

Destined Wife: The Apple of My Eye

Chapter 331 Dong Nianshuang's Crazy Thought

Bai Yuanfei pushes her away, "Do you want to cry now? How dare you to kidnap?"

"I... I didn't." Bai Jingzhu weeps, "Dong Nianshuang said...that she just wanted to bluff her... I... I didn't know..."

"Are you five years old?" Bai Yuanfei sneers, "How can't you distinguish between bluffing and kidnapping? Even if Dong Nianshuang didn't set fire, you would still be kidnappers when you took her away and locked her up."

Bai Jingzhu shakes her head and regrets, "Brother, I'm really wrong. I'll never make trouble to Tang Duo again. Take me out quickly."

"You can't get out." Bai Yuanfei looks at his sister and says. He believes it might be good for her to stay in prison for two years. If she gets pit, she will take the road to ruin sooner or later.

"Why?" Bai Jingzhu asks with her blank face, "I... Dong Nianshuang did all this! I... I just saved her from Lang Ruoxian, I..."

"Jingzhu." Bai Yuanfei helps her up. Then they sits down face to face, "Do you remember that I've told you not to contact Dong Nianshuang because she was sly. But you never listen to me. You're not clever and never accept other people's advice." Bai Yuanfei says.

"You said that Dong Nianshuang did it. But it's your account that transferred money to the two cleaners. And your fingerprints are on the key of the room where you shut Tang Duo away. Do you know what Dong Nianshuang said?"

Bai Jingzhu has been muddled. She asks blankly, "What... What did she say?"

"She said that you planned everything from the beginning to the end and you asked her to help you deal with Tang Duo. And you even have much more motives than her. Because you always provoke Tang Duo in public, and she has no conflict with Tang Duo."

“She lies! She lies!” Bai Jingzhu stands up crazily and shouts, “How can she say that? It’s her! It’s her!”

Bai Yuanfei looks at Bai Jingzhu without any emotion on his face. He says, “As you make your bed, so you must lie on it. Since you believe her so much, you should go to jail for her now.”

“Brother, help me!” Bai Jingzhu really regrets this time. She cries and kneels in front of Bai Yuanfei, “I’ll listen to you later. I’ll listen whatever you say. Help me. I don’t want to go to jail...” Bai Jingzhu begs.

Before Bai Yuanqi comes in, he has heard Bai Jingzhu’s cry. Then he sighs and opens the door.

“Eldest brother! Eldest brother, help me!” Bai Jingzhu climbs over hurriedly when she sees him, “Dong Nianshuang lies. She did it, not me...”

“Do you know you are wrong?” Bai Yuanqi pulls her up and says, “You used to make mistakes. We helped you all the time. But you didn’t care about it and always thought you were right. Now you finally know you are wrong. However, we can’t help you this time.”

Bai Jingzhu quickly holds Bai Yuanqi’s hand because she is so afraid. When Bai Yuanfei says he can’t help her, she doesn’t believe it. But if her eldest brother also says the same...

“How about my sister-in-law?” Bai Jingzhu seems to have an idea and says, “Let her talk to Dong Nianshuang! If... If she refuses, you can divorce her!”

“She’s in the next room.” Bai Yuanqi rubs between his eyebrows and says, “She has been persuading, but Dong Nianshuang insists that she just followed you and you did everything.”

Dong Nianqiu didn’t expect that her younger sister was such a crazy person. Dong Nianshuang puts all the sins on Bai Jingzhu, which has planned by her at the beginning.

“Are you insane? Have you ever thought about our family? Do you know the company is over? Mom and Dad are so mad and are sent to hospital due to you.” Dong Nianqiu is so angry with her younger sister. She asks, “Your brother-in-law treats you well these years. That’s how you repay Bai Family?”

Dong Nianshuang looks much better than Bai Jingzhu. Her hair is neat, and she always has a light smile on her face without makeup. Hearing Dong Nianqiu's question, she smiles and says, "Do you remember when I was a child, Mom used boiling water to wake up Bai Susu?"

"What do you want to say?"

Dong Nianshuang looks at the table as if there is something there. She says, "I remember Mom told us how Bai Susu married to Tang Family. Mom poured boiling water on Bai Susu's head and made her whole scalp fall off. So Bai Susu lived in hospital for more than half a year."

It really happened before...

Dong Nianqiu remembers that her mother often talks about this and regrets not to kill Bai Susu with hot water. Dong Nianqiu feels that Bai Susu is poor. But she thinks that it would be her and her sister if Bai Susu wasn't pitiful.

"At that time, she and Tang Family's old lady left the hospital together. The old lady liked her and took her away. She helped Bai Susu finish the college and graduate school. Then she let Bai Susu study abroad and marry the First Young Master of the second branch of Tang Family."

Dong Nianqiu is confused. She asks, "Why do you talk about that?"

"If Mom hadn't scald Bai Susu, Bai Susu would not have been hospitalized. So she couldn't meet the Tang Family's old lady and marry to the Tang Family and have Tang Duo!"

Dong Nianshuang's eyes look crazy in a short time. She complains, "It's her fault! Why does Tang Duo exist? From childhood, you and others always compare me with her. Everyone says that she just has a good family, and other parts of her are not as good as me."

"Ha, ha!" Dong Nianshuang laughs, "She is not as good as me. Why does she live better than me?" All of a sudden, she grabs the table fiercely and says, "Elder sister, tell me. Is Tang Duo alive? What about the baby in her belly? Is it all right?"

Dong Nianqiu is still shocked by Dong Nianshuang's words. She looks at her younger sister in a daze, as if she has never known her before.

“So you count all your discontent and unhappiness on our family and others, don’t you?” Dong Nianqiu says painfully, looking at Dong Nianshuang with steely determination.

“You don’t want to turn back. So you make all of us have no room for retreat. Dong Nianshuang, it’s better for parents to have a dog than rear you for more than twenty years. I’ll ask you again. Will you tell the truth to the police?”

But Dong Nianshuang only slaps the table hard and asks, “Tell me first, are Tang Duo’s babies alive?”

“Tang Duo gave birth to babies safely.” Dong Nianqiu says softly, “They are twins.”

“Why? Why?” Dong Nianshuang becomes mad and wants to run out. But she is stopped by two policemen. She struggles desperately but can’t get away. At last, she stops struggling and lies on the ground. Then she looks up at Dong Nianqiu.

“Ha, ha... In this case, elder sister, what I said is all true. It was actually planned by Bai Jingzhu. I didn’t know that she would set fire at all. According to my situation, I’ll be imprisoned less than two years. Ha, ha, I’m not afraid!”

Dong Nianqiu looks at her coldly. The mood in her eyes suddenly makes Dong Nianshuang shiver, “What do you want to do?” Dong Nianshuang asks alertly.

“Nothing.” Dong Nianqiu smiles, “I think I should tell some truth to the police. Goodbye, my sister. I hope we can meet again in our lifetime.”

When Dong Nianqiu is going to leave, Dong Nianshuang holds her pants suddenly and asks, “What do you mean? Make it clear!”

“Well...” Dong Nianqiu slowly squats down and looks at her. She says, “My sister-in-law is really stupid. However, as you said, she has a good family background. What about you? You are also stupid. But you have no family background. Dong Family has declined because of you.”

Dong Nianqiu lowers her voice, “My good younger sister, whether you confess or not, Tang Family and Bai Family will not let you go. You will live in prison for the rest of your life...”

“Elder sister, wait a minute!” Dong Nianshuang shouts with panic and wants to catch Dong Nianqiu. But Dong Nianqiu has stepped back quickly and opens the door directly without seeing her.

At the weekend, a social media influencer suddenly reveals that Dong Nianshuang was imprisoned for kidnapping and planning to burn the victim. The specific procedure of interrogation and sentence are going through, and the evidence is conclusive. This young star who takes drugs might stay in prison for a lifetime.

The news causes a sensation and everyone talks about it hotly on the Internet. At the same time, Tang Duo is groaning in bed. After the effect of the anesthetic, her wound becomes uncomfortable.

“Does it hurt?” Lang Ruoxian asks. He is a little worried and wants to ask the doctor if there is any ways to relieve.

Tang Duo shakes her head dejectedly and says, “It doesn’t hurt much. I just feel uncomfortable, especially uncomfortable.”

“We won’t give birth to babies any more.” Lang Ruoxian gives her a mouthful of porridge and says, “I’ll have ligation later.”

Tang Duo almost spews the porridge.

“Don’t do that! If I can’t remember you all the time, we might not continue to be couple.” She takes a look at Lang Ruoxian and finds that the man doesn’t become insane for there’s no change in his eyes. So she rests her heart and goes on saying.

“I know it’s unfair to you. But currently, I definitely don’t... like you.” She hesitates for a moment and says, “However, your good-looking face are very in line with my aesthetic. I might like you in the future, but I can’t give you the hot love you want.”

Lang Ruoxian smiles, “It’s fine. As long as you don’t hate living with me, it doesn’t matter whether you love me or not. Anyway, I’ll love you forever.”

“...Don’t say that.” Tang Duo twitches the corner of her mouth and says, “Well! I asked Tang Cao to talk about you these days. An excellent man like you can have many choices. You should have heard about me. I can do nothing! I can’t help you to manage your company.”

Actually Tang Cao said that his brother-in-law was a very excellent devil. But Tang Duo doesn't say that.

Because she just wants to achieve her goal.

"Listen to me." Tang Duo raises her hand to stop Lang Ruoxian and says, "I also think that whether I will remember or not, we could not divorce for Gungun, Wuyou, and twins. But to be honest..."

Tang Duo looks at Lang Ruoxian's face sadly, "It's a pity that a man like you marry me..."

"But I don't think so." Lang Ruoxian continues to laugh in a harmless manner, "You're very good. You can do many things that others can't do. They don't know how good you are." Lang Ruoxian says.

"If they had known that, I could have had no chance to meet and love you." Lang Ruoxian slowly reaches out and says, "Hua, it doesn't matter whether you'll remember our love or not."

"I hope you can remember. But if you can't, we'll recreate it. Hua, could you please give me a chance? Let's start again."

Tang Duo thinks that this man is really stupid. She has told him her thoughts. How can he still insist his unrealistic dream?

"You..."

"Elder sister! Brother-in-law!" Tang Cao rushes in and says, "The police station claims that Dong Nianshuang is the mastermind, and Bai Jingzhu is hoodwinked by her to take part in."

Chapter 332 The Final Result

Dong Nianqiu is the most favorable witness. She tells the police that Dong Nianshuang told her that she wanted to kidnap Tang Duo and let her abort."

"How can I agree with her? It's cruel!" Dong Nianqiu cries, "I persuaded her not to do this at that time, and she also promised me. But I didn't expect her to instigate my younger sister-in-law."

According to Dong Nianqiu's words, Dong Nianshuang always wants to deal with Tang Duo. After Dong Nianshuang was refused by Dong Nianqiu, she went to find Bai Jingzhu.

"My younger sister-in-law is a bit headstrong and innocent. She definitely didn't know how serious it is." Dong Nianqiu wipes her tears and says, "My sister just told her to take Tang Duo away and scare her. My sister didn't say that she would hurt Tang Duo. My younger sister-in-law is so craven that she will be scared to death before she hurts someone..."

The policeman repeatedly confirms with Dong Nianqiu. And she insists that Dong Nianshuang have talked with her before.

"I really thought she was just talking. If I had known she was going to hurt Tang Duo, I would have stopped her!" Dong Nianqiu cries and puts her thumb print on her confession. Then the policeman leaves with her confession. Dong Nianqiu stands up and turns around to smile at Bai Yuanqi.

"I hope it will atone for my sister's sin."

Bai Yuanqi hugs her and says, "You did well. I'll take you back first."

Tang Duo is not surprised that Dong Nianqiu did it.

"If Bai Jingzhu bears all the charges, Bai Family won't accept Dong Nianqiu any more. For herself and her son, she can only sacrifice Dong Nianshuang."

Tang Cao says angrily, "Will Bai Jingzhu be free?"

"Of course not!" Tang Duo sneers, "She is an accomplice. Anyway, I must let her go to jail."

Tang Cao says, "My elder sister is so powerful!"

Lang Ruoxian sees them flatter each other. He hasn't seen Yan Hua like this. Oh no! He should call her Tang Duo. As the materials show, she really has an inviolable temperament. Even though she doesn't make up and lies in bed now, she still has a strong aura.

He begins to understand why men of Yanjing don't chase her. Because they are all good-for-nothing without any momentum when facing Tang Duo. Lang

Ruoxian curls the corner of his mouth and thinks that he is really a perfect match for her.

“What are you laughing at?” Tang Duo looks at him with a strange expression.

Is he laughing at her? In fact, she doesn't want this man to be in the hospital every day because she must look terrible now. But every time she tells him to leave, this guy will look sad as if he is abandoned.

