are not obedient! Why did you run?" The man's face is pale. He wears a hospital gown under his coat. His eyes drift and he murmurs, "Where have you put my money? Give me my money back!"

Only then do the bodyguards rush out of another elevator, and the hospital security guards and doctors also come. Tang Rui is surrounded in the middle. Tang Ming wants to let his bodyguards rescue Tang Rui, but the dean stops him.

"Mr. Tang, this is a psycho. You cannot rescue people hastily."

Trembling hands and feet, Tang Ming asks him in a suppressed voice, "A psycho? How did your hospital let the psycho escape?"

“This is not the time to say this.” The dean has already called the police, “We can only wait for the police to arrive. Don’t act blindly and rashly until then. His doctor is also here. We will try our best to delay the time.”

A middle-aged doctor nods aside and begins to talk to the psycho, but the psycho suddenly kidnaps Tang Rui to run out. A man is supposed to bring his wife to the hospital to give birth to a child. He sees this scene as soon as he gets off the car and is frightened to run away with his wife in his arms immediately.

“Car! Get into the car!” The psycho happily shoves Tang Rui in and then goes into the car himself.

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

Chapter 313 Buddy! He Was Kidnapped by a Psycho  
Now everyone is even more anxious. Tang Ming almost falls when he runs out. His bodyguards quickly support him.

“Stop him now! Stop him!” Tang Ming shouts.

In the distance, a police siren sounds and the psycho drives past the police car.

On the other side of the street, Lang Ruoxian is sitting in the cafe, watching the police car chase a private car roaring away. He smiles faintly and stands up.

“Let them follow closely and tell me the result as soon as possible.”

Tang Rui stares at the driver all the time, and he is a little panicked when he knows that the man is a psycho. If this is a normal person, Tang Rui still can talk about conditions with him, now...

“Hey, do you want money?” He carefully dodges away from the knife around his neck, “I can give you money, a lot of money. Can you stop the car and let me go?”

The psycho uses one hand to hold the steering wheel. He murmurs but it is difficult to tell what he is murmuring. Tang Rui sees the police car exceed their car. There is a square in front of them. If the car continues to drive, it will hit.

“Stop the car!” He shouts.

The psycho seems to have heard it and steps on the brake.

“If only you could hear me, it is OK. I give you the money and you let me out of the car now!” Tang Rui’s eyes flicker. He suddenly grabs the arm of the psycho. The psycho lets out a cry because of pain.

The next second the psycho frantically picks up the knife and stabs Tang Rui.

Tang Rui is very lucky this time. He quickly opens the car door, rolling and crawling out of the car.

“F\*\*k, if I f\*\*king don’t kill you, my surname will not be Tang!” He even doesn’t sit tight and begins to scold.

Tang Ming who hurries here rushes off the car and shouts at him, “Dodge away now! Dodge away!”

Tang Rui looks back and sees the crazy red eyes of the psycho, and then a sharp pain comes from the lower body. He faints in darkness.

“Young Master.” Shu Sheng who sits on the co-pilot turns his head, “It is done.”

Lang Ruoxian’s mobile phone interface stops on WeChat. Yan Hua has a better situation today and wants to eat the red bean cake of the time-honored brand in North City. He returns an emoji of kissing and says yes.

“Turn around and go to North City.”

Tang Cao is the first person in the family to know about Tang Rui’s accident. One of the rich second generations in their chatting group bombards with messages, saying that he met Tang Rui in the hospital who was kidnapped by a psycho.

“When did it happen?” Bai Susu is surprised, “Didn’t he come back yesterday?”

Tang Cao glances at the messages in the group, “Just now, but it is not clear what is going on.”

“His retribution has come.” Chang Pei’e narrows her eyes and looks at Bai Susu again, “You don’t know anything?”

Bai Susu shakes her head, “Ruoxian didn’t mention anything.”

“Mom, Grandma, what do you two mean?” Tang Cao sends a red envelope to the chatting group in a very pure way to celebrate that God opens his eyes to punish the wicked. Hearing this, he looks at his mother in horror, “No... It wasn’t done by Brother Ruoxian again, was it?”

Tang Yao and Tang Cao huddle in the sofa, shocked by the fighting capacity of Lang Ruoxian.

“Didn’t I say that I had no idea?” Bai Susu glances at the two useless men, “Ruoxian didn’t tell me.”

“But Brother Ruoxian promised my sister before that he would let Tang Rui pay a price worse than jail...” Tang Cao sits up straight, “Tang Rui that guy might have been hacked to death by the psycho!”

Yan Hua just goes downstairs and hears this sentence, “Who hacked Tang Rui to death?”

“Sister!” Tang Cao jumps up excitedly, “You may call Brother Ruoxian and ask if he did it!”

Yan Hua covers her nose and walks far away, sitting on the imperial concubine chair, “Don’t come near me, for it’s contagious.”

“I am not afraid!” Tang Cao runs over to show her the messages from the chatting group, “Mom said that it might have been done by Brother Ruoxian.”

Yan Hua sees the group name at a glance

Yanjing Playboys’ Concentration Camp...

Chen Xiaopang is calling for the dude in the hospital to broadcast live, asking whether Tang Rui is dead or not. The dude says that he has gone to the hospital to pretend to be ill and pursue the young nurse, who has just said that Tang Rui has been hit by a car and is now under rescue.

Speechless.

The amount of information is too large. They don't know what to say at that time.

"Is he under rescue?" Tang Cao takes his mobile phone and runs back to the living room, "Mom, Tang Rui may really be dead this time."

When Lang Ruoxian comes back with the hot red bean cake, he sees Tang Cao's eyes shining.

"Do you want to eat it too?" He puts in the red bean cake more closely to his chest.

Tang Cao grabs him and asks, "Brother Ruoxian! Is Tang Rui really dead?"

"Who told you that he was dead?" Lang Ruoxian sees his wife shrink pitifully in the imperial concubine chair at a glance, far away from the living room.

He takes off his coat and hands the red bean cake to the housemaid. He goes over to touch Yan Hua's forehead and holds her up, "It seems that there is no running nose."

"Well, it's still stuffy." Yan Hua sniffs hard, "Why do you come back so early today?"

"I'm afraid I can't buy the red bean cake if I come back late." Lang Ruoxian smiles, and the two walk hand in hand to the middle of the living room and sit on the sofa at the very edge, "Tang Rui will not die. It is not good for us if he dies."

Tang Yao reaches out and points, "It is really you, good son-in-law!"

"Is the psycho fake?" Chang Pei'e takes off the reading glasses, "Where did you find the person?"

The housemaid brings out the cut red bean cake. Tang Cao is about to stretch out his hand when Lang Ruoxian looks at him coldly.

"Sister, you eat it. You eat it!" Tang Cao pushes the plate over complaisantly.

Lang Ruoxian holds the plate to make Yan Hua eat more comfortably, "Don't worry, Grandma. I didn't sacrifice irrelevant people. Do you still remember that Hua helped to testify in the court for a woman who had been cheated?"

“The one who cheated her parents-in-law into giving the insurance money to another man and was finally cheated by the man?” Bai Susu thinks, “Her name seems to be called Hong something?”

“Yuan Hong.” Yan Hua remembers, “The man who lied to her is called Li Yang.”

Lang Ruoxian answers, “The man cheated another woman later, and was found and beaten by the woman’s family and fell from the upstairs and knocked on the head.”

“Knocked to be stupid?” Tang Yao whoops.

Lang Ruoxian nods, “After that, he was sent to a mental hospital. Strictly speaking, I did not find him, but his attending doctor found me.”

Tang Rui definitely cannot have a good end. Lang Ruoxian wanted him to die abroad originally. But one day someone came to the company to see him and said that he hoped to cooperate with him to deal with Tang Rui.

“The doctor’s sister jumped off a building because of Tang Rui’s date rape. He said that he had no ability to avenge his sister. He hoped that I could help him.”

Lang Ruoxian certainly wouldn’t listen to one-sided remarks. He asked Shu Sheng to investigate it. The result was the same as what the doctor said.

“Most psychiatrists know some psychology. After we reached an agreement, he has been giving Li Yang spiritual hints. Even if Li Yang was crazy, he was very sensitive to money. He showed Li Yang Tang Rui’s photo and told him that this man had taken the money.”

The doctor, like Lang Ruoxian, thought it was too cheap to let Tang Rui die. So the doctor told Li Yang that as long as Tang Rui had no legs, he could not take away his money.

“Li Yang hit Tang Rui’s legs!” Tang Cao bangs the table, “Just now my buddy said that Tang Rui had been amputated!”

Chang Pei’e’s hand turning the Buddha beads pauses. She says, “Bodhisattva is on the throne. Tang Rui reaps what he sows. Ruoxian just does justice for the good.”

“Grandma, I am not afraid.” Lang Ruoxian smiles, “Bodhisattva is not blind and can see it.”

“In a few days, on the 15th day of this month, I will go to the temple to worship Buddha.” Chang Pei’e looks at him kindly, “You all have your business. What I can do is only to worship Bodhisattva.”

In the hospital.

“Dad!” Tang Yu and Tang Jie who hurry here run out of the elevator.

Tang Ming is sitting in a chair, who looks much older. He slowly raises his head at the sound.

“Tang Rui’s legs have to be amputated...”

The two brothers are surprised and look at each other silently.

“What’s going on?” Tang Yu quickly asks, “I heard those people say some psycho...”

Tang Ming suddenly looks grim, “Go and tell the police that I want that psycho to die. I want him to pay with his life for Tang Rui!”

Tang Jie sees this and doesn’t dare to ask. He makes gesture to the assistant behind him.

“Dad?” Tang Yu suddenly cries.

Tang Ming’s body shakes several times and he suddenly falls to the ground.

“Nurse! Doctor!”

There is news on the Internet soon that a psycho hurt someone at the gate of the hospital this afternoon. There is nothing else. Netizens can’t get anything else out of it, and soon everyone forgets about it as a piece of social news.

Huo Liyun comes out of the airport and sees Yang Yanqing and Zhao Mei come to meet her.

“Why are you all here?” She is a little curious, “Just let the driver pick me up.”

“Mom...” Zhao Mei makes an ambiguous statement and doesn’t dare to tell her the bad news.

Huo Liyun just fastens her seat belt, “What’s the matter?”

“Mom, let’s go directly to the hospital.” Yang Yanqing glances at Zhao Mei, “Dad and Tang Rui are both in the hospital.”

Huo Liyun immediately becomes nervous, “What happened to them? Did Tang Rui cause trouble again?”

“Tang Rui had an accident yesterday.” Zhao Mei hands her the mobile phone, “He was kidnapped by a psycho.”

Huo Liyun reads the news quickly. She sees her two daughters-in-law look so dignified, and knows that the situation is not good.

“Rui was hurt? How is he? Oh, you two say it! I’m so worried.”