Then he will call her Hua very gently. Tang Duo could not resist the beauty, so she has to cover her chest and let him stay here. Gradually, she gets used to it. After finding she is so scruffy, Tang Duo thinks, maybe he will change his mind and want to divorce!

“Nothing.” Lang Ruoxian pushes Tang Cao aside and asks, “You've talked for a long time. Are you thirsty?”

Seeing Lang Ruoxian feeds Tang Duo water, Tang Cao curls his lip and opens a coke in the fridge. Then he asks, “Brother-in-law, what shall we deal with Bai Jingzhu?”

“Your sister wants her to go to jail. Don't you hear that?” Lang Ruoxian casts a glance at him.

“Is it true?” Tang Cao suspects, “Bai Family might not let her be imprisoned...”

Tang Duo drinks half a cup of sweet honey water and throws a strawberry into her mouth. She says, “If Bai Family are really smart, they won't help her.”

Lang Ruoxian nods. Tang Cao suddenly finds that his sister, who regains her memory, is almost reach the level of devil, just like his brother-in-law. Tang Cao wonders why he can't understand their words...

After knowing what Dong Nianqiu did, Bai Jiancheng meditates for a long time on the sofa. Mrs. Bai next to him says happily, “Great! Great! Jingzhu can go home.”

“Mom, you are too optimistic!” Bai Yuanfei shakes his head and says, “Even if Jingzhu is not the mastermind, she can't be free because she takes part in it.”

Mrs. Bai disagrees, "It's easy to handle it as long as she's not the mastermind! Your father can find some powerful people to make your sister only be imprisoned for a few days."

"I don't have the ability to do it." Bai Jiancheng shakes his head and says, "You'd better do it if you can persuade the Tang Family."

Mrs. Bai is stunned, "What else can Tang Family do after the police release her?"

"What will they do?" Bai Yuanfei reminds his mother, "Do you know how powerful Lang Ruoxian is? He will let Jingzhu disappear quietly in the world. Don't you know what he will do?"

"How dare he?" Mrs. Bai is shocked, "It... It's illegal."

Bai Jiancheng sulked, "Isn't it illegal that your daughter harmed his wife and children? If you save Jingzhu, Lang Ruoxian will punish Jingzhu by himself."

"How could it be?" Mrs. Bai murmurs, "Maybe I... I should talk to Bai Susu?"

Bai Yuanfei holds her shoulder and says, "Don't do it, Mom! She won't see you."

"Then what should we do?" Mrs. Bai is so worried. She says, "Should we do nothing to let Jingzhu be..."

Bai Jiancheng interrupts her, "Stop saying. Let me think about it again."

At the beginning, Bai Jiancheng still hopes that he can get Bai Jingzhu out. But he finally gives up when he knows that Lang Ruoxian buys the land-use right of the village beside Yanshan Mountain.

"Dad, it's impossible for Lang Ruoxian to let us use that land. As a result, we can't reconstruct the Hot Spring Villa." Bai Yuanqi says. He is also a little flustered because Lang Ruoxian even knows their secret plans.

Bai Jiancheng lights a cigarette. After a long time, he makes a decision.

"Dong Nianshuang is sentenced to life imprisonment, which will be executed immediately. Bai Jingzhu is sentenced to two years imprisonment for aiding her." Tang Cao reads the court verdict. Then he looks at the Tang Family around Tang Duo's ward.

“Dong Nianshuang’s penalty is too severe according to her crime...” Bai Susu frowns.

Tang Duo also feels strange. She asks, “Did someone take actions to influence the judgement?”

“It’s the Bai Family.” Lang Ruoxian says. He does nothing this time because he knows that Bai Family hate Dong Nianshuang very much.

Tang Duo understands, “But they are really cruel to let Bai Jingzhu go to jail.” She says.

“Bai Family are always smart.” Chang Pei’e gives Tang Duo a bowl of bird’s nest soup and says, “It’s no exception this time.”

After drinking it, Tang Duo says seriously, “I want to make up.”

“...Babies can’t see you.” Lang Ruoxian says, “They haven’t opened their eyes yet.”

Tang Duo casts a glance at him and says, “Maybe I and babies have telepathy. They will open eyes when they feel I see them.”

Today, Tang Duo can leave her bed and walk around. The first thing is to see her twins in the incubator. For this reason, she even changes her clothes. Although she is forbidden to take a bath, she lets Bai Susu to wipe her hair with a hot towel.

She doesn’t need to suckle now. So she is allowed to make up after asking the Postpartum Care Center. Tang Duo dresses up beautifully and rouges a red lipstick like a Queen. Then she goes to see babies energetically.

“...They are still like mice.” Tang Duo complains to Lang Ruoxian in disappointment after she takes a look at babies.

Lang Ruoxian takes out his mobile phone and says, “Look, this is what they looked like the day they were born. Do they look whiter and bigger now?”

“It’s really true!” Tang Duo looks at the photos and then observes two babies in the incubator.

The nurse shows the whites of her eyes. Maybe she has heard this kind of words many times. So she doesn't feel strange at all. The nurse even asks them, "Do you want to hug them?"

"Shall we?" Tang Duo's eyes become bright.

The nurse takes the babies out and gives each of them a baby.

Compared with Lang Ruoxian's calmness, Tang Duo looks more nervous. In her memory, this is the first time that she holds a baby. Looking at the red chubby baby in her hands, she feels that her heart becomes soft. That's might because the telepathy of mother and babies.

"So lovely..." Tang Duo says in a low voice.

Lang Ruoxian nods, "Yes."

The condition of twins has become stable. According to normal physical development, although babies still need to stay in the incubator for another two months, they have no danger of life now.

The babies might be congenitally deficient in the future. But they can take nourishing food to keep up their health. Even if they are a little weak now, they will be healthy and strong by doing more exercise!

"I'm holding the boy, right?" Tang Duo asks. She holds a baby with a blue shawl and Lang Ruoxian holds a baby with a pink one.

The nurse smiles, "Yes. Babies can't take a bath now, and it's not convenient to open shawls all the time. So we use different colors to distinguish the babies."

"Thank you!" Tang Duo expresses her thanks sincerely, which makes the nurse blush. She waves her hands and runs out.

Tang Duo's mood becomes good after seeing her babies. Whatever she sees makes her happy. When she enters the ward, she sees a beautiful young girl running towards her. The girl hugs her and begins to cry.

"Wah, wah... Hua, how can you forget me?"

Tang Duo stands there embarrassingly. She finds that there is also a strange man in the room. And he is holding a... baby?

“Do you really forget me?” The woman raises her head and looks at Tang Duo with tears in her eyes.

Tang Duo stutters, “Well... Are you Fei Ying?”

She has read her chat records with Fei Ying. Lang Ruoxian also told her about her friendship with Fei Ying.

“Although I don’t remember, I know you are my best friend.” Tang Duo hugs her and says, “Don’t worry. It won’t affect our friendship!”

Fei Ying’s chubby face looks so sad like a child. She asks, “How... How can you forget? Do you remember that we agreed on the betrothal of our children?”

...Are you crying because you’re afraid I forget it? Tang Duo thinks in her heart.

Tang Duo twitches the corner of her mouth and says, “I don’t remember. But we have chat records. I won’t repudiate it.”

“That’s great!” Fei Ying looks at her carefully and says, “You look good! Your lipstick is so charming. And your skin is white and bright. You don’t look terrible as Tang Cao said...”

Tang Cao hurriedly explains, “She was really bad before. But she becomes good recently!”

“Shall I go to see my future daughter-in-law?” Fei Ying says happily when she sees Tang Duo is fine, “Let my son see his wife, too. What a historic moment it is! Yi, you must remember to take a picture later.”

Fei Yi holds the baby and comes to Tang Duo. Then he nods towards Tang Duo and says, “I’m glad that you look good.”

“Thank you.” Tang Duo looks at him and feels that the couple are complementary to each other.

Fei Ying’s appearance and character are like a kid, while Fei Yi is mature and steady... He also looks very sinister.

“Come on! See your future son-in-law.” Fei Ying says. She takes her baby to let Tang Duo see him.

Tang Duo takes a look and thinks that this is her dream baby! He is so white and soft. And he looks at her with his big black eyes.

“What a good-looking baby!” Tang Duo says. Then she points the baby’s face and asks Lang Ruoxian, “Will my son and daughter become like this?”

Lang Ruoxian takes a look at that baby and says without thinking, “They will look better than him.”

Fei Ying becomes speechless.

Chapter 333 The Thing Is Settled

Fei Ying doesn’t overreact to the mice-like babies like Tang Duo. She even says that her son, Fei Ran, also looked like that when he was born. By the way, Fei Ran’s nickname is Xiaoshiliu...

“Sister Chen and her husband want to come. But her test tube baby finally succeeds. Now she lies on the bed every day and dare not move, for fear that she will abortion.” Fei Ying says excitedly, “Xiaojiu has gone to the Europe to take part in her school’s exchange activity, otherwise she will come.”

Tang Duo listens quietly. Fei Ying often looks at her when saying. Then Tang Duo will smiles at her. Finally, Fei Ying can’t help bursting into tears again.

“When will you regain memory? What if you can’t remember me all the time?”

Lang Ruoxian stands behind them and sneers. It doesn’t matter that she forgets you, he thinks. She just needs to remember him.

“No. I mean that I hope you can quickly restore your memory. Otherwise, Lang Ruoxian will be so pitiful!” Fei Ying explains quickly when she feels Lang Ruoxian’s cold eyes, “I want you to remember it earlier because it’s our memories!”

However, Fei Ying feels the air becomes colder.

This time, Fei Ying plans to stay for more days to wait Fei Shan who is filming in the next province. They will go back to G City together. Fei Shan knows Tang Duo’s condition and wants to ask for leave from the cast to visit her. But

he thinks it might be inconvenient for Tang Duo because she just has twins. Fei Ying told him that she would come. So when Fei Ying arrives at Yanjing, Fei Shan also comes the next day.

“Hello...” Tang Duo says. She and Fei Shan has looked at each other for a long time. Finally she can't stand it and breaks the silence.

Fei Shan looks at her in a complex expression. Suddenly, he says, “It'll be good if you can recover your initial memory earlier and forget us, then I can chase you.”

“Ha, ha...” Lang Ruoxian suddenly shows up like a spirit behind them and says, “No matter how many times you try, you won't be able to success. Hua will always be mine.”

Fei Shan is scared by him. He heaves a deep sigh and says, “Don't be so confident. Who knows the result if everything starts again?”

Lang Ruoxian says, “Last month, the heroine of your film knocked on your door in the middle of the night. She was wearing few clothes and you let her in.”

“... How do you know?” Fei Shan stares at him and asks, “Are you watching me?”

“I have no time to watch you.” Lang Ruoxian hisses, “If you don't want people to know it, the best way is not to do it.”

Fei Shan shouts, “What are you talking about? That's because the director was in my room. He opened the door and then they left together. That woman wanted to seduce the director.”

“Hua, look at this kind of man. If the director is not in the room, that woman will sleep with him.” Lang Ruoxian talks in a serious way, “The men in the entertainment circle are not reliable. You don't need to care about him.”

Fei Shan is enraged. He sneers, “Ha, ha. Mr. Lang, I haven't seen you for half a year. You become more shameless now. It turns out that you chase Yan... Tang Duo with your shameless spirit.”

“You don't even have the chance to chase her.”

“You...”

Tang Duo raises her hand and waves in the air, “Shut up!” She shouts.

The room becomes quiet.

“You are Fei Shan, right? Thank you for coming to see me.” Tang Duo smiles at Fei Shan.

But Fei Shan shakes his head and says, “Don’t be so polite to me. It’s true that Lang Ruoxian is more important than me in your heart, even if you lose your memory.”

“You’d better know it.” Lang Ruoxian says again.

Finally, Fei Yi takes Fei Shan away. Otherwise Lang Ruoxian and Fei Shan will fight.

“Why are you so hostile to him?” Tang Duo asks when only she and Lang Ruoxian are in the room.

Lang Ruoxian closes his mouth tightly and answers, “I have no hostility to him.”

“I don’t believe...” Tang Duo squints at him.

Lang Ruoxian definitely won’t admit that he is afraid that Tang Duo likes Fei Shan’s handsome face...

Tang Duo stops asking as he refuses to answer. Fei Ying and her family stay at Yanjing for a week and give Tang Duo two sets of gold plates and bowls when they leave. That’s the coastal custom that the elders should send them to the newborn baby.

“Alas... The room becomes so quiet after she leaves. I’m not used to it.” Tang Duo sighs. She is well now. But she still has to stay at the Postpartum Care Center during the confinement period. When Fei Ying was here, she could talk with Tang Duo every day. But after Fei Ying left, Tang Duo feels bored.

“I can talk with you.” Lang Ruoxian puts down his computer and says. Now he is dealing with the company’s documents here and has video conference sometimes.

Tang Duo looks unsatisfied. She refuses, "You don't understand the topic of women."

"Let's give the twins a nickname." Lang Ruoxian asks, "What do you want to call them?"