Yang Yanqing says, “Mom, you will know when you get to the hospital. Rui has already finished the operation and should have waked up.”

Huo Liyun’s heart is torn with anxiety all the way. That Tang Rui needs surgery shows that his injuries are very serious, but she doesn’t foresee that he has lost two legs directly!

“What did you say?” She thinks that she has misheard what the doctor said and grabs the doctor’s hand, “Where are my son’s legs? Who sawed his legs? I will sue you! Sue you!”

Tang Yu quickly stops her, “Mom! Mom, calm down. Without amputation, Tang Rui cannot survive. The doctor can’t help it.”

“What do you mean can’t help it?” Huo Liyun cannot accept the reality, “Who signed it? Which of you agreed?”

“I signed it.” At the door, Tang Jie holds Tang Ming to slowly walk in.

Huo Liyun pounces to him, “Tang Ming! How can you... How can you do it!” She hugs Tang Ming and cries bitterly, “When Rui wakes up, how can he stand it? How can he stand it!”

“Even if he can’t stand it, he has to.” Tang Ming’s eyes are red, “If his legs are kept, he will die. How do you think I’ll choose?”

Huo Liyun cries out of breath. Yang Yanqing and Zhao Mei hurriedly hold her.

The doctor sighs and quietly leaves the ward. He sympathizes with Tang Rui but even more sympathizes with the psycho yesterday. He hears that Tang Family’s bodyguards beat the psycho half dead at the police station.

The psycho knows nothing. He can only say that Tang Rui is too unlucky.

### **Chapter 314 Ending**

Hua Family members receive a call from Hua Yating.

“Did Tang Rui really amputate?” Hua Zhong doesn’t believe it very much.

His mother sighs, “Amputated. Your sister has just arrived at the hospital. Didn’t you hear her cry on the phone like that?”

“This is really...” The father and two sons of Hua Family look at each other. They don’t know what to say.

Hua Zhong clicks his mouth, “Now Yating can rest assured that Tang Rui can no longer go out to fool around and can only stay at home and watch over her.”

“That’s why I’m more worried.” His mother shakes her head, “I’m afraid Tang Rui can’t accept it.”

Who would accept it, in case...

“If he becomes abnormal, won’t your sister be in danger?”

Hua Yating screams to dodge away. Yang Yanqing and Zhao Mei pull her out of the ward. Behind them there is the roar of Tang Rui and the sound of various things falling to the ground.

“Let’s not enter.” Zhao Mei feels fear after the event, “He is crazy now.”

Tang Rui's face is ferocious and his eyes look at the others severely, "Where are my legs? What did you do to my legs?"

"Brother, calm down!" Tang Yu doesn't dare to approach him and stands in the glass dregs all over the ground with his hand outstretched, "If they don't amputate you, you won't even be able to survive. We can't help it."

Tang Rui has nothing left to throw. He beats the bed frantically, "I don't believe it! You lie to me. Return my legs! Give them back!"

"Doctor, have a look quickly!" Tang Jie calls the doctor.

Huo Liyun cries and nearly faints. She and Tang Ming help each other to get close to the hospital bed. But Tang Rui has lost his mind, waving his hands in the air. His eyes look as if he will kill people.

"Catch him!" The doctor lets the bodyguard in to hold down Tang Rui and sedates him.

Tang Rui gradually quiets down, lying on the bed with his eyes closed and his lips shaking.

"Doctor, what's wrong with my son?" Huo Liyun finally leans over and touches Tang Rui's face to ask.

The doctor turns over Tang Rui's eyelids, "Nothing. He's too excited. He will soon go to deep sleep and we will see how he feels when he wakes up."

"Dad, you haven't had any rest from last night. Go back with my mother first!" Tang Yu sees Tang Rui close his eyes and suggests, "Jie and I will stay. The doctor says that Tang Rui will wake up at least in five hours."

Huo Liyun shakes her head while crying, "I will not go back. I will accompany Rui."

"Dad, you have to go back." Tang Jie urges, "You are the head of the family. What if you collapse, what should we do?"

Tang Ming walks slowly toward the door, "I shall go back, but call me as soon as your brother wakes up."

"Tang Rui really has been amputated." Tang Yao puts down his mobile phone. This morning he has received calls from several playboys who have been

playing together. Everyone knows that the unlucky person yesterday was Tang Rui. He was hit by a psycho and became disabled.

Bai Susu hands him the antihypertensive drugs, "Don't let it slip through your mouth while talking outside."

"How can I be so stupid?" Tang Yao is hurt and glances at Tang Cao, "Did you hear what your mother said?"

Tang Cao lost a round of the game just now. He throws away his mobile phone angrily, "Unfortunately, I can't go to the hospital. I really want to see what Tang Rui looks like without two legs."

"Ruoxian." Bai Susu ignores the father and son and asks Lang Ruoxian, "Are you sure that there is nothing wrong with this? Is there no trace left?"

Lang Ruoxian is filling Yan Hua with tremella lily soup. He puts down the bowl and smiles, "Mom, don't worry. Li Yang is a psycho. Nothing can be asked out of his mouth. And although his doctor wants to revenge Tang Rui, he is not so cruel. He will not let Tang Ming kill Li Yang."

"Did you help him?"

"It's just a matter of lifting a finger."

A few days later, suddenly a post appears on the Internet. It is said that the person who was hit by the psycho was a rich second generation. Now the rich second generation has been amputated and becomes disabled. The rich second generation's family members want to convict the psycho, but the mental hospital tries its best to exonerate him.

Netizens leave messages one after another. Some people think that since the psychiatric hospital did not care about the patient, he should be sentenced. Another group of people are more rational, saying that our country's laws stipulate that mental patients do not need to bear criminal responsibility in this situation.

They have a heated debating and even some experts and social media influencers take part in. Each has his own reasons. No one can agree with others. The official blog of the public security subbureau who handles the case have tens of thousands of messages every day, asking about the progress of the case.

“Hey? A new faction has emerged today.” Tang Cao pays special attention to the trend of the Internet these days. He stops playing out and reads micro blogs at home every day.

At noon today, an alternate account suddenly forwards the case of Tang Rui beating Ning Lingshan, saying that this is an example. At the beginning, Fourth Child Tang suffered from occasional mental disorders due to taking drugs and almost killed the girl. In the end, he compensated money and got it over.

“They still don’t know that the disabled rich second generation is the same person who hit the girl last time.” Yan Hua sneezes, “If they know, the debating will be more heated.”

Bai Susu draws a piece of tissue for her, “If I were Tang Ming, I would never let anyone know.”

“It must have been done by Brother Ruoxian!” Tang Cao now has a blind confidence in Lang Ruoxian.

Yan Hua also thinks so. In this way, Li Yang will at least not go to jail. He has already paid the price for his behavior, so he will stay in the mental hospital for the rest of his life.

Lang Ruoxian receives a phone call from the doctor of Li Yang. The doctor thanks him on the phone.

“With this online uproar, I think Tang Ming won’t pay attention to Li Yang any more. I will take good care of him in the future. Anyway, I violate medical ethics. If possible, I will try my best to cure him.”

“I advise you not to.” Lang Ruoxian warns, “He is the safest in the mental hospital. Once he comes out, Tang Ming will not spare him.”

“I see. Although I say so, in fact, it is very unlikely that he will be cured. This is also a little comfort to my conscience.”

Lang Ruoxian answers, “It’s up to you. We will never contact each other in the future. Your number should be disposed as soon as possible.”

“I understand. I’ll throw it away when I hang up.”

It's been a week, Tang Rui has to face the reality. He loses two legs and becomes a cripple.

"Not guilty?" This day Tang Ming tells him that the psycho who hit him will not be sentenced and will continue to be kept in the mental hospital.

Tang Rui smashes the vase at the head of the bed again, "I'm f\*\*king lying here with my legs missing. But you told me that he didn't commit any crime?"

"Remember how you got away with hitting someone last time." Tang Ming looks pale. During this period of time he can hardly sleep. When he closes his eyes, he will see Tang Rui lying on the ground covered in blood.

"Because the doctor proved that taking drugs can cause occasional mental disorders. Now if you want to put that psycho in jail, your case will be brought forward for retrial. Do you want to go to jail?"

Tang Rui closes his eyes, opens his mouth and shouts. He gnashes his teeth and glares at Tang Ming, "I don't want him to go to jail! I want him to die! To die!"

"That is not now!" Tang Ming gasps, "Now if he is dead, what do you think will be said outside?"

Tang Jie pushes the door and comes in, "Dad, I've contacted them. They promised to come to Hua Country to check Tang Rui's body."

"Who wants to come? Whom can I see like this?" Tang Rui leans against the bed and hisses, "Second Brother, are you happy?"

"What nonsense are you talking about?" Tang Jie frowns, "We've found a biological research center in Mi Country. They are responsible for providing post-war treatment programs for Mi Country's army. They once made biological prostheses for several soldiers who lost their legs."

Ordinary artificial limbs are heavy and inconvenient. The technology of this biological research center is very advanced. If biological prostheses can be installed, they will be no different from your own legs.

Tang Rui's eyes gleam with hope, "Does that mean that I can stand up?"

“We don’t know until they come and check your body. If there is no problem, you will go to Mi Country for treatment.” Tang Jie walks to the front of the hospital bed, “Rui, we all hope that you can stand up again, so you should cooperate. Stop losing your temper and listen to the doctor.”

Tang Rui smiles at him and says, “I will. I must stand up. Otherwise, who will manage such a big company Tang Consortium? Is it right, second brother?”

“...” Tang Jie squeezes out a smile and turns to walk to Tang Ming, “I have investigated the psycho. It turns out that he had an encounter with Tang Duo.”

Tang Ming’s eyes darken when he hears this, “What do you mean?”

“This man is named Li Yang...” Tang Jie tells Tang Ming about Li Yang’s identity, experience and Yan Hua’s testimony in court, “But Tang Duo didn’t know him. She just had been involved in his fraud.”

“That b\*\*\*h!” Tang Rui begins to get excited again, “Dad, you go to investigate if this matter has anything to do with the second branch. If they played the trick, I...”

“It has nothing to do with them.” Tang Ming looks at him, “Why are you so hostile to Tang Duo?”

Tang Rui doesn’t answer him and asks instead, “Have you checked it out? It really has nothing to do with the second branch?”

“No.” Tang Jie puts the information on his bed, “Look at it yourself.”

In the evening, Tang Jie sends Tang Ming back to the compound and goes to a bar by himself. Through the dim corridor, he enters the back private room.

“Dad is back?” Tang Yu has been waiting inside for a long time. He sees Tang Jie come in and locks the door.

Tang Jie takes off his coat and takes a swig of wine, “We can’t let Tang Rui stand up again.”