This is a good topic. Tang Duo is interested in, "Well... Their birth is so dangerous. I hope they will be safe in the future." She says.

"We can call them Pingping and An'an."

"No, it's too tacky. Let's call them An'an and Lele. It means peace and joy!"

Tang Cao is coming at that time. After hearing their conversation, he becomes speechless.

"Is there any difference between them?" He comes in and says, "They are all very tacky."

Tang Duo complains Tang Cao's ignorance. She says, "Babies' nicknames should be common, which is good for them. We can let our parents to give them names. Besides, An'an and Lele are good names!"

"Good names." Lang Ruoxian nods.

Tang Cao shows the whites of his eyes and says, "It's up to you. Well! I just met the doctor and he said that we can move baby's incubator to this room!"

"Really?" Tang Duo almost jumps off the bed. She says, "Let's move it quickly!"

"I'm thinking where we should put it!" Tang Cao looks around the room.

Lang Ruoxian moves the table beside the French window and says, "Put it here. It's summer now. The natural wind here won't make babies sick."

Then Tang Duo goes to bring her babies back happily. In the evening, when Bai Susu comes here with Gungun and Wuyou, she finds babies are in the room.

"Are the babies allowed to move here?"

“Yes. The doctor has agreed.” Tang Duo touches Gungun’s head and says, “Go to see your younger siblings!”

Gungun now has accepted the fact that his mother loses memory. Anyway, his mother treats him as usual. But he is a little worried that his mother will leave father if she can’t regain memory all the time...

Gungun turns to look at Lang Ruoxian and sighs silently.

Lang Ruoxian narrows his eyes. He always feels his son looks at him in a strange way these days...

“Mom.” Wuyou runs to talk with Tang Duo after seeing the twins, “I think younger siblings become a little better.”

“A little better?” After analyzing Wuyou’s words, Tang Duo asks, “Wuyou, do you mean that they are healthier?”

Wuyou nods, “They are strong.”

“I also feel they are bigger!” Gungun agrees. Then he says with a pity, “But Lulu can’t come here. It really miss Mom, younger brother and younger sister.”

Tang Duo looks at Lang Ruoxian. Then he says with a smile in his eyes, “I’ll try to bring it here.”

“Hah, hah, hah!” Tang Duo smiles covering her face.

Just now this man seduced her again with his handsome face. How annoying!

Bai Susu doesn’t oppose the nicknames of her two little grandchildren when she hears that. She just says that she should begin to think about their names and finds a fortuneteller.

“Mom, help me out! I don’t want to go to jail. I don’t want to!” When Bai Jingzhu is taken to jail, her family come to see her off. Bai Jingzhu still can’t accept it now. She cries and shouts, hoping they can save her.

Mrs. Bai is also crying, but she knows the reality. If Bai Jingzhu doesn’t go to jail, the Tang Family won’t let her go.

“Jingzhu, listen to me.” Bai Yuanqi lowers his voice and says, “You know you made a big mistake this time. If you go out now, the Tang Family won’t let you

go. Lang Ruoxian has made trouble to our company. Do you want yourself and your family to fight with Tang Family?"

Bai Jingzhu looks blankly. Bai Yuanfei hisses, "Eldest brother, it's useless to tell her that. You just need to tell her that if she doesn't stay in the jail for two years, our family will go bankrupt and she will be poor. She will lose her expensive bags, clothes, famous brands, and even have no place to live."

"No..." Bai Jingzhu shakes her head. She obviously understands it.

Mrs. Bai wipes her tears and comforts her, "Listen to us. We have asked someone in the prison to take care of you. It's fast to spend two years. You should listen to us to stay there!"

"I... I know..." Bai Jingzhu is still weeping, but she doesn't resist again.

She realizes that it's useless to resist and she has to go to jail. It's all Dong Nianshuang's fault!

"Where is Dong Nianshuang?" Bai Jingzhu grits her teeth, "Will she live in the same jail with me?"

"You are in the same place, but not in the same room." Mrs. Bai's expression becomes cold. She says, "Don't worry. Your brother has arranged everything. Dong Nianshuang won't have a good life in prison. She dares to harm you. I will make her life miserable."

Bai Jingzhu feels relieved. Then she gets on the police car and goes to the prison where she will live in the next two years. Seeing the car go away gradually, Mrs. Bai can't help weeping.

"If I knew she would do that, I should have been stricter with her."

Bai Jiancheng gives his wife a hand and says, "We just need to remember this lesson. It's not bad to lose two years of her freedom for her future."

"Mom, Dad is right!" Bai Yuanfei says, "You can't see her frequently. Once a month is enough."

Mrs. Bai says surprisingly, "I planned to see her once a week. Is it too long to see her a month later?"

“Mom, why do you forget again?” Bai Yuanfei complains, “She goes to jail for changing her character. If you always see her, she might be the same as before when she is released from prison.”

...

Someone sends Dong Nianshuang’s picture of wearing handcuffs and prison clothes to the Internet. People finally believe that the popular star goes to jail. At that time, many young stars in the entertainment circle are educated not to break the law. The TV station also holds various activities to anti violence and wipe out pornography, which makes many programs be canceled or be cut down.

“I’m sorry, Mrs. Bai. She doesn’t want to see you.” This is the third time for Dong Nianqiu to visit Dong Nianshuang in jail. But Dong Nianshuang still refuses to see her.

Dong Nianqiu stands up with a wry smile and says, “Please give these to her.”

She knows that Bai Family has found someone to bully Dong Nianshuang in prison, but she doesn’t dare to help her sister now. Maybe she can take care of her secretly after Bai Jingzhu comes out. She hopes Dong Nianshuang is well at that time...

The autumn comes. Before the National Day, the twins finally get out from the incubator. It has been two months since they were born. The whole family is around the bed looking at the two little babies. The twins may feel that. So they open their eyes for the first time.

Chapter 334 Let’s Work Together to Defeat Lang Ruoxian

“Ah!” Gungun shouts, “My younger brother’s eyes are so big!”

“This is our younger sister.” Wuyou points to another baby swaddled by blue clothes and says, “This is our younger brother.”

The younger brother’s eyes are also big, but the younger sister’s eyes are bigger than him. Even Bai Susu says that she has never seen such a big eyed baby.

“The younger brother’s eyes are like my brother-in-law.” Tang Cao is very jealous.

Lang Ruoxian’s eyes are like colorful paintings. The corner of his eyes raises a little and looks sexy, especially when he smiles at you. So Tang Duo always says that he seduced her by smiling at her.

“Our An’an will be a handsome man!” Chang Pei’e says happily.

Tang Duo is very satisfied. Although the skin of two babies is still very red, the nurse says that they will look better after the jaundice disappears. When they open eyes, Tang Duo is sure that they are not ugly according to their facial features!

“Why do they look different?” Gungun feels it strange. He says, “The twins in our school are the same.”

Before Tang Duo opens her mouth, Wuyou explains, “Because they are not identical twins. The identical twins look the same.”

Tang Duo doesn’t think her son can understand it.

Gungun doesn’t understand it definitely. And he doesn’t like asking questions actively. So he just says, “Oh.” He has known that not all twins look the same. The little boy doesn’t care about its reason.

“Wuyou, how do you know that?” Tang Cao asks curiously.

Wuyou answers, “I learn it in books.”

“What kind of books did you read?”

Wuyou says, “I read How to Serve the Puerpera, A Hundred Days Baby Care, What Is the Experience of Having Twins at Home, How to Let Pets And Babies Get Along With Each Other.”

“Okay.” Tang Cao twitches the corner of his mouth and gives her the thumb up.

Chang Pei’e hugs Wuyou in her arms and says, “What a lovely baby in our family!”

“Wuyou is the best!” Gungun says and looks at Wuyou with his bright eyes.

Wuyou touches his head and says, “Gungun is also good.”

Tang Duo wants to go home, but both Lang Ruoxian and Bai Susu hope her to stay at the Postpartum Care Center for a hundred days. The jaundice of twins begin to disappear. The doctor also thinks she should stay here so that they can treat babies in time when babies are sick.

“A lot of reporters are walking around at the gate of the Postpartum Care Center these days.” Tang Duo stands in front of the French window and points, “Look, he must be a reporter! He’s walked around here for two days.”

Of course, Lang Ruoxian knows that. He thinks about it for a while and then asks, “I want the company’s official blog to send the information of babies first. What do you think?”

“Are you asking me?” Tang Duo blinks, “It’s up to you. But you’re right that they are here to take pictures of me and babies. We can release the pictures first. Maybe they’ll leave.”

Lang Ruoxian takes babies’ feet out from the quilt and asks, “Do you want to hold one?”

“Okay!” Tang Duo rubs baby’s red little feet, and Lang Ruoxian holds up his mobile phone.

That afternoon, Lang Ruoxian’s official blog releases a picture of two big hands holding four small feet. It’s clear that those two big hands belong to a man and a woman. Someone even puts little wings in the picture, which make it cute and warm.

Twins of our Mr. Lang’s family, boy and girl!

People leave their comments below to show their surprise. A short time later, keyboard men come.

“Why do rich people always have twins?”

“You get the point. I heard that rich people all take medicine. Otherwise, they can’t have so many twins!”

“It’s true. I wanted to take this medicine before, but I’m afraid of its side effects.”

“Don’t take it. It will be terrible if babies are mentally retarded.”

Some upstanding netizen can’t stand them. How can these keyboard men be everywhere?

“I wonder why you are so hostile.”

“Well... I doubt what these people have experienced in their childhood.”

“It seems that you see they take medicine. I think you’d better go home to take some medicine.”

...

Then the topic of the twins of Mr. Lang’s family makes the headline for a while, which makes Tang Duo incredible. What make her more shocked is that the reporters outside the hospital become more!

“The reporters all want to record the faces of my niece and nephew!” Tang Cao says. He takes photos of babies crazily with his cell phone and sends them to Chen Xiaopang and Fang Diandian.

The three of them have a chat group on the Internet. It’s safe to send photos there because Chen Xiaopang and Fang Diandian won’t send them out randomly.

“It seems that they are whiter today, right?” Tang Cao observes the photos carefully and says, “Their foreheads are seemingly white.”

Tang Duo is allowed to play with her mobile phone for an hour every day. She is learning to use the beauty software recently and can’t help praising the great human because they invent this kind of magic.

Tang Duo says, “The doctor said their skin will turn white when they are a hundred days after birth.” She comes over to have a look at babies.

“Where is my brother-in-law?” Tang Cao feels strange. Lang Ruoxian stays with his elder sister every day as if he is fear that she will run away. Why is he not here today?

When Tang Cao just finishes asking, Lang Ruoxian comes in from outside.

“He goes out to make a phone call.” Tang Duo takes a look at Lang Ruoxian.

This is another change that Lang Ruoxian finds about her. In the past, when she was Yan Hua, she was very curious and even wanted to help him solve problems, so she would ask him what happened at the first time.

But now it becomes totally different.

Tang Duo always feels that the sky would not fall down because the taller will withstand it. So she won't ask him if he doesn't tell her. But she is really smart. She examines the question in its entirety like Lang Ruoxian.

Lang Ruoxian even thinks that Tang Duo can manage the company well without him. She is just lazy and lives for enjoyment, which has been shown when she was Yan Hua. Now it becomes more obvious.

"Do you have anything to tell me?" Tang Duo asks after Tang Cao left.

"I'm very happy," Lang Ruoxian smiles with a low voice, "Hua, you know me well."

"... No. That's just because you seem to think of something." Tang Duo leans on the sofa and says, "Tell me!"

"I've told you that I was happy." Lang Ruoxian sits opposite her and crosses his hands. He says, "You can rely on me a little more and let me tackle everything. You just need to have fun."

Tang Duo takes a breath, "You, you..." He seduces her again in the daytime!

Lang Ruoxian keeps silent. He just curls the corner of his mouth and looks at her.

A few seconds later, Tang Duo surrenders. She glances somewhere and catches a topic to ask, "What did you hear from the phone?"

"Tang Ming wants Bai Jiancheng to cooperate with him." The man says casually.

Tang Duo is stunned, "How can you know it? Have you put people in their company?"

"No. Bai Jiancheng just called me."

Bai Jiancheng is surprised when he answers Tang Ming's phone. He becomes more doubtful when Tang Ming says that Tang Consortium and Bai Consortium work together to develop a project.

"Why? Tang Consortium has oil fields overseas, and you have three pieces of land bought from Lang Ruoxian. Why do you want to cooperate with me?"

Tang Ming smiles on the phone, "I've said it was good for us. Your Hot Spring Villa in Yanshan Mountain has stopped building, right? Lang Ruoxian bought the land beside there to force you. Now your daughter has been put in prison due to him. Don't you want to get revenge?"

"According to your words, cooperation is good for me, right?" Bai Jiancheng also smiles, "Mr. Tang, why don't you talk about your aquarium? Because of the change of subway line, your initial plan also..."

"How do you know?" Tang Ming stops smiling, "The Land Planning Bureau hasn't released the news about the change of subway line."

Bai Jiancheng asks in reply, "You can know that there's something wrong with my villa. Is it strange that I know the change of subway line?"

It becomes silent over the phone. Tang Ming puts down the teacup with some chagrin. He just knows that Lang Ruoxian forces Bai Family due to Bai Jingzhu and plans to benefit from the conflict between Lang Ruoxian and Bai Family. But he didn't expect that he also have some problems.

"Bai Jiancheng, let's be frank. The second branch of Tang Family always has a bad relationship with your Bai Family. And your daughter is put into prison by them now. We can cooperate to force Lang Ruoxian to leave Yanjing, which is good for you and me!"

Tang Ming can't see Bai Jiancheng's expression, so he doesn't know that Bai Jiancheng's face over there is full of sarcasm. A few seconds later, he hears Bai Jiancheng's words.

"You can find Hua Family to defeat Lang Ruoxian. As your relatives, they are closer than me." Bai Jiancheng smiles, "I don't want to make trouble with Lang Ruoxian now. You can find some better person."

Tang Ming is surprised, "Bai Jiancheng, are you getting senile? Don't forget your daughter is still in prison!"

“Alas, children are parents’ debts!” Bai Jiancheng smiles, “You are the same as me, right? When will your daughter come back?”

Tang Ming angrily throws away his phone. He won’t talk to Bai Jiancheng if Bai Jiancheng is useless!

In the Bai Consortium, Bai Yuanqi stands near his father and hears the talk with Tang Ming. When his father hangs up, he frowns, “Uncle Tang is probably in a high position for a long time. So he is a little...”

“Ignore him.” Bai Jiancheng sneers, “If I were him, I would enjoy my twilight years after retirement. But he has a great ambition and wants to make some trouble. The Tang Consortium now is founded by Bai Susu. But Tang Ming is not clear about his capacity at all. The Tang Consortium would be a second-class company if it didn’t get benefits from Lang Ruoxian.”

Bai Yuanqi shakes his head and says, “Lang Ruoxian is really capable. He can even make the subway line change.”

“You should learn from him. Some things can’t be done with money.” Bai Jiancheng smiles, “The key point is to know what he wants and give him what he needs. Then you can make it.”

“If we refuse Tang Ming, will he join hands with Hua Family to make trouble with Lang Ruoxian?” Bai Yuanqi asks. He is worried that they will fight with Bai Family if Lang Ruoxian fails.

Bai Jiancheng shows a meaningful smile and says, “Hua Bingrong is so smart! Tang Ming dares to trap him... Ha, ha. I’m afraid Tang Ming will go for wool and come home shorn!”

After hearing Lang Ruoxian’s words, Tang Duo tuts.

“Do they want to work together to break our family first?”

“Bai Jiancheng is very smart.” Lang Ruoxian thinks highly of this man.

Tang Duo smiles, “When my Eldest Uncle was in power, Bai Family could keep neutral for so many years and never declined. They must be very smart.”

“So he won’t cooperate with Tang Ming.” Lang Ruoxian hands a document to Tang Duo and says, “Look at it.”

Tang Duo reads it carefully and finally understands it. She sighs, "Bai Family is able to continue to build the Hot Spring Villa!"

"Yes. They can make a detour."

Chapter 335 I Think We Are Not Suitable

Before the National Day, Tang Duo's two babies were born more than 100 days. Bai Susu asks for an auspicious day and the whole family takes her back with the two babies. Tang Yao says that he wants to set off firecrackers but Bai Susu disagrees.

The next day, the Tang Family hosts a 100-day banquet for two babies. They invite Chen Xiaopang, Fang Diandian and Tong Yue. Tong Yue's girlfriend Su Tian also comes. Unexpectedly, Chen Xiaopang brings Ning Lingshan over.

"They look so good!" Fang Diandian and Su Tian are around the cradle.

An'an and Lele are fat now, especially Lele. According to the order of taking out, she is younger sister but she is fatter than her elder brother.

"I want to poke and bite them!" Fang Diandian grabs her hand for fear that she can't control it.

Su Tian has had a few meals with them recently. She is familiar with Fang Diandian and smiles, "Yes, they are like marshmallows. They are so cute. I want to bite them too but I can't."

"Well, I guess I will bite my baby every day when I have." Fang Diandian holds her face and says, "But my baby is not as good-looking as An'an and Lele!"

She glances at the eye Su Tian and says, "You and Tong Yue's baby must also be very good-looking."

"We are far from getting married." Su Tian's smile fades and she glances at Fang Diandian, "Don't talk nonsense."

Fang Diandian shrinks her neck and says, "I won't say anything!"

Although Su Tian is sweet and lovely, she is cold in character. She doesn't talk to people who are not familiar with her. Even Fang Diandian is familiar with her. Fang Diandian can't talk to her casually.

"Would you like to see the babies?" Fang Diandian sees Ning Lingshan stand silently in her back, so she invites her.

Ning Lingshan's eyes brighten, "Can I?"

"Of course!" Fang Diandian pulls her over, "Don't be so prim. We've been out for fun before."

Ning Lingshan smiles helplessly and looks at the two chubby babies. She is prim. She's out of place here. If Chen Xiaopang hadn't invited her, she wouldn't have been with such a group of people.

She secretly looks at Su Tian beside her. She heard that the girl is poorer than her. But Su Tian studies well. Tong Yue loves her very much. But Ning Lingshan has nothing...

"Sister Duo!" Fang Diandian sees Tang duo coming and says, "How lovely the babies are! They are so good-looking. They are like you and your husband."

Tang Duo thinks that the girl's acting skill is good. She heard that Fang Diandian cried when she forgot her. She was better when others explained. Then she pretended to know nothing. She even secretly told Tang Cao that Sister Duo had forgotten her husband, let alone her.

"I think they look good too." Tang Duo smiles and nods at Su Tian and Ning Lingshan.

She is not familiar with them.

"Thank you for inviting me, Ms. Tang." Su Tian takes out a beautiful paper bag from the bag, "I made it myself. I hope you like it!"

Tang Duo takes it over and says, "Can I open it?"

"Of course!"

Inside are two pure cotton handkerchiefs. They are very soft. The blue handkerchief is embroidered with An'an and the pink one is embroidered with Lele.

“I’m not professional either. I can’t embroider well!” Su Tian says shyly.

“They are very beautiful!” Tang Duo sincerely praises, “Isn’t this hard? I’ve learned it before but I still can’t.”

Su Tian covers her mouth and smiles, “It’s just my hobby. When the day gets hot, I can embroider bellybands for the babies.”

“I’m sorry to trouble you!” Tang Duo likes beautiful things. Beautiful people are no exception.

Su Tian is such a sweet girl. Tang Duo likes her.

“You are welcome. You helped me in the mall last time, but I didn’t know at that time. Today I finally have a chance to thank you!”

Tang Duo knows what she said. Although she doesn’t remember it, she smiles, “You are welcome. You follow Diandian to the dining hall. It’s time to eat!”

When they leave, Tang Duo smiles and says hello to Ning Lingshan, “Miss Ning, don’t be afraid. No matter how you used to be, now you are Xiaopang and Tang Cao’s friend. Relax yourself.”

“I... I have prepared a present for you too.” Ning Lingshan clasps her fingers nervously.

Tang Duo reaches out her hand, “Where? Give it to me!”

“I’ll get it!” Ning Lingshan runs to the hallway and comes back with a big bag.

Tang Duo opens and sees a strange cushion inside. Maybe it is a pillow.

“This is for breastfeeding mothers.” Ning Lingshan gestures, “Then you won’t have back pain.”

Tang Duo tries, “Really! This is very useful. Where did you get it?”

“In fact, there are many online stores but you don’t usually go shopping online.” Ning Lingshan says and quickly waves, “Don’t worry. It is not bought online. I chose the cloth and it’s made of cotton. It’s absolutely safe.”

“Don’t be nervous!” Tang Duo pats her on the shoulder, “I know, thank you! This is really practical. Let’s go! Let’s go to eat.”

Lang Ruoxian stands by and watches. At this time, he comes over and puts the cradle into the pram so that he can push the babies around. The two little guys are in good spirits and have been kicking their arms and kicks. Although Lele is fatter than An’an, but An’an has learned to turn over first. When everyone eats, they suddenly hear him calling.

“My dear grandson!” Bai Susu stands up and sees An’an who is chubby lying in the cradle and kicking his legs hard.

Everyone likes him very much. They come over and have a look. They laugh happily. Even though they are so noisy, Lele in the other cradle still sleeps like a pig, completely unaffected. When Tang Cao sits back, he accidentally knocks down his glass and spills the wine on Ning Lingshan’s sweater.

“It’s okay. I can wipe it.” Ning Lingshan picks up the napkin and wipes it herself.

Tang Cao wants to help but it is inappropriate, so he says, “Sorry. Why don’t you change a sweater?”

“There is no need. It will soon be dry.” Ning Lingshan says indifferently.

“No. Go to change it.” Tang Duo stands up, “Take this off. The house maid will wash it for you. If it’s dry, the wine can’t be washed.”

Ning Lingshan is pulled up by Tang Duo. She is still embarrassed, “Don’t bother. I...”

“It’s not a problem.” Tang Duo pulls her upstairs, pushes her into a guest room and goes to look for a sweater, “This is a new one I haven’t worn. You can wear it.”

Ning Lingshan glances at the trademark of the clothes and shakes her head, “This... This is too expensive. I can’t wear it.”

“I’ll be really angry if you’re so polite!” Tang Duo puts the sweater into her hand, “Go and change it quickly! I’ll go downstairs first. You can come down by yourself after changing it.”

After saying this, Tang Duo closes the door and runs.

Ning Lingshan looks at the sweater in her hand. She may not be able to afford this brand of clothes for a year's salary.

"Sister Duo, is she okay?" Tang Cao asks.

Tang Duo waves her hand.

Chen Xiaopang leans over and says, "Cao, you can go upstairs and have a look!"

"What do I see when she changes?" Tang Cao scolds, "Do you want to peek?"

"Am I that kind of person?" Chen Xiaopang says seriously.

Tang Cao snorted, "There are several words on your face."

"What?"

"You are worse than a beast."

Finally, he is still pulled upstairs by Chen Xiaopang, who is inferior to a beast. According to Chen Xiaopang's words, he is afraid that Ning Lingshan is afraid upstairs.

"We'll wait at the door." Chen Xiaopang drags him to the door of the guest room, "Is this the right room?"

Tang Cao has a look. There are several guest rooms at home. But this room is usually arranged first because it is the most convenient by stairs. After waiting for a few minutes, Tang Cao is impatient, "You wait here. I'm going down."

"No!" Chen Xiaopang says, "If I stay here alone, I will be a real beast."

Tang Cao rolls his eyes and says, "I want to go to the toilet nearby. I'm going to pee."

He pushes Chen Xiaopang away and walks to the guest room inside. As soon as he opens the door, he sees that Ning Lingshan is wearing only underwear.

He sees two thin bra belts, a deep cleavage between them and her two white...

“Ah!” Almost at the same time, Ning Lingshan puts on her sweater.

Tang Cao turns red and wants to run. Chen Xiaopang hears the voice and runs over, “How are you in this room?”

“I am going down first.” Tang Cao runs downstairs with his head down. Chen Xiaopang thinks that Tang Cao is weird. He looks at Ning Lingshan, “What’s wrong with you? Why is your face so red?”

“I... I was washing in the bathroom just now. It’s too hot inside.” Ning Lingshan smiles, covers the confusion in her eyes and says, “Let’s go down!”

Chen Xiaopang walks and says, “The house maid can wash it. Why did you wash it by yourself?”

“Why bother others? I washed it right away.” Ning Lingshan lowers her head, “I think my clothes will be dry when I leave. I will return the clothes to Ms. Tang.”

“Sister Duo won’t want it.” Chen Xiaopang smiles, “She asked you to wear it. She sent it to you.”

Ning Lingshan bites her lips and doesn’t speak. Chen Xiaopang takes a deep look at her, shakes his head and leaves.

In the evening, Chen Xiaopang calls Tang Cao out for a drink.

“I think Ning Lingshan and I are not suitable.” He takes a cigar and puffs.

Tang Cao’s hand shivers with the wine glass, “Why? Don’t you like her very much?”

“When did I say I liked her?” Chen Xiaopang squints, “I just said I was interested in her. But I suddenly lost my interest in her at your house today.”

Tang Cao drinks half a bottle of wine. Chen Xiaopang stares at him, “What are you doing?”

“I’m drinking...” Tang Cao burps.

He is scared. He thought Ning Lingshan told Chen Xiaopang that he saw her this afternoon.

Seeing that Chen Xiaopang doesn't say a word for a long time, he asks carefully, "Why are you suddenly not interested in her?"

"We are not suitable!" Chen Xiaopang says with a distressed look, "I really liked her before. But she seems to be very afraid of us. And she is self-abased. I don't know how to make her take us easy. I will forget her."