“Even if he stands up again, he’s still a loser.” Tang Yu pours him another cup, “The point is that do you know how much the biological research center costs according to Dad’s idea?”

A billion yuan! The biological research center requires a billion yuan of research funds and promises to make one for Tang Rui.

“More than that.” Tang Jie puts down his glass and says, “There will be another 200 million yuan every year in the future. This is a bottomless pit.”

Tang Yu rubs his forehead, “I’m afraid the company will be ruined before dad dies.”

“Ha ha...” Tang Jie sneers, “We have been working hard for the company, but Tang Rui is the most important son in his heart. We are just outsiders brought by mom.”

“Brother, I don’t want to wait any longer. Only when Tang Rui disappears can we get Tang Consortium.”

On January 1st, the first day of the New Year, Tang Rui goes to Mi Country by a private plane for treatment. On January 2nd, the private plane disintegrates over the Pacific Ocean and the black box is missing.

### **Chapter 315 Each has Its Own Calculation**

Huo Liyun passes out when she hears the news. Yang Yanqing pinches her philtrum quickly. Zhao Mei next to them sits on the ground, whose legs feel weak.

Fortunately! Fortunately, when Tang Jie arrived at the airport and found that he did not have his passport. Tang Rui left him in a hurry and let him take another plane by himself. Zhao Mei complained to Tang Jie at that time that Tang Rui was selfish.

“Mei, are you all right?” Yang Yanqing sees Huo Liyun open her eyes and then asks Zhao Mei. She wanted to say fortunately Tang Jie didn’t get on the plane. But when she sees that Huo Liyun has already woken up, she swallows the words back.

Zhao Mei finds herself in a cold sweat and stands up shivering. She and Yang Yanqing are comforting Huo Liyun when Tang Yu and a bodyguard hold Tang Ming in.

“Tang Ming!” Huo Liyun cries and shouts, “Where is Rui? Have you contacted Rui?”

Tang Ming has been devoting to Tang Rui during this period of time. His face which has already looked very old seems to be more withered.

“Tang Ming, why don’t you speak?” Huo Liyun cries and asks, “Is there... Any chance of survival?”

Tang Ming shakes his head. His eyes are very sad, “No, nothing but only the wreckage of the plane remains.”

“My son!” Huo Liyun lets out a plaintive cry and is out of breath to be dizzy.

Tang Ming’s body shakes. Tang Yu quickly hold him up, “Dad, Dad, you must take care!”

“I’m fine.” Tang Ming raises his hand, “Is Jie still at the airport?”

“Yes, he is waiting for the news of the black box.” Tang Yu’s eyes are red-rimmed. He says, “Just now I called him and he was scared. If it weren’t for...”

Tang Ming nods, “He was lucky enough to dodge a bullet.”

“Dad...” Tang Yu half kneels on the carpet, “Is our family going through an unlucky year? When the younger brother’s business is over, let’s find a professional to have a look!”

Tang Ming closes his eyes and says, “First go to Yongquan Temple in Yanshan and find some eminent monks to release souls from purgatory for your brother. He died in a foreign land. I don’t know if he can find the way home...”

“I’ll arrange it, Dad. Don’t worry.” Tang Yu wipes his tears from his face. He says with a trembling voice, “Let me help you go upstairs and have a rest for a while. I’ll inform you as soon as Jie has news.”

Tang Ming doesn’t reply and lets Tang Yu help him upstairs. He murmurs but nobody knows what he murmurs. When he cannot be seen, Yang Yanqing whispers, “Have you seen it? Dad cried.”

“I didn’t notice him!” Zhao Mei takes a sip of tea to help her get over a shock, “My heart is in a state of terror. If it weren’t for Tang Jie’s temporary change of purse this morning and forgetting his passport, I... I am now...”

“Oh, all right!” Yang Yanqing looks around, “You mustn’t talk about this these days. It’s not good for Dad to hear it.”

Zhao Mei nods, “Alas, it is too sudden. Yesterday we went to the hospital to see him, and mom also made dumplings for him, but today...”

“By the way! Where is Hua Yating?”

“She went back to her parents’ home after leaving the hospital yesterday. I think that she must have gotten the news too!”

Hua Yating, of course, receives the news. Like Huo Liyun, she passes out as soon as she knows it. Hua Family is also in a mess. Although her family members are not satisfied with Tang Rui, the sudden disappearance of the person also makes them unable to accept it.

“Is the news reliable?” When the Hua brothers come back from the outside, their mother asks, “How did the plane crash so suddenly?”

Hua Zhong drops his car key, “We haven’t known the reason yet. The news from the civil aviation side says that they are still looking for the black box, but it is certain that all four flight attendants plus Tang Rui are dead.”

There is not even any residue left after the blast.

“Where is Yating?” Hua Zhong looks at the living room.

“She’s in the room upstairs!” Their mother sighs, “She has passed out two times because of crying, and finally she fell asleep.”

Hua Bingrong comes in with the baby in his arms. Hua Yating’s mother quickly gets up and goes to hold the baby, “Stop crying?”

“Asleep.” Hua Bingrong is sweating profusely. The little baby has caught a cold these days and is especially prone to cry.

Hua Yan touches his nephew’s little face, “Dad, what do you think of Tang Rui’s matter?”

“It doesn’t matter what I think but what Tang Family thinks.” Hua Bingrong takes a sip of tea, “Whether there is any problem with Tang Rui’s death or not, his death is a fact.”

“What do you mean?” Hua Yating’s mother is stunned, “Didn’t Tang Rui die because of the aircraft accident?”

Hua Zhong supports his mother up, “Mom, go upstairs! My nephew will be woken up by our voices in a while.”

“How can a child wake up so easily when he is asleep?” His mother is pushed up the stairs. She rolls her eyes toward Hua Zhong, “I’m not interested in listening to you to say those troublesome things...”

When Hua Zhong returns, he takes a bottle of wine, “Tang Rui is the only son of Tang Ming. Now he is dead. Tang Yu and Tang Jie are the biggest beneficiaries.”

“Who said that?” Hua Bingrong smiles, “Have you forgotten your sister and nephew?”

Hua Yan answers, “Yes, Doudou is Tang Ming’s grandson and the only male related by blood.”

“Dad, Doudou is only over one year old, and you think too far.” Hua Zhong hands the glass to him, “It is a question whether Tang Ming can live to see Doudou grow up.”

Hua Bingrong raises his glass, “So you will keep an eye on Tang Consortium before Doudou grows up. I don’t care what Tang Yu and Tang Jie want to do. But if they want to take Tang Consortium alone... Impossible!”

“So he died?” Tang Cao feels difficult to accept the reality.

Tang Rui called him a few days ago and shouted that he would kill Tang Cao when he returned home from Mi Country.

But Tang Rui died first.

“I think I have to go to the temple to worship Buddha next month.” Chang Pei’e turns Buddha beads and glances at Lang Ruoxian, “The will of people is more terrible than anything else...”

Lang Ruoxian smiles, "Grandma, you pay respect for Buddha just to bless our family. Those who do things offensive to God and reason will get their duly retribution. It's none of our business."

Yan Hua has no sympathy at all this time, and laughs, "This is retribution! For doing so many bad things and harming so many people, the retribution is impossible to acquire a peaceful end."

"Your uncle's family is very busy now." Bai Susu thinks of something and asks Lang Ruoxian, "How is the oil field they have been developing?"

"Nothing." Lang Ruoxian leans against the sofa, "Tang Consortium's capital chain will be broken by next summer at the latest."

Bai Susu answers, "What if they sell it at a low price?"

"They will lose less money." Lang Ruoxian smiles faintly, "But no one will buy it, unless..."

"Unless the government buys, but at the same time it will exchange some long-standing projects for them." Bai Susu is too clear about this.

There are a lot of failed investments in hand, left to be half dead and neglected. Often through some fair means exchange to individuals, thus public loss will become personal loss.

Of course, if you have the ability to revive fortunes, an extra tax will make everyone happier.

"Tang Ming will not bully us for a short time!" The simple Tang Yao and his son clap their hands. Tang Yao immediately contacts several good friends for tea party and asks about Tang Family's situation to see if Tang Ming goes to hospital or has a stroke because he can't stand the blow.

Three days later, the black box is found. According to the records in the black box, an engine of the plane suddenly failed. The captain planned to make a forced landing at sea, but the failed engine suddenly exploded in mid-air, thus the plane was destroyed and people on board died.

Tang Family does not have a private plane. This plane was rented. Because the company that chartered the plane belongs to Mi Country, Tang Rui is able to get 50 million yuan in compensation, plus a large sum of insurance

compensation from the insurance company. So his death finally has some value.

“This sum of money will be given to Yating and Doudou.” After the first 7th night after his death, Tang Family basically returns to normal. Except that Huo Liyun cries several times a day, other members of the family just care about their own business.

Tang Ming looks much better, having a smart and competent look again. Today he will calculate the insurance compensation, compensation and shares in his hand left by Tang Rui.

“Ah?” When Yang Yanqing hears that so much money has been given to a one-year-old baby, she is just about to speak but is severely glared at by her husband.

Tang Yu looks at his sister-in-law who has just returned from Hua Family today and says, “Yating, did you hear that? Although Rui is gone... Tang Family will always be your family, and you and Doudou deserve the money.”

Yang Yanqing doesn't dare to say anything. Zhao Mei's eyes flash sarcastically.

Fool! Tang Rui's insurance compensation of course belongs to his own son and wife. How can this sum of money be given to you...

“And there are shares of the company.” Tang Ming looks at Hua Yating, “Yating, since you don't participate in the management, I will give you 3% of the bonus every year, just like that of Ziyang. Another 30% of the shares are owned by Doudou, but he can't use them now. He will have to wait until he is 18 years old.”

Tang Yu and Tang Jie look at each other. The two of them together own only 30% of the shares.

“Dad, I will obey your arrangement.” Hua Yating has been crying silently. It is her first sentence today.

Tang Ming nods, “I know you are still young. I will not stop you if you want to remarry. But I would like to talk about the worst situation at first. If you remarry, Doudou must stay in Tang Family. He is the grandson of our Tang

Family. In addition, there will be no more dividends each year if you remarry. I just make it clear to you in advance.”

“I understand the situation, dad!” Hua Yating wipes her tears, “I won’t remarry, for Doudou is still so small. I...” She begins to cry again.

Zhao Mei pats her on the shoulder to express comfort.

“That’s good!” Tang Ming opens the document and says, “Sign it.”

No one knows that Hua Yating remembers what her father Hua Bingrong’s warning yesterday when she signs the document.

“Yating, you listen up! At the beginning, you insisted on marrying into Tang Family. Now that Tang Rui is dead, even if you are lonely, you have to stay in Tang Family. Before Doudou is 18 years old, you can only be the Fourth Young Mistress of Tang Family. If I knew you had other men outside, I wouldn’t need Tang Ming to blame you. I’d break your leg first!”

Hua Yating was frightened at that time. Later, it was her mother who explained to her little by little to reason. Only then did she realize that it was no longer her personal problem. Although she feels somewhat wronged, but when she thinks that Tang Consortium will belong to her son, she will forget the grievance.

“Tang Yu!” As soon as Yang Yanqing returns to the room, she is anxious, “Why didn’t you talk just now? That kid alone has a 30% of the stakes! In the future...”

“Keep your voice down.” Tang Yu locks the door, “Others might hear you.”

Yang Yanqing is worried, “You’d better say something! What shall we do?”

“Don’t worry!” Tang Yu looks indifferent, “As you said, Doudou is only one year old. From now on until he is 18 years old, it is a long time! Who knows what will happen...”

## **Chapter 316 Just Relax**

It is about to celebrate the Spring Festival, but such a thing has happened.

Tang Rui's death suddenly makes the playboys in Yanjing low-key. At this time of previous years, all kinds of feasts had already started. But this year, there is nothing. Everyone stays at home discreetly.

"Winter vacation will soon begin. Why do you stay at home every day?" Yan Hua asks Tang Cao with scissors in her hand. She has learnt paper-cut for window decoration from Chang Pei'e these days. She is a little obsessed and wants to make a paper-cut of Lang Ruoxian's image.

Tang Cao is lying lazily on the sofa opposite. Under his feet there is Lulu. It is also lazy. During the severe winter months, except going out in the morning to solve some physiological problems, Lulu will lie prone on the carpet at other times, the same posture as Tang Cao.

"Sister, you say, the son of a b\*\*\*h Tang Rui who was dead still comes out to harm others."

Yan Hua's eyes immediately stare big, "Has he become a ferocious ghost?"

"... How can it be possible?" Tang Cao grabs a handful of peanuts readily and eats, "I say, he the beast must have completely vanished long ago. But I don't know who said it, saying that he came out of the nightclub in the middle of the night and saw a man who looked very like Tang Rui without a shadow!"

Yan Hua twitches the corner of mouth, "You shouldn't believe those feudal superstitions."

"I also know it is impossible." Tang Cao smacks the lips, "But the more they spread it, the more outrageous it is. Now I dare not go out to play." He yawns, "Chen Xiaopang said that we should directly go abroad to play. Will you go?"

Yan Hua thinks for a moment, "No, the Spring Festival will begin soon. After entering winter, grandma's health is in-and-out, so we won't go abroad to play this year. You can go. It's no use for you to stay at home anyway."

"Forget it..." Tang Cao bares his teeth, "Then I will not go, either."

But he is not firm in his will. He says that he won't go at this moment, but in the afternoon, a phone call from Chen Xiaopang changes his mind.

"Why should we take the package tour?" Tang Cao asks on the phone, "This is not in line with your nouveau riche temperament."

Chen Xiaopang says with special seriousness, "The business of the travel agency of Fang Diandian's family's is not good, so we, as friends, certainly need to support."

"I remember a few days ago Fang Diandian just said that those travelers who had booked trips going abroad for the new year by her family's travel agency would fill up the charter flights, and her father regretted not making more trips." Tang Cao sneers, "I know you so well that I can guess your thoughts before you open your mouth. Tell me honestly, what do you want?"

Chen Xiaopang falters for a long time over the phone and finally says, "The hospital where Ning Lingshan works will organize a junket tour. They have registered in the travel agency of Diandian's family."

After Ning Lingshan was discharged from the hospital, Tang Cao has not contacted her. It is Chen Xiaopang who told him that Ning Lingshan soon found a new job and worked as a nurse in a private hospital.

"What does this have to do with you?" Tang Cao says curiously, "You don't work in the hospital."

Chen Xiaopang is anxious, "Why doesn't it matter to me? I want to chase her."

"Sh\*t!" Tang Cao almost drops the phone, "When did you become interested in her?"

Chen Xiaopang doesn't know when the love begins himself. At first he saw Ning Lingshan's face, but he just thought that this girl was pretty good-looking. But they playboys have seen a lot of various good-looking women.

So Chen Xiaopang doesn't take it seriously either. Besides, Ning Lingshan is a good woman, which is different from the women whom they play with in their circle. Although Chen Xiaopang is not as same as Tang Cao to pay attention to chastity, he has never been close to such women as Ning Lingshan.

The women who slept with him all came out to play, descending to earth and worldly pleasures. Everyone took what they needed. There was no feeling involved, so he had no burden.

"Do you remember the guy who told us that Tang Rui was amputated last time?" Chen Xiaopang asks.

Tang Cao answers, "I remember. Why? Is there anything to do with him?"

"No, he was embarrassed to say last time. He slept with a girl but she was a psycho and cut her wrist to commit suicide when he said he wanted to break up. He went to the hospital and just witnessed what happened to Tang Rui."

"I say, can you say the point?" Tang Cao takes a deep breath, "Why do you mention the bullsh\*t thing of other people?"

Chen Xiaopang lets out a cry, "I am going to mention the point. Ning Lingshan worked in this hospital. The guy's girlfriend wanted to jump off the building when she found she couldn't redeem the love when she had cut her wrist."

At that time, Chen Xiaopang was just playing with the guy. The two of them rushed to the hospital together. When they climbed to the top of the building, they saw Ning Lingshan confronting the girl.

"You weren't there. Lingshan was really handsome at that time!" Chen Xiaopang says emotionally, "Later, she really persuaded the girl to get down from the top of the building and took the initiative to part with the guy."

Tang Cao says, "... So are you serious?"

"I don't know." Chen Xiaopang is honest, "I haven't thought so far, but I can still fight for the chance to go out together! Don't tell anyone else! I haven't decided whether to chase her or not. After all, I have no plans to get married now and haven't played enough."

"Then why do you say so much?" Tang Cao was moved just now that his brother would give up evil and return to good. Now this feeling has gone like feeding a dog without paying off.

Chen Xiaopang is impatient, "You have asked so much. After all, do you want to go?"

Knowing that he is still hesitant, Chen Xiaopang adds, "Go! Diandian will also go. More people will have more fun."

In the end, Tang Cao agrees. Regardless of whether Chen Xiaopang really wants to give up evil and return to good, he should show his support because it is rare that Chen Xiaopang loves a girl. A few minutes after he agrees, he is

added into a group that includes him, Chen Xiaopang, Fang Diandian and Ning Lingshan.

Then prompt tone is heard. Tong Yue also enters the group.

“Are you sure?” Tang Cao immediately asks, “Tong Yue, are you going too?”

Ding-dong, a number named Susu enters the group.

Tong Yue says, “Can’t I?”

Tong Yue: This is my girlfriend Su Tian. Hurry up to welcome her.

The World’s Top Fat Man: Welcome! Welcome! A warm welcome!

Diandian Little Apple: Welcome! Welcome! A warm welcome!

Yanjing’s Most Handsome Playboy: Welcome! Welcome! A warm welcome!

Susu: Hello, everyone! I am Su Tian.

Looking Forward to Peace: Hello, everyone. I am Ning Lingshan.

Chen Xiaopang begins to show off in an ostentatious manner and sends a voice message.

“Well, let’s organize a temporary group and toast to our trip in the future!”

Tang Cao finds that the group name has been changed to Boys and Girls Exploring the Mysteries of the World.

He immediately calls Chen Xiaopang.

“What kind of bullsh\*t group name did you change? And why will Tong Yue also go?”

“Because we are going to Egypt the ancient and mysterious country.” Chen Xiaopang says in a low voice.

Forget it. That’s not the point.

“Then what about Tong Yue? Why will he also go?”

Chen Xiaopang feels wronged, “I don’t know. I just gossiped that we were going out to play and asked him if he would go, and he said he would go.”

At that time, Chen Xiaopang thought he had the auditory hallucination. After all, Tong Yue never went abroad to play with them. He used to look at him and Tang Cao as if he were looking at jerks.

“It’s terrible!” Tang Cao feels chilly, “Do you remember how Tong Yue treated us at the summer camp in our junior high school?”

Ow! Chen Xiaopang cries out and asks in horror, “What should we do? Or we just cancel the trip and don’t go.”

“Say it yourself.” Tang Cao snaps the phone off.

Yan Hua has been listening nearby and asks curiously, “What did Tong Yue do to you at the summer camp?”

“... He ordered us to carry everything.” Tang Cao recalls bitterly, “Chen Xiaopang and I gathered firewood and caught fish, and Chen Xiaopang was stung by wasps.”

“Why were you so obedient...”

“Because he cheated us of our money in the travelling bus. And we couldn’t cook, but only he can. If we didn’t obey his orders, he wouldn’t give us food or water.”

Yan Hua thinks: What an unforgettable summer camp.

Tang Cao and Chen Xiaopang’s fear of Tong Yue also comes from that time. Previously they did not know Tong Yue very well. They always felt that Tong Yue looked gentle and seemed to be easy to bully.

Only later did they know that the guy was scheming and tricky. If you become a target of him, you will be tortured. However, after that incident, the three people have become friends. In Tong Yue’s words, without me, your life will be bleak.

A few days later, Tang Cao excitedly drags his suitcase to Egypt. As for Tong Yue... Since Su Tian also goes, so it won’t be their turn to be unlucky.

“Are you hungry?” Lang Ruoxian leans against the edge of bathroom door and asks.

Yan Hua turns to look at him. The man’s pajamas are open, revealing eight abdominal muscles. She cannot help but stretch out her hand and touches.” I haven’t seen you go to the gym. Why are there more muscles than those of Tang Cao’s?”

“I don’t have to go to the gym to keep fit.” Lang Ruoxian hugs her, “We keep fit every night.”

Yan Hua squints, “Then why didn’t I have firm abs?”

“Because I’m moving.” The man laughs in a low voice, “In the future if you use riding position more, you will have firm abs.”

Yan Hua rolls her eyes, “Is it okay for you not to go to the company today?”

“Well, there will be an annual meeting in the evening.” Lang Ruoxian touches her face, “You don’t have to go this year. I’ll come back after showing up.”

It’s been very cold these days. Yesterday experts said that the flu was epidemic. The impression of Yan Hua’s last flu makes Lang Ruoxian’s heart still flutter with fear. Therefore, he lets her not go out and just stay at home.

“Then you must come back soon.” Yan Hua reminds him, “Tonight, the school’s stage play will be played in the local channel. Wuyou will have a role in it.”

Lang Ruoxian raises his eyebrows, “Wuyou?”

He heard Yan Hua mention it once before, but he thought it was Gungun who would perform.

“Well, I don’t know which role she will perform.” Yan Hua spreads her hands and says, “The school keeps the secret.”

In previous years, parents went to school to watch the play. This year, it is unknown why the school suddenly will broadcast it on TV. She secretly asked Gungun before, but he did not know the reason, saying that all the students who participated in the stage play were told not to tell their parents.