Tang Cao feels drunk. He opens a room to sleep in the hotel upstairs. After taking a bath, he sees Ning Lingshan sitting by the bed in a sexy pajama.

"Why are you here?"

Ning Lingshan looks at him and walks over, "Have you seen enough in the daytime? Now you can have a good look at me."

Then she takes Tang Cao's hands and puts them on her soft breasts. Tang Cao thinks his hands are going to burn...

Chapter 336 He Is Really a Devil

Tang Cao sits up from the bed suddenly. He is sweating all over. He finds himself dreaming. The thick curtains of the hotel are not transparent. Tang Cao looks at his phone. It's already noon.

"F**k!" He gets up and walks into the bathroom, "I'm scared."

He sprinkles himself with cold water. Then he is awake. Tang Cao touches his face and looks at himself in the mirror. His skin is quite white, at least in men. But it seems that Ning Lingshan's chest is whiter.

"Ah!" He shouts and goes back under the shower nozzle. He takes a shower and mutters, "Am I sick? Isn't she just a woman? I have seen many women!"

After getting dressed, Tang Cao goes to knock on the next door. Chen Xiaopang sleeps like a pig. Tang Cao asks the waiter to open the door. He walks in, turns around and then hits Chen Xiaopang to wake him up.

"Didn't you bring a girl back last night?" Tang Cao asks.

Chen Xiaopang goes to the shower in a daze, “I let her go after the massage.”

“You let her go?” Tang Cao is shocked, “When did you change from a beast to a human?”

Although he doesn't play with women, he still has sex with women who come to him. In Chen Xiaopang's own words, this is his physiological need! He also laughs at Tang Cao as a virgin in his twenties.

“I have no interest recently.” Chen Xiaopang takes a cigarette and says, “My father arranges a blind date for me these days.”

Tang Cao picks up the car key and says, “Why don't you take Ning Lingshan back?”

He's a little guilty after saying this. He is glad that Chen Xiaopang is not interested in the woman. Otherwise, he's sorry for his brother now.

“I said she was not suitable.” After Chen Xiaopang get dressed, they leave the hotel. He drives Tang Cao back to the Tang Family first. As he starts the car, he says, “I've decided. I'll tell my dad when I get back. If I don't like anyone when I am 30, I'll get connections through marriage.”

Tang Cao looks at him with sympathy. It's impossible for Chen Xiaopang's father to expect him to manage the company. He has to marry a capable wife. So even if Chen Xiaopang chooses people by himself, there are few people he can choose.

“I told my dad he wasn't prescient.” Chen Xiaopang says, “You see, our brother-in-law is very powerful. He knows to raise Wuyou for Gungun. How could I not raise one for myself?”

He doesn't know that his father is really prescient.

Tang Cao decides to hide the fact that he saw Ning Lingshan's chest. He believes that Ning Lingshan won't say it. After that, Chen Xiaopang seldom contacts Ning Lingshan. Tang Cao has little chance to see her.

“Do you want to go?” Bai Susu hands the invitation to Tang Duo.

At the end of the month, an international flagship store will be opened. Many celebrities and stars from the capital are invited to attend. Tang Duo naturally receives it. She is eager to go.

“Of course! I haven’t been there for a long time.” She begins to think happily about what to wear. Two little babies on the carpet are trying to turn over.

Actually, Lele is turning over. An’an has mastered the skill of turning over. He lies there and stares at Lulu. Lulu is very good to the two babies. Lulu is so good that it stares at the two babies all the time every day and even sleeps in the baby room at night.

“Lulu works better than a nanny!” Tang Duo touches the dog’s head.

Lulu barks.

An’an laughs as soon as he hears Lulu bark. Lulu carefully licks An’an’s feet. Then he puts his head on Lele to help her turn over. Lele is very addicted to turning over these days. It is estimated that she is too fat. This skill is not easy for her.

“You may as well go.” Bai Susu prepares warm water for the two babies, “You seldom take part in this kind of activity in the past two years after coming back. First, you are afraid that others will know you lose your memory. Second, you don’t like parties yourself.”

Tang Duo thinks that she is not herself after losing her memory. How can she not like the parties? If she doesn’t go to the parties, how can she show off her jewelry and make other women jealous?

“You just have such a hobby.” Bai Susu is helpless.

Tang Duo asks with a smile, “Mom, do you like me when I lose my memory?”

“Don’t ask me.” Bai Susu picks up An’an and feeds him water, “You should ask Lang Ruoxian.” Then she glances at Tang Duo, “How are you two now?”

“Mom, do you think I should continue to stay with him?” Tang Duo sighs, “I’m not used to it!”

When she woke up, she had children and a husband. Although her husband is very handsome, Tang Duo still doesn’t know how to face him.

“Ask yourself.” Bai Susu puts An’an down and picks up Lele who is still trying to turn over, “If you think that you two are not suitable, or you don’t like him, you can divorce him.”

“But if we get divorced, the babies will be pitiful.” Although Tang Duo is not a softhearted person, facing her own children, she can’t only think for herself.

Bai Susu pokes her, “Why are you so tangled? Let it be. And Lang Ruoxian has a deep feeling for you. Even if you say you want to divorce, he won’t agree.”

“Yes...” Tang Duo lowers her voice, “Mom, do you know that he is a psycho?”

Bai Susu glares at her, “Don’t talk nonsense. Although Ruoxian sometimes uses radical methods, they are all aimed at outsiders and those who bully us.”

She pauses and says, “I was the only one in this family who used to use my brain. It’s good to have him help me now.”

“Mom, you were bought by him!” Tang Duo hums.

Bai Susu puts Lele into her arms, “In a word, you should make it clear. But no matter what you do, I will support you. I just hope that you will think carefully and you won’t regret later.”

Of course, Tang Duo is not stupid. She won’t tell Lang Ruoxian that she’s still not used to it and she wants to be separated from him for the time being. Besides, Lang Ruoxian is so good-looking. What should she do if she lets him go and be liked by other women?

She thinks and decides to have a good talk with Lang Ruoxian.

“Are you asleep?” She knocks on the door in the middle of the bedroom after taking a shower at night.

After coming back from the hospital, Lang Ruoxian moved to the next room on his own initiative. But he let people open a door in the middle.

“No.” After Lang Ruoxian says this, the door is opened.

Lang Ruoxian looks at her in his pajamas with a smile.

“Then let’s talk?” Tang Duo lets him in.

Lang Ruoxian follows and suddenly touches her hand. Tang Duo doesn't hide. She is confused and she just looks at him.

"Let me see if your hands are cold." Lang Ruoxian pulls her sleeve, "It's been raining these days. It's cold. Be careful not to catch cold."

Tang Duo nods, "Yes, it's the most annoying weather in the north at this time of year. It will take half a month to get the heating. If I turn on the air conditioner, my skin will be dry..."

Lang Ruoxian listens to her quietly and looks at her with a smile all the time. Tang Duo says a lot of things and finally remembers her purpose.

"Hmm... I have thought about it. I should tell you, or it will be unfair to you." She coughs and sits on the carpet with a hairy pillow. Lang Ruoxian sits down beside her and covers the blanket for her.

"You say, I listen." Lang Ruoxian says softly.

Tang Duo wants to cover her chest again. Lang Ruoxian is so handsome that her brain doesn't work well. She shakes her head, stares at Lang Ruoxian and says, "You said before that we could understand, get along with each other and start again. But what if I don't love you?"

"Do you hate me now?" Lang Ruoxian squints.

"No." Tang Duo doesn't hesitate but she adds, "But you know that it's mostly because you look good."

Of course, Lang Ruoxian knows. She promised to get connections with the Hua Family through marriage because she was interested in Hua Yan's face. She is not interested in love but not expecting it.

Love is not a necessity for Tang Duo, who has a rich family and has been favored since childhood. She is also very smart. Seeing the dirty and ugly things in the rich and powerful families, she doesn't think it's necessary to try love. Anyway, it has no impact on her life.

"You told me when you lost your memory." Lang Ruoxian laughs, "You said you didn't know how to love others or even resist to love others from your heart."

Tang Duo says, "I was so smart even when I lost my memory!"

Seeing the corner of the man's eyes twitch, she immediately explains, "I'm not bragging about myself. I mean, even if I lose my memory, I will stick to something. It seems that a person can't change his nature even if he forgets everything."

"I see." Lang Ruoxian puts away the hair on her forehead, "I still say that. You don't have a burden. It's my business to love you, as long as you don't hate it."

"Do as much as you can. I used to say that to Yan Hua, and now I say the same to you." Lang Ruoxian puts his hand back before she wants to shrink back, "You can be yourself. In fact, you can think that it's nothing bad for you to have me around you."

He points at Tang Duo's nose and says, "I can help you make money. If others bully you, I can help you bully back. I'm still the father of the children. You know that the child without a father is not good for growth, and..."

Lang Ruoxian says a lot. Tang Duo feels nervous in her heart. How can she feel that there is a little threat in his words? Looking at the corner of the man's mouth, she feels that she must have seen it wrong.

This is a very good man. She has to be nice to him!

"Have we reached a consensus?" Finally, Lang Ruoxian asks her.

Tang Duo is dizzy. She nods vaguely and she is kissed vaguely. Lang Ruoxian says it is a good night kiss. When she gets back to her mind, she has been covered with the quilt and lay on the bed.

The next day, Tang Duo grabs Tang Cao seriously.

"What's the matter, Sister Duo?"

"You are right. Lang Ruoxian is a devil. He's terrible!"

At the Lang Consortium.

Lang Yukun is having a video conference with Lang Ruoxian. After finishing the company's business, he begins to care about his brother's private life.

“Have Tang Duo remembered you?”

“Not so fast.” Lang Ruoxian puts down his pen.

Lang Yukun thinks, “Yes. How long did she lose her memory before? Six or seven years? Then you have to wait.”

“We may be together before she recovers her memory.” Lang Ruoxian looks at his gloating cousin and says, “At least we are married and have four children. How about you?”

Lang Yukun is stabbed to the spot. He covers his chest.

Chapter 337 Tang Ziyun Is Dead

Lang Ruoxian turns off the video. He knows that Lang Yukun’s sweetheart hasn’t been good until now. She is in her twenties but her mind is estimated to be in her teens. Lang Yukun is far from getting married.

He thinks whether the members of the Lang Family have abnormal genes. Otherwise, why did Lang Li violate his sister-in-law in the past? Why Lang Yukun has to like a woman with mental problems?

He heard that the reason why his fourth uncle, Lang Yukun’s father, is single now is that Lang Yukun’s mother is missing. His fourth uncle never has a woman in the second half of his life. If anything happens to Tang Duo and he is left alone, he will also surely die alone.

“Young Master?” Shu Sheng comes in and finds that Lang Ruoxian seems to be absent-minded. Shu Sheng thinks that he is wrong.

Lang Ruoxian glances at him and says, “What’s the matter?”

“The construction of the Bai Family’s Hot Spring Villa has started.”

The Bai Family was fooled by Lang Ruoxian. They can only rent land from another village for twice the price. Although more money is invested than expected, at least the project can continue.

“They’re fast.” Lang Ruoxian knocks on the table, “When they’re finished, we’ll start.”

Shu Sheng adjusts his glasses, “If the Bai Family knows that we are going to build a racecourse next to him, they will be furious.”

Since the Bai Family has the Hot Spring Villa, why not lead their customers to the racecourse? Lang Ruoxian not only saves the cost of publicity, but also does not need to build the hotel facilities.

“After that, they have to talk about cooperation with us.” Lang Ruoxian snorts, “Let’s wait and see!”

The Bai Family still has a way while Tang Ming is anxious. Foreign oil field doesn’t produce oil. The money for the government can’t be delayed. The aquarium project is abandoned because of the subway reconstruction. Now he has to find a solution to the oil field as well as a way to rebuild the project.

“Dad, I’m worried that there is no oil in that place at all!” Tang Yu rushes back from abroad, “Companies in several other countries have withdrawn. If we continue like this, the daily labor costs will be a big bottomless pit.”

Tang Jie turns twice, “The oil field is not a big deal. We can return it anyway. But what about the project in the development zone now? What shall we do if the aquarium is not built?”

“See what you look like!” Tang Ming rubs his eyebrows and says, “There must be a way to solve the problem. It’s not time to panic.”

“Even if we return the oil field, the government will not return the land to us.” Tang Yu reminds him.

Tang Ming takes a look at him and says, “We can still pay for the land. Get in touch immediately. We must get rid of the oil field as soon as possible.”

“Okay.”

“As for the land in the development zone, it is easier to solve.” Tang Ming smiles, “Let’s build a film and TV production base.”

Tang Jie is stunned and then claps, “Yes! It doesn’t matter that the film and TV production base is not connected to the subway. Anyway, it’s mainly rented to the crew. Even if there is no subway, those fans will be willing to walk there in order to meet their idols.”