In the evening, the family members are extremely excited. Tang Yao also cheerfully informs the group of his old playboy friends. His general idea is that our Wuyou will be on TV. Remember to watch it.

Some people ask him what role Wuyou will play.

“My granddaughter is so beautiful. Of course she will play the little fairy!”

When the one-hour stage play is finished, the family look at each other blankly.

“Wuyou... Which one is you?”

Gungun exclaims curiously, “The knight. Didn’t you see it?”

“Knight?” Yan Hua rewinds the TV program. This is the advantage of digital channels. You can play back at any time, “This is Wuyou?”

The TV screen is fixed on an ancient Roman knight wearing an iron mask, only two eyes visible.

“Look at it so carefully, it’s really...”

### **Chapter 317 The Title Should Be Left Blank or It Will Leak The Plot**

Dong Nianshuang comes out of the hotel. It is unknown when it begins to snow. The agent quickly helps her to get into the car and says with a wide smile, “Good Omen! You will definitely win the prize in a few days at the film festival!”

“It is uncertain.” Dong Nianshuang leans back in her chair, “I’d like to win the best actress prize. It would be ironic if I were given the best supporting actress prize.”

The agent asks the driver to drive, “It is impossible. You only played the supporting actress in one play last year, when you just returned home. And then you all played the heroines, and those works are all big-budget productions.”

But Dong Nianshuang is very worried, because she was informed that she had been shortlisted for both the best actress and the supporting actress. She always feels that something bad is going to happen.

“By the way, the contract with Hua Yan’s company is coming to expire and they ask if you will renew the contract.” The agent hesitates, “I’ve heard that they have a promising new actress this year, who has been shortlisted for the heroine recently because of a movie this time.”

Dong Nianshuang closes her eyes and says, “Stop renewing the contract.”

Hua Yan doesn’t take the initiative to drive her away, but all the signs in the past six months have made her realize clearly that if a man doesn’t like you, then they really don’t have any hesitation. It looks as if all the good things he did to you before were false appearances. There is no advantage for her to stay.

“My elder sister has already told my brother-in-law that we would go back to sign the contract with Bai Family’s entertainment company. My brother-in-law agreed that we could still keep the form of a studio.”

Dong Nianshuang smiles, “Hua Family’s entertainment company is not the only one in Yanjing.”

She has planned very well, but Hua Yan doesn’t save any face for her at all. The best actress prize is not won by her but by the new actress whom is strongly supported by the company.

“Miss Dong, you can’t go in!” The assistant quickly wants to stop her, but Dong Nianshuang has opened the door of Hua Yan’s office.

Hua Yan waves, “It’s okay. You just go out.”

“How could you do this to me?” Dong Nianshuang cries and looks at the man in front of her in tears. This was the man she loved when she was young, but now he looks at her with emotionless eyes.

Hua Yan smiles, “Because you didn’t win the prize?”

“I have no problem with fair competition.” Dong Nianshuang feels wronged and says, “But you paid for her prize.”

Hua Yan shrugs, "OK, there are two reasons!"

"First, I didn't spend the money. Second, it is good for the company if she wins the prize. And you have already terminated the contract with me. Am I going to hand over the cup to an outsider?"

"You didn't spend the money?" Dong Nianshuang is stunned. She has investigated the new actress, who doesn't have powerful background.

Hua Yan shakes his head, "Sometimes if you can't find it, it doesn't mean that she doesn't have it. Or maybe you are not so capable to find out. Dong Nianshuang, for the sake of our knowing each other, don't say I didn't remind you. Don't provoke her, for you can't afford the result of provoking her."

"OK!" Dong Nianshuang bites her lip, "I don't talk about her, but I shall talk about you. You said that I terminated the contract with the company. Do you think I'm willing to? You've made it clear that you want me to go. Am I going to stay and be trampled?"

The more Dong Nianshuang says, the angrier she becomes. Her dissatisfaction completely breaks out.

"Just because I used to like you, but then I changed my mind, so you just punished me in this way? Or because I wrote the love letter to you under the guise of Tang Duo? You didn't listen to my explanation at all. Why did I pretend to be her to write the love letter?"

"Because I didn't dare to write in my own name!" Dong Nianshuang looks at Hua Yan with a wronged expression, "Everyone said that you were a couple, but who knew I liked you too? I had liked you for so long!"

"But what could I do? I finally knew that originally you didn't like her and you didn't want to marry her. I... I just plucked up to write a love letter to you, but I was afraid that it would not affect you well, so I used the name of Tang Duo. In my opinion, it was an explanation to myself, at least I showed my love."

Dong Nianshuang has a long speech at one breath, and then she looks at Hua Yan and silently sobs.

Hua Yan first smiles, and then his smile fades gradually, even with a hint of coldness.

“You are really... More stupid than I thought. I don't want to talk about the past with you. I'd like to only mention when I had dinner with my fiancée, it was you who called Bai Jingzhu to the restaurant!”

Dong Nianshuang's face changes color, “You... You...”

“How did I know?” Hua Yan sneers, “You can only fool your fans with your little tricks. You are like a clown in our eyes. Dong Nianshuang, this is the last time. Next time when we meet again, we won't be so familiar.”

The agent sees Dong Nianshuang run out of the elevator in a panic. She rushes to meet Dong Nianshuang.

“What's the matter? What did Hua Yan say?” After she asks the question, she finds Dong Nianshuang look very pale, which makes her shocked, “Did he bully you? Or did he beat you?”

Dong Nianshuang runs back to the nanny car, “Drive! Drive quickly!”

“Oh, what's the matter? You just talk!” The agent is anxious and stretches out her hand to examine her body.

Dong Nianshuang pushed her away, “I'm fine. Drive me home.”

The driver doesn't dare to say much and starts the car. But because he is in a hurry to reverse the car, their car hits a car behind that is just about to stop.

“How did you drive?” The driver of the other car is also a middle-aged man. He immediately asks when he gets off, “In this way can you hit our car.”

Dong Nianshuang's driver apologizes quickly, for originally this was his full responsibility. At this time, a man with a pair of glasses gets off from the car. He pulls the door open and helps another girl get off. She is young and very beautiful.

“It's the new actress named Shen Dan.” The agent pulls open the car door, “Don't move. I'll get off and have a look.”

Dong Nianshuang looks in her rear view. This is the first time she has been so close to Shen Dan. She finds there is nothing special of Shen Dan. At least Shen Dan is not as beautiful as she is. Shen Dan is just white-skinned. Her skin is so white that looks shining.

“Would you like us to compensate?” Dong Nianshuang gets straight off, “We were not careful, and compensation should be made.”

The agent feels bad in her heart. She has almost solved the problem, but what Dong Nianshuang is going to do out here?

“Miss Dong doesn’t look very good. Are you ill?” Shen Dan’s agent gazes at her and feels funny.

Even the blind can see your dissatisfaction with us. Wait a minute! This woman wasn’t intentional just now, was she?

“No, I am just a little tired.” Dong Nianshuang certainly knows who this man is, the gold broker in the industry. She wanted him to be her agent at the beginning, but he refused.

She looks at Shen Dan, “Miss Shen, I haven’t congratulated you on winning the prize of the best actress. As a new actress, you have won a prize only by one work. This kind of good luck is really enviable.”

“Luck?” Shen Dan smiles, “Miss Dong has been ups and downs in this circle for many years. You can’t so naive! Do you think this kind of thing depends on luck?”

Shen Dan’s agent rubs his eyebrows, “That... Hua Yan is still waiting. Let’s go in first?”

“Is there anything else, Miss Dong?” Shen Dan says, “Oh! You don’t have to pay for the car repairing. Only a car lamp broke.”

Dong Nianshuang’s facial expression becomes cold. She has forgotten Hua Yan’s previous warning and glares at Shen Dan, “You are a new actress. Is this the attitude you have towards your senior?”

“Nianshuang.” The agent is anxious and grabs her arm to walk to the car, “Aren’t you busy? Let’s go!”

Dong Nianshuang pushes her away and wants to blame more about Shen Dan. But Shen Dan has already walked to the front. Dong Nianshuang is about to lose her temper when she sees Shen Dan turn to her and smile.

“I have always been very kind to my seniors, but you are not my senior in my heart, so... You know!”

“You...”

The agent grabs her desperately, “Nianshuang, don’t get angry. This is the gate of the company. In case you are photographed, you will be in trouble!”

“Have you seen enough?” Lang Ruoxian sees Yan Hua lean back in her chair and starts the car, “Then let’s go.”

On their way home, they received a phone call from Bai Susu, saying that Tang Yao wanted to eat stewed pork giblets sold outside the Front Door. They didn’t expect to go around for buying the food but watched a good show.

“Is that Shen Dan’s background very powerful?” Yan Hua asks curiously, “The Internet has been full of news about her during this period of time, making headlines every day.”

Lang Ruoxian has never paid attention to the entertainment circle, “Although I don’t know who she is, I’m sure she has a powerful background.”

Surely! Otherwise, how dare a new actress challenge Dong Nianshuang?

“Well...” Yan Hua suddenly covers her mouth.

Lang Ruoxian frowns, “What’s up?”

“I don’t know. The stewed pork giblets smell strange.” Yan Hua puts the lunch box on the back seat.

Lang Ruoxian opens a window on his side and the cold wind comes in. Yan Hua takes a deep breath and says, “I feel much more comfortable!”

“Then I’ll close it.” Lang Ruoxian closes the window, “Don’t catch a cold in a moment.”

Neither of them takes it seriously. Bai Susu cuts preserved meat specially when eating dinner in the evening. This was pickled by Chang Pei’e herself, which has been hung in the small garden behind for a month to dry naturally. The taste is very authentic.

“The meat in this plate is spicy.” Bai Susu brings two plates of preserved meat to the table. Yan Hua seldom eats spicy food after returning to the north. She thinks it is bad for her skin.

Yan Hua eats a mouthful of garlic sprouts fried meat and nods with satisfaction, “The garlic sprouts are Wuyou’s observation homework, right? They are more delicious than what is sold outside.”

Gungun has raised flytrap, while Wuyou has chosen garlic sprouts to raise. Her reason is that it can be grown to eat, which will not be wasted...

“Mom, help me take a piece of fish!” Gungun stretches out chopsticks to shout.

Yan Hua says “hum” and takes a piece of fish for him. When the chopsticks pass in front of her face, that kind of uncomfortable feeling in the afternoon appears again. She immediately covers her mouth and throws the fish into Lang Ruoxian’s bowl.

“What’s up?” Bai Susu is shocked.

Lang Ruoxian’s expression changes this time, “She felt uncomfortable once on the way back this afternoon.”

“Mom...” Gungun is scared, thinking it is his fault because he let Yan Hua take food for him.

Yan Hua waves, “It doesn’t matter. I just suddenly feels uncomfortable of the stomach.”

As soon as she finishes speaking, a feeling of nausea suddenly comes. Yan Hua opens her mouth to throw up on Lang Ruoxian’s hand before she can go to the bathroom.

“Go to the hospital.” Lang Ruoxian rises to his feet suddenly, wiping his hands while letting Wuyou go to get Yan Hua a coat.

Tang Yao also panics, “Dear daughter, what’s wrong with you?”

“I needn’t go to the hospital.” Yan Hua retches two more times, “I seem to be all right.”

Lang Ruoxian feeds her some water, “Are you sure? If you feel uncomfortable, just tell us. We shall go to the hospital.”

Chang Pei’e and Bai Susu look at each other. Suddenly, the old lady’s eyes light up, “Hua! Are you pregnant?”

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 318 Younger Brother or Sister?**

“Congratulations, Mrs. Lang, you are pregnant.” The director of obstetrics and gynecology passes her an image of the color Doppler ultrasound, “It’s just six weeks.”

Lang Ruoxian takes it over and looks at it with a frown for a long time. It is red and black...

“That! Here.” The doctor points to him, “You can’t see it clearly now. But you can see it clearly in 8 weeks generally.”

Yan Hua also looks at it for a long time, but she cannot associate the little black dot on the paper with the baby.

Bai Susu and Tang Yao sit behind excitedly. Tang Yao grabs the image of color Doppler ultrasound and says happily, “Yo! Our family will have another baby.”

“Doctor, is there anything to pay attention to now?” Bai Susu asks very nervously.

Last time Yan Hua led a wandering life outside. Although she was brought to Lang Family by Lang Ruoxian, but at that time even Lang Ruoxian was an outsider of the family, not to mention that Yan Hua did not even have memory. Every time when she thinks of her daughter having a baby outside alone, Bai Susu wants to cry.

This time she must take good care of Yan Hua and wait on Yan Hua during the confinement after childbirth in person!

“Nothing to worry at the moment. Don’t have pressure.” The doctor smilingly says, “Just eat and drink well. Don’t take strenuous exercises and don’t make

love. Mrs. Lang, you should know these for this is your second child and you should have had experience!”

Yan Hua nods. Lang Ruoxian also nods. Then the family members carefully support Yan Hua back home. Chang Pei’e, Gungun and Wuyou rush out when they hear the car coming.

“Is she pregnant?” Chang Pei’e didn’t dare to make a phone call to ask just now. She has been afraid that it might be some other diseases.

Tang Yao jumps up and down in an ostentatious manner, “She is indeed pregnant! It’s only a tiny bit. I can’t even see it.”

“Grandma, have a look!” Yan Hua takes out the color Doppler ultrasound image, “This little black dot is the baby.”

Chang Pei’e is too happy to close her mouth, “Ah yo! Ah yo!”

“Mom!” Gungun carefully leans against Yan Hua, staring at her stomach. He asks, “I’m going to have a younger sister?”

Yan Hua leans against the sofa and smiles, “I don’t know. Maybe it’s a younger brother?”

“That will do!” Gungun has a look of having no objection, “It’s a child of our family, anyway.”

Seeing Wuyou keep silence and just stare at her belly, Yan Hua takes her hand and asks, “What’s the matter?”

“... Nothing. Do you still feel ill?” Wuyou asks.

Yan Hua thinks, feeling Wuyou’s reaction is a bit strange. Has the child already worried that she will be not well treated if Yan Hua gives birth to a daughter?

“Our family does not prefer boys to girls!” Tang Yao touches Wuyou’s head, “No matter it is a younger brother or a younger sister, we will love it.”

Bai Susu also takes Wuyou into her arms, “No matter it’s a younger brother or a younger sister, you are their elder sister. I can’t count on Gungun. I’ll ask Wuyou to help me to look after the baby.”

“I will take good care of it.” Wuyou nods solemnly.

In fact, she needn't take care of the baby. The adults just hope that she will not have a burden in her heart. In the next few days, all the family members revolve around Yan Hua, especially the three old people.

Yan Hua herself does not have much reaction. Everything is normal except that the occasional stimulus smell will make nausea. Even if she has nausea, she won't vomit much but retch up several times at most.

“Hua! I have good news for you!” That night Fei Ying sends her a video call invitation. She says excitedly, “Our Xiaojiu is going to have a younger brother!”

“Really? When did you get pregnant? How many months is it?”

Fei Ying answers, “Nearly four months. I went to the hospital for a medical check today and the doctor said it was a boy. Hee hee! I don't tell you until I am sure of the gender of the baby!”

“I am not like you. I will tell you immediately when I know that I am pregnant.” Yan Hua smiles meaningfully, “Although I don't know whether it is a son or a daughter. Although it is only a small black dot now.”

Fei Ying is stunned and suddenly screams, “Ah ah ah, are you also pregnant?”

“Yeah! Just about one month.”

Then the two women are very excited to start discussing the babies. Fei Ying is very firm this time.

“I tell you, you must have a daughter this time!”

“Why?” Yan Hua leans against the cushion put beside the French window. Lang Ruoxian brought her a plate of strawberries just now.

The man looks up at her from time to time while reading documents on the sofa not far away.

“Because I will have a son! If you have a daughter and then we can be relatives by marriage in the future! If your daughter marries into our family, no one will bully her. How nice it is!”

Yan Hua also feels good.

“But giving birth to a boy or a girl is beyond our control.” She puts a strawberry into her mouth, “I’ll know the gender of the baby when it gets older.”

So from this day on, Fei Ying always sends her messages about signs of pregnancy, how to conceive her daughter and so on. The two also urge Chen Hong to have another one. Chen Hong says on the surface that she is too old to have one more child.

“In fact, she wants another child.” Yan Hua gossips to Lang Ruoxian, “Sister Chen seems to have been unable to conceive. Brother Yi plans to take her abroad to have a test-tube baby.”

She now tells Lang Ruoxian about all kinds of gossips. Lang Ruoxian hears very carefully every time and actively participates in it.

For example, now...

“Li Yi thinks Mingxi is the son of his ex-wife and him. Chen Hong should have one child of Chen Hong and him, which will make their life more complete.”

Yan Hua makes a praying gesture, “I hope Sister Chen can succeed!”

The focus of everyone’s attention every day is on the baby in Yan Hua’s belly, so they completely forget Tang Cao who is traveling outside. When Tang Cao happily comes back in half a month to know that Yan Hua has been pregnant, he is totally overwhelmed.

“Holy crap! You didn’t tell me?”

Tang Yao rolls his eyes toward him, “Why should we tell you? It’s not you to give birth.”

“Then... Then am I not a member of the family?” Tang Cao has a wronged expression, “We will have one more child in our family. It is such a big deal!” He takes out his mobile phone and says, “I’ll show off.”

The day after Tang Cao showed off, Chen Xiaopang and Fang Diandian come to visit them.

“Sister, please choose a color quickly. I have ordered a set for you!” Chen Xiaopang spreads out a brochure that looks very expensive.

Yan Hua knows this brand, foreign baby products factory. She hears that everything is handmade and many stars use their products.

“It’s too early to prepare these things now.” Yan Hua twitches the corners of the mouth.

There are various strollers, cribs, baby chairs and so on.

“It’s not early. Ours are tailor made. It will arrive here in three months after they are made and transported.”

Tang Cao and Fang Diandian point at the items in the brochure and finally quarrel.

Fang Diandian says, “Why is pink not OK?”

Tang Cao says, “What if the baby is a boy? Pink is too feminine.”

Fang Diandian says, “What if the baby is a girl? Your choice of grey is not cute at all!”

Tang Cao says, “I said to choose orange to split the difference, but you said it was not good-looking. Why are you so troublesome?”

Fang Diandian says, “Why do you think I am troublesome? You are an arrogant man!”

Tang Cao says, “Ah ha! Do you dare to say it again?”

Fang Diandian says, “I say it again and then what? You are an arrogant man!”

Chen Xiaopang says, “Fight! Fight! Who wins and who decides.”

The three people go aside to fight. Yan Hua just slowly looks through the brochure. She also wanted to buy things of this brand originally, but she didn’t know that she could order them to be tailor made.

“Congratulations, Young Master!” Shu Sheng congratulates Lang Ruoxian as soon as he goes to work, “I hope this time the Mistress can give birth to a little princess.”

Xiaokai, who doesn’t have to go abroad on business this year, shouts, “You’d better have a son! The little master Gungun will not be of help.”

“So you’d better have a son in the future, and then let him come to work in the company and help my son.” Lang Ruoxian glances at him, “You said my son to be not of help anyway.”

Xiaokai is shocked, “Young Master, Tang Cao told me that you didn’t intend to count on Gungun. In the future, the company would have to be managed by Wuyou. He said so!”

“What are the arrangements for this quarter?” Lang Ruoxian ignores him and tells Shu Sheng, “Notify them of the meeting at 9 o’clock.”

Some of Lang Consortium’s employees come from Tang Consortium before and others are newly employed. Although recruitment is still underway, Lang Ruoxian is not in a hurry. The company’s decision-makers will decide whether an enterprise is good or bad. Less staff have to do more work. For this reason, he doubles the overtime pay of everyone.

Employees are also quite willing to, for less people means less competition, which is conducive to promotion. After working for a few days, everyone finds that Mr. Lang is in a very good mood. They often see him smile when he rings up.

“Because Mrs. Tang is pregnant, so Mr. Lang will be a father again!” When someone uncovers the secret, everyone has an expression of no wonder and thinks secretly that Mr. Lang will definitely give a big red envelope to them when the child is born.

Dong Nianshuang sits in the backstage. Today she comes to a very popular variety show to publicize the new movie. Next to her there are the two makeup artist’s young assistants whispering. Their voices are louder and louder.

“The internet posts say that Mrs. Tang is pregnant.”

“If I were her, I would give birth to one baby every year! Lang Ruoxian is so handsome. The parents have excellent genes. How beautiful will the girl be if they have a little princess?”

“Don’t they have a son? It is unknown how he looks like.”

“He must be good-looking...”

Dong Nianshuang opens her eyes. Is Tang Duo pregnant? That woman has had Lang Ruoxian and a son. And now she will have another daughter...

“Miss Dong?” The makeup artist looks at her and asks, “Are you okay?”

Dong Nianshuang shakes her head, and the makeup artist says, “Then I will continue makeup.”

“I am listening to their gossiping!” Dong Nianshuang closes her eyes and the makeup artist scatter powders for her forehead, “Ah! She leads a charmed life. She has good parents, beautiful look and rich family. She also marries a good husband who treats her well. I’ve heard that many of them think about that in private.”

“What?” Dong Nianshuang glances at her.

The makeup artist lowers voice, “Climb into Mr. Lang’s bed! He is young and rich. Who won’t like him?”