Tang Ming nods, "Go ahead and do it. I'll give you this project."

"Don't worry, Dad!" Tang Jie leaves happily.

Tang Yu's expression is serious, "Dad, I just calculated that we lost 300 million yuan in the oil field."

"There is nothing we can do about it." Tang Ming rubs his eyebrows and says, "Since we know it's a pit, we should jump out in time, or we will be drowned if we stay down."

Tang Yu thinks for a moment and says, "In case the superior doesn't want to..."

"Hum! I know now that they fooled me." Tang Ming waves his hand, "I doubt that they have known that there is no oil in that land. Now they've got 100 million yuan from us and the land. Don't worry. They won't embarrass you."

There is no airtight wall in this circle. Soon Lang Ruoxian knows that Tang Ming is going to build a film and TV production base.

"Young Master, that land is really suitable for building a film and TV production base." Shu Sheng begins to look at Tang Ming with new eyes. He is really an old fox who has been immersed in politics for decades. Unexpectedly, he turns over beautifully.

Lang Ruoxian keeps silent for a while and asks Shu Sheng to open the electronic map.

"He wants to build a film and TV production base. The bigger, the better. He will not leave room." Lang Ruoxian looks at the map and says, "The government will support this project. With the film and TV production base, the surrounding hotels will be also opened. Maybe in two or three years, the subway will be built there."

Shu Sheng frowns and asks, "The land is too far away from the place where we want to develop residential and business circles. How can we reach it?"

"Take it easy." Lang Ruoxian turns off the map, "Take care to see what level of supporting hotels Tang Ming builds."

“Young Master, do you want to build a hotel there?” Shu Sheng is worried, “I’m afraid Tang Ming won’t give us this chance.”

Lang Ruoxian smiles and says, “We don’t build on his ground. If he wants to stop, he must have this ability.”

Just when Tang Consortium solves these two problems and when Tang Ming is at ease, Huo Liyun, who goes to see her daughter abroad, suddenly cries and calls to say that Tang Ziyang is dead.

“What?” Tang Ming doesn’t believe it, “Didn’t she call me yesterday?”

Huo Liyun cries on the phone and she is out of breath, “In the afternoon, she said she was bored, so I accompanied her to the shopping mall. As a result...”

As a result, unfortunately, they met the robbers who robbed the jewelry store. They were not hijacked. But when the police chased the robbers, Tang Ziyang just came out of a shop. She was hit by stray bullets. She was sent to the hospital but was not saved...

“Wait, I’ll be right there.” For the only daughter, Tang Ming has feelings. He takes Tang Jie and Tang Yu to the Mi Country to deal with Tang Ziyang’s affairs.

It is only seen as ordinary news. But a reporter photographs Tang Ming and his family. When the news comes back, everyone knows that the unlucky person who has been killed is Tang Ming’s daughter.

“That’s how she died?” When Tang Duo sees the news, she is not happy.

She knows that Tang Ziyang and Tang Rui hurt her. She can’t take revenge on Tang Rui because he is dead. She thinks that she can deal with the thing when Tang Ziyang comes back. But now Tang Ziyang is also dead. She has no way to vent her anger.

“Look at the pictures on the Internet. Huo Liyun is crying like that. Tang Ziyang must be dead.” Bai Susu hates Tang Ming, but she really sympathizes with Huo Liyun.

Chang Pei’e also says, “After Huo Liyun married Tang Ming, she gave birth to Tang Rui and Tang Ziyang. Now they are both dead.”

“Isn’t that what grandma often says about retribution?” Tang Cao hates those two people. One is worse than the other. This is their retribution.

“Eldest Aunt is fine.” Tang Duo says, “She has at least two sons but Eldest Uncle is pitiful. He only has a daughter, but Yixiao doesn’t like him.”

Lang Ruoxian peels pomegranate for Tang Duo. Hearing this, he pauses for a moment and then puts the small bowl into her arms, “Eat!”

“Thank you!” Tang Duo picks up a handful and puts them into her mouth.

Tang Cao wants to eat but he is scared back by Lang Ruoxian’s eyes.

Soon a reporter takes a picture of Tang Ming and his family returning home at the airport.

Tang Yu holds an urn of ashes in his hand. All the people are dressed in black. Huo Liyun is supported by Tang Jie as if she is going to fall at any time.

The first branch of the Tang Family is shrouded in the gloomy atmosphere. After losing her son and daughter, Huo Liyun comes back and stays in the hospital. Tang Ming also gets old but his focus is still on the company. So he looks energetic in a few days.

“Huo Liyun is also invited to the party tomorrow. I don’t think she will go.” Bai Susu helps Tang Duo to pack the jewelry that she will bring tomorrow. She says, “I heard that she came out of the hospital the day before yesterday. She becomes thin.”

Tang Duo puts An’an in the cradle and Lulu lies next to him. Tang Duo says, “What is she going to do? She’s not a star who needs exposure.”

“I’m afraid that if she goes, she will trouble you again.” Bai Susu looks at Lele. She doesn’t need to be coaxed like her brother. She has been asleep for a long time.

“Why will she trouble me?” Tang Duo sneers, “From the beginning to the end, her son and daughter bullied me. I didn’t even find her to settle accounts.”

Bai Susu turns off the light and they leave the baby room, “People are sympathetic to the weak. Now her son and daughter are dead. If she troubles you, I’m afraid you won’t take advantage of her.”

Tang Duo thinks for a moment and says, "Then I'll take Tang Cao with me!"

Tang Cao is very happy to be his sister's escort. The next day, they get dressed and get on the car. Lang Ruoxian is the driver. When they get to the place, Lang Ruoxian tells Tang Cao.

"I'll have a meeting later. I can't come to pick you up. The driver and the bodyguard are waiting outside. Look after your sister. Don't let others bully her. If you can't solve it, call me."

Tang Cao pats his chest and promises, "Don't worry, Brother-in-law. Chen Xiaopang also comes here. Can't we protect my sister?"

Lang Ruoxian's eyes tell him that Lang Ruoxian is very suspicious of their fighting capacity. Tang Cao curls his mouth and helps Tang Duo in. When Tang Duo gets off, she turns around and gives Lang Ruoxian a beautiful smile.

"Don't smile. My brother-in-law loves you so much. You don't need to seduce him." Tang Cao whispers. Tang Duo glares at him, "I want him to remember my beauty all the time. Look at the little girls in front of me."

After waking up, she is thirty. She's still under pressure. Women are so pathetic. No matter how beautiful the face is, it can't stand the baptism of time and years. As a saying goes, beauty is easy to grow old. No matter how beautiful she looks, she can't be compared with those little girls. The collagen on their faces can defeat her immediately.

"No!" Tang Cao says quickly, "Your skin is better! It's like those little girls."

Tang Duo must be joking. A few days ago, he saw that Tang Duo was applying a facial mask. After taking it and seeing the price on it, he suddenly became silent. Why is such a thin mask so expensive?

After taking photos, they entered the hall. Tang Duo sees Huo Liyun at first glance.

"I didn't expect her to come." Tang Cao also sees, "She's coming to us..."

Tang Duo keeps smiling, "It's okay for her to come to us. Can't you beat Eldest Aunt?"

“What do you mean? If she says anything, I can beat her directly.” Tang Cao is not surprised. His sister is so fierce.

Tang Duo glances at him, “Of course not. You are stupid! You don’t need to beat her. She can’t do anything to me.”

Chapter 338 Who is More Shameless

Huo Liyun wears heavy makeup, which still can’t hide her gaunt face. She originally didn’t want to come, but she knows that Tang Duo will come today. She loses two children, but her niece is lucky to give birth to twins.

When returning home with Tang Ziyang’s ashes, a very famous director on the plane introduced an expert to them. Tang Ming invited the expert to practise geomancy in the company, while she went to meet the expert alone later.

“It’s strange? You should have both a son and a daughter in your life...” The expert says after looking at her face carefully, “In theory, you can’t be childless.”

“Great Master, but my son and daughter both died an unnatural death. Did someone hurt them?” Huo Liyun asks hastily.

The expert divines for her three times, and calculates by fingers for a long time. Finally he tells her.

“This is because some base person is at work. The White Tiger Star in the South offends Taisui, which is also called the God of Age. Someone has taken away the luck of your son and daughter and asked golden boy and jade girl to descend to the world to reincarnate and promote his luck.”

Huo Liyun only understands half what he said, but obviously it is someone who caused her son and daughter to die early.

“Great Master! Who is the person? Who is harming our family?”

The expert sighs, “I said just now that the White Tiger Star in the South offends Taisui, and it is a fire element. This person’s name must be related to fire element. Do you have anybody to suspect in your heart? Tell me and I’ll know it by calculation!”

“Fire... Fire element...” Huo Liyun doesn’t know anybody whose name is related to fire. Suddenly, she has a sudden enlightenment, “Great Master, what element is character Lang related to?”

“In the Book of Changes, character Lang means brightness, as bright as sun and moon. Which means the sky is up and the earth is down, lighting a fire in the middle. And the fire creates gold and thus creates everything.” The expert nods, “Mrs. Tang, do you know this person whose surname is Lang?”

Huo Liyun opens her eyes wide and keeps saying, “Lang is related to fire. Lang is related to fire... Sure enough! It is them who did this!”

“Mrs. Tang?”

“Great Master, when you say golden boy and jade girl, do you mean twins?” Huo Liyun takes hold of the expert’s hand and her eyes are all ferocious.

The expert slowly pushes her away, “Naturally.”

Therefore, Lang Ruoxian and Tang Duo had twins, which took the lives of Tang Rui and Tang Ziyang. Huo Liyun doesn’t even know how she gets home. When she tells Tang Ming what the expert said, Tang Ming tells her that they can’t believe all this stuff.

But the more she thinks about it, the more she believes it. Before Tang Duo became pregnant, her son died. After Tang Duo giving birth to twins, her daughter died. It must be them! It is them who caused Tang Rui and Ziyang to die early!

“Why? You even don’t greet me?” Huo Liyun walks up to Tang Duo. She thinks a lot within the distance of a few meters. She must avenge her son and daughter. The second branch members were utterly heartless first, so don’t blame her for being ruthless.

“Auntie.” Tang Duo and Tang Cao greet her.

Tang Cao asks cheekily, “You don’t look very well. Haven’t you had a good rest recently?”

“Do you think I can rest well?” Huo Liyun glances at him.

Tang Duo smiles, "Auntie, leave him alone. You know that he has always spoken carelessly and casually."

After a pause, she adds, "But you do look off color. Nothing is as important as your body, right? You'd better pay more attention."

"You didn't come to your sister's funeral. I also sent your mother the time and address. But none of your family came." Huo Liyun looks at Tang Duo and Tang Cao with a bad expression, "Why? With Lang Ruoxian, you will disown your relatives, will you?"

Tang Cao is about to open his mouth to contradict. But Huo Liyun doesn't give him this chance.

"Anyway, we took care of your family before. Otherwise, how could your family build Tang Consortium and how could your family have money to let you live a life of a darling daughter?" Huo Liyun says and curls her lips to ask Tang Cao, "And you!"

"Where did you get all the money for your car and you going out drinking and playing with women?"

Huo Liyun's voice is not low, and the people around her have already been stirred. Although they dare not blatantly look on, they all whisper and watch the scene of bustle. Especially those celebrities who usually don't get along well with Tang Duo at ordinary time, they all have an expression of enjoying the show.

"Auntie, you have never looked through the company's accounts, have you?" Tang Duo touches the diamond earring on her ear, which is a limited edition of the latest season.

"I don't know much how to run the company, but I also know that Tang Consortium depended on my mother to make money at the first beginning. You and my uncle always said that we took advantage of you. Then I have to ask today, without my mother running the company, where did you get all the money you used to bribe officials in charge every year?"

"What nonsense are you talking about?" Huo Liyun doesn't expect Tang Duo to say so. She looks around hastily and finds that people are watching them.

Tang Cao shouts directly, "Auntie, why do you say that my elder sister talking nonsense? Didn't you say that first? Since you've talked nonsense, let's all talk nonsense together!"

"Well, it doesn't matter if you don't understand, Auntie. I can tell you." Tang Duo smilingly says, "In fact, it is very simple. Uncle provided some opportunities for the company, and the company made money and then provided him with money to establish good interpersonal relationships."

"As for what our family eat and utilize, it is all earned by my mother. In theory, who can you find in this world to help you? With money laundering for nothing?"

Huo Liyun's face turns pale. She stretches out her hand and wants to cover Tang Duo's mouth. Tang Cao steps forward to keep Tang Duo behind him to protect, "Auntie, are you going to fight? Don't do that. You know me. I am a playboy. If you touch a hair of my sister's, what I can do is only to fight with you today."

Saying it, he also clenches his fists and makes a quack sound.

"How dare you?!" Huo Liyun has just been scared to half death by Tang Duo's words. When she hears that Tang Cao dares to threaten her at this moment, she roars of rage, "Don't be so arrogant because you think Lang Ruoxian will back you up. I don't believe he will always have you as the only woman..."