Dong Nianshuang smiles, “Has anyone ever succeeded?”

“I haven’t heard of it anyway.” The makeup artist finds that Dong Nianshuang seems very interested in this topic, and lowers the voice more, “I made up for Mr. Huang just now. I heard him say that someone had organized to go out to sea to play next week, and Mr. Lang would also go.”

Mr. Huang is the host of today’s variety show. He is also the most popular host who is a likeable person in the circle. What he said should be credible. Dong Nianshuang has the idea and immediately sends a message to her agent.

After recording the show, the agent hands her a black card, “Where did you get the information? Fortunately, I set about early. Now this invitation has been priced to tens of thousands yuan.”

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know via our discord so we can fix it as soon as possible.

### **Chapter 319 Dong Nianshuang’s Blind Love**

Lang Ruoxian is not interested in any social activities now. Of course, he was not very interested in it before. But he has to come to the yacht party today. The rich second generation who has organized the yacht party is the nephew

of the new leader. He returned from abroad not long ago. This time is his first appearance in Yanjing circle.

“Young Master, this is the guest list of the yacht party today.” On the way to the airport, Shu Sheng says, “This Childe Qiao invited some top-notch people in the circle, but women are indispensable in this occasion. Today, there are not many socialites but many stars and young models.”

“Qiao Liang has been concerned about face-saving, ever since his childhood.” Tang Cao also receives an invitation. Qiao Liang and Chen Xiaopang know each other. When they were young, they played together for a few years. Later, he went abroad and they had fewer contacts.

Shu Sheng nods, “The information I found here is the same. He is very accommodating as long as he saves enough face.”

“Brother Ruoxian, tell me the truth. What are you doing here today?” Tang Cao asks curiously. A few days ago, he was surprised to know that Lang Ruoxian was going to attend the party. This is not in line with his character setting.

Lang Ruoxian glances at the list and raises his head, “Qiao Liang’s father is in charge of the subway planning of the development zone. According to the planning map I saw before, the subway will only be next to the shopping mall or the real estate that we have developed. If we want to let the subway pass the two places both, the subway will travel a round-about route.”

“So you want to use the relationship of Qiao Liang?” Tang Cao understands, “Then I’ll tell Xiaopang later. They are comparatively more familiar.”

Lang Ruoxian looks out of the car window, “That’s not the only thing. Tang Ming’s overseas oil fields have been slow to have profits, and they are also worried. One of the pieces of land I sold them is next to the development zone, and the subway will pass there according to the government’s original plan.”

“Then if the subway goes the route as you said, it won’t pass their place, will it?”

“Yes.” Lang Ruoxian smiles faintly, “Do you know what Tang Ming wants to build there?”

Tang Cao shakes his head dully, "A restaurant? A hotel?"

"He wants to build an aquarium." Lang Ruoxian smiles, "Top grade restaurant and hotels will be affected without subway, but it has little effect. While aquarium is different..."

"How did you know that he was going to build an aquarium?" Tang Cao lets out a cry and says, "How can you know everything?"

Xiaokai, who has been looking at the computer, closes the notebook and says enigmatically, "Our Young Master is a supernatural being, so he knows everything."

"Stop it. I'm not Gungun." Tang Cao glares at him.

Shu Sheng smiles, "Tang Ming had several meals with the leader of the aquarium in South City not long ago, and we met him once."

"No wonder!" Tang Cao thinks, "Yanjing has only one such aquarium. The equipment is very old for it has been used for many years. I remember we used to go there in our childhood, but we haven't been there these years."

"This is what Tang Ming fancies." Lang Ruoxian says, "He wants to take the ready-made project and moves the aquarium of South City."

Yanjing isn't close to the sea. The nearest sea is 300 kilometers away in North City. It will cost a lot to rebuild an aquarium. But if they move the previous aquarium to a bigger place, the pipeline from North City need only be added to this section of the development zone.

Tang Ming has a good plan, but if the aquarium can't be reached by the subway, it will be of little value for the common people in Yanjing. They have already been used to traveling by subway.

"Brother Ruoxian, it is not right!" Tang Cao rarely uses his brain, "We can pull some strings, and he can too. What if then he persuades to lay the subway over their place?"

The car slows down and they arrive in the airport. Lang Ruoxian glances at Tang Cao, "On this kind of thing, who is quick, who is to win. Now get off."

Chen Xiaopang waits for them at the airport. They will take Lang Ruoxian's private plane to North City and board the yacht from North City. Qiao Liang's yacht is large enough to accommodate about 100 people. Apart from the crew, there are about 50 guests today.

"This guy borrowed the yacht from someone else!" As soon as Chen Xiaopang arrives at the port, he begins to gossip about Qiao Liang, "This yacht ranks highly all over the world. The famous German shipyard Lurssen built it. I heard that everything on it was designed by famous designers. Qiao Liang drove it back when he returned home. I don't know who the owner is."

Lang Ruoxian says, "It belongs to Russian female billionaire Alisher, whose personal wealth has reached more than 20 billion."

"Wow! You deserve to be called Brother Ruoxian." Chen Xiaopang and Tang Cao's eyes glisten. Tang Cao also asks with a flattering expression, "Do you know that rich woman?"

"I met her once." Lang Ruoxian snorts, "Qiao Liang is the type she likes."

Chen Xiaopang is horrified, "Damn! This guy is a gold digger?"

"That's not quite true." Lang Ruoxian smiles, "They just join in the fun on occasion. Both of them have their own needs. After all, Qiao Liang is also somebody in the country."

He can't go so far as to lower himself to be a gold digger.

"You have to be careful by yourself." The agent sends Dong Nianshuang to the dock, "I can't go up there. I'll wait for you at the nearby hotel. Don't drink the wine served by others and don't get too close to men."

Although only people having invitations are allowed to board the yacht, paparazzi are infinitely resourceful. Who knows if they will slip into the yacht? In case Dong Nianshuang is photographed with any scandals, they will be in trouble.

"You've said all the way." Dong Nianshuang impatiently puts on sunglasses, "I shall board the yacht."

The agent sees her being greeted by several tall and handsome crew members. Her heart suddenly throbs because she always feels that something bad is going to happen...

Dong Nianshuang doesn't know her agent's mood and looks around for Lang Ruoxian as soon as she gets on board. The rooms are on the top floor of the yacht. Dong Nianshuang follows the crew out of the elevator and sees Lang Ruoxian and his party standing at the door of the room.

"Why is she also coming here?" Tang Cao sees Dong Nianshuang and mutters in a low voice.

Chen Xiaopang grins, "Hua Yan has abandoned her, so she has to find another financial backer!"

"Mr. Lang, Second Childe Tang, Childe Chen!" Dong Nianshuang has walked over and greets them with a smile.

Xiaokai runs out of the room, "Young Master, I've check it. There is no problem."

Lang Ruoxian ignores Dong Nianshuang and goes into the room. Tang Cao says with a foxy smile, "I thought only young models would come today! Is your life so dismal now?"

"Second Childe Tang, stop joking." Dong Nianshuang can't laugh anymore. Tang Cao is always so annoying!

Tang Cao squints at her, "I don't have time to joke with you."

Then he grabs Xiaokai and says, "Go and check my room."

"Won't Childe Chen return to your room?" Seeing Chen Xiaopang still standing there, Dong Nianshuang asks, "You don't bring a playmate today, do you?"

Chen Xiaopang smiles and looks at her meaningfully, "Which room are you in?"

"This one." Dong Nianshuang points and it turns out to be Lang Ruoxian's next door.

“Gee! Somebody must have self-knowledge, knowing that some things and some people cannot be touched. Otherwise, broken head and bleeding will be mild punishment, or maybe directly...”

He makes a gesture of cutting the throat.

“Die!”

Dong Nianshuang clenches her fists and squeezes out a smile, “I don’t quite understand what Childe Chen means...”

“It means you stay away from my Brother Ruoxian.” Chen Xiaopang sneers, “Tang Cao hasn’t known your thoughts yet. If he knows, believe it or not, he can throw you into the sea to feed the fish.”

He has been fooling around with women for many years. He has been very familiar with Dong Nianshuang’s gaze at Lang Ruoxian just now. This foolish woman clearly has an intention to Lang Ruoxian.

“Childe Chen, I don’t know what you are talking about.” Dong Nianshuang’s expression becomes cold, “We didn’t bear grudges against each other before, right? You humiliate me so today. You really treat me like a young model without background, don’t you?”

“What? Want to use Bai Family to give me pressure?” Chen Xiaopang laughs, “Will Bai Yuanqi fight for access to sister-in-law? Ha ha ha, then we’ll wait and see!”

Chen Xiaopang staggers away. Tang Cao leans out his head in a nearby room, “What are you talking about, Chen Xiaopang? Why do you talk with anyone? You are really...”

“Coming, coming!” Chen Xiaopang pushes him in, “I know you miss me, but I have no sexual interest in your chrysanthemum.”

From the door comes the curses of Tang Cao, “F\*\*k you! Believe it or not, I will post on the bus about your premature ejaculation incident last time...”

Dong Nianshuang comes into her own room with a dark face. She punches the pillows and quilts and then she finds that the balcony of the room is almost next to that of the next door. She can even faintly hear the voice of Lang Ruoxian.

“Great!” Dong Nianshuang gazes at the distance between the balconies. She can climb over it.

At this time, Shu Sheng suddenly appears on the next-door balcony. He is not surprised to see Dong Nianshuang.

“Miss Dong, do you know that every room has an alarm?” He smiles and asks Dong Nianshuang. Dong Nianshuang is stunned, “What alarm...”

“There is an instruction on your bed. Please look at it yourself.” Shu Sheng closes the balcony door and goes back to the room.

Dong Nianshuang reads the instruction dubiously. She is surprised to find that what Childe Qiao has prepared for the guests are really...

The instruction says that there are various brands of aphrodisiac drugs in the refrigerator which are safe and have no side effects. There are more than a dozen sex toys in the bedside table, including several kinds of condoms.

However, the last one term actually say that anyone uses these things on the yacht must obtain the consent of the other party. There are warnings of punishments if they find any coercion or any having sex under the other party's ignorance.

“Chi...” Dong Nianshuang mockingly smiles. She does not believe the warning. She knows how crazily the rich second generations in this circle play. Moreover, the women who board the yacht today originally have come for the men.

No! She is different from those women.

“I just want to... Want to be closer to you!” Dong Nianshuang returns to the balcony and gawks at the next door.

The whistle of the yacht blows a few times and leaves the harbor. Dong Nianshuang quickly changes her clothes and then stands at the door waiting quietly.

“Brother-in-law! Brother-in-law, let's go to eat dinner!” Tang Cao shouts in the corridor. Chen Xiaopang covers his mouth, “Why do you shout? Everyone else can hear you!”

“Why should I be afraid of being heard when I call my brother-in-law?” Tang Cao casts a glance at him, “You’ve been acting strange since just now. Aren’t you still thinking about my chrysanthemum?”

Chen Xiaopang is about to speak when Lang Ruoxian’s room door opens and Dong Nianshuang comes out of the next room almost at the same time.

“Mr. Lang, I have something to tell you. Can you spare me a few minutes?” Dong Nianshuang looks at Lang Ruoxian with serious expression, “It’s about the disappearance of Tang Duo at that time.”

## **Destined Wife: The Apple of My Eye –**

### **Chapter 320 - ang Rui’s Secret -**

#### **Chapter 320 Tang Rui’s Secret**

Dong Nianshuang knows she must seize the opportunity. Since Lang Ruoxian loves Tang Duo best, she does not believe that he will refuse. She touches the medicine in her bag, and do not care those rules. As long as she has sex with Lang Ruoxian, Tang Duo will not be with him any more in her character. At that time, Lang Ruoxian will belong to her.

But Lang Ruoxian says indifferently, “I’m not interested.”

Dong Nianshuang is very surprised and asks, “You love her very much, don’t you? Don’t you want to know the truth?”

“It’s none of your business.” Tang Cao thinks she is not in good faith. And why does she talk about his sister’s business with Lang Ruoxian alone? Isn’t he Tang Duo’s brother?”

Dong Nianshuang ignores him, her eyes are fixed on Lang Ruoxian, she says, “I really know something. You give me a minute. I will leave when I finish.”

“Just say it!” Tang Cao stands beside Lang Ruoxian, attempting to join them.

“It’s a secret thing, I want to talk to Mr. Lang alone.” Tang Cao is staring at her when Dong Nianshuang finishes.

OK! This woman has an evil motive for Lang Ruoxian! Tang Cao finally discovered, he says fiercely, “F\*\*k, how dare you to seduce Ruoxian in front of me. Dong Nianshuang! You are really shameless.”

Dong Nianshuang probably has no choice, and doesn’t feel embarrassed at all. Instead, she smiles slightly, “Mr. Tang, is it appropriate for a man like you to abuse a girl like me? And how do you see that I have an evil motive?”

Tang Cao snorts, “Do you think I am blind? Are there any problems for me to abuse you? I have never said that I don’t abuse women. Not only do I abuse you, but I even want to beat you. Oh! You used to be jealous of my sister, and secretly liked Hua Yan.”

“Now my sister is married to Ruoxian, and you like him again...” Tang Cao says, “Are you despicable? Why do you always like to follow my sister?”

Even if Dong Nianshuang is thick-skinned, she can’t be completely indifferent hearing this. Moreover, Lang Ruoxian is expressionless, unable to see emotion. She clenches her hand and takes a long breath.

“OK! I was kind originally. I didn’t expect Mr. Tang to humiliate me. If so, then I won’t say anymore. Anyway, Tang Duo’s trouble has nothing to do with me. I’m sorry to bother you.”

When she finishes, she turns around and quickly enters the elevator.

“Brother Ruoxian?” Tang Cao looks at Lang Ruoxian vigilantly, “What are you looking at? Dong Nianshuang?”

Lang Ruoxian glances at him and says, “Don’t you feel thirsty for saying so much?”

“Not thirsty, I am hungry... No, don’t go too close with that woman. Otherwise I... Hey? Ruoxian? Why are you walking so fast? Wait for me...”

The dinner on the yacht is very rich, and everyone starts to do their business after eating. Each has his/her own goals and goes to their places.

“Let’s go to play with Qiao Liang!” Chen Xiaopang asks Tang Cao.

Tang Cao asks Lang Ruoxian, “Ruoxian, are you going?”

“No.” Lang Ruoxian has already made an appointment with Qiao Liang and specially chose to talk at breakfast time tomorrow.

“Then where are you going?”

Lang Ruoxian looks at him and says, “Go back to the room. What do you want to do?”

Tang Cao shakes his head, “It’s okay! I just ask.”

After Lang Ruoxian leaves, Tang Cao also secretly follows. Chen Xiaopang rolls his eyes, “Are you going to steal something?”

“Hush!” Tang Cao stares at him, “Hush, I have to watch Ruoxian.”

“Why do you watch Ruoxian?”

“What if Dong Nianshuang comes to him again?” Tang Cao says, “That woman is absolutely not in good faith. Oh no! There are a lot of aphrodisiacs in the room, will she use them on Ruoxian?”

Chen Xiaopang pinches his face, “Wake up! Who is he? Lang Ruoxian! Who is Lang Ruoxian? He is the devil! Only he calculates others. A Dong Nianshuang is not enough, okay...”

“...You’re right.” Tang Cao has been only wary of women, forgetting that Lang Ruoxian is a devil.

So the two men went away shoulder to shoulder and arm in arm.

Seeing Tang Cao leave, Dong Nianshuang quietly returns to the top floor, but unfortunately she is late, Lang Ruoxian has entered the room. She also rushes back to her room and rushes into the balcony, but only saw the thick curtains of the next room, even couldn’t see a beam of light.

Dong Nianshuang blows the sea breeze for half an hour and kept playing songs on her mobile phone, but the room next door was still very quiet. She has to go back to the room in low spirits and looks at the aphrodisiac in the drawer. She decides to try again tomorrow.

“Brother Ruoxian, Brother Ruoxian!” Tang Cao doesn’t get up until noon, and runs to Lang Ruoxian’s room and asks, “How’s it? Have you talked to Qiao Liang?”

Lang Ruoxian looks in a good mood, “Yes, I have a chance to meet his dad.”

“It should be no problem, Chen Xiaopang told him yesterday!” Tang Cao rubs his stomach and says, “I’m so hungry, I am going to have a meal first!”

Dong Nianshuang watches Tang Cao walk into the restaurant and says, “This is your only chance. Tomorrow the yacht will come ashore.”

There is a sexy woman standing beside her, and she looks at Tang Cao who is eating, “But... but I don’t dare, if he refuses me...”

“Fool!” Dong Nianshuang smiles, “Aren’t you the most popular model now?” There are few men who can reject you. Besides, you try so hard to get on board only wanting to find a rich man! Mr. Tang doesn’t even have a girlfriend. It is possible to marry him if he really falls in love with you.”

The woman is not stupid, she doubts, “So why don’t you go?”

“Do I need this?” Dong Nianshuang picks eyebrows, “I am different from you.”

The woman knows that Dong Nianshuang is popular now, and has Bai Family to support her, of course, unlike them...

“If you can’t do it, you still have medicine in your bag!” After Dong Nianshuang finishes, the woman is a little scared, “How do you know?”

Guess... The women on board probably all carry those things with them.

Dong Nianshuang says with a smile, “It doesn’t matter. The important thing is that if you don’t go, you really have no chance.”

“Young Master...” Shu Sheng takes a room call and his expression is a bit strange, “The restaurant man said that Childe Tang is drinking with a woman who secretly added something into the wine.”

Lang Ruoxian frowns, “Go and see, whether it is true or not, bring him back.”

When Shu Sheng leaves, someone rings the doorbell. Lang Ruoxian opens the door to see the male waiter of the ship pushing the car filled with red wine.

“Sir, this is the wine that Childe Qiao brought back from a foreign winery. It is a gift for everyone.” Lang Ruoxian sees a waiter on the other side of the corridor pushing the car to the other room.

“Every guest has it.” The waiter walks in and pours the wine into the glass, and takes a bottle of unopened wine, “You can take it back and taste it slowly. The wine in the cup is already decanted. It’s just time.”

Lang Ruoxian thanks him and sends the man out. This brand of wine is good. Yan Hua likes to drink it. Lang Ruoxian looks at the vintage. Although the vintage is not long enough, it is enough to drink ordinarily.

The red wine in the wine glass is crystal clear. Lang Ruoxian takes a sip and the door behind him slowly opens, and someone steps closer to him.

“If I were you, I would go out now.” Lang Ruoxian turns around and says, “But I don’t think you should leave.”

Dong Nianshuang wears a red low-cut skirt, half of her breast is exposed to the outside. The entire red yarn is transparent, and only the lustrous rhinestones between the legs are used as a cover.

She believes that no man can resist such a beauty like her, let alone Lang Ruoxian who just drank the aphrodisiac.

“Since I am here, of course I will not go.” Dong Nianshuang smiles shyly and it is a success!

Lang Ruoxian puts down the glass and looks at her with his head tilted slightly, “You said that you knew why my wife had disappeared in the past, and now I want to hear it.”

“You still remember that woman at this time? Do you really only have her in your eyes!” Dong Nianshuang is a little angry, but when she sees that Lang Ruoxian’s face is still normal, she doesn’t mind delaying the time to wait for the medicine to work, “It was Tang Rui. It was Tang Rui who found a corpse to pretend to be her and deceived everyone.”

Dong Nianshuang suddenly smiles, “Do you know why Tang Rui hates Tang Duo so much? Because Tang Duo was the first person of his lust, he liked Tang Duo when he was a teenager.”

Lang Ruoxian's expression instantly became grim. Dong Nianshuang almost retreats, but she quickly calms down, "He knew that he and Tang Duo were impossible, and he did not know when this affection became hate. Probably because he couldn't get her, so he just ruined her, and no one can get her!"

"How do you know." Lang Ruoxian stared at her.

Dong Nianshuang hesitates, "Once Tang Rui drank too much and treated me as Tang Duo, he said it himself..."

Everyone has only Tang Duo in their eyes. Even if she works hard, those people would say that she almost caught up with Miss. Tang.

"Ha ha! A person who does not learn anything." Dong Nianshuang is somewhat proud, "I spread the message that Tang Duo only has a beautiful face and nothing else. She is arrogance and looks down on people, gradually no one is willing to play with her, ho ho ho!"

"But even then, she still despised me!" Dong Nianshuang's expression became ferocious, "Why? She had no friends, and men only treated her as a person of sexual desire. Needless to say those celebrities who were jealous of her, they thought that she was worthless."

"In the end, even the fiancé didn't want her." Dong Nianshuang's eyes were in a trance. As if she sees that she was hiding behind the tree and watching a few celebrities ridiculed that Tang Duo was abandoned by Hua Yan. What does Tang Duo say at that time?

She looks in contempt at the women and says, "I never care about a man. If you want to make me uncomfortable, then I really feel a little bit. If I knew that he had so bad vision, I would never agree to the marriage."

"She was still so confident and proud when she was abandoned by a man." Dong Nianshuang held her head, "I even don't dare to express my love to my favorite man. Do you know how much I hate her? Why? Why did Tang Duo come back?"

"She shouldn't exist, I want her to disappear, and disappear forever..." Dong Nianshuang's voice gradually became smaller, and finally she falls slowly on the carpet, and motionless.