"Auntie!" Tang Duo interrupts her, "You'd better think more about how to comfort uncle rather than have the leisure to take care of other people's family affairs. Now that he has no son. What do you think he will do?"

Huo Liyun is stunned. Tang Duo looks around and casually points around, "There! You see, among the stars, models, celebrities, darling daughters and so on, there are many young and beautiful women, any one of whom can give birth to a son!"

"It's very easy!" Tang Cao adds fuel to the fire, "Then uncle can find more girls and have more children. There will be some boys!"

Huo Liyun has already been shocked. She only feels the pain of the brain twitching. Anger wells up in her heart. She shakes several times and is about to fall down.

“Ouch!” Tang Cao quickly holds her, “Auntie, don’t try to incriminate innocent people! Where are the waiters? Come on quickly to support my auntie!”

Several waiters rush over and support Huo Liyun to leave without daring to say a word. Tang Duo sees a young and beautiful starlet secretly follows them. She opens her eyes wide, but she feels surprised in her heart.

She talked nonsense casually just now. It seems that some girl has heard and considered it. But Tang Ming is an old man, and who knows if he is still capable...

“Sister, she won’t faint because of anger, will she?” Tang Cao picks up a glass of champagne conveniently and takes a glass of juice for Tang Duo.

Tang Duo takes a sip to moisten her throat, “It’s almost the same even if she doesn’t faint. But she is really strange today.”

“What’s strange?” It is unknown where Tang Cao brings her a plate of desserts to eat.

“In your opinion, what kind of person is our auntie at ordinary time?” Tang Duo goes to the corner and finds a sofa to sit down.

Tang Cao sits next to her and thinks for a moment, “Elegant and decent?”

“Right!” Tang Duo sees that the driver of the first branch and several waiters help Huo Liyun go out of the place where people gather, “Although our auntie is not very smart, she is sensible. The comments about her have always been very good during the years when our uncle was in position. How can she suddenly be so impulsive?”

Tang Cao says with disapproval, “Perhaps Tang Ziyang’s death stimulated her?”

“No matter how stimulating it is, she cannot be so reckless.” Tang Duo hisses, “Is there something wrong with her mind because she can’t stand the deaths of her son and daughter?”

“Then who knows?” Tang Cao glares at her, “How can I guess what you can’t guess?”

The sister and the brother are whispering when Fang Diandian stands in front of them.

“I finally find you. I come too late and think that you have already gone.”

Tang Cao glances at Fang Diandian and suddenly his eyes become anxious, “You... What are you wearing?”

“Strapless tuxedo!” Tang Duo gives her brother a strange look, “Why do you feel strange? A lot of women in the venue are wearing this kind of dress.”

Fang Diandian’s eyes are even more anxious. She nervously asks, “What... What? Isn’t it beautiful?”

“Not beautiful!” Tang Cao doesn’t hesitate, “Half of your chest is exposed, and... What happened to the cloth on your waist? Is it transparent? And the dress is too short. Can you squat down? You’re going to show up your bottom when you squat down.”

Fang Diandian blushes for being angry with him. Tears are swirling in her eyes. Tang Duo says quickly, “Ignore him. He doesn’t know what is good-looking! I think Diandian is very beautiful today.”

“What?” Tang Cao continues to criticize Fang Diandian’s clothes, “This skirt. Ah!!”

Fang Diandian steps on him severely, and turns to run, hitting Chen Xiaopang who happens to come.

“Oh, I say, Diandian! Why are you running?”

Fang Diandian ignores him and quickly runs away. Chen Xiaopang sees that Tang Cao jumping with holding his foot and asks with a smile, “How did you offend her?”

“I have never seen such a stupid person as you.” Tang Duo glares at Tang Cao, “How can you say so to a girl?”

“What did I say? I...” Tang Cao is quite wronged, “I said that for her good, OK? She originally wasn’t pretty...”

“Shut up!” Tang Duo touches her forehead.

When the activity is over and everyone leaves, Chen Xiaopang secretly asks Tang Cao.

“What did you say to Fang Diandian?”

Tang Cao squints, “I didn’t say anything.”

“If you didn’t say anything, why does she quit the chatting group?” Chen Xiaopang reminds him, “Have a look. Maybe she’s blocked you.”

“How can it be possible?” Tang Cao hisses and takes out his mobile phone, “Last time she blocked me casually, but she laughed and added me back. Besides, I told her that if she blocked me casually again, I wouldn’t add her as my good friend again!”

Tang Cao clicks on the image whose remark is Small Apple and chooses an emoji of kneeling down for me to send.

“Sorry. The other party has opened the friend verification. You are not her friend yet.”

Tang Cao is speechless.

Chapter 339 Tang Ming’s Interest

Huo Liyun has fainted when she is sent home. Tang Ming is just at home and calls the doctor in a hurry. He asks the driver what has happened, but the driver also can’t explain clearly. He has to wait for Huo Liyun to wake up and ask her.

“Tang Ming!” Huo Liyun wakes up soon. She runs downstairs and grabs his arm, “Our son and daughter were killed by Lang Ruoxian. The Great Master is right! Their twins were in exchange for the lives of Tang Rui and Ziyang!”

“Calm down.” Tang Ming pushes her away, “What happened on earth? Why did you faint?”

Huo Liyun sits down on the opposite sofa, “Aunt Liang, pour me a cup of tea! You don’t know how arrogant your niece is now. She even dared to teach me a lesson in front of so many people.”

She blabbers to say what happened previously. Having heard half of it, Tang Ming pulls a long face.

“Silly!” When Huo Liyun finishes saying, he bangs the tea table, “Are you crazy? Why did you say those things in public?”

Huo Liyun feels a little fear, but she quickly says, “I didn’t say anything. It is your good niece who said it...”

“Okay!” Tang Ming interrupts her, “You don’t provoke the second branch. It’s not the right time yet.”

“Then when will be the right time?” Huo Liyun reluctantly asks, “The Great Master said that Tang Rui and Ziyang were killed by them. You clearly know that but don’t let me avenge the children.”

Tang Ming looks at her impatiently, “How can you avenge? Go to them and kill them?”

“...” Huo Liyun keeps silence.

Tang Ming says grumpily, “You said it too. This is what the Great Master said. Can it be used as a legal evidence? There are many ways to deal with the second branch. Do you have to confront the tough with toughness? Do you think that they will still let you manipulate as they used to?”

Seeing Huo Liyun is about to cry again, Tang Ming sighs, “They are backed up by Lang Ruoxian now. Although I don’t want to admit it, that man is really tough. If a slight mistake is made, the company will be ruined by him. Don’t say that you are going to make trouble for them.”

“But how can I stand if I do nothing?” Huo Liyun weeps aloud.

Tang Ming is silent for a few seconds, “Go to visit the Great Master and hear what he will say...”

The next day, Tang Ming has a day of meetings. When he leaves the company in the evening, he sees the receptionist arguing with a tall girl. From his angle, he sees that the girl has a very good figure, whose two long legs in boots are very attractive.

“What’s the matter?” He walks over.

The receptionist immediately becomes nervous when seeing him, "President, this young lady insist on going in to meet you, but she has no appointment and doesn't know you!"

Tang Ming waves his hand. The receptionist understands his meaning and hides away. Only then does Tang Ming clearly sees the girl's face. She is in her twenties at most. She wears light makeup and her eyes are big and bright. He knows nothing about cosmetics. He only thinks that the color of the girl's lips is very good-looking, pink and with a circle of light red.

"Tang... President Tang!" The girl seems very nervous and looks at him, stuttering.

Tang Ming smiles, "I heard that you were looking for me?"

"Yes! No!" The girl nods and shakes her head, "I... I was looking for Mrs. Tang, but I don't know where your house is."

"Why do you want to meet my wife?" Tang Ming asks curiously, "Do you know her?"

The girl shakes her head, "I don't know her. Yesterday Mrs. Tang left early because she was unwell, but her brooch fell on the stairs."

As she says, the girl takes out a box from her bag and opens it carefully, "I'm afraid that it will be broken, so I just pack it up with a box."

"Thank you!" Tang Ming can't tell whether it is Huo Liyun's jewelry. He takes it and has a look.

The girl hurriedly says, "I even didn't touch it much. This is the G Brand's newest emerald brooch. It is very expensive. I don't dare to let others hand it over and have to wait for you to get off work..."

"Thank you." Tang Ming suddenly realizes something, "Have you been waiting here all day?"

"No, no, no, not a day!" She smiles shyly, "I only came in the afternoon because I had to work in the morning!"

Tang Ming responds, "Have you been working? I thought you were still at school."

"I just graduated this year!" The girl seems very proud, "I am a model. Although I haven't been very popular yet. I can only take still photos and so on, but I think I will certainly be popular because I look good and my legs are long!"

Having finished saying that, she may realize that she has said too much, so she smiles awkwardly, "Then I won't disturb you. Bye-bye!"

"..." Tang Ming wants to stop the girl, but when he opens his mouth, he is aware that he has forgotten to ask her name. After a moment's hesitation, the girl runs out of his company.

What an interesting young girl!

Tang Ming shakes his head. The driver has already driven the car to the door. He gets into the car and throws the brooch somewhere casually. When the car passes a junction, he sees the girl hailing a taxi at the side of the road.

"Pull over."

"We meet again." Tang Ming lowers the car window.

The girl is startled, "Ah! President Tang!"

"It's hard for you to hail a taxi here." Tang Ming looks at his watch, "It's too late. You're not safe as a girl. I'll give you a ride to the place where you live."

The girl hurriedly waves her hand, "No, you needn't bother. I don't live far!"

"You are welcome." Tang Ming nods at the driver, "Since you are here to send the brooch to me, I should give you a ride."

The driver has already opened the car door. The girl sees it and gets into the car carefully.

"Thank you, President Tang." She sits next to the car door, revealing her white and tender thighs above her boots, almost touching Tang Ming's legs.

Tang Ming feels a sudden impulsion welling up in his lower abdomen for a moment. He is a man and knows what it represents. Strangely, he has not had a desire for women for several years.

In the early years, because of his busy work and great pressure, he even had erectile problems for a period of time. Later, he secretly went to see the doctor of traditional herbal medicine. Although he was cured, the time was shorter than that of normal men.

In order not to let women think that he has the problem of premature ejaculation, Tang Ming has not touched any woman for a long time...

But just now he only saw the girl's legs and felt that the lower part was hard.

"President Tang?" The girl sees that he doesn't speak and thinks that she has done something wrong. Her expression is even more embarrassed.

Tang Ming's voice becomes toneless, "What's your name?"

"My name is Bao Yi."

"Which two characters?"

The conversation goes on.

An hour later, when they arrive at the place where Bao Yi lives, they know each other better. Bao Yi gets off the car and waves at Tang Ming.

"President Tang, thank you for sending me back! Be careful on your way."

Tang Ming smiles, "You are welcome. Go inside now."

Bao Yi smiles at him again before leaving. Tang Ming thinks the smile to be especially sweet. The assistant who has been sitting in the co-pilot seat as accompanying partner just has the chance to speak.

"President Tang, do you want me to investigate her?"

Tang Ming closes his eyes. After a long time, when the assistant thinks that he is wrong about the boss's thoughts, two words come over with the wind.

"Investigate her."

Tang Duo doesn't care whether Huo Liyun lives a good life or not. There is a heavy snow in Yanjing. After the snow stops, the whole family will follow Chang Pei'e to the nunnery where she often goes.

“The senior nun has heard that you gave birth to twins. She asks us to take the babies to her to have a look.” Chang Pei’e has been worried these days that the snow will not stop and the road up the mountain will be difficult to walk.

She doesn’t ask why the babies have to be taken over, nor do the rest of Tang Family members ask. Tang Duo also puts the jade pendant sent by the senior nun into the baby blanket of Lele’s.

“Maybe the senior nun will give An’an another one.” Tang Cao says whimsically.

Chang Pei’e admires the senior nun very much and smiles to say, “She gave only one piece at that time, so it must be one piece.”

“She didn’t know my sister would have twins!”

“Who said so?” Chang Pei’e knocks on the grandson’s forehead, “Don’t show disrespect to the senior nun! She must know it, but she just didn’t tell us.”

The nunnery is still so cold and cheerless in winter, except for plum blossom sprouting from the wall in the backyard, which has added a touch of aliveness for the gray nunnery. Lang Ruoxian holds An’an in one hand and supports Tang Duo in the other hand.

Bai Susu walks beside Chang Pei’e with Lele in her arms. Having entered the main hall, everyone seriously offers incense to Buddha. Only then does a small nun come out, “Dear benefactors, please follow me. Teacher has been waiting for you for a long time!”

It is still the room where Chang Pei’e lived at that time, with the fire heating the hot fire brick bed inside. The senior nun doesn’t change much. She stands up smiling when they come in.

“Please take a seat, everyone. Sorry to bother you to come on such a cold day.” The senior nun pours them the brewed tea, “Taste it. This is plum blossom Longjing tea made with the snow water collected last year.”

Chang Pei’e’s posture is like that of the senior nun. She tastes it gracefully. When she sees Tang Cao drink a cup quickly and rudely, she stares at him.

“So is my sister!” Tang Cao points to Tang Duo.

Tang Duo ignores him and puts the twins on the heated brick bed, "Teacher, please look at my two babies!"

"You are different from what I saw you the last time." The senior nun looks at her and says, "I said earlier that everything has its own reason. Now the time comes."

After saying that, she looks at the twins, "Like you, they are all blessed people." The senior nun sees the jade pendant in Lele's baby blanket, "After one year old, the child can wear it with her. Try not to take it off."

Tang Duo nods, while Tang Cao asks with a thievish-look, "What about An'an? Teacher, please give us one more. We have twins!"

"Your child is really..." Bai Susu pinches Tang Cao and Tang Cao screams to jump aside.

Lang Ruoxian glances at Tang Cao. The expression in his eyes shows that he thinks Tang Cao deserved it. And then he sees his father-in-law covering his mouth with a relieved look. Seeing Lang Ruoxian looking at him, Tang Yao quickly whispers, "Fortunately, I didn't say so."

Lang Ruoxian is speechless.

The senior nun looks at the two babies and asks Tang Duo to cover them up well, "Everyone has his own destiny. Some are suitable and others are not."

"Teacher, leave my son alone. He always talk nonsense!" Bai Susu smiles, "Last time when we came here, it was summer. Are you all right?"

Those old people chat, while Lang Ruoxian secretly pulls Tang Duo.

"What's the matter?"

"Follow me."

The two sneak out. Lang Ruoxian leads her along the wall to an arch. After pushing the door open, she sees a pink and white plum blossom forest.

"How beautiful!" Tang Duo exclaims.

Lang Ruoxian smiles, "Let's go in and have a look."

Chapter 340 Who do You Want to Sleep with?

The result of the two sneaking out to play is that a cold is caught. But this time the one who catches a cold is not Tang Duo but Lang Ruoxian who has not been ill for many years.

“Pneumonia.” The car comes down from the mountain and heads for the hospital. The doctor examines his body and asks Lang Ruoxian to take an X-ray. Then Lang Ruoxian is hospitalized.

Good-looking people can make the world crazy when they get sick. The man lying on the sickbed whose eyes are closed with fever makes every young nurse who comes in goes out with a red face, and then the doctor orders them not to come in, but he himself comes in...

“Mom, you go back first. Tang Cao, you go and pick up Gungun and Wuyou.” Tang Duo wipes Lang Ruoxian’s forehead.

The doctor suggest him sweat so they covers him with two quilts.

“OK, I’ll send Tang Cao over to deliver food in the evening.” Bai Susu looks at the infusion bottle and says, “It needs a long time to finish infusing. You go to sleep for a while.”

Tang Duo sends everyone away. She tucks herself into the sofa to watch her mobile phone. She can spends hours in playing the game Anipop. She just plays for a while when Shu Sheng and Xiaokai come.

“Young Mistress, hasn’t Young Master been awake?” Shu Sheng is still modest as always, while Xiaokai jumps to the edge of the hospital bed to look at Lang Ruoxian.

Tang Duo puts down her mobile phone, “Why do you come here? Is there something with the company?”

“No. Young Master hasn’t been ill for many years. Suddenly he is so ill that we are startled.” Xiaokai sees Lang Ruoxian show no sign of waking up and runs back to the sofa to sit down, “Young Master had endeavored to pull round for a long time and he ate a lot of traditional herbal medicines.”

“... You tell me about his childhood!” Lang Ruoxian has told her all the things she had forgotten after losing her memory, just like telling another person’s story. The feud between Lang Ruoxian and Lang Family was also briefly mentioned.

Tang Duo wants to know what he went through that year.

Lang Ruoxian hasn’t felt this way for a long time. He is floating in the air. He dreams that he has become an eagle, hovering high in the sky.

But there is always something buzzing in his head, which makes him fly very uncomfortably. Then he lands on a big tree, under which there is a very beautiful bird with very bright red and blue feathers all over.

Lang Ruoxian wants to take the bird back to his nest. Eat it? He doesn’t know. But he can take it back first. So he swoops down to catch the panicked bird and flies to the high sky.

As he is flying, he feels his claws are loose. He looks down and unexpectedly sees that the bird is gone.

“No...” Lang Ruoxian is anxious, feeling that he’s lost something very important.

It is suddenly dark and he cannot see anything. He is a little scared and then hears someone calling him.

“Lang Ruoxian! Lang Ruoxian!”

All the senses come back slowly. Lang Ruoxian opens his eyes and sees a pair of beautiful and charming eyes, just like the eyes of the beautiful bird in the dream.

“Hua...” He opens his mouth and his mouth corner slightly raises.

Tang Duo touches his forehead, “Have you had nightmares?”

“Well, I dreamed that you were gone.”

Tang Duo is speechless.

He always flirts.

“Your fever is gone. Are you still uncomfortable?” Tang Duo helps him sit up, “I’ll call Mom and ask Tang Cao to send us food.”

“Don’t bother. Let’s go home.” Lang Ruoxian feels that his sickness is not that serious, “I’ll come to do infusion tomorrow.”

Tang Duo leers at him, “If you do so, you will infect children.”

“... We will not return to the house of Tang Family.” Lang Ruoxian looks at her and says, “Go back to another house.”

Tang Duo says, “You unexpectedly bought a house without my knowledge! Huh? No, I forget it myself.”

“No, you don’t know.” Lang Ruoxian takes a sip of water, “I haven’t told you.”

Sure enough, Lang Ruoxian concealed from her to buy it!

“I want to surprise you.” Lang Ruoxian smiles, “Will you go?”

Tang Duo wants to go, but in the end she refuses sternly.

“You are a patient now, so lie down obediently!” She presses Lang Ruoxian back to lie down, “Do you know it is terrible that those people who rarely get sick are sick? Don’t think you’ve recovered from the illness when your fever is gone now. Put your hands into the quilt now!”

Although Lang Ruoxian feels pity, he lies still and soon falls asleep. This time he sleeps more soundly. Tang Cao doesn’t wake him when he comes to deliver the food. Tang Duo doesn’t let Tang Cao stay long. Tang Cao frivolously and casually walks out of the hospital, and sees Ning Lingshan muffle herself up well, getting off from a taxi.

“...” He quickly hides behind the billboard.

He holds his breath in fear. He has not seen Ning Lingshan since he unintentionally saw her breast last time.

Ning Lingshan doesn’t see him. She quickly walks into the hospital. Tang Cao thinks for a moment and feels strange.

“Chen Xiaopang.” He calls Chen Xiaopang, “Have you met Ning Lingshan recently?”

It is unknown where Chen Xiaopang plays. The music is deafening. He shouts several sentences but Tang Cao can't hear clearly. Then the phone goes dead. Tang Cao is about to scold when he receives Chen Xiaopang's WeChat message.

"No. Why?"

Tang Cao replies a sentence.

"It's OK. I met her in the hospital and felt her very strange."

Chen Xiaopang sends a particularly obscene emoji.

"If you are interested in her, go ahead. But I think Fang Diandian suits you better."

Tang Cao rolls his eyes and withdraws from WeChat. He simply returns to the hospital. Just now, he saw Ning Lingshan stop at the information desk. He spends 500 yuan to let the receptionist break the rule and knows that Ning Lingshan has gone to the cardiology department.

Tang Cao hesitates for a moment, wondering whether to continue to tail after. But as soon as he turns around, he sees Ning Lingshan coming out of the elevator.

He is speechless. Even he runs now, it is too late.

Ning Lingshan also stares blankly for a moment. Then she flusters to greet him, "Childe Tang."

"I... I just passed by." Tang Cao flusters even more than she does.

Ning Lingshan glances at him deeply. Tang Cao doesn't pay attention to her gaze because of flustering.

"Childe Tang, are you coming here to visit the sick?" Ning Lingshan seems to calm down and asks him voluntarily.

Tang Cao nods, "I've finished visiting the sick. Anything else? Or I'll go first."

"Wait a minute!" Ning Lingshan stops him.

Tang Cao suddenly turns his back to her, "I'm sorry. I saw you that day. Whatever compensation you want, you can say!"

"Ha ha!" There is a chuckle behind him.

Tang Cao is ashamed into anger and turns to stare at Ning Lingshan, "What are you laughing at? I shall leave if you don't have any request."

"Yes, I have." But Ning Lingshan looks at him and says firmly, "Can you take me to drink?"

Lang Ruoxian begins to have a fever again after midnight. Tang Duo hears the alarm on his body beeping, indicating that his temperature has exceeded 38 degrees.

"Lang Ruoxian?" Tang Duo rings the bell to call for help and puts a towel on Lang Ruoxian's forehead.

Lang Ruoxian grunts, "I'm fine, Hua."

"You have a fever again." Seeing that he still wants to sit up, Tang Duo quickly holds the man down. The doctor comes quickly and takes his temperature, which is 38.8 degrees. The doctor lets him have antipyretic and gives him another injection.

Tang Duo is sitting in front of the hospital bed, sleepy. Lang Ruoxian glances at her, "Let Shu Sheng come over in the morning, and you go home to have a rest."

"OK, you go to sleep quickly!" Tang Duo yawns and doesn't say anything melodramatic.

It's not to part forever. It's very important to ensure enough sleep.

In the morning, Shu Sheng comes to bring porridge for the two. Tang Duo has no appetite and tells Lang Ruoxian that she will come back in the afternoon and then asks Xiaokai to take her home.

"Where is Tang Cao?" Bai Susu asks whether Tang Cao comes back as soon as she goes home.

Tang Duo asks curiously, "I don't know."

“He didn’t send you food last night?”

“He did, but I told him to put it down and leave.” Tang Duo takes off her coat and takes a sip of warm milk tea, “Are you sure? He didn’t come back?”

Bai Susu says grumpily, “So he left yesterday and hasn’t come back yet.”

“He might go to play with Xiaopang!” Tang Duo waves her hand, “It’s not the first time for him to do so. Mom, you needn’t be worried.”

“I don’t care about him.” Bai Susu says, “Your grandmother leaves her reading glasses in his car. I have kept calling him since early in the morning but he hasn’t answered the phone.”

Chang Pei’e, holding a kettle in her hand, just finishes watering the flowers and comes over to wipe her hands, “I don’t need it urgently, but it’s worrying that Tang Cao doesn’t answer the phone.”

Since Tang Cao was kidnapped last time, the family has made a rule for him to report to them wherever he goes and tells them time needed, beyond which they will call him.

“Anything wrong with him?” Bai Susu’s face changes color.

Tang Duo is about to speak when she hears some sound outside, “Ha! He just comes back.”

“Where have you been?” Bai Susu walks to the door and asks, “How much wine did you drink?”

Tang Cao has a strong smell of wine, but he is sober.

“Mom.” He lets out a cry with panic expression in his eyes and then runs upstairs, “I drank too much with Xiaopang and other friends last night, so I stayed in a hotel for one night. I’ll take a bath first.”

Tang Duo and Bai Susu look at each other. Something is wrong! Tang Cao must have had a problem!

“Hello!” Tang Duo calls Chen Xiaopang, “Xiaopang, where did you go to drink last night?”

“Oh, how much did Tang Cao drink?”

“He didn’t drink with you, did he? OK, I see. It’s OK. I just ask.”

Tang Duo says, “There must be a problem!”

Tang Cao, who just finishes taking a bath, sees Chen Xiaopang’s WeChat message as soon as he comes out of the bathroom.

“S**t! Where did you go last night? Your sister just called and asked if I was with you last night.”

Tang Cao sends a voice message, “What did you say?”

“I said no!” Chen Xiaopang also returns a voice message, “You are really capable... Say! Was you with some woman last night?”

“No!”

“There must be a problem if you answer so quickly.” Chen Xiaopang calls directly, “If you don’t tell me, I’ll go to your house and ask.”

Tang Cao hesitates in speaking for a while and finally says, “I was... I was with Ning Lingshan.”

Chen Xiaopang is speechless.

“Hello?” Tang Cao hears some noise over the phone.

A few seconds later, Chen Xiaopang’s voice spreads over again, “F**k! I was scared to fall out of bed by you.”

“Is that so exaggerating?” Tang Cao sneers, “I am not surprised that you are with women every night.”

Chen Xiaopang sneers back, “How interesting! Just because I often have women, it’s not surprising. But you are different. You said that you wanted to leave your virginity to your wife, didn’t you? Why? Do you like Ning Lingshan?”

“Who likes her?” Tang Cao raises his voice suddenly, “Put away your obscene thoughts. I haven’t slept with her yet!”

The voice of Tang Duo suddenly spreads from the doorway, “Who do you want to sleep with?”
